The Magee Toggery

A FREE MEAL

On Saturday, October 21, which is tomorrow—not far away, the public will have the opportunity of getting a good meal free at our place of business. We are giving a demonstration of Folger's and Heinz goods. You can get the best cup of coffee you ever drank, made from Folger's and nearly anything of the Heinz brand—Spaghetti, baked beans, kraut, sausage, etc. Can't name them all. Just come in while you are in town and find what you want.

THALIA ITEMS

(By Special Correspondent)

A radiophone is being installed at the Thalia drug store.

Mrs. Fred Brown is spending awhile in Denton this week.

Dee Roberts of Wichita Falls was seen on our streets Tuesday.

Mr. and Mrs. Barry are visiting his parents near Denton this week.

Elmer Roberts of Vernon visited in the Lat Johnson home Sunday.

J. G. Thompson left Monday for San Angelo to attend the fair.

Mr. and Mrs. Walter Banister were shopping in Crowell Saturday of last week.

Tom Davis of Rayland was here Tuesday shaking hands with old friends.

Mrs. Maggie Kilene of near Lubbock is spending a while with her mother, Mrs. Mary Gray.

Prof. Paul Getsey of Vernon was here Wednesday looking after his piano business in this vicinity.

Mr. and Mrs. A. T. Miller of Clarendon are visiting their daughter, Mrs. Cap. Morris, east of Thalia.

Walter Long was in Vernon Thursday having some dental work done. Luther Ward was a business visitor in Vernon Saturday.

Miss Eula Driskill and cousin, J. A. Brimberry, were callers in Miss Flora Bradford's home near Margaret Sunday afternoon.

There will be preaching at the Church of Christ of this place Saturday night, Sunday and at night, if no Providential hindrance.

Mrs. Fred Rennels and son passed through here last Thursday en route to Vernon where she visited her aunt, Mrs. Maggie French, and family.

Mrs. Arthur Phillips visited her cousin, Roy Abston, of Rayland Tuesday, who has been critically ill the past two weeks. He is reported a little better.

Tom Abston, wife and baby and John Thompson and wife have been at the bedside of their cousin, Roy Abston, at Rayland, several times during his illness.

Walter Nichols and son, Tom, Claud Nichols, wife and children of the Black community, and Mrs. Boman and Mr. and Mrs. Jno. Shirley of Crowell visited Mr. and Mrs. Grover Nichols Sunday.

Several of the young people of Thalia attended the singing at the Rayland school house Sunday night.

Mr. and Mrs. J. A. Abston have been attending the bedside of their nephew, Roy Abston, of Rayland.

Friday, Oct. 13th, Frank Pittillo was the recipient of a number of nice presents because of his birthday. His excellent wife planned the day and had prepared a most elegant repast in honor of his 52nd birthday. A beef had been barbecued, light bread, pickles, cranberries, salads of different kinds, fruit and preserves, with pies, cakes, hot coffee, and other things too numerous to mention, that go to make up a good dinner. On the morning mentioned she, with some of the invited guests, spread dinner on a long table on the front piazza, and when the noon hour approached the guests assembled around the table. Thanks were offered by Bro. R. P. Hembree. After all had eaten heartily and were filled there were fragments enough taken up to fill as many more, 84 in number. After dinner appropriate talks were made by Bro. Hembree and T. J. Bell. Congratulations were showered on Mr. Pittillo, and hearty thanks extended to his good wife for the happy occasion. Those present were Sam Russell and family, Tom and Will Russell and families, Ed Russell and wife, L. H. Swan, Will Johnson, E. E. Broadus, W. B. Durham, Homer Wilhite and their families, Mr. and Mrs. T. J. Bell and daughter, Mrs. Georgia Pittillo, Mrs. Winne Beidleman, Mr. and Mrs. M. J. Phillips, Mr. and Mrs. Sim Gamble, Mr. and Mrs. Will Gamble, Mr. and Mrs. Lat Johnson, Mr. and Mrs. W. F. Reed, Mrs. S. B. French, Mr. and Mrs. R. P. Hembree, Miss Nannie Sneed, Miss Stephens and Mrs. J. G. Thompson.

MARGARET NEWS

(By Special Correspondent)

Mrs. Cherry went to Sweetwater Sunday.

Mr. Vaughn of Quanah was here Monday.

Rev. McCrory went to Crowell Tuesday.

Tucker Reinhardt went to Quanah Wednesday.

Miss Naomi Evans returned from Electra Saturday.

Dr. and Mrs. Wrenn came home

The Brunswick Phonograph and Records

Those of you who read our last week's advertisement, remember we told you that we would tell you this week about the BRUNSWICK PHONOGRAPH and records. We mentioned that we had added two very fine pieces of nationally advertised goods to our sales lines, and that they would compare favorably with the SEALY mattress, Dreamland mattress, Hoosier kitchen cabinet, Armstrong's linoleum, Alexander Smith & Son's rugs, Edison phonographs, etc.

We sell all of the above and other high grade, well-known lines of merchandise. We have just added the Buck's stove and range line, and the BRUNSWICK line of phonographs and records.

There are many talking machines and phonographs in the county that will not play an Edison Recreation. These people are coming into our store often wanting to buy records that they can play on their machines. We could not furnish them with a reliable record without putting in a reliable phonograph also, as we could not get good records separately from the machines—had to take both. We turned down several well known phonographs and their records for the Brunswick, because the Brunswick will play any kind of any records of any make, including the Edison. It is a very fine machine. Come and hear it. Fine records that will play on any needle machine regardless of make. Records, 75c, \$1.00, \$1.25, \$1.50 and \$2.00 each.

W. R. WOMACK

FURNITURE AND UNDERTAKER

from Zephyr Saturday.

Bud Dunn returned from the Fair at Dallas last Thursday.

L. D. Campbell had business in Margaret last Wednesday.

Claude Fox, the new section foreman, moved here Saturday.

Dr. Hill of Crowell was called to see J. W. Evans last Friday.

Miss Freddie Mae Reinhardt came in from Electra last Saturday.

Thalia's basket ball team played Margaret Wednesday and won fifty-six to four.

Taylor and William Bagley and Hardy Taylor were up from Vernon Saturday and Sunday.

One of Tra Smart's children stuck a thorn in its foot and was carried to Dr. Clark at Crowell Sunday.

The Margaret school girls will give a pie supper at the school house Saturday night. Everybody invited to attend.

Dr. O. W. Wilson, eye, ear, nose and throat specialist, will be in Crowell on professional business Saturday, Oct. 21st.

CALOMEL SALIVATES AND LOOSENS TEETH

The Very Next Dose of This Treacherous Drug May Start Trouble

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

Many foresighted thinkers believe that the great war just closed is only a prelude to a greater one yet to come. Unfortunately, however, the Lord doesn't tell all that he knows.

Old U. Tell'em

"Do you just stumble up your Groceryman or do you really select him with a view to getting what you want, the kind of service you want, the kind of Price that is right?"
"I didn't start trading with Russell Grocery Company without finding out that this is the Best place to buy Groceries."
"U tell'em beads; you've been strung."

INSURANCE

Fire, Tornado, Hail, Etc.
Mrs. A. E. McLaughlin

This is the **Black Silk Stove Polish** YOU Should Use. It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish
Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All we ask is trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish.

Made in liquid or paste—one quality.
Black Silk Stove Polish Works Sterling, Illinois

Use Black Silk Air-Drying Iron Emamel on grates, registers, stove-tips—Prevents rusting. Use Black Silk Metal Polish for silver, nickel or brass. It has no equal for removing tarnish.

ONE CENT SALE!

Friday and Saturday October 21-22

WHAT IS A ONE CENT SALE? It is a sale where you buy an item at the regular price—then another item of the same kind for 1c. As an illustration! The standard price of Rexall Orderlies is 50c. You buy a box at this price, and by paying 1c more, or 51c, you get two boxes. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices and have sold you for years.

A NEW WAY OF ADVERTISING. This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1c. It costs money to get customers, the loss taken on this sale will be well spent if the goods please you.

PURETEST CASTOR OIL! As sweet and nutty tasting as your best Salad Oil 2 for 36c

OTHER PURETEST DRUGS

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, October 20, 1922

There are lots of good men, but one sometimes thinks he needs Diogenes's candle to find them.

Whatever one may say about Peddy, one thing seems to be true—he has Mayfield treed on the klan proposition. The klan candidate is in a hole and is going to stay there.

The farmers are receiving good prices for their cotton, and the yield has already been surprisingly large, so that they are going to come out in good financial condition.

The nursing profession seems to be an excellent door to matrimony. It is said it gives up more of its members to married life than any other single vocation. That ought to be an encouragement to any fair maiden who has not exceeded the speed limit on the road to matrimony.

As an evidence of his confidence in the future of West Texas, S. A. Guy, a millionaire of Louisiana, moved to Crosbyton about two years ago and is putting in the biggest dairy in Texas. He has spent \$500,000 in the last two years on this farm and \$100,000 within the last 60 days. He will ship to Abilene and expects to make daily shipments in car lots as soon as he has established a business. He has the finest of Jersey cows and owns bulls that cost as high as \$10,000 each. Crosbyton is about the size of Crowell and is less favored from an agricultural standpoint.

Increases in Scholastics Require More Teachers

Probably the best index to a town's population growth may be found in the school enrollments. With very few exceptions the press of West Texas represents appreciable, and in some cases phenomenal, increases in scholastics on opening day of schools. In nearly every town additional teachers have been hired.

Coincidentally it might be mentioned that West Texas is no laggard in the matter of providing substantial and adequate accommodations for its growing scholastic enrollments. The county of West Texas which cannot report some sort of improvement or new school building during the last year is an exception.

Many West Texas towns are building high schools at costs ranging from \$50,000 to \$300,000. The educational spirit evinced in West Texas presages continual intellectual progress—an attitude which has lifted West Texas to the height of things in Texas.—Quannah Tribune-Chief.

While there is every reason to think that the population of West Texas towns is growing in most instances, yet the increased enrollment of the town schools is not the safest index to the situation. Here is a fact that must not be overlooked, that is that more pupils are coming from the rural districts each year to the town schools. They are transferring their children, some of them moving to town and others are coming for ten miles in a tin Lizzy.

The Adelpian Club

The Adelpian Club met in the home of Mrs. Jeff Bruce on Wednesday afternoon, October 18th.

After the business session, Mrs. L. A. Andrews conducted the lesson for the afternoon, "Michael and His Lost Angel," a play by Henry Arthur Jones.

A sketch of the life and works of Jones was given and an illuminating review of the leading character, Michael Feversham was presented in a talk on "The Priestly Hero." Following these special discussions a detailed study of the play was taken up. This study was in the nature of general discussion in which all present took part and proved to be highly interesting. The effect of the recent lecture on modern drama given by Mr. Morelock was evidenced by the lively interest of the members in the lesson of the afternoon.

At the close of the lesson attractive refreshment plates were served by the hostess.—Reporter.

BILL SAM'S DICTIONARY

By J. L. MARTIN

A lot of us fellows didn't quite understand Cicero Perkins when he got off the statement that "Too many friends are often a liability," at Bud Thompson's woodcutting the other day; but he soon showed us that he had spoken some real philosophy by further saying that Eli Witherspoon will have enemies yet before he dies, because Eli has so many friends that should he attempt to help all of them he would soon go broke.

FRIEND: A person whom you have tried and are willing to try him again. Bill Sam's Dictionary, page 488.

ENEMY: A person whom you have tried once and are afraid to try him again. Bill Sam's dictionary, page 429.

WRIGHT'S TAILOR SHOP

A. F. WRIGHT, Crowell, Texas

Signs Rule Country Life, City Too.
"It's gotten so you can't go where you want to around this town—or in it," complained the man.

"What's wrong now?" asked his friend.
"Signs! Eternal signs! 'This way out,' 'Keep to the right,' 'East bound traffic only,' 'Use other stairs going out.' Then the cop stops you when you think you see a fine opening in traffic, and again you stop and go with the mob."

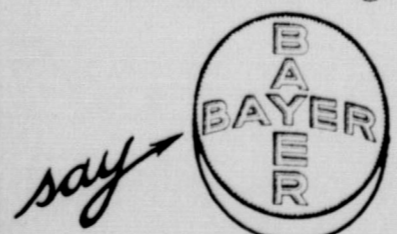

"Last Saturday I went out to the country thinking that I would at least be free from the confines of traffic rules and get away from signs for one day. 'No automobiles allowed,' 'No trespassing,' 'Beware of the dogs,' 'Private property—keep out,' 'No vehicular traffic,' 'Keep on the paths.' All those signs slapped me in the face. More personal liberty zone."—New York Sun.

Peddy to Speak at Quanah

George Peddy, candidate for United States Senate against Earle B. Mayfield, will speak at Quanah tomorrow afternoon at 2 o'clock. Mr. Peddy has been touring the Panhandle in the interest of his campaign. He is said to be a good speaker and draws big crowds.

THE STATE OF TEXAS
To the Sheriff or Any Constable of Foard County—Greeting:

You Are Hereby Commanded To summon W. S. Herndon and the unknown heirs of W. S. Herndon; J. C. Pierce and the unknown heirs of J. C. Pierce, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; to appear at the next regular term of the District Court of Foard County, Texas, to be held at the court house thereof, in Crowell, Texas, on the 8th Monday after the 1st Monday in September, A. D. 1922, the same being the 30th day of October, A. D. 1922, then and there to answer a petition filed in said court on the 20th day of September, A. D. 1922, in a suit numbered on the docket of said court, No. 1152, wherein J. H. Carter is plaintiff, and W. S. Herndon and the unknown heirs of W. S. Herndon; J. C. Pierce and the unknown heirs of J. C. Pierce, are defendants, and the cause of action being alleged as follows:

On the first day of January, 1922, plaintiff was and now is lawfully seized and possessed of the tract of land hereinafter described, situated in the said County of Foard, State of Texas, holding the same in fee simple; that on the day and year last aforesaid the defendants entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from plaintiff the possession thereof, to his damage one thousand dollars.

That the premises so entered upon and unlawfully withheld by defendants from plaintiff are described as follows:

The southeast one-fourth of section No. 35, located and surveyed by virtue of certificate No. 16-22 issued to the Southern Pacific Railway Company, and containing 160 acres of land.

Plaintiff further alleges that said land was patented to W. S. Herndon, as assignee of the Southern Pacific Railway Company on the 18th day of December, 1874, and was by said W. S. Herndon, at some time prior to the 7th day of June, 1875, conveyed to J. S. Boggs, but that the deed from W. S. Herndon to J. S. Boggs was never put of record and plaintiff does not know whether said deed has been lost, destroyed or is in the possession of some person unknown to him.

That on the 5th day of May, 1878, J. S. Boggs conveyed said land to one B. K. Smith, who afterwards died, and on the 16th day of October, 1916, M. J. Smith, his surviving widow, and Jule G. Smith, Ben K. Smith, Marshal H. Smith and Marcus C. Smith, conveyed said land to L. W. Williams, and on the 31st day of October, 1916, L. W. Williams conveyed said land to W. Y. Grimlan, and on

the 22nd day of December, 1917, W. Y. Grimlan conveyed said land to Pete Moody, who afterwards conveyed same to L. D. Harris and L. D. Harris conveyed to plaintiff, and under which conveyances plaintiff claims title to said land. That all of said deeds of record in the office of the county clerk of Foard county, Texas, except the deed from W. S. Herndon to J. S. Boggs.

That J. C. Pierce and his unknown heirs, are claiming said land under and by virtue of a tax deed executed by John Bland, tax collector of Hardeeman County, Texas, dated April 5, 1886, to J. C. Pierce.

Plaintiff further alleges that he has good and perfect title to said land and premises because he says that he has had and held peaceable, continuous and adverse possession under title (for color of title) from and under the State of Texas, of the lands and tenements above described, for more than three years after defendants' right of action accrued, if any and before the filing of this suit, and this he is ready to verify.

Plaintiff further alleges that he has good and perfect title to said land and premises because he says that he, and those whose estate he has, claiming the same under deeds duly recorded, has had peaceable, continuous and adverse possession of the lands and tenements above described using and enjoying the same, and paying all taxes due thereon, for a period of more than five years after defendants' cause of action, if any, accrued and before the filing of this suit.

Plaintiff further alleges that he has good and perfect title to said lands because he says that he now has and has had peaceable, continuous and adverse possession of lands and tenements above described, cultivating, using and enjoying the same for the period of ten years after defendants' cause of action, if any, accrued and before the filing of this suit.

Plaintiff further alleges that the fact that the deed from W. S. Herndon to J. S. Boggs is not recorded and can not be procured for record and the tax deed to J. C. Pierce, aforesaid, is a cloud upon his title.

Wherefore plaintiff prays that the defendants be cited to answer this petition and upon hearing hereof that he have judgment against the defendants and each of them for the lands and tenements above described and that plaintiff be quieted in his title and possession thereof and general relief both in law and equity and as in duty bound plaintiff will ever pray, etc.

Herein Fail Not, but have you before said court, on said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness My Hand and Official Seal at my office in Crowell, Texas, this 25th day of September, A. D. 1922. (L. S.) MARIE HARRIS BURRESS, Clerk, District Court, Foard County, Texas.

THE HOUSE OF SERVICE

The difference between the successful man and the failure is not usually ability.

Success comes by plan, by thrift first, and systematic saving.

There is no better way to save than by placing your money in this bank. It is there when you are compelled to have it, but it is not in your pocket in small change where you can spend it every time your wants tempt you.

Put the change together and make a deposit. That's the way to save—to succeed.

City Council Meeting

Regular meeting of the City Council of the City of Crowell, Texas, held Tuesday, Oct. 17, 1922. Present and presiding, C. T. Schlagal, mayor; B. F. Ivie, E. Swaim, M. S. Henry, D. R. Magee and J. C. Self, aldermen; P. S. Lovelady, marshal; L. A. Andrews, secretary.

Minutes of previous regular and called sessions were read and approved. The claims registered were taken up and the following accounts allowed and ordered paid:

Swartwood & Co.	\$ 52.10
T. A. Spears	11.30
The Texas Co.	27.50
C. J. Yoder	21.70
Swaim's Garage	93.42
M. S. Henry & Co.	86.65
J. H. Self & Sons	13.45

Inter-State Products Co.	250.00
R. B. Edwards Co.	1.10
The Foard County News	7.00
Bank of Crowell	80.00

Motion was made, seconded and passed that Mayor appoint a water committee of three whose duty is to draft water regulations and look after the water works. M. S. Henry, J. C. Self and E. Swaim were appointed a standing water committee.

Motion was made, seconded and passed that the resignation of L. A. Andrews as city Sec.-Treas., be accepted, same to become effective Oct. 19, 1922. Roy Ricks was appointed Sec.-Treas. to fill the unexpired term of L. A. Andrews, resigned.

Motion was made, seconded and passed that the salary of truck driver who shall act as city Sec.-Treas. also, be placed at \$100 per month to be paid as follows: \$90.00 from water works fund and \$10.00 from general fund.

The equalization board was allowed \$7.50 each for his services in equalizing taxes for the year 1922. The secretary was directed to publish a financial statement.

No further business appearing the council adjourned.

C. T. SCHLAGAL, Mayor.
L. A. ANDREWS, Secretary.

Adelphian Club Reception

Invitations were issued for an informal reception by the Adelphian Club to the ladies of the town and the Senior Class of our public school on Oct. 13, honoring Mr. M. W. Morelock of the West Texas Normal College. The day brought a dreadful sand storm, but the 100 guests that were brave enough to face it seemed to be well repaid for their discomfort in coming through wind and sand.

The basement of the M. E. church was tastefully decorated in ferns and cut flowers that harmonized in a most pleasing manner with the club colors, purple and gold.

Mr. Morelock spoke on "Good Literature in the Home." The speaker handled the subject in a most instructive, as well as interesting manner. Depicting in a most weird fashion that nothing could be more beneficial to the forming of character, the foundation of true happiness and a broader vision of our work in this life, than the reading of good books. Also real sympathy for our fellow man and his point of view. He declared that "tolerance was a true mark of culture."

Misses Hopkins and Wishon added much to the occasion by their readings.

Mesdames Martin and Munsey furnished the music for the program which was enjoyed by every one present.

A tempting salad course was served at the close of the program.

Mr. Morelock delivered a lecture in the evening on modern drama, as this is the extension course that the Adelphian Club is studying this year under his supervision.

He gave many excellent reasons that proved to his audience that the study of modern drama was necessary at this period if we would be equipped to meet life as we live it every day. The new generation is an ever present problem and that ignorance never corrects an evil. Our drama is the results of this age and our ideas of life during this period.

Drama is the brightest form of literature. It combines outward forms with inward feelings. It is a better study than the novel because in it we are seeing and studying the characters as they act in a crisis instead of living with them through every day life.

Mr. Morelock was thoroughly versed in his subject, having taught literature for several years and being a Peabody and Harvard student also.

The town was fortunate to have had such a splendid lecturer as its guest.

Dr. O. W. Wilson, eye, ear, nose and throat specialist, will be in Crowell on professional business Saturday, Oct. 21st. 15

Financial Statement of High School Athletic Activities

Following is a statement of the financial condition of the high school athletic activities to date.

The athletic activities in most schools call for either apportionments from school funds by the school boards, or for donations from the

civic clubs, chambers of commerce or other business organizations.

We are trying to support not only all of our organized athletic activities, but we also support the grade and other general school athletics and recreation. We are furnishing all volley balls, basket balls, and other equipment from the general athletic fund, and we sincerely hope that pa-

trons of the school will generously patronize our regular, organized athletics.

We are meeting with every encouragement from both within and without the school. More than a hundred season tickets have been sold. Other high schools are getting \$3.50 to \$5.00 for season tickets, but we are trying to popularize high school athletics by selling ours at the nominal price of \$1.00. This season ticket entitles the purchaser to admission to five games of foot ball and ten games of basketball. That means six and two-thirds cents a game for adults and half that much for children under twelve.

Encourage your child to be co-operative; encourage him to be unselfish; boost his school spirit and his community pride by giving him that little old pitiful fifty cents or dollar to buy his season ticket with.

A financial and general economy report will appear monthly in the columns of the News:

DISBURSEMENTS

DOW W. TATE, Athletic Director.

Stock tubs, barrels, cisterns, flues and all kinds of tin and pipe work.—T. L. Hayes.

Some 100 Per Cent Americans

A number of our readers, doubtless have seen these expressions from distinguished Americans, but if so, it will not hurt anything for you to read them again. These quotations are taken from the Daily Bulletin, published in the interest of George Peddy's candidacy:

Lincoln said: "I am not a Know-Nothing, that is certain. When the Know-Nothings get in control it will read: 'All men are created equal except negroes, foreigners and Catholics.' When it comes to this, I should prefer emigrating to some country where they make no pretense of loving liberty—where despotism can be taken pure and without the base alloy of hypocrisy."

Woodrow Wilson said: "It does not become America that within her borders, where every man is free to follow the dictates of his conscience and worship God as he pleases, men should cry of church against church. To do that is to strike at the very spirit and heart of America."

Ex-President Roosevelt said: "Any political movement directed against any body of our fellow citizens because of their religious creed is a grave offense against American principles and American institutions."

Ex-President Taft said: "There is nothing so despicable as a secret society that is based upon religious prejudice and that will attempt in any way to defeat a man because of his religious beliefs. Such a society is like a cockroach—it thrives in the dark. So do those who combine for such an end and work in secret and in the dark."

INVESTIGATION OF K. K. K. DEMANDED

Milwaukee, Wis., Oct. 16.—A resolution demanding that an investigation of the Ku Klux Klan be made by the Federal grand jury and the United States District Attorney under the United States criminal code, was introduced in the Common Council this afternoon by Alderman C. W. O'Connor.

In his resolution, the Alderman recites Section 19 of the code, which provides for criminal prosecution where two or more persons conspire and threaten to interfere with the rights of any citizen, without regard to race, color or creed, and making it an offense for such persons to "go

in disguise on the highways or upon the premises of another," for such purposes.

The section provides that persons convicted shall be fined not more than \$5,000 or sentenced to not more than ten years in prison.

B. Y. P. U. Program

Subject—The Church.

A Wish

"I have taken Cardui for run-down, worn-out condition, nervousness and sleeplessness, and I was weak, too," says Mrs. Silvie Estes, of Jennings, Okla. "Cardui did me just lots of good—so much that I gave it to my daughter. She complained of a soreness in her sides and back. She took three bottles of

CARDUI

The Woman's Tonic

and her condition was much better.

"We have lived here, near Jennings, for 26 years, and now we have our own home in town. I have had to work pretty hard, as this country wasn't built up, and it made it hard for us.

"I WISH I could tell weak women of Cardui—the medicine that helped give me the strength to go on and do my work."

The first ten men to purchase a suit or overcoat at \$27.50 or over Friday morning, October 20, will be given a \$5.00 discount on any hat or pair of shoes in our stock. Be on hand at 7:30 o'clock and get this free discount.

Men's Serge Suits

The ever popular serge suit is in particular evidence at this sale. There are two prices and two qualities.

The first, our regular \$35.00 value, guaranteed 100 per cent all wool and satisfactory wear

goes at.....\$27.50

The second, our regular \$23.50 value serges is unbeatable at.....\$16.95

These serges will speak for themselves.

OVERCOATS

Our line of overcoats appeal especially to the young men as we have an exceptional line of these in unlined plaid backs in all the popular materials and models.

But there are models for the older men too in blue, black and brown materials.

The following prices can be better appreciated by examining the coats themselves.

\$40.00 Overcoats, sale price.....\$29.50
 \$35.00 Overcoats, sale price.....\$27.50
 \$30.00 Overcoats, sale price.....\$21.50
 \$25.00 Overcoats, sale price.....\$18.50
 \$20.00 Overcoats, sale price.....\$15.00

EXTRA SPECIAL

One Lot of Coats at.....\$12.50

ODD PANTS

For those who are not going to buy a suit but want odd pants to go with those extra coats we offer a big selection in a wide variety of patterns. Remember it is our aim to give value in this sale so here are our pant prices.

\$9.00 Pants, sale price.....\$7.00
 \$8.50 Pants, sale price.....\$6.85
 \$7.00 Pants, sale price.....\$5.35
 \$6.50 Pants, sale price.....\$4.85
 \$6.00 Pants, sale price.....\$4.35
 \$5.00 Pants, sale price.....\$3.85
 \$3.50 Pants, sale price.....\$2.85

We can fit you as well as please you.

R. B. Edwards Company

The New International Speed Truck

With the addition of the new Model S speed truck the great International line includes a size and a style for every hauling purpose. Sizes now range from the 1,200-pound truck, with a speed of 35 miles, to the 10,000-pound truck for heavy-duty service.

The new model is a successful combination of strength and speed. In every detail, it is designed and built to measure up to the quality standard so firmly established by International Motor Trucks. The same combination of strength and experience gained through 20 successful years of high-grade manufacture stands back of every International Motor Truck.

The four-cylinder engine has the neces-

sary margin of power, sturdiness, and durability to cope with all road, weather, and traffic conditions. The internal gear drive rear axle and all other units measure up to the standard of quality set by International engineers. The Model S is regularly equipped with 34x5 pneumatic cord truck tires, electric lighting and starting equipment, and power tire pump.

Back of this dependable line of trucks stands the International free inspection service, which fully assures low-cost operation for all Internationals.

It will pay you to know more about International trucks and service. Come in at your convenience and let us explain just what low-cost haulage really means.

J. H. Self & Sons

Columbian Club

Mrs. Hub Speck was hostess to the Columbian Club Wednesday afternoon at her home on East Commerce Street. Twenty-one members answered roll call with current events.

"Reclaiming the American Desert," was the subject of our lesson and was conducted by Mrs. J. R. Beverly. Twenty years have passed since reclamation became a Federal policy—a short period in a nation's life if measured only in time, but one of historic importance when measured by achievement and progress. In this brief span of years the service has completed more than sixteen notable structures of masonry and concrete, controlling the floods of torrential streams, has excavated more than 10,000 miles of canals, many of which carry whole rivers, and seventy miles of tunnels, mostly in mountains. It has to its credit the highest dam, the longest tunnel and the largest storage reservoir for irrigation in the world.

It is interesting to know that in less than fifty miles of our homes there is an immense reservoir being built on Wichita River which will irrigate 100,000 acres of land besides furnishing a water supply for Wichita Falls and several neighboring towns. This lake will be 85 feet at its greatest depth and will be 121 miles around.

At the close of the program delicious refreshments were served to the club and Mrs. T. N. Bell and Mrs. McGonagle as guests.

The last meeting was held at Mrs. Reeder's with Mrs. Herbert Edwards as leader.—Reporter.

FOARD CITY ITEMS

(By Special Correspondent)

Willie Harris, Dwite Campbell, Adrian Thompson and wife, all of Crowell were visiting in our community Monday evening. They have gone to Graham to look for work.

Miss Eula Owens gave a party Saturday night. She had a large crowd present and everybody reported a nice time.

Mr. and Mrs. Owen Eubank of Truscott have been visiting relatives here. They returned to their home Tuesday.

Mr. and Mrs. L. P. Glover of Crowell spent Saturday night with Mr. and Mrs. J. M. Glover.

Intermediate League Program

Subject—Solomon building the temple.

Leader—Jewel Brown.

Scripture lesson—Ps. 46.

What charge did David give Solomon? I Kings, 2:2.—Louise Thomas.

What did Solomon ask of the Lord? I Kings, 3:9.—Ila Lovelady.

Was this request granted? I Kings, 3:11.—Iva Pearl Teague.

What was Solomon's message to Hiram? I Kings, 2:6.—Nettie Eldridge.

How did Hiram respond to Solomon's message? I Kings, 2:7.—Lola Bell.

With what was the Temple overlaid? I Kings, 6:21.—Mary M. Bell.

Describe the walls of the temple. I Kings, 6:25.—Hazel Dykes.

How long was Solomon building the temple? I Kings, 6:38.—Aekie Avery.

TRUTH TRIUMPHS

Crowell Citizens Testify for Public Benefit

A truthful statement of a Crowell citizen, given in his own words should convince the most skeptic about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ailment use a tested kidney medicine.

A Crowell citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit?

J. B. Fox, retired ranchman, says "Some time ago my back was lame and stiff and it was so sore I could hardly stoop. It ached way up through my shoulders a good bit of the time and my kidneys were weak and didn't act freely enough. Doan's Kidney Pills relieved me of the trouble in a short time, and put my kidney in fine condition."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fox had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Remodeling add
Patching Up the
Old Hen House

By F. W. Kazmeier, Poultry Husbandman, A. & M. College of Texas

The question of housing at this time of the year is always an all important one. Some of us are not so fortunate that we can build a new hen house. These must find a cheaper way of providing protection for the fowls in inclement weather, which we are sure to have very soon.

The housing of chickens is important, they must be kept comfortable in the cold weather or they will contract diseases of all kinds and at best will not produce eggs. The hen house may be very inexpensive, but one thing it must provide, and that is comfort. The house may appear like patched up trousers, but it must provide comfort and protection to the occupants.

The kind of a house depends to some extent on local conditions, also the section of the state. In the gulf coast country we require a different house than in the Panhandle of Texas. The big idea is to protect against rain and the cold north winds. In all cases and in all sections of Texas, we believe that the south side may be left open, at least the biggest part, excepting for the inch mesh wire netting, to keep varmints out, and confine the fowls when necessary.

Remodeling

By remodeling in this instance we mean the rebuilding of the present hen house you may have. The majority of hen houses do not provide sufficient fresh air. We have seen many hen houses with closed up fronts. Here we recommend cutting out the biggest part of the front to bring the hen house up-to-date and make it a better house for the hens to live in. A lack of fresh air causes a large number of poultry diseases, the most common of which are roup, colds, sore-head and a long string of other ailments. Open up the front and let in the light and air.

Don't be afraid of getting the front too open. The ends and the north side of the houses should be so arranged that they can be closed tight in cold weather and opened up in hot weather. The best way of accomplishing this is by arranging shutters hinged at the top to swing out and up.

Roof

No doubt the roof needs repairing. It must shed water. If it leaks look into the matter now before it is too late. The hen house must be dry. If it is not a fit place for chickens it should be used for something else. We have been using paper roofs, or composition roofing paper, but find that in open front houses it does not last long enough. For this reason we are covering all of our hen house roofs as fast as they require repairing with galvanized iron. Then we have a roof that lasts. We place the galvanized iron right over the composition roofing. This does away with the serious disadvantage of iron roofs making the houses too hot in the summer. Shingle roofs are not satisfactory because they provide an excellent harboring place for mites and blue bugs.

Floor

In old hen houses with a dirt floor, now is the time to get in there and remove about five inches of the top and replace with fresh and clean dirt. This is important and should be attended to now. We also like to go around the hen houses on the outside and see to it that all of the surface drainage is so the water runs or drains away from the house. Sometimes a few hours work with a wheel barrow and shovel will greatly improve the dryness of the floor, and in turn the health of the fowls. Hens will not do well in houses with damp floors.

Fixtures

The fixtures like nest boxes all should be cleaned out thoroughly and disinfected and if they require repairing now is the time to do it. We have found quarter inch mesh hardware cloth very good bottoms for nests. If any hinges are off, repair them. The roosts should be put in good shape. Short roosts are better than long ones. Roosts running with the narrow side of the building are better than running with the long end of the building. It is a good idea to paint the roosts with a coat of wood preservative or liquid mite killer. If possible, install trap nests, dry mash hoppers and ways of providing artificial light during the short winter days.

Foundations

All permanent buildings should be built on concrete foundations. The present prices of all building mate-

rial makes it unwise to locate houses directly on the ground, or in such a way that they will soon decay or rot. A house lasts only as long as the foundations lasts. Movable houses should be blocked up on brick, rock or concrete blocks make for the purpose. It is a great mistake to place a hen house directly on the ground.

Rats

Now is a good time to spend some time killing out the rats, especially if they infest the hen houses. A rat eats about as much feed or at least destroys as much as 25 hens will eat in a year. They multiply much faster than most varmints, hence it is important to kill as many as possible. There are many ways of accomplishing this, although not any seem to be perfect. Poison is only satisfactory in special cases. Traps always are good. Cats and dogs that will kill rats are very good. All buildings especially where feed is stored should be blocked up from the ground so there are no harboring places for the rats.

Painting Houses

Too few farm buildings are painted. It may be that most people are not financially able to paint the home, much less the hen houses. Where possible, we firmly believe that it pays to keep the buildings painted. We find they last much longer, and do not leak as bad in rainy weather which is important in all poultry houses. White, grey and red are desirable colors.

EXPONENTS OF THE MODE
IN FUR TRIMMED COATS

IN WRAPS fashion countenances the cape as well as the coat, especially when a garment matching the costume is required. In coats one may choose between the Russian silhouette, with long blouse and flaring skirt, or the straight-line, capelle coat that pays no attention to the waistline. Some very smart short coats of fur, or of rich, novelty fabrics, find place in the wardrobe of the women who provide themselves with several wraps. She who makes one coat answer for many purposes is better served than ever, this fall for the new coats for general wear are triumphs of handsome materials and fine designing.

Nearly all the new coats round out their full quota of good points with collar and cuffs of fur, and occasionally they have trimmings of fur. There are some models in which fur and cloth are combined in the body of the coat. This unstinted use of fur suggests that an old fur coat may begin life all over again by joining hands with one of the new cloth coat-

ings and becoming a part of an up-to-date new wrap.

The two coats illustrated are good exponents of the mode in coats which are unusually becoming. This year's models surpass all their forerunners in this quality of becomingness. The coat at the left has the low blouse and flaring skirt line which we have borrowed from Russia. Its wide sleeves are enriched with a broad embroidery and opossum fur contributes a collar, cuffs and finish for the loose side panels. It is made of a pile-fabric in dark brown with embroidery in brown and beige and fur in the natural color.

The coat at the right, also made of a deep pile-fabric, is a dark reddish brown and hangs from a deep yoke. Black skunk or black wolf fur serves equally well for the collar and for cuffs which take the place of a muff.

Comparison Will
Emphasize Its Value

The Studebaker Big-Six Sedan delivers everything you can ask of a motor car.

If you pay more than the Big-Six price, you may buy more weight, but it is impossible to get finer materials or better craftsmanship than are used by Studebaker.

Compare this Big-Six Sedan with the most expensive cars. Check the body with any body built, compare the chassis construction, look into the endurance records of the Big-Six as compared with any other car.

Get behind the wheel yourself. Test its performance, its comfort. Check its appearance with any car at any price. And don't overlook this point: Studebaker has more than 3,000 branches and dealers throughout the country who are always ready to render efficient service.

And finally, compare the equipment and appointments.

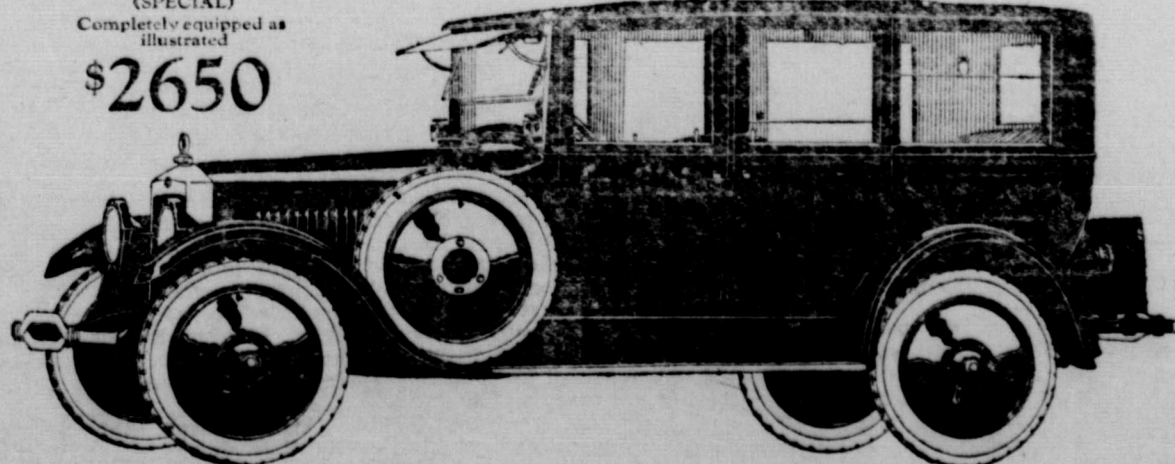

Consider the Big-Six Sedan as an investment. There is no reason to pay more. The name Studebaker stands for satisfaction.

THIS IS A STUDEBAKER YEAR

BIGGEST HIGHWAY JOB IN HISTORY

National Road System to Be 160,000 Miles. To Include Texas.

Waco, Texas.—The highway construction program of the Federal Government is the biggest project of its kind in history, much bigger than the project to build the Panama Canal, according to a statement issued by the Texas Highway Association here.

"The tentative program of the Government contemplates the construction of a national system of highways, composed of the various State systems, comprising seven per cent of the total post road mileage of the United States," says the statement. "It will include about 160,000 miles of improved highways, 12,000 of which would be in Texas. It will cost approximately \$3,000,000,000 and will probably require fifteen years to complete."

The Federal Government proposes to pay half of the cost of constructing this system, requiring that the State shall pay the other half in each case, and that the State shall maintain the roads after they are built.

In Texas the State has no authority to build and maintain highways, and temporarily this requirement has been suspended so far as Texas is concerned, in order to give the people the opportunity to change the laws so as to empower the State Government to build and maintain roads. So far the Federal Government has appropriated \$50,000,000 for road construction in the States, and about \$20,000,000 of this has been allotted to Texas. This money, however, is being spent only in counties which vote bonds to meet the Federal aid. The Federal law requires that this system shall be abolished and that the State system shall be constructed by the State Government as a connected and continuous system covering the entire State.

The Texas Highway Association is conducting a campaign to awaken the people to the necessity of passing the proper legislation to meet the requirements of the Federal Government and thus insure that Texas will have a State highway system as part of the national system. The Democratic platform, adopted at San Antonio, urges upon the Legislature the necessity of passing such legislation.

TEXAS IS PLEDGED TO ROAD SYSTEM

Democratic Resolution Declares Acceptance of Federal Aid Pledge to Nation.

Waco, Tex.—In addition to placing in the platform a plan declaring in favor of such legislation as may be necessary to empower the State Government to cooperate with the Federal Government in constructing a State system of highways in Texas, the Democratic convention at San Antonio adopted strong separate resolutions emphasizing this matter.

Attention is being called to this fact by the Texas Highway Association, which has headquarters here. One of these resolutions particularly emphasizes the fact that in accepting Federal aid in the past, and in continuing to accept it, Texas has pledged itself to construct and maintain such a "system." For Federal aid is allotted to the States on a basis which assumes that a State "system" of highways, comprising seven per cent of the total post road mileage of the State, will be constructed and maintained.

The convention expressed its recognition of this obligation in the following language: "We recognize the acceptance of Federal cooperation in highway construction, through allotments of Federal funds as a pledge to the Nation for the construction and maintenance of a system of highways primarily serviceable as a State system, responsive to the needs of the citizens of the State, and secondarily providing the basis for a system of highways extending from State to State."

Texas has not received and will continue to receive a larger share of Federal highway funds than any State in the Union. It is estimated that Texas receives five times as great a share of these funds as it contributes toward them in the form of Federal taxes. In other words the other states are supplying four out of every five dollars spent by the Federal Government in Texas for the construction of roads. This fact, the Texas Highway Association points out, makes the responsibility of Texas all the greater.

Most of the States in the Union have complied fully with the Federal requirements and are building State systems. Texas is one of a few States which have not complied with these requirements and the action of the Democratic convention was a pledge to the people that the Democratic nominees for the Legislature who will be voted on in November will pass the necessary legislation.

ONE COUNTY COULD DO IT.

A single county in Texas could bring about a situation in which all Federal aid for highway building in this State would be shut off, and the State Government would be powerless to prevent it. The Texas Highway Association is authority for this statement, and the Federal law is cited in support of it. The association will ask the next Legislature to make necessary changes in our laws to cure this situation.

NOTICE OF TRUSTEE'S SALE STATE OF TEXAS.

County of Foard.

Whereas, F. H. Applegate, a widower, did under date of January 1, 1917, execute and deliver to Charles Baird his certain principal bond or note for the sum of \$1500.00 due January 1, 1922, with five interest coupons thereto attached for the sum of \$90.00 each, due on the first days of January, 1918, 1919, 1920, 1921 and 1922, respectively, and for better securing the payment of said principal note and interest coupons the said F. H. Applegate did under date of January 3, 1917, execute his certain deed of trust bearing date of January 1, 1917, and recorded in volume 8, page 561, deed of trust records of said Foard County, Texas, to which reference is here made, whereby he conveyed to A. A. Hughes, trustee, the east one half of section or survey No. 82, block No. 44, Houston and Texas Central Railway Company lands situated in said Foard County, patent No. 279, Vol. 44, recorded in volume 1, page 441, patent records of said Foard County, described by metes and bounds as follows: Beginning at a stone set in the ground for the original northeast corner of said section No. 82; thence west 920 varas; thence south 19 minutes, east 1979 varas to the south line of said section; thence north 88 degrees and 16 minutes,

east 920 varas to the original southeast corner of said section; thence north 19 minutes, west 1959 varas to the place of beginning, containing 321 acres more or less and situate in the southwest part of said county, with all the rights and appurtenances thereto in anywise belonging. And whereas, the said F. H. Applegate did under said date of January 1, 1917, execute and deliver to the said Charles Baird five interest notes for \$300.00 each, due on the first days of January, 1918, 1919, 1920, 1921 and 1922, respectively, as additional interest on the principal bond or note above described and for better securing the payment of said five interest notes did under said date of January 3, 1917, execute his second deed of trust bearing date of January 1, 1917, and recorded in volume 8, page 568, deed of trust records of said Foard County, to which reference is here made, where he conveyed to the said A. A. Hughes, trustee, the above described premises, all of said notes being more fully described in said deeds of trust. And whereas, the said Charles Baird is the owner and legal holder of said principal bond or note for the sum of \$1500.00 which was due January 1, 1922, of said interest coupons for \$90.00 which was due January 1, 1922, and of said interest note for \$300.00 which was due January 1,

1922, on each of which there is due interest at the rate of 10 per cent per annum since date of maturity, and default has been made in the payment of said principal bond or note, of said interest coupon and of said interest note and the same are each now past due and unpaid with interest as above set forth and 10 per cent attorney's fees by reason thereof and both of said deeds of trust, said notes having been placed in the hands of an attorney for collection. And, whereas, said principal bond or note, said interest coupon and said interest note now past due together with attorney's fees, aggregate, principal, interest and attorney's fees, \$1933.47, to which will be added trustee's fees as provided in said deeds of trust.

And, whereas, I, the undersigned, Chas. O. Erwin, have by instrument in writing duly recorded in the office of the County Clerk of said Foard County, Texas, as provided in said deeds of trust, been appointed substitute trustee, in place of the said A. A. Hughes who is now deceased, and whereas, I have been requested by the said Charles Baird to enforce the said trust, Now therefore, by virtue of the authority vested in me as such substitute trustee, I will offer for sale, between the hours of 10 o'clock A. M. and 4 o'clock P. M. at public auction to the highest bidder for cash in hand on the first Tuesday in November, 1922, the same being the 7th day of said month, at the door of the court house in the town of Crowell in Foard County, Texas, the east one half of section No. 82, block No. 44, Houston & Texas Central Railway Company lands in said Foard County containing 321 acres, more or less, as above and as described in the deeds of trust under which this sale will be made, and this notice is given as required by law for such notices. Witness my hand this 12th day of October, 1922.

CHAS. O. ERWIN, Substitute Trustee. ELLIS DOUTHITT, Attorney.

STOP THAT ITCHING

There is a lot of skin trouble among school children this fall. We will sell you a jar of Blue Star on a guarantee for Itch, Eczema, Tetter or Cracked Hands, Ringworm, Old Sores and Sores on School Children. Will not stain clothing and has a pleasant odor.—Owl Drug Store.

Dodge Brothers touring cars \$1,005.00, roadsters \$975.00, f. o. b. Crowell.—E. Swain, agent.

Double Cylinder Air Motor.

An air motor, on the order of those used in pneumatic tools, but of extreme compactness that it is bigger than a safety-match box, weighs only three ounces, and develops over half a horsepower, was an outstanding feature of a recent exposition at Dublin, Ireland. The motor, illustrated and described in Popular Mechanics Magazine, is double-acting, with two opposed cylinders of three-quarter-inch bore and stroke and runs on compressed air at 100 to 300 pounds' pressure.

Bottled Fresh Air for City.

With summer all minds turned toward vacations, and seek new scenes and cooler airs than the city affords, a German savant is said to have found the means of procuring pure mountain air inclosed in earthen tubes for home use. An English savant is said to have discovered the means of conveying sea breezes to city homes. All this is very nice, but to complete these ventures a third savant would have to find the means of offering in the domestic the joys of open air!

Registered bull yearlings and calves for sale.—J. E. Bell.
