## SCHOOL SUPT. AND PRINCIPAL CHOSEN

C. Campbell of Smithville Will Head School with D. W. Tate Re-elected As Principal

On Saturday, May 13, R. C. Campbell of Smithville, Texas, met with the school board between trains for a prospective superintendent for next term. His proposition was pending conditions at Smithville, but the board tendered him the position with the promise of a hearing to him within ten days. This hearing received Monday and Mr. Campbell is our next superintendent. Judging from recommendations coming from the board from people who are acquainted with him, as well as the impression he made with the board members, we believe a wise choice has been made. Mr. Campbell resigned the board that he is well qualified for the position to which he is elected. They are exercising more ordinary precaution in the selection of a strong faculty and they feel a good start has been made. Mr. Campbell is a degree man from one of the leading Texas institutions and has been engaged in school work for years. He refused the superintendency of schools in South Texas because he would have had much more than the Crowell school will pay, but he came west on account of the unhealthfulness of conditions in this country and because he thinks there is a great future to this country. He is a man of strong and pleasing personality.

Mr. Tate who is closing his first year with us, was re-elected Monday to the position of principal. Mr. Tate's work has been very satisfactory and the full measure of his success as an instructor can not be ascertained within the first year, so that we may reasonably expect to better understand his real worth to the school within the next year.

We feel confident that these two at the head of our school as superintendent and principal will make a good team of as strong men as can be found for these positions. The selection of other teachers will be announced later.

## Gasoline Well

It has been reported for some time that there is actually a gasoline well in Pinto County, but not until last week had we seen the statement. In Sunday's Star-Telegram an article written by George R. Wells, of Mineral Wells, the state geologist, made that there is one well in that county that is producing practically pure gasoline. This well is known as the gasoline well. It seems strange in the face of the fact that gasoline is known as a by-product of the refining of oil in its state and is obtained by a process of refining. So far as is known this is the only well anywhere that produces gasoline.

## GOOD BASEBALL GAME LAST FRIDAY

High School baseball team has a game scheduled for next Friday. The game will be with Knox at the ball park at three o'clock afternoon.

The former game with Knox City at home grounds the home team defeated them by a score of four to one. The teams are well matched and should be able to enter an exciting game in a big league.

There has been high school people in such good condition and they have had more success in their victories—although they were to work for it.

Nabors questioned the grand jury last week relative to the connection with the Ku Klux Klan. Only one man was found who was connected with the order and he was relieved of service.

The bank association has been organized at Childress and a charter will be an incorporation. It will be subject to the order of the State Banking

## HIGH SCHOOL SHUTS OUT TOWN TEAM

In a hectic game last Friday, the baseball team of the High School beat the town men by a score of eleven to zero. It must be said, however, in justice to the town team that their force was considerably depleted, owing to the short notice that they received of the game.

This short notice was caused by the failure of the Munday High team to show up. The Munday men had telephoned in the morning that they would be here on schedule time, but about two o'clock word was received that, because of lack of transportation, they would be unable to make the trip. This left the High School team with tickets sold, game advertised, and no one to play. The town men kindly consented to fill the gap and save, to some extent, the reputation of the team.

The High School boys proceeded to make a race track of the game and skunked the town team by a heavy score. Gross ingratitude.

Three doubles were made during the game. One was made by Cates at first base, unassisted. Cates caught a fly ball and tagged the runner as he returned to first. The other two doubles were Cates to Beverly to Jones; and Beverly to Sloan to Jones. Every member of the High School team but one was played, the exception being Morgan, pitcher, who was not in condition.

## Visitor from Arkansas Dies at Home of Daughter

Henry Martin, who had been visiting his daughter, Mrs. A. J. Blake, south of town, died at her home Saturday of paralysis. His home was at Fayetteville, Arkansas, to which place the body was shipped Tuesday for burial. Mr. Martin was 78 years, 6 months and 12 days of age at the time of his death.

Arrangements have been made at Paducah for the establishment of a cotton compress in that city this summer.

State Tax Commissioner John G. Wallacy has given out the statement that intangible values for this year will be approximately the same as for last year. The total is \$145,000,000.

## ORIENT OFFERS PLEA FOR REVENUE

Washington, May 15.—The Interstate Commerce Commission today is hearing the application of representatives for the Kansas City, Mexico and Orient Railroad, asking for a larger division in freight earnings. Without this, E. H. Shaulfer, general traffic manager, declares in a brief, it will be impossible for the Orient to maintain service much longer.

The proposal made by Traffic Manager Shaulfer is unique and has attracted much attention among railroad officials advised as to its purpose. It will be bitterly fought by the big trunk lines as under it the commission will be empowered to make increased divisions to all short line roads and provide for routing of much freight over these lines.

It is pointed out in the brief which has been filed with the commission that the Orient operates 737 miles of railroad in the United States, extending from Wichita, Kan., to Alpine, Texas. It has no large terminals along that route and the country is sparsely settled, devoted largely to stock raising and agriculture.

It received a loan of \$20,500,000 soon after the passage of the Esch-Cummins act, but has never been able to regain the share of through business which it enjoyed before Government control.

Traffic Manager Shaulfer insists that the commission under the Esch-Cummins act, has full power to authorize increased divisions in freight earnings to the weaker roads and that this will not reduce those of the stronger lines below the 6 per cent authorized return.

Guinn Williams of Wise County was elected to Congress Saturday to succeed the late Lucian W. Parrish. Morgan, Miss Blanton and Bullington was the order in which the remaining candidates ran.

Dirt has been broken at Chillicothe for a \$60,000 new school building. It is planned to have the new building ready for service when school opens this fall.

## MILLINERY EXHIBIT HELD AT THALIA

Wilbarger County Home Demonstration Agent Gives Instruction in Hat Making

Last Thursday afternoon Wilbarger County's Home Demonstration Agent, Miss Eula Goodfellow, assisted by Mrs. Ada Coffman held a millinery demonstration at Thalia.

There were about forty persons present and considerable interest was shown in the work. Six or eight hats were started and instructions given on how to make various kinds of hats.

Miss Goodfellow held a style show in Vernon a few weeks ago in which there were about forty women and girls who wore hats and dresses which they made themselves. The saving on millinery alone in Wilbarger County amounted to over \$2500 last year.

One noticeable feature of the millinery demonstration was that the men present seemed to be as much interested in the work as the women. It is hard to tell why men should be so interested in millinery but perhaps it is due to the old saying, "If you want to touch a man's heart touch his pocketbook first." Those men may have been buying some hats.

## RAINS CAUSE MUCH DAMAGE OVER STATE

Major Claude Adams was at home early in the week after having been over much of West Central Texas, and he reports very heavy damage by floods over practically all that country. Not only are the young crops literally ruined in that part of the state, but the lands have been washed terribly. Some farms are almost ruined.

Not very long ago he was out west on the Plains and he says the people are going to plant big cotton crops all over that country and that the cotton area will this year reach over many of the counties right up to the New Mexico line. Some counties not heretofore having planted cotton will have their first experience this year in its growth.

## O. T. WARLICK OUT FOR DISTRICT JUDGE

The News is authorized to make the announcement for O. T. Warlick of Vernon for district judge of the 46th judicial district subject to the action of the Democratic primary in July.

Judge Warlick was born near Grandview, Johnson County, Texas, May 11, 1882. He moved to Childress, Texas, with his parents in 1887, where he lived until he entered the practice of law at Paducah in 1909. He moved to Vernon in 1911, was elected County Attorney of Wilbarger County in 1912. He was elected to the office of District Attorney of this district in 1914 and was re-elected to the same office in 1916 and 1918. He resigned the District Attorney's office in the latter part of his third term to enter private practice of law in Vernon.

Mr. Warlick is well known to many of our people in Foard County, having become acquainted with them during his service as district attorney for the time above specified. His standing as an attorney justifies his claim upon your serious consideration of his candidacy.

## J. R. COFFMAN ANNOUNCES FOR COMMISSIONER PRECT. 2

The News is authorized to say that J. R. Coffman of near Rayland is in the race for commissioner of precinct No. 2. Mr. Coffman held the position of commissioner several years ago and made the county a good safe and reliable man. He is well known over the county as a man of good judgment. He would be fair and honest in his consideration of matters that would come before the commissioners. Mr. Coffman asks you to consider him at the polls in the July primary.

## Married in Quanah

Miss Zell Moorhouse, who has been a teacher in the Crowell school for the past year, was married at Quanah Wednesday at 5 o'clock to Mr. A. J. Barton of Munday, Texas. They immediately took the train for Magdalena, N. M., where they will make their home. George Self and Miss Ruby Sams accompanied them to Quanah.

## FERGESON BROTHERS PURCHASE FINE HOG

Will Improve Herd by Adding Best Stock to Be Found in the Southwest

Ferguson Bros. and Blevins did not wait for a sale to be put on, but went up to L. E. Lewis' ranch at Childress last week and bought a 10-months old boar to go with their already fine herd at the Ferguson farm. This is a pig of the boar which Mr. Lewis refused a half interest in for \$10,000. He is one of the finest, if indeed not altogether the finest, hog in the Southwest today. He is a \$20,000 hog and has attracted the attention of swine breeders from Kansas and Missouri.

They paid a fancy price for this hog for what he will be worth to them in raising the standard of their herd. They have now some of the best of the Poland China type of hogs in Foard County, but propose not only to maintain the present standard but will improve it.

Some time not many months hence Ferguson Bros. and Blevins expect to put on a sale of about 30 fine sows and gilts.

## Honor Roll for Last Term

To get on the honor roll a student must make an average of ninety or more in grade, and an average of ninety or more in department.

### Exemptions

8th Grade Math.—(a) Myrtle Gollightly, Fred Kimsey, Jack Roberts. (b) Theo Ferguson.

9th Grade Math.—Alvin Borchardt, Henry Black, Juanita Campbell, Nina Mae Dickerson, Katie Mae Gaines, Emma Belle Hunter, Freda Miller, Doris Bailey, Mattie Russell, Lee Gorrell.

10th Grade Math.—Henry Black, Annie Hardy, Jewell Teague, Vergie Borchardt, Susie Johnson, Roy Sloan, Lorraine Hankins, Beulah Patton.

8th Grade Science.—Fred Kimsey, Jack Roberts, Lois Thompson.

9th Grade Science.—Lee Gorrell.

10th Grade Science.—Anna Lee Cannon, Ethel Curtis, Nathalia Dickerson, Anna Mae Ellis, Bessie Fish, Hilda Gribble, Verna Harris, Susie Johnson, Evelyn Jones, Glenn Jones, Bernice Long, May King, Mattie Lee Meason, Fern Nicholson, Beulah Patton, Pearl Saunders, Vergie Borchardt, Roy Sloan.

11th Grade Science.—Marie Bell, Henry Black, Mary Sam Crews.

8th Grade History.—Mertie Gollightly, Jack Roberts, Lois Thompson.

9th Grade History.—Doris Bailey, Juanita Campbell, Lee Gorrell, Katie Mae Gaines, Freda Miller, Mattie Russell, Lozel Kincaid.

10th Grade History.—Henry Black, May King, Beulah Kenner, Jewell Kenner, Roy Sloan, Doris Bailey.

11th Grade History.—Marie Bell, Mary Sam Crews, Bessie Fish.

8th Grade English.—Myrtle Gollightly, Fred Kimsey, Jack Roberts, Lois Thompson.

9th Grade English.—Doris Bailey, Juanita Campbell, Nina Mae Dickerson, Texia Glover, Lee Gorrell, Ella Patton, Mattie Russell.

10th Grade English.—Henry Black, Anna Mae Ellis, Lorraine Hankins, Susie Johnson, Evelyn Jones, Beulah Kenner, Jewell Kenner, May King, Beulah Patton, Roy Sloan.

11th Grade English.—Marie Bell, Mary Sam Crews, Bessie Fish, Hilda Gribble, Olive Hanks, Horace Lovelady, Mildred McLaughlin, Jewell Teague.

11th Grade Physics.—Marie Bell, Mary Sam Crews, Bessie Fish, Hilda Gribble, Horace Lovelady.

8th Grade Latin.—Mertie Gollightly.

9th Grade Latin.—Mattie Russell.

10th Grade Spanish.—Doris Bailey, Henry Black, Lorraine Hankins, Annie Hardy, Mattie Russell.

### Fifth Grade

Geography.—Charlie Ashford, Clara Grimlan, Tom Reeder. Physiology.—Charlie Ashford, Tom Reeder, Frank Svoboda, Clara Grimlan. Reading.—Charlie Ashford, Frank Svoboda, Clara Grimlan, Frank Svoboda. Spelling.—Charlie Ashford, Opal Barry, Clara Grimlan, Helen Hill, Nell Loyd, Marguerite Marchman, Bernice Walling, Nettie Maud Yount, Frank Svoboda. English.—Charlie Ashford, Clara Grimlan, Frank Svoboda.

### Sixth Grade

Geography.—Nellie Briscoe, Jack Thomas, Marion Crowell, Pauline Norris, Allison Self. History.—Marion Crowell, Allison Self, Nellie Briscoe, Jack Thomas. Reading.—

## EASTERN STAR GIVES KITCHEN SHOWER

At a recent meeting of the Eastern Star the idea was conceived to have a kitchen shower for the benefit of the Masonic Lodge hall, in order that when any branch of the Masonic fraternity wanted to serve refreshments all necessary equipment would be at the hall ready for use, which would greatly reduce the burden of serving any kind of refreshments.

This was not the only motive that prompted this shower. Another aim was to render a program and have a get-together meeting and everybody have a good time.

With these things in view the date was set for Tuesday evening and the worthy matron appointed committees to carry out the program as outlined.

The following committees were appointed:

Invitation Committee—Mr. and Mrs. George Hinds, Mrs. T. P. Reeder and Mrs. Allan Sanders.

Refreshment Committee—Miss Wynne Beidleman, Mrs. M. N. Kenner, Mrs. H. W. Burress and Mrs. Hub Speck.

Stunt Committee—Geo. Self, Miss Lottie Woods, Mrs. J. R. Beverly, Bert Self and T. B. Klepper.

Decorating Committee—Mrs. C. P. Sandifer, Geo. Self, Mrs. Allan Sanders and A. M. Loughmiller.

Receiving Committee—Mrs. J. A. Johnson, Mrs. Alice Cowan and Mrs. S. O. Woods.

Each one of these committees did its work well. The stunt committee produced a program that provoked much laughter during its rendition.

Another feature which added much to the occasion was music rendered by Miss Frances Cammack of Chicago, violin, and Miss Winnie Jewell Norwood, piano.

Besides furnishing an enjoyable evening for the large crowd present the kitchen was furnished completely. A cabinet will built by the faithful and efficient tiler, A. M. Loughmiller, where these things will be kept.

At the close of the program ice cream and cake were served. Two cakes that were left over were sold to the highest bidder bring \$5.00 each.

The worthy matron as well as the worthy patron feel very grateful to all who assisted in making this event such a complete success, and it is felt that it will be an incentive for more similar gatherings.

## PASTOR LEFT FOR BAPTIST CONVENT'N

Rev. J. E. Bellington, pastor of the Baptist church, left the first of the week for Jacksonville, Fla., to attend the Southern Baptist Convention which convened in that city this week. He will be gone over next Sunday but will be at home on the Sunday following.

T. N. Bell and wife and J. W. Bell attended the annual convention of the State Bankers Association at Fort Worth this week. They also attended the graduation exercises of the Powell Training School in Dallas, their sons, Alton and Valmer, being among the number who graduated.

Louis Ball, Marion Crowell, Opal McDonnell, Allison Self, Martha Schlagal, Ida Mae Thomson, Nellie Briscoe. Spelling—Inez Johnson, Marion Crowell, Louise Hrabal, Nellie Briscoe, Ura Hays, Opal Ribble, Lucille Kimsey, Allene Thomson, Ida Mae Yount, Ida Mae Thomson, Ruth Sparks, Allison Self, Martha Schlagal, Annie Russell, Pauline Norris, Merle Morgan. English—Inez Johnson, Nellie Briscoe. Arithmetic—Marion Crowell, Louise Hrabal, Allison Self.

### Seventh Grade

History.—Walter Bailey, Lee Black, Mamie Lee Collins, Winnie Mae Duncan, Boyce Harper, Mabel Hunter, Spear McCaskill, Addie Smith, Riley Briscoe, Carl Ivie. Spelling—Walter Bailey, Lee Black, Mamie Lee Collins, Moody Dickerson, Winnie Mae Duncan, Sybil Hays, Addie Smith, Ida Lovelady, Spear McCaskill, Loyd McDonnell, Vera Patton, Riley Briscoe, Carl Ivie, Idura White, Ruby Smith, Lorena Finn. English—Riley Briscoe, Carl Ivie, Idura White, Addie Smith. Reading—Riley Briscoe, Carl Ivie, Walter Bailey, Mamie Lee Collins. Arithmetic—Riley Briscoe, Carl Ivie, Ruby Smith, Lee Black, Mamie Lee Collins, Loyd McDonnell, Addie Smith. Agriculture—Riley Briscoe, Carl Ivie, Mamie Lee Collins, Lee Black, Loyd McDonnell, Addie Smith, Idura White.

## CAPITAL CONSIDERS NEW R. R. PROJECT

Data Is Being Compiled Relative to Possible Tonnage in Western Counties

The Tulsa Herald prints a map showing the proposed railroad from Fort Worth to Tucumcari, N. M. It shows up mighty well on paper, but what we are interested in is a railroad on the ground. Of course, a certain amount of agitation is always necessary. But laying all useless and foolish joking and jesting aside, this, it seems, is the logical road for Crowell to go after. And it is not improbable that it is the most likely one to be built.

There is a vast stretch of country, especially that northwest of Crowell that is in sore need of a direct line to the markets of Texas. And the beauty of it is that this vast stretch of country is not waste land. Practically all of it is the finest wheat land in Texas, and besides, is as favorably adapted to cotton and feed as any part of Texas.

The proposition is being promoted by C. H. Powell of Chicago, and it is said that he has Eastern capital interested in the proposed line. It is to run from Seymour, where it intersects with the G. T. F. & W. out of Fort Worth to Crowell, Turkey, Quitaque, Silverton, Tulsa, Nazereth, Dimmitt, Farwell, Grady, N. M., and to Tucumcari. No place, says the Tulsa Herald, will be closer to a parallel line than 30 miles. Some of the towns through which the proposed line is to pass are now forced to haul their products from 30 to 60 miles.

The Herald submits some figures and makes some estimates as to tonnage that might be of interest to our readers. It says:

Last year there was shipped from Swisher County 2,191,466 bushels of wheat, 1,095,800 bushels of grain sorghums, making a total of 3,287,266 bushels of grain, or an average of 2,348 cars. Taking this for a fair average, the Plains counties alone, shipped 16,436,000 bushels of grain, or 11,740 cars last year; and basing the production on the grain that has been made in the last ten years, the Plains counties will be shipping 32,872,000 bushels of grain or 23,482 cars in 1922. Last year Swisher County shipped 17,580 head of livestock or 6 cars. Basing on like figures for the grain, the five Plains counties shipped 87,900 head of livestock or 2,920 cars last year. And in 1932 will ship 263,700 head of livestock or 8,760 cars. Making the total tonnage for 1932, 32,600 cars. Besides the livestock and grain, the Plains counties are shipping at the present time 50,500 eggs per day.

In order to get a permit from the Interstate Commerce Commission it will be necessary for the farmers to answer the questionnaire sent out by the Chamber of Commerce and send them in at once. It is very important that data be in our hand in the shortest possible time.

Now, if Crowell and Foard County are going to be on hand when the proper time comes to submit data as to our tonnage, we want to begin to get information along that line. Such a road would be worth more to Crowell than any other line that could be built.

The first airplane theft on record occurred at Love Field last Saturday morning. The machine was later found near Stephenville in a wrecked condition. The driver has not been found. Blood spots in the pit indicate that he was injured.

Ninety head of cattle were found dead in a Denver freight car that arrived at Childress one day last week. The stock had been shipped from South Texas and it is said that their death was caused by having been dipped during hot weather.

Ed Lirette, Dallas aviator, fell from a parachute at Vernon Sunday when he left an airplane 2,000 feet high and was killed. The strap with which he was belted to the parachute was too light for his weight and snapped in two. Rather than disappoint the crowd who was expecting this stunt he used another man's harness which was too light for him, his own having been left in Dallas. This was his third leap from the plane. In the first at Wichita Falls on April 29 he won third prize. On Sunday, May 7, he won first prize also at Wichita Falls. His third and final leap was a week later at Vernon.

# Put and Take

MAY 19 1922

know the little game of PUT and TAKE. It's a game of chance but there's a difference in our game of business. You both Put and Take at every spin of the top but you take more than you put.

Just PUT yourself to the trouble of calling on us and put up a little cash, or a good hard luck story and we will see that you TAKE more for your money than you expect.

You take Quality, Style, Value and Service. It's PUT AND TAKE WHERE THE PUT IS THE LEAST AND THE TAKE IS THE GREATEST.

Take a look at our show window. Cleaning and pressing that please.

### THALIA ITEMS

(By Special Correspondent)

Mrs. W. D. Burress is still very sick at this writing.

Fred Lightsey and Hugh Thompson were Vernon visitors Saturday.

Quite a few attended the musical at Grover Nichols' Monday night.

A boiler inspector of Vernon is out inspecting the gin boiler this week.

Mr. Epley and family of Crowell spent Sunday in the Will Wood home.

Lightning struck Otto Schroeder's barn Sunday and damaged it quite a bit.

Miss Eula Driskell left Saturday for a visit with relatives in East Texas.

Walford Thompson of Crowell attended the ball game here Thursday afternoon.

Uncle Jim Gray who went to Blair, Texas, some time back returned home last week.

Miss Mary Cook of Crowell spent a while in the J. A. Abston home Friday evening.

Homer Doty and children have returned from Gainesville where they visited relatives.

Miss Pauline Pigg is spending the week with her aunt, Mrs. C. W. Beideman, of Crowell.

Mr. and Mrs. Derrington who live near Margaret were transacting business here Thursday.

Fred Woodruff has secured work near Wichita Falls. He left Sunday to take charge of it.

Elder J. T. Cabe of Electra filled his regular appointment here Saturday night, Sunday and Sunday night.

Miss Opal Edens of East Rayland is spending awhile visiting her aunt, Mrs. J. A. Abston, and other relatives here.

Mr. and Mrs. Fred Rennels and son of Crowell visited their parents, Mr. and Mrs. John Rennels, of West Rayland Sunday.

Fred Brown and Miss Knoxie Burress and Tom Johnson and Miss Annie Fluediger went to Vernon Sunday afternoon.

Joe French and family, Joe Sophal, Bill Short, John Montooth, and Ewald and Alfred Schroeder were Vernon visitors Sunday.

T. J. Wood and wife and son, Charley and family, of this city spent the day Sunday with his son, Will and family, east of town.

Mr. and Mrs. Willie Johnson of the Ayersville community visited her mother, Mrs. Jeffie Wood, here Wednesday and Thursday of last week.

Mrs. D. M. Shultz passed through here Saturday en route to see her daughters, Mrs. Essie Haney and Mrs. Fannie Johnson, who live near Talmage.

Mr. and Mrs. Luther Ward gave a dinner to the following Sunday: Mr. and Mrs. F. D. Clark, Jim Jordan and family of Rayland and Frank Ward and family of Plainview.

Mrs. Jones and son, Carroll, and Mrs. John Sims left Friday for a visit with the former's son, Albert and wife, at Abilene, while Mrs. Sims will visit her daughters near that place.

Miss Goodfellow of Vernon was here Thursday afternoon putting on a millinery demonstration. Those attending from Crowell were, Mrs. Fred Rennels, Mrs. Grace Norris and Miss Katie White.

There was a large crowd attended the funeral of Mr. Adkins Sunday afternoon, who died near Rayland Saturday. His remains were laid to rest in the Thalia cemetery. The floral offerings were beautiful.

The Margaret baseball team came over Thursday afternoon and played the Thalia boys. The score was 5 to 10 in favor of Margaret boys. The game the following day on the Margaret grounds was 7 to 8 in favor of Thalia.

### WEST RAYLAND NEWS

(By Special Correspondent)

Mrs. J. M. Adkins who has been very sick is slowly improving.

Little Herschell Butler who has been severely ill with pneumonia is improving.

Dr. Maine was called to Fred Oaks' home Tuesday to see Mrs. Oaks, who is very sick.

Mrs. Marshall of Cooke County is here visiting her sister, Mrs. Wm. McKinley.

Frank Ward and family spent Sunday with Luther Ward and family of the Thalia community.

Miss Eula Driskell, who has been teaching in the Rayland school, left Saturday for her home at Grapevine, Texas.

Miss Mamie Kennedy, who has been teaching school at Colorado, Texas, is here as the guest of her sister, Mrs. Frank Ward, and family.

Last Saturday morning at 11:30 the death angel entered the J. M. Adkins home and took from it the much beloved husband and father, J. M. Ad-

**"111" cigarettes**

A year ago—  
almost unknown

**10¢**

Today—a leader

A sweeping verdict for **QUALITY**

tion, and a too bad reputation. Too much competition is a reality. There are too many common eggs, hence the low price. Many people will sell anything that has a shell and looks like an egg. Some egg buyers claim some farmers would sell a guinea egg for a hen egg if they could get away with it.

If you are numbered among those who produce the common farm egg do not expect a good price for your eggs. The common egg will always especially in warm weather bring a very low price. The reputation of the common egg also goes against a better price. For a long time these common every day farm eggs have been sold all over the United States. Wherever they have been eaten they have left a bad taste. Even in far away New York City, Texas eggs have left this bad taste in the mouths of the people.

There can be no question but that if you are really interested in getting more for your eggs the first thing to do is to produce a better egg. Don't produce common eggs; but make plans to produce eggs that speak quality in every sense of the word.

**Quality Eggs**

If you have a dozen eggs, large, clean, infertile, uniform in size and color, as well as good shape and perfectly fresh, you have an egg that will bring a good price any time of the year and that is in a class by itself. The cost of producing such an egg will be no more than the cost of producing the nondescript eggs. You take a basket full of these eggs to town and deliver them to your store or egg buyer, and set them among the rest of the eggs and you will see at once that they are in a class by themselves and easily bring more money.

Our farmers have not yet learned that appearance more than anything else sells a product. They do not realize that the American consuming people, almost entirely buy on looks. It is true that we do not eat the shell yet a dirty egg will certainly not sell as well as a clean egg.

Quality in eggs, is a rare thing indeed. The eggs possessing quality need not go begging for a market at no time of the year.

**Size**

Small eggs are not worth as much as large eggs. Many people have a disposition to sell that small egg. We have known of cases where they were

**Disease Lurks**

**In Every Possible Spot**

There is only one means of combating disease. That is at the source, by **destroying** the germs.

A reliable disinfectant should be used about the stables, out buildings, hen houses, hog houses, in cesspools and about the bath room, sinks, etc.

**No. 6 Disinfectant Is Best by Test**

It is six times as powerful as carbolic acid. It is non-poisonous which makes it safe. Diluted with water as directed, it is economical and truly efficient.

**HOW TO GET MORE FOR YOUR EGGS**

By **F. W. Kazmeier, Poultry Husbandman, A. & M. College of Texas**

People who go into the poultry business generally find producing market eggs the most profitable, also the safest branch of poultry keeping. The farm poultry flock also as a general rule gives the greatest returns from the market eggs produced.

A flock of 200 hens on every farm would return a net profit of not less than \$200.00 a year; in many cases as high as \$400.00. The biggest part of this income would be from market eggs. For this reason many people should be interested in anything that will help them get a better price for their eggs.

**The Common Egg**

The common every day farm egg always fertile has too much compe-

ruled out and returned to the kind farm lady. What did she do? With a frown she replied, "An egg is an egg and I am going to mix it in the next lot of eggs to be sold." Right here you have an actual illustration of one of the greatest causes for low prices of market eggs. The one small egg was responsible for lowering the price of the other eleven. The disposition to "sell anything that looks like an egg" is another cause for low prices of eggs. A dozen of eggs should be uniform in size as near a two ounce egg as possible.

**Condition of Shell**

The egg shell must be clean and should be unwashed. The shell should be fairly thick and strong, and even in texture and color. Uniformity of color of shell is one of the prime requirements. A dozen or case, or a half case, to demand the highest price, must be uniform in color. Shell should be free from ridges and of course must not be cracked. We have found one of the greatest ways of adding individuality to eggs is by stamping them. We like the trade mark—any you may select—like "Select," "Premier," "Quality," and "Infertile." We are inclined to believe that the word "Infertile" should be stamped on all quality eggs. Of course they must actually be infertile. This should be stamped on the large end of the egg. Rubber stamps and pads for this purpose may be ordered from Darling & Co., of Topeka, Kansas, and should not cost more than 75 cents to one dollar.

**Package**

The eggs should be put up in neat and attractive two color cartons. Remember, many times the package sells the contents. These one dozen cartons may be purchased at very reasonable prices. They should bear the name of the farm or your trade mark. All of these little things take your eggs out of the common class and place them in a class by themselves. Egg cartons may be purchased from the Self Locking Carton Co., 436-438 Illinois St., Chicago, Ill. They sell for a very reasonable price and you can have them printed to your order. Make the comparison of a lot of eggs arriving in a dirty box mixed with a lot of musty cottonseed hulls and another lot arriving in neat and attractive cartons. Some may doubt the wisdom of going to all this extra trouble and expense. Permit us to say that you will find your time and money thus spent your best investment. If it does not pay to sell your eggs in this manner, it surely does not pay to sell them the helter-skelter

way. You have tried the old way for a long time; why not make a change. Guarantee

Sell your eggs under a liberal guarantee, which you will be able to do if you are producing infertile eggs. If you are producing fertile eggs you better not stamp your name on them nor sell them under any kind of a guarantee. (Copyright 1922 by F. W. Kazmeier)

**City Meat Market**

Carries everything in the line of an up-to-date meat market, together with packing house meats such as Boiled Ham, Mince Ham, etc., except beef. Also carry Pure Hog Lard, the kind your mother used to make during hog-killing time. Come in for a fresh tender steak of beef or pork for dinner, or maybe it's pure hog sausage you want. If so the City Meat Market is the place to get it.

**F. J. MEASON, Proprietor**

**THE FOARD COUNTY NEWS**

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, May 19, 1922

The city lake is said to be about two-thirds full. No one would have thought two months ago that we would have so much water before the middle of the summer. Nature always supplies the needs which we cannot. It was our job to build the lake. Nature has filled it. What more could we have done, or what more could we have asked? Crowell is going to have an abundant supply of water, we believe, and that means in the course of a short while many conveniences we have not before had. One of these here thought of is ice. There is no reason why we should not have an ice factory in Crowell next year, and if that very much needed article then sells here as at other places we will save from 25 to 50 per cent on the price. Ice is selling in every town where there is a plant for 75 cents and \$1.00, while we will be required to pay \$1.00 to \$1.25. The saving will go a long way towards paying the taxes on our water bonds. This would mean a probable saving of \$1500 to the town.

A gun of any kind is a dangerous thing to have on the place. In the first place not many people need a gun. Take it as a rule and one will live about as long without one as he will with it, and some live even longer. In this country chicken thieves are about the only dangerous criminals, and who would think of using a gun on them? Guns are dangerous. If one does not get killed by a loaded or "unloaded" gun he is liable to get shot, to say the least of it. Only a few days ago a Quannah woman received a flesh wound in one foot when she happened to upset a loaded shot gun standing behind a screen door.

People regret such accidents as the one which occurred at Vernon Sunday in which the Dallas flyer lost his life. One can not but feel that such daring feats are foolish. Loss of life that can not be avoided when men have simply been trying out machines for air navigation does not seem so bad. It is perfectly proper that the air be used for service, but we are not so ready to say that it should be converted into a stage for stunt pulling simply to entertain.

The large increase of crime cases being filed in the Court of Criminal Appeals adds no credit to the ku klux klan whose enthusiastic supporters claim is very effective in putting down crime. Crime is reported to be on the increase in Texas. That's where the klan is reported to be on the increase. Looks bad at best.

There are something like 200 tractors in Foard County. Some people may think the purchase of so many tractors is a waste of money. We doubt this. The tractor enables the farmer to do speedy work at the time when it must be done in order to make and save his crops. This is especially true with reference to the growing of small grain. For instance, his land must be prepared as early as possible after crops are taken off. Then crops must be taken off when they are ready. Tractor machinery enables the farmer to do speedy work and do it at the right time. It can not always be done with horses. As a rule we believe money spent for tractors is well spent. Just as well argue that the modern cultivator is no better than the old Georgia stock for cultivating the crops.

Isn't it great to live in the Panhandle of Texas? We can appreciate what a great country this is and how it is favored over all other countries this spring especially. While some are being swept away by floods and tornadoes, we are peacefully and happily going about our daily toils with no expectations of such calamities. The Panhandle occupies the happy medium between the lowlands of the valleys of the Great Basin and the lofty plateaus of the Continental Divide, where extremes of weather conditions may be expected. Happy is the man whom fortune has sent this way.

There will be a big immigration to West Texas this year from the eastern part of the state. Men of all vocations and callings are coming this way. They see in this country a future. Perhaps opportunities are better than ever in its history. There are more people, bigger and better towns, less cheap lands, and not so much room per capita as a few years ago, but the idea of permanency is now entering into every form of construction, and easterners are seeing this.

The rain and mud we have had for some weeks brings to our minds once more the necessity of improving the condition of our streets. No home man can feel proud of Crowell's streets, even during dry weather, and much less when it rains. What must the visitors say about them?

Money spent for education is seldom mispent. One of the first and most essential things is to buy talent for instruction work. So long as this is not looked to the standard of education can not be raised.

### DISPOSE OF ROOSTERS AND SELL FERTILE EGGS

Those who have been keeping up with Mr. Kazmeier's articles in the Foard County News will remember in last week's issue what he says in regard to the infertile egg. Many people read these articles and fully realize the importance of selling infertile eggs, but they fail to get rid of their roosters.

There should be a premium of at least five cents for infertile eggs, and I believe the merchants of Crowell would be glad to try to arrange with the produce houses to secure a better price if everyone who sells eggs would guarantee them to be infertile.

In some places the Community Egg Circle is proving profitable in marketing eggs. There are certain rules and regulations which the members are required to observe in caring for the eggs. The eggs are to be infertile, are to be gathered at least once each day and kept in a cool place. Dirty eggs must not be sold and must not be washed. Each member of the Circle is required to stamp the eggs with a number which shows by whom they were sold, so in case there are some undesirable eggs they may know who shipped them. This would do more toward securing a better price for eggs than anything that could be done.

I would like to see at least one community in the county prove that this would be profitable.

Respectfully,  
FRED RENNELS, Co. Agent.

Ben Henderson to Lubbock—Will Manage Branch Office

Ben Henderson will leave in a few days for Lubbock where he will take charge of a branch office of the Wichita Falls Typewriter Exchange Company. Mr. Henderson recently purchased an interest in this office equipment company and will move his family to Lubbock in a few weeks.

He was at one time bookkeeper for the Dixon Dry Goods company here and about one year ago took a position with the typewriter firm as traveling salesman. Last fall he was injured in an automobile wreck while working for the company, and is just now able to resume his work with them.—Vernon Record.

### Texas Breeding Insane Persons

We believe that the sober thinking people of Texas will agree with Governor Neff, who has said that Texas ought to have better regulation in its law relating to marriage than now exist. In his address at Canadian Governor Neff said that Texas was breeding insane people.

"There are two causes," he said, "one being venereal diseases; the other permitting men and women of unsound mind to marry and raise insane children. We now have in one asylum a grand-mother, daughter and grand-daughter—three patients from three generations of the same blood. Permitting insane people to marry is the reason why our asylums are being filled so rapidly and if the people do not stop the practice our conditions will become more deplorable."

Texas appears to have no other than age restriction upon marriage. Persons afflicted with venereal diseases are permitted to marry without hindrance. The feeble-minded and insane may marry and reproduce their kind, and the example cited by Governor Neff is only one of many.

Surely it is time that the State of Texas took some step to prevent the marriage of those suffering from loathsome diseases and the insane whose progeny in all probability will be a menace to society and a burden upon the state. No person afflicted with venereal disease nor any insane person ought to be permitted to marry. Restrictive laws cannot entirely prevent the marriage of such persons but in a number of states they are serving to reduce the number of such persons marrying.—Wichita Record News.

### M. E. Missionary Society Entertained

Members of the Methodist Missionary Society and their friends were delightfully entertained on Thursday afternoon May 11, when Mrs. C. J. Yoder and Miss Emily Purcell were joint hostesses for a Silver Tea, at the home of Mrs. Yoder.

By way of entertainment several pleasing contests were employed among them being, "Belles of the Garden" and a prophecy on "What Crowell will be when all its people tithed." For the neatest work Miss Frances Cammack of Chicago was awarded the prize in a tea towel hemming contest.

Delectable refreshments were served by the hostesses.—Reporter.

# CHAUTAQUA SALE

The Chautauqua will be here May 20th, and we will be, too. And we will be here with the goods.

LISTEN--Commencing on Saturday, May 13, before the Chautauqua on the 20th, and continuing for two weeks, closing Saturday May 27th, we have the following proposition to offer:

FIRST--We are going to give a discount of 10 per cent on all merchandise.

SECOND--In addition to the above we will give free with every \$50.00 purchase by one family a season ticket to the Chautauqua, which amounts to \$2.75.

THIRD--Special Bargain Counter--Upon this counter we will have to offer some of the greptest bargains ever offered at Margaret.

LOOK AT THIS			
240 Weight Denim Overalls.....	98c	Youths' Heavy Tell Tex Overalls.....	\$1.35
One Lot Staple Gingham.....	14c	Men's Heavy Gray Sox, 3 pair.....	25c

### ASPIRIN

Name "Bayer" on Genuine

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Then you will be following the directions and dosage worked out by physicians during 21 years, and proved safe by millions. Take no chances with substitutes. If you see the Bayer Cross on tablets, you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Arache, Toothache, Lumbago and for pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidster of Salicylicacid.

#### Blacksmith Notice

I have bought the Garlinghouse blacksmith shop and my father, J. C. Spears, and myself are running same, and have been in the blacksmith business all our lives. So come and see and get our prices. We will appreciate your trade.—T. A. Spears, 50p

#### Mr. Ferrin Writes from Kansas

McPherson, Kas., May 11, 1922.  
Editor News and Friends.

We staid with W. E. Rector's for five days as there was lots of rain, and that has been true as far as we have come.

The finest crops seen in Oklahoma were around Frederick. After we crossed the South Canadian the wheat most of the way through the state was badly hurt by the dry weather and the green bugs. Thousands of acres will hardly pay to harvest. It rained hard all night while we were in camp at Wellington, Kansas, so we staid there two days. On May 9th, we were at a big county meet there. Most of the wheat along the Meridian Highway in Kansas is fine, but there is so much rain that people are afraid of rust. We saw two fields in head yesterday, but the principal part just in boot. Some late sown not as far along but seems free of rust.

It has rained so often that not more than half the corn has been planted. Pastures are fine and the first crop of alfalfa has mostly all been cut.

Had a hard rain last night and we staid in camp all day today.

At Wellington we camped close to a member of the American Legion who saw hard service in the world war and was twice gassed and had his cap shot full of holes and part of his hair shot off. He is out camping trying to regain his health and has some useful articles to sell to make ex-

penses. He is also a brother Mason. Many tourists are on the road, some going north, some south, and others west. Have met several young men traveling with automobiles and working when out of money. We met one family consisting of man and wife and two children who started from Virginia over a year ago and are trying to get to California. They are working their way as they go. They said their expenses had been heavy.

We are camped in a farmer's yard six miles south of McPherson. The family all went away this morning but said we were welcome to stay as long as we wish.

It has cleared and many automobiles are running. This is one of the best north and south highways, but like all dirt roads, plenty of water will make them all muddy and rough.

H. M. FERRIN.

Three or four miles out from Crowell on Thalia road was lost my pill bags containing instruments and drugs. Finder will please notify Ferguson Bros.—Dr. T. J. Worrell. tf

For Sale—My Dodge roadster. Has new tires and two extra tires and inners. A good second hand car that will stand lots of service.—Dr. Hines Clark

Notice—I have for sale some residence property. For information apply to owner at the Collins Wagon Yard.

### CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 55

#### Find the Way

The incessant war between capital and labor is one of the greatest obstructions to the prosperity of this country. It is ever present, and seems to have no end.

Every strike that occurs costs thousands of dollars. Often it runs into millions, and the whole country suffers because of a disagreement between a small proportion of the population.

Labor must be protected or it will perish at the hands of unscrupulous capitalists.

Capital must be protected or it will perish at the hands of unscrupulous labor leaders and the radical element of their following.

One can not exist without the other, and the country can not survive without both.

Under existing conditions neither side can be trusted to give the other a square deal all around. They have fought so long the Golden Rule appears to have passed from their memories.

And since the Golden Rule will not suffice, government rule should take its place.

There is a way to adjust these differences on a basis that would be fair and just to all, but we do not appear to have the man available who possesses the brains necessary to discover that way and enforce it.

Find the man who can find the way, and clothe him with power to act.

Cowden Hall, men's dormitory at Simmons College, burned Sunday morning, the loss being \$45,000. The building was partially covered by insurance. It was one of the first buildings to have been erected on the campus and is said to have been one of the best. The fire is supposed to have originated from a hot water heater.

#### CALOMEL GOOD BUT AWFUL TREACHEROUS

Next Dose May Salivate, Shock Liver or Attack Your Bones

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

#### Adelphian Club

The Adelphian Club met May 10th at the home of Mrs. L. A. Andrews. The lesson for the afternoon was on Italian Art, embracing a study of a number of the old masters and also a study of Gionami Segantini, a modern painter who has been called the "Millet of Italy." The benefits of Italian travel in the appreciation of the best in art were stressed and a concrete example was presented in a most delightful talk given by Mr. Douglas of Hamlin, State Chairman of Art. This talk was on church art in Rome and was especially interesting because the speaker had visited these examples of Italian art while in Rome several years ago. This part of the afternoon's program was a treat for all present since it made more real many of those places and people of whom the club has studied recently.

At the close of the lesson the hostess served on ice course.

Miss Emily Purcell will be hostess on May 24th at the home of Mrs. W. F. Kirkpatrick.—Reporter.

Let us show you the John Deere cultivator.—M. S. Henry & Co.

**SHERIFF'S SALE**  
THE STATE OF TEXAS,  
County of Foard.  
Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Foard County, of the 6th day of May 1922, by Marie Harris Burress, clerk of said court, for the sum of Three Hundred Twenty-five and 17/100 Dollars and costs of suit, under a judgment in favor of I. R. Denton in a certain cause in said Court, No. 1132 and styled I. R. Denton vs. E. E. Stubblefield et al. placed in my hands for service, I, L. D. Campbell as Sheriff of Foard County, Texas, did, on the 6th day of May 1922, levy on certain real estate, situated in Foard County, Texas, described as follows, to-wit: Lots numbers one (1) and eighteen (18) in block number eighty-five (85), in the town of Crowell, Texas, and levied upon as the property of E. E. Stubblefield and that on the first Tuesday in June 1922, the same being the 6th day of said month, at the Court House door of Foard County, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said E. E. Stubblefield.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Foard County News, a newspaper published in Foard County.

Witness my hand, this 15th day of May, 1922.  
L. D. CAMPBELL,  
50 Sheriff Foard County, Texas.

**Presbyterian Church Services**

Sunday School at 10 a. m. Preaching by the pastor at 11:00.

The evening service will be called in on account of the commencement sermon at the Methodist church. It is especially desired that all members of the church be present at the Sunday School. Plans for Children's Day and other matters of interest and progress are to be considered.

You are cordially invited to be present at these services.  
CHALMERS KILBOURN, Pastor.
