J. D. Parnell

## Parnell Speaks at Crowell in Interest of His Candidacy

J. D. Parnell of Wichita Falls, candidate for senator of the 23rd senatorial district, was here Tuesday, accompanied by L. K. Johnson, Dick Coffey, R. W. Walker and Arthur Vernon of Vernon, Texas, in the interest of Mr. Parnell's candidacy.

The candidate made a talk on the streets to a small congregation setting forth the reasons for which he stands and asking the support of the voters in the run-off Saturday.

Mr. Parnell corrected some rumors that have been going the rounds relative to his relation to the Ku Klux Klan. He had been charged with having sold out to the Klan, but he denies any such report. Mr. Parnell stated that not only was he not a Klansman and had never been one but that he had been against the order ever since it started and had used his influence and had made speeches against it. He said he had not been abusive but had used reason and had done all he could within reason against the order. He said, however, that if during his term of office matters relating to secret organizations had to be considered by members of the legislature he would be impartial in his consideration. The Klan, Knights of Columbus and all other organizations would be given a fair deal.

Mr. Parnell's position on the schools is such as to merit the approval of all who are interested in education. He does not favor the passing of many laws but would have many of those already amended.

The news favored the election of Mr. Marshall in the primary but since Mr. Parnell has cleared matters up we think he is the proper man for the people of Foard County to support. He is progressive and has already done much for us in that he has been a booster for the Lee Highway through our county and is still interested in the further building of good roads. It might be said that Mr. Parnell is one of the pioneer road boosters of this country. Perhaps not a single individual has done more than he to create sentiment for improved highways and we feel sure that his influence will continue to go in that direction if he is elected.

## Fish Plentiful on the San Saba, Say Crowell Fishermen

Five men constituted a party from Crowell who went down on the San Saba last week and spent a few days fishing. These men are C. T. Schlaad, L. G. Andrews, R. B. Bell, Claude A. Adams, R. J. Roberts.

They found plenty of fish and had a fine outing. There was other game, such as squirrels and wild turkeys, but they did not bother these because the hunting season is not on yet.

According to their report as to crops ours compare favorably with the best they saw on the way. They have had rain, however, in Knox County and a few other places that make the crops look pretty well. In other places they are badly burned.

Roads, they say, are being improved and there are very few places now where they are bad.

## Large Crowd from Crowell Take Outing on San Saba River

T. P. Reeder and family, Claude Barry and family, Claude McLaughlin and wife, W. A. Matthews and wife, Misses Verna Henson and Glenn Bryan and Roland Moseley made a trip to the San Saba River last week. They all returned home Sunday except Mr. Reeder and family, who made a trip to the Plains and New Mexico, returning Wednesday night. The company had a great time and a fine trip.

## Pouring of Concrete Commenced Monday

Street paving is now in actual progress. Pouring of concrete commenced Monday and has been going forward without interruption all week. The entire street south of the court house and a portion of Main street is now ready for the finishing touch of Amiesite.

It seems that at the rate of progress the entire job ought to be finished within a month or six weeks.

## NEW EXHIBITION HALL FOR FAIR BEING ERECTED

Work on the new exhibition hall at the fair grounds was begun this morning. The new building is to be 28x60 feet with twelve 10-foot booths for exhibition purposes. The fair park is being enlarged and plans are being made to take care of the attendance as comfortably as possible.

The first day will be devoted to a stunt day, and the starting of the pageant, and perhaps a ball game in the afternoon. The two days following will be staged a rodeo of the famous Foard County brand. Mr. Eastley has stated that plans were going rapidly for the rodeo and that he expects to have one of the best that has been pulled off in the country. The rodeo will be the leading feature of entertainment for the two days.

Another feature of the fair will be that of an automobile show. The local dealers will have their cars on display and will bring out the meritorious features of their cars in such way as to make it educative and profitable to prospective buyers.

## Will Attend County Clerks' Convention at Mineral Wells

Mrs. Grace Norris expects to leave Monday of next week, accompanied by her son, Mabry, and her sister, Miss Winnie Rucker, to attend the 32nd annual convention of the County Clerks of Texas, which convenes Tuesday at Mineral Wells. The convention will include Tuesday and Wednesday, August 26 and 27.

Mrs. Norris will note all matters of interest to the public and will likely use space in the News after her return to give these to the public. This is a great day for the conveying of useful information through the public press and that is as it should be. All people should know all they can about everything that touches their interests in any way. She may have some things of interest to say when she returns.

## Two Sows Bring Twenty-Eight Pigs

P. E. Todd reports that a Duroc sow of his brought 17 pigs one night last week and a Poland China brought 11 pigs the same night. It will not require many months at that rate for Mr. Todd to be in the hog business on a large scale, provided he has enough sows.

Mr. Todd has a very fine breed of Poland Chinas, we know. They are thoroughbreds and compare favorably with the finest type in the country. For the last year or two, however, Mr. Todd has not pushed his hogs because of the low prices. This is also the case with all the swine breeders in the county. Hogs are going to take a rise some of these days and then Mr. Todd will find his prolific sows real money makers.

## Sixteen Cars of Livestock Go to Kansas City Market

Sixteen cars of cattle were shipped from Crowell Saturday to the Kansas City market, persons making the shipments are: Johnson & Olds, 3 cars; Hamr Carter, 3 cars; Bell & Johnson, 3 cars; J. W. Bell, 2 cars; Sam Rusey, 2 cars; T. M. Beverly, 1 car of cattle and 2 cars of sheep, making 16 cars of livestock.

Ford Haisell will ship 8 cars of cattle Saturday to Henrietta, Texas, to be put on grass.

J. W. Fowler returned last Friday from a trip to Tyler and other points in that vicinity. He was accompanied by his brother, Malvin Fowler, of Grand Saline. Mr. Fowler reports that crops in that country and all along the route as very poor. He says people there are anxious to come to West Texas.

Mr. and Mrs. H. E. Black and daughter, Miss Florence, and sons, Henry and Lee, returned last Sunday from a visit with relatives at Mart and other points in that vicinity. Crops are fair in that country but the best cotton seen on the trip was in Knox, Wilbarger and Foard Counties.

Mr. and Mrs. Paul Bishop arrived last Friday from Odem, Texas, and will be here for some time visiting relatives. Mr. Bishop owns some land on the coast and is well pleased with that country.

W. A. Young is here from Houston visiting his parents, Mr. and Mrs. H. Young, of the Vivian community. Will has been employed for a number of years in the mailing division of the Houston postoffice.

C. A. Bennett, wife and five children of Ralls visited Mr. Bennett's father, A. H. Bennett, of Crowell several hours Friday of last week. They were en route to Florida.

## The West Is Rich With Opportunities for the Homeseeker

We promised to give a little account of our trip to West Texas and New Mexico recently that it might convey some idea to those who may be interested in the West and who have not been out there.

The first day we reached Amarillo and spent the night there. The second day we arrived at our destination, Amistad, N. M. The distance from Crowell is a little more than 300 miles.

Primarily the trip was one of a visit and an outing, but our eyes were not closed to existing conditions and our impression of the Amistad country is that it offers some splendid opportunities to the homeseeker. Land is good and within the reach of the man of ordinary means. It lies well and will produce any crop raised in the north temperate zone. The main crops are corn, maize, kaffir, beans, millet. Some wheat is being grown but on a small scale. We were told that it was threshing from 7 to 20 bushels to the acre. It is thought that thousands of acres will some day be devoted to wheat. All kinds of garden truck grows but sometimes needs water, but everybody has a well and windmill with plenty of water to irrigate a garden. We saw as fine garden stuff as ever grew from the ground, but it had been given good attention. That only shows possibilities. One can have a good garden in that country or he may have a poor one, just as he gives it his attention.

Stock raising is almost a thing of the past in Union County, N. M. There are a few ranches stocked with whitefaces, but most stockmen have disposed of their cattle and replaced them with dairy cows. Amistad is a wide place in the road with one store, a blacksmith shop, a hotel, a cream station and filling station but it ships on an average, we are informed, about \$3,000 worth of cream a month. This is a steady revenue the year round and is growing. It seems to be the most dependable source of revenue. Through the summer the cows need little feed and their product is all practically clear. Any one can take care of a dozen cows and realize a profit of around \$100 per month from them if they are good cows. In the winter cream brings nearly twice as much as in the summer and the dairyman is therefore recompensed for having to feed through that season. But he can make his feed at home.

The country is settled by people from Texas, Oklahoma, and many of the northern and middle western states. They are thrifty, energetic, hospitable, educated and have high ideals. They have good consolidated schools with transportation systems. The climate in summer is all that could be desired, and so far as we learned is extremely healthful. The altitude, which is about 5,000 feet above sea level, might affect some people, but as a rule it is for the better.

Amistad is about 25 miles from the railroad but is on a standard highway which runs from Clayton to Tucuman, Ariz.

As is stated above, land is within the reach of anyone with limited means. We are not selling land and have no interests in that country but we do believe it offers good opportunities. The only reason we see why the country has not developed is because it is so far from the railroad. This will in all probability be remedied some day. We were told that a survey had been made through that country looking to the building of a road. Of course, just now, there is nothing definite about it, but as it is, one can make a good living and he ought to be able to pay for a home besides. Land ranges in price around \$10 and \$12 per acre. Thousands of acres are owned by non-residents who have proved up and are waiting for developments and increases in prices. The country only needs people to go there and improve the land and build homes.

We visited with L. F. Roberts during our stay and since he fed us well and did it without having to buy anything from the store except flour, sugar and salt, we did not feel like our family of six was a burden. A little more persuasion might have caused us to stay until the grocery bill at home got too old to pay.

We also visited the home of Mr. and Mrs. Dan Roberts at Clayton. Mr. Roberts is sheriff of that county and is now serving his second and last term. We were told that a law in New Mexico prevents one from holding an office longer than two terms. We also saw E. E. Davis, who moved from Crowell to Amistad. Mr. Davis has always been a cotton grower and since that country has not proven to be a cotton country, he is not so well pleased as he finds himself engaged in somewhat new pursuits.

The Wells and O'Neal families at Dalhart are pined with their country and are doing well.

Most of the country over which we traveled has not suffered for rain, yet it would be welcomed. The best crops between here and New Mexico are on the Plains from Florida to Canyon. They have had rain more frequently than we and their crops look well.

Mr. and Mrs. J. N. Nislar of Gainesville and their son, Oscar, of Lubbock spent Tuesday night in the home of Mr. and Mrs. T. B. Klepper. They were en route home from an extended automobile tour of the Western states, going as far as Vancouver, B. C., and traversing the Pacific coast from that place to San Diego, having been away from home for two months.

## Preacher Sounds Warning to Parents and Young People

Rev. J. H. Hamblen, pastor of the Methodist church at Clarendon, who preached at the services Sunday night closing a two-weeks revival conducted by the pastor, Rev. T. C. Willett, sounded some warnings to parents and young people that ought to be heeded.

He based his remarks upon that Scripture which says that man shall reap whatsoever he sows. He called attention to the laxity of home government and the need of restraints for the youth of the land, and that this laxity is developing a generation that will disregard the high moral standards of the past.

The speaker thinks the world is not growing better morally. He thinks the moral standard is not as high as it was 25 years ago, not even ten years ago, and he attributes this to three things—the picture shows, the automobiles and the World War. He does not say that the picture show within itself is a bad thing, the fact is, it should be and could be made a blessing to mankind, but it is the character of the pictures that are hurtful. The boys and girls get their ideals from the screen, and those ideals are not high. Many of the movie stars are moral reprobates, and therefore could not create high ideals. The vicious element is always prominent on the screen. The people who stand for high moral standards ought to make a fight for clean pictures and thus save the boys and girls from the ruinous effect of this business.

The automobile furnishes conveyance to boys and girls on joy rides in crowded seats after a fashion that is repulsive to people of high moral ideals, and the sad thing about it is that parents seem to be either unalarmed or can do nothing in the matter.

The World War contributed to this laxity, according to the speaker, when at its outbreak thousands of people in this country, in their desire to give the boys a good time before they left for foreign lands, opened their homes to all sorts of balls and our young people began to engage in revelries and it was not long until there was little restraint on morals. We have not extricated ourselves from the mire into which we plunged and we are now beginning to reap the fruit we sowed at that time.

The preacher appealed to parents to awake to a sense of their responsibility and stem the tide of present tendencies and save the youth for useful lives and for the responsibilities that must come to them.

The sermon was a very timely one and was heard by a large congregation. When the congregation was asked how it regarded the statements of Rev. Hamblen it stood as a body expressing approval.

## Tourists Happen to Auto Accident Near Foard City

On Wednesday of last week Mr. and Mrs. E. C. Smith of Wellington happened to a rather serious accident when the car in which they were riding turned over near Foard City, causing Mr. Smith to sustain a fractured and badly lacerated wrist and Mrs. Smith a fractured arm.

Something went wrong with the steering gear which caused the car to quit the road.

The two rather aged people were on their way to visit relatives south of here when the accident occurred.

They were brought to Crowell and their wounds dressed by Dr. Hines Clark. As soon as they were able to travel they were carried home and are now recovering nicely.

## CICERO BEATY DIED WEDNESDAY NIGHT AT MARGARET

Cicero Beaty, for many years a resident of this county, died Wednesday night at the home of his brother, J. H. Beaty, in Margaret. Mr. Beaty had been in poor health for several years and his death was not unexpected. The remains were buried at Margaret yesterday afternoon. We will have a full account of Mr. Beaty's death in our next issue, being unable to secure data at this time.

Mrs. Arthur McMillan of the Self Dry Goods Co. is away on her vacation. She left Tuesday morning for a visit with relatives in Ft. Worth. She was accompanied by her brother, Melvin Moore, who went for the purpose of having his tonsils removed. Mrs. Vestal Ayers is taking Mrs. McMillan's place at the dry goods store.

W. L. Callaway of Collin County has been here visiting his brothers, Claude and Tom. His sons, Harold, Leon and W. L. Jr., accompanied him. Mr. Callaway is very favorably impressed with this country.

Bob Bell and family are here from Valentine, having come up last week. Mr. Bell says they have been a little dry in that country for the past few months and that grass is not so good as it has been.

S. E. Tate and family left Monday with his brother, Tom, who has been visiting here, for a visit with the latter at his home at Enid, Okla.

## FOARD COUNTY FAIR WILL BE SEPT. 9, 10, 11

Had you realized that Foard County's fair will soon be here? The purpose of these lines is mainly to get you to fix the dates in mind. You know it is hard to do some times. Stop right now and do that and it will help things along. The dates are September 9, 10, 11. The days of the week are Tuesday, Wednesday and Thursday, only a little more than two weeks from now.

Have you the dates in mind now! All right, now don't forget them. Tell everybody about the County Fair and say that we are going to have one of the biggest affairs ever pulled off in this county. It's no use to say that we cannot do it. We have everything in our favor and we believe the people of Foard County are going to take pride in a county fair this year and put one on that will be a credit to this county.

Let everybody do his part and see that we have a fair that will reflect credit on Foard County. We ought to be sure to send an exhibit to the State Fair at Dallas this fall and help put this county on the map. Foard County is not well enough known. We have a great country but not enough people know it. It would mean a great deal to us to show the world what we can raise. A good county fair is the beginning.

## Young Couple Married First of the Month

It is not always an easy matter to get all the news items that happen and not infrequently one gets by and becomes old news before we get it. We do not feel that we are altogether to blame for this because circumstances often are such as make it impossible to get items. The marriage of Mr. James Moody and Miss Marie Bell on August 6th, is a news item we failed to get when it should have been published and did not learn the news of the marriage until the last of the week.

The young couple, after license were procured at Seymour, were married by the pastor of the Christian church of that city. They returned last week to the Haisell ranch where Mr. Moody is foreman and it is presumed that they will make that their home.

The bride is the daughter of Mr. and Mrs. John Bell of Crowell and was educated in the Crowell schools and at Simmons College in Abilene. The groom is an industrious young man who has been on a ranch a good portion of his life. Both these young people are well liked and their friends wish for them much happiness in their new relations.

## Crowell Teacher Barely Escapes Mexican Bandits

The account of a narrow escape American school teachers experienced in Old Mexico at the hands of bandits was taken from the Anglo American News of a Mexico City paper, Miss Ethel Ross, teacher in the Crowell school was a member of the party.

The members of the Patison party of American teachers who are taking work at the summer session of the National University are congratulating themselves upon their narrow escape from an encounter with the score or more of bandits who killed four Mexicans on the Cuernavaca road Saturday night. The story follows:

The entire party, fifty-seven in number and occupying fourteen touring cars, left for Cuernavaca at 5:00 Saturday morning. Arriving about 9:00, they spent several hours visiting the attractions of the historical city. As all did not wish to leave at the same hour in the afternoon, the cars began leaving at irregular intervals, the first one starting the homeward trip at 4:00. The second car, bearing Dr. Chas. Purvear, Dean of A. & M. College, Texas, Miss Lilia Garms, Aurora, Ill., Miss Ethel Ross, Crowell, Texas, and Mrs. Aileen Hammond, Redondo Beach, Cal., had passed Huitchilac, and the crime occurred near this village shortly before the third car passed through. The passengers of the third car overtook the camion as it was bearing the four dead bodies back to Mexico City. In this car were Misses Anita Patterson of Montgomery, Ala., Mary Rountree of Beaumont, Texas, and Lucile Davis of Dallas, Texas. They saw the body of one of the victims, with legs dangling from the rear of the camion, but believed it to be that of an intoxicated person. It was not until they were halted by the passengers of the Buick who had rushed out to aid the surviving members of the camion, that they learned of the tragedy.

Another of the cars bearing the patison party met two men in the vicinity of the scene of the crime shortly after the four Mexicans met their death. The driver was ordered to stop the car, but instead of complying with the request he increased the speed.

Neither Mr. Patison, who was in the last car, which arrived at Mexico City near midnight, nor any member of the party except those of the third car, knew anything of their narrow escape until they read the account of the crime in the Universal yesterday morning.

Mrs. Miriam A. Ferguson of Tangle, Texas, is opposing Felix Robertson of Dallas, self-confessed Klan candidate, for the governorship in Texas. She is a member of the Episcopal church, mother of two splendid daughters and a woman of rare common sense and executive ability. Her candidacy is endorsed and actively supported by every one of the seven other candidates for governor eliminated in the first primary.

## Two Weeks Revival at Methodist Church Closes Sunday Night

After a two weeks revival campaign at the Methodist church services were brought to a close Sunday night.

The pastor, Rev. T. C. Willett, did the preaching throughout except at the Sunday morning and Sunday evening services, when Rev. J. H. Hamblen preached. The visible results of the campaign are the addition of seven to the church membership, six by profession and one by certificate, and a general revival of religious zeal among the membership.

Near the close of the revival a campaign was put on to lift the church debt amounting to \$22,000, and \$19,000 of that debt was put in good shape, most of it being in interest bearing notes. Rev. J. H. Hamblen responded to the invitation to assist the pastor in this campaign and they worked tirelessly for the last half of the week to get this matter straightened out. It is now in fine condition and should be regarded as no small achievement on the part of Rev. Willett and his faithful and loyal members.

Those who attended the revival services regularly were given a series of sermons that dealt with the great fundamentals of the Christian religion and have not only been benefited already but will reap fruits of blessings.

At the closing services Sunday night Rev. Willett asked for an expression of the appreciation in the form of a cash contribution for J. A. Wright's services as leader of the choir, and many came forward and dropped in the basket either a coin or a check for Mr. Wright. This was indeed a freewill offering and was very much deserved, for Mr. Wright had been on the job from the beginning until the last of the services.

All together, the revival and the financial campaign were a success.

## Thalia Farmer Finds Peaches Good Paying Crop

When the cold days last spring were causing some alarm about the peach crop J. R. Coffman of Thalia was not worried in the least. The cold weather came on the light of the moon and leaves were seen on the leaves and blooms of the trees. Mr. Coffman noted at that time some humorous remarks made by the News about the moon and the peaches and he told us then to just wait and see what happened. He is now bringing peaches to town, as fine ones as you will see. He has realized as much as 9 bushels from a single tree, which brought at the orchard \$1.50 per bushel, or \$6.00 per tree. He thinks that is pretty good money.

Mr. Coffman keeps his orchard replenished with new trees every spring. Last spring he set out 150 young trees and will set out 150 this spring. This will be repeated from year to year and as the old trees die the new ones will come into bearing.

Penn O. Dickson and John Ox Fulgim of the Deatur Baptist College were here this week in the interest of that institution both of whom will be instructors for the coming year. These young men are former athletic stars of Baylor University.

Charley Gafford and family returned Tuesday from a visit with his parents, Mr. and Mrs. T. M. Gafford, at Sulphur Springs. Mr. Gafford reports his father in very poor health. He says they have practically no crops in that country.

Eugene Womack returned to his home in Dallas Monday after a visit of a few days with relatives. His sister, Mrs. C. M. McKown, and children accompanied him from Vernon here and returned with him to Vernon Monday.

# Specials in Furniture

We are making some special prices in Furniture for Friday and Saturday. If you are looking for anything in this line it will pay you to investigate these prices and goods. Everything is staple and is being offered at bargain prices.

The refrigerators here priced are being moved because the season is passing, but we are making such reductions on them that you can afford to buy for the service they will give you for many years to come.

The living room suits here quoted are in season any and all times. They are real bargains. We want you to note the big reductions we are making on them and come in and let us sell you your needs in this line. We know you can't beat these prices anywhere.

As to the rugs, we wish to call your attention to the fact that rugs are rising in prices, but we are offering them Friday and Saturday at the regular prices but they are going higher. We can't guarantee these prices longer than today and tomorrow. You will find some real bargains in these rugs.

Note the following cash prices:

### LIVING ROOM SUITS

## Double-Barreled Service

WHEN you buy IHC machines, you also buy the Service that goes with them—the co-operation that exists between us and the International Harvester Company, and which we intend to continue with you. We expect to hold your confidence in the IHC line by furnishing the best implements, machines and farm operating equipment on the market.

We render to you a double-barreled Service in not only supplying you with first-class goods, but in seeing that these goods are kept in perfect running order long after the original sale is forgotten.

Our moral obligation does not stop with the original sale, but you can hardly expect us to assume any responsibility for the successful operation of IHC machines if you buy imitation repairs of inferior quality instead of buying genuine IHC Repairs.

We sell only genuine IHC Repairs made by the Harvester Company, and which are made of the same materials as used for the original machines. No imitation equals the genuine. Play safe!

## Crews-Long Hardware Company

The emergencies for which we are prepared never seem to turn up.

**THE FOARD COUNTY NEWS**

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, August 22, 1924

**GO TO THE POLLS SATURDAY**

The question has been asked, "When is one freed from the obligation he takes in the first primary to support the nominees of the primary?"

We believe he is not out from under that obligation until after the final election. A man goes into the primary and votes for his man but the fight is not over until after the election. If there is a second primary he is in the middle of the fight at that time and it would be cowardly to run when the bullets are flying thickest.

So if you fail to be on hand next Saturday to cast your vote in the second primary you may be subject to severe criticism, to say the least of it. Saturday is going to witness the hardest fight yet in the state campaign. It may be true that neither of the candidates for Governor is just what you would like to have, but there is no way to avoid that situation now and the thing to do is to shut your eyes and take the medicine and call it good.

The News would like to see Mrs. Ferguson nominated in the run-off Saturday, not because Mrs. Ferguson is all that a person ought to be to fill the Governor's chair, but because we believe that her election will be less hurtful to the interests of the people of Texas than will be the election of a klansman. We have never had any objections to the existence of a klan as a secret organization, but we do think it is dangerous for a secret organization to enter politics as the klan has done. If it wants to have its secret meetings in the river bottoms at midnight and stop at that, who cares? But when it comes forth from these night sessions to tell the public what must be done, we think it is time for the good people of Texas to rise up and tell that organization what is going to be done.

As far as Mrs. Ferguson is concerned, we have nothing to fear from her administration. She is a Christian character of high ideals. She is a prohibitionist and a friend to public education. She says she will be governor and not Jim. We believe she will and that if she calls Jim to assist her that Jim will do pretty much as Miriam says. Some are saying that Texas is too old for a governess, but we think not since thousands of her people have within the last few years thought it wise to wrap themselves in bed sheets for swaddling clothes.

Say what you will, the outstanding issue is the klan. There is no way to avoid it. That organization has injected itself into politics and consequently has forced the issue. Prohibition is not the issue. Mrs. Ferguson is a pro. The klan candidate claims to be. Therefore prohibition can not be the issue.

We would not, if we could, take from anyone the right to vote for whomsoever he wishes. It is a privilege the Constitution guarantees to every voter. We claim the same privilege and right. As between Judge Robertson and Mrs. Ferguson our choice goes to the latter. This choice is made for the reason that we think the klan ought to be defeated in Texas. According to our way of thinking it is the most dangerous thing that has ever been injected into politics. The utterances of every great man expressing an opinion on the activities of secret orders is that when they become a political party they are dangerous to free government. Many of the supporters of the klan claim that they are fighting Catholicism. If we grant for the sake of argument that it is commendable to fight Catholicism by their methods, then they are making a miserable failure. They have divided Protestantism and therefore are aiding Catholicism. The klan has caused more division among our own people than has ever been caused since the time of the founding of this Republic. We are opposed to a secret order that will array life-long friends against each other and tear and wound communities as the klan is doing. Let the order exist if it can, but let it stay out of politics. This is the great issue before the people of Texas today and there is no way of getting out of it. Again, we favor Mrs. Ferguson because she is a staunch prohibitionist. This is not the issue. Both candidates are for prohibition. We believe the cause of prohibition will not suffer under Mrs. Ferguson's administration. She favors measures that will build up the public school system, as well as the State University; she pledges herself to a program of economy in government and we believe she will have the support and assistance of the best men of the State in her efforts to give us a good administration.

- For Representative, 114th District: E. L. COVEY, (Re-election)

**PASTOR STATES POSITION ON PRESENT GOVERNOR'S RACE**

Because of a statement I made in a sermon last week some seem to have gotten the idea that I am supporting Jim Ferguson for nomination for Governor. Nothing could be further from the facts.

I cannot give my support to a man who has gone up and down this state for a number of years cursing the Christian ministry and the Christian church.

I cannot give my support to a man who gave aid and comfort to the enemy when my country was at war.

I cannot give my support to a man who has done his best to keep the liquor forces in power in this state.

I can not support the man who sold the honor of my state and brought disgrace and shame to it.

I cannot support the man who tried to wreck the highest educational institution in this state.

I cannot support the man who has cursed the good women of this state for years.

I cannot support the man who has tried to wreck my party and has called me and all other good Democrats jackasses and mugwumps.

If my prejudices were such that I couldn't give my support to a K. K. K I certainly would not give it to a man with the above record. My guess is that a 100,000 God-fearing, liberty loving patriots will be standing squarely between him and the State House next Saturday.

T. C. WILLETT,  
Pastor Methodist Church.

**Vernon District League Institute Being Held Here**

About 50 leaguers are here from surrounding towns this week attending the Vernon District League Institute.

Rev. Charles J. Marts of Vernon is District League Secretary.

The institute will be of benefit to all members of the League, provided they make use of the opportunity to improve in their work and both intermediates and seniors are expected to attend.

Following is the program for the two days:

- Thursday, P. M.
- 5:00—Registration and assignment to homes.
- 6:00—Picnic.
- 8:00—Devotional—Rev. T. M. Johnson.
- 8:15—Welcome address—Crowell League.
- Response—District Secretary
- 8:30—Address—"The League an Evangelist Force."—Rev. S. L. Culwell.
- 9:15—Announcements, appointment to homes, etc.
- Friday, A. M.
- 8:00—Devotional—Rev. Grady W. Anderson.
- 8:15—The Standard of Efficiency. 1. What and why?—A. G. Waugh, Conference Pres. 2. The why and how of the policy.—Joe Reidenbach, conference field secretary. 3. The budget at work.—Rev. Orion W. Carter.
- 9:15—Pep Meeting.
- 9:45—The Council meeting and its importance—Ruth Carney.
- 10:00—The Council meeting demonstrated.
- 10:30—Recess.
- 11:00—Sermon—"The Importance of Evangelizing."—Rev. O. P. Clark, presiding elder.
- 12:00—Noon.
- Friday, P. M.
- 1:30—Devotional—Rev. R. F. Russell.
- 1:45—Department studies. First department led by Rev. S. L. Culwell. Second department led by Rev. E. L. Yates. Third department led by Joe Reidenbach. Fourth department led by Rev. T. C. Willett.

### BAPTISTS REPORT ON MONEY DISTRIBUTED

DETAILED STATEMENT AS TO WHERE 75 MILLION CAMPAIGN COLLECTIONS HAVE GONE IS ISSUED

#### USE DISTRICT ASSOCIATIONS

Agency Nearest Local Churches Will Be Employed in Bringing About Fuller Development in Future Program

DR. C. E. BURTS  
General Director, 1925 Program,  
Southern Baptists

Indicating the objects to which the money collected on the Baptist 75 Million Campaign goes, the head quarters of that movement in Nashville has issued the following statement of the distribution of the \$55,377,084.43, representing the revised figures on the sum collected on that movement up to May 1, 1924: Foreign missions \$9,895,820.30; home missions \$5,757,820.00; state and associational missions \$9,692,769.27; Christian education \$14,549,053.51; hospitals \$2,472,824.41; orphanages \$4,464,955.87; ministerial relief \$1,570,556.94; expenses and fixed charges not otherwise absorbed \$2,091,608.56; special credits and miscellaneous items \$1,590,990.47; purchase and operation of state denominational papers \$62,200.28; foreign relief \$87,602.16; undistributed balance \$152,330.77; Home Mission Board special \$15,340; Foreign Mission Board special \$56,103; raised by churches on foreign fields and expended by them in work there \$1,008,390.58.

#### All Work Goes Forward

Every department of the general missionary, educational and benevolent work fostered by Southern Baptists has been greatly enlarged and strengthened by the campaign. It is reported, while a suggestion of the development that has come in the activities and liberality of the local churches as a result of this forward movement is furnished in the following statement of progress along general lines, furnished by the head quarters office.

Comparing the growth of the denomination during the five years preceding the campaign with the five years since that program was projected it is shown that during the last five years the following advances were recorded over the previous corresponding period: 1562 more new churches organized, a gain of 329 per cent; 241,966 more new members gained, an advance of 66 per cent; 209,902 more baptisms administered, a gain of 27 per cent; 1,603 more new Sunday schools organized, a gain of 118 per cent; 354,727 more new Sunday school pupils enrolled, a gain of 112 per cent; \$35,086,979.83 more reported in gifts to missions and benevolences, a gain of 187 per cent; \$51,153,872.88 more noted in gifts to local church purposes, a gain of 95 per cent; \$84,417,351.55 more reported in gifts to all causes, a gain of 117 per cent; and \$57,147,004 advance shown in the value of local church property, a gain of 81 per cent.

#### Complete Collections Now

In the hope of completing the collection of all Campaign subscriptions by the close of this year and securing cash offerings from those Baptists who did not subscribe to the five-year program an intensive effort during the remainder of the summer and fall will be waged throughout the South under the general leadership of Dr. L. R. Scarborough, general director, with the co-operation of the various state mission offices and the officers and workers in the nearly 1,000 district associations. It is planned that the interests of the denomination shall be adequately set forth at all of these associations in their annual meetings in the hope that the delegates to the associations will in turn carry the message back to their local churches and secure the co-operation of these churches in fully completing the Campaign program so as to clear the way for the next forward program, beginning January 1, 1925.

Dr. C. E. Burts, former general secretary of the Baptist work in South Carolina, has assumed his duties as general director of the 1925 program and announced that he believes the program for next year can be most successfully launched by the satisfactory completion of the 75 Million Campaign during the remaining months of 1924. While making his plans for the projection of the new program he is cooperating fully with Dr. Scarborough in the completion of the old one.

The finest ambition anyone can have is the ambition to grow.

### STAR PARASITE REMOVER

Given Chickens in drinking water will rid them of Lice, Mites, Fleas, Thiggers, Blue Bugs and all other blood-sucking parasites, and save many young chickens that these pests kill. Also is a good tonic and blood purifier. Keeps fowls healthy and increases egg production. Money refunded.

THE GREATEST STEEPLECHASE EVER SHOWN IN PICTURES.

—The gasps of an earthquake.

—The yells of a mirthquake.

—The fastest, funniest thing that ever hit town.

An incomparable Cast of stars.

ADMISSION 20c and 40c

Crowell Theatre

Honoring Mr. and Mrs. Pinkerton  
Last Wednesday night on the lawn at Mrs. George Allison's a few relatives and friends spread a table that fairly groaned under the good things to eat. The occasion was in honor of Mr. and Mrs. Willis Pinkerton of Charley, Texas, who had stopped over from a trip to the Plains to visit in the homes of J. W. and George Allison.

Those who enjoyed the spread were: J. W. Allison and wife, B. W. Self and family, T. N. Bell and family, R. E. Edwards and wife, Garland Burns and family, Rev. Billington and family, Mrs. N. A. Crowell and George Allison and family.

There was everything good to eat from chicken, roast and boiled ham, to cream and cake and every one did his part in making it disappear.

It is good to meet old friends and enjoy a social hour in this way and we are anxious for such another occasion soon.

Mrs. Pinkerton will be remembered as Mrs. Ben Allison who for a number of years lived in Crowell.—A Guest.

#### T. E. L. Class

The T. E. L. Class of the Baptist Sunday School, meeting with Mrs. L. D. Campbell and Mrs. Mary Moore at the home of Mrs. Campbell, made plans for a booth to be opened at the county fair in September. The meeting was opened by a song and prayer and the members went into a business session. Devotional was led by Mrs. Garland Burns who read Psalm 136.

The business meeting was followed by a social hour. Mrs. J. R. Self joined the class and refreshments were served to 11.—Reporter.

What has become of the old fashioned man who used to say that the business rooms would all be vacant when the saloons were driven out?

Order from Washington says all dances by Indians must be respectable. White folks may go ahead dancing as they please.

For every hill you coast down, there is one to climb.

Not all bathers swim, but the colors in the bathing suits this season are beautiful.

Play is something that is harder than work, for which you do not get paid.

Clean humor is said to be healthful, but "barlor" stories do not always come in this class.

There's never any malnutrition when mother has the pantry shelves well filled.

A good man can force himself ahead almost anywhere except in a traffic jam.

Crossing the ocean in the old days was regarded as a thrill, but now it's more exciting to stay at home and cross the street.

#### THE STATE OF TEXAS,

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby Committed to summon Robert Reis and the unknown heirs of Robert Reis, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 46th Judicial District, to appear at the next regular term of the District Court of Foard County, to be held at the Court House thereof, in Crowell, on the fourth Monday in September, A. D. 1924, the same being the 22nd day of September, A. D. 1924, then and there to answer a petition filed in said court on the 14th day of August, A. D. 1924, in a suit, numbered on the docket of said court No. 1204, wherein M. M. Hankins is plaintiff, and Robert Reis and the unknown heirs of Robert Reis are defendants, and said petition alleging statutory suit in trespass to try title and that plaintiff has full title to the hereinafter described tract of land by virtue of the five and ten years statutes of limitation, alleging actual possession and such facts as constitute limitation under said pleas; that the defendants claims are not known but are inferior to plaintiff's claim and title.

Plaintiff prays for judgment, for title and possession and for removal of all cloud from his title to all of Section No. 19, by virtue of Certificate No. 120, issued to the Texas Central Railroad Company, patented to W. G. Eustis, assignee, on April 24, 1882, by Pat. No. 205, Vol. 63, containing 640 acres of land, and situated in Foard County, Texas.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Crowell, Texas, this, the 14th day of August, A. D. 1924.

### WORKERS

Critics of men in the public eye may condemn them unmercifully, but they generally come around to the same terminal every time—that the men in question are great workers. The history of the lives of all outstanding men reveals their devotion to work. They become masters of their job first by work and then become masters of men. When you think of oil, you think of Rockefeller. When you think of the telephone, you immediately think of Bell. When you think of the automobile, you immediately think of Ford, and when you think of electricity, the name of Edison comes to your lips. The electrical wizard is the greatest living exponent of work. It is said of him that he once instructed his secretary to notify a man seeking an appointment, that he should come at twelve o'clock. It was twenty minutes to twelve when the telephone message was received. The man asking an audience replied that he could not reach Edison's office by noon and the secretary informed him that the appointment was for midnight. Mr. Edison's caller found him listening to some music on the piano. At five minutes before twelve he dismissed the pianist and sat down to lunch with his caller to transact the business at hand. It is said that Edison has gone two or three days at a time without changing his clothes or going home, even though his home is but a short distance from his laboratory. This prodigious industry is rare in men, but even in a lesser degree, it is a very important part of achieving results. No man can master his own business or profession without work. It is only by work that he can study his business and become skilled in it, and not until he is a student and is skilled can he become a master of himself and his undertaking in life. Leaders of men are always workers else they would not be leaders.

At the Christian Science Chapel Sunday services 11 a. m. Testimonial meetings Wednesday at 8:15 p. m. Subject for Sunday, August 24, "Mind."

The public is cordially invited to attend.

It's a wise speaker who knows what the master of ceremonies means when he says a short address.

The shrewd man steps into the path a little ahead of progress and waits for it to catch up with him.

People who think they are sick greatly outnumber those who really are.

Life consists of a lot of things we don't know and a few things we do know.

Repenting after you are found out does not do you much credit.

Congress didn't like Mellon's food, but it may have to take a dose vet.

### MAKING DIVORCE EASY

Judge T. O. Hatchcock of the Municipal court of Atlanta, Ga., believes that to make divorce easy, marriage should be made more difficult. This is a paradox that is difficult to comprehend. In making marriage regulations more strict, the aim is to overcome the divorce evil. The judge's conclusion is that if hasty marriages were prevented by uniform laws, divorce would be simple because those seeking legal separation would have good reasons and the cases would be materially reduced. "Divorce is a splendid thing," says the judge, "when two people find they can not live together."

There may be cases where divorce is a "splendid thing" but they are few and far between. The meaning of those fateful words "for better or for worse" will have to be understood by the candidates for matrimony before a beginning will be made in the direction of solving the divorce evil. Laws are not so much the solution as education. It is clearly the province of the parents to prepare their children for marriage. Only when they understand what marriage means, will young men and women be prepared for wedded life.

### The Best Is the Cheapest

**ELLIS & LANIER SELLS GROCERY TO M. V. POOLE**

A deal has been made whereby M. V. Poole of Quanah has become owner of the grocery store formerly operated by Ellis & Lanier. Mr. Poole for the past 18 months has been living on the Bomar ranch, being one of the owners of the ranch. He will take charge of the grocery business Saturday

morning and we are glad to welcome him as a new citizen of our town.

Henpecked husbands should worry. The trailer has no power, but it gets there providing the connection doesn't break.

Once upon a time there was a motion picture film which did not announce everybody from the director general to the office boy.

**Letter From the Sea**

A letter which had been tossed about in the Atlantic for three weeks was recently received by a Plymouth resident. His son, an engineer on a steamer bound for Vancouver, placed the letter in a sealed tin with a flag attached, and dropped it overboard. Three weeks later the tin was washed ashore on the Azores islands, where it was found by fishermen, who forwarded the letter to "Post," London. The letter:

Mr. and Mrs. P. O. Newton and son, Kenneth, of Dallas passed through Crowell Thursday of last week en route to New Mexico and El Paso. They visited for a short time while in the city with their cousin, Mrs. T. B. Klepper.

Mr. and Mrs. J. A. Shawver and daughter, Miss Caroline, and son, John Bob, are here from Clarendon. The Shawver family are en route to Dallas where they will make their home in order to get the benefits of S. M. U.

Paul Zeibig and wife and J. L. Sollis and family visited in Grayson County last week, returning Monday. They report that Foard County's crops compare favorably with any they saw and are better than those in Grayson.

Mr. and Mrs. Willis Pinkerton and son, Frank, of Charley were here last week a few days visiting relatives and friends. They were enroute home from an overland trip to the Plains country. Mr. Pinkerton subscribed for the News while here. Mrs. Pinkerton was formerly Mrs. Ben Allison.

Mr. and Mrs. S. H. Allen and Mrs. Art Greenhouse of Rayland were visiting Mr. and Mrs. L. V. Robertson Wednesday. Mrs. Robertson is a daughter of Mr. and Mrs. Allen.

Mrs. L. G. Andrews and daughter, Miss Maye, spent last week in the home of Mr. and Mrs. W. L. Campbell at McLean. They say crops and garden truck are fine in that country.

I have two kinds of steam pressure cookers, any size. 8 quart \$14.50. See samples at Crews-Long Hardware. —Mrs. Jim Cates, phone 229 LSL 12p

CROWELL, TEXAS

**Vote for John C. Marshall of Quanah, Hardeman County, Texas, for State Senator**

We, the friends of John C. Marshall, are very grateful to the people of this district for the support given him in the recent primary, and we ask for him a continuance of that support in the August election.

We feel that there are several good reasons why John C. Marshall should be elected State Senator from this district, and the first and most important reason is that he is the best qualified for the position; we have tried him in numerous responsible positions and have always found him true to convictions and to friends.

During the closing days of the recent campaign there were several rumors circulated over the district by the present opponent of John C. Marshall, one such rumor being spread principally among the oil people of this district. The report was that John C. Marshall voted and worked for a five cent tax on oil. This report is false, and was made with the full knowledge that it is false, as John C. Marshall was not a member of the 38th Legislature, and was never in favor of a five cent tax on oil. While a member of the 36th Legislature John C. Marshall did vote for the present two per cent gross production tax that we now have, and the House Journal shows that he voted for all amendments offered to lower the tax; but that when the oil men of the State agreed upon the two per cent tax he voted for it, and upon final passage of the bill as returned from the Senate, Judge Marshall's opponent voted for the same bill.

John C. Marshall is still fighting for an equal and uniform mode of taxation for State purposes; for economy and efficiency in handling State affairs; for better schools and roads; for efficient management of the State penitentiary system; for abolishing all unnecessary departments and for combining such departments as is practicable, and for doing away with three head management of any department.

We know that John C. Marshall is not a member of the Ku Klux Klan; that he has never joined or attempted to join the Klan, and never intends to join the Klan; and that he has never traded or attempted to trade with the Klan for votes in this race.

John C. Marshall does not believe that two Governments can exist in one—a visible and an invisible one—therefore, he is a staunch supporter of the visible Government, believing in the justice of a trial by jury within the court houses of our State, rather than in the river bottoms by a hooded mob. As before stated to the people of this district, John C. Marshall, if elected, will go to the Senate absolutely free from promises to any organization, free to vote and work for such measures as he thinks right and just.

John C. Marshall believes that labor should have and be given a fair and square deal in all matters and that the man who earns his living by his efforts has as much right to join an organization for the purpose of helping his cause as the lawyer, doctor, merchant or anyone else. He believes that the farmers should be given all needful legislation possible to assist them in the marketing of the products, and he will support any measure that will assist them in doing so.

John C. Marshall stands for a strict enforcement of all laws of this State. He is opposed to any additional taxation at this time, believing that our present revenues are amply sufficient for all purposes if economically and efficiently managed.

John C. Marshall's one aim is—to serve the people of this district intelligently, honestly and faithfully.

(These facts published and paid for by the friends of John C. Marshall in Hardeman County, Texas.)

J. E. THOMPSON, Manager

## Where Do You Send Your Kodak Films for Development?

Why send them away when you can get the very best of work done in your own home town. Better quality, quicker service and perhaps for less money, than you will pay elsewhere.

**QUALITY and SERVICE STUDIO**  
P. O. Box 317, Crowell, Texas

## LET'S SAVE THE SURFACE

That job of painting you have been postponing from day to day, all summer, because it was too hot, demands attention now.

When you prepare to "save the surface" by applying paint, before the fall rains, remember that we have a complete line of paints and brushes.

Floor and furniture varnishes for brightening up the interior of your home this fall in many shades, but only one quality—the BEST.
