

STATE HIGHWAY COMMISSION PLANS TO OPERATE ROADS

A letter is being sent out by the State Highway Commission to all the County Judges of Texas, notifying them that in accordance with the bill that was passed by the 38th Legislature...

"There is reason to believe that in a number of counties, the Commissioners' Courts are not expending their respective portions of the Motor Vehicle Fees in maintaining the designated state highways..."

"If, in these counties, roads are allowed to get in bad condition for lack of maintenance, the Highway Commission, as stated before, will only maintain these roads in as good condition as they may be in when taken over January 1st, 1924..."

"It is therefore hoped that the Commissioners' Courts of the different counties will make every effort to keep the designated highways not only in the best condition possible, but to improve them as far as their funds will permit in order that they can be turned over to the Highway Department in good condition..."

Henry Black and his sister, Miss Florence, left Monday for Denton where they will attend the State Normal at that place. Henry will be there this fall only, while Miss Florence will attend this fall and next summer.

IRRIGATED FARMS NEAR IOWA PARK PLANNED

Wichita Falls, Sept. 26.—Owners of land to be irrigated from the Wichita River dams have been called to meet at Iowa Park Oct. 9 to form an organization and start consideration of plans for developing the valley.

It is expected that special inducements will be offered to the first settlers if they are experienced in irrigation work.

Miss Veda Clifford left this week for Alpine to enter the Sul Ross State Normal.

Work Commenced On Crowell and Gilliland Road

Work was started on the building and repairing of the road from Crowell to Gilliland Monday morning, Curtis Ribble having the job.

Not much of the road will have to be entirely built, most of it will be repair work. Some culverts will have to be put in and portions of the road graded up with fresnoes.

Mr. Ribble, who is a practical road builder, thinks that the cost of the work will not go beyond \$300.

In the meantime the Gilliland people have their part of the work of putting the Knox County section of the road up under way and it is thought that by the last of this week or the first of next the road can be ready for use.

It had not been decided early in the week just what kind of crossing would be made over Wichita River, but it is thought that whatever is decided in this matter will not necessitate very large expense.

WOMAN TELLS OF BEING FLOGGED

Tulsa, Okla., Sept. 24.—A story of a merchant whipped with the lash on a Sunday night following his seizure by masked men as he walked home from church with his wife, was told in a record of the military commission of Tulsa County made public Saturday night through the Associated Press.

The pasture on the Jenks road between Tulsa and Broken Arrow was mentioned as the scene of many floggings.

When the military commission adjourned for dinner Saturday night, a total of 121 cases of personal violence had been heard since its investigation began here Aug. 14, following Gov. J. C. Walton's declaration of martial law throughout the county.

The testimony of a former school superintendent of Alsuma, relating the story of the Sunday night whipping of a Jenks merchant on June 4, 1922, told of the whipping ground, mentioned the gate which frequently was guarded, and described the whip which was carried in the machine known to have often led the way to the secluded spot.

"This strap," the witness said in describing the whip, "was about four inches wide, about three feet long, and has a bolt in the handle, wrapped with tape—regular car tape—with about seven or eight or ten slits about five or six inches long in the end."

Several women who have appeared before the military in the last two days told of personal experiences with floggers.

One young married woman who was accompanied to the military headquarters by her husband without summons, told of how she had been given "more than twenty lashes" by a masked band, none of whom she could name.

Worms Work on Feed

According to A. L. Cock, the worms have not confined their destructive activities to cotton alone, but have devoted some attention to late feed. Mr. Cock submits a head of maize as evidence of their work, which shows that the worms have bored into the stalks near the head, thus cutting the source of nourishment and preventing maturity.

Gone to Canyon

Miss Susie Johnson left this week for Canyon where she will enter the Normal School at that place. Miss Susie graduated at the Crowell school last spring and contemplates teaching after she has taken a course in the normal. Mr. Johnson accompanied her and on his return had the News started to her address.

J. G. Thompson of Thalia spent Wednesday in Crowell. Mr. Thompson stated to a News representative yesterday morning that he had not had a crop failure on his farm near Thalia in 36 years. Mr. Thompson's farm is divided between tight and sandy land. He says the tight land cotton is not as good this year as the sandy land which he estimates will make three-quarters of a bale to the acre.

COUNTY FAIR AND RODEO NEXT FRIDAY AND SATURDAY

You are not likely to forget it, but let us remind you that next Friday and Saturday are the days set for the Foard County Fair and Rodeo.

No, you will not forget it, because it has been pretty thoroughly advertised. The committee has been active for the last two weeks in placing circulars in the windows of almost every town in the county. Down the Orient they have gone, and Benjamin, Truscott, Knox City have been informed of the coming event.

The other end of the line has been visited and Chillicothe knows that we are going to put on a big event. Then, the committee has gone to Vernon, Quannah and Paducah with their advertising matter, so that everybody in the county knows that Crowell is going to have two big days here next Friday and Saturday.

Yes, they are coming. Crowell has already made its reputation for showing visitors the best time of their lives. No better rodeo has ever been seen at any town in the country than those we have had in the last two years. We do not anticipate a failure in the barbecue, either, and there is every reason to expect a real good county agricultural fair.

If the weather conditions permit, no doubt the club boys of the county will be here to show what they have been doing, and that feature of the fair alone will be worth coming to see.

A good bunch of prizes are being offered and every one who has interest enough to bring some of his farm products will stand a chance of winning a cash prize.

The men who are in charge of the proposition have been working hard to see that this event is everything that might be expected, and more. They have done their best and shall spare no efforts to see that everything is in tip-top shape for this big event.

You are coming, of course.

Waggoners Incorporate for \$10,000,000; Improve Wilbarger County Ranch

Vernon, Texas, Sept. 24.—Papers were filed in the County Clerk's office this week incorporating the W. T. Waggoner interests with a capital of \$10,000,000.

It involved a part of the W. T. Waggoner interest, and all of the interest of Guy Waggoner and Mrs. Electra Waggoner Bailey, with T. W. Waggoner as trustee.

About one-half of the Waggoner ranch of 525,000 acres is in Wilbarger County.

Work has already started on laying a water line that will cost \$30,000.

A great many new buildings will be erected on the ranch. Vernon will be the town headquarters.

MR. AND MRS. R. S. HOUSSELS HERE FOR SEVERAL WEEKS

Mr. and Mrs. R. S. Houssels of Long Beach, Calif., arrived Sunday for a visit of several weeks with relatives. Mr. Houssels will look after some business matters during his stay. He is a brother of Mrs. L. G. Hawkins.

Mr. Houssels reports that his mother, Mrs. Robert Houssels, who has been in ill health for the past year, is considerably improved.—Vernon Record.

At the Methodist Church

The Sunday School will render a program next Sunday morning which will take the time usually given to the morning sermon. This is our annual Sunday School Day. Let us make it a good one by every one being present. You will enjoy the program I am sure since it will be given principally by the little folks.

The Junior and Intermediate Leagues meet at 2:30 p. m.

Senior Epworth League meets at 6:30 p. m.

Prayermeeting every Wednesday evening at 7:30 p. m. We are now studying the Acts of the Apostles and finding it very interesting and helpful. We would be glad to have you come.

The pastor will preach at the evening hour next Sunday. A welcome and a message for you if you will only come.

T. C. WILLETT, Pastor.

COUPLE MARRIED NEARLY 2 MONTHS DISCLOSE THE FACT

The fact of the marriage of Mr. George Cates to Miss Mildred McLaughlin was not generally known until Sunday, September 23. Aside from the preacher, Rev. J. E. Billington, who married the young people just east of town near the railroad at 1 o'clock on August 6, only two persons are known to have been aware of the wedding, and those two persons were Mr. and Mrs. Sylvan Haney.

The explanation for the matter having been kept from the public is that George wanted to go to school this next year and wished to keep the matter of his marriage from the public until he finished his year's work in school at Clarendon. He went to Clarendon but stayed only a few days. When he returned the news of the marriage was given out.

George does not contemplate going to school but will be engaged in farming this next year, having made arrangements to put in a wheat crop of 200 acres on his father's farm southeast of Crowell. He and his wife will remain in Crowell, however, this winter.

Mr. Cates is the youngest son of Mr. and Mrs. I. M. Cates, and graduated in the Crowell schools last spring.

The bride is the daughter of Mr. and Mrs. S. P. McLaughlin, and is also a graduate of the Crowell school. Both are popular and favorably known young people in this community and have the hearty congratulations of all their friends.

DON'T FORGET FIRST MONDAY

Just because next week is going to be full of good days for Crowell, let no one think for a moment that First Monday is going to be absorbed by the Fair and Rodeo Friday and Saturday. First Monday Trades Day comes just the same, so it is understood. This is the Farmers day and is too important to be sidetracked for anything.

It is always understood that you will have at your command the services of an auctioneer, so that you can sell anything you may wish to dispose of from a mouse trap to a threshing machine.

PEASE RIVER BRIDGE TO BE FREE BRIDGE

President Moore of the Austin Bros. Bridge Co. was in town Friday for the purpose of looking over his company's business, and conferring with Commissioner Magee in regard to Pease river becoming a free bridge.

The original contract of his company with Foard and Hardeman was that after five years the two counties could purchase this bridge at a stipulated sum. Only two years have elapsed since the contract was made, and the company claims their receipts from bridge tolls have been rather disappointing. Should Pease river bridge become a free bridge it will doubtless stimulate travel to Quannah, and be another stimulus why the road leading to the river should be improved.—Quannah Tribune-Chief.

RULINGS ON STATE AUTO LAWS MADE AT AUSTIN

Austin, Texas, Sept. 26.—The statute providing that motor cars in passing each other on the highways shall slow down their speed to fifteen miles an hour is construed in an opinion by Assistant Attorney General Bruce W. Bryant to apply only to motor vehicles which are going in opposite directions, the object of the law being to inhibit vehicles when meeting each other from going at such rate of speed as to endanger the lives of the occupants of the vehicles.

In another opinion, it was held that persons operating their own cars in the business of transporting passengers or freight for hire are required to have chauffeur's licenses.

Spends Week at Vernon

Mrs. R. P. Womack returned to Vernon Sunday with Mr. and Mrs. Clarence McKown, where she planned to stay this entire week. Forest McKown, who is here from Corpus Christi, also accompanied them.

Will Raise Funds to Buy Equipment For School Grounds

A box supper is to be given at the opera house Monday night by the pupils of the Crowell school for the purpose of raising funds with which to purchase equipment for the grounds at the school building providing amusement and recreation for the pupils during the recess periods.

In view of the fact that there is now nothing of the kind on the grounds, and since this recreation is very essential to the health of both body and mind, it is very important that the school be supported by the people generally in this undertaking. It is estimated that \$200 or \$300 could be very profitably used in this way, and a hearty co-operation on the part of the public will be appreciated and be of much help to the school in this particular.

Bishop McMurry Whips M. E. Pastor

Bishop W. F. McMurry, of the Methodist Episcopal church, South, who was for several years president bishop of the Northwest Texas Methodist conference, and in honor of whom McMurry College in Abilene is named, and who was in Plainview a year or two ago and is well known here, was summoned to appear in court in St. Louis this week on a charge preferred by Rev. Chas. McGhee, a pastor of one of the churches in McMurry's district, that the bishop had struck him in the mouth and ejected him from the church office because he was taking an active part in boosting for the Ku Klux. The bishop declared "You have disgraced yourself and everyone in the church." McGhee has been making speeches in behalf of the Ku Klux.—Plainview News.

Death of Little Child

The death of little Nelda McKown, two-year-old daughter of Mr. and Mrs. Clarence McKown of Vernon, occurred last Friday evening. The child had been puny for a day or two but its condition was not regarded as serious until late Friday afternoon when a physician was called. It was then learned that it was in a serious condition.

Some weeks ago the child had a serious spell of sickness which lasted for several days, but it had been apparently improving. The cause of its death seems to have been something like acute indigestion.

The remains were brought to Crowell for interment, which took place Saturday afternoon.

J. Q. Middlebrook made a business trip to Vernon last Saturday.

The ice cream supper held at the Methodist church Saturday night was quite a success.

Fred Goodman, Alvin Hysinger and Miss Billy Hefner and Miss Holly Waldron attended the show at Crowell Saturday night.

Miss Emma Pendleton, formerly of Crowell, but who has been living in Clinton, Okla., for several months, came in yesterday to visit relatives and friends. She has accepted a position at Rails and expects to be there Monday morning for work.

ANOTHER PIONEER PASSED AWAY ON SEPTEMBER 21ST

The death of Mrs. Elizabeth Zeibig occurred at her home in this city at 2 o'clock Friday morning, September 21, after an illness of about two weeks.

The News speaks of her as Mrs. Zeibig because she has been known by that name for many years, although she had been married to G. W. Meadow of Porterville, Calif., since Sept. 4, 1923.

The deceased was born November 24, 1857, at Doughlassville, Cass County, Texas. She came with her parents, Mr. and Mrs. D. J. Collins, to this county in the year 1884, and was married the same year to F. R. Zeibig. She and Mr. Zeibig made their home at old Margaret, then the county seat of Hardeman County, and only a short distance from the present town of Margaret. To this union were born four sons and one daughter, one son, Roy, the second child, dying when he was only 18 months of age. She is survived by her father, D. J. Collins, three sons, Carl, Homer and Paul, and one daughter, Mrs. H. E. Schlagal, all of whom reside in Crowell. Her first husband passed away several years ago. She is survived by her husband, G. W. Meadow, who is returning this week to his home in California with a sad heart because of the early passing of the woman whom he had only two weeks ago chosen as his wife. The death of Mrs. Zeibig was due to a constitutional trouble from which she had suffered for several years.

She was converted to the Christian religion in the year 1890 and joined the Baptist church, and was baptized by the first missionary that ever came to this section of the country, Rev. Medlin.

As a token of respect to the deceased a large company of people assembled at the Baptist church Saturday afternoon to attend the funeral service after which the remains were placed in the Crowell cemetery.

MILT GOOD IS GIVEN 25-YEAR SENTENCE

Abilene, Texas, Sept. 24.—After deliberating about four hours the jury in the case of Mil Good in the killing of H. L. Robertson at Seminole, Gaines County, April 1, Thursday evening returned a verdict of guilty and assessed his punishment at twenty-five years in the penitentiary. The jury received the case at about 3:30 p. m. and its verdict was announced at 7 p. m.

The verdict brings to a close two of the most historic trials in West Texas. Tom Ross Tuesday night was sentenced to twenty years in the killing of Robertson. Ross was sentenced at Lubbock to serve thirty-five years for the killing of W. D. Allison, while Good received twenty-six years on the same charge. Allison was shot to death at Seminole at the same time Robertson was killed.

Making the Unfit Fit

Intensive military training develops weak men into hardy ones.

During the past summer an experiment was conducted at Camp McClellan, Ala., which has demonstrated the truth of this statement.

One hundred and twenty military training camp students were selected for their physical unfitness for military service. At the end of three busy weeks of military training they were turned out as "potentially capable fighting men."

Investigation showed that there was a remarkable improvement in weight, chest expansion, height, mental alertness and enthusiasm, thus transforming physical defectives into real men.

This ought to be an argument for military training for all of our boys. Any kind of training that is good for the individual is equally good for our country, and should be encouraged in every way.

Miss Annie Lee Cannon has gone to Gainesville to visit relatives. She will go from there to Fort Worth where she will also visit relatives.

Columbian Club

Colonial and Revolutionary literature was the subject discussed at an unusually interesting meeting of the Columbian Club held in the home of Mrs. S. P. Ferguson on Wednesday afternoon, Sept. 19.
The club has for study this year a special course in American literature offered by the department of extension of State University and Mrs. Kincaid proved an able leader for the introductory lesson. Mrs. Edwards gave a survey of Colonial literature. Mrs. Thomas Hughston read an interesting autobiography of Benjamin Franklin. A resume of the Revolutionary period of literature was given by Mrs. Brian. McFingal's Elevation, "The Wild Honeysuckle," and Crevecoeur's "Definition of an American," were read by Mrs. Miller.

ROBS CALOMEL OF NAUSEA AND DANGER

Medical Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity,—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.) 13

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, September 28, 1923

We are all glad to see the farmer getting 30 cents a pound for his cotton, and yet we know that it means higher priced dry goods in the end. But it has always been found that when the farmer gets big prices for his stuff business is stimulated and we all get by some way. Let cotton advance in price. It means more money to spend.

Co-operation is the only logical and reasonable thing to do in the upbuilding of our country. That means that we should help each other in any way that is possible. It means that we should spend our money at home. Every dollar thus spent is kept in circulation among our own people and each of us has an opportunity to get that dollar again some time. If it has been sent from home the chances of our ever placing our fingers on it again are slim. Buy from the home merchant for the reason above stated, as well as for the reason that you can always do as well, or better, in your purchases.

As we come to the season for a county fair each year we realize the necessity of having a permanent organization to take care of it, and the longer this matter is postponed the longer are the benefits to be derived from a county fair kept from us. This does not mean that we are not going to take care of the situation this year. Arrangements have been made to that end, but as each fall season approaches there always arises the question, "shall we have a County Fair this fall?" With a fair association organized and properly functioning, there need never be asked such question. The County Fair would become a fixed thing in our midst and everybody would be looking forward to it as such. We are going to have a good agricultural fair and poultry show this year independent of the fact that the matter is managed by a few that are intensely interested in it. Let us hope that next year will find Foard County with a permanent fair association.

Everything seems to have passed off peaceably in Oklahoma City Wednesday at high noon when the Legislature was to have met to impeach Governor Walton. The members said they were going to meet. The Governor said they were not going to meet. Facts, as they have developed, indicate that the Governor was correct, for they did not meet in the capitol building, at least. Still the leaders of the body which is trying to meet claim that they are meeting and that the Governor has only prevented one session. We shall have to await developments before it can be said that their intention to meet has actually been carried out. If the Governor's fight had been confined to mob activities he would have had more wide-spread sympathy. Thousands of people have endorsed his fight in that direction, but it seems to have developed that this is more of a political feud than anything else, and if that is the case why not let Oklahoma have her fight to herself? Texans have enough trouble of their own. Maybe we'll have a fight some of these days and we shall want it to be ours, just as Oklahoma want this to be theirs.

NOTICE TO PATRONS CROWELL INDEPENDENT DISTRICT

You are hereby notified that the report cards for the month ending Sept. 28th, 1923, will reach you by Wednesday, October 3. They will indicate about the class of work done by each student. If the grade is low on some subject or subjects, it will mean that the student perhaps is not doing enough home studying. We ask you to encourage the dutiful and stimulate the delinquent.

Of course, we never know what other people are thinking, and for the sake of our vanity perhaps it is just as well.

We can lean back in an easy chair, and elevate our feet to another one, and light our pipe, and watch the smoke curl gently heavenward, and think up a thousand things other people ought to do. And perhaps over in the next yard our good neighbor has his feet in the air, with his cigar burning brightly, and his mind fixed upon a thousand things that we ought not to do—but do.

Things to Think About

Cross roads signs are becoming common in many sections of the country. They cost little, and yet are of great value to the motorist or other person traveling through the country.

A few years ago there were practically no such signs in our American communities or rural districts.

When our soldiers went to France they were amazed at the ease with which they could find any city or town merely by reading the signs posted at every cross or fork in a road and following the directions thereon.

On their return home the boys commenced to talk of these signs and their advantages, and of the disadvantage of having none of our own.

Then the newspapers took it up, and the people got busy, and now we have signboards everywhere.

The automobile has done much toward bringing these signs into general use, but it is the service man who has spurred the public on to decorating the rural districts with them.

Are there any corner or cross roads unmarked in this county. If so, why are we still out of date?

Some people are so busy criticising their neighbors' children they have no time in which to properly train their own.

To hint that such is a fact is to make them an enemy, though perhaps they know that it is true.

Then again, the average parent can not see anything wrong in his or her child. We all have a beam in our eye, and that beam is never greater than when it concerns our own children.

But it is not so only with regard to our children.

Our car is the only make, our horse is the fleetest of foot, our chickens are of the best strain, no other bird dog is as good as ours, and there never was such a pet as our own cat.

Whether it is children, or the horse, or car, or prize hen, or the dog or the cat, the beam is always there. Some of us even think that our husbands or wives are the best after years of married life.

If it belongs to our neighbor there is fault to be found. If it is ours its imperfections are too often overlooked.

And since we plead guilty to the charge you have no reason to feel peeved at our remarks.

Has anyone been whispering in your ear that all is not well with this country? Don't believe them. The facts are just the reverse.

There is no end to the money in the United States, and when there is plenty of employment that money is in circulation and is a benefit to all elements of our population.

A survey of the industrial situation by the United States Employment service shows everything to be in a very satisfactory condition, with no reason for complaint.

The report even says that future prospects are brighter than they have been at any time in recent years.

The pessimist will have to find something else with which to tickle his grouch.

The whole world is laughing at the rebuke administered to Red Russia by the Japanese a few days ago.

"Lenin" is the name of the Red dictator of Russia. It is also the name of a Russian ship. Loaded with supplies, doctors and nurses, this ship was sent to Japan, with the condition that its cargo was only for the working classes.

The Japanese bundled the outfit back to Russia, simply remarking that even in their misery and destitution they could not accept aid that was proffered for the manifest purpose of propaganda.

Evidently the name "Lenin" is not popular in Japan.

Mussolini's Muss

Mussolini is becoming the bogey man of Europe.

Since his spectacular capture of Italy without a fight and his self elevation to a dictatorship in that country consternation and dread have been spreading throughout the republican governments of Europe, and what few kings that are left are spending sleepless nights. They fear that the ease with which he assumed supreme power will inspire others to attempt a like course, with the result that dictatorships will replace the established forms of government.

Mussolini has certainly mussed things up to his own taste.

Ready-to-Wear Specials

Saturday, Sept. 29

For Saturday following the Style Show Friday night we have prepared for the biggest day in the history of our Ready-to-Wear Department. Hundreds of fine garments have been assembled for your approval. Besides our own well chosen stock of coats, suits and dresses, Mr. Alexander will be here with several trunks of high class merchandise for special showing this day only. We urge you to take advantage of this opportunity to inspect one of the most complete showings of ladies garments that it has ever been our privilege to present. In anticipation of an exceptional volume of business for this day we have used a very small percentage of mark up, on each individual garment, thereby assuring you that values will be unmatched.

Baptist Church Notes

We will have special program next Sunday at 10:30 at which time a mission pageant will be given using every child in cradle roll, beginners, primary and junior departments and a few intermediates. The subject is "Come and see" and will be led by Earnest and Maye King. We want every cradle roll member present with its mother and father.

Good day last Sunday. One addition to church. There will be baptizing next Sunday night.

Now if you are interested in missions or Sunday School work see this mission pageant next Sunday at the Sunday School hour.—Reporter.

Card of Thanks

We wish to express our appreciation to the good people of Crowell for manifestations of love and sympathy for us in our sorrow over the death of our baby. Also we appreciate the beautiful floral offerings. May God bless each and every one of you.

Mr. and Mrs. Clarence McKown.

ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for Colds Headache Toothache Earache Neuralgia Lumbago Rheumatism Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost few cents. Drug-gists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid. 134-F

Revolution Sans Blood

Are we face to face with an era of revolution without bloodshed? Are our battles of the future to be fought with the tongue and not with the sword?

During the war the German door was opened and the kaiser was politely requested to close it as he passed out. He did so, and no blood was shed.

Hungary decided it could live apart from the Austro-Hungarian empire—and it did so. The emperor of Austria objected, but didn't fight.

Possibly that put strange thoughts into the minds of the Austrian people. At any rate, they decided they didn't need a family ornament in the shape of an emperor, and Karl and his empress departed for other climes.

Bavaria and other federated German states caught the fever and their rulers made way for government by the people.

Greece tired of Constantine and he faded away, leaving no crimson trail behind.

Other foreign rulers of greater or less degree decided that the going was good, and forgot to leave any fields of battle strewn with the dead and dying.

Mussolini has captured Italy by the use of his tongue and now rules with a rod of iron.

Eight Spanish generals and one admiral have tired of the rule of their cabinet ministers and have kicked them incontinently into the gutter without firing a shot, although the king is graciously permitted to remain as long as he continues a good Indian. He can sympathize with his brother monarch of Italy, who is under the Mussolini thumb.

In every direction we see crowns either tottering or kicked into the discard—governments shoved aside without so much as a by your leave.

And no fight, no loss of life, no destruction of property—just a polite "Get out" from one party and a hasty getting out by the other.

It's novel, but it's encouraging, to say the least.

Perhaps the next time this country gets into a scrap we will be able to win our point by unmuting the continental mouth and bidding it roar. It's a great world when nobody loses a leg.

Gossip never builds character. It destroys reputations instead.

No Reason for Slipping

Are you losing your pep? Are you on the downward grade in the affairs of life? Are you going to continue slipping backward, or are you going to "buck up and come back again?"

Many people make the mistake of feeling that a few business reverses put an end to their usefulness—that the most they can hope for is to plod along for the rest of their days. Having lost hope, they lose their pep, and a man without pep can not accomplish much in this world.

Never consider yourself down and out. You only reach that depth when you admit that you are there, and if you refuse to admit it you will never reach it.

If you are not successful in your present calling it is probably because nature has not fitted you for that particular line of business. You simply started off on the wrong foot.

We can not all hope to be bankers, or lawyers, or doctors, or merchants, because many of us are not fitted by inclination for such work. If we mistakenly drift into such lines we do not achieve any remarkable degree of success. Hence our discouragement, our loss of pep, our spirit of indifference, and our eventual slipping backward to the place where we started in life.

If your present line of business does not appeal to you, if you can not acquire and maintain a vital interest in your work, you are in the wrong pew and should hunt another.

When you find the work or business that does appeal to you your vanishing pep will return.

The bottom of the ladder will fade away and the top will soon be in sight.

There is no such thing as permanent failure for the man who is determined to succeed.

"Well! Strong!"

Mrs. Anna Clover, of R. F. D. 5, Winfield, Kans., says: "I began to suffer some months ago with womanly troubles, and I was afraid I was going to get in bed. Each month I suffered with my head, back and sides—a weak, aching, nervous feeling. I began to try medicines as I knew I was getting worse. I did not seem to find the right remedy until someone told me of

CARDUI

The Woman's Tonic

I used two bottles before I could see any great change, but after that it was remarkable how much better I got. I am now well and strong. I can recommend Cardui, for it certainly benefited me."

If you have been experimenting on yourself with all kinds of different remedies, better get back to good, old, reliable Cardui, the medicine for women, about which you have always heard, which has helped many thousands of others, and which should help you, too. Ask your neighbor about it; she has probably used it.
