

## THE FOARD COUNTY NEWS

AND CROWELL INDEX

VOLUME XXXIV NO. 34

CROWELL, FOARD COUNTY, TEXAS, FRIDAY, FEBRUARY 20, 1925

8 PAGES

\$2.00 A YEAR

**Hope Is Revived  
That Western Rail  
Road May Be Built**

According to an article in Monday's Star Telegram, there is indication that the proposed Texas Panhandle & Gulf railroad may yet be constructed. Talk about this proposition had ceased until recently when plans were made for the organization of a trust company in Fort Worth to take over the rights of Col. Powell, promoter of the proposition.

There are those in Crowell and Foard County who think that with the proper influence brought to bear upon such organization the road can be brought by Crowell, so with that probability, if it is a probability, the matter becomes one of interest to the people of this county and especially to Crowell.

Following is the article in the Telegram:

Plans for the organization of a trust company to take over the rights of the Texas Panhandle & Gulf Railway, the proposed railroad from Fort Worth to the Plains, were announced Saturday following an executive session of the Bureau of Ways and Means of the Chamber of Commerce.

In a prepared statement given the newspapers the bureau announced that a committee of seven had been named to undertake the work of organization of the trust company to take over the present rights of Col. C. H. Powell, Chicago, under his application for a permit to construct the railroad.

"The trust company will be charged with the duty of securing subscriptions for a preferred stock to the amount of \$1,000,000," according to the statement. "The company will have its own engineering service and will supervise all contracts for construction and equipment. Colonel Powell will continue to work with the new organization."

Nearly \$100,000,000 Available  
"Of the amount to be subscribed \$3,000,000 of preferred stock is to be allotted for the construction of 304 miles of new road between Tucumcari, N. M., and Seymour, Texas. Preliminary work which has already been done indicates that between \$800,000 and \$1,000,000 is promptly available from land owners along that sector of the proposed road. It was in accordance with their wishes that the organization of the trust company was undertaken. A year ago they agreed to subscribe to the preferred stock upon the basis of one dollar per acre for all lands within 10 miles of the right-of-way. Committees from each county traversed by the survey agreed to the budgeting of this sum upon a county basis."

"In addition to the construction of the long stretch of new road in West Texas and Eastern New Mexico, the Texas, Panhandle and Gulf proposed to take over the Gulf, Texas and Western which has 120 miles of road running from Salesville to Seymour, and to construct approximately 55 miles of new road from Perrin into Fort Worth. The committee which will undertake the organization of the trust company consists of Jule G. Smith, chairman; D. D. Moore, J. C. Griffith, A. L. Baker, L. C. Abbott, W. E. Austin, and C. A. Wheeler Sr. Smith, Austin and Wheeler are directors of the Chamber of Commerce. Other members of the committee are from the Bureau of Ways and Means of the Chamber."

I. C. C. Given Testimony  
"All testimony in regard to the necessity and convenience of the proposed road and its prospective tonnage has been presented to the Interstate Commerce Commission. A further hearing at which the commission will hear testimony in regard to the ability of the proponents to finance it is to be held April 1. Because of the short time remaining in which to accomplish the task that has been undertaken a conference between the committee and Colonel Powell and his associates, was held at 3 p. m. Sat. E. J. Noonan, chairman of the Chicago Terminal Railway Commission, and C. R. Young, a lawyer of Chicago, who are associated with Colonel Powell in the project, attended the meeting."

"L. C. Abbott, chairman of the Bureau of Ways and Means and W. E. Austin, president of the Fort Worth Manufacturers and Wholesale Association, made the following statement Saturday: 'For 35 years the people of Fort Worth have been hoping for a railroad to the Northwest. Many meetings have been held and many resolutions passed. There were no resolutions at the meeting Friday night. We were confronted with a question as to whether or not we wanted the railroad and were ready to get it. Definite action was taken and this action will be followed up. Nothing that has been planned for Fort Worth could mean more to it, as the construction of this railroad. The committee is determined that it must be built.'"

The real bore is the fellow who tries to tell all he knows at one sitting.

It's human nature to think the only things worth having are the things we haven't got.

**Several Residences  
Likely to Be Built**

A survey of the probable building program for the near future shows that possibly half a dozen substantial residences will be constructed between now and next fall at least.

Leo Spencer is planning to build a five-room house on his property south of C. R. Ferguson's home. Paul Fields will build on his property south of T. M. Beverly's home. S. S. Bell has moved his house from its original site and expects to build some time soon. Others are considering building, though they are indefinite as to time.

Just what kind of houses these will be has not been decided, but in all probability they will be modern frame structures. Mr. Bell has not decided as to whether he will build of brick or wood.

There is also the probability that two more brick business houses will be built before the summer is past, those will be by T. N. Bell and L. D. Fox on the north side of the square. One of these will be a 25-foot and the other a 50-foot building. When these become a reality the north side will be solid with brick.

All these contemplated, together with the present program being carried out with those of the ice plant, Beverly filling station and O'Connell's brick, it will run well up towards the \$50,000 mark.

It might be said that there are indications that interest in a good brick hotel will manifest itself in something substantial and real within the next few months. Nothing definite can be said as to this just now but it appears that we are nearer something of that kind than ever before.

**City Is Enjoined  
from Collecting Taxes**

A case is in court this week here relative to the collection of taxes by the city of Orient Heights property, which belongs to M. L. Bird of Vernon. As we understand it Orient Heights was laid out as town property and taxes have been assessed against it as such since it was laid out. But for the last two years the taxes have become delinquent and the city insists on payment. The property has been in cultivation, or most of it at least, in a body, and Mr. Bird thinks the taxes should be assessed on some other basis than that of individual lots.

**Money for Rug Sale to  
Go to Cemetery Assn.**

In the item the News had last week relative to the sale of the rug in the room of the Confederate Soldiers' room tomorrow at 2 o'clock p. m., nothing was said about what would be done with the money. Since the News published the item it has been requested to say that the money will be donated to the cemetery association. The rug was donated, so we understand, by some ladies of Crowell and the ex-Confederate soldiers want to pass it on to some worthy cause and they feel that it would be well placed with the association.

**Scouts to Meet  
on Friday Night**

The meeting time for the Boy Scouts has been changed from Tuesday night to Friday night of each week.

At first Tuesday night appeared to be the only time they could well meet, since so many of them were in Mr. Roberts' band, but since the band meeting has been changed to Saturday afternoon, the boys can better meet in scout work on Friday night.

**Attended Funeral  
of Relative at Rule**

Mr. and Mrs. Otho Green and children and Miss Jettie Arington left Monday for Rule to attend the funeral of John Hunt, brother-in-law of Mr. and Mrs. Green, who died Monday morning following an attack of pneumonia developed from the flu.

C. W. Sargent and wife are here from Cone visiting the family of W. F. Draper in the Foard City community and their many old friends. Mr. and Mrs. Sargent being former residents of this county. Mr. Sargent called at this office Wednesday and ordered the News for a year.

People won't buy things they know nothing about; so advertise 'em.

**Sewer Bonds Are  
Sold at Par Value**

The city has sold its sewer bonds of \$50,000 at par value to the Commerce Trust Company of Kansas City, Mo. This is regarded as a fair proposition, since bonds are being bought at a little under par. There is some interest, also, in this case which makes the bonds even a little better proposition than a face purchase price. The price usually offered for bonds of this kind is around 97 per cent.

The work of commencing to build the sewerage now depends upon the approval of the bonds by the attorney general. It is expected that the papers will receive action at an early date and that it will not be many weeks until actual work can commence. It is hoped that by late summer at least we can have sewerage in our city. This, of course, is hoped for and if we should not have it that early we should not be disappointed, for there is often many things to delay work of that kind. Crowell, however, has been able in the past to get things speeded up in the way of public improvements and that gives us reason to hope for it in this case.

The voting of sewerage is one of the big things Crowell has done and everybody has a right to expect other improvements to follow as a direct result. For instance, it has been known for a long time that Crowell could not expect hotel accommodations that would put the town where it could successfully compete with other towns in West Texas in this particular. Much of this trade has gone from Crowell on that account. No man, regardless of his financial backing could give the trade those accommodations without sewerage. This move will be an encouragement to local men, as well as to outsiders, to make further investments in Crowell in the matter of hotel accommodations and other enterprises.

**Say Valley Looks  
To Be All Right**

T. F. Lambert was one of the recent visitors from Foard County to the famous Rio Grande Valley. Mr. Lambert was in Crowell Monday and gave his opinion about some things he saw. He does not appear to be over-enthusiastic over that country and yet one would judge that he regards it as a good country.

Of course, he admits land is high, from the best he could learn taxes are about the same as they are here and one needs only about 20 acres of land, unless he is going to grow cotton. But Mr. Lambert says he would not go there to raise cotton. He was not impressed with it as a good cotton country. Grapefruit, he says, is the great crop of that country and they grow well and are profitable. The land looks to be as rich as one would want and it has a season now as good, or better, than we have in West Texas.

He says the people he talked to all seem to be well contented. They do not work the farms as they do in this country. The work is done by Mexicans mostly and the white people appear to be lazy. He said he saw only one white man working on the farm while he was there.

He thinks the big mistakes that have been made by investors in the past years have been that they bought too much land and became involved so heavily that they could not get out. The plan now is to induce men to buy reasonably small tracts and put those tracts into a high state of development.

Mr. Lambert contracted to buy some of the land.

**The Parent-Teacher Association**

The Parent-Teacher Association met Feb. 10 in regular session. We were delightfully entertained for a while by students of the intermediate department. After the program business for the afternoon was taken up. Mrs. Kincaid was elected president to fill the office made vacant by Mrs. Adams, who moved away.

A motion was made and carried that we donate \$10 to the primary department for buying records, also \$15 to the intermediate department to buy a large dictionary.

There were three names added to our roll. We urge every parent to come and help in this association.—Reporter.

A pen is mighty, but a typewriter makes the most noise.

Going through life on high makes it a short journey.

**State Aid for Rural  
Schools Recommended**

S. E. Clark, rural school supervisor of the Department of Education at Austin, was here this week and made a survey of the rural schools of the county and made recommendations for aid to the amount of \$2,915 for the seven schools making application for aid.

Mr. Clark spoke very favorably of the interest in education in this county, and mentioned especially the interest manifested at Thalia. It is worthy of note that Mr. Clark said that the plant at Thalia is the best equipped one he has seen in Texas not on a railroad. He has traveled over a large portion of the state and has been in this work for the last five years. It means a great deal for a man who holds such position to say that.

It might be said here that Thalia has been granted a \$1,000 bonus for consolidation, which, in addition to the \$840 special state aid, makes \$1,840 Thalia gets from the state by meeting the requirements.

The aid recommended by the supervisor is as follows:

Thalia	\$840.
Black	\$100.
Jameson	\$325.
Rayland	\$250.
Foard City	\$600.
Clayton	\$450.
Beaver	\$350.
Total	\$2,915.

**J. W. Bell Tops the  
Market on Whitefaces**

According to the Wichita Daily Stockman, J. W. Bell topped the market on two loads of 800-pound White-face feeders at the market top of \$8.00. Mr. Bell shipped nine cars. The Stockman says: "The Bell cattle are known all over the country for their quality and they always attract a lot of attention and good prices when they come to market."

W. S. J. Russell shipped three cars with Mr. Bell, making a total of 12 cars.

**Man Sustains Broken  
Leg When Mule Falls**

John Carter happened to the misfortune of getting his left leg broken Tuesday below the knee when a mule he was riding fell with him.

Mr. Carter was riding the mule while he was after some other stock and the mule got one of his feet wound up in a wire, one end of which was loose and the other one fastened to a stake. When the slack of the wire was taken up the mule was thrown causing the accident.

Dr. Hill was called and the wound was dressed and Carter is resting as well as could be expected.

**MAKES GOOD RECORD  
WITH LAYING HENS**

Mrs. W. W. Kinsey has made a good record with her fine Buff Orpington hens through the fall and winter, as she has always done, as is shown by the fact that through November she sold 90 dozen eggs and then through December 80 dozen. Her hens are especially profitable in that they are good layers through the season when eggs are worth most. She has been raising Buff Orpingtons for several years and is adding some of the best stock to be found in the country. She now has the best stock she has ever owned and is proud of them.

Mr. and Mrs. Claude McLaughlin left Wednesday for Amhurst where they will make their future home. Mr. McLaughlin will be connected with a business which is to be established in that fast growing town, and with his genial personality and business ability, there is no doubt but that he will make good. Mr. and Mrs. McLaughlin have a host of friends in Crowell who regret very much their decision in leaving.

According to the Quannah Tribune-Chief W. B. Tysinger took charge of a cafe in Quannah this week. Mr. and Mrs. Tysinger have lived in Crowell for the past year and have been connected with the Sanitary Cafe until recently.

Miss Martha Lou Ray, who has been attending the Clarendon College for the past two years, was married January 23rd to Mr. D. G. Spruill of Shamrock, in which city they are making their home. The bride is the youngest daughter of John S. Ray.

**Wants to Make Trip  
to Relatives in Calif.**

Mrs. J. B. R. Fox called the News Monday and said she had been planning to make a trip to see her son, W. E. Truesdell, who resides in California, but that the flu had caused her to delay the trip. She hopes that she will be able to make the trip within a short while.

She stated that her son was moving from Calexico to Chino, California. Mr. Truesdell has been running a large dairy at Calexico and will continue the business at Chino. It will be operated in connection with poultry.

Mr. Truesdell was a resident of Foard County for several years prior to his going to California about ten years ago.

**Intoxication Would  
Be Made a Felony**

Austin, Texas, Feb. 16.—It would be made a felony subject to confinement in the penitentiary for a person to buy or possess liquor, or to be found in a state of intoxication or to sell or give liquor to a minor or to a female under 25 years of age, under two bills prepared by Representative Norman G. Kittrell of Houston, which he expects to introduce this week.

The emergency clause of the latter bill reads: "The fact that the youth of Texas is being debauched by those who for personal pleasure, regardless of social duty, indulge in the pernicious practice of feeding boys and girls upon poisonous, intoxicating, destructive concoctions and the fact that there is not at this time any adequate law to prevent the practice creates an emergency," which requires the bill to pass at once.

**Protection of Youth**

The first section of the bill provides that "it shall be unlawful for any person to give or deliver, or be in any way concerned in the gift or delivery of any spirituous, vinous or malt liquors, or medicated bitters capable of producing intoxication or any other intoxicating beverages to any male person under the age of 21 years or to any female person under the age of 25 years."

The second section says, "any person violating any provision of this act shall be deemed guilty of a felony and upon conviction thereof shall be confined in the State penitentiary for not less than five years, nor more than ten years."

**Indirect Buying Unlawful**

In the first section of the companion bill it is made unlawful for any person to either directly or indirectly purchase intoxicating liquors. The second section says the law shall not apply where the purchase through a licensed physician's prescription or other lawful means and the third reads as follows:

"The possession of any quantity of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication or any other kind of intoxicating beverage shall be prima facie evidence of guilt, and if a person be in a state of intoxication, such condition shall be prima facie evidence of guilt."

It is then provided that any person violating the act shall be deemed guilty of a felony and subject to confinement in the penitentiary from one to five years.

**ANOTHER LARGE EGG**

If anybody thinks we will ever get tired writing up big eggs that person has another thing coming. You ought to see what we could say if the exhibit of unusually large hen fruit should swell into a full dozen one time! That would come very nearly feeding the whole News force with the dependent families. And should they all be as large as the last one brought us the dozen would make a fair meal.

We are here recording the fact that one of Mrs. P. R. Huckleberry's hens deserves to be placed in the class of large egg producers. It was a Rhode Island Red, and one recently purchased by Mrs. Huckleberry as the foundation stock for a big revenue producing flock which she hopes to develop. We admire a bird that is not a procrastinator of time in showing what she can do. These birds were just purchased a short while ago and already one of the hens is striving for first place among her sisters as a worth-while piece of property. The egg measures 6 1-4 by 7 3-4 inches.

Even a suggestion of blue laws make some folks see red.

**Who Goes to Church  
Better Than People  
over Country People?**

The pastor of the Methodist church will discuss this question in his sermon Sunday morning. He will discuss the question of whether it is better to go to church or to stay at home and work the land. He will discuss the question of whether it is better to be a city person or a country person.

The pastor will discuss the question of whether it is better to be a city person or a country person. He will discuss the question of whether it is better to be a city person or a country person. He will discuss the question of whether it is better to be a city person or a country person.

Build the question, while going to church, in numbers next Sunday at church.

**West Texas News**

Salt Lake City, Feb. 16.—The Utah State Board of Agriculture has decided to hold its annual convention at Salt Lake City, Utah, on the 20th of March. The convention will be held at the Hotel Utah, and will be attended by representatives of the agricultural interests of the state. The convention will discuss the question of whether it is better to be a city person or a country person.

Del Rio, Tex., Feb. 16.—The Del Rio Chamber of Commerce has decided to hold its annual convention at Del Rio, Tex., on the 20th of March. The convention will be held at the Hotel Del Rio, and will be attended by representatives of the agricultural interests of the state. The convention will discuss the question of whether it is better to be a city person or a country person.

## Country Correspondence

### Thalia News Items (By Special Correspondent)

The Baptist ladies of this place served lunch at the auction sale at Loyd Porter's place Friday near Rayland. Several from here attended the sale.

Rev. Vaughn came over from Odell and preached at the Baptist church Saturday night. He was called back at Odell Sunday to conduct a funeral service. There was no preaching Sunday morning, but a very large crowd attended the preaching service Sunday night.

Paul Wallace and Grady Shults of Crowell were in Thalia Monday afternoon.

Mrs. T. M. Haney who has only been home a short time from a sanitarium in Dallas is improving rapidly.

A play, "The Path Across the Hill," was staged at the high school Tuesday night. The characters were: A. D. Boyd, Lewis Selvidge, Mr. and Mrs. Fred Brown, Louis Webb, Mrs. C. D. Haney, Emmett Powell and Misses Mattye Reid, Anna Maye Neill and Velma Haney. A large crowd attended.

Lewis Selvidge visited with his parents in Henrietta from Friday to Sunday.

Prof. A. D. Boyd took the boys of

the Thalia basket ball team to Estilene Friday to play in the district meet. They won a game over Dumont Friday, score being 47 to 14 in our favor. Saturday a very interesting game was played between the Harold and Thalia boys. The score was 19 and 22 in favor of Harold. Those who attended from here were as follows: Mr. and Mrs. Gus Neill, Misses Mattye Reid, Anna Maye Neill and Cora Carter, Mr. and Mrs. Lee Sims, Hugh Jones, Joe Johnson, Alex Neill, Lee Kesse, Charlie Webb and the players who were: Roy and Louis Mints, Jack Neill, Marvin Grey, Aubrey Mason, Louis Webb and Billy Banister.

Miss Ruth Grimm came home one day last week from a sanitarium in Dallas, where she underwent an operation for appendicitis recently. She is doing nicely and expects to be able to return to her school in Denton soon.

Rev. T. M. Johnston of Margaret was here on business Monday afternoon.

The girls of the D. D. L. C. Club entertained the boys of the basket ball team with a party in the school building Wednesday night, each one inviting a friend. A large crowd attended, refreshments were served and many good games were played. Each one reports a good time.

Several boys from this place attended a National Guard meeting in Crowell Wednesday night.

Truett Neill and Jack Wood left Saturday for Denton where they have employment for a few weeks.

Ed McDaniel, Frank Harper and Paul Wallace of Crowell attended the Epworth League here Sunday afternoon.

Cliff Henry and family of Quanah visited his sister, Mrs. M. C. Adkins, of this place Sunday.

Mrs. Maggie Capps was taken seriously ill during the play here Tuesday night. She underwent an operation at a sanitarium in Vernon one day this week.

Mr. and Mrs. Raymond Donighey of Crowell visited in the A. D. Boyd home here Friday night.

Several from Crowell, Margaret and Rayland attended the play, "A Path Across the Hill," here Tuesday night.

W. F. Wood and family and J. K. French were Vernon visitors Friday of last week.

Earl McKinley and wife of Lorenzo visited Ernest Grimsley and family here last week end.

Miss Zelma Owens spent the week end with her parents in Vernon.

C. C. Wheeler is very sick at this writing.

Mrs. Vida Brown and children from the Plains visited her sister, Mrs. Curtis Gardner, here Sunday.

M. C. Adkins and family visited relatives in Quanah Saturday.

Mrs. Reid and daughters, Misses Lillian and Mattye, visited their sister, Mrs. Alvin Causey, in Vernon Sunday afternoon.

M. S. Henry and wife of Crowell visited relatives here Sunday afternoon.

Several from here attended the musical program at Antelope Thursday night, rendered by the Thalia people.

A. D. Boyd and wife visited relatives in Crowell Sunday.

J. S. Owens of Crowell and the state school inspector were in the school here Monday. The inspector reports the school to be in good condition and that we shall have State aid.

### West Rayland News (By Special Correspondent)

The sale at Loyd Porter's last Friday was well attended. Mr. Porter and family will leave this week for

**RED STAR**  
Detroit Vapor  
**OIL STOVE**

Below we print from an original letter addressed to the makers of the famous RED STAR OIL STOVES.

Please read it and see what other dealers think of it in other states.

Phoenix, Ariz., Nov. 19, 1924.

Gentlemen:

You will probably be interested in the success we have had with the sales of you Red Star ranges.

To date we have been handling these ranges eighteen months, and after checking up, we find we have sold THREE HUNDRED SEVENTY ONE, 75 per cent large models. We consider this to be a very fine record for such a short period of time, in the small territory we have to cover.

We were successful in taking the HIGHEST award at the Arizona State Fair booth 1923 and 1924.

We have never seen a product with so many boosters as has the RED STAR RANGE. Customers come into our store and tell us they have never seen any stove that beats the RED STAR.

Signed:

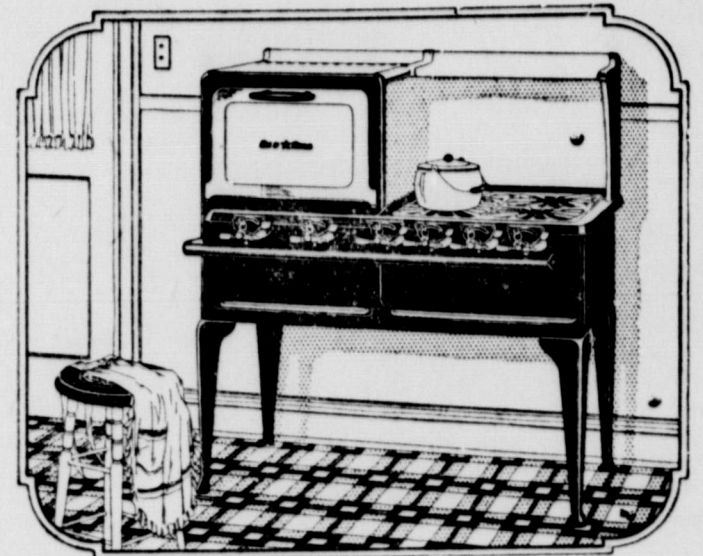

DORRIS-HEYMAN FURNITURE CO.,

By J. H. Russ.

We also have notice that the RED STAR OIL STOVE won blue ribbon for 1924 at Colorado State Fair.

We have been selling Red Star oil stoves now for five years, and they are standing the gaff and still doing the work without any expense except the fuel costs, and that is economical.

We are headquarters for the Red Star, the New Perfection line, Kerogas, and Nesco Perfect oil stoves.

## OUR OBLIGATION TO YOU AND OTHERS

"Goods well bought are half sold," is a merchandising truth, but it tells only part of our story.

It is a rule of this station that our obligation to our customers does not end with the purchase and sale of our goods.

Our policy is that every purchase must be the best we can possibly make from the standpoint of quality and price.

Absolute customer satisfaction is the aim of every sale made in this station. Our service does not end until you are finally pleased.

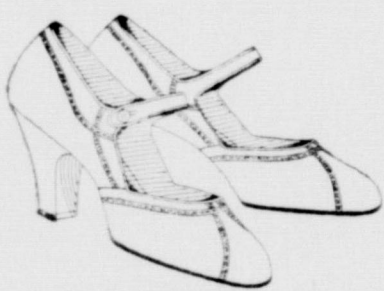

We make no claims we can't substantiate. Try trading here and see.

MAIL ORDERS FILLED DAY RECEIVED

their home near Shallowater. We regret to see them leave.

Cap Adkins is rebuilding his home.

Robert Derrington and family were called to Lamesa last Friday to attend the bedside of Mrs. Derrington's mother who is very low.

John and Bob Adkins, Bob Huntley and family, Mrs. Durham and children, and the little Weaver boy are all on the sick list.

J. R. Coffman, Bob Adkins, Tom Lawson and several others whose names we failed to get have returned from the Rio Grande Valley. They report a fine trip.

Cards have been received announcing the arrival of Hattie Joelle at the home of Mr. and Mrs. Joe Coffman of Eastland, Feb. 9th.

Eric Wheeler and family spent the week end with relatives at Davidson, Okla.

J. T. Scruggs and family called at the Owen McLarty home Sunday.

Jarvis Young and wife were called to Anton last week on account of the illness of their son, Horace.

Bob Gregg left last week for Bay City. He was going to accompany the household goods of Bill Crisp who is moving to Bay City.

Mr. Simmons has returned from Taylor, Texas, where he was called on account of the illness of his father.

C. Farrar and family are moving to Bay City.

### Thalia Missionary Society

The ladies of the M. E. church met Monday afternoon in Bible study at the church with Mrs. Will Chapman as leader. This is a very interesting study and all members should avail themselves of the privilege of same.

Our study for next Monday will be "The Missionary Voice" program.—Reporter.

Some people act like they had plenty of reputation to spare.

Maize wanted by Bell Grain Company.

FERGESSON BROS.

## "Marechal Neil" Flour

It makes the finest, flakiest, whitest bread.  
The lightest biscuits.  
The most brittle and appetizing pie crust.  
The most superb cake.

What more could you expect of any flour on earth? There is no difficulty in establishing the above claims for this flour because they are the claims of its hundred of satisfied users.

We are always glad to add another Marechal Neil customer to our list.

We also have other products of the McKinney mill, such as corn, oats, corn chops, bran and shorts.

Ask us about these products; try them and be convinced.

### New Way to Quickly Stop Worst Cough

A remarkable new and simple method for treating a cough gives relief with the first doses and usually breaks a severe cough in 24 hours.

The treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing, without following with water. The "prescription" has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. People have been astonished how quickly the coughing stopped with this new treatment, and the whole cough condition goes in a very short time.

The prescription is for coughs, chest colds, hoarseness, bronchitis, spasmodic croup, etc. It is excellent for children as well as grownups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

## Cheap Food Is Expensive

Cheap foods are never worth what they cost. They are of no value as tissue builders—they merely fill you up.

Real economy in foods lies in buying goods that have nutritive value and possess a flavor that makes them palatable.

There is no waste or extravagance in our groceries, because the best foods cost no more than ordinary kinds when bought from us.

Try something here for the proof and you'll be convinced.

**Lister No. 5**

Of course when you buy farm machinery you want to be guided by the same principles as when buying anything else—that is not to be misled into believing that just anything will do. It is a satisfaction to do farm work with the most modern improvements.

There is embodied in this lister all the modern improvements and attachments that one will need to make his work satisfactory.

The No. 6 lister drill attachment used with this lister will plant cotton seed, 2 1-4, 2 3-8, 2 7-8, or 3 inches apart. It is also equipped with plates for planting corn 16, 19 or 24 inches apart, or grain sorghum seed 8 inches apart.

It is far superior to anything in its line and we can't tell you all about it in this ad, but we invite you to come and see this great piece of machinery when you are in the market.

## GUIDING PRINCIPLES

Most men who have achieved great things have kept steadfastly before them fixed principles by which they have been guided. It is said of the late Marshall Field that he had 12 dominant ideas in his life from which he never swerved.

They were the value of time, the success of perseverance, the pleasure of working, the dignity of simplicity, the worth of character, the power of kindness, the influence of example, the obligation of duty, the wisdom of economy, the virtue of patience, the improvement of talent and the joy of originating.

There is nothing marvelous or superhuman about the success of a man who adheres to such a life program. He who has ever before him such ideals can not fail, though he stumbles; he will succeed though he falls short of such a goal.

THE STATE OF TEXAS,  
County of Foard.

Notice is hereby given that M. F. Meadows, et al, have filed an application with the commissioners court of Foard County, to close and discontinue a part of a certain public road, to-wit:

Beginning at a point where said public road crosses the K. C. M. & O. Ry. Co.'s right of way, at a point between sections 427 and 406, Block "A," H. & T. C. Ry. Co. survey, in Foard County, Texas. Thence south to the intersection of the north Thalia road, and the southeast corner of section 427 and the southwest corner of section 406, in said block.

All persons are hereby notified to appear before the Honorable Commissioners Court of Foard County, Texas, at its next regular term which convenes on the 9th day of March, A. D. 1925, to show cause why the said road should not be discontinued.

Witness my hand officially this the 11th day of February, A. D. 1925.  
(Seal) GRACE NORRIS,  
Clerk County Court, Foard Co., Texas.  
By Kate White, Deputy.

## THE FOARD COUNTY NEWS

KIMBERLY KEEPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, February 20, 1925

There is a great amount of crime these days. We read of cold-blooded murders almost every day and of frequent suicides. One sometimes finds himself thinking the world is worse than it ever was in history. But there are many things to lead us to think differently. The world is one great big family and we know of no most of the nations committed all over the country. Our family is larger than ever was and we might reasonably expect more tragedies. While there is more meanness in the world there is also more goodness and in the midst of it all we are witnessing a most marvelous march of progress in all lines of human endeavor. We don't think the good Lord is ready for us to dispose of our belongings and get upon the mountain top to await the end of the world. He still has some things he wants done and he will have them done by human hands.

Jim Ferguson is evidently determined to have all stigma removed from his name so he can run for the U. S. Senate without being handicapped in any way. While we cannot blame the man for trying to indicate himself, he had better let sleeping dogs lie, lie, and as for running for the Senate, if a weakling like Earl Mayfield could beat him easily, we don't think Jim's chances of holding any office in Texas are very bright, let alone a senatorship. Jim should be satisfied to back in his wife's glory!—Quanah Tribune-Chief.

Whether Jim Ferguson can ever ride into office will depend largely upon the results produced by the Terrell election law. If one of these things should again happen to be a minority choice and the people are forced to choose what they think is the lesser of two evils and Jim happens to appear as the lesser one, then he might go into office. That is a remote possibility so long as the idea remains dead politically.

Some folks expect the paper to boost the town to beat the band, spend its hard-earned money for paper and ink, work hard all week to get the booster sheet, pay taxes, help build streets, put up on sewerage and pay the preacher, then take chances on getting killed when it takes up every fight for the good of the town and community, and then get turned down on a little job of printing when his price is fifteen cents higher than that of Reed Bros. & Shubert's Printing Company of Cincinnati. But we beg pardon for overlooking the mind of the public to little things! Most people in Crowell are of larger caliber than these to whom we have turned our thoughts.

There is no man who does not make mistakes. We make them of the head and the heart. We actually do things that are wrong sometimes, but that is not so bad if we correct the mistake. The man whom a woman calls a boneless case is the fellow who does wrong one time and then does wrong another time to get out of it. He gets deeper deeper in every step he takes. He doesn't get up when he falls, he keeps falling and stays fell. He who falls and gets up rises right where he falls.

The boys under Bandmaster Fred H. Roberts are making fairly good progress. Most of them are young boys and the work they do in that kind of training will last. Mr. Roberts is giving them hard drill work on time, especially. We can't have too many musicians among the youth of our town and everybody will be doing it in favor by encouraging such work.

There is some opposition to a 2 1/2 cent gasoline tax. In our opinion it depends upon whether that increase is necessary to meet the needs of the new highway construction. If 2 cents will do it, then 2 cents is all that should be paid. But whatever is necessary, the people who use the roads should pay it.

## ANOTHER MYSTERY SOLVED

From the night when the first man peered into the heavens and cringed in terror at the wavering green tentacles of light poised above him, the Aurora Borealis has been one of nature's mysteries. No one knew why or how this phenomenon occurred.

With the increasing knowledge of electricity, and its powers, it has been urged by scientists that an explanation of the Aurora would be found in the laws governing the discharge of electricity through gasses.

This theory has been followed to a successful conclusion, and it is now announced that the unearthly ribbons of light of the Aurora are due to action of solar radiation on nitrogen "snow" or crystals of solid nitrogen floating in the upper atmosphere, at an estimated distance of sixty miles above the earth.

To prove this theory, nitrogen was frozen on a copper plate, much as the moisture in a warm room is frozen on refrigerator pipes. The crystals of nitrogen were then bombarded with electric light rays, whereupon the crystals were made to emit a pale green light and this, when examined under the spectroscopic, was found to be identical with the green light of Aurora.

The strange changes of color through which the Aurora passes have also been explained by the same experiment, for it was found that under the bombardment of electric light rays the solid nitrogen on the copper plate partly evaporated, and that the green light changed to the reddish color seen in the Aurora and now recognized as characteristic of nitrogen gas.

## Cough Remedy Mother Gave Us Still Best

Pine Tar and Honey Best All Modern Drugs

In thousands of families it has been the custom for many years to keep pine tar and honey always on hand for coughs, chest colds, bronchitis, spasmodic croup, and throat irritations. Our mothers knew that it was good, that it often broke up the worst cough in 24 hours, and that it could be given to young and old alike, as it contains no narcotics or harmful drugs.

And now we are told that in spite of modern medical discoveries there is still no better or quicker cough remedy. Doctors say the pine tar quickly loosens and removes the phlegm and congestion that cause the coughing, also healing soreness, while the honey not only gives a pleasant taste, but helps soothe irritation.

The original compound, made up many years ago and used by millions of people, was Dr. Bell's Pine Tar Honey. This is scientifically composed of just the right proportions of pine tar, honey and other quick-acting, healing ingredients which the best doctors have found to aid in quick relief. If you want the original and the best, be sure you get Dr. Bell's Pine Tar Honey and no other. Only 30c. at any good druggist.

## PUREBRED POULTRY

The poultry association met last Saturday afternoon at 3 o'clock. Plans for a very interesting parade were discussed and voted on. Each breeder in the county who donates a setting of pure bred eggs to be given away at the drawing on the court house lawn will have his name and breed of chickens advertised in this parade. The time of the drawing will be announced later, so watch this column. You will have a chance at valuable setting of eggs and get a year's membership fee in the poultry association for one dollar. Between 20 to 30 settings will be drawn from one hundred envelopes. The association needs you to help put the poultry business on a paying basis in this county whether you raise chickens or not. Remember the membership is in each and every envelope.

The association will have another meeting Saturday afternoon, Feb. 28, at 3 o'clock in Mr. Rennels' office. Come whether you are a member or not. If Mr. Arg is with us again this

People who put their morals in their living get better results than those who moralize.

Those who buy "blue sky" stocks seldom ever see daylight financially again.

We have grit and bone meal hoppers for your chickens.—M. S. Henry & Co.

Another nice thing about a small town is that you don't have to have a permit to go picnicking.

### PAPER HANGING and Painting

See or phone me for your paper hanging, floor finishing, painting or anything in the line of skilled work of this class. All work guaranteed.

W. L. VANDERGRIF  
Phone 63, Crowell, Texas

time I'm sure he will tell you something that will help you. His talk last Saturday on feeding for egg production was very interesting and he also answers questions on any problem concerning chickens. Come on over—it will pay you.

Mr. and Mrs. Cury Williams of Hollis, Okla., came over last Sunday to inspect the Buff Orpingtons at Jim Gates. They bought six pullets and a cockerel and paid a good price for them. They have been White Leghorn fanciers and think they are good so when they heard about Mr. and Mrs. A. G. Bell's White Leghorn farm they went right over to see them. Mr. and Mrs. Williams say they are not in favor of cheap chickens—it's the best or none for them.

We are glad to report our president, Mrs. J. R. Allee, at home from her excursion trip to South Texas and Old Mexico. We felt "lost" having a meeting without her Saturday.

It's possible to get some comfort out of thinking what you would do with a lot of money if you had it.

The average man's idea of fair wages is about double what he's getting.

Start your baby chicks right with our baby chick feeders.—M. S. Henry & Co.

The chief duty of a chamber of commerce or commercial club is to brag about the climate.

Backeye incubators, the world's standard.—M. S. Henry & Co.

There is altogether too much talk in this world—especially of the variety that is not needed.

All men are great in one way or another, but the dear public recognizes only some forms of greatness.

Our chicken feeders will save you feed.—M. S. Henry & Co.

People who have an ax to grind have no use for the person who has no grindstone.

Bobbed hair will grow out in time, but what are we going to do about the short skirts?

It's harder to live up to fame than to acquire it.

Most folks don't appreciate good digestion until it's gone.

### RULES OF CONDUCT

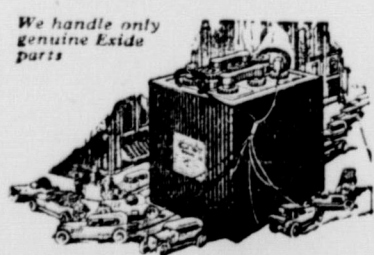

The following are Thomas Jefferson's Ten Rules of Conduct:

1. Never put off till tomorrow what you can do today.
2. Never trouble another for what you can do yourself.
3. Never spend your money before you have it.
4. Never buy what you do not want because it is cheap; it will be dear to you.
5. Pride costs us more than hunger, thirst and cold.
6. We never repent of having eaten too little.
7. Nothing is troublesome that we do willingly.
8. How much pain have cost us the evils that have never happened.
9. Take things always by their smooth handle.
10. When angry count ten before you speak; if very angry, an hundred.

### Exide BATTERIES

You don't have to take anything for granted when you buy an Exide. You get what you pay for—performance on the car.

Crowell Dry Goods Co.

### MUSIC MEMORY CONTEST

It is the plan of the chairman of the music memory contest to have appear each week in the columns of this paper a short sketch or notes on the numbers being used in the music memory contest. We think these items will be of interest to grown-ups as well as those who are taking part in the music memory contest. Perhaps records of these numbers can already be found in homes possessing talking machines and it is highly probable that they will be heard over the radio, and will be more easily appreciated if even a few facts are known of the pieces and their composers. These numbers, or as many of them as possible will be offered in the program to be given sometime in April by local musicians.

"The Beautiful Blue Danube Waltz" is often called the waltz of waltzes. It is the most beautiful of the many beautiful waltzes composed by Johann Strauss, the waltz king. This waltz, as well as others of his compositions is notable because of its exquisite melody, perfect harmony and marvelous orchestration.

Johann Strauss (1825-1899) was a native of Vienna, Austria, and contributed some of the great works of the nineteenth century.

"From the Land of the Sky Blue Water," is composed by Charles Wakefield Cadman, a contemporary composer. Cadman has taken an American Indian theme and idealized it in this popular and beautiful composition. It tells of the futile efforts of an Indian lover to woo a captive maiden who is sick for her "Land of the Sky Blue Water."

### Monthly Class Meeting

The T. E. L. Class met in regular session Feb. 12 in the home of Mrs. J. C. Self with Mrs. Leo Spencer, Mrs. Frank Long and Mrs. Self hostesses.

The class scheme was given by all class members. The teacher led the devotion using the fourth chapter of Eph. Then prayer was offered that our class might be more loyal. The president then took charge for the business session, called on the different officers for reports, each giving brief, but good reports of work done last month. A duet was given by Mrs. Bell and Mrs. Griffith, followed by a solo given by Ruth Billington. The next on program was a piano solo by Mrs. Jimmie Self who also delighted the class with Victrola music.

Well filled plates were then passed to sixteen class members and four visitors.

We must not forget to mention the contests carrying out the Valentine suggestion. They were unique and greatly enjoyed.

We are grateful to our hostess for the pleasant afternoon together.

We will meet the 2nd Thursday in March with Mrs. A. G. Bell, Mrs. John Diggs and Mrs. Ella Rucker.—Reporter.

### GROWTH OF FORTUNES

Our income-tax bureau reports that in 1922 there were sixty-seven persons who paid taxes on annual incomes of more than one million dollars. That is several times as many as there were in that class in 1921. Four persons paid taxes on incomes of more than five million dollars—two in Michigan, one in New York and one in New Jersey. Almost any one can guess correctly who three of the four are. In the interesting analysis of the returns that accompanies the report Commissioner Blair

says that of the 537 persons who reported incomes exceeding \$300,000 in 1922 thirty-four paid taxes on incomes of less than \$5,000 in 1921 and sixty-two were apparently earning less than \$5,000 a year in 1920. Such rapid growth of fortune in time of peace and without any extraordinary expansion of business is astonishing even in this country of sudden riches.—Youth's Companion.

Expert pool players are seldom ever expert at making a living.

Nothing brings out the loafers like a warm spring sun.

# The Spring Opening

## A Presentation of Exquisite Inspired Fashions

There's Spring in the air! And the new season finds a sparkling background in the colorful beauty of the new fashions in presentation here. To them, as in every former occurrence, falls the charming task of launching the mode. And well do they accomplish this. Here is that individuality without exaggeration, which keeps apparel in the vogue, yet apart from the usual.

The Frock of Spring—the different styles—each with some distinctive fashion detail characteristic of the new season—make it possible to choose for nearly every requirement. Fashioned of novelty silks, satin, satin-back crepe, georgette, lace, charmeen, twill, rep.

Spring Coats—from the smart utility models, of plaids and novelty fabrics to the exquisite garments of handsome imported and domestic materials, every coat illustrates the genius of a master designer.

New Millinery—adaptions of the latest Paris models. In lovely silks, smart straws, soft satins, light felts, decidedly new trimming effects, Spring shades.

# Crowell Dry Goods Co., Inc.

Flesh has a mean habit of growing on people who don't want it and refusing to grow on those who do.

Statesmanship is the fine art of splitting one problem into a half dozen others.

The older they get the longer they primp—male and female alike.

The unexpected generally happens, especially when we are expecting good luck.

Some fellows allude to their wives as the "better half" when the neighbors know she is the whole thing.

A raise depends more on what you show than what you ask for.

### A SCHOOL PROBLEM

An investigation of the mental ability of 5,352 children in the public schools of two Indiana cities was made and disclosed that approximately three percent was definitely feeble minded in varying degrees and another three percent was sub-normal in intelligence.

The school children of most communities will not vary much from this percentage of mental inferiority.

With six percent disqualified from receiving the benefits of a public school education, educators have a real problem to cope with in endeavoring to correct this defect in present education methods.

There is a small percent who are mentally superior. They offer no problem at all because they can be advanced without waiting for their class to move on, but there is nothing to do with the mentally deficient except to hold them in the same room, term after term, and they benefit little, if at all, from going over the same course of study repeatedly. They require special attention,

which can not be given by the public school teacher because of the size of the classes. If they do not measure up to the room average they drop behind.

A teacher has little opportunity for devoting any time to individuals when she has a class of thirty-five to forty pupils.

In some schools "opportunity classes" have been started to meet the need for special training of pupils who are below the standard in mentality.

Thus the public school is able to cope with a situation that is a menace to the normal child and it is also fulfilling its obligation to the sub-normal child.

No problem is keener than that of the young man who tries to loaf and hold a job at the same time.

Their stole an automobile and an adding machine. He wanted to keep track of the upkeep.

Day dreaming is not a serious fault if it isn't done on the boss' time.

## THE STATE OF TEXAS

To the sheriff or any constable of Foard County, Texas—Greetings:

You are hereby commanded to cause to be published once a week for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county,

which has been continuously and regularly published in said county for a period of not less than one year, the following notice:

## THE STATE OF TEXAS

To all persons interested in the estate of J. B. Fox, deceased.

You are hereby notified that J. W. McCaskill has filed in the County

Court of Foard County, Texas, an application for letters of administration upon the estate of said J. B. Fox, deceased, which will be heard at the next regular term of said court, commencing on the first Monday in March, A. D. 1925, the same being the 2nd day of March, A. D. 1925, at the court house thereof, in Foard County, Crowell, Texas, at which time all persons interested in said estate are hereby cited to appear and contest said application, if they so desire.

Herein fail not, but have you then and there before said court on the first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court at office in Crowell, Texas, this 11th day of February, A. D. 1925.

GRACE NORRIS, Clerk County Court, Foard Co., Texas.

## VALENTINE PARTY

The Adelpian Club members were guests of Mrs. Geo. Self at her home Saturday when she gave a delightful Valentine party. The home was tastefully decorated with Valentine suggestions.

Tea was poured by Miss Inez Sloan, and Carrie Maurice Allee served heart shaped cakes to the guests.

Forming the center piece of each of the seven tables was a heart shaped box of candy. Delightful Valentine cross-word puzzles, contests and games of hearts were enjoyed.

The hostess served a salad course, and then had each table draw to see who opened the boxes of candy.

Besides the members of the Adelpian Club who enjoyed the party, was Mrs. Hunter of Fort Worth.—Reporter.

If a fellow could only put into the gas tank some of the gas that is spilled daily by the human gas bags, the question of how to run an automobile and still pay the grocery bill wouldn't be so difficult.

Tarver's Mattress Factory. Mattresses, comforts and pillows made to order: old ones made new. We use machinery. Beautiful ticking. Hays house, 5th block west of Henry's Hardware.

## Foard City Items

(By Special Correspondent)

Mrs. Pete Bell of Crowell visited her parents, Mr. and Mrs. J. M. McDaniel, Friday night and Saturday. She also visited the Foard City community club Friday night.

On account of a death at Truscott Bro. Marts could not fill his pulpit Sunday morning but was in his pulpit Sunday night.

John Hunter Jr. and wife of Margaret visited her parents, Mr. and Mrs. Joe Owens, Sunday.

Mr. and Mrs. Tanner Billington of Crowell visited her parents, Mr. and Mrs. M. L. Owens, Wednesday.

Allison Lilly is on the sick list this week.

Frank Welch is moving to his new home this week, the W. H. Hill place bought from Ellis and Lanier of Crowell.

C. C. Fox is able to be up again. He visited in Crowell Saturday night.

W. H. Hill leaves this week with his family for Floydada to make his home.

Frank Welch's brother from Seattle, Washington, is visiting him. He has been in the U. S. Marines for the last four years.

The Foard City basket ball girls went to Beaver Creek school for a game last Friday.

Mrs. J. E. Davis of Crowell visited her father, C. C. Fox, Sunday.

Mr. and Mrs. Virge Johnson of Crowell visited C. C. Fox Sunday.

Judge Owens and the State school inspector visited our school Friday afternoon.

J. M. McDaniel made a trip to the Plains last week.

The Beaver Creek girls and boys came over Tuesday afternoon to play ball, both games being in favor of Foard City.

Miss Toys Fox had the misfortune of getting her thumb broken Sunday.

Mr. John Johnson and Miss Terra Vessel were married Sunday.

Several patrons visited the Valentine program Friday afternoon at the school house.

## LESSONS ON THE AIR

A change of college by a change of the wave length is one of the possibilities of the very near future, we are told.

Radio courses are being installed by some colleges and the only requirement for a college education will be the purchase of a radio set.

If the student wishes to "cut" a class, he can do so with impunity, but he may have trouble making the broadcasting professor believe that his antenna was not working or his aerial was blown down or his station detector was not hitting on all fours.

There will be plenty of alibis in these radio courses, but the students will have to pass examinations, and there is where the rub will come.

They may fall back on the excuse that their lesson got lost in an air pocket and was picked up by a dishonest person who failed to return it to the sender, but even that will not prevent the professor from giving them zero.

Lessons on the air will be very convenient, but there is no escaping responsibility, if anything is accomplished—radio courses not excepted.

Carlsbad—Several new buildings are now under process of construction at the Carlsbad Sanatorium. 355 patients are now regaining their health at this state institution.

## Notice by Publication

THE STATE OF TEXAS, County of Foard in County Court.

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County, Greeting:

You are hereby commanded to cause to be published in the Foard County News, a newspaper of general circulation published in said county, at least once a week for ten consecutive days, exclusive of the first day of publication, before the return day hereof, the following notice:

THE STATE OF TEXAS

To all persons interested in the welfare of Annie Lee Long and James Howard Williams, minors:

You are hereby notified that Ella Long has filed in the county court of Foard County, Texas, an application for letters of guardianship upon the persons and estate of said minors, Annie Lee Long and James Howard Williams, and at the next regular term of said court, commencing on the first Monday in March, A. D. 1925, the same being the 2nd day of March, A. D. 1925, at the court house thereof, in Foard County, Texas, at which time all persons interested in the welfare of said minors, may, and are hereby cited to appear and contest the appointment to be made by the court on said day, if they so desire, and if such appointment is not contested at the said term of said court, when the said appointment shall be permanently made.

Herein Fail Not, but have you before said court, on the first day of the next term hereof, this writ, with your return thereon showing how you have executed the same.

Witness my hand and official seal, at Crowell, this 11th day of February, 1925.

GRACE NORRIS, Clerk, County Court, Foard Co., Texas.

Sometimes it looks like civilization's chief aim is to do things contrary to the Bible.
