Turtle Lifts Head and Moon Stands on Point, Ending Drouth

At last the drooping head of the turtle was lifted after a long drouth, which meant that rain was on its way, and the rain did come. The turtle was just a month earlier than our weather profit predicted, thanks be to him. We shall always believe hereafter that the turtle knows his business. And in addition to that the moon has been standing on its point for two weeks, which also was an indication that we would get rain. The moon is said to fall sometimes but when the turtle and the moon conspire to break a drouth we may look out.

Any way the drouth is broken. The rains came Tuesday and Wednesday in quantities that make the bluest person bright, even if he does not admit it. Cotton is on its way and the chances are that we shall again make a bumper crop. There is also plenty of time for late feed. Lands will be prepared for a wheat crop as soon as conditions will permit and so we shall go forwards, as usual, with those talked-of direful conditions removed to a more distant date.

Johnson Grass Causes Loss of More Cattle

Stapp Bros. lost sixteen head of stock, which they were preparing to ship Saturday, from eating Johnson grass. Last year they lost twenty-seven milch cows from the same cause.

Our informant says the stock had pastured in a wheat field in which the Johnson grass had been cut with the wheat, and it seemed like the poison came from the stubby grass. —Quannah Tribune-Chief.

Will Have Singing at M. E. Church Sun.

The News has been advised to say that after the Sunday School hour next Sunday morning there will be singing at the Methodist church, and all who wish to come are invited to do so. The general public is invited and all singers are asked to come and take part in the singing.

Rev. Huckleberry to Leave for Colorado

Rev. P. R. Huckleberry plans to leave for La Junta, Colo., next week. Bro. Huckleberry's failing health is such that the doctors have advised a change of climate and he hopes that a stay in that country will be beneficial. He has a son who resides at that place and he expects to make his stay with him while he is there.

Bro. Huckleberry has been battling courageously with a stubborn disease for some years and his friends here hope that he may find the change beneficial.

Says Crops Are Spotted on Plains

W. B. Griffin and family returned Saturday from a week's visit with Mrs. Griffin's father, Riley Harrison, at Hereford. Mr. Griffin says crops are better in that country than here. Corn is splendid, but over most of the Plains country crops are spotted. Cotton in the Hereford country is late.

WILL OPEN NEW BUSINESS

O. O. Hollingsworth has tendered his resignation as plumber and tinner with M. S. Henry & Company and will open a business of his own next week on the east side of the square. Mr. Hollingsworth will have an announcement in the paper in the next issue.

Rev. I. J. Sparks, Christian pastor at Snyder, and his son, Earl, and Rev. Abbott, Christian pastor at Rule, were all here Monday visiting the family of Rev. P. R. Huckleberry.

Mr. and Mrs. J. N. McArdle and Miss Morjorie Potter of Gainesville passed through Crowell Tuesday en route to Floydada. They visited for a short time with Mr. and Mrs. M. S. Henry.

T. A. Spears and family returned Wednesday from a two weeks trip, visiting at Mineral Wells and Corpus Christi.

Crowell School to Begin Monday, September 7th

The school board has fixed the date for the beginning of the fall term of the Crowell school at Monday, Sept. 7. It has been found that an early beginning is better than to begin late in the fall and for that reason the board is following its custom for the last several years in having the school start early in September.

The board has worked hard this year in its efforts to procure the best faculty possible and with that in view many of the former teachers have been employed. These have been tried and found to be efficient instructors. However, several new ones have been added to take the places of those who will not come back.

The faculty has been completed and there will be a full force of 17 teachers, the same as last year. Following names, including the superintendent, make up the faculty for the next term:

High School

R. B. Underwood, superintendent; R. A. Palm, principal; W. J. Morris, science; Miss Dottie Pierce, Latin and Spanish; Miss May Horne, English; Mrs. Lena Davis, mathematics.

Grades

Mrs. John Myers, principal intermediate department; Mrs. Mildred Macee, Miss Jettie Arrington, Miss Ida May Switzer, Miss Zelma Owens, Mrs. Glen Shults, Miss Winnie Self, Mrs. O. R. Boman, Miss Inez Sloan, Mrs. J. R. Self, Miss Lottie Woods.

Derrick Up Near County Line on East

Just a little north of east of Crowell about 16 miles has been erected a derrick for the drilling of oil by Cotten and Woods of Wichita Falls and it is expected that drilling will commence soon.

The location of the well is over in Wilbarger about a mile and a half and most of the acreage is in Wilbarger. Those in Foard putting their land in the block are J. C. Davis, J. M. Roberts, M. T. Simmons and T. F. Lambert.

The men promoting this venture are active operators in the South Vernon field and are men of financial responsibility. The location is some 8 miles west of the South Vernon field.

Methodist Pastor Is Improving in Health

A card was received by the News Saturday from Rev. J. M. Fuller, pastor of the Methodist church, who is now at Las Vegas, N. M., stating that he was gaining his strength and was feeling fine.

He hopes to soon regain his former strength and be able to take up his work here again. His membership is anxiously hoping also that he will soon be back.

When he first arrived at the high altitude he thought he would be compelled to make a change, but he has found it different and he is finding the visit very helpful.

Crowd Go to Lake Kemp on Fishing Trip

W. R. Womack and family, Ethridge Hallmark and son, Raymond, Tom and Irwin Greening and Fred and Mabry Kimsey went over to Lake Kemp Monday on a fishing trip, returning Tuesday. They report fair success and a splendid trip. There is said to be plenty of fish in the lake and most people are experienced enough to catch a few.

MAN SHOTS SELF TO DEATH, ACCIDENTALLY

Vernon, Texas, July 27.—Ira H. Breshears, 23 years old, was fatally wounded here Monday just before noon by the accidental discharge of a pistol under the cushion of an automobile seat. Breshears started to remove the cushion to fill the tank with gasoline and the weapon was discharged, the bullet entering the stomach. He died about an hour later just after being taken from the operating table of a local hospital. Breshears was employed at a local wholesale oil station.

Before going on the operating table for surgeons to probe for the bullet he told of the accident. He is survived by a widowed mother, Mrs. Belle Breshears, who lives near here, and one brother, Fred Breshears of Vernon.

Equalization Board Had Busy Day Monday

The equalization board for the city, the members of which were C. P. Sandifer, Leo Spencer and R. R. Magee, had a strenuous and busy day Monday in hearing from tax payers whose property values had been raised.

An increase in the renditions was asked for in order to take care of the city's bonded indebtedness but it appears that many failed to render their property at figures that showed a 20 per cent increase. Consequently it was necessary for an equalization board to make adjustments of these values.

The board had a hard job and an unpleasant one and it is but right to grant that they did the best they could in this matter, but even that done, there is doubt if every one has received just exactly what is coming to him. And it is only just to say that no board can make the proper adjustments within a day or two. The job is too large. What the city needs to do is to have the board to act for a week, if necessary, until all properties can be carefully gone over and the values justly and properly equalized. And until that is done there is going to be cause for complaint it matters not who may act as the board.

As a rule the price for which property sells is about the correct value of that property. And it does not just exactly suit every one to have his property assessed at more than his sale price while another one gets by with a rendition of not more than two-thirds its sale price. That thing ought not to be and yet we must face the fact that it is so.

What we are trying to say is that an equalization board ought to have time to go over all that stuff and make just assessments. It is an injustice to them not to give them the time they need because of the unjust criticism that may be heaped upon them. When once a correct basis of values is established it ought to be a comparatively easy matter to maintain such standard afterwards.

The Texas Company Is Drilling Again

After fishing for a bit several days, the Texas Company finally succeeded in getting the tool out and went to drilling Monday at about 1500 feet, according to reports.

The only thing that has caused serious delay is this job of fishing, and should there be no further delay of a serious nature we may reasonably expect good progress to be made by the Texas Company in its drilling work. Within a few weeks an interesting depth will have been reached.

REVIVAL WILL START AT CHURCH OF CHRIST AT THALIA SATURDAY NIGHT

On Saturday night, August 1st, Rev. J. E. Bentley of Woveeka, Okla., will begin a series of meetings at the Church of Christ in Thalia. G. W. Mills of Amarillo will conduct the song service. Everybody is invited to attend.

Every Town Needs Park for Its People

The matter of a public park and swimming pool has been brought to the public's attention before this but Crowell is yet without such resort. It takes time for sentiment to crystallize to the point where action may be expected to bring about the things needed.

Of course, we could get along without this but it would be in keeping with our material progress in other lines and we ought to have it. Possibly there is no town in this country that has better natural surroundings for a public park than Crowell has. We have the beautiful breaks just west of town with Sloan Springs where a fine swimming pool could be built. Then, even closer, is Raggedy Creek that could be dammed up at a reasonable cost and converted into a swimming pool and resort for our people through the hot summer months. The high temperatures this summer have impressed upon us this need more than ever and we believe before another summer comes the Chamber of Commerce would do well to take this matter up and see what can be done about it.

Hardeman County Gets Government Aid For Highway Building

According to the Star-Telegram of Tuesday, Hardeman County will get \$600,000 from the State for aid in the building of 32 miles of road across the county.

Some months ago Hardeman County voted \$600,000 road bonds and now the State is putting up dollar for dollar to help build this highway and to make it a hard-surface road.

This stretch of road is to be built from the Wilbarger County line to the Childress County line. Of the total allotment \$100,000 will be available in 1926, \$250,000 in 1927 and \$250,000 in 1928.

This is a matter of interest to the people of Foard County in that it shows how this money is to be granted. It means that three years time will pass before all the promised aid will be available and consequently that it will be three years before the stretch of road will be hard-surfaced. But the point is that Hardeman is in line for this aid and those counties which have not voted bonds and made application for aid will likely be much longer in getting aid. The fact is there is uncertainty connected with their getting it at all. This was one of the points stressed in the recent bond election in Foard County. Three years from now if we have not the Lee Highway hard-surfaced we need not be surprised to see the traffic go by Quannah. But Foard County will be helping Hardeman build a competitive highway.

Will Ship Cattle to Kansas City Soon

J. W. Wishon expects to ship nine cars of calves to Kansas City next week for the market. J. W. Bell also intends to ship two cars. They will likely ship Monday of next week.

Father of Foard City Woman Killed at Vernon

Ike Pippin, father of Mrs. George Canup of Foard City, was fatally injured at the waiting room of the Denver depot at Vernon Sunday night about midnight when he was attacked by a hi-jacker and robbed. Mr. Pippin had been here from Rockwall County visiting his daughter and her husband and was on his way to Fort Worth when attacked.

The Vernon Record gives a detailed account of the tragedy as follows:

Ike Pippin, 73, was fatally injured Sunday night when a youth, while robbing him, threw him against a bench in the waiting room of the Denver depot. A young man giving the name of John Baxley is being held by authorities in connection with the affair.

The aged man had been visiting relatives at Foard City, and was waiting for the train to take him to the home of a daughter at Fort Worth at the time of the hold-up. He is a resident of Rockwall County. According to Mr. Pippin's statement, the young man approached him and asked him to change a quarter, and seized his purse while the change was being made. Although enfeebled by rheumatism, the aged man refused to give up his purse without a fight. In the scuffle that followed he was at the mercy of his ruthless opponent, and was thrown to the floor, striking a bench in the fall. In addition to minor injuries about the head, he complains of pains in his side. He died at 11 o'clock last night.

City Officer W. W. Gilbert was notified soon after the hold-up, and he removed the victim to a cot in the hall used as an armory by Company "L," from which he was moved to a local hospital. As he was leaving the armory Officer Gilbert noticed a young man passing that tallied exactly with the description given by the old man. The young man turned down a dark street at the corner occupied by Martin and Lane store. The officer went around the block and took him into custody.

The young man was carried before the victim, who identified him as the one who committed the assault. Officers removed a gun from his person, and several dollars in currency that tallied with the size of the bills which the old man had carried. The purse was not found.

Baxley claims to live in Haskell County, and had been in Vernon only two or three days before the holdup. Local officers say he is under a two-year suspended sentence.

After the hold-up, it was discovered that Mr. Pippin had several old friends here who knew him as "Uncle" Ike in Rockwall County.

Several relatives of the deceased arrived in Vernon before his death. Mrs. George Canup, a daughter living at Foard City, John and Claude Pippin, sons living in Rockwall County, and a grandson, Tom Smith, of Rockwall, came to Vernon.

The body was shipped to Fate, Rockwall County, this morning and interment will be made tomorrow.

Thinks the Country Needs a Real Rain

The way Bill Harrison puts our rain needs may be a little exaggerated but it expresses the seriousness of the situation pretty well, not only in this country but over the entire State of Texas. He says we need a rain that will make Noah's flood look like a dew.

In all probability Noah's flood spread over Texas would be insufficient to wet the state well enough to put all her crops safely on the road to maturity. There may be less exaggeration than one would at first think in the statement.

But while we need rains over Texas, there is nothing to indicate that calamity will come to the country if we get nothing more than a dew. Dry years are sure to come in the West, and this is one of the dry ones in the East.

One of these days the clouds will come over and leave us all the water we want and some of us will say we have had enough. We are not so far from that time today as we were yesterday.

Mr. and Mrs. J. M. Welch, accompanied by Misses Lucille Welch and Ruby Johnson, left Thursday for Collin County to visit Mr. Welch's parents. They will visit in Sherman and Dallas before returning.

Has Narrow Escape When Frightened Team Runs Away with Disc

It was a narrow escape for Perry Gamble Monday morning when the team he was driving to a disc became frightened and ran away, throwing him to the ground and in front of another running team behind him which passed with the disc over his body, cutting him from head to feet.

The young man is 18 years of age and is the son of Mr. and Mrs. Will Gamble. Three six-horse teams had been started to discing, Perry driving the team in front, the teams being strung out one behind the other. Mr. Gamble, the father of the wounded boy, had turned out a number of horses intending to drive them to another place on the farm to be harnessed for work and the loose horses ran by the discing teams. When they ran behind the first team that team became frightened and ran. The disturbance frightened all three of the teams and Perry was thrown from his disc and fell in front of the middle team, which ran over him with the disc. Several gashes were cut in his body and on his legs and arms.

At first it was thought that he was not seriously injured but when he seemed to continue to suffer he was brought to town where medical aid could be given him. While the young man's body is very sore, it is thought he is not seriously injured.

He is at the home of his grandparents, Mr. and Mrs. J. R. Gamble.

The accident occurred on the Gamble old place near Gambleville school house.

Orient to Del Rio Is Present Plan

The plans of the reorganization of the Kansas City, Mexico & Orient contemplate the extension of the line from San Angelo to Del Rio in West Texas as the next step following the completion of the unfinished gap between Alpine, Texas, and Chihuahua, says the San Angelo Standard, it is believed here as a result of an application for a hearing in Kansas City of July 28 by an examiner of the interstate commerce commission to approve the acquiring of the stock of the Kansas, Oklahoma and Texas companies by the new Orient railroad.

While other Southwestern carriers are looking earnestly at the possibilities of a traffic exchange with the lines and cities of Mexico, the Orient also is said to have designs in that direction. Its proposed construction from San Angelo to Del Rio makes it an easy bidder for territory in Coahuila, rich in minerals and agricultural possibilities, and now served only by the Mexican International.

The Orient of Texas, which is a separate corporation, would be acquired by the reorganized company by purchase of 9,840 of its 10,000 shares of stock. The reorganization plans among other things contemplate an extension of the \$2,500,000 loan from the government obtained following the war and upon which the interest due is \$483,249. An equipment loan of \$1,000,000 would be negotiated.—Commercial News.

Return from a Visit to Southern Texas

Mrs. E. L. Howard and son, Marvin, of Lamesa, returned last week from a ten days' tour of South Texas. They visited Mrs. Gregg Lawrence of Matagorda County. There they found good corn crops. Mr. Lawrence estimates his corn crop at 2,000 bushels.

On the whole very few good crops were seen between Crowell and South Texas.

On the trip they visited Austin, Houston, Galveston and also the old home of the Tuttle in Williamson County. Howard had not seen that country in 23 years and nothing looked natural to him.

They report a very fine trip but they like West Texas just a little better.

O. O. Hollingsworth and family returned from Ringling and Sulpher, Oklahoma, Wednesday where they had been visiting. Mr. Hollingsworth says the rains in that country were even better than here. However, he says crops do not look so well over there.

Miss Grace Kelly has been at Alton for several days for medical treatment. She is improving and is now at home.

Country Correspondence

Items from Vivian (By Special Correspondent)

Willie Young of Houston is here visiting his parents, Mr. and Mrs. H. Young.

Albert Carroll and Mr. McDonald of New Braunfels are here visiting Mr. Carroll's parents, J. W. Carroll and wife.

Mr. and Mrs. H. H. Fish and children of Paducah spent Sunday with Mr. and Mrs. W. O. Fish.

J. W. Klepper of Crowell is spending a few days with his daughter, Mrs. Allen Fish.

Mr. and Mrs. Frank Benham and small son of Anson spent Monday af-

ternoon and Monday night with Mr. Benham's sister, Mrs. S. J. Lewis.

Groceries That Ease the Cooking Problem

In hot weather, anything that will lighten work in the kitchen is the goal of every housewife. Good groceries are the first requirement.

And every thorough housewife knows that good cooking does not start in the kitchen. She realizes that she must have good groceries before she can create toothsome and wholesome dishes with the minimum amount of work.

That is the reason she buys here—where quality is high and prices are low.

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, July 31, 1925

The death of William J. Bryan removes from public life one of the outstanding characters of this country. In many important respects he was a great man. He was a man of wonderful vision and often saw in advance of his contemporary thinkers. He was always active, never taking life easy, as we often say, but saw things to be done and tried to bring about such conditions as he thought best for the country at large. He was a man of courage and never sacrificed principle that he might gain personal benefits. His frankness and courage many times made him a target for severe criticism and he was both bitterly hated and sincerely loved. He was a man who made his influence felt both in politics and in religion and our country suffers by reason of his removal by death.

Each day adds to the list of automobile accidents. It's a collision with another car or with a railroad train, or a turned over car caused by speeding, or some one crowded into the ditch by a road hog. In some instances cars are completely demolished or destroyed by fire, even if the occupants escape, and so here we go headlong and thoughtless. And yet, quite a bunch of us escape by being real careful, many more, of course, than become victims of accidents.

The rains this week will mean much to this country. Cotton will come out and the chances are that a surprising crop will yet be made. The drouth held on until many of us had become fearful that nothing would be made, but even had that been true, we could have managed to get by some way, we think. The last thing to do is to give up and that time has never come in this country, however much we may have thought it.

Says Too Much Luxury Ruins Us

The following editorial clipped from the Quannah Tribune-Chief is not far from the truth and we are reproducing it that we may stop in our present day strenuous way of living and do some real sober thinking. Here is the editorial:

American people are suffering from a peculiar disease—an insatiable craving for the luxuries of life. Time was when if we had a good home, plenty to eat, and to wear, and means of recreation and enjoyment, we were contented and happy.

But not now. The more we get the more we want, and the more we want the more feverish our efforts to get it.

We never have enough—are never satisfied.

If our neighbor has a car, we long for one just a little better.

If Smith has a house of beauty, Jones wants one of grandeur and magnificence.

If Mrs. Jones is at the head of the social whirl, Mrs. Smith is not satisfied until she has supplanted her.

If one man is termed our leading citizen, a dozen others will aspire to the honor.

An abundance of the necessities of life is not enough. We must have the luxuries, both for our own pleasure and to outshine other people. And the list of life's luxuries is so long and so varied that no man or woman has ever been known to reach the end.

Millions of people forego many of the necessities of life in order to bask in the limelight of luxury. They are lavish in adorning their persons and their surroundings at the expense of their stomachs. They enjoy the tinsel of life and endure the privations necessary in order to satisfy their vanity.

The age of sanity is disappearing. That of frivolity is here.

Modern day luxury is considered a blessing. In reality it is more of a curse, because we do not realize when economy ends and extravagance begins.

Thalia Baptist W. M. Society
Thalia Baptist Woman's Missionary Society was reorganized March 9th, with a membership of thirteen. The following officers were elected:

Mrs. E. E. Self, president; Mrs. H. L. Fisher, vice president; Mrs. C. C. Wheeler, secretary-treasurer; Mrs. A. D. Boyd, reporter.

The following plan of work was adopted: First Monday, Mission Study; second Monday, Mission lesson in Royal Service; third Monday, Bible lesson; fourth Monday, social meeting.

Up to this present writing the society has not failed to meet at each appointed hour with an average attendance of fourteen. We have received seven new members. Interest in the work is steadily growing. We extend an invitation to the unenlisted members of our church to come and join us in the work.

We greatly appreciate the attendance at our meetings and the encouragement we have received from the Methodist ladies in our work.

The doors of the hospitable home of Mrs. C. W. Roberts were thrown open Monday afternoon at 3 o'clock to thirty-one ladies of the Methodist and Baptist churches. The Methodist ladies rendered an interesting program of songs, readings and talks. Mrs. C. B. Morris read an interesting paper on "Sisterhood of Mothers in Caring for Children." Mrs. J. R. Hickerson of Mercedes, Texas, talked to the ladies, using for her subject: Missionary work in her home town. After the program a social hour was enjoyed. Ice cream and cake were served. A most delightful time was enjoyed by all present.—Reporter.

Electricians have produced 2,000,000-volt lightning. Every home should have some to hand book agents.

Some folks object to following in the footsteps of others because they want to make bigger steps of their own.

Lampkin's Players Here Next Week

Lampkin's Players in their big tent Theatre will play in Crowell next week, opening Monday night, August 3rd. The tent will be located south side square.

The Lampkin Players offer for public approval all the new plays, new vaudeville and first class music. The company carries thirty people and their opening show "What Every Woman Should Know" is a play of mystery and comedy.

Every lady will be admitted free Monday night with one paid adult ticket.

See their ad in this issue for further information.

Generally the crowds on the street corners are not arguing politics. They are just trying to get across the street.

Not much time elapses between the green apple age and the puppy love stage in the life of a boy.

Flies may live as long as five years not swatted with murderous intent.

Rising prices lead us to believe that there is nothing refined about gasoline.

The man who enforces the discipline is the most unpopular one about the place.

The only handicap about a flivver is that you can't identify the blamed thing after it is stolen.

MOTHERS

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life. If you have reason to think your child has worms, act quickly. Give the little one a dose or two of White's Cream Vermifuge. Worms cannot exist where this time-tried and successful remedy is used. It drives out the worms and restores the rosy hue of health to baby cheeks. Price 35c.

For sale by all good drug stores

To Stay In Your Car And Out Of The Repair Shop

Why wonder which battery to buy? Experienced motorists by the millions have bought Exide since the day of the first electric starter. They are still buying them. You want dependable, plentiful power, whenever you need it, and you don't want worry and inconvenience and repair bills. You don't want to be told about batteries, you want to be shown. Exide batteries are made for such as you.

Soon Felt Improvement

"The first time I took Cardui I was in an awful bad way," says Mrs. Ora Carille, R. F. D. 5, Troup, Texas. "I went fishing one day. A heavy storm came up and I got soaking wet in the rain. I was afflicted with awful smothering spells. I could not get my breath. My mother had some

CARDUI For Female Troubles

in the house that she was taking, so she immediately began giving it to me. In a few days I got all right. "Last fall I got run-down in health. I was weak and puny and I began to suffer. I would get so I could hardly walk. Having taken Cardui before, I sent to the store for a bottle of it. Almost from the first dose I could feel an improvement. "Cardui has helped me a lot and I am glad to recommend it. I don't feel like the same woman I was last fall. My appetite is good now, and I'm sure it's Cardui that's made it pick up."

You will find all kinds of Purina chicken feed, Cow Chow and Purina Omoline at our store.

A. L. JOHNSON Crowell, Texas

PUTTING AN END TO WAR

Twenty-six prominent peace advocates have united upon a proposal to be submitted to the senate in December, which calls for the immediate entrance of the United States into the Permanent Court of International Justice on the basis of the Harding-Hughes-Coolidge reservations.

The proposal includes the understanding that if the nations of Europe, within a specified time, do not call an international conference for the purpose of negotiating a general treaty outlawing war as a crime under the law of nations, the United States may in its discretion withdraw its adherence to the court.

What attitude the senate will take towards the proposal, it is not now possible to forecast, but it is not reasonable to expect that anything concrete will come out of the suggestion, no matter how practical it may seem.

Every sensible person realizes that disputes between nations should be adjudicated just as misunderstandings among individuals in court are settled. There is no more reason for nations slaughtering each other than there is for men to fight a duel to death to settle an argument.

On the one hand, the individual who fails to go to court to settle his dispute but "takes the law into his own hands," is punished for the crime. Nations, however, may go to war and cause endless suffering and misery and still go scot free.

They deserve punishment just as do men who violate the law. There is international law, but no means of enforcement. How long will it take men to see their folly and raise up the same standard for nations as they do for individual conduct?

STATE OF TEXAS, County of Foard.

In Probate Court, Guardianship Wm. Wesley Cash, a Minor.

To all persons interested in the estate of Wm. Wesley Cash, a minor:

J. F. Hays, guardian of the estate and person of said minor was filed an exhibit of the conditions of said estate and an application for leave to resign in the Probate Court of Foard County, which will be acted upon at the September term of this court, commencing on the 7th day of September, A. D. 1925, at which time all persons interested in said guardian or his estate may appear and contest the account if they see proper to do so.

Witness: Grace Norris, clerk of the Probate Court of Foard County, Texas, and given under my hand and seal of said court, this the 2nd day of July, A. D. 1925.

GRACE NORRIS, Clerk, County Court, Foard Co., Texas.

RUBBER STREETS

Engineers say that roads and streets of the future may be paved with rubber. Rubber would have many advantages.

From the pedestrian's point of view, it would be especially desirable. When struck by an automobile, one could very easily bounce out of the way without the machine passing over the body.

And again, those who are practi-

Ready for Business

We are now in our new building on the north side of square and are ready for business and want our friends to visit us.

We will do general garage work, as well as sell Chevrolet cars, and have two good mechanics who will always be ready to handle your work in an efficient manner and give you a service as good as the best in Crowell. These are Earl Anderson and Clarence Carraway. Tell them what you want and they will do your work well and at reasonable prices.

In addition to this we will, of course, handle a full line of automobile accessories of all kinds and gas and oils.

We extend an invitation to the general public to come to see us. We will heartily appreciate all the business, little or much, that you may see fit to give us.

Zeibig Chevrolet Co.

PAUL ZEIBIG, Manager

There are two sides to everything, except a mirror.

If you go into a thing you think will fail, it probably will.

Perhaps a little learning is dangerous, but none is worse.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in time cause out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c.

For sale by all good drug stores

Cooperation is the big thing in life. A good pitcher would be worthless without a good catcher.

Doesn't look like they would have this evolution fuss settled in time for the world series.

The average man's conception of the top rung of the ladder is the right to put his feet on the desk.

The airplane will never be popular with the young folks until you can drive with one hand.

Seems queer to fuss over who made the earth or how it was made. No one in the present generation could improve on the job.

larly agile might spring into the air with the aid of the rubber pavement, when an automobile approached, and thus escape injury.

Even though one were so unfortunate as to be run over by an automobile, the pain would not be so distressing, for the well known "give" that rubber possesses would surely prove beneficial here.

Automobile drivers will welcome rubber streets because of their possibilities as an accident preventative.

Automobiles could be equipped with springs protruding from the underneath side of the frame and when collision seemed inevitable, the driver might propel the springs downward and cause the automobile to leap in

the air and pass over the oncoming machine.

Such an invention as this would be particularly effective at railroad crossings for drivers who refuse to give trains the right of way.

On the whole, no invention of recent years seems so promising as rubber streets.

Most everyone thinks the country has too many laws, but where's the man who can't suggest another law that is needed.

People who can't are the first to criticize those who can.

A man never gets too old to "show off" if he can get an audience.

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package, containing full directions, price 35 cts.; trial package 10 cts. At any drug store. (Adv.)

Mr. and Mrs. W. W. Nichols visited Mr. and Mrs. John Shirley in the Jameson community last Thursday.

Charley Hall and wife entertained the young folks with a party Saturday night.

NOTICE BY PUBLICATION
THE STATE OF TEXAS,
County of Foard. In County Court.
THE STATE OF TEXAS
To the Sheriff or Any Constable of Foard County, Greeting:

You are hereby commanded to cause to be published in the Foard County News, a newspaper of general circulation published in said county, at least once a week for ten consecutive days before the return day hereof, the following notice:

THE STATE OF TEXAS
To all persons interested in the estate of P. E. Todd, deceased, M. E. Todd has filed in the County Court of Foard County, Texas, her application for probate of the will of P. E. Todd, deceased, filed on the 28th day of July, A. D. 1925, and for letters testamentary, which said proceeding will be heard by said court on the 7th day of September, 1925, at the court house of said county in Crowell, at which time all persons interested in said estate are required to appear and answer said proceeding, should they desire to do so.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

Witness my hand and official seal, at Crowell, this 28th day of July, A. D. 1925.

GRACE NORRIS, Clerk,
County Court, Foard Co., Texas.

A human heart weighs nine ounces and a sweetheart may weigh as much as three hundred pounds.

Getting along fine is something you can't inherit.

There are men who speak twice before they think.

B. Y. P. U.
Leader—Mildred Nicholson.
Introduction.—Leader.
Statement regarding responsibility.—Clyde King.
Faithful or unfaithful to our obligations—Which?—Ernest King.
The measure of our worth.—Inez Ivie.
Faithfulness, the same with two or ten.—Anna Mae Ellis.
Rich reward for the faithful.—Rosa Lee McDaniel.
Faithfulness requires effort.—Earl Anderson.

Can you answer these questions?
1. Who was the first martyr?
2. What was the first gospel promised?
3. When was the first revival of religion?
These questions will be answered Sunday, Aug. 2nd. Come.

OUR GRATITUDE

The nation is going to have an opportunity to show its gratitude for the sacrifices that men made for their country in the World War.

The rehabilitation phase of the United States Veterans' Bureau will end by congressional limitation next June and the question of finding a place in society for twenty-five

thousand wounded veterans will face the American people.

They have been rehabilitated and made into productive and able citizens and now await a chance to prove that they are ready to return to some occupation for which they have been specially trained.

The National Association of Manufacturers is making a laudable attempt to aid them in finding the job they are suited to fill. Appeals are being made to members of the As-

sociation and state and local industrial associations to assist in the placement of these men.

The theory of rehabilitation, to be carried to successful conclusion, needs the co-operation of everyone able to help some wounded hero to return to his rightful position and become a useful member of society.

Being in position to assist a rehabilitated veteran and failing to meet one's obligation in this respect would be little short of un-American.

Summer Meats with Real Flavor

NOTICE OF TRUSTEE'S SALE

Whereas, by virtue of authority vested in me, as trustee, named and recorded in Vol. 12 on page 531, deed of trust records of Foard County, Texas, executed and delivered to me on the 31st day of January, A. D. 1924, by J. S. Ansley, a single man, and J. L. Ansley joined by his wife, Ola Ansley, for the better securing the payment of eleven (11) certain promissory vendors lien notes, dated January 31st, A. D. 1924, and for the principal sum each of \$3,696.00, and

due respectively, January 1st, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, and 1936, and bearing interest from date at the rate of eight per cent per annum until paid, the interest payable annually as it accrues, and more fully described in said deed of trust, said notes, payable to the order of G. M. Yowell, S. W. Weatherall and G. W. Britton at Paducah, Tex., and providing that in the event the said notes are placed in the hands of an attorney for collection then an additional amount of ten per cent of the amount of principal and interest due shall be added thereto as attorney fees, said notes executed by J. S. Ansley and J. L. Ansley, and providing that the interest shall become due and payable annually as it accrues, and said deed of trust and notes providing that a failure to pay said notes or any installment of interest due thereon, at its due date, shall at the option of the owner and holder of said notes mature all of said notes, and the said deed of trust specifying that in case of default or failure to make prompt payment of said indebtedness, or any part thereof, principal or interest, as the same shall become due and payable, then in that event the said trustee is authorized and empowered, and it shall be his special duty, at the request of the payee and holder and owner of said

notes, to sell the hereinafter described property to the highest bidder for cash, at the court house door of Foard County, Texas, the county wherein the property is located and situated, at public outcry, between the hours of ten o'clock a. m., and four o'clock p. m., on the first Tuesday in any month, after having given notice of such sale by posting up written or printed notices at three public places in said county of Foard, Texas, one of which shall be at the court house door of said county, and all of said notices shall have been posted for at least three consecutive weeks prior to the date of sale. And, whereas, the said above described notes, were given in part payment for the purchase money of following described land and premises located and situated in the county of Foard and State of Texas, and more particularly described as First tract. All of survey No. 1 by virtue of Veteran Donation Cert. No. 1123, issued to John S. Craft, and patented to Sam H. Royal, assignee, on June 12th, 1888, by Pat. No. 597, Vol. 6, 2nd tract. All of section No. 19 located and surveyed for the public free school fund by virtue of Cert. No. 3739, issued to the Gulf, Colorado and Santa Fe Ry. Co. 3rd tract. All of the fractional part of section No. 11, by virtue of Cert. No. 3738, issued to the Gulf, Colorado & Santa Fe R. Ry. Co. All the said lands described in a warranty deed dated January 31st, 1924, given by G. M. Yowell, S. W. Weatherall and G. W. Britton to J. S. and J. L. Ansley, to which reference is made.

And, whereas, the said G. M. Yowell, S. W. Weatherall and G. W. Britton are the present owners and holders of said notes and the payees therein, and the said J. S. Ansley and J. L. Ansley and Ola Ansley have made default of the interest due and payable on January 1, 1925, in the sum of \$2900.00, which amount became due and payable on said date and the same is now past due and unpaid, and the payees and holders and owners of said notes and interest aforesaid have in writing demanded payment of the same and which sum the makers of said notes have failed and refused to pay or any part thereof, and under the provisions of said deed of trust and notes the owners and payees of said notes have and do by these presents elect and declare all of the said notes due and unpaid and declare all of said notes and indebtedness matured and have so notified in writing the said J. S. Ansley and J. L. Ansley, and whereas each and all of said notes and the interest due thereon are due and unpaid aggregating the sum of \$40,000.00 which sum the payors of said notes have failed and refused to pay, or any part thereof. And, whereas, I, J. Ross Bell, trustee in said deed of trust have been requested by the said G. M. Yowell, S. W. Weatherall and G. W. Britton, and each of them, the owners and payees of said notes, to enforce said trust, I will offer for sale, between the legal hours thereof, to-wit, between the hours of ten o'clock a. m., and four o'clock p. m., on the first Tuesday in August, A. D. 1925, the same being the 4th day of August, A. D. 1925, the lands and premises above described, at public auction, to the highest bidder, at the court house door in the town of Crowell, in Foard County, Texas, and together with all the rights, interests

and appurtenances belonging thereto in any wise.
Witness my hand this the 10th day of July, A. D. 1925.
J. ROSS BELL, Trustee.

Paul's death—Ila Lovelady.
If no scripture reference is given or if the one given does not furnish enough information please look up further references and be able to tell your part in your own words.

Another good way to get rid of trouble is not to recognize it as such.

Virtue never draws any weekly salary, presumably because it is its own reward.

An endless chain is spending money to impress others who spend money to impress us.

One good way to look out for posterity is to take care of what we already have.

Some have the idea that culture is knowing the first names of all the movie stars.

Honesty is the best policy, especially after you find that dishonesty doesn't pay.

If we get invited to the next war, let's say we have nothing to wear. The women get away with this excuse right along.

His Inquiry

Gap Johnson of Rumpus Ridge was struck by a motor car while in the county seat town lately, knocked over backwards, and before he could scramble up was struck by another car and flung headlong. By the time he had about halfway struggled to his feet again he was hit by still another car and thrown gally-winding.
"Say, looky yur!" he yelled as he lay on his back in the track, "what in roaring, sizzlin' torment do you cusses think you're tryin' to do, anyhow—play 'Two-ol'cat'?" — Kansas City Star.

SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The one really dependable remedy for all disorders in the liver, stomach and bowels is Herbine. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 60c.

Are You All Run Down?

Many Crowell Folks Have Felt That Way

Feel all out of sorts?
Tired, achy, blue, irritable?
Back lame and stiff?
It may be the story of weak kid-neys!

Of toxic poisons circulating about upsetting blood and nerves.

There's a way to feel right again. Help your weakened kidneys with Doan's Pills—a stimulant diuretic. Doan's are recommended by many Crowell people.

Mrs. Mark Wilcox, Crowell, says: "My back was awfully weak and darting pains went across my kidneys when I tried to lift. Mornings my muscles were lame and stiff and I was unable to stir around very much. A run down, played out feeling was always present and my nerves were on edge, too. I had dizzy spells time and again and also my kidneys acted to frequently. Several boxes of Doan's Pills strengthened my kidneys and stopped all the other troubles."
