## EDITORIAL

Have you ever labeled anyone that ill-spoken title — teacher's pet?  
 Perhaps it was the girl who sat across the aisle from you in English, who always knew the

right answers, or the boy in history who always read his lesson, or the girl who always came up with an A average.

Put yourself in the teacher's place for a moment. Every day she has her lesson prepared. She has volunteered to every class project, and has listened to every class lecture. It was a small wonder to you when she came up with an A average.

Bill, however, who sits on the back seat, has made it a point to be rude, loud, and sarcastic. He sleeps through class lectures and has scarcely opened his book all year. In your estimation, isn't Bill entitled to his failing grade? If you were this teacher, wouldn't you be partial, too?

## VALENTINE'S CODE

Valentine has come and gone

once again this year, although what it stands for goes on and on all through each year.

During Valentine month we think of the famous lovers. One, King Edward VII, even gave up his throne to marry Wallis Warfield, Romeo and Juliet's marriage was a quick one, and they enjoyed slipping around with their secret romancing. They had fallen in love with excitement and anger more than with each other.

Teenagers now like to live recklessly because they think it is part of growing up, and they look upon their parents as dull beings, too old to enjoy life. These quick marriages are not very promising, as the young men or women have fallen for the other's looks and not his behavior and characteristics. His or her love was not in their heart but in their eyes.

As we travel through life, we should pick our mate by an inner feeling that no person can describe, but everyone labels this feeling "love." A true love should not be reckless, but it should be an affair carried on in an open way. So remember as the holiday called Valentine's Day comes each year that a speedy marriage may become a tragedy, and the individual can tell when the right person comes along if he considers good qualities and characteristics over a reasonable period of time.

## SENIOR STATISTICS

Spring is rolling around and soon the seniors of CHS will seek their fortunes without the guidance and aid of their parents. There are several religious denominations in the class but the leading church percentages of high school seniors are as follows: Methodist 23 per cent, Baptist 37 per cent, Church of Christ 17 per cent, Assembly of God 8 per cent, and the remaining 15 per cent attending the Catholic, Christian and Church of God churches.

Although 19 per cent of the fathers are farmers, only seven wish to be farmers in the future. There are four students interested in business administration, and 2 students are interested in each of the following fields: agriculture, petroleum engineering, medicine and nursing, secretarial work and homemaking. There is one interested in each of the following occupations: barber, radio technician, horses, die mechanic, physical education, interior decoration, director of bus cruises, missionary and journalism.

Of the students attending high school there are 28 planning to enter a college. Texas Tech is the favorite with eight students, but Texas A&M is popular with four. Midwestern and Draughon's will probably receive two students

each, while TSCW, Baylor and NTSC will get two students each. There are others that are popular such as Tarleton, Ranger, ACC and Hardin Simmons.

Whatever the field or denomination, let's wish the seniors of '54 luck in their future vocation and hope that they will find their fortune in whatever they attempt.

## FHA CORONATION SWEET-HEART BANQUET HELD FEBRUARY 13

As Gaylon Whitley, 1954 FHA king, and his escort, Carolyn Smith, entered the cafeteria Saturday night, they saw a magically transformed banquet hall, set for the Future Homemakers and their dates, and planned especially for the coronation of the king.

The head table where the king and runner-up, Coleman Self and his escort, Vida Tarver, were seated held a lovely centerpiece of white mums and red lace hearts with valentine colors and chapter colors being the same. The north end of the room was made festive with red and white crepe paper streamers and a huge heart set for the crowning.

After the invocation by Supt. Grady Graves, the following menu was served: fried chicken, gravy, creamed potatoes, peas, cranberry sauce, pickles, cherry pie and iced tea. The program, with Billye Bell as mistress of ceremonies, began with the introduction of the FHA sponsor and officers, a duet, "Sentimental Journey" by Jo Helen Aly and Joann Fox, accompanied by Janis Crowell, a humorous reading by Betty Bartley, an oration on "Sweethearts of the World" by Anna Marie Faske, and then the evening's highlight, the coronation.

The ceremony was performed before a huge white and red heart with Nan Sue Shultz announcing the king and runner-up who walked with their dates to the heart to a fanfare by Sy Moore. Chapter president, Nita June Carroll, crowned Gaylon. Mary Ann Ramsey was crown bearer.

The evening was brought to a close when the entire group sang "Let Me Call You Sweetheart." Henry Black gave the benediction.

The sponsor, Mrs. Doyle Kenner, the officers, and members would like to express their sincere thanks to the following mothers who prepared and served the meal: Mesdames Bedford Smith, Andrew Calvin, Jack McCoy, Henry Faske, Gerald Knox, Gilbert Choate, J. T. Brooks, Ray Duckworth, Claudie Carroll, Allen Shultz, Louis Painter, C. T. Aly, E. W. Kidd, George Davis, Guy

Todd, Buster Cates, John Teague, C. S. Bartley. Also special thanks go to Janis Crowell for her piano selection.

## ADELPHIAN DANCE

The Sub-Junior Adelphean Club presented its annual formal dance Saturday night, Feb. 13, at the Country Club.

The Sweetheart Dance, as it was called, carried out the valentine motif throughout decorations and refreshments, using the popular hit tune, "Heart of My Heart," as the theme.

The symbolic heart-shaped valentines spelled out "Be My Valentine" on the club house's west wall. In the center of the main room, a large red and white hallowed out heart hung from the ceiling. A heart formation containing many smaller hearts with the names of club members, guests, and their dates was a center of interest and originality on one wall. The serving bar, covered with red paper and with a large heart hanging above, had dainty white doilies and red hearts scattered over its surface. Red and white crepe paper streamers finished out the theme.

Music throughout the evening was furnished by the Lamplighters, an excellent amateur group from Vernon High School.

A "floor show" demonstrating the current teen age rave, the "bop," was presented by a member of the band, Norwin Hughes, and his date, Pat Harborn, who gave their interpretation of the dance.

Red punch containing floating red carnations, and cookies were served at intermission to the band members and dancers.

The evening was pictured permanently in the memories of all by the camera of Jimmy Ashford, Quannah photographer, who took snaps of dancers on the floor and of each couple under a beautifully decorated heart of red crepe paper and white doilies.

## THIS, THAT AND THE OTHER

Well, your old friend is still so excited about what happened at the FHA banquet that it's hard to calm myself down enough to write anything that makes much sense.

Basketball is over for the girls, and they started volley ball last Monday; however, the boys won district, and we are all hoping that they will go all the way. Their last district game was Monday night.

The Crowell High School band presented a very nice concert on Monday night, Feb. 8. The band worked hard to present a good program, but the turnout for it

was somewhat disappointing. We feel that everyone who didn't come missed a treat. The band led the FFA parade last Saturday, and a pancake supper for the band's benefit will be given Friday, Feb. 19.

This comment is a little late, perhaps—but we wonder whether any fast drivers have considered slowing down after viewing the wrecked car of the unfortunate man from Lubbock.

Are you "cramping" for exams? If everyone would pay attention in class and bring up daily work, this wouldn't be necessary during six weeks tests. (Just a friendly bit of advice.)

The actions of man are like the index of a book; they point out what is most remarkable in them.

The Jr.-Sr. banquet's date has been set. It is to be held on April 2. Keep this important date in mind.

Congratulations go to Maurine Youree for winning "Miss Texas" at Stephens.

## WHITLEY IS JUNIOR OF WEEK

Chances are you've seen him at work on the basketball floor, in which case you were probably impressed with his outstanding ability. Who is this guy? He is Gaylon Whitley, our junior of the week.

Gaylon, who is 5 feet 11, is dark complexioned with black hair and brown eyes. He says he could live on fried chicken, gravy and mashed potatoes.

"Duce," as his many friends have nicknamed him, is treasurer of the junior class. He was crowned king of the local FHA chapter at the Sweetheart banquet Saturday, Feb. 13.

Some of Gaylon's favorites are first and foremost basketball, war stories by Ernie Pyle, popular music, watching football games, hunting, fishing and swimming. And uh-hh, Quannah might be added.

# Ford's New Ball-Joint Suspension gives you the Newest Ride on the Road!

**This revolutionary new Ford front suspension soaks up road shock before it reaches you! Makes all riding and handling easier!**

**Seals out dirt.** You can forget road splash because dirt and water can't get into the ball joints in Ford's new front suspension. Each of the four joints is effectively sealed by a unique rubber-and-metal shield. This means that contact surfaces of each ball and socket remain clean—wear is kept to a minimum.

**Keeps that new-car feel.** You'll enjoy Ford's new-car feel much longer because ball joints are spring-loaded to compensate automatically for any wear. Front wheels hold alignment far longer than with conventional systems. Ball joints can't stick or bind. Steering remains consistently easy.

The "OLD" roads won't seem the same with Ford's new Ball-Joint Suspension "paving" the way for you. You'll enjoy a softer, more level ride because Ford's new system allows greater shock absorbing movement of the front wheels. Handling is far better, too. That's because conventional kingpins have been replaced by simple, sealed ball joints that won't stick or bind. No other car in Ford's field can equal Ford's ride—because no other has Ball-Joint Suspension.

Agile new performance, too, is yours in a '54 Ford... whether you choose Ford's new 130-h.p. Y-block V-8 or 115-h.p. I-block Six. And no matter which of Ford's 28 new models you choose you enjoy recognized style leadership—with clean, modern lines... sparkling new colors... and harmonizing upholstery fabrics and trim.

**Eliminates 12 wear points.** Ford's Ball-Joint Front Suspension eliminates 12 of 16 points of wear found in conventional systems. Rubber-bushed supports at inner ends of suspension control arms reduce the number of wear points and insulate chassis from road noises.

Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, State Health Officer

Reports coming in from various sections of the state indicate that influenza is quite prevalent throughout Texas, according to Dr. Geo. W. Cox, State Health Officer.

To protect yourself and others from such diseases, here are some of the things to remember: Influenza is highly infectious. Practically everybody is susceptible to it.

Keep fit by drinking plenty of water, eating simple, nourishing food and taking some out door exercise every day.

Something to Think About

If anyone thinks the regulated, taxpaying, business-managed power companies aren't capable of meeting this country's electric needs, these facts should change his mind.

Today the industry's generating capacity is double that of 1942. Last year it spent \$2,850,000,000 for new construction, and this year it plans to spend \$3,000,000,000. Since World War II, construction expenditures have totaled \$18,000,000,000.

Finally, here's one more fact that should interest you. For four straight years, taxes have been the biggest item of the industry's expenses. Its 1953 taxes came to \$1,338,000,000.

Tom Reeder entertained with a Valentine party at his home last Thursday night. Guests included Allison Self, Martha Schlagal, Helen Hill, Jessie Dell Ricks, Opal Barry, Haskell Norman, Jack Thomas, Joe Roberts, Arthur Bell and Charlie Ashford.

In the News . . . 30 YEARS AGO

News items below were taken from The Foard County News of Friday, February 15, 1924:

The City of Crowell collected \$14,000 of the \$15,000 city taxes assessed last year. Of the 208 city polls assessed, there were 194 collected.

F. W. Mabe of Medicine Mound and E. J. Smith are opening the Smith & Mabe Shoe Shop to be located between the City Hall and the Sink Studio.

Preparations are being made by the Landreth Company to start a well on the Furd Halseil ranch 10 miles south of Crowell. The machinery and fixtures used in drilling the Beverly well north of town have been moved to the Halseil ranch and will be used in drilling this well.

The opera house was filled to its capacity Monday night to enjoy the big minstrel show put on by the fire boys of Crowell.

The Columbian Club met Wednesday afternoon, Feb. 6, with Mrs. N. J. Roberts as hostess. Promptly at 3 P. M. J. Glover tuned in the splendid new radio receiving set and for one hour we thoroughly enjoyed a program from the Methodist Church in Fort Worth. We can but pause in silent wonder and thanksgiving before the miracle of the radio.

Joy riding, jazzing and movies are pointed to as a cause of the disintegrating of the home and that the radio has come to offset their influences. Just how much credit is to be given the radio for the good it does is not yet determined. It has its bad features and one of them is the opportunity it offers for hearing Sunday sermons without being permitted to drop a penny into the collection plate.

Ep M. Haney, the insurance man of Vernon, was here Wednesday on business.

The Margaret High School boys basketball team lost to Medicine Mound 8 to 12 last Friday. However, the Margaret girls beat Medicine Mound girls 10 to 2.

Judge Jesse Owens returned last week from Washington where he attended the third annual convention of the Lee Highway Association in that city.

News from the Congress

by Congressman Frank Icard

Last week, Dr. Cesar Gonzales, Ambassador from Venezuela, conferred the Order of the Liberator on General Ernest O. Thompson of the Texas Railroad Commission. It is my understanding that the Order of the Liberator is a high Venezuelan decoration that is awarded by that government only to those people who have rendered great public service. General Thompson was recognized for his more than twenty years of service to the cause of conservation of natural resources, principally, oil and gas.

It was just a few days ago that President Eisenhower made the first official announcement that the United States had exploded the hydrogen bomb on a Pacific island in the fall of 1952. Since the President's announcement, members of Congress have been given further information on the subject. It was my privilege to view films showing the great preparation that was made for the explosion and the actual explosion itself. Information conveyed by these films is still highly classified.

Last week I introduced a bill which would raise personal income tax exemptions from \$600 to \$800. This would apply to all individuals paying income taxes and their dependents. The bill also provides additional exemptions for old age and blindness. I am hopeful that this bill will receive favorable consideration by the committee on ways and means and will be approved by Congress.

The confusion that has developed over the so-called Bricker Amendment, which would outlaw any treaty that is in conflict with our Constitution, still exists. In fact, at the moment, it looks as if things are in a hopeless tangle. There have been a number of compromises suggested. It seemed for awhile that the compromise most likely to succeed was that offered by Senator George of Georgia; however, now it seems doubtful that even the Georgia senator's suggestion will satisfy the objections of the administration.

The next few weeks promise to be pretty busy ones here. The House should have its first appropriation bill for consideration this week, and after that, the bills providing for the building of the St. Lawrence Seaway and postal rate increase will quickly follow. Each of these promises to be highly controversial and will be in for a rough time before they are disposed of.

YOUR Senator Reports

by LYNDON B. JOHNSON

No. 1 Problem: Most Texans consider that, of the 10 biggest problems facing the State, the greatest is water shortage and its effects. That fact was brought out strongly in a recent public opinion poll.

Thirty-eight per cent of the Texans interviewed named water shortage or effect of water shortage as our No. 1 problem. This was mentioned almost more than the next five biggest problems combined — improvement of schools, cost of living, improvement of highways, unemployment, cost of government.

Water Plan: Dr. Walter Prescott Webb, famed Texas historian, reports that the great inland canal recommended for carrying water to the Lower Gulf Coast area would increase the region's annual income by five billion dollars.

This is the plan drawn up at my request by the Bureau of Reclamation of the Department of Interior. In time, says Dr. Webb, the plan must be carried out, because "the logic of facts is so strongly in its favor, and because the need is imperative."

Texas Judgeships: In the 1953 session, I introduced a bill creating a badly needed additional Federal judgeship for the Eastern District of Texas and making permanent the temporary additional judgeship in the Southern District. The provisions of my bill were included in an omnibus bill, on which a House-Senate conference committee has reached agreement. The measure is expected to be-

come law in the near future.

Defense Budget: Committee hearings have started on the military part of the President's budget. The President requested \$1 billion dollars for the Department of Defense. He asked about five and one-half billions for foreign military aid and other military and international programs. He wants four billion dollars for the Veterans Administration.

News Briefs: President Bayar of Turkey, miracle nation of the twentieth century and our true friend, addressed a joint session of the Senate and the House. He will be in Dallas on Feb. 15. . . Glad to see George Spence and Francis J. Warnock, both of Ysleta. Mr. Spence is president of the El Paso Valley Cotton Association . . . Another pleasant visitor was Jaboe Young of Port Arthur, here for a meeting of the National Council of Independent Unions. Mr. Young is with the Seaman's Association, which has never had a strike or threat of a strike . . . Sorry to know that Johnny Lyle of Corpus Christi and Lloyd Jensen Jr., of McAllen have decided not to seek reelection to Congress. They have served their districts ably and well . . . Guy C. Jackson Jr., of Anahuac, president of the Texas Water Conservation Association, was here on organization business . . . President Eisenhower is advocating the kind of upstream water control program covered in legislation I introduced in the Senate and Congressman Bob Poage introduced in the House.

Fort Worth—At a meeting last week of the Texas Swine Breeders Association officers and directors, the matter of swine shows was discussed. A number of the breeders expressed the view that because of the cancellation of major hog shows there had been some undeserved criticism of the shows and the Texas Livestock Sanitary Commission.

It was brought out at this meeting that perhaps some explaining of the reasons hog shows had been cancelled would clear up some misunderstandings. The major shows cancelled their swine departments last year because of VE (vesicular exanthema). They did this because the symptoms of VE are identical with those of foot-and-mouth disease.

This requires that tests lasting at least ten days and in some cases 21 days, would have to be made at a show if a case of VE broke out. This would tie up all cattle, sheep, goats and hogs for ten days to three weeks, since they would all be in quarantine and could not be moved from the

**Shell Reef Tests Being Made on Gulf Coast**

The executive secretary of the Game and Fish Commission has announced that experiments are being made in the hope of adapting a device used by an oil company toward charting the state's valuable shell resources in the Gulf of Mexico.

Shell has become a basic ingredient for many of the large industries along the Gulf Coast, according to the Executive Secretary who said an accurate inventory of deposits is desirable for that and for other reasons.

He added that an improved method of charting the shell reefs would eliminate the old hit-and-miss method which has made it difficult to properly protect fish life resources and would generally help conserve a vital natural resource.

The Executive Director said the experiments are under the supervision of C. W. Reid, Chief Marine Biologist for the Commission, with headquarters at the Marine Laboratory in Rockport.

Austin—Politically troubled waters in Duval County came to a boil as Federal and state officers probed errors in impounded records.

Pressure of the investigation resulted in mass resignations including school district officials and county commissioners, all supporters of Political Boss George Parr.

Most prominent man to quit was Tax Assessor - Collector D. C. Chapa who is regarded as Parr's lieutenant.

Attorney General John Ben Shepperd obtained the record impounding order from Special Judge Arthur Klein of Harlingen after some 800 cancelled checks were found missing.

State Auditor C. H. Cavness reported that the first voucher he turned over in Duval County records was the transfer of \$5,000 from the jury fund to another fund.

Shepperd asserted that a jury fund is "inviolable" and could not be transferred legally into any other fund.

A squabble appeared likely over who will get to rule on Klein's temporary injunction impounding the records. Hearing on the motion is set for February 19.

District Judge C. Woodrow Laughlin said he had arranged his affairs to be present for the hearing on that date.

"My understanding of the law is that when I am in the district, I am the district judge," he said.

It appeared that the matter would be settled among Klein, Laughlin and Administrative Judge W. R. Blalock who assigned Klein to the case.

—tpa—

In pushing the state's case, Shepperd asked Judge Laughlin to set a hearing on a petition to discharge the Duval County grand jury because seven of its twelve members were linked with Parr.

Laughlin has stated that Shepperd will have to prove allegations that the jury couldn't make an impartial investigation involving Parr or his supporters.

"I am confident they would indicate if they thought they should—and they would weigh through 17 Texas Rangers to do it," the judge said.

Removal charges against Laughlin were considered by the Texas Supreme Court.

One of the charges of official misconduct against Laughlin in the ouster proceedings was that he discharged a grand jury before it had completed an investigation.

Judge Klein presided in Duval during Laughlin's appearance before the Supreme Court.

A state witness and former deputy tax collector testified that school fund vouchers had been made to fictitious persons and the money given to George Parr on the latter's orders.

These vouchers were against the school district for the amount of teachers' contributions to the teacher retirement system, the witness said.

According to the witness, Parr had dominated the board of trustees of the district and had "taken it upon himself to countersign all vouchers" but to the witness' knowledge had never been an employee of the school district.

Five Texas Rangers were stationed in San Diego. One of them, Captain Alfred Allee, had another scuffle, this time with District Attorney Raeburn Norfris.

Allee also has fought with Parr and is under indictment on a charge of assault to murder the political leader.

Signs of revolt by long-time Parr supporters have also been reported.

J. L. MacDonald, Benavides oilman-rancher who holds a special Texas Ranger commission, said that representatives of three prominent Duval County families claimed they had given Parr an ultimatum to clean up the mess or they would do it with or without his help.

Governor Allan Shivers declared, however, that it will take "continual vigilance" to see that the mess is stamped out.

Four "wrongs" need to be righted in Duval County, he said, listing these wrongs as the apparent misappropriation of funds, the denial of rights, the absence of a forum to which the citizens can appeal for help, and officers who deny the rights citizens ordinarily have when those citizens oppose the regime.

**DIESEL "GIANT HORSES" EAT OIL, SAVE COSTS**

The diesel-electric locomotive, an oil-powered vehicle, has answered many perplexing problems facing railroads in recent years. One of the most important has been low-cost operation. Diesel locomotives can be run for more hours and more miles than other locomotives, thereby allowing railroads to operate with fewer of these "giant horses." Oil's part in the nation's transportation system adds up to an incredible story of greater economy with greater efficiency.

**Hardeman Mirror Published in Margaret in 1886**

The following paragraphs are a portion of an article printed in The Chillicothe Valley News on February 4:

"On February 25, 1886, a hand operated printing press in Margaret produced issue Number 4 of the Hardeman Mirror, the county's first newspaper.

"That issues lies on the News desk now, yellowed with age, creased and tattered from 67 intervening years of handling. It was brought to the office as a curiosity recently by a local lady.

"Along with it she brought a copy of the Chillicothe Eagle dated August 29, 1890, Chillicothe Weekly Clipper, dated February 19, 1891, and two of the Independent both vintage 1905.

"Only antique scraps of paper now, these five news sheets represent a great phase in this area's history. With their chronicles of camp meetings, mule trading, horsehoe pitching, saloon ads, etc., they reflect the live story of a by-gone age.

"Perhaps the most interesting of these is the elder Mirror published in Margaret. That dying community, now in Foard county, was then the only town of Hardeman and just nine months old at that.

"It was published by a Messieurs DeDermott & Grant who saw great things in store for the city. To illustrate, it is simpler to quote a part of the front page editorial, situated between two rows of ads:

"Margaret, the county site of Hardeman county, is situated on Peace River, 23 miles west of Vernon and 34 miles west of Harrold, the present terminus of the Fort Worth & Denver railway, and 12 miles east of the Hardeman county copper mines.

"It is now nine months old. (It has) three general merchandise stores . . . one drug store, one saloon, three hotels, a boot and shoe shop, a harness shop, a butcher shop, a barber shop, one millinery establishment, a black smith and wagon shop, a livery stable, two wagon yards, a printing office, a free public school building, a \$10,000 jail and a court house.

"Our commissioners have ordered the building of (a courthouse) to cost not less than \$40,000. Margaret is unlike most of the frontier towns, in that it has no fear of a rival."

"Ah, the irony of it all. The editors continue in the lavish prose of the day to praise the morality of its residents, the

beauty of the scenery and the promise of a town that seemed likely to become a peer of cities.

"In the realm of foreign news, the pioneers noted that Mr. Gladstone's cabinet had just received its first laboring man as a minister. A Russian revolutionary was captured and French strikers, as usual, were throwing up barricades.

"If England goes on refusing Ireland her legislative independence," say the editors, "there isn't a dynamite society in America wicked enough to get my hand and money not to get my hand and money—whatever that means.

"Closer to home was the short lived Chillicothe Eagle, 1890. Perhaps the most notable remark in its maiden issue is a brief paragraph:

"Chillicothe has the best water of any town in the Panhandle which can be had anywhere at a depth of from 25 to 40 feet."

**DRILLING COSTS MOUNT AS DRILLING DEPTHS SINK**

Costs of drilling for oil increase fantastically as drilling depths increase. A 13,000 foot well, instead of costing two-and-a-half times as much as a 5,000 foot well, costs six times as much to drill. Despite the staggering costs involved, oil men continue to drill deeper and deeper in their search for oil. One well recently was drilled to a depth of more than 21,400 feet.

## Warming Impulses

One way for a government to increase its revenues is to reduce taxes!

Does that sound like a foolish contradiction in terms? Well, it describes exactly what has been happening in Canada. In that country's 1953-54 budget, both individual income taxes and corporation taxes were cut, by 11 per cent and 9 per cent respectively. After six months of operation, this budget had brought the government some \$90,000,000 more than was the case last year when the higher tax rates were in effect.

What happened, in the words of Time, is that "the tax reductions apparently sent warming impulses throughout the entire Canadian economy." In other words, Canadians saw more incentive to work hard and take financial risks—and citizen and government alike came out ahead.

## Wardens Seize Night Hunters

The Director of Law Enforcement for the Game and Fish mission reported that the arrest report shows five prosecutions for night hunting.

The list included forty cases specifically citing shooting after dark.

The Director said the force constantly improving on the way radio technique in detecting headlighters.

He added that the enforcement pressure was further reflected in the fourteen prosecutions in the report, traced to a car from an automobile.

A flareback to the recent hunting season was common in the item reporting the cases of outsiders hunting out non-resident licenses.

## THE WILDCAT

(Continued from Page 2)

it was slow work. After this foundation the first half, Mrs. Sloan reports, the girls have improved rapidly. She gives much of the credit for these results to the excellent coaching and instruction Lindell McBeath has done.

At the first of the week the girls voted on who was the most courteous, the best player, and the best sport. Carolyn Monkres was voted the most courteous member of the class; Shirley Fox the best player; Barbara Borchardt and Margaret Bullion tied for the title of best sportsmanship.

**CROWELL GIRLS BREAK EVEN**

The Crowell girls' basketball team broke even last week as they nipped Holliday 42-37 Tuesday night and then lost a tight one to Archer City Friday night 36-38.

The local sextet looked extremely good here Tuesday night as they led the Holliday squad all the way, because of the fine shooting of forwards, Smith, Kincaid and Bell — and the excellent defensive work of guards—McCoy, Eddy, and Meason. Smith led the Crowell scorers with 16 points.

The girls lost a heartbreaker Friday night as they tangled with Archer City. It was a close one, with the two teams knotted at 15 points each at the intermission period. Crowell came back of the third quarter to take a 29-25 lead only to be overtaken in the final period by the Archer City girls who were led by Nancy Lee, who accounted for 29 of Archer City's 38 points. Frances Kincaid took top scoring honors for the locals with 20 points.

## CATS WIN NINTH STRAIGHT; CINCH TITL

The Wildcats of Crowell High School captured the district 1A-9 crown last week when they coasted over Holliday and Archer City, bringing their victory skein to nine straight games.

The Cats had little trouble with Holliday, blasting them 60-46 with the reserves playing most of the last half. Crowell's Gaylon Whitley was the game's top scorer with 18 points, and Gordon Graves was runner-up with 15.

The contest the following night with Archer City was somewhat closer, with the Cats leading only five points at halftime, but they got rolling in the third, however; and crushed the Archer Wildcats 68-44. Gordon Graves was high man this time with his 23 markers. Lindell McBeath, replacing regular center Jimmy Harper, pitched in 12.

This is the third time in the last four years that Crowell has taken the district crown. The Cats will more than likely meet the winner of district 1A-10 in the bi-district.

**THE CAT'S PURRS**

Let's see what's happened in the twitterpated department of CHS.

Sue and Gerry will be back together; so they tell me.

Triangle of the week: Robert Kincaid, Barbara Fairchild, Ted Kile.

Did everyone have a good time at the dance Saturday night?

Some couples seen at the banquet were Shirley Ann and Patricia-Buddy, Pat-Chumpy, not to mention LaVoy and her unknown date.

We were glad to see the boys home from Ranger. Also Joan Roberts.

Francine-Wayne, Doris-Bud were seen over the week end.

Nancy had a sparkle in her eye, reason, Henry was home.

Seen having fun Friday night were Chun, David, Bobby, Audie, Rebecca, George Ann and Jean. CloVonne and Doyle were seen Sunday afternoon.

Seen at the ball game Thursday night were Janis and Jerry, Charlene and Billy.

Robert Davis and Don Kidd had Sunday dates with two snazzy Quannah blondes.

The Davis gals got their Valentine candy all right.

Jackie and Jean were seen Saturday.

Did Chun get stuck in a ditch Saturday night; we wonder? How about it, Maxine?

What's this we hear about Jimmy Harper and Peggy Long?

Seen at the ball game last week were Robert Love-Joann Fox, Clara-Don.

New game for teen-agers: Cops and robbers. For details see Jimmy Thaxton, Doris Cates or Bud Hammonds.

New couples: Arleta-Joe Don Thompson, Betty Sue-Bobby Davis, Carolyn Kay-Gaylon, Vida Jean-Coleman, Sue-Bobby Norman.

CloVonne seemed to have a secret admirer at the dance Saturday night.

Cates, did you have a good time Friday night?

The club house wasn't the only active place on the Country Club grounds Saturday night, was it Gerry?

A new couple seen at the banquet was Joe Pruitt and Patsy Mechell.

**The Cat's Tail.**

**CHUN'S CHUCKLES**

Halbert: Which type of hen lays the longest?

Myers: Dead ones.

After running over a bird in the western part of Texas, a man remarked, "What kind of bird was that?" "A bird of paradise, I think," said his wife. "He's a long ways from home, isn't he," said the husband.

## Kathryn Taylor and F. J. McDougle Exchange Vows

Mrs. Kathryn Taylor of Vernon became the bride of F. J. McDougle of Foard City during a simple ceremony last Thursday evening in the home of Rev. Kenneth Teegarden, pastor of the Central Christian Church in Vernon, who directed the exchange of vows.

The bride is the daughter of the late Mr. and Mrs. Jay Hendrick of San Saba. Mr. McDougle is a son of Mrs. Lee Lefevre of Foard City.

The bride wore a powder blue wool knit suit. The bodice was fashioned with a rounded neckline outlined with white fur and bracelet length sleeves. Her winter white velour hat was accented with rhinestones and had a tiny complexion veil. Her corsage was a white carnation.

Mrs. Everett Odum of Vernon was matron of honor. She wore a black faille dress and a white carnation corsage. Mr. Odum served the groom as best man.

Mrs. McDougle is receptionist and office assistant to Dr. Emory D. Hollar in Vernon. She is president of the VFW Auxiliary and a member of the Business and Professional Women's Club.

Mr. McDougle is foreman of the Paul Shirley ranch in Foard and Knox Counties.

After a short wedding trip, they will make their home in Vernon.

### SERIES OF MUSICALES

A series of small musicales have been given recently by the pupils of Mrs. Allen Sanders.

On Friday, Feb. 12, pupils who are in the fifth and seventh grades in school, played for their mothers and friends in the music room. Those playing were Mary Ann Brown, Patricia Prosser, Roxie Adkins, Gay Johnston, Linda Ferguson, Wanda Moore, Carole Fisch, Kay Johnson and Barbara

Goodwin. The pupils in the primary department in school had their program in the home of Mrs. Cecil Driver. Duets and solos were played by Beverly Thompson, Sharon Everson, Arcina Garrett, Judy Barker, Carla Driver, Carolee Olyphant, Linda McClain and Sue Sanders. Cakes were served to the pupils and their guests.

The next group, sixth grade school pupils, had their musicale in the home of Mrs. Henry Borchardt on Sat., Feb. 13, at 4:30. The Valentine theme was carried out in the decorations and in the refreshments.

Jo Frances Long, Elizabeth Farbis, Janie Bowers, Danny Callaway, Elma McAnally, Sue Bursley, Judy Borchardt and Charlotte Sledge were the girls who played for their guests.

Next week end, at the home of Mrs. Lee Black, another group will play for their mothers and other guests. Noel Wilkins, Shirley Fox, Betty McKown, Jana Black, Sandra Campbell, Sandra Sanders, Carolyn Sue Monkos and Margaret Bullion will play.

The last musicale will be given by the high school pupils in the home of Mrs. Moody Bursley. Those who will take part are Latrelle Duckworth, Jo Ann Fox, Devin McAnally, Carolyn Bursley, Arleta Teague and Maxine Walker.

### B. & P. W. CLUB

The Crowell B. & P. W. Club was hosted to the other clubs in District 10 at a meeting held in the Forum Room of the municipal auditorium in Vernon Sunday afternoon. Representatives from Graham, Wichita Falls, Electra, Quanah, Paducah, Childress, Memphis, Clarendon, Shamrock and Vernon were present.

The purpose of the meeting was to inform the clubs of the happenings at the State Board meeting held in January and to give them a preview of things to be voted on at the state convention in May. Presiding was Mrs. Evelyn Blythe, district director, of Graham. She briefed the group on the status of the Minnie L. Maffett

scholarship fund and the progress being made throughout the state in the campaign for jury service for women.

Further discussions of pending legislation were made by Miss Aileen Ater of Childress, immediate past president of the state federation; Mrs. Pearl Scott of Wichita Falls, state treasurer; Mrs. Dove Carlie, of Crowell, a member of the state nominating committee; and Mrs. Helen Givens of Quanah.

Attending the meeting from Crowell were Mrs. Audrey Collins, president, Mrs. Dove Carlie, Mrs. Louise Fisch, Mrs. Ella Mae Cates, Mrs. Mary Olive Womack and Misses Lottie Russell and Mayme Lee Collins.

### WEST SIDE H. D. CLUB

"Enclosed seams should always be trimmed and clipped, especially rounded and curved seams. Trim and clip close to the seam, and if you use an interfacing, sew it to the under-collar and trim off close to the seam. Lay top collar on and set back about one-eighth inch from edge all around leaving the fullness in top collar to be taken up, trim off seams and turn." Mrs. Mary Brown told the ladies of the West Side Home Demonstration Club when she gave a demonstration on collars and facings in the home of Mrs. J. T. King on Feb. 9.

Club goals were selected. The first was to help the needy and to especially help the fire boys with Christmas packages, and to send a package to the Vernon State Hospital.

Mrs. King served coffee and doughnuts to visitors. Mrs. Brown, Mrs. Tom Bursley and Mrs. Ruth Cole, and members, Mesdames S. H. Ross, Parker Churchill, S. E. Tate, M. O'Connell, Walter Thompson, Oscar Gentry, R. J. Roberts, Bert Mathews, Jack Lyons, E. A. Dumagan, J. L. Kincheloe and C. R. Bryson.

The club will meet Feb. 23 with Mrs. Jack Lyons as hostess in the home of Mrs. M. O'Connell.

### VIVIAN H. D. CLUB

"The fitted facing is the easiest and neatest method of attaching collars on dresses," stated Mrs. Mary D. Brown, H. D. Agent, in her demonstration on Collars and Facings to the Vivian Home Demonstration Club which met in the home of Mrs. Warren Haynie with nine members, four new members and three visitors present.

"Always sew front and back facings together before you start and if material is heavy, trim each seam of collar different lengths so it won't be bulky," continued Mrs. Brown, who also demonstrated two other methods of facings for attaching collars and showed how to cut bias facing in one continuous strip.

Meeting was opened by club prayer and roll call answered by "Trouble I have with collars and facings." Mrs. James Sandlin was selected as delegate to district meeting to be held in Seymour and also as club nominee for county THDA chairman. Club adjourned to meet with Mrs. Arthur Sandlin on March 25.

Visitors present were: Mrs. Dave Boren, Mrs. Henry Fish and Mrs. John Fish. New members were Mrs. Gordon Erwin, Mrs. Pat McDaniel, Mrs. Ernest Boren and Mrs. Marion T. Gilbert. Members present were: Mrs. Clyde Bowley, Mrs. Arthur Sandlin, Mrs. Allen Fish, Mrs. Dee Gilbert, Mrs. James Sandlin,

## Home Demonstration Notes

MRS. MARY D. BROWN

All of the 4-H mothers and 4-H club members are to be congratulated on the food sale last Saturday. It certainly was a successful sale and without you it could not have been.

Council will meet this Saturday, Feb. 20, in my office at 2:30 p. m. At this time we will hear committee recommendations for the coming year. After Council, Mrs. Tom Callaway, County THDA Chairman, will conduct elections for the three delegates to the district THDA meeting to be in Seymour on March 24 and for a County THDA Chairman. We got off to an excellent start last month and I hope each member will be able to attend this Saturday.

### New Bulletin

I have now in my office a new bulletin called the 1954 Guide for Controlling Insects on Ornamental Plants in Texas. This is a handy guide for home owners on insecticides and their use and it lists control methods and insecticide doses for more than 50 common insect pests.

In addition to containing instructions on mailing insect specimens to Texas A&M College for identification, this bulletin tells how to store and handle household and bulk insecticides. It also gives a brief outline of the three types of poisons — stomach, contact and fumigate—and how each works.

This bulletin also contains a useful dilution chart for mixing sprays at home.

If you would like to have this bulletin, call or come by my office.
