Crowell School will be held in the school tax collector's office under the direction of Mrs. C. W. Thompson. The names of Mike Bird and Glen Goodwin will appear on the ballot for re-election. Other Crowell trustees are Grady Halbert, Roy Barker, William Bradford, Otis Gafford and Edgar Jones.

The Thalia election will be held at Thalia. The terms of Bill Cates, Antone Kajs and Ben J. Hopkins will expire. Jim Moore, Fred Gray, Walter Ramsey and Leon Taylor are other Thalia trustees.

Noted Musicians to Present Program in Paducah Church

Cecil Bolton of Lubbock and Harold Dutton will be presented by the Euterpean Club of Paducah Sunday afternoon, March 20, at 3 o'clock in the sanctuary of the First Methodist Church as a feature of the club's annual guest day program and concert of the year. It has been announced.

Arranged to bring Paducah the finest in sacred music, the program will be open to the public with no charge, and everyone is invited to attend.

ROTARY CLUB

The program for the Wednesday noon luncheon of the Rotary Club was a very interesting account of the District Conference held in Brownwood, given by Decker Magee, incoming president of the Crowell Club.

Student guests attending for the first time were Rufus Whitman and John Wright. The only visitor was Rotarian Joe Anderson of Quanah.

LIONS CLUB

Visitors at the Tuesday noon meeting of the Crowell Lions Club were Rotarians Grady Halbert and Durwood Sanders. Speaker for the luncheon was Maurice Crawford of Wichita Falls who made an interesting talk on the stock market and how it is operated.

Over 400 Attend Band's "Variety in Review" Program

The Crowell High School Band, under the direction of E. L. Rickard, presented "Variety in Review" at the Crowell High School auditorium on Tuesday night, March 8. The program was very entertaining and immensely enjoyed by over four hundred people who attended.

Some of the numbers presented by the entire band were: Golden Eagle, Copacabana, Vincent Youman's Fantasy, Sunset Soliloquy, and Lieutenant Commander Gordon Graves as master of ceremonies and Bobby Davis as student director were excellent in their performances.

Some of the special numbers that were received in an enthusiastic manner by the audience were: Aldon Garrett's song, "Blue Moon"; solos by Nelda Kay Brooks and Gail Knox; piano numbers by Noel Wilkins; Patricia Prosser's pantomime number; Elizabeth Davis in a saxophone solo; a short sketch, "Impressions of a Secretary," featuring Zonell Eddy; "Flicker Flashbacks," a skit by Sue Meason, Nelda Kay Brooks, Frances Kincaid, Sandra Campbell and Jerry Fairchild; four numbers by a German band; several numbers by a dance band featuring JoAnn Fox and Elizabeth Davis; and a very artistic twirling performance by Billye Elliott.

The Band Booster Club served refreshments to all the performers and their parents at the band hall immediately following the program.

The Band Booster Club will use part of the proceeds to purchase a tape recorder for the band. Director Rickard states that the Crowell Band will participate in the Jackson Band Festival on April 2. Both sight reading and concert will be entered by the local organization.

Wanda Murphy Named Homemaker of Tomorrow at C. H. S.

Wanda Murphy, daughter of Mr. and Mrs. Jack H. Murphy of Crowell, has been named the Homemaker of Tomorrow in Crowell High School.

She received the highest score in a written examination which tested the homemaking aptitude of the senior girls in her graduating class. She will receive a golden award pin, cook books for herself and her school, and she will be entered in competition to name this state's candidate for the title of Betty Crocker American Homemaker of Tomorrow.

The national winner in this search conducted among 187,463 young women in 8,940 of the nation's public, private and parochial high schools will be named April 21 at an American table fete in Philadelphia.

A scholarship of \$1,500 will be awarded each state winner, and she will receive a trip with her school advisor to Washington, D. C., colonial Williamsburg, Va., and Philadelphia. Her school will receive a set of Encyclopedia Britannica.

The scholarship of the young woman named All-American Homemaker of Tomorrow will be increased to \$5,000.

Each girl who took the test received a 24-page homemaking guide which will assist her in pursuing the career of homemaking.

W. A. Cogdell's 81st Birthday Celebrated

W. A. Cogdell, long-time resident of Crowell and a retired rural route carrier, was honored on his 81st birthday at his home in Crowell last Saturday when some of his out-of-town children met here for that purpose.

They were Miss Nancy Cogdell of Wichita, Kansas, Mrs. James Brothers and children, Jimmy and Julia Helen, of Shamrock, Mr. and Mrs. Allen Cogdell and children, Bob, Maxine and Roger Allen, of Paducah.

In addition to being a veteran rural route carrier, Mr. Cogdell is also a veteran of the Spanish-American War.

FOARD VOTERS TO BALLOT SATURDAY ON BOND ISSUE FOR RIGHT-OF-WAY TO BAYLOR CO. LINE

Extension of Highway 199 from Crowell to Seymour Termed "One of Most Importance"

AN EDITORIAL

The most ardent good roads advocate is conscious of the apparent damage and inconvenience that is caused by a paved highway crossing a man's farm or ranch, but honestly believes that the advantage of having a hard-surfaced road nearby far outweighs any damage done. Paved highways already constructed in this county and all over the state have caused inconvenience to property owners. The fine system of highways in Texas cannot continue to progress unless land owners consent to grant the right-of-ways. It is not the desire of anybody that property owners be hurt or inconvenienced.

But, it is the duty of the State Highway Department to build and maintain a system of highways that will be of the most benefit to the most people and at the lowest possible cost. Therefore, it is imperative that the shortest route between two points be selected to cut down the distance. Many years ago counties had to vote bonds to build good roads. Now they are only required to furnish the right-of-way and the State Highway Department builds the road.

As stated before, road building is a co-operative affair. People in one place will take care of their part of it, and on the other end, somebody else will pay. Saving of distance is no small thing in road building.

Foard County has always cooperated in highway construction and, no doubt, the present road program will be no exception.

Qualified taxpaying voters of Foard County will go to the polls Saturday to vote on the proposition of Foard County issuing \$50,000.00 in bonds to buy right-of-way from Crowell to the Baylor County line for an extension of State and Federal Highway No. 199 from Fort Worth to Crowell. According to reliable reports, the State Highway Commission considers the extension of 199 from Seymour to Crowell, one of the most important highway projects in the state at this time.

One of the first questions to be considered on a bond issue election is "How much will it raise taxes?" The cost is conservatively estimated not to exceed 10 cents on the \$100.00 valuation. The average cost on a section of grassland would be approximately \$1.00 to \$2.00 per section, annually, and on good farm land the estimate is from \$4.00 to \$8.00 per section annually, until the bonds are retired.

According to order for Bond Election printed in recent issues of the News, bonds shall be issued for \$50,000.00, bearing interest at a rate not to exceed 5 percent per annum, and maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed 25 years from date, for the purpose of constructing, maintaining, and operating macadamized, graveled or paved roads and turnpikes or in aid thereof; and whether or not an ad valorem tax shall be levied and collected on all taxable property in said Foard County for the current year and annually thereafter while said bonds, or any of them, are outstanding, sufficient to pay the current interest on said bonds and to pay the principal thereof as the same becomes due.

Should the bond election carry, the bonds will not be issued until the money is needed to buy right-of-way.

Cooperation of Foard County with the State Highway Commission in securing the right-of-way for the extension of this State and Federal Highway, should in no way affect the county's farm-to-market road program, according to reliable information.

Mayor and Three Aldermen to Be Elected April 5

A mayor and three aldermen will be elected in the City election to be held at the City Hall on Tuesday, April 5.

The present mayor, Hubert C. Brown, has filed application for his name to be placed on the ballot, along with three candidates for city aldermen. They are C. R. Seale, Lee Black and J. R. Beverly. Aldermen whose terms have not expired are M. M. Welch and Henry Borchardt.

Mrs. Grace McLaughlin has been appointed presiding officer for said election. Every person who has attained the age of 21 years, and has resided within the limits of the city for six months preceding election, and is a qualified voter under the laws of the State of Texas, shall be entitled to vote in said election.

Shoe Repair Shop

F. W. Mabe has bought the Acheson building between the City Hotel and Ketchersid's Barber Shop from Mrs. J. E. Acheson of Rochester and will move his shoe repair shop to the new location as soon as it is repaired and made ready for installation of the machinery. His former location was in the Graham building on North Main.

A concrete floor has been poured in the front of the building and other repairs will be made.

Over 200 Patrons Visit Crowell Schools During Public School Week Observance

According to Superintendent Grady Graves, "Public School Week from March 7-12 was very successful with about 200 people visiting the school. Fifteen officials from local civic organizations ate lunch in the school cafeteria; forty children that will be first graders next year along with their parents attended the Thursday afternoon program in the high school auditorium where booklets were given out and a film shown; and a continuing stream of patrons visited throughout Friday.

Mr. Graves states that the entire faculty wishes to thank those who showed their appreciation of the schools by making these visits. He also states that any patron is welcome to come and visit at any time.

Local Rotary Club Receives Percentage Attendance Plaque

The Rotary Club of Crowell received the percentage attendance plaque at the annual conference of District 186, Rotary International, held in Brownwood beginning Sunday afternoon and ending Monday night. The local club had the largest per cent of its membership present for the conference. The plaque was presented to Decker Magee, incoming president for the new Rotary year.

Rotarians and Rotary Anns attending the conference were Mr. and Mrs. Grady Graves, Mr. and Mrs. Glen Goodwin, Mr. and Mrs. Herbert Edwards, Mr. and Mrs. Grady Halbert, Henry Fergeson, Tom Woods, Decker Magee and Marvin Myers.

New Butane Company to Begin Business

M. M. Welch is announcing in this issue of the News the opening of the M. M. Welch Butane Co., with offices at his regular place of business at 201 North Main Street.

A new truck has been purchased and equipped with a butane tank. It will be operated by Paul Johnson.

Revival Meeting to Begin at Baptist Church March 27

The First Baptist Church will begin revival services March 27. Dr. Myrridin Lewis of Birmingham, England, will be the evangelist. Dr. Lewis was here two years ago and conducted a very successful campaign. He did such a good job that the church invited him back. Large crowds attended that meeting, coming from all over the Association as well as here in Crowell, Rev. C. T. Aly, pastor, stated.

"He has a unique way of presenting the gospel, and it is believed that many will want to hear him again," Rev. Aly added.

These services are being conducted in cooperation with more than 29,000 Baptist churches throughout the Southern Baptist Convention.

Bro. Aly will be in charge of the music. A large Booster Band along with a good choir will present special music for the revival services.

The entire public is cordially invited to attend these services. Bro. Aly said, "We will surely find that Christ is the answer to all our needs," he further added.

It is requested by the pastor that all who will be asked to join in prayer for a mighty revival in Crowell and Foard County.

News About Our Men in Service

Lt. R. C. Schlagal of the U. S. Air Force, grandson of Mr. and Mrs. H. E. Schlagal and great grandson of Mrs. C. T. Schlagal of Crowell, has recently received his Master's degree from the University of Michigan at mid-term and has been transferred to an air base in New Mexico. Lt. Schlagal is married and has a small daughter and the family will live in New Mexico.

New Shelves Installed at D & R Food Market

New type Gondola shelving has been installed in the D & R Food Market this week. The shelving consists of two 24-foot shelves, running east and west across the building, and matching shelves on the northwest walls.

The new fixtures were purchased from the W. R. Hardy Company of Wichita Falls, who have been in charge of the installation work, which was completed Tuesday.

The checking counter has been moved to the southwest part of the building. The new arrangement and new fixtures present a very attractive appearance.

Speaks at Knox City

Rev. C. T. Aly, pastor of the First Baptist Church in Crowell, was the principal speaker at the Brotherhood "Man and Boy" banquet held at the First Baptist Church in Knox City Monday night.

Revival Continuing

The revival meeting at the Assembly of God Church is continuing through this week, the pastor, Rev. W. D. Brooks, has announced. Rev. Troy F. Frazier, who is doing the preaching, is being well accepted by the church, Bro. Brooks stated.

The public is invited to attend these services.

ALIBIS INCORPORATED

My name is Joe Friday, and all I want is just the facts. Only the facts, man. The main question on this third degree pressure that I am pushing is, "How are you fixed for Alibis?" Now listen, man, all cons have an alibi, so quit riding my back. Get off my back, man!

A terrible crime-wave has occurred in Crowell High and Miss School Teacher has been threatened. Now I want to find out every student's alibi and see if it is airtight. The crime is: not handing in a paper in class.

Ten fifteen a. m. Joe and Bob Student enter my office. I soon learn their alibi is "I forgot." Now, man, that will hold water about like a tea strainer. It really means "I have lost interest in the class, and have no regard for

trying to do my work."

Ten thirty a. m. John Classroom is questioned, and he merely states, "I didn't have time." This hood can't fool me. There are twenty-four hours in a day, and he still wouldn't find time if there were forty-eight hours in a day. I'll put a man on his trail to check on him.

Eleven a. m. Joe Blow gave me the same line. "I have been too busy." This falls about as flat as mashed potatoes. If you ask him, "Doing what?" you cry your eyes out, and what you could have done in a half a day it will take him a day because he runs around telling everyone how busy he has been.

Eleven thirty a. m. Gordie, the Goof, is put through the ropes. All we can get out of him is, "I'll do it tomorrow." Of course, tomorrow never comes, for tomorrow, today will be yesterday to him. His motto is, "Never do today what you can put off until tomorrow."

Twelve o'clock comes. What a day! The same old routine. I think I'll wash my hands of the whole bunch and give up this case. The only way they will change, will be by themselves. These hoods will never make a go of life unless they change. Oh, well, I'll go get me a cup of java and a deck of Luckies and forget about this rough old life.

SEVENTEEN

Now don't get me wrong. I want everyone to know that I am not dumb, because I am seventeen years old. I am what we call a "Cool Cat." I belong to the Meow Club and our official uniform is "real" gone looking. We wear long sloppy shirts, baggy jeans, turned up bobby socks, and purple and orange skull caps. The motto of our club is, "Always keep it cool." Some motto, isn't it? Our official hangout is Pop's Soda Fountain, and man, you ought to hear the cool music.

By the way, our theme song is "Shtiggzy - Boom." We go crazy when we hear all that cool music. If you don't believe us, just be on the corner of Fourth and Main at four o'clock. Don't be alarmed if the sidewalk shakes, because we really eat that music up. Like any other club, our main objective is boys.

I have my eye on a dream boy. He really is a hot cat. Living just down the street from him, I watch him constantly. He wears his collars turned up, one leg of his levis turned down, and has a bleached streak down the middle of his black hair. Boy, he surely

is a dream. When he walks down the street, everyone pants.

Our club went to the bowling alley last night. I was really knocking over the pins, until it happened. Everyone had been talking to beat sixty, but all of a sudden everything got so quiet you could hear a pin drop. I looked up just in time to see dream boy come in and close the door behind him.

I was so excited that I just couldn't control myself. I twirled around, swinging the alley with all my might. The only trouble was that I still had ahold of the ball and went with it.

I suppose I was knocked out when I hit the alley, because I don't remember what else happened. Next thing I knew someone was putting a cool damp rag on my forehead. When I looked up, I saw dream boy bending over me and smiling. That was just too much for anyone, so I went out again.

At the present time I am waiting to hear the horn of dream boy's hot rod. I have a date with him.

Note: A parody on the short story, "Sixteen," by Maureen Daly. The parody was written by Carolyn Barsey and was selected from English III themes.

V. H. S. CHORAL GROUP ENTERTAINS STUDENT BODY

Wednesday morning the Vernon High School Choral Club directed by Mrs. Charles Parson, entertained the students of Crowell High School with an excellent, versatile program of songs. Such popular songs as "The High and the Mighty," "Tico, Tico," "Earth Angel," "Skip to My Lou," and "Open Our Eyes" were sung by various groups and the entire choir. Some of the groups were The Cheralettes, The Four Kats, and the Cat Nippers. Every student enjoyed the program and will look forward to having them back again.

JUNIOR STUDENTS HARD AT WORK

Committees have been chosen, plans are almost completed, and now the Juniors are ready to go to work on that all-important Junior - Senior Banquet. Man, work isn't the word! Who would have guessed there could be so much effort behind a few hours of entertainment? Nevertheless, I believe that when it is all finished and done, that everyone will agree it was all a lot of fun, and that the banquet and prom were worth it.

The members of the committees are as follows: Arrangements, Carolyn Barsey, Geraldine Hrabal and Gail Knox.

Date Committee — Patricia Mechele

Program Committee — Jo Ann Fox and Betty Ingie.

Decorating Committee — Jo Helen Aly, Charlene Hopkins, Francene Coffey, Doris Cates, Zonell Eddy, Barbara Fairchild, Norma Hall, Donna Norris, Arleta Teague, Jackie Walker and Lindell McBeath.

Class Prophecy—Carolyn Barsey and Zonell Eddy.

Prom — Bobby Davis, Ray Gibson and Dale Keith Jones. (How about some real frantic music, fellas?)

Clean-Up Committee — Floyd Bice, Dwayne Boren, Jerry Cates, Gerald Denton, Joe Gordon, Bill Halbert, Leslie Hammonds, Bobby Hopkins, C. T. McDaniel, Dwayne Orr, Joe Pruitt, Jimmy Thaxton, Gaylon Whitman and Larry Rader.

ANNUAL WORK WELL UNDERWAY

March is here, spring has come, and that well known disease, spring fever, has affected everyone, everyone that is, except the annual staff.

As usual, they are and will probably remain busy for some time. However, hard work pays off, and the fact that 60 pages, more than half of the annual, has already been sent in, proves it.

HOBO DAY

Plans are being made for a new money making project, and FHA Hobo Day; however, contrary to the popular tradition, these tramps will not be neer-do-well bums, but industrious, hard-working, skillful workers. (Pd. Adv.) For any simple housework, such as window washing, which takes more brawn than brains, please hire some of the Crowell FHA girls. Rates will be cheap, but the work will be done well.

A committee composed of Wanda Murphy, Barbara Fairchild, Anna Marie Fiske and Patty McGinnis, with Barbara acting as chairman, has been appointed to make specific plans for the coming affair. The money is needed to send three delegates and a mother from Crowell to the State FHA meeting.

Please, when your windows become dirty and dingy, think of us. Thanks!

CROWELL STUDENTS ATTEND MIDWESTERN PLAY

Twenty-one high school students attended, "The Rivals," a play presented by Midwestern University Thursday night, March 10. The play was put on in the Wilberger Memorial Auditorium and was sponsored by the Vernon High School Dramatics Club.

The Crowell students who attended were English and speech students and will receive credit for a drama book report in these classes. The following students attended: Roma Jan Spikes, Zonell Eddy, Joe Brown, George Morgan, Carolyn Barsey, Jo Helen Aly, JoAnn Fox, C. T. McDaniel,

Chun Gafford, Glenn Carroll, Sandra Campbell, Shirley Fox, Betty McKown, Elizabeth Davis, Sandra Sanders, Betty Sue Bartley, Frances Kincaid, Robert Davis, Robert Kincaid, Billye Elliott, Dwayne Elliott and James Choate.

The play's superior acting combined with very beautiful costumes made it a good one indeed. Of course, the main attraction for the Crowell students was V. A. Smith, ex-student of CHS. He played the part of Sir Antony Absolute, one of the leading roles.

CONTEST PLAY UNDERWAY

"The Enemy," a play by Changing Pollack will be the next CHS stage production. It will be the opening performance at Seymour March 22.

This contest play for the Interscholastic League is under the direction of Mrs. Elmo Todd, director of the Crowell High School

drama department.

The 19th century Austrian characters are portrayed by Joe Don Brown, Aldon Garrett, Gordon Graves, Carolyn Barsey, Betty Bartley and Roma Jan Spikes.

"The Enemy" has the setting of a once luxurious home, which has depreciated during the period of war.

Stage crew members are Joe Don Brown, Glenn Carroll, Jackie Walker and Shirley Fox. This committee contributes time and effort which are essential for this production. Sound effects are under the direction of Carolyn Barsey. The dress will be created for this special performance by Eve's Costume Shop in New York City.

Thanks are in order to all the Crowell residents who have contributed for this production.

GAYLON WHITLEY, FRIENDLY SENIOR

The Senior Spotlight is focused on Gaylon Whitley this week. Gaylon is a lanky, dark complexioned boy with a friendly attitude and a bright personality. His favorite sport is basketball, and he has been one of the most outstanding participants in this sport during his career which ended last year due to the eligibility rule.

Gaylon is very popular with his schoolmates. He has been elected as class officer and FHA King. Gaylon's popularity with the opposite sex is demonstrated in the fact that he has more girls in more towns than any other Crowell high boy.

This week the Wildcat points to Gaylon Whitley as an example of the friendliness that is typical of CHS.

Vote for Road Bond Issue Saturday

On February 14, the Commissioners' Court of Foard County called a bond election in the amount of \$50,000.00 for the people of Foard County to vote on, which will be held on Saturday, March 19. The purpose of this bond election will be to buy right-of-way from Crowell to the Baylor County line for an extension of State and Federal Highway No. 199 from Ft. Worth to Crowell. The State Highway Commission considers the completion of this highway one of the most important highway projects in the State at this time. In the near future the Commission is ready and willing to spend an estimated amount of \$1,500,000.00 on this entire project if Foard County and Baylor County will furnish the right-of-way.

The first question that arises is how much will it cost? The estimated cost will not exceed 10 cents on the \$100.00 valuation. On the average, it will run around from \$1.00 to \$2.00 a section on grass land and from \$4.00 to \$8.00 a section of good farm land, annually.

WILL REDUCE DISTANCE TO FORT WORTH!

When this road is completed it would reduce the mileage from Crowell to Fort Worth about 24 miles, opening a direct route for Northwest Texas and Northern New Mexico. It would save approximately one and one-half hours' time for loaded trucks from Crowell to Fort Worth, being closer and avoiding the heavy traffic on other routes, and should also reduce freight rates, especially on cattle. With this saving, in time it would be practical to load your cattle in Foard County early and sell them on the Fort Worth market the same day.

The construction of this road would be a stimulant to labor and all business interests in Foard and adjoining counties, giving many people much needed work. Any community is only as big as its arteries of transportation.

VOTERS, LET'S GO TO THE POLLS SATURDAY AND VOTE FOR THIS VERY EXCELLENT PROJECT!

Co-Sponsors Bill to Raise Tax on Beer
The following remarks were made by Representative W. S. Heatley in co-sponsoring the tax bill in the Texas Legislature on the beer industry, same being House Bill 242. These remarks were made to the Revenue and Taxation committee in support of an additional \$3.30 tax per barrel on all beer sold in Texas.
"There comes some important things in life and we have to face them face to face, whether we like it or not. We were told at the beginning of this Legislature that we were going to have to raise 65½ million dollars. Since we have been told by the Chief Executive and since we of the Appropriations committee have

been looking where we are going to get these additional taxes, to support the appropriations bill. In search for new taxes and comparing taxation of industry, I find that the breweries of this State of Texas have been getting away with taxation absentism. We first had 3.2 beer in 1933 and a tax of \$1.50 per barrel was placed on that beer at that time. Later when the elections of 1935 ended 16 years of prohibition, the tax on beer was lowered to \$1.24. The next time beer was affected by a tax raise was almost two decades later when the Omnibus tax bill was passed raising beer 10 per cent, thereby making it \$1.37 per barrel in 1951. The special session of the Legislature of April, 1954, raised it 65c, making the total tax on beer \$2.00 per barrel. This is a pit-

ance of a tax compared to the neighboring states. For example, Louisiana has a \$10.00 per barrel state tax, \$1.50 per barrel parish tax and a 50c per barrel city tax in New Orleans, making a total of \$12.00 per barrel. We are also aware that Louisiana has a sales tax. The State of Texas is 41st in the nation in receipts of revenue from the alcoholic beverages. I think it is time that we at least boost Texas up to the national average."

LOTS OF CELLOPHANE
If the cellophane used at Delco Products Division of General Motors for wrapping motors and stators during one year's operation were made into a bag, it would be large enough to hold the City of Detroit inside, with enough room left to tie a big red ribbon on top.

Home Accident Fatalities Greatest with Older Persons

"Over 65" is considered a dangerous driving speed. But, asks the Texas Farm and Ranch Safety Committee, has "over 65" ever been considered as a dangerous age from the standpoint of farm and home accidents?
Figures released by the National Safety Council to the Texas committee show that 29,000 deaths in 1953 resulted from home accidents, and 15,700 of these were to men and women over 65. Here is why, says the committee, that special attention should be given the older group in any safety program involving the home. Figures show that some 12½ million persons or about 8 per cent of our total population are in the over-65 age group and the number is increasing.
A closer look at the 1953 Safety Council report shows that falls accounted for 12,600 of the home accident deaths of older people in 1953. Eliminate the hazards, says the Texas committee, which can cause home accidents and remember that older folks do not always see, hear or coordinate as well as younger people. They offer these suggestions. Put grab-bars in bathtubs; avoid the use of small throw-rugs; do not wax floors highly; be sure all stairs and halls are well-lighted and contain no boxes, toys and other items over which to stumble; put secure handrails beside all stairs; keep sidewalks and steps around the house in good repair and clear of obstructions and use night lights in bedrooms, halls and bathrooms.
Fire prevention is especially important since 1,400 persons over 65 died from burns or injuries from fires in 1953. Just don't forget the older folks, cautions the Safety committee, in your home and community safety program for they too love life.

Hollow-Cone Type Spray Nozzle Gives Best Insect Control

The hollow-cone type spray nozzle is superior to those which give a flat fan-shaped spray pattern for cotton insect control, tests indicate.
This finding emerged from three-year tests at the Texas Agricultural Experiment Station designed to determine the best type and nozzle arrangement for cotton bollworm and boll weevil control, according to Joe Burkett, County Agent.
Hollow-cone type nozzles gave better control of insects and subsequent higher cotton yields.
Throughout the studies, sprayed plots yielded approximately half a bale more cotton an acre than untreated plots.
One hollow-cone type nozzle placed directly above the row gave yields equal to those where two and three hollow-cone nozzles were placed at the top and sides of the drill rows.
Linda visited Thursday with her mother, Mrs. F. A. Streit, and sister, Mrs. Paul Schoppa, of Wichita Falls.
Mr. and Mrs. Johnny Daniel and Susan visited Sunday with her sister, Mrs. Charles B. Davis Jr., and family of Abilene.

STARTS YOU FAST!

Quick warm-up! No cold stalling!
Phillips 66 brings you the only gasoline with the added super aviation fuel component Di-isopropyl.

● If you appreciate instant starting and freedom from cold stalling, fill up today with Phillips 66 FLITE-FUEL.

Phillips Petroleum Company was the first to make Di-isopropyl and also HF Alkylate. These two components are so valuable to smooth performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now authorities have removed restrictions.

New Phillips 66 FLITE-FUEL provides increased power, higher anti-knock and greater fuel economy. And you benefit from famous Phillips 66 controlled volatility. In addition, Phillips 66 FLITE-FUEL gives you the clean burning qualities that result from use of natural and aviation gasoline components. Fill up today with FLITE-FUEL!

State Capitol NEWS

by VERN SANFORD
Texas Press Association

Austin, Texas.—Ex-Land Commissioner Bascom Giles continues to make headlines as investigation of the veterans' land program expands in an ever-widening circle.

Giles, former chairman of the Veterans' Land Board, was indicted at San Antonio on a charge that he accepted a bribe of \$30,000 from real estate and cattleman C. B. Wynn and Arthur McKenzie. They too were indicted. Giles made bond of \$50,000; Wynn and Arthur McKenzie bonds were \$2,500 each.

Earlier, Giles and L. V. Ruffin and C. B. Sheffield were indicted by the Travis County grand jury on conspiracy to defraud the state of \$82,500. Giles made bond of \$60,000 in the Travis cases.

In San Antonio, Giles was reported as saying that when he comes to trial he will have plenty to say.

"I welcome an opportunity to stand trial on this case so that the full facts can be developed," Giles stated. "There's certainly another side to this whole story, and I'll tell it to the proper authorities at the proper time."

Governor Shivers has released a letter to investigators offering to testify publicly. He said, "The public is entitled to have the facts and to have them now—without a smokescreen of veiled threats, rumors and insinuations."

Attorney General John Ben Shepperd already has appeared before every grand jury investigating black land sales, and before both houses of the Legislature. He has stated publicly that he would testify at any time.

A full investigation of every phase of land office operations since Giles took office as commissioner on Jan. 1, 1939, was called for by Rep. D. B. Har-

man of Denison. He introduced a bill in the House appropriating \$500,000 for the special investigation.

Meanwhile Shepperd filed a civil suit for the state, against Giles, for recovery of \$171,428 assertedly paid out in two block land deals with Ruffin and Sheffield.

A special grand jury to continue land investigations was empaneled at Austin, on request of District Attorney Les Procter. The State has provided Procter legal aid.

State police arrested B. R. Sheffield of Brady, jointly indicted with Giles. Conspiracy to commit theft of \$83,500 in state money was the basis of the indictment. Sheffield was released after posting \$110,800 in bonds.

Senator Gus Strauss of Helotesville appeared voluntarily before the Senate investigating committee to testify that he had been employed as attorney in five veterans' land transactions and had received "normal" fees for his service.

Congressman John J. Bell of Cuero, who introduced the original Veterans' Land Bill while a member of the Texas Senate, stated that he had received legal fees in connection with land transactions. He volunteered to testify in DeWitt County as well as before the investigating committees of the Texas Senate and House.

Co-Op. Hassle

Lt. Gov. Ben Ramsey and Atty. Gen. John Ben Shepperd are on opposite sides of what promises to be a long and involved legal tussle over rural electrification.

Ramsey is attorney for the co-ops. Shepperd has filed a suit to determine the authority of an REA to serve residents of Gilmer, Texas.

Tax Bills Pending

Deadline for introduction of new bills in the Legislature arrived at midnight Friday. It found a wide variety of "big" tax bills out of which the House may choose its selection of \$35 million in new money for general purposes—and a possible \$45 million for highways.

Administration sponsored were the Murphy two-cent gasoline tax increase and the Kirklind one-cent cigarette tax increase. Neither has been set for committee hearing.

Heard by committee and sent to sub-committee was Rep. Jerry Sadler's \$3.30 per barrel beer tax.

Other top tax bills included:
1. A bill by Rep. Curtis Ford to apply the chain store tax to filling stations.
2. Rep. Jerry Sadler's \$160 million-a-year one-cent processing tax on gasoline and condensates.
3. A constitutional amendment

by Rep. Robert Patten, to raise a billion dollar permanent school fund surplus by added taxes, one-fourth to one-cent on gas, one to five cents on oil, and increases on other natural resources.

4. A constitutional amendment by Rep. Jerry Sadler and Rep. M. O. Bell to require state-wide voter approval of any new tax before it becomes effective.

5. Rep. C. D. Kirkham's proposal for a "road use" tax on trucks.

6. Revenue Chairman Stanton Stone's omnibus revision of the tax code, with the gasoline and cigarette increases included.

7. Rep. Robert Patten's "added value" bill on manufactured goods estimated to produce \$20 million a year.

8. Rep. Charles Sandahl's bill for a three-per-cent levy on radio and TV sets.

9. An indirect revenue-producer, Rep. J. B. Walling's "anti-waste" minimum price bill for natural gas, estimated to add \$20 million a year to income from the present tax.

News from the Congress

by Congressman Frank Icard

Tuesday, March 22, will mark the beginning of hearings of the committee on interstate and foreign commerce dealing with the several bills calling for the amendment of the Natural Gas Act. This will bring into sharp focus one of the most important questions to be decided this session of Congress. That is, it will be determined whether or not the Federal Power Commission shall continue to have jurisdiction over the regulation of the price of gas at the well where it is produced.

To many, this may seem like a question that would involve only those people that were interested in the production of gas and that it in no way concerns the average citizen. Actually, nothing could be further from the truth. The legislation deals with the very fundamental principle of whether or not the Federal government should have the power to regulate the price of a commodity at the point where it is produced. If it is finally decided by the Congress that the Commission should have this right as far as natural gas is concerned, then, of course, the Federal government would have the same power with regard to the production of potatoes, wheat, corn, cotton, or the sale of shoes, or any other commodity. It would also be the first time that we have ever in our history approved of price fixing by a Government agency during peace time, and it will be the first occasion that we have seen fit to regulate an industry which is not a monopoly, which is highly speculative in its nature, and in which no profit is assured. This might also mark the last fight for the States for their historic rights that we have always considered were theirs under the Tenth Amendment of the Constitution. That is, the States' police power under which they regulate the traffic in the street and license those who want to be doctors, lawyers, and most important, the power under which they conserve their natural resources. Unless Congress takes action to clearly define the power of the Federal Power Commission so that it will not include the control of the price of the sale of gas at the "wellhead," we may well be seeing the end of the power and influence of such fine conservation bodies as the Texas Railroad Commission, which serves throughout the world as a model of what a conservation body should be wherever petroleum is produced.

I have introduced a bill, H. R. 3902, which would have the effect of so limiting the power of the Federal Power Commission. There are several other bills that will be considered by the committee which will have the same effect as mine. It is my hope that the committee will take favorable action immediately on one of these bills.

Land Levelling Demonstration Given Last Monday

A land levelling demonstration in the preparation of land for irrigation was held Monday afternoon on the T. H. Garner farm one mile south of Quanah.

The demonstration, which was attended by a large number of farmers who are preparing to dig wells or have already completed wells, was staged through the operation of the Lower Pease River Soil Conservation District, French Implement Co. of Quanah and Leslie Franklin, dirt moving contractor.

Low places in a small field were filled and high places were cut off, after which the plot was completely levelled from end to end and side to side. The purpose of this type of work is to prepare the land so that water can be evenly distributed over it.

Soil Conservation Service technicians state that penetration of moisture evenly into the ground will produce higher crop yields on less amounts of water. Some farmers in this district during 1954 found that levelled land designed by Soil Conservation Service technicians produced an average of a half bale per acre more than cotton grown on land where the rows went down hill. In dollars and cents, this amount of extra production amounts to approximately \$75.00 per acre. In most cases, the cost of completely levelling a plot of ground will be from \$20.00 to \$50.00 per acre, depending on the slope.

LET'S TALK LIVESTOCK BY TED GOULDY

Fed steers and yearlings were weak to 50 cents lower and cows also sold around 25 to 50 cents lower at Fort Worth Monday. Yearlings and heifers sold mostly at the longer end of the decline. Fat cows were under more pressure than boning classes.

Stocker trade gained strength with the greening pastures and both calves and older replacement cattle were selling actively at strong to 50 cents higher prices. Bulls sold steady.

The feature of the day's trade at Fort Worth Monday was the fed steers from Dickens County 4-H and FFA boys which topped at \$25. Commercially fattened cattle sold from \$23 down. Common, medium and fairly good butcher cattle sold from \$12 to \$20.

Fat cows sold for \$11 to \$12.50 with canners and cutters \$7 to \$11. Bulls sold from \$10 to \$13.50. Stocker calves of the better kinds sold at \$20 to \$22, and steer yearlings mostly \$21 down. Fat calves scored \$17 to \$21 in a fully steady trade.

Nickel Production at New High

Production of nickel by the free world in 1954 reached an all-time high estimated at 390,000,000 pounds — about 50,000,000 pounds greater than the 1953 total, and about 50 per cent above the pre-Korean 1949 output. Over all production by Canadian producers of about 320,000,000 pounds last year also surpassed any previous year and accounted for over 80 per cent of the free world's output.

When you buy insurance . . .

. . . buy from an agent . . .

. . . who can keep an "insurance eye" on your family—or on your business—so you can have the proper protection.

Are you in the same position financially that you were in five years ago? No! But if you buy insurance from an agency or company that can't keep a personal eye on your financial growth, you may wake up to find your insurance years out-of-date. Trust us to keep our eye open for your interests.

When Is An Inch Equal to One Hundred Miles?
One inch can mean 60 to 100 miles on a modern U. S. transport—if the inch is in the right place. A new turbo supercharger used on a high-speed airliner reduces engine temperatures so that less cooling air is needed, and makes it possible for cooling flaps to be closed approximately one inch more to reduce drag. This reduced drag increases the aircraft's range approximately 100 miles under normal operating conditions.

BLIND AND DEAF COUPLE TO RAISE CHILD — Almost totally blind but able to distinguish objects enough to permit her to diaper her two-week-old son, Clarence, Mrs. Georgia Hathaway, 32, checks a safety pin. Mrs. Hathaway and husband, Harold, 53, are blind and deaf. At a court hearing in Akron, Ohio, welfare officials withdrew objections against having the baby, whose sight and hearing are normal, kept by the Hathaways. A juvenile court judge allowed them to maintain custody of the child.

The Churches of Christ Salute You

Rom. 16:16 Jesus Christ said, "Not every man that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father who is in heaven." Matt. 7:21. Thus we see that men must do GOD'S WILL to be saved. In this same letter, v. 24-27, Jesus gives the parable of the two builders. He says, "Every man that heareth these words of mine and doeth them, I will build upon him a house, and it shall stand, though the floods come, and the winds blow, and the tempests beat upon it. But he that heareth and doeth not, shall be like unto a man that hath built upon sand; and when the floods come, and the winds blow, and the tempests beat upon it, it shall fall, and it shall be utterly ruined." Matt. 7:24-27.

I will open my place of business Saturday, March 19. Hamburg, pie and coffee, 35c.—M. O'Connell. 35-1tp

BABY A BOMB EXPLODED IN DESERT TESTS—Nevada's fifth atomic blast of the 1955 series rocked and illuminated the desert while the army chemical corps conducted an experiment to determine the power of a smoke screen to cut heat radiation. The detonation came from a 300 foot tower at Yucca Flats. This photo by the Joint Office of Test Information, shows the fireball a few seconds after the detonation.

1955 State Highway Map Now Available

A special accordion wrap-around fold has been developed and is one of the features of the 1955 Official Texas Travel Map which has just been published. It was announced in Austin by D. C. Greer, State Highway Engineer. The old wheeze about needing another map as a guide for retracing an opened travel map is not true of the Texas map, he pointed out.

In addition to the simpler folding used, the map is also easier to read than ever before. The rapid growth of the Texas Highway System has presented more of a problem each year in preparing the map. The system has been growing at the rate of about 3,000 miles a year, he said, and space must be found somehow for this additional mileage. Most of the topographical relief has been taken off this year, so that more essential information may be read easily and quickly.

"The map can also be truly considered a Texas production," Greer went on to say, "since the paper is made in East Texas from Texas trees, and the map is printed right here in Texas too." The colored pictorial side of the map this year features events and state scenes of general interest, and emphasizes the fact that regardless of what you want to see, it's in Texas, Greer stated.

One-half million copies of the 1954 map were distributed to travelers last year. Requests were almost equally divided between out-of-state tourists and Texans, Greer said.

In addition to being distributed by the Austin office and the Highway Department's 25 district offices, the maps are distributed through the seven Highway Travel Information Bureaus on the state's borders, and are sent to those who return a special map card which they can obtain when purchasing license plates.

Winter Weather in South Dakota Severe

In a letter to the News from Mrs. Ike Sellers of Agar, S. D., former Ford County resident, in which she enclosed a check for the renewal of her paper for another year, stating that she didn't want to miss a single issue, tells of the severe winter weather in that state. Her letter follows:

"In case you folks are interested, we are enjoying weather like the inside of your 'deep freeze.' But we have been here over a year, so we are used to it now, and 'zero' temperature is just pleasant to us. We have witnessed one of South Dakota's awful blizzards and they are not a bit nice. We had winds of 75 miles per hour and snow from 15 to 20 feet in drifts. It lasted three days, but we had plenty of fuel and plenty to eat, so we fared just fine, although a number of people who were caught out on the highways froze to death. The only thing I dislike about South Dakota is the winters are so long.

"We visited the 'Black Hills' last summer and that is a wonderful place to vacation."

JUNIOR ADELPHIAN CLUB

The Sub-Junior Adelpian Club met Wednesday afternoon of last week at the Adelpian Club House.

Officers were elected for the coming year. Those elected were Gail Knox, president; Roma Jan Spikes, vice president; Janis Crowell, secretary; Nelda Kay Brooks, treasurer; Jana Black, federation reporter; and Carolyn Bursley, reporter.

Mrs. Bax Johnson, a member of the mother club, was present at the meeting. She gave helpful advice on parliamentary procedure.

The hostess, Shirley Fox, served delicious refreshments to the members of the club, their sponsors and guests.

CARD OF THANKS

I wish to express thanks to all who visited me while I was in the Quannah and Crowell hospitals, and for the many cards, good wishes, prayers and advice that each had to offer. I think of the doctors and nurses in a special way and all who helped in any way. May the good Lord take a liking to each of you.

Are you a "Do-It-Yourself" Driver?

Or would you rather be waited on hand and foot?

Apply the brakes like this... or have power make it easier? Improved brakes and new swing-type pedals make stopping a cinch. And Chevrolet's exclusive Anti-Dive control gives you "heads up" stops! Chevrolet Power Brakes* are better than ever this year—let you stop by a simple pivot of your foot from accelerator to swing type brake pedal.

Rather shift for yourself... or let Powerglide do it? Shifting's smooth and easy with Chevrolet's new and finer Synchro-Mesh transmission. A flick of your wrist is all it takes to shift gears. Powerglide, too, is better than ever this year. Even smoother and sturdier. It's the most popular automatic transmission* in Chevrolet's field!

Rather roll your own... or just push a button? Chevrolet gives you separate crank controls both for windows and ventipanes. It's one of many extra conveniences in Chevrolet's Body by Fisher. Your fingertip adjusts all four windows with automatic window and seat controls.* Are available on all Bel Air and "Two-Ten" models.

Position the seat yourself... or let electricity do it? Chevrolet's big, beautifully upholstered front seat moves up and forward or down and back into your most comfortable driving position. No worry about your battery in a new Chevrolet. It's the only car in its field with the reserve power of a 12-volt electrical system!

Want standard steering... or extra-easy Power Steering? Try this easy new Chevrolet steering. Only Chevrolet and some higher-priced cars use a ball bearing system to cut friction to a minimum. There's nothing quite so easy as Power Steering, of course. Good news: Chevrolet's new linkage-type Power Steering* carries a reduced price!

Automatically—

Chevrolet's stealing the thunder from the high-priced cars! What's a high-priced car got that Chevrolet hasn't? Not automatic power features. Not style—just look below. Not performance—just try out Chevrolet's new VS or one of the new 6's. Not ride —perhaps the thing that will surprise you most is Chevrolet's fine, solid feel on the road. Come put it to the test. See how Chevrolet's stealing the thunder from the high-priced cars in every way!

A chairman, asked each club president to send to her the number of those planning to go to Archer City by April 1. At that time she will write to Archer City for lunch reservations. Mrs. Thomson also took subscriptions for the T. H. D. A. Messenger.

Council adjourned and Mrs. Thomson called a T. H. D. A. committee meeting of all club presidents and delegates for the purpose of electing 3 delegates to the spring District T. H. D. A. meeting and a new County T. H. D. A. chairman.

Each club presented their nominees' names and the following were elected: delegates, 1. Mrs. Walter Thomson; 2. Mrs. Buster Cates; 3. Mrs. Glenn Jones. Alternates: 1. Mrs. Verda Bell; 2. Mrs. Arthur Sandlin; 3. Mrs. E. A. Whitman.

Mrs. Thomson was re-elected County T. H. D. A. chairman.

Mrs. Maude Cates and Joe Bryant Wed

Announcement has been made this week of the marriage of Mrs. Maude Cates of Canyon to Joe Bryant of Amarillo.

Services were read in Clovis, N. M., in the home of Rev. Thomas H. Raper with Rev. Raper officiating.

Attending the couple were W. A. Cates, son of Mrs. Bryant, and Miss Mary Lou Garner. They will make their home in Canyon.

Mr. Bryant is employed by Sikes Motor Co. in Amarillo.

THALIA IDLE HOUR CLUB

The Thalia Idle Hour Club met in the home of Mrs. Walter Johnson March 11 with a covered dish luncheon commemorating the 29th anniversary of the club. An hour of visiting before lunch was enjoyed. In the afternoon the club history was given by Mrs. Wallace Seales, a charter member. Moving pictures were taken of the group before adjournment.

In the business session, plans were made for the club to have a homecoming of the members for the 30th anniversary.

There were ten members present, Mesdames L. A. Roberts, W. J. Long, G. W. Seales, T. B. Cates Sr., A. B. Whitman, C. H. Wood, J. W. Wright, Raymond Grimm, C. H. Casada and Eudale Oliver; five visitors, Mrs. Mack Edens, Mrs. H. W. Banister, Mrs. Susie Roberts, Mrs. Tom Abston, Mrs. W. R. Moore and the hostess, Mrs. Johnson.

VIVIAN H. D. CLUB

"Good barbecue is not a stew in the pot, but a long slow cooking in the sauce in the oven," said Mrs. Mary D. Brown, Home Demonstration Agent, to the members of the Vivian Home Demonstration Club which met with Mrs. Carl Shultz Thursday, March 10, at 2 o'clock.

Mrs. Brown demonstrated short rib barbecue and stressed the importance of daily food requirements for good health and nutrition.

The club had accepted the invitation to be the guests of the Thalia H. D. Club on Thursday, March 17.

The first week in May was designated for work on the Vivian cemetery, a definite day to be set next month. This is the community project of the club and will also be in observance of National Home Demonstration Week.

Refreshments of the demonstration dish and cookies with led punch were served to six visitors: Mesdames C. W. Carroll, C. M. Carroll, L. R. Werley, Don-

ald Werley, Mary D. Brown and Mrs. John E. Fish; and members, Mesdames Alen Fish, Maude Sandberry, W. O. Fish, Arthur Sandlin, T. W. Cooper, Clyde Bowley, James Sandlin, Warren Haynie, Miss Myrtle Fish and the hostess, Mrs. Haynie will be hostess to the club Thursday, March 24, at 2 o'clock at which time she will demonstrate "How to use tongue."

WEST SIDE H. D. CLUB

"What were your vitamins in your meals yesterday?" asked Mrs. Ray Brown in a very interesting demonstration on daily nutritional needs, when she met with the West Side Club March 8 in the home of Mrs. M. O'Connell with Mrs. Henry Ross as hostess.

"The people of our nation are lacking in vitamin C, which is found in large quantities in citrus fruits, and we also need more milk in our diets." These were two of the things stressed by Mrs. Brown in her demonstration.

The roll call was answered with a craft "I would like in the April meeting" and the club decided on picture frame making as the most interesting. The recommendation to buy cooperatively with other clubs was adopted, also plans to entertain the Riverside club were made.

Barbecued short ribs were prepared by Mrs. Brown and served with coffee, pickles and Ritz crackers to 14 members and 3 visitors: Mrs. Brown, Mrs. G. M. Canup and Mrs. Emma Dillmann. The next meeting will be March 22 with Mrs. S. E. Tate as hostess and a demonstration on the use of tongue will be given by Mrs. Oscar Gentry.

W. S. C. S.

Mrs. Fred Wehba, Mrs. Grover Cole, Mrs. M. J. Girsch and Mrs. J. N. Ribble were hostesses at the home of Mrs. Wehba Monday afternoon at a seated tea at which the Pioneer Circle of the Woman's Society of Christian Service honored the members of the Henry Circle and the Home-Builders Circle.

A large number of ladies enjoyed a splendid program, the first number of which was an inspiring devotional on "Time," given by Mrs. Grady Adcock. Others who appeared on the program were Monty Churchill, Bill Griffith, Sidney Lanier, Eleanor Wehba, Jo Frances Long, Dorothy Wehba, Sus Barsey, Wanda James and Judy Borchardt. A prayer by Mrs. C. W. Thompson closed the program. Mrs. A. Y. Beverly presided at a short business session.

A St. Patrick motif prevailed in all appointments of the tea. The tea table was attractive with symbols of the special day. Frosted punch, tiny sandwiches, cookies, candies and nuts were served by the hostesses. A shamrock was pinned on each guest.

The program was planned by Miss Jenny Wehba.

MARGARET H. D. CLUB

"Texas Food Standards" was very ably discussed by Mrs. Mary D. Brown, H. D. Agent, when the Margaret H. D. Club met at the home of Mrs. Bob Thomas on Friday, March 11.

Mrs. Thomas, vice president, presided in the absence of the president, Mrs. C. W. Ross. Roll call was answered with "What I'd like to do in craft."

Mrs. Brown prepared barbecued short ribs, which were served with the refreshment plate to the members present.

The next meeting will be with Mrs. S. Moore March 25.

Home Demonstration Notes
MRS. MARY D. BROWN

At the council meeting Saturday, Mrs. Walter Thomson, county THDA chairman, reminded all of the members of the district meeting in Archer City April 14. I do hope a lot of you will attend for I think you will enjoy it and learn more about your THDA work. Mrs. Thomson asked each club president to send her the number of women attending by April 1 so she can send in the approximate number of lunch reservations we would like to have.

We've been taking a lot about protein in our clubs lately and as you know cheese is an excellent source of protein as well as an economical one.

American cheese is sold as natural and processed cheese. Natural American cheese may be called by a name which indicates its size and shape, as Longhorn or Daisy. Or the name may show where it was made, as Wisconsin or New York. It develops flavor with age—the older it is the sharper the flavor—and the sharper the flavor the higher the price is likely to be. In retail markets, natural American cheese is labeled mild, mellow, nippy, or sharp.

Processed American cheese is made by combining cured and new natural cheeses. It is mild flavored and does not ripen or change flavor after it is made.

Cheese is a concentrated source of many nutrients of milk. Ten pounds of milk will make one pound of cheese and from the standpoint of calcium, one ounce of cheese may be used as an alternate for one cup of milk.

There is no end to cheese com-

8 slices bread, 1/2 pound cheese, grated (2 cups), 3 eggs, 2 cups milk, 1/2 teaspoon salt, pepper, paprika, mustard, if desired.

Fit four bread slices into the bottom of a greased baking dish. Sprinkle with half the cheese; cover with remaining bread. Beat eggs, add milk and seasonings, pour over the bread and cheese mixture and cover with remain-

ing cheese. Set baking pan of hot water and moderate oven for about 45 minutes or until the crust and the bread is puffed.
