Womack's Hold Open House Last Saturday, Feb. 2

The W. R. Womack Furniture Store held open house Saturday, Feb. 2, in honor of the completion of 50 years business in Crowell. Refreshments were served to friends and customers during the open house, and the following ladies assisted in the serving and registration: Misses Janis Crowell, Roma Jan Spikes, Karen Bell, Anna Marie Fiske, LaVoy Summel, Sandra Choate, Ruth Blake, De Anna Ferguson and Bernetta Painter.

The guests were asked to register, which entitled them to the free drawing. A chest of Community Silverware will be given to the lucky lady and a piece of luggage will be given away to the lucky man on Feb. 23.

The Womacks are asking that each day between now and the 23rd, that their friends and customers be sure to register for these beautiful gifts.

In February 1907, the late W. R. Womack bought a half interest in the Ben Greening Furniture Store. Later he bought Mr. Greening's interest, and since that time the business has been carried on under the Womack name.

Since Mr. Womack's death in June, 1944, his wife, and son, Cecil Womack, and daughter, Mrs. Martha Burkett, have tried to serve the public as he did in his lifetime. Charlie Cavin has been an employee 15 years, Miss Lottie Russell has been with them as bookkeeper eleven years, and Floyd Latimer has been with them as a butane truck driver for the past eight years.

Funeral Services Held Tuesday at Methodist Church

Last rites for Henry K. Campbell, 86, pioneer Foard County resident, were held at the Crowell Methodist Church Tuesday afternoon at 2 o'clock conducted by Rev. Warren Everson, who was assisted by the pastor, Rev. Grady Adcock, Rev. C. T. Aly, pastor of the First Baptist Church of Crowell, and Rev. W. B. Fitzgerald, pastor of the Thalia Baptist Church.

Mr. Campbell passed away in the Foard County Hospital Sunday afternoon following a heart attack.

A special number for the services, "Precious Memories," was sung by Mrs. Howard Ferguson and Miss Marjorie Brock, with Mrs. Paul Shirley as organ accompanist.

Interment was in the Crowell Cemetery under the direction of Womack Funeral Home.

Pall bearers were Guy Crews, Raymond Grimm, Cecil Carroll, Henry Borchardt, Frank Mabe, George Riethmayer, C. M. Carroll and Henry Ross. Named as honorary pall bearers were W. J. Love, Bryant Herman, George Wesley, J. R. Beverly, Jack Roberts, C. W. Carroll and Greer Reinhardt.

Assisting with the flowers were Miss Laura Belle Whitfield, Mrs. Cecil Carroll, Mrs. Henry Borchardt, Mrs. Helen Monks, Mrs. Milton Hunter, Mrs. Earl DeMasters, Mrs. Jeff Todd and Mrs. Walter Cates.

Henry K. Campbell was born in Dallas County June 8, 1870, son of the late Mr. and Mrs. Archie Campbell. He moved to Foard County with his parents when a small boy and has made his home here since that time. He owned land east of Crowell and successfully operated his farms until his retirement from active management of his farming and stock raising interests several years ago.

Mr. Campbell was married to Miss Annie Bidsen, who preceded him in death in 1904. In 1948 he was married to Mrs. Maggie Stinebaugh and their farm home was located northeast of Crowell.

He was a great lover of gospel singing and attended Sunday afternoon singings in this community at every opportunity. He supported the work of the church and lent encouragement to young ministers and other church workers.

He is survived by his wife; two step-daughters, Mrs. V. R. Snow of Wichita Falls, and Mrs. Clyde Eddy of Crowell; one sister, Mrs. C. P. Sandifer of Crowell, and a large number of nieces and nephews, and many friends.

January Cemetery Donations Far Less Than Expenses

Mrs. N. J. Roberts, president, has released a list of donations to the Crowell Cemetery during the month of January. She added, "These have provided the means by which our cemetery has been supported in the month of January—not nearly enough to care for current expenses. We still have a few clothes left in the Self building and expect to open our doors Saturday afternoon—these to go at our own price."

The list of donations follows: Mrs. O. M. Grimm, Thalia, \$10.00; G. C. Lewis, Lockney, \$10.00; Fred Riethmayer, \$5.00; Mrs. Maude E. Rasberry, \$5.00; Mr. and Mrs. Sim Gamble, \$10.00; Fredia Miller, Childress, \$3.00; W. A. Cogdell, \$5.00; A. Consistent Giver, \$25.00; Mrs. W. O. McDaniel, \$1.00; Mrs. C. P. Sandifer, in memory of H. K. Campbell.

20TH ANNUAL F. F. A. AND 4-H CLUBS PROJECT SHOW TO BE HELD FEB. 8-9

Basketball Teams Win Two More Conference Tilts

The Crowell High School basketball teams, both boys and girls, won two more conference games here the past week to remain in the running for the western half district championship. The boys defeated Chillicothe 56 to 61 and Paducah 68 to 44. The girls won over Chillicothe 67 to 29 and Paducah 61 to 35. This gives them a .750 percentage rating in district games.

The Munday Moguls remain one game ahead of Crowell. These teams play each other here tonight (Thursday). The Wildcats can throw the district race into a tie if they win this contest. This will be their last regular season home game. They end their season at Paducah next Tuesday night, unless there are some play-off games.

The Crowell boys looked their best of the season against Chillicothe here last Friday night. Their set shots, led by Jimmy Rader and Jimmy Sellers, paved off. Johnny Quinby and George Metcalf looked the best for the Eagles. Larry Sledge led the way in the top-sided victory against Paducah. Jerry McClendon played good ball for the Dragons.

Girls' Games

The Crowell girls, led by the scoring of Patricia Prosser and Judy Vaughn, scored decisive victories over both Chillicothe and Paducah. Marilyn Obenhaus was the leading scorer for the Eagles. Patricia Beauchamp led the way for Paducah. Crowell's guards have shown improvement.

"B" Team Games

The Crowell "B" string boys won their games, too. They defeated Chillicothe "B" 37 to 13, and Paducah "B" 36 to 24. Jimmy Youree, Bill Graves, Gerald Brady Weaver, Sonny Cates, Fred Ford, Ivan Cates, Tom Crowell and Gary Carpenter were used in this contest for Crowell.

TEEN-TORIAL

FRANKLY, "ABE" . . .

Lincoln, what an ugly face you have! Lined, wrinkled — it shows very plainly that you are thinking seriously about something. Here I sit, gazing at your picture, and what do I see?
 I see you, Mr. Lincoln, and though only your head is in the portrait, I can visualize all six feet and four inches of you of whom I have heard so much. Your stature is of a nature that it shows in your whole being.
 For goodness sake! No one today would elect an ugly looking "duck" like you for president of

our country. It is just as well that we don't need you at the present! But really, Mr. Lincoln, it doesn't matter a bit about your looks, and it just so happens that it was very nice having you around in those miserable days of the Civil War, and since today could not be without yesterday, I am saying, "Happy Birthday," and thanks so very much, Mr. Lincoln—for everything!

IT'S ALL IN THE JOB

If while driving by the home-making cottage Sunday afternoon, you saw someone rushing around with a wild, exasperated glare in his eyes, it was most probably a member of the Roundup staff in a mad attempt to pose the correct student for the correct picture. Despite the fact that many of the necessary people forgot to come or didn't know that they should come, all the scheduled pictures were finally taken; planning of the 1957 Roundup is rapidly nearing its finish.

MARKETTA'S MUMBLINGS

It seems as if everyone is longing for a holiday, but our next holiday is two whole months away.
 Through the grapevine came the news that everyone enjoyed the Hard Times Dance sponsored by the Junior Adelpheans Monday night.
 The freshmen boys seem to have done a good job of representing Crowell in the Lockett tournament. Condolences go to the freshmen girls. It seems that they had a little bad luck.
 If you happen to be in the halls around ten o'clock or about one-thirty you are probably wondering what is taking place. Since the Coke machine has been added to

the halls, we have a five minute break each morning and afternoon. This gives the students a time to "get their breath."
 The basketball teams did pretty well for themselves Friday night. They won all four games played against Chillicothe. There was a big crowd there—something unusual. People are learning we have some good ball teams around CHS.

Two Kats on the desert with bathing suits on came upon an Arab. He asked, "Where are you going?" "Swimming," one of the Kats replied. "There is no water in 1000 miles of here," the Arab said. One Kat said to the other, "Dig this crazy beach."

Did you go in at Mrs. Womack's Saturday? If you did, you were served coffee by the senior girls. The Womack Furniture Store was celebrating its fiftieth anniversary and Mrs. Womack gave each girl a piece of her chosen pottery.

The CHSites have been spoiled by being allowed to get out early a few days last week because of the bad weather. We would like more of this!
 End of news, end of time, and end of column.

BAND NEWS AND VIEWS

Plans for Variety in Review are shaping up nicely with the largest selection of special acts ever assembled for such a program. To date, there are more than ten "specials" lined up in this week. Several more to come in this week. Quite a few students outside of the band are participating this year for the first time.
 Several members of the Wildcat band made a trip to Wichita Falls last Saturday to attend the first of the two annual music reading

clinics sponsored by the Midwest University band. The band last week was made up primarily of students from MU and Wichita High School with students from surrounding communities filling in where needed. James Choate and George Morgan played with the band. This Saturday another group will go down to attend the second day of the reading clinic. The band this week will be made up primarily of area band students with students from MU and Wichita High School filling in where needed. Six members of the Wildcat band have been chosen to participate this week: James Choate, Elizabeth Davis, Robert Fish, Betty McKeown, George Morgan and Noel Wilkins. Selections to be played are taken from the state contest lists of music. Directors from the various communities direct the 99-member organization.

LIBRARY AD-LIBS

The library surely looks attractive now. All the books are back in order, the shelves look 100 per cent better, and the study hall seems sunnier.
 "The Dewey Gang" has been issued again and everyone is proud of his copy. The magazine rack seems fuller, and the newspapers get more interesting each day. All in all, I'd say that the library is the greatest improvement I've seen in CHS in 4 whole years—the duration of my "stay." Look it over and see if you don't agree with me.

ESSE'S MESSES

Greetings and felicitations (whatever they are)! Astronomically speaking, the heavens have displayed 7 times light and 7 times darkness, indicating to us the passing of another week.
 It's February, and already those January 1 resolutions are forgotten—or at least 90 per cent of them, I imagine. Now that everyone's acting normal again, we're having more fun.

Two people have hit headlines on similar bases. One, King Saud, has 4 wives and numerous exes. Another, a blond woman (I never trust a blond) has been arrested for having 3 husbands, and she also has 4 exes. She didn't say it, but one might imagine her saying, "The king and I are just alike except that in his country, polygamy is legal; in mine, polygamy is bigamy." As another saying goes "monogamy is monotonous." My only comment there is that I know lots of people living allegedly monotonous lives, and they're happy. Say, what started this discourse, anyway?
 Well, you "weed fiends," I have a feeling that you'll feel a lot better to know that a French-educated Vietnamese scientist has been working with the help of American money, and his labors have borne fruit. He has found the tar combination in cigarettes, known as 3-4-9-10 dibenzopyrene, which causes lung cancer. The report, from page 18 in the Feb. 4 edition of the Star-Telegram stated that it would now be possible to trap the dibenzopyrene in filters made for that specific purpose, thereby saving many lives.

CONTEST PLAY CAST HAS BEEN CHOSEN

The following students have been chosen to participate in the one-act play for contest in Inter-scholastic League: DeAnna Ferguson, Marilyn Stone, Lowell Page and Ray Thomson.
 The district one-act play contest will be held in Paducah High School Friday, March 22.
 The students are working on "The First Dress Suit" which is a comedy about a young boy's first formal suit which he will wear to his sister's wedding.

SPORTS SPOTLIGHT

The Crowell Wildcats played host to the Chillicothe Eagles last Friday night. Those of you who were there saw a very close game with the Wildcats coming out on top with a score of 66-61. High scorers for Crowell were Jerry Bob Sellers and Jimmy Rader, each with 20 points. The big men in Chilli's line-up were Quincy with 26 points. The B team came through with a decisive victory of 27-13 with Fredrick Youree making 12 points.
 If you can't make all of Crowell's out-of-town games, be sure to back the boys at home! Till next week—

GIRLS DEFEAT CHILICOTHE

Our girls won an easy victory over the Chillicothe girls last Friday night by a score of 67-29. This was a conference game and the girls are trying hard to win district.
 Guarding the Chillicothe basket for Crowell were Roxiann Adkins, Sandra Simmons, D'Lois Shultz, Joyce Howard, Bettie Knox, Helen Vessel and Ginger Raspberry. Gayle Taylor, Judy Vaughn, Pat Prosser, Mary Myers, D'Lois Shultz and Roxiann Adkins played forwards.

TIMES ARE HARD FOR ADELPHIAN GIRLS

Do you have blue eyes, green eyes, or brown eyes? This was a familiar question that was asked at the Sub-Junior Adelphean "Hard Times Dance" on "Blue Monday" of January 29. The amount of admission charged to each person was determined by the color of his eyes. Old newspapers decorated the community

house to signify hard times.
 Dr. and Mrs. Martin Kralick helped to make the party a success by serving popcorn and potato chips with the Cokes sold by the girls. We all hope that after the dance, the girls will have sufficient funds to meet their debts. Anyway, we all had a wonderful time.

KEYHOLE KAPERS

Well, it's not long until "Valentine Day," so all you boys better be saving your money. Enough of this remorsing, let's get on with the scandal!

Did everyone enjoy "Giant" over the week end? It was a real great show, wasn't it? I won't name the couples that went to see it because if I did, it would take a book to do so.

Did you people know that we have an old romance flaring up again. Joe and Jeanie were seen together both Saturday and Sunday.

Gayle Taylor has a new flame. He is from Chillicothe, his last name is Webster, and he drives a '57 Chevy.

We hear through the grapevine that Fredrick has the "tuffy" on a girl from Eldorado. Hope you catch her, Freddy!

Couples at the dance Monday night were Patty - Butch, Janis - Lowell, Jana - Larry, Judy - Jimmy, Glen - Peggy, Pat - Jimmy Dean, Roma - Bill, Johnny-Beverly, etc. Those decorations were real gone!

Monte Churchill and Helen Vessel viewed the show Monday night! Bobby King seems to be taking a fancy to girls, don't you agree? Linda, Wanda and Carolyn.

It is a proven fact that Ronnie Owens and Carolyn Aydelotte make a cute couple!
 Shirley and Jimmy enjoyed "Giant" Monday night, Jana-Larry Tuesday.

Why are R. H. and Dale so anxious for each other to become buddying young actors? I just write this column, so don't ask me!

Jo Frances and Joe Calvin seem to be enjoying seeing each other in the hall!

Did everyone get nice and damp Wednesday? Gayle Taylor did!
 Wanda, it's a shame that you have to be going steady. Monday night, Bobby King would have enjoyed your company!

Mary Ann and Albert, Charlotte and Grady seem to enjoy strong coffee or so it seemed Tuesday night.

Speaking of Albert Cates, it seems that he has been making pretty frequent trips to Truscott. The Keyhole wonders why. Grady seems to be a roving man. He was seen with Janie one night, Wanda Lou the second, and Charlotte the third.

Which twin has the Toni? Ger-

ald Bradford or Roy Hensley!
 Why is Bobby King so interested in the freshmen girls' sewing class? Could the reason be Sally Dixon!
 Carolyn and Jack haven't had a fight since Thursday night. They're really setting a new record! Good scandal, people, good scandal.

GEORGE'S GAGS

Sonny: "Dad, can you write in the dark?"
 Dad: "Certainly."
 Sonny: "Then turn out the light and sign my report card."

Ray was sent to the map during a current events class to locate India. He found it with no trouble and then informed the class, "It's right on the 25-yard line."

A local patron stopped in the DeLuxe and handed the waitress two vitamin pills and asked her to dissolve them in a bowl of clam chowder. After a long interval he asked the waitress why

the chowder hadn't been seen. Said the waitress: "You'll get the clams to stop swimming around."
 The height of conceit: see your mother a letter of congratulations on your birthday.

Dear Miss Lovelorn, I would like some advice. I am a young, cute, heires. I like people and to be friendly. My worry can't seem to catch a date. Every time I ask one turns me down. I use one manners when asking for a date but I can't seem to get one. Can you offer some suggestions?
 Sincerely,
 Poor Little Rich

Perhaps the boys are embarrassed by not being able to meet on financial levels. Next clean the oil smudge off your forehead you ask for a date.
 Miss Lovelorn,
 Dear Miss Lovelorn, I have an entirely different idea.

Don't Imitate Failure

Writing from London, labor economist Victor Riesel says: "Socialism has failed here. They nationalized the steel industry, coal

mines, railroads and the health service. All these lost money. Wages didn't go up. Profits went down. There were strikes. And the Socialist managers were as tough as any old-fashioned capitalist manufacturers' group—more so, believe me." There is a moral in this for

all Americans — and especially for American labor, unionized or non-unionized. Everyone gets hurt by socialism—and the masses of working people get hurt most of all. We should have the intelligence not to imitate failure! A wallaby is a small kangaroo.

JOB FOR A DUTCH UNCLE

The little Dutch boy who had to stop a leak in the dike with his finger probably would have been saved the trouble if the dike had been covered with a waterproof material just developed. It consists of a layer of woven oil-based nylon laminated between two layers of oil-derived vinyl film. It may replace the woven

willow branches used by the Dutch for five centuries to keep the sand of the dikes from eroding.

To get your second wind means that the body has become adjusted to the need for more oxygen. A person married legally the second time is a digamist.

STORY NO. 7

Duval "Refugees" Cut Population By 43 Per Cent in Fifteen Years

By—FREDERICK HODGSON

SAN DIEGO, TEX.—In Duval County there has existed "an almost indestructible machine of theft, secrecy and terror." So states John Ben Shepperd, Attorney General of Texas.

It takes courage to face up to one's past and obey the dictates of conscience. Barton, over the protests of his fearful family, showed up at an anti-Parr election rally and made a speech. This, in part, is what he said:

"I've been with the Duke in stealing from the school kids... Sixteen years ago Parr ran my own brother out of the county... I could tell you a few things about an unsolved murder or two... I want you all to know the truth about the Possum (the Latin's nickname for Parr, El Tacuache—the Possum) even if I have to go to prison for it."

The exodus is not only from Duval. People are deserting the Parr camp in droves. Most important of the defections, of course, is the present District Judge C. Woodrow Laughlin, a former Parr man who was once unceremoniously tossed out of office by the Texas Supreme Court. Duval County Judge Dan Tobin is another. Yet another is Manuel Marroquin, now editor of the anti-Parr bilingual tabloid newspaper "New Duval."

Marroquin, the man described by Assistant Attorney General Sidney Chandler as having "more intestinal fortitude than any other man in the county," gives an interesting sidelight on the Duke of Duval—and it's by the sidelights, the little things, that we understand people. Here's Marroquin's story, taken directly from a tape recording:

"I started to sell milk in my store and George Parr came in. I said 'George, will you do me a favor, take a bottle of milk and go outside with it, let people see you with it?'"

"George said to me, he said 'Meme'—he always called me Meme, that's short for Manuel you know—he said 'Meme, you know I don't drink milk' and he started to go out."

"I said, 'George, I know you don't drink milk, but if people see you with my milk they'll buy it from me.'"

"He said, 'Sure, Meme, give me a bottle of milk.'"

"And I said, 'I won't charge you anything.' He put the money down anyway and I said 'If you want to throw the bottle away after the people see you with it, then throw it away. Just let the people see you with my milk and they'll buy my milk.'"

"He went out of my store and held up the bottle of milk and he waved it and before he got in his car he told everybody what fine milk I had. And he waved the bottle of milk out of the window of his car after he got in his car and drove off."

"For three days everybody in San Diego buys my milk. Everybody in San Diego's drinking milk, then... Wham! Nobody at all buys my milk. I had all my milk and it went bad. I lost plenty of money. You know what that blankety blank so and so did? His pistoleros found out they could make money with milk so George gave the milk business to a deputy sheriff."

If that isn't a whimsical switch on old-style Bossism I'd like to know what it is. If the men who bossed Chicago in the days of Al Capone ever hear of it they'll be doing a derelict act in their graves. Milk! Later Marroquin opened a tor-

arm, people whose names are on the record.

Let's consider a speech by Ricardo Barton, wealthy Duval and Jim Wells rancher, former Parr stalwart and now a foe of the Machine.

It takes courage to face up to one's past and obey the dictates of conscience. Barton, over the protests of his fearful family, showed up at an anti-Parr election rally and made a speech. This, in part, is what he said:

"I've been with the Duke in stealing from the school kids... Sixteen years ago Parr ran my own brother out of the county... I could tell you a few things about an unsolved murder or two... I want you all to know the truth about the Possum (the Latin's nickname for Parr, El Tacuache—the Possum) even if I have to go to prison for it."

The exodus is not only from Duval. People are deserting the Parr camp in droves. Most important of the defections, of course, is the present District Judge C. Woodrow Laughlin, a former Parr man who was once unceremoniously tossed out of office by the Texas Supreme Court. Duval County Judge Dan Tobin is another. Yet another is Manuel Marroquin, now editor of the anti-Parr bilingual tabloid newspaper "New Duval."

Marroquin, the man described by Assistant Attorney General Sidney Chandler as having "more intestinal fortitude than any other man in the county," gives an interesting sidelight on the Duke of Duval—and it's by the sidelights, the little things, that we understand people. Here's Marroquin's story, taken directly from a tape recording:

"I started to sell milk in my store and George Parr came in. I said 'George, will you do me a favor, take a bottle of milk and go outside with it, let people see you with it?'"

"George said to me, he said 'Meme'—he always called me Meme, that's short for Manuel you know—he said 'Meme, you know I don't drink milk' and he started to go out."

"I said, 'George, I know you don't drink milk, but if people see you with my milk they'll buy it from me.'"

"He said, 'Sure, Meme, give me a bottle of milk.'"

"And I said, 'I won't charge you anything.' He put the money down anyway and I said 'If you want to throw the bottle away after the people see you with it, then throw it away. Just let the people see you with my milk and they'll buy my milk.'"

"He went out of my store and held up the bottle of milk and he waved it and before he got in his car he told everybody what fine milk I had. And he waved the bottle of milk out of the window of his car after he got in his car and drove off."

"For three days everybody in San Diego buys my milk. Everybody in San Diego's drinking milk, then... Wham! Nobody at all buys my milk. I had all my milk and it went bad. I lost plenty of money. You know what that blankety blank so and so did? His pistoleros found out they could make money with milk so George gave the milk business to a deputy sheriff."

If that isn't a whimsical switch on old-style Bossism I'd like to know what it is. If the men who bossed Chicago in the days of Al Capone ever hear of it they'll be doing a derelict act in their graves. Milk! Later Marroquin opened a tor-

tilla bakery. Parr put him out of business.

Marroquin today is one of the Duval emigres. The five members of the Marroquin family have helped swell the census of neighboring Jim Wells County. "Meme," with his Winchester always at the ready, lives just across the county line on Highway 44.

Take the case of another refugee, Jose Serna, brother of Donato Serna, now the Duval County auditor. Jose owned a cafe in San Diego and incurred the displeasure of the Boss. Here's how Donato tells the story:

"George Parr drove my brother out of the County, out of San Diego. Deputy sheriffs blocked the entrance to his place of business. They'd arrest customers who had one beer and charge them with drunken driving whether they owned automobiles or not. They didn't press any charges, just scared them so they wouldn't go in my brother's place any more."

"I went across the street with a loaded camera to take a picture for evidence and George Parr grabbed his pistol and ran across the street to me, cursing in Spanish. Tried to grab my camera. Amaya (Manuel Amaya, then deputy sheriff and now chief of police in San Diego) hit my camera with the barrel of his gun."

"Amaya said 'You're both (Donato and Jose) under arrest. Get in that car.' We got in and I said 'All right, arrest me but don't hit me.' They took us to the courthouse. George put his gun in his holster and hit me hard on the head with a five-cell flashlight. I sat down on the jailer's bunk. He was heating me up when Amaya took the flashlight away from him. Amaya put the camera on the table and they tore it to pieces. Then George told us 'Get the hell out of here.' We went."

Donato Serna stayed in Duval to fight. In Duval these days a man either fights for Parr or fights against him. The days of "inactive subversion" are over. In Duval it's physically impossible to sit on your hands and straddle the fence as one did the same time. I first heard that term "inactive subversion" a few weeks ago in Austin as I sat and talked about Duval with John Ben Shepperd, who knows more about the county, probably, than any other person outside the immediate vicinity. Shepperd's knowledge has grown out of his early, undercover visits to Duval back in 1953, when he waited in a dark ranch house to talk with anti-Parr citizens who he said came stealing out of the bushes in the dark after parking their cars a mile away. Sometimes, he tells, they changed cars two or three times on the way to the rendezvous to keep from being followed by Parr men.

Months of this undercover investigation gave Shepperd enough information to sustain a frontal attack on the stronghold of Parr. When the Parr dictatorship was first battened down on Duval, consolidating itself into "an almost indestructible machine of theft, secrecy and terror," the people were ignorant, miserable, exploited and politically inexperienced. Perhaps they cannot be blamed for letting themselves get caught in the coils. Today they're still miserable, still exploited and the illiteracy rate is among the very highest in the State of Texas. But they've had political experience thrust upon them.

Quien sabe? Who knows, perhaps with upsurge of real democracy in the county that catastrophic population drop will be halted, even reversed.

Thanks to men like Serna, and Marroquin, and Shepperd and many, many others, Duval may yet come into its own.

Soil Conservation News of District

Lower Pease River Soil Conservation District, Lower Pease River District Board: W. C. Howard, Grady Halbert, O. T. Holmes, O. H. Brandon, H. L. Ayers.

Biennial sweet clover is an excellent soil builder, cover crop, and provides good grazing for livestock. It is adapted to most soils in the Lower Pease River Soil Conservation District and can be planted either in the spring or fall. Spring planted clover should be planted from January 15 until April 15.

The seedbed for spring planted clover should be undisturbed dead cover such as sorghum stalks and the soil should be firm. Before planting, the seed should be carefully inoculated as directed on the can of inoculant.

Sweet clover should be seeded at the rate of 10-15 pounds per acre drilled or 3-6 pounds per acre when planted in rows and covered 1/2 to 1 inch deep. The drill or planter used should be equipped with depth gauges to prevent planting the seed too deep. Seed are available at seed houses everywhere.

Boy Scout Week to Be Observed February 6 to 12

During February, America observes the birthdays of several of its illustrious sons — Washington, Lincoln and Thomas Edison. Another birthday celebration of national proportions in which all America can properly join is that of the Boy Scouts of America.

Scouting in the United States reaches its 47th anniversary during Boy Scout Week, February 6 to 12. It is difficult to recall when our nation did not have this character-building, leisure time program for its boys and young men.

Since Feb. 8, 1910, more than 25,000,000 American boys and men have been influenced by the Scout oath and law. They have had the benefits of Scouting training, fellowship, handicraft skills, and high adventure.

America is all the richer for it. Many men in high places in Amer-

ican affairs today proudly credit Scouting's influence in their lives. Today over 4,500,000 boys and men are actively enrolled in 540 local councils with a membership of 111,000 units. Fortunate indeed are communities where Scouting flourishes.

American adults of good character give generously of their time in giving leadership. Others help by raising funds, or in serving as members of local Boy Scout councils which in turn provide: training for leaders, camp facilities, worthwhile year-round activities, personal advancement, and opportunities for Scouts to render community service.

This summer there will be a "mountain peak" experience for more than 50,000 Boy Scouts, Explorers, and their leaders when they gather at historic Valley Forge in Pennsylvania for their Fourth National Jamboree. It will be a gathering of youth who will be among the nation's top leaders a few decades hence.

Americans Need "Anti-Traffic Accident Vaccine"

It would be fine if scientific research could turn up an anti-traffic accident vaccine. Where is the Dr. Salk of traffic safety who will develop a serum to provide immunity from traffic accidents?

Wouldn't it be wonderful if children could be vaccinated against darting out from behind parked cars; older pedestrians immunized against crossing between intersections; and motorists given a "stop at stop-signs" serum? Sounds silly—but how can we wage war on traffic accidents as we do on cancer, polio and other killing and crippling diseases?

We cannot legislate complete traffic safety. True, there are traffic laws, but they prevent accidents only to the extent they are obeyed. Traffic engineers and public officials are building safety into the streets and highways. But, how are we to build safety into drivers and pedestrians?

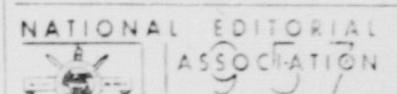

The picture isn't completely

black. Traffic safety experts are coming up with the answers, and the first step is to involve the public more and more in traffic safety activities. An increasing number of communities are setting up Citizens Safety Councils to back up the work of their officials and official traffic advisory committees. These citizens councils, made up of representatives from civic, business and fraternal organizations and of individual citizens, carry the word to all groups in the community.

At the state level, the Texas Safety Association is distributing tens of thousands of safety aids in the form of brochures, folders, posters and other educational material; besides the assistance they lend organized local safety groups.

Too, the Texas Department of Public Safety is doing everything possible, within a limited budget, to reduce public apathy towards the Texas' traffic problem. And, to educate the people to the fact that the "laws" are there to protect them—not to annoy them.

The first few weeks of Governor Daniel's administration have been sufficient to reveal that Texans can expect vigorous support from that office in the war on traffic accidents.

The National Safety Council's year-long program, "Back the Attack on Traffic Accidents," is designed to build up the efforts of local safety councils in promoting an effective and continuing traffic safety program with widespread appeal.

Statistics show that where the programs are in operation, traffic accidents drop off. We have vaccines—we can provide immunity—all we need is the will.

Dear Friends and Customers:

We would like to take this means and opportunity to thank each one, you our friend and customer, for helping us observe our Fiftieth year in business and service in Crowell, Foard County and surrounding territory. We know that there are no better people anywhere than here and we, the family of the late W. R. Womack, founder of this business, wish to thank each one of you from our hearts for your friendship and patronage down through the years. Without you, we could not have continued for so many years.

We are in business to make a living, which is fitting and proper, but there is much more to life than material things. We feel a deep sense of responsibility to YOU the citizens of this community and want to serve you better in the years to come, if by God's Grace we are permitted to dwell here.

In parting, we feel it proper and not out of place to pay a tribute in a humble way to the one who founded this business Fifty Years ago, the late W. R. Womack. He was not a Great man as the world considers greatness, and he never amassed a fortune during his life time but he left to us, his family, things that money cannot buy.

We, in closing, wish to thank each one of you again for your friendship and patronage, and wish each of you the best of everything.

Mrs. W. R. Womack,
Recie Womack and Family,
Bertha Burkett and Family.

THIS WEEK -In Washington

With Clinton Davidson

When President Eisenhower, in his State of the Union message called for a "vigilant guard against inflationary tendencies," he put a large part of the responsibility on the House Interstate and Foreign Commerce Committee.

To get an exclusive report on what the Committee plans to do, we visit this week with Chairman Oren Harris, a Democrat from El Dorado, Ark. How much of how little inflation we have could hinge, in part, at least on the actions of that Committee, and on its chairman.

All laws on transportation—by air, rail, water, or highway, the stock and bond markets, exports and imports, all communications by radio and TV, the Federal Power Commission, the Federal Trade Commission, and all activities of the Commerce Department, including the Weather Bureau, are handled by the Committee.

The Commerce Committee is the oldest committee in Congress. It came into being in 1795 as the Committee on Commerce and Manufactures. Chairmen in recent years have included the late Alben Barkley, Texas' Sam Rayburn, and Percy Priest of Tennessee. Harris, although new as chairman, has been a member since he came into Congress in 1941.

Harris, to put it modestly, is a busy man—perhaps one of the busiest in Congress. In addition to representing his district, he heads a Committee staff of 15 and a committee membership of 31. His associates describe him as "easy to work with, but a man who knows how to get things done."

Having spent all of his 53 years in a small town, it is natural that one of his main concerns in Congress is legislation that would help small business and farmers. They, more than big business, need the protection of laws that will assure them equality of opportunity, he says.

"The best way of combatting inflation while keeping our economy strong," Harris told us, "is to keep the channels of commerce open and unobstructed."

"The trend in recent years has been more and more toward big business. . . . Our job in Congress is not to hinder the growth of business, big or small. But it is our job to see that small business, and that includes farmers, have full opportunity to develop."

Rep. Harris does not favor attempting to regulate business through tax legislation. "My idea," he said, "is not to attempt to help little business through lower corporation taxes. Only 15 per cent of small businesses are incorporated."

"The real way to help small business, including farmers, is to provide adequate funds through loans for operation and expansion. This should be done partly, at least through the States."

He suggested that the States establish agencies, either privately or publicly managed, which would

make funds available to assist in the development of local industries wherever private capital is unavailable.

We asked about the programs for promoting the sale of farm surpluses in foreign countries.

"I favor expansion of our trade in any way that would be helpful to us, that would help the people of those countries, but not in such a way as to strengthen the regimes in those countries under communist domination," he said.

Mr. and Mrs. Dan Callaway and children, Danny, Bax and Kinne, of Turkey spent the week end here visiting relatives and friends.

Mrs. H. L. Kimsey was here the first of the week from Handley on account of the illness of her sister, Mrs. D. L. Reavis. She was accompanied to Crowell Sunday by Mr. and Mrs. W. D. Nelson of Fort Worth and Fred Kimsey of Richardson. She returned home Wednesday.

Mrs. W. B. Carter is in Fort Worth on account of the illness of her sister, Mrs. J. R. Allee. Mr. Carter took his wife to Fort Worth Sunday, returning Tuesday.

Dr. C. A. Powell, Rev. C. T. Aly, A. L. Rucker, Clark Hitt, Duane Nichols and Ronnie Coffey attended a brotherhood meeting in Lockett Monday night.

WHAT CRIME HAS THE VETERAN COMMITTED?

When Secretary of Defense Wilson made his statement about draft-dodgers being in the Coast Guard; he not only inflicted insults on the National Guard; but also heaped a quantity of something disagreeable to Veterans of all wars. While Mr. Wilson was held to his remarks; we at home, if we will look around; can see the filth of some men in power; who will deliberately defraud the Veterans of just rights. Whether it is better to speak what you think; or to execute a fraud against those who made such sacrifice in order to preserve our country; is immaterial with me. It is disgraceful. The "Duke of Paducah" in Duval County, can also raise his head in Foard County and laugh at the Veterans for their weakness in standing up for their own rights. Out of some twenty election judges in nine precincts, there are only two, who saw service in our Nation's Cause. In our United States Senate, there are 96 members; eighty-seven of them are Veterans. In our House of Representatives there are 435 members and 379 of them are Veterans; but in poor old Foard County, out of twenty some odd, we can only have through trust 2 men who served in our armed forces. The Veterans of Foard County have asked that one man from each precinct be appointed to act as election judge. This appointment should be made by our County Judge and the four Commissioners of the Commissioners Court some time in February. Representative of the Veterans called on our County judge on January 31, 1957, and asked for permission to appear before the Commissioners Court, with the Democratic County Chairman (who is also a Veteran) and we would present the names of one Veteran for each precinct to be appointed election judge. This date was set for 10:30 A. M. February 11th. (Not before as such business coming before that time would be none of ours). Those who had sons and daughters in our armed forces, and those who expect to have sons and daughters in such service, should attend this meeting and learn what's in store for your boy or girl after coming back to Foard County. Under the election laws of the State of Texas, such appointments are made under Article 3.01 for most of our precincts. Which calls for one Democrat and one Republican as election judges and two clerks. Under Chapter three, Article 3.02 where a precinct contains more than 100 registered voters; two Democrats and two Republicans should be appointed. Due to the fact that there are more Democrats than Republicans, and the respect to our ex-servicemen; the right to an election judge has been given over to the Veterans.

Opinion No. O-3438 (1941). An election to fill a vacancy in the United States Senate is a special election; therefore its judges and clerks must be appointed according to the proviso of Article 2938, V. C. S. (Art. 3.02, Election Code).

As one who served in the armed forces of the United States as a volunteer, and my sympathy still remains true to those who also served with honour; I still think our service men and women are good enough to be trusted as a judge or tally clerk in our elections.

(This ad is paid for by donations of veterans of Foard County, and is a non-political Article. William E. Wells, Chairman).

Sweet, smooth and sassy—that's Chevrolet all over. Above, you're looking at the Bel Air Sport Coupe.

Clings to the road like a stripe of paint!

The '57 Chevy can give lessons on taking curves and holding the road to just about any car going. Few cars at any price are so beautifully balanced and so smooth, sure and solid in action.

A car has to have a special kind of build and balance to keep curves under control. And nobody outdoes Chevrolet in that department! It "corners" with all the solid assurance of an honest-to-goodness sports car. Chevy doesn't throw its weight around on turns because it carries its pounds in the right places.

And if the road should turn upward, Chevy can take care of that nicely, too—with up to 245 h.p.*

it unanimous recommendation in less than an hour and a half.

Rep. Leroy Saul of Kress, House sponsor, was sharply critical of the delay. He said it could be "fatal."

Rep. A. R. Schwartz of Galveston, author of the delaying motion, said he thought a \$100,000,000 fund required some safeguards on investments.

As now proposed, the development fund could later be increased to \$200,000,000 by a two-thirds vote of the Legislature. Another \$100,000,000 bond proposal to buy water storage in federal reservoirs could likewise be doubled. It means a potential of \$400,000,000 under the two plans.

As designed by its sponsors, the development fund would be self-financing, even show a long-range profit. They anticipate the state would receive more interest on the bonds it buys from cities that it has to pay on the bonds it sells.

But some legislators have pointed out that if a deficit should develop, it would drain money from the General Fund, straining the state's tax sources.

TWO REVENUE BILLS—Despite the Legislature's early "wait and see" attitude on new taxes, two plans for new revenues have been introduced.

Rep. Jerry Sadler of Pecos proposed a "manufacturing tax" with an estimated yield of \$52,000,000 a year. It would levy one-eighth of one per cent on gross receipts of manufacturing over \$25,000 a year, including goods brought into Texas.

Two bills were introduced for higher tuition at state colleges. One, by Rep. Murray Watson of Mart, would double fees at state colleges, bringing in some \$5,000,000 more a year. Another, by Rep. Harold Parish of Taft, would allow the college governing boards to set tuition. Basic fee now is \$25 a semester for Texas students.

"ETHICS" PROGRAM UP—State Bar recommended bills to curb influence peddling have been introduced in the Senate.

Sen. William Fly of Victoria sponsored the measures which would (1) prohibit a legislative member or candidate from representing a client before any state agency except the Industrial Accident Board and (2) abolish the mandatory continuance in trials where a legislator has been retained as counsel.

Sen. Searcy Bracewell offered a bill with stiff penalties for a state official offering or accept-

ing a bribe.

IN THE MILL—Other measures dropped on the legislative assembly line would:

1. Prohibit offering for sale any merchandise at less than cost if the number of units is restricted or the merchant refuses to sell to any "willing customer." By Rep. Reuben Talasek of Temple and Sen. A. M. Aikin Jr. of Paris.

2. Require lobbyists to register with the Secretary of State. By Rep. R. H. Cory of Victoria.

3. Request the Texas Legislative Council to investigate the small loan business and report in 1959. By Rep. Criss Cole of Houston.

4. Create a state municipal planning board to assist smaller cities in getting federal aid for slum clearance. By Sen. Henry B. Gonzalez of San Antonio.

5. Set aside 11,000 square feet of space for state archives in the soon-to-be-built State Courts Building. By Sen. Charles Herring of Austin.

6. Revamp the law to put into effect a paid adult probation and parole system. By Sen. Crawford Martin of Hillsboro.

7. Give Texas citizens and businesses preference in receiving state contracts. By Sen. Otis Lock of Lufkin.

8. Provide for regulation of brake fluid sales by the Department of Public Safety. By Fly.

9. Create a new license that DP's could issue to 14 and 16-year-olds for riding motor scooters. By Sen. Jarrard Secret of Temple.

10. Allow life insurance companies to own branch offices if the companies occupy 50 per cent of the space. By Sen. George Parkhouse of Dallas.

11. Broaden field of authorized investments by life insurance companies. By Parkhouse.

12. Provide for treatment of narcotics addicts at state mental hospitals. By Rep. Richard C. White of El Paso. (Opposed by

state hospital officials.)

13. Give Board of Control supervision over design of new state buildings, aimed at preventing costs exceeding appropriations. By Martin.

OIL HEARING SET—Independent oil operators, who want pipeline connections to their wells, will air their grievances at an April 1 hearing.

Texas Railroad Commission called the hearing on petition of five producer groups.

Issue of Texas oil production has drawn national and international attention with pressure for larger allowances to meet West European shortages caused by the Suez blockade.

Major oil companies have favored increases. Independents have not. They contend majors have an "unfair advantage" in being able to market oil by pipeline, rather than truck.

They hope the current demand can be used to force majors to furnish pipelines to some 8,000 unconnected wells owned by independents.

WRAP US UP A TANKSHIP, PLEASE

The U. S. Navy has 15 seagoing tankers lined with "Saran." Liquid, oil based "Saran" sprays inside tank bulkheads leaves a dense coating that resists grease, oil, and acid, and helps reduce rust and corrosion. PASSENGER CAR STYLING comes to the trucking business in Ford's 1957 Style-side Pickup. It typifies revolutionary changes in new Ford trucks which Ford dealers display February 1. Full-width styling has more than just "eye appeal." It widens the truck's load area by 20 inches, and adds 25 percent more load capacity than old-style models offer. problem from any of the other girls. I have a date every night of the week but with a different boy each time. Each one asks me to go steady, of course. But I want to go with them all. What can I do?

Worried.

Well, well, we have a girl in our midst who admits she wants all the boys. You didn't say if you wanted to go steady or not. Evidently, you don't want to go steady because you can't go steady with all of them. Are you afraid that if you tell the boys you won't go steady that they won't ask for a date again? If you take your pick and leave the rest alone. But if you don't want to go steady, I can't see where your problem lies.

"When you consider the fact that many persons will risk another 50 years of life in order to save 10 minutes of time, you find they are gambling on awfully long odds. Fifty years against 10 minutes is 2,000,000 to one," the traffic authority warns.

If risking 50 years of life for 10 minutes is foolish, what should be said of the person who risks his immortal soul for a few years of sinful pleasure? His is not only a risk but a certain loss, for "the soul that smeth, it shall die" (Ezekiel 18:4).

The Bible relates the story of a man who had money and time for everything except God. Living only to satisfy himself, he said, "Soul, thou hast much goods laid up for many years; take thine ease, eat, drink and be merry." But God said to him, "Thou fool, this night thy soul shall be required of thee; then whose shall those things be, which thou hast provided?" (Luke 12:19, 20).

Even if this man had been permitted to live a full lifetime, he could never offset the loss of his soul.

The Bible tells another story of a man named Moses who enjoyed all the wealth, education and luxury of Egypt as the adopted son of Pharaoh's daughter. But he heard the call of God and gave up his selfish life, "choosing rather to suffer affliction with the people of God, than to enjoy the pleasures of sin for a season" (Hebrews 11:25).

Fifty years against 10 minutes; eternity against time. Is it worth the risk?

REMEMBER WHEN?

Remember when—? We used to have a blue monstrosity to hold our library magazines?

We used to go to Quannah in the summer to swim? Home economics students burned the biscuits in what is now Mrs. Manard's English class room and the Dramatic Club store room?

We had 45-minute periods, and typing, V. A., chemistry and home economics were double period classes?

We had a whole hour for dinner? Seniors could initiate freshmen (back when we present-day seniors were freshmen ourselves)?

We were waiting a ten minute "break"—and got six minutes instead? We seniors had to study "Caesar" and "Macbeth"?

We parked our cars where the home economics cottage is now? We used to wish we were seniors?

Ah—those were the "good old days." Things have changed. Yes—they certainly have changed!

MRS. MARY D. BROWN

Mrs. Willie Garrett, president of the Gamberville Club, and I represented Foard County at the THDA Training-Planning meeting in Haskell last Tuesday.

The District Meeting will be in Vernon April 5. Since delegates have to be elected at least 30 days in advance, we will need to elect ours after the February Council meeting. We will not have 30 days if we wait until the March meeting.

At the same time the clubs will need to elect a nominee for THDA Chairman. She will be elected after the February Council meeting, but she will not take office until after the State THDA meeting this summer.

You may or may not have a nominee for THDA Chairman, but I do hope each of you has a nominee for delegate to the District Meeting.

The District Meeting will start in Vernon at 9:30 on April 5. Registration fee will be 25c and ternoon.

lunch will be served for \$1.25. Foard County has been asked to give the response to the welcome and a short skit on the THDA's citizenship recommendations. Let's all make plans now to attend.

Our recipe this week is:

Sweet Milk Cornbread
2 cups enriched cornmeal, 1 1/2 teaspoons baking powder, 1 teaspoon salt, 1 tablespoon sugar, if desired, 2 tablespoons fat, 1 egg, 1 1/2 cups sweet milk.

Sift together the cornmeal, baking powder, salt and sugar (if used). Melt the fat in the pan in which the cornbread will be baked. Beat the egg and add the sweet milk; then pour this mixture into the sifted ingredients and stir only until well mixed. Add the melted fat and stir it in. Have the baking pan hot; then pour the batter into it. Bake in a hot oven (400 degrees F.) for about 30 minutes.

Miss Sue Rich Becomes Bride of Wayne Borchardt

The marriage of Miss Wanda Sue Rich and Charles Wayne Borchardt, both of Childress, was solemnized in the Childress Church of Christ last Friday night when Harrell Collier, minister of the church, read the 8 o'clock double-ring ritual.

The bride is the daughter of Mr. and Mrs. Pat Rich of Childress and the groom is the son of Mr. and Mrs. Floyd Borchardt Sr. of Crowell.

A large arch of greenery formed a background for the pulpit. Twin candelabra stood on either side of the nuptial scene and the effect was further enhanced by large baskets filled with pink gladioli.

Miss Patricia Rich, sister of the bride, and Miss Muary Brunnett lighted the pink tapers. Both wore identical dresses of pink cotton satine with full maline overskirts.

Miss Betty Campbell of Amarillo, soloist, provided prelude selections. A quartet composed of Miss Campbell, Bill King, Arthur Ellis and Bill Weaver harmonized the traditional "Wedding March" as the bridal party entered and following the pronouncement of marriage hummed the recessional.

Miss Rich, escorted to the altar by her father, chose a gown of white lace and tulle over satin. The fitted lace bodice featured a scalloped neckline. The bouffant skirt of lace and tulle was of floor-length. Long white lace gloves complimented the gown.

The bride wore a fingertip veil of white illusion scattered with pearls. Her jewelry accents were pearl earrings and a double strand of pearls. She carried a bouquet of white carnations surrounding two gardenias tied with white satin ribbon atop a white Bible. White satin streamers extended from the arrangement.

Attired in an orchid sheath dress of cotton satine, with a bouffant tulle overskirt, Miss Sydney Smith attended the bride as maid of honor. She carried a nosegay of white carnations.

Bridesmaids, Miss Shelba Hamilton, Miss Delores Bohannon, Mrs. Jerry Ross and Mrs. Franklin Moore, wore dresses of pink cotton satine fashioned identical to that of the honor attendant, and carried nosegays of carnations.

Miss Melinda Woodring and Miss Pamela Sue Borchardt, attired in long pink dresses of crystal-line and lace, served as flower girls, carrying pink baskets filled with pink rose petals.

Floyd Borchardt Jr. was his brother's best man. Groomsman and ushers were Jerry Rich, brother of the bride, Leo Sims, Don Preston and Paul El Wright.

For her daughter's wedding Mrs. Rich chose a beige sheath dress with a matching duster, black accessories and a corsage of white carnations. Mrs. Borchardt wore a brown sheath dress with brown accessories and a corsage of white carnations.

The newly married couple was honored with a reception in the home of Mr. and Mrs. Franklin Moore immediately following the ceremony.

When the couple left for a brief wedding trip to Vernon, Mrs. Borchardt wore a taupe blue suit complemented with a brown mouton collar, brown accessories and the gardenias from the bridal bouquet as a corsage.

They are in residence at 1201

Miss CloVonne McKown Honored at Shower Saturday

Miss CloVonne McKown was honored on Saturday afternoon, Feb. 2, at the Adelpian Club house when Mesdames Ed McDaniel, Goodloe Meason, A. B. Calvin, Jack Thomas, Fred Wehba, John Cogdell, George Davis, Jim Paul Norman, Glyndon Johnson, R. C. Craven, Anton Kajs and Miss Nell Johnson entertained at a lovely bridal shower.

Miss Johnson greeted the guests and presented them to a receiving line composed of the honor guest and Mrs. Fern McKown, her mother.

Miss Betty McKown presided at the guest register. Incidental piano music was provided by Miss Betty Davis. The chosen colors of the bride-elect, blue and white, were emphasized in all appointments of the party.

In the dining room, the table was covered with a white linen cutwork cloth over blue. The punch bowl, at one end, was surrounded with greenery. At the other end of the table, a silver candelabra was based by blue ribbon bows from which extended streamers with CloVonne and Warren inscribed upon them.

Mrs. Norman, Mrs. Craven and Mrs. Johnson served in the dining room where punch, cookies and mints were served.

Mrs. Kajs directed the guests into the gift room where Mrs. Calvin and Mrs. Thomas presided over the display of lovely gifts.

ADELPHIAN CLUB

"Americanism" was the theme of the Adelpian Club program on Wednesday afternoon, January 30.

Mrs. L. E. Archer, president, presided during the business meeting.

Mrs. Lewis Sloan brought the afternoon devotional entitled "Higher Ground." Her scripture was taken from II Timothy. She expressed the importance of this quotation, "If you can't obtain a first choice in life, accept the outcome of a second choice." Preceding Mrs. Sloan's talk, the club members sang "Higher Ground," accompanied at the piano by Mrs. W. A. Dunn.

Mrs. E. C. King presented a timely federation report boosting the wonderful work that the Junior Clubs of America are so ably performing.

"America's Seven Historic Wonders" was the title of Mrs. J. C. Prosser's discussion. Several outstanding Americans recently expressed their views relative to the historic wonders of America. They chose: 1. the Virginia Shriners (Williamsburg, Yorktown, Mount Vernon), 2. Taos (in New Mexico), 3. Minute Man, 4. Independence Hall, 5. Lincoln's Cabin, 6. the Alamo, 7. Gettysburg, Pa.

Hostesses for the afternoon were Mesdames Earl Manard and Bob Thomas.

FOARD CITY W. S. C. S.

On Monday morning, Feb. 4, members of the Foard City W. S. C. S. met at the home of Mrs. Grady Halbert with Mrs. V. A. Johnson presiding over the business session.

The Book of Romans was the portion of Paul's writings on which the morning's study was based. It is generally conceded that this was Paul's last letter before his death. An evangelist by nature, Paul used the pen to revitalize the churches which had been founded by his followers as a result of his stirring sermons. Although he was never privileged to visit the church at Rome, he longed for that opportunity, ever praying to be allowed to do so even though it be with him in bondage.

Paul had a God-given talent for making friends. Aquilla and Priscilla, 2 of his staunch followers, lived in Ephesus. A dialogue such as they might have spoken, was read by Mrs. Blake McDaniel and Mrs. Glen Jones. As some one has said, to Paul the church was not an organization but an organism. The deeper one goes into the study of this great saint, the more wondrous is the account of his conversion and continuous spiritual growth. A recent writer wrote Paul's basic tenets of faith which Mrs. J. C. Rader read aloud.

Corinthians will be the topic of the February 11 meeting. Mrs. Johnson urged all members to read the book and list the problems of the church to which Paul was writing. Mrs. McDaniel dismissed the meeting with prayer.

VIVIAN H. D. CLUB

The Vivian Home Demonstration Club met in the home of Mrs. Allen Fish on Jan. 24 at 2:30 p. m. "Credit" was the topic of Mrs. Mary Brown's demonstration. According to her, the American women spend two-thirds of the money in America and therefore should know more about their husband's business in case they should have to take over.

For the open meeting Feb. 28 it was decided to have a demonstration on the making of German chocolate cake with Mrs. Allen Fish and Mrs. W. O. Fish as demonstrators. Also in the business meeting, all the recommendations of council were accepted.

Refreshments were served to ten regular members and one new member, Mrs. Johnny Marr. Also present were two visitors, Mrs. Ivy Gilbert and Mrs. Chester Hord. Club will meet Feb. 14 with Mrs. Arthur Sandlin at 2:30 p. m.

THALIA W. S. C. S.

to the Heart of God," "Saviour, Like a Shepherd Lead Us" were sung by the group. "Islands in My Own Community" was given in parts by Mesdames H. W. Gray, Ed Huskey and C. C. Lamb. Mrs. B. A. Whitman read "Apples of Gold." Mrs. T. R. Cates read "My Brother and I," with the closing prayer by Mrs. W. G. Chapman. The president, Mrs. Ed Huskey, conducted a short business session.

A program with Mrs. Clint White as leader, was given on the subject, "Here Am I; Send Me." Mrs. T. B. Klepper, as assistant leader, gave a devotional on the subject using Isaiah 61:1-8 as a basis.
