Contract Let for Construction Work on Part of Crowell-Seymour Road

Austin contractors, pre-joint proposal, were successful bidders on the Crowell highway contract March 19 in Austin. The bid was received up until 5 p. m. in Austin and was opened last week. The firms of W. L. Barnes and T. Leslie pooled their bid and were declared to be the low bidder at \$630,405.57.

which covers 18.7 miles, from Seymour to the Knox county line. Included is a complete job, from the first grading to hard-surfacing and all bridge work. The bridge across the Wichita River at the head of Lake Kemp will be a sizable project in itself and will take a good many months to complete. The specifications presented by the Highway Department stated that the highway was to be finished in 240 working days. Taking out Sundays and all bad days in which no work can be done it will take close to a year to complete the highway.

DR. E. F. COLE

Revival at First Baptist Church to Begin Next Sunday

A revival meeting will begin Sunday morning at the First Baptist Church in Crowell with Dr. E. F. Cole, general evangelist of Fort Worth, doing the preaching.

Dr. Cole was for many years pastor of the First Baptist Church of Lamesa. He is well known throughout Texas and the Southern Baptist Convention for his simple gospel preaching. He loves God, and people, and has given the greater part of his ministerial life to the work of evangelism.

"We are indeed fortunate to secure this man of God to lead us in our revival services," Rev. C. T. Aly, pastor, stated.

Services will be conducted at 10 a. m. and 7:30 p. m. beginning March 31 and running through April 7. The pastor will have charge of the music. Special music will be presented by the choir, along with solos, duets, and quartets, during the meeting. A large Junior Choir is to have a part in the music nightly.

The public is cordially invited to attend these services. A nursery will be open and a capable attendant on duty for the services.

CAR OVERTURNED SOUTH OF CROWELL TUESDAY

Two Crowell Latin American men escaped with minor injuries when their 1951 Chevrolet sedan overturned Tuesday afternoon.

The accident occurred on a dirt road about three miles south of Crowell when the driver lost control of the vehicle and it overturned twice before stopping.

The accident was investigated by P. W. Taylor, sheriff.

Crowell Needs Candidate for Mayor

So far as we know no one has volunteered to run for mayor of the City of Crowell in the election to be held next Tuesday, April 2, at which time a mayor and three aldermen are to be elected.

Three men filed for aldermen to fill the places of three aldermen whose terms will expire and their names have been placed on the ticket. They are Clyde James, William Simmons and Byron Davis.

It is too late to have a candidate's name for mayor placed on the ticket and the election of a mayor will have to be done with a write-in campaign. No one yet contacted has agreed to accept the position even if he is elected by a write-in campaign.

This presents a situation that the citizens of Crowell should give serious thought and consideration. Managing city affairs is big business and a capable man should be sought out and elected if possible.

Former Foard Resident Died in Vernon Monday

Mrs. Otto Schroeder, 84, former resident of the Riverside community in Foard County and mother of Ewald Schroeder, died at 10 p. m. Monday at the home of a daughter, Mrs. Bonnie Phillips, in Vernon, following a long illness.

Funeral services for Mrs. Schroeder were conducted at 3 o'clock Wednesday afternoon at Henderson Funeral Home Chapel with Rev. Erich Petersen, pastor of the Peace Lutheran Church at Lockett, officiating. Burial was in East View Memorial Park in Vernon.

Pall bearers were R. W. Kern, Karl Haseloff, A. S. Tooley, Sam Kuehn, Tom Lawson and Bill Kern.

Mrs. Schroeder was born Emma Bolko Oct. 16, 1872, at Blackjack, Texas, in Fayette County. She was married to the late Otto Schroeder on Dec. 10, 1891, in Plum, Texas. They moved to Wilbarger County in 1906 and farmed in the Lockett community for seven years. In 1913 they moved to the Riverside community in Foard County. Mr. Schroeder died June 1, 1940, and Mrs. Schroeder and daughter, Miss Emma, moved to Vernon to make their home.

She was a charter member of Peace Lutheran Church in Lockett and a member of the Riverside Home Demonstration Club. She had many friends in this county.

Survivors are three daughters, Mrs. Phillips of Vernon, and Mrs. Fred Woodruff of St. Elmo, Ill.; three sons, Ewald Schroeder of Thalia, and Vernon and Alfred Schroeder, both of Amherst; nine grandchildren and nine great grandchildren.

REV. JOE SERRATT

Revival to Begin March 29 at Thalia Baptist Church

Rev. Joe Serratt, pastor of the Lockett Baptist Church, will be the evangelist for a revival meeting to be held at the Thalia Baptist Church beginning March 29 and continuing through April 7.

Rev. Serratt received his B. A. Bible degree from Wayland Baptist College in Plainview, and did advanced work on his Master's degree at Howard Payne College in Brownwood. He is 40 years old, married and the father of five children, and has been in the ministry ten years. Since going to Lockett last May, there have been more than 50 additions to the church.

Gus Neill will be in charge of the singing.

Prayer groups will meet at 7:30 p. m. and preaching service will begin at 8 o'clock.

The Thalia Church is extending an invitation to everyone to attend this series of services.

Fire Damages House in Margaret Last Week

Fire of undetermined origin did considerable damage to the residence of Mr. and Mrs. Dink Russell in Margaret about midnight last Thursday night.

The home, which is connected to a grocery store operated by Mr. and Mrs. Russell, suffered the most damage, and the Crowell Fire Department kept the blaze under control and it did not spread to the grocery.

SINGING AT THALIA SUNDAY

The regular fifth Sunday singing will be held at the Thalia Methodist Church Sunday afternoon, from 2 to 4 p. m., Rev. C. C. Lamb, pastor, stated Tuesday. Everyone is invited.

Crowell Wins First Place in District One-Act Play Contest at Paducah

The Crowell High School one-act play cast, under the direction of Mrs. Moody Bursey, won first place in the district 1A-11 meet held at Paducah last Friday. De Anna Ferguson and Lowell Page of Crowell produced "Steps from Beyond." Marilyn Stone and Ray Thomson were Crowell's other actors in the championship cast.

Holiday won second place in the meet with "Goodbye to the Clown." Paducah's "Just Neighborly" took third place honors. Other plays in the tournament were "The Storm," produced by Archer City; "The Doctor Decides" by Chillicothe; and "The Tangled Web" by Iowa Park.

Mrs. Annie Eubank Dies in Lubbock on Tuesday, March 19

Mrs. Annie Eubank of Lubbock pioneer Foard County resident and sister of Mrs. Laura Johnson of the Foard City community, passed away in Lubbock on Tuesday, March 19. She suffered a heart attack on March 16 and Mrs. Johnson and her son, Virgil Johnson and wife, were called to her bedside immediately.

Funeral services were held in the Seventh Day Adventist Church in Lubbock with burial in the Lubbock Cemetery.

ATTENDING MEETING

J. C. Kincheloe is in College Station this week attending the annual volunteer firemen's training school as a representative of the Crowell Volunteer Fire Department.

City Election and U. S. Senator Election to Be Held Here Next Tuesday, April 2

Two elections will be held in Crowell next Tuesday, April 2—a city election at which time a mayor and three aldermen will be elected, and the special election called for the purpose of electing a U. S. Senator to replace Gov. Price Daniel.

In the City election, Mayor Hubert Brown is not seeking re-election and no one else filed for the mayor's job. The three men seeking the three vacancies on the City Council are B. G. Davis, C. C. James and William Simmons.

Mrs. Grace McLaughlin has been appointed presiding officer for the city election, and every citizen 21 years of age or older, who has resided in the city limits for the past six months and is a qualified voter under state laws, is entitled to vote.

Trustee Election Scheduled April 6

Trustee election will be held for the Crowell Independent School District, Thalia Independent School District, and for two vacancies on the County School Board on Saturday, April 6th.

The terms of R. N. Barker and R. G. (Mike) Rasberry expire on the Crowell Board. Both have filed for re-election. Jim Moore and Walter Ramsey have filed for re-election on the Thalia Board. The terms of J. E. Fish and N. J. Roberts expire on the County Board.

The Crowell Trustee election will be held in the office of L. A. Andrews, secretary of the Crowell School Board, in the court house. The Thalia election will be held at the Thalia School house.

Foard County's Daily Oil Production Shows Marked Increase

Estimated production of crude oil in the North Texas (Wichita Falls) District decreased 119 barrels per day the past week when the daily output was placed at 229,635 barrels, compared with 229,754 barrels per day the previous week, according to the production figures for each county in the district in Sunday's Wichita Falls Daily Times.

However, Foard County's production was 1,750 barrels per day last week, an increase of 200 barrels over the previous week, which was 1,550 barrels.

City Lake to Open for Fishing April 1

The City Lake, which has been officially closed for fishing during the winter, will open again on April 1, according to M. M. Welch, city councilman.

Season tickets may now be purchased at the City Hall for \$5.00, and daily tickets will sell for 50¢ each.

From the number of fish put in the lake several years ago, the fishing should be very good at the lake this year.

High Winds and Rain Lash Foard County Sunday

High winds from the north, accompanied by light rain and some sleet and snow, lashed Foard County all day Sunday and Sunday night. The high wind continued throughout Monday, but without any moisture. During the two days, the temperature was around 40 degrees. Monday night the mercury dropped to below freezing and there was a heavy frost and a small amount of ice Tuesday morning.

The moisture recorded Sunday by the government gauge was .29 inch, making a total of 4.10 inches of rain received here since Jan. 1.

It is believed that the low temperature Monday night will not damage the wheat crop and little damage will be done to the fruit crop.

Three Wildcats Spotted 11 Miles Southeast of Town

F. W. A. Producing Co. has spotted three 2350-foot Foard County wildcats in the area 11 miles southeast of Crowell.

TEEN-TORIAL

YOUR FUTURE—COMING UP

Where are you going? Do you know?
 Well,—not exactly.
 —But I hope you at least have a fair idea. We all may plan and dream, but we cannot plan every trace of today's and tomorrow's footsteps. We know that by the paths that our pasts have traveled.
 Those dreams are mighty nice, but perhaps you, like me, find that they sometimes far outreach the bounds of possibility—or at least the bounds of probability. I know many things that I want to do—dream of doing.
 There is a way that I might do

them. The way is not strewn with roses, but it is a way.
 The only real way I know is to stop dreaming long enough to work with reality till the dream—or at least the part truly worth having—is a reality.
 If you want laurels, don't rest on those you now have, and don't plan to rest upon those you make. America did not, and you cannot, succeed by resting.

POESIES TO THE PLAY CAST

The story on the front page tells all about the honors that Crowell's one-act play entry, "Steps from Beyond" won at the play contest at Paducah last Friday, but we would like to take this opportunity to say "congratulations" to all the people who made the victory possible and to wish the cast the best of luck in the area contest.

MYERS ATTENDS CONVENTION AT AUSTIN

CHSites missed Marvin Myers last Thursday and Friday, but Mr. Myers' absence was justified. He attended the Texas Vocational Agriculture Teachers Convention at Austin. Mr. Myers is a state director, and CHS is proud to have him represent our school.

RICKARD ON STATE MUSIC SELECTION COMMITTEE

E. L. Rickard was in Austin last week end to serve on the State Music Selection Committee which chooses the music to be played at next year's Interscholastic League contests.

LET'S GO HEAR THE NAVY BAND

Next Monday, April 8, the United State Navy Band is giving a

3 p. m. matinee and an 8 p. m. concert at the Wilbarger Memorial auditorium in Vernon. We feel that we are privileged to have this opportunity to hear one of the world's finest bands, and we want to urge as many as possible to attend.

MARKETTA'S MUMBLINGS

A week of rushing and hurrying brings the Seniors closer to that awaited day—graduation. Only seven more weeks!
 The senior invitations came in last week making us realize just how close graduation really is.

As you enter the door of the office, you will notice a startling change. There are a new desk and a new chair in Mr. Graves' office and the old desk has been moved to the outer office.

Congratulations to the one-act play cast. They won first at the district meet with Lowell Page and DeAnna Ferguson winning first actor and actress.

The week began with a list of tryouts for the different events in the Interscholastic Literary contest at Iowa Park. The Crowell winners will compete April 5 for district titles.

The district tennis meet was held at Crowell Tuesday.

Members of the Midwestern Band presented a variety program for the students Wednesday afternoon. Thanks to all who participated.

If anyone was interested in the Armed Forces, they certainly were well informed last Wednesday. Personnel from the Navy, Air Force, Army and WTC presented talks to the juniors and seniors.

Definition of a kiss: A little bit of nothing that tastes like heaven and sounds like a cow pulling her foot out of the mud.

SOPHOMORE CLASS PARTY

On March 18, at 6:20 p. m. the sophomore class met in front of the high school building and left immediately for Vernon to attend a skating party. After skating for two hours, the group separated, some going to the Dairy Mart and others to the Santa Rosa Cafe to eat.

The mothers who accompanied the group were Mesdames Adkins, Monkres, Carpenter and Hunter. Mr. Rickard, the class sponsor, also made the trip.

CHS LIBRARY

Well, seniors, now is the time for all of you to come to look over the library's collection of college bulletins. There are plenty of colleges and armed service institutes to give all of us good educations to prepare for our futures—if we want to prepare.

In fact, right now I believe we can get an education more easily than our children will because of the crowded condition of educational institutions which is growing greater every year.

I wish Crowell would go one hundred per cent education. Education makes our library tick, and the library is a good place to get much of our education.

Of course, we can't live in books but if you observe CHS librarians, they don't try. They know that books have their place—and they give them that place in their daily lives.

Try a book, if you haven't already. Let us know what kind you want, and the chances are good that we'll have it—or can tell you where to get it.

FASKE FAVORED BY SENIOR SPOTLIGHT

Green eyes, blond hair, 5' 4 1/2" tall, sweet disposition, intelligent—this describes Anna Marie Fiske, our senior girl of the week. Anna Marie's popularity was proven by her being elected class officer for three years, most courteous for two years, and FFA sweetheart last year.

Anna Marie says that her favorite subject is math and her favorite sport is football. Anyone can see that sewing is Anna Marie's hobby because she makes most of her lovely clothes. There's no wonder that pink is her favorite color because it is just the color for her pretty olive complexion. Our senior girl of the week enjoys "Young Love" by Sony James, movies starring Elizabeth Taylor and Rock Hudson, and peanut pie.

Anna Marie has been a very active member of FFA during her four years in high school, serving as president, reporter, and historian, and receiving her State Degree her junior year. She has been acting as area honorary membership chairman. On the Student Council, she represents the Library Club. She has been on the Roundup

staff for two years and Home-making reporter on the Wildcat staff for two years. Club.

Anna Marie plans to attend the University of Texas as a home-economics major. We know she will be a great success in all she undertakes, and we wish her the best of luck in the future.

WEHBA WALKS INTO SENIOR SPOTLIGHT

Walking into the male section of the senior spotlight is 5' 2", brown eyed, black haired Johnny Wehba who tips the scales at 210. Johnny is popular with all of his classmates for his friendly "hi" to everyone and his pleasing personality.

An ideal day, in Johnny's opinion, is spent in playing or watching a game of football, then eating friend chicken and banana cream pie while listening to the Diamonds sing "Little Darling," and finishing by watching a good movie starring Jayne Mansfield and Marlon Brando.

Other favorites of Johnny's include the colors: red, black, and white; and math.

Johnny has been a member of both the FFA and the Dramatics Club. He played the part of "Beef" in "The Beauty and the Beast," presented by the Dramatics Club earlier this year. His sophomore year found him a member of the livestock judging team. This year he is serving as president of the Teenage Club.

Johnny plans to attend North Texas State College as a major in business administration after graduating in May. CHS's best wishes are behind you all the way, Johnny.

ARMED FORCES REPRESENTATIVES VISIT

Last Wednesday, March 27, Mr. Sgt. Warren Dalhart of the Army, Chief Hoppe of the Navy, and Sgt. Robertson of the Air Force talked to the junior and senior boys about the advantages offered by the armed services. While the men were talking to the boys, Sgt. Kathy Earnhart of the Woman's Army Corps spoke to the junior and senior girls about the WACS.

ESSE'S MESSAGES

Oh, what a beaut-t-t-t (chatter) full d-d-d (stutter) day! (shiver, shiver)!

It may be a beautiful day (Thursday) today, but it isn't anything but 24 hours today (Monday).

Phooey! Who wants to talk about the weather. Let's talk about—uh—uh—

Parade! That's it! Do you read Parade? Well, this week there was an article called "Sophia Loren—You'll See a Lot of Her," and I read the article just enough to agree, for I find that there is a lot of Sophia Loren to see. She is five feet, nine inches tall. Yes,

lot of her to see.

If you think that's something, you ought to have seen the picture of a 20-foot cutout of Elvis Presley in there. A drive-in theater wanted it for advertising purposes. Lots of girls (who seem to collect these things) might like to have it for other purposes. Can't you see a 20-foot cutout on some stricken teenager's wall? I can—if the cut out were Elvis. My wall? No, thank you! There's no room in my heart for him. No room on my wall, either.

Parade also talked about some other subjects that we have all heard about — Carl Sandburg, the Duke of Edinburgh and Elizabeth, and Ike's gardener. Since Elvis and Sophia are nearer our ages, I wrote about them. Wouldn't they make some couple? (Don't die laughing).

I'll see you next week, if this article isn't the death of me—and my column!

FRESHMAN FROLICS

Notice the mangled freshman class? Last Friday at 5:30 p. m., the freshmen loaded into cars and headed toward Vernon where they spent two delightful hours at the skating rink (ouch!) Afterward, each of the students made its own decision about where it would go. Everyone felt his group had the best time, and the trip was thoroughly enjoyed by all. A special vote of thanks goes to the parents and to the sponsor for their wonderful cooperation.

Dear Miss Lovelorn,

I do not recall your receiving any letters from the boys, but anyway, if you are giving advice, you should be able to give it to the boys as well as the girls. I have been going steady with a girl from another town, and recently both of us started going with others. It has been several weeks since I have seen her and now I would like to see her very much, but I am afraid that she will be angry with me and will not go with me. Should I forget about her, or should I go to see her?

I wish my name to remain unknown.

Dear "I wish my name to remain unknown,"
 Yes, I think you should go see her. I can't tell you if she will go with you or not because I am not a mind reader. As for her being angry, you should have thought of that some time back. More than

What Is Interstate Commerce?
 bill is now pending in Congress to extend the coverage of Federal wage-hour law to millions of workers who have been exempt ever since this law came being.
 The bill would include many provisions of the law which apply to retail workers, farmers, paper employees, truck and drivers, hotel help, and so on. More important, this bill would make almost a revolutionary change in the meaning of the term interstate commerce. A single paragraph would extend the minimum coverage to employees of employers who are even re-

motely connected with interstate commerce.
 For example, it provides that an employee is subject to the jurisdiction of the law if he is engaged in any activity necessary to commerce, or engaged in any activity competing with any activity in commerce. This wording is so broad as to include almost any worker in any enterprise. It would most completely break down local jurisdiction over enterprise, and concentrate power in the federal government.
 Thus, the implications of the bill go far beyond the mere extension of federal wage and hour provisions to many retailers and to other businesses which are now exempt. It assumes, by inference, that laws and regulations which

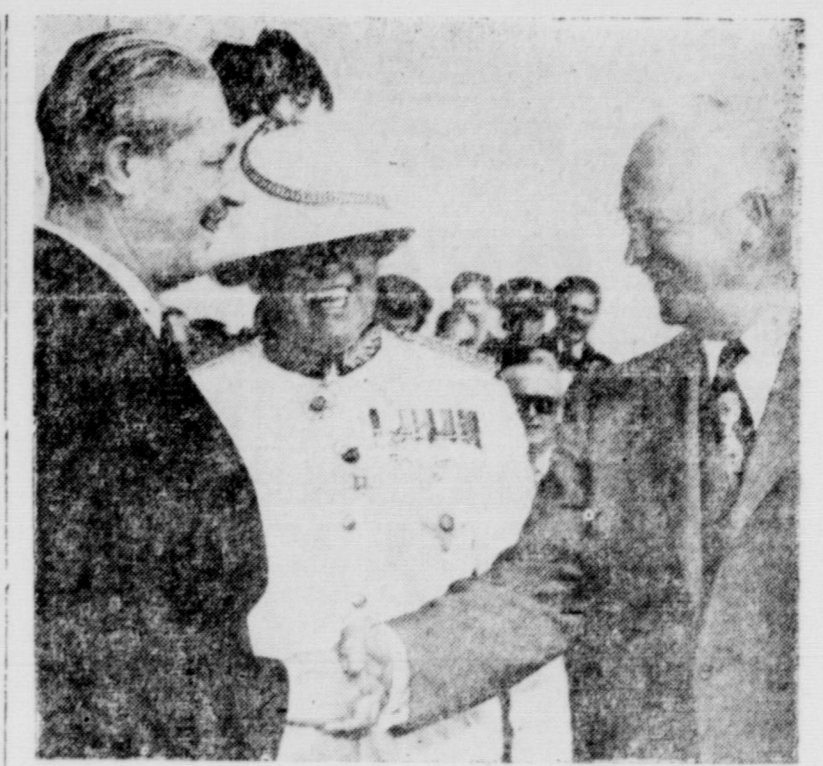

Many Texans Have Not Had Car Inspected

Only two-thirds of the total number of vehicle owners in Texas have received their 1957 vehicle inspection stickers, Col. Homer Garrison Jr., director of the Texas Department of Public Safety, said this week. He warned against the last minute rush at inspection stations at the close of the inspection period April 15.
 "Of the more than four million vehicle owners in Texas, only about 2,500,000 have had their cars, trucks and other vehicles inspected, leaving more than 1,000,000 to act within the remaining three weeks."
 The state police director reminded motorists of the impending deadline with a note of concern. He suggested that automobile owners visit a near-by inspection station now before inspection lines become long and they suffer an undue loss of time and effort.
 In commenting generally on the inspection program Col. Garrison said the correction of mechanical defects in vehicles operated upon this state's highways plays a substantial part in preventing traffic accidents.

for instance, are fair in New York City are also fair in little towns—an assumption which is simply not tenable. Far worse, it assumes that a centralized federal government should control and regulate practically everything.
 Is that what the American people want — another obstacle in the operation of business?

God's Stain Remover
 Ink writing that washes out or fades with time may soon become a thing of the past. A New York firm has developed a marking device that may be used on almost any writing surface including glass and plastic.
 The marker has a felt nib and is capable of making lines from fine pen strokes to brush stroke size. The special non-liquid ink dries instantly and cannot be wiped off. It resists the strongest bleaches.
 The stains of sin on a human soul are very much like this newly developed ink. That the stains are there most people readily admit. The question is, how can they be removed?
 Not by human effort, not by tears, not by religious exercises of any kind. Lady Macbeth was right: "Will all great Neptune's ocean wash this blood Clean from my hand? No, this my hand will rather The multitudinous seas incarnadine, Making the green one red."
 There is but one thing that can remove the stains of sin—the blood of God's Son, Jesus Christ. "The blood of Jesus Christ his Son cleanseth us from all sin" (1 John 1:7).
 God wants to take away our sins. "Come now, and let us reason together, saith the Lord; though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool" (Isaiah 1:18).
 But you say, "Prove it." Why not prove it yourself? You can—by confessing your sins to God and asking forgiveness on the basis of what Christ has done in giving His life to pay sin's penalty.
 "What can wash away my sin? Nothing but the blood of Jesus. What can make me whole again? Nothing but the blood of Jesus. Oh, precious is the flow that makes me white as snow; No other fount I know, nothing but the blood of Jesus."

BERMUDA REUNION — British Prime Minister Harold Macmillan (left) greets Pres. Eisenhower at Hamilton, Bermuda, after the latter came ashore from the U. S. Cruiser Canberra for top level talks. The aim of the meeting is the restoration of British-American cooperation in a wide range of international problems. Smiling at center is Bermuda's Governor, Lt. Gen. Sir John Woodall, in his formal white uniform.

A. C. P. Practices Can Be Carried Out on Soil Bank Land

Land which has been placed in the Soil Bank, either the Acreage Reserve or Conservation Reserve, is still eligible for Federal cost-sharing in carrying out practices under the Agricultural Conservation Program (ACP), Tom Prater, extension farm management specialist, reminded Texas farmers this week.
 But, he said, applications for cost-sharing for conservation practices must be filed with the county ASC committee before any practice is undertaken. Too, the county committee is the best source of information on practices which have been approved for ACP cost-sharing in the county for this year. Approved practices vary by counties, therefore, checking with the county committee is very important.
 Applications are now being received for the 1957 ACP at most county offices. All applications for approved practices that are received in time for inclusion under this year's program will receive equal consideration, said Prater.
 If ACP practices are carried out on land placed in the Soil Bank, the Soil Bank provisions of no grazing and no harvesting must, of course, be met. Some practices which are not eligible for assistance under the Conservation Reserve are eligible under ACP, and may be carried out on Conservation Reserve land if approved by the county ASC committee. Assistance, however, cannot be given under both programs for the same practice on the same acres.
 The safe bet, said Prater, is to contact the local ASC committee and find out what is available for helping conserve and build up the farm land.

Crappie Fishing at Belton Called "Best"
 It's practically a case of throwing in your baited hook and then hiding behind a tree, when it comes to catching crappies in Belton reservoir, according to a field report relayed to Marion Toole, chief aquatic biologist for the Game and Fish Commission.
 He said Kenneth Jurgens, senior aquatic biologist, described crappie fishing in Belton as "bordering on maximum results." The field man anticipated that the good crappie fishing there would continue until about April 15.
 Belton is one of the state's youngest big lakes, having been created only three years ago when the Leon River was dammed about six miles west of the city of Belton.
 The new impoundment was stocked with black bass but the crappie population in the river. Jurgens said the brushy condition of the lakes' bottom created "ideal conditions for the crappie."
 He said most of the fishermen seemed to be angling for the crappies at a depth of eight to ten feet and that they were using "usual crappie minnows." He said the crappies now biting so hungrily, range up to two pounds in size.
 Jurgens said Belton also is yielding some large black bass, with the fishermen favoring "deep running lures."
 Mr. Toole also said Jurgens had "turned in a highly favorable description of black bass fishing at Inks Lake of the Highland Lakes chain." Inks, a few months back, became the first deep water lake to be given the Commission's new pioneering selective kill chemical treatment to control unwanted rough fish, mainly gizzard shad.

NYLONS FOR ESKIMOS?
 For arctic ambulation, there's no shoe like a snowshoe—and no snowshoe like the new ones made from steel cable encased in oil-based nylon set in feather-weight magnesium frames. These novel snow-travelers, developed with the help of metal and oil-industry capital and know-how, are said to out-mush snowshoes made by old Eskimo experts.
 The shot fired by the American colonists at Concord was the "shot heard round the world."

Offset Other Fellow's Highway Blunders by Your Defensive Tactics

"Be a 'plus' driver. Offset the other fellow's blunders by your defensive tactics!"

This advice was given to motorists this week by J. O. Musick, general manager of the Texas Safety Association, as he urged them to cooperate fully with the defensive driving program of TSA throughout this month.

This program is part of the Back the Attack on Traffic Accidents campaign designed to cut down the 1957 traffic toll. The spring phase of Back the Attack places emphasis on the responsibility of the driver for his own and others' safety.

"Many of the cases that come before the courts concern accidents that need never have happened," Musick said. "If the 'innocent' party in the accident had foreseen the danger in time, had known what to do, and had done it quickly, there might not have been an accident."

He pointed out that the driver's responsibility goes further than driving safely himself, knowing and obeying traffic laws, keeping his car in good mechanical condition, and driving only when he is in good physical condition.

"A driver might do all these things and still be involved in an accident through the unsafe behavior of a pedestrian or another driver," Musick said. "The 'plus' driver goes a step further. He is constantly alert to the accident potential of pedestrians, other drivers, and traffic and weather conditions. He is aware of the types of hazards they may suddenly present and is prepared to combat them."

Rep. Heatly Opposes Tax Reductions for Breweries in Texas

"Taking money from the teacher pay raise to satisfy the selfish interest of Texas breweries took up half the legislature's four-day session during the past week," revealed Representative W. S. (Bill) Heatly of the 82nd District.

Rep. Heatly, who was at his home in Paducah Friday, speaking of Senate Bill No. 214 by Frank Owens of El Paso, which he said was designed to reduce taxes on the breweries, money will be taken from the treasury that is badly needed in the recently-enacted teacher pay raise and the state employe raise," Heatly said.

He condemned both Senate Bill No. 214 and Senate Bill No. 225, which has already passed the Senate and the House and is presently awaiting the Governor's signature.

Heatly explained, "Senate Bill No. 225 permits a brewery to manufacture beer in a dry county, and I contend that it is in violation of the State Constitution, Section C of Article 16."

"I have requested Governor Daniel to ask for the attorney general's opinion on its constitutionality and have urged him by personal letter to veto same. This is the only plea left that the Christian people have," the Paducah representative said.

Both bills were sponsored by the Texas Brewers Lobby, headed by Homer Leonard of Austin, Heatly stated. He also said the House used Tuesday in passing Senate Bill No. 225 with only 34 votes against.

"I have endeavored to get two bills out of the liquor legislative committee, one of which will ban the sale of beer on Sunday and after 10 p. m. and the other to make it a felony on second offense for illegal sale of alcoholic beverages, the same penalty that is provided for DWI," Heatly stated.

"The beer industry opposed both of these bills," he said, "and they are now deceased in a subcommittee of the liquor regulations committee."

The two bills, prepared by Heatly, were introduced by Rep. Ben Ferrell of Tyler and Rep. Truett Latimer of Abilene in the early part of the session, prior to the introduction of the two bills that were taken into consideration by the House last week.

"I have opposed the monopolistic and powerful beer lobby behind the scenes, before the committees, and before the House of Representatives, but help is needed from the Christian people of Texas, or the beer lobby will enact the laws and use the capitol for its largest brewery," Rep. Heatly concluded.

Whooping Cranes Rout Raccoon

Reports from down on the Aransas National Wildlife Refuge, on the Texas Gulf coast, indicate that some of the mean old predators took an occasional challenge.

Claude Lard, Refuge manager in a letter to the Whooper Network, ranging along the north-south flyway of the celebrated whooping cranes, described how a pesky raccoon provoked a pair of the big birds.

This incident was particularly interesting to wildlife authorities since a raccoon was unofficially blamed for the untimely death six years ago this spring of the first baby whooper born in captivity.

Lard wrote how Emil Leister, a refuge maintenance man, observed a pair of whoopers lower their red-topped heads and charge a raccoon, finally chasing it across the flats where the birds were feeding and into a brush thicket.

Whoopers are not known for their belligerency, according to ornithologists, and in fact seem to live harmoniously with the birds and beasts alike down on their ancestral wintering grounds.

Your Stake in Medical Education

Medical Education Week, which is to be observed April 21-27, has six specific goals—and all of them are vitally important to the country.

Here, briefly described, are those goals: 1. To portray the key role that medical education plays in the maintenance of the nation's health and security. 2. To explain how our 82 medical schools are striving to meet the demand for a larger number of physicians and at the same time maintain high standards. 3. To call attention to the steady progress in the medical sciences, showing what this means in terms of longer life, better health, and greater freedom from disease and disability. 4. To point out the wide range of activities, such as teaching, research, service and leadership, the schools carry on in addition to the job of training new doctors. 5. To make clear the extent and nature of the new challenges to the medical profession, resulting both from our constantly expanding fund of knowledge and from the mounting complexity of our civilization. 6. To point out some of the steps being constantly taken to push back the horizons of medical science in every field.

President Eisenhower, in endorsing the observance of Medical Education Week, said: "Each American has a personal stake in the country's medical schools. The schools . . . are a vital resource for the health of our people and the strength of the nation." Keep that in mind when April 21 rolls around.

Geese Leave Area Before Heavy Rains

The weather outsmarted Colorado County's vaunted concentration of wild geese; that is the heaviest rain in five years came a day or so after most of the big birds had left for their northern nesting areas.

Game Warden Tom Maddell of Eagle Lake, who had been credited with a major role in building up what once was a small number of geese in the rice fields, reported to the executive secretary of the Game and Fish Commission that when the bulk of the migrating geese pulled out, fresh water was conspicuously absent.

Then, within forty-eight hours, up to nine inches of rain fell in the main goose belt within eight miles of Eagle Lake. Waddell estimated that the area had housed about one hundred twenty thousand and geese, including eighty thousand and snows, and a good number of speckled bellies.

Dating back to the last fall harvest season, Waddell's records show one Lissie Prairie Hunting club which took in day hunters at ten dollars per person per day, reported 617 hunters bagged 1461 geese, or an average of 2.4 geese per man and a cost per goose of \$4.15 each.

Range of S. A. C. Striking Unit Only Limited by Crew

The range of a Strategic Air Command striking unit now is limited only by the endurance of its crew, Col. Neil W. Wemple, deputy commander of such a unit, declared in an interview at Texas Tech in Lubbock recently.

A SAC Wing can take off on a moment's notice, go anywhere in the world and maintain a sustained offensive against an enemy, according to Wemple, an officer of the 59th Bomb Wing, located at Walker AFB, N. M.

The 59th is the unit that dropped the first A-bombs on Hiroshima and Nagasaki.

Too Late to Classify

NOTICE—Anyone wishing to submit sealed bids on 1,850 acres grass land belonging to the H. K. Campbell estate, see Dwight Campbell or Mrs. Maggie Campbell.

Each SAC Wing is equipped with fly-away kits, Wemple explained. The kits contain everything necessary to make the Wing completely self sufficient wherever it lands.

Wemple was a visiting lecturer in Tech Air ROTC classes. Drone bees cannot sting.

In 1952, Florence Chadwick swam the Catalina Channel, a distance of twenty-one miles. Had she been handcuffed, it would have been doubtful if she could have succeeded.
We have a President who is handcuffed to the opposition party; yet we expect him to avert a condition like what happened in 1929 under the same condition. A vote for Thad Hutcheson will be a vote to loose the shackle from our Presidential power, and will avert a repeat of 1929-30.

FOUNDERS OF FORTUNES . . .

Many great fortunes were founded by the pioneers, the brave men who faced countless dangers to open up new empires.

But many more fortunes have been founded by men who never did one thing unusual or spectacular, but who, year in and year out, quietly and regularly added to their savings.

Let us help you form a regular savings plan that will fit your needs.

bankrupt company's financial history. Goal is to discover if crash was due to any violations of law or lack of adequate laws or enforcement.

One possibility for fresh sensations would be the return of BenJack Cage, former manager of the company. Cage is in South America. He said he would be glad to talk with the committees, but was busy right now and couldn't get away.

Cage's successors at ICT have accused him of squandering the company's funds in numerous bizarre promotional schemes.

Recent disclosures from testimony: (1) Former Insurance Commission Chairman J. Byron Saunders received some \$7,000 from ICT Discount Corp. in monthly checks. Saunders said it was in payment for his interest in Wood County oil wells. Atty. Gen. Will Wilson questioned Saunders closely as to why the money was listed on his income tax return as legal fees rather than money from a property sale.

(2) Two former Insurance Commission examiners were asked to explain if they were the same men whose names appeared on checks from a BenJack Cage interest. A doctor certified the two, L. W. Blanchard and Robert Butler, were too ill to testify. Both had been discharged from the commission

for alleged connections with another company that went broke.

(3) Renne Allred Jr., court-appointed liquidator for ICT, charged the company was organized with borrowed money, a procedure contrary to state law. He also said year-end statements were fattened by short-term loans.

(4) Several legislators and former legislators testified concerning fees from ICT. Most were small in amount and received some time ago.

COKE'S CO. IN TROUBLE—Physicians Life Insurance Co. of Dallas is to appear before the Insurance Commission Thursday, March 28, to show cause why it should not lose its license.

This is only one of the difficulties faced by the company headed by Former Gov. Coke Stevenson. It is one of several Dallas-based insurance companies that are to be investigated by a special Dallas County grand jury.

Gov. Stevenson said the original founders of the company sold some of their stock through the company at a tremendous profit and retained the money themselves. None of these people is in authority now, he said, and the firm has sued for recovery of the money. "It will go a long way to get things straightened out," he said.

Stevenson also told stockholders the company's future solvency requires it to get loose from a commitment to take over assets of American Atlas Ins. Co. from the state receiver. Federal tax liens against American Atlas were discovered after the deal was made.

Another Insurance Commission order gives Legal Security Life of Dallas until April 15 to clear up charges it falsified its books to show assets in excess of their true value.

CONFUSED HISTORY—House bribery investigators are having slow going with the Texas Naturopathic Association.

Efforts to uncover details of the TNA's past legislative activities have been repeatedly balked by faulty memories and lack of records. On the committee's recommendation the House formally censured ex-Rep. James E. Cox of Conroe. Cox has been indicted on charges of agreeing to accept a bribe from the TNA.

Panel then turned its attention to reports of a fund raised by the Naturopaths to "educate" the Legislature in 1955. Fund was variously estimated from \$8,000 to \$59,000.

But only hazy and conflicting testimony was received. No records were kept, said a former office secretary.

Irked by it all, the committee prepared contempt charges against a Dallas naturopath, Dr. Robert Spears, for refusing to answer questions about his background.

OIL DOWN AGAIN—Texas' big gush of oil production was short-lived. Europe couldn't use it after all.

Texas Railroad Commission cut the April allowable by 224,710 barrels a day. It is to be at 3,561,065 barrels a day on a 16-day producing pattern. This puts things back about as they were in February before the big jump to 18 producing days in March.

Major oil companies had strongly urged increased production on the commission. But after three weeks under the higher pattern, they were unanimous in asking a cutback.

News of the lower allowable brought uneasiness to legislators. They had been counting on high oil production to bring in the increased revenue to put over their record spending program without new taxes.

State Comptroller Robert S. Calvert had forecast an extra \$100,000,000 for the next biennium. After the Railroad Commission order, Calvert said he was not changing that forecast yet. It included some leeway for fluctuation in oil revenue, he said.

LIMITED SALES APPROVED—Bill to prohibit limiting of sales for below-cost items is back. Senate State Affairs Committee approved the measure sponsored by Sen. A. M. Aikin Jr.

A similar measure passed in 1955 was outlawed by courts because it applied only to groceries. Aikin's bill applies to all retailers. A record crowd attended the committee meeting. Bill is generally favored by smaller grocers who contend it is necessary to prevent big chain's usurping all the business with drastic price cutting.

SHORT SNORTS—Texas Research League announced it has accepted the Insurance Commission's request to survey its activities and offer suggestions for more efficient operation. . . . A bill to make parents liable up to \$500 for a minor child's property damage is unconstitutional, ruled Atty. Gen. Will Wilson. . . . Former Congressman Brady Gentry of Tyler was appointed Highway Commission chairman by Gov. Price Daniel. Gentry previously headed the Commission from 1939-45. . . . Texas highway deaths during 1956 hit a record-breaking 2,611, reported the Dept. of Public Safety in closing its statistical books for the past year. More discouraging, the number of deaths per miles traveled also inched up. . . . Court of Criminal Appeals upheld the conviction of George B. Parr for threatening to take a human life. A Jim Wells County court had convicted and assessed a \$1,500 fine against the one-time political leader. . . . February saw 3,202 Texans enter the armed forces while 2,932 were separated,

The official lid is being kept on talk about cutting the government budget, but the face is strong back-stage pressures are building up for sizeable cuts, with foreign aid as the principal target. There's grumbling, too, about the size of the defense budget.

Congress is in an economy mood. There is no doubt about that. Congressmen who have been here for many years tell us they are getting more spending protests than ever before from their constituents.

Treasury Secretary George Humphrey has quieted down, publicly, but in private talks with congressmen he apparently is not discouraging them from making cuts in the budget. Word is that the White House told him to "lay off" talking to publication.

It is the well-established, although little known, practice of government agencies to lobby Congress for all the money they can get. These lobbyists are government officials on the public payroll.

By contrast, there are almost none here who represent and speak for taxpayers before the appropriations committees. It is the common practice to hold appropriations hearings in secret, behind locked and guarded doors. Testimony is edited, and released only after the appropriation bills have been passed by Congress and signed by the President.

When it is too late to do anything about it, taxpayers learn the size of the government bill they are going to have to pay. Their only hope is that the appropriations committees will whittle the agency demands and that the Senate and House will back up any cuts they make.

The \$72 billion Federal budget for the year starting next July 1 looks awfully big to a lot of taxpayers who will have to foot the bill. That bill will amount to almost \$500 per person, on a national average. Several congressmen tell us they won't dare go home unless they vote for a reduction in government spending.

The difficulty is that they are not given enough unbiased information on which to make intelligent decisions.

Mr. and Mrs. Jesse Cleghorn of Amarillo spent Friday night with her uncle, Oran Ford, and wife.

Mrs. Hines Whitman and children of Lovington, N. M., spent Sunday with Mr. and Mrs. B. A. Whitman. The children remained for Sunday night while their mother returned to Vernon to her mother's, Mrs. H. E. Presley. She returned here Monday to pick up the children en route home.

Mr. and Mrs. Charles Bursey and son, Larry Charles, were recent guests of Mr. and Mrs. Gene Hollar at Pampa.

Mrs. Frank Long of Crowell spent the week end with her daughter, Mrs. Howard Bursey, and husband.

Candy Cooper spent Saturday night with her grandparents, Mr. and Mrs. Elbert May, in Vernon. The Mays brought her daughter and husband, Mr. and Mrs. Bob Cooper.

Mrs. C. H. Wood took Mrs. Bill Hunter and daughter, Clydene, to visit Clydene's grandparents, Mr. and Mrs. Newsome, in Vernon last Saturday.

Mr. and Mrs. Sim Gamble and Ernest and Oran Ford were in Wichita Falls with Mrs. Morris McCarty, when she underwent surgery there last Monday.

Mr. and Mrs. R. H. Cooper are visiting their daughter and husband, Mr. and Mrs. Jimmie Hughes, in Austin this week.

Mr. and Mrs. Crews Cooper and Mrs. Rob Cooper of Crowell visited Mr. and Mrs. Bob Cooper Sunday.

R. H. Cooper, Charlie Webb and Ira Tole were business visitors on the Plains last week.

gent cuts. Probably 99 per cent of the testimony in hearings is for the budget requests, and very little argument against them. They hesitate to vote blindly against White House estimates of what is needed.

This hesitancy is especially true in the case of defense and foreign aid estimates. No congressman wants to weaken the national defense. The two combined—military functions and foreign aid—amount to \$15.3 billion, or almost two-thirds of the 1958 fiscal year budget.

The international situation being what it is, there isn't much chance that Congress will override Presidential objections and whittle any sizeable chunk off defense and foreign aid spending. It isn't, however, too difficult to detect a feeling on Capitol Hill that some of our allies are being more for themselves.

It takes \$7.4 billion a year to pay the interest on the billion national debt and, of course, can't be cut. The carrying charge accounts for more than 10 cents out of every dollar collected in taxes.

That leaves only about 10 per cent for other government expenses, and odds are against Congress cutting those as much as very little reduction in government spending—or in taxes, for matter.

According to our allies, Chicago study, banking today as one of the top four prestige value. It outranks architecture and dentistry.

KEYHOLE KAPERS Well, howdy, guys and dolls, here we are again for another little expose. There were surely a lot of sleepy girls Friday night. Reason: two slumber parties, Dianne Sledge and Carolyn Aydelotte. We also hear that some of the freshmen had a little trouble on their skating party Friday night. Spikes was happy over the week end. Reason: the T-bird was in town again. Mike and Sonny were living it up over the week end!

People that were seen in the Plaza Saturday night were Sonny-Lizzy, Sandra-her man from Lockett, and Larry-Jana. Judy Hollenbaugh and Jerry Clifton have been seeing quite a lot of each other lately. Could this be something new? Staggering it over to Vernon Saturday night were Thomson, Youree and Gidney!

Seen in the Quannah theatre Saturday night were Ed Howard and his little queen from Quannah. It would appear that they enjoyed the show immensely! Seen Sunday night were Bettye-Linda - Freddie, Sonny - Lizzie, Larry - Jana and also Rader - Roxie. Jerry Bob-Gayle went to church, believe it or not!

We hear that Thomson is having trouble trying to get a date! Is this so, Thomson. If he would let his hair grow out, he might have better luck! Say, McCoy really gets around. He was seen with Patricia Todd last Friday night. Wehba and Beverly are still hitting it off. They are seen somewhere in town every night. New couple is Eugene Davis and Janie Bowers. They have been seen together quite frequently lately. In fact, they are going steady!

Calvin is sick. He stayed home Saturday night! Thomson was also sick. We refuse to divulge the reason because it might tend to incriminate us!

All the freshmen girls had a great time at the slumber party Friday night. Couples at the skating party Friday night were D'Lois - David Carpenter, Charlotte - Grady, Janie - Arlos, and Helen - Ray. Bettye-Linda, we hear that you've been doing a little climbing lately. How about all these "???" stunts Jo Frances has been pulling? Better be careful, kid! Gerald, who is Elizabeth Kitchens?

Sue has taken an avid interest in Chillicothe lately. His name couldn't be George Metcalf, could it? Where was Calvin Sunday night? He couldn't have been at Johnson's, could he? Well, that just about winds it up this week. See 'ya again next week with more of this "old stuff!"

visited last week with her sister, Mrs. H. A. Smith, and husband here. She is now visiting another sister, Mrs. Allie Moorhouse, in Benjamin.

J. A. (Pete) Brown Married March 2nd in Carlsbad, N. M.

Miss Doris Jane Chapman of Andrews became the bride of J. A. (Pete) Brown, son of Mr. and Mrs. J. M. (Jodie) Brown of the Good Creek community, in a double ring ceremony on March 2, in the home of the pastor of the First Baptist Church in Carlsbad, N. M.

The bride wore a baby blue suit, tiny blue hat to match, and black accessories. She also wore a lovely shoulder corsage of white carnations.

Mrs. L. A. Brown of Midland, sister-in-law of the groom, served as matron of honor and wore a pink sheath dress with black accessories and a lovely pink corsage. L. A. Brown served as his brother's best man.

Also attending was Miss Nita Hughes who wore a black and white dress, black accessories and also a white carnation corsage. Her escort was Benny Hogard of Andrews.

The bride is the granddaughter of Mrs. G. W. Clement of Andrews.

Mr. and Mrs. Brown will make their home in Andrews where he is employed by Pan American Petroleum Company.

Bridal Shower Honors Mrs. Hammonds

Mrs. Leslie Hammonds was honored with a bridal shower Thursday, March 21, at the home of Mrs. Ray Hysinger of Margaret.

Other hostesses included Mrs. W. A. Dunn, Mrs. A. E. Owens, Mrs. Bob Thomas, Mrs. Dink Russell, Mrs. J. S. Owens and Mrs. Hysinger.

Mrs. Hammonds is the former Miss Louise Gordon, daughter of Mr. and Mrs. Cleve Gordon of Margaret.

Guests were greeted by Mrs. Hysinger and presented to members of the receiving line which included the honoree; Mrs. Cleve Gordon, her mother; and Mrs. Maggie Hammonds, grandmother of the groom. The honoree was attired in a winter white wool sheath dress and wore a pink carnation corsage, a gift of the hostesses.

The table was laid with a white Maderia cutwork cloth over pink, with silver candelabra decorated with pink satin bows and pink tapers. Streamers bearing the names, "Louise-Leslie" in gold, extended from the table.

Mrs. Bob Thomas and Mrs. Abb Dunn served pink fruit punch with dainty cookies and mints.

Mrs. A. B. Owens presided at the register. The table was adorned with a beautiful arrangement of pink fruit blossoms and spring flowers were used throughout the house.

A background of appropriate music was provided by Mrs. W. F. Bradford and Mrs. Abb Dunn during reception hours.

Mrs. Dink Russell presided in the gift room where many beautiful gifts were displayed.

Parson Weems, first biographer of George Washington, first told the story of the cherry tree.

FOARD CITY H. D. CLUB

"Shrubs do for the outside of your house what curtains do for the inside," Mrs. Mary D. Brown told the Foard City Home Demonstration Club members when she demonstrated how to choose and plant a foundation shrub at the recreation room Tuesday afternoon, March 19.

Mrs. Brown showed several cuttings and told where each could be planted for landscape beauty. She also advised planting acclimated plants. She showed how to plant a shrub as she set a euonymus japonica at the church.

"Buying on the Installment Plan," a poem, was read for opening the meeting by Mrs. Tom Callaway.

Mrs. Glen Jones gave the council report and urged each member to attend the all-day meeting at the Margaret community house on March 29; also, the district THDA meeting April 5 at Vernon.

Club voted to quilt at an all-day meeting at the recreation room Tuesday, March 26. The members voted to purchase and plant a euonymus japonica at the church building, and to set other shrubs contributed by the members.

Mrs. Tom Callaway, the hostess, served cake and iced drinks to Mrs. Brown and six members. Mrs. Grover Owens was awarded the hostess gift.

At the next meeting Tuesday, April 2, at 2 p. m., Mrs. Floyd Borchardt Sr. and Mrs. Pearl Cox will bring the program, "Dress Up Your Windows."

RIVERSIDE H. D. CLUB

To "make money for the club" was the goal of the all-day covered dish meeting when the Riverside Home Demonstration Club ladies met at the Riverside school house Wednesday, March 20.

Arriving around 9 a. m., the ladies hastily put a quilt into frames and a lot of fun was had quilting and chatting, while it rained outside. After lunch was enjoyed, the quilt was finished, while Mrs. G. M. Moore and Mrs. Jas. Bowers led a "round quilt" discussion on the "Trend in Spring Fashions" and "Planning Your Wardrobe." Mrs. C. L. Adkins gave the financial report of the club.

The next meeting will be at the Riverside school house Tuesday, April 2, at 2 p. m. with Mrs. Dave Shultz as hostess. The program, "What Is Social Security?" will be given by Mrs. Mary D. Brown, C. H. D. A.

The club was happy to have 2 visitors for the day. They were Miss Veda Cribbs and Mrs. Cliff Cribbs. Members present were Mrs. G. M. Moore, Mrs. C. L. Adkins, Mrs. Sam Kuehn and Mrs. James Bowers.

THALIA W. S. C. S.

The Church and Mental Health was the subject for the Thalia W. S. C. S. in the home of Mrs. Bob Cooper Monday, March 25.

Ten leader, Mrs. B. A. Whitman, gave the meditation and prayers. Hymns, The Great Physician, I'll Live for Him, Jesus is Always There, led by Mrs. Beverly Gray with Mrs. H. W. Gray as accompanist, were sung. Mrs. A. W. Gray read scriptures from Matt. 4 and Mark 5, 1-20.

A panel discussion on "Mental Health" was given by Mesdames Cooper, Robert Hammonds and Beverly Gray.

Mrs. W. G. Chapman dismissed the group with prayer. The hostess, assisted by Mrs. C. H. Wood, served delicious refreshments to Mesdames M. C. Adkins, T. R. Cates Sr., Beverly Gray, B. A. Whitman, Robert Hammonds, H. W. Gray, C. C. Lamb, W. G. Chapman and four children, Jimmie Hammonds, Linda and Karen Gray and Candy Cooper.

THALIA H. D. CLUB

Members of the Thalia Home Demonstration Club met at the regular meeting place last Thursday, March 21. The president, Mrs. Ed Huskey, opened the meeting with prayer and conducted a short business meeting.

Due to ill health, Mrs. Morris McCarty resigned as vice president and Mrs. H. W. Gray was elected to the office.

Refreshments of cookies and pop were served to members and one visitor, Mrs. Oran Ford.

THALIA BAPTIST W. M. U.

The Thalia Baptist W. M. U. met in the home of Mrs. G. B. Neill for its regular monthly business and social meeting. The devotional was brought by Mrs. Cap Adkins, followed with a prayer by Mrs. W. B. Fitzgerald.

The president, Mrs. Maggie Wheeler, had charge of the business meeting.

Pie and coffee were served to 8 members and two visitors, Mrs. Susie Robert and Mrs. Lee Shultz. The social hour was spent in visit-

MARGARET H. D. CLUB

The Margaret Home Demonstration Club met in the home of Mrs. Bob Thomas Friday, March 22, with fourteen members and two visitors present.

Mrs. Loraine Bradford and Mrs. Myrtle Murphy discussed spring fashions after which games were played.

Refreshments were served by the hostess.

The club will meet with Mrs. Truman Boyd on April 12.

CUB SCOUT PACK MEETING

The pack meeting of the Cub Scouts was held at the Community House on Tuesday, March 19. The theme for March was "Indian Trails."

Den No. 1 observed the program with Indian prayers.

Den No. 2 had closing which was Indian war dance and songs. There were forty-one present.

The Lions Club is sponsoring the Cub Scouts.

Red Cross Gray Ladies Work with Children at Gonzales Hospital

True ambassadors of mercy and cheer are the American Red Cross Gray Ladies of the Palmetto Council who serve day in and day out to brighten the lives of patients at the Gonzales Warm Springs Foundation at Gonzales.

Comprising the first council ever organized to serve a civilian hospital, these Gray Ladies travel many miles from a four-county area to work at Texas' own non-profit rehabilitation center. From the time the Council was organized last May, through January, these volunteers—about 50 in number—have spent an astounding total of 4,122 hours in service to these patients.

Dressed in neat and attractive Red Cross uniforms, these happy housewives—mothers and grandmothers—serve in a multitude of ways to make the long hours pass more quickly and pleasantly. They read, they talk, they write. They help with the evening recreation program—playing games, popping corn, grilling hot dogs and hamburgers. Sometimes they help with hand crafts, pinch-hit for the push-boys, assist in the serving of meals. They provide 200 gifts each month and give parties on special occa-

Wife Contacted by Short Wave Radio

George Thompson of Pampa, who had made a business trip to Austin, was here Monday and Tuesday visiting his mother, Mrs. Ed Thompson. He could not return home until Tuesday afternoon because of the severe snow storm on the Plains. He was unable to contact his wife, who was also snow-bound away from home, until Charles Howard Bursey of Thalia got a short wave radio message through to her in Amarillo where she was visiting her parents.

Vermont was the first state to be admitted to the Union after the original 13.

FUEL USED ON IWO JIMA

The motor fuel used in the Iwo Jima campaign would have filled a train of tank cars 238 miles long, and the lubricating oil would have filled an additional 125 box cars.

Often it is little undefined kindnesses that mean the most of all—like a smile and a hug for a little boy or girl who misses mother or dad.

NIXON HOME AGAIN — Vice Pres. Richard Nixon is greeted by his 8-year-old daughter, Julie, after his return from a 19,000 mile African tour. He traveled a total of 18,000 by air and 1100 more by mobile.
