

# THE FOARD COUNTY NEWS

AND CROWELL INDEX

CROWELL, FOARD COUNTY, TEXAS, FRIDAY, JULY 18, 1924

10 PAGES

\$2.00 A YEAR

## YIELD OF 45 BUSHELS ON 140 ACRES IN WHEAT

R. L. Kincaid has beat anybody in the country making wheat, according to reports coming to this office. He threshed a little more than 45 bushels to the acre from 140 acres across the Wichita River in Knox County.

He should have liked to report this to the practice of newspapers generally to tell the truth, we must say that the land is in Knox County, and was located as nearly as it possibly could have been to Foard County.

Kincaid explains the extraordinary yield by the land's having been over-fertilized last summer. He reports that the land in excellent condition then got good seasons all during the wheat growing season this last year and the consequences are as stated.

In this case summer following the one might say, has been the cause. There is a belief among the farmers generally that this is a good year and no doubt would be followed if the seasons could be figured with any degree of accuracy. It has never been tested out over a 25 year period.

## Trin Party Are Traveling in Oklahoma

Sulphur, Okla., July 7, 1924. The News and Friends:

Notwithstanding the fact of numerous rains and many cool nights, our party of five has been fairly comfortable, as we all eat as one family, looking being done in the truck.

Mr. and Mrs. McGinnis and her sister, Mrs. Bourland, of Vernon, did not bedding enough for such cool weather so they came to the house the morning before daylight and wanted in and were soon comfortable, as we have plenty of bed clothing and such was furnished heavy for the next night and all has gone since.

Mrs. McGinnis and Mrs. Bourland stay when it comes to fishing. They came in today with 32 fish. On July 1, any one can fish within bounds of the park.

National Park occupies a narrow strip on both sides of Navaseth creek, about 850 acres. Within this park is a deer park with nine does, a elk park with four elk, a buffalo park with one buffalo, two having just wintered. Within and close to park are thirty-five springs and a flow of 2,500 gallons per minute, two others not far behind, and each of these there is a fine bathing pool and bath house. These are on the national park grounds and are made for bathing but water for use is free. Water and bathing free to all responsible white people. There has been from two hundred to four hundred camping out all the time. Besides, there are several hundred people at the hotels and rooming houses.

Within the house at the Brownside Springs are three kinds of water, one is a check of all visitors to the springs is made each day, which shows daily attendance of from two to four thousand. On July 4 they marked over twenty thousand, but I think they counted many twice. The camp grounds have good shade and grass. Loose dogs are allowed in the park. A dog was shot by the manager for us.

Sulphur is a neat city of 5,000 people. Both the business and the residential sections are mostly built upon hills, separated by a valley and known as East and West Sulphur. Samantha and I have but little use of the mineral waters as a health resort but are drinking some, to be in health, not because we like them. The rest of our company think they are being benefited. Many who have been here for some time report great improvement in health.

The great majority of the campers are from Oklahoma and North Texas. Mr. and Mrs. Madden and daughter are close to us in camp. Mrs. Madden is a sister to Earnest Meadors. Mr. and Mrs. D. F. Sinton and daughter are also camping near us. Mrs. Sinton is a sister to Mrs. E. W. Burrow. We have also met Mrs. Johnson, who formerly lived near Foard City.

The corn in this part of Oklahoma is not hurt by the hot winds and is in good. There are plenty of roasting ears. As there have been no mosquitoes and but few flies it has been a pleasant camping.

H. M. FERRIN.

## Dow Miller Buys Magnolia Station

Claude Barry has sold the retail accessory business of the Magnolia Station to Dow Miller.

Barry retains the wholesale business of oils and gas and the agency for the Chevrolet cars.

There is enough business in the retail of gas and accessories to give Miller plenty to do, and enough in the wholesale line to keep Barry pretty busy.

## Davidson Pledges His Support to Saving the Orient Railroad

Lynch Davidson, who rendered valuable assistance in the effort to keep the Orient going in 1921, said recently that if he was elected he would do everything he could to do so again. He issued the following statement a few days ago relative to the matter:

"I wish to say to the people of West Texas and to the thousands of laboring men on the Orient Railroad, that Lynch Davidson is not now forgetting them in their hour of need, when it again appears that the Orient Railroad is in danger of abandonment. I saved that road from abandonment three years ago, and I shall do it again. To them I say hold the fort a little while longer.

"There is no reason under the sun why that railroad operating through Texas property values of \$1,900,000 should be abandoned. I pointed the way for its preservation when I was your Lieutenant Governor, and even with the authority of that minor office vested in me, prevented its abandonment. Once clothed with the authority of Governor of Texas, I shall see to it that steps are taken to perpetuate that road. It would be a calamity not only to West Texas, but to the entire commonwealth, if the 750 miles of track of that railroad were torn up, and the road utterly abandoned. We must not sit idly by and see cities, towns and villages, which depend upon that railroad as their life's artery, have that taken from them, and as a consequence witness such a deplorable depreciation in the values of their lands, their homes and their opportunities.

"It shall be among my foremost duties, immediately upon my election as Governor of this State, to see that the Orient Railroad's operations are perpetuated. As Governor of this State I shall not delay in preserving the jobs of the thousands of laboring men along that line.

"Again I say hold out just a little while longer. The time is near when every opportunity will be given me to co-operate with and lead the forces who once before saved that railroad. It can and shall be saved again."

## Decide on \$14.00 For Texas Students

Austin, Texas, July 11.—In session the State Board of Education made an appropriation of \$14 per capita for the school children of Texas for the ensuing scholastic session, which is \$2 in excess of the current year. The board also set aside funds to pay for the free textbooks and entered orders for same. The net amount to be transferred to pay for the books is given at \$3,998,875. Of the appropriation notice is given that \$2 will be paid in September and the remainder by May 1, 1925. The number of scholastics is estimated at 1,320,000, an increase of about 17,000 or less than 1 1/2 per cent. State Superintendent Marrs estimates that the balance for the school fund on Sept. 1 next will be \$4,227,775, which is due to larger income and to the fact that few books were bought during the school year, the average being only 35c per child. This is in contrast to the coming year when the purchases will be \$2.35 for each child.

Comptroller Smith estimated that the school fund will receive net, including the balance, \$23,394,802 during the coming fiscal year. The appropriation totals \$18,480,000, leaving \$4,914,802, but out of it comes the \$3,998,875 for textbooks. That leaves \$1,813,927 or enough to have given the children \$1, but Superintendent Marrs is opposed to exhausting the fund and strongly advocated a cash balance to begin each scholastic session.

## Knox County Man Here Looking After Political Interests

G. M. Bryan, candidate for the office of Representative, was here several days last week and during the first of this week campaigning here in the interest of his candidacy.

Mr. Bryan says he is meeting with splendid encouragement and thinks he will have no difficulty in being nominated for the office.

He is running in this issue of the paper a long list of names of Knox County people who are endorsing him and he says this is only a few of the many in his home county who are supporting his candidacy.

## B. F. Ivie Building Frame Structure for His Filling Station

B. F. Ivie who has been occupying one of the Ringgold buildings with his automobile accessories and filling station, has started a 24x40 foot frame building on his lots on Main street just north of the old warehouse to which place he will move as soon as the building is ready for occupancy.

Mr. Ivie said he had the lots and since he would be very much handicapped in his business while the street paving is in progress, he felt that it was only good business to improve his own property just at this time and move to it.

He has a splendid location and as time advances it will become better.

## J. R. FLESHER DIES AT HIS HOME HERE MONDAY MORNING

After having been confined to his bed for several weeks, J. R. Flesher, one of the pioneers of Foard County, died Monday of kidney trouble.

Mr. Flesher was born in West Virginia February 1, 1860. When a small boy he moved to Terre Haute, Ind., and remained there until he came to Texas in 1882, locating at Van Alstyne, at which place he resided until in the year of 1886, when he came to old Margaret, then the county seat of Hardeman County and only a short distance from the present site of the town.

On Dec. 9, 1888, Mr. Flesher was married to Miss Mary S. Teel of Van Alstyne, Texas. He is survived by his wife, two daughters, Mrs. Edith Bell of Crowell, and Mrs. Ethel Roberts of Lubbock, and by two sons, Frank and Euliss, both of this county.

The deceased was a member of a family of ten children, five boys and five girls, only two of whom survive and who were here at the funeral, Henry Flesher of Greenville, Texas, and G. A. Flesher of Van Alstyne.

The funeral services were conducted at the Methodist church of which he was a member Tuesday afternoon at 3 o'clock, Rev. J. H. Hamblen of Clarendon conducting the services.

Pall bearers were, H. E. Ferguson, Frank Long, Mode Haney, A. T. Miller, S. J. Ferguson, and Luke Johnson. A large congregation attended the funeral to pay their last respects to the remains of this good man.

Mr. Flesher had been a Christian for more than 30 years and had lived well his profession as such. He was one of the best men of the country. He was always found on the right side of every question and lived an upright life that was worthy of emulation.

That is a high tribute to pay a man, but no one ever deserved it more than did Mr. Flesher. It is not every one that lives a real man in the highest sense of the word, but it seems not to be an exaggerated statement to say that this man came as nearly doing that as any one known to this writer.

Mr. Flesher is gone, but he has left the record of a great life to be an inspiration to those who knew him. So that he still lives as truly as ever in the influence he set in motion.

## I. M. Cates Family Has Reunion Last Sunday

Mr. and Mrs. I. M. Cates and their children, together with a few friends, enjoyed a family reunion on the creek on Thorney Cates' place south of Thalia last Sunday. All the children and grandchildren, except Mr. and Mrs. Jim Cook and children of New Mexico were in attendance. Members of the family present numbered 33 with seven guests.

The occasion was in the form of a picnic and an abundance of good things to eat, including a five-gallon freezer of ice cream, were on the ground and the large crowd spent a very enjoyable day.

## Free Medical Lecture at Quanah Next Sunday

A phone message was received by Dr. J. M. Hill Wednesday from Dr. J. J. Hanna of Quanah stating that Dr. A. I. Folsom of Dallas would give a free lecture at the Methodist church at Quanah next Sunday, the 20th, at 11 o'clock a. m. The lecture will be given on medical education and will be of interest to everybody.

All who can go will doubtless find this very interesting as well as profitable.

## Revival to Start at Margaret Sunday

Rev. T. M. Johnston, pastor of the Methodist church at Margaret, is announcing a revival meeting to start at his church Sunday, July 20th. He has an ad in this issue of the paper announcing the meeting.

Rev. V. H. Fisher, the conference evangelist, will do the preaching and our information is that he is a very strong man. Not long ago he held a revival at Quanah and we are told he had splendid success.

He will have with him a good music director.

## FOARD COUNTY BOYS ATTEND ENCAMPMENT AT VERNON 16, 17, 18

County Agent Fred Rennels left with the agricultural club boys Wednesday morning for Vernon for the three days encampment from the 16 to 18th, inclusive. Five others were supposed to arrive that night at Vernon who did not join the company when they left for Vernon. If these five went there are 37 in attendance. Following are the names of the boys:

Homer Cribbs, Jerry Young, Emmett Young, Wade Jordan, Elijah Young, Elbert Griffin, Robt. Oswald, Robt. Schlegel, Wayland Griffith, Marion Crowell, Everett Meason, Ralph Cogdell, Allen Cogdell, Carl Cox, T. Middlebrock, Ben Kenner, Jack Welch, Morris Diggs, Hoke Bell, Weldon Cogdell, Grady Hinkle, Wellon Bell, Dale Jones, Tom Greening, Mabry Kinsey, Ollie Bledsoe, Joe Roberts, Grady Habert, S. B. Middlebrock, Wade Jordan, Elijah Young, Ralph Davis, Ed McDaniel, Pot McDaniel, T. J. Davis.

## THRESHER MAKES RECORD WITH 2496 BU. IN ONE DAY

Clayton's thresher now operating southwest of town, made a record in threshing one day this week when it threshed 2,496 1/2 bushels of wheat at F. C. Borchardt's place with nine wagons. It is said if they had had a full crew they could have threshed more than 3,000 bushels.

Mr. Borchardt threshed 130 acres of wheat that averaged 40 bushels to the acre.

## Says It Is Good Business for Farmers to Use Local Ads.

A farmer dropped into the News office Tuesday and said he wanted to make a suggestion to us. "I think it will be worth something to the farmers and to you," he said. And this is the suggestion.

There are many farmers over the county, he said, who have a disc, drill, binder or some other farming implement that he wants to sell and somewhere in the county there may be a man who wants just what the other fellow has for sale, but it may never be known that such is the case and neither of the parties finds what he wants. One wants an implement and the other wants a buyer. This man pointed out the simplicity of getting the seller and the buyer together if the seller would advertise in the local paper what he has for sale. That would bring them together within a short while and a deal will be effected.

Let the application be made to anything you have for sale. It may be farming implements, it may be live stock, it may be household goods—anything in the world that can be used. Somewhere there may be a person who is looking for that very thing that you would like to dispose of. A small ad in the News will bring the two persons together.

This man of whom we speak has tried this time after time and he speaks from experience. He knows that it is the best and most effective means of bringing the results here pointed out.

Let us say that the News can in this way render very efficient service and in many instances it will effect a saving for you that will pay the price of subscription for half a dozen years. When a man says he is not able to take the home paper he does not know what he is talking about. If he only knew it he can't afford not to take it.

But we did not start out to boost subscription. We want to make the paper an institution of service in every way possible to the people of this county.

## Fifteen Cars Cattle Shipped to Market in Last Two Weeks

Fifteen cars of cattle have gone out from Crowell to the markets within the last two weeks.

On July 4, Herring and Johnson loaded 10 cars for Omaha, Nebraska. On Monday of this week Shirley and Offield shipped three cars to Fort Worth and on Tuesday M. V. Pool shipped two cars from Foard City to Fort Worth.

The prices of cattle is said to be dull.

## Lively Afternoon at Rayland Last Friday

As was announced all the candidates of Wilbarger and Foard were asked to meet at Rayland last Friday afternoon and discuss issues relative to their campaigns and a large representation of candidates were present and a fair representation of the citizens of the Rayland community.

This was planned that those people who reside along the line of the two counties might have the opportunity of hearing their candidates speak that they might know for whom they are voting in the primary election. The Rayland community embraces territory lying on the outskirts of both counties and this was intended for the special benefit of that community.

Practically all the candidates were on hand, both from Wilbarger and Foard. In fact all except those who are running for public weigher and the precinct officers, such as commissioners, and the candidate for assessor, were there from Foard County. And in addition to the candidates for county offices was J. D. Parnell, candidate for the State Senate from Wichita Falls.

## Pastor Is Conducting Meeting in Cottle Co.

Rev. T. C. Willett has been conducting a meeting at Salt Creek, ten miles southeast of Paducah since last Sunday. He was at home Monday to attend the funeral of J. R. Flesher but returned to his meeting Wednesday. He will be in the meeting for some days yet and will not be here to fill his pulpit Sunday.

## BUYS THALIA FARM

J. K. French and C. P. Sandifer have purchased the old farm one mile north of Thalia known as the Dix farm. The farm consists of 320 acres and the consideration is \$15,000.

## Says Dairying Is Still Proving Fair Paying Proposition

"There is not big money in the dairying business," said W. L. Ricks, in conversation with a News man Tuesday, "but I am finding it great help in paying debts and helping to support my family."

Mr. Ricks has 21 cows and he says he can take 50 acres of land and make more money out of them than he can out of a 320 acre farm planted to the staple crops.

He does not think, however, that one can make anything out of the dairy business by selling his cream on the market, unless he grazes his cows. He finds that it pays to feed his cows and produce good products and sell them on the home market.

## Only Infertile Eggs Are Fit for Use in Hot Summer Months

Perhaps we have no right to say that fertile eggs are fit to use only in the cold months, it may be that they are not fit to use at all, yet it seems that they are not condemned for use except through the hot months. One thing is certain and that is that fertile eggs should certainly not be marketed through the summer.

One will become convinced that they are not good for the table when after having bought a dozen it happens frequently that half of them must be thrown away. They are not fit to use. The customer pays dearly for fertile eggs for the table if he pays anything at all for them. As a rule they are not only worthless but they are absolutely worse than useless.

It is a very easy matter to market good eggs through the summer months. Here is the way to do it: Kill or sell every old rooster on the place after the hatching season is over. You have no earthly need for them. Then you will have infertile and wholesome eggs to sell.

Isn't that easy? Then all you have to do to get the top price for your stuff is to get you a rubber stamp that will cost you about 50 cents, put your name on every egg you sell and guarantee them and you will have no trouble getting 25 per cent more for them than does that person who sells fertile eggs. You can assure the buyer then that six out of every dozen will not go to the discard, but if they are taken any care of before they are marketed the customer will get 12 good eggs out of every dozen.

Who is it that had rather not pay 30 cents for a dozen of good eggs than 15 cents for a dozen poor ones and half a dozen of them no good at all?

## Governor Neff Says His Position Is Vindicated

Austin, Texas, July 11.—Governor Pat M. Neff returned on Wednesday after attending the Democratic national convention. He said he was highly pleased with the results and that he had been vindicated in his position regarding candidates. The Governor says it was "a wonderful convention in every way." He added:

"I think the nomination of Davis of West Virginia was an exceedingly wise choice. This opinion is not the result of the nomination, but was a reconvention thought. In New York, the day before the convention met, I stated to the press that Mr. Davis would make an ideal leader of democracy should he be selected by the convention as the nominee.

"Mr. Davis should have been selected on about the third ballot, however, instead of the 103rd ballot. He, or some other good leader, would have been selected during the first days of the convention if the unwise policy of the iron-bound instructions as to individuals had not been followed by a number of States. This way of tying the delegates in a sack and turning the sack over to some self-serving politician to hold and handle as his selfish interests direct is all wrong and no one could have witnessed the proceedings of the convention for two weeks without being absolutely convinced that such a policy was unwise.

"Texas sent ninety-six delegates to New York for the purpose of announcing 'Forty votes for McAdoo' each time the roll was called for more than a hundred ballots, when, as a matter of fact, any thoughtful observer should have known after the first few ballots neither Mr. McAdoo nor Mr. Smith could be nominated.

"With Davis of West Virginia and Bryan of Nebraska as our leaders, I see no reason why the party can not present a militant and unbroken front in its march to victory at the November election."

## Governor Neff Thanks News for An Editorial

Governor Neff shows his appreciation of an editorial that appeared in the News of June 27th, in a letter containing the following paragraphs: "Editor Crowell News, Crowell, Tex. "Dear Mr. Editor: "I wish to thank you for your very kind and complimentary editorial of June 27th.

"I am in hopes that I at all times may be worthy of your words of approval. Commendation from outside observers in regard to any act of mine I count as a part of the compensation for public service.

"Trusting that I may at all times be worthy of your friendship, your confidence and good wishes, I am,

"Yours very sincerely,

"PAT M. NEFF, Governor."

## COVEY SAYS HE IS NOT KLANSMAN

To re-assure ourselves and the people of this county as to E. L. Covey's position on the Klan, in view of charges that he is a klansman, the News wrote Mr. Covey this week and received the following reply, which is self explanatory:

Foard County News:

In answer to your letter of the 14th I wish to advise that my letter to you some days ago with reference to the Klan had for its purpose to make plain to you that I was not a member of that organization. I will repeat that positively I am not a klansman. As said in my letter to you before I have never been endorsed by a Klan.

I have never heard of anyone except my opponent, Mr. Bryan, circulating such a report and when I took him to task about the report he stated to me that he had never told any one that I was a klansman.

I ask any voter of Foard County to investigate the conditions in Knox County. Bryan has stated that the Klan question was the only question here. I know positively that both klansmen and anti-klansmen are supporting me.

I repeat that I am not a member of the Klan organization and further I will give a reward of \$50 to anyone who will prove that I ever attended a Klan meeting in the county.

Yours truly,

E. L. COVEY.

## We Gave Him Too Much Cotton Crop

In last week's paper we stated that U. C. Rader had 150 acres in cotton, while it should have said it was 50 acres. We missed it only 100 acres, said Mr. Rader. It was just an error which the linotype is good at making.

## Opened Second Hand Furniture Store in Masonic Hall Bldg.

McCarver and Sansom are members of the firm which has opened a new and second hand furniture store in the Masonic hall building. They have an ad in this issue of the paper announcing the opening of their store.

If you feel like you must drink in the beauties of nature, it's better to do it sometime when you're not behind the wheel of an automobile.

The Rhode Island senate was gassed with chlorine gas to stop a filibuster, but many senators remained in their seats, having become accustomed to gas in all forms.

The employer who never loses the viewpoint of his employees is the one who has the best chance to get along.

## CHAMBER COMMERCE ELECTS ITS OFFICERS FOR ENSUING YEAR

At the regular meeting of the Chamber of Commerce, at which time a luncheon was served at the Sanitary Cafe last Thursday evening, H. E. Ferguson was elected as president to succeed Judge Jesse Owens, and Geo. Self was re-elected as secretary.

On the occasion of the luncheon Judge Marshall of Quanah, who was present, addressed the chamber, discussing for the most part matters pertaining to the campaign in which he is engaged for the office of state senator from this district. Judge Marshall has two opponents, J. D. Parnell of Wichita County and C. L. Martin of Baylor County.

Among the things of importance to our people are those which the Chamber of Commerce has worked for, some of which have become realities within the last two years. These were pointed out by the secretary in his annual report. Two of the principal achievements of the city the Chamber of Commerce can point to are the water works and the paving of the streets. The former is a reality and the latter is now in process of building.

These are matters at one time thought impossible. Now they are becoming realities only because of the fact that they have been agitated and pushed. The Chamber of Commerce has been a factor in bringing them to pass.

It was pointed out that we are not through with the building program. There are other things to do and a program will be outlined one of these days for another year's work.

## Spark Flies From Engine and Sets Fire to Straw and Wheat

Last Friday morning a spark flew from the thresher engine where wheat was being threshed at Dr. Hill's place near the railroad lake, setting a straw stack on fire and completely consuming it and setting some shocks of wheat also, destroying 26 shocks, the estimated amount being 40 bushels.

The fire was finally fought out and further damage prevented.

## Governor Neff Says His Position Is Vindicated

Austin, Texas, July 11.—Governor Pat M. Neff returned on Wednesday after attending the Democratic national convention. He said he was highly pleased with the results and that he had been vindicated in his position regarding candidates. The Governor says it was "a wonderful convention in every way." He added:

"I think the nomination of Davis of West Virginia was an exceedingly wise choice. This opinion is not the result of the nomination, but was a reconvention thought. In New York, the day before the convention met, I stated to the press that Mr. Davis would make an ideal leader of democracy should he be selected by the convention as the nominee.

"Mr. Davis should have been selected on about the third ballot, however, instead of the 103rd ballot. He, or some other good leader, would have been selected during the first days of the convention if the unwise policy of the iron-bound instructions as to individuals had not been followed by a number of States. This way of tying the delegates in a sack and turning the sack over to some self-serving politician to hold and handle as his selfish interests direct is all wrong and no one could have witnessed the proceedings of the convention for two weeks without being absolutely convinced that such a policy was unwise.

"Texas sent ninety-six delegates to New York for the purpose of announcing 'Forty votes for McAdoo' each time the roll was called for more than a hundred ballots, when, as a matter of fact, any thoughtful observer should have known after the first few ballots neither Mr. McAdoo nor Mr. Smith could be nominated.

"With Davis of West Virginia and Bryan of Nebraska as our leaders, I see no reason why the party can not present a militant and unbroken front in its march to victory at the November election."

## We Gave Him Too Much Cotton Crop

In last week's paper we stated that U. C. Rader had 150 acres in cotton, while it should have said it was 50 acres. We missed it only 100 acres, said Mr. Rader. It was just an error which the linotype is good at making.

# We Have Received Our Car of NEW FURNITURE

We would be glad for you to call and see the new dining room and bed room suites in WALNUT, COMBINATION WALNUT and IMITATION WALNUT finishes.

Those who have seen this new furniture have expressed themselves as well pleased with its APPEARANCE and the PRICE.

We have sold several nice rugs at greatly reduced prices lately. We have one \$85.00 velvet 9x12 for only \$65.00; several \$48.00 ones for only \$32.50, and \$42.50 ones for only \$30.00. Small rugs as low as \$2.35.

Visit our stove department. You can't go wrong on a Red Star. You can't go wrong on a New Perfection. We have two other types, but do not recommend the short burner wick, or asbestos ring stoves. We do heartily recommend both the Red Star and the New Perfection.

We have only four REFRIGERATORS left. To close them out by August 1st, will give 20 per cent discount off for cash. Regular prices, \$26.50, \$50.00, \$60.00 and \$75.00. To close out, cash only, \$20.50, \$40.00, \$48.00 and \$60.00.

We carry a good line of wall paper, floor paint, varnish, polishes, mops, sewing machine needles, bands, oil, etc. Pohnographs and records.

## W. R. WOMACK

### ITEMS OF INTEREST OVER FOARD

#### AYERSVILLE NEWS (By Special Correspondent)

C. T. Shultz, wife and little daughter, left here Monday afternoon for their home in Dallas, spending Monday night in Vernon with W. B. Shultz and family.

Bryan Blevins underwent an operation for appendicitis in the Crowell sanitarium Saturday evening.

Threshing is about over in this community. Wes Hembree's wheat averaged 27 bushels per acre on 75 acres. Dave Shultz made an average of 20 bushels on 50 acres.

Robert Davis and mother are visiting John Davis and family this week. Robert has just returned from Madison, Wisconsin, where he has been in school the past year. He received his Master's degree from that school.

Mr. and Mrs. J. R. Gamble of Crowell spent Sunday with Mrs. Sarah Johnson.

Mr. and Mrs. Will Gamble and Mr. and Mrs. Herman Greening visited Mrs. Fannie Myers near Rayland Sunday.

Rev. McNair and family and Mrs. Kinard of Margaret spent Sunday with Mr. and Mrs. J. B. R. Fox.

Roy Ivie and two cousins were here last week from Navarro County. They took Bland Ivie, who has been here helping with threshing, to his home near Littlefield Sunday.

John Davis and family spent Sunday with Claude Davis and family near Rayland.

Walter Shultz and family attended a picnic on Beaver Sunday at which Mr. and Mrs. Mack Cates of Crowell and all their children except Mrs. Jim Cook who lives in New Mexico, met in a family reunion. Besides the relatives, Mrs. Agnes McLaughlin, Mrs. J. M. Teel and Mrs. Clark of Crowell were present.

#### FOARD CITY ITEMS (By Special Correspondent)

J. B. Lefevre, who is working for J. B. Colt Co., is at home for a few days visit.

Mrs. Joan Butler of Cisco is spending a few days with her father, F. R. Lefevre.

J. F. Boyd and family of Wylie, Texas, are visiting Claud Stone.

Mrs. J. R. Shaun of Las Vegas, New Mexico, has returned home after a visit with her parents, Mr. and Mrs. S. T. Lilly. Mrs. Lilly accompanied her for a few weeks visit.

John Canup and family and Mr. Davidson and family of Roysie City have returned home after a few days visit with Geo. Canup.

There have been loaded 70 cars of wheat at Foard City to date. Nearly all of it tested No. 1 with none below No. 2.

Everybody is invited to Sunday School at 10:15 and preaching at 11:00. Bro. Russell will fill his regular appointment next Sunday.

#### GOOD CREEK NOTES (By Special Correspondent)

A large crowd enjoyed a cream supper at Frank Gilliland's Saturday night.

Messrs. Gilliam and Jones with their sisters of Quanah visited their relatives, W. A. Fortner and family, Saturday night and Sunday.

Ed McDaniel and sister, Miss Rosalee, of Crowell attended the cream supper Saturday night.

Hamp Jones and wife of Gorcee visited his parents, Major Jones and wife, the latter part of last week. The major's condition is still very critical. Mr. Dunn with his threshing crew expects to go to Foard City the latter

part of this week, having finished all the grain in this community.

Will deliver in City Limits

# Canned Goods

If you have not thought about it maybe you had better consider the line of canned goods we carry.

Most people in this country buy a lot of canned goods. Perhaps it makes up 50 per cent of the grocery buys of the average family. Then it is wise to know that you are buying good lines.

Realizing the fact that canned goods do make a large bulk of the grocery stocks we have given the matter of buying no small consideration, with the thought paramount that quality goods must be handled to satisfy the public demands.

We have succeeded in placing on our shelves a quality of canned goods that meet requirements. So when you shop here you are assured of getting what you want at right prices.

### A HIGH SCHOOL EDUCATION

A recent survey of five widely separated states shows that 3.15 per cent of the farm population is enrolled in high schools, compared with 3.55 of the non-farm population going beyond the grades.

This should give pause to the people who regard the farm as a "back woods" area where education is not rated very high.

Such a state of affairs is rapidly passing in most rural communities due to the centralization of high schools and the realization upon the part of parents that their children should have at least a high school education in order to make their way in the world.

It has been proved beyond all argument that a high school education is valuable to the tiller of the soil, just as it is to the pupil who goes into the mercantile business or takes up one of the professions.

When parents debate the question this fall about sending their children to high school, they will probably ask: "Will it pay in dollars and cents?"

A survey of three representative areas in Indiana, Illinois and Iowa shows that tenant farmers with a high school education receive an average annual labor income of \$526 a year more than the men with only a common school education.

A college education will add to this average \$435 a year, making the income of college graduates \$979 more a year than the labor earnings of the men with only a common school education.

Cornell University has estimated that a high school education is worth as much to a farmer as \$6,000 worth of bonds bearing 5 percent interest, and that a college education is worth twice that much.

Many agencies have conducted investigations, all providing conclusive evidence that the better trained farmers receive the better incomes.

The same holds true of any other line of life work. The trained men and women are the ones who win the better positions and who advance more rapidly.

With the preponderance of the evidence on the side of education, every thinking boy and girl will endeavor to go as far as it is humanly possible for them to go in acquiring knowledge.

### HOLDING THEIR OWN

Agricultural prices held their own during the past month and a continued slow decline in prices of non-agricultural commodities explains such improvement as the farm situation shows, according to the monthly agricultural review of the U. S. Department of Agriculture.

Using the year 1913 as a base, the index of the purchasing power of farm products in terms of other commodities is 77. This is an improvement over the previous month.

Crop conditions are generally encouraging and farmers are expecting to profit from the slowing up of industry. Though their domestic market may not be so good, they will doubtless gain more from cheap labor and materials than they are liable to lose by a narrower market for butter, eggs and other products.

Farmers of the middlewest have been complaining because of too much

moisture and on the Pacific coast grain crops have been cut by a drought. Frosts and droughts have damaged fruits in the northwest.

On the whole, they have more reason to be optimistic than they have had in many months.

### CROW SHOOTING CONTEST

A great powder company of this country is offering \$2500 in merchandise prizes in a three-months crow-killing contest.

The Audubon Societies of our country are protesting against the wholesale slaughter of the crow, claiming that while it destroys some corn when it first sprouts, the crow is engaged all the year round destroying insect pests that are harmful to the farmer. Governor Baxter of Maine is out in a vigorous protest against boosting the powder business by this method. He said this shooting contest will result in destroying most of the birds beside crows that are not protected by law.

Prominent naturalists all agree that the crow is one of the farmers' friends and should be entitled to the protection of law. They say that any extensive interference with the balance of natural life as nature has adjusted it is likely to have serious consequences.

Investigation has proved that where one species of wild life, particularly a bird like the crow which destroys insects, is driven away or killed in large numbers, the insects on which it lives are likely to become pests.

Birds, we read, are a national asset, not including the sparrows which eat the garden produce about as fast as it comes up.

No one can progress at anything without constantly working at it, but a little sleep and exercise has to be mixed with the work to get the best results.

### Sheriff's Notice of Election THE STATE OF TEXAS, County of Foard.

Notice is hereby given that an election will be held on the 19th day of July, 1924, at the Beaver school house in Common School District No. 15 of this county as established by order of the Commissioners' Court of this county, of date the day of \_\_\_\_\_, which is recorded in book \_\_\_\_\_ pages of the minutes of said court (a) to determine whether a majority of the legally qualified property tax paying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund, apportioned to said district and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate not to exceed \$1.00 on the \$100.00 valuation of taxable property in said district for said purpose.

W. B. Jones has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding same, and he shall within five days after said election has been held make due returns thereof to the Commissioners' Court of this county as is required

**THE FOARD COUNTY NEWS**

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, July 18, 1924

Judge Hal C. Randolph was here Wednesday from Amarillo. Judge Randolph is a candidate for Associate Justice of the Court of Criminal Appeals at Amarillo. He is offering himself for reelection. Those who know the judge recommend him very highly for the office and that is the only way in which most people can make a wise choice of one for a position like that. The average man knows nothing of the qualifications of men for such positions, but there are those among us who do know, and especially is it true with those in the legal profession. We have heard Judge Randolph recommended by reliable members of the bar in this country and therefore we think he is a safe man to vote for.

Texas delegates to the National Convention were designated by Childress Democrats as the "skating" delegates, a term applied to them because Boss Tom Love is reported to have declared that they would stay with McAdoo till hell froze over. We are not saying that the delegates didn't do that, but it is certain that while they were having a blizzard in the lower regions just to help the Texas delegates preserve their integrity and honor the majority of delegates were having a hot time trying to nominate a man for president, and they succeeded in doing the thing for which they went to the convention, and not merely to assert their loyalty to a single man.

One week from tomorrow is the day when you will have the opportunity of swatting the political demagogue at the polls. If there ever was a time when the people of Texas should take an active part in politics it is now. Let every voter go to the polls and vote his or her sentiments. That is the only way we may expect to better our government. By your staying at home the majority may impose upon the public their men and then you will have nobody to blame but yourself.

If the principles of the Constitution, federal and state, controlled as they should control, it would be as impossible to set up a secret political society in this country as it would be to set up a king. Every tenet of these constitutions, every tradition that was once held sacred, every moral code that we once revered cries out against the secret and sinister methods of the ku klux klan as cowardly, knavish, un-Christian and un-American.—Dixie.

A tale-bearer is a dangerous person so long as one does not recognize him or her as such. But as soon as the true person is revealed, with all reasonably intelligent and unselfish people the evil effect of tattling ceases. Everybody would do well to make a close study of individuals so that they may correctly locate them. As a rule the worthy never suffer from a close study of their character by others.

Politics is going to be warm in Texas for the next few days and don't forget it. The thing for the voters to do is to keep a stiff upper lip and never allow themselves to be swept off their feet, use good common sense and vote for the best men in the field. That is all that is required of the average citizen. He can do that, and when he has thus acted he has done his part well as a citizen.

The people of this country are going to be forced to take some measures by which the grasshoppers can be controlled and save the cotton crops. Cotton is too valuable and it requires too much hard work to make the crop to allow it to be destroyed by these pests. A little concert of action on the part of all the farmers will do the work.

It's too hot to write these little squibs and we are going to quit right here. This one ought to fill the space for which it is written. Well, what do you know about that? Just fit, didn't it?

Methodist Church T. C. Willett, Pastor

Free! One pair ice hooks with each one dollar purchase.—M. S. Henry & Co.

Old thought is good, and so is the new variety, but common sense is infinitely better than both varieties combined.

Radio fans heard everything that went on at the conventions, but those who attended had one advantage—they saw the fist fights.

### Secret Service Tells How to Detect "Raised" Bills

The raising of United States currency above its face value by unscrupulous individuals has become so general during the past few years that the secret service has issued a general warning to all who handle large sums of money to give close watch to all currency accepted. Hotels, banks and merchants are generally the ones who receive most of the raised money. Ninety per cent of the money in circulation in the United States is in the form of federal reserve bank notes. Ninety-five per cent of the raised currency in circulation is in these same notes. Crooks succeed in changing the figures and the letters, but they can't change the portraits. If bank tellers, department store cashiers, railroad ticket sellers and others who handle large sums of money would memorize the portraits which appear on the different denominations of federal reserve bank notes there would be very little passing of raised currency. This ought to be easy because the portraits which appear on these bills are ones which everyone remembers from school days. They are: On the \$1 federal reserve bank note, Washington; on a \$2, Jefferson; \$5, Lincoln; \$10, Jackson; \$20, Cleveland; \$50, Grant; \$100, Franklin.

### Lives of High and Low Influenced by Figures

A book published recently draws attention to a remarkable table that Seiden, the poisoner, compiled, showing how the number 13 influenced him all through his life.

Murderers seem to be particularly subject to the malign influence of figures. Crippen's unlucky number was 48, and Charles Peace, was evilly influenced by 7.

The Bible is full of references to the potency of certain figures, notably 3 and 7, while both Oliver Cromwell and Napoleon had sincere convictions regarding the luck-bringing propensities of certain numerals.

In connection with this superstition there is the well-authenticated story that the famous Italian charlatan, Count Cagliostro, based his famous prediction concerning Marie Antoinette's execution and Josephine's elevation to empress by a calculation based on the number of letters in their names.—Cleveland Plain Dealer.

### No Ivory Famine

The elephant is a very useful animal, both for draft purposes and for ivory. A few years ago 70,000 were slaughtered annually for their tusks so that it seemed as though there was a good chance of the big animal's becoming extinct. Wise laws, however, have checked the destruction so that the number is increasing. The war gave the elephants their chance and the British authorities in East Africa have also protected them. South of Zambesi the elephant is virtually extinct and the Cape market for ivory has ceased to exist. At present Mozambique is the center of the ivory trade. Oddly enough the Portuguese, through whose hands it comes, send nearly all the ivory across to Bombay, where it is sorted and cut and dispatched to the European markets. The world's supply of real elephant ivory is now about 250 tons a year.—Washington Post.

### The Radiometer

An instrument by which radiant heat and light may be directly converted into mechanical energy is an invention of Sir William Crookes. It consists of an exhausted globe of glass in which is a needle support carrying a rotating four-disk vane, the faces being blackened on one side. Placed in a field of light, the blackened side of each disk absorbs more of the radiant energy than the other side, and the molecules of residual air that strike it are thus given greater energy. The resulting pressure does not become quickly equalized for the two sides, as would be the case in air of the ordinary density, hence the vane rotates. An adaptation of the Crookes radiometer has been devised by Nichols of sufficient sensitiveness to detect the radiant heat of some of the fixed stars.

### Speech of Wild Beasts

All wild animals have a language of their own and the only persons who can train and handle the beasts successfully are men and women who have learned their language and give it constant study. Such is the opinion of Otto Selzer-Jackson, who has just completed twenty-five years of service as a trainer of man-eating animals and is now exhibiting his educated tigers in a Berlin circus.

### Scientific Facts

Prof. W. F. Watson of Athens, Ga., claims to have taken the eyes of insects and made minute lenses through which he has made photographs of various objects, thereby throwing new light on insect vision. Commenting on insulin used in the treatment of diabetes, H. A. Shonle and J. H. Waldo of Indianapolis said that this product has yet to be obtained in pure and isolated state.

### Explained

Farmer (showing friend over the farm)—How many sheep would you guess were in that flock?  
Visitor (considers a moment and ventures)—About 500.  
"Absolutely correct! How did you guess at it?"  
"Well, I just counted the legs and divided the number by four."—Good Hardware.

## Squiblets

Food that costs the most generally cause the most stomach trouble.

People who talk all the time never have much chance to think.

Hot air dealers never go bankrupt, sad to relate.

About the only recipe for controlling an unruly tongue is to cut it out.

Don't rock the boat unless everybody in it knows how to swim.

Piety that has no purse penetration powers is of questionable value.

Even people who live to a ripe old age are not always ripe with wisdom.

Colleges never point with pride to the jazz orchestra they produce.

The force of gravitation never seems to have any effect on taxes.

Most of our experience is the result of the other fellow's profit.

The trouble with lots of us is that we believe more than we know.

The golden rule is a good one to follow, but far too many folks want to lead the procession.

The grade crossings continue to take their toll of both high and low grade people.

Love in a cottage is sweet in proportion to the amount of food on the table.

Seems like the home wreckers ought to be put in the same class as the hold-up men.

The ethics of the golf course allow playing through, but some golfers never get through playing.

Fair women and fast horses once made states famous, but now they are rated by their millionaires.

It's chatter when it leaves the tongue and gossip when it reaches other people's ears.

Happiness is merely the matter of having a good time without going into debt for it.

Duty calls in a faint and timid voice, but inclination has a way of making itself heard above any clamor.

Initiative is doing a thing without first being told that it's the proper thing to do.

The average man of today is more than the breadwinner—he has to pay for the gasoline and oil, too.

One of the best cures for a swelled head is to be laughed at by your friends.

Many a man has fought his way to the top of the ladder, only to have it collapse when he gets there.

Motion picture films properly sealed will last 50,000 years, but they would be too mild that many years hence to be shocking.

Drive unto others even as you would have others drive unto you, wouldn't be a bad injunction to go by in this day and age.

A New Jersey woman sued for \$10,000 heart balm and was awarded \$25 by the jury. That must have made the man feel cheap.

College graduates are finding out how much a diploma is worth in dollars and cents.

## E. L. COVEY

OF GOREE  
State Representative

Candidate for 2nd Term  
HIS RECORD

He was the author of a bill to save the tax payers ON EMILLION DOLLARS a year by substituting summer work for Teachers Institutes. He was the author of House Bill No. 76 that provides for the financing of stockmen and farmers through the Federal Agriculture Credit Bank.

As a member of the Committee on Live Stock he fought a bill that, if passed, would have raised the quarantine and put the cattle tick over this part of the state.

He voted against the State Income Tax bill, several Sales Tax bills, the bill that increased the Auto License Fees, and all extravagant appropriations of public funds.

A BUSINESS MAN who believes the State's business should be run in a business like way.

Some cities have established schools for speeders, but how do they expect to teach them anything!

The man whose conscience him is much better off than the whose conscience is dead.

Block North of Square, Crowell, Tex.

# Announcement

We are opening in the Ringgold Building this week a new Dry Goods, Clothing and Shoe store, and solicit a portion of the trade in this territory.

A cordial invitation is hereby extended everyone to come in and get acquainted with us and inspect our stock and get our prices.

We believe that you will find our prices and the quality of our goods such as will appeal to you. Every effort will be made to please you in both, in the hope that you may become a regular customer of ours. We shall be pleased only when you have become a satisfied customer. We propose to carry a stock that will meet your demands and to conduct the business on business principles, at all times selling goods at prices that will permit only reasonable profits. That means that you will be enabled to purchase your wants in our line at the lowest possible figures.

The store is now open and we are at your service.

Come to see us.

## Blaw & Rosenthal

### Sheriff's Notice of Election

STATE OF TEXAS, County of Foard. Notice is hereby given that an election will be held on the 2nd day of August, 1924, at West Rayland school house, common school district No. 12, this county, as established by order of the county board of trustees of Foard County of date the 4th day of March, 1916, which is recorded in book Page 403-404, county judge's records of the county judge's office, to determine whether a majority of the legally qualified property taxpaying voters of that district desire the issue of bonds on the faith and credit of said common school district No. 12, of the amount of \$6,000.00, the bonds to be of the denomination of \$300.00 each, numbered consecutively from (1) to twenty (20), both inclusive, payable twenty (20) years from their date, maturing serially and bearing 6 percent interest per annum, payable semi-annually on April 12th and October 12th of each year, to provide funds to be expended in payment of accounts legally contracted in building and equipping a wooden school house in said district, and to determine whether the commissioners' court of this county, shall be authorized to levy, assess and collect annually while said bonds, or any of

them, are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this state and county and who are resident property tax-payers in said district shall be entitled to vote at said election. Said election was ordered by the county judge of this county by order made on the 9th day of July, 1924, and this notice is given in pursuance of said order.

L. D. CAMPBELL, Sheriff Foard County, Texas. Dated this 12th day of July, 1924.

### T. E. L. Class

The T. E. L. Class met with Mrs. J. W. Allison and Mrs. Bert Self in the home of Mrs. Self Thursday, July 10th. Fifteen present and four visitors.

The devotional was conducted by Mrs. Tom Bell and she gave us a fine lesson on the healing power of Jesus, using a part of the 1st chapter of Mark as an example. The lesson was continued by Mrs. Bert Self and Mrs. Tom Bell singing a special song, "Living for Jesus," which brought out the good things Mrs. Bell had been saying

and made us take the beautiful lesson she gave nearer our hearts.

Business meeting opened by president. The most important item being election of officers for the coming six months. The following officers were elected: Mrs. Dunagan, president; 1st vice, Mrs. Owens; 2nd vice, Mrs. Vern Mitchell; 3rd vice, Mrs. Burns; secretary, Mrs. McLaughlin; treasurer, Mrs. Reynolds; home department, Mrs. Poland; cradle roll, Mrs. Wallace; assistant teacher, Mrs. T. N. Bell.

During the social hour that followed a contest was given to refreshen our memory on the women of the Bible. This was followed by "Au Dubian Legend," begun by Mrs. McLaughlin and finished by the class. All had a merry laugh over the various experiences the "Dubian Princess" had. A cooling plate was served and we were dismissed to meet August 14th with Mrs. L. D. Campbell and Mrs. Mary Moore. Guests for the afternoon were, Mrs. George Allison, Mrs. Bradford, Mrs. Lawrence Kimsey, Mrs. John Razor.—Reporter.

### LIVING OFF GOVERNMENT

An authority on the subject says there are 2,700,000 employees on the payrolls of the federal and local government and 700,000 former employees drawing pensions—3,400,000 persons who are being provided by government with their living.

There are 41 to 42 million persons in the United States "gainfully employed" so that every 12 citizens are supporting one in office.

The amount paid for services by government—federal, state and local—represented 6 1/2 percent of the national income in 1922.

This sum was nearly one-half that paid out in wages by all manufacturing plants in this country in 1921. This sum represents an average payment of \$91 by each person over ten years old engaged in a gainful occupation.

Senior Epworth League Subject—Points in life of David. Leader—Hazel Dykes. Anointed by Saul, I Samuel 16:13.—Irene Patton. His zeal and faith, I Samuel 17:26-34.—Pansy Horn. Saul's jealousy, I Samuel 18:8-12.—Katie Mae Gaines. Jonathan's love, I Samuel 18:27: 19:2; 20:23-16.—Frances Clark. Twice spares Saul's life, I Samuel 24:1-12; 26:1-13.—Marion Cooper. Laments death of Saul and Jonathan, II Samuel 1:17.—Mamie Collins. Desires to build God a house, II Samuel 7:2-3.—Topsy Lovelady. Is forbidden to build house of God, II Samuel 7:4-11.—Jewel Brown. God's promise to him, II Samuel 7: 12-17.—Emma Belle Hunter. Returns to Jerusalem, II Samuel 19:9-15.—Sam Mills. Psalm of thanksgiving, Psalm 18: 1-6.—Fredia Miller. Psalm of praise, Psalm 8.—Katherine Clark.

Praising your own virtues is never to be commended.

### ROMANCE OF WORDS

#### "REPUBLICAN"

DERIVED from "Republic", which, in turn, obtains its meaning from the Latin res, a thing, and publica, public, the name Republican as applied to a political party in this country, came into being early in the Nineteenth century. But it is interesting to note that the "Republicans" of that time are the Democrats of the present day, a complete exchange in the tenets of the two parties.

When the original Republican party split up into the Democratic-Republicans and the National-Republicans in 1828, the latter party gradually dropped the prefix to their title, while the former dropped the suffix. But the present Republican party, as such, was not formally organized until 1854-56, when, with opposition to slavery as the principal plank in its platform, it commenced to take its place as one of the two leading political organizations. This new party was a fusion or coalition of the anti-slavery Whigs, the Free-Sollers, the Know-Nothings, the Abolitionists and some Democrats who were opposed to slavery.

The first Republican convention was held in Philadelphia, June 17, 1856, where John C. Fremont was nominated for President, but Buchanan, the Democratic nominee, was elected.

### Reflections of a Bachelor Girl

By HELEN ROWLAND

WHETHER a girl appears indignant, delighted, or merely bored, at an "unexpected" kiss, depends on how long she has been expecting it.

Every young husband is a little Christopher Columbus, as far as discovering a new way to conquer a woman is concerned.

The tragedy of most marriages is that they are just one long-continued state of "company—without companionship" or "loneliness for two."

A woman is never satisfied! The woman with "nothing but money" would gladly spend her last dollar to buy romance and a Prince Charming; and the woman with nothing but "love in a cottage" wishes that she could mortgage the cottage to buy a motor-car.

In love, some men are born wise, a few acquire wisdom, but most of them refuse even to permit wisdom to be thrust upon them.

Girls may have changed; but, waiting for a man to discover that he's in love, is still the same old maddening, nerve-wrecking process that it was before the petting party made us so frank and spontaneous.

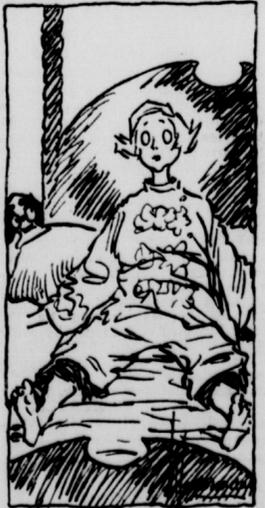

Yesterday's quarrel, like yesterday's kiss, and yesterday's dinner is buried with a man's dead past; and nothing so aggravates him as to have a woman dig them up and try to perform an autopsy on them.

The saddest sight on earth is that of a bachelor sitting alone before the fire and musing over his collection of old-beer openers.

In spring flirtations, as in gambling, the "cheerful loser" is the only sure winner.

(© by Helen Rowland)

### The Young Lady Across the Way

The young lady across the way says her father preaches and practices the strictest law enforcement, and no matter how many cases of Scotch whisky he buys, he wouldn't sell a single bottle for love or money.

**Trying to Save the  
Orient Railroad**

Last week we had only a few minutes in which to merely mention the visit of Dr. Splawn, member of the Texas Railroad Commission, and Porter Whaley of the West Texas Chamber of Commerce, whose visit was in the afternoon of Thursday and whose mission was that of trying to help save the Orient railroad from the junk pile.

When the matter was explained in full to the crowd of citizens who met to hear these men, everyone seemed to be ready to lend a helping hand in whatever way it was possible.

As we stated last week, it was explained that in reality the road never sold at auction, and therefore it is just about in the same plight it was to have taken place. So there seems to be no owner, the road still being in the hands of the receiver and nobody wants it. That seems to be about the situation in brief.

So these men were working in the interest of the Orient, as we understand it that they might provide some means by which the road might continue to operate and thus continue to help develop this great country.

They were simply calling upon the counties through which the road runs not to increase the burden of taxation. It was thought that by making that burden as light as possible the road might continue to operate until some way could be found to make its future reasonably safe through some purchase of the property by a strong company. There seems to be splendid hopes of a deal of that kind.

Dr. Splawn submitted figures that showed the road has been paying in Oklahoma but losing in Texas. The deficit has amounted to \$70,000 since the first of the year, but that has been offset by the \$50,000 profits of the road in Oklahoma. It is through the sparsely settled country south of San Angelo that makes the road an expensive proposition, and yet that is the very section of the country that needs it most.

All the counties traversed by the road are reported as responding to the call for help and we have no doubt that practically all of them will accept last year's rendition of the property, which is \$1,000 per mile.

**FLAPDOODLE**

Just as soon as the Democratic convention had nominated a candidate for President, the next thing they should have done was to eliminate two-thirds rule to elect any candidate and write in its place majority nominates candidates for President and Vice President. Had the convention adopted majority rule in selecting a candidate for the presidency, W. G. McAdoo

**Sheriff's Notice of Election  
THE STATE OF TEXAS,  
County of Foard.**

Notice is hereby given that an election will be held on the 19th day of July, 1924, at the Claytonville school house in Common School District No. 14 of this county as established by order of the Commissioners' Court of this county, of date the 13th day of May, 1916, which is recorded in book 3, pages 211 of the minutes of said court (a) to determine whether a majority of the legally qualified property tax paying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund apportioned to said district and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate not to exceed \$1.00 on the \$100.00 valuation of taxable property in said district for said purpose.

C. T. Wisdom has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding same, and he shall within five days after said election has been held make due returns thereof to the Commissioners' Court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this state and county and who are resident property taxpayers in said district shall be entitled to vote at said election and all voters who favor the tax shall have written or printed on their ballots the words:

"For School Tax"  
And those opposed to such tax shall have written or printed on their ballots the words:

"Against School Tax."  
Said election was ordered by the County Judge of this county by order made on the 2nd day of July, 1924, and this notice is given in pursuance of said order.

Dated the 2nd day of July, 1924.  
L. D. CAMPBELL,  
Sheriff, Foard County, Texas.

CITY ORDINANCE

Ordinance ordering a public hearing and that notice thereof be given to property owners and others interested in street improvement ordered to be constructed on the streets hereinafter named, approving plans and stating the consulting engineer of the City of Crowell, F. E. Devlin, and...

WHEREAS, the City Council of the City of Crowell, Texas, determined the necessity of levying an assessment against the property and the streets thereof, abutting upon the streets hereinafter named, for a part of the cost of improving said streets, fixing the time for the hearing of the same, and directing the City Secretary to give notice of the said hearing, as required by section 8 of chapter 22 of the revised statutes of Texas as passed by the 31st Legislature...

BE IT FURTHER RESOLVED, that part of the cost of the said improvements shall be assessed against the abutting property upon the streets to be improved and the owners thereof, and that the total cost of said improvements shall be paid and defrayed as follows:

(a) The City of Crowell shall pay an amount only, equal to one-fourth the amount of the total cost of paving, exclusive of sidewalks and curbs, and part of storm sewers directly serving the paving district, together with basins and man-holes, and engineering and incidental fees. (b) After deducting the City's proportion of one-fourth of the cost, and engineering and incidental fees, the total remaining cost of such improvements shall be paid by owners of property abutting upon the streets hereinafter named.

WHEREAS, according to said report or statement of said consulting engineer hereby approved by the City Council, the total estimate cost of such improvements is \$51,213.37 and the proportion and amount to be assessed against abutting property and its owners is as follows:

Table with 2 columns: Description of property/assessment, and Amount. Includes entries for Magnolia Pet. Co., F. Witherspoon, etc.

WHEREAS, according to said report the names and owners of said property and the description of their property and the amount contemplated to be assessed against each lot or parcel and its owners are as follows:

Table with 4 columns: Owner, Block No., Lot No., Front Feet, Amount for Curb, Amount for Pavement and Other Improvements, Total Amt. Assessed. Lists various property owners and their respective assessments.

Street improvement district No. 2, the same being Commerce street from the east property line of Main street to the west property line of Houston street.

Table with 4 columns: Owner, Block No., Lot No., Front Feet, Amount for Curb, Amount for Pavement and Other Improvements, Total Amt. Assessed. Lists property owners for District No. 2.

District No. 3, same being California street from the east property line of Main street to the west property line of Houston street.

Table with 4 columns: Owner, Block No., Lot No., Front Feet, Amount for Curb, Amount for Pavement and Other Improvements, Total Amt. Assessed. Lists property owners for District No. 3.

Be it further resolved that the remaining portion of the whole cost of making said improvements, to-wit, that portion remaining after deducting the amount herein named to be paid by the City of Crowell, and herein named to be assessed against the said owners and their property, shall be payable to the contractors by the said owners of abutting property respectively, as shall be agreed on between the said contractor and the respective owners, by private contract in writing, the terms and conditions of which shall be agreed to by the said contractor and the said owners, respectively.

NOW, THEREFORE, be it further resolved that a hearing shall be given to said owners or their agents or attorneys and all persons interested in said matter as to said assessments, as to amounts to be assessed against each owner and his property, and as to the benefits to be assessed against each owner and his property, or any other matter or thing in connection herewith, which hearing shall be at the City Hall in the City of Crowell, Foard County, Texas, on the 4th day of August, 1924, at 10 a. m., at which time, all of said owners, their agents or attorneys or persons interested in said property are notified to appear and be heard; at which hearing, said owners or other persons may appear by counsel or in person and may offer evidence and said hearing shall be adjourned from day to day until fully accomplished, and the City Secretary of the City of Crowell, Texas, is hereby further ordered and directed to give notice of said hearing by mailing notices hereof as required by Chapter 11, Title 22, of the Revised Statutes of Texas, and be it further resolved that this resolution take effect from and after its passage.

Approved this the 9th day of May, A. D. 1924. Attest: J. EDGAR KIMSEY, Secretary. (Seal) C. T. SCHLAGAL, Mayor.

Civil Improvement Is Object of "Rotarians"

The Rotarians are members of the Rotary club, which was formed in Chicago in 1906 by four men—a coal dealer, mining operator, merchant tailor and lawyer. "Rotary" was chosen for the name of the club because the members met in "rotation" at their places of business. Civil improvement was the object of the club and the motto adopted is: "Service above self—He profits most who serves best." Other clubs were soon organized in other cities and in 1910 a convention was held in Chicago at which a national association of Rotary clubs was formed. Two years later in order to include clubs from foreign countries the association was made international. At the beginning of 1923 the membership of the association totaled over 83,000. Membership in a local club is restricted to one man from each business or profession. A new club must start with not less than 15 or more than 25 members. The clubs are grouped in districts, each district electing a governor to represent it on the international board, which meets in Chicago every 90 days. The Rotarian, a monthly published at Chicago, is the official publication of the organization.

Keeps Absolute Check on Time Taken for Operation

Modern efficiency methods as applied in factories and shops often make it necessary to study the time required for different operations in the manufacture of certain products. For this work it is absolutely necessary to have a stop watch. The conventional stop watch, however, leaves much to be desired, for the reason that, while it gives the time elapsed for a certain operation, it is necessary to indulge in a considerable calculation for determining the output per hour or day. Now a time-study watch has been evolved for the purpose of eliminating all computation and making it possible for an observer to read from the dial the quantity desired. The circumference of the dial of the watch is divided into 100 parts, as in the well-known decimal dial, but instead of these divisions being numbered in the ordinary manner they are marked with figures which indicate the number of operations per hour, when the time of a single operation is represented by the elapsed time. In the instance of very short operations ten operations instead of one can be timed.

Soundproof Booths

Soundproof telephone booths are constructed by various firms, and owing to the principle involved in their makeup it is said that not the least sound can escape from them while the telephone is being used. The walls of the booth are built of five layers of thin wood, with the grain crossed each time, and the layers are glued together, the whole then being covered with a special soundproof compound. Inasmuch as the whole is made in six dismountable panels a booth can be set up in a short time and panels are not too large to be taken in through an ordinary door. Insulated openings are left in the partitions beforehand, so that there is no need of boring holes to install telephone or electric light wires.

Petalin Grows Roses

Marshal Petain, one of the outstanding figures of the World war, has been awarded a medal by the French Agricultural society for developing a new species of blue roses. This rose, it was said, may be kept flowering for weeks. The marshal bought an abandoned farm on the Riviera, southeastern France, just after the war and his success with roses has been phenomenal. Perfume makers are organizing to market the Petain brand.

Sheriff's Notice of Election

THE STATE OF TEXAS, County of Foard. Notice is hereby given that an election will be held on the 19th day of July, 1924, at the Jameson school house in Common School District No. 10 of this county as established by order of the Commissioners' Court of this county, of date the 17th day of August, 1908, which is recorded in book 3, page 63 of the minutes of said court (a) to determine whether a majority of the legally qualified property tax paying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund apportioned to said district and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate not to exceed \$1.00 on the \$100.00 valuation of taxable property in said district for said purpose. C. E. Gafford has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding same, and he shall within five days after said election have held make due returns thereof to the Commissioners' Court of this county as is required by law for holding a general election. All persons who are legally qualified voters of this state and county and who are resident property taxpayers in said district shall be entitled to vote at said election and all voters who favor the tax shall have written or printed on their ballots the words: "For School Tax." And those opposed to such tax shall have written or printed on their ballots the words: "Against School Tax." Said election was ordered by the County Judge of this county by order made on the 2nd day of July, 1924, and this notice is given in pursuance of said order. Dated the 2nd day of July, 1924. L. D. CAMPBELL, Sheriff, Foard County, Texas.

Boy Accidentally Killed at Panhandle

Alvin Henry Stovall, of Lamesa was accidentally killed Friday afternoon while playfully scuffling with his friend, Louie E. Moad, of Plainview.

Mr. Stovall, accompanied by his brother, Horace M. Stovall, and Louie E. Moad, whom they met at Plainview, came here to work in the harvest fields, and were hired by Earl Cox. Shortly after noon as the boys were going to work Henry Stovall and Alvin Moad engaged in a friendly scuffle, in which the former was killed from a punch in the stomach. At the coroner's inquest several witnesses swore that it was all accidental.

Henry Stovall was 18 years of age and the son of Mrs. Carrie P. Stovall of Lamesa. The remains were prepared and shipped to his home at Lamesa, by Stone & Malone, local undertakers.—Panhandle Herald.
