

## 19th Hole

By John Wright

Here's our usual reminder not to forget the monthly Ladies Golf Association Florida Scramble. We remind you that this popular Shady Oaks event is open to all members, men and women alike. The next Scramble will be next Sunday, Sept. 28. The ladies should be congratulated for sponsoring such a fine event, which has become a welcome fixture in Shady Oaks activities. The new officers of the Ladies Association, I know, are looking forward to another successful year with their tournaments and social activities.

So pro football is on us once again. The World Champion New York Jets are already finding that life at the top is not always a bed of roses. They did not have a particularly successful exhibition season, although they did prove beyond a shadow of a doubt who has the best pro football team in New York City. They completely demolished the NFL Giants in their pre-season encounter.

But now the regular season has begun and everybody is pointing to knock off the champs. In their first game with Buffalo, "Willie White Shoes" and company really had to battle to edge out last year's worst team in pro football. This past Sunday, the lowly Denver Broncos came from out of nowhere and dumped a 21-19 loss onto the bruised Jets.

Namath has really been taking a beating in these early games, and the going will probably be getting rougher as the season goes on. But don't look for the big city boys to be anywhere but right up there at the top when it's all over. They have experience, they have youth, and they have leadership deluxe in the person of Joe Namath.

But what about the Dallas Cowboys? As usual, hot and cold. But their prospects for another real successful year are good. Craig Morton and Bob Hayes are out with injuries temporarily, but will be back soon. Roger Staubach has done a real fine job filling in for Morton. But Calvin Hill has to be the brightest prospect the "Pokes" have come up with in a long time. The Cowboys look like a sure thing in their division and could go all the way.

I hope to see the Cowboys and the Jets in the Super Bowl this year. Maybe this time the cat with the white shoes won't be standing on the sidelines in his bellbottoms.

## CLYDE EIGHTH GRADE TAKES ALBANY 26-14 LAST THURSDAY

Clyde — The Junior High 8th graders got their football season off to a successful beginning Thursday night by beating the Albany Lions 26-14. The Bulldogs started the scoring early in the first quarter on a 20 yard scamper by Jarrell Hurst after a previous touchdown had been nullified by a clipping penalty. Later in the same period Hurst broke around right end for a 60 yard touchdown run. Johnny York ran over for the 2 point conversion on a cross play in the second quarter.

Hurst again broke over right tackle for a 55 yard gainer and another TD.

In the second half Hurst outran the defenders for the 4th TD of the night. Excellent downfield blocking, especially by Ruben Ramos, was a key asset to these touchdowns.

A very fine performance was turned in by a number of the Bulldogs. Kim Harless did a good job directing the offense and also intercepted a pass. Jon Stacy also intercepted a pass. Danny Pazzuto, Johnny York, and Ruben Ramos also recovered.

## BEARS TO FACE SECOND AA TEAM FRIDAY NIGHT

BAIRD — After a strong first half, the Baird Bears lost their second game of the season to the AA Merkel Badgers 21-6, before a large Merkel homecoming crowd Saturday night.

Following a scoreless first quarter, Baird's offensive team with Sonny Collins and Donny Rowe picking up good gains on the ground, and quarterback Gary Goble's passing, put the Bears on the five yard line. Two plays later Collins climaxed the 67-yard drive going over for the touchdown. Rowe failed to get through for the extra points.

Late in the 2nd quarter, Baird was nearing the goal line as time ran out, leaving the Bears with a 6-0 lead at halftime.

With Collins ill throughout the game and Rowe injured with a pinched neck nerve, Merkel's Tommy Anderson found a 3rd quarter weakness in the middle of the Baird line, worth 81 yards and their first score, thus sparking the Badgers and knocking some wind out of the Bear's sails. Anderson scored twice more for Merkel in the 4th quarter.

Despite their second loss this year, the Bears are showing much improvement as the season continues, and turned in a performance against Merkel of which the coaching staff and fans were well pleased. Outstanding on defense Saturday night was Johnny Robinson. Ricky Vestal also played an outstanding game and Gary Goble did a fine job passing.

## BAIRD SCHOOL DISTRICT DUE TAX INCREASE FOR 1969-70

BAIRD — Taxes for the Baird Independent School District will show an approximate 29 per cent increase for the 1969-1970 school year. This increase is necessary because of various contributing factors. Spending on the state level, through legislative action on education

has increased the cost of operating our public schools considerably, with the local district's share of costs increasing proportionately.

Many educational bills were passed during the Regular Session of the 61st Legislature, with House Bill 240 being the most far-reaching of these bills. It includes the teacher salary raise and the teacher planning time sections which will go into effect this year. The mandatory teacher planning time section of this bill has necessitated the hiring of additional personnel by most school districts, depending on the size of the school system.

Extensive remodeling of the cafeterium and the necessary purchase of a new school bus, as well as inflation, are other contributing factors to the tax increase.

Local school officials feel that our schools can be operated under our new tax structure for several years, unless changes at the state level alter our financial picture.

## MFT MEETING SET FOR OCT. 2

BAIRD — The opening meeting of the Baird MPT Association has been set for Thursday, Oct. 2, at 3:30 p. m. in the Cafeterium. This will be a get-acquainted meeting for teachers and parents, according to Mrs. Jon Hardwick, president of the organization this year.

The MFT, an association of Mothers, Fathers and Teachers, endeavors each year to promote and maintain understanding and cooperation between school and home and sponsors fund raising events which provide for general improvement of the school facilities.

Last year's project was paving the street between the high school and elementary school buildings. Still underway is another project started last year, which includes paving a play area and other improvement on the elementary play ground.

Plans for the 1969 Halloween Carnival will be discussed at this meeting. The Carnival has been sponsored by the MFT for several years as its major fund-raising project.

Teachers in the local schools will be introduced and will be honored at a "Get Acquainted" coffee for parents and teachers following the meeting.

All parents of high school students, as well as those in elementary classes are urged to attend the MFT meetings and support its projects.

## Bulldogs Lose To Hamlin 21-8

The Bulldogs bounced back with three consecutive passes from John Hoffman to Tim Copeland, Ray Ramos and Terry Rosinbaum, in a 64-yard drive to paydirt.

Fullback Jimmy Newman crashed the middle for 3 yards and a TD. Tim Copeland then hit off right tackle for the extra points and the Bulldogs were within range 14-8.

With two minutes left Hamlin's Bolden swept right end to ice the game for Hamlin.

Good defensive play was provided by Craig Loper, Walter Bruton, Gary Barr and Kyle Scott. The alert Bulldogs picked off one pass and seven fumbles.

## NICE SHOWERS RECEIVED IN UNION COMMUNITY

Hi neighbor! We have spring-like weather here now but the nights are very nice for sleeping. My, how the grass is growing and the cotton has put on so many leaves. Guess cotton will be slow opening.

Visiting with Ollie Burnam a while Saturday afternoon were Fay Wood of Cisco, and her daughter Betty Wyatt and son Bob of San Angelo. They visited with the Burette Ramseys, the John McIntyres and also with me. Ollie visited around with them. Was good to have them visit even if it was only for a short time. Wish they could have spent more time.

I went to Cisco last Sunday afternoon to spend the night with Fay and Emmett Wood, Monday, Fay and I went over to Eastland and shopped for a while.

Mildred Carter and Laura Neal of Vernon visited with me over in Cisco. They have had a hard time catching me at home. They went by Putnam school to see Roma McIntyre and she told them I was in Cisco at the Woods, so they came on over to see me. They had to go back to Vernon that afternoon.

Visited a while in Cisco with Laura Isenhower. She is doing pretty well.

Rick Isenhower came by Friday to see his parents, Weldon and Louise Isenhower. Rick drives a cattle truck from coast to coast. He was headed back to Florida. Was good to see him.

I visited last Tuesday afternoon until Wednesday in Albany

### Thursday Club Celebrating 20th

CLYDE — The Thursday Club of Clyde opened their new year with a dinner at the Colonial Inn in Abilene Sept. 11.

It was the 20th birthday of the Club so decorations of many colored balloons hanging from chandeliers, napkins, favors and birthday cake with candies were in keeping with the event. Yearbooks were tied in individual packages and presented to each member.

Five Charter members of the Club were honored and each presented with a gift.

The Course of Study for the coming year will be "A Closer Look at Our Continent." Fifteen members were present.

with Ted Yarbrough and wife. Had to take my car up there to get it fixed when I hit a calf, about three weeks ago tonight, coming home from church. Got the car fixed and really had a nice visit with Ted and Earlene. We went over to Hubbard Dam Cafe and had a fish supper.

Roma McIntyre visited a while with me this afternoon. Ollie Burnam came last Sunday afternoon. Her phone was out and she wanted to use the phone. We have a hard time out here - this line is always getting on the blink.

Good morning, this nice hot Monday morning. We had a nice shower last night - my rain gauge showed two thirds of an inch - enough to make things wet again.

Not much news so better get this in the mail. Hope to see you next week.

AUSTIN — Gov. Preston Smith has signed into law a \$5.8 billion 1970-71 state budget. This was after voting \$4.4 million in miscellaneous spending items. Yet the expenditure set an all-time record.

Earlier, Smith approved a new record \$348.6 million tax bill which takes effect October 1. (In addition to state revenue, cities will get an estimated \$6 million a year due to extension of the sales tax to beer and liquor. Sales tax rate goes up from 3 to 3.25 per cent.)

Smith also signed other acts of the special session, including legislation creating 28 new Texas district courts. He will name all judges to serve until the next general election. This may be the largest single amount of judicial patronage assigned a Texas governor at one time in state history.

Tax bill as passed by the Legislature provided plenty of revenue to fill the State's needs, but Smith said his vetoes are "justified for the sake of economy perhaps more than anything else." Many of the items vetoed, he noted, were not part of the original House or Senate appropriations acts, and some were not even requested by agencies.

Governor Smith vetoed the following items as now "unjustified or non-essential": Construction funds totaling \$2.9 million for the Dallas Neuropsychiatric Institute, \$262,717 for the Department of Public Safety sub-district headquarters in McAllen; \$250,000 for the Junction adjunct of Texas A&M and \$160,000 for Texas Maritime Academy Pelican Island Development.

Also an appropriation of \$225,000 for contracts of private lawyers to assist the Attorney General in tort claims in 1971; \$172,000 for park land acquisition in Hardeman and/or Motley counties; \$207,500 for acquiring land and development of Port Lavaca Causeway State Park; \$50,000 for drilling a water well at Lyndon B. Johnson State Park in Gillespie County; \$25,000 for Longhorn Cavern State Park; \$29,000 for completion of a master plan for the Red River Authority; \$60,000 for a fish raising facility at Stephen F. Austin College in Nacogdoches, and \$65,000 for environmental pollution control studies at Prairie View Agricultural and Mechanical College.

**BARNES FOR SENATE?** — Is Lt. Gov. Ben Barnes, 31, about to become a candidate for the U. S. Senate against Sen. Ralph W. Yarborough, 66?

Nobody can truthfully claim to know the answer to that, including Barnes himself, who says he has not yet made up his mind.

Yet, Governor Smith opened up new speculation on the subject during the recent Southern Governor's Conference at Williamsburg, Va.

Asked by reporters if he thinks Barnes could beat Yarborough, Smith said he believes that is possible -- depending on the kind of races run by each, their financial resources and a lot of imponderables.

Smith didn't claim to know, but the fact he was willing to discuss the prospective race at all was an indicator of the widespread circulation of the Barnes-Yarborough contest rumor.

Smith also told newsmen he feels Yarborough is in the best political position he has enjoyed since he went to Washington more than a decade ago.

Smith will, he emphasized, take no hand in the Senate race no matter who the candidates are.

**APPOINTMENTS** — Major and minor appointments came thick and fast during the last week.

Veteran State Securities Commissioner William M. King resigned his post to enter private banking here, and his longtime deputy, Truman G. Holladay, was named to succeed him.

Former State Sen. Dorsey B. Hardeman of San Angelo was selected executive director of Texas Water Rights Commission succeeding, Frank Booth who resigned to enter private law practice.

Sen. Criss Cole of Houston was sworn in as president pro tempore of the Texas Senate on Sept. 22.

Smith named a nine member board of regents for East Texas State University. They include Houston H. Harte of San Antonio, Raymond Middleton Holliday of Houston, Joseph Zappa of Tyler, William Garland Beutler of Dallas, Cam F. Dowell Jr. of Dallas, Joel Thomas Williams Jr. of Dallas, Leon Jackson Coker Jr. of Texarkana, Thomas Brazelton Steely of Paris and Lubbock Preston Johnston of Lubbock.

Smith placed on the new State Board of Landscape Architects Robert Hall Green of Houston, Otto Erwin Scherz of San Angelo and Leonard Morrison Riggs of Longview.

He named Gerald Hicks Smith of Houston and James L. Lindsey of College Station to the State Finance Commission and reappointed Rex G. Baker Jr. of Houston the Commission's banking section.

Buster Eugene French of Dayton was named to the board of directors of the Coastal Industrial Water Authority. Smith renamed Johnnie Glen Jennings of Baytown and Robert Clayton Lanier of Houston to the same agency, Malcolm J. Henley of Lindale was placed on the Sabine River Authority board of directors and Tom R. Pegues of Mineola and Charles T. Wickersham of Orange were reappointed to the Sabine Authority.

Berl E. Godfrey of Fort Worth, Davie James Lawson of Dallas and Gus S. Wetham of Houston were assigned by Smith to six-year terms on the board of regents of North Texas State University.

Smith selected Mrs. Elaine Byron Cominsky of Pasadena and Mrs. Helen Ruth Cox of Lubbock for the board of nurse examiners. He appointed Roy Lee Fowler of Austin to the board of barber examiners.

Dr. Stewart Wolf will head the marine biomedical institute at Galveston. Mrs. Marie Schulz has been named program director of the library systems act for the state library. Eleven new Texas Rangers were designated by the Department of Public Safety.

**LEASE SALES SET** — A total of 338 tracts of University of Texas lands (111,812 acres) in West Texas will be placed on lease auction, Dec. 16, Nov. 4, some 768 tracts totaling 496,871 acres will be offered in a school land sale.

Land Commissioner Jerry Sadler said 125 tracts of university land in Hudspeth County will be offered at bonuses of not less than \$1000 per half section and at annual lease rentals of \$1.50 an acre. This was reduced from former requirements of \$5,000 per quarter section and \$2 per acre. Former requirements will govern other tract leases.

In school land sale, 37 tracts in El Paso County had acceptable bonus reduced to \$5 an acre and annual rental to \$2. Other upland and riverbed tracts will command a \$20 per acre bonus and \$5 per acre annual rental. Those lying under bays, inlets and Gulf of Mexico lands will go to \$25 an acre and a \$5 per acre annual rental. Most of the school lands is in Gulf Coast submerged areas.

**ATTY. GEN. SPEAKS** — University of Texas cannot strip Dr. James McCrooklin, former Southwest Texas State University president, of his PhD degree, and court action would be necessary to annul it, Atty. Gen. Crawford Martin said.

In other recent opinions, Martin concluded that: Commercial feeding lots, "finishing out" cattle for mar-

ket must provide county tax collector a list showing the numbers of cattle they feed for each owner, on Jan. 1.

New type liquor wholesalers permit does not discriminate against other permit holders, and is constitutional.

Harris County commissioners may grant the county sheriff and his deputies the same authority DPS officers have, to remove vehicles from county roads.

Depository interest earned on special constitutional funds or federal trust funds created for specific purposes should be deposited to the credit of those specific funds rather than the general revenue fund.

Employees of the House and Senate are not part of the class of elected officials for purposes of membership in the state employees retirement system. Therefore, they are not eligible to make contributions or receive benefits as elected personnel. Only officers of the two houses who are required to take the constitutional oath of office, can be so considered.

**SCHOOL DISTRICTS WARNED** — More than a dozen Texas school districts have drawn warning of deficiencies from the State Board of Education.

Crosby Independent School District lost its accreditation but can regain it when it meets state requirements.

Alpine received final warnings it may lose accreditation if conditions are not approved.

Also warned were Antelope, Bertram, Bridgeport, Calvert, Hemphill, Masonic Home, Pettit, Rains, Elizario, Spur, Timson and Little Elm.

State board decided to permit 16-year olds to enroll in adult basic education programs. New department of special education and special schools organizations was approved.

**SHORT SNORTS** — Governor Smith and Senator Yarborough are united in defense of tax exempt status for state and local bonds.

Liquor Control Board will make new rules covering collection of taxes on mixed drink (in private club) before the levy goes into effect Oct. 1.

Many Texas nursing homes are withdrawing from medicare program because of government red tape, according to an asso-

ciation spokesman. Law enforcement leaders have scheduled meeting here Sept. 27-28 for the 19th annual attorney general's law enforcement conference.

DPS is actively recruiting men (ages 20-35) for Texas Highway Patrol training.

A last minute item in the appropriations bill was a \$100,000 allotment to the Texas Water Quality Board to contract with the Sabine River Authority for a study of pollution in the Sabine.

### TAX MAN SAM SEZ:

About 15 years ago a group of school teachers from Maryland got together with the Internal Revenue Service in Washington and designed a simple kit for the every-day uniformed (tax-wise) school teachers who were well trained in education methods, to use to teach students how to prepare their income tax return. Between 40 and 50 million young Americans have taken this course and about 4½ million took the course during 1969, and at least this many or more will learn something about taxes in 1970.

Commissioner Thrower has sent a letter to all of the secondary school principals offering them the free Teaching Taxes materials for the coming year. Many adult education groups, such as home demonstration club or retired employees associations, and others that have regular training programs also order the material.

If you need teaching material, write to the Teaching Texas Coordinator, P. O. Box 1738, Dallas, Texas 75221, and tell him how many adult students you have in the group. (Teachers who did not receive the regular order form for their school can also order this way. He will arrange for the 1970 course to be mailed directly to you next January.

### TRUE OR FALSE?

Many think that names do not matter to God. What do the scriptures say on this?

Long before the coming of Christ God spoke through the prophet Isaiah saying that His people would be called by a new name. Isa. 62:2, Peter preached that there is salvation in no other name than the name of Christ. Acts 4:12. Paul said that God highly exalted Christ, and gave Him a name that is above every name. Phil. 2:9.

The first century disciples wore this name, Acts 11:26. Some blasphemed that worthy name by which they were called. Jas. 2:7. Suffering Christians glorified that name. 1 Pet. 4:16 (RV).

The churches (congregations, not denominations) which Paul established were known as churches of Christ. Rom. 16:16. They wore no human names. They glorified that Holy name which God had given.

Why cannot man be content with the name which God has given and has exalted above all others?
