### Mercury Climbs to Fifty-Year High in This Part of State

Mounting temperatures from Sunday through Wednesday broke numerous heat records and topped all previous marks in the history of the fifty-year-old weather bureau at Wichita Falls with a registration of 113 degrees, two degrees above the old record which was tied once earlier in the summer.

Although official temperatures were not registered in Crowell, street thermometers, placed at hottest points climbed to the maximum figures. Temperatures of 118 were registered on the street in the shade. Accompanying the heat wave were hot winds, those Wednesday coming from the north.

The highest official registration, according to government bureaus, were recorded at Seymour Wednesday with 118 degrees. Several deaths have been caused in the state by the heat wave. A train wreck near Gainesville was credited to the scorching rays of the sun. The wreck was due to "sun kinked" rails.

### NEW PIPELINE TO QUANAH IS NOW COMPLETE

The first dry natural gas to be used by the West Texas Utilities generating plant at Lake Pauline near Quanah from the Taxaco gas and gasoline plant was run through the newly constructed pipeline today. A final test for the line was made Tuesday.

One hundred and thirty-five laborers began working on the eight-inch line Saturday, July 11. The contract for building the line was let to the White Deer Construction Company of Oklahoma City, Okla. Blackie Pierce of Oklahoma City was superintendent of the work.

The gas line is between 30 and 35 miles long and is capable of a pressure of 1,000 pounds. It will carry about 60,000 cubic feet of gas a day.

It was constructed to carry the dry gas produced at the Taxaco field in Foard County to the electric plant of the West Texas Utilities Company. The Quanah plant is an industrial user of the dry gas after it has been stripped of its gasoline substances by the gasoline plant.

A long-term contract has been signed between the Texas Company and the West Texas Utilities whereby the Utilities company will secure gas fuel for operation of its Lake Pauline plant.

### Foard County Onions Bring \$1.00 A Bushel

H. T. Faughn and R. A. Rutledge, farmers of the Rayland community, ended the harvest of their onion crops last week by selling their last 500 bushels for \$1.00 per bushel.

They marketed their entire crop at 75c to \$1.50 per bushel to the onions depending upon the grade of the product. The last of the crop was sent to buyers from Shamrock and were trucked there.

Mr. Faughn produced 860 bushels of onions on 3 acres of irrigated land and Mr. Rutledge raised 550 bushels on 5 acres of unirrigated land.

### BIRTHS

To Mr. and Mrs. Otho Lee Dikes of Crowell, a daughter, Delna Ann, August 2.

To Ike Newman and wife, colored, of Crowell a son, J. W., August 7.

Rev. Nichols will be at the morning service Monday morning August 17. The meeting will end Sunday night, August 30. Morning and evening services will be held beneath a large tabernacle.

Local singers will be in charge of the song services.

### Foard City Meeting

Rev. M. W. Clark, pastor of the Truscott and Foard City Methodist churches, has announced the beginning of a revival at Foard City Sunday night at 8 o'clock.

Rev. Robert G. Fraser of Greenville will assist Rev. Clark in his meeting there. The two ministers are closing a revival at Truscott Sunday.

### Crowell Church of Christ

A revival started Sunday, Aug. 9, at the Crowell Church of Christ with Elder Norman Gipson, pastor of the Turkey Church of Christ, delivering the sermons.

The meeting is scheduled to last at least one week and possibly longer. Guy Ketchersid, regular song leader for the church, is in charge of the song services.

No morning services are being held. Evening services begin at 8:30 o'clock.

### East Side Church of Christ

The second week of a two weeks' revival at the East Side Church of Christ at Crowell is in progress. The series of services began Monday night, August 3.

Preaching is being done by Elder Clarence C. Morgan, pastor of the Odessa Church of Christ. Paul Foutts, regular song leader, is in charge of the song services.

Evening services start at 8:30 and will be held every night through Sunday. Arley E. Moore, pastor, is assisting in the meeting.

### Margaret Baptist Church

Rev. W. A. Reed, part-time pastor of the First Baptist Church of Margaret, started a revival meeting at that church Sunday night, August 9.

Rev. Reed, former resident of Thalia, is also pastor of the Kirkland Baptist Church.

Night services are held in the open air with H. C. Norsworthy of Vernon in charge of the song service.

### Truscott Methodists

Rev. Robert G. Fraser of Greenville, is in the second week of a revival meeting at the Truscott Methodist Church. He is being assisted by Rev. M. W. Clark, pastor of the Methodist Church of Truscott.

Rev. Fraser is also in charge of the singing and the personal work in the adults', young people's and children's departments during the two weeks' revival.

### John Raser Takes Position at Vernon

John Raser, partner in Haney-Rasor Grocery of Crowell, went to Vernon Saturday to begin working for the Southern Syrup Company of New Orleans. He will be stationed at Vernon.

He will represent the company over a large territory in this part of the state.

Mr. Raser will retain his interest in his business here with T. S. Haney, a partner, in charge. Mr. Raser's family will move to Vernon the latter part of this month.

### SCHOOL STARTS AT VIVIAN

The 1936-37 school term for the Vivian school started Monday, Aug. 10. The reason for the early start is to make up for work lost last year.

## REMODELING OF TEXACO PLANT NOW COMPLETE

### Work Completed This Week; Resume Refining

Work on the enlargement of the Texaco Gasoline plant about 20 miles southwest of Crowell was completed this week and the refining of gasoline was resumed after a delay caused by the remodeling of the plant.

The plant, formerly a compression type plant, is now an absorption type processing plant which enables it to produce about twice the amount of the capacity of the old type machinery.

With the new equipment installed the Foard County plant will be able to process all the gas, some of which has heretofore escaped into the air untreated. Remodeling of the plant began the latter part of June.

The Texaco gasoline plant is located 1000 feet west of the L. K. Johnson No. 3 well, the discovery well of the field in Foard County. This is the well from which the natural gas supply was taken originally.

It was completed in March, 1934, and the first gas was refined March 5. A three-inch pipe line carries the refined product to Foard City where there is a rack on the Santa Fe Railroad for loading purposes.

## 4-H CLUB GIRLS HOLD MEET AT HIGHWAY PARK

### Spread Lunch at Court House; Spend Night Out-of-Doors

The annual encampment for 4-H Club girls of Foard County and their friends was held yesterday, last night and this morning. Approximately 45 girls attended the encampment.

Members of the organizations met Wednesday morning at the office of Miss Myrna Holman, county home demonstration agent. After a recreational period of games, the girls spread a picnic lunch.

A theatre party at the Rialto Theatre followed the lunch, after which they made their camp at the highway park on the Crowell-Quanah highway about three miles north of Crowell. The attending girls prepared their supper and breakfast in the open. Features of the encampment were games and stunts. The group was in session until this morning, a "grab bag" game ending the annual encampment.

## Boys Kill Fifteen Skunks at Old Lake

Fifteen skunks were killed at the old Bomar Lake, also known as the old City Lake, Friday by J. M. Hill Jr. and Tom Ray Roberts.

Armed with a .22 calibre rifle and a 410 gauge shotgun the boys found the skunks in the ground where the old lake had cracked open. The old lake is about four miles south of Crowell. The land is owned by Dr. J. M. Hill of Crowell.

Several complaints have come to the office of the county farm agent recently regarding sickness and death of farm stock, the farmers stating they did not know the cause of the loss of the stock.

After investigations Agent John Nagy stated he believed the loss of the stock was caused by plants carrying prussic acid. An authority on the subject discusses prussic acid in the following manner:

"Prussic acid, a most deadly poison, has been found in over 200 species of plants, including the sorghums, the wild cherry, vetch, Java bean, flax, etc. The poison is not present as free prussic acid, but in the form of complex compounds, called glucosides.

"Normally the sorghums are en-

### Rayland Gins First Bale of Cotton in Foard County Tuesday; \$21 Premium

The first bale of cotton ginned in Foard County this year was ginned at Rayland Tuesday morning by W. O. Haney. The cotton was raised on land owned by Mrs. A. J. Haney, mother of Mr. Haney, about five miles south of Rayland.

The 486-pound bale of middling cotton was brought to Crowell Tuesday afternoon and a premium of \$21.75 was donated by the business men of Crowell. The bale ginned Tuesday broke a six-year record and tied an eight-year record by being ginned as early as August 11. A bale of cotton was ginned at Crowell August 11, 1930. The date of the first bales prior to 1928 were unobtainable.

Foard County's first bales since 1928, their dates and owners are as follows:

1936—Aug. 11, W. O. Haney, south of Rayland.

1935—Aug. 21, E. A. Howard, 5 miles south of Thalia.

1934—Aug. 18, M. B. Oldham, north of Crowell.

1933—Aug. 18, Malcolm Russell, Margaret.

1932—Aug. 18, C. D. Hall, Black.

1931—Aug. 26, Albert Schoppa, Rayland.

1930—Aug. 11, C. C. Joy of Crowell and C. H. Bates of Good Creek.

1929—Aug. 15, C. A. Gloyna, Rayland.

1928—Sept. 3, Ernest Kalvas, Rayland.

### MORE THAN 90 WOMEN GO TO ENCAMPMENT

Between 90 and 100 Home Demonstration Club women and their friends attended the annual encampment held on the C. W. Ross farm near Margaret on Peace River Thursday night of last week.

The women took the food for their supper and breakfast and camped out in the open Thursday night. The meeting was held for recreational purposes and games and other entertainment featured the outing. Each club prepared a "stunt" for the entertainment of the other club members.

The place for the encampment was prepared by Mrs. C. W. Ross and other members of her home demonstration club. Weeds were cleared off the plot, chairs and tables were constructed and a brush arbor built. All club women of the county and their friends were invited to attend the summer encampment.

### Moves to Vernon

John Raser, partner in Haney-Rasor Grocery, has moved to Vernon to accept a position with Southern Syrup Company of New Orleans. He will have a large territory surrounding Vernon.

### McFARLANE TO SPEAK TONIGHT ON PUBLIC LAWN

W. D. McFarlane of Graham, United States Congressman from the 13th District, will speak on the public lawn here tonight at 8:30 in the interest of his candidacy for re-election.

He will be introduced by Dr. L. Kincaid, president of the Crowell Bank and former state representative from this district.

Mr. McFarlane will have his own loud speaking equipment and his address to the Foard County voters will be broadcast over all the business district of Crowell. He will spend most of the day in Foard County before delivering his speech here tonight.

He stated he would review the present administration and summarize his record during his four years in Congress.

McFarlane and Ed Gossett of Vernon are the candidates in the run-off after the first election. Seven candidates were in the race prior to the first Democratic primary July 25.

### TWO ARRESTED IN CONNECTION WITH OIL THEFT

Bill Flemming and Frank Miller, both of Burk Burnett, were arrested last week by Hardeman County officers in connection with robberies in Quanah and Crowell.

The two men were caught near Chillicothe as they fled from the authorities immediately following the robbery of a wholesale oil warehouse. They were caught with their car and one load of the oil. Another car and a third person implicated in the robbery escaped, but authorities expect to arrest him soon.

The warehouses for Gulf, Sinclair and Conoco refining companies of Crowell were robbed about four weeks ago. About fifty-two cases of oil amounting to a value of more than \$200 was taken in the three robberies.

Flemming, who is in the Foard County jail, waived a preliminary hearing and is being held for bond. The case will be investigated by the grand jury September 14.

Miller is in the Hardeman County jail at Quanah. Flemming has served two terms in the penitentiary.

## GOVERNMENT MEN MAKING WATER TESTS

### Railroad Unable to Get More Cars Because of Big Drought

Four cars of water, each carrying 10,000 gallons, were shipped into Crowell from Knox City Friday of last week to furnish the first water, with the exception of a small amount produced by city wells, since the first of July.

Arrangements have been made with the Knox City officials and the Santa Fe Railroad Company to ship water to Crowell. However, due to a shortage of water cars by the railroad, only six cars have been provided for sending of the water to Crowell. At present four cars are being shipped one day and two the next.

Eight cars will be obtained as soon as the railroad can get them, according to the officials of the railway company. Droughts throughout the country have caused a shortage in their supply.

The water is costing the City of Crowell 12 1/2c per thousand gallons to have it pumped into the cars at Knox City and the freight is costing about \$1.40 per thousand. The water is costing the Crowell consumers \$2.00 per thousand. At that rate the city will just about break even on the proposition, including pumping into the mains and wastage. Mayor C. T. Schiagal said.

30,000 From Reservoir

A reservoir built recently near the city wells is producing more than 30,000 gallons of water daily, according to Mr. Schiagal, and he stated he believed it was producing more water now than it was when it was first completed.

In response to complaints from residents who live in the north part of town that they have water only a short while each day, Mr. Schiagal stated it was impossible to keep enough pressure (Continued on Last Page)

## Members of Country Club to Be Allowed To Continue Fishing

The board of directors of the Crowell Country Club, at a meeting last week decided not to restrict the members of the organization from fishing at present.

The decision was rendered after much discussion on the subject by members and directors after about 2,000 game fish were taken from the Crowell City Lake and placed in the club lake last week.

There is not much fishing taking place at the Country Club lake, Leo Black, president of the board of directors, said. However, he stated the decision rendered by the board might not be final.

The fish were moved after the City lake was drained Monday of last week. Members of the Country Club, assisted by representatives from the Texas State Game, Fish and Oyster Commission, transferred the fish from the old lake.

## Absentee Voting Lasts Until Aug. 19

Absentee voting began in Foard County at the court house Monday morning as soon as the official ballot was prepared and printed. Absentee ballots may be cast as late as Wednesday, August 19, three days prior to the second primary election to be held Saturday, August 22.

The Texas election laws state that absentee votes may be cast not more than 20 days nor less than 3 days prior to the election. Although the law states that absentee voting may begin as early as 20 days prior to the election, it was impossible in this case as the ballots could not be prepared and printed until after the votes were canvassed August 8, only 12 days before the election. The Democratic chairman was not notified whose names to place on the ballot until August 9.

Ballots may not be cast in the office of the county clerk after August 19, but ballots received by mail the following day will be counted, Grady Magee, clerk, said.

**Why We Should Re-Elect McFARLANE To Congress**

He has twelve years' legislative experience of always actively championing the rights of the masses, which includes the farmer, the business man, the independent oil man, the soldier, the laboring man, the independent merchant and the aged; and has always voted to protect their interests.

Not one vote of his as your Congressman has been challenged by the opposition. The record shows that he has always voted to protect the rights of the common people. He has supported 100 per cent the Roosevelt Recovery Program, and has kept each and every promise and pledge made his constituents.

Vice President John Garner Wednesday at Dallas said, "Texas has gained its importance in Congress by the voters sending back good men. That is what makes continuity in office important."

Let us re-elect W. D. McFarlane to Congress. His splendid record of service rendered merits his re-election. We urge your support and influence and that of your friends so that we may uphold his hands in the fight he has made for the rights of the masses of the people.

Editorial From The Wichita Banner of August 7th on the Congressional Race

The opposition to McFarlane every time has come from the same source. The same forces in Wichita Falls that fought against McFarlane two and four years ago are today lining up solid behind Ed Gossett.

The people—the plain people have a margin of 10,000 votes on their side to start in this August 22 run-off, and I don't believe they will surrender one of the truest congressmen Texas has ever had.

McFarlane's tenure of office can be broken only at this time by the money and power of special interests. Any candidate elected under such condition would have an everlasting obligation to that interest, such that it would bind him for them and against the interests of the great masses.

Every free voter recognizes the need of untrammeled, unfettered, able and conscientious men in public office. It is your fight. Will you surrender?

**Survey Shows Many Skilled Unemployed Laborers in Texas**

How many skilled and semi-skilled workmen are unemployed in Texas?

The PWA in Washington says there aren't enough to carry out projects already planned and tentatively approved in Texas. Hence, Texas failed to receive its proportionate share of PWA funds.

Yet, on August 1, there were 12,100 skilled and 14,769 semi-skilled workmen in the active files of the Texas State Employment Service.

This information was contained in a report received by Maj. E. A. Wood, director of the Texas Planning Board, from Byron Mitchell, associate director, Texas State Employment Service and state director of the National Re-employment Service.

Major Wood and three members of the Texas Planning Board, R. B. Stanford, of Austin; Wallace Reilly, of Dallas, and secretary of the Texas Federation of Labor, and Tom W. Cotten, Amarillo real estate broker, are in Washington conferring with Harold L. Ickes, PWA administrator, and Harry Hopkins, WPA administrator, in an effort to have existing regulations modified so that all unemployables in the state can be put to work on PWA projects.

Mitchell's report is being used by the Planning Board delegation as an argument against the erroneous impression that there are no skilled and semi-skilled workmen in Texas available for PWA projects.

The report reveals that in scores of small counties there are only one and two skilled and semi-skilled workmen available for PWA projects. But in the larger counties, such as Bexar, Tarrant and Harris, there are several thousand skilled and semi-skilled workmen available. Bexar County leads the list of counties with 1,117 skilled and 1,351 semi-skilled workmen listed for gainful employment.

The report further discloses that in eight Texas counties private industry has absorbed every available worker, skilled and semi-skilled.

Protests over the failure of the PWA to allocate funds to Texas have been received by the Planning Board. The bitterest protest came from Fort Worth where it was said that an acute labor situation would exist within 90 days if the PWA persisted in keeping PWA funds from projects in that region for which bonds have been voted. The Fort Worth protest also said there was an ample supply of labor available in that city.

**CROWELL NABS CONTEST FROM ELDORADO NINE**

**Rogers, Pitcher, Tops Batters With 3 Bingles**

The Crowell baseball team nudged the Eldorado nine out in the ninth inning here Sunday 8 to 7 to keep her tie with Truscott for first place.

After pitching shut-out baseball for 7 innings, allowing only 3 hits during that time, Rogers, Crowell moundsman, weakened in the eighth to allow the visitors to start a seven run rally that tied the score.

Working his fast ball to near perfection for the first seven innings, the little Vernon hurler struck out 7 Oklahoma boys and allowed only one man to reach third base.

Crowell scattered hits and runs in the first, second and fourth innings to build up a 7 to 0 lead before the fatal eighth.

Strawn, veteran pitcher for the Eldorado squad, held Manager Hollingsworth's players hitless and runless for five of the nine innings to pitch well-above-the-average baseball. His biggest troubles came in the second when he allowed one free pass to first, and four hits for half of Crowell's total tallying. The sides were finally retired with him striking out two of the batsmen.

After Rogers went to the showers in the eighth, Green went in the box to finish the game with his slow ball. He retired the side, allowing only one run. He coasted through the ninth retiring the side in order.

The scoring began in the last half of the first inning on a mere single by Graves and an error by the Eldorado shortstop. Crowell's biggest inning was the second. Three singles by L. Green, Rogers and Graves and a triple by Ashford, assisted by a base on balls, accounted for the tallies.

E. Duckworth singled, after which Rogers nabbed his second hit of the game, a double, to start the scoring in the fourth. A walk later in the inning and an error by the Oklahoma second baseman figured in another score. From the end of the fourth inning to the first of the eighth Crowell led 7 to 0.

It was in the first half of the eighth that Eldorado staged her only rally of the game, a rally which tied the score before it was finally ended by the shagging of a long fly by Rushing in left field. Corley, Eldorado third baseman, started the inning with a single. He also got another single in the same inning. Stroud and Trammell singled and Parks, Taylor and Witherspoon doubled. A hit batsman and an error by the Crowell infield assisted the Oklahomans in their scoring spree. It was in this inning also that Rogers was batted from the mound to be relieved by Herman Green.

With the score tied in the last half of the ninth, 7 to 7, Rogers netted his third bingle. Graves sacrificed him to second, and he moved to third on an infield out, second to first. With two strikes on him and no balls, Ashford, local second baseman, singled to centerfield to score the winning run.

Individual batting honors went to Rogers who did much toward winning the ball game besides pitching airtight ball for seven innings. Out of 4 official trips to the plate he batted out two singles and a double, scoring all three times. Taylor starred for the opposition with three doubles.

Rushing was the sensation of the defense shagging flies in left field. Duckworth on third and Graves breaking a new mitt at first furnished the brilliance for the infield.

Crowell eked out a victory over Eldorado and Truscott downed Medicine Mound Sunday to remain in a tie for first place in the Cotton Belt baseball league with only three games to be played before the official schedule winds up Sunday, August 30.

Medicine Mound's loss forced them out of their tie for first place with Crowell and Truscott prior to Sunday's results.

**The Standing**

Team	W	L	Pct.
Crowell	9	7	.563
Truscott	9	7	.563
Quannah	9	8	.529
Medicine Mound	8	8	.500
Eldorado	7	8	.467
Paducah	6	10	.375

Quannah, by virtue of a forfeit by Paducah moved ahead of the Mounds to go into third place with a percentage of .529, only half a game behind the leaders. Eldorado's defeat slipped them into fifth place and Paducah moved

deeper into the cellar, a game a half below her nearest neighbor and a full three-games out first place.

**Games Last Sunday**

Crowell defeated Eldorado by Sunday 8 to 7. Truscott downed Medicine Mound 8 to 4 on Medicine Mound's diamond. Paducah forfeited her game with Quannah which was scheduled at Quannah.

SCHOOL SURVEY TO BE MADE IN FOARD COUNTY

Investigations to Be Made Next Week by WPA Laborers

A survey of the public school systems of Crowell and Foard County will begin Monday and last until the latter part of the week, according to W. E. Walker, district supervisor of the WPA project sponsored by the state Board of Education, who was here Wednesday. The name of the project is the "Texas Educational Survey."

Two men will be in charge of the inspection of the school buildings of the county and the equipment. Two others will look into the financial side of the systems through the records at the court house.

In explaining the project and the work to be done in Foard County, Mr. Walker said, "The project is a statistical and research study of the Texas Public School situation with particular attention to be paid to the efficiency of the existing organization of administrative units, adequacy of public school plants and the problem of sources and adequacy of amounts of school support with possibility of more equitable distribution of state school monies. As a result of findings, recommendations are to be made to the Texas Legislature for remedial measures to secure and insure greater economy and efficiency in the Texas Public School program through the passage of more effective school legislation."

West Texas Utility Office Repainted

The repainting of the inside of the office of the West Texas Utilities Company of Crowell began Monday with Charlie Spieler of Abilene in charge of the work.

Broken places in the plastering were repaired and the floor covering has been removed. Instead of replacing the floor covering, the floor will be painted.

The improvements on the building will probably be completed by the middle of next week, Eli Smith, local manager for the Utilities Company, said.

SAFETY SLOGANS

When swimming in strange water test its depth carefully before diving.

Do not go swimming for at least two hours after a meal.

Salt is recommended by the National Safety Council as an aid in hot weather. It acts by stabilizing the blood stream and maintains the balance of body fluids upset by the extraordinary perspiration. About a teaspoon of salt will usually restore the proper balance. Sodium Chloride tablets will give the same relief and do not create thirst.

If you make a fire while camping be sure to put it out before you leave. One tiny spark can start it burning again and may destroy hundreds of acres of beautiful trees. Conserve this beauty for the other picnicker and he will conserve it for you.

Amendments to State Constitution To Be Voted on in General Election

S. J. R. NO. 14

A JOINT RESOLUTION proposing an amendment to the Constitution of the State of Texas fixing the salaries of certain constitutional officers by amending Section 5 of Article 4 of the Constitution of the State of Texas...

shall have the use and occupation of the Governor's Mansion, fixtures and furniture; provided that the amendment shall not become effective until the third Tuesday in January, 1937.

Section 2. That Section 22 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Sec. 22. The Attorney General shall hold office for two years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freights or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary of Ten Thousand (\$10,000.00) Dollars, and no more."

Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Sec. 5. The Governor shall, at stated times, receive as compensation for his services an annual salary of Twelve Thousand (\$12,000.00) Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture; provided that the amendment shall not become effective until the third Tuesday in January, 1937."

Section 2. That Section 22 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Sec. 22. The Attorney General shall hold office for two years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freights or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary of Ten Thousand (\$10,000.00) Dollars, and no more."

Section 3. That Section 23 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Sec. 23. The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office shall each hold office for the term of two years, and until his successor is qualified; receive an annual salary of Six Thousand (\$6,000.00) Dollars, and no more; reside at the Capitol of the State during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this Section, or in his office, shall be paid, when received, into the State Treasury."

Section 4. That Section 21 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Sec. 21. There shall be a Secretary of State, who shall be appointed by the Governor, by and with the advice and consent of the Senate, and who shall continue in office during the term of service of the Governor. He shall authenticate the publication of all official acts and proceedings of the Governor, and shall, when required, lay the same and all papers, minutes and vouchers, relative thereto, before the Legislature, or either House thereof, and shall perform such other duties as may be required of him by law. He shall receive for his services an annual salary of Six Thousand (\$6,000.00) Dollars, and no more."

Section 5. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"FOR the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

And those opposed to said Amendment shall write or have printed on their ballots the words: "AGAINST the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

Team Work

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Section 6. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and Laws of this State.

Section 7. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

The above is a true and correct copy.

H. J. R. NO. 9

A JOINT RESOLUTION proposing an Amendment to Section 26 of Article 3 of the Constitution of Texas, by adding thereto Section 26a, providing that under no apportionment shall any county be entitled to more than seven (7) Representatives unless the population of such county shall exceed seven hundred thousand (700,000) people; providing for the apportionment in counties of more than seven hundred thousand (700,000) people; providing for the submission to the voters as required by the Constitution and making an appropriation therefor.

Section 1. That Section 26 of Article 3 of the Constitution of Texas, be amended by adding thereto Section 26a, as follows: "Section 26a. Provided however, that no county shall be entitled to or have under any apportionment more than seven (7) Representatives unless the population of such county shall exceed seven hundred thousand (700,000) people as ascertained by the most recent United States Census, in which event such county shall be entitled to one additional Representative for each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population as shown by the latest United States Census; nor shall any district be created which would permit any county to have more than seven (7) Representatives except under the conditions set forth above."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State, at the next general election to be held on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"FOR the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

And those opposed to said Amendment shall write or have printed on their ballots the words: "AGAINST the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

Section 3. The Governor of the State of Texas, is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for Amendments thereto.

Section 4. The sum of Ten Thousand Dollars (\$10,000.00) or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expense of such publication and election.

The above is a true and correct copy.

Your Horoscope

August 10, 11, 12.—You would make a good musician, but would have to lead the band. You are bound to dominate, but you can be led if you do not know where you are being led. You possess a fiery temper, are passionate and independent. You are bold, courageous and always ready to fight if necessary.

August 13, 14, 15, 16.—Possessing much executive ability, you know how to handle large interests successfully. Being very fond of travel you do not stay in one place very long. You do not have much use for those you are indifferent about, but show much kindness to those you love. You are energetic, aspiring, and very popular, particularly with those near you socially.

less to help himself. The good Samaritan has never seen him until he saw him lying bruised and bloody beside the road, but he rendered him a priceless service, a service for which he knew the stranger could never repay. He was a good neighbor. What a depth of meaning the parable gives to the word "neighbor." It makes of it, instead of merely a word, a beautiful human institution. In our present scheme of living, we are not going to be called upon to bind up the physical wounds to unfortunate men. That is being taken care of in another way. But there are countless opportunities to be a good neighbor to those who are in need of the small service, the encouragement, the good will, the simple neighborliness of kindly human contacts. If we but knew it, all about us every day lie opportunities just as real as the one presented to the good Samaritan that day in the hot, dusty road near Jericho. We often pass by on the other side, not because we deliberately shrink from the service, but because we fail to see the opportunity, and overlooking it lose the reward that comes to us from being a good neighbor.

Destroyed Indian Population

The prehistoric Indian population of northern Arizona was destroyed by "tenement" conditions nearly 1,000 years ago. Tracing the habits of the Indian population, an authority said that from the time they moved from single-family pit houses to multi-family apartment houses, or pueblos, similar to modern tenements, the population of the tribes dropped

Marines Stationed At Philippines Since Battle at Manila Bay

Bordering the shore of Manila Bay is the little town of Cavite, which overlooks the scene of one of the most stirring episodes in American history. It is now one of Uncle Sam's most important naval stations in the Philippines.

Almost before the smoke of Admiral Dewey's guns had rolled away, following his triumph over the Spanish fleet in Manila Bay in May, 1898, U. S. Marines were landed in Cavite. Members of the Marine Corps have been there ever since.

Many of the buildings in the little town of some 5,000 inhabitants are reminiscent of the Spanish occupation. Some of them, like the old arsenal and Fort San Felipe, still retain their medieval appearance, although they have been modernized to meet the needs of Uncle Sam. During working hours navy yard shops hum with activity.

Filipinos have largely discarded the Spanish language, and now speak a patois of English, Spanish and Tagalog—the latter their native tongue. The more educated natives speak English fluently and both grammar and high schools conduct their courses in that language.

# Amendments to State Constitution To Be Voted on in General Election

S. J. R. NO. 3-a

A JOINT RESOLUTION proposing an Amendment to Article XVI of the Constitution of the State of Texas by striking out Section 20 thereof; providing for local option on the question of the sale of intoxicating liquors for beverage purposes; providing that the sale of intoxicating liquors for medicinal, scientific and mechanical purposes, or for the manufacture of such liquors, shall not be prohibited in any county or political subdivision wherein the sale of intoxicating liquors has been prohibited by local option elections held under the laws in force at the time of the taking effect of Section 20, Article XVI of the Constitution of the State of Texas, until a majority of the qualified voters of such county or political subdivision shall determine such to be lawful at an election held for that purpose; providing for the adoption or rejection of such amendment and making an appropriation therefor; providing for the proclamation and publication thereof; and prescribing the form of ballot.

Be It Resolved By the Legislature of the State of Texas: Section 1. That Article XVI of the Constitution of the State of Texas be amended by striking out Section 20 thereof and substituting in lieu thereof the following: "Article XVI, Section 20. (a) It is hereby declared to be the policy of this State that the open saloon shall not be re-established. The sale of spirituous liquors, manufactured in whole or in part by means of the process of distillation and/or liquors compounded and/or composed in part of such spirituous distilled liquors, for private profit, is prohibited within this State except when such sale is made to the State. The State of Texas shall have the exclusive right to purchase at wholesale and to sell at retail such distilled spirituous liquors. Such sale shall be made only in unbroken packages and no such liquors shall be consumed on the premises where sold. The Legislature shall pass laws to prescribe regulations relative to the manufacture, sale, transportation, and possession of such spirituous liquors and relative to the establishment of State dispensaries; provided, however, the Legislature shall have the power to regulate the sale for private profit and possession of distilled liquors for medicinal, scientific and mechanical purposes.

"The manufacture, sale, transportation, and possession of all liquors, the alcoholic content of which is entirely and exclusively the result of the fermentation process is hereby authorized under such restrictions as may be authorized by law.

"(b) The Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct or incorporated town or city, may, by a majority vote at a time when the sale of intoxicating liquors for beverage purposes shall be prohibited or legalized within the prescribed limits; and such laws shall contain provisions for voting on the sale of intoxicating liquors of various types and various alcoholic content.

"(c) In all counties, justice's precincts or incorporated towns or cities wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article XVI of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county, justice's precinct or incorporated town or city, any spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication or any other intoxicants whatsoever, for beverage purposes, unless and until a majority of the qualified voters in such county or political subdivision thereof voting in an election held for such purpose shall determine such to be lawful; provided that this subsection shall not prohibit the sale of alcoholic beverages containing not more than 3.2 per cent alcohol by weight in cities, counties or political subdivisions thereof in which the qualified voters have voted to legalize such sale under the provisions of Chapter 116, Acts of the Regular Session of the 43rd Legislature."

Sec. 2. Such proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas, on the third day of November, 1936, at which election all voters favoring said proposed Amendment, shall write, or have printed on their ballots the words: "FOR the Amendment to the State Constitution providing for the establishment of a State dispensary system having the exclusive sale of distilled liquors, and providing for local option."

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the same published and such election held as provided by the Constitution and laws of this State.

Sec. 4. The sum of Eight Thousand (\$8,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

The above is a true and correct copy.

S. J. R. NO. 18

A JOINT RESOLUTION proposing an Amendment to Section 48, Article III of the Constitution of the State of Texas, authorizing the establishment of Teachers' Retirement Systems, and making an appropriation for the election.

Be It Resolved By the Legislature of the State of Texas: Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto immediately after Section 48, a section to be known as Section 48a, and to read as follows: "Section 48a: In addition to the powers given to the Legislature, under Section 48 of Article III, it shall have the right to levy taxes to provide a Retirement Fund for persons employed in public schools, colleges and universities, supported wholly or partly by the State; provided that the amount contributed by the State to such Retirement Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum of the compensation paid to each such person by the State, and/or school districts, and shall in no one year exceed the sum of One Hundred Eighty (\$180.00) Dollars for any such person; provided no person shall be eligible for a pension under this Amendment who has not taught twenty years in the State of Texas, but shall be entitled to a refund of the moneys paid into the fund.

All funds provided from the compensation of said persons, or by the State of Texas, for such Retirement Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States; provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amounts that may become due each year under such retirement plan as may be provided by law; and provided that the recipients of such retirement fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless such retirement fund, contributed by the State, is released to the State of Texas as a condition to receiving such other pension aid.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next General Election to be held on Tuesday after the first Monday in November, which is November 3rd, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words: "FOR the Amendment to the Constitution authorizing retirement and the creation of a retirement fund for persons employed in public schools and colleges and universities supported wholly or partly by the State."

Those opposing said proposed Amendment shall write, or have printed on their ballots the words: "AGAINST the Amendment to the Constitution authorizing retirement and the creation of a retirement fund for persons employed in public schools and in colleges and universities supported wholly or partly by the State."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary Proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay the expenses of said publication and election.

The above is a true and correct copy.

A JOINT RESOLUTION proposing an Amendment to the Constitution authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of the State, and authorizing the Legislature to provide for

the payment of premiums on such policies of insurance; providing the State shall never be required to purchase insurance for any employees; providing for the necessary publication and election; making an appropriation to pay for same.

Be It Resolved By the Legislature of the State of Texas: Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 59, to read as follows: "Section 59. The Legislature shall have power to pass such laws as may be necessary to provide for Workmen's Compensation Insurance for such State employees, as in its judgment is necessary or required; and to provide for the payment of all costs, charges, and premiums on such policies of insurance; providing the State shall never be required to purchase insurance for any employee."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words: "FOR the Amendment authorizing the Legislature to provide for the payment of Workmen's Compensation Insurance for employees of the State."

And all those opposed shall write or have printed on their ballots the words: "AGAINST the Amendment authorizing the Legislature to provide for the payment of Workmen's Compensation Insurance for employees of the State."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for Amendments.

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

S. J. R. NO. 26

A JOINT RESOLUTION proposing an amendment to Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles, composed of three members, whose terms of office shall be for a period of six years, one to be appointed by the Governor, one by the Chief Justice of the Supreme Court of the State of Texas, and one by the presiding Justice of the Court of Criminal Appeals, such appointments to be with the advice and consent of two-thirds of the Senate present; and so as to provide that the Governor of the State shall have the power on the recommendation and advice of the majority of the Board of Pardons and Paroles to grant reprieves, commutations of punishment and pardons and to remit fines and forfeitures, and, with the advice and consent of the Legislature, to grant reprieves, commutations of punishment and pardons in cases of treason; and to provide that the Governor shall have power to grant one reprieve in any capital case not to exceed thirty (30) days; and shall have the power to revoke paroles and conditional pardons; and to provide that the Legislature shall have authority to regulate procedure before the Board and to enact parole laws; and to provide for an election for such proposed constitutional amendment, and to make an appropriation therefor.

Be It Resolved By the Legislature of the State of Texas: Section 1. That Section 11 of Article IV of the Constitution of the State of Texas be amended so as hereafter to read as follows: "Section 11. There is hereby created a Board of Pardons and Paroles, to be composed of three members, who shall have been resident citizens of the State of Texas for a period of not less than two years immediately preceding such appointment, each of whom shall hold office for a term of six years; provided that of the members of the first board appointed, one shall serve for two years, one for four years and one for six years from the first day of February, 1937, and they shall cast lots for their respective terms. One member of said Board shall be appointed by the Governor, one member by the Chief Justice of the Supreme Court of the State of Texas, and one member by the presiding Justice of the Court of Criminal Appeals; the appointments of all members of said Board shall be made with the advice and consent of two-thirds of the Senate present. Each vacancy shall be filled by the respective appointing power that theretofore made the appointment to such position and the appointive powers shall have the authority to make recess appointments until the convening of the Senate.

In all criminal cases, except treason and impeachment, the Governor shall have power, after recommendation and advice of the Board of Pardons and Paroles, or a majority thereof, to grant reprieves and commutations of punishment and pardons; and under such rules as the Legislature may prescribe, and upon the written recommendation and advice of a majority of the Board of Pardons and Paroles, he shall have the power to remit fines and forfeitures. The Governor shall have the power to grant one reprieve in any capital case for a period not to exceed thirty (30) days; and he

shall have the power to revoke paroles and conditional pardons. With the advice and consent of the Legislature, he may grant reprieves, commutations of punishment and pardons in cases of treason.

The Legislature shall have power to regulate procedure before the Board of Pardons and Paroles and shall require it to keep record of its actions and the reasons therefor, and shall have authority to enact parole laws."

Sec. 2. The foregoing constitutional amendment shall be submitted to the electors of this State who are qualified to vote on proposed constitutional amendments at the general election to be held on the first Tuesday after the first Monday in November, A. D. 1936, at which election each ballot shall have printed thereon the words: "FOR the Amendment of Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles, and to make the Governor's pardoning power subject to recommendation of said Board, except in cases of treason the Governor may grant reprieves, commutations and pardons with the advice and consent of the Legislature."

Each voter shall strike out with pen or pencil the clause which does not indicate his desire regarding the above proposed amendment.

Sec. 3. The Governor is hereby directed to issue the necessary proclamation for said election, and to have the above proposed amendment published in the manner and for the time required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury not otherwise appropriated to pay the expenses of such publication and election.

The above is a true and correct copy.

## CAVALCADE BRINGS TEXAS HISTORY TO LIFE

Dallas. — Cavalcade of Texas, one of the "must see" things at the Texas Centennial Exposition, recreates the hilarious spirit of the Big Bend country in the above scene in the Jersey Lilly saloon when Judge Roy Bean was all the way west of the Pecos. Just below are the famous Wilson Clydesdales, valued at \$100,000, a comb brought from Spain by her drawing one of the covered wagons across the largest stage on earth; lower left, a tragic moment during the Comanche attack on Fort Parker in 1836; Loraine Meeks, at right, member of the cast, dressed as a lovely Spanish senorita, wears

## Radio Talent Comes To Texas Centennial

Houston. — Texas has become the mecca for the radio and entertainment talent of the country. Since the Gulf Radio Studios on the grounds of the Texas Centennial in Dallas were opened less than two months ago, 759 live talent radio shows have been produced there. These broadcasts include more than a score of programs which were carried all over the United States over the National networks.

They include one international broadcast, which necessitated the crossing of the water five times. The publicity Texas has received as a result of these broadcasts has become national and international in its scope. Radio magazines and the radio sections of newspapers throughout the country have carried stories about these broadcasts and about the unique Radio and Public Address System installed by the Gulf Company at Dallas as its contribution to the celebration of the Centennial year.

Dozens of celebrities whose names are household words throughout the United States have been heard over the Gulf Centennial network. This network includes a system of miniature radio stations called "singing towers," which cover the Exposition grounds, and an intricate system of remote "pick up points" centered in and controlled from the Gulf Radio Studios.

The list of celebrities who have appeared in the studios and over the network reads like a "who's who" of the radio and entertainment world.

Included among those who have appeared are Ted Husing, famous Columbia Broadcasting System announcer and sports analyst; Robert Ripley, creator of "Believe It or Not"; Robert Taylor; Lupe Velez; June Knight; Allan Jones, and other famous movie stars; Rudy Vallee and his orchestra; Jose Manzanera and his orchestra; Jan Garber and his orchestra; Buddy Rogers and his orchestra; Ted Lewis and his orchestra; Ace Brigode and his orchestra; Art Kassel and his orchestra; Duke Ellington and Cab Calloway.

Heading the list of famous personages from the political arena are President Franklin D. Roosevelt, who spoke over the system June 12, and Secretary of Commerce, Daniel C. Roper, who represented the President on opening day. Included in the list are Governor James V. Allred and the

Governors of a half dozen other states. Such interesting personalities as Barney Oldfield; David Wark Griffith; Amelia Earhart; Clyde Pangborn; Colleen Moore; Elizabeth Arden; and Moran and Van of the Two Black Crows fame, have been interviewed.

Among those who are scheduled to appear within the next few days are Bob Burns, the Arkansas Philosopher and Comedian; Ginger Rogers, Texas born movie star and dancer; Harry Richman, and Mal Baer. Tommy Dorsey and his orchestra are scheduled to begin a national broadcast from the studios early in August, and many other famous orchestra leaders, mu-

sicians and entertainers have been definitely scheduled for appearances later in the year. An elaborate program of athletic events, including professional and intercollegiate football games, has been scheduled for the Cotton Bowl within the Exposition grounds this fall. Broadcasts of these games will be handled through the facilities of the Gulf Oil Network.

## Bids to Be Let for Building of Museum

Lubbock. — Advertising for bids to erect a \$250,000 Centennial museum on the Texas Technological College campus will start this week, John V. Singleton, chief of the Centennial division of the board of control, has said.

Money for the ground floor unit of the museum was appropriated last winter, and members of the West Texas Museum Association, with affiliates in 67 West Texas counties, sponsored the request for an appropriation.

Plans for the building, when completed, provide for a three-story structure of L-shaped wings, each of which will be thirty-eight by one hundred feet, joined in the center by a memorial hall or rotunda approximately forty by forty feet. The rotunda will be thirty-seven feet from the ground floor to the dome, and the walls will carry bronze plaques, murals and other art work.

The three-story building will cost approximately \$190,000 when completed, not including the finishing of the memorial rotunda, upon which an estimated \$100,000 further will be required. Plans and specifications were prepared by the architectural division of Texas Technological College, and supervision of work will be under W. L. Bradshaw, Lubbock architect.

## Ancient Money

Slabs of copper in Sweden, tea compressed into bricks in China, tobacco, milk, cattle and salt were all at one time used as money.

## Gatlin Gun in Civil War

Dr. Richard Gatling's gun, invented in 1862 and capable of firing 250 shots a minute, was used to a limited extent in the Civil war.

## Shower Given for Mrs. J. M. Denton

A lovely shower was given Wednesday afternoon at the home of Mr. and Mrs. Egbert Fish of Vivian with Misses Rosalie and Bernita Fish as hostesses complimenting Mrs. J. M. Denton, who was Miss Anita Fish before her marriage on May 23.

The guests were received by Miss Rosalie Fish and asked to register in the bride's book which was presided over by Miss Bernice Walling. They were then asked to write a favorite recipe in a recipe book. The guest register and also the recipe book were heart-shaped, in white and tied with pink ribbon. The color scheme of pink and white was further carried out in other of the party's appointments.

A short program was given, the first number of which was advice to the bride, written on slips of paper and later read by one of the hostesses. "I Love You Truly" was sung by Mesdames T. B. Klepper and Chas. Thompson. Toasts were given to the bride, to the mothers of the bride and the groom, and to the girls left behind. These were given by Misses Russie Rasmussen, Margaret Evans and Bernita Fish.

The bride sat in a decorated seat of honor and on either side of her sat her mother, Mrs. Allen Fish, and the groom's mother, Mrs. Ella Lawton. Milton Benham at this time drew in an improvised ship in the chosen colors, which was filled with gifts. This he placed before the bride and she unwrapped and shared the lovely gifts with her friends. They were many and beautiful and expressed the esteem in which she is held in her community.

Refreshments of cake and punch and mints, all in pink and white, were served to about fifty guests. The hostesses were assisted in serving by Misses Bernice Walling, Russie Rasmussen and Margaret Evans. There were several who sent gifts who were unable to be present.

## Birthday of Glendon Hays Is Celebrated

Glendon Hays celebrated his 15th birthday Friday evening from 7 to 9 o'clock with a party at his home.

After several games, refreshments were served to the following guests: Joe Mark Magee, George Thomas Burress, Tom Alton Andrews, Ted Cronson, Ralph Flesher, John Thomas Raser, Billie Newton Klepper, A. Y. Olds, J. T. Hughton, Edwin Edgin, Stanley Sanders and the host.

The honor guest received many gifts, and the guests were given balloons as favors.

### PICNIC PARTY

Mrs. W. O. Clary and little son, William Otis, of Dalhart, who were guests of friends in Crowell last week, were complimented with a picnic at the North Pocket Park last Friday evening.

A covered dish picnic supper was served to the following, Mrs. Grover Cole, Mr. and Mrs. Eli Smith and daughters, Avalon Jane and Katherine, Mr. and Mrs. Henry Borchardt, Mr. and Mrs. R. D. Oswald, Mr. and Mrs. N. J. Roberts, Miss Margaret Curtis and Mary Curtis, Mr. and Mrs. Walter Thompson and son, Presley, Mrs. Clint White and daughters, Joyce and Barbara, Mrs. Clarence McKown, Mr. and Mrs. Julian Wright, Mrs. Laura Giddings, Mr. and Mrs. Dock Borchardt and children, Buster and Wayne, Mr. and Mrs. O. O. Hollingsworth, Mrs. Margie French and Mr. and Mrs. C. C. McLaughlin. Games and conversation occupied the remainder of the evening.

### FIVE MAJOR TASTES

There are a few fundamental points about the mechanism of the sense of taste, states an authority. The taste buds extending only part way back on the tongue are extremely sensitive to only five major tastes; namely, sweet, sour, salty, bitter, and salt. The really delicate sense of taste is in reality a sense of smell.

### Ancient Mystery Explained

The prophetic delirium associated with the religious shrines of ancient Greece has a prosaic explanation. Somewhere, near by, where natural gases or vapors which arising from the soil, had the power of intoxicating.

## GRIDDERS GET CALL TO MEET NEXT MONDAY

## Burk Doped to Be One Of District's Likely Contenders

The initial pre-season workout to be held by the Crowell High school Wildcat football team will be Monday afternoon, August 17, according to Coach Grady Graves. The initial workout will be held more than three weeks prior to the opening game which is to be played here Friday night, September 11, against the Floydada High school eleven.

Between 22 and 30 applicants for berths on the 1936 machine will greet Coach Graves at the first workout and others will join the squad later on after school begins.

With prospects dimmer than at any time in the last five years for a winning team, Graves will begin the building of a conference contender from rookie material. Only one squadman from 1935 remains for this year's Wildcat team, all others being eliminated by graduation or new eligibility rules.

According to latest reports, Raymond Gibson, who was one of the brightest prospects for the Crowell Wildcat 1935 football eleven, will not be in school this year. Coach Graves said, Gibson is a two-year letter man in 1933 and 1934, but he was ineligible last year. His absence from the squad this year darkens considerably the team's chances for a pennant. Graves was counting on him to carry part of the load of calling signals, provided he entered school this fall.

When under fire in the game between the graduating seniors on the 1935 line-up, and the eligibles for 1936, Glendon Reeder in the line and Gilbert Lankford and Garland Rasmussen in the backfield showed considerable promise. Rasmussen played end on defense and blocked all the plays coming his way to put in his bid for a backfield berth. Ira Klepper, big 180 pound tackle, also did his duties well in the spring season tussle.

Pre-season dope seems to favor Burk Burnett as the most likely champion in this district with a veteran letterman back for this year's team, Seymour and Chilli-cottie are also receiving part of the dope favor.

It will be four weeks after the first game with Floydada here before the Wildcats play again in Crowell. October 9 the official district championship opens, so far as the Wildcats are concerned, at which time Iowa Park visits the Crowell Wildcats.

The first four games are as follows: September 11, Floydada at Crowell; September 18, Crowell at Matador; September 25, Crowell at Quanah; and October 2, Crowell at Paducah.

Coach Returns  
Coach Graves returned Sunday morning from Fort Worth where he attended the coaching school held at Texas Christian University last week. The instructions were given especially for high school coaches.

## FIFTEEN NOW EMPLOYED ON NYA PROJECT

## Indexing, Typing, and Filing to Be Done By Youths

The National Youth Administration started the Foard County clerical project Thursday, Aug. 6. This project was sponsored by County Judge Vance Swain and will give employment to 15 youths, according to H. A. Ziegler, Assistant District Director in the Wichita Falls District No. 12.

These youths will work in the offices of the County Agricultural Agent, County Home Demonstration Agent, County Superintendent and Relief office.

Lyndon B. Johnson, State Director for the National Youth Administration, has allotted for this project \$630.00 Federal funds, and the sponsor's contribution is \$420.00.

Youths employed on this project will do routine office work, such as typing, filing, indexing, and other tasks. The project is outside the normal budgeted scope of these agencies and will not displace any regular employees.

It is expected the knowledge gained through this experience will be of value to these young people when the opportunity for private employment becomes available. Many of the youths have never had a job and this work affords the opportunity to display their ability, with the result that many have been able to enter private employment as a result of this experience.

cases from 16 widely separated counties in every geographical section of the State since January 1. Only one case in Texas was reported last week from the entire state. There were 36 cases of the disease in Texas during the first six months of last year.

"The disease is endemic in Texas," Dr. John W. Brown, State Health Officer said, "and scarcely ever assumes epidemic proportion."

"Children under five are more susceptible to the disease and all children under 12 should be watched for suspicious symptoms. There are important things to do when a child shows symptoms. A physician should be called at once and physicians should report all cases to the health authorities immediately. When the disease occurs all cases should be isolated for 21 days. All milk should be boiled unless it is pasteurized.

"Children should not visit homes where the disease exists or there are symptoms of it. Flies should be killed and their breeding places destroyed. Promptness in diagnosis of poliomyelitis is important in preventing spread of the disease."

### Three Test Holes

Three test holes near the Crowell City lake for underground water are to be made, the first of which was started Tuesday. The test well already started is being dug a few yards south of the pump-house. A small hole drilled there struck water at about 7 1/2 feet. A well about 5x7 feet is being dug out and it was at a depth of about 5 1/2 feet yesterday. The result of the well will be known within two or three days.

The three test wells are under the direction of two state and federal water engineers. The first well will be dug to a depth of more than 7 feet, the depth at which water was struck in the small hole. How much water the well will produce is not known at present, and it is impossible to determine the amount until the well is complete, Mr. Schlagal stated. The strength of the well should be determined soon, he said.

The other two test wells are to be dug on the city property west of the creek which feeds the City Lake. If no water is found in any of the three test wells, others will probably be made, the mayor stated. The government engineers assured members of the City Council there was underground water there, but it was impossible to determine the amount, they said.

After the survey is made for water on the city property, the engineers are to look into the possibilities of a water project to obtain water from springs near Margaret, M. S. Henry, member of the City Council, said.

## Election Sponsored By Maytag Company

The Maytag Company, represented through the Texas district by Maytag Southwestern Company of Dallas, has planned many interesting moments for both the salesmen and dealers who have won special honors during the recent sales contests conducted by that organization.

"Salesmen throughout the state have been working day and night to acquaint Texas homes with the splendid 'Maytag Platform' in a unique Election Campaign," said Walter Rogers, president of Maytag Southwestern Company. "Winning candidates with their wives, from each of the fifteen districts which comprise the Texas territory will receive their 'office' of honor at a luncheon in the Baker Hotel, Dallas, Friday, August 7. At the same time, each district representative will cast his 'electoral vote' for the President and Vice President of the 'Maytag Texas Empire' and then adjourn to the Exposition grounds where they will spend the week-end tak-

## AAA BROUGHT \$407,140.75 TO FOARD COUNTY

## Over Hundred Million Distributed in Whole State

Foard County has received \$407,140.75 in rental and benefit payments in the three years since the creation of the Agricultural Adjustment, it has been announced by H. P. Drought, state director of the National Emergency Council.

Rental and benefit payments in this county for the cotton program totalled \$292,068.50; corn-hog \$7,334.51; wheat, \$107,737.74.

Rental and benefit payments in Texas amounted to \$139,412,186.46 for the three-year period, Drought said.

Cotton rental and benefit payments made for the entire state aggregated \$114,070,836.72; wheat, \$16,581,129.10; corn-hog, \$6,403,258.44; sugar, \$705.98; rice, \$1,976,145.03; peanuts, \$381,111.16

ing in the exhibits. Approximately 25 dealers and managers from various Texas districts who have been invited to visit Ceylon Court, the summer home of F. L. Maytag at Lake Geneva, Wisconsin, will also be present at this luncheon. Men in this party will don ten-gallon hats, in honor of Texas' anniversary, before boarding the train for Lake Geneva, and the entire party will visit the Maytag factories at Newton, Iowa, before returning home.

## Election—

over Mr. Callaway. There were three candidates in the race in the first primary.

For Sheriff  
Amos W. Lilly and R. J. Thomas are the candidates from which Foard County voters will select their next sheriff and tax assessor-collector. Mr. Lilly led in the first primary by 43 votes. Mr. Thomas is the present sheriff. There were originally four candidates for the place.

A public weigher will be chosen from the field of two candidates for precinct No. 1. Frank Moore and Chas. W. Thompson are the applicants for the job. Mr. Moore led in the first race by 126 votes. Want Commissioner's Job  
A. L. Davis and A. W. Barker are the candidates in the second primary for county commissioner from precinct No. 3. Mr. Barker is the present commissioner. He led the vote in his precinct by 29 votes. There were three in the race prior to the first election.

C. C. Joy and George Mapp are on the ticket for Democratic chairman of precinct No. 1 and J. B. Robertson and H. D. Lawson for precinct chairman of precinct No. 11.

The first election in the state of Texas eliminated twenty-five political races including state, district, county and precinct offices. Sixty-four names were also eliminated by the first ballot with the eight-year record vote cast in Foard County and the all-time record vote cast in the state.
