## CONTRACT FOR NEW SCHOOL BUILDING LET

On Wednesday of last week the school board received bids from contractors for the erection of the new school building here and J. F. Morgan of Sherman was the man to whom the contract was let.

The bid for the building was \$39,550. The contract for heating and plumbing was let to Harrell & Bryant of Oklahoma City, the amount of the bid being \$11,651. The electric wiring was let to Phillips Electric Co. of Chickasha at a cost of \$799. The total cost of the building when completed and furnished will be \$50,000.

In addition to the building of a new structure, the old one will be repaired and made comfortable and serviceable. As the News has before stated, it will be provided with steam heat. The new plant to furnish heat for the new building will furnish heat for the old one. A new roof has already been put on the old building, the fire wall ceiling, etc., so that the roof will not leak. This has heretofore been a very annoying condition of the building but now that that is remedied it should be of even better service than for many years in the past.

Supt. R. B. Underwood and Lee Roy Statser are going over the building making all necessary arrangements for school work which is to start September 13th.

The outlook is bright for one of the best terms in the history of the school this year. It is probable that the school will be crowded until the new building is ready for use, but since it is expected that it will be a matter of only a few months until relief will come, one can look to the future with encouragement.

The first week in September will be institute week, a time when the teachers of the county will meet and discuss their problems, after which the school here will start.

## Advance Man for Big Revival Here Advertising Meeting

J. W. Nickels of Roys City, Texas, advance man for Judge Morris of Dallas, Texas, the South's great lay evangelist, arrived in our city Sunday morning to assist the pastors of all the different churches, as well as all the Christian people of the town and community, in erection of an open air tabernacle and advertising and boosting the meeting in many ways.

Mr. Nickels comes to us as a high class Christian gentleman. He comes to us to work and help. Mr. Nickels is just from Devine, Texas, where Judge Morris is in a very great meeting.

We hope the Christians will be much in prayer for the success of the meeting here. If we will just pay the price on our knees we will have one of the greatest revivals Crowell has ever known. Get ready to assist and hear one of the South's greatest evangelists.

You are expected to be there. Back seats reserved for strangers.

## 10-YEAR OLD BOY HURT BY KICK OF PONY

Raymond, 10-year old son of Walter Carr, was very seriously wounded Tuesday when a Shetland pony kicked him in one of his eyes, inflicting a wound that made it necessary to remove the eye with several bones of the skull. The child was brought to the sanitarium here where the operation took place.

The accident occurred while the boy was riding on a cart to which the horse was hitched. Some other boys were present, and it is thought the animal was being prodded, which caused it to kick. It was a pet pony and was not accustomed to kick except when playing.

Little hope has been entertained for the recovery of the boy. However, it was thought that Wednesday night was the most critical time and since he passed what is said to be the crisis, it may be said there is a slim chance for him.

## SANITARIUM PATIENTS

Following are patients at the sanitarium operated on this week:

Mrs. Frank Halencak, Margaret Taylor, Lora Lee French, all for appendicitis.

Raymond Carr underwent operation in which one eye and fractured bones were removed, due to the kick of a horse.

The thing that makes flaming youth flaming is the poor grade of fire extinguisher that is used.

## An Account of a Trip to The Mountains

We left Crowell July 14th for a trip to the West via Lubbock, Texas, Clovis and Las Vegas, New Mexico, Trinidad and Pueblo, Colo., and thence to Colorado Springs and Manitou where we stayed for several days visiting such interesting places as—The Cave of the Winds, Garden of the Gods, Pike's Peak, Seven Falls and many others too numerous to mention. From there we went to Denver where we saw many places that have an educational value, such as the City Museum, The State Capitol, U. S. Government Mint, City Library, etc.

En route to Estes Park we visited the State University at Boulder which is located at the foot of the mountains. The next day we drove through the gates to the Park and frequently saw deer, chipmunks and other animals that were unknown to us. The next day we drove up to the Continental Divide which is about 12,000 feet and on our way we saw beavers and many other animals after searching our vocabularies we were unable to find a suitable name. On this drive we passed through great drifts of snow from which large streams of water flowed that further down the slopes these streams united to form Falls River. On this divide the water that went east went to the Gulf of Mexico via Mississippi River, that on the west side went into the Pacific Ocean.

We left Estes Park for Greeley via what is known as Big Thompson Canyon where we saw many very beautiful sights. We passed through Loveland, the country around which struck us as being one famous for its cherries. At Greeley we visited the Colorado State Teachers College and were very much impressed with the character of work that was being done as well as with the beautiful campus and buildings.

On July 26th, we left Greeley, Colo., for Cheyenne, Wyo., the famous Western city which is known the country over for its rodeos. Since this was the time of the Frontier Days in Cheyenne, the city was elaborately decorated with flags and all kinds of welcoming banners. There was also at this time in Cheyenne a Governors' conference, and in their honor a big reception was given.

## Ticket to Be Voted in the Runoff Tomorrow

The News has insisted on a full vote in Foard County tomorrow and it is still insisting on it. We believe in this first because it takes a full vote to make government thoroughly democratic in this country. If voters stay at home on election day the choice of men for office may be made by a vote that does not represent the will of the majority of the people. But if everybody goes to the polls and votes, then the majority expresses its will and there is no reason left for any one to complain. Go to the polls tomorrow and cast your vote for your choice.

In the second place no voter in the state should give up the fight for Governor until the last opportunity is given to express preference. It is a knockout fight and a huge majority should be rolled up for Moody. We should like to see him win by 400,000 majority. That he will do if all his friends will turn out Saturday and cast their votes.

For your consideration we are here printing the runoff ticket:

JUDGE FRANK MORRIS

## JUDGE FRANK MORRIS, GREAT LAY EVANGELIST, OF DALLAS IS COMING TO CROWELL SOON

Judge Morris, one of Texas' great prosecuting lawyers, will begin a revival in a large tabernacle here on September 5th.

Some five years ago Judge Morris resigned his position as the state's prosecuting attorney to enter the evangelistic work and during his few years as an evangelist thousands have been won to Christ. About three years ago this great lawyer evangelist conducted a great revival in Heavener, Okla., the results being around four hundred conversions and since the Heavener revival Judge Morris has conducted wonderful meetings in the following states: Texas, Arkansas, Mississippi, Tennessee, Illinois, Colorado and Kansas.

Don't forget the date when the revival starts, Saturday 5th, in the large tabernacle to be conveniently located.

It will be of interest to read what others have to say about Judge Morris as an evangelist and the success he has had in his revivals. We will publish the statements of the pastors of only one town, Methodist, Baptist and Christian pastors of Lebanon, Ky., as follows:

We the undersigned pastors of the Methodist, Baptist and Christian churches of Lebanon, Kentucky, are afforded great pleasure to testify to the wonderfulness of the great revival which is now in progress under a great tent in our city under the efficient leadership of "The South's Greatest Lay-Evangelist," Rev. Judge Frank Morris, of Greenville, Texas. This is a co-operative revival with the three mentioned churches participating. Judge Morris is now in the fourth week of this great revival and it is undoubtedly the greatest spiritual awakening of Old Time Religion that has ever come to this part of this state. For years we have prayed and hoped for a great revival of real Holy Ghost religion to come to our city and Praise the Lord it has come with the coming of this great man of God. Our community is witnessing a spiritual feast which will surely mean a great victory to our Lord Jesus and an ignominious defeat to the Devil and his cohorts.

Judge Morris is truly in a class all to himself and should you search the wide world over you will never find another like him. He preaches more real Bible and portrays it in a clearer light than any preacher or evangelist we have ever heard. There is nothing spectacular nor sensational, however Judge Morris says he believes in stagnation and we say Amen, in his preaching. Nothing questionable and no fault can be found with his methods. He preaches the word of God solely and with remarkable and very unusual simplicity yet with marvelous power and authority. He is, without doubt, one of America's greatest evangelists and were he known and advertised as some of our leading evangelists are.

W. O. Sadler, Pastor Methodist Church South.  
T. J. Porter, Pastor First Baptist Church.  
C. W. Noel, Pastor First Christian Church.

## 31 Deaf Mutes Meet at Wichita Falls Last Week

Hodge Locke and family of Chillicothe, Lewis King of Vernon, and John Branham and family of Wichita Falls came over Wednesday, August 11th, and spent the night with Mrs. Viola Locke and on Thursday the party, including Mrs. Locke and her two daughters, Misses Elizabeth and Belle, took a little trip to Rule, Has-

he would be thronged with invitations from north to south and east to west from one end of this nation to the other.

Judge Morris came out of a stock of extremely pious people and his ancestry have all stood for and accomplished great good for the name of the Lord Jesus. His father, Hon. C. H. Morris, is a capitalist and banker of East Texas, of much prominence and is the backbone of christianity in his community. Judge Morris is not only a lawyer of great prominence but as a soul winner for our Lord, he is at the top. We say that it is GOD IN HIM that makes him great and God is using him as He is using few men in our land. His work can but prove efficacious whether in the large metropolises or the modest towns for he strives to lift up Jesus Christ and depends on Him doing the drawing of men to Him. We commend him to any city or community where there is a real need of Holy Ghost religion and if any city will call this great man and support him with your prayers and labor God will abundantly bless.

Inasmuch as the revival is still under great progress we shall only report a part of what has been accomplished to date. There has been some five or six hundred conversions, and reclamations and the entire town has been stirred and every church has been materially strengthened. To date about two hundred have given their names for membership in the different protestant churches. Every service is witnessed with great spiritual power and numbers coming seeking Jesus.

People have come to the tabernacle as early as 5:30 bringing their suppers to get a good seat even though the services did not begin until 7:30. On many nights there has been two thousand people gathered thirty minutes before the first song started. We mention these facts so the readers of this article will know just how much interest is being taken in the great revival. All grades, classes and colors have attended these services and all have found favor at the mercy seat.

Hoping that the foregoing may be the means of causing many of our neighboring cities of our beloved state of "Old Kentucky" to call this great evangelist to their rescue in bringing our Lord's kingdom to pass here in earth as it is in Heaven and trusting and believing that he will receive many calls to come again to our land and praying God's very richest blessings on Judge Morris and all his workers wherever they may be led of God, we are most faithfully your brethren in the Lord.

C. W. Noel, Pastor First Christian Church.

W. O. Sadler, Pastor Methodist Church South.  
T. J. Porter, Pastor First Baptist Church.  
C. W. Noel, Pastor First Christian Church.

There were 31 deaf mutes present at the dinner. Mrs. Locke and children came home Wednesday night of last week.

Mrs. H. W. Cotner of Hollis, Okla., was here last week visiting her parents, Mr. and Mrs. J. C. Thompson, and other relatives and friends.

## Lad from Vernon Drowned in Tank Electra Oil Field

Electra, Texas, Aug. 26.—Bobby Thomas, six-year-old son of Mr. and Mrs. Robert Thomas, of the South Vernon oil field, drowned in a tank on the Baker lease, seven miles south of Electra, Friday afternoon.

Bobby and his father and mother were visiting the little boy's grandparents, Mr. and Mrs. Alf Bond, who live on the Baker lease. Shortly after one o'clock Friday afternoon, the lad's parents missed Bobby and started hunting for him. His body was found floating in a little tank near the Bond home about 1:30 o'clock.

Dr. J. F. Burton left here in an ambulance with a pulmotor soon after the boy's body was found.

## ORIENT LINE PLEASES BLAIR

San Angelo, Texas, Aug. 22.—Satisfaction with the appearance of the Orient Railroad expressed here by Floyd G. Blair, legal adviser of the foreign debt commission of the United States and aid to Andrew Mellon, may presage his favorable suggestion to the Treasury Department on extension of the Orient's \$2,500,000 loan to the Government now being sought. Such action recently was recommended by the Interstate Commerce Commission in furthering the reorganization plans of the system, which contemplates extending the Orient into Mexico below Alpine and its building from San Angelo to Del Rio.

Mr. Blair was here with W. T. Kemper, president, and Clifford Histed, vice president and general counsel of the Orient, both from Kansas. A. J. Cleary, superintendent of the Texas division, with headquarters in San Angelo, also was a member of the party, which traveled as far west as McCamey. Mr. Kemper said Mr. Blair was "seeing if the Orient is worth the money it owes the Treasury Department," although Mr. Blair insisted he was concluding a vacation that began in Colorado.

Mr. Kemper said that the increased income from oil shipments over the Orient is being diverted largely to improvements, necessitated by increasing traffic, citing the expenditure of \$60,000 at McCamey, new oil field town in Upton County. West of here extension of the Orient line leading northeastward from Chihuahua City is progressing satisfactorily, said Mr. Kemper. When this program is finished the Orient will be within fifteen miles of the Rio Grande, leaving only a 195-mile gap to connect with present western terminus at Alpine.

## The Remains of Rev. Huckleberry Laid to Rest Here

The remains of Rev. P. R. Huckleberry, whose death occurred at his home at Vernon Friday morning of last week, were laid to rest in the Crowell cemetery Sunday afternoon. Rev. L. P. Kopp of Vernon and Rev. Neeley of Quanah conducted the funeral services at the Methodist church at 2 o'clock Sunday afternoon, a large audience being present to pay their respects to one who was loved and honored by his many friends at Crowell.

Rev. Huckleberry had been in declining health for some years and for the last year he had been confined to his bed. Many physicians had been consulted and climates changed in the hope that a cure might be effected, but the disease had gotten such hold on him that nothing could be done to restore him to his former health. So long as he had any hope of recovering he expressed the desire to get well and re-enter his work as district evangelist for the Christian Missionary Society of Fort Worth, a work he dearly loved.

Rev. Huckleberry with his family resided in Crowell for some years and won the love and respect of all who knew him. So his death brought sadness to the hearts of our people. He was a man worthy of the confidence of the people and that confidence was present.

Following is a brief sketch handed the News by Rev. L. P. Kopp:  
"Paul R. Huckleberry was born August 4th, 1878, at Tracey, Iowa. He moved with his parents to Oklahoma in 1892. He united in marriage at Tonkawa, Okla., July 21, 1901, with Miss Mabel Coburn. Six children were born to this union. Mabel departed this life March 9, 1924. Besides the widowed mother, those remaining are: Paul Jewell of La Junta, Colo.; Ralph Raymond, Harold Verne, Clifford Carl, Floyd Arthur, Edna Mae and Robert Wilbur, of Vernon.

"Brother Huckleberry united with the Christian church at Tonkawa, Okla., in 1906. Brother Overstreet was the minister who received him into the church. The pastor led him into active service that was the means of inducing him to enter the ministry. He began preaching in 1915. He has served the following churches: Mountain View, Okla.,

## CHARTER IS GRANTED FOR NEW RAILROAD

According to a news item in the Star-Telegram, a charter was granted to the Ardmore, Vernon & Lubbock Railroad Company in Oklahoma City last week. This news was given out by S. M. Porter of Caney, Kansas, who is promoting the road. The capital stock is listed at \$500,000. An application is to be filed with the Interstate Commerce Commission asking approval of the project.

The incorporators of the company are H. E. Ferguson and J. W. Bell of Crowell; R. L. Winchell and R. W. Lindsay of Grandfield, Okla.; N. Y. Blackwell of Crosbyton, and L. K. Johnson and Harry Mason of Vernon. L. K. Johnson is president of the company.

According to the dispatch in the Telegram, a small amount of stock will be issued for business purposes. Porter will write the by-laws of the company and further perfect plans for the application to the Interstate Commerce Commission immediately.

The route of the proposed road at present is through Lubbock, Crosby, Dickens, King, Cottle, Foard and Wilbarger counties in Texas, and Carter, Jefferson, Cotton and Tillman counties in Oklahoma. Two-thirds of the mileage will be in Texas. Some of the towns to be touched by the road are: Wilson, Ardmore, Grandfield and Davidson, Oklahoma, and Vernon, Crowell, Dickens, Crosbyton and Lubbock in Texas. It is said such road would be one of the shortest lines from Lubbock to Dallas and Fort Worth.

The beginning of construction of the road depends upon the action of the Interstate Commerce Commission. The commission will give notice to other roads in this territory of the application of the new road for a permit to build so that each may have a hearing. It is said that little objection is expected because this road is planned to serve new territory.

Porter has been a railroad promoter for 25 years and is said to have financial backing.

During a recent visit to Vernon, State Railroad Commissioner Lon A. Smith stated that he favored the road and unofficially expressed the opinion that the State Commission would favor it.

The Daily Ardmoreite, after pointing out the fact that the line from Ardmore to Ringling and the one from Lubbock to Crosbyton are in line with the proposed road and are operated by the Santa Fe, this being a feature that Mr. Porter thinks will likely cause the Santa Fe to become interested and would likely purchase a line when built, says that there are also other features that might cause the Santa Fe to take hold of the proposition, and the paper further says that Porter promoted the Tulsa branch of the Santa Fe from his home town, Caney, Kansas, to Tulsa, a distance of 85 miles, and it was taken over and operated by the Santa Fe. He also promoted the Pawhuska and Fairfax road in Northern Oklahoma that is now being completed and it will be operated as a Santa Fe road.

Lines built by Porter, says the Ardmoreite, are taken over by the Santa Fe, who says he has an invitation from that road to present what propositions he has for their acceptance or rejection.

In speaking of a road to be interested in the new line, Porter said the Frisco, the Rock Island or the Fort Worth & Denver might be interested and it will be submitted to them.

Porter, who is 71 years of age, is a lawyer and was active in the practice until about 25 years ago when he began to promote railroads. He says he has never mapped out a line and started promotion work that failed and he is firmly of the opinion that the Ardmore, Vernon & Lubbock road will be built. There to that country now and the situation is a vast amount of freight going into it is said to be "fierce."

L. T. Lackey of Spearman was here last week looking after business. Mr. Lackey was bookkeeper at the Farmers Gin last year and expects to be back again this year.

Carnegie, Okla., Clarendon, Texas, (he built their present building), Childress, Texas. Then he entered the service as District Evangelist, and in connection with this work gave Crowell church such service as he could in connection with the care of all the churches in this large district.

"The district work was taken up about the first of the year in 1922." Looked at from the human standpoint, Rev. Huckleberry's removal from our midst by death is a great misfortune to the living, because of what his life meant to his family and to the cause of Christianity, for he was just in the prime of life, but it is not for man to pass judgment on matters of that kind. He was a very useful man, but we must regard his passing as evidence of the fulfillment of his mission and that he is only entering upon that fuller and richer life in store for all who are faithful to the trust imposed in them by the Creator.

Not a single case of a woodpecker lighting on a camper's head had been reported this year. A clown calmed 14 elephants on a rampage with bread and the joke was on the elephants.

## GO TO CHURCH SUNDAY

IS IT A SQUARE DEAL  
 For you to neglect the church when you would not live in a community without the church? If the church is the backbone of any community, the center of all our best life, thought and development; the greatest harbor of peace and public conscience; the soul's school for a character that will live through eternity; and the great strength in membership of more than 50 per cent of all churches—is it a square deal for you to let others do all this for you—and carry your dead weight home?

Can we save our American Sunday?  
 Will you help do it?  
 Then go to church next Sunday.

America has four great institutions namely: The family, the school, the church and the Lord's Day. The church is the guardian of Sunday observance.

God meant it to be a day of religious culture of reason, conscience and a sense of duty toward Him. Daniel Webster said "the republic will not live 100 years without Sunday." Our country has fifteen million children untrained and Christless who do not observe Sunday and are without religious instruction of any kind. Are your children some of these? If so the fault is yours. Friend, if you love your own help the church to save our Sunday with all it means today, tomorrow and forever.

Sunday observers are the best people and the only real Christians. We appeal to you for better citizenship and greater love for God and the church.

Be sure and let neither pleasure-seeking, sleep, work, nor visiting, keep you at home next Sunday. Go to church.

Be like the prophet of old, "I was glad when they said unto me; let us go into the house of the Lord." See that your place is not vacant next Sunday, August 29th.

(This advertisement is prepared and paid for by the Publicity committee of the various Churches of Crowell.)

### NOTICE TO THE PUBLIC

Information has come to my notice that while I was running for the Clerk's office I said one of my opponents had an income from city property and did not need the office. I said this: "That they owned their own home." Any statement different to this is untrue and did not originate with me. I would thank the party or parties responsible for such reports to learn to tell the truth or keep silent. I am not campaigning for either candidate and just desire to correct the falsehood that I am receiving credit for circulating.

Respectfully,

Mrs. Grover Ford and little daughter, Dorothy, and son, Joseph, are visiting the former's parents, Mr. and Mrs. Fulja, at Ponder, in Denton County, this week. Perry Gamble and Grover Ford accompanied Mrs. Ford and children to the train at Vernon Tuesday of last week.

Vernon Pyle and family returned from Sulphur, Okla., last week where they had been on a trip. Mrs. Pyle and children are spending this week in Crowell with Mrs. W. F. Meadors, and Mr. Pyle is with his father who is ill at Vernon.

The J. T. Jonas family visited Mrs. Jonas' sisters at Amherst and Levelland last week returning Sunday.

Mrs. Will Gamble is at the place they lived for several years this week cooking for their hands that are heading maize.

Ray Pyle and family visited D. W. Pyle Monday night in Vernon.

S. I. Shultz and family of Vernon visited Mr. and Mrs. D. M. Shultz Sunday.

### "A Thing of Beauty Is a Joy Forever"

This is one of the beauty spots of the Sesqui-Centennial International Exposition in Philadelphia. The exposition celebrates the 150th anniversary of the signing of the Declaration of Independence. The view shows the tower of one of the main exhibit buildings rearing its head up from among the gorgeous landscape which artists have built around the giant structures which house exhibits from forty-three nations of the world. The Exposition continues until December 1.

**THE FOARD COUNTY NEWS**

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, August 27, 1926

The religious side of a man's life is the most important of all, but observation of present-day religious indifference would indicate that it is regarded as a very unimportant matter. Perhaps morally the world is better than it ever was before, but it could be that and at the same time be indifferent to religion. There is personal benefit in a thousand ways in maintaining a high moral standard, but morality does not include the interests of one's brother, for his sake alone. Men are forgetting each other and are going after the things that they think will bring happiness to themselves here. Human ties are too much of a commercial nature. We find on every hand men who are courteous, polished, kind, and even accommodating, but too often the dollar is the objective. This country needs a religious awakening. It needs to come back to a point where the other fellow's interests are considered more for the benefit it will be to him. If we would outshine our brother it should be not in diamonds and automobiles but in the high and noble virtues.

Nothing is hardly more certain than that Dan Moody will be nominated as the Governor of Texas tomorrow. Jim Ferguson knows this and all Texas knows it, but in order that Moody's majority may be made as large as possible every Moody voter should go to the polls and cast his vote. Let the vote be one that will mean that Texas is forever done with Fergusonism. Let the people of Texas speak in decisive tones tomorrow and when January the first comes Jim Ferguson will be forever eliminated as one to be reckoned with in Texas politics. Don't fail to go to the polls and vote. The whole United States are watching Texas, the big papers and national magazines are making comments on the situation in this State and conditions here have not been such as to make Texas people proud of the estimate placed upon our citizens by outsiders. Tomorrow Texas will have the opportunity of redeeming itself, and that she will certainly do. But let it be done well.

It requires a long time for some things to soak in on us. One of them is that right here in Foard County are as great opportunities for the ordinary person as are to be found in Texas, or anywhere else. This is always borne out by observation and experience. The good country is just over the hill to the one who does not stop to consider. He gives 100 per cent credit to all reports. He makes no allowance for exaggerations. He considers not the probability of over-estimated reports due to circuitous routes. More or less we are all influenced by the enchantments lent by distances, as well as by reports, but we would be more appreciative of what we have at our own door if we would make allowances for the ever-present erring nature of man and consider what we know to be facts. All things considered, it is doubtful if there is a better all round country than Foard County. But some of us will never realize this until we get over the hill and look back.

One of those gas lines fighting for existence at Vernon might drop over to Crowell and find better picking. Then there is a great big country on our west that would welcome the advent of cheaper fuel. It's funny that concerns will scrap around over a little territory when Texas is so wonderfully large and offers many great opportunities for investment.

(Continued from Page 1)

where we had the pleasure of meeting the Governors from the following states: Wyoming, Florida, Arizona, Connecticut, Georgia, Idaho, Illinois, Iowa, Kentucky, Maine, Minnesota, Nebraska, New Hampshire, New Mexico, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, Utah, Vermont, and the Hawaiian Islands and the official representatives from Arkansas, Louisiana and Massachusetts.

All the Governors were presented with "five-gallon hats" to be worn to the rodeo where wild horses were named after each governor, and where only real wild horses were ridden and where only the world's best riders were allowed to enter. The music for the rodeo was furnished by five bands. Some of the contests on the rodeo program were: Cowboy bucking, cowgirl bucking, steer riding, cowgirl trick and fancy riding, relay horse race, Roman standing race, riding wild Brahma steers, cavalry drill, and artillery drill and the firing of canons, war dance by the Sioux Indians from a reservation in South Dakota, and the last was a wild horse race. It was estimated that 65,000 attended the rodeo the first day while Cheyenne is a city of only 17,000.

Our return trip through Nebraska, Eastern Colorado, Western Kansas, Oklahoma and Texas, was uneventful except the rough roads which we encountered in Texas. We made all this trip, about 3,200 miles, with only one puncture.

Mr. and Mrs. R. B. Underwood, and Annie Laurie Smith.

If bootleg liquor killed only 700 people in New York last year, it's going to be a slow process to get rid of all the bootleggers' patrons. The saddest thing about this business of swimming the English Channel is that there is no way to charge admission. The smallest things on earth are atoms and the largest are two automobiles trying to pass at a narrow point in the road.

**A FEW REASONS WHY**

**G. A. Mitchell**

Should Be Elected County Judge

1. He will be a safe man to oversee the finances of the county on account of his varied experiences and broad judgment.
2. He is absolutely fair and well qualified to judge the rights of man. He is fearless in the discharge of his duty and is not prejudiced towards any class or faction and will be governed by none if elected county judge.
3. As to the schools and the part your County Judge will play in regard to them, G. A. Mitchell is not a man who knows all about them, or just how the school should be run. He believes that each school will have teachers who are qualified to teach, (such teachers having had the latest and best training possible as is being administered by our State University and Teachers Colleges), and that it will not be his purpose to "Lord it over them," but will be willing to co-operate in any way to make the schools better, and will do his best to elevate the educational system of Foard County to a higher plane of efficiency. Mr. Mitchell has had much to do with schools in the past, having prepared himself for the teaching profession, and having acted for several years in the capacity of trustee, but at the same time realizes that all things change as time goes on and that nothing has made greater progress than the teaching profession and that teachers who have had the latest training should govern the school.

Mr. Mitchell has been tried as a public servant and the people know him to be efficient, honest and attentive to business. He is a Democrat and always has been.

Think of these things before casting your vote.

# INSURING THE FUTURE

Men often make the mistake, when at the productive age of life, not to insure the future. They fail to lay aside something each week that will form a comfortable "nest egg" when they are not able to earn as much.

If you are at the productive age of life—remember that by starting an account at this bank and adding to it at every opportunity you not alone insure your own happiness, but that of your loved ones in later years.

### SCHOOL NOTES

At this time many are asking about the opening of school and many more are wondering about it, so in order to give some information regarding such I am writing these few words.

School actually begins September 13, but all high school pupils are to register September 2nd and 3rd. The juniors and seniors are to report at any time between 9 a. m. and 4 p. m., September 2, while the freshmen and sophomores are to report at any time between 9 a. m. and 4 p. m., September 3rd.

Below is given a tentative program so that each pupil may have his program planned before he comes to register then the time required for registering will be short.

First Period. Ancient History, Plane Geometry, English IV, Algebra I, English II. Second Period. English History, Modern History, Solid Geometry, Chemistry, Latin I, Third Period. Civics, English I, Algebra II, Spanish I, Fourth Period. English III, Algebra I, High Algebra II, Physics, Latin, III. Period Five. Modern History, Algebra I, Agriculture, Spanish II, Latin II. Period Six. American History, Spanish I, Physiology, English I, Period Seven. Ancient History, Plane Geometry, Biology, English III, and English II.

There will be a library fee this year of fifty cents a semester for all high school students and a laboratory fee of \$1.50 for each one who takes a science course. The library fee will be due September 13, before any books are issued. Please make up your mind just what you want to take before registering so that it will not be necessary to change your course.

All freshmen must take English and Algebra, and any two of the following, except no one will be permitted to take both Latin and Spanish: Ancient History, Physiology, Latin or Spanish. All sophomores must take English and Algebra and two of the following, except no one will be permitted to take both Latin and Spanish: Ancient or Modern History, Biology, Latin or Spanish. Juniors are required to take English and Mathematics and two electives, and seniors are required to take English and American History if not already received credit for same, and two electives. Each one must sign up for four subjects unless good reasons for doing otherwise are given. No one will be permitted to take five subjects unless last year's average indicates capability of successfully doing so.

All unders expecting to attend school this year must start during the first few days or show good cause for not doing so.

Cooperation on the part of parents and pupils to carry out the regulations of the school will surely be appreciated.

### Millions in Pearls

This pagoda, a part of the Japanese exhibit at the Sesqui-Centennial International Exposition in Philadelphia, celebrating the 150th anniversary of the signing of the Declaration of Independence, is made entirely of pearls and its value exceeds \$1,000,000. The exposition continues until December 1.

### SIGNING A PETITION

Not so long ago an instructor in a western state circulated a petition in a high school and it was signed by a majority of the students. When read it revealed that the students had carelessly signed a paper asking to have their left arm cut off.

The young people should not be condemned for that. The inexperience of youth is sufficient excuse, especially when we remember that persons of mature age show as little, if not less judgment on occasion.

Everyone is familiar with the fact that the job of circulating a petition is simple and easy because anyone will sign a petition. Few people will take time or go to the trouble to inform themselves, or if they do, they haven't the backbone to refuse the solicitation of the petition peddler.

Those who sign petitions carelessly and think that benefits derived from taxation are cheap and paid for by the other fellow, are badly mistaken. Increased cost of government is reflected in higher living expenses and a decrease in the surplus of wage earnings.

This is not to be construed as an argument against signing any petition. There are petitions that bear merit because of the things they endeavor to accomplish, but no one

### ON THE SESQUI LAGOONS

Here are Americans, visitors to the Sesqui-Centennial international Exposition in Philadelphia which celebrates the 150th anniversary of the signing of the Declaration of Independence, riding about the lagoons in an Italian craft, a gondola, from which they view the buildings and displays from many lands. In the distance can be seen the mammoth Sesqui Stadium; to the right is the signal tower of the United States Coast Guard building and exhibit, and to the left is one of the Japanese pagodas which dot the exposition grounds. The Grecian pavilion is one of the permanent structures on the site before the city government decided to build the Sesqui at the front door of the Philadelphia Navy Yard. The Exposition continues until December 1.

### You Can Easily Kill and Prevent Bed Bugs

You can't be too careful about these horrid pests. No home is safe unless you take the right precautions. But Bee Brand Insect Powder will keep them out and it's safe and easy to use.

Sprinkle thickly on springs and mattresses, into cracks and crevices. It's a clean powder that can't rust springs or stain fabrics. Better be safe than sorry. Use Bee Brand before bed bugs come.

It also kills Aids, Fleas, Flies, Mosquitoes, Roaches, Water Bugs, Moths, Lice on Fowl, and many other house and garden insects. Get Bee Brand in red sitting top cans at your grocer's or drugist's. Household sizes, 50c and \$1.00. Puffer size, 10c.

**THE STATE OF TEXAS**  
 In the name of the State of Texas and the County of Foard.  
 To the Sheriff or any Constable of Foard County, Greeting:

You are commanded to make publication of this citation and notice, by publishing the same in some newspaper published in said county one time a week for four consecutive weeks previous to the third Monday in September, 1926, the same being the 20th day of September, 1926, the return day hereof; but if there is no newspaper published in said county, then you are commanded to publish the same in a newspaper published in an adjoining county one time a week for four consecutive weeks previous to the same being the 20th day of September, 1926, the return day hereof, to-wit:

In the name of the State of Texas and County of Foard.

To all persons owning or having or claiming any interest in the following described land, delinquent to the State of Texas and County of Foard for taxes, to-wit:

Lots numbers one, two, three and four in block number forty-six, situated in the town of Crowell, Foard County, Texas, which land is delinquent for taxes for the following amounts, as shown by schedule marked Exhibit "A" of plaintiff's original petition which is made a part hereof, and for the years therein stated.

"And you, N. D. Nicks, M. C. Ricks, your heirs and legal representatives being alleged by the affidavit of the attorney for the State of Texas to be a non-resident (or non-residents) of the State of Texas, and you, the unknown owner or unknown owners of the foregoing described lands (the attorney for the State of Texas having affidavit that the owner or owners of said land are unknown to him and after inquiry can not be ascertained), are hereby notified that suit has been brought by the State of Texas for the collection of said taxes in the district court of Foard County, Texas, the petition being filed in said court on the 18th day of August, 1926, in the cause styled The State of Texas vs. N. J. Roberts, J. R. Beverly, N. D. Ricks, M. C. Ricks, and the heirs and legal representatives of the said N. D. Ricks and M. C. Ricks and the unknown owner or unknown owners, defendants, and being numbered on the civil docket of said court as number 1281.

"Now, therefore, you, N. D. Ricks, M. C. Ricks, your heirs and legal representatives being a non-resident (or non-residents) of the State of Texas, and you, the unknown owner or owners of the above described land, are commanded to appear and defend such suit at the September term of the district court of Foard County, in the State of Texas, to be begun and holden at the court house thereof in the City of Crowell, Texas, on the 20th day of September, 1926, and show cause why judgment shall not be rendered condemning said lands (or lots) and ordering the sale and foreclosure thereof for taxes and costs of suit."

The following is a statement of plaintiff's cause of action, viz:

Suit by the State of Texas against N. J. Roberts, J. R. Beverly, N. D. Ricks, M. C. Ricks, and the heirs and legal representatives of the N. D. Ricks, and M. C. Ricks, a non-resident (or non-residents) of the State of Texas, and the unknown owner or unknown owners of the land or lot herein described, defendant (or defendants), for taxes delinquent and unpaid to the State of Texas and county of Foard, shown by schedule of plaintiff's petition, taxes and costs amounting to \$110.66, fees allowed by law amounting to \$38.00, including a penalty amounting to ten per cent of said taxes for the year for which the said taxes are delinquent, together with six per cent interest on said taxes from the first day of January next succeeding the year 1926 for which any taxes are delinquent; and that the said amount of said taxes, penalty, interest, fees and all court costs are delinquent, unpaid and due to the plaintiff, and that the amount thereof is a charge against and a lien on the said land (or lot) in Foard County, Texas, described herein above. Plaintiff prays judgment for the amount of said taxes, penalty, interest, fees and all court costs, and for a foreclosure of the said tax lien against all of said defendants on said land (or lot), to satisfy the amount of said taxes, penalty, interest, fees and all court costs, and for all other general, legal, and equitable relief.

Herein fail not, and have you before said court, on the 20th day of September, 1926, the same being the first day of the next term thereof, this writ and notice, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and seal of said court, this the 19th day of August, 1926.

(Seal) GRACE NORRIS, Clerk,  
 11 Dist. Court, Foard Co., Texas.

**MY LANDSMAN**

By DOUGLAS MALLOCH

I SENT my ships across the sea  
 To find some fortune just for me;  
 Yes, silks and satins I might wear,  
 And jade and jewels for my hair;  
 I sent my ships in search of gold,  
 And ivory, and things of old;  
 And then, when life was nearly past,  
 My ships came sailing home at last,  
 With empty hold.

Ah, now you think that long I wept,  
 When not a ship with which I swept  
 The seas of hope came sailing home  
 From islands far across the foam  
 With silks and satins I might wear,  
 And jade and jewels for my hair?  
 And yet, although for gold I yearned,  
 When empty all my ships returned,  
 I did not care.

For, while my ships were sailing far,  
 I met a man—for men there are  
 Upon the land as well as sea;  
 And not a salty sailor he,  
 But just a landsman here at home,  
 Who never sailed across the foam,  
 Who never any islands sought,  
 Nor jade nor jewels ever brought,  
 Nor cared to roam.

And yet my landsman, strange to say,  
 Although he never sailed away,  
 Yes, just a landsman at a desk,  
 Unsung, perhaps unpicturesque,  
 Has brought my heart a better shore  
 Than any ship from any shore  
 Could ever bring—has brought me  
 This:

His arms around me, and his kiss,  
 Forevermore.

Oh, maidens, you who maybe sigh  
 For golden ships as well as I,  
 A ship's a most uncertain thing;  
 Perhaps the fellow who will bring  
 You love and laughter and delight  
 And gems and jade forever bright  
 Is just a fellow full of fun,  
 Is just some fellow like the one  
 Who calls tonight.

**THE WHY OF SUPERSTITIONS**

By H. IRVING KING

**WASHING TOGETHER**

IF TWO persons wash their hands at the same time it is a sign that they will be friends forever. Or, as they say, "Wash and wipe together; live in peace forever." When Henry VIII wished to show to his courtiers the friendly terms upon which he and Cardinal Wolsey stood, he caused the cardinal to wash his hands with him in the golden basin which was presented his majesty for purposes of ablation after dinner. Seeing the king and his great chancellor washing their hands at the same time in the same basin convinced the courtiers that the rumor of their falling out was all "hosh," and that the king and cardinal would be friends forever.

The charm did not work in the case of Henry and Wolsey, but the ceremony spoken of was a very ancient one, indicating a lasting friendship between kings and those whom they honored, or with whom they were binding a treaty. The intimacy of the act and the ostentatious manner in which it was frequently performed doubtless had a great deal to do with impressing upon the populace its significance of lasting friendship and in making it the immediate ancestor of the popular superstition of today.

But back of that lies the mystic qualities attributed to water by primitive man as an ultimate source of the generation of life, and the veneration in which the hand was held as a distinctive mark of man's superiority over the brute and as the agent of his intellectual processes. Two men washing their hands together in the same water generated a similarity of life in thought and action which produced a lasting friendship.

Pacific Coast, Gulf of Mexico, New England, and Lake Michigan! Six of the country's foremost cooking experts have just completed a rigorous test of the Perfection Stove.

THEY used every method of cooking from frying to baking, and were enthusiastic about the Perfection. Read what they say.

"Whether I broiled steak or French-fried potatoes, the results were fine," says Mrs. Rorer, famous Philadelphia cooking teacher.

**Crisp Waffles**

"My waffles were light and beautifully brown," says Miss Allen, director of The Boston School of Cookery. "They cooked on a hot flame, with yellow tips 1 1/2 inches high above the blue area."

"I found the Perfection so dependable," reports Mrs. DeGraff, home economics counsellor. "I left a roast lamb in the oven for hours. The flame never wavered."

**No Scouring Needed**

"Eggs a la King and broiled tomatoes are delicious enough in themselves," affirms Miss Hall, nutrition expert, "but twice as delicious to the cook whose kettle bottoms need no scouring. Perfection's long chimneys burn every drop of oil before the heat reaches the cooking. No soot or odor."

"Using a Perfection is like cooking with gas," remarks Mrs. Vaughn, domestic science expert, Los Angeles Express. And Miss Rosa Michaelis is of the same opinion.

**Tested Cooking Ability**

**Oils Used in Flavoring**

For many years the United States has been the greatest producer of peppermint and spearmint oils, and from present indications bids fair to maintain the lead. Japan, Russia, Germany and England are also considerable producers, the last two countries turning out oils of the highest commercial quality. No accurate statistics of the world's output of these commodities appear to be available, but it is the impression among those best informed that the annual production of oil exceeds 600,000 pounds, of which the United States contributes about 250,000 pounds.

**South American Art**

Quito, the capital of Ecuador, the second highest townsite in the world (9,000 feet above sea level) is regarded as the cradle of South American art. Franciscan monks took workmen thither, and one of the most beautiful of buildings is the San Francis church at Quito. It took 100 years to erect, after its construction had begun in 1535. Much of its internal work is designed in the Moorish style, while parts of the building favor Indo-Chinese, mingled with Roman and Gothic examples of decorative taste.

**HOME OWNERSHIP**

Ever since the advent of the automobile the humorists in the newspapers and periodicals have been coming out with jokes about how the people who have homes do not stay in them any more. And the great boom in apartment houses in the largest cities has added to the belief that the individual home is becoming passe.

Doubtless this condition has been exaggerated, but if it is true that the people as a whole do not care so much about their homes as they used to, there is more reason than ever to encourage the "own your own home movement." Every enterprising city likes to pride itself on the fact that it is a city of homeowners, whether it really does enjoy that distinction or not. And there is a reason for this.

As a general thing the home-owner is a pretty good citizen. And he is more apt to stay in his home than the fellow who only rents parking space in an apartment. This is not saying that the apartment is undesirable. It doubtless fills a necessary place in our city life, but the

individual home is still the ideal to be strived for.

The home owner is not apt to become a bolshevist. He feels that he has a little property right in his own city and country, and if he is ambitious, as most home owners are, he wants to increase that property right. He is a taxpayer. He is interested in the improvements in his home city and is very apt to be a very useful citizen in general. Of course the man who rents may be just as good and useful a citizen as the man who owns his home, but this is not gainsaying the fact that the home owner has it on the renter in more ways than one.

A city or town therefore cannot do itself or its citizenry any greater good than in encouraging in every way it can the "own your own home movement." It will not do to say that people do not stay in their homes after they have acquired one, because this is not true. The latest inventions of science, including the radio, to say nothing of the electrical conveniences of which every housewife knows the value, have checked the "away from home" movement, and it is quite possible

that there will be a general movement in the other direction, namely—back home.

Why not do what we can therefore, through our banks and our civic organizations, to encourage this home ownership idea? Some would-be home owners are deterred by lack of proper financing, a condition which can usually be remedied. And there are others who are waiting for the cost of building material and labor to come down. But we are not going back to the pre-war standard of prices very soon, and building costs are more apt to go up than to come down. Therefore the time to begin to own your own home is now. And the enterprising city and town will see that this idea is encouraged in every legitimate way.

## U. S. IS GAINING IN WORLD TRADE

Increase Is Shown Since Pre-War Days.

Washington.—A striking picture of the foreign, commercial and financial transactions of the United States during 1925 is given in the fourth annual international trade balance statement made public by the Department of Commerce.

In a foreword to the statement, which takes into account the huge visible and so-called "invisible" or less tangible items of trade, Secretary Hoover pointed to the increase in total international transactions from around \$6,000,000,000 in 1924 to nearly \$6,800,000,000 last year as "showing very strikingly the enormously increasing importance of our foreign commercial and financial relations."

The figure was a gain of approximately \$1,100,000,000 over the 1923 total and nearly \$5,000,000,000 more than the annual prewar average.

"Increasing economic stability in foreign countries," the secretary said, "was reflected by a net import of fully one-fourth of the estimated amount of American currency held abroad and by the fact that the movement of foreigners' bank deposits in this country declined for the first time since 1921."

"During the year the United States further strengthened its international investment position. Our total foreign holdings now amount to about \$10,400,000,000, having increased by more than \$1,200,000,000 during the year. Our total return from foreign investments are now greater than at any time in our history."

In the absence of complete and accurate figures which, it was said, would show total exports and imports, both visible and invisible, to be equal, the statement, allowing for "errors and omissions," estimated the final residual balance last year at \$64,000,000 against the United States. The same balance in 1924 was \$74,000,000 in this country's favor.

Although the excess of exports in merchandise dropped \$304,000,000 from the 1924 figure and a marked increase of \$125,000,000 in imports of new foreign securities was shown over that year, these were balanced by equivalent credit changes.

## THE STATE OF TEXAS

In the name of the State of Texas and County of Foard.

To the Sheriff or any Constable of Foard County, Greeting:

You are commanded to make publication of this citation and notice, by publishing the same in some newspaper published in said county one time a week for four consecutive weeks previous to the third Monday in September, 1926, the same being the 20th day of September, 1926, the return day hereof; but if there is no newspaper published in said county, then you are commanded to publish the same in a newspaper published in an adjoining county one time a week for four consecutive weeks previous to the 3rd Monday in September, 1926, the same being the 20th day of September, 1926, the return day hereof, to-wit:

In the name of the State of Texas and County of Foard.

"To all persons owning or having or claiming any interest in the following described land, delinquent to the State of Texas and County of Foard for taxes, to-wit:

Lot number 16, in Block Number 34, in the original town of Crowell, Foard County, Texas, which land is delinquent for taxes for the following amounts: \$2.05 for State taxes for the year 1913, 1914, 1916, 1918, 1919, 1920 and 1922, and \$2.87 for county taxes for said years, and school taxes for said years, \$2.29

And you, J. R. Truelove, your heirs and legal representatives being alleged by the affidavit of the attorney for the State of Texas to be a non-resident (or non-residents) of the State of Texas, and you, the unknown owner or unknown owners of the foregoing described lands (the attorney for the State of Texas having made affidavit that the owner or owners of said land are unknown to him and after inquiry can not be ascertained), are hereby notified that suit has been brought by the State of Texas for the collection of said taxes in the District Court of Foard County, Texas, the petition being filed in said court on the 17th day of August, 1926, in the cause styled The State of Texas vs. J. R. Beverly, J. R. Truelove, his heirs and legal representatives and the unknown owner or unknown owners, defendants, and being numbered on the Civil Docket of said court as number 1280.

"Now, therefore, you, J. R. Truelove, your heirs and legal representatives being a non-resident (or non-residents) of the State of Texas, and you, the unknown owner or owners of the above described land, are commanded to appear and defend such suit at the September term of the District Court of Foard County, in the State of Texas, to be begun and holden at the court house thereof in the city of Crowell, Texas, on the 20th day of September, 1926, and show why judgment shall not be rendered condemning said lands (or lots), and ordering the sale and foreclosure thereof for taxes and cost of suit."

The following is a statement of Plaintiff's cause of action, viz:

Suit by the State of Texas against J. R. Beverly, J. R. Truelove, his heirs and legal representatives, a non-resident (or non-residents) of the State of Texas, and the Unknown Owner or Unknown Owners of the land or lot herein above described. Defendant (or Defendants), for taxes delinquent and unpaid to the State of Texas and County of Foard, for the years 1913, 1914, 1916, 1918, 1919, 1920, 1922, \$2.05, county taxes amounting to \$2.87, fees allowed by law amounting to \$19.46, including a penalty amounting to ten per cent of said taxes for the said year for which the said taxes are delinquent, together with six per cent interest on said taxes from the first day of January next succeeding the year 1926 for which any taxes are delinquent; and that the said amount of said taxes, penalty, interest, fees and all court costs are delinquent, unpaid and due to the Plaintiff, and that the amount thereof is a charge against and a lien on the said land (or lot) in Foard County, Texas, described herein above. Plaintiff prays judgment for the amount of said taxes, penalty, interest, fees and all court costs, and for a foreclosure of the said tax lien against all of said defendants on said land (or lot), to satisfy the amount of said taxes, penalty, interest, fees and all court costs, and for all other general, legal, and equitable relief.

Herein fail not, and have you before said court, on the 20th day of September, 1926, the same being the first day of the next term thereof, this writ and notice, with you return thereon endorsed, showing how you have executed the same.

Given under my hand and seal of said court, this 17th day of August, 1926.  
(Seal) GRACE NORRIS, Clerk,  
11 District Court, Foard Co., Texas.

### Race War Encouraged

A race war is raging in California and state authorities, far from trying to pacify the combatants, are adding to the slaughter by endeavoring to poison them all—namely, dark-brown Argentine ants and their redskin opponents, the fire ants. Fifteen years ago entomologists predicted the energetic Argentine ant eventually would crowd out all other breeds and become sole survivors of the ant race in California. Late bulletins from the front indicate that while the prophecy has not fully come to pass, the South American Insect has most of his rivals on the run.

## Botanists Are Unable to Classify Shamrock

The shamrock, popularly accepted as the national emblem of Ireland, and worn the world over on St. Patrick's day, will probably always remain a mystery and a puzzle to botanists. It cannot properly be called Ireland's national flower, because only the leaf is used as the symbol, and it is not certain which of several flowers the leaf belongs to.

The commonest statement is that the shamrock is identical with ordinary white clover, but that it grows more luxuriantly in Ireland because of the moist and equable climate of the island and its generally favorable soil. Another claim is made in favor of a yellow-flowered clover known outside of Ireland as the "nonesuch." A third plant that bears the old Irish name of "seamrog" is the wood sorrel or oxalis. This species is more nearly related to the violets than it is to the clover, but its leaves, like those of the clovers, are three-parted. At least one of the medieval Irish herbals, or books of medicinal plants, ascribes great curative virtues to the plant, which, unfortunately, are quite imaginary.

The shamrock is not the only plant famous in antiquity whose modern classification is in doubt. Ancient and medieval botanists identified their plants and reckoned their relationships largely by means of their leaves, so that to the learned men of old times in Ireland any tri-lobate plant was a "seamrog" or shamrock. Modern botany broke up this ancient classification by arranging plants according to their leaves, so that now we have several clover "shamrocks" and at least one oxalis "shamrock." Just which of these it was whose leaf St. Patrick plucked in his famous theological dispute will probably never be known.

## THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to

summon J. H. McDermott, his heirs and legal representatives, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be holden at the Court House thereof, in Crowell, on the 3rd Monday in September, A. D. 1926, the same being the 20th day of September A. D. 1926, then and there to answer a petition filed in said court on the 16th day of August, A. D. 1926, in a suit, numbered on the docket of said court No. 1279, wherein J. W. Klepper is plaintiff, and J. H. McDermott, his heirs and legal representatives, defendants, and a brief statement of plaintiff's cause of action, being as follows:

That on or about the 1st day of August, A. D. 1926, he was lawfully seized and possessed of the following described land and premises, situated in the City of Crowell, Foard County, Texas, holding and claiming the same in fee simple, to-wit: All of lots numbers thirteen (13), fourteen (14), fifteen (15), sixteen (16), seventeen (17), and eighteen (18), in block number one hundred four (104), situated in the original town of Crowell.

Plaintiff further alleges that he and those under whom he claims title has had and held peaceable, continuous and adverse possession under title from the State of Texas, of the lands and tenements above described, for more than three years after defendants' cause of action accrued, and before the filing of this suit, and this he is ready to verify.

Plaintiff further alleges that he and those whom he claims title to the lands and tenement above described has held said lands and tenements by deed duly registered, had peaceable, continuous and adverse possession of said lands and tenements, using and enjoying the same, and paying all taxes due thereon for a period of more than five years, after defendants' cause of action accrued, and before the commencement of this suit, and this plaintiff is ready to verify.

Plaintiff further represents to the court that he and those whose estate he has claiming the same under deeds, duly registered has had peaceable, continuous and adverse possession of the lands and tenements described herein, using and enjoying the same, and paying all taxes due thereon, for a period of more than ten years after defendants' cause of action accrued and before the commencement of this suit; that the lands sued for herein is less than 160 acres.

That on or about the 1st day of August, A. D. 1926, the defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withheld from him the possession thereof to his damage in the sum of one thousand dollars.

Wherefore plaintiff prays judgment of the court that the defendants be cited by publication to appear and answer in this behalf, and that plaintiff have judgment for the title and possession of said above described land and premises, and that writ of restitution issue, for costs of suit, and for such other and further relief, special and general in law and in equity, that he may be justly entitled to.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this 17th day of August, A. D. 1926.  
(Seal) GRACE NORRIS, Clerk,  
11 Dist. Court, Foard Co., Texas.

## The Philadelphia of Our Ancestors

Here is shown a section of "High Street," a reproduction of Philadelphia's famous Market street in the days of 1776. It is one of the outstanding features of the Sesqui-Centennial International Exposition now being held in Philadelphia to commemorate the 150th anniversary of the signing of the Declaration of Independence. Every building has been built to actual size and in actual architectural detail. The furnishings of each building are exact reproductions of those used in the Revolutionary days. Many of the pieces on display are the originals and today are worth thousands of dollars because of their historic value. The Exposition continues until December 1.

## THE STORMING OF THE GATES

This picture is typical of many such scenes enacted daily at the gates of the Sesqui-Centennial International Exposition in Philadelphia when the 150th anniversary of the signing of the Declaration of Independence is being celebrated. The "shot" was made from outside the gates and shows a long sweep of historic Broad street, the main artery of the exposition. To the left can be seen one of the capitol's of the Palace of Liberal Arts and Manufactures which covers nearly eight acres of grounds and which houses some of the finest exhibits ever seen. The Exposition will continue until December 1.

### WOMEN IN OFFICE

A recent survey of the number of positions which women occupy as town, county, state and federal officeholders, has some elements of astonishment for those who do not keep their eyes on other sections of the country. We have now more than 11,200 postmistresses, and women serve as superintendents of schools in eight commonwealths. In Montana 50 to 56 county superintendents of schools are women, in Colorado 52 of the 63, in Idaho 36 of the 31, in Wisconsin 29 of the 71, in Wyoming 19 of the 23, in Washington 21 of the 36, in North Dakota 64 percent, in Oregon 41 percent, in New Mexico 58 percent, in Minnesota 50 percent. The women are strong, too. In Utah, Iowa, Ohio and Indiana, the percentages of county recorder offices filled by women are respectively 80, 56 and 25, the figures for Ohio and Indiana being about the same.

Two of our 48 states have elected women governors. Mrs. Ross in Wyoming and Mrs. Ferguson in Texas,

each a beneficiary of a preceding husband. Half a dozen women have been secretaries of state. Ohio has a supreme court judge. We have had women mayors recently in seven states.

### KEEPING FAITH

Some two thousand years ago, it is recounted, a Roman playwright said, "He's not to be commended who trusts another any further than he sees." That may have been good advice in those days—we can't say whether it was or was not—but if it were the rule of the business and social life of this country today, we would all be headed for the bow wows. Imagine what would be the result if, when someone handed you a check in payment for something, that you demanded to see his bank account. Let us suppose that he showed you his bank account, what would it mean if you did not trust him?

You would insist that the person giving you the check should take

you to the bank. But would you trust the banker. Not if you were guided by the teachings of two thousand years ago. You would probably ask the banker to show you the money this person had in the bank. The banker likely would exhibit some gold or silver certificates.

But what do they mean? They are valueless unless they are backed up by the required amount of gold and silver in the United States treasury. It would be out of reason to ask the banker to take you to Washington to see the metal coins that stood back of the paper money.

So you would be in a blind alley, as it were, up against a brick wall. As a matter of fact none of us can be guided by this sort of teaching. We must have faith in our associates, our friends, our neighbors, our townspeople, our merchants and our public officials. Our whole manner of living is based on faith. If it were not for confidence that men repose in one another, our social and business structure would be on a flimsy foundation.

So, when your faith in someone is shaken, just recall how much depends upon the faith and confidence of people in one another. Where it is violated once, it is kept thousands of times. Without it we would all be lost.

### IT'S WORK THAT COUNTS

There is an adage that "There is luck in leisure," but there is no truth in that adage and there is as little truth in the preaching of many failures that "work and merit don't mean anything anymore, the lucky man will win anyway."

Of course there have been battles won by luck in which the better man lost, but they are the proverbial exceptions which prove the rule and are so outnumbered by incidents the reverse as to be unworthy of notice. Luck-won successes are accidents. Work-won successes are incidents. Accidents always attract more attention than incidents for the same reason that normal human beings, which are incidents, pay money to see freaks of nature, which are accidents. To depend on luck is to play blind man's bluff among the laws of nature and of man.

These laws, when studied carefully, seem to prove that in the long run the best man wins the best place, and personal merit does succeed. Evidences to the contrary are merely the flips of chance.

Luck smiles on those who take off their coats, put their shoulders to wheel and plug away at the task. Fortune favors men who are not afraid of dreary, irksome drudgery. Luck climbs no Everest. Luck transmutes no cataract into electricity. Luck is never a ladder from the earth of mediocrity to the heaven of achievement.

Thought transmission is something that never penetrates the head of a reckless automobile driver.

Everything was placed here for some good. Flies keep lots of people from just sitting around doing nothing.

The mechanical hen may be all right for hatching chicks, but biddie will have to keep on laying the eggs.

The executive is the man who sees that it is done but never does it.

### A PARTY

Mr. and Mrs. George Self were host and hostess to a group of young people last Thursday night, entertaining with a lawn party. The beautiful lawn was well lighted by hanging Japanese lanterns. Bunco and clever contests furnished entertainment for the afternoon. Little Miss Evelyn Sloan, a very helpful little Miss, stayed at the graphophone and so the night was filled with music, and the cares that invested the day, folded their tents like Arabs and quickly moved away. After an enjoyable social hour a dainty ice course was served to the following: Misses Lottie Russell, Lucile Kinsey, Frances and Rachel Stewart, Opal Barry, Mary M. Bell, Jessie Ricks, Carrie M. Allee, Dorothy Smith, Louise Thomas, Catherine Foster, Catherine Clark, Hazel Dykes, Marion Cooper, Mildred Cogdell, Ila Lovelady, Ella Patton, Everett Saunders and Mrs. Self; Messrs. G. F. Lanier, Edward Huffman, Teddy and Raymond Burrow, Joe Roberts, Vance Swaim, Clyde Hollingsworth, Charlie Ashford, Roy Sloan and Mr. Self.—Contributed.

### CHRISTIAN CHURCH NOTES

The meeting now in progress at the Christian church is being attended by good sized audiences and the interest is fine. Bro. H. H. Neely of Quanah is doing some good preaching and is receiving good attention. There have been seven additions to the church and more are expected.

Next Sunday will be special rally and get together day. At the 11 a. m. service Bro. C. V. Allen will be ordained to the ministry.

We are earnestly asking every member of the church to make a special effort to be there Sunday, the 29th inst, at both services. The attendance at both Bible school and church services will be counted for publication. Be sure to come. Let nothing keep you away. The meeting will close with next Sunday's services. We also thank our religious neighbors and brother ministers for their co-operation.

A. R. CAUDLE, Pastor.

### BRIDGE PARTY

A very pretty evening bridge was given Friday by Mesdames B. D. Miller and J. C. Brian at the home of the former.

Five tables were arranged for the games in which Mrs. Harold Cotner won the ladies prize, a perfume bottle, while a shaving set was awarded Mr. Faye Beidleman.

A short business session was held in which the Evening Bridge Club was organized for the season, to meet every third Friday of the month. Officers for the ensuing year were elected as follows: Mrs. B. D. Miller, president, Miss Ida Browne, secretary and reporter.

A light lunch was served to Mesdames Bernice Long, Esther McCoy, Gertrude Moore, Ida Browne, Messrs. and Mmes. J. P. Fields, Faye Beidleman, Russell Beverly and Evans Mitchell, and Mrs. Odom, Mrs. M. O'Connell, John Wishon and Howard Bursey. Out-of-town guests were Mrs. Harold Cotner of Hollis, Okla., and Eudell Legge of Quanah.—Reporter.

# Attention--Voters!

On August 28th, you are going to employ an attorney to represent the State in the trial of criminal cases. This is the most important office in the District. You should select with care your District Attorney. He should be a man that has had actual experience in the trial of cases, because experience is the greatest teacher. No person should ask a people to vote for him because he is a resident of any particular county of the district unless he is qualified.

I have had TEN years experience in the trial of cases in the District Court of this district.

I have served as County Judge of Hardeman County for 7 years.

I ask you in all fairness would you employ an attorney to represent you in the trial of a criminal case of the grade of felony, that had never tried a case of any kind in any court of the State. Your answer would be, "I would not."

Then why not apply the same rule in the selection of the District Attorney? BE as fair with the State as you would yourself.

Consider the two of us that are asking your support and then decide which one of us you would employ to represent you in the trial of a case. Then vote for that man for District Attorney.

I believe in the enforcement of the law, and promise if elected, with your help to enforce the laws of the land.

I am not under obligations to any person or persons and if elected will be free to render service to you without the dictation of an yon.

## D. W. PYLE DIES AT HOME OF SON IN VERNON

The very sad news came Wednesday afternoon that D. W. Pyle had just died at the home of his son, Leonard, at Vernon.

The news was not unexpected, for it was known that Mr. Pyle was in a critical condition and was not expected to survive.

Mr. Pyle was in the race for Tax Assessor and was the high man in the first primary, and soon after it was over he undertook a campaign in the interest of his candidacy but found his condition to be such as that at least a rest was necessary and he hoped to be in position to continue the campaign later but his health became worse until the end.

Mr. Pyle was 61 years of age on August 6th, and had been a resident of this county for a number of years. He was a good man and one of the most respected citizens of this county.

The funeral services were held at the Christian church yesterday afternoon at 3 o'clock after which the remains were interred in the Crowell cemetery. He is survived by his wife and several children.

### TWO-YEAR OLD BABY STRUCK BY AUTOMOBILE

The 2-year old baby of Mr. and Mrs. Joe Allen was struck by a moving automobile, driven by Miss Evelyn Harris, Wednesday afternoon and for a time it was thought the child was dangerously hurt, but yesterday morning it appeared much better, and while the bruises were painful, it is thought the child is not seriously injured.

The accident is said to have been unavoidable, as the child was near the street when the car approached and seemed to dart in front of the car before the driver could stop. The car did not pass over the child's body.

Millard Phillips and family are here from Littlefield visiting. Mr. Phillips was a resident of this county for several years before moving to Littlefield a few years ago. He is pleased with that country and is making good farming. He subscribed for the News while he was here.

### HERE FROM BROWNSVILLE

Mr. and Mrs. T. J. Foreman are here from Brownsville visiting their daughter, Mrs. A. T. Schooley, and friends. They have been touring Texas for a change. They moved from Oklahoma a few years ago to Brownsville and the move was very beneficial to Mrs. Foreman's health, she having been effected with rheumatism, but for the last few months there has been a slight return of the disease and they thought a tour of the country would be beneficial. Mr. Foreman plans to move to Corpus Christi for a better sea breeze location.

He thinks well of the Brownsville country and says cotton has already been gathered. Mr. Foreman brought a sample of his grape fruit, grown on a two-year old tree.
