Remains of P. S. Lovelady Buried Here Last Sunday

The body of P. S. Lovelady was placed in the Crowell cemetery here Sunday afternoon after funeral services were held at the Methodist church at 3 o'clock.

Mr. Lovelady's death occurred at a sanitarium at McKinney on Friday, March 25, and the body was prepared for shipment to Crowell and arrived Sunday morning.

He had been at the sanitarium at McKinney, an institution that makes a specialty of cancer treatment, for five weeks prior to his death.

Mr. Lovelady was born in Eastland, Eastland County, Texas, December 18, 1880, and moved with his parents to Haskell county in 1897. He was married to Miss Pearl Leflet October 7, 1900, to which union were born nine children, 8 of whom survive, two daughters and six boys.

In the year 1901 Mr. and Mrs. Lovelady moved to Lubbock County and lived in that portion of the State until the year 1919, when they moved to Foard County, locating in Crowell, where the home has been made since.

The deceased is survived by his wife and the following named children: Horace, Vernon; Wesley, Richard, Price, Berl, Lawrence, Ila and Wilma Jo, all of Crowell. The deceased member of the family is little Anna Lou. He is also survived by two brothers who reside in California and one sister, Mrs. Laclaire, of Haskell. Both brothers were here when Mr. Lovelady was taken to McKinney for treatment but could not come to be at his funeral. All the children and the sister, Mrs. Laclaire were here.

Mr. Lovelady was conscious until the last and stated that he was prepared to go, his only regrets being that he must leave his family. He selected the songs to be sung at the funeral and also his pall bearers, who were Alton Andrews, Allen Sanders, Otis Nicholson, Grady Magee, Doyle Kenner and Jesse Owens.

The deceased was comparatively a young man, being only 47 years of age, and his death is a source of sorrow to the community. The bereaved family have the sympathy of every one in their unspeakable grief.

Boy Gets Arm Fractured When Ford Kicks Him

Milton Calloway, oldest son of Mr. and Mrs. Claude Calloway, is carrying his right arm in a sling as the result of a fracture Monday morning, caused by a kicking Ford.

This is the second time Milton has had the same arm fractured, the first time, however, it was not a Ford but a horse that threw him. He has also had an ankle fractured.

FROM TEXON

A personal letter from Edgar Kinsey of Texon this week contains some news that will be interesting to the public and we are taking the liberty to use some of it.

He says he is acting post master and that business in the post office has been fine and that it is expected to continue that way for some time.

Visitors to Texon last week, who are known at Crowell were Hub Speck, wife and son, who had been in business at McCamey. They were on their way to Lamesa.

Mr. McGonigle, operator at Texon, and who was formerly operator at Crowell, received a message a short time ago that his father had died at his home at Renfro, Okla., and Mack and his brother, Frank, left for that place.

Crowell people seen on their way to and from the Cattlemen's Convention at El Paso, were J. W. Bell and Glen Offield.

Lewis Sloan is playing baseball with the Big Lake Baseball Club and Sloan is making a hit with everybody as a fine player. People in that section of the country are very much interested in sports.

Foard Co. Made Over 24,000 Bales for This Season

When all the cotton in the county shall have been ginned, the estimate of 25,000 bales for the season will not be very much over the actual figures. The fact of the business is that we had more than 25,000 bales in the field but much of it never gathered, as was the case all over the country.

The ginners report up to March 21, shows that we had ginned 24,205 bales. At the same date last year we had ginned 17,895 bales. In other words, we have already ginned 6,310 bales more than we had ginned at the same time last year.

Other counties in this section of the state show the following comparisons:

	1926	1925
Cattle	45,255	29,552
Hardeman	49,587	33,471
Knox	44,995	38,637
Wilbarger	59,960	49,978

Ex-Confederates Convene at Tampa From April 5 to 7

On Saturday, April 2nd, according to information given the News, Ex-Confederates of Wilbarger and Foard will have the opportunity of boarding the train for Tampa, Fla., where the annual convention is to be held on April 5, 6, 7. Arrangements were made some weeks ago for reduced fares and stay-over privileges.

The number of Ex-Confederate soldiers in Foard County has been reduced until there are only 5 at the present time. These are W. A. Wheeler, James Ashford, P. L. Gibson, R. P. Womack and M. Bond.

J. G. Ford Plants Crop of Potatoes

J. G. Ford says those fellows in the eastern part of the county do not have anything on him in the potato venture, since he is having five acres planted on his farm north of town, three to sweet potatoes and two to Irish. He has already planted the Irish potatoes.

When we mentioned the fact that several farmers in the eastern portion of the county were planting sweet potatoes we had not learned that Mr. Ford was going into the business. Possibly there are others whose names we do not have.

All this shows a tendency to diversification, which is a fine thing for any farming country.

To Expend Big Sums For New Highways

Washington, March 27 (AP).—More than \$1,120,000,000 will be spent this year by States and subdivisions on highway construction, maintenance and bridge building, reports to the Bureau of Public Roads indicate. The State highway programs call for construction of 26,841 miles of road, maintenance of 239,847 miles and construction of a number of large bridges, the States expending \$648,483,000 and counties and lesser subdivisions \$475,000,000.

New State highway construction contemplated this year, as estimated, includes: Louisiana 500 miles, Oklahoma 850, Texas 1,800 and Arkansas 580.

FORMER CROWELL GIRL WEDS

Mr. Barney Riley and Miss Nathalie Bernice Dickerson were married Wednesday, March 3rd, at the Methodist parsonage in Quannah, Rev. D. W. Dodson, officiating. Immediately after the ceremony the couple left for Amarillo for a short honeymoon.

Mr. Riley is an employee of the Q. A. & P. R. R. and has won the esteem of the people of Quannah by his upright life. Miss Dickerson was reared in Crowell and is a young lady of a beautiful character. Their many friends in Crowell join in congratulations.

Gordon Gafford, wife and child and his sister, Jim Lois, and Lee Thomas all came over from Clovis Sunday for a visit with relatives and friends.

Only Three Votes Saturday Against Consolidation

According to the vote cast in Saturday's consolidation election, No. 17, Jameson and Crowell are heartily in favor of consolidation.

The vote was solid for consolidation in No. 17 and stood 8 to 0, while in Jameson there were 14 for and 3 against, and in Crowell there were 63 for and 0 against. The total vote was 84, 81 for and 3 against.

This is as good as could have been asked. It is so nearly unanimous that it can hardly be counted otherwise. It is a fine indication of the co-operative spirit and means that practically everybody is back of the school and will help to make it all that it should be.

While there is a lot of preliminary work to do to get things ready for actual building to begin, every effort will be made to get started in time to have the building ready for the next term of school. And we believe that can be done. Everybody realizes that we need a good building and will do what he can to achieve that end.

Stop Signals Have Been Established Here

The stop signals installed at the intersection of Main and Commerce and Main and California streets Tuesday will mean greater safety to drivers, as well as to pedestrians.

It is said that not less than a thousand dollars has been expended for repairs in the garages made necessary by accidents that have happened at the intersection of Main and Commerce.

If this regulation is enforced, and we are confident that it will be, it will be the means of avoiding many accidents in the future. The number of automobiles is increasing all the while and that means more traffic and consequently greater probability of accidents. This is a fine move on the part of the city.

The next good thing that the city will do will be to force hogs to get out of the way of traffic. Lots of times one drives in behind one of these going at the rate of 3 miles an hour and is forced to wait until he glides lazily away so that traffic can assume normal speed. This is not very frequent, and yet it does occur, and one wonders why a stock law has not been passed since the advent of the automobile.

LOTS OF EGGS

To give our readers some idea of the egg trade in Crowell we are giving this item, one grocery store in town bought 25 cases Saturday, or 750 dozen. All these were delivered at Crowell except three or four cases. The quantity represented \$127.50 at the price that was paid on that day.

Lots of eggs were bought at all the other grocery stores in town but we have not exact count of them.

The point we want to make is that if the farmers can have something to bring to town every Saturday, or even every day, though the amount may seem small, the aggregate is far beyond one's expectations, and they go a long way towards paying the grocery bills. There are more eggs being produced in Foard County now than ever before, and if there were any way to keep tab on this, at the end of the year their contribution to the family budget would be amazing. If a market can be found for these, as in all probability it can be, eggs will prove to be a splendid source of revenue throughout the summer months. Now, if we only were producing infertile eggs for the market, we might get several cents more per dozen for them.

Oil News

In addition to what the larger oil companies have leased during the last few months, J. M. McCluney of St. Louis and his associates have leased 12,000 acres of land in Foard and Knox counties.

A few days ago tools and fixtures passed through Crowell going to clean out the gas well. It is reported that when this work is done the gas flow will be greatly increased.

Baptist Revival to Start at Foard City Friday, April 1st

Baptist revival begins at Foard City Friday night, April 1st, with Rev. C. Ross Payne of Vernon preaching. Rev. Payne has been in evangelistic and educational work for several years, and is an old time gospel preacher adjusting his messages to fit the needs of the present time. If you expect to love and indulge in sin you need not expect to be comfortable under his preaching. Sin is as sinful in the church as out of it. The church needs the gospel as well as the world. Sin is as sinful in the country as in the city. The word of God is magnified, the Holy spirit is honored, Jesus Christ is preached as the only Savior from sin. Foard City Baptist church invites friends and neighbors to enjoy messages and get under the burden of Kingdom building with them. Beginning Friday night before first Sunday in April. Get in your car and come.—Contributed.

Have Killed Many Coyotes with Poison

A large amount of poison bate has been put out in the Halsell ranch for the purpose of killing coyotes and other predatory animals and according to a report given by B. J. Glover, who has been over a small portion of the 40,000 acre pasture since, the effort to destroy those animals has been very effective. Mr. Glover says he has been over only a small portion of the ranch and he has counted 20 dead coyotes and skunks without number. The results have been surprising.

Foard City Bonds Carried Saturday

The bond election held at Foard City Saturday for the building of an addition to the school house amounting to \$12,000 carried almost unanimously. The vote was 44 to 2 for bonds.

Work will be started as soon as possible in order to have the building ready for occupancy by the time the fall term opens.

PREACHER FOUNDED

Last week the members of the Christian Church surprised the preacher and his wife with a "shower." The preacher says it was a "pounding." On Wednesday night after prayer meeting, a large number gathered at the preacher's home and left with them a very substantial offering in the way of good things to eat and some gifts that the minister's wife always appreciates. The token of love and high regard thus shown is greatly appreciated by the pastor and his wife. To be remembered by friends makes life worth while.

BEEF CANNING DEMONSTRATION IN VIVIAN COMMUNITY

Last Tuesday at the home of Mr. and Mrs. Allen Fish about twenty-five people of the Fish and Vivian community gathered for the purpose of canning a beef. The Burpee Sealer was used in sealing the tin cans, and the Junior National canning retort was used in processing the cans. During the day near one hundred cans of meat was preserved. Everyone was given an opportunity to see how to use the canning equipment. Every part of the beef was utilized, even the bones of the animal will be used by Mr. Fish for chicken feed. At noon a barbecue lunch was enjoyed by all.

G. J. Benham of the Vivian community furnished the canning equipment, and was assisted in the demonstration by Mrs. J. B. Rasberry of the Vivian community and Mrs. Fred Rennels of Crowell.

Mr. Benham always practices diversification and in speaking of farming stated, they can plant all the cotton they want to but as for him he was going to make a living at home first. Almost every year there is some vegetables or fruit that is suitable for canning, and some years we have an abundance of food products that go to waste for lack of being equipped to preserve them properly. The modern canning equipment enables the preservation of vegetables and meats that are most difficult to keep.

Foard County's slogan should be, "Raise all you can, and can all you can."

Crop Prospects Are Still Good Say the Reports

A drive over the country leads one to the conclusion that wheat prospects are as good as ordinarily seen in the county. Of course, one cannot tell from the road what a wheat field is, but since there seems to be no complaint, or little at least, that the crop is hurt by the worms, one would feel justified in the conclusion that the crop is all that it promises to the casual observer.

One thing we know is that there is plenty of moisture, ample, indeed, for plowing, and apparently plenty for the growing wheat. Then, it seems that good progress has been made in getting the lands ready for the spring crops. So it seems that about all the farmer has to do is to wait until the ground gets warm enough to plant. Spring is trying its hardest to put to flight winter and apparently it has fortified itself with every advance so securely that there is little fear of retreat.

It looks very encouraging. We feel that this is going to be a great crop year, and with liberal diversification the harvest time should be one of the greatest in our history.

Amarillo College

The pastor attended the adjourned session of our Annual Conference at Amarillo last Tuesday. It was decided to accept Amarillo's proposition to give the church 600 acres of land upon which to build Amarillo College. It is estimated that after 80 acres is taken upon which to build the college, the remaining land will easily be worth \$2,000,000. The people of Amarillo are obligated to sell at least \$800,000 worth of lots, and with \$500,000 to build an administration building and two dormitories. With the other \$300,000 streets are to be paved, sewerage installed, gas put in, water piped to grounds and electric light connection established. The site is 4 miles south of Amarillo. The old Clarendon College is to be discontinued as such, at the end of this school session. The church is to reimburse Clarendon citizens for what they paid to clear the college of debt a few years ago, and to see that this term of school is closed on a cash basis. Buildings are then to be disposed of in the most possible advantageous manner. The alumni of Clarendon College will become the alumni of Amarillo College, and the assets of Clarendon College—if there be any—will be transferred to Amarillo College.

The spirit of the Conference was truly Christian in its every action. Sympathy for the city of Clarendon in the loss of the college was expressed in every way, but it was the unanimous conviction of the Conference that a great college could not be built at Clarendon. So, the interest of our church was considered paramount; hence the above action.—Crowell Methodist.

BUSINESS CHANGE

The stock of the Crowell Dry Goods Company has been bought by J. M. Steele of Rule. Mr. Steele was here Monday and Tuesday and the stock was invoiced and he left for market to purchase new goods with which to replenish the stock and continue the operation of the business.

Garland Burns and Willie Russell will remain with the business for the present and when new goods shall have arrived definite arrangements will be made as to the management of the business. It is understood that Mr. Steele does not intend to move to Crowell.

Mr. Steele becomes sole owner of the stock, having purchased the interests of W. S. J. Russell, Gordon Gribble and Garland Burns. He is an experienced drygoodsman and intends to continue to operate a first-class dry goods store here.

NEXT MONDAY FIRST

The News attention is called again to the fact that next Monday will be the first Monday in the month and that this is trades day.

Quite a lot of activity in matters of trade were in evidence, according to reports, on last First and those who are vitally interested in stimulating trade are anxious that lots of people come to town Monday and bring whatever they may have to trade or sell.

Quick Starting isn't Enough

Of course, in colder weather, you want your motor to start without overtaxing the battery—but your motor fuel must do more than merely start readily. It must insure rapid pick-up in traffic and full power and mileage.

Conoco Gasoline does all of these things—the year 'round. That's why it is called the triple-test motor fuel. It meets the three requirements of the ideal gasoline.

So every time you fill at the Conoco sign you may be sure that you are getting the cream of the standard-priced gasolines. The long experience and reputation back of the Conoco name make that a fact.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by

REAL ECONOMY IN FOOD

Lies in buying good food—food that possesses a flavor that makes it palatable and enjoyable.

Cheap foods are never worth what they cost. They are usually tasteless and have no value in adding strength to the body.

Did you ever buy a can of cheap food or vegetables? Were you not disappointed and wished you had bought a better grade? Did you ever buy a pound of cheap crackers and not wished afterwards that you had paid a cent or two more and got crackers that were really good to eat?

No waste or extravagance in our groceries—the good foods cost no more than the ordinary kind when bought of us.

DOES CO-OPERATION PAY?

In the spring and summer of 1923, some 150 farmers organized the Farmers' Co-Operative Society of Crowell and built a gin, equipped with all modern machinery at a cost of \$28,000.

This was done by issuing stock to the amount of \$25 to each member with the addition of loans made by members and business men of Crowell, all of which has been paid with interest at ten per cent. Also \$7.50 on each share, being interest for 3 years.

On December 1924, the gin burned and we collected about \$14,000 insurance, and after paying all outstanding debts, we built another plant at a cost of \$31,000, and paid for same, added about \$3,500 worth of new modern machinery, built a cotton house at a cost of \$3,000, and on March 1st, 1927, the directors met and appointed H. E. Davis and C. P. Sandifer as a committee to assist the book-keeper to distribute back to the members \$26,000 profits, which was \$5.00 per bale or 1 cent per pound on all lint cotton ginned by each member.

On behalf of the board of directors we wish to thank every one who patronized the gin, for it was by your patronage that enabled us to pay the

dividends in generous sums. So again we ask the question: "Does Co-Operation Pay?"

OFFICIAL ANNOUNCEMENTS

For City Marshal:
HENLEY GOODE,
R. J. THOMAS,
ED ADAMS.

TO THE VOTERS OF THE CITY OF CROWELL

On Tuesday night, March 15th, my name was turned in to the City Council (through the solicitation of some of the citizens and council men), to be ratified as a candidate for one of the councilmen. It was, after due consideration on my part, to agree for my name to be presented to the voters as a councilman.

In the request that I present my name was that a man was needed on the council that was qualified from experience, both as a councilman and acquainted with the water and sewerage proposition that they wanted me on the council.

Now from some unexplained cause to myself my name was omitted from the ticket after my name was duly presented at the proper time, and other names were solicited in the last two days, and that I and my friends believe that I have been done an injustice in the manner that it was done.

So I will request that those who desire to vote for me for one of the council that you will write my name in the proper place and if elected I will try and make you an efficient public officer.

We want to tell you something about the Northland line of refrigerators—

INSULATION consists of, first, dead air chamber; second, a heavy ply of charcolic sheathing; third, a thick quilt of linofelt; fourth, another thickness of charcolic sheathing; fifth, inner cabinet; sixth, refrigerator lining.

AIR CHAMBER. The Northland system of unobstructed air passages and flues, force an active movement of air at all times, yet provides for an economy of ice consumption quite remarkable.

ICE CHAMBER. Free air circulation provides a maximum amount of radiation. Radiation saves ice.

Come in let us show you the beauty and other assets of these refrigerators we can not tell you about.

Will Cook Your Breakfast

Who would ask for less fuel cost for a breakfast than 4 cents? For a family of three that is what the electricity will amount to in making hot toast and coffee for breakfast. The cost for a larger family will be proportionately larger, but even for a very large family the cost is small.

But this is not all. You save time because it is done in a very few minutes and one is ready to enter upon the duties of the day. Time saved alone is worth the cost, to say nothing of the convenience and cleanliness.

Cooking electrically is in line with modern progress of every sort and one who wants to catch the pace will find it indispensable to the home sooner or later.

Why not let us help you have these conveniences now?

AVERY TWIN-JACK CULTIVATOR

Easy on both man and team

Avery engineers did a big job in eliminating strain on the operator and lightening the work of the team when they designed the famous Jack Rabbit Cultivator. In the Twin-Jack they have repeated their success, this time in a two-row cultivator that is simple to operate—and easy on both man and team.

The Twin-Jack is sturdy, durable, flexible, easy to handle and comfortable to ride. It has a strong, rigid main frame that will not twist or sag under the hardest conditions. The frame is in perfect balance at all times, with the result that manipulation requires

but minimum effort, the horses are spared sore shoulders, and more ground is covered per day with less fatigue.

Each pair of gangs is controlled by two independent levers, the inside lever raising or lowering the pair simultaneously, when desired. By means of an easy pressure on the stirrups the wheels may be angled to right or to left.

We will be glad to explain the many efficient, time-saving features of the Twin-Jack—or demonstrate at your convenience. There is no obligation.

MUSIC MEMORY NOTES

The county music memory contest will be held on Saturday, April 9, at 10 o'clock in the district court room. All contestants must be present at that time as the contest will start promptly. Contestants need to bring only well sharpened pencils. Any person who is interested in the music memory work is invited to be present during the contest. A new Victor Orthophonic talking machine, furnished by Womack Bros., local dealers, will be the machine used.

Each department from each school which has had the work may be represented by a team of four pupils. The average of the grades made by the four on the team will be the team grade. The teams in each department making the highest grade will be given a prize for their school and department it represents. Individuals scoring 100 per cent will be given a small prize.

Contestants from the intermediate departments will write the names of the selections, composers, and nationality. The primary children or those from the first four grades will give their answers orally, the third and fourth grades, giving the name of the selection, composer and nationality, and first and second grades giving only the name of the selection and the composer.

It is suggested that a local contest be held in each school for the purpose of securing the team or teams to represent the school in the county contest. By having a local contest, and offering a prize to all making a perfect score, and allowing or encouraging all individuals who are interested to enter, the contest becomes a more worthwhile means of creating an interest in the music appreciation work. In the larger schools this is necessary in order to satisfactorily secure the representative teams. In the smaller schools, it will add greatly to the value and interest of the work.

This plan is followed in the Crowell schools. Foard City is also featuring the local contest, having every child in the grades doing the work to enter as individual contestants for a perfect score. The rooms reaching a certain average will be given Victrola records. Possibly, similar plans are being followed in the other schools in the contest.

Marriage is a give and take proposition. The divorce courts are crowded because so many folks want to do all the taking and none of the giving.

Things Worth Knowing

Nathan Hale went down in history as a martyr to the cause of liberty because of his famous utterance, before being executed as a spy by the British on September 1776. He said, "I only regret that I have but one life to lose for my country."

An indenture, a deed entered into by two or more parties, derives its name from the fact that duplicates of every deed between two or more parties were once written on one skin, which was cut in half, with a jagged or indented edge, so that they were seen to belong to one another.

Oscar Hammerstein, famous impresario, who died in 1919, made a fortune by inventing labor-saving devices for the cigar manufacturing business, before beginning the career by which he gained renown, as a backer of theatrical and operatic enterprises. He engaged in the cigar business after coming to America in 1863 from Germany, where he was born.

Impeachment trials in this country are more common than in England, the last one of record there being in 1805. The most noted case in the United States was the trial of President Andrew Johnson in 1868. He was accused of violation of the constitution and tenure of office act but was not convicted. The senate vote for conviction lacked one of the required two-thirds.

The term gerrymander had its origin from a bill signed by Gov. Elbridge Gerry of Massachusetts, which so apportioned a senatorial district in republican interests that from its peculiar shape on the map it was said to resemble a salamander. Gerrymander was substituted for salamander and has come to mean an unfair political arrangement of electoral districts.

Higher Quality at Lower Prices

because of increasing Volume Production!

January, 1925—There was introduced a new Chevrolet which scored a tremendous success. Among its many new features were: a new and rugged rear axle, an improved unit power plant, a new single-plate disc-clutch, a much stronger frame, semi-elliptic chrome vanadium steel springs, cowl and dash-lamps, and new Fisher bodies finished in Duco... the price of the Coach was \$735.

August, 1925—Chevrolet announced a new measure of value based on many new quality features—such as motor-driven Klaxon horn, improved sheet metal construction in the bodies, corrugated steering wheel with walnut finish, new headlamp rim construction and a more convenient gear-shift lever. Yet, despite all the additions... the Coach was reduced to \$695.

January, 1926—A not her spectacular increase in Chevrolet value—a model offering many mechanical improvements, such as a smoother, quieter motor with three-point suspension, a silent V-belt generator drive, new oil pump, more efficient cooling, an air cleaner, larger brakes, etc. Notwithstanding these improvements... the Coach was reduced to \$645.

and now—

- Old Touring \$525
- Old Roadster \$625
- Old Coupe \$695
- Old 4 Door Sedan \$715
- Old Cabriolet \$745
- Old Landau \$745
- 1/2 Ton Truck \$395
- 1 Ton Truck \$495

All Price For Full Model and equipment on all models.
In addition to these low prices Chevrolet's delivered prices include the lowest handling and financing charges available.

The Most Beautiful Coach In Chevrolet History!

Climaxing all of Chevrolet's previous value triumphs, the Chevrolet Coach of today is acclaimed as the outstanding closed car value of all time. Beautiful new Fisher bodies—paneled and beaded, rakishly low and finished in new colors of genuine Duco... full-crown, one-piece fenders... bullet-type headlamps... AC oil filter and AC air cleaner... finer performance, greater riding comfort and remarkable steering ease! A car so marvelously beautiful that you must see it to appreciate it—Yet the price has been reduced to \$595.

APPRECIATION

The Crowell Dry Goods Company, Inc., has disposed of its stock of dry goods and no longer operates in Crowell.

As we sell out the stock we are mindful of the splendid patronage that has been accorded us during the years we have been in business and fully appreciate same. We trust that we have filled a place of service which with your co-operation has had its place in the furthering of the development and growth of our town and community.

The stock of the Crowell Dry Goods Company, Inc., is sold to J. M. Steele of Rule and is now operated under his ownership.

Again thanking every patron of the Crowell Dry Goods Company for all past favors, we beg to remain,

L. G. Andrews Thanks Friends
As manager of the Farmers Co-operative Gin at Crowell, Texas, I take this method to thank every stockholder, director and farmer, and the merchants and business men of Crowell, who have so loyally co-operated to bring about such satisfactory results.

I fully realize that without such help we would not have been able to render efficient service, and paid back such handsome dividends, and while government experts, and legislative bodies are devising plans to aid and assist agricultural interests, yet it is only through such co-operative spirit, as you have shown, that the farmers' problems will be solved.

I am most truly grateful to everyone who has in anyway, contributed to the results obtained, and appreciate more than I find words to express, the feeling I have for the stockholders who so graciously remembered me, in a wonderful letter of appreciation, accompanied by a check for a generous sum, and trust that the spirit that prompted same will continue to guide, until we all reach a better day, and until then, I remain,

Very sincerely yours,
L. G. ANDREWS.

D. 1927, the same being the 2nd day of May, A. D. 1927, then and there to answer a petition filed in said court on the 25th day of February, A. D. 1927, in a suit, numbered on the docket of said court No. 1208, wherein Boman & Company, a partnership, composed of the individual members S. J. Boman, B. W. Self and T. F. Baker, doing business under the name of Boman & Company at Margaret, Texas, is plaintiff, and W. A. Page and J. N. Keese, are defendants, and a brief statement of plaintiff's cause of action, being as follows: A suit on a promissory note executed by the said defendants on the first day of November, 1926, payable to the said Boman & Company at Margaret, Texas, on the demand of plaintiff; said note drawing interest at the rate of ten per centum per annum from date until paid, and providing for ten per cent on the amount of interest and principal due for attorney's fees if placed in the hands of an attorney for collection.

Plaintiff prays for judgment against the defendants for the amount of said note, interest and attorney's fees, for a foreclosure of an attachment lien which was issued out of this court and in connection with this cause on the 25th day of February, A. D. 1927, and was levied by the sheriff of Foard County upon certain property, a barber shop, belonging to the defendant, W. A. Page, said property being located at Thalia, Texas, Foard County, and for all costs of suit.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this the 30th day of March A. D. 1927.

WHAT'S DOING IN WEST TEXAS

(By West Texas Cham. of Com.)

Baird—Record breaking crowds thronged the streets of Baird March 23 at the Oil Belt District Convention of the West Texas Chamber of Commerce, which was declared by officials of the organization to be the most largely attended and the most enthusiastic district gathering ever held. Flags, bunting, and town colors streamed from every corner. Seven live bands from Abilene, Ranger, Moran, Dublin, Cisco, Cross Plains and the host town kept Baird alive with music. Luncheon was served to a mammoth crowd in the Baird tabernacle; some 700 guests were banqueted while only 500 had been expected. A number of distinguished West Texans were present and on the program. Dublin won the 1928 district meet of the Oil Belt after a close struggle with Moran for that honor. Sidelines on the Baird convention will be given in the April issue of "West Texas Today."

Cross Plains—President Arthur P. Duggan and Manager Homer D. Wade of the West Texas Chamber of Commerce, and party, initiated a tour of the Heart of Texas district here March 23, following the banner Baird convention. The good will trip embraced from that point, Rising Star, Cisco, Gorman, Comanche, Brownwood, Mercury, Brady and Lampasas.

Sweetwater—Monte Owen, formerly of the Colorado Chamber of Commerce, is on the job here as secretary of the Sweetwater Board of City Development. Owen succeeds W. Scott Barcus who now holds the secretaryship at Pampa.

NOTICE OF TRUSTEE ELECTION

Notice is hereby given that an election will be held at the county court house in the town of Crowell, Foard County, Texas, within the Crowell Independent School District on the 2nd day of April, A. D. 1927, same being the first Saturday in April, for the purpose of electing four white trustees to serve as trustees of the Crowell Independent School District for a period of two years.

S. E. Scales has been appointed manager of said election which shall be held as nearly as may be possible in conformity with the general election laws of the State of Texas. Said polls shall be open at eight o'clock a. m. and shall close at six o'clock p. m. of same day.

No person shall vote at said election unless he or she be a qualified voter under the constitution and laws of this state and a tax payer in the said Crowell Independent School District.

Said election was ordered by the board of trustees of said Crowell Independent School District by an order passed on the 16th day of March, A. D. 1927, and this notice is issued pursuant to said order.

Dated this 16th day of March, A. D. 1927.

D. 1927, the same being the 2nd day of May, A. D. 1927, then and there to answer a petition filed in said court on the 30th day of March, A. D. 1927, in a suit, numbered on the docket of said court No. 1304, wherein G. M. Thacker is plaintiff, and Berliata M. Cox Davis, Fred R. Davis, Jessie Mae Cox, Laura R. Cox, Mary B. Cox, Alban R. Cox, Kenneth L. Cox, Theodore F. Cox, and Dorothy A. Cox and J. W. Adams, are defendants, and a brief statement of plaintiff's cause of action, being as follows: Suit on a promissory note, executed by J. W. Adams in the sum of \$975.00 drawing 10 per cent interest from date, with the usual 10 per cent additional on the principal and interest due if placed in the hands of an attorney for collection; said note bearing date of July 10th, 1924, and payable in monthly installments of \$15.00 each, said note being given by the said J. W. Adams as a part of the purchase price of lots Nos. 13, 14, 15 and 16, in block No. 48, in the town of Crowell, Texas, to A. T. Fish, the grantor of said lots and payable to the said A. T. Fish or order at Crowell, Texas, in monthly installments, the first of which was due August 1st, 1924; said note being secured by a Vendor's Lien retained in a certain deed from the said Fish to the said Adams, bearing date of July 10th, 1924; that on the 22nd day of July, 1925, L. R. Cox purchased said land and premises and as part of the consideration therefor assumed the payment of said note.

That since the purchase of said land and premises the said L. R. Cox has died leaving as defendants in this suit Berliata M. Cox, his wife, now Berliata M. Cox Davis, having since married the defendant, Fred R. Davis, and the following children, to-wit: Jessie Mae Cox, Laura R. Cox, Mary B. Cox, Alban R. Cox, John G. Cox, Kenneth L. Cox, Theodore F. Cox, and Dorothy A. Cox.

That G. M. Thacker, the plaintiff herein, is the holder of said note and brings suit to foreclose his Vendor's Lien as provided for in said note, and prays for judgment his debt, interest and attorney's fees and costs of suit; that the land be decreed sold according to law; that the sheriff, or other officer, executing said order of sale, shall place the purchaser in the possession thereof, and for such other and further relief, special and general, in law and in equity, he may be entitled to, etc.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this 30th day of March, A. D. 1927.

Buick Ahead Again in the Yellowstone!

Again in 1926, more Buicks toured through Yellowstone Park than any other car except the one of lowest price.

Buick has held this same honor every year since the Park was opened to automobile travel.

This year there were 4,756 Buicks in a total of 44,472 cars registered. 101 different makes were represented in the registrations. One in every ten was a Buick.

Here is convincing evidence of Buick reliability—striking proof of the faith which Buick owners repose in their car.

They know Buick will take them and bring them back comfortably, safely and splendidly—across the Continent—or around the World.
