\$2.00 A YEAR

OVER 15,000 BALES COTTON GINNED IN THE COUNTY

Rev. W. J. Mayhew Goes to Merkel As M. E. Pastor

Rev. W. J. Mayhew, for the last two years pastor of the Crowell Methodist church, goes to Merkel for the next year, and Rev. W. R. McCarter, for two years pastor at Merkel, comes to Crowell. So the change amounts to a swap.

If it is a matter of interest to the people of the two towns as to the bargain they are getting in the exchange, possibly it is also a matter of interest to the pastors as to the bargain they are getting. Let that be as it may, a large portion of the membership at Crowell feels that they are trading a mighty good man and it is with regret that they see him and his wife leave. But it is gratifying to have the strong recommendation of the new man coming to us.

Other appointments and changes in which Crowell people are interested are as follows: The new presiding elder of the Vernon district is Rev. Joe Haymes. Rev. O. P. Clark, for four years presiding elder, goes to Sweetwater as pastor of the First Methodist church in that city. Rev. T. M. Johnston, who has been pastor of the Margaret and Thalia churches for the past four years, goes to Crosbyton and C. C. Armstrong takes Bro. Johnston's place. Also Rev. W. M. Murrell becomes presiding elder of the Clarendon district. Rev. L. N. Lipscomb, presiding elder of the Sweetwater district, Rev. J. H. Hamblen remains presiding elder of the Stamford district, Rev. C. E. Jameson goes back to Memphis, Rev. Ed Tharp to Matador, Rev. J. M. Fuller is returned to Seymour and Cecil Matthews to Truscott.

Corner Stone for New School Building Laid by Masons Fri.

In the presence of a large crowd of Crowell citizens and school children the corner stone of Crowell's new high school building was put in place last Friday afternoon at 2 o'clock by a representation of the Grand Lodge, A. F. & A. M., of Texas. The Masons assembled at the hall at 1 o'clock where the procession was formed and headed by the Crowell band marched to the school building. On arriving at the building a short program was rendered by the school children following which the corner stone was laid. At the completion of this ceremony the principal speaker for the occasion, Wallace Hughston of McKinney, was introduced by B. F. Ellis.

Mr. Hughston's introductory remarks were given to a comparison of this country now and 35 years ago when he was here on a visit. He stated that the advancement was remarkable and congratulated the citizenship on the erection of such a beautiful building for the education of the children of the county. He also stated that he had had occasion to attend and speak at a number of corner stone layings in the past few months and that this was the best one he had attended regardless of the size of the town.

Mr. Hughston's speech was a treat to the large audience which had gathered at the new school building. He is a nephew of Joe W. and T. M. Beverly and Mrs. T. L. Hughston.

BADLY CRIPPLED

Several months ago R. C. Moore, who formerly lived in Crowell, happened to a serious accident in Swisher County in which he sustained a broken leg. Mr. Moore was here this week and was going on crutches.

He was run into by an automobile on the highway while there was a heavy fog and mist that obstructed the vision of the approaching driver so that Moore could not be seen until too late to avoid the accident. Mr. Moore said that he had stopped his own car and had passed around its rear and the car was on him before he could get out of the way.

One leg was broken above the ankle and amputation finally became necessary. He was badly bruised other wise and is now hobbling around on crutches.

MARRIED

Mr. John Teague and Miss Thelma Sellers were married at the Methodist parsonage Tuesday morning and left immediately for Fort Worth, Sherman and other points.

Upon their return they will make

Will Not Collect Auto Taxes Until Last Week in Dec.

The new law relative to automobile taxes, whereby the counties will get 30 per cent of the tonnage charge, goes into effect January 1, 1928.

Foard County will be immediately benefited by this tax after the new law goes into effect, as Sheriff Campbell will not begin to collect the automobile taxes until the last week in December, and when he must make his report after that date the law will be in force.

This will mean that Foard County will be benefitted to the amount of six or seven thousand dollars, that is, it will get that much more money from this source than formerly.

There are in the county 1597 cars and 243 trucks. The county has been getting on an average about 34 per cent under the new law 30 per cent of the tonnage, which will average some \$3.50 or \$4.00 per car more. Approximately the automobile taxes will be equally divided between the county and the state, and where we would have received under the old arrangements about \$7,000, we will now get at least \$13,000, possibly a little more.

A six or seven thousand dollar increase in finances for the cause of better roads in Foard County will help some. This can be well applied to the community roads of the county.

Over 15,000 Bales Ginned in County

As we go to press Thursday afternoon the records at the six gins in the county will show almost 16,000 bales. The report we are giving was up by Wednesday evening, and nearly 12 hours time for the gins have been added to this. Up to the time above mentioned there had been 15,596 bales ginned and weighed in at all the gins in the county. The report by gins is as follows:

| | |
|-----------------|--------|
| Margaret | 1948 |
| Thalia Farmers | 3090 |
| Thalia Vernon | 1562 |
| Crowell Gin | 1790 |
| Crowell Farmers | 3636 |
| Rayland | 3570 |
| Total | 15,596 |

The News' estimate that there would be 1300 bales ginned from Wednesday of last week to Wednesday of this week was over-estimated by 29 bales. We will let the estimate of 600 bales for the next week stand.

Hail Reported in West of Crowell

The warm weather and high winds Monday were followed Monday night by a flurry and a cloud that brought scattering drops of rain and some hail here. West of town quite a lot of hail and a fair rain were reported Tuesday morning, but it was confined to a narrow strip of country and did practically no good. This was followed by a drop in the temperature and more pleasant weather for the season.

Reports are that the wheat is needing rain. However, it is thought that the wheat has not suffered to amount to anything and that if we can get some rain within the next week or two the small grain crops will come along nicely. Wheat men seem to prefer rather dry weather in the fall of the year on their wheat to allow it to take root. It seems to be better for it.

Comparison of Gin Reports 1926-1927

Up to the first of November of this year there had been ginned in the county 11,979 bales of cotton, as compared with 7,534 at the same time a year ago. This shows that the cotton has been gathered and ginned almost twice as fast as it was a year ago, and that means that the crop will have been gotten out much earlier than it was a year ago. The fact is the season is almost over now, while a year ago we were just about in the middle of the season on Nov. 1st.

HOSPITAL MATES IN 1918 BECOME ACQUAINTED ONLY RECENTLY

Secretary Mack Boswell furnished the Star-Telegram with the following interesting item relative to two Crowell men and we are reproducing it in its entirety. It follows:

Although L. A. Andrews of Crowell and Joe H. Earls, recently of Ft. Worth, spent a day in a hospital at Base 202, Orleans, France, with their beds side by side, yet they had never met or spoken to each other until Thursday at Crowell when Andrews noted the resemblance of Earls' face to that of a hospital mate and started a conversation with Earls and found that he was the man that was in the bed beside him when both were at the point of death about nine years ago.

L. A. Andrews was with Headquarters Company of the One Hundred Forty-second Infantry and Joe H. Earls was in Company B, One Hundred Forty-first Infantry and both were severely wounded on the Champagne front in the Meuse-Argonne sector from shrapnel fire.

Earls lost his right leg as a result of a wound on Oct. 8, 1918, when his right leg was nearly torn from his body in addition to having a machine gun bullet shot through his left foot and having to remain in that condition for a day amid shell fire, rain and gas. Gangrene poisoning resulted from the wound and later caused his condition to become serious. The men think it possible they were both wounded by the same gun before the One Hundred Forty-second Infantry

captured it.

Andrews narrowly escaped the loss of his left leg when a large piece of shrapnel dug deeply into his leg beneath the knee cap and an operation was required to remove it. Gangrene poisoning nearly cost him his life many days after he had been wounded. He was wounded on Oct. 10, 1918, and now has the piece of shrapnel in his possession that was removed from his leg. It is a rough piece of metal about two inches long and a half inch thick.

While Andrews and Earls were together only one night, it was learned on further conversation that they had been transferred to the same hospital at the same time and were at other places at the same time while in France. They especially enjoyed relating the account of a burlesque show which had a cast that would have done credit to the Ziegfeld Follies. They stated that several thousand doughboys in attendance were getting a great kick out of it until the "beautiful girls" removed their wigs to show that they were mere "buddies."

On their return home both were given vocational training by the United States Government. Earls learned the trade of watch repairing which he is now following in Crowell after moving here from Fort Worth just recently. Andrews took a business course following his return home and is now a bookkeeper with R. E. Edwards and Company of Crowell.

Armistice Day Witnessed Large Crowd in Crowell

One of the largest crowds ever seen in Crowell was that which came last Friday, the occasion being Armistice Day, and for which celebration a program had been prepared by the Gordon J. Ford Post, American Legion.

Almost every available parking space around the square was occupied before night, many of the visitors having come from adjoining counties and neighboring towns, Quanah, Paducah, Truscott, Benjamin and others. The splendid crowd, possibly 3000 in number, was the result of extensive advertising done by the American Legion, and was so declared by one of the most active members of the Legion after it was over. He said, "You've got to advertise your wares."

The Legion had an interesting program. It started at 6 o'clock when the smoke screen was laid over the city, but that perhaps was nothing like it would have been had weather conditions been more favorable. A high wind was blowing at the time and had been blowing all day, and that fact made it hard to carry this part of the program out.

The program proper, which started at 7 o'clock at the ball park, was intensely interesting throughout. Practically all the speakers who had been put on the program responded, although the weather was a little unfavorable. Among these we had speakers of the Civil War, the Spanish-American War and the World War, and interesting talks were made by each of them. But the speaker of the evening, Chaplain Green of Austin, delivered the message that held the crowd spell-bound for nearly an hour. All these speeches, with the splendid numbers rendered by the Choral Club and the Paducah band, but not more interesting was all this than the fine display of fireworks that followed. Special arrangements had been made for this and for half an hour or more the heavens were lighted with a display that was intensely interesting.

It was a program like which Crowell had never witnessed before and it was well worth the time and expense required to put it on.

Mr. and Mrs. T. R. Moreman and son, Ralph, were here from Hedley Sunday and Monday visiting the daughter and sister, Mrs. Glynn Smith.

Gas Expected to Be Piped into Crowell by Jan.

The News is not authorized to say that gas will be in Crowell by January 1st, but judging from the activities of Culbertson Bros., who are putting it in, we have reason to expect it by that time. The company is at work and is saying nothing, and that looks much better than it would if only a noise were being made and nothing being done.

The engineering work is going forward each day and the company has rented the lower floor of the old Woodman Hall in which to store material for construction work, which is expected to arrive in car lots any day. All this looks like business, and so we feel warranted in predicting that Crowell will have gas at an early date.

A Cotton Ginning Record for Farmer

John S. Ray was in town Tuesday and said that he had ginned the day before 54 bales of cotton at the Thalia-Vernon gin. It seems to have been necessary that Mr. Ray submit his gin tickets to convince Sam Bell, but when he did it and it was seen that they all bore the same date, Bell had to admit. He was not doubting Mr. Ray's veracity, but he did not see how a gin could devote so much time to one man when other farmers were wanting cotton ginned. But they just stored their cotton and waited for the big run to be made. It was a full day's run for the gin.

Mr. Ray says he is the only man who ever had a full day's run at the gin and he thinks the only one with such a record in the county.

Speaking of his 114 acres planted to cotton, Mr. Ray said that he had already gathered 130 bales from it and was not through picking yet. He would not estimate the amount he expects to get, but stated that there was more to pick.

Second Car Turkeys Shipped Wednesday

The first car of turkeys going from Crowell this season went out the middle of last week, and again on Wednesday of this week the second car went out, making two for the season thus far.

The turkey business is going to place in Foard County a tidy little sum of money, as each car represents practically \$6,000 in cash that is distributed here.

Odd Fellows and Rebekahs to Have Home Coming Meet

On the night of Thanksgiving the Odd Fellows and Rebekahs are to have a home coming meeting at the hall here with an appropriate program for the occasion.

This will also be a kind of entertainment for the Rebekahs in honor of their winning the loving cup some months ago at Electra.

The presence of the members of the two orders on this occasion will be greatly appreciated, as well as helpful in putting over the entertainment.

Baptist Convention at Wichita Falls

Rev. E. L. Mayfield, presiding his sermon at the Baptist church Sunday evening, advised everyone who could do so to attend the State Baptist Convention at Wichita Falls this week. He stated that once in a lifetime possibly would such a great convention come so close to Crowell as it has in coming to Wichita Falls. The doors of the convention, he said, are open to all, regardless of denominational affiliation, and that it would be wonderfully helpful to all who are vitally interested in the promotion of Christianity to attend. In this connection the pastor said he had availed himself of the opportunity a number of times to attend annual conferences of the Methodist church and had been wonderfully helped by so doing.

The State Baptist Convention is accustomed to meeting in the largest cities of the State where the leading men of the denomination in all the State meet and discuss matters pertaining to the work of the church. Indeed it will be an opportunity.

The convention opened Wednesday and will continue over Saturday night.

Building the Lee Hiway in Oklahoma

Dr. S. M. Johnson and his son, R. P. Johnson, stopped over in Crowell a few minutes Saturday morning en route from Vernon to the ranch home in Southern New Mexico. Dr. Johnson took occasion to praise Mack Boswell, the secretary of the chamber of commerce here, for the splendid work he has done in handling the Lee Highway business and expressed the hope that Crowell would back him up in his efforts to help further the development of Foard County.

Dr. Johnson held meetings in Walters and Frederick, Okla., last week, aiding in putting over bond issues to the amount of \$1,400,000 in these counties and thus carrying the hard-surfacing of Lee Highway 70 miles east of Red River bridge. Last week the State Highway Commission of Oklahoma let contract for 12 miles between Comanche and Ardmore and the Governor has promised a hard-surfaced road across the state in 1928.

The annual Lee Highway convention will be held in Memphis, Tenn., January 18-20 with an industrial exhibit from Lee Highway states.

Opening Tailor Shop at Truscott Thursday

Tim and John Kenner of Margaret were in the News office Wednesday morning and had the News do some printing for their tailor shop which they are opening up in Truscott. They announce the opening for yesterday.

The boys have a first class outfit for a tailor shop and they have had considerable experience and we predict for them a splendid business at Truscott.

The style of the business will be "The City Tailors," and it will be owned by Kenner & Sons and will be operated by the sons.

Two Couples Married With One Ceremony

Two couples were married Saturday at the Baptist parsonage, Mr. James D. Harper to Miss Lorena Randolph; Mr. Troy Nichols to Miss Beulah Myers; and Mr. Herbert Jernigan to Miss Edith Dunn. The two last couples were married with a single ceremony.

Crowell Loses to Paducah on Armistice Day

The Paducah Dragons outplayed Crowell high school to defeat them 6 to 0 in a football game at Crowell Armistice day before a large crowd. The game was evenly played in the first half and neither team scored. However, Paducah completely outplayed the Wildcats in the second half and made a touchdown early in this period after the ball had been carried down the field on straight football. Then it was carried across by Hobbs, fullback. Paducah threatened to score again in the last quarter.

Paducah displayed better defensive work than the Wildcats whose failure to tackle low and hold on to the Dragon backs was greatly responsible for most of Paducah's gains. Crowell made a beautiful drive down the field in the first quarter on a series of line plays and passes, but were held by the Paducah line and never threatened to score again during the game.

The starting lineup was: Crowell, Johnson, le; Cogdell, lt; Walling, lg; Swain, re; Rogers, rg; Carter, rt; Spears, re; Burrow, q; Hallmark, lb; Norman, f; Todd, rb. Paducah, Bidy, le; McCain, lt; Doolan, lg; Morgan, c; Blunt, rg; Sanderson, rt; Tippin, re; Crittendon, q; Swint, lb; Hobbs, f; Birkett, rb.

County Agents and Secretaries Meet in Quanah

A meeting was held in Quanah Wednesday when commercial secretaries and county agents from seven counties were present for the purpose of discussing the organization of the towns and counties in the Green Belt Section into one body for the purpose of promoting the interest of this section co-operatively.

Mack Boswell, secretary of the Crowell Chamber of Commerce, was elected chairman of the meeting and Jerry Debenport, secretary of the Childress Chamber of Commerce, was elected secretary. The proposed organization was unanimously favored by all present and it was decided to hold a meeting in Childress on December 14th when a permanent organization would be perfected.

After discussion as to the purpose of the organization and its plans Mr. Boswell appointed a constitution and by-laws committee composed of Geo. Sager, secretary of the Memphis Chamber of Commerce, chairman; Vernon Gray, secretary of the Vernon Chamber of Commerce, and Fred Renels, Foard County Agent. The work of this committee relative to perfecting the organization is to be completed by next meeting when a name for the new organization will be decided upon.

It was voted to include the following counties: Wilbarger, Foard, Hardeman, Cottle, Childress, Hall, Collingsworth and Donley. The most important thing so far planned by this group is co-operatively exhibiting at fairs next fall. Application for a unit which includes six spaces in the agricultural building at the Dallas Fair will be made soon. The results from an advertising standpoint will be much greater by such a plan by preliminary preparation, the attractiveness of the entire group of counties exhibiting can be greatly increased by working out color schemes, etc. for the six counties exhibiting in the one unit. There are many other advantages to such an organization in advertising this section and promoting its interests.

All present at the preliminary meeting are enthusiastic over the proposed organization and promised to bring a number of representatives from their towns and counties to the meeting in Childress on December 14th when the organization will be perfected.

A banquet was given the visiting secretaries and county agents by the Quanah Chamber of Commerce following the meeting.

Party Left Saturday Night for Old Mexico

A party of Crowell people left Saturday night for their annual trip into Old Mexico where they hope to feast on venison and fish before returning to Crowell. They will be gone something like three weeks.

The party consisted of C. T. Schlaegal, Duge Moseley, Claude Barry, L. G. Andrews and Guy Crews. The party went to Del Rio from here and intended to get a permit to go into Old Mexico. Alton Andrews accompanied the party as far as San Saba from which place he planned to return to Crowell within a few days.

Premium Quality at
 Regular Price

No advance in price has been made on new Pennant Gasoline, although the performance it delivers would justify a premium price. There is not only better performance to be had from new Pennant Gasoline but real mileage economy.

The same is true of Pennant Motor Oil. It too, is "balanced". It flows readily at starting temperatures, yet resists thinning by the intense heat of the motor when operating at high speed.

Watch for the green Pennant sign, drive in today, and try out both the "balanced" Pennant Gasoline and the "balanced" Pennant Motor Oil—premium quality at regular price.

RAYLAND

(By Special Correspondent)

There will be a Thanksgiving program at the Antelope school on Tuesday night, Nov. 22.

There was a B. Y. P. U. organized at the Rayland Baptist church Sunday night. The officers elected were, Mrs. Laura Crisp, president; Mrs. Eula Mae Gregg, vice president; Mrs. Ira V. Younger, secretary; Miss Grayson Crisp, corresponding secretary; Pete Grege and Miss Edith Kate Prescott, group captains. The young folks of the community are urged to attend. Meet at 6 o'clock Sunday evening at the Baptist church. "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." 2nd Timothy, 2:15.

There will be preaching at the Methodist church Sunday by the new pastor. Every one is invited to attend.

Mrs. Will Abston and children and Hayes Abston and wife visited relatives at Thalia Sunday.

Mr. and Mrs. Lee Jordan and children and Fred Duffie and family of Vernon visited George Cribbs and family Sunday.

Prof. and Mrs. Ira V. Younger, accompanied by Mr. and Mrs. Ercell Brooks visited in Wichita Falls Sunday.

Mrs. Joe Bowers of Vernon is visiting her daughter, Mrs. W. W. Wood.

Tom Beazley and family of Parsley Hill visited A. T. Beazley and wife Sunday afternoon.

Miss Ova Lee Greenway spent from Monday until Thursday with her cousin, Miss Susie Belle Tye, of Crowell.

Miss Jeralene Wilkerson of McKinney who has been visiting Mrs. Jessie Moore left Saturday for Altus, Okla.

Mr. and Mrs. Berry Green of Houston have moved here to make their home.

Dr. Maine of Thalia was called Tuesday night to see Miss Pearl Davis who was very ill.

L. W. Greenway and daughter, Miss Ova Lee, and Mr. and Mrs. J. C. Greenway spent Sunday with Jno. Tye and family of Crowell.

Mr. and Mrs. H. N. Lee are visiting in Paducah this week.

Thurman Nix who has been ill with typhoid fever is able to be up again. Mr. and Mrs. Bill Coffman of Thalia attended Sunday School and church at the Baptist church here Sunday.

Oran Maynard and family of Sweetwater are visiting her father, Tom Davis, and family and other relatives.

Chism Price of Vernon visited his sister, Mrs. Delia German, Sunday.

Rev. E. W. Loyd, J. A. and J. S. Gibson made a business trip to Lubbock and Brownfield Monday. They expect to be gone all week.

Ruby Rollins of Talmage spent Saturday night with her grandparents, Mr. and Mrs. Roberts.

Aaron Paige of Shreveport, La., was a business visitor here during the week-end.

Mrs. G. Schultz went to Vernon Tuesday to have some dental work done.

Mr. and Mrs. Cotton Cribbs and Mrs. M. L. Cribbs and daughter, Dovie, of Chillicothe visited Mr. and Mrs. George Cribbs Sunday.

Mr. and Mrs. Other Allen of Paris, Texas, are visiting his parents, Mr. and Mrs. S. H. Allen, and other relatives.

Mrs. John Schulz and children of Oklahoma and Herman Schulz and family of Kinchoe visited G. Schulz and family Sunday.

Bill Funk and Charlie Johnson made a business trip to Memphis Friday, returning Sunday.

GAMBLEVILLE

(By Special Correspondent)

A good rain accompanied by hail most of which were large as hen eggs fell in this locality Monday night. It did little damage to cotton as most of it had been picked out.

Mrs. R. E. Ross of Commanche County visited her daughter, Mrs. C. E. Stewart, last week.

Grandma Ayers is visiting her sister, Mrs. Lackey, at Spearman, Tex.

Harris Chandler and family and Mrs. Earl Cook and Miss Fay Cook of Vernon came out Sunday afternoon to see the new arrival, Billie Baxter, son of Mr. and Mrs. Vernon Pyle.

D. M. Shultz left Monday morning with J. L. Shultz and wife of Thalia for Real County on a hunting trip. S. I. Shultz of Vernon is staying with Mrs. Shultz and looking after the farm.

Mr. and Mrs. W. B. Morgan spent Tuesday with E. W. Burrow and wife.

S. E. Tate and wife of Crowell, W. L. Smith and wife of Margaret and Mr. and Mrs. Tarver of Thalia visited Mr. and Mrs. J. B. R. Fox Sunday.

Mr. and Mrs. Frank Gamble spent Sunday with Forest Durham and wife near Thalia.

Marvin Phillips and Alphas McGinnis left Monday for Bartlett, Texas, to meet Mr. and Mrs. V. A. McGinnis who were returning home from the coast. Mr. and Mrs. McGinnis had gone to the coast to spend the winter but Mr. McGinnis' health grew worse and they had started home but he was unable to drive the car any further than Bartlett.

C. E. Stewart and family spent Sunday with Jesse Crank and family near Rayland.

Mrs. Sim Gamble spent Tuesday with her daughter, Mrs. Walter Johnson near Thalia.

Ray Pyle and family visited relatives in Vernon Saturday and Sunday.

RESCUE HOME

Lieut. J. W. Caudle was here this week representing the rescue home at Sweetwater, an institution started at that place only a few years ago.

Mr. Caudle is working tirelessly to raise funds for the institution, which is having a hard pull to become established. The founders see the imperative need of such institution and are making a strong appeal to the people of this country to help get it started that it may render the service it is intended to do.

The institution has the favorable endorsement of the officials, business and professional men of Sweetwater.

SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The one really dependable remedy for all disorders of the liver, stomach and bowels is Herbol. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 50c. Sold by Ferguson Bros. and Reeder Drug Co.

Saturday afternoon, beginning at 2 o'clock.

J. Freudigger purchased a new Overland Whippet sedan one day last week.

Fred and Everett Bell of Crowell were business visitors here Monday.

W. D. Burruss returned to his home in Seymour Monday after an extended visit with his daughters, Mrs. J. Freudigger and Mrs. Fred Brown.

The Kirkland boys will play a game of basket ball with the boys here Friday night. Everyone is invited to attend the game.

Mr. and Mrs. W. S. Tarver, Mrs. C. C. Wheeler, Mrs. Capps, Mr. and Mrs. C. L. Moore, G. A. Neill, Mrs. Jim Hammonds, Mrs. M. H. Jones and several others from here attended the annual convention of Texas Baptists in Wichita Falls Tuesday and Wednesday of this week.

Mr. and Mrs. Louis Selvidge of West Rayland were business visitors here Monday afternoon.

Mr. and Mrs. J. K. French visited Mrs. Hugh Jones in Fargo Monday of last week.

Roy and Louis Mints, Billie Aubrey and Joe Johnson attended a show in Vernon Tuesday night.

G. B. Neill and family, Mrs. Ed Self and Mrs. G. A. Neill were shopping in Vernon Tuesday.

A. Oliver was a business visitor in Crowell Monday.

H. R. Randolph and wife were shopping in Vernon Tuesday.

W. C. Gardner, W. G. Scales, Buck Hudgens of this place and Fred Caldwell of Rayland left Monday for Junction City where they will spend several days hunting.

Mr. and Mrs. A. T. Miller of Clarendon are visiting their daughter, Mrs. C. B. Morris, and family here this week.

Mr. and Mrs. Curg Hatcher of Quanah visited relatives here Sunday.

Misses Opal and Olive Carter entertained quite a number of young people with a party at their home here Saturday night. The party was given in honor of Misses Lillian Reid's and Olive Carter's birthdays. Each one present report a dandy time.

Mr. and Mrs. M. C. Adkins, Mrs. C. B. Morris and Mrs. A. T. Miller were shopping in Vernon Tuesday.

Mrs. Charles W. Houser went to Wichita Falls Wednesday. She was accompanied by Mrs. Hancock of Vernon.

DECLAMATION NOTES

There will be eight contests in declamation, a senior and junior high school and rural school contest, for both boys and girls.

The declamations required for senior boys and for senior girls shall consist of prose selections lying in the general field of Americanism or good citizenship. In the junior girls' and the junior boys' divisions the selections can be taken from standard poetry of not more than five minutes in length.

A place has been provided for the sub-juniors from the ages of eight to ten before the first of September. Their selections shall be of simple standard poetry to not exceed five minutes in length.

The following is a list of books containing materials suitable for declamations:

1. "Great Speeches", Elizabeth W. Baker. Order from Allyn and Bacon, Dallas, Texas. Price 80 cents.
2. and 3. "Winning Declamations" and "Pieces That Have Won Prizes." Order from Lone Star School Book Depository, Dallas, Texas. Price \$2.00.

Let's have each school represented

in the contest with sub-junior, junior and senior declamations.

I shall be glad to give information to any one interested in the line of declamation.

MAY KING,

Director of Declamation.

VIVIAN

(By Special Correspondent)

Mr. and Mrs. A. A. Blair are the proud parents of a baby boy born Sunday night.

Mr. and Mrs. Allen Fish and children spent Sunday in the home of Mrs. Fish's aunt, Mrs. J. H. Johnson, of Chalk.

Mrs. G. W. Moore and sons, Garland and Hursell, of Paducah spent Saturday night and Sunday with her parents, Mr. and Mrs. W. L. McLaren.

Mrs. Allen Fish, Mrs. J. E. Fish, Mrs. C. L. Redwine, Mrs. Truman Kilman and daughter, Mary Frances, were shopping in Paducah Thursday.

Miss Frances Easley is visiting friends in Quanah this week.

Mrs. T. W. Cooper spent from Friday until Sunday with Mr. and Mrs. J. M. Sosebee and Mr. and Mrs. Adolphus Wright of Anson.

We always have the latest phonograph records—Victor, Brunswick, Columbia and Okeh, all 75c. 2 pieces. Radio equipment for all makes of radio sets, wet or dry or electricity.—Womack Bros.

5 PER CENT

Farm and Ranch Loans

Easy terms, 5 to 25 years—dependable service through the Federal Land Bank of Houston, The Farmers' Successful Co-Operative Loan System.

This bank has loaned \$140,000,000 to forty-eight thousand Texas farmers in 8 years. Let me tell you about it.

J. C. THOMPSON, Sec.-Treas. Crowell, Texas

Territory—Foard, Knox, King and Wilbarger Counties.

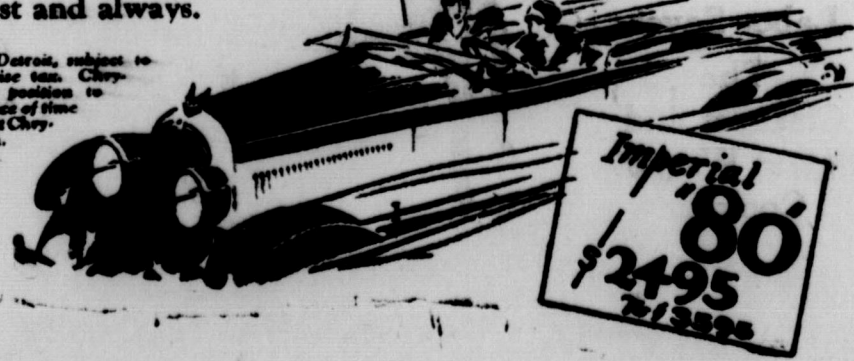

CHRYSLER

Offers a Price and Type for Every Need

Public confidence in Chrysler is based on the combination of excellence found in every Chrysler—whether New "52," Great New "62," Illustrious New "72" or Imperial "80"—and the knowledge that in performance, quality and value, each Chrysler is leader in its class.

Chrysler alone is able to hold this position because Chrysler alone builds products in four great markets on the basis of Standardized Quality—the expression of Chrysler determination to build for value first and always.

All prices f. o. b. Detroit, subject to current Federal excise tax. Chrysler dealers are in position to attend the convenience of these payments. Ask about Chrysler's attractive plan.

Crowell Service Station

Correct in Every Line

Your clothes reflect your taste. If you are attired in apparel that is faultless in every particular, people will realize that you insist upon the best.

At a modest price you can secure an International, J. L. Taylor & Company, or a Rose & Company suit—a garment that measures up to every specification.

Let us take your order for a Suit or an Overcoat now, so that you may have it by Thanksgiving, when you will want to look your best.

Do that and You will be Thankful ever afterwards that you did. Then, you will have it for Winter.

City Tailors

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, Owners and Publishers

Entered at the Post Office at Crowell, Texas, as second class matter

Crowell, Texas, November 18, 1927

Improved farming methods will be adopted from time to time until lands in this county will be producing more and better crops than ever. Crop rotation seems to be coming into greater favor. In this connection the value of pease as a land builder is becoming distinctly recognized. Pease land this year will produce better cotton next year than it did last. Ten years ago few farmers thought of planting pease to build land.

Foard County may have an oil boom within the next few years, but nothing, not even oil, will contribute more to the development of the country and make it a desirable place in which to live and build independent homes than the application of thought and study to its agricultural and stock raising resources. These are the things to depend upon and they will make the country prosper as nothing else will.

Marked progress has been made in Foard County within the last year in dairying and poultry raising. And these have just started. When every farmer, including owners and tenants, has come to fully appreciate the value of the cow and the hen, there will be fewer mortgaged bales of cotton and consequently greater independence in the matter of selling this staple crop.

A number of citizens in Dallas are supporting plans for the building of a hard-surfaced highway from near Dallas to Rhome. It would be a fine route from West Texas to Dallas, much shorter than by Fort Worth and away from the heavy traffic between the two cities. And it would be a good feeder for the Lee Highway out of East Texas and Southern Arkansas.

A building program is still in effect in Crowell. Many former residents visiting this place now are surprised at the change that has taken place within the last year. They can observe more readily than we who have remained here the change. This has been steady for the last three or four years.

The gin reports of the county this week indicate a 17,000 or 18,000 bale crop. We are by this time well up towards 16,000 bales and there is yet quite a lot of scattering cotton to be saved, to say nothing of the late cotton just coming in.

Seven automobile accidents were reported in Clay County last Saturday night and all of them might have been avoided. There are too many cars loose with strong gas pressure while the brain pressure is weak.

Mr. Gobbler has not realized the honor coming to him as the central figure of an annual celebration soon. But after all, it will cost him a whole lot.

Miss Elder says Lindbergh is a peach. Maybe so, but he has not yet become the victim of anyone's tooth.

Mr. and Mrs. G. C. Rector were here last week from San Angelo to spend their 20th wedding anniversary with their parents, Mr. and Mrs. G. W. Waller. They also announced the marriage of Miss Fay Owens, daughter of Mr. and Mrs. Joe W. Owens of Crowell, who was reared to young womanhood in this county, and a niece of Mrs. Rector's. Miss Owens and D. W. Barron of Plainview were married October 22nd at the Rector home in North Angelo. Mr. and Mrs. Barron will reside in San Angelo where Mrs. Barron is a student in the Business College and Mr. Barron is an employee of the the Highway Garage.

Our china and crockery department is attracting quite a lot of favorable comment by everyone. Five beautiful patterns: One German decorated, one English, ivory-decorated, two beautiful American decorated patterns and one shaped white. One can buy 1 piece at a time or any quantity. Our stock comes from W. S. George Co., Ohio. They are recognized quality crockery manufacturers. T. M. James & Sons, 40 years in the business, guarantee to us, and we to you, 2 for one.—Womack Bros.

B. G. (Greer) Reinhardt from Los Angeles, Cal., is here visiting relatives and friends at Margaret. Greer is a member of the police force in Los Angeles and is well pleased with his work. He also stated that he liked to live in that city.

Dudley U. Baker has been dividing his time somewhat between the plant of the West Texas Utilities Company at Crowell and Quanah for the last week. Mr. Brady, the new manager of the Crowell plant, did not arrive here until late in the week.

J. W. Carroll of the Vivian community, who recently sold his farm in that community to his brother, G. Y. Carroll, of Crowell, has bought 320 acres of land near Brownfield, 200 acres of which are in cultivation. Mr. Carroll expects to move to that country the first of the year.

Mr. and Mrs. T. B. Klepper and Mr. and Mrs. Allen Fish and children of the Vivian community visited their aunt, Mrs. J. H. Thomson, at Delwin in Cottle County last Sunday. They were accompanied home by another aunt, Mrs. Martha Mitchell, of Bonham who, after visiting at Vivian and Crowell for a few days, leaves today for Hamlin to visit a daughter.

Away With the Many Peddlers

We are here reproducing an article in the Tulla Herald a little different from anything we have ever seen. It might be helpful to some people in Crowell. It applies to the practice of patronizing not only peddlers, but to that of buying out of town, and includes not only some who are outside of business circles, but even some prominent business firms, or at least members of firms. It is worth the space it occupies if it causes a few to think about the matter seriously. Following is the article:

"Our merchants pay taxes, give to our benevolent causes, belong to and help maintain our churches, give individual service in making our school system efficient, stand ready to correct any defects in their merchandise, and are our friends, neighbors and benefactors. They are our community builders.

"Our peddlers are birds of passage, worry us just at the hours when we are busiest at our household duties, they pay no taxes, take no part in civic work, promise almost impossible wonders for their wares but are beyond our reach for any necessary adjustment in the defects of their goods. They live elsewhere, send the money outside of our city always and mostly outside of our State and are a pest on general principles.

"We have made a thorough study of our merchants and their goods. We find our merchants congenial to deal with and their goods better in quality and prices lower.

"Therefore, we, The Woman's Study Club of Tulla, resolve to give our loyalty to our home merchants and hope to be the first Woman's Club to go on record as condemning the dealing with peddlers of any type.

"We are 100 per cent for home industry and home people.

"Voted in regular meeting, Nov. 8, 1927."

I. O. O. F. Lodges In Association

Vernon, Nov. 11.—A bi-county Odd Fellows and Rebekah's association was formed at the Odd Fellow hall Wednesday night when representatives of lodges in Wilbarger and Foard met for that purpose.

O. O. Hollingsworth of Crowell was elected president for a term of six months, and Crowell was selected as the next meeting place. Other officers elected were: Mrs. J. S. Rowland, Doans, vice-president; P. M. McKinley, Vernon, chaplain, and Mrs. Bertha A. Ross, secretary-treasurer. A by-laws committee composed of O. H. Naylor of Vernon, Mrs. R. D. Oswald of Crowell and Mrs. Bertha Ross was appointed to report at the Crowell meeting, February 9.

Meetings of the association are to be held every three months and lodges will take turn in entertaining.

A per capita tax of two cents was voted. Lodges included in the association are: Vernon subordinates, Rebekahs and Encampment; Rayland Odd Fellows, Elliott Odd Fellows, Doans Odd Fellows and Rebekahs, Margaret Odd Fellows and Crowell Odd Fellows and Rebekahs.

Vernon Gives Up Irrigation Project

According to a news dispatch last week, Vernon has given up the Pease River Dam project, because it will be a burden too heavy upon the land owners. It is estimated that the cost will be about seven and a half million dollars and Vernon feels that it will not be a practicable proposition because of the immense cost.

Whether the proposition will be pushed by Burk Burnett and Electra has not been announced. So far as Crowell and Quanah are concerned, they are hopeful that the matter is not entirely dropped.

Ice Seen Here on Morning of 16th

It is not improbable that we have had a small amount of ice within the past week a time or two, but it was clearly visible Wednesday morning. There was a considerable amount of frost to be seen, also.

This change in the weather from almost summer temperature to winter should be helpful to the late cotton in causing it to open at once. The warm dry days following the cool nights may witness considerable development of late cotton.

MOTHERS

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life. If you have reason to think your child has worms, act quickly. Give the little one a dose or two of White's Cream Vermifuge. Worms cannot exist where this time-tried and successful remedy is used. It drives out the worms and restores the rosy hue of health to baby cheeks. Price 35c. Sold by Ferguson Bros. and Reeder Drug Co.

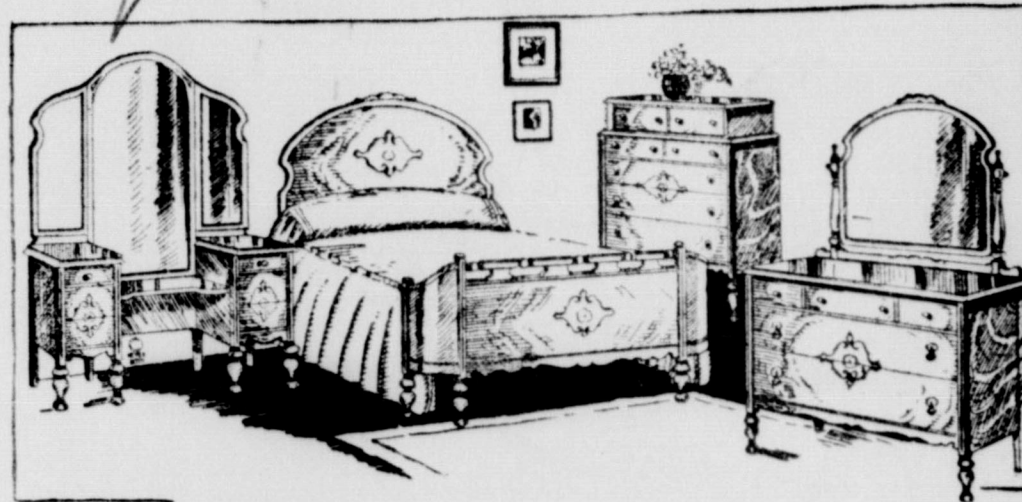

Home Arithmetic

To home add complete furnishings for one room.
Subtract all unsightly, unserviceable furniture.
Multiply the completely furnished room by the number of rooms in your house.
Divide your furniture markets by service, quality and dependability.

MONEY IN THE BANK

Money in the bank is worth more to you than if it is in your pocket. This is true because it is safe and because you are less liable to draw on it.

The temptation is sometimes great to spend when you have money in your pocket. It is not so when it is in the bank.

Then, it is better to pay by check. There is no chance for a dispute over payment of bills when you pay by check.

Start an account with this bank and keep it growing and you will in the long run be happier and wealthier.

LOVE FOR MUSIC

A noted British expert on sound says that human love for music comes from the stomach, all of which opens up some interesting possibilities. The stomach, of course, is influenced by the food eaten, so that our music tastes it is fair to reason, depend upon our diet.

The woman who sucks lemons to lose poundage would very likely go into a paroxysm of ecstasy upon hearing a funeral dirge. A cake eater or a candy lover would probably lapse into a state bordering on unconsciousness when the strains of a popular mellow ditty is played.

A meat eater's choice of music doubtless would run to rip-roaring jazz tunes where the saxophone plays the leading role and a spinach hound would be delighted with melodies that take one back to the greensward of the old home place.

The sound expert asserts that sound has affected man since the days when the ocean tides influenced the rhythm of man's heart and his digestive organs.

Unfortunately, sound has degenerated since that day when this country was a wilderness and the beating of the ocean tides provided the only rhythm that man knew.

Today innumerable sounds fill the air. They keep folk keyed to a high pitch and draw heavily upon one's store of nervous energy. In time certain sounds, at first raucous, are tuned into one's being and they no longer are annoying, but when we become accustomed to one, a new one bobs up to twang on one's eardrums.

All music, of course, is sound, but

all sound is not music. Likewise, there is a wide variance of opinion as to what arrangement of sounds make music. There are those who think a group of unintelligible words set to a series of notes as far removed from one another as possible, is in truth music, and pay exorbitant sums to hear men and women sing it. In some circles this is called grand opera and in others highbrow music.

Then there is that conglomeration of sounds, in which the aim seems to be to obtain as little harmony as possible. Modern youth calls it jazz. When the fathers and mothers of today were youngsters, it was ragtime. Under any name it is bad enough. Some folks feel like committing murder after hearing it. Others act like they would be at any time—that's the way they enjoy it.

Between these is a happy medium, sentimental perhaps, but nevertheless music that is tuneful and understandable. It is sound that causes pleasant sensation and does not ruin the digestion. It is sound that neither strikes your feet nor goes over your head.

Genuine Master Caryola portable, not so good as Brunswick 104, but same price, \$25.00. We give six records with it. Your choice for 10 per cent off for cash.—Womack Bros.

We have never in 20 years of successful business sent a "price swapper" into our competitor's store. We spot 'em every once in awhile.—Womack Bros.

WEST RAYLAND
(By Special Correspondent)

Mr. and Mrs. Joe Bledsoe of Harrold spent Sunday night with Bill Barrett and wife.

Mr. Haley of Wichita Falls visited Mr. and Mrs. M. L. Cribbs Sunday evening.

Mr. and Mrs. A. Oliver of Thalia visited Cap Adkins and family Sunday afternoon.

Josephine McLarty, who is attending school at Vernon spent Saturday night and Sunday with her parents, Mr. and Mrs. Owen McLarty.

Mrs. Sam Leak of Vernon is spending the week with her daughter, Mrs. J. D. Jobe.

Odel Pennington, who has been visiting his uncle, Frank Ward, and family for several weeks, returned Saturday to his home at Grapepland.

Mr. and Mrs. Sam Tolo of Thalia community visited Tom Ward and family Sunday afternoon.

Wallace Seales left Monday on a hunting trip to Mason County.

H. W. Gray of Thalia is remodeling the sleeping porch for Cap Adkins.

Mr. and Mrs. M. L. Cribbs visited Mr. and Mrs. Ralph Flesher of Fargo last Sunday.

Luther Martin left Saturday for Edmond, Okla., where he will attend school this winter.

Mr. and Mrs. Henry Meadows, Mr. and Mrs. Clifford Cribbs and Arnold Crisp and wife visited at East View cemetery at Vernon Sunday afternoon.

Pascal Belew and Homer Cribbs attended the picture show at Thalia Saturday night.

Mr. and Mrs. Henry Meadows left Tuesday for Levelland where they will make their home. They were given a farewell party Saturday night at the home of her parents, Mr. and Mrs. Fred Belew.

Present were, Mr. and Mrs. Bill Coffman of Thalia, Misses Eula Mae Gregg, Grayce and Bonnie Crisp, Myrtle Flynn, Edith Kate and Christine Prescott, Oneta Bootenhammer, Mrs. Laura Crisp; Messrs. Pete Gregg, Ross Corzine, Cecil Bootenhammer, Curtis McNabb, Homer Cribbs, Homer Martin, H. N. Buchanan and A. C. Crisp. Cake and hot chocolate were served as refreshments.

Mrs. T. A. French and children spent Friday night and Saturday with her parents, Mr. and Mrs. A. W. Crisp, while her husband made a business trip to Childress.

THE PEOPLE OF BRAZIL
By Frances Couch

Brazil was the first country in South America to be settled by the Portuguese and speak their language which most of the people still speak.

Some of the children of South America have had little chance of getting an education because some or most of the people are not able to pay for them to go to school and the free schools are very poorly attended. It is said that only two out of every ten get an education.

Over ninety-nine per cent of the people are Roman Catholics. The churches are not established and up-to-date as the churches in other countries of South America. The people are free to worship at any church they please, but the greater per cent are Catholics.

NOTICE TO CONTRACTORS

Souled proposals addressed to H. K. Edwards, secretary of Spring Lake Country Club, for the construction of an earthen dam with appurtenances will be received at the office of the secretary until 1:00 p. m., November 21st, 1927, and then publicly opened and read.

Description of Work to be Done

The work consists of the construction of an earthen fill dam with spillway, etc.; the approximate quantities are as follows:

Earth excavation, 43400 Cu. Yds.; Plain Rip Rap, 3500 Sq. Yds.; Concrete, 12355332.0 Cu. Yds.

Plans and specifications may be seen for examination and information at the office of the club secretary.

A certified or cashier's check addressed to H. K. Edwards for 5 per cent of the amount bid must accompany each proposal as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with the terms of the specifications.

The club reserves the right to reject any and all bids and to waive all technicalities.

BOARD OF DIRECTORS,
Spring Lake Country Club

Your tongue tells when you need

Coated tongue, dry mouth, bad breath, muddy skin, groggy nerves and sour stomach suggest its use.

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon Geo. P. Warner; Clara N. Warner; Abraham Lincoln; the unknown heirs, devisees and assigns of Hascal A. Hogel, deceased; E. S. Epperson, if living, and if deceased, his unknown heirs and devisees; Alice Kimball; Lillie Rice; Wm. H. Wilder; Josephine Wilder; Hannah W. Howard; Belle Wallace; Edith Wallace; Jennie Wallace; Anna W. Ager and Ruth S. Mott, and the Boston Safe Deposit and Trust Company, a corporation, Trustee, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be holden at the court house thereof, in Crowell, Texas, on the second Monday in February, A. D. 1928, the same being the 13th day of February, A. D. 1928, then and there to answer a petition filed in said court on the 23rd day of September, A. D. 1927, in a suit, numbered on the docket of said court No. 1324, wherein T. S. Patton and G. H. Patton are plaintiffs, and Geo. P. Warner; Clara N. Warner; Abraham Lincoln; James B. Watson; Wm. J. Frees; the unknown heirs, devisees and assigns of Hascal A. Hogel, deceased; E. S. Epperson and his unknown heirs and devisees; Alice Kimball; Lillie Rice; Wm. H. Wilder; Josephine Wilder; Hannah W. Howard; Belle Wallace; Edith Wallace; Jennie Wallace; Anna W. Ager and Ruth S. Mott, and the Boston Safe Deposit and Trust Company, are defendants, and a brief statement of plaintiff's cause of action, being as follows:

On the 1st day of Sept., 1927, plaintiffs were, and are now at the time of filing this suit, lawfully seized and possessed of those certain tracts or parcels of land hereinafter described, holding the same in fee simple. That on the 1st day of September, A. D. 1927, defendants, and each of them, unlawfully entered upon and dispossessed plaintiffs of said premises and are withholding from plaintiffs, possession thereof. That the premises so entered upon and unlawfully withheld by said defendants are described as follows:

Survey No. 95, Block A, Certificate No. 30-417, issued to the T. & N. O. Ry. Co., by B. H. Epperson, patentee, situated in Foard County, Texas.

That plaintiffs received title to said property by deed from M. M. Hankins on the 18th day of November, 1901, which deed is of record in Vol. 10, page 7, deed records of Foard County, Texas. That plaintiffs and defendants each claiming title under a common source to-wit: Hascal A. Hogel and Henry B. Mahn;

That on the 20th day of October, A. D. 1901, Hascal A. Hogel and Henry B. Mahn, by their attorney-in-fact, Geo. P. Warner, made, executed and delivered their warranty deed to M. M. Hankins, conveying the said above described lands, which deed is recorded in Vol. 10, page 4, deed records of Foard County, Texas, in which deed there was a reservation clause written therein as follows:

"Save and except that we do not hereby in anywise transfer or convey but do hereby expressly reserve and except to our own use and benefit and that of our heirs forever, all the mines, minerals and mineral rights, whatsoever that may be upon, within or under the said tract of land or any part thereof, as well as the right to work any mine, or mines upon said land, together with the full right of free ingress and egress upon and from said land for the purpose of mining for such minerals, working such mines and carrying the products thereof, it being also expressly hereby understood that we are to have the use of such part of the surface of said land as may be or become necessary for such mining operations not to exceed (50) acres in surface area of said tract but in the event such mining operation shall cause encroachment upon more than fifty (50) acres the purchaser or his heirs or assigns shall be paid therefor two thousand (\$2,000.00) dollars par value of the capital stock of the company which shall be organized for the purpose of extracting said minerals. Said stock to be paid up and non-assessable."

That at the time of the execution of said deed by the said Hascal A. Hogel and Henry B. Mahn, to the said M. M. Hankins, the existence either actual or probable of petroleum, oil or natural gas in that portion of the state in which said lands are located, was wholly unknown and unthought of; that at said time there had been little, if any, oil or gas produced in this state; that at said time the grantors, Hascal A. Hogel and Henry B. Mahn, were interested in the mining of copper and metallic ores in the vicinity in which said land is located, and it was not contemplated by any of the parties to said original deed that the terms of said deed included any particular petroleum, oil or natural gas, but it was the understanding, intention and agreement of all the parties thereto that said deed should reserve to the grantors or their assigns, metals, metallic ores such as copper and other minerals known as "hard minerals," and it was not intended to reserve and retain to the grantors, minerals in the broad technical definition of the term and to include petroleum or natural gas.

Plaintiffs allege that, although they have been in actual possession of the premises, that the defendants, Geo. P. Warner, and his grantee, Clara N. Warner, have asserted and claimed that said reservation hereinbefore set out retained and reserved all the oil and gas mining rights on said land to said grantors, Hascal A. Hogel and Henry B. Mahn, and their assigns, when in truth and in fact said Geo. P. Warner and his grantee, Clara N. Warner, well knew that said reservation was never so intended

and such claim constitutes a cloud on the title of plaintiffs lands. Plaintiffs allege that the said defendants claim or appear to claim some right, title or interest in and to said lands above described, and the oil and gas mining rights thereunder, adverse to these plaintiffs; plaintiffs allege that said defendants have no right, title or interest in said premises, but if any they have the same is junior and inferior to the rights of plaintiffs.

Wherefore plaintiffs pray that defendants be cited to appear and answer this petition, that they have judgement against the defendants and each of them quieting their title in and to said section No. 95, Block A, certificate No. 30-417, T. & N. O. Ry. Co., B. H. Epperson patentee; also quieting their title in and to the petroleum, oil and natural gas rights, and oil and natural gas in, on or under said lands, and if the court finds that under the terms of said conveyance, plaintiff's title to the oil and gas rights does not appear to be clearly set forth then plaintiffs pray that the deed above mentioned be reformed to vest title in plaintiffs as the grantee of the original M. M. Hankins in and to said lands together with all oil and gas in, on and under the said above described lands, with the right to prospect therefor and the defendants and each of them be forever enjoined from claiming or asserting any right, in the premises and for costs of suit and for such other and further relief, general and special in law and in equity that they may be justly entitled to.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this, the 10th day of October, A. D. 1927.
(Seal) IDA REAVIS, Clerk.
District Court, Foard Co., Texas.
By A. G. MAGEE, Deputy. 22

Some day home loving men will pledge their brides-to-be neither to swim the English Channel nor to make an ocean flight.

A French philosopher and statesman once said that words are for the purpose of concealing thoughts, and more and more are we convinced of this fact.

There would be many more thin humans in this fair land of ours if it were half as much fun taking it off as it is putting it on.

In spite of the pressure, to date none of the more advanced specialists has ever actually prescribed a cigarette for laryngitis.

The old-fashioned poem about the curfew should be amended to read "The curfew shall not ring this morn."

THE FOARD COUNTY NEWS

THINGS WORTH KNOWING

New Zealand has the lowest death rate among children under one year of age, the average being forty per thousand, while Australia is second with a rate of 54 of every thousand born.

An English inventor claims to have devised "one way windows" which are transparent and have a greenish hue to a person looking out, but a person trying to look in sees only an opaque panel.

A Duluth, Minn., man has 700 bank accounts of \$1 each in thirty-one states, and his ambition is to make it one thousand. Since 1923 he has been hiking about the country and deposits a dollar in every town where he earns any money.

Experts doubt whether television will enable people to sit by their firesides and view distant events as they happen. Enormous obstacles are said to stand in the way of practical television for everybody, chief of which is the speed difficulty.

Devices were exhibited at a recent telephone convention which will enable the deaf to hear and the mute to speak. An artificial larynx has been perfected to take the place of vocal cords and an electric ear by which the deaf may hear through finger vibrations has been found practical.

A recent discovery shows the "Clonian Society" of Vernon, Ind., to have been the first women's club in the United States. Its yellowed constitution, showing the club to have been organized July 17, 1855, was found in the cornerstone of the Vernon high school building that was razed. The Minerva Society of New Harmony, Ind., previously had been thought the first woman's club.

Science has exploded the fascinating myth about Mars, said to be inhabited by a race of super-men who covered the planet with a network of huge canals. Astronomers have concluded that Mars is a world of frigid nights, warmer days and parched soil where only the hardiest of plants may grow and the earth man would pant for breath due to the scarcity of oxygen compared with the earth.

It's too bad Ruth Elder couldn't have been picked up by an ocean liner instead of an oil tanker, but probably an oil tanker looked like a presidential yacht under the circumstances.

FLOOD RELIEF REEFS

Congress, as a whole, is reported to be sympathetic with the plight of the flood sufferers and is anxious to help. But the congressmen individually are going to suffer from the natural temptation to tie their own locality projects to the flood control measure with the logical hope of going through with the tide.

It would be a fine thing if the congressional leaders, irrespective of party, would lay down a program that the flood control bill only will be considered, and declare against the addition of any riders, trimmers, extensions or modifications which are simply camouflage movements to tag it with these strictly local undertakings.

A New York policeman committed suicide because he thought he was too handsome. We know some other fellows who feel the same way about themselves only they don't take it so seriously.

A girl in Berlin who was trying to get New York on the phone got London instead. So far as our information goes this is the most perfect wrong number incident on record.

Speaking of supply and demand, flannel doesn't seem to be any cheaper now than in the days when the average woman wore a half dozen petticoats.

It is said that 15,000 sets of twins are born in Germany each year, which may be another reason why France gets a little nervous now and then.

Another income tax cut is proposed, including elimination of nuisance taxes, which are not as bad as painted. The real nuisance is making the money to pay them.

They used to say that "money makes the mare go" and the epigram is still true if you substitute "divver" for "mare."

Work hard and save your money so your children won't have the troubles which made a man of you.

A reckless speeder often ends on the rocks when he ought to be on the rock pile.

Once upon a time men were known by their deeds. Now it's their speed.

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon Geo. P. Warner, Clara N. Warner; Abraham Lincoln; Nan B. Smith; Howard Prowse; Jeanette Brown; H. C. Lundberg; O. L. Lundberg; Newell Smith; Mrs. M. W. Standly, and her husband, if living, whose name is unknown; and the heirs, trustees, devisees and assigns, immediate and remote of Hascal A. Hogel, deceased; E. S. Epperson, his heirs, trustees, devisees and assigns, immediate and remote; Alice Kemble; Lillie Rice; Wm. H. Wilder; Josephine Wilder; Hannah Wallace; Jennie Wallace; Edith Wallace; Ruth S. Mott; Anna W. Ager; Ruth S. Mott and the Boston Safe Deposit and Trust Company, a corporation, trustee, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be held at the court house thereof, in Crowell, Texas, on the second Monday in February, A. D. 1928, the same being the 13th day of February, A. D. 1928, then and there to answer a petition filed in said court on the 23rd day of September, A. D. 1927, in a suit, numbered on the docket of said court No. 1323, wherein J. B. Easley is plaintiff, and Geo. P. Warner, Clara N. Warner, Abraham Lincoln, Nan B. Smith, Howard Prowse, Jeanette Brown, H. C. Lundberg, O. L. Lundberg, Newell Smith, Mrs. M. W. Standly and husband whose name is unknown, Wm. J. Frees, James B. Watson and the unknown heirs, trustees, devisees and assigns, immediate and remote; Hascal A. Hogel, deceased; E. S. Epperson, if living, and if deceased his unknown heirs, trustees, devisees and assigns, immediate and remote; Alice Kemble; Lillie Rice; Wm. H. Wilder; Josephine Wilder; Hannah Wallace; Jennie Wallace; Anna W. Ager; Ruth S. Mott and the Boston Safe Deposit and Trust Company, Trustee, a corporation, are defendants, and a brief statement of plaintiff's cause of action, being as follows:

That on or about the 1st day of Sept., A. D. 1927, plaintiff was, and now is, at the time of the filing of this suit, lawfully seized and possessed of those certain tracts or parcels of land hereinafter described, holding the same in fee simple, that on the said 1st day of Sept., A. D. 1927, said defendants, and each of them, unlawfully entered upon and dispossessed plaintiff of said premises, and are withholding from plaintiff the possession thereof. That the premises so entered upon and unlawfully withheld by defendants from plaintiff are described as follows, to-wit:

Survey No. 21, Block A, containing 640 acres of land, located by virtue of certificate No. 30-438, T. & N. O. Ry. Co., B. H. Epperson, Patentee, and Survey No. 23, Block A, containing 640 acres of land, located by virtue of Certificate No. 30-420, issued to T. & N. O. Ry. Co., B. H. Epperson, patentee, and Survey No. 27, Block A, issued by virtue of Certificate No. 30-569, Texas & New Orleans Railway Company, B. H. Epperson, patentee, all situated in Foard County, Texas. That plaintiff purchased of and from Hascal A. Hogel and Henry B. Mahn, by warranty deed, Survey No. 23, Block A, Certificate No. 30-420, issued to T. & N. O. Ry. Co., patented to B. H. Epperson, assignee of said company by Pat. No. 74, Vol. 24, recorded in Vol. 9, page 291, deed records of Foard County, Texas; said deed being executed by Hascal A. Hogel and Henry B. Mahn by their attorneys-in-fact, Geo. P. Warner; that plaintiff, on May 29, 1901, purchased of and from said parties by warranty deed, Survey No. 21, Block A, Certificate No. 30-438, issued to T. & N. O. Ry. Co., patented to B. H. Epperson, assignee of said company by Patent No. 87, Vol. 24, which deed is recorded in Vol. 9, page 376, deed records of Foard County, Texas; that on the 28 day of November, 1924, plaintiff purchased Survey No. 27, Block A, certificate No. 30-569, T. & N. O. Ry. Co., patentee, B. H. Epperson, situated in Foard County, Texas, from F. D. Hendrix, holding and claiming said Survey No. 27, under a recorded title from Hascal A. Hogel and Henry B. Mahn and their assigns. That the said Hascal A. Hogel and Henry B. Mahn are the common source of title from which plaintiff and each of the defendants claim title, except B. H. Epperson and his heirs.

Plaintiff alleges that in each of said deeds this clause was written therein:

"To have and to hold, all and singular the said tract of land, together with all and singular the rights, tenements, hereditaments and appurtenances to the same belonging or in anywise incident or appertaining unto the said J. B. Easley and his heirs and assigns forever, save and except that we do not hereby in anywise transfer or convey but do hereby expressly reserve and accept to our own use and benefit and that of our heirs and assigns forever all the mines, minerals and mineral rights whatsoever that may be upon, within or under the said tract of land or any part thereof as well as the right to work any mine or mines upon said land therefor, together with the full right for free ingress and egress upon and from said land for the purpose of mining for such minerals, working such mines and carrying the products thereof, it being also expressly hereby understood that we are to have the use of such part of the surface of said land as may be or become necessary for such mining operations, not to exceed fifty (50) acres in surface area of said tract but that in the event such mining operation shall cause an encroachment upon more than fifty (50) acres the purchaser or his heirs or assigns,

shall be paid therefor two thousand (\$2000.00) dollars, per value of the capital stock of a company which shall be organized for the purpose of extracting such minerals, said stock to be paid up and non-assessable."

Plaintiff alleges that at the execution of said deed as aforesaid, by said Hascal A. Hogel and Henry B. Mahn to plaintiff, containing said reservations the existence, either actual or probable of petroleum, oil and natural gas, in that portion of the state in which said land is located, was wholly unknown and unthought of.

Plaintiff alleges that at the time of the execution and delivery of said deeds as aforesaid, the original grantors were officers and directors and managing agents in a mining corporation, "The Texas Copper Company," which was engaged in mining copper and other metals and metallic ores, and it was not contemplated by any of the parties that the terms of said deeds included in any particular oil or natural gas; that at the time of delivery of said deeds containing said reservation it was not the understanding, intent nor agreement of either of said parties to said deeds that said instruments should reserve to the grantors or their assigns in any manner the petroleum, oil or natural gas, or the right to operate, drill for and produce the same, but it was the understanding between said parties, as shown by said reservation, that the grantor intended only to reserve metals and metallic ores and minerals produced in the ordinary methods of mining ore, all of which was and is well known to the defendant, Geo. P. Warner and his grantees.

Plaintiff alleges that under the terms of said deeds said intention, understanding and agreement was clearly set out and shown, but it appears recently although plaintiff has been in actual possession and occupancy of said premises, that defendants Geo. P. Warner and his grantees, Clara N. Warner, assignee under Hascal A. Hogel and Henry B. Mahn, have asserted and claimed that said reservation mentioned retained and reserved all of the oil and gas mining rights with the right of ingress and egress for the purpose of operating for oil and gas to said Hascal A. Hogel and Henry B. Mahn and their assigns, and the said Geo. P. Warner and Clara N. Warner have executed numerous sundry and divers conveyances and leases upon plaintiff's lands for oil and gas purposes which is clouding the title of this plaintiff. That if said deeds above mentioned on their faces do not clearly set forth the understanding and agreement of said parties; that the oil and gas rights were not to be reserved to the parties grantor, but to pass to the parties grantee, then said deeds are ambiguous and uncertain and do not truly and correctly set forth the true understanding, contract and agreement of said parties at the time of execution of same. That plaintiff is entitled to have said original deeds reformed to express the true understanding and agreement between the parties thereto.

Plaintiff alleges that said defendants, all and each of them, claim or appear to claim some right, title or interest in and to said lands and the oil and gas mining rights thereunder, adverse to the right, title and interest of plaintiff. That if any right they have in and to said premises, the same is junior and inferior to the rights of plaintiff in and to the fee simple estate in said lands, and the oil and gas mining rights thereon.

Wherefore plaintiff prays (1) that defendants be cited to answer this petition, that plaintiff have judgment for the title and restitution of the above described premises, and (2) that he have judgment against said defendants, and each of them, quieting title in and to said lands above mentioned, also quieting his title in and to the petroleum, oil and natural gas in and under said tracts of land, together with the right to prospect therefor and the said plaintiff be decreed to be the owner of said lands, and if the court finds that under the terms of said conveyances this plaintiff's title to the oil and gas rights does not appear to be clearly set forth plaintiff prays that the deeds above mentioned be reformed to vest title in this plaintiff, to the oil and gas in and under the said above mentioned lands, and that defendants, and each of them be forever barred and enjoined from claiming any right, title or interest in and to the premises above set forth, and to the oil and gas upon, in or under the said lands or any part thereof, and for costs of suit and for such other and further relief, special and general, in law and in equity that he may be justly entitled to.

Herein fall not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, on this, the 10th day of October, A. D. 1927.
(Seal) IDA REAVIS, Clerk.
District Court, Foard Co., Texas.
By A. G. Magee, Deputy. 23

SAFETY PERSONAL MATTER

For the first seven months of 1927, 11,448 automobile deaths were recorded in our country, a gain of 418 over the same period last year. The total may reach 25,000 before the year passes.

Stringent licensing of drivers, with cancellation of driver's permit for careless or dangerous operation of automobiles, would help greatly in reducing the number of automobile accidents.

Making it a prison offense to drive without a license, or after a license is revoked, as it is an offense to have burglar tools or explosives, it would enforce personal cooperation and responsibility, without which there is no safety.

The German commanders at the battle of the Marne were all sick, according to a German staff surgeon-general, who has come forward with this alibi. We always imagined that generals never won any battles anyway.

A British economist says that more work ought to be found for the middle aged. As far as we are concerned we will be satisfied with just a little less.

One of the United States senators from Delaware has regained the power of speech through installation of an artificial larynx. Bad news for the editors of the Congressional Record.

Speaking of labor problems, did you ever stop to think of what would happen to the country if mother demanded and got an eight hour day?

If Mexico wants to prosper, she ought to make a bid for the tourist trade instead of kidnapping every American that is loose.

Are You Facing Financial Loss?

You are if your property is not adequately insured. Disaster knows neither Race, Creed nor Color. It comes when least expected. Protect yourself with a policy written in some one of our strong companies, which will promptly indemnify you for all loss from fire. Don't put it off, tomorrow may be too late.

We insure, homes, business houses, cotton, any property subject to damage by fire.

**PRODUCTS TO PLEASE
 OUR PATRONS**

That's the reason our customers tell their friends about our delicious meat cuts. They please and repeat orders are the result.

The same applies to our wholesome bread and delicious pastry, and when you once try them you become a regular customer. Try some of our baked goods and we feel sure that you will never be satisfied with any others.

There is no better bread placed before the people of Crowell than "MY BREAD."

Sanitary Market Que R. Miller, Prop.
 Leaders in Our Line

TWO EXTREMES

Americans may be extravagant, they may buy heavily on the installment plan and they may enjoy good living at high prices, but they are savers too. The tremendous increase in the number of people who have invested in sound stocks and safe bonds, added to the enormous roll of savings bank depositors is a splendid index to American thrift, a quality which until recent years this nation has deplorably lacked.

In addition to the bank depositors and investors in securities there is another army composed of home builders. For their benefit there has been developed the building and loan system, which flourishes in many cities in an amazing manner.

Rodger Babson declares that there are few channels for the development of thrift that are at all comparable to the building and loan plan. It encourages and makes profitable a system of semi-compulsory saving that has resulted in the building of more homes, in the acquisition by former tenants of more pleasant places in which to live, and in the promotion of the home loving and home owning instinct in greater degree than almost any factor in modern life.

To the man who must pay for his home "like rent," the building and loan gives the best possible opportunity to attain his ambition. It is the most useful "pay as you ride" institution, the most practical means of building a home out of daily earnings.

There are, for all the pleasure-loving youth of the present day, many young men who realize the advantages of what has been called "constructive indebtedness." It probably is true that few men ever begin to save in earnest until they incur this type of debt. There is a satisfaction incurred to provide for the future which gives it the qualities of a real pleasure.

Dreamland mattresses are like a huge pillow—1200 layers strict midling pure white cotton; 20-year guarantee \$35.00, American Beauty, made exactly like it but not strict midling \$27.50 to \$30.00.—Womack Bros.

Jealousy is a green-eyed monster, but it may turn one or both of your eyes black.

SOMETHING FOR NOTHING--

We have never offered you this, and good business will forbid us so doing in the future. But we have tried at all times to give you the best values for your money that can be obtained and you have shown your appreciation by your splendid patronage.

So that when occasion presents itself whereby we can give you an extra saving in actual dollars and cents, we are pleased to do so.

To state it frankly, we have 36 wool dresses, carried over from last year, lovely materials and good workmanship—dresses that sold up to \$24.00, and instead of waiting until it is warm weather again and offering what are left to you at a reduced price, we are going to give you that advantage now at the beginning of cold weather. You can appreciate that—wool dresses at a reduced price before winter has really set in.

Some of them will not require an alteration, some will bloom fresh and new with the addition of a new collar and cuffs, a new buckle, or a shortened hem line, little things any clever woman can do herself.

There are a few children's dresses in this group, broken sizes from 3 to 14.

FRIDAY, SATURDAY and MONDAY, if they last.

Morning services begin with Sunday School at 10 o'clock. Preaching at 11 o'clock. Subject "Men to Fill the Gap." Ezekial 22:30.

All are welcome to come and worship with us.

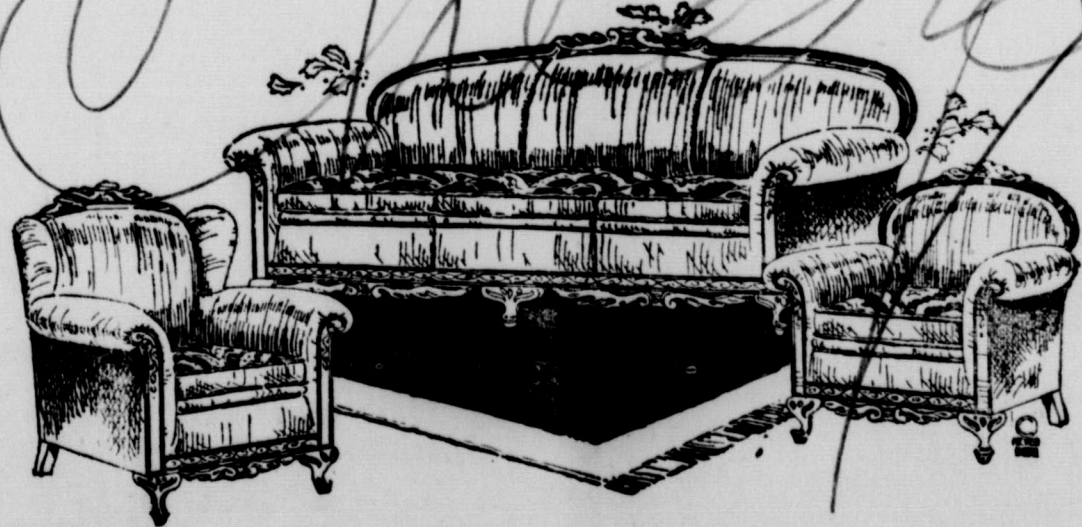

There will be no night service out of deference to the beginning of the pastorate of Rev. W. R. McCarter at the Methodist church. We will attend services there.

L. H. SMITH, Pastor.

Our Big Store Is Now Full from Bottom to Top

And from rear to front of the very best goods that we can hope to dispose of at prices fair to both our customers and to ourselves. One thing WOMACK BROS. have consistently done for 20 LONG YEARS is to be absolutely square with our Customers. We believe our customers are entitled to open and fair treatment. If we have made a GOOD BUY, it's our duty to pass it on to our customer, (instead of taking the attitude of "tacking on" an additional profit because we have made a good buy). On the other hand, we sometimes make a BAD BUY. We feel WOMACK BROS. should stand this loss, if any, and not an unsuspecting purchaser. If we have anything not up-to-date, going out, or changing style, we always call our prospective customer's attention to the change or defect. We think it right.

Munsingwear

The fabrics are so soft—the fit is so perfect.

You enjoy such snug protection with so little bulk or weight.

Look where you will, you cannot beat Munsingwear for comfort, beauty, durability and economy.

It will pay you to buy it for every member of the family.

We have it here in all the popular styles, sizes and fabrics.

We invite you in to see the Munsingwear garment, and try it.

1892 **R. B. EDWARDS COMPANY** 1927

County Agent Advises Interest in Orchards

County Agent Fred Rennels is much interested in all phases of farm activities, and among the things which he thinks might be profitably considered is the raising of more fruit. On this subject he has the following to say:

"This season of the year is the time to consider putting out an orchard or re-setting trees in the old orchard that have died out.

"The soils in many sections of the county are not as well adapted to the growing of fruit as it is in others, but a few fruit trees and grape vines are usually found profitable in most any locality when they are properly cared for.

"Usually there are enough good fruit years, that by preserving and canning, an orchard on most any type of soil would furnish an abundance of fruit for several families.

"It is very doubtful if an orchard large enough to market fruit commercially would be profitable in this county, even on the best adapted types of soil. However, a small home orchard on most any type of soil in the county should prove profitable and worth while from the standpoint of convenience, health, economy and as an added attractiveness to the farm home.

"G. J. Benham, who lives in the Vivian community, has a small orchard consisting principally of peaches and plums, that has been bearing for the past several years and has furnished a good supply of fruit for the farm use. This orchard is on soil that is usually considered not very well adapted to fruit. However, Mr. Benham has arranged it so that the surplus water that is drained from his field by terraces may be turned into the orchard if necessary. This is quite an advantage during a dry time when a sudden downpour of rain would run off without soaking into the ground around the trees.

"L. F. Weber also of the Vivian community, has an orchard and a few grape vines that are doing fairly well. It is necessary to select a very hardy type variety of grape vines to plant on the harder type soils.

"Fred Reithmeyer, who lives east of Crowell, has quite a few grape vines that are doing fairly well, also a few fruit trees and is planning on putting out more soon.

"A small orchard of peaches, plums and a few pears and other varieties of fruit is a valuable asset to any farm and can be had with but very little expense and labor."

GENE STRATTON PORTER'S Last Novel THE MAGIC GARDEN

In Re Guardianship of the Estate and Person of Ruth Sparks, Lucille Sparks and Sallie B. Sparks, minors, No. 247, in the County Court of Foard County, Texas.

Notice is hereby given that I, Gladys Sparks, guardian of the person and estate of Ruth Sparks, Lucille Spark and Sallie B. Sparks, minors, have this day filed my application in the above entitled and numbered cause for an order of the County Judge of Foard County, Texas, authorizing me as guardian of the estate of said wards to make a funeral home upon such terms as the court may order and direct, of the following described real estate belonging to the estate of said wards, to-wit:

1. An undivided three-fourths interest in and to all of fractional survey No. fifty-four (54) block 41, H. & T. C. Ry. Co., containing three hundred twelve (312) acres of land.

2. An undivided three-fourths interest in and to all of the east 107.5 acres of the south one-half of the McGuire Chesser 378 acre survey, certificate No. 15-197.

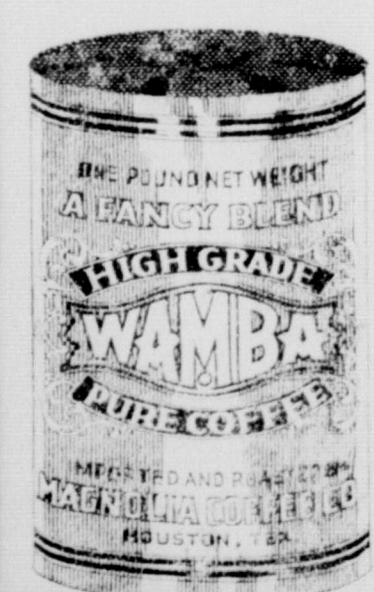

3. An undivided three-fourths interest in and to all of the west 26.8 acres of the south one-half of the I. J. Thompson survey by virtue of certificate No. 20-11 and described as follows: Beginning at the S. W. corner of said I. J. Thompson survey; thence north 705 varas; thence east 215 varas; thence south 703 varas; thence west 215 varas to the place of beginning. All of said land above described lying and being situated in Foard County, Texas; said application will be heard by the County Judge at the courthouse in the city of Crowell, Texas, on the 28th day of November, A. D. 1927, at 1 o'clock p. m.

GLADYS SPARKS, Guardian of the Estate and Person of Ruth Sparks, Lucille Sparks and Sallie B. Sparks, minors.

FIRST CHRISTIAN CHURCH
L. Guy Ament, Pastor

Next Sunday let us all come together with one accord and mind, and that to do the Lord's will. Services at 11 a. m. and 7 p. m. The Sunday School meets at 10 a. m. You ought to be there and make your contribution in the service. God wants you personally. All are invited and will be welcome. Next Monday the Bible class meets for study at 3 p. m. At the 11 o'clock hour let us make an offering to our State work. Keep that in mind. If all of God's people will do their bit we can do a great work for the Lord.

Big Circus to be Put on By School Sat.

On Saturday, November 19, the Crowell school, under the auspices of the P. T. A., will give a circus at 2:30 o'clock. There will be a big parade in town at 2 o'clock. This parade will feature animals from all parts of the world, funny clowns, a caliope and numerous other parade events. The parade will go to the ball park for the big performance. There will be varied side shows, etc.

One of the main features will be a push-cart contest between the schools of the county. A prize will be given to the winner. There will be tight rope walking, daring feats and plenty of laughs furnished by the clowns.

The proceeds from this will be applied toward the fund for buying the curtain for the new school building.

Rialto Making Every Improvement Possible

The management of the Rialto Theatre is ever on the alert for any improvement that will add to the appearance and convenience of the theatre building as well as ever looking for the best pictures that can be procured for the entertainment of its patrons.

The front of the building has recently been painted, an arch built across the front and a lobby cut off on the inside. Another new addition is a slide projecting machine which has been installed on the awning with a small screen which shows ads and dates of coming pictures. For some time a continuous show has been given commencing in the afternoon.

Baby Undergoes An Operation at Quanah

Little Henry, the 8-months old baby of Mr. and Mrs. A. D. Campbell, underwent an operation at Quanah Monday night.

The operation is said to have been a serious one but the child is reported to be improving.

Margaret and Rayland Report Hail Monday

Reports came in through the week that at both Rayland and Margaret some hail fell Monday night. Quite a nice shower also fell at both places but was not needed except where there was some wheat, and Rayland, especially, is out of the wheat belt.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a brain festering sore. The cheapest, safest and best way is to disinfect the wound with Iodine Borozone and apply the Borozone powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. S. C. I. Ferguson Bros. and Reeder Drug Co.

BOUGHT SOME GOOD BIRDS

It seems to have been the custom in times past when there was a good cotton crop, good prices and other farm enterprises prosperous and profitable, that the farm poultry flock would be forgotten, but this is not the case judging from the interest that is being taken in purchasing new stock.

J. H. Kinchloe and J. T. King, who are raising Buff Orpingtons have recently purchased some fine cockerels as additions to their flocks. Special attention was given to the egg production records of the young birds that were bought. They are pedigreed and certified stock and come from hens that have egg records of 200 per year and better. They are also from birds that are bred to show purposes as well as production.
