Kids Declare Holiday to See Jack Hoxie

Jack Hoxie, one of the most famous of the Western movie stars, was in Crowell Saturday for personal appearances at the Rialto Theatre in connection with one of his pictures that was being shown at the time. The trip that Mr. Hoxie is now making is the first that has been made to the smaller towns by a major movie star and it is fortunate for Crowell that Hoxie will appear here personally.

While in Crowell, Geo. W. Wall, Hoxie's manager, received a telegram stating that satisfactory arrangements had been made with the Dent and E. & B. Theatre enterprises, whereby Hoxie will appear in person at the 120 theatres in Texas controlled by these two companies. Hoxie had planned to go straight through to Chicago on this tour that he has been making from Los Angeles, but his new contract will keep him in Texas until late in the summer.

Children in Crowell and surrounding territory practically declared a holiday to see and meet their idol and hero whom they had many times cheered as he performed his many spectacular deeds on the silver screen. Jack, according to the kids, looked every bit the hero that the screen typified him and due to his size, most of them had no doubt but what he would be a good match for ten men in real life the same as he is in his pictures.

Jack will forever be remembered by a number of sick children that he visited in Crowell who were unable to attend his performances. Since leaving Los Angeles, he has visited over 20,000 sick and crippled children at hospitals and in their homes.

Hoxie is a native of the Southwest, having been born in Guthrie, Okla. He spent many years working on ranches in Montana and Idaho and has held the world's championship for bulldozing and trick riding. He expressed his disgust at present day tameness of rodeo bulldozing. Hoxie learned the art of that sport from Bill Pickett, negro of 101 ranch, who originated bulldozing and at that time it was necessary for a contestant in bulldozing to catch the upper lip of the steer between his teeth in bringing the animal to the ground. Hoxie performed that feat in ten seconds at Bakersfield, Cal. in 1915 and it is believed that it still stands as a world's record.

Jack was with wild west shows for several years and for the past four years he has played in Universal pictures. He is now producing independently and his pictures this year will feature Peter B. Kyne's stories.

Geo. W. Wall, Hoxie's manager, was also here, a former Texan and for a number of years he was train dispatcher for the Katy at Denison.

Crowell Boy Trains With U. S. Marines

Attracted by the prospect of service with the U. S. Marines, which may lead to adventures on land or sea, Euell Martin Oldham, of Crowell, recently qualified as a member of Uncle Sam's famous corps by successfully passing the entrance examination at San Diego, Calif.

Euell, who is 21, and a native of Texas, formerly made his home with his father, Marvin B. Oldham, rural route 2, Crowell. He applied for enlistment in the Marine Corps at San Diego for further qualification as a U. S. Marine. At the West Coast base he is undergoing instruction in the drills, duties, and customs of the soldiers of the sea. Within a few weeks he may leave for service elsewhere, as the Marines remain long in one locality. The nature of their duties requiring rapid shifting of their forces from one location to another.

Christian Church Organizes Fifth Sunday Meeting

An organization has been made by the Christian church for Fifth Sunday Meetings, covering the county at churches of the counties of Ward, Childress and Cottle. The first meeting was held at Quanah in March. The next one will be held at Childress next Sunday. They are day meetings. Rev. H. H. Neeley of Quanah was elected as president of the organization.

Woman Speaker To Help in the Methodist Revival

Mrs. R. L. Flowers, the wife of the evangelist, will assist in the Methodist revival which begins Sunday. Mrs. Flowers is a native of Texas and has been in the evangelistic work for fourteen years with her husband. Her message Sunday night will be her first message in Crowell and will be of interest to every Methodist in the community. Her subject will be "The Power of the Gospel."

Mrs. Flowers will conduct special meetings for married ladies during her stay in Crowell. These meetings are always well attended. She is a forceful speaker. Also a series of heart to heart talks will be given to the young ladies of the community while in the city.

"Crowell's Greatest Need," will be Evangelist R. L. Flowers subject Monday night which will be his first message in Crowell. Every Methodist in the community is being urged to hear this message. Evangelist Flowers has a good voice and an interesting message.

A Great Picture Here on May 4th

The local American Legion Post has secured the motion picture life of Woodrow Wilson and will show it free to the public all day during Friday, May 4th, until 6 p. m.

The free showing of this great educational film is made possible by the Houston Chronicle, which is owned by Jesse Jones, the man who brought the Democratic National Convention to Houston, and through the further splendid co-operation of T. B. Richmond, manager of the Rialto Theatre, who has made arrangements to show this film of six reels all day May 4, until 6 p. m.

Any school that desires a private showing of this great film, showing only actual scenes, should see Mr. Richmond in regard to the matter. This picture can be obtained only by American Legion Posts, as it carries the message of universal peace, which was the ideal that caused our young men to offer up their lives in the World War, and is the dream of the American Legion. Take the profits out of war and there will be fewer wars.

This is a great picture and everyone should accept the opportunity to see it. Remember the date, April 4, all day until 6 p. m.

Scholastics in Crowell District Show Some Gain

According to the report made by Jesse Moore, who has completed the enumeration of the scholastics of the Crowell Independent school district, there has been a gain of 9 whites and 35 colored pupils over the scholastics of last year.

There were 560 whites last year and 35 negroes, making a total of 595. There are 569 whites this year and 70 negroes, making a total of 639.

The enumeration by sexes this year shows that there are 287 white boys and 282 white girls, and 30 negro boys and 40 girls. The per centage gain in white scholastics is a little more than 1.6 per cent, while that of the colored scholastics is even 100 per cent gain. The percentage gain of whites and negroes is nearly 7.4 per cent.

MRS. CANNON'S BROTHER DIES

Samuel Houghton Lyles, brother of Mrs. A. F. Cannon of this city, was born April 1, 1859, and died April 23, 1928, at his home near Dallas. The cause of his death was high blood pressure and leakage of the heart. Besides Mrs. Cannon he is survived by three other sisters and two brothers. Burial took place at Plano Tuesday.

SANITARY CAFE SOLD

W. B. Tysinger has bought the Sanitary Cafe from Stanley Sanders. The cafe is now closed and is being remodeled. Mr. Tysinger expects to open up about the first of May. He has moved his family to Crowell and they will make this their permanent home.

The coming of the railroad to Throckmorton is to be celebrated on May 4th, and the neighboring towns are planning to send large delegations to join in the celebration.

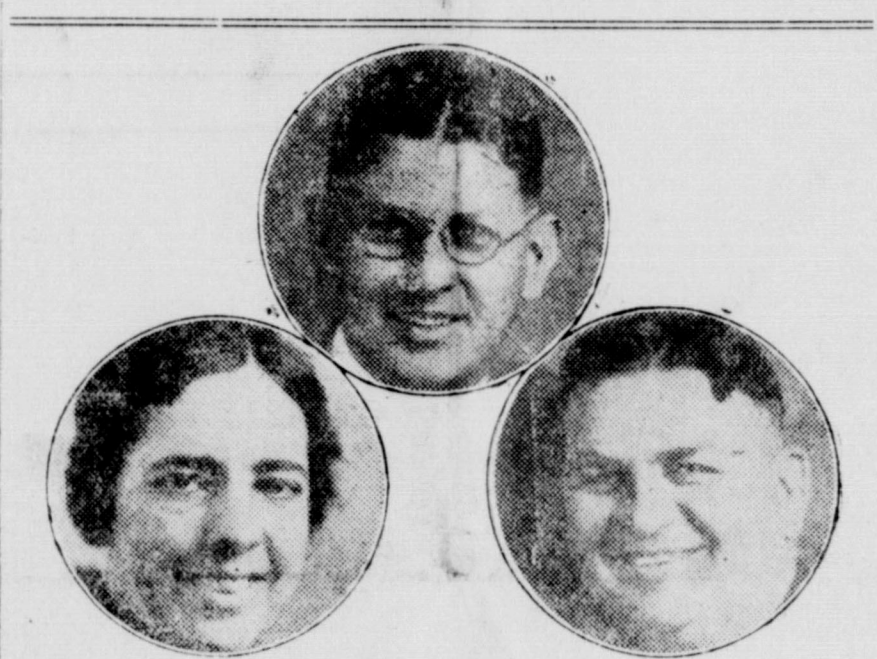

WOMAN EVANGELIST TO BEGIN METHODIST REVIVAL

Flowers Party Are to Lead the Methodist Revival Which Begins Next Sunday

The Methodists of Crowell are to begin a revival Sunday. Mrs. R. L. Flowers, the wife of the evangelist, will speak Sunday night. A. J. Flowers, the advertiser for the Flowers party, was in Crowell Monday and will return Saturday afternoon and speak at the 11 o'clock service Sunday. His subject will be "Things to Expect in the Flowers Revival."

Evangelist R. L. Flowers will close a revival at Stamford Sunday night and speak his first time in Crowell Monday night. The Flowers party are not strangers in this section. They have held successful revivals at Paducah, Wellington, Abilene and Stamford.

They are to have a revival at Childress in the near future. The party has been in the evangelistic field for fourteen years and hold meetings in all parts of the country. During the fourteen years more than 40,000 people have been lined up for the church, in their meetings.

Shepherd Dogs Praised by Sheepmen

Rocksprings, April 22.—Mrs. Alice Thompson, daughter of T. C. Hampton, goat breeder, is introducing successfully in West Texas the Scotch shepherd dog, having sold 40 of them last year in the ranch country of Texas. Those who have them in use are loud in their praise.

The dogs help in penning sheep, and some are able to locate wormy stuff. They take the place of one to three men on horses. Jack Whitworth, ranchman here, owns one and says he wouldn't be without him. The dogs are said to be able to watch the flock go through the gate and then go and get the missing and to be able to cut sheep and goats on a paint brand.

MAN BUYS INTEREST IN HOTEL IN QUANAH FOR WHICH HE SOLD LUMBER

Quanah, April 21.—Forty years ago when J. W. Smith was a clerk in a lumber yard in East Texas he sold and loaded out lumber consigned to Mike Kerrigan at Quanah, to be used in the construction of the Quanah Hotel.

Last week this same J. W. Smith, now a member of the firm of Cicero Smith Lumber Company, purchased a half interest in the Quanah Hotel from T. J. Kyle for a reported consideration of \$20,000.

Extensive repairs were immediately begun on the building, and while tearing down the porches the exceptional quality of this good aged lumber caused investigation to be made where it came from, developing the fact that Smith had cut it in the sawmill yard where he worked as a lad.

Work is to start on a gas line from the main at Childress May 1st towards Paducah and is to be completed within 60 days.

City improvements in Clarendon will soon be noted by the marking of the streets and numbering of the houses.

The Hamlin Herald says the Hamlin old field is making 229 barrels daily. This is the product of two wells.

Work of Mrs. Flowers Receives Much Praise

(Baltimore Report)
One of the interesting parts of the Flowers revival meetings is the services conducted by Mrs. R. L. Flowers. She has won for herself a unique place among Christian workers in America. In Kansas and Nebraska where she has been in meetings, she has won the reputation of being one of the leading women evangelists that come to that section.

Her messages at first were looked upon with a little bit of indifference when she first spoke in Baltimore, but after she had spoken she never wanted for a crowd when it was announced she would speak.

Mrs. Flowers has made an extensive study of women, young ladies and children's problems. She has interviewed thousands, and she knows their problems.

At one of her recent meetings 2,200 women crowded the building to hear her message to married women only.

RETURN FROM GEORGIA

Mr. and Mrs. T. J. Cates returned last week from Georgia where they have been visiting for several months. Vernon Ragon of Clayton County returned with them and will make Foard County his home indefinitely. Mr. and Mrs. Cates made the trip by automobile from Forest Park, a distance of 1310 miles in 23 days. They found the roads in splendid condition and had to make but two short detours where the high waters of the White River were over the surface of the highway. That was in Arkansas. They had a wonderful visit but will be here until they decide to make another trip to the old home state.

The Graham Leader speaks with a feeling of pride over the fact that its city is pushing a program of sidewalk building. The number of feet built within the last year amounts to 2615, according to the Leader.

Fire destroyed the Seymour Theatre building early last week. The loss to the Victor Theatres, Inc., was \$8,000, and the loss to W. B. Murphy, owner of the building was \$7,000.

Attended Press Association at Childress Friday

Mack Boswell, H. L. Kimsey and Mabry Kimsey represented Crowell at the Panhandle Press Association last Friday at Childress. The opportunity was offered for a day's outing, as well as to attend this session and hear some of the printer's problems discussed.

It was a splendid meeting Friday. We could not stay over for Saturday's program but the one day was worth the time and effort. There were reported enrolled Friday at noon 83 publishers from over the State. The number was increased Saturday, according to the papers, to 106, a splendid attendance and the same number to have been present at the session at Amarillo last year.

The Chamber of Commerce of Childress entertained the newspaper men and women with a luncheon in the basement of the Presbyterian church Friday. The people of Childress extended their hearty welcome and made every one feel at home while in the city. Childress is a growing town and has many good people in it. It is one of the coming cities of the Panhandle country. They are a fine bunch. The publishers of the Panhandle are a lively set of folks, too, and they always have a good time together in these associations.

The next meeting will be held at Pampa. H. Deskins Wells of Wellington was elected as president, Homer Steen of Floydada as vice president, and C. W. Warwick of Canyon was re-elected as secretary of the association.

N. J. Roberts Home Scene of Celebration

Mr. and Mrs. N. J. Roberts had the unique pleasure last week-end of opening their spacious new home to a real old-fashioned gathering of homefolks. Mrs. Roberts says it has been her ambition all her married life to be able to entertain all the family and not have to make down a single bed and this they did for the first time on the eve of their 22nd wedding anniversary.

The object of the occasion was to celebrate the 68th birthday of her aunt and uncle, Mrs. J. W. Cope of Seymour, and V. T. Finney of Justin, they being the survivors of a family of 10 children. A sumptuous birthday dinner was served on Sunday, the 22nd, with the usual cakes, candies, strawberries, ice cream, etc., the things that make old folks happy, as well as children. Those partaking of the feast were Mr. and Mrs. Cope, Mr. and Mrs. Finney, Mr. and Mrs. J. H. Cope and two children, Mrs. George, Mrs. Witherspoon and son, Charles, and Miss Lourena Cope and Mr. and Mrs. Roberts and two sons. Mr. and Mrs. Cope settled in this country about 40 years ago and reared their family here, so it was very fitting that their host and hostess should open their doors in the afternoon to their friends here, that they, too, might have a share in the celebration. The house had the air of an "old-settlers' reunion," when about 50 guests had gathered to greet these former residents.

This was Mr. Finney's first visit to Crowell in 20 years and he expressed great surprise at our wonderful development. He and his wife have a number of friends here who are ex-residents of Denton County, among whom are Mr. and Mrs. J. H. Self, Mrs. Green, Mrs. G. W. Thompson and J. C. Thompson, the latter being a school mate of Mrs. Finney's. These good people left for their respective homes on Monday.

Bain Market Has Put in Frigidaire

The Bain Meat Market at Hancey-Razor Grocery has recently installed a Frigidaire machine for the preservation of their meats through the summer.

Some system of refrigeration has come to be necessary for the proper preservation of foods and Mr. Bain has his market provided with such system, and the temperature is kept even all the time and meats and foods are sanitary and wholesome. This is done with the aim of supplying the needs of his customers and providing a service as good as can be had anywhere.

Paducah is soon to have a new bank. The institution will be known as the Citizens State Bank and will be capitalized at \$50,000. A brick structure is to be erected as its permanent home. This will give Paducah three banks.

As a result of the simultaneous revivals that have been conducted in the Methodist, the Baptist, the Christian and the Presbyterian churches in Vernon for ten days there have been added to their memberships 165 persons.

Two of Crowell High School to Go to Austin

Considering the numerous misfortunes that came in the way of Crowell High School boys and girls Friday and Saturday, they did wonderfully well at the district track meet at Childress. There were several cases of flu, which kept some who were on the program from going. Others had just gotten up from illness and were not physically in shape to cope with those who had not been so unfortunate. There is every reason to believe that many first places would have been won by Crowell boys and girls had there not been these misfortunes. As it was two won first places and these will go to Austin on May 3rd, to participate in the event in which they won at Childress. These are Grady Halbert, who won first in Senior Boys Declamations, and Haskell Norman, who won first in broad jump.

Other winners are, Elizabeth Kincaid, second in senior declamation; Haskell Norman, second in 100 yard dash; Earnest Spears, third in 800 yard run; Erwin Lankford, third in one mile run; Raymond Burrow, fourth in 440 yard dash; Harold Walling, fourth in shot put; Tom Reeder and Weldon Cogdell, tied for third in tennis doubles; Dorothy Florence Hinds, third in essay for Class A high school.

J. M. Crowell entered the junior boys declamation and Robert Oswalt the extemporaneous for having won place in the county meet. They did not win but are to be commended upon the good speaking they did.

Josephine Griffith had won first place in the county in junior girls declamation, but was ill and did not get to declaim.

Crowell won the county in the boys debate, but Floyd Borchardt, one of the debaters, was unable to debate on account of illness. The Crowell girls had also won the county in the girls debate, but Allison Self was ill and did not get to debate.

Notwithstanding the handicaps above mentioned, Crowell made a total of 14 points in track and a total of 29 points in the literary events in the district meet.

FLOWERS PROGRAM A WINNER

Mr. Flowers says: "Times and things are changing. We are living in a new world and the church that plans to do business like she did 20 years ago is a losing proposition. It is also true that the revivalist who tries the same old methods that were used 20 years ago is a failure." The Flowers program of work correlates the reaching of people for the church with an intensive program of conservation, seeking to hold the folk after they are once lined up. This part of the program is conducted by A. J. Flowers, a Sunday school man. This new program of work is attracting wide attention from ministers in the largest churches in the country as the Flowers have recently held meetings in the following cities: Baltimore, Chattanooga, Kansas City, Dallas, Canton, Ohio, and many other large places and large churches.

Visitation Program with Revival

There are literally hundreds of folk from the Methodist church that are making visits this week looking after new folk and also trying to get new people interested. The last week of the meeting will be an intensive week of visiting. Hundreds of homes will be visited by folks from the church seeking new members.

KILLS RABBITS

Henry Gribble, Jr., reports some fine sport recently in which he and three other parties engaged in shooting rabbits. Using their car lights as blinds they could easily confuse the animals and shoot them down as they tried to get away. They killed more than 50 one night.

The Ralls Chamber of Commerce and the Ralls Banner are sponsoring a "Home Town Contest" for Ralls, the winner to receive a \$10.00 cash prize and represent Ralls at the district chamber of commerce at Lamesa on May 10th.

The Vernon Times reports that tearing down the old court house preparatory to the erection of a new temple of justice has commenced.

World's greatest Value and Outselling all sixes

The world's largest sale of 6-cylinder cars became an Essex achievement solely because of merit.

All 6-cylinder sales records are swept aside in the enthusiastic reception everywhere accorded the New Essex Super-Six. Many communities report 100%, 200%, even 300% greater sales than for the corresponding period of last year, which was the former all-time Essex record.

In all ways the New Essex Super-Six is engineered to the lowest operation and maintenance costs. And increasing thousands of owners rolling up thousands of miles of service prove that these qualities which delight you on your first ride are just as lasting as they are brilliant.

Overtake the "72"?
... well, hardly!

If CHRYSLER "72" were merely more beautiful—if it were just an average good value—it would deserve no special consideration from the buyer.

But it clamors for his consideration and demands his attention by reason of a gauge and proof of greater value which cannot be escaped.

All cars today seek to approximate Chrysler "72" performance by patterning after Chrysler engineering. But after three years of striving, how close are

CHRYSLER "72"

they to the "72" today? No closer than they were three years ago.

As they have struggled to approach, Chrysler "72" has pulled away and gallops around and past them with more than the ease of the old original Chrysler sensation-car of 1924.

There may be pocket-book reasons for choosing cars of lesser price than the "72." There simply cannot be a valid reason for paying as much or more for any car other than the "72."

Illustrative New Chrysler "72" Prices—Two-passenger Coupe (with rumble seat), \$1345; Royal Sedan, \$1595; Sport Roadster (with rumble seat), \$1595; Four-passenger Coupe, \$1595; Town Sedan, \$1695; Convertible Coupe (with rumble seat), \$1745; Crown Sedan, \$1795. All prices f. o. b. Detroit, subject to current Federal excise tax. Chrysler dealers are in a position to extend the convenience of time payments.

New Chrysler "Red-Head" Engine—designed to take full advantage of high-compression gas, standard equipment on all body models of the 112 h. p. Imperial "80," also standard on the roadsters and available at slight extra cost for other body types, of the "62" and "72."

Crowell, Texas, April 27, 1928

It has been suggested that it would be a good thing to cut the court house yard down and add more to the streets around the square to accommodate the increasing traffic. Without any doubt that will become necessary within a few years. There are two good reasons for this, one is because wider streets are going to be needed for traffic, and another is that this would lessen the work and expense of keeping up a large yard. It is wisdom on the part of towns to make provision for future needs along these lines and the sooner the better. The streets in some of our towns are too narrow to provide parking room on each side and leave room for cars to pass between with safety.

Everybody likes to see a booster, one who is sincere in his boosting. Perhaps it may sometimes be overdone, but even when it is, the insincere booster can do less harm than the knocker. People do not like to hear people knock or run down the country and they are not going to get very far with their knocking so long as there are none to lend a sympathetic ear. The booster scatters sunshine where he goes, while the knocker gathers clouds. The constant booster knows no defeat, while the knocker does not know the meaning of victory. One is a success, the other is a failure.

The total fees from registration and licenses for all the automobiles in the United States amount to a little more than three hundred million dollars and represent more than twenty-three million motor vehicles in use in the country. We have little idea as to the value of these automobiles, but if we should place a value of \$500 on each of the twenty-three millions, we would have eleven and a half billions.

Adelphian Club
Mrs. R. D. Oswalt was hostess to the Adelphian Club at the home of Mrs. O. O. Hollingsworth on April 18th.

Following the business session, Miss Lottie Woods led the lesson, which was a resume of the novel course pursued during this year. Roll call was answered with clippings about the novels and novelists studied. Each member was asked to give the novel she had enjoyed most and the

novelist she considered most outstanding. "The Age of Innocence," by Edith Wharton, "The Little French Girl," by Anne Douglas Sedgwick and "My Antonia," by Willa Cather, led as favorites.

John Galsworthy, Hugh Wadpole, H. G. Wells and Theodore Dreiser were given as the novelists considered most outstanding.

The hostess served neopolitan ice cream and angel food cake.—Reporter.

The Community Club
The Community Club met Wednesday afternoon, April 18, at the home of Mrs. Sam Russell with Mrs. Herman Gentry as hostess. Roll call

was answered by each member saying which phase of homemaking she enjoyed most. Mrs. Jim Cates led a very interesting lesson on home economics. Special attention was given to food value and to preparation and serving of foods. Mrs. Will Erwin gave a talk on wheat, flour and bread. Meat, and its place in our diet, was discussed by Mrs. Tom Russell. Mrs. Roy Todd talked on cakes and other kinds of batters, including in her talk a simple way by which to test new recipes.

After the conclusion of the lesson, Mrs. Will Erwin favored us with several piano selections, after which delicious angel food cake and ice cream were served.

The club meets May 2 at the home of Mrs. George Cates with Mrs. Kelly Erwin as leader. We make a special request for all the members who can to be present.—Contributed.

Feel Tired and Achy?

Too Often This Warns of Sluggish Kidneys.

LAME? Stiff? Achy? Sure your kidneys are working right? Sluggish kidneys allow waste poisons to accumulate and make one languid, tired and achy, with often dull headaches, dizziness and nagging backache. A common warning is too frequent, scanty or burning excretions. Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and thus aid in the elimination of bodily waste. METHODIST CHURCH

A series of revival services will begin Sunday at the Methodist church, to continue for at least fifteen days, two services being conducted each day. The Flowers Evangelistic party will be with us and assist us in the meeting.

A good beginning will mean a great deal and we would like to have a fine attendance at the first services Sunday. The announcement of the meeting should be taken as a summons for service by all Christian people in Crowell vicinity.

We hope the meeting may be community-wide, both in service and results, and we invite all the members of all the churches in Crowell to attend and cooperate with us. The old saying, "In union there is strength," is still a very true one.

While all Christian people do not agree on certain points of doctrine, they can all meet and worship together, and in doing so may show that they love the Lord and are interested in the salvation of the unsaved. So we would like to see a solid line-up of all the Lord's people in Crowell locality in the meeting, as an army going on to victory. A great, united service is needed. We invite those who are not members of any church to attend the meeting, and therein show that they are friends to the cause of Christ in their community.

At the request of Bro. Flowers two important committees are being appointed at this time and we are sure both will actively cooperate in the work. First, a general committee composed of the following: Mrs. Sam Crews, Mrs. T. L. Hughston, Mrs. A. Y. Beverly, Mrs. Ben Hinds, Mrs. Joe Johnson, Mrs. Sam Bell, Mrs. J. W. Klepper, Mrs. Baxter Johnson, Mrs. W. R. McCarter, Mrs. Maggie Magee, Mrs. M. S. Henry, Mrs. Geo. Self, Mrs. Dr. Clark, Mrs. T. B. Klepper, Mrs. Allen Sanders, Mrs. J. R. Beverly and Mrs. Paul Shirley.

Second, a committee for young people's work composed of the following: Miss Emily Purcell, Edward Huffman, Miss Frances Clark, Miss Eva Todd and Miss Carrie Maurice Allee.

Chevrolet Flashes

There are 20,000 dealers, associate dealers, retail parts depots and authorized service stations in the United States where Chevrolet parts and service may be obtained.

Until recently it was unusual for one family to own more than one car. Now, however, the time is approaching when every adult member of the family will own a car. Additional cars per family often adds to efficiency and economic worth.

A Chevrolet touring cost \$2,150 f. o. b. factory in 1912, in 1927 the same car cost \$525, and this year it costs \$495.

The Devoe Paint Company, one of the biggest fleet users of cars in the United States, made a fleet contract with the Chevrolet Motor Co. Jan. 1st this year and purchased 1841 Chevrolets during the first two months of the year.

Missionary Society
The Woman's Missionary Society of the Methodist church met April 16 at the church for Bible study. Devotional was led by Mrs. Tuttle. Mrs. Self conducted a very interesting lesson on the book of Daniel. We wish that every woman in the church could be with us in these meetings. The lessons are very interesting as well as instructive.
The society met April 23rd at the home of Mrs. Thos. Hughston with Mesdames Bob Thomas, Tom Ferguson and Thos. Hughston as hostesses. Mrs. McCarter, in her efficient way, gave such an inspiring talk on "How to meet discouragement." Bro. Flowers, who will assist the evangelist in the coming meeting outlined in a brief talk on the work he had planned for the women of the church to do.
At the close of the meeting the hostesses served ice cream and cake. Twenty members were present.—Reporter.

SHERIFF'S NOTICE OF BOND ELECTION

THE STATE OF TEXAS, County of Foard.
Notice is hereby given that an election will be held on the 12th day of May, A. D. 1928, at the Margaret school house in the Margaret common school district No. 6, Foard County, Texas, as established by order of the commissioners' court, Foard County, Texas, of date of June 5th, A. D. 1909, which is recorded in book 3, pages 113 and 114 of the minutes of the commissioners' court, in the county clerk's office, Foard County, Texas, and book one, page 17, school records, in Foard County, Texas, in the county clerk's office, to determine whether a majority of the legally qualified property tax-paying voters of said district desire the issuance of bonds numbering consecutively from one (1) to twenty (20), both inclusive of the denomination of \$250.00 each, aggregating \$5,000.00, to bear interest at the rate of five (5) per cent per annum, payable semi-annually of each year, said bonds to be due and payable thirty years after their date, maturing serially, on the faith and credit of said Margaret Common School District No. 6, Foard County, Texas, to provide funds to build two additional school rooms of brick to the present brick school house, and equip same, in the Margaret school district No. 6, and to determine whether the commissioners' court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and to provide a sinking fund sufficient to pay the principal at maturity.
All persons who are legally qualified voters of this state, and of this county, and who are resident property tax-paying voters in said district shall be entitled to vote at said election.
This election was ordered by the County Judge of this county by an order made on the 11th day of April, A. D. 1928.
Dated this 12th day of April, A. D. 1928.
L. D. CAMPBELL,
46 Sheriff, Foard County, Texas.

Time was when you could not have the foods the system craves, but things are different now. As tempting as this picture shows these foods to be, they are not to be compared with the real foods themselves when you see them spread out before you. Each season has its suitable foods and we try to supply the trade with just what it demands.

If it is staples, we have it. If it is fresh vegetables, we have them. Drop in and make your selections when you are in town, or phone us and the order will be filled as you want it.

AN APPEAL TO VANITY

Recently a score or more of Washington's social aspirants were induced to pay \$100 each in order to be included in a "blue book" to contain the names of the capital's elite. For \$200 additional the photograph of the subscriber was also to be inserted in the magic volume.

The promoter of this scheme for glorifying the socially ambitious was 65-year-old Joseph Rheinstrom, who lived in style at a leading hotel and called on his prospective customers in a luxurious limousine after making appointments by telephone.

Police investigated his activities, found that he had no connection with any social register, and put him in jail, charged with fraud. His dupes are naturally embarrassed and are trying to keep their part of the affair quiet.

This is another illustration of the ease with which swindlers trap their victims through appeals to that vanity described by Browning as "an itch for the praise of fools."—Munday Times.

Dependability, Satisfaction and Honest Value!

Never before in our history have we delivered as many new Chevrolets as during the first three months of this year. Those cars taken in by us have been thoroughly inspected and reconditioned, with the result that many of them can hardly be distinguished from new cars.

Furthermore, these cars carry

the official red tag "with an OK that counts" which shows at a glance the exact and true condition under which the car is offered for sale. Come in and inspect these used cars, and when you buy from us you may do so, confident that we want your goodwill, the same as we now enjoy with Chevrolet owners in this community.

CHICKENS SAVED THE DAY

(By F. W. Kazmeier, Bryan, Texas)

In the January issue of Poultry Tribune, a true story goes as follows: "When the Kintner farm was facing bankruptcy, with failure threatening to engulf them, the Kintners turned about and staked their future on chickens. Soon after the war prices dropped, we lost heavily on 80 head of cattle during the period of deflation. Then our bank failed and my savings accumulated from 12 years of school teaching vanished. Almost bankrupt, we turned to chickens to face the crisis. All of this happened in 1919. I began studying the poultry business, and ordered some purebred S. C. White Leghorns from good laying stock. Blood always tells. High production stock has proven its value to us. Last year we had 1200 pullets, and approximately 1100 hens and secured a 185 egg average on the whole flock. We will approximate that this year.

"Poultry and egg sales amounted to \$8,140.00 in 1923 and our average number of hens 1182. It is hard to tell just how much is profit on this place where feed is bought in large amounts for hog, poultry, sheep and cows, and I haven't been able to keep a satisfactory separate feed account. Last year however, I kept a feed record and found that each hen gave us a margin of \$3.35 above feed costs. Chickens have made our fine new home possible and are also making it possible to build that new hatchery building, the foundation of which you see over there. As a whole it is safe to say that the profits are used for the upkeep of the farm and to increase the business."

Paul Smith clears \$20,000.00 a year from 3,000 hen on 12 acres. Here is another poultry success story from Poultry Tribune—"In June 1, 1919, we had 350 layers and in June 1926, seven years later we have approximately 5,000 layers, and we have raised 16,000 baby chicks. We hatched 90,000 baby chicks from our own eggs. When asked for more details concerning the profit he was making he replied, well, I make a pretty good living, he answered. My gross income in 1925, according to my income tax report, was \$25,657.14 from an average of 3,000 birds. This makes a gross income of \$8.50 per bird, and a net income or profit above feed cost of \$6.70 per hen. This of course does not include interest, depreciation and a few other small items. From January 1st to July 31st, 1925, our gross income was \$19,039.88. From January 1st to July 1st, 1926, our gross income has been \$28,994.42. Part of this increase in income is due to our baby chick business. Last year our gross income from the baby chick business amounted to \$5,998.50, while this year our baby chick business made a gross of \$10,015.30. Another big

part of the increased income is in a beautiful home. He has a four through egg sales. Last year our egg sales for the first six months amounted to \$3,663.34 while this year our egg income for the first six months amounts to \$8,557.14."

What Do You Think About This? It is true that we cannot all be a Paul Smith. We cannot all do as well. Paul Smith seven years ago started with nothing. Today he lives each, or two for 25 cents.

No. 8

Published in the interest of the people of Crowell and vicinity by the Cicero Smith Lumber Co.

R. J. ROBERTS,
Manager.

"It won't be long now." Just three more days.

The best way to be contented with your lot is to build a nice home on it.

The first thing a prospective tenant asks about is the garage. Your chances to rent a house without a garage are pretty poor.

More square feet of coverage for your dollar. That's what we mean by BPS Paint.

There is no hope for the man who knocks his home town. He would knock any town he might move to, and any man who knocks the town he lives in is contributing to his own failure in life.

Traffic Officer: "Hey, where are you going? Don't you know this is a one-way street?"
Dumb Driver: "Well I'm goin' one way, ain't I?"

Messrs. J. M. Speck and Grover Owens were in town Monday and from what we heard them say, wouldn't be surprised that you could find them on the creek one day pretty soon.

We read an article the other day that referred to business as 'cold-blooded.' But take friendship out of business and there wouldn't be much left, would there?

Nometal weather-strip not only keeps out the cold and wind but actually helps to keep the house clean. Sure it does! It keeps the sand and dust from blowing in the cracks around the doors and windows. We have Nometal weather-strips in stock. Nometal strip is not high in price.

Well, all signs for rain have failed so far.

This would be a poor advertisement for a lumber business if we failed to remind you that we sell just about all kinds of rough and finished lumber. Well, we do and that's that.

We notice our Fire Chief Tanner Billington is sporting a new Chevrolet Coach.

Boss Roark: "Shall I cut your hair close?"
Co-ed: "No, stand as far off as possible."

Some women think more about having their faces lifted than they do the mortgage on the house.
