**Feel Miserable
This Spring?**
To Be Well Your Kidneys
Must Function Properly.

SPRING find you tired, nervous
and depressed? Are you stiff and
achy, subject to nagging backache,
drowsy headaches and dizzy spells?
Are kidney excretions too frequent,
scanty or burning in passage? Too
often this indicates sluggish kidneys
and shouldn't be neglected.

Doan's Pills, a stimulant diuretic,
increase the secretion of the kidneys
and thus aid in the elimination of
waste impurities. Doan's are endorsed
everywhere. Ask your neighbor!

FOR WORKING PEOPLE

The best of workers get out of sense
when the liver fails to act. They feel
languid, half-sick, "blue" and discouraged
and think they are getting lazy. Neglect
of these symptoms might result in a sick
spell, therefore the sensible course is to
take a dose or two of Herbine. It is just
the medicine needed to purify the system

NO DIFFERENT FROM OTHERS

It took more than 181,000 letters recently from that many farmers in the country, for the discovery to be made by an editor of a well known farming journal that farmers, after all, are human beings.

After opening that vast amount of letters in which they discussed the various phases of their business, he came to the conclusion that they are no different from any other business man. The farmer today, like anyone of us, has problems, and is confronted with the necessity of either becoming a competent up-to-date business man, or going into the discard.

Much of the agricultural comment still approaches the farming man as one benighted and needing advice and preaching, and they even scold at him at every opportunity. Today one cannot "talk down" to the farmer, as he, too, is looking for ideas which he can personally translate into an improved farm, a happier life and a bigger pocketbook.

This editor derived from this list of letters the following comment the following comment:

"As compared with a generation ago, the farming man is entirely changed. His daily paper takes him all over the world in a few minutes, put him in touch with what is going on politically, socially, financially, agriculturally and otherwise, everywhere. His automobile takes him to the movies in town, or for a drive wherever he wants to go. His electric light plant has removed the gloom and dinginess from his surroundings. He has his radio. His water system has lightened his and his wife's burdens. His bathtub has added to his self-respect. His household appliances have made life more livable for the whole family. His tractor and other power machinery have reduced his labor shortage of the right kind of men to help him work his place. His truck has speeded up his marketing."

Free lunches for school children are proposed in some places for next year, but they won't taste near as good as the pie that is swiped from the pantry.

The enthusiastic seed catalogue gardener of this time of the year, is usually the disgusted owner of the most handsome weed plot along in August.

It's as good as they say it is—Skidoo, the creamy cleanser.—Ferguson Bros.

THE LOGICAL MEDIUM

Live merchants advertise because they want the people to know about the goods they have for sale, especially when bargains are offered.

People read the advertisements because they want to know what they can buy to best advantage, and this can be determined only by knowing what the merchants have to offer.

The logical paper is the logical medium between buyer and seller. It is the means whereby the merchant talks to his customers. He can't call on them individually, so he speaks to them collectively.

The one should use it and the other should read it.

A hard boiled man might be like a hard boiled egg—yellow inside.

AN ENORMOUS ROAD PROGRAM

In keeping with the increased number of motor vehicles, road construction throughout the United States promises this year to be on an even larger plan than ever before, and a survey of all states reveals a construction program for this year to include 20,000 miles of surfaced roads and about 3,000 miles of graded and drained highways.

The State reports also indicate that at least 240,000 miles of the total of 288,000 in the State highway systems will be maintained this year under the supervision of the State

highway departments, a fact which should insure the traveling public a degree of road service.

Funds estimated as available for expenditure during the year by the State highway departments are about 25 per cent greater in total amount than similar estimates indicated at the beginning of last season. Although it is not possible, so early in the season, to anticipate closely the yield of gasoline and motor vehicle taxes and other sources of revenue it is practically certain that the funds available to all State highway departments for construction and maintenance of roads and bridges will

exceed \$750,000,000, and local revenues, expendable by county and local authorities, will swell the highways total upwards of \$1,300,000,000.

Details are not available concerning the work to be done by county and local authorities. It is anticipated that the year's work under the State supervision will result in the construction of nearly 9,000 miles of hard-surfaced pavements, upwards of 12,000 miles of less expensive surfaced roads, and 8,000 miles of road adequately graded and drained.

HONOR GRADUATES OF 1928

The Senior Class of 1928 of the Crowell High School is very proud of the students who represent the class as honor students.

Allison Self, who has an average of 96.35 for the senior year and 93.91 for the four high school years, is valedictorian of the class. Allison has an enviable record, having won in debate in '26 and '28, and in tennis in '27. She was elected high school's best citizen for the "Melting Pot" in '28. She was class reporter in '27 and society editor of the "Melting Pot" in '28.

Dorothy Hinds, with an average of 94.80 for the senior year and 92.32 for the four years, is salutatorian of the class. All four years of Dorothy's high school life have been spent in Crowell high school, and she has proved herself valuable in almost every phase of school life. She has been pianist for chapel exercises and accompanist for almost all musical programs. She has won for the school in debate '26 and '28, essay '28, and has served as secretary, treasurer of the Spanish Club '27, Herculean Literary Society '26, class '26 and '27, and was also president of Herculean Literary Society in '27. Dorothy Hinds has worked faithfully and capably in the capacity of editor-in-chief of the "Melting Pot" this year and it has been through her efficient work and untiring efforts that the dream of a beautiful year-book was made a reality.

For the senior year Sealy Harner has highest average, 88.13, and for the four years Edwin Greening has highest average, 79.78, of the boys. These two boys will be given scholarships, as well as the girls, to certain colleges and universities in Texas.—Contributed.

FORTY-TWO PARTY

One of the prettiest and most enjoyable affairs of the spring season was the party given at the home of Mrs. Paul Shirley on Friday, April 27 with Mesdames Shirley and Clyde McKown joint hostesses.

Forty-two was the diversion of the afternoon and about fifty ladies enjoyed two hours of playing and conversation. At the conclusion of the game, delightful refreshments consisting of rose-bud ice cream, angel food cake and punch were served. A beautiful rose-bud graced each plate, as a favor.

The house was artistically decorated in cut flowers. It was a pretty party and happily enjoyed by the guests.

TEXON TALES

Texon has made several new locations so it looks like oil will go up pretty soon, if not some time later.

We will stick along here in the desert and come back to Crowell in a few years and won't know the old town. We see several new ads in the News. J. L. Jones for instance, who's that? Concho gasoline must have come from down this part of the country. Roberts Bros.—that's a new one. What's the Ve-O-La Shop and how? L. A. Beverly is now & More. The Sanitary Market is now & Co. So it's grow and grow, more and more all the time around there. The "old timers" stay right along though. Womack Bros had an ad sideways but I didn't have any clean place to lie down so I haven't read it yet. I wish you'd read that Cicero Smith ad—they is the worst I ever seen.

Well, well, Texon field has the deepest hole ever dug into the ground. It is only 8,206 feet deep. How's that?

As ever,
 TEXON TATTLER.

LET'S BOOST THE GOOD THINGS

When you have occasion to speak of the place where you live, what is the burden of your remarks?

Some complaint or grievance, no doubt.

The good things of community life we take as a matter of course and never give anyone credit for them. We believe that they are coming to us and we can see no reason for comment.

If we have a good administration of affairs by public officials, we never take the trouble to tell them. If we have an unusually large number of public-spirited men who are working for the betterment of our local conditions, we seldom ever give them even faint praise.

But let something go wrong and our first inclination is to blow up. Somebody is to blame, of course, we reason, and that somebody needs a good reprimand, if not something worse.

Having let off steam, the most of us are ready for the next round and become almost human again.

But let's resolve to change our policy in the future. Why not try looking for the good things that may be found in abundance and boost them? It will benefit everyone who tries it and it will help the community, too.

THE STATE OF TEXAS

To the sheriff or any constable of Foard County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in Foard County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the welfare of Louise Johnson and Floyd Johnson, minors, Maggie Johnson was by the county court of Foard County, Texas, on the 23rd day of April, A. D. 1928, duly appointed temporary guardian of the person and estate of said minors, which appointment will be made permanent unless the same shall be successfully contested at the next term of said court, commencing on the first Monday in June, A. D. 1928, the same being the fourth day of June, A. D. 1928, at the court house thereof, in Crowell, at which time all persons interested in the welfare of said minors may appear and contest such appointment if they so desire.

Herein fail not, but have you before said court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Crowell, Texas, this the 23rd day of April, A. D. 1928.

IDA REAVIS, Clerk.

DEDICATED TO A DEPARTED FRIEND—WILMER S. CROSNOE

(By Two Friends)

If you were a friend to this boy, You had a friend that was true, For if you had troubles, He would share them with you, He was always ready, For pleasure and for fun And when a friend was needed He came on the run. He was ready for work And ready for play Ready to do his good deed, And that, every day, He never complained Of life's dreary way, He was happy and contented In every way. To his parents he was loyal, To his kindred he was kind, For a friend he would give his life And that he did not mind. When he said that he would do a thing He would do it you can bet, To our nation he was a friend That is hard to forget. To his parents he left sorrow His friends, the same way, He left us all sad, For we wanted him to stay, His room is left vacant, And even his chair, But we will meet him again In the land over there. When a fellow was blue And his heart had no cheer, He would pep him up If it took him a year, He was our pal and, That we could not doubt him We thought among ourselves that We could not do without him. But, now he has gone To a better land, Taken from us by a Mightier hand, We all mourn his going And we'll see him no more Until we meet him again, On the other shore.

IT MAKES BETTER CITIZENS

The war department expects to take care of 60,000 students in the summer military training camps which will open in all army corps areas in July. Young men between the age of 17 and 24 are eligible.

No service the government performs is more valuable than this because it offers the youth of the country a chance for a month's vacation at no expense that at the same time will be beneficial.

The summer training camps are an extension of the Plattsburg idea of 1915, favorite Americanization plan of Theodore Roosevelt. They have grown in popularity each year until all of the requests for admission can not be granted.

The country is only as strong as its young men. Anything that will teach them better living habits and that will make them better citizens is deserving and worthy of support.

THE WHY OF SUPERSTITIONS

By H. IRVING KING

LENDING MONEY, GAMBLING

GAMBLERS are among the most superstitious people on earth. A very common superstition, even among those whose gambling consists of an occasional game of poker or bridge, is that he who lends money while at play will lose; and he who borrows will win.

The origin of this idea can be found in the law of chances—a purely mathematical proposition. A man has been playing for some hours, say, in excellent "luck" and has a pile of chips before him. The man next to him has been "bucking the tiger" for an equal length of time and is down to a couple of chips, perhaps. Suppose even to be as skillful as the other at the game. Results depend on the deus.

Now the time has come when by the law of chances, the winning man should begin to hold bad cards and the losing man good ones. The loser says to the winner, "Lend me a stack of your chips." The winning man does so and, as it is about at the turn of the tide, soon begins to lose, while the borrower begins to win. Then the man who has loaned the chips attributes his "turn of luck" not to the operation of the law of chances but to the "hoodoo" of lending while at play.

How It Started

By JEAN NEWTON

"BLOCKHEAD"

FOR the origin of this word which is used constantly to describe some one who appears to us to be extremely stupid, one whom we want to call a dunce, we must go merely to our old friend Shakespeare. It is in his "Coriolanus" that he coined the word as follows:

"Your wit will not so soon out as another man's will; it is strongly wedged up in a blockhead."

The reference made by the word was to the then familiar dummy heads which stood in the show windows of the wig makers of the day. Like the faces of the wax figures which are occasionally seen in modern show windows, their expression was blank and lifeless. Another contemporary reference to them is found as follows:

"As stupid as the face of a wig-maker's stand."

Only Goats and Cats on Guadalupe Island

Guadalupe Island is a volcanic-formed mass, frowning high above the emerald waters of the Pacific at an elevation of 4,523 feet. It is 21 miles long and is located 140 miles off the coast of northern Lower California, about 250 miles south of San Diego. At present it is uninhabited—lonesome, dreary, barren, forgotten.

Legend tells us that early Spanish explorers introduced goats on Guadalupe. Today possibly fifty thousand progeny, wild offspring of tame ruminants, roam over the island and keep every vestige of vegetation closely shaven.

In later years, whalers left a few domestic cats ashore. These have multiplied to not less than forty thousand. They have turned desperately savage and are still increasing. The bird life of the island, except where the nesting grounds have been chosen against the possibility of pilfering cats, has ceased to be.—Field and Stream Magazine.

Protect Your Investment in Your Model T Ford

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to make parts until, as Henry Ford himself says, "the last Model T is off the road."

More than eight million Model T Fords are still in active service, and many of them can be driven for two, three and five years and even longer.

So that you may get the greatest use over the longest period of time at the lowest cost, we suggest that you take your Model T Ford to the nearest Ford dealer and have him give you an estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure may enable you to maintain or increase the value of the car and give you thousands of miles of additional service.

No matter where you live you can get these Ford parts at the same low prices as formerly and know they are made in the same way and of the same materials as those from which your car was originally assembled.

Labor cost is reasonable and a standard rate is charged for each operation so that you may know in advance exactly how much the complete job will cost.

CROWELL, TEXAS

SHERIFF'S SALE

THE STATE OF TEXAS, County of Foard.
 Whereas, on the 23rd day of February, A. D. 1928, in a certain cause numbered 1316 on the docket of the district court of said county, wherein the State of Texas is plaintiff and M. Wampler, and his heirs and legal representatives, are defendants, the said State of Texas recovered judgment in the amount of Thirty-two and 22/100 dollars for taxes, penalties and costs with interest computed thereon at the rate of six per cent per annum, together with the preference of plaintiff's delinquent tax lien upon the property herein described as the property of the defendant, because of the non-payment of the taxes due thereon; and whereas, on the 6th day of April, A. D. 1928, by virtue of the said judgment and the mandates

thereof, the clerk of the district court of said county did cause to be issued an order of sale, commanding me as sheriff of said county to seize, levy upon and sell in the manner and form as required by law the herein-after described property as the property of the above defendants, to satisfy the said judgment.

Wherefore, by virtue of the said order of sale and the mandates thereof, I did on the 6th day of April, A. D. 1928, seize and levy upon as the property of the above defendants, the following property, to-wit:

Lot No. 6 (six) in Block No. 16 (sixteen), situated in the original town of Crowell, Foard County, Texas.

And I will on the first Tuesday in the month of June, A. D. 1928, the same being the 5th day of said month, proceed to sell said property at the court house door of said county, in

the town of Crowell, Texas, between the hours of 2 o'clock p. m. and 4 o'clock p. m., to the highest bidder for cash all the right, title and interest of the above defendants, in and to the above described property; subject, however, to the rights of the defendants to redeem same in the time and manner provided for by law, and subject to the further rights of the defendants to have said property divided and sold in less divisions than the whole. And in event there are no bidders, said property will at said sale be bid off to the State.

SHERIFF'S NOTICE OF BOND ELECTION

THE STATE OF TEXAS, County of Foard.

Notice is hereby given that an election will be held on the 12th day of May, A. D. 1928, at the Margaret school house in the Margaret common school district No. 6, Foard County, Texas, as established by order of the commissioners' court, Foard County, Texas, of date of June 5th, A. D. 1909, which is recorded in book 3, pages 113 and 114 of the minutes of the commissioners' court, in the county clerk's office, Foard County, Texas, and book one, page 17, school records, in Foard County, Texas, in the county clerk's office, to determine whether a majority of the legally qualified property tax-paying voters of said district desire the issuance of bonds numbering consecutively from one (1) to twenty (20), both inclusive of the denomination of \$250.00 each, aggregating \$5,000.00, to bear interest at the rate of five (5) per cent per annum, payable semi-annually of each year, said bonds to be due and payable thirty years after their date, maturing serially, on the faith, and credit of said Margaret Common School District No. 6, Foard County, Texas, to provide funds to build two additional school rooms of brick to the present brick school house, and equip same, in the Margaret school district No. 6, and to determine whether the commissioners' court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and to provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this state, and of this county, and who are resident property tax-paying voters in said district shall be entitled to vote at said election.

This election was ordered by the County Judge of this county by an order made on the 11th day of April, A. D. 1928.

Dated this 12th day of April, A. D. 1928.
 L. D. CAMPBELL,
 Sheriff, Foard County, Texas.

Poultry Success Stories

(By F. W. Rameier, Bryan, Texas)

There is no question but that a very bright future is ahead for the poultry raisers. Feed is discouragingly high now, but soon another crop will change that. This coming fall and winter we will again see very high prices for eggs. Eggs are this year going into storage at a price of about 5 cents per dozen, over that last year. These eggs are coming out of storage at an increase in price.

A Little Faith in Farm Flock Pays

In Iowa, farmers have found, the little hen their best friend. The Iowa State College made a canvas of 318 flocks. Of these 103 had a net profit above feed cost of \$1,000.00 or over, 24 had profits exceeding \$2,000.00 while five had profits in excess of \$4,000.00. Cleve Erhardt, owner of the largest flock reported, also had acquired the largest net profit. Mr. Erhardt had a gross return from all sources of \$7,750.00, while the feed bill was \$1,480.00, leaving more than \$6,000.00 above feed cost. There were but 712 Single Comb White Leghorns in Mr. Erhardt's flock, making a profit above feed cost of approximately \$8.50 per hen.

Mrs. Edward's Chickens Pay

She keeps 160 hens, housed in a well constructed building. According to the daily record which is kept from January first till July first, she gathered 15,958 eggs which brought her \$443.16. She had paid \$111.40 for feed for the entire flock, leaving her \$331.76 for profit and also a fine flock of young chicks.

Mr. Langely Makes Money from 450 Hens

His records show that in 1926 he got 55,012 eggs for a total value of \$1,384.70. Last year with the same number of birds, he got 58,000 eggs for a total value of \$1,691.77, or a difference of \$306.00. He keeps records, feeds well and culls closely. Such records should help indicate the wonderful possibilities in farm poultry keeping.

for Economical Transportation

During the last ninety days more new Chevrolet cars were delivered in this community than in any similar period in Chevrolet history—and most of these new car sales involved the trade-in of the purchaser's previous car. As a result, we have at this time a wide selection of used cars that have been thoroughly reconditioned—and which may be identified by the red "O. K. that counts" tag. Come in and make your selection while our used car stocks are complete.

ALLEN CHEVROLET COMPANY

Dependability, Satisfaction and Honest Value

When you buy here you will note that we can save you money on both Groceries and Vegetables. There is no mistake about it.

But best of all is the fact that you do not find wilted vegetables here. Our new process of caring for these keeps them fresh and cool and a bunch taken from our supply always on hand is just like pulling fresh from the ground.

And our policy is always the lowest prices in town for the quality, and that policy is constantly making friends for us and is pleasing to the old ones.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Foard.
Whereas, on the 23rd day of February, A. D. 1928, in a certain cause numbered 1332 on the docket of the district court of said county, wherein the State of Texas is plaintiff and The Crowell Realty Company, J. Frank Potts, J. A. Stovall and W. L. Power, their heirs and legal representatives, are defendants, the said State of Texas recovered in the amount of One Hundred Eleven and 57-100 dollars for taxes, penalties and costs with interest computed thereon at the rate of six per cent per annum, together with the fore-

closure of plaintiff's delinquent tax lien upon the property hereinafter described as the property of the defendants, because of the non-payment of taxes due thereon:
And whereas, on the 6th day of April, A. D. 1928, by virtue of the said judgment and the mandates thereof, the clerk of the district court of said county did cause to be issued an order of sale, commanding me as sheriff of said county to seize, levy upon and sell in the manner and form as required by law the hereinafter described property as the property of the above defendants, to satisfy the said judgment.
Wherefore, by virtue of the said

order of sale and the mandates thereof, I did on the 6th day of April, A. D. 1928, seize and levy upon as the property of the above defendants, the following property, to-wit: Lot No. 18 (eighteen) in Block No. 79 (seventy nine), situated in the original town of Crowell, Foard County, Texas.
And I will on the first Tuesday in the month of June, A. D. 1928, the same being the 5th day of said month, proceed to sell said property at the court house door of said county, in the town of Crowell, Texas, between the hours of 2 o'clock p. m. and 4 o'clock p. m., to the highest bidder for cash all the right, title and interest of the above defendants, in and to the above described property; subject, however, to the rights of the defendants to redeem same in the time and manner provided for by law, and subject to the further rights of the defendants to have said property divided and sold in less divisions than the whole. And in event there are no bidders, said property will at said sale be bid off to the State.
L. D. CAMPBELL, Sheriff.

IT DRIVES OUT WORMS
The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by Ferguson Bros. and Reeder Drug Co.

Sunday afternoon with Mr. and Mrs. Ed Self.
Mr. and Mrs. R. C. Johnson and children of Talmage, Mr. and Mrs. E. V. Cato and son, Arlie, of Thalia, Mr. and Mrs. D. M. Shultz accompanied Mr. and Mrs. Dave Shultz home from church Sunday and spent the day.

Quite a few of this community met at the usual place, the school house, for a singing Sunday night, but owing to the revival being held at Crowell, the crowd was decreased in number.

Mrs. Ed Self and children spent Tuesday in Thalia visiting relatives.
Herbert Bess and family of Iowa Park visited Mr. and Mrs. Sim Gamble Sunday morning. Mrs. Bess is a cousin of Mr. Gamble.

Mr. and Mrs. D. M. Shultz visited J. L. Shultz and wife of Thalia Monday afternoon. The latter are the proud parents of a baby boy born Friday, May 4th.

T. D. Edwards, D. M. Shultz and the Stewart family went to Lake Kemp fishing Wednesday.

Adelphian Club

The Adelphian Club met Wednesday, May 2nd, at the home of Mrs. A. Y. Beverly.

After the business session, Mrs. Eska Brown gave two piano numbers, Little Miss Frances Henry Johnson sang two songs and Joe Wallace Beverly gave a reading.

This was federation meeting and Mrs. W. B. Johnson, the delegate from the Adelphian Club to the recent meeting of the Seventh District of the Texas Federation of Women's Clubs at Dalhart, gave a very interesting report of that meeting.

Through the hearty co-operation of all the women's organizations, and the loyal support of club husbands and other business men, Dalhart was able to show herself the capable hostess to the club representatives from her sister towns.

A number of social affairs were featured during the meeting, all of which showed the results of careful planning and execution.

The business sessions were lively and the programs of the general sessions were inspirational as well as informational and educational. Mrs. W. R. Potter, president of the State Federation of Women's Clubs, was present and appeared at different times on the program. Dr. P. W. Horn, president of Tech College at Lubbock, was one of the chief speakers.

The importance of the county federation work was stressed throughout the meeting and numbers of counties reported much worthwhile work that has been accomplished through their federations. The 7th District leads the State in the number of county federations and was the first to begin definite work through that unit of organization.

Mrs. Johnson reported that she was entertained in the home of Mrs. R. A. Wells, a former long-time resident of Crowell, who was interested in hearing of her many friends and acquaintances here.

Following the federation report, Miss Inez Sloan gave two piano selections. The hostess served punch and an ice course.—Reporter.

There is nothing more bothersome than trying to patch old wornout screens. You know, if you've ever tried it. Better let us figure with you on new screens now.

From the number of fishing yarns we have heard in the past few days, it must be that nearly every one who likes to fish has been. Joe Allen, manager of the Telephone Co., says he caught one so big that it took the water 15 minutes to fill the hole from which he pulled the monster.

"I'll let you in on a secret—Smith's wife has just left him."
"Great! Now, what's the secret of it?"

We heard a merchant from another town say the other day that the people of that community owe him their business. That fellow is off his base. If we can't sell you merchandise as good as that of the other fellow and at as reasonable a price, then it's your privilege to trade elsewhere. Isn't that right?

Mr. J. N. Johnson is having a brick veneer filling station erected on some of his property—two blocks south of the postoffice. Contractor L. I. Saunders has charge of the work.

We suppose that in Italy time-tables read: Stops only for Mussolini."

"Officer, I left my car here a few minutes ago and now it's gone," cried the dumb young thug.
"It must have been stolen, then."
"Oh, no, it couldn't be that. It was insured against theft."

We have some mighty good boys d'are posts at 30c each.

If you have any little odd jobs around the place that requires a carpenter's service, just call No. 107, and we will help you get one.

Anna: "They say she married her first love."
Hannah: "How awful. Wouldn't it be dreadful to have your first love turn out to be permanent?"

"Do you believe a rabbit's foot ever brought good luck?"
"You bet I do. My wife felt in one of my pockets one night and thought it was a mouse."
