Big Rains Will Bring Wheat Up But More Needed

The long-looked for rain, amounting to two inches last week, has furnished a pretty good season for the wheat farmers to sow on and many of them have been taking advantage of it. But they do not feel quite so confident as they would like, for there is still lacking that bottom season that would give assurance of a growing crop.

Quite a lot of wheat had already been sown before the rains. Talking with a number of farmers, one gets the idea that possibly half or more of the wheat acreage had been planted. In some sections it was even more than that, and it might be more all over the county. But to say the least of it a large number of farmers had not planted all they wanted to plant and a number of them have been drilling since the rains.

Two inches of rain will not carry a wheat crop very long under present moisture conditions here, but it might be sufficient to carry it to where the moisture would be supplemented before there is hurt done to the crop. That is the hope of the wheat farmers. They do not expect to get very much, if any, pasturage at this late season, unless, of course, the rains should be most abundant from now on.

A fine thing about the rains are that they have been pretty general. Not quite so heavy in the southern part of the county as in the center, north and east.

We are all looking for more rain within a short time and an improvement of financial conditions over the county, or at least an encouragement among the people.

Texas Briefs

The Clarendon News calls attention to the record made in that city in the sale of money orders by the post office when in one day \$1,000 worth of money orders were sold. Many of those buying were cotton pickers and were sending money back home.

Clarksville, Texas, suffered a fire loss of \$150,000 recently. It was in the business district of the city.

The Olney Enterprise reports three and seventh-tenth inches of rainfall last week. It is said to be the reading of a Government gauge.

Frost is reported at Tulia on Monday, October 29, but no damage was done to crops, according to the Tulia Herald.

A Deaf Smith County club girl, Miss Elizabeth Chapman, scored a success in her pig club work. With careful feeding she brought a litter of 11 pigs at six months of age to weigh 2,849 pounds and realized \$343 from the sale of them, clearing \$156.

Floyd County is to have its road bond election on Dec. 1, for the paving of Lee Highway across that county. A strong effort will be made to carry the bonds, as the counties east and Hale on the west have all voted bonds and are getting ready to build.

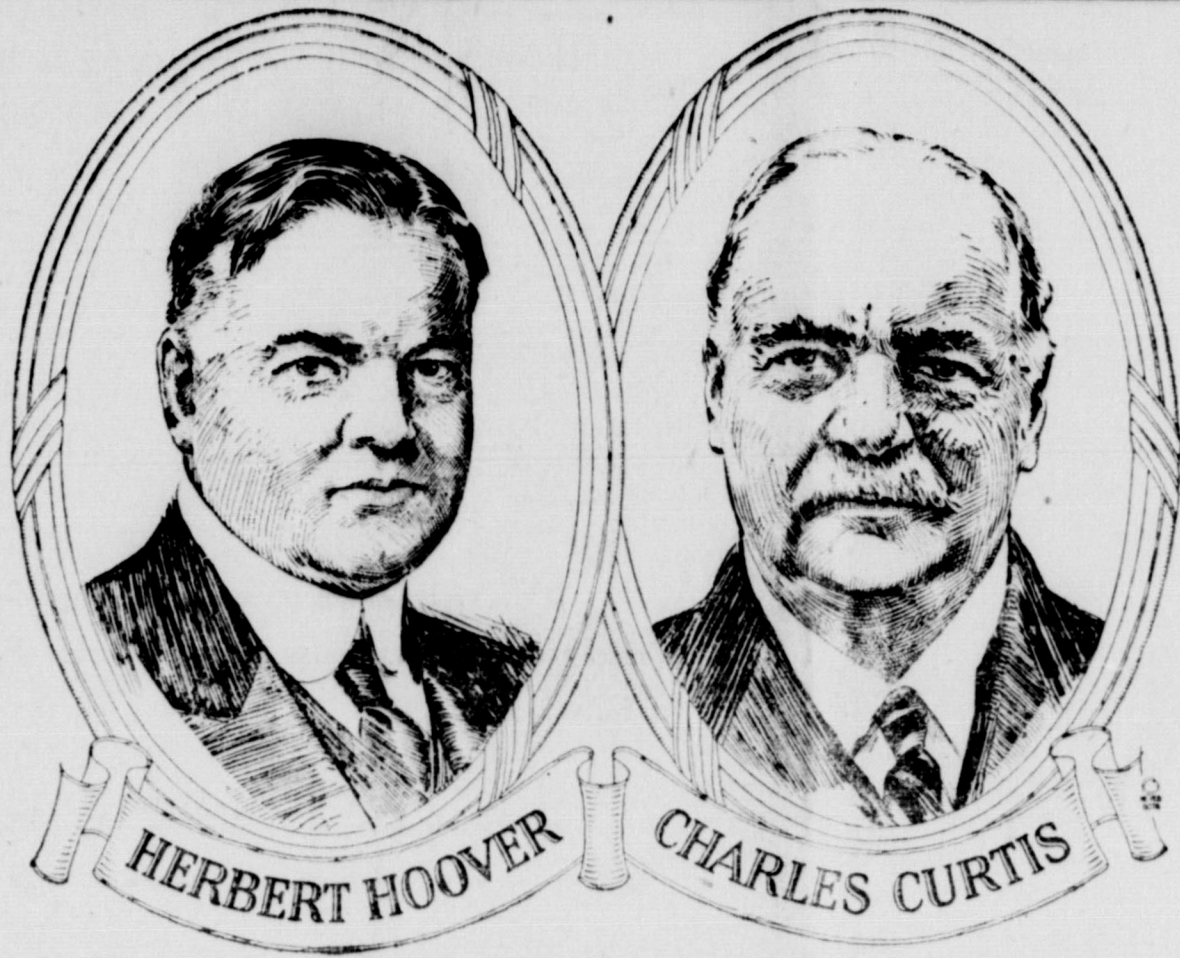

The record is claimed for egg laying for a Mexia hen of the Radley Leghorn Farm when in a national contest the hen laid 325 eggs in twelve months. The hen is valued at \$2,000.

TWO ELECTRA MEN BURN TO DEATH AS AIRPLANE CRASHES

Electra, Texas, Nov. 5.—Two men were burned to death here Monday when the airplane in which they were riding went into a tail spin at an altitude of about 500 feet and crashed to the ground. It was immediately enveloped in flames.

C. L. Still, 32, owner of the plane, and J. W. Phillips, 34, were the victims. Both lived at Electra. The accident occurred shortly after 5 o'clock in the afternoon.

Mr. Still is survived by his wife and one child and Mr. Phillips by his wife and three children. Funeral arrangements have not been completed.

Want to See the Lawn Mower Work

McCamey, Texas, Nov. 8.—In the midst of the hustle and bustle incident to the stringing of highlines and electrical construction work in the McCamey oil fields, M. E. Pittman, district superintendent of the West Texas Utilities Company, paused in his work to add a touch of nature to that almost barren desert country.

As a result cowboys and others for miles around are trekking to the company camp here. And all because of a requisition which ran the gamut of jeers and taunts before it was honored.

Some months ago, Mr. Pittman carried a quantity of Bermuda grass roots to the company camp. He set them out and piped in soft water with which to nurture them. No baby had better or more tender care than did those Bermuda roots. When they sprouted, Mr. Pittman kept them clipped with a pair of sheep shears. Finally the grass spread and soon there was a good stand. It was then he sent in a requisition for a lawn mower.

Knowing that in Upton County the principal vegetation is cat-claw, mesquite and cactus, officials of the company thought their district superintendent was trying to be humorous. But when they discovered Mr. Pittman really was in earnest, the mower was forwarded.

For days now, those curious persons, some of whom had never seen a lawn mower, are riding into town to "see the blamed thing work."

Marshal Recovers Oklahoma Stolen Car

City Marshal R. J. Thomas recovered a stolen car here Wednesday of last week after it had been driven to town and parked in front of Cameron Lumber Co., remaining all day.

The car belonged to a man named Higgins of Shawnee, Okla., and the insurance company came and got the car, which was a Ford coupe of the new model.

No trace of the thief has been found.

SEYMOUR WOMAN HURT IN EXPLOSION OF COAL HEATER

Seymour, Texas, Nov. 5.—Mrs. E. M. Starkey, 28, sustained injuries which physicians say may prove fatal, when the coal heater at the home of Mrs. C. W. Hodges in north Seymour exploded Sunday morning about 10 o'clock. Mrs. Hodges, who is a sister-in-law of Mrs. Starkey, was in an adjoining room; she was knocked down and is suffering from shock. Five men who had been seated around the stove had just left the house when the explosion occurred.

Mrs. Starkey's left foot was blown off above the ankle while the bone in her right leg was broken in several places below the knee. Doctors said amputation would be necessary. The furnishings in the room were badly damaged by the blast. A chair which had just been vacated by one of the men in the house, was blown into 18 pieces.

President of the Santa Fe to Be in Crowell 13th

President Storey of the Santa Fe Ry. Company, will be in Crowell for a few minutes on November 13th.

President Storey is on his way from his home in Chicago on a tour over the Santa Fe lines and he will make an entire tour of inspection of the Orient properties recently acquired by the company.

The exact hour of the day when Mr. Storey and his company of officials will arrive in Crowell is not known at this time, but will be known in time to let a number of the citizens of Crowell know it so that they can meet these men at the depot. They will be on a special train and can stop in this place only about five minutes. But the officials of the road are anxious to meet a number of our people and get acquainted with them.

New Cafe Opens For Business

Frank Hukill, former owner of the Tourist Lunch Room, and A. W. Smith are owners and operators of The Texas Cafe, a new eating place on the north side of the square. The cafe was opened for business last Friday morning.

These boys are prepared to give the public real service and real eats, and their aim is to please their customers. The dining room is clean and comfortable and roomy enough to accommodate a goodly number of people at one time.

Its location on that side of town fills up an empty space that was unattractive and adds to the appearance of the north side.

Material Arriving for Highway Work

Material is arriving from time to time for construction work on the Lee Highway.

A car of steel to be used in reinforced concrete work on culverts and bridges had arrived and was at the depot Monday. Also there was a car of dump wagons.

This was shipped to Crouch & Nolan who have the contract to do the bridge and concrete work on the portion of the highway from Crowell to Thalia. A Mr. McTyre of Mt. Pleasant is the concrete man in the employ of Crouch & Nolan.

"Yankee Doodle" Is Wrecked in Arizona

The famous ship, the "Yankee Doodle," was wrecked Sunday night about 23 miles east of Prescott, Arizona, as it was trying to make a non-stop flight from Los Angeles to New York City.

Its two occupants, Capt. C. B. Collyer, pilot, and Harry Tucker, owner, were both killed when the plane crashed into the walls of a canyon in the midst of a dense fog and heavy rain.

Hoover's Victory Greatest in History

From reports it appears that Herbert Hoover has won the most signal victory in his campaign for President that has ever been recorded in the history of our country. The landslide in his favor was far greater than any one had expected. Hoover has carried about 40 states, while Smith has only 8. Hoover has broken into the South as no candidate has ever done, carrying Texas, it seems by something like 1400 votes, as well as some of the other Southern states. Not only has Hoover won the electoral vote by a big majority, but he has a margin of the popular vote estimated at five millions.

Turkey Season Opens This Week

The annual turkey season has come to be one that brings quite a lot of money into our county. Last year about this time and on until within a week of Thanksgiving the Johnson Produce Company of this city, bought, dressed and shipped nearly three cars of turkeys. They paid the best prices the market afforded, which was above what prices had been before preparations were made to dress them.

This season the company is ready to handle the trade as usual. According to W. B. Price of Wichita Falls, who is buyer for the Johnson Produce Company and who will be stationed here through the season, the Government survey of the turkey crop shows a slight increase over that of last year. He thinks the company will handle as many dressed turkeys this fall as it did last fall, possibly more. If that is correct, there will be a distribution of several thousand dollars in the county from this source.

The season will really last until the Christmas holidays, but the Thanksgiving trade will last for only about three weeks.

Poultry, Eggs and Cream Bring Nice Annual Revenue

The News has not the figures at hand for the entire output of poultry products and cream for the county, but the information we have been able to gather shows that the aggregate revenue from these is growing and is already a considerable sum.

P. S. Rowe came here from Altus nearly seven months ago and opened up the Farmers Produce Company and since that time he has been buying poultry and cream. Mr. Rowe stated to a News representative this week that he had been buying chickens and eggs amounting to about \$2,000 monthly, and that the cream purchases had gone to about \$500 per month.

In other words since he has been in Crowell he has bought and shipped more than \$17,000 worth of poultry and cream.

He expects to be ready to handle dressed turkeys within the next few days.

Mr. and Mrs. M. S. Henry left Tuesday for Dallas where Mrs. Henry will go through the clinic.

Crowell Legion to Attend Program at Vernon the 11th

Major Luther Hoffman, prominent ex-service man of Wichita Falls, will be chief speaker at the Armistice Day program at the Vernon Theatre Sunday morning, November 11, it is announced by Dr. W. L. Rhodes, commander of the local post.

The program is sponsored by Albert E. Robinson post, American Legion, and Auxiliary and church congregations of the city and others are cooperating.

Vernon Legionnaires will be joined in the celebration by the Crowell post, which will attend in a body. A Crowell man will also be on the program.

The meeting begins at 9:30 o'clock Sunday morning and will continue through until 11 o'clock when taps are blown and the audience faces West in memory of the men who made the supreme sacrifice.

Miss Edith Crowmover will sing a group of patriotic songs, and orchestra will play war time music and Dr. E. L. Moore will give the invocation.

The program begins with a two-reel patriotic picture in colors. Members of the Auxiliary will serve coffee, doughnuts and sandwiches at the close of the meeting.—Vernon Record.

The Bi-County Association to Be Held Tonight

A program was published in last week's paper of the Bi-County Association of Odd Fellows and Rebekahs to be held in Crowell tonight.

The meeting will be at the Methodist church, the program to be in the auditorium and is for everybody who may wish to attend.

While the association includes only Willbarger and Foard, with their different lodges over the two counties, Haskell and Paducah will be represented in a street drill on Main street at 6:30. After the drill the program will start at the Methodist church at 7 o'clock.

After the program in the auditorium a business meeting will be held in the basement of the church, at which time refreshments will be served.

It is expected that at least 150 visitors will be present from adjoining counties. The general public is invited to witness the parade and attend the program in the auditorium.

Smith Leads Foard County by 25 Votes

The vote between Al Smith and Herbert Hoover for president of the United States was the closest ever known between candidates for this office here. Smith polled 466, while Hoover polled 441, a difference of only 25 votes in Smith's favor.

Dan Moody polled 796 and Holmes 119 for governor. It would seem from this vote that the county polled only about 915 votes, or just about one-half the county's voting strength. There should have been around 2,000 votes cast if the voters had turned out in full strength.

By precincts the vote was as follows:

Precinct No. 1—Smith 19, Hoover 20.
Precinct No. 2—Smith 123, Hoover 102.
Precinct No. 3—Smith 29, Hoover 30.
Precinct No. 4—Smith 98, Hoover 51.

Total for Crowell, Smith 269, Hoover 203.

Margaret—Smith 33, Hoover 81.
Thalia—Smith 54, Hoover 47.
Foard City—Smith 27, Hoover 15.
Black—Smith 20, Hoover 2.
Rayland—Smith 28, Hoover 32.
Vivian—Smith 27, Hoover 36.
Good Creek—Smith 7, Hoover 25.

Taxes Collected Through October

According to the tax collector there had been paid up to November 1, \$1,671.64 taxes. This is divided as follows:

State \$408.57
School \$292.34
Road \$ 96.61
County ad valorem \$ 880.12

Of course October collections are expected to be light always. It is the first month when taxes can be paid and not many people take a notion to pay their taxes until nearer the time limit. Usually January, the last month, is the big month for collections. Paying taxes is like shopping for Christmas. Most people wait until the day before to buy their wants and then there is a big rush. The same admonition would apply to tax paying, that is, pay before the big rush.

Buys Partner's Interest in Insurance Business

Leo Spencer this week purchased the half interest of T. D. Roberts in the insurance business of Spencer & Roberts, which firm has been operating in the postoffice building. Mr. Spencer has been writing fire insurance since 1918, together with his other interests, but for the past year or more Mr. Roberts has been associated with him. He will continue the business at the same location. We have not learned what Mr. Roberts' future plans are.

CONSTANT EXPANSION

--to serve Chevrolet owners better

SINCE January 1st more than a million new Chevrolets have been delivered to owners—making the Chevrolet Motor Company, for the second consecutive year, the world's largest builder of automobiles!

This outstanding achievement has been attained not only because of the quality and value of Chevrolet cars—but also because there has been a constant expansion of Chevrolet service facilities.

In order to bring these mammoth facilities of the Chevrolet factories to Chevrolet dealers and owners everywhere, there have been erected 26 huge parts warehouses in the principal centers of distribution. This expansion program is continually going on—for four great additional warehouses will be in operation by January first and seven more by the summer of 1929.

Into the service departments of all Chevrolet dealers, Chevrolet has brought special tools and shop equipment—designed

under the supervision of Chevrolet engineers. This equipment definitely assures maximum speed and precision and the lowest possible cost in the performance of every Chevrolet service and repair operation—which are charged for on a flat rate basis.

Furthermore, all of these tremendous facilities have been made available to 15,000 authorized service stations manned by skilled mechanics, over 25,000 of whom have been factory trained to efficiently handle every repair operation on a Chevrolet car. In addition, there are over 4,000 other points where genuine Chevrolet parts may be obtained.

Uniformly efficient, uniformly reliable and within easy reach of everybody everywhere—this great service organization is maintaining at peak efficiency the fine performance for which Chevrolet cars have always been renowned.

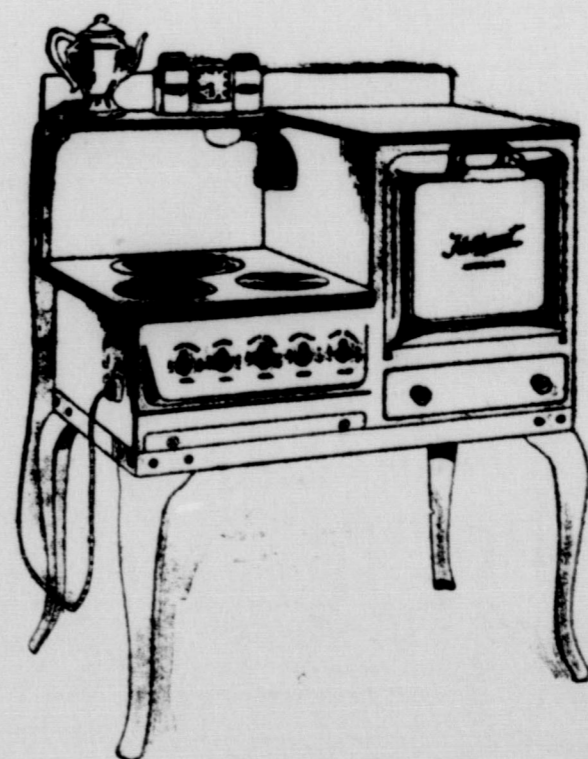

We cordially invite you to come in and see how our service facilities reflect the influence of this great national service program.

THE ELECTION OVER

The average person will feel glad in his heart that the election is over. The last few weeks have brought little or nothing new to the minds of the public, but speeches and newspaper articles were practically a rehash of what we had been hearing for weeks. It might be said that all who had been active in the campaign on both sides had practically spent themselves when the day of the election came. As far as that matter is concerned, in all probability the election was settled in the minds of the people a week or more ago.

In many particulars the campaign has been the most remarkable one in the history of the country. It has been very bitter with many. It is regrettable that elements have entered into it that engender feelings of hate. It is all uncalculated. Issues ought to be discussed with intelligence and reason. Getting mad never gets people anywhere.

One of the features of the campaign most noticeable was that of the activity of the women of the country. It seems that they have just become thoroughly conscious of the fact that suffrage is theirs and in this campaign they exercised it

pretty independently. The fact is, we feel that this was the campaign of all campaigns where they held the balance of power. The larger per cent of them voted independent of party affiliations. It may be that they have taught men a lesson in this particular. Whether that is altogether correct or not, this fact is apparent, the women have come to be a factor in elections and one that is going to function pretty well to suit itself.

In our cooler moments, when the clouds have all cleared, we shall have time for reflection and it may be that in those cooler moments we shall be able to draw some lessons from this campaign that will be helpful to us in future years.

Now that the political campaign is over and we shall not be bothered with another one for four years, let us forget any evil or harmful effects that may result and turn our attention to things less exciting, to say the least of it. We would not say politics is not important, for it is something that every individual ought to give attention to. He can not take his place as a real citizen without giving attention to the selection of our officials. That is a healthful condition of our country. We feel that the country is all right and the safety of the nation is not jeopardized so long as the citizens exercise their right to select men for office independent of the influences of the designing politicians. Briefly, so long as the people rule through sincere choices of men for public office, there is not much to fear. This country is, or ought to be, that of the people. Men elected to office are merely servants of the public. The choice of the

majority might not always be in line with our individual wishes, but even then we would be slow to say that the majority is wrong. We believe it is more often right than wrong.

WILL PUT OUT POISON BAIT

This is to notify the public that I will put out poison bait in my pasture which is known as the Bomar lake pasture. This is to notify the people so that they can guard against their dogs and other animals getting poisoned.

Baptist W. M. S.

The W. M. S. of the Baptist church met Monday, Nov. 5, in a business and social meeting. A goodly number was present but we are anxious to have all the ladies attend. Circle No. 1 meets with Mrs. Leo Spencer and Circle No. 2 with Mrs. R. J. Roberts, Monday, Nov. 12th. The two circles are entering a contest. Let every woman come and do her part to help win.—Publicity Chairman.

Helen: "Jack and I are engaged to be married."
Mildred: "You don't mean it!"
Helen: "No but he thinks I do."

A minister, in addressing his flock began: "As I gaze about I see before me a great many bright and shining faces."

Just then eighty-seven powder puffs came out.

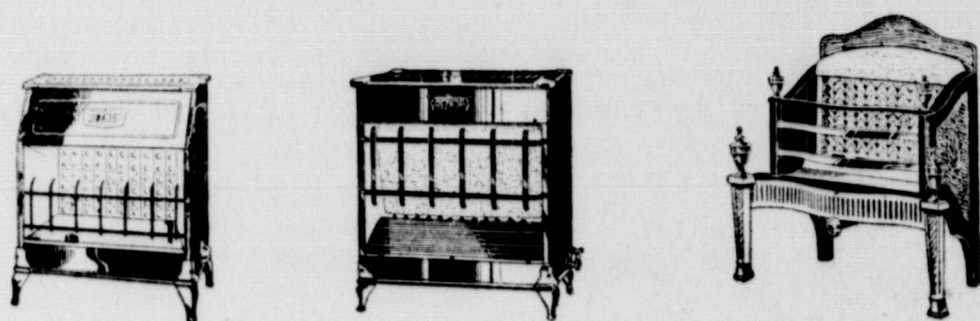

A father took his son of four years to the incubator in the cellar to see the eggs hatch.

Said Dad impressively: "Isn't it queer how little chicks get out of the shell?"

"Gee," said the youngster, "what gets me is how they get in there."

Poultry

Mr. and Mrs. G. H. Patton culled their flock of Buff Orpingtons this week. Their idea is that a smaller flock of hens well taken care of will pay a greater return than a large flock with too many boarders eating high priced feed. They have a fine place for poultry and they have a nice flock of Buff Orpingtons.

There has been a number of calls this week in regard to roup among chickens. Roup usually is the result of chickens getting too warm and then a cold draft blowing on them, resulting in a cold first, and then develops into roup. Care should be taken to see that the flock has plenty of room and that they do not crowd and become overheated.

When a cold or the roup is discovered, it can usually be checked by giving the flock Epsom salts. It should be given at the rate of one teaspoonful of salts to each grown bird. This can be mixed in a mash and fed to the flock when they come from the roosts. Repeat the salts in three or four days and in the same manner. Birds that are affected badly should be removed from the flock.

The poultry house should be sprayed frequently with some good disinfectant. Poultry diseases like everything else, "an ounce of prevention is worth a pound of cure."

Registering Jersey Cattle

The American Jersey Cattle Club has recently adopted a new ruling requiring all animals that are registered after the first of January 1929, to have tattoo numbers in their ears. According to those who have requested the ruling, there are so many animals with the same description that the tattoo method will give a

distinguishing mark at all times. Those who have animals to register should have them registered before the first, however, there will be several tattoo outfits in the county soon.

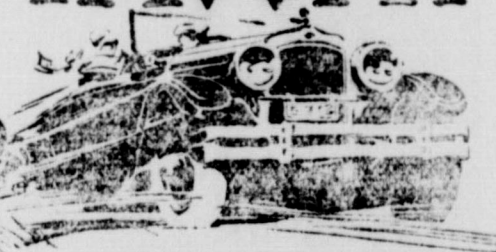

Three Plays and Special Numbers 7:30 P. M. Friday

The initial performance of Crowell's Little Theatre Club will begin at 7:30 p. m. tonight when a program of three one-act plays and special numbers will be given.

Besides the three plays which have already been announced, a special feature "Irish Dances" will be given by Misses Autie Anthony, Eva Todd, Elizabeth West and Opal Barry. A cutting from Miss Minerva and William Green Hill, entitled "The Humble Petition" will be given as a reading by Dwight Barry, who has made a great hit with his readings.

A FAST GETAWAY

to
High Compression
Performance

FIRST a quick, easy start. Then, high-compression performance from any motor.

That's what happens when Conoco Ethyl goes through the carburetor. This super motor fuel gets the best from all types of motors in all kinds of weather.

Eye-forming perfectly in the new high-compression motors, it releases the full power which these motors were designed to develop. By "turning carbon into power" it makes motors of lower compression deliver high-compression performance.

Conoco Ethyl is indeed the miracle motor fuel. It is giving thousands of motorists an added pleasure in car ownership. When you try it, you'll quickly understand what a difference Conoco Ethyl can make in the general operation of your car.

Get it at the familiar Conoco Ethyl Sign.

HOW IS THE ROOF?

It is a very timely question to ask yourself as winter approaches, for in bad weather the roof is a very essential part of the house.

If your roof needs repair, it needs it now before bad weather comes, and it looks like we are certain to have more bad weather than usual this winter.

Let us figure your needs, whatever they may be in the lumber line. Maybe it's a new home, or some kind of repair, then let us figure with you. We can give you the quality and prices you want and deserve.

ART CONTEST

The following lists include the pictures to be studied this year. There is a separate list for each department. All the pictures can be bought from Hoover Bros.; Perry Picture Co., Malden, Mass.; or F. A. Owens Pub. Co., Dansville, N. Y. The Hoover pictures are in colors. They are 10 1/2 x 11 1/2 and can be had for 10c if 5 are bought. The Perry pictures are in sepia. They can be bought in lots of fifteen or more for 4 cents each in size 7x9, or 10c each in lots of four or more in size 10x12. The pictures from F. A. Owens Pub. Co. are known as the instructor series. They are 7 1/2 x 9 and are colored. They may be bought for 25c if fifteen or more are bought. In the list the letters tell from what company to order the pictures. I. S. means Instructor Series; P., Perry; and H., Hoover. From this list high schools study twenty; intermediate, fifteen; primary, ten; first and second grades tell orally the name of the picture and the artist; third and fourth grades give orally the name of the picture and the name and nationality of the artist. From fourth grade up all grades write the name of the picture, the name and nationality of the artist, and are responsible for spelling. Some of the pictures may be ordered from more than one company. If so, it is indicated.

Following are the lists of pictures with name of picture, name of artist, nationality and Co.:

This contest is not one between schools at all. Each child should have a chance to study the pictures. The room in each school making the highest average might be given a picture from some local fund and each child making 100 percent might get a small picture. The goal in this contest is the best each child can do.

Director of Art.

BOOK WEEK

The twentieth century might be called the children's century, for never before has there been such interest in the welfare of children or such sincere endeavor to understand them. The inauguration of the first Book Week in 1919 was a manifestation of this growing spirit of sympathy with childhood needs and desire to give boys and girls their full heritage.

Book Week was organized to dramatize and intensify national interest in children's reading. The American Library Association, the Boy Scouts of America, the American Booksellers Association and a group of publishers planned the first observance. Now these and many other organizations take part annually. The General Federation of Women's Clubs has assumed a leading role in the observance each year, also the National Congress of Parents and Teachers, the National Education Association, the Girl Scouts, the Camp Fire Girls and other national groups.

In many towns the entire community takes part in this annual book festival, women's clubs, churches, business men's clubs, parent-teacher associations, schools, department stores, bookstores, libraries, and newspapers all participating. Their aim is to bring all the boys and girls of the city in touch, during Book Week, with the delight of reading and owning books, and then to guide their reading and buying throughout the year, so that books will become a part of every child's daily life.

METHODIST CHURCH

Sunday School meets promptly at 10 o'clock with classes and capable teachers for all. Let the entire student body endeavor to be on time with a studied lesson.

We invite people who are not members of any Sunday School to visit ours Sunday and see how the school is conducted, and how much they might be helped by becoming regular members.

As we have only two more Sundays in which to close up the work of the year we would urge all the members of the school to attend the preaching services at both hours Sunday, but especially the morning service.

Worship at 11 a. m. and 7:15 p. m.
Preaching services at Black school house at 3 p. m.

Junior church services at 11:30 a. m. held in the basement of the church by Mrs. McCarter. The boys and girls appreciate their service. A large number are present each Sunday.

Young people's meeting at 6:30. Hope the entire body of young people may attend the evening service, and thereby let their loyalty to the evening worship be an example to older people.

W. R. McCARTER.

Thalia W. M. U. Society

Thalia Baptist ladies met Monday afternoon with 18 members present. Circles No. 1 and 2 met together for devotional and business meeting. Devotional was led by Mrs. M. H. Capps. Items of interest were discussed concerning the circles.

Mrs. G. C. Phillips was elected president of both circles.

Each lady brought a jar of fruit to be sent to Buckner Orphans Home. Thirty-four quarts were donated, most of it sweetened fruit, being preserves, jams and pickled whole fruit.

A committee was appointed to see to the sending of the fruit after which the society adjourned.—Reporter.

1,370,000 MORE TO BE PAID SCHOOL DISTRICTS

Austin, Texas, Nov. 2.—One dollar of a per capita apportionment to the public schools, representing \$1,370,000, will be paid Nov. 10 to all counties and independent school districts qualified to receive it, S. M. N. Marrs, State Superintendent, announced Friday.

With this payment among the school districts \$4,110,000 since the current scholastic year Sept. 1, there having already been paid \$2 of the \$15 per capita apportioned by the Board of Education last July.

WHAT'S DOING IN WEST TEXAS

(By West Texas Cham. of Com.)

The Red River District Convention of the West Texas Chamber of Commerce will be held at Decatur on November 23. Decatur, Archer City, Burkburnett, Iowa Park, Electra, Wichita Falls, Denton, Bowie, Henrietta, Throckmorton, Vernon and intervening points are in this district.

The Friona women's club is sponsoring a move to secure the services of a county health nurse for the purpose of assisting in and directing the health inspection of the pupils of the schools of the county.

The plant for the Mills County Cheese and Butter Company that has been under construction at Goldthwaite is nearing completion and will soon be ready for operation. The plant has a capacity for handling 10,000 pounds of milk.

The last district W. T. C. of C. will be the Central district meeting at Merkel on Dec. 6. Abilene, Stamford, Hamlin, Sweetwater, Merkel, Anson, Ballinger, Winters, San Angelo, Rowena and other towns are included in this district.

Sanitary conditions in Brady will be much improved by paving of all alleys in the business district which will start soon. The city council recently went on record to defray all expenses for the project.

By improving an old school building with heating fixtures, and new equipment, the Petersburg school system has been able to care for all of its scholastics without expending an undue amount of the schools finances.

To encourage the voting of bonds for the building of the Petroleum Highway, Big Lake's Lions Club gave three prizes for the best essays on "Why Reagan County Should Have Good Roads?" Twenty-seven dollars and fifty cents comprised the sum of the prizes.

Attractive premiums are provided in the catalogue of the annual San Saba County Mid-Winter Poultry show at San Saba to be held December 11th to 15th. F. L. Brown is secretary.

Two highways are being built into Stamford, one Highway 18 from the Shackelford County line will be completed by the end of the year, the other, Highway No. 30, will be constructed of concrete from the Haskell County line to within five miles of Anson.

The Big American La-France chemical fire truck recently acquired by Estelline at a cost of more than \$5,750 will reduce the fire insurance policies by more than \$3,000.00 in one year. A volunteer fire department is to be organized in the near future.

Sabinal is experiencing a steady growth. The Uvalde Cream & Dairy Company is installing additional ice cream machinery. Work is to start soon on the post office building and a new brick and tile building is going up in the business district.

The laying of the natural gas lines by the Miami Gas Company in the city limits will be completed soon according to Miami officials. The same line will serve Mobeetie, Laketon and Miami.

The first prize of \$10.00 to be given to the Mobeetie high school student writing the best essay about the history of Fort Elliott which is located a few miles from the town will be given by the West Texas Chamber of Commerce.

A CHANGE OF THOUGHT.

When you get a little time for reflection, what do you think about? Probably along some of the following lines: The injustice that appears to prevail in the world. Political corruption that is apparent from congressional investigations. How some of the people of your acquaintance are able to do it and still make both ends meet. The disregard for law that on the surface, seems to be growing. Murders, robberies, divorces, scandals and similar evils.

There are some of the multitudinous thoughts that come to the average person, with their long trail of dissatisfaction and disgust.

This is the black side—the unusual, the commonplace things are too often overlooked. Try a change of thought and see if it isn't beneficial. Think of some way of building up the home life and making it more attractive.

Devise some way to exercise a greater amount of supervision over the children and to be of assistance to the school teacher who labors diligently that they may grow up to be decent and respectable men and women.

Ask yourself if you are putting forth your best effort for the improvement of conditions in the community. Give a little thought to developing the proper spirit of amity and good will among those with whom you come in daily contact.

Make a special effort to be a booster for everything at home, instead of a critic. Thoughts frequently come unbidden, but it is not difficult to divert them along wholesome lines.

Give this recipe for peace of mind a trial and see if it does not benefit you as well as those about you.

ADELPHIAN CLUB

The Adelpian Club met in its regular session Wednesday with Mrs. A. Y. Beverly. Miss Lottie Woods conducted a very interesting lesson on Contemporary Poetry. Mrs. W. B. Johnson discussed "Rhythm in New Poetry." Not many years ago we heard of "meter" quite frequently. It meant tiresome exercises in "scansion." Today we have more to say about rhythm. Rhythm is the wave like flowing of sequences of sound in poetry.

Two poems were discussed at

length, the first, "The Santa Fe Trail" by Vachel Lindsay, is one of the finest examples of rhythm as the accompaniment of mood and meaning. It portrays Lindsay's power as a master of poetic music. Lindsay is an American who has made quite a record as a poet within the last ten years. Mesdames Andrews and Self gave their impressions and reactions after having heard Lindsay personally. "The Listeners" by Walter de la Mare, was read and discussed generally by club members. La Mare is an outstanding English poet of today.

During the social hour a lovely plate suggestive of Halloween was served to members of the club and Mrs. Carl Thacker of California.—Reporter.

A THEATRE AND KID PARTY

On Friday evening, October 26, Mr. Richmond offered one-fourth of the proceeds made at the picture show to the foot ball boys. The seniors who wanted to show their loyalty to the boys gathered on the court house lawn at 6 o'clock to march to the theater, clad in knee trousers and play aprons.

After the show which was very in-

teresting to the children, they assembled in the gym of the old school building for their "kid" party, and even Vance wore knee trousers. They played games such as three-deep, London Bridge, and snap. After many games were played refreshments of peanuts and pop corn were served. All then were dismissed to go home to their "mothers."—Reporter.

Baxter Johnson shipped in four cars from Hartley County to graze. Paul Shirley shipped in two cars from Truscott and 4 cars from Arizona to be grazed.

Ford Dealers Have New Finance Plan

J. C. Self of the Self Motor Company, Ford dealer, has recently returned from Dallas, where he received details of the new Ford finance plan.

The new finance plan will be operated by the Universal Credit Company, an affiliated specialized organization controlled by the Ford Motor Company and operating solely for the purpose of financing Ford products on a "time" basis. The branch office serving this territory is located on the 9th floor of the Burt building, Dallas, Texas.

This is of special interest to prospective purchasers of Ford products on a "time" basis. Under this authorized finance plan, Ford customers will have a finance service available which is sound and in keeping with Ford policies and standards. The plan is nation-wide in scope and for the exclusive use of Ford dealers.

It is another step of the Ford organization in reducing costs by controlling operations from the mine to the consumer. The cost of this service will be lower than any heretofore available to Ford customers on a national basis, and automatically reduces the price of Ford cars purchased on a "time" payment basis. It is a further expression of the established Ford policy of giving outstanding values and complete service to the consumer at the lowest possible cost.

The plan also contemplates the purchase by Universal Credit Company of sound and adequate fire and theft insurance, protecting the joint interests of the purchaser, the dealer and the company in the car.

The purchaser receives a policy of standard form insurance providing protection for one year. Such policies are issued by the Home Insurance Company of New York, the largest fire insurance company in the United States. The policies provide for settlement based on the actual cash value of the car at the time of loss.

The Universal Credit Company and the Ford dealer will work together in making this new economical Ford service available to all purchasers of Ford products on a "time" basis. The Self Motor Company, local Ford dealers, will be glad to explain all the details of the plan, which applies to both new and used cars purchased from Ford dealers.

"Together for Texas" Advertising Campaign Will Cover All Texas

Through the courtesy of the "Outdoor Advertising Association of Texas," an advertising campaign "Together for Texas" is being staged all over the state through the medium of attractive billboards.

An example of their co-operation is shown in one of the signs across the street from the postoffice. The Outdoor Advertising Association of Texas is working in co-operation with the chambers of commerce of the state and are offering this advertising free. There are to be a series of different kinds of posters put up on their billboards throughout all parts of Texas.

THE SIGNIFICANCE OF BOOK WEEK

"Could we give one gift to every child, we should choose the love of book."—William Frederick Bigelow in Good Housekeeping.

Dear Women: Never in the history of the nation has there been such an increasing interest in the education of the small child.

Every year it is brought more forcefully to us that the earliest training of children is the most significant.

The G. F. W. C. is urging that all organizations interested in the child will co-operate in observing Book Week, Nov. 11-17.

Let your club see that they do something definite to stimulate child-reading during this particular time.

Will be glad to aid any one or any organization in the selection of books for children. I am prepared to help one any time you might desire.

I hope the clubs of the county will be unanimous in their observance in some manner of this week.

Respectfully,
MRS. MARK HENRY,
State Chair, of Juvenile Literature.

Well you can go down the streets now and see some people smiling and some that are not looking so well, but we think every thing will be all right in a few days.

The radio fans are glad that the 6th has passed for the only thing they have been able to get for a long time has been political speeches.

Mr. O. D. Beauchamp is building a small store building just south of the high school. This is going to make things mighty handy for the pupils.

Mrs. Ida Reavis is lining her house with Sheet Rock. Arnold Rucker is doing the carpenter work. We are glad for Mrs. Reavis for she will have a warm house when she gets it finished.

We have a good stock of B. P. S. paint and this is a fine time to paint. So if your house needs a coat why not come in and we will try to trade with you.

Just a door-knob, but the first detail of your home that is noticed. The most used feature of your home may be the most ornamental if you buy Schlage locks and latches.

We like to think that we are rendering a service to this community by running this business. We hope you think so, too.

Hubby (on phone) Sorry, honey, but I'll be awfully busy at the office until late. Wife: "Can I depend on that?"

Flapper: "Mother, should I wear my garters above or below my knee?"

Mother: "What's the difference—they'll show anyway."

Lady: "I asked for a dozen oranges, and you only gave me eleven." Poddlar: "That's all right, lady. One was bad, so I threw it away for you."
