Last year Crowell had approximately 80 riders in the parade and made a very creditable showing. Mr. Self stated, "Only organized riding clubs are invited to participate."

This year, W. A. Dunn has been appointed general chairman and is to be assisted by Jack Seale and Jim Hill Erwin, with Jack Walker and Jim Riley Gafford in charge of trucking the horses to Vernon.

The committee on costumes has reported that the costumes for the men this year will be white shirts, black string bow ties, light hats, Levi trousers and boots. The ladies' costumes are not regulated other than they must be western.

The parade will start promptly at 2 p. m. and all those who ride must be in line by that time. Only those who wear the above costumes will be allowed to ride with the local delegation.

Mr. Self further stated that "No chaps will be worn. Riding clubs will not be served a meal this year. Everyone in Foard and Knox Counties is invited to ride with the Crowell Roping Club, and urged to make arrangements now to be in the parade and help the local roping club make a good showing again this year."

The undefeated Childers Bobcats defeated them 4 to 0 here last Friday noon and the Paducah Dragcats them 4 to 0 at Paducah Tuesday afternoon. This leaves three class A teams of the district tied for third place. Childers, Crowell and Paducah each won only one game in conference play. The Wildcats will play both of these teams here in the season.

The Crowell boys made a good out of it with Childers for innings. Neither team was to score for three innings. Childers sent one runner. The fifth inning gave them more runs. The roof fell in the Wildcats in the sixth and in the smoke cleared away, Bobcats had the game wrapped up. Shorty Orr led in Crowell hitting with two bingles.

The Crowell boys hitting safely were Gerald Bradford, Printiss they game at Paducah was close the way, but the Crowell boys were to hit the ball off of Lynn Rogers, pitcher for the Dragcats, was the difference. Edward ward was the only Wildcat to do a safe bingle. Gerald Bradford, freshman pitcher for Crowell, did an excellent job allowing only five hits.

## More than 940,000 Texans Registered for Selective Service

More than 18,000 Texans registered for the draft at the state's 137 local boards during the first quarter of 1956, Colonel Morris S. Schwartz, state Selective Service director, said last Friday.

This brings the total number of men on draft board lists to more than 940,000. This is the number of men registering under the federal draft law since August, 1948. The current law went into effect that year.

Nearly all Texans signing up in January, February and March were registered on their 18th birthdays. The law requires that all males register on their 18th birthday, or within five days thereafter.

All males born since August 30, 1922, have had a legal obligation to register since August, 1948, except those not yet 18. Failure to be registered as required by law can mean a fine of \$10,000, five years in prison, or both.

Currently, no one is drafted in Texas under the age of 21, except volunteers or draft delinquents. The law, however, makes registration compulsory at 18.

A youth, on his 18th birthday, or within the five-day legal limit following his birthday, must go to the nearest board and register, no matter where he may be.

By giving his home address, a young man can have his registration card sent to his home board when he registers away from home if that is his desire.

## Casey Tibbs to Enter Rodeo Contests at Santa Rosa Roundup

Casey Tibbs, the 1955 world champion all-around cowboy, will head up an impressive list of more than 200 rodeo riders, ropers and steer wrestlers who will perform in the Santa Rosa Roundup in Vernon the week of May 7.

Six nights of championship action are scheduled, rain or shine, starting at 8 o'clock. There's a \$9,100 prize list plus entry fees to be split among top winners in bareback bronc riding, saddle bronc riding, bull riding, steer wrestling, calf roping, wild horse race, and cutting horse contests.

Tibbs, of Ft. Pierre, S. D., and vice president of the Rodeo Cowboys' Association, is one of only three men in rodeo history to win both the bareback and the saddle bronc crowns in the same year (1951). His third specialty is bull riding.

The energetic 25-year-old bronc buster recalls a 12-day period last year when he entered in five rodeos from coast to coast and won championships in four of them.

Other big-names on the tan-bark circuit who will be back again this year are Jim Shoulters of Henryetta, Okla., runner-up for last year's All-Around title; Harry Tompkins, a New Yorker who turned bull rider and was fourth among the world's best All-Around performers in 1955; and Todd Whatley of Hugo, Okla., a former world's champion bull rider.

A co-feature of the 11th annual

Roundup will be the Livestock Exposition, which features scores of the most talented and sleek quarter horses in the nation.

More than 1,000 horses are expected to prance through a two-mile-long parade starting at 2 p. m., Monday, May 7, according to John Biggs, general manager of the Roundup. More than 25 Texas and Oklahoma riding clubs are expected.

Tickets to rodeo performances may be obtained by calling 2-6868 or writing Santa Rosa Roundup Ticket Headquarters, Wilbarger Hotel, Vernon, Texas.

## Total of 12,023 Texans Entered the Service in First Quarter of 1956

A total of 12,023 people entered the armed forces from Texas during the first quarter of 1956, Colonel Morris S. Schwartz, State Selective Service director, said last Thursday.

During the same period, a total of 12,993 Texans received their discharges from the uniformed services, or were transferred to the reserves from active duty.

Of the 12,023 Texans entering the various services, 10,541 went in by enlistment, appointment, or other voluntary means. The remaining 1,482 were drafted through the state's 137 draft boards.

"Actually, many of the men who went in through the draft boards were volunteers," Colonel Schwartz said. "But all are counted as draftees, as they volunteer for induction."

Men between the ages of 17 and 26 can volunteer for induction through draft boards. Seventeen-year-olds must have the consent of their parents or guardians.

Texas draft boards sent 2,932 men for pre-induction examinations during the first quarter of 1956. Of this number, 1,891 were found acceptable, 1,041 unacceptable, a rejection rate of about 35 per cent.

## Local Horsemen Invited to Ride in Santa Rosa Parade

Members of the Crowell Roping Club have been invited to ride in the Santa Rosa Parade in Vernon on Monday, May 7. George Self announced Tuesday.

Last year Crowell had approximately 80 riders in the parade and made a very creditable showing. Mr. Self stated. Only organized riding clubs are invited to participate.

This year, W. A. Dunn has been appointed general chairman and is to be assisted by Jack Seale and Jim Hill Erwin, with Jack Walker and Jim Riley Gafford in charge of trucking the horses to Vernon.

The committee on costumes has reported that the costumes for the men this year will be white shirts, black string bow ties, light hats, Levi trousers and boots. The ladies' costumes are not regulated other than they must be western.

The parade will start promptly at 2 p. m. and all those who ride must be in line by that time. Only those who wear the above costumes will be allowed to ride with the local delegation.

Mr. Self further stated that "No chaps will be worn. Riding clubs will not be served a meal this year. Everyone in Foard and Knox Counties is invited to ride with the Crowell Roping Club, and urged to make arrangements now to be in the parade and help the local roping club make a good showing again this year."

## H. S. Baseball Team Loses Two Conference Games

The Crowell High School baseball team lost two conference games last week. The undefeated Childrens Bobcats defeated Crowell 14 to 0 here last Friday afternoon and the Paducah Drags beat them 4 to 0 at Paducah Tuesday afternoon. This leaves three class A teams of the district tied for third place. Chillicothe, Crowell and Paducah each have won only one game in conference play. The Wildcats will play both of these teams here in the season.

The Crowell boys made a good game out of it with Childress for the innings. Neither team was able to score for three innings before Childress sent one run across. The fifth inning gave them the lead. The roof fell in on the Wildcats in the sixth and when the smoke cleared away, the Bobcats had the game wrapped up. Shorty Orr led in Crowell's hitting with two bingles. Other Crowell boys hitting safely were Gerald Bradford, Printiss Sidney and Dwayne Boren.

The game at Paducah was close all the way, but the Crowell boys pulled to hit the ball off of Lynn Rogers, pitcher for the Drags, was the difference. Edward Howard was the only Wildcat to get a safe bingle. Gerald Bradford, freshman pitcher for Crowell, did an excellent job allowing only five hits.

The Crowell team gets a rest this Friday, but takes on both Chillicothe and Quanah in conference games next week. The eagles come to Crowell next Tuesday afternoon.

**"LOVE GOD AND NEIGHBOR"**

No! This is not another sermon telling you what you ought to do. If a person could live day by day with the sincere feeling that God and neighbor are on his side, that everyone would be friendly—that there would be no fear of sarcastic criticism or ridicule, this would take away the feeling of doubt and uneasiness. Love should exist with every-day acquaintances and people you meet in the halls of CHS, not only in the affectionate attraction between sexes. Having regard for all persons whether they are close friends or not will make you feel on top of the world.

Love for your fellow man promotes love and respect for God to the extent that you will give back to Him a portion of your time in worship, devotion and thankfulness that you enjoy good friends and happy days.

**SIX DELEGATES REPORT STATE MEETING "GRAND"**

"Faith for the Future" was the theme of the State Association of Future Homemakers of America annual meeting in Ft. Worth. Attending the meeting from Crowell were Sandra Choate, Latrelle Duckworth, De Anna Ferguson, Anna Marie Fiske, LaVoy Rummel, Dianne Sledge, Mrs. Ray Duckworth and Mrs. Doyle Kenner. They arrived in Fort Worth at the Western Hills Hotel about 2 o'clock Thursday afternoon.

The four girls, De Anna, Anna Marie, Latrelle and Sandra receiving State Degrees, practiced the ceremony Thursday evening. Friday morning the program opened at the Will Rogers Memorial Auditorium. Fern Foster, state president from Hawkins, opened the first regular session with the opening ritual. The presentation of colors was given by the Color Guard, R. O. T. C., Fort Worth High Schools. Speakers for the morning included Dr. J. Chess Lovern, pastor, First Methodist Church, Lubbock; Royce Bodiford, State F. F. A. president, Millsap; and Helga Thome, exchange student from Germany, a senior at Hereford High School. Helga explained that when she goes back to Germany, she will tell all of the people what America is like and try to make them see that the United States has really helped Germany.

Lunch, prepared by Walter Jetton, was served to the girls in the Exhibit Hall. Fun night supper was also enjoyed there. Music was rendered by the Denton Civic Boys' Choir, George Bragg, director. Guest speaker and panel leader was Miss Josephine Pazdral, state advisor. After this the conferring of State Degrees of Achievement took place. Girls from Crowell receiving these degrees were Sandra, De Anna, Latrelle and Anna Marie. Three hundred twenty girls from all over Texas received degrees.

The theme for fun night was "Deep in the Heart of Texas." Areas I, II, III, IV and V participated in this pageant. The meeting of the voting delegates was held Saturday morning. LaVoy Rummel was the delegate from Crowell. After lunch De Anna and Mrs. Kenner, who will attend the national convention in Chicago, went to the meeting of delegates to the national meeting.

**CHS STUDENTS WIN HONORS AT T. I. L. MEETING**

Roma Jan Spikes, Aldon Garrett and Sandra Choate entered the regional meet at N. T. S. C. in Denton last Saturday, April 21. They were accompanied by Denton by Mrs. Jack Spikes and Mrs. Elmo Todd. Roma Jan and Aldon were our district representatives in poetry reading. Sandra entered ready writing as second place district winner. She came from Fort Worth where she had attended the state FHA meeting and received her state degree.

Aldon placed second and Sandra third in their respective contests and are, therefore, alternates to the Texas Interscholastic League meet in Austin in May. This speaks well for these students as all districts in the region were well represented.

**JOTTINGS BY JAN AND MARKINGS BY MARKETTA**

News received from Tarleton last week listed Billye Graves and Robert Graves on the honor roll. In the same paper there is a picture of an attractive library building which is nearing completion on the Tarleton campus.

CHS's band, which is known for its "wonderful" music, has been practicing for the last contest which will be held April 28. "Hello" to Betty McKown; we missed you Thursday and Friday and we are glad to see you back in school today after your appendectomy. Altogether it never ceases to be a remarkable accomplishment—the operation of today.

Throughout the past week the juniors have been excited over the notice from the company that their senior rings are on the way. The seniors are hoping that everyone will bring their money promptly.

Note that Grace Kelly and Prince Ranier have completed their two marriage ceremonies, and Margaret Truman's wedding was last Saturday, what will we see and hear on television and radio! Politicians, I suppose. It's crazy, man, crazy!

The girls are moving around more slowly nowadays. However, the football workouts are over, and we hope all will soon return to the old vim and vigor.

As CHS sent only three entries to the area meet at Denton, we

feel that winning two places was quite a feat. Aldon's second in poetry reading and Sandra's third in ready writing make the old CHS Wildcat mighty proud. Another point of pride around CHS are the girls who earned their state degrees in FHA and had a wonderful trip to the state meeting at Fort Worth. Our celebrities stayed in the Western Hills, along with Elvis Presley and Eleanor Roosevelt.

Hunt up the old ball point and prepare for the "John Henry" rush. The 1956 Roundup is due to arrive within the next two weeks.

Only four more weeks until the seniors can do their disappearing act—from school.

All the seniors have calluses on their tongues from licking the stamps for their invitations.

We're going to have to stop now because it's awfully hard to write, because our fingers are crossed in hopes that the senior rings will come in this week.

**KOOL KATS FREEZE HOT DOGS**

On Tuesday afternoon, April 17 at 2:30 the Kool Kats met the Hot Dogs for a "rough and tough" girls' football game in the Powder Puff Bowl. During the first half of the game the freshmen and sophomore Hot Dogs and the junior and senior Kool Kats were "nip and tuck," but the last half found quarterback Zonell Eddy slithering past end Kay Johnson for a touchdown for the Kool Kats. The battle raged on until 3:30. The game ended with a 6-0 victory for the Kats.

The Kool Kats, instructed by Coach C. McDaniel, were as follows: quarterback, Zonell Eddy; center, Doris Cates; guards, Patricia Todd and Dana Loy Roberts; tackles, Pat Cates and Sandra Choate; ends, Anna Marie Fiske and Peggy Long; halfbacks, De Anna Ferguson and Ruth Hinkle; fullbacks, Karen Hall and Barbara Fairchild. Managers LaVoy Rummel and Jeanette Johnson kept both teams' throats cool with fresh water.

Without the loyal support of cheerleaders Bobby Davis, Butch Abston, Johnny Wehba and Bill Halbert, the team's victory would have been less glamorous. Dale Jones added to the appearance of the colorful pep squad.

Girls on the Hot Dogs team were quarterback Betty Linda Knox; center, Barbara Borchardt; guards, Gay Johnston and Dianne Sledge; tackles, Beverly Kelly, Dorothy Wehba and Janet Rasberry; ends, Kay Johnson, Jerry Fairchild and Joyce Howard; halfbacks, Margie Rasberry and Judy Vaughn; and fullback, Gayle Taylor. They were coached by eighth graders, Don Toie and "Turk" Ferguson.

"Sheroes" who suffered injuries were Ruth Hinkle and Dana Loy Roberts.

Announcer Lowell Page gave a professional play-by-play account of the Powder Puff Bowl over Marion Crowell's equipment. Thanks, Marion. Thanks go to the near sighted officials, Ray Gibson, Ray Thomson and Jimmy Thaxton.

Proceeds of \$71.75 went to the FHA organization. The girls and their sponsor, Mrs. Doyle Kenner, wish to thank the public for their cooperation.

**CHILDRENS DEFEATS CROWELL**

The Childrens team stomped the Wildcats 14-0 with Al Royles and Fred Cawthorn hitting home runs for the Childrens team. Tom Smith pitched a five hit shut-out game. Bradford was the losing pitcher. Crowell has lost two and won one district games.

Crowell team is composed of the following boys: Larry Sledge, Gerald Bradford, Duwayne Boren, Jerry Bob Sellers, Printiss Gidney, Dwain Orr, Sonny Cates, Billy Everson, Eugene Davis, Raymond Trammel and Lindel McBeath is manager.

The boys will appreciate the support of all baseball fans. Without support you cannot have a winning ball team.

**State Capitol NEWS**  
 by VERN SANFORD  
 Texas Press Association

Austin, Tex. — Harmony may yet come to the Democratic party in Texas. But it will come only if Gov. Allan Shivers, Sen. Lyndon Johnson and Speaker Sam Rayburn get together — as they did when they named Lt. Gov. Ben Ramsey national committeeman.

A backer of Senator Johnson as Texas' favorite-son candidate for President suggests that the Senator seek only the favorite-son role and not attempt also to be chairman of the delegation.

Both Shivers and Johnson have been recommended as chairman — Shivers by the conservatives, Johnson by the liberals.

Mrs. H. H. Weinert of Seguin is the "dove of peace" in the present controversy. She is Texas' Democratic National Committeewoman.

She predicts that the state convention will end up with two delegations to the national convention unless Shivers, Rayburn and Johnson get together soon.

Meanwhile, a full-fledged campaign is under way by Johnson boosters, for his nomination as Texas' favorite-son candidate for President.

Some prominent Texans aligned with the movement include Speaker Rayburn, former Vice President John Nance Garner, former Gov. Miriam A. Ferguson, and former Congressman Lloyd Bentsen Jr.

Shivers, who likes Johnson in the favorite-son role, but not as head of the delegation, predicts that his conservative group will win out in the May 5 precinct, May 8 county, and May 22 state conventions. Liberals say that, should this happen, they will send a contesting delegation to Chicago in August.

**Newcomers Due in Legislature** — New faces can be expected when the 55th Legislature convenes next January.

Some 66 races—55 in the House and 11 in the Senate—already are underway over the state. More filings are expected before the May 7 deadline.

Some political observers predict an unusually large turnover in both houses.

Of the 16 senators whose terms are expiring, two will not be candidates. They are Warren McDonald of Tyler and Gus J. Strauss of Hallettsville. Another vacancy was created by the death of Sen. Wayne Wagonseller of Bowie.

Of those running, only five do not have opponents. They are Sens. Neveille Colson of Navasota, Jarrard Secrest of Temple, George Moffett of Chillicothe, Frank Owen III of El Paso and William S. Fly of Victoria.

Hot contests for the remaining seats already have developed in some areas. Senators facing campaigns are Doyle Willis of Fort Worth, Johnnie B. Rogers of Austin, William H. Shireman of Corpus Christi, Abraham Kazen Jr. of Laredo, O. E. Latimer of San Antonio, Rogers Kelley of Edinburg, Kilmer Corbin of Lubbock, and Grady Hazlewood of Amarillo.

Hazlewood, Kelley and Secrest have not announced definitely whether they will make the race. In the House, 26 members have said they will not seek re-election. Five of these are running for the senate instead. They are Bill Wood of Tyler, Grady Hogue of Athens, Joe Pyle of Ft. Worth, Floyd Bradshaw of Weatherford and Carroll Cobb of Lubbock.

Twenty-eight other House members have one or more announced opponents. One new member will come in to replace George S. Berry of Lubbock, now deceased.

school integration and mixed marriages.

Petitions asking the Democratic Executive Committee to place these questions on the ballot are being circulated in 30 cities. These would be in addition to the interposition referendum proposed by Governor Shivers.

"We're going for interposition too," said Ross Carlton, head of the pro-segregation organization, "but we think more direct action is needed."

**A Suggested Vaccination Program for Poultry**

Incomplete vaccination programs have reportedly resulted in severe production drops in some laying flocks, says Joe Burkett, Foard County Agent.

Egg production has reportedly fallen off at the rate of 10 to 25 per cent per day in some flocks. Had vaccination programs for Newcastle, infectious bronchitis, and fowl pox been complete, the severeness of this drop could have been prevented.

Newcastle, infectious bronchitis, and fowl pox are usually more of a problem on a farm where birds of different ages are maintained, says Burkett.

There are methods which can be followed to prevent disease, and assure complete vaccination. Vaccination for Newcastle should be at four days and four weeks of age. The drinking water method using B-1 type vaccine is a good one.

Vaccination for bronchitis should take place at six weeks of age using the same method. If an outbreak occurs naturally before that age, says Burkett, the result is the same as exposure to the vaccine and further vaccination is not needed.

At eight weeks of age, birds should be vaccinated for fowl pox using the wing-stab method. After

Alamo in San Antonio, Texas stops include Austin, Waco, Hillsboro, Cleburne, Cresson, Weatherford and Fort Worth.

The May 1-6 program will include dinners and dances and Red River bridge ceremonies, with historical groups along the way actively participating.

10 days, one-fourth of the flock should be checked for a "take." If the take is not close to 100 per cent, then it is advisable to re-vaccinate the entire flock.

As the birds are moved to the lay house, revaccination for Newcastle should occur using the B-1 type vaccine.

Methods of vaccination such as individual application to the eye or nose, and the use of dust or spray may be chosen. In using a vaccine, however, follow the recommendation of the manufacturer in detail, Burkett cautions.

Chickens even after having been vaccinated one or more times against Newcastle may contract a respiratory form of the disease which usually persists only four to five days. This however, may not seriously affect egg production.

Leaflet 241, "A Suggested Vaccination Program for Chicks," outlines a detailed procedure for the complete vaccination of egg replacement stock and broiler chicks. The leaflet can be obtained from Burkett.

**CRYSTAL BALL FOR OIL BEARINGS**

Oil men use crystal balls to locate proposed offshore well sites — what's more, they build 'em themselves! Because of the difficulty encountered in sighting ordinary flagging cloth, instrument men devised a floating crystal ball which spins on its mooring and reflects the sun in flashes easily visible to surveyors ashore, miles away. The ball is constructed by welding two stainless steel mixing bowls together and cementing one-inch square mirrors in rows all around the sphere. In the hands of skilled oil men, even mixing bowls and glass mirrors can prove valuable aids in the search for petroleum products.

### A Clean House Seldom Burns

Most folks have the makings of a real "good" fire on their farms simply because they don't know what rubbish is, warns Joe Burkett, County Agent.

In a special Spring Clean-Up Week plea, the agent urged everyone immediately "to be alert to spot rubbish and other useless quick burning things around the farm, for these are a real danger."

"Then," he said, "get into the habit of disposing of such waste materials and junk regularly and often, and you'll be contributing more to the fire safety of your family and farm than could all the fire departments for miles around."

Here, according to the agent, are some of the things that firemen classify as "rubbish"—the fuel that fire needs: lamp shades, old mattresses, cast off clothing and furniture, loosely piled newspapers, dirty rags (particularly those that have been used for polishing or painting), old boxes, toys, scrap lumber, old rags.

### SUSPENSE FILM

A petroleum-derived plastic film that can easily lift a two-ton car made its debut recently. It is oil-based "Mylar," a sheet no thicker than a human hair, but with a tensile strength one-third that of structural steel. It is an excellent insulator, and resists chemical and solvents. Virtually unbreakable, "Mylar" is one of several new plastics that can do things no plastic has ever done before. It will be used in parachutes, recording tape, and other applications requiring Samson strength in tissue-thin layers.

### In The News . . . 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, April 30, 1926:

W. R. Parrish of Rayland has sold 150 acres of his land in that community. He still retains half of the farm he has owned and operated for several years.

Rainfall for March and April measured 8.05 inches here.

Judge J. A. Nabers of Vernon, a former district judge, is reported to be critically ill with little hope of recovery.

The old-timers gathered at the court house last week and had a group picture made by the local photographer, L. V. Robertson. There were 31 present and practically all of them voted in the election to organize Foard County. The News is having a cut made and will run it in next week's paper.

The enumeration of the scholars for 1926-27 in both the county and Crowell Independent School District have been completed. There is an increase of 70 over 1925-26. The rural districts have 1183, an increase of 69, while Crowell had 504, one less than last year.

Boyd Gillespie was here this week from Truscott on business in connection with the building of a farmers gin at Truscott.

Harriett Evelyn Swaim, who has been critically ill for the past two weeks, is improving at this time.

W. A. Matthews was over from Vernon Monday.

### THIS WEEK - In Washington

With Clinton Davidson

There is new evidence in Washington this week that the Farm Bloc is very much alive, and a force to be reckoned with when it comes to farm legislation.

The farm Bloc still is, as it has been for 40 years, one of the most powerful groups in Congress. No farm law has ever been passed without its support, and few bills that it has sponsored

have ever failed.

No one in Washington has ever seen the Farm Bloc. It has no organization, and no membership. It has no leader, and yet it functions with the precision of a well-run organization.

The Farm Bloc has no politics. It is neither Republican nor Democratic. Yet it is more powerful than either of the political parties when farm legislation is before the Congress.

Presidents have fought it, and have been beaten. President Roosevelt frequently denounced it but he never was able to oppose it successfully. This year, it gave President Eisenhower his worst legislative defeat.

The Farm Bloc does not take orders from the White House. It has been known to give the Secretary of Agriculture a very uncomfortable feeling. Not even the powerful farm organizations can dictate to it.

The farm bill this year is a good example of what happens when the Farm Bloc really starts rolling. President Eisenhower in January recommended a nine-point farm program. Secretary Benson strongly endorsed it.

The three general farm organizations were sharply divided in their legislative recommendations. The largest of the three, the Farm Bureau, strongly supported the Administration position favoring continuation of flexible price supports.

The Farmers Union, as it has for many years, urged that price supports for all farm commodities be put at 100 per cent of parity. The National Grange favored a series of commodity programs, such as the two-price plan for wheat. All three favored the Soil Bank plan suggested by the President.

Last year, the Farm Bloc succeeded in getting a bill providing for 90 per cent minimum supports for cotton, corn, wheat, rice and peanuts through the House. The Senate Agriculture Committee waited until this year, then recommended that the Senate approve the House high-support bill.

An all-out joint Administration-Farm Bureau drive for continued flexible supports gave the Farm Bloc its first set-back when the Senate voted for flexibles. Immediately, Farm Bloc forces rallied and took complete charge in the Senate.

It added half a dozen amendments that would have the effect of nullifying the flexible law. It added a two-price plan for wheat and rice, raised dairy supports, boosted corn allotments by 20 per cent, and nearly doubled set-asides of surplus crops.

A joint Senate and House conference committee completed the rout of the Administration by restoring 90 per cent of parity minimum supports for 1956. The Farm Bloc was in the saddle again and riding high.

### Using Gasoline and Kerosene Safely

There's only one right way to handle gasoline and kerosene around the farm—any other way spells disaster, warns Joe Burkett, County Agent.

"Now during Spring Clean-Up Week," says the agent, "is a good time to check whether the way you use and store flammable liquids is a safe way."

Be sure you can say yes to the following questions:

1. Do you keep your tractor and other gasoline-using equipment stored in an outbuilding separate from the barn and other farm structures?
2. Do you store your gasoline

### George Moffett to Seek Re-Election as State Senator

The News is authorized to place the name of Senator George Moffett of Chillicothe in its announcement column as a candidate for re-election to the State Senate from the 23rd Senatorial District, composed of Archer, Baylor, Cottle, Foard, Hardeman, Haskell, King, Knox, Throckmorton, Wichita, Wilbarger and Young counties.

The first native to represent this district in the State Senate, Senator Moffett has been a leader in that body for several years, and is said to be the author of more amendments to the State Constitution than any other member. They include amendments to speed up court procedure and to build a state office building. The latter will be started soon and will save the state hundreds of thousands of dollars in office rent each year.

Often called "Cotton George," Senator Moffett has vigorously championed efforts to broaden markets for farm and livestock products — especially cotton. He maintains that finding broader markets for farm and ranch products is the best long range solution of the farm surplus problem.

Senator Moffett has shown strong interest in matters affecting his district, as well as those of statewide importance, including oil development, the schools, and war veterans. He is the author of the County Veterans Service Officer law and other measures for veterans. He is regarded as being an independent thinker who votes his honest convictions upon legislative matters.

"I regard public office as a public trust, to be filled in the public interest," stated Senator Moffett.

"I have never been offered a fee during my service in the Legislature. I pay my own campaign expenses."

"I favor, and have voted for, bills requiring members of the Legislature to register the names of companies or persons from whom they receive fees. The people are entitled to such information."

"The last Legislature did the best job of tightening Texas insurance laws that has been done in fifty years. Fourteen hundred insurance companies were attempting to do business in Texas — almost as many as in the other forty-seven states. I voted for all the bills which closed the loopholes in our insurance laws, and if further strengthening is needed, I will support bills to do so."

"Our state hospital system needs more buildings to relieve badly overcrowded conditions. The system also needs to secure more nurses and doctors, and to increase the very low salaries of present employees."

"I expect to discuss other issues during the campaign."

"I have always voted a straight Democratic ticket, and will appreciate your vote and support in the Democratic primary. Thank you."

### TELEVISION NEWS

It's interesting to note comments made by various TV owners relative to this popular medium of entertainment. Here's the one made most often here in Foard and Knox County: "I just don't know how we ever got along without TV!" Almost everyone—at some time or other — eats while watching TV, and now housewives tell me they watch while ironing (and that it relieves them of much of the drudgery of that chore). But the championship remark of them all is one the head of a big family made just a day or two ago. "Our TV," he told me, "has taught our kids to talk. Before TV our kids could only say 'daddy' and 'mommy.' Now they can say just anything!"

Do you realize your set can be operating at far below peak efficiency without your realizing it? No TV technician is better than the test equipment he uses. Many times, even to the trained eye, a TV set seems to be operating normally, but a sensitivity test with instruments show it SHOULD work much better. We here at Crowell Radio & Television can check the sensitivity of your set, also check the efficiency of your antenna in just a matter of minutes. These two things are most important!

Sincerely,  
Marion Crowell.

#### GET YOUR CIGARETTES, PIPE TOBACCO, DYNAMITE!

The tobacco in your cigarette or pipe seems to have little in common with dynamite such as seismograph crews use in their search for petroleum. But glycerin, an oil product, is essential to the manufacture of both. The explosives industry, one of the oil industry's biggest customers, utilizes 30 million pounds of glycerin in every year. An equal amount is used by the tobacco industry. Glycerin, when added to tobacco, absorbs moisture from the air, keeping the tobacco fresher. This insures you a cool, tasty smoke.

#### Tuberculosis Not in Top Ten Causes of Death Among Texans

Last year for the first time since the Texas State Department of Health began keeping records of the cause of death, tuberculosis did not appear in the list giving the ten leading causes of death. Dr. Henry A. Holle, Commissioner of Health, reports that tuberculosis dropped from tenth place to eleventh and diabetes, a newcomer in the first ten, was in ninth place.

Fifty years ago tuberculosis was first as a cause of death in Texas. It was sometimes called "Captain of the Men of Death" and the "Great White Plague." A concerted program for the elimination of this disease has been carried out over the years by official and non-official agencies with the help of the medical profession. Since 1940, the drop in deaths from this disease has been most rapid.

Dr. Holle warns the public not to become complacent about the situation, as 816 Texans died of this disease last year. The State Health Department carries on an extensive mass x-ray survey program to detect the disease in its early curable stage. These mass surveys not only discover tuberculosis, but certain heart conditions, cancer and other abnormalities in the chest area. Advancement in methods of treatment, surgery and antibiotics all have contributed to lowering the death rate and returning the victims of tuberculosis to useful occupations.

Diabetes claimed 896 lives. This is a disease for which there is no known cure. When it is discovered early and kept under close medical supervision, diabetes need not

interfere with its victim's regular way of life. The disease can be kept under control by diet, insulin injections or a combination of these as decided by the doctor.

The ten leading causes of death account for 80 per cent of the deaths in Texas. In the order of their importance they are: heart disease, malignant neoplasms, apoplexy, accidents, certain diseases of early infancy, pneumonia, congenital malformations, general arteriosclerosis, diabetes and gastro enteritis.

#### NO DEPOSIT ON THE CONTAINER

Final field tests are being made on a revolutionary new type of oil drum which can be discarded after use. Made of thin sheet steel, the 55-gallon container is little more than half the conventional steel drum's weight, and costs less to manufacture. Since the new drum need not be returned after use, such problems as return freight, pickup, and depot handling will be eliminated.

### Our Weekly Sermon

**Unrecognized Treasure**

One day a jeweler in a small town was astonished when a poor laborer entered his shop and handed him a rough, red stone. "I want you to look at this," he said.

"Where did you get it?" gasped the jeweler, his eyes almost popping out of his head.

"My father brought it from the old country," the man said. "He thought it was a pretty pebble. It has been lying around the house for years—the children used it as a plaything.

"Last night I dreamed that it was a diamond and worth a lot of money. But it's not a diamond; it's red!"

"Yes, it's a pigeon-blood ruby," said the jeweler. "Would you like to have it cut and polished?"

"What might it be worth?" was the question.

"I can only guess," the jeweler replied, "but I'd say somewhere in the neighborhood of from \$100,000 to \$250,000."

The laborer leaned against the wall for support.

That big rough stone was cut to a flawless ruby of nearly twenty-four carats. It is now believed to be the largest ruby in the United States and possibly the largest perfect ruby in the world.

How sad it is that the original owner of the lovely stone did not recognize its worth in his own lifetime. The money from its sale would have educated his children and provided him with many comforts in his old age. How sad it is that in many modern homes the Book that is worth more than many such precious jewels is neglected, unread, and considered of little value!

Jesus Himself said: "Blessed are they that hear the word of God, and keep it" (Luke 11:28). We ought to obey the voice of this One in whom are hid all the treasures of wisdom and knowledge" (Colossians 2:3).

"Stonewall" Jackson, the Confederate general, was accidentally killed by his own men in the battle of Chancellorsville in 1863.

### Home Demonstration Notes

MRS. MARY D. BROWN

As you know, Miss Sadie Hatfield, specialist in Homestead Improvement, will be here next month. However, due to some changes in her schedule, she will be here May 14 and 15 instead of May 7 and 8 as originally planned. While she is here, we will have a training meeting on Watering Shrubs and Trees Correctly and will visit several demonstrators. I'm sure we will all benefit from her visit.

As you know, I've also had to make several changes in my calendar next month, so I will be with the clubs as follows: Gambelville, May 4; West Side, May 8; Vivian, May 10; Foard City, May 15; Riverside, May 16; Thalia, May 17; Margaret, May 25. At that time I will give a demonstration on safe water supply and I hope you will all try to attend for it concerns something that we all need to know.

As you know, we made out another pecan order at council last Saturday. They are \$1.25 per lb. and you can turn your order in to Mrs. E. A. Dunagan any time before next Monday, April 30.

Don't forget April 29-May 5 is National Home Demonstration Week. I believe each club has planned some kind of observance.

Our recipe this week is:

**Wilted Lettuce Salad**  
1 lb. leaf lettuce or 1 head lettuce, 6 radishes, 2 fresh onions, 2 tablespoons bacon drippings, 1/2 teaspoon salt, 1 teaspoon sugar, 1 tablespoon vinegar.

Tear, clean, well drained lettuce leaves into pieces and place in mixing bowl. Slice radishes and onions over lettuce. Heat bacon drippings with salt, sugar and vinegar until mixture sizzles. Pour over vegetables and toss together until thoroughly combined. Serve immediately while hot, 5 servings.

### YOUNGER MOTHERS

Look behind most any baby buggy on any Main Street for proof. The statistical fact is that one new mother in four is under 20, and will be the parent of teenagers in her thirties, and most likely a grandmother in her forties. With people living longer all the time, the prospect is that a lot of young parents today are a cinch to become great grandparents someday.—Changing Times.

## ADELPHIAN CLUB

"Building through Art and Music" was the theme of the Adelpian Club meeting on Wednesday afternoon, April 18, at the club house.

Music and dancing are the two oldest arts. Music has not always been available to the masses, rather the classes. Music is one of the fundamentals of life. The spirit of music and that of man cannot be separated. The greatest music composers in the world are Germans. Germany is known for its musical talent. Edward McDowell is America's greatest composer.

Norman Rockwell is one of the world's greatest artists. Many of his paintings appear in the Saturday Evening Post. His works are interesting and very informative. The second book that the club purchased for the school library in regard to art has been received. It is "The Dictionary of Modern Painting" by Hazan.

Mrs. W. B. Johnson was hostess for the afternoon.

"Two business centers may be desirable," continued Mrs. Ross. "One should be in the kitchen for recipes, mail lists, meal planning, and such. The other may be in some other room in the house for general farm and business planning."

The next meeting will be May 8 with Mrs. Jack Lyons. Material to be given to the State Hospital is to be brought to this meeting.

"If you keep your important papers at home, store them together in a box that could easily be carried out in case of a fire, or better still, keep them in a mouse-proof, moisture-proof box in the storm cellar," advised Mrs. Brown, as she showed a simple filing system. She also urged each lady to secure a birth certificate if she does not have it now.

## National H. D. Week Set for April 29-May 5

Texas home demonstration club women — over 42,000 of them — will be among the 5 million homemakers throughout the nation who will observe National Home Demonstration Week April 29-May 5, according to Maurine Hearn, state home demonstration leader of the Agricultural Extension Service. "Today's Home Builds Tomorrow's World" is again serving as the national theme of the week.

Purposes of National Home Demonstration Week are to acquaint more families—especially young families — with this educational program in homemaking, to encourage families in improving the communities in which they live, and to recognize volunteer local leaders of home demonstration groups.

Home demonstration work is that part of the Agricultural Extension program concerned with the home and family. New research information in all phases of homemaking is brought to homemakers through specialists, home demonstration agents and local leaders. Programs and demonstrations in foods and nutrition, housing and home improvement, home management, health and safety, family life, clothing consumer buying and public affairs are developed to fit local needs and interests.

During the week, most of the 2,000 Texas home demonstration clubs will highlight their activities in various ways. Special exhibits and programs, feature stories, ra-
