CROWELL, FOARD COUNTY, TEXAS, THURSDAY, OCTOBER 8, 1942

\$2.00 A YEAR EIGHT PAGES

Men in Service

Mrs. J. B. Raspberry has received a letter from her son, Garland, who left for Camp Wolters, Mineral Wells, several days ago and he is now in Kearns, Utah. He is in the Air Corps and will receive his basic training at Kearns.

Mr. and Mrs. J. J. Choate of Margaret, have recently received a letter from their son, Pvt. Robert E. Choate, army engineer, who is located somewhere in the Aleutian Islands. He is well and all right, according to the latest letter.

Corp. David L. Sollis, formerly of Ponce, Puerto Rico, has been assigned to Officers Candidate Training school at Fort Benning, Ga. He will take a four month course.

Corp. Locke G. Reinhardt, who has been at Camp Edwards, Mass., left the U. S. on July 30, and was sent to Ireland. He landed there Aug. 23, and writes home that he is doing fine and that it is a pretty country, though rather cold. He writes to his mother, Mrs. H. T. Kenner, that the people there are quite friendly, and that he would like to hear from his friends at home. His address is: Corp. Locke G. Reinhardt, 39019006, Reg. Hq. Co., 591 Eng. Boat Reg. A. P. O. 813, New York City, N. Y.

Pvt. Mack W. Reinhardt has been sent from Camp Joseph T. Robinson, Ark., to Burbank, Calif., Battery D, 603, C. A., A. A.

Sgt. Leo Edward Gafford of San Angelo, was here from Saturday until Monday visiting in the home of his mother, Mrs. C. E. Gafford. Sgt. Gafford is an airplane mechanic and has recently been moved to San Angelo from Randolph Field, San Antonio.

Staff Sgt. Loraine Carter, son of Mr. and Mrs. J. H. Carter, who is stationed at Fort Knox, Ky., has been home on a leave of absence for the past week.

Apprentice Seaman Sam David Russell, who has been moved from San Diego, Calif., to Norman, Okla., for training, was at home on a short leave, for a few days of last week, visiting his wife, his parents, and friends.

Pvt. Ted Reeder, who is at Camp Berkeley, Abilene, was at home for a short visit with his wife, Sunday.

Chief Petty Officer Roy Mullins, aviation machinist's mate for the U. S. Coast Guard at Biloxi Air Station in Biloxi, Miss., arrived home on a ten-day furlough this morning to visit his parents, Mr. and Mrs. C. D. Mullins, and other relatives.

Tire Dealers Must File September 30 Inventory Reports

All tire sellers must file September 30 inventory reports of all serviceable tires and tubes before October 15 to comply with the revised tire rationing regulations. C. R. Seale, chairman of the Foard County War Price and Rationing Board, reminded the trade this week.

The inventory report, which is mandatory quarterly, is to show the stocks of all new and used tires and tubes and retreads and recaps held by all persons who have any of the items for sale.

Filing of the reports is particularly important at this time, Mr. Seale emphasized, since they will provide a record of persons who are engaged in the business of selling tires, and hence, will be eligible to receive additional stocks of tires if larger inventories become necessary by reason of any change in the rationing program undertaken to meet the Baruch Committee recommendations.

Reporting forms are being sent by mail to most of those required to file the returns, but those who do not get them and have tires to report must obtain the forms from the local War Price and Rationing Board in Crowell.

The reporting requirements apply not only to recappers and dealers in new tires, but also to those who have only used tires for sale, and to automobile supply companies, motor vehicle dealers and finance companies. Tires mounted on vehicles, however, are not to be reported.

Crowell Boy Flies Twin Motor Bomber Over Crowell

Lt. James A. Joy, who is an instructor at an air field in Shreveport, La., flew over Crowell in a twin motor bomber on Sunday, Sept. 27, according to information furnished by his father, C. C. Joy. Two big bombers were here at the same time and they were going west on a test flight, it was reported.

Lt. Joy is a graduate of Crowell High School. He received his wings after graduating from a training school at Moore Field on July 3.

Heroes of Midway

Dallas J. Bergeron and his brother, Frederick Paul, who were recently awarded Distinguished Flying Crosses for their part in the battle of Midway. The two boys, who hail from Freeport, Texas, were cited for having "participated in bombing and strafing of fleeing enemy light forces as gunners of scout planes which obtained bomb hits on a Jap ship." The brothers were decorated, with 34 other officers and men, at a mass ceremony aboard a ship at Pearl Harbor.

Cemetery Report Made by President

Mrs. N. J. Roberts, president of the Cemetery Association, makes the following report of the funds which have been paid into the treasury during the past weeks. Mrs. Roberts says:

"Since August, when the last report was published, the following persons have sent in contributions:

Mrs. E. T. Evans.....	\$1.00
Mrs. W. L. Magee.....	1.00
Mrs. A. H. Clark.....	5.00
C. O. Nichols.....	2.50
A. W. Owens.....	2.50
Mrs. A. E. Propps.....	5.00
M. L. Bell Estate.....	10.00
Ethel Glover Rider.....	2.00
Mrs. Walford Thompson.....	1.00
Mrs. S. T. Knox.....	1.00
Mrs. Roy Ayers.....	5.00
W. T. Hlavaty.....	5.00

"The cemetery was given a thorough cleaning the last of August and 30 loads of dirt were moved in where it was needed most. One more general going over should suffice for the fall. These donations have made possible the general care."

HOSPITAL NOTES

Foard County Hospital

Patients In:

Mrs. Frank Brisco
Mrs. J. C. Prosser

Patients Dismissed:

Mrs. E. E. Callaway and infant son
Mrs. S. W. Howard and infant son
Mrs. Vasques Torres and infant daughter (Mex.)

Visiting Hours: 9:30 to 11:30 a. m.; 2 to 5 p. m.; 7 to 9 p. m.

TIRE RATIONING

Certificates for the purchase of the following tires, tubes and recaps were issued by the local rationing board this week:

New truck tires and tubes—George Brown, Cecil Dunn, George Wright.

Passenger recaps—Mrs. Mattie Lou Carroll, Hartley Easley and Jess Autry.

Obsolete tires—Everett Ford, J. W. Thompson, J. E. Tole and Elmer Hamilton.

Grammar School Aiding Campaign for Scrap Metals

In furthering the campaign for the collection of scrap iron and metal of all kinds, the Grammar School has been added to the High School, according to information from Supt. I. T. Graves. From the fourth grade up, the grammar school pupils are getting into the scrap collection business.

Each home room will be organized to gather scrap—aluminum, copper, rubber, iron, steel, brass, — and, if possible, bring it to the school. If that is not possible, then the pupil will report the place where the scrap is to be found and a truck will be sent to collect it. The scrap will then be weighed, and, after the expense of the hauling is deducted, the pupil will be paid for the gathering of it in war stamps. They are also to be paid in that manner for what they bring to the school. If the bus children will get their scrap to the bus in sacks or in some manner in which it can be handled, the bus drivers will transport it to the school for the child. It is necessary for each child to get his collection of scrap to the scrap pile on the school grounds, if it is at all possible.

The school children will ask the citizens for their scrap of all kinds—men, and woman, is urged to assist by giving them what they have on their premises which can be used in the making of fighting equipment for the war. If the person having the scrap desires to be paid for it, it will be weighed and a record kept by the persons in charge of the trucks which pick up the scrap. In any room which collects scrap to the amount of an average of 20 pounds to the child, each child will be given an award in the form of a "Junior Ranger" certificate. These awards are attractive and will be cherished in the years to come.

An especial urge is hereby made to all citizens to help the school children make a success of this undertaking. The scrap is sorely needed and it is the duty of each person to assist in every way in collecting it. It might be the means of winning the war, and the neglect to do so, might be the means of losing it. Now is the time to act.

The drive is already in full swing, as the pile near the flag pole on the school grounds indicates.

Luke Roberts, 74, Dies in Fort Worth Monday Morning

Luke Roberts, 74, of Lovington, N. M., a resident of Crowell in 1908 when he was connected with The Crowell Index, died at the home of a daughter in Fort Worth Monday, after an illness of about one year. He had gone to Fort Worth and Dallas about two weeks ago for medical treatment.

Mr. Roberts was born in Cooke County and his family moved to Grand Prairie when he was a few weeks old. He was reared in Grand Prairie and Arlington and attended schools there. He taught school in Quanah and Chillicothe in an early day and went to Fort Worth to become superintendent of schools. He went from Fort Worth to Altus, Okla., and served as school superintendent for three years before giving up the teaching profession and became associated with a hardware firm. He was transferred to Olustee in 1904 and while a resident there was a member of the Oklahoma State Constitutional Convention. He helped in drawing up the state constitution and was one of its signers. He became editor of the Hollis Post Herald in 1909 and remained in that position until 1915 when he moved to Lovington to take over the Lovington Leader as owner and editor, retiring in 1936.

Burial was made in the Arlington Cemetery.

As Foard County' Court House Looks

For the benefit of those who have not seen the Foard County court house since the work of repairing has been finished, the above picture is reproduced. The picture was taken with The News camera from the east side of the square and represents the court house as it appears today with the exception of stone ornaments placed on the side of the steps where the large pillars once stood on all four sides.

The stone ornaments were put in place last week under the direction of C. A. Naumann, superintendent of the construction work.

Crowell Wildcats Win Game from Nocona 13 to 6 at Nocona; Will Play Friday Night Here with Holliday Eagles

The Crowell High School football team defeated the Nocona Indians at Nocona last Friday night by a 13 to 6 score. The Wildcats drove within Nocona's ten yard line three other times, but a fumble and two penalties cost them touchdowns on these occasions. Crowell's line was nearly perfect on defense, holding the Indians to one first down.

Nocona made the first score twenty seconds before the first half was up. Downey passed to Witt for thirty yards, and Witt ran seventy yards for the touchdown.

With Arnold Smith carrying the ball "Dick Todd" fashion, Crowell scored twice in the third quarter.

(Continued on Page Five)

Material for Soldier Kits May be Had at Court House Saturday

Mrs. H. Schindler, Chairman, of War Relief Production for Foard County Red Cross chapter, advises the ladies of the county that the material for the soldier kits which they are asked to make, has arrived and that it may be had Saturday afternoon from the jury room in the court house.

The material for the kits and their contents will cost each lady \$1.00 and the Foard County chapter has been asked, as its quota, for 400 of them to be made. If the women will call for the material as soon as possible and will get the kits made, it will be very much appreciated by those in charge of the work. There will be some one in the room all Saturday afternoon to issue the material.

Former Variety Store Owner Killed in Hunt

J. W. Kellogg, variety store operator at Tulia, and formerly of Crowell, was accidentally killed at Meeker, Colo., Sunday.

Kellogg was on an elk hunting expedition and was riding a chestnut sorrel horse and was mistaken for an elk by James Wymore of Salina, Kan., who was with another hunting party. Kellogg died shortly after a bullet entered his right arm and continued through his body.

Sports for U. S. Captives in Jap Prison Camp

This photo which appeared in the Japanese propaganda magazine, Freedom, published in Shanghai, was brought to the U. S. by a national recently repatriated. The Jap caption states that it shows a "playtime" scene at a war prisoners camp in Shanghai. The caption says that baseball and volley ball are provided for U. S. marines, and cricket for the British.

Crowell Wildcat Football Team Will Meet Fast Holliday Eagles in a Game at Wildcat Stadium Friday Night at 8:30

The Crowell Wildcats will be playing their first conference game of the season here Friday night at 8:30 against the Holliday Eagles. The Eagles have a perfect record for the season with a 19 to 0 victory over Newcastle and a 13 to 12 win over Burk Burnett. The Wildcats have broken even in their four practice games with two wins and two losses.

Charley Winton, quarterback

Place Old Keys in Can at Ferguson Bros. Drug Store

The Government needs all old keys and the proceeds from the sale of these keys will go to the National U. S. O. Cans for the collection of keys have been placed all over the United States and the Empire Paper Co. of Wichita Falls is furnishing cans for this territory and has placed one in Ferguson Bros. drug store, it was announced by Leo Gordon, representative, here last week.

Keys contain metal vital to war needs and everybody is urged to bring in their old keys immediately.

87	A. Whately	158	Fullback	172	C. Kelton	41

Linemen: B. Owens, 81, 150; G. Taylor, 71, 200; O. Wharton, 62, 136; J. Solis, 51, 120; R. L. Smith, 61, 138; K. Payne, 73, 116; B. Galt, 82, 130.

Backs: L. Adams, 40, 130; P. McDaniel, 11, 140; K. Joy, 30, 120; J. Carter, 21, 142.

Holliday Reserves

Linemen: Harman, Frazier, 79, 135; Bobby James, 71, 125; Bud Riddle, 28, 120; Bill Barnes, 30, 135; Dickie Lowder, 89, 164; H. Cooper, 29, 130; D. Whately, 22, 122; J. F. Clark, 70, 132.

Backs: C. Knight, 82, 140; R. C. Gilbert, 20, 137; D. Underwood, 25, 120; W. Crawford, 83, 134; E. Harman, 85, 135; B. J. Gibson, 90, 128; E. Blair, 21, 120; M. Winton, 77, 135.

Officials

Joe Forrester (N. T. S. T. C.), Quanah, referee; J. Stone (Baylor), Childress, umpire; Encell Edmundson (W. T. S. T. C.), Quanah, headlinesman.

Receives Appointment as Member of F. B. I.

Mr. and Mrs. Ragsdale Lanier had as their guests Tuesday evening, Mr. and Mrs. Robert D. Oswald of Vernon. Mr. Oswald is a former citizen of Crowell and has resided in Vernon for the past few years. He will leave Thursday for Washington, D. C., where he will receive six months' training in the Federal Bureau of Investigation, to which he has recently received an appointment.

Mrs. Oswald and their two baby daughters, will not go to Washington at the present time, due to the congested housing condition there.

Mr. Oswald was serving Wilbarger County as County Attorney at the time of his appointment.

RECEIVES PROMOTION

Lieut. R. M. Magee of Fort Sill, Okla., has been promoted from second lieutenant to first lieutenant, according to an announcement received here last week. Lieut. Magee is a graduate of A. & M. College and has been located at Fort Sill for the past year.

Starts on Newspaper

Baskin was born Nov. 14, 1884, at Lancaster, Texas, and his parents located in Seymour six years later. During his young manhood, he was employed on the Baylor County Banner. Later he spent some time in Wichita Falls in the employ of Ed Howard, president of the Times Publishing Co. Returning to Seymour, he became connected with the Farmers National Bank, and 1929 was made president of that institution.

He was a member of Lodge No. 604, A. F. & A. M., and of the First Methodist Church of Seymour. Throughout his long residence in that city he had taken an active part in practically every civic and commercial enterprise in the community, and the town of Seymour and West Texas has lost one of its most outstanding citizens.

Mr. Baskin was one of the original proponents of flood control on the Brazos River, and was a member of the Brazos Valley Flood Board which has seen part of its vast objective realized in completion of the Possum Kingdom dam in Young County. He was chairman of the seventh district of the Texas Bankers' Association and also devoted much time in working for the West Texas Chamber of Commerce.

Survivors include Mrs. Baskin; one son, Lieut. Robert E. Baskin, of Camp Shelby, Miss., and one daughter, Miss Beth Baskin, student in the University of Texas, Austin; a sister, Miss Daisy Baskin, of Seymour, and a brother, Will Baskin of Lubbock.

Gas companies of Texas employ almost 11,000 persons.

Mark Passage of Anti-Inflation Bill

The anti-inflation bill on which the President had set a deadline was passed by the senate by a vote of 82 to 0. Photo shows Majority Leader Barkley (left) and Senator Prentiss M. Brown of Michigan, author of the bill, pointing to the deadline on the calendar.

ROTARY CLUB

Merl Kincaid was in charge of the program at the Wednesday meeting of the Crowell Rotary Club. An interesting talk on the sale of war bonds and stamps was made by Dwight Moody.

Items from Neighboring Communities

RIVERSIDE (By Mrs. Cap Adkins)

Robert Richter and family of Corpus Christi came last week for an indefinite stay with his mother, Mrs. Mary Richter.

Mr. and Mrs. Hearreald Scales and baby son of Vernon spent Sunday with his parents, Mr. and Mrs. Wallace Scales.

Mrs. Amos Lilly and daughter, Mrs. Clifford Killingsworth, visited Mrs. J. M. Traweck and son, Orleans, Sunday afternoon.

Misses Marjorie and Mildred Marlow spent Thursday night with Mrs. Bill Manning and children, Marshal and Lucille Carroll, of

PUBLIC MILEAGE SNATCHER NO. 1 is not the thief who puts one car out of commission by stealing a tire.

Speed! That's the name of the Nation's tire thief. **Speed!** robs the heavy-footed driver of one-third to one-half of the essential mileage remaining in his irreplaceable tires.

Speed hastens the day when cars must be laid up because rubber is lacking... bringing almost fantastic dislocations in our economic life and in our ability to hold war production at maximum.

Remember that tires last only half as long at 55 miles an hour as at 35!

So today... right now, as you read this message... make a solemn promise to yourself: "Until we win

the war, I will never drive over 35."

Say it again, and let the words sink in: "Until we win the war, I will never drive over 35."

To help keep your car from becoming a "tire orphan", stop at the Orange and Black 66 Shield. That is where you get Phillips 66 Poly Gas, famous for pep and mileage, and Phillips 66 Motor Oil, 100% paraffin base.

And that is where the Phillips 66 Service Man is ready with a variety of services which make tires last longer and go farther. He checks inflation. Inspects and corrects cuts and bruises. Rotates tires from wheel to wheel. He helps you:

CARE FOR YOUR TIRES... FOR YOUR COUNTRY

Phill-up with Phillips for Greater Mileage

Autograph A Bomber for the Enemy

This picture was taken last week when Roscoe Rainwater of Vernon purchased \$10,000.00 in United States War Bonds for the United Fidelity Life Insurance Co. from M. D. Wolverton, (seated), president of the Waggoner National Bank, in Vernon—ten thousand dollars more into the coffers of Uncle Sam to help win the war. Mayor J. V. Owens and L. G. Hawkins, chairman of the Board of Directors of the bank, look on as the deal is made. Any United Fidelity Policyholder can feel proud of the part he, indirectly, is having in these War Bond purchases, for it is his money that is doing it—making his dollars do double duty, protecting his loved ones and at the same time helping to win the war. Mr. Rainwater has been connected with the United Fidelity for more than 20 years and says his company has purchased its limit in every series of War Bonds offered this year, and glad to help this section come up with its quota.

Items from Neighboring Communities

TRUSCOTT
(By Irene Myers)

Mr. and Mrs. Lee Blevins of Crowell spent the week-end with his parents, Mr. and Mrs. W. T. Blevins.

Junior and Dorothy Nell Young of Wichita Falls spent Sunday with their parents, Mr. and Mrs. Wayne Young. They were accompanied by their cousin, Bobby Adcock, and two friends.

Why your own car's Zero Hour comes at 00 miles an hour

ON THE OFFENSIVE you've got to be on the instant. Eager fighters, frisky jeeps, and all that's going along, must get going together—exactly at Zero Hour. But on the home front these brisk mornings, will your own precious car and its engine lubrication get going together—without deadly oiling delay? You can be sure as shootin', with your engine OIL-PLATED for Winter by Conoco Nth motor oil . . . oil that OIL-PLATES!

Even while the speedometer snoozes at 00 miles an hour—and you're still snug in your "kivers"—the chilly insides of your OIL-PLATED engine will already be coated by lubricant. Protective OIL-PLATING is really sort of "magnetized" to piston rings, bearings, and straight up the cylinders, by Conoco Nth oil's strong "power of attraction"—created by an added modern synthetic. This keeps the OIL-PLATING from all draining down to the crankcase overnight—over week-ends—and longer.

No complete lack of lubrication then, at 00 miles an hour—starting up cold. No long needless risk till cold oil comes inching along through passages as slim as spaghetti.

You're off safely, because OIL-PLATING safely stays on—ready to lubricate before any oil can circulate.

This season don't merely change oil. It's fully as simple and inexpensive to change to an OIL-PLATED engine. Just change to patented Conoco Nth oil at Your Mileage Merchant's Conoco station. Continental Oil Co.

JOIN FREE Elect yourself to the ONCE-A-WEEK CLUB at Your Mileage Merchant's Conoco station. Choose your own regular day to drive in and have him check your tires, oil, radiator and battery. His systematic expert attention means trouble-prevention. He'll report to you in advance on lubrication and anything that he finds you need for the duration of your car!

CARE FOR YOUR CAR...FOR YOUR COUNTRY

T. B. KLEPPER, Owner-Editor

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, October 8, 1942

NATIONAL EDITORIAL ASSOCIATION 1942 Active Member

Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord...

What happens after this war is over will not depend so much upon present plans and predictions as it will upon the type of leadership the victorious nations have at the time...

It is important that this community meet the challenge that has gone out to all communities such as this and bring in the scrap iron that the defense industries may not be slowed down for want of steel...

We have about reached a place in this war where individuals and organized groups had better give up the idea of trying to make a profitable thing out of it...

HISTORY

Columbus Day—October Twelve: Columbus Day was first observed in this country in New York City on October 12, 1792. The event was arranged for by the Society of St. Tammany, or Columbus Order, founded by William Mooney May 12, 1789...

A new situation faces those who have the responsibility of raising an army and providing for its sustenance. The point has been reached in which farm production is being cut short because of the fact that many young farmers are being drafted into the service...

This is going to be the most terrible winter that Europe has ever known. Thousands and hundreds of thousands of people in the occupied countries are not going to have sufficient food to satisfy their hunger, nor sufficient clothing and fuel to keep themselves warm...

No one ever feels quite so helpless as when he is trying to remember something and can't.

What We Think (By Frank Dixon)

"What this country obviously needs right now is a good stiff sales tax. What are we waiting for?"

The above paragraph appeared this week in one of the neighborhood news letters written by one of the country correspondents, a farm woman, in my local weekly newspaper.

The paragraph coming at a time when Congress is seessawing back and forth and up and down over a method of levying the necessary taxes is timely. It is more than that. It shows that out in the rural area of the middle west where people think straight, the need for a sales tax as the only effective method of financing the war is seen.

As this farm woman is not fooled by the political gymnastics now going on in Congress over this tax question, so anyone will find as I have, who will take the time to talk with the man on the street, that the general feeling throughout the middle west is that a sales tax is the only solution.

It has reached a point where

RUBBER AND GAS

The Baruch report on the rubber question marked an intelligent and forthright approach to the country's Number 1 domestic problem. The most important recommendations concern national gasoline rationing, a 35-mile speed limit, compulsory tire inspection, production of synthetic rubber at the rate of 1,100,000 tons a year...

No one can deny that the elimination of unessential driving is now necessary. But we must not make the mistake of establishing an arbitrary rationing system which would cripple production in many parts of the country. In the West, for instance, thousands of people must drive 20, 50 or 100 miles a day in the course of their farming and business operations...

The big thing now is to make unprecedented efforts to increase synthetic rubber production as well as to conserve what rubber we have in all practical ways. The appointment of William M. Jeffers as chief of the rubber drive, is a step in the right direction. Mr. Jeffers is a business man of distinction, and he is a man who is used to getting results.

The American car owner will co-operate fully in any program laid down by the government. And it is the duty of the government to place in effect a wise and flexible system of rationing and conservation which will permit necessary driving for civilians, according to location and activity.

A great variety and volume of limestone, marble, sandstone, granite, basalt and other sedimentary and igneous stones are found in many regions of Texas.

Economic Highlights

National and International Problems Inseparable from Local Welfare. The second front has long been the biggest military question—and it is getting bigger fast. The plain truth is that a serious cleavage is developing between Soviet Russia and the balance of the United Nations.

Wendell Willkie's recent visit to Russia was obviously made for the purpose of finding out just what Soviet military and governmental leaders are thinking. Mr. Willkie had long audiences with Stalin and Molotov, and with a number of high-ranking Russian Army men. He made a visit to the front, and talked with rank-and-file Russians.

The attitude of the Russians is certainly understandable. The Russian people, military and civilian alike, have made sacrifices that deserve the adjective "incredible." According to Moscow accounts, the Russian Army has suffered 5,000,000 casualties in killed, wounded and missing. Sixty million Russians are in areas which at present are occupied and controlled by the Nazis.

Many times it has been pointed out that payrolls in this country are at their highest peak, and because of scarcity of many items the surplus must be drained off in taxes if inflation is to be prevented, yet in face of these known and admitted facts, Congress flounders aimlessly, desperately, in a torment of fear—not that the defense program may not be adequately and equitably financed, but that the voter may not be offended by having a sales tax laid upon his spendings.

In the frenzied scramble to save votes the dignity of Congress has suffered.

long and bloody history of war. Never have there been finer and more desperate stands than those made by the Russians at Sevastopol, Rostov, Stalingrad and elsewhere.

At the present time, according to the best estimates, Germany has about 100 divisions on the Russian front. In the opinion of Russian experts, Germany would have to divert 30 or 40 of these divisions to the West if the United Nations would open a second front in Europe, using the British Isles as the base of operations.

American and British Army heads openly advocate the second front. It is no secret that a very large percentage of the American soldiers now in service are being trained for fighting of the command order. No responsible man now advocates a purely defensive war—all are convinced that only the continued offensive can bring eventual victory.

THANKS TO CUSTOMERS I want to thank my customers for the splendid patronage extended to me as commission representative for the Continental Oil Co. during the past eighteen months. I have resigned as a representative of this company due to present conditions. I plan to return to Foard County after the duration and again make Crowell my home. Thanks, BYRON G. DAVIS

Stephens, returned from Sherman Monday where they went in response to a message that their grandson and nephew, Joe Welch, had suffered a broken leg when he was run over while riding his bicycle. They brought Joe home with them and he is recuperating at the home of his grandparents.

Where Are Those Junk Cars?

If you own an automobile that for any reason has ceased to be transportation, our soldiers in Australia, in England, and on the deserts of North Africa want it. No! They don't want old jalopies for joy riding, but they need tanks and guns, and these can't be made without scrap metal.

The War Production Board wants a record of every old car in Texas that is no longer serving a useful purpose. If you have one yourself or know where one is located, fill in the following form, mail it to this newspaper, and a WPB inspector soon will contact the owner and get the car headed for a junk yard.

Name of Owner _____ Address _____
 Location of Car _____
 Approximate Age _____ Condition _____

Mr. and Mrs. Karel ten Brink of Electra spent Tuesday night and Wednesday here.

Pvt. Wm. Lupesca of Camp Barkeley, Abilene, is here for a few days visiting Charles Bernstein.

Mrs. T. P. Reeder Jr. returned to her home in La Jolla, Calif., last week after a few days' visit with her parents, Mr. and Mrs. B. W. Self. She was accompanied by her sister, Miss Mary Frances Allison.

Horace Canup, who has recently returned from Pearl Harbor where he was engaged in construction work, is visiting his parents, Mr. and Mrs. George Canup. He reports that construction work at Pearl Harbor is almost completed. Horace will go to Phoenix, Ariz., next week where he will be located.

Mr. and Mrs. J. T. Carter and three children, Jan, Sandra and Johnnie, of Dalhart, came Sunday for a visit in the home of Mr. Carter's mother, Mrs. Pearl Carter. On Monday, Mrs. J. T. Carter received a message saying that her father was seriously ill at his home in Corpus Christi and she left Tuesday morning to be at his bedside. Mr. Carter and his mother and the children left for Dalhart Wednesday afternoon. Mrs. Pearl Carter will remain indefinitely.

Wildcats Win--

(Continued from Page 1)

ter. Smith plunged over for the first extra point but fumbled on the second try. Paul Vecera, Kenneth Archer, and Gordon Erwin deserve much credit in the blocking department on both of these drives.

Swearingen, Nocona's ace ball carrier, was out of the Indians' lineup due to illness. Bill Owens, regular left end, was unable to play for Crowell, due to an injured foot, and Albert Bird played only one-half of the game due to an injured ankle.

This was the Wildcats' last practice game before they go into conference play. Holiday will offer the opposition for this first conference game here Friday night.

The starting lineup was as follows:

Crowell	Position	Nocona
Parkhill	Pruitt
Short	Left End	Molesbee
Hunter	Left Tackle	Wayland
Archer	Left Guard	Arnold
Vecera	Center	Boyd
Erwin	Right Guard	Crenshaw
White	Right Tackle	Hornbeck
Smith	Right End	Hoyt
Cauthan	Quarterback	Chrisman
Bird	Left Half	Downey
Kelton	Right Half	Witt
	Fullback	
	Crowell reserves: G. Taylor, tackle; J. W. Sollis, center; and Pat McDaniel, halfback.	

PREVENT FIRES

College Station, Oct. 5.—The week beginning October 4 is Fire Prevention week throughout the nation. President Roosevelt's proclamation designating the period and purpose, requested people to take active measures to conserve "human and material resources from the destructive toll of fire."

Fire prevention is one of the most effective. "Don't set fire to the woods in the belief that the cotton boll weevil can be controlled by that drastic practice," says Paul Gregg, assistant entomologist of the A. & M. College Extension Service. He explains that entomologists in Southern states agree that destruction of cotton stalks in the early fall is the best single control of the weevil.

"Burning cotton stalks may cause forest fires and destroy few if any boll weevils," Gregg says. "When cotton stalks become dry enough to burn, the weevils have left the fields because no food is available. Therefore no real good is obtained from the fire. Moreover, fires destroy beneficial insects. Burning woods injure or wipe out food and cover for the birds, the farmers' friends which destroy weevils and many other injurious insects."

30 YEARS AGO IN THE NEWS

The items below were taken in whole or in part from the issues of The Foard County News of Oct. 4 and 11, 1912:

Last Monday evening at 3:02 Judge T. W. Staton boarded the north bound train on his way to Gainesville at which place he was married Wednesday evening at 6:30 in the First Baptist Church to Miss Bettie Mae Bailey of that city.

S. Beal Sneed, who is now confined in the Potter County jail, charged with the murder of Al Boyce Jr., the despoiler of his home, has the distinction of having been a student for some time under Woodrow Wilson, was connected with Princeton University, the presidency of which institution Dr. Wilson resigned shortly before he became governor of New Jersey. Sneed is well educated, much more so than might be supposed by most people of the country who perhaps, have heard of him more as a millionaire ranchman of Amarillo than as a man of intellectual attainments.

According to the latest reports of the Commissioner General of Immigration the United States admitted in 1911, 878,587 immigrant aliens. Out of this number 19,902 made their homes in the Lone Star State, most of whom were Germans who settled in the southern part of the state.

Students of the Crowell public school whose names were placed on the honor roll in their respective grades for the first month ending Oct. 4, follow: First grade, Marie Moore, Verna Harris, Ruby Johnson; second grade, Sid Collins, Audie Moore, Jennie Bell, Herman Nichols, third grade, Forest Burk, Mildred McLarty, Helen Meason, Hubert Gentry.

Frank Meason this week received his commission to be the postmaster of the Crowell postoffice for the term of the next four years. J. A. Wright is the retiring postmaster.

The Adelpian Club met with Mrs. A. Hart Wednesday afternoon, Oct. 2, and after attending to a bit of business, Mrs. Rob Wells took the leader's chair and an interesting lesson ensued. Those on "duty" did well, and especially, did Mrs. Henry prove herself worthy of the subject assigned to her.

Mrs. Clarence Self left for San Angelo Thursday to take in the fair and visit friends.

Jim Bomar and Riley Self spent the first of the week roping broncs on the Bomar Ranch.

Mr. and Mrs. B. F. Robbins of Wichita Falls were here Wednesday and Thursday visiting Mrs. G. G. Crowell and J. G. Witherspoon.

C. E. Griggs left Thursday for Upshur and Titus Counties where he will resume his work, after a few days spent here with his family.

Miss Elizabeth Thrice of Hugo, Okla., was here Wednesday and Thursday visiting Mrs. G. G. Crowell and J. G. Witherspoon.

Mrs. W. B. Carter is here this week from San Angelo visiting her parents.

H. D. Poland came in from Amarillo Tuesday and will make this place his home.

Mrs. J. A. Stovall is spending the week in Paducah visiting her parents, Mr. and Mrs. F. W. Alger.

J. Frank Potts of Serman spent two or three days here this week on business and meeting old friends.

Dr. and Mrs. S. O. Woods are at Amarillo this week attending the Presbytery.

Claude McLaughlin, who is now located at Oklahoma City, spent several days here visiting his parents and friends, returning to Oklahoma City Tuesday.

Henry Kaiser, west coast ship builder, predicts that within a few months his shipyards will be launching 10,000 ton freighter 18 days after keel laying. Kaiser's record to date for ships of this size is 24 days.

Health Officer Gives Warning to Victims of Seasonal Colds

Austin.—With the advent of fall, and colds becoming prevalent, Dr. Geo. W. Cox, State Health Officer, makes the following suggestions as to ways by which these seasonal illnesses may be warded off, or at least may be gotten under control before they do any serious damage. Keep as fit as possible. Dress according to the weather, indoors and out-of-doors. Put on a heavier suit when a cold snap comes. Use a raincoat, overshoes and umbrella on rainy days. Change as quickly as possible, into dry clothes if you are caught in a drizzling downpour. With a shortage of fuel facing all of us, our houses are likely to be chillier than usual during the

early fall months. Look up your supply of sweaters and have them ready for use on these first chilly days. Get out some other heavy clothing and warm bed coverings at the same time. Eat plenty of simple nourishing food. Have your meals at regular hours. Drink plenty of water. Take some exercise out of doors, every day. Get the necessary amount of rest.

If you are caught in the clutches of a cold, unawares, don't treat it lightly. It may turn into something very serious, if neglected. The quickest way to get over a cold, or, to bring it under control, is to go to bed, keep warm, eat lightly, drink plenty of water and fruit juices, and at the slightest sign of fever, send for your doctor and stay in bed until he feels that it is safe for you to get up and get out again.

And remember, colds are very contagious. Cold-producing germs are scattered far and wide whenever the victim of a cold coughs or sneezes. They are likely to be found on anything the victim touches. If you are the victim, keep your germs to yourself. Have your own towels and wash cloths, your own drinking glass and dishes—and be sure that they are adequately sterilized with hot—very hot—water and soap after you have used them. Keep well supplied with paper handkerchiefs; dispose of them promptly after they have been used.

Get your Office Supplies at The News office.

"Pedal, Gwendolyn! This bike isn't like your sewing machine"

"Why, Edgar! You said let's make two tires do the work of four."

"Yeh, but I'm doing all the work. There ain't no 'lectric switch on this thing. You have to pedal it!"

"Oh, well, Edgar. You don't mind giving me a free ride, do you?"

"Listen, baby. You don't get any free rides any more!"

"Oh yeah? Well, I'm getting a free ride on that sewing machine!"

"U-u-m-m-ph! Just because it's electric, and you don't have to pedal it, don't think it's FREE. You have to pay for the juice!"

"Save rubber today—or tomorrow you may walk!"

INVEST IN AMERICA — Buy War Bonds and Stamps!

AMERICAN ACHIEVEMENT

In some circles, the opinion seems to be held that medical groups have consistently opposed any and all efforts to give the people of the country better health protection, and better treatment when ill. The fact is, as any informed man knows, that the doctors are as eager as anyone to put into effect sound and progressive innovations.

The American hospital system is an example. It is, beyond argument, the best system of its kind on earth. It is designed to give people of small means treatment as good as that given people of large means. Like anything created by humans, it probably has its faults. But, by and large, it has been a great success, and has made tremendous contributions to the health of the nation.

Doctors have, and necessarily, opposed radical schemes for socializing medicine—for making doctors government employees, dependent on political favoritism for their jobs and their incomes. The records show that, in every nation where socialized medicine exists, the standard of national health is far below ours—and far less progress is made in fighting and controlling disease. In this nation, under our system of private medicine, many of the most revolutionary medical discoveries in history have been made—and progress never ends. At this particular time, the work being done by American doctors in the all-important field of war medicine is particularly outstanding.

The American medical system has worked. It has produced health, happiness, and longer life, for millions. It is one of the typically American achievements. —Industrial News-Review.

WANTED, SCRAP IRON

Crowell High School has started its new program for collecting scrap materials. In this new program we need the co-operation of every boy and girl in school and every man and woman in Crowell and on the farms. Each class has taken one precinct and is combing the area for scrap iron. This is one of the most important metals

Play Safe
According to the best authorities, the minimum daily A, D and B Complex Vitamin requirements of the average person are:
A 4,000 USP Units, D 400 USP Units, B1 333 USP Units, B2 2,000 Micrograms, and approximately 10,000 Micrograms Nicotinamide. The required amounts for other B Complex Vitamins have not yet been established.
Many people do not get enough of these essential vitamins. DO YOU? Why not play safe by taking ONE-A-DAY BRAND VITAMIN TABLETS. Each ONE-A-DAY Vitamin A and D Tablet contains 25% more of the cod liver oil vitamins than the minimum daily recommended quantity. Each ONE-A-DAY Vitamin B Complex Tablet contains full minimum daily requirements of Vitamins B1 and B2 and 10,000 Micrograms of Nicotinamide together with a substantial amount of other B Vitamins. When you buy Vitamins, compare policies and prices. Note how ONE-A-DAY Tablets conform to the average human requirements. See how reasonable the cost. Get them at your drug store.

THE WILDCAT

EDITOR.....Mary Evelyn Edwards
CO-EDITOR.....Evelyn Jean Scales
SPONSOR.....Mrs. Sloan
SPORTS.....Billy Fred Short
I did not have my poem memorized. I was next. What was I going to do? If only the bell would ring. The speaker now saying his poem was nearing the end. What excuse could I give? Oh! The speaker has finished, and the teacher was writing down his grade. She hesitated. She began criticizing the way he stood and the way he said his poem. The teacher called my name. I started forward to do the best I could. The bell—it saved my life.

needed in the defense factories today. The only way we can possibly win this war is for you and you to get in there and co-operate by gathering up all of your scrap materials. The principal ones needed now are iron, steel, rubber, copper, brass, bronze, aluminum, zinc and lead.

NOTICE

Here are nine ways of making the lunch room more pleasant and successful: (Taken from Home Ec. I Test papers):
1. Do not be noisy. Food eaten in quiet surroundings digests better.
2. Do not throw napkins, apple cores, bottle tops and crumbs on the floor.
3. Do not run down the hall and into other people in order to be the first one to get your lunch.
4. Do not criticize the food. Learn to like and eat all foods.
5. Do not push. Keep your place in line.
6. Do not quarrel and talk loud or yell and it will help the "personality" of the lunch room.
7. Always keep in mind that the manners you use in public tell the kind of person you are.
8. Do not waste food. Eat all that is on your plate, for your sake and Uncle Sam's.
9. It might help to have more than one lunch hour. Then more people could eat in the lunch room instead of class rooms.

LETTERS TO THE EDITOR

Dear Editor:
I would like your co-operation in helping our school get more dictionaries. Every time a teacher assigns word study, there are never enough dictionaries when one goes to the library. "I'm sorry, but they are all checked out," is the reply when you ask for one. The students also should take more care of them while they have them checked out. There are times when students can't find a word because a page is torn. I will appreciate your help.
Sincerely yours,
Mildred Marlow.

NOCONA VS. CROWELL

What a game! The Nocona Indians didn't know how tough the Crowell Wildcats were until last Friday night. There was one Wildcat who really did give them trouble. That was Arnold Smith. The score was 13-6 in favor of the Wildcats at the end of the game. There was an oil well at the end of Nocona's gridiron. Now don't get excited, not one of the Wildcats fell in the hole. Football fans, let's get behind the Wildcats and help them beat Holliday Friday night! High school students, sit with the pep squad and yell for the Wildcats!

THE JUNIOR PICNIC

The Junior Class had a picnic Thursday night, Oct. 1, at the Country Club. Mrs. Favor, Mrs. Johnson and Mrs. Davis served a delicious stew, with punch. When this was finished the members of the class toasted marshmallows. We had a grand time.

JUNIOR RUMMAGE SALE

The Juniors had a rummage sale last Saturday on the street south of the Ice Cream Store. They sold \$16.70 worth of rummage and intend to have another sale next Saturday. Remember the Junior Class is to give a very important banquet this year. It will take well over a hundred dollars to give a good one. We Juniors are glad to get the \$16.70 but we will hope to make a sale of over thirty dollars next Saturday.

is beneficial to the health of the students as well as being a wonderful sport.
Yours truly,
A Student.

IF ONLY THE BELL WOULD RING

(Theme by Freshman Student)
I did not have my poem memorized. I was next. What was I going to do? If only the bell would ring. The speaker now saying his poem was nearing the end. What excuse could I give? Oh! The speaker has finished, and the teacher was writing down his grade. She hesitated. She began criticizing the way he stood and the way he said his poem. The teacher called my name. I started forward to do the best I could. The bell—it saved my life.

THE TRANSMO PEEKER

Hi Ya Kids Here we are again with some good, red hot scandal! Everyone grab a hold of something solid, "cause here we go!
"Gee whiz," said Myrtle, "these Truscott kids sure have it bad."
For example, Warren Haynie and Lynette Chowning.

Will someone please tell me if John Carter has a crush on Betty Johnson or not? Anyway, they always say action speaks louder than words, so-o-o-o!
It seems that Mrs. Sloan, Miss Hill, Mrs. Brown and Miss Ferguson were a little bit late getting home Sunday night from Fort Worth. The reasons? Well, (a) Miss Ferguson had a date, and she stayed out forty minutes late, and (b) Miss Sloan was driving home and she got off on the wrong road. What were you looking at, Mrs. Sloan?
Still no low-down on Miss Ferguson's pilot. Give us a break, Miss Ferguson!

It seems that all of the girls in High School are "running around like chickens with their heads cut off." Could the reason be that cute, blonde Senior boy by the name of Weldon Young? We think it could!
A few couples seen around town

after the Junior stew last Thursday night are as follows:
Monty Balcom and Jane Roark, Ann Favor and Raymond Hord, and Bill Bruce and Betty Johnson. What's the matter, Booty, are you slipping?

The Transom Peeper saw Kenneth Archer "pre-viewing" with Helen Callaway last Sunday morning. Also, Arnold Smith was with—guess who! How did you know?
Could there be anything between Betty Owens and Lee J. Stout? We wonder!

HOME EC. III CLASS BOMBS TOKYO

The Home Ec. III Class bombed Tokyo Wednesday morning by buying \$20.00 worth of defense stamps.
Officers for the year were elected. Wanda Evans, president, and Jean Scales, secretary-treasurer (Stamp Buyer). Program committee for the first week is: Ann Favor, Naomi Teal and Laverne Archer. The theme is to be "My Place in the War."
The Stamp buying was a hundred per cent this week, and we hope to keep it that way all school term.

THE TOKYO EXPRESS CLUB

The Bookkeeping Class met Wednesday morning to organize their club which they named "The Tokyo Express Club." The club will carry out the program of buying war stamps, and collecting scrap metal. A patriotic program will be held each Wednesday morning. The officers are as follows: Wanda Kethersid, president; Bill Owens, vice president; Ruth Diggs, secretary-treasurer; Gaylon Parris, La Verne Smith and Rita Callaway, program committee; Betty Zeibig, reporter. A dollar and seventy-five cents worth of stamps were bought the first week.

THE LIBRARY

"Read'n, writ'n, and rithmetic"—but mostly "read'n." As you all know, Crowell High School has

a "swell" library of which we are all very proud. For the coming year Miss Motley will be the sponsor. Every year the library receives new books, but this year we will be given, other than new books, several of the best-selling magazines. Please be careful with the library books and magazines for someone, other than yourself, may like to read, too! Everyone can read and it's all free! Read 'em, then you will know what's going on in the world. (Sez who?)

WHAT OUR SENIORS OF LAST YEAR ARE DOING

Three of our well known seniors of last year are attending Texas A. & M. this year. They are, J. T. Hughton, Richard Carroll and Shorty Roark.
Also, three of our ex-senior girls are attending T. S. C. W. They are, Margaret Claire Shirley, who is majoring in business administration; Joyzelle Tysinger, who has a double major in Home Economics, and Lealys Gilliam, who is majoring in music.

FADS AND FASHIONS

Last year the girl with long hair falling on her shoulders rated all the whistles, but this year it's the girl with the Victory Bob, who is the center of attraction.
Long-waisted dresses and saddle oxfords have been definitely "okayed" by the Crowell High School girls.
Velvet hair ribbons were first worn by Margaret Davis, while Jean Scales showed CHS how attractive ankle bracelets really are.
Patriotic jewelry, large rings, and ear screws are being worn this year by everyone.
De Alva Thomas has been wearing initialed socks which shows us that the "Fish" have their own ideas about fashions, too.

JOKES

Doctor: I can't find any cause for your trouble. I think it must be due to drinking.
Patient: Well, maybe I'd better come back some time when you

are sober.
Everyone seems to have a theme song these days; why not the medical profession? Here are a few of them:
1. "You take the Thyroid, I'll Take the Low Road."
2. "Glory, Glory, Halitosis."
3. "Symptoms, I'm Happy."
4. "Liver Stay Way from My Door."
5. "On a Bifocal Built for Two."
6. "Monkey Gland, My Monkey Gland."
7. "Paresis in the Spring."
8. "Cankers Away."
9. "Bunion Up Your Overcoat."
10. "Yes Sir, Asthma Baby."

Well we might as well include the doctor's favorite books:
1. "For Whom the Bell Tolls."
2. "Getting Gertie's Goitre."
3. "Gout of the Night."
4. "The Sneezest Way."

Annie says she has a theme song too: "In the Shape of the Old Apple Tree."

And there was the guy that was disappointed because he thought he had a date with a warm WAAC but turned up with a cold WAVE instead.
The film, "The Rains Came," opened in New York to an accompaniment of the heaviest rain in months. Amazing fellows these press agents.

A question on the physical examination was: "How may one obtain a good posture?"
Joe Kethersid replied, "Just keep the cows off of it and let it grow a while."

Father: Son, you use your noodle.
Dan: Where is my noodle? I've pulled or pushed everything in the car.

Bill Bruce: Has Mary Evelyn got my job?
Jean Scales: No, but she is trying hard.

VETERANS — You men who fought the last war — make this your job. To see that no American boy shall fall because a lack of scrap deprived him of a fighting chance.

SCRAP SLACKERS CAN LOSE THIS WAR!

It's squarely up to you. The mills need scrap to make the steel to go across the sea as ships, and tanks, and guns. They need it now—and in the months to come. For all new steel must be 50% scrap—and the mills are running out. They haven't enough for even 30 days more production—then they'll be shutting down.

know what war is like. Tell them... "Don't be a scrap slacker. Get your scrap ready for the drive that starts next Monday! Then get to work and help them do it.

We're out to fill the junk yards—to make every salvage depot a towering tribute to our fighting men. And don't think the job is done when the scrap starts piling up. Because the war must end before the need for scrap is over.

Unless you get to work. Unless you go into your basement and your attic and rout out the junk that's there. Talk about it to your friends and neighbors—you men who

Do this to help make sure it ends our way!

This space contributed by The Foard County News

A WEEK of the WAR

Rubber Administrator Jeffers, acting on two important recommendations of the Baruch Rubber Committee, directed the Office of Defense Transportation to limit driving speeds to 35 miles an hour and told the Office of Price Administration to prepare to ration gasoline throughout the nation on the same basis that it is now rationed in the East.

The limitation on speed will go into effect October 1 for all vehicles except those operated by common carriers. Common carriers—trucks and buses operated on regular schedules over regular routes—will be given until October 15 to adjust their schedules to the new top speed.

Nationwide gasoline rationing—designed to reduce mileage so as to save rubber rather than gasoline—will become effective about November 22, Price Administrator Henderson reported. By that time the ration books will have been distributed to approximately 20 million motorists in the unrationed area.

The War Front Gen. MacArthur's Headquarters in Australia reported September 28 that U. S. Army Flying Fortresses hit and probably sank a 15,000-ton merchantman in an attack on the enemy base at Rabaul. It was the fourth straight day of attack by the fortresses on the biggest enemy base in the Australian zone.

War Production WPB Chairman Nelson said "Right now approximately 40 per cent of our entire production is going for war. By the middle of next year that proportion has got to be around 60 per cent."

Food Requirements Agriculture Secretary Wickard said that unless the nation acts promptly and with energy "our food situation will become serious. Our supply is rapidly diminishing."

MONEY TO LOAN on Foard County Farms, a plan by means of which you may own a farm Twenty-five years to return the money, or, if you wish 20 years or 15 years, as you choose, 4 1/2 per cent interest.

MISS VERNON LAUNDRY Truck makes two trips to Crowell each week. You will be satisfied if you give us your laundry. All work guaranteed. Call Bruce Barber Shop for further particulars.

all civilians to hold their meat consumption to 2 1/2 pounds per person per week.

Printing Prices

The OPA set ceiling prices for the sales of 175 printed products, as well as for the printing services used in producing them. The regulation covers services for and sales of such articles as greeting cards, loose-leaf binders and fillers, tablets, pads, composition books, etc.

The Armed Forces

The Army issued a call for 3-A men up to and including the age of 44 to volunteer for anti-aircraft officer training. A nationwide quota of 500 such candidates per month was set for the anti-aircraft school at Camp Davis, N. C. Selective Service local boards will supply detailed information, the Army said.

A REMARKABLE RECORD

Figures have just been released by the National Board of Fire Underwriters showing that the total estimated fire loss for the first eight months of this year was \$211,172,000, as compared with \$211,773,000 for the same period last year. When the vast industrial expansion that has taken place in this country in war industries during the past year is considered, in conjunction with the millions of inexperienced persons who have gone to work in such industries at jobs with which they were unfamiliar a year ago, this record of a drop in fire losses for the past eight months is truly remarkable.

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 9:00 o'clock. Sunday, October 11, 1942. Subject: "Are Sin, Disease and Death Real?"

Baptist Church The regular services of the Baptist Church are being held at the High School each Sunday at the appointed hours. Sunday School meets at 9:45 a. m. and preaching services follow at 11 a. m. B. T. U. meets at 7 p. m. and the evening services are at 8 p. m. A special urge is extended to the members and friends to be present next Sunday morning. Rev. W. B. Fitzgerald, pastor, has been in Georgia for the past two weeks in a revival meeting, but will be in the pulpit next Sunday.

Christian Science Services "Are Sin, Disease and Death Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 11. The Golden Text is: "Salvation belongeth unto the Lord; thy blessing is upon thy people" (Psalms 3:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For thou art not a God that hath pleasure in wickedness; neither shall evil dwell with thee" (Psalms 5:4). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When we put off the false sense for the true, and see that sin and mortality have neither Principle nor permanency, we shall learn that sin and mortality are without actual origin or rightful existence" (page 281).

Weekly Sermon

By the Rev. Warren Filkin, Ph. D., Member of Faculty, Moody Bible Institute, Chicago.

A Good Witness

A good witness must know something, must say something, and must be something. This is true of a witness in a civil court of law, and it is also true of a good witness for the Lord Jesus Christ. Here in Chicago a case was recently tried with a young man named Borelli as the chief witness for the prosecution. He had promised to talk, but when he went on the witness stand he refused to say a word of what he knew, on the ground that the evidence he gave might be used later to incriminate him. Without saying whether or not Borelli did right or wrong, let me say that there are many calling themselves Christians who refuse to say a word in behalf of their Lord. They claim to know Jesus Christ as their own personal Saviour. They admit that men who have never been saved are lost. They admit that these cannot under any circumstances save themselves. They admit that they could occasionally, at least, speak a word for Christ. But they realize that if they began telling what they knew about Christ, those with whom they are associated are likely to taunt them. They might lose some of their popularity with a few of their friends, and they fail the Christ who went to Calvary by certain groups. So rather than be true witnesses for Christ they keep their mouths shut and fail the Christ who went to Calvary's cross for them. What a pity! Jesus said, "Ye shall be a witness unto me." Yet some who know Him refuse to speak a word for Him!

that his fire depredations have been held to a minimum. The public deserves a large share of the credit for co-operating in all manner of fire prevention activities. It is well to call attention to this drop in fire losses to let people know that their watchfulness has been effective during a critical period when billions of dollars worth of vital supplies have been subject to the fire menace. This record should encourage every citizen to continue and increase his efforts to prevent fire, for by so doing he is truly playing a vital part in the war.—Industrial News-Review.

Most notable of the Texas stone resources are the granites of the Burnet-Llano and Trans-Pecos areas.

AT CROSS PURPOSES

Another world war is being fought by practically all nationalities. This war is between countries which believe in certain liberties for the individual, and countries which do not believe in such liberties. While this war is being waged, an economic and political revolution is going on within our own country between those who believe in government ownership and operation of productive resources.

Bureaus within our government, completely dissociated from the war effort, are methodically doing things to discourage investments in private industry, and are constantly forcing private industry out of existence with government subsidized projects. This means only one thing in the end, if allowed to expand unchecked, the inauguration of government in business, or the socialized state—in plain English, the German system.

An exponent of state socialism recently said, "It is a curious track we have been on," in a country that has gone so far ahead of other civilizations in a short period of time, that it stands out by itself in bringing about a higher standard of living for its people. The thing that has been the dynamo for this great achieve-

INTERESTING FACTS OF THIS AND THAT

The citizens of the State of Nebraska collected 70,000 tons of scrap in a three weeks' drive. This was more than one-half the six months goal. There are 1,600,000 illiterates in the United States between the ages of 18 and 50. Among the industries of Arkansas is the cultivation of roses for perfume. In the Mississippi Valley flood of 1927 one-fifth of the entire area of Arkansas was inundated. Domestic production of asbestos comes principally from Vermont and Arizona. Small quantities have been found in other states. The main source of supply is

Quebec, Canada, with South Africa taking second place. There are 23,666 persons employed in the radio broadcasting industry with a weekly payroll of \$1,138,000.

Stone for the present state capitol of Texas was produced in a quarry at Granite Mountain near Marble Falls in Burnet County, Texas.

J. H. Carter Family Enjoys Re-Union

Mr. and Mrs. J. H. Carter entertained all their children at a family reunion at their home over the week-end. Some of them and their families have returned to their homes, while some are staying for a longer visit. Those attending were the parents, Mr. and Mrs. Carter; Staff Sgt. Loraine Carter of Fort Knox, Ky.; Mr. and Mrs. A. F. Wright of Paducah; Mr. and Mrs. R. H. Emery of Amarillo; Mr. and Mrs. R. E. Jones and little daughter, Shirleen, of Camden, Ark.; Mr. and Mrs. Jim Hinds Carter of Mojave, Calif.; Miss Mary Ennis Carter of Dallas; Miss Claudia Carter of San Angelo; and Mr. and Mrs. John Carter and children, John Calvin and Rondelle; Miss Cora Carter and Ted Carter of Crowell. Mr. and Mrs. Jim Carroll Jr., grandchildren, of Hamlin, also attended.

B. & P. W. CLUB

The Business and Professional Women's Club met Thursday evening, Oct. 1, 1942, at O'Connell's for its regular business meeting and program. The District One Conference which was to be held in Quanah Oct. 17 and 18, has been cancelled. The National Federation of Business and Professional Women's Clubs has selected for its 1942-43 Study a "War Program." The Legislation committee was in charge of the program, "Battle of Ideas," with Maymie Lee Collins as leader, her subject being "Rumors (Made in Germany)". Gusta Davis discussed "Contributions to Our Common Cause," and Mae Solomon, "Divide and Conquer."

COLUMBIAN CLUB

"The Land Down Under," featuring Australia and the islands of New Zealand, was the subject discussed at the Columbian Club meeting on September 30, at the home of Mrs. Grady Halbert. Following roll call, Mrs. Hines Clark, acting as leader in lieu of Mrs. T. B. Klepper, told of "Life in Dauntless Australia." With a population far exceeding that of New York City, Australia is approximately the size of the United States, but the barren central and northwestern portions of the country necessitate the centralization of population in the southeastern coastal region. The town of Darwin so well-known from its recent news interest, was described and discussed as to its naval and defense importance. "An Anzac is first a man in the truest sense of the word," said Mrs. Halbert, calling attention to the above-average height of the fighting men from Australia and New Zealand. These warriors get their name from the initials of the Australian and New Zealand Army Corps. Grandsons of pioneers, their indomitable spirit reflects the fighting instincts of their forefathers. An Anzac lives the constitution of the U. S. That is what makes him a liberty loving (adventure)-seeking, fighting Anzac. Mrs. Jno. Ray carried the group on an imaginary trip, based on actual experiences, to New Zealand. In 1908, a sister of Mr. Ray and his brother-in-law, one time residents of Foard County, sailed to New Zealand; and it was the story of their trip and experiences as New Zealanders, which Mrs. Ray told. Newspapers and magazines printed in the islands were exhibited and inspected, creating much comment on the sequence of sailing lists, advertisements, and news, "small talk," and with headline reading matter on last pages. Pictures taken of the McDonald family were passed around and Mrs. Ray made everyone feel that she had actually taken a trip. At this meeting, Miss Elizabeth Elliott, Foard County Home Demonstration Agent, was welcomed into the club's membership. Mrs. J. N. Banks and Mrs. E. V. Halbert were guests. A book review will be the feature of the October meeting, with Mrs. A. E. McLaughlin as hostess.

BAPTIST W. M. U.

The missionary society of the Baptist Church met Monday afternoon, Oct. 5, in the home of Mrs. W. B. Fitzgerald, in a business meeting. Mrs. Fred Wehba gave a beautiful devotional on "Let Your Light Shine." After reports of the outgoing chairmen were given, the new officers were installed by Mrs. W. D. Howell, who gave a inspirational installation, reading 2 Timothy 2:12. She urged the use of the year books and that the women know each other and the local needs. The following are the new officers: Mrs. W. B. Fitzgerald, president; Mrs. Joe Smith, vice president; Mrs. Doyle Callaway, secretary; Mrs. C. C. McLaughlin, treasurer; Mrs. H. R. Zeibig, pianist and the chairmen of the standing committees are as follows: Mrs. A. E. McLaughlin, mission study; Mrs. A. E. Barker, missions; Mrs. R. L. Taylor, benevolence; Mrs. Roy Archer, periodicals; Mrs. Jno. Nichols, young people; Mrs. Roy Ownbey, education; Mrs. Frank Moore, community service and Mrs. Jim Long, Bible. Oct. 22 is the day to send chickens to the Baptist Orphans Home. If there are those who have chickens they desire to send, they should send them to Mrs. R. L. Taylor.

SAFETY SLOGANS

Casualties to the U. S. armed forces since Pearl Harbor have been 4,801 dead, 3,218 wounded and 36,124 missing—a total of 44,143. The American accident toll since Pearl Harbor has been 80,000 and approximately 5,500-000 wounded. Casualties on the battle front cannot be avoided, but in the ranks of civilians many accidents can be prevented. They are the price of carelessness. Lignite, of which Texas produces an appreciable quantity, is found in a broad band stretching across Texas approximately from Laredo on the Rio Grande to Texarkana on the northeastern border.

ADELPHIAN CLUB

The Adelpian Club met Wednesday afternoon, September 13, at the club house with Mrs. T. N. Bell as hostess. A very interesting program on Venezuela was given by Mesdames L. E. Archer, Verne Walden and J. E. Stover, with Mrs. Archer as program leader. Mrs. Walden presented "By Highway from Caracas to Bogota." Mrs. Stover presented "Pan American Highways." In her discussion, she pointed out what countries had helped and what they had done in the program to establish an Inter-American highway. "Transportation and Communication" was given by the leader. The hostess served a salad course at the close of the meeting. Lovely dahlias served as decorations throughout the newly decorated club house.

PROCLAMATION

By the Governor of The State of Texas
To All To Whom These Presents Shall Come:
Whereas, business women throughout the country will be observing the anniversary of National Business Women's Week this October; and
Whereas, it is appropriate to commend business women for the manner in which they are daily assuming the increased duties and responsibilities caused by the lack of manpower on our home front; and
Whereas, the business woman should be encouraged and urged to continue in their efforts to the end that through the united service of men and women the problems of Democracy may be solved; and
Whereas, business women throughout the nation have adopted for study and action this year the theme "Women's Work in the War" and are striving to make valuable contributions to our country's effort for Victory;
Now, Therefore, I, Coke Stevenson, Governor of the State of Texas, hereby set aside and proclaim the week of October 11-17, 1942, as Business Women's Week in Texas.
In testimony whereof, I have hereunto signed my name officially and caused the Seal of State to be affixed hereto at Austin, this 17th day of September, A. D., 1942.
(Signed) Coke R. Stevenson,
Governor of Texas.
Wm. J. Lawson,
Secretary of State.

LIBRARY NEWS

The Foard County Federation Library is now open to the public and ready for use for all reading and enjoyment. "The Raft," by Robert Trumbull, had recently been added to the library. The book was written in the early part of 1942 and narrates the lives of three Navy fliers who fought the sea for 34 days, while they drifted in a rubber raft, without food, equipment and, for some time, without clothes, yet survived to land, weak and weary, on a strange shore. The library will appreciate the return of all books which were out, at the time of the storm. If it is impossible to return them, those who have them are asked to mail them to the library immediately. The library is for the benefit and pleasure of the people and everyone is asked to avail themselves of the opportunity to use it.

HOUSEHOLD HINTS

Sodium fluoride is effective for controlling cockroaches. Before adding egg yolks to a cooked mixture, beat the yolks with a fork and combine with a small amount of the mixture, then add the rest. When hanging pictures, place a thumb tack in each corner of the back of the frame to keep it away from the wall. This tends to prevent the dark streaks that usually form around the wall area covered by pictures. Building activity in Texas continued to decline during August, the University of Texas Bureau of Business Research, has announced, with value of August, 1942, building permits being 72.8 per cent lower than those for August, 1941.

'Lex' Volunteers

The three Nary brothers, of Wilmington, Mass., who opened the "We Are Lexington Volunteers" recruiting campaign for the new carrier, Lexington, just launched. They are shown examining pictures of the old Lexington going down in the Coral sea.

Cadets' Sweetheart

Randolph Field cadets, in selecting their sweetheart of the year, turned to girls working at Downey plant which builds their training planes. Here is the "Sweetheart of Randolph Field," Miss Lillian Chambers, shown at her war job, running a shears machine.

Texas Commodity Rolls Cut 49 Per Cent During 1942

Austin, Oct. 1.—Texas commodity rolls have been cut over 49 per cent this year, J. S. Murchison, executive director, State Department of Public Welfare, announced today. During August, 1941, 105,201 families in Texas received commodities as compared with 53,478 families receiving the benefits of the program during August, 1942.

Murchison pointed out this drastic cut can be attributed to persons finding work on Texas farms and in defense industries. Commodity rolls are now mainly confined to families who are unable to secure employment because of physical handicaps.

Food purchased by the United States Department of Agriculture under its price stabilization program is donated to the state. This food is distributed through two outlets: a commodity distribution program and the community school lunch program. Both programs are operated by the state as one unit.

During March 5,100 schools participated in the community school lunch program in Texas serving over 369,000 school children. Federal and state officials are expanding the program so it will be possible to serve every undernourished school child nutritious noon-day meals by the end of this school term.

"Texas farmers are doing a magnificent production job under the 'Food for Freedom' campaign. Production goals this year will reach a new high. The community distribution programs are part of our Government's 'all out' food requirements program. These programs assure the government and Texas farmers a steady and continuous outlet for this record food crop. In total war it would be criminal to waste precious food; the school lunch and commodity distribution programs see that no food is wasted," Murchison explained.

RAYLAND

(By Mrs. Jack Lassiter)
Mr. and Mrs. Jim Dunn and son, Robert, of Thalia visited relatives here Wednesday of last week. Robert is home on a ten-day furlough from the Army. Mrs. W. L. Raines and children and Mrs. T. A. Raines of Prairie View visited Mrs. T. C. Davis last Monday. Mr. and Mrs. Jess Crank and daughter of Plainview, visited friends here last week. Mr. and Mrs. Bill Lewellan of Snyder, spent last week-end with her father, who is ill. Sid Colclaser accompanied them home to visit his brother there. Mrs. Jack Lassiter of Oklahoma City and Mrs. Bill Phillips and son, James Carroll of Ardmore, Okla., came Sunday for a visit with their father, J. C. Davis. Mrs. Lassiter's husband is in the Navy and stationed at Norfolk, Va. Carl Davis has returned to his home from Margaret. Mr. and Mrs. Ray Hoffman spent Sunday of last week in Farmers Valley.

Community School Lunch Programs Aid Undernourishment

Foard County is helping to wipe out the evil of malnutrition through its Community School Lunch Programs which are now getting under way. David G. Guthrie Jr., Area Supervisor, Agricultural Marketing Administration, said this week.

Sponsors of the programs have expressed a determination this year to surpass their record of last year when some 203 school children were reached through School Lunch Programs operating in four schools in the county. "The Agricultural Marketing Administration assures sponsors steady supplies of evaporated milk, one or more dried fruits,

wheat cereal, wheat flour and dry edible beans for school lunches this year," Guthrie said. "Spontaneous supplies of one or more additional dairy products, cereal products, potatoes and eggs, as well as a number of processed or fresh fruits and vegetables. Other commodities also will be available from time to time. Records show over 9 million American children are suffering from undernourishment. This number will rise as the war goes on unless something is done. The Agricultural Marketing Administration is ready to furnish the basic foods for lunches for every one of these malnourished children. It is up to local sponsors to see that the lunches are prepared and served," Guthrie explained.
