A Fine Shower

A fine shower fell over the greater portion of Foard county Saturday night. In some places one and one-half inches was reported, while in other places it was very light. In the Baker Flat neighborhood, it did not rain at all, nor did it rain any in the Vivian country, but Vivian had a heavy rain last Thursday. A good rain fell over the entire county east of here Saturday night. The rainfall at Crowell was four-fifths of an inch. This rain will mature all the early feed, and help the late feed. Cotton looks well, and the recent rain will mature all the bolls now on the plants. It was a great rain and means many dollars to Foard county.

Letter From Mexico

The Foard County News is in receipt of a letter from H. Newth of Tampico. Mr. Newth will be remembered by many as the pleasant gentleman who came up from Mexico the first of the year with Mr. Minyard Ayers and with him visited at the Henry Ayers home near Margaret.

Mr. Newth in his letter stated that he landed at Tampico by the way of Laredo, but that he suffered many hardships enroute. He says that conditions down at Tampico are bad. He sent us some Mexican paper money—a five-cent piece and a ten-cent piece. He says that persons who are found guilty of passing any other sort of money are fined as much as \$2000.

Mr. Newth made many friends while here and he will probably return about Christmas, and it goes without saying that he will be welcomed by all who know him. He writes that he is getting the Foard County News for which he subscribed before leaving, and that he enjoys reading it every week.

Enjoyable Time at Lake

Mesdames E. P. Bomar and N. J. Roberts entertained the members of the Columbian Club and their husbands at Beaver Lake last Thursday evening.

At 7:00 o'clock a supper consisting of barbecued beef and mutton, pickles, bread, coffee and other eatables, was spread, and the occasion with environments so out of the ordinary, tuned and toned the appetites of those present that some acknowledge that they ate to an extent of being somewhat uncomfortable.

After supper a large number enjoyed themselves bathing in the clear water of the lake, while other enjoyed themselves in social palaver. All agreed that it was an enjoyable occasion, and everyone present desires to thank the hostesses for their kindness and hospitality.

Horse in a Well

A horse belonging to O. L. Boggs who lives four miles south west of town, fell into a well Monday. The well was in a small creek and was only about five feet deep but completely filled with water. A number of men by the use of ropes succeeded in getting the horse out, and in a short time it appeared to be none the worse because of its experience.

Thrown From Horse

Miss Jodie, daughter of Mr. and Mrs. A. Brian who live southeast of town, was thrown from a horse while on her way to Crowell one day last week, and sustained a serious injury to her left arm. No bones were broken, however, and Miss Jodie will again have the normal use of the injured member in a few days.

A Good Citizen Gone

Jamerson I. Williams was born in Alabama November 19, 1834. Removed to Louisiana when but a young man and was married to Miss Lizzie Robinson, to which union were born five children, four of whom survive: L. H. Williams who lives south of town, C. L. Williams of Tahoka, Texas, Mrs. Jessie Gamble of Thalia, and Mrs. Christi Grimm of Guymon, Oklahoma.

Many years ago, Mr. Williams removed to Texas and located in Somerville county where he lived for a number of years. In 1895 he removed to Foard county where he lived continuously up to the time of his death.

About three weeks ago, Mr. Williams was taken ill, and it soon became apparent that his condition was serious, but he lingered until about 8:00 o'clock Monday, July 27, when he passed away. His remains were laid to rest at 11:00 a. m., Tuesday in the Crowell cemetery, the funeral services being conducted by Rev. H. H. Bowers of the Presbyterian church of which faith Mr. Williams was a member.

The Foard County News unites with the many friends of the family in sympathizing with them in their bereavement.

A Morning Affair

A delightful party was given by Mrs. J. R. Beverly on last Friday morning from 9 to 11, in honor of Miss Bess Crouch of McKinney, guest of Mrs. Tom Beverly.

The house and porch were artistically decorated in wild sunflowers.

Progressive Forty-two was the principal diversion of the morning, after which the hostess, assisted by Mesdames Beverly and Henry, served sandwiches, olives, potato chips and ice tea to the following:

Mesdames, Cope, Campbell, Benson, Tom Beverly, Joe Beverly, Vernon, Waldrop, Martin, Shirley, Henry, Johnson, Henry Ferguson, Bob Allee, Rude Magee, Hart, Cross, Clarence Self, Duke, Gibson, Grey Thompson, Ray, McCormick and Spencer. Misses, Essie and Birdie Thacker, Bain, Wright, Major, Goode and Klepper. Out of town guests were Mrs. Brown of Dallas, Miss Crouch of McKinney, Miss Woods of Bonham, Miss Gibson of Graham, Miss Whetsol of Hamlin and Miss Arnold of Nugent.

Adams Will Do Expert Shooting

Capt. Claude A. Adams will show how to hit the black each afternoon at 5:00 o'clock, August 12 at 200 yards, rapid fire. He fires 10 shots in one minute, reloading the rifle one time. August 13th at 500 yards, slow fire, no time limit, 16-inch Bull's eye. August 14, at 200 yards, surprise fire. This is the most difficult firing in the new firing manual. The target comes up and stays three seconds, man firing stands with his piece loaded and locked; after the target starts up, he has to unlock his piece, take any position he wants to and fire in 3 seconds.

He will have at least one of expert rifleman as shooting partner every afternoon.

Come out, everybody invited. It will be worth your while.

Judge Brookerson and family and Wm. Cantley came up from Benjamin Wednesday. The judge has a crop of wheat on his farm south of town, and he came up to see about having it threshed.

There was some special interests manifested in the election in some of the precincts. At Margaret, for Constable, R. V. Fletcher received 34 votes; D. M. Davis, 39 and W. B. McCord, 2.

For County Commissioner of Precinct No. 2, W. L. Johnson received 46 and Geo. W. Adkins, 28.

Of Course There is

A man killed in Dallas the other day had the following motto in his room: "Cheer up Bill, there ain't no Hell." It may have sounded pretty well to a traveling man, but to the average country printer it is a joke. Every now and then there are a few of the people who come in and give you a little of the torments above named. There are sometimes fellows who give you the same stuff if you leave out a news item accidentally, and lots of time there are some men who would see you in that place before they would give you an ad. Now who said there wasn't any hell?

No Typhoid

A report has been circulated that there are a number of cases of typhoid fever in Crowell and Foard county. To set the matter right, the News man has consulted the physicians of Crowell, including the county health officer, and we find that there has been only one case in the county, and that patient will be dismissed this week.

It is said that the wheat crop of Chas. Whittle of the Medicine Mound community averaged a little better than thirty-five bushels to the acre.

Luther Dick, aged 21 years, broke his neck while diving in the Groesbeck creek in Hardeman county last Sunday. The boy made the dive in what he thought was deep water, but the water was shallow, and he struck the bottom with sufficient force to break his neck. He is still alive, but is paralyzed.

It is said that about 250,000 bushels of wheat have been shipped out of Hardeman county this season, and that the crop of the county will not be more than 360,000 bushels. Hardeman county folks claimed about 45,000 acres of wheat, and estimated the yield at 25 bushels, but the above figures show a yield of less than ten bushels to the acre.

O. L. Nix of Hall county was arrested for swearing falsely as to a girl's age. Nix swore that Miss Lena Edwards was more than eighteen in order to secure a marriage license. The license was issued, and Nix and the bridegroom, a man named Mitchell, were arrested in about an hour after the ceremony had been performed. There is a general complaint among consumers that many of their local grocers and merchant have a tendency to substitute when certain brands of goods are asked for. This they do without consulting the customer, taking a chance that the patron is "easy-going" and will not mind. Those who are not so hazardous offer a substitute with the explanation that they have the brand requested, but that the trademarked article is too expensive, for which reason they wish to offer something "just as good, if not better" and give the consumer the benefit of the lower price. If the consumer "bites" the merchant sells the inferior article at a big profit. Should he not be so discreet as to keep the advertised article, he does not always say so. Instead, he wheedlingly offers the substitute for examination, dwelling upon its superior merits and low sale price.

He assures the customer that as soon as the article is well known as the advertised goods

the sale price will take a jump, so now is the time to avail oneself of the wonderful opportunity. The pacified customer, either partially or wholly convinced, buys the much-lauded article, and helps to swell the heavy profits of the merchant.

The woman who requests a certain brand of tea, for example, has a right to receive exactly what she asks for. The woman who knows good tea will not buy a nameless grade, any more than she would purchase a nameless watch.

These are a few of the reasons why women favor standard of price. Mrs. Christine Frederick, who appeared before the House Judiciary Committee recently, summarized her position and that of the Housewives League by saying:

"I am making a plea of a general law against unfair competition, so we can be rid of that body of men who live on the reputation and labor of others, but do not give honest service themselves."

They are weak and need strengthening. See that they are built up---back to normal---and it won't be many days until you are built up, eager for work and enjoying your rest and leisure hours. It's your own fault if you don't.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. NOTICE TO THE PUBLIC—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publishers.

With The News Paragropher

Too late to bawl now.

Who would have "thunk" it!

"All For Ball." That's right; it appears that everybody batted him.

There are several counties that had not been heard from at the time of going to press, but late reports stated that they were still voting for Ferguson.

Just before the Texas primary General Villa ordered three car loads of beer from Texas. Villa must have been reading some of Col. Ball's speeches on Texas going dry.

Water from the Holy Land was used for baptismal purposes at Austin last week. We have often heard of "holy water", but never knew before where the liquid came from.

A new comet was discovered on the night of July 25th. But that may have been a vision of some Texas Pro who was hit hard enough on that date to have a glimpse of the whole planetary system.

A report from Washington City gives out the information that half the population of Texas works. Yes, that is about the proper percentage—one half works the other half. Have you been worked yet?

It is said that the city of Burkburnett near Wichita Falls is using oil with which to sprinkle the streets. If Burkburnett is as dry as some of the other towns close to Wichita Falls (Petrolia for instance) oil is a whole lot more plentiful than water.

If you think The Foard County News is a good paper hand your friend this issue and ask him to compare it with other papers published in towns the size of Crowell. Then ask him why he is not a regular reader. A paper, like a town, is largely what the people make it.

A soldier stationed at San Antonio was fed \$25 for kissing a pretty girl. The girl declares that she screamed when she felt the soldier's mustache tickle her lips. Now isn't that just like a girl? They don't object to being kissed if it didn't tickle them almost to death.

Telephone girls of Boston have gone on a strike because they claim that the telephone exchange building is alive with mice. Isn't it a strange thing that a woman will go into hysterics at the sight of a small mouse and at the same time carry on the top of her head a 'rat' as large as both your fists?

A press report from Wabash, Indiana, tells of a girl who was killed in that city recently, whose heart was on the right side. We are indeed sorry to hear of this girl's death; had she lived there might have been some hope for men of the coming generations, but now the heart of women will continue to be on the "wrong side."

"Shoots Wife in The Window," ran a headline in a recent issue of the a Texas Daily. The Foard County News man is not well enough acquainted with the anatomy of the human body to locate the place where the woman was wounded. Anyhow we don't care to be wounded in our window, wherever it may be, for the woman who was shot in the window had her light put out.

An exchange, referring to the election of Ferguson, asks: "How did it happen that Ball got beat?" Such a question reminds us of the letter that Pat wrote to his brother Mike, which ran as follows: "Dear Moike: I am writin' youse to tell youse that our brother Tim has boin bettin' agin' on horse races, an' as usual Tim's horse got bate; but it wuz the opinion uv all who saw the race that Tim's horse would uv bate if the other horse hadn't been too fast for his."

AND THEY DID

Some folks vote the way they think,
But ought to vote the way they drink.

A CAMPAIGN LIMERICK

There was once a man named Ball,
Who was knocked clear over a wall,
The batter for fun,
Just made a home run,
Now they're wondering where the Ball will fall.

Magee Withdraws

Believing that the returns of last Saturday's election told whom the majority want for treasurer, I have decided to withdraw. However, I wish to express my sincere thanks to those who gave me their support, and assure them that if I am ever favored with the opportunity I will gladly reciprocate for all favors shown.

Respectfully,
ADVT. R. R. MAGEE.

To Foard County Voters

I wish to express my sincere thanks to the voters of Foard county who have supported me in the past, and trust that my past record, service and attitude toward them may cause them to have no regrets for having supported me, but on the other hand may be the means of meriting their continued support. With best wishes to all, and malice to none, I am,

Yours Very Truly,
ADVT. L. D. CAMPBELL.

To the Veters of Foard County

Who, supported me in the first primary, I send my heartfelt gratitude, and earnestly hope you will not grow weary in well doing, as I propose to make an honorable and persistent campaign through the next two weeks and need your support and influence.

To those who did not support me, I say—as the Irishman in distress, said to the Lord—"If you are ever going to help me, help me now."

The office is yours to give; please pass it around.

Respt.

Colds

should be "nipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of

THEDFORD'S
BLACK-DRAUGHT

the old reliable, vegetable liver powder.

Mr. Chas. A. Ragland, of Madison Heights, Va., says: "I have been using Theford's Black-Draught for stomach troubles, indigestion, and colds, and find it to be the very best medicine I ever used. It makes an old man feel like a young one."

Insist on Theford's, the original and genuine. E-67

OUR LAST AD

Caused considerable comment, so we are going to write a still better one. We want to remind you of the fact that we are still selling the famous "Seal Flour," and there is no better flour made, at a price that inferior flour is being sold at at some places. Another thing: Our business is good, and "There's a Reason," said C. W. Post, the big man of Post City, Texas, and it is not because we sell "Grape Nut" and "Post Toasties" either, but because Good Groceries, Reasonable Profits and Courteous Treatment are business builders.

G. C. Bain Gro. Co.

Mr. and Mrs. R. B. Gibson chaperoned quite a crowd out to Beaver Lake on Wednesday evening. The party was gotten up in honor of the Misses Gibson of Graham, Craig of Chillicothe, Messrs Dodson and Lisman of Chillicothe, who are the guests of Mr. and Mrs. Gibson.

Messrs Miller and Walker

have purchased an ensilage cutter of Self & Son and are getting ready to fill their silos. Our implement men and hardware dealers are busy these days. Farmers from all over the county are fast finding out that Crowell is a good place to trade. Come to Crowell, read the ads in the Foard County News, and remember that our advertisers will treat you right.

Sheriff L. D. Campbell left this morning for Tucumcari, N. M. after John Riley who was indicted here about one year ago for cattle stealing, this man Riley is the last of the cow thieves who were indicted.

Chickens for sale 75 friers, 30 hens, Rhode Island Reds. Cheap—Mrs. Lem Roberts, Thalia, Texas.

WHICH SHALL IT BE?

A trip to the Panama World's Exposition at San Francisco, Cal., during 1915, any time after its opening and before its close, free ticket, free first-class Pullman berth or steamship berth, and many other attractive features, all absolutely free, or, if you do not care to make the trip, after you have won it, you may sell your privilege to some one who will buy it and pay you for it, or I will give you a \$350 Lyon-Taylor piano instead of the trip.

I have made arrangements with the Lyon-Taylor Co., Iowa City, Iowa, for which I have paid, and hold a bond for \$1,000, backed up by a second security of \$50,000, that everything will be done as per arrangements and agreement, namely:

I will start a Friendly contest among the Ladies and Girls of Foard County (every woman and girl in the county eligible) by giving each one who will enter the contest between August 15 and September 15, 1914, an equal start, by giving each 1,000 votes, and then furnishing each with such rules and helps as needed. The Contest will be open for nominations to September 1, after that date no one may enter as a contestant. September 3 I will cause to be published in The Foard County News the entire list of contestants, and each week thereafter their names and total votes. The contest will close at 2 o'clock p. m., December 24, 1914.

There will be a complete register of each name and each count of votes kept for inspection. Disinterested parties will count the votes. December 24, as soon as the votes can be counted and announced, the girl or lady, married or single, who has received the most votes during the contest will receive a certificate entitling her to a trip from Crowell to San Francisco and return. Namely: One first-class railroad ticket, round trip, one first-class standard sleeper from Crowell to San Francisco and return, five admissions to Exposition grounds, admittances to five amusement attractions within the Exposition grounds, steamer trip on San Francisco bay including trip to Vallejo and Mare Island Navy Yard, trip to Mt. Tamalpais, Muir Woods, with ride on crookedest railroad in the world, steamer trip to Sacramento, the capitol of the state. If you win and do not care for the trip you may have the \$350 Lyon-Taylor piano instead. Send in your names, or names of your friends at once.

Your Wheat Money

What Are You Going To Do With It?

Last month everybody, almost, in the county was afraid that the rain, hail, or something would destroy the wheat crop, and many farmers had their wheat insured. But the harvest came and the yield was good. Now, what are you going to do with your money? This should cause you more concern than the harvest did.

Play Safe We believe that there is no better way to play safe than to place your money in our bank. Here it will find absolute safety, besides a check is a good receipt.

To The Voters of Foard County

The race for County Judge is still pending. No election takes place until the second primary. Several have asked me if they were not bound to vote for the same man in the second primary that they voted for in the first. By no means is this true. You are only bound by the final result and this does not take place until the last primary is held and the nominees declared. Vote for your choice irrespective of how you voted in the first primary a week ago.

In the first primary many voted for Roach as the strongest man to beat Staton, and many voted for Staton as the strongest man to beat Roach. Now these issues are settled and you are free to vote for the man best qualified to fill the office irrespective of how you previously voted. I shall appreciate your support just as much as if I had been able to call on each of you and asked you personally for your vote.

Respectfully,
G. W. WALTHALL,
Advt Candidate for Judge.

It will be the aim of Mr. Green to keep a choice line of fruits and confections of all kinds. He is experienced in this line of work, and will no doubt enjoy a good trade.

Mr. Carroll is completely overhauling his restaurant, and when completed, it will be much more convenient in every respect. The straight lunch counter will be changed to the horse-shoe arrangement which will afford much better accommodations.

Fire Prevention
By S. W. English, Austin, Texas, State Fire Marshal.
It has well been said that "As the fire waste is, so must the insurance tax be." A burned city cannot replace itself, neither can an insurance company replace lost property. Insurance acts as a distributor of funds that come from the pockets of the people, and it is of much importance that our citizenship, both private and official, take notice of the vast loss brought about by the destruction of property by fire in this State.

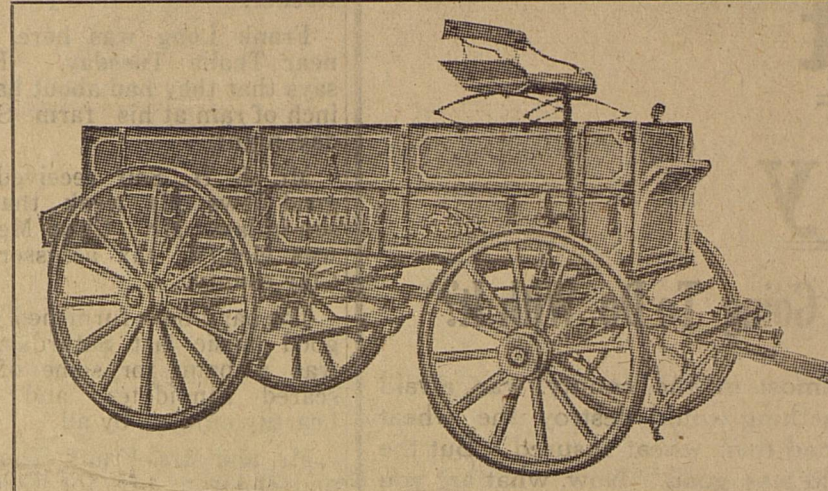

No one will be found to question the statement that the annual fire loss of some \$10,000,000 in Texas is a public reproach. The trouble is that while we feel and know the situation, we are inclined to submit in a helpless sort of a way, and have rather contented ourselves in the belief that all these values have gone up in smoke as the natural result of conditions due to our comparative newness and rapid growth as a State.

It is the duty of organized society to protect the individual citizen against himself, as well as safeguard his life, his rights and his property.

Quiet a crowd of young people went to the picnic at Mounds. Our base ball boys and basket ball girls went and got beaten by a small majority.

The ice cream supper given by the Missionary Ladies was well attended Saturday afternoon. The cloud and rain at night scared away a large crowd. They cleared \$19.60. Proceeds to go to parsonage.

OCCASIONAL.

Lee Walling was here from Vivian Saturday. Lee says that he came down with his family to spend the night with Charlie Wood and family, but we can prove that Lee spent the night in Crowell. Of course it rained, and Mr. Walling is using this as an excuse for not going to the country, but the truth of the matter is, Lee wanted to get the election returns. But Lee has been hiding out ever since the first report came over the wire. Cheer up, boys, we'll beat 'em next time. You know we have been saying that for a number of years, and if we keep on somebody may believe us after awhile.

Witherspoon Elected
J. F. (Jimmie) Witherspoon, formerly of this county, and one of the best fellows you ever saw, was elected judge of King county Saturday by an overwhelming majority, receiving three times as many votes as his opponent. Hurrah for Witherspoon! He is capable of performing the duties of the office, and watch him make good.

Crowell Again in Business
"The Superior Cleaning Pressing and Dye Works," with Ben W. Crowell, proprietor, is the name of the new business for Crowell. Mr. Crowell is overhauling the building on the corner east of the Allee-Henry Company, and when the work had been completed he will have cozy quarters and a good location for his business.

Ben was born in Crowell, has been in the tailoring business before, and is therefore no stranger to our people and no novice in the tailoring and cleaning business. The Foard County News wishes him abundant success.

The News man has been over a large portion of Foard county during the past few days, and is glad to know that crops as a whole are looking well. In some parts of the county everything is getting dry, but early feed is made, early cotton that was cultivated after the heavy rains about harvest time looks well and is well fruited. A general rain within the next few days will bring Foard county to the front in excellent shape. Thrashing has been retarded in some parts of the county because of the recent showers, but at least four fifths of the wheat of Foard county has been threshed. The yield has been good, and the grade about up to the average. The total yield of Foard county will reach at least 600,000 bushels. Some claim that the crop of the county will average 21 bushels to the acre. If this should prove correct, counting the acreage at 30,000, Foard county's wheat yield will be 630,000 bushels, and these figures are not far wrong. Wheat is now bringing in the neighborhood of 80 cents. So it will be seen that the wheat farmers of this county will receive almost half a million dollars for their wheat crops.

Mr. and Mrs. J. D. Leeper have returned from a visit of several days at the home of Mr. Leeper's father in Arkansas. Mr. Leeper says that they had a most enjoyable time, but that he was glad to get back to Crowell where everything looks promising and prosperous. He says that it is a fact that there is nothing between here and Arkansas that looks as good as Foard county, unless it be the country about Chillicothe. He declares that Foard county has them all bested.

P. P. Cooper set his name up a couple of notches last Saturday. Mr. Cooper paid the News some nice and highly appreciated compliments. The good things our friends say about the Foard County News only serves to make us work harder to give our readers a good paper, but dear friend, you can also help us wonderfully by reporting all matter of news. Do this, and let's make the News a real newspaper. One man never made a paper, it takes co-operation.

B. J. Smith has received an "Ohio" Ensilage Cutter which he has taken out to his farm southwest of town. There are several silos now in Foard county and will probably be a number of others before the close of the year, and an ensilage machine will be the means of inducing other farmers to build silos. Silos, feterita and Sudan grass will solve the feed problem of West Texas.

Proposed Amendment to the State Constitution, Amending Article XI, Section 7a, of the Constitution—Providing for Authorizing Counties Bordering on the Gulf of Mexico to Build Seawalls.

[S. J. R. No. 22.]
SENATE JOINT RESOLUTION
To amend Section 7 of Article XI of the Constitution of the State of Texas, authorizing counties bordering on the Gulf of Mexico to build sea-walls and designate sea-wall reclamation districts for the protection of life and property from storm overflow, and to build or condemn land for sea-wall and reclamation districts, the county to have State's title to the roads and bay shore line to low tide within the district, and the right to issue district bonds for acquiring and developing the district and building the sea-walls, and when district is developed as townsite to sell such portions of the land as not reserved for public use by the county.

Be it resolved by the Legislature of the State of Texas: That the following amendment to the Constitution of the State of Texas be proposed to the voters of the State of Texas for their adoption in accordance with law, and that the Constitution of the State of Texas be amended so as to add Section 7a of Article XI, and that Section 7a of Article XI shall read as follows, to-wit:

Section 7a. Where protection against the waters of the Gulf of Mexico is needed for protection of life, health, property or the sea-wall, any county bordering on the Gulf of Mexico may acquire title to the land for said sea-wall or sea-wall reclamation district as designated by the county Commissioners' court by purchase or condemnation of all the land desired for sea-wall and land for the sea-wall reclamation district from the sea-wall to bay shore tide line boundary of the property abutting on the bay, and the State hereby cedes to the county, for such district, for reclamation and general uses of the district, the title to bay shore lands in the district between the property tide line boundary and the low tide line of the bay shore, and any land in the reclamation district that may have been retained by the Republic of Texas or (or) the State for roads when the lands adjacent were platted and sold, and the county is given the right to dredge in the bay or in the gulf or fill for the district, and right to sell the land when reclaimed and laid off as townsite or otherwise, and where condemnation is used to acquire the land the proceedings to be as under the Statutes for condemnation for railroads, provided that the condemnation shall vest title in fee in the county, and county may issue bonds or other evidence of indebtedness for acquiring the property, building the sea-wall, reclamation developments and all incident thereto as expenses of sea-wall and reclamation district, with lien on land and such terms and conditions as county, through its commissioners' court may deem best, and the county shall appoint two persons who are owners of land within the district, and who desire to sell for reclamation and buy back from the county when reclaimed, who, with the county judge as chairman, shall continue a sea-wall reclamation district commission, and this commission has power to make all rules and regulations for acquiring the land of district sea-wall building, reclaiming and platting land of district, issuing bonds or other evidence of indebtedness for same, subject, however, to all such rules, regulations and acts of the commission being authorized and approved and ratified by county commissioners' court. The district must bear all expenses of sea-wall and purchase of the land and expenses of filing (filling) same and other expenses, and the same shall not, in any way involve the credit of the county or be a basis for a tax by the county on general lands of the county unless the bonds are repaid from the county or a bond for his land in town lots, less streets and alleys deducted therefrom, for which on surrender deed may be demanded from the county after the district is walled, filled and platted into streets, alleys and lots, and bonds so bought shall so provide. It is further provided that no district shall be formally designated by the county commissioners' court until owners of at least one-half of the proposed area of district petition therefor, and subject to bonds for repurchase from the county as herein provided. This amendment may be acted on without delay of legislation in aid thereof or legislative action may be had in furtherance thereof if desired by the county acting through its commissioners' court.

Be it further resolved by the Legislature of the State of Texas: That the foregoing proposed amendment to the Constitution shall be submitted to the qualified voters of the State of Texas for their ratification and adoption at an election to be held throughout the State on the second Tuesday in November, A. D. 1914, and at such election those favoring the ratification and adoption of said amendment shall have written or printed on their ballots: "For the amendment to Article XI, Section 7a, of the Constitution providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls;" and those opposing the adoption and ratification of said amendment shall have written or printed on their ballots: "Against the amendment to Article XI, Section 7a, of the Constitution providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls." Proclamation of such election shall be made by the Governor, as required by the Constitution and the law, and there is appropriated out of any funds not otherwise appropriated the sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, to pay the expense of advertising and holding such election.
