MANY ABSENTEE VOTES CAST BY FOARD VOTERS

113 Absentee Ballots Cast; Tuesday Was Last Day

One hundred and thirteen absentee ballots were cast by voters of Foard County before the deadline Tuesday afternoon, July 19, according to figures obtained from the office of the county clerk.

Last Tuesday was the final day for obtaining ballots from the county clerk and voting absentee tickets. Texas election laws state that absentee votes must be cast not later than three days prior to election day.

One hundred and thirty-four ballots were placed in the hands of Foard absentee voters during the absentee voting period. Of this number, eighty-five absentee votes were cast in the clerk's office. Forty-nine ballots were mailed to voters, but only twenty-eight of them had been returned by Tuesday afternoon and the remaining twenty-one will not be counted, according to the election laws.

The number of absentee votes cast this year was unusually high, but the year of 1936 holds the highest mark with one hundred and twenty-one absentee votes. The average number of votes cast during election year, prior to 1936, was between thirty and forty.

Small Cyclone Does Damage Near Crowell

A small cyclone did heavy damage to barns, chicken houses and garages in the Gambelville community last Thursday afternoon.

The most severe damage was suffered by F. E. Diggs. The barn on his farm was moved on its foundation and was nearly blown to the ground. A chicken house was completely demolished and the tin top of the garage and the tin top of the garage and the tin top of the garage were blown away. The wind blew hard enough to burst the wall paper loose in every room of the residence. Trees in the half-mile square area which the cyclone struck were twisted and broken. Some of the trees were the size of an average size man's body.

To the east of the Diggs' farm, damage was reported by Dave Solis, who lives about one-half mile from the farm. Chicken and out houses were ruined on the Solis place. No damages were reported to the west of the Diggs' farm.

One and one-half inches of rain accompanied the gale of wind in that community, and heavy rains were reported over the north part of the county. Only a light sprinkle was received in Crowell last Thursday afternoon.

FUNERAL FOR TIP EDGIN HELD ON THURSDAY

Died Wednesday Night in Wichita Falls After Long Illness

Last rites for Tip Edgin were held in the First Baptist Church in Crowell last Thursday afternoon, July 14, at 6 o'clock with the pastor, Rev. W. B. Fitzgerald, in charge. A special vocal duet was rendered by Miss Geraldine Carter and Miss Doris Oswald, with Mrs. Paul Shirley as accompanist. Mrs. Alva Spencer and Leon Solomon assisted with the music at the church with violins.

Pall bearers were R. R. Magee, Frank Hill, J. H. Lanier Jr., Oscar Boman, Lewis Sloan and H. C. Roark.

Burial was in the Crowell Cemetery with Womack Funeral Home in charge of arrangements. Services at the grave were concluded with a male quartet composed of John Rasser, Wylie Ellis, Eb Seales and Ernest King singing "When the Roll Is Called Yonder, I'll Be There."

Born in Arkansas

Thilford Benjamin Edgin, was born in Saline County, Ark., October 20, 1888. He came to Erath County, Texas, with his parents Jan. 9, 1893, the family moving to Foard County Jan. 16, 1906.

He was converted and joined the Baptist Church at Lingleville, Texas, at the age of 16.

On April 19, 1913, he was married to Miss Elbert Boardman. Two children were born to this union, Lilly May and Edwin Edgin. The wife and two children survive; also his mother, Mrs. J. R. Edgin, and one sister, Mrs. Arnold Rucker, all of Crowell.

Out-of-town relatives and friends attending the funeral were Mrs. G. C. Wilkes and Mrs. E. V. Wilkes of Lamesa, Mr. and Mrs. R. M. Tinker of Hardeman County, Mrs. J. J. Hanna and Dr. Ray Hanna of Quanah, and Mr. and Mrs. L. D. Campbell of Vernon.

Home Near Thalia Burns Monday Night

The house on the J. H. Lanier farm adjoining the townsite of Thalia on the west was destroyed by fire Monday night between 8 and 9 o'clock. The house was occupied by Mr. and Mrs. J. C. Jones and they were in Thalia at the time the fire originated. When they returned home the inside of the house was in flames and was burned down in a short time.

Mr. and Mrs. Jones lost all of their clothing and house furnishings with no insurance. Some insurance was carried on the building. Origin of the fire is unknown.

Mrs. Jones and four daughters are staying with relatives in Electra and Mr. Jones and his son, Martin, are at the home of his parents, Mr. and Mrs. M. H. Jones, in Thalia.

FFA Boys Plan Trip and Barbecue at Meet

The Crowell F. F. A. chapter met Tuesday night, July 11, in the vocational agriculture room. Plans for the chapter's annual summer trip were discussed by the members.

The group will leave Crowell Tuesday morning, August 9, at 5 o'clock for Medicine Park, Okla., and plan to be gone until the following Friday.

It was decided that if less than twenty FFA boys were to go, "outsiders" might go provided they paid one dollar and transportation would take care of their part of the food. The FFA boys should reserve their rights to go by signing by the next meeting night, Wednesday, August 3, and paying a fee of twenty-five cents each. Franklin Evans and Walker Todd are taking names for reservations.

It was also decided to co-operate with the 4-H Club boys in another 4-H-FFA barbecue this year. Hughes and John Allen Fish were visitors and Hughes gave a short talk.

TRANSFERS TO BE MADE BY SAT., JULY 30

School Children Not Transferred Lose State Aid

Saturday, July 30, will be the last day in which school transfers can be made in the State of Texas, according to a letter received in the county superintendent's office. Transfers must be made before August 1 in order that the school children will be paid tuition and transportation expenses by the state.

Make Transfers Now

If a child has finished the grades of the school which it has been attending or is expecting to move to another school district, a transfer must be made if the child is to attend school next year with state aid.

If there is a child in Foard County that will attend school in another district, the parent or parents should come to the county superintendent's office in the court house in Crowell and make the transfer at the earliest possible moment.

Interest in Baptist Revival Is Growing

Large crowds have been attending the revival meeting being held at the First Baptist Church this week which will continue through next week. Rev. J. Ralph Grant, pastor of the First Baptist Church of Childress, is the evangelist for the meeting and has been preaching soul-stirring sermons. He is one of the outstanding preachers of the Baptist denomination in this section. The singing is being led by Volus Norsworthy, pastor's assistant of the First Baptist Church of Vernon.

Rev. W. B. Fitzgerald, pastor of the Crowell church, announces that a special drive is being made this week among the members for a record attendance next Sunday at all services. The Sunday School forces have organized to reach the entire enrollment, and the Training Union is likewise endeavoring to have a high attendance.

Subjects announced by Rev. Grant follow: Friday morning, "Mysteries of the Holy Spirit"; Friday night, "Personal Enemy No. One"; Saturday morning, "The Christian Race"; Sunday morning, "Our High Priest"; Sunday night, "The Manner of God's Love"; Monday morning, "Opening the Family Mail"; Monday night, "A Prayer Meeting in Hell"; Tuesday morning, "The Test of Faith"; Tuesday night, "What Must I Do to Be Lost?"; Wednesday morning, "Is Eternal Life Eternal?"; Wednesday night, "What Must I Do to Be Saved?"; The public is invited to hear these subjects discussed.

Services are being held twice daily, at 10 in the morning and at 8:15 in the evening. No services will be held Saturday morning.

Man Arrested Here Last Week Wanted in Eight States

The man arrested here for Cottle County authorities last week on forgery charges is wanted in eight other states, according to a communication with the Cottle County sheriff's department Wednesday afternoon.

The man gave his name and address as W. H. French of Denver, Colo., and Paducah officers stated that since his arrest it has been found that the man was wanted in California, Illinois, Iowa, Michigan, Minnesota, North Dakota, South Dakota and Montana. Officers also stated that the car French was driving at the time of his arrest had been bought with a forged check. The number of warrants for this man is as high as three in some of the states.

PEASE RIVER DAM SURVEY STARTS SOON

Funds Available for Work To Be Done by Army Engineers

Funds for a survey on Pease River, 10 miles northwest of Crowell, to determine the feasibility of the construction of a \$3,000,000 dam for control of the flood waters of the tributary of Red River are now available, and the work will begin soon, according to information received in Vernon Monday from John J. Kingman, Acting Chief of Engineers, Washington, D. C.

The survey was planned at a meeting of the Pease River Flood Control Board at Wichita Falls May 18, but funds for the investigation were not available until the passage of the War Department appropriation act June 11, a news item in the Vernon Daily Record Monday, stated.

The item further said that five Army Engineers will complete the survey in five or six months. Following the examination of the data will be completed by Lieutenant Colonel S. L. Scott, district engineer from Little Rock, Ark., and a report will be made. The project will be undertaken if the survey shows that benefits of the dam would justify cost of construction.

Advantages to this section by the control of floods is considered the major benefit that would be derived from the dam. Other advantages would include the benefit of irrigation systems which would be built on the project, and the possibility of using the project as a source of city water supply.

A previous examination of the proposal resulted in an unfavorable report. Army Engineers, however, agreed to conduct a more thorough investigation.

Members of the Pease River Flood Control Board, which is backing the project, are E. R. Brown of Electra, president; Harry Koch of Quanah, J. H. Allison of Wichita Falls, Dr. Hines Clark of Crowell, M. S. Henry of Crowell, C. E. Carlock of Chillicothe, R. H. Nichols of Vernon, Fay E. Eggleston of Vernon, W. H. Wright of Vernon, and W. O. Jones of Paducah.

Three Army engineers arrived here this morning and went immediately to the site of the proposed dam, accompanied by Dr. Hines Clark.

Crowell Group at FFA Convention in El Paso

Three Crowell FFA boys, their adviser and wife, James Welch, Kenneth Halbert, Cecil Carroll, Mr. and Mrs. Walker P. Todd and son, Gene, are attending the State FFA Convention in El Paso today and Friday.

During the convention the application for the Lone Star Farmers degree will be passed or rejected by the state committee, and successful candidates will receive the degrees Thursday night.

The applications of James Welch and Kenneth Halbert were sent to the area office about one month ago and were passed on there and forwarded to the state office in Austin. Very favorable reports were given by the area committee upon the work of these two Crowell boys.

WITHDRAWS FROM RACE

Lem Davidson of Vivian announced Tuesday that he was withdrawing from the race for Commissioner of Precinct No. 4, owing to the fact that he failed to get his name on the official ballot. Mr. Davidson asked The News to state that any consideration given his candidacy by voters of Precinct 4, was greatly appreciated.

JOINS ARMY

Henry J. Kubicek of Route 1, Crowell, has enlisted in the United States Army for service in infantry, Ft. F. E. Warren, Wyoming, and left Oklahoma City July 14 for that station. The above announcement was received from the recruiting station in Oklahoma City.

22 Candidates Out for County and Precinct Offices

Voters of Foard County will go to the polls Saturday, July 23, to cast their ballots in the first Democratic primary.

Larve Ballot
They will mark a ballot which carries the names of ninety-two candidates. From this number Foard voters will help elect eleven state officers, a United States congressman, a state senator and representative and five district officers. The election of fifteen county and precinct officers from twenty-two candidates will depend solely upon the votes of Foard County citizens.

Voting Places and Officers

Voters in southeast Crowell will vote in the court clerk's office in the southeast corner of the second floor of the court house with A. D. Campbell presiding; voters in northeast Crowell will vote in the county judge's office in the northeast corner of the court house with L. A. Andrews presiding; vot-

Election Parties

Election parties will be held at Reeder's Drug Store and the Corner Drug Store in Crowell on election night, Saturday. Owners of these drug stores invite the public to watch the result of the county's vote on these boards.

As has been in past years, a large black board will be placed in front of Reeder's Drug Store and voting results can easily be seen.

A large, lighted board will be placed on the awning at the Corner Drug Store and the figures can be seen from the street. A loud speaker will be installed at this drug store and results will also be broadcast at the time they are posted on the board.

Results will be posted on these boards as soon as they can be obtained from the presiding officers of the voting boxes.

ers in southwest Crowell will vote in the justice of the peace office in the southeast corner of the bottom floor of the court house with Forrest Burk presiding; voters in northwest Crowell will vote in the county attorney's office in the northwest corner of the second floor of the court house with Henry Earl Thomson presiding.

Other voting boxes of the county and presiding officers are as follows: Margaret, Luther Tamplin; E. Thalia, Chas. Hathaway; W. Thalia, A. B. Wisdom; Foard City, E. V. Halbert; Black, C. E. Gafford; Vivian, Mrs. Mattie L. Carroll; Rayland, A. T. Beazley; Good Creek, G. C. Owens.

Gubernatorial Race Decreases

Clarence E. Miller of Tarrant County withdrew from the governor's race last Wednesday, but his name will appear on the ballot, because his name was not withdrawn in time to have it omitted. Voters who cast their vote for Mr. Miller will lose their vote in the gubernatorial race. His withdrawal leaves twelve candidates seeking governorship votes in the primary Saturday.

Of the ninety-two candidates seeking thirty-five offices, only eleven do not have an opponent, and six of these are in county races. Those in the county races without opposition and the offices for which they are listed on the ballots are: Foster Davis, county attorney; J. A. Stovall, district and county clerk; Frank Cates, commissioner of precinct No. 1; Frank Moore, public weigher, precinct No. 1; J. W. Klepper, justice of the peace, precinct No. 1; Jack Roberts, county chairman.

The offices of county surveyor and precinct chairmen do not carry the names of an aspirant and it will be left to the voters of the county to write the names of their choice on the ballot.

The other three races for county offices not listed above have two candidates each. These are: county judge, Leslie Thomas and Claude Callaway; sheriff and tax assessor-collector, A. W. Lilly and Howard Bursley; county treasurer, Mrs. Ruth Marts and Miss Margaret Curtis.

District Races

Four hats have been thrown into the thirteenth congressional ring. They belong to K C Spell, Ed Gossett, W. D. McFarlane and C. L. Summerville. Two candidates, George Moffett and Charles H. Tennyson, are seeking the state

ADMINISTRATION ENDORSEMENT

On the President's recent visit at Wichita Falls on July 11th, the President endorsed our Congressman in the following friendly words in his speech: "My friends of Wichita Falls, I am glad to come here. My old friend, Congressman McFarlane, has told me much about the 'City that faith built.' That is the finest name that any city in the Nation could have. * * * And, incidentally, I have kept in pretty close touch with all of the fine things that you have been doing in recent years. Congressman McFarlane has told me of your reclamation projects, of your subsistence homesteads, of your power developments, and I am glad that the Federal Government knows that you people are on the map."

NEWSPAPER REPORTS OF PRESIDENT ROOSEVELT'S VISIT TO TEXAS My Friend, McFarlane

Wichita Falls Post, July --, 1938: The President made no direct reference to the Congressional race here, he gave tacit approval to McFarlane, referring to him as "My Friend Congressman McFarlane."

"My friend McFarlane has told me of the 'city that faith built,' and I can think of no finer name for any city," began the chief executive who paused for the thunderous applause which accompanied his opening sentence. * * *

"My friend McFarlane has told me of the reclamation projects, the subsistence homesteads and the power developments of this area, and I am glad that the federal government knows you people are on the map."

Wichita Falls Post, July 12, 1938: "Wants McFarlane Re-Elected.—In a speech last night at Amarillo, Texas, Mr. Roosevelt mentioned the names of several of the Lone Star State's Congressional delegation as the type that HE PREFERRED TO BE IN WASHINGTON. He called the names of Representatives Maury Maverick, Marvin Jones, W. D. McFarlane and Lyndon W. Johnson, all of whom were on board the President's special train as it sped across Texas.

Dallas Morning News, July 12, 1938.—McFarlane Given Nod.—Congressman W. D. McFarlane, Graham, representing the Thirteenth District, received in Wichita Falls the presidential nod he had been waiting for. Roosevelt mentioned McFarlane several times as the Congressman stood by his side. The Congressman introduced Allred who was lustily cheered, and the Governor presented the President.

Fort Worth Star-Telegram, July 12, 1938: "McFarlane Complimented. At Wichita Falls Roosevelt complimented Congressman W. D. McFarlane of Graham. At Chillicothe, McFarlane introduced the President as 'The greatest humanitarian the country has ever known.'"

Dallas Morning News, July 16, 1938, written by Mark L. Goodwin, Washington Reporter: "The primary election of July 23 will mean much to Texas, its standing in the legislative affairs of the country, and whether Texas influence in Congress is to be continued." * * *

"Committee assignments are ruled by seniority. States that keep their members here get the plums. New members have to go to the

foot of the list and work up. If Texas changes its line-up in the House of Representatives it will be another twenty years getting back to where it is now." * * *

"The President also took occasion to give Representative William McFarlane, in whose district Wichita Falls is located, a friendly pat on the back. He referred to the Congressman, who is facing a stiff fight for renomination, as 'my old friend.' And that means the Rooseveltian blessing."—Washington Times.

THE SPEAKER OF THE HOUSE OF REPRESENTATIVES

Honorable William B. Bankhead writes: "It has been very genuine personal satisfaction for me to have served with you in the House and no one is in better position than I to have observed the fidelity, diligence and ability with which you have performed the duties of your office as Representative of your District, and I congratulate you upon the high character of public service you have rendered."

THE MAJORITY LEADER

Honorable Sam Rayburn writes: "I am writing you this letter to thank you for your fine spirit of co-operation with the House Leadership. It has been a pleasure and a benefit to be associated with you here as fellow members of the Texas delegation.

"I want you to know how personally grateful I am to you for your loyalty not only to the House organization but also to the Administration. I have depended on you much and during the time you have been a member of the House, you have impressed yourself upon its membership in a way that has made you very highly regarded. Your work on the Appropriations Committee has been of great service. I trust that the people of your District will exercise the good judgment to return you to the House of Representatives where, on account of your character and ability, you will gain in power and in influence in the years to come."

OTHER ENDORSEMENTS

Many other important members of Congress and the representatives of the agricultural, labor, oil and livestock interests, all commend and endorse the services of Congressman McFarlane. We know our Congressman is honest, efficient and well qualified to represent us as shown by his record of 100 per cent in keeping faith with his platform and the support of the President's recovery program. We approve the recognition given our Congressman by the President and all those with whom he has worked. We recognize that only through seniority and honest, faithful service can our representative have the opportunity to reach the heights as others from Texas have done.

Let us return this tried and true friend of the masses and thus express our appreciation of his services and approve the endorsement given him by the President and the leaders of Congress who know him best.

WHAT WE THINK (By Frank Dixon)

The other day Henry Ford, whose great motor plant thirty-five years ago had but ten employees, said: "There is as much progress to be made by young folks today as there was 35 years ago, although the same doors are not open."

I like that thought. In fact, to preach any other thought is to me

defeatism and there is nothing in our present scheme of living more devastating, or more depressing, or more discouraging than defeatism. A little of it will smother initiative, will kill optimism, and destroy hope.

Thirty-five and forty-five years ago and more a young man leaving school and facing the world for a job sought to step into an industry already set up, whose course and processes were fairly well charted and established. The young person could select pretty definitely his own work and prepare for it. Until the depression struck, industry of various types absorbed the army of graduates each year as they left the colleges of the country.

Such is not the case today. The young man prepared for making a living and rendering a service in the world finds upon leaving school that practically all places are already filled with equally well trained men.

As I see it the answer is the new door. Some genius in this great army of intelligent and trained men and women is going to discover a new door, and through it, a way to put to work all of the competent unemployed persons in the production of new materials and services for human needs. I have no idea along what line this will be, but I have a conviction that there lies ahead of America, through that door, greater development on a bigger, grander scale than this nation has ever known in the past. I believe that it will be relatively a greater departure from the present day industry than the production of the motor car was from the day of wagons and buggies.

We are going to see new devices, new processes developed, and new utilities beyond anything we dream of today that are going to add vastly to the comfort and pleasure and efficiency of our living. We are going to see a new world created by this potential geni that slumbers unmindful of its magnificent powers. I have a conviction that this will come to pass and come to pass soon.

There are two things that cause me to believe this as I do. First, there is the need for a new invention, a new idea, a new process if our workers are going to be employed and our raw materials find a market. This fact will tend to concentrate the massed thought upon this problem and when this is done its solution is inevitable.

The second reason, I have a conviction that this will come to pass is that I do not feel that the surface of the inventive genius of man has yet been scratched. The mind that has conceived the radio, the airplane, the motor car and all these other things is infinite. There is no limit to its scope. The end nor nothing like it has been reached. Before it lies the door—and some genius somewhere in this land is going to open that door.

NOBODY'S BUSINESS BY JULIAN CAPERS JR.

Austin.—Thundering down the home-stretch in the great 1938 Texas gubernatorial sweepstakes, as this column is written, were Saturday, when nearly a million Texas poll-tax and exemption certificate holders were expected to go to the polls and eliminate nine of the horses. The two leaders will then go into the second and final heat, Aug 27.

As they neared the finish line, three horses were leading the field, running so close together that few dared to predict the final outcome. They were—in alphabetical order—Bill McCraw, the Attorney General; W. Lee O'Daniel, the Fort Worth four man; and Ernest O. Thompson, the railroad commissioner. Next in line was Tom Hunter, still in position to get into the money with a last minute sprint.

Which two of these four will qualify for the second heat was the big question puzzling the political experts. They freely admitted the freakish O'Daniel boom has them confused, although the great majority believed O'Daniel was a certainty for the run-off. Thompson and McCraw were battling to a finish for the other place in the runoff with opinion sharply divided as to which will be successful. Thompson forces, supremely confident, believed the constructive campaign of their candidate, kept scrupulously clean and without mentioning the other candidates, will bring their man under the wire a winner. McCraw, with slashing attacks on O'Daniel, in which he has raised the issues of sectionalism, poll-tax payments, and hill-billy music, claimed the race is between himself and O'Daniel. But those opposing him asserted his campaign has collapsed, and his sudden switch from wise-cracks to bitter sarcasm is evidence that he feels he must do something to reform his shattered lines, or go down.

The Attorney General has found O'Daniel a worthy foe in the exchange of repartee, and the four candidate has laughed at McCraw's vicious attacks with little apparent damage to his cause. The big surprise of the campaign may lie in the question of how much O'Daniel talk will resolve itself into votes Saturday. There is still a possibility that the four man may pull up lame, and find Thompson and McCraw fighting it out for the Governorship.

More than a year ago, this column gave its readers a detailed forecast that Gov. James V. Allred would be judge of the new South Texas Federal District Court. The prediction was unqualified, based upon information from a high Washington source. Later, other Texas newspaper correspondents carried rumors of the event, but weakened from time to time on their stories, and hedged. This column has never weakened, it's source repeatedly confirming the original story.

Any political commentator writing from Austin is required to make a good many guesses in a year. Many go wrong, naturally, but to stay in business, the commentator must score more hits than misses. This commentator therefore, takes some pride in the development which this week landed Allred in this judgeship, exactly as forecast in detail.

Will Quit About Sept. 1 The Governor indicated he will resign after the second primary, immediately after President Roosevelt announced his appointment at Wichita Falls. Soon after his return to Austin, he issued a statement hedging on this statement to some extent, and saying he wanted to serve as much as possible of his term as Governor out. That hedging statement was in response to pressure from friends of Jerry Mann and Ralph Yarborough, candidates for Attorney General against Lt. Gov. Walter Woodul, who will become Governor when Allred steps down. Smart observ-

ers here figured the knowledge that Woodul will be Governor nearly five months will be worth 25,000 to 50,000 additional votes to Woodul, and probably put him so far ahead in the Attorney General's race that there will be no runoff. Recognizing this, Woodul's opponents put pressure on Allred.

But Allred's hedging statement is obviously just that. The newly created court opens its first term on Monday, Sept. 5. Allred is the new Court's first judge. It is a 10 to 1 bet that he will take his seat on the bench when the new court opens for business, with a crowded docket.

And Senator Tom Connally will sleep sounder during these next two years, knowing that Jimmie Allred will not oppose him for re-election in 1940.

Notes The full name of Gov. Jimmie Allred is "James Burr V. Allred"—and not James Veto Allred, as one newspaper suggested during the last special session—the Governor told reporters this week. His three names came from three uncles, and the "V" doesn't stand for anything, that being the first name of one of the uncles. Judge Robert Lee Bobbitt, chairman of the State Highway Commission, and fearless advocate of what he thinks is right in politics, added impetus to the Thompson campaign this week, when he made a half-hour radio campaign speech for Ernest Thompson, giving the Amarilloan his unqualified support. Successor to Capt. L. G. Phares, deposed chief of the highway patrol, is Captain Fred Hickman, veteran of the patrol service since its organization in 1930. Hickman has had 15 years experience in every phase of law enforcement work, and is popular with county peace officers throughout the state. He came originally from Whitesboro, Grayson County. The State tax rate probably will not be fixed by the Automatic Tax Board, which includes the Governor, Comptroller and Treasurer, until after the elections. Thirty-two county assessors failed to file estimates of taxable valuations by the deadline date, July 15, as required by law. The Board probably will meet by July 20, and postpone action. Two of its three members are candidates for re-election, and would rather not levy taxes until after the voters have spoken. Five million dollars of the new road construction, to keep Texas contractors and their laborers busy work, will be let by August 1. The Highway Department opened bids on over \$2,000,000 of work this week, and called for bids on another \$3,000,000 for July 30.

Thalia Cinches Foard Softball Title Sunday

Thalia cinched its claim for the championship berth of the Foard County Softball League with two decisive victories over Foard City last Sunday. Thalia has only two more games to play before the close of the second half, but would still win the title if both games should be lost.

Margaret took a lopsided win over the Vivian lads, but were forced to let Vivian take the nod on the second game. Although they lost a game Sunday, the Margaret softballers maintained their stand in second place.

Crowell kept its .500 rating by dividing a double bill with Riverette, taking the first one by a narrow margin and dropping the last.

Sunday's Schedule Sunday's games are the last scheduled for the softball race and are as follows: Crowell at Thalia. Riverette at Vivian. Margaret at Foard City.

Standing Team GP W L Pct Thalia 8 8 0 .1000 Margaret 8 5 3 .625 Crowell 8 4 4 .500 Vivian 8 3 5 .375 Foard City 6 2 4 .333 Riverette 6 1 5 .166

O'Daniel Still Leads Test Vote Taken Here

W. Lee O'Daniel was still leading the gubernatorial straw ballot being taken by the Corner Drug Store late Wednesday afternoon by a wide margin. Straw votes cast for O'Daniel here totaled several more than those cast for the other candidates.

Ranking in the test ballot here is as follows: O'Daniel, Thompson, McCraw, Hunter, Brogdon and Crowley.

McFarlane—

(Continued from Page One) tion of the radio trust, Mr. McFarlane declared that the entire Texas delegation voted against the bill because an investigation of all monopolies rather than radio alone was being demanded by members of Congress.

The claim that his father owned stock in a \$150,000 radio station in Wichita Falls was denied by Mr. McFarlane with the statement that his father did not own a single share of stock and the records were open for investigation.

In reply to the statement that he had been paid about \$100,000 since being elected to Congress and had never paid an income tax, the Congressman told Foard voters that records show that he had received \$60,000 and had paid an income tax every year.

The Congressman read letters of congratulations from fellow-Congressmen on the passage of several bills written and introduced by him in reply to the accusation that he had never written a bill that had become a law.

Mr. McFarlane told that he had been ridiculed for writing a "patent" and a "horsepower" bill, and stated that the "patent" bill would force owners of patents to give their products to the people at a reasonable cost. He said that the "horsepower" bill would protect the wage earners as it taxed automatic machinery, and would form a relief fund for the people thrown out of work with the introduction of the machinery.

ROTARY CLUB Rotarians Frank Wendt and Spencer Marrow of Quanah and Rotarian Raymond Buskirk of Vernon were visitors at the regular weekly meeting of the Crowell Rotary Club at O'Connell's Lunch Room Wednesday at noon.

The program was in charge of Dale Oswald and each member of the club was given an opportunity to suggest some activity worthy of the club's attention during the coming year. Many suggestions were offered and all were good.

CEMETERY REPORT

At the May meeting of the Crowell Cemetery Association, problems concerning our work were discussed. At that time we were intensely interested in seeing the road graveled through from one gate to the other. This, we are happy to say, has been done. A full report having been given in a recent issue of The News.

It has become necessary to lock the gates of the cemetery, as careless visitors leave them open and roving stock have done no end of damage. The key may be obtained from the sexton.

There are those who have indicated they expect to buy certain lots in the cemetery. We can not hold these lots for prospective buyers where there is a purchaser. We would suggest to those who have certain locations in mind to see W. R. Womack in Crowell.

The expense of the cemetery must go on, and aside from the sexton's salary, we have laid some new water pipe and bought a lawn mower. Since we reported our last donations in the middle of May, we have received the following:

LIBRARY NOTES

Three new books have been added to the library recently. One is "The Other Bullet," a mystery by Nancy Mayntz. The hero, a reporter, takes a vacation with his clever young wife only to find the greatest news feature of all, a mysterious murder, at his nearest neighbor's house. How his wife and he solved the mystery and cleared an innocent person, keeps the reader intrigued to the very close.

"Sons of Fortune," by Vingie Roe, is a distinctive love story not easily forgotten. A preacher, a hot headed Spaniard, and a beautiful salon hostess form a triangle that is very appealing and in some aspects tragic, as the preacher and Spaniard are half-brothers, a fact unknown to them.

"Hardy Perennial," by Helen Hull, is, like her other books, a study of a problem in married life. This time it is a conceited, egotistical husband, who is too thoughtless to realize the valor of his wife.

Chevrolet Dealers Make High Record in Used Car Sales

Detroit, July 9.—An indication of the size and scope of the used car industry in America is given by the used car sales of the Chevrolet dealers during the present year and for more than three years consecutively, according to William E. Holler, general sales manager of the Chevrolet Motor Division.

"June sales of used cars totaled 123,701," he said, "and it was the 40th consecutive month that Chevrolet dealers exceeded the one hundred thousand mark. It brought the 1938 total to 725,082 and the grand total for forty months to 5,732,819."

It has been estimated that the used car business in this country has an annual dollar turn over of approximately two billion dollars for a normal year. Statistics say that there are more than 11,000,000 motorists who buy regularly in the used car market.

"An interesting picture of this market is obtained by examining the figures of sales that Chevrolet dealers send to the central office," commented Holler as he discussed the phases of the gigantic used car business.

"Nearly 700 used cars per average hour were sold by company dealers since March, 1935, when the present record was started. That means about 13 per minute and 5612 per day, more than 33,000 per week and an average per month of 143,320."

"There are 9,400 Chevrolet dealers in the United States and they employ an average of 30,000 salesmen. Since last year, when the used car organization was started in the sales department, used car salesmen have been especially trained—before that new car sellers also sold used cars. The record the Chevrolet dealers and salesmen have made in selling so many used cars is a tribute to their ability in merchandising and one of the great assets of the factories for if used cars are not sold then new cars cannot be handled by dealers and factories close."

A statistical expert figured that the 5,732,819 used cars sold by the Chevrolet dealers during the last forty months would reach 12,000 miles, bumper to bumper, or half way around the world at the equator. A \$250 average per car, the total dollar value would be \$1,250,000,000.

Brief Bits of News From Here and There

National income of all kinds in the United States last year was \$70,000,000,000, the highest since 1929. According to the United States Bureau of Commerce this represents a recovery of three-fourths of the decline from 1929 to 1932.

Brooklyn's first night baseball game played recently drew a crowd of 38,748 people, the largest crowd ever to watch a night game of a major league.

A milk farm near New York City recently installed a \$2,500,000 milk bottling plant, the world's largest. All equipment is of stainless steel and is kept immaculate. The plant will bottle and cap 32,000 quart bottles an hour.

The Brooklyn night baseball field is lighted by seven towers on which are mounted 615 flood lights—enough candle power to light 147 miles of highway or 9,000 city blocks.

Thirty-five years ago the Ford Motor Company had but ten employees.

Last September the New York City Board of Education opened a vocational school known as the Jane Addams vocational high school. The course is one of beauty culture. Three hundred and seventy girls from the high schools of the city enrolled in the school. The course covers three years. The girls work three hours on academic subjects and three hours on learning how to make women more attractive. The girls are from 14 to 18 years of age. Professional hairdressers, manicurists, and beauticians conduct the classes. At the end of three years graduates are ready to accept positions.

Each year in the United States there are 4,000,000 accidents in which bones are broken.

Producing Culture Pearls

Culture pearls can be produced in all pearl-bearing mollusks, as for instance, Australian and American pearl oysters, the abalone, Pinna and certain fresh-water mussels. No pearls can be raised however, in the edible oysters, clams, scallops, sea mussels and other mollusks the shells of which have no lustrous nacre. Limy formations occasionally found attached to these shells or inside the tissues have no value.

CHURCHES

Thalia-Margaret M. E. Churches. The third quarterly conference of the Margaret-Thalia Methodist Churches will be held at Thalia Sunday morning immediately after the church services.

Rev. C. C. Wright, presiding elder of the Vernon District, is assisting in a revival at Thalia this week and will have charge of the conference. Good crowds are in attendance upon the revival and the interest is increasing at every service. A number have already been received into the church as a result of the meeting.

E. A. IRVINE, Pastor.

BAPTIST TRAINING UNION

The Baptist Training Union of the First Baptist Church of Crowell will meet at 7 o'clock Sunday afternoon.

There is a union for every age. Margaret Curtis, Director.

Christian Science Church. Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8 o'clock. Sunday, July 24, 1938. Subject: "Truth."

The public is cordially invited.

Christian Science Services

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 24.

The Golden Text is: "Teach me thy way, O Lord; I will walk in thy truth; unite my heart to fear thy name" (Psalms 86:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thy mercy is great above the heavens; and thy truth reacheth unto the clouds." (Psalms 108:4).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Lulled by stupefying illusions, the world is asleep in the cradle of infancy, dreaming away the hours. Material sense does not unfold the facts of existence; but spiritual sense lifts human consciousness into eternal Truth" (page 95).

Two Minute Sermon (By Thomas Hastwell)

The New International Law: There was never a time in the history of the world, so far as the written record goes, when man's folly leaved so heavy a toll on the race as today. I refer specifically to the world wide tendency to prepare for war and to spend the substance of the nations for destructive agencies.

THOUGHTS OF SERIOUS MOMENTS

"Waste neither time nor money, but make the best use of both."—Franklin. The men who try to do something and fail, are infinitely better than those who try to do nothing and succeed.—Lloyd Jones. The borrower is a slave to the lender and the debtor to the creditor.—Franklin. The only jewel which will not decay is knowledge.—Langford. Politeness goes far, yet costs nothing.—Smiles. If you want learning, you must work for it.—Holland. Peace rules the day when reason rules the mind.—Collins. Write it on your hearts that every day is the best day of the year.—Emerson. Happiness grows at our own fireside, and is not to be picked in a stranger's garden.—Jerrold.

SAFETY SLOGANS

Every thirteen minutes of every day in the year one person is killed in a traffic accident in the United States. Drive carefully. 40,000 persons lost their lives in traffic accidents last year. Drive carefully. If you are a pedestrian try and remember that the traffic lights are there for your protection. Observe them. Don't walk against them and expect car drivers to look out for your safety. The most foolhardy thing one can do these days is to walk on the left side of the highway at night with the back to the approaching traffic. The car driver doesn't have a chance. Neither does the

Seeks Elective Term

M. J. R. JACKSON

M. J. R. Jackson became associate Justice of the Court of Civil Appeals at Amarillo in 1924. He served in that capacity until 1937, when he was appointed to succeed Chief Justice K. W. Hall, who died while serving in that position. Justice Jackson is asking now for his first elective term as chief justice.

Justice Jackson is one of the state's outstanding jurists. As an attorney and as a jurist he has won wide recognition. He was born in Montgomery County, Ala., and came to Texas in childhood with his family. He was educated in the public schools of Texas and Southwestern University at Georgetown, Texas.

pedestrian. It is not fair to the car driver. Many now dead would be alive today if they had waited an hour after eating before going in swimming.

Most persons who lose their lives by drowning do so because they first lose their heads. If difficulty overtakes a swimmer the most important thing for him to do is keep his head. If he stops to think he may save his life.

Last July 10,200 Americans were killed in accidents. Somebody's carelessness was responsible in each case. During the first eleven days of last July as many Americans were killed in accidents as were killed in the entire Revolutionary War.

Explanations on 1938 Soil Conservation Program

Cotton Payments

College Station.—Farmers who certify that they have not knowingly overplanted their cotton acreage allotments and who agree in writing to refund the payment if it is later found that they have failed to meet the requirements, will receive the cotton price adjustment payment on their 1937 crop as soon as forms and instructions are received and issued and application is made. E. N. Holmgreen, administrative officer in charge of the state AAA office at Texas A. & M. College, has announced. All acreage is now being measured, Holmgreen said, but compliance will not be required of farmers who produced cotton in 1937 but not in 1938.

The recent amending act passed by Congress for speeding up these payments also specified that cotton produced in 1937 but not sold prior to September 10, 1937, will be eligible for a flat payment rate of 3 cents per pound on the amount eligible. Farmers who put their cotton under the 9 cent government loan may receive cotton price adjustment payments on that part of the loan cotton that is eligible for payment without transferring or selling the cotton. The appropriation for the payments is \$130,000,000, not, Holmgreen pointed out, large enough to cover all the cotton produced in 1937 at the rates specified. It will, therefore, be used as far as it will go to provide payments on a percentage basis. This percentage will be uniform for all 1937 cotton producers.

30 Insurance Applications. Twenty-five applications of Foard County farmers for Federal crop insurance. INTERESTING FACTS OF THIS AND THAT. According to Mr. Miller, the 10-year adjustment average for Foard County has been lowered from 2.3 bushels to 2 bushels. This will give farmers .3 bushel more insurance. If interested, you are urged to come to the county agent's office in Crowell and Mr. Miller will explain the plan. Farmers who intend to obtain Federal crop insurance, are requested to do so at the earliest possible moment, to avoid a rush at the state office Tuesday, August 30, deadline for signing.

To the Voters of Foard County:

In behalf of my candidacy for the offices of Sheriff and Tax Assessor-Collector of Foard County, I respectfully invite your attention to the following facts:

I have been a resident of Foard County for the past 18 years and feel that I fully recognize the needs and aims of the people of the county and would work with them toward a better understanding and good will.

Inasmuch as I am not obligated in the slightest to any individual or company in the county, I would be in a position to render a swift and impartial execution of the law at all times, thereby eliminating the possibility of having to show favors. Under my administration each and every individual would receive the same consideration under the law.

In view of the fact that these offices are trusts and my position that of a public servant, the offices and my assistance would be available for any kind of help I might be able to render 24 hours a day. I would see to it that the people could get service.

I furthermore promise to stand for and uphold any local condition or situation that tends to promote better business in the city of Crowell or the county in general.

Your careful consideration of the above facts would be greatly appreciated, and your influence and support in the coming primary would be considered a favor.

Yours Truly, HOWARD BURSEY. Candidate for SHERIFF, TAX ASSESSOR-COLLECTOR. (Political Advertisement)

ciates of Mr. Huffman, gave a clever toast to the groom.

The house was decorated with cut summer flowers, in pink and white, the chosen colors for the reception. The pergola on the north lawn, from which the refreshments were served, held huge bouquets of pink crepe myrtle. The refreshment course was white angel cake, pink punch and white and pink mints. The plate favor was a card with an orange blossom seal and white ribbons attached, indicating the recent nuptials and bearing the names of the host and hostess and the honorees.

Punch was poured by Miss Frankie Kirkpatrick and Mrs. Floyd Thomas and served by Misses Frankie Pennington, Gussie Todd, Mayme Lee Collins and Lottie Russell.

Other members of the house party included, Mrs. H. Schindler, Mrs. J. H. Lanier Sr., Mrs. Hines Clark and Mrs. Bulah Pate.

Many lovely wedding gifts for the bride and groom were arranged in the dining room. More than one hundred guests registered on this occasion.

Edward Huffman Weds Kansas Girl

Edward Huffman, a former citizen of Crowell and now of Junction City, Kansas, and Miss Beverly Annette Bauer were married at the bride's home in Junction City, on July 6.

Mrs. Huffman is the daughter of a pioneer family of Junction City and has been employed by the Chamber of Commerce and Credit Association of that place for several years.

Mr. Huffman is a nephew of Mrs. M. S. Henry and lived for a number of years in Crowell. He attended McMurray College and was employed for a few years in the M. S. Henry & Co. hardware store here. Since that time, he has been in the employ of Montgomery, Ward & Co., and has been manager of the business of that company in Junction City for more than two years.

Mr. and Mrs. Huffman after visiting for two days in the home of Mr. and Mrs. Henry, left Sunday morning for Junction City where they will establish their home.

PICNIC FOR VISITOR

Mrs. E. M. Crosnoe entertained a number of young people last Wednesday evening with a swimming party and picnic in honor of her niece, Miss Jean Meadors, of Los Angeles, Calif., who with her parents and brother, have been guests in the Crosnoe home.

The group was composed of the honor guest and Misses Jenny D. Coffey, Frances Henry Johnson, Verne Joy, Wanda Rose Liles, Dorothy Wingham and John

Lee Orr, Jack Fitzgerald, Ted Crosnoe, H. C. Brown, Alex Sokoloff and A. Y. Olds.

The hostess was assisted in entertaining and serving by Miss Bernice Coffey.

WEST SIDE CLUB

The fact that American artists have added their creations to the art treasures of the Old World, was shown in the answers given to roll call by members of the West Side Club, which met with Mrs. Ed Norris Wednesday, July 13.

The following artists were discussed: George Inness, strictly an American artist, developed into one of the greatest landscape painters of all time. He taught his people to appreciate beauty in common things. "The Home of the Heron" is probably his best known picture. Homer has no superior as painter of the sea. Maxfield Parrish is noted for his wonderful shades of blues, reds and browns. "The Torn Hat," by Sully, was shown as a typical American lad. "Whistler's Mother" has become a favorite of not only America but Europe as well. Sargent's "Profits," Alexander's "Pot of Basil," Stuart's portraits of George and Martha Washington, Martin's "Harp of the Winds," and others were shown. It can no longer be said that American art does not exist.

The influence of religion on art was discussed by the leader, Mrs. M. A. E. McLaughlin, who gave a list of the most celebrated pictures in the world.

The next meeting will be July 27 with Mrs. G. H. Patton.

RIVERSIDE H. D. CLUB

The Stroud twins, Fanny Brice, Bob Burns, Edgar Bergen and Charlie McCarthy, Richard Crooks, Lawrence Tibbett, Frank Munn, Don Amechi and Jack Benny were among the radio characters, members of the Riverside Home Demonstration Club named as their favorites, in answering roll call in the home of Mrs. Grady Halbert Tuesday afternoon, July 12.

The following radio personalities were given by those present: Richard Crooks, Walter Winchell, Lawrence Tibbett and Jack Benny.

A play, "The Fatal Quest," was presented during the recreation period. The cast included the following characters: Mrs. J. S. Ray, Mrs. Grady Halbert, Mrs. Frank Ward and Misses Bonnie and Emma Schroeder.

There were eight members and two visitors, Mrs. Sallie Splawn, of Roby, and Mrs. Bill Hudgins, present.

VIVIAN H. D. CLUB

The proper method of cooking fruit was the subject of the demonstration given the ladies of the Vivian Home Demonstration Club by Miss Myrna Holman, Foard County home demonstration agent, Thursday afternoon in the home of Mrs. J. B. Rasberry. Miss Gussie Rasberry acted as hostess to about twenty-five club ladies at the meeting.

Miss Myrna Holman told the ladies to cook fruit in a small amount of water, adding sugar before cooking is completed.

The club members who visited Carlsbad Cavern a short time ago gave a report of the trip, telling of the wonders of the monstrous cavern.

Visitors at the meeting were, Mrs. J. B. Easley, Grandma Bishop, Miss Mildred Fish, Miss Dolores Gilbert and Miss Virginia

Adams of Crowell. The next meeting of the club will be held in the home of Mrs. Roy Young Thursday afternoon, July 28.

MARGARET H. D. CLUB

The Margaret Home Demonstration Club met in the home of Mrs. Silas Moore Friday afternoon, at which time a lesson on "fruit cookery" was given by the Foard County home demonstration agent, Miss Myrna Holman.

The club will meet again on Friday, July 29, with Mrs. George Wesley.

TEXAS CACTUS UTILIZED

Austin. — "From nuisance to novelty" might be the title of a new set of slides prepared by the University of Texas Bureau of Visual Instruction. The set depicts the process by which the cholla cactus is transformed from one of Texas' greatest nuisances into such fragile-appearing but actually sturdy articles as fans, lampshades and evening bags. The slides were prepared with the assistance of Horace Akin of Austin, discoverer of the process from utilizing the cactus. The title of the set is "The Fascinating Story of the Manufacture of Dainty Articles from the Fiber of a Native Texas Plant—the Cholla Cactus."

Crack passenger trains were first called limited because of their small number of coaches.

FSA Rehabilitation Loans for Next Crop Year Being Taken

Applications for rural rehabilitation loans for the next crop year are now being taken, Julian Wright, County Supervisor for the Farm Security Administration, has announced. The loan program has been liberalized so that all types of farming may now be included. Present or prospective borrowers are urged to begin immediately making their plans for the next crop.

"Arrangements should be made now for financing, though the money may not be needed for several months," Mr. Wright said. "Interest charges will not begin until the money is received by the client."

Small grain, fall and winter vegetable or truck crops, and livestock projects must be planned now if the most profitable system of management is to be followed, the supervisor said. Some plans will require machinery, pure-bred sires, or other facilities which must be provided through a community or co-operative service loan. Applications for this co-operative type of loan are also being received.

Only employees who are contributing to the State's unemployment compensation fund will be eligible for out-of-work benefits.

THANKS.....

Notwithstanding the fact I have no opponent, nevertheless I am deeply grateful to the people of the good old county of Foard for their loyal support and again solicit your vote in the primary next Saturday.

To The Voters

As a candidate for re-election, I am appealing to the voters of Foard County on my past record as your Sheriff and Tax Assessor-Collector, and feel that I am fully justified in doing so on that record.

In the beginning, by my lack of experience I was handicapped to a certain extent in the enforcement of the law, but have tried to abide strictly by the laws of our State and show partiality to no one. In the past 18 months I have made a study of law enforcement and worked hard since I have been in this office. I now feel that I am in a position to make you a much better officer for the next two years if you see fit to re-elect me for a second term. I will be at your service day and night and want you to feel free to talk to me about anything you like, and to make the Sheriff's office your headquarters at all times.

I have found that the duties of this office have prevented me from making a thorough house-to-house canvass of the county, however, I believe I have seen most of you during the past six months, but if not, and should I fail to see you within the short time until election day, I take this means of soliciting your influence and vote in the primary of July 23.

Thanking you for past favors and asking your consideration of my nomination for re-election, I am,

VOTE FOR Charles H. Tennyson

of WICHITA COUNTY

FOR

State Senator

CHARLES H. TENNYSON

"We need more business-like methods and economy in our State Government."—Charles H. Tennyson.

We have an opportunity to place in the Senate of Texas a man who has fought for six years, in the Texas House of Representatives, for the interests of North Texas and the State as a whole. His record in the House of Representatives has been one of six continuous years of achievement in the interest of the people.

Charles H. Tennyson has fought for liberal old age pensions, for the strict regulation of utilities, for the laboring man, for the farmer and stockman, and for our schools. He has been the one man in the Texas House that was responsible for passing bills to lower the rate or return allowed all utilities. He has been an ardent champion of the reduction of taxes on farms and on homes. During his first term in office he supported measures that led to a reduction of state operating expenses of over \$13,000,000. His district returned him to the House for a third term by a vote of more than three to one.

CHARLES H. TENNYSON IS OUR FRIEND. LET'S PROMOTE HIM TO THE TEXAS SENATE!
