Conservation Service Reports Panic Grass Plantings in County

Number of seedings of blue grass have been made in the Vernon District Grand Master's group of all Masons at a district meeting held April 29. Most of the farmers planting grass seed used either a grass planter or a regular drill that belongs to the soil conservation district. The soil conservation district planted this grass on an area of about 1/2-inch depth and seeded it at a rate of about 1 1/2 pounds per acre.

Annual Barbecue Held Saturday by Thalia Co-Op.

Over five hundred people attended the annual barbecue and picnic given Saturday by Thalia Co-Operative Society No. 1. The annual affair was held in the large willow grove on the Ira Toie farm 2 1/2 miles northeast of Thalia.

News About Our Men in Service

Pvt. William Donald Werley, son of Mrs. L. R. Werley of Thalia and husband of the former Nita June Carroll of Crowell, is now stationed in Kiersaughter, Germany. He arrived in Germany Dec. 23, 1954. For the past month he has been in a hospital with a fractured ankle.

Secures Agency for Irrigation Pumps and Equipment

The Calvin Welding Shop, owned and operated by Andrew Calvin, is now agent for the Marlow and Fairbanks-Morse pumps and all irrigation equipment. In addition to the agency for the pumps and irrigation equipment, he also has the services of a qualified engineer, who is available at any time to figure out the system that anyone may need.

Judging Team to Enter Contest at Texas A&M

The Crowell High School poultry judging team composed of Johnny Kajs, Edward Howard, Robert Wheeler and Jerry Pittillo will participate in the State FFA judging contest this week end at Texas A. & M. College. They will be accompanied by Marvin Myers, Vocational Agriculture teacher.

Piano Recital to Be Given at Thalia Friday

Mrs. G. B. Neill of Thalia will present her piano pupils in a recital at the Thalia School auditorium tomorrow night, May 13, beginning at 8 o'clock.

General Rain Covers Foard County Measuring from One to Two Inches

Rain which began falling here Sunday night and continuing with intermittent showers through Wednesday morning covered the county with from one to two inches of moisture. The Government gauge at the Crowell State Bank recorded 1.07 inches up to Wednesday morning. The precipitation was heavier in other portions of the county.

Rev. R. I. Hart Dies in Abilene

Rev. R. I. Hart, former pastor of the Margaret and Thalia Methodist Churches from 1941 to 1945, passed away in an Abilene hospital last Friday night. At the time of his death, Rev. Hart was pastor of a Methodist Church near Abilene.

Fractures Hip

Mrs. J. M. Hill Sr. fell at her home Tuesday morning and fractured her right hip. Her son, J. M. Hill Jr., was with her at the time of the accident and summoned medical aid. She was taken to a hospital in Wichita Falls and her condition Wednesday morning was reported to be satisfactory.

Garden Club to Meet

The Crowell Garden Club will hold the last meeting for the current year on Friday, May 27. There will be a covered dish luncheon at the home of Mrs. Leslie McAdams.

W. E. (Bill) Ewing Dies in Abilene Wednesday, May 4

Funeral services for W. E. (Bill) Ewing, brother of J. F. Ewing of Crowell and Mrs. W. A. Priest of Margaret, were held last Thursday, May 5, in the Laugher North Funeral Chapel in Abilene. The services were conducted by Rev. Glenn Wilson of Kress, assisted by the pastor of the Elm-Sale Baptist Church, where Mr. Ewing was caretaker and had his church membership.

4,500-Foot Wildcat Staked on R. A. Miller Farm North of Thalia

Roy Farrell of Vernon has staked a 4,500-foot Foard County wildcat four miles north of Thalia. It is the No. 1 R. A. Miller, and is located 330 feet from the north line, and 330 feet from the west line, on an 80-acre lease in section 34, block 8, H&TC survey.

Ministers' Association Has Meeting Monday

Ministers of Foard County met for a dinner meeting with their wives as special guests Monday night in the Down Town Bible Class room.

Crowell Riders Make Good Showing in Santa Rosa Parade

The Crowell Riding Club had sixty-five riders in the Santa Rosa parade in Vernon Monday afternoon. Each rider was dressed in the wearing apparel suggested by club officials and the committee chairmen of Crowell and the Truscott community were well pleased with the showing made by the Crowell Club. There were twenty-five riding clubs participating in the event and Crowell was placed in the high ten. An outstanding thing about the Crowell Riding Club was the high quality of horses. Rodeo judges told W. A. Dunn, chairman, that they were among the best in the parade.

Janet Raspberry Is County Winner in 4-H Dress Revue Held Here Saturday

Janet Raspberry, daughter of Mr. and Mrs. Raymon Raspberry of the Vivian community, won first place in the county-wide 4-H Dress Revue last Saturday, according to Mrs. Mary D. Brown, County Home Demonstration Agent.

Ben Franklin Store Being Moved to Lampasas This Week

The Ben Franklin Store, owned and operated in Crowell for the past four years by Tom McCandless, is being moved to Lampasas this week where the stock will be enlarged and will still be owned and operated by McCandless.

Mrs. John Fish spent from Friday until Sunday in Borger visiting her parents, Mr. and Mrs. A. L. Cowan, and her sister, Mrs.

Are You Nervous?

"Nervous tension" is a common complaint in our fast-moving world. Hustle, bustle, worry and just plain nerves take their toll in the form of numerous types of physical incoordination.

Good health results from recognition of a basic principle, proper regulation of body functions.

The all-important factor in regulation of body function is the nervous system. If an organ is not receiving the normal quantity of nerve energy, it cannot function normally. Nerve energy flows from the brain over nerve pathways to every cell in the body. When a nerve is impinged by a spinal misalignment (subluxation) an interference to normal flow of this vital nerve energy is created. As a consequence one or more organs of the body will not receive the correct amount of this energy, the particular organ affected depending on which nerves are impinged.

Your Chiropractor is scientifically trained to locate and adjust vertebral misalignments.

Allen Fish and J. A. Marr were Vernon visitors Thursday.

This community received from .7 to 1 inch of rain Thursday night and 8 Monday morning.

Misses Myrtle and Neoma Fish and A. T. Fish attended the funeral of Elmer West in Paducah Thursday.

Misses Myrtle and Neoma Fish and A. T. Fish spent Sunday with Mr. and Mrs. Earnest Fields of Childress.

Mrs. Dorothea Fish spent Sunday with Mr. and Mrs. Arlie Brothers, and son, Don, of Paducah.

Mr. and Mrs. W. R. Henderson and daughters of Vernon visited Mrs. A. J. King and family Sunday afternoon.

Mrs. Allen Fish visited Egbert Fish in the home of Mr. and Mrs. J. M. Sosebee and son of Anson Sunday afternoon.

Home Demonstration Notes

MRS. MARY D. BROWN

Two tiny pests which are almost invisible destroy or spoil many of our flowers.

Red spiders, sometimes called spider mites are destructive to marigolds, cornflowers, sweet peas and other flowers, as well as to some vegetables. They injure many shrubs and trees.

To check plants for spider damage, look for signs of webs. Not all spider mites make webs but the appearance of the plant will give other clues. Leaves begin to stipple or form light spots and dry up. Watering will not help the plant. Sometimes the tiny red spiders collect in large groups making the underside of the leaf

look as if it had rusted.

Red spiders can be killed with a 3 per cent aramite dust or with dusting sulphur. Use the 325-mesh sulphur that is used on cotton. Coarse sulphur will not do the job. Wettable sulphur spray will also kill the red spider. The sulphur stays on the plant several days, killing new insects which are sure to hatch out within a week or ten days.

Aphids or plant lice also spoil many flowers. In some areas they are called green bugs. They range in color from pink, orange, light green or gray to black. The rose aphid, potato aphid and other aphids feed on tender leaves, stems and buds of roses. They may feed on sap to such an extent that all flowers are spoiled. Some buds may fail to open, and leaves may curl up. Sweet peas and vegetable garden peas infested with aphids are likely to dry up before they produce a full crop of blooms.

Aphids may be killed with one per cent lindane dust or two per

cent nicotine dust. Sprays of lindane or nicotine sulphate will also kill aphids. Lindane is one of our safe and new sprays. Nicotine sulphate is an old aphid control, sometimes called Black Leaf 40.

Malathion spray is one spray which will kill both these insects. It is also a fairly good control for scales, meal bugs, and other insects. A mixture of wettable sulphur and nicotine in a spray will also kill both red spiders and aphids.

Our recipe this week is:

Banana Nut Cake
2/3 cup shortening, 2 and 1/2 cups sifted cake flour, 1 and 2/3 cups sugar, 1 and 1/4 teaspoons baking powder, 1 teaspoon soda, 1 teaspoon salt, 1 and 1/4 cups (about 3) sieved bananas, 2/3 cup buttermilk, 1/2 cup (2 large) eggs, 2/3 cup chopped nuts.
Stir shortening just to soften. Sift in dry ingredients. Add ba-

nanas and half the butter mix until all flour is done. Then beat vigorously for 2 minutes. Add remaining butter eggs; beat 2 minutes longer in nuts. Bake in 2 papered 9 x 1 and 1/2 inch round in moderate oven (350) 30 minutes.

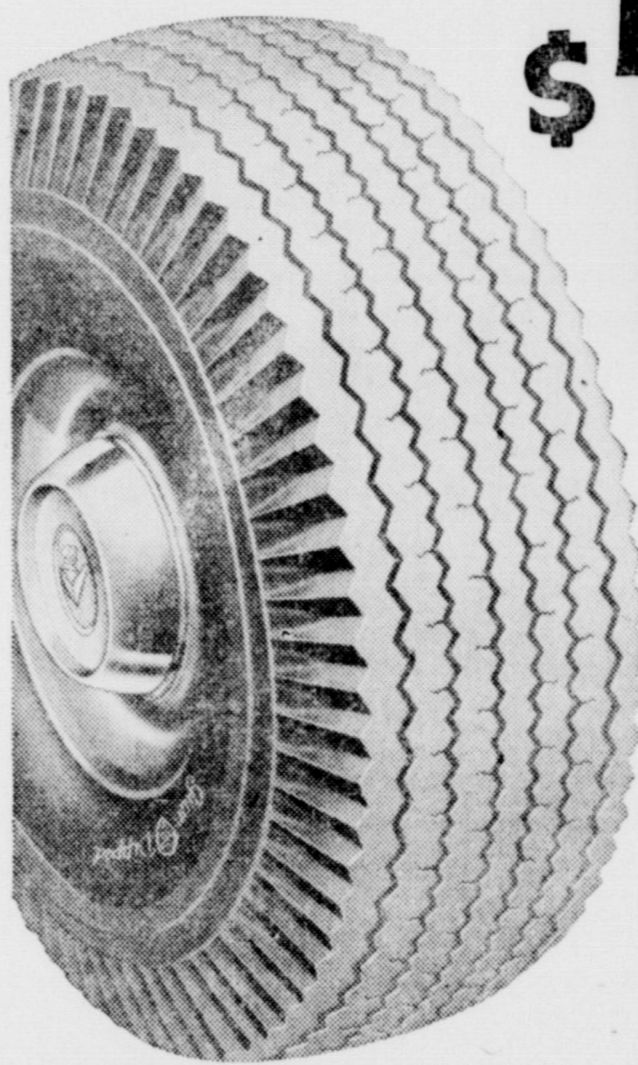

The Loire is the longest in France.

Watch, clock and jewelry pairing; also ring sizing our electric clocks in china cases, floral design hand painted.

Dehydrated Sewage Unsatisfactory for Steer Rations

Dehydrated sewage sludge is not a satisfactory source of protein for fattening rations, tests have shown.

Steers fed finely ground dehydrated sewage sludge made average gains of only 1.89 pounds each compared with 2.3 pounds each gain for steers on a ration mixture commonly used to fatten cattle during a recent 92-day test at Texas A&M College, according to Joe Burkett, County Agent.

Animals on the basic ration consumed 18 per cent more concentrates daily and gained 26 per cent more weight. They also required 15 per cent less dry feed per 100 pounds of gain than a similar group fed sewage sludge. Dehydrated sewage has been reported to contain 30 per cent crude protein or its equivalent in nitrogenous compounds.

The sludge was substituted in the ration for cottonseed meal on an equal protein basis. Cottonseed meal, ground sorghum grain and whole oats comprised the basic ration during the experiment.

State Capitol NEWS

by VERN SANFORD
Texas Press Association

Austin, Tex.—Right down to the wire, the Legislature fought out the battle of taxation.

Pay of the legislators—\$25 per day—stopped May 10. So there was all the more reason, from their point of view, that the toughest, most complex and controversial problem of the session be solved as soon as possible.

First, the House passed a tax bill, increasing or putting new levies on gasoline, cigarettes, snuff, tobacco, natural gas, trading stamps, uranium, and wine and beer dealers.

When this bill went to the Senate, amendments were introduced to tax auto storage and parking lots, jewelry, furs and clothing, storage warehouses, airlines, real estate brokers, chemical manufacturers, hotels, tourist lodges, department stores, and chain stores.

Committee Hearings
Sen. Dorsey Hardeman, chairman of the Senate State Affairs Committee, scheduled hearings almost as fast as amendments were introduced.

First witness was E. H. Thornton Jr., chairman of the State Highway Commission. He asked that the state tax on gasoline be set at six cents per gallon, instead of the present four cents. (The House bill increased the gasoline tax to five cents.)

Gov. Allan Shivers had advocated a two-cent increase in the

gasoline tax to provide for the state's highway needs.

He continues to express the hope that there will be no income or sales tax.

That the Legislators will complete the tax bill and adjourn within two weeks is Shivers' guess.

Big question is whether the House will accept what the Senate does—especially if it changes the gas levy.

Political Aspect
While they were discharging their legislative duties, some members were thinking seriously about the political campaigns of a year hence.

Mentioned often as potential candidates for Governor have been John Ben Shepperd, U. S. Sen. Price Daniel, Lt. Gov. Ben Ramsey and Sen. Jimmy Phillips.

But a new face entered the picture this week when Sen. Otis Leek of Lufkin was approached by friends who urged him to give serious consideration to the race for Governor in 1956.

Shivers Returns
Gov. Allan Shivers brought much news back with him from Washington.

In a long press conference he made the flat assertion that the Democratic Party cannot nominate another left-wing candidate and win.

He repeated that he did not intend to support Adlai Stevenson as the nominee for President next year.

He praised the work of U. S. Sen. Lyndon Johnson as Senate majority leader.

He stated that he had started negotiations with U. S. Interior Secretary McKay, looking to the solution of technical problems involving control of tidelands oil and gas leasing—and he expressed the opinion that Texas' tidal problems were more technical than legal.

Shivers may ask the Legislature to set up state control over the distribution of polio vaccine. His decision will follow a conference with Dr. Henry Holte, state commissioner of health.

Veterans Land Program
Loopholes in the veterans land program will be plugged if bills by Rep. Dolph Briscoe and Rep. Buckshot Lane meet with Senate approval.

These two House-passed measures would set up stiff requirements and regulations for land purchases and place full respon-

News from the Congress

by Congressman Frank Ikard

The appropriation of the Defense Department which is by far the largest appropriation bill considered by the Congress is before the House this week. The Appropriations Committee in its report gives the Defense Department \$31,500,000,000 in new funds for the fiscal year starting July 31st. This figure will enable the Department to spend some- where in the neighborhood of \$43 billion during the same year when unobligated funds from prior appropriations are added to the amount provided by the committee. The committee report cut the request of the Administration some \$744 million. Under this appropriation bill, the Army will get approximately 7 and 1/3 billion dollars which is \$244 million less than was requested and \$290 million less than the Army is spending this year. \$900 billion is allocated to the Navy which represents \$108 million less than was requested and \$640 million less than it is spending this year. Almost \$14,500,000,000 goes to the Air Force which is \$382 million less than their request but is \$3.4 billion more money than they spent during this fiscal year. The amounts of money in this appropriation bill are, of course, staggering and represent by far the greater percentage of our national budget. As burdensome as these expenditures are, there can be no question but that during these times it is essential that we maintain the best Air Force, Navy and Army in the world, and in the long run it is a lot cheaper to maintain these branches of our military service as equipped units rather than to let them deteriorate suddenly in times of extreme emergency. The point of controversy in this appropriation bill,

ability for administration of the program on the shoulders of the chairman of the Veterans Land Board.

Land Records
Land Commissioner J. Earl Rudder says that there have been no changes in the minutes of the board, Governor Shivers and Attorney General Shepperd released affidavits saying that the minutes of 80 previous sessions contained gross mistakes — and Shepperd moved that notations be made showing that the minutes had been corrected.

"You can read the original minutes just as they were written in the record," Rudder told the House special investigating committee.

of course, will be the reduction in the Army which has been widely discussed for the last several weeks throughout the country. Most of the debate on the bill, I am sure, will be concerning this question. In spite of our great developments in atomic warfare and the continual progress that is being made with the development of faster and more powerful aircraft, there still is unquestionably a need for a strong ground force, for even though we have many entirely new instruments of war, so far, none of these have effectively provided any substitute for the well trained, well equipped infantryman, who, historically, has always borne the brunt of battle and unquestionably will continue to do so in the future.

Austin Highlights

(by Senator George Moffett)

We are approaching the end of a hard session. More than 1500 bills and resolutions have been introduced, which exceeds the record for several years past. Probably one-third of them will become law.

Among the bills which have already passed is a bill increasing the daytime passenger car speed limit to 65 miles per hour on ordinary 2-lane highways and 70 miles per hour on 4-lane divided highways. This bill also raises the speed limit for pickup trucks from 45 to 60 miles per hour. No other speed limits are affected. No changes are made in night driving speed limits. This law will become effective 90 days after the Legislature adjourns.

Due to the increased need for funds for our public school system, the old age assistance program, the state hospitals for the insane and feeble-minded, and the state highway system, the Legislature must raise more money. There is no chance, however, that the gasoline tax will be increased by two cents. Many members will reluctantly vote for a one cent increase, since this money goes partly to the schools and partly to the highway system.

If we do not provide more money for the public school system, it will be necessary for each school district to raise more money locally. Many districts cannot do this, and it will particularly work a hardship upon the districts in the drought areas to do so.

Therefore, the State is indirectly helping the drought situation when it raises the necessary money to continue to keep the schools open. The State sends to each local district each year slightly more than 80 per cent of the total cost of support and maintenance of the school in that district, including bus transportation.

Hundreds of people have come to Austin protesting against the new taxes which have been proposed. This is quite natural. It can be truthfully said, however, that Texas is better off than any surrounding state with respect to taxes. All of our neighboring states have at least a six-cent tax on a gallon of gasoline; Lou-

In the News . . . 30 YEARS AGO

News below were taken from the issue of the Foard County News of Friday, May 8, 1925:

Machinery and pipe for the oil test to be drilled by the Texas Company on the McCoy property six miles northwest of Crowell, arrived in Crowell Tuesday afternoon.

Graduates from Crowell Intermediate Department are Ruth Brown, Price Lovelady, Evelyn Sloan, Marion Crowell, Tom Reeder, Kate Jackson, Mabry Kimsey, Charles Fergesson, Frances Allison, Eva Todd.

While the outcome in the condition of wheat is very marked over the county, prospects are far from making anything like a fair crop.

The first ice ever manufactured in Crowell was made Wednesday of this week by the Crowell Ice Co.

F. W. Mabe recently purchased the machinery once used by Crews-Long Hdw. Co. in the shoe and harness department which will give Mr. Mabe a shoe shop with all modern equipment.

Mrs. Sarah E. Sands died at the home of her daughter, Mrs. Frank Briscoe, Sunday and was buried in the Crowell Cemetery Monday.

Joe Ward attended a Ford demonstration in Wichita Falls the first of the week.

Mrs. Jesse Owens and children are visiting Mrs. Owens' parents, Mr. and Mrs. D. B. Traweck, in Knox County.

Dr. R. L. Kincaid left Monday for Austin to attend the State Medical Association.

Miss Jessalie Cates returned home this week from Wellington where she has been teaching.

George Teague from Blair, Okla., is here visiting relatives and old friends.

Mr. and Mrs. Paul Shirley and small daughter are in Hico visiting Mr. Shirley's parents, Mr. and Mrs. M. R. Shirley.

Mrs. Frances Humphrey of Los Angeles, Calif., is here visiting her sister, Mrs. R. C. Campbell.

Missianna and Arkansas have a seven-cent tax. Their tax on cigarettes is higher than ours. Furthermore, each of these surrounding states also levies a state income tax and a general sales tax, even on food.

Qualified authorities say that Texas is spending its tax dollars well, and every effort must be made to continue this good record.

Will Rogers Jr. Invited to Cowboy Reunion

Will Rogers Jr. of Beverly Hills, Calif., has been invited to be guest of honor at the twenty-fifth Texas Cowboy Reunion, July 1, 2 and 4.

"We are going to honor the memory of the most beloved man that America has ever known—your father," stated the letter of invitation from President W. G. Swenson. "We can think of nothing that would add more to the Cowboy Reunion than your presence would—as the son of the man whose memory we will honor, and as an outstanding figure in the fields of public service, newspapers and motion pictures yourself."

Young Rogers is noted as a newspaper publisher, served in Congress and starred in a film portraying the life of his father, whom he greatly resembles in features, manner and way of speaking.

Will Rogers attended the Texas Cowboy Reunion in 1935.

Highest Yielding Cotton Varieties Raised at Iowa Pa

Paymaster 54, Hi-bred Stormproof No. 1 and TPSA have made the top-yields in five-year regional variety tests at Iowa Park.

During 1954, only Paymaster 54 among these varieties in the top-yielding group.

varieties were grown last year at the Iowa Park substation, Texas Agricultural Experiment Station.

Average annual production of the top-yielders from 1949-1954 included Paymaster 54—465 pounds of lint cotton to the acre; Hi-bred, 493; Lockett Storm No. 1, 475 and Deltapine, 465 pounds per acre.

Complete results on studies are given in Progress Report 1765, which is available through the Agricultural Information Office, College Station, Texas.

PERSONALS

Dr. and Mrs. M. M. Kralieck and children spent the week end in Dallas.

Mr. and Mrs. James Erwin of Monahan spent the week end here visiting his mother, Mrs. Cressie Erwin.

Mr. and Mrs. Dan Campbell and daughter of Lubbock visited over the week end with their parents, Mr. and Mrs. J. E. Eddy and Mrs. Evelyn Campbell.

Fred Wehba and Mike Bird were called to Oklahoma City Monday night on account of the death of their cousin, Oscar Saied. Funeral services were held Tuesday afternoon.

Mr. and Mrs. Joe Burkett and children and Mr. Burkett's mother, Mrs. J. R. Burkett, visited relatives in Tyler during the week end, returning home Tuesday.

Mr. and Mrs. Sewell Roy and Mrs. P. P. Cooper spent the week end here visiting their brother and son, J. G. Cooper, and family. Mrs. Cooper remained for a longer visit.

Mr. and Mrs. Kelly Woodall of Tulsa were here Saturday afternoon visiting friends and attending to business. Mrs. Woodall is the former Miss Minnie Logan and was reared in Crowell.

Mr. and Mrs. H. W. Dawson of Electra were here last Saturday and visited Mr. and Mrs. O. N. Baker, and other friends in Crowell. Mr. Dawson is a former teacher in the Gilliland schools in Knox County.

Mrs. Bob Abston and Mrs. Dwight Campbell went to Houston Monday. Mrs. Abston to visit her daughter and son-in-law, Mr. and Mrs. Jack Bills, and Mrs. Campbell to visit her son, Dr. C. D. Campbell, and family.

Rev. and Mrs. J. V. Bailey and daughters, Varnelle, Lavella and Lou Ella, and a friend, Delight Jeters, all of Fort Worth, were recent visitors in the homes of Mrs. Bailey's sisters, Mrs. Carl Zeibig and Mrs. Tom Shook, and friends. Rev. Bailey has been called as pastor of the Brotherhood Baptist Church in Fort Worth. Mrs. Bailey is the daughter of the late Mr. and Mrs. John Glover of Crowell.

Mr. and Mrs. Bill Middleton and children of Houston spent a short time here Saturday afternoon visiting friends. Mrs. Middleton is the daughter of Mr. and Mrs. Albert Schooley of Houston, former Crowell residents, and Mr. Middleton is the brother of Mrs. I. T. Graves of Floydada, former speech instructor in the Crowell High School. Both Mr. and Mrs. Middleton are former students of the local high school.

Mr. and Mrs. Fred A. Beverly and three children, Bobbie, Jim and Ann, of Beaumont spent Saturday night, May 2, here visiting his uncle, J. R. Beverly, and wife and Mrs. A. Y. Beverly. They were en route home from a visit with his parents, Mr. and Mrs. L. A. Beverly, in Denver, Colo. A chemical engineer, Mr. Beverly will leave soon for Iran to spend 18 months as an employe of the Socony Vacuum Oil Co. His family will join him there to make their home. The refinery where Mr. Beverly will work is the largest in the world.

Callaway of Childress spent the week end visiting his uncle and Mr. and Mrs. Harry Sk, and children of Foard County.

Ruth Wallace of Dallas, daughter of Mr. and Mrs. Shelby Crowell, has completed her training at a business college.

S. J. Lewis of Lockney visited Saturday afternoon with relatives and friends. Mrs. Lewis is a former Foard County resident.

at Once — Fifty (50) used 600-16 tires.—Crowell Service Station. 39-1tc

and Mrs. Hugh Shultz and Wayne, spent Mother's Day with their daughter and Mrs. C. C. Clines, and family in Wichita Falls.

and Mrs. Gene Pigg of passed through Crowell Monday morning en route to Verdugo to attend the Santa Rosa parade and parade.

and Mrs. Crockett Fox daughter, Laurie, of Abilene spent Mother's Day with their mother, Mrs. C. C. Fox and Mrs. Thompson.

the Wallace of Dallas visited a few days last week here with their parents, Mr. and Mrs. Wallace. She began training as an x-ray technician in Baytown Monday, May 9.

Yeats to Establish Kipling Library in Nova Scotia School

A. W. Yeats of Sam Houston State College's English Department in Huntsville and son of Rev. and Mrs. E. L. Yeats of Roby, has recently returned from a four-day trip to Nova Scotia and the Dalhousie University which will be his home during the next long semester, according to a news item received by the News from Inez Sloan, a student in one of Mr. Yeats' English classes.

Yeats plans to leave the United States before September 1 to take the job offered him by the University in Halifax. Separating the duplicates from the Rudyard Kipling and setting up the library at Dalhousie will be his main job.

Yeats is a specialist in the Kipling field and has built up two Kipling collections already—one for the University of Texas and one for his private library.

His work with the collection will enable him to finish work on his thesis for his doctor's degree from the University of Texas. His thesis will be on the history of the Stewart collection. He plans to return to Sam Houston in the fall of 1956.

The Stewart collection will be available to the students of Dalhousie.

Fred Youree returned Tuesday from Truth or Consequences, N. M.

Mrs. Frank Gamble of Vernon is here on account of the illness of her daughter, Mrs. W. J. Garrett, who is in the hospital following surgery.

Livestock men in drought-designated areas probably will be able to receive government feed assistance as long as they need it.

Secretary of Agriculture Benson on a recent southwestern trip said the aid would be extended in areas where need is known.

The Texas Drought Committee is expected to ask for an extension of the program in the state.

IN ABILENE WEDNESDAY

Nineteen boys and girls from Truscott and Gilliland were in Abilene Wednesday, May 11, to play in the National Piano Playing auditions at Caldwell Hall, Hardin-Simmons University. The judge was Miss Grace Hofheimer of New York City.

The children were accompanied by their mothers and their teacher, Mrs. Curtis Casey. Students entering the auditions were Gena Adcock, Alton, Patricia and Sharyn Burgess, Kenneth Carroll, Sherry Cook, Peggy Crowover, Carolyn Hickman, Paula Horne, Marita and Sandra Massingill, Kay Miller, Tommie Lynn Myers, Elise McGuire, Lynda and Wanda Lou Navarati, Patsy Reynolds, Vivian Scott and Wanda Beth Welch.

Mrs. Fred Youree and daughter, Miss Maurine, and son, Fredrick, visited in Lubbock during the week end.

FOR THAT RAINY DAY

The wise man doesn't wait 'til the rain falls before he gets himself an umbrella. Same sound sense applies to financial "rainy days." The money you meant to save—but didn't—won't do you a bit of good. Only money that will count is what you DID save . . . regularly, systematically, every pay day. Let your ever-growing account be your "umbrella" . . . and you can take life's "rainy days" in your stride.

Meet the successor to the C.O.E.

New **L.C.F.** (Low Cab Forward)

Chevrolet Task-Force Trucks

Powered by the most modern V8 in any truck . . . Chevrolet's new Taskmaster V8 engine!

Chevrolet's great new L.C.F. models bring you all the advantages of a C.O.E.—plus a long list of important new advances you won't find anywhere else.

For example, the cab is a full seven inches lower than former C.O.E. models. And it has only two steps instead of the usual three for C.O.E.'s. Just think of the time and effort this will

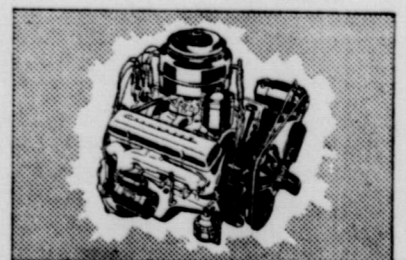

save the driver! Also, the low L.C.F. is handsomer by far than any C.O.E. ever built!

Inside, the L.C.F.'s new Flight-Ride cab has a level floor with plenty of "stretch-out" leg room and offers new driver comfort. The driver has a commanding view of the road—both far ahead and close up front—through the

big, broad panoramic windshield.

Quicker, simpler maintenance is another big advantage offered by the new L.C.F. Everything's easier to reach in the roomy engine compartment.

In an L.C.F. you still get the easy maneuverability of a C.O.E. plus—new frames, new suspension, a whole truck-load of modern features!

Shortest Stroke V8 of All! The new Taskmaster V8—the most modern V8 your money can buy—powers the new L.C.F.! With a 12-volt electrical system for faster starting!

Year after year, America's best selling truck!

Truscott
MARY K. CHOWNING

Mr. and Mrs. V. W. Browning spent last Monday afternoon in Vernon on business. They were evening guests in the home of their daughter, Mrs. Howard Savage, and husband in Quanah.

Mrs. R. M. Cowden and Mrs. Willie Pippins and husband of

Wichita Falls spent last week end visiting the ladies' mother, Mrs. A. P. Smartt, and friends here.

Mr. and Mrs. Dan Tarpley and sons, Danny and Steve, of Lubbock spent last week end visiting in the home of his parents, Mr. and Mrs. A. S. Tarpley, here.

Another guest in the Tarpley home was his sister, Mrs. Alexander, of Anson.

Mr. and Mrs. Raymond Carter of Austin spent last week end visiting her parents, Mr. and Mrs. Elmo Todd, and Charles, and other relatives and friends. Mr. Carter has received his discharge from the Navy. He was stationed at Westover AFB near Springfield, Mass.

Mr. and Mrs. W. R. Owens spent several nights this past week in Crowell with his father, M. L. Owens, who was ill in the hospital here.

Cecil Chowning and son, Martin, of Electra spent several days here visiting his parents, Mr. and Mrs. M. V. Chowning, and Mary K. and other relatives and friends.

Mr. and Mrs. Martin Earl Langham and daughter of Midland spent the week end visiting his parents, Mr. and Mrs. J. M. Langham, and friends here, and her parents, Mr. and Mrs. Jess Antry, and other relatives in Crowell.

Warren Haynie and daughters, Sharla Beth and Joylyn, of Vivian spent Monday visiting his parents, Mr. and Mrs. Carl Haynie, here.

Mr. and Mrs. Lee Blevins and daughter, Lee Ann, of Vernon spent while Monday visiting his parents, Mr. and Mrs. W. T. Blevins, and friends here.

Mr. and Mrs. Raymond Hannan and son, Junior, of Wichita Falls

spent the week end visiting her parents, Mr. and Mrs. Horace Haynie, and her brother, Rex Haynie, and family.

Mr. and Mrs. John Bullion suffered the loss of some of their household things in a fire that damaged their home shortly before noon Sunday. The Crowell Fire Department answered the call.

Mr. and Mrs. Jimmy Everson of Abilene spent the week end visiting her parents, Mr. and Mrs. Owen New, and Jimmy and others here and his parents, Mr. and Mrs. Warren Everson, and family and friends in Crowell.

Mr. and Mrs. M. V. Chowning and Mary K. spent Tuesday night visiting in the home of their son and father, Cecil Chowning, and family in Electra.

Mr. and Mrs. H. P. Gillespie were Vernon visitors Tuesday.

Mr. and Mrs. Jack Whitaker left Saturday for a few days visit in Houston.

C. A. McNeese of McCamey spent last week end visiting his wife and others here.

Several from this community attended the baccalaureate services for the Crowell High School graduating class at the Methodist Church Sunday night. Bill Green, Tony Jones and Jimmy New are members of the graduating class from this community.

Several from this community attended Mrs. A. R. Sanders' piano recital at the high school auditorium in Crowell Thursday and Friday nights. Those who played from Truscott were Charlotte and Dianne Sledge, Mary Ann Brown and Gaye Johnson.

Mr. and Mrs. Johnnie Marr of Vivian spent while Friday night visiting her sister, Mrs. Marion Chowning Jr., and family here.

Mr. and Mrs. Kelly Bullion and son of Lamesa spent Sunday night and Monday visiting his parents, Mr. and Mrs. John Bullion, and others here. Mrs. Polk of Crowell was also a visitor.

Mr. and Mrs. Marion Hord and girls, Janice and Sandra, spent last week end in Abilene attending the Trawick family reunion.

Mr. and Mrs. Richard J. Van Dyke and Mr. and Mrs. Ed Gill, all of Amarillo, spent the week end in the home of Mrs. Van Dyke's parents, Mr. and Mrs. W. R. Owens.

Mr. and Mrs. B. M. Burch and children and Mr. and Mrs. B. Toland of Quanah spent Sunday visiting in the home of Mr. and Mrs. B. L. Bates.

Mr. and Mrs. Warren Haynie and children, Sharla Beth and Joylyn, spent while Sunday night visiting his parents, Mr. and Mrs. Carl Haynie.

Anna Chesser is in the Quanah hospital at the time of this writing.

Mrs. T. C. Watson and Wayne of Knox City visited her mother, Mrs. A. Haynie, and other relatives here Sunday.

Climmy Pogue of Lubbock is here visiting her mother, Mrs. George Pogue, for a few days.

Miss Jo Woods of Fort Worth

LET'S TALK LIVESTOCK
BY TED GOULDY

Fort Worth — Last Monday the nation's 12 major markets reported close to 125,000 cattle and calves. This was about 20,000 more than a year ago the same date, and 10,000 ahead of a year earlier. It was the signal for renewed pressure on prices across the nation.

Chicago reported cattle 50 cents to \$1.50 lower. Kansas City chalked up losses of 50 cents to \$1 story at all points. Here at Fort Worth grainfed cattle were scarce and pretty close to steady, but the rank and file cattle and calves averaged 50 cents to \$1 lower, some spots more and some spots less.

In livestock circles this happens every year, usually in June. However, the season governs the "June Break." An early season such as this one sees the break in cattle prices come early, and in a "late" season, sometimes the break comes in July or later.

Usually the "June Break" comes soon after the first interval of high temperature and burning summer winds, which sear pastures.

Tippy fed cattle sold at Fort Worth at \$22 to \$23.50, two loads at the latter figure from M. L.

spent several days visiting her sister, Mrs. Odell Williams, and husband, Miss Judy Woods returned home with her sister, after spending some time here.

Mr. and Mrs. S. E. McRoberts spent the week end visiting his mother, Mrs. S. G. McRoberts, in Amarillo.

Mr. and Mrs. Farris Caddell returned home from Dallas one day last week where Mrs. Caddell underwent an operation on her eye.

Texas Anglers Are Drowning at Record Rate So Far This Year

Texas fishermen and boaters are drowning at a record rate so far this year, according to Game and Fish Commission records.

Howard Dodgen, executive secretary of the Commission, said Game Wardens blame mainly carelessness and inexperience in operating new and strange watercraft equipment.

Eighteen fishing and boating fatalities already have been reported this year. The total as compiled by the State Board of Health for the entire year of 1954 was only forty-four victims involving small boats.

The Executive Secretary said most of the fatalities in this year's unprecedented toll are from

Smith, Jack County, averaged about 950 lbs. Another top feeder, I. S. Scott, Castro County, sold fed steers at \$23 and their heifer mates at \$22. Some other well fitted cattle at \$22 and \$23 on the yards were fully steady. But, otherwise, cattle and calves all lost ground, whether sold as slaughter or stocker kinds.

Cows \$6.00-13.00; bulls \$9.00-13.50; slaughter calves, \$9.00-21.00; stocker calves and yearlings \$13.00-21.00; heifer mates, \$3 to \$5 under stocker steers.

Top hogs at Fort Worth Monday sold at \$17.50 and \$17.75. This was 25 to 50 cents up, but some were weak at \$1 lower. Sows topped at \$13.50, but some heavy weight sows sold down to \$10 and \$11—new low for the current season on that kind here.

Prices of spring lambs were weak to 50 cents lower, some spots \$1 off at Fort Worth Monday. Shorn old crop lambs closed mostly 50 cents to \$1 off. Many spring lambs are definitely shrinking and showing loss of bloom now. Top milk fat lambs \$20 to \$21, fat shorn old crop lambs topped at \$15 to \$15.25. Old ewes \$3 to \$4. Feeder old crop mixed feeder and fat lambs sold at \$13.50 down; and feeder spring lambs sold around \$14 to \$16, with packers still paying more than feeders on most of these kinds.

boats overturning principally from power causes or from rough water.

The forty-four small boat victims in 1954 were in addition to the 397 persons who drowned from all other causes in Texas. This was an increase of forty-two over the 1953 casualty figure.

The 1955 death rate has become so alarming that some remedial steps already have been advocated. The Fort Worth United States Engineers office announced that small craft warning stations have been installed at Garza-Little Elm Reservoir. Red triangular pennants will be flown when winds higher than twenty-five miles per hour are forecast.

The City of Austin has tentatively approved a \$2.50 tax per boat for Lake Austin. The revenue would finance increased patrol protection. Houston city authorities have become officially concerned over the dangers in Lake Houston as reflected by fatalities.

The Executive Secretary said night accidents were taking a heavy toll of fishermen this year. Ten anglers already have drowned while fishing at night, with most of these fatalities involving motor boats.

The State Department of Public Safety also has noted the unusual number of water tragedies

in observing the number of for its diving equipment many parts of the state. The Executive Secretary said many of the tragedies could have been averted by greater use of life preservers. He said none of the victims reported to date is a life preserver.

BRUSH CONTROL PAYS OFF A pair of Jim Hogg County ranchers have pretty good proof that brush control pays off. The Benavides Brothers' truckload of calves out of a pasture where they had controlled the brush. The 43 calves sold for \$3,995 or \$92.93 a head. They still have another 110 of cows and seven bulls in pasture, spent no money for supplemental feed during the winter and still have green grass.

Another pasture in the county in which the brush wasn't controlled sold 15 calves for \$1 or \$72.80 per head. They have been creep fed and the calves weighed 15 to 20 pounds at day. This pasture received more inches of rain than did Benavides pasture.

The distance by air from Crowell to Washington, D. C. is 4,883 miles.

It's Performance That Counts!
CAPTAIN I. R. OLSON tells why he uses Flite-Fuel

"I'm a Captain for Continental Air Lines. We use Phillips 66 Aviation Gasoline regularly in our airplanes. It contains the super-power component Di-isopropyl, and that makes it a very high performance fuel.

"In my car, I like to get the best performance possible so I use Phillips 66 FLITE-FUEL. It's the only automobile gasoline that contains added Di-isopropyl. It gives me what I want... power, smoothness and long mileage."

Defense Savings Bonds
Week Proclaimed
Governor Allan Shivers has pro-
claimed the week of May 22-28
as "U. S. Defense Savings Bonds
Week" in Texas, and called upon
all Texans to do their part to-
ward national defense by increas-
ing their purchases of United
States Savings Bonds.
"It is the earnest desire of ev-
ery American," the Governor
said, "that our country maintain
an impregnable defense for the
protection of our democratic
ideals and free way of life. One
way to insure this is through in-
creased sale of Defense Savings
Bonds. Therefore, I call upon ev-
ery Texan to join wholeheartedly
in this campaign."
More than 1200 volunteer work-
ers representing every Texas
county will devote their time and
efforts to this drive during the
week of May 22. Their goal will
be: (1) to double the number of
people buying bonds regularly
on the Payroll Savings Plan and
the Bond-a-Month Plan, and (2)
to ask those already on the plan
to increase the amount of pur-
chases each pay day.
"Texas ranked only 38th in
the nation in 1954 in the percent-
age of the state sales goal at-
tained," the Governor said. "This
is far short of Texas standards.
I think we can lead the nation in
1955 if every Texan will give this
matter serious thought and ac-
tion!"
The 1955 Savings Bonds sales
goal for Texas is \$201.9 million.
The national goal is \$5.5 billion.
Genghis Khan conquered Asia
in the 13th century.

Thalia

MRS. C. H. WOOD

Mrs. Allan Tucker of Wichita Falls and Mrs. Ralph Shultz and Judy of Vernon visited Mr. and Mrs. Lee Shultz Thursday night. Mr. and Mrs. Bill Hudgens of Lorenzo visited the Charlie Blevins Sunday.

Wichita Falls were supper guests

in the Raymond Grimm home Wednesday night of last week.

John Miller Morris of Canadian, Mr. and Mrs. Cap Morris of Clarendon, Mr. and Mrs. Carl Morris and children of Wichita Falls visited Mr. and Mrs. Duane Naylor and Mr. and Mrs. J. M. Jackson and attended the barbecue here Saturday.

NAVY USES DIESEL ENGINES
The U. S. Navy is the world's largest user of Diesel engines. There are more 16-cylinder 2,000 horsepower engines installed by Cleveland Diesel Engine Division of General Motors in the Navy than any other type.

DIESEL HAS MANY USES

Since 1937, the Detroit Diesel Engine Division of General Motors has produced Diesel engines for earthmoving equipment, oil well drilling rigs, fishing boats, etc., equal to over 61,000,000 horsepower.

NOTICE TO MEMBERS

The annual membership meeting of the Farmers Co-Operative Elevator Association will be held in the District Court Room in Crowell, Saturday, May 14, 1955, at 2:00 p. m. The purpose of this meeting is to receive the annual reports and the election of four directors, and any other business that may come before the meeting. We urge you to attend this meeting.

Dividend checks will be handed out.

FARMERS CO-OP. ELEVATOR ASS'N.
V. A. Johnson, President.

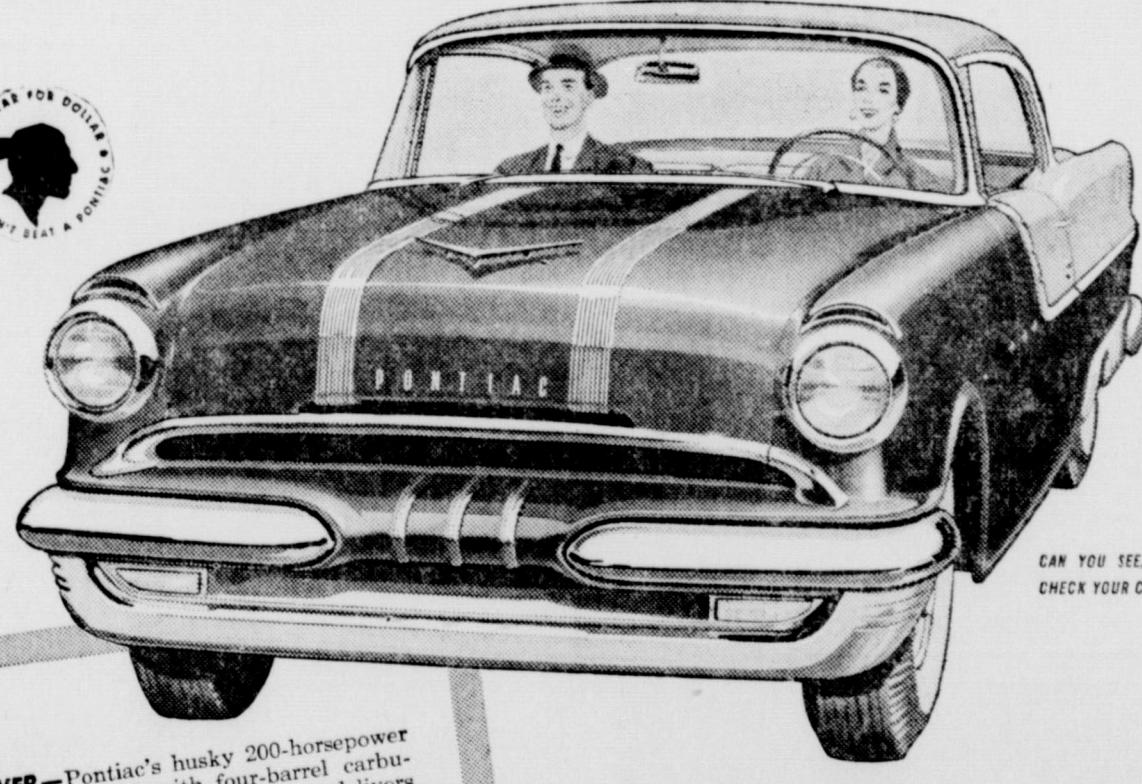

An Ideal Steek Farm For Sale!

One Section of 640 acres, with 260 acres in cultivation, 160 acre wheat allotment in wheat, 25 acres oats and 75 acres sudan. Has wonderful tank fed by springs that never go dry, two other springs in pasture, six-room house with bath. Has good well with electric pump that furnishes abundance of water for both house and barn, good fences.

Located 10 miles north and two east of Crowell, in Hardeman County. 1/4 of minerals goes with place and 1/4 returns in period of years. This farm sold in 1949 for \$65.00 per acre. Priced to sell at once for \$47.50 and give possession when trade is closed with one-half of grain and full possession of pasture and sudan. Or \$45.00 per acre to give possession at harvest.

CLAUDE CALLAWAY, Agent, Crowell, Tex., Ph. 118R

More Fine-Car Features than any other car priced so low!

POWER—Pontiac's husky 200-horsepower Strato-Streak V-8 with four-barrel carburetor, optional at low extra cost, delivers more power than any car within hundreds of dollars of its price. And road records show this power is teamed with the greatest economy in Pontiac history.

STYLE—No car at any price is so beautifully distinctive. Pontiac's future-fashioning Twin-Strick styling and Vogue Two-Toning set it apart from all other cars—point the way to tomorrow.

SIZE—Pontiac is a big car where it counts—with a long, road-hugging 122" or 124" wheelbase. On any road, at any speed, you enjoy the feeling of genuine fine-car size.

COMFORT—Pontiac's extra size means big-car comfort—room to stretch out and relax. Wide-spacer rear springs and Shock-Proof chassis float you along in luxury style.

If you were to guess Pontiac's price on the basis of its style, performance and size, you'd surely guess hundreds of dollars higher than its actual cost. Pontiac measures up with the finest on any point of comparison—except price.

It's a simple matter of fact that you can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes!

After a close inspection of Pontiac's luxury and quality and a few miles commanding its mighty 200-horsepower Strato-Streak V-8, buyers from both ends of the price scale are switching to Pontiac in record-breaking numbers. Come in soon for the clinching facts and figures. You'll make the very pleasant discovery that if you can afford any new car, you can afford a big, powerful Pontiac—and step directly into the fine-car class!

Mrs. Henry Gerald Teague Honored at Bridal Shower May 7

Mrs. Henry Gerald Teague, the former Miss Nancy J. Hallmark, was honored at a miscellaneous bridal shower at the Adolphian Club house on Saturday afternoon, May 7, from 3 to 5 o'clock.

Guests were received by Mrs. Viola Biggerstaff and presented to Mrs. Teague, the honor guest; Mrs. Lawrence Hallmark, her mother; and Mrs. John Teague, mother of the groom.

Mrs. Donald Werley presided at the affair and Mrs. Lena Faye White provided incidental piano music during the afternoon.

Miss Arleta Teague served refreshments from a table covered with a white satin cloth. The table was centered by a miniature bride and groom, flanked on each side by pink candies and large pink bows carrying out the chosen colors of the honoree of pink and white. The punch bowl was surrounded by white roses and honeysuckle. Pink rose arrangements were placed throughout the house.

The hostesses for the lovely shower were Mrs. C. M. Carroll, Mrs. Donald Werley, Mrs. Viola Biggerstaff, Mrs. Tom Ellis, Mrs. Tom Woods, Mrs. Bob Abston, Mrs. Jack Thomas, Mrs. Louis Rader, Mrs. Clyde James and Mrs. Cecil Carroll.

devotional. The business session was conducted by Mrs. Milton Hunter, vice president of Gambleville and Mrs. Jesse Moore, president of Thalia. The secretaries are Mrs. H. W. Gray and Mrs. Glendon Russell. Members of both organizations were introduced as the roll was called.

Mrs. Nick Chatfield gave the invocation at lunch. Mrs. Mary D. Brown, County Home Demonstration Agent, discussed the selection of undergarments and their care. Persons desiring to order pecans should send their money to Mrs. A. B. Calvin by May 21. The price is \$1.20 per pound.

Mrs. Horace Phelps and Archie Campbell directed the recreation period. The committee planning the affair was composed of Mesdames Clarence Garrett, Tom Woods, A. B. Calvin and Joe Howard Williams.

Gambleville Club Entertains Thalia Club Last Friday

"Use clean brushes to get clear colors in painting," Mrs. Bob Vaughn of Vernon stated to members of the Thalia and Gambleville Home Demonstration Clubs meeting at the Adolphian Club house on May 6.

Mrs. Vaughn lectured on ceramic and china painting. The Gambleville club was the hostess for the occasion.

Following a sing song, Mrs. J. C. Prosser gave an inspirational

ack were hostesses at a reception in the home of Mrs. Oliphant honoring the ones who took part that evening. At a beautifully appointed table, punch and cookies were served to the pupils and their guests.

On Friday, Mesdames Henry Borchardt, Glen Goodwin, A. E. Barker and Irving Fisch entertained at the home of Mrs. Borchardt with a reception honoring the second group. The home was attractively decorated and frosted punch, cookies and mints were served.

Piano Pupils Present Recitals May 5 and 6

The piano pupils of Mrs. Allen Sanders were presented in recitals May 5 and 6 at the high school auditorium. The programs were made up of duets, solos, and a trio. For the most part, the playing showed careful work on the part of the pupils.

Certificates received in the National Guild Piano auditions last month were presented. Those receiving certificates were Mary Kay Coffey, Janie Bowers, Carol Fisch, Pat Prosser, Carolyn Denton, Marilyn Denton, Sharon Eyerson, Kay Johnson, Gaye Johnson, Bobby Barker, Judy Barker, Arcina Garrett, Barbara Womack, Judy Allison, Barbara Bell, Elnie Addins, Judy Borchardt, Barbara Goodwin, Beverly Thompson, Carolee Oliphant, Charlotte Sledge, Mary Ann Brown, Mary Sue Speer, Paula Sparks, Judy Sandlin, Jo Wynn Elern, Carria Driver, Sue Sanders, Betty McKown, Diane Sledge, Jo Frances Long and Alta Nell Bartley. These pupils and Rooms, Sue Oliphant, but not Betty McKown, played in the recitals.

On Thursday, May 5, Mrs. Nelson Oliphant and Mrs. Reed Wam-

Austin Highlights

by Senator George Moffett

There has been much discussion in recent months concerning the need for strengthening and tightening the insurance laws in this state. About 25 bills have been introduced in this session of the Legislature to bring about improvements in the insurance laws, and several of them will pass.

It is well to remember that there are many kinds of insurance; among them are life insurance, fire insurance, health and accident insurance, automobile insurance, hail and accident insurance, burglary insurance, fraternal insurance, and still others. A law which applies to life insurance would not fit fire insurance or health and accident insurance or any of the other types mentioned. The safest insurance from the policyholder's standpoint is usually in a company that has ample reserve to take care of just claims. This matter of how much reserves brings on argument. Most insurance companies can pay claims under ordinary circumstances, but when some unexpected event occurs, like the San Francisco earthquake and fire which caused a loss of \$300,000,000 in a single day, it is easy to understand that such large and sudden losses may strain the ability of some companies to pay just claims. An atomic bomb explosion could do the same thing.

Furthermore, there are some types of insurance companies that are not required to accumulate big reserves to meet emergencies. It is therefore a matter of common sense and sound judgment for a purchaser of insurance to learn something about the company in which he plans to take out a policy. There are various types of companies, known as old line legal reserve stock companies, limited legal reserve stock companies, mutuals, both local and statewide, fraternal insurance societies, and still others. Some of these companies do a big volume of business and are well managed; others which do a limited volume of business are also well managed. In fact, good management is essential in insurance matters just as it is in other types of business, and the better the management, usually the safer the company.

In keeping with the constitution, most of the laws passed at this session of the Legislature will become effective 90 days after adjournment. Quite a number of companies are being organized now before the new laws go into effect and some of these companies may not have as much reserve as sound business judgment requires. Under the new law they must bring up their reserves to the required standard at some time in the future if they continue in business.

While the laws which are being passed through the Legislature now are helpful and will safeguard the policyholders more than has been the case in the past, yet there is still need for the purchaser of insurance to choose a sound, well managed company rather than to shut his eyes and take out a policy without knowing something of the financial background and the ability to pay claims of the company from which he buys a policy. This is a most complicated problem, due to the various types and kinds of insurance that the public needs and should have, and also due to the various types of companies that are trying to supply this need. It may require further improvement in the laws at the next session of the Legislature in order to get the job done right. We learn by experience too.

Must Have a Great Story.
Wednesday and Thursday,
May 18 and 19 we are showing
"Deep in My Heart" which is
The Story of Sigmund Romberg.
If you like good music and
A truthful simple story
You'll love "Deep in My Heart."

You Won't See a Picture with More Charm or More Heart in 1955!

LEONA BENDER, popular radio star of KTSA says, "Every woman knows light Karo is best for cooking... and on the table..."

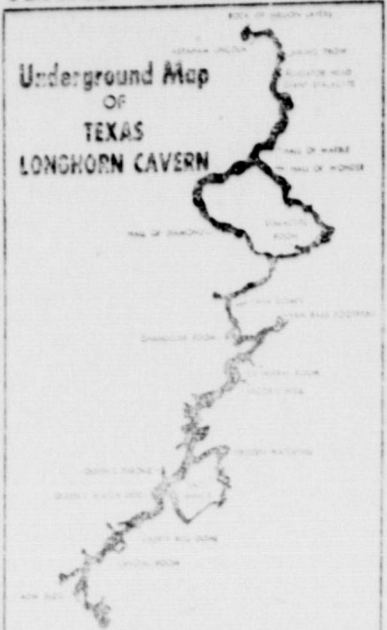

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

CANADA'S DIESEL PLANT
General Motors Diesel Limited at London, Ontario, delivered its 590th locomotive in Sept., 1954. One of the newest of GM subsidiaries, GMD went into production in June, 1950, as Canada's first plant erected for the exclusive manufacture of Diesel-electric locomotives.

TEXAS' BIGGEST CAVE

Longhorn Cavern, which is the third largest cave in the world in its present form, already can boast of a greater variety of natural phenomena than any of the other great caves of the world. Every one of the tremendous chambers and the passageways which connect them is different—due to the diversity of the rock layers through which the cavern was carved by an ancient river.

The Chandelier Room has grotesque stalactites hanging like weird chandeliers from the ceiling. In the Dome Room, the ceiling is pitted with strange dome-like depressions. Crystalline calcite in the fabulous Hall of Diamonds makes the walls sparkle as though encrusted with precious gems. One long tunnel is reminiscent of the Catacombs of ancient Rome. Iron oxide gives a rich glowing red color to the walls in many parts of the cavern. The Main Room is 183 feet long and has had as many as 2,800 people in it at one time (and wasn't even crowded).

In the section of the cave still closed off to the public, two lower levels have been explored, one 185 feet below the surface and the other an eerie 310 feet deep. And the end has not yet been reached, even by the most intrepid bands of "spelunkers." As the cave experts say, no telling how much further the cave goes, winding its way beneath the craggy hills of the Highland Lakes resort country.

Guided tours leave the cavern's administration building every hour and the cave is open every day of the year. The round-trip stroll to and from the deepest part of the tour, 120 feet underground, takes about two hours. Temperature remains at a comfortable 64 degrees, no matter how hot it gets outside.

Already one of Texas' most alluring scenic attractions for out-of-state tourists, the cavern is also unusually accessible for sight seeing Texans from all corners

Texas Longhorn Cavern Is Third Largest Cave in World

Burnet, Texas (Sp.)—The two miles of Texas Longhorn Cavern now open to the public and the six additional miles that have been explored hint at yet undiscovered marvels that may come to light if the subterranean vastness of the huge cave is ever thoroughly charted, in the opinion

of qualified cave experts.

Longhorn Cavern, which is the third largest cave in the world in its present form, already can boast of a greater variety of natural phenomena than any of the other great caves of the world. Every one of the tremendous chambers and the passageways which connect them is different—due to the diversity of the rock layers through which the cavern was carved by an ancient river.

SPEAKS AT HIGH SCHOOL

On Wednesday morning, Mrs. Grover Phillips, a nationally accredited flower show spoke to a group of about 40 girls in High School on a number of interesting topics such as origin of flower arranging, arrangements without flowers, "Dry Weather Arrangements," Mrs. Phillips illustrated her ideas by making arrangements she spoke.

One arrangement which girls especially enjoyed was one which Mrs. Phillips called "The Donkey's Delight."

Correct height for a court is three feet.
