The Store Behind the First State Bank

A PRETTY FACE is the result of a healthy physical condition. Beauty is but "deeper" yet it greatly depends on a clear complexion, free from wrinkles and hollow cheeks. Health always brings wealth of beauty. A healthy state of the system comes with Doctor Pierce's Favorite Prescription. It's a medicine prepared for women's ailments—if cures those derangements and weaknesses which make woman's life miserable. Mrs. MATTIE HALLMAN (daughter of Mr. J. C. Parso, 610 E. Richard St., Sherman, Tex., says: "I write this in the hope that it will assist some poor sufferer. I took 'Favorite Prescription' when I was just entering womanhood. Can say it relieved me of suffering and built up my system in general." Mrs. PERRY FAHREN, of 929 West 13th Avenue, Corsicana, Texas says: "I certainly can praise Dr. Pierce's Favorite Prescription for the good it did me when I was a girl just drifting into maturity. I can't say I will recommend 'Favorite Prescription'."

"A SHINE IN EVERY DROP"
Black Silk Stove Polish is different. It does not dry out; can be used on the last drop; liquid and paste are equally effective; no waste; no dirt or film. You get your money's worth.

Black Silk Stove Polish
is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off; it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. If it isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.
Use Black Silk Air Drying Iron Emamel for grates, registers, stove-pipes, and automobile lug rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, brass, and chrome. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

REPORTER.

At Sunrise Hollow

Oscar Graham and his company will play a return date at the opera house in another new play entitled "At sunrise Hollow" March 28. The play is a romantic comedy-drama the scenes of which are laid in the North Carolina mountains. A family feud and an illicit distillery or the making of "moonshine," as it is called in that locality, is the foundation for the plot. Miss Edith Clark and Miss Chandler have parts in which their youth and beauty show to splendid advantage. Oscar Graham as Jack Bartlett has a part somewhat similar to the one he had in "Circle C. Ranch" and Rupert Clark as "Jest" Jake, a regular country bumpkin, is one long laugh throughout the entire play. This is undoubtedly the funniest of all that clever comedian's funny parts.

We take pleasure in announcing that Oscar Graham and his company will be back again with another new play. This company is undoubtedly one of the best that comes here. We have never had any qualms about going to one of Mr. Graham's attractions for we know that everything is going to be clean and wholesome. "At Sunrise Hollow" is the title of the new play. It promises to be fully up to the standard of his company's previous productions. It will be presented at the opera house Wednesday, March 28. adt

Obituary

Mrs. Emeline McCord, nee Oliver, was born in Jackson county, Ill., Feb. 14, 1839. Was married January 1351 to S. J. McCord, came to Texas in 1855. She was converted July 1871, and united with New Bethel Baptist church, Lavaca, Texas. She was the mother of nine children, six of whom are living—Mrs. J. W. Mudd, Chillicothe; Mrs. J. Q. Middlebrook and W. P. McCord Margaret, Texas; S. J. McCord, Artesia, N. M.; W. A. McCord, Sweetwater, Okla., and J. A. McCord, Altus, Okla.

She became ill on her 78th birthday, and at the home of Mr. and Mrs. J. W. Mudd, Feb. 27, 1917, passed over to join her Savior, husband, three children and other relatives on the other shore.

At the time of her death she was a member of the Baptist church at Margaret. Her body was laid away at Elmer, Okla., beside her husband. Funeral services were conducted by Rev. Barton of Altus, Okla.

Grandma McCord was a dear sweet, consecrated christian and all who knew her loved her because of her cheerfulness, kind words and good deeds. It was always a pleasure to meet her for she never complained, but showed by her every-day life that she believed the promises. How happy is she and how

happy are the children, grandchildren and great grand children and friends because of such a mother, and grandmother and friends.

It is true about her—For as peace comes after suffering.

And love is the reward of pain. So after earth comes heaven, And out of our loss the gain. ONE OF HER FRIENDS.

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezone cost very little at any drug store, but will positively take off every hard corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

With The News Paragrapher

We have often thought when some rich uncle of ours dies and leaves us \$100,000, or some such amount, that it would be becoming modesty in us at first to decline to accept it, but in our review of men's actions who have had experience in such matters we find that such formality is entirely foreign to actual custom. Therefore, for the sake of established custom and in order to carry out a form that seems to be in good taste we will just choke back our sobs, wipe away our tears and smilingly accept our dear uncle's last token of love.

After 40 years of married life an Arlington lady sued for divorce and secured it. Ordinarily we oppose divorces, but of course, in case of a 40-years siege it's different. It was not learned what favors, if any, were granted the man in this case, but if the court wanted to do the right thing, possibly they granted him a life pension as a reward for his power of endurance.

Personally we don't care if woman suffrage does come. We've decided not to worry over domestic affairs. We don't mind to do house work, but since we have never taken a course in domestic science, we feel inefficient as a house "suvrant" and if it does fall to our lot to take care of it, we'll just turn the job over to some one else for all he can make out of it.

Old-timers say we have had a wet moon. That may be true, but the last time we saw the moon the man in it was still burning brush. The only wet moon we know anything about is the one that you never see because it stays behind the clouds.

The cost of living depends to some extent on how one buys. Those fellows who buy and "plank down" the dough say everything is mighty high. But we fellows who buy and just have it "charged" haven't noticed it so much.

As we see it, the difference between an armed neutrality and an unarmed neutrality is that one has arms and the other has them shot off.

It's a mighty easy matter to "catch" the measles, but our experience is that one always needs help to help turn them loose.

Protection against rain, sun or snow—moderate first cost—next to nothing for repairs.

There were twenty entries in the composition contest and the grading is finished. The winners ran remarkably close together. The date for the reading has not been set yet due to delays in getting material to be used at the time the compositions are read.

It is planned to show different styles of lighting fixtures etc. as well as motors for household use and also explain the best ways of using electricity in the home as well as for power purposes, the same evening.

A small stock of Holophane shades has been secured at last and if you want better light and smaller bills try one or more. They are returnable if not satisfactory, but no one has returned one yet.

Better get your meter set and be ready for the day circuit this summer. Remember you do not have to buy the meter. You only make a deposit which is returned to you on request less small depreciation charge.

More people are wiring up for electric service right along and thus getting in line with up to date ways of living. No smell, no dirt, safe, sure and better. See us about fitting up your home or business. All prices reasonable.

The P. & O. No. 111 Lister

This lister is known to farmers wherever sold as P. & O. No. 111, but the improved type is called No. 111 on account of important improvements.

There are more of them in the hands of farmers than all other makes combined,—over 2,000 sold by one dealer in one county in West Texas. The special features on this Lister made it deserving of its immense sale. Its use is not confined to preparing for row crops; it is now almost universally used for plowing for small grain crops by listing and re-listing, leaving the ground in oval waves, which not only catches and holds the moisture but prevents the loose soils of the West from blowing away.

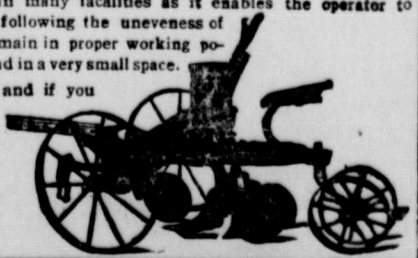

The adjusting link on front end of beam is an important exclusive feature on the No. 111, absolutely preventing the point from running below the desired depth. The wheels are provided with dust-proof boxes, an immense help in the sandy loam lands of the West. The feeding device absolutely deposits one seed at a time of any of the row crops, besides can be equipped for both corn and cotton. You will have to see this wonderful improvement to appreciate it. The tilting hoppers allow change of plates without emptying them. Furnished with either disc or shovel covers. This Lister embodied many other important features that will convince you that it is the best on the market.

The P. & O. No. 123 4-Wheel Lister

This lister has all the advantages of the No. 111 and in addition has rear wheels. This is desired in many localities as it enables the operator to see the seed as planted. The rear wheels have cushion springs to hold them in line with the row and following the unevenness of the ground and conform to the ridge without springing the rear frame, compelling also, the Lister to remain in proper working position at all times. The friction lock disengages automatically, allowing the wheels to castor and turn round in a very small space.

We manufacture the most complete line of Two Row Implements on the market. Ask your dealer and if you cannot be supplied through him, write us for circular and special introductory offer.

Cheap Money

The Farmers have been contending for cheap money for a long time. At last it has come, but not as they expected. The farmers are not the only people who have cheap money, most everybody has a little, but the point we want to emphasize is that it is CHEAP. We are selling groceries,

But Groceries Are No Higher

The trouble is money is too cheap to buy much. Therefore we are confronted with the proposition of placing every dollar where it will buy most. This is everybody's problem. It is not our aim to get every dollar we can for as small amount of groceries as possible, but to give the biggest and best bulk of these necessities that it is possible to give for your hard-earned dollars. On this plan we propose to build our business. Try us with your next order. We'll make your dollar buy as much as anybody will.

R. C. Thornton

Good Business Men

When they go to buy goods for their store always buy from the man who will give them the best goods for the best prices. It is just as necessary to buy right as it is to sell right if you wish to make a success of your business.

The Man Who Buys Groceries

without giving any consideration as to the price and quality is a mighty poor excuse for a business man. It is the business of this store to buy right and then sell right. We want you to come in and get our prices, and then if you decide that you can get better bargains elsewhere, we will cheerfully tell you to go to it. But we know you can't beat our store for prices or quality.

Cheaper

living is what the majority of people want, not cheaper in point of quality, but cheaper only in price. The trusts have failed to corner the market on the meat supply, so this article of food remains within the reach of all. You will exercise wisdom in leaving off some high-priced groceries and in buying more meats.

Election Notice

Notice is hereby given that an election will be held on the first Tuesday in April 1917, the same being the 3rd day of April, 1917, at the court house in Crowell, for the purpose of electing Mayor, City Secretary-Treasurer, City Marshal and two Aldermen for the incorporated city of Crowell, Texas, said two Aldermen to be elected in place of C. P. Sandifer and M. F. Crowell, whose term of office will expire.

Polls will open at 7 o'clock a. m. and close at 7 o'clock p. m.

All qualified voters residing within the corporate limits of said city of Crowell shall be entitled to vote at said election.

C. T. Schlagal,
Mayor.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon J. E. Taylor, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper, published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; to appear at the next regular term of the District Court of Foard county, Texas, to be held at the Court House thereof in Crowell, on the eighth Monday after the first Monday in February, A. D. 1917, the same being the 2nd day of April A. D. 1917, then and there to answer a petition filed in said court on the 6th day of March, A. D. 1917, in suit numbered on the docket of said court, No. 1031, wherein Grady Taylor is plaintiff and J. E. Taylor is defendant and the cause of action being alleged as follows:

That plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of 12 months, and of Foard county a period of 6 months next preceding the filing of her petition. That plaintiff was married to defendant on or about August 8, 1905, in the Indian Territory, and continued to live with him as his wife until about February 19, 1916. That during said time plaintiff conducted herself with propriety, doing her duty as a wife, and at all times treated defendant with kindness and forbearance. That defendant within the first year of their marriage, commenced a course of unkind, harsh and tyrannical conduct towards her, which continued until he finally sent her away from him on or about February 19, 1916. That on divers occasions defendant was guilty of excesses, cruel treatment and outrages toward her, such as to render their living together insupportable. That he cursed and abused plaintiff and addressed to her the most opprobrious epithets and imputed to her a lack of chastity, and on one occasion choked plaintiff and hurled her across the room. That there were born to plaintiff and defendant three children, Huel Taylor, a boy 7 years of age; Arble Taylor, a boy 3 years of age, and Hazel Taylor, a girl 4 mos. of age, which children are still living. That plaintiff is able to bring up and educate said children properly, but that defendant is not because he is a transient, drinking man of no means or income.

Wherefore plaintiff prays that defendant be cited to answer this petition, and that on final hearing plaintiff have judgment dissolving the marriage between plaintiff and defendant, and that plaintiff have the care, custody and education of said children, and for such other and further relief as the court shall think proper to grant, or as plaintiff may be entitled to, either at law or in equity, and for costs of suit.

Herein fail not, but have you before said court, on said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Crowell, Texas, this 6th day of March, A. D. 1917.

JOHN C. ROBERTS,
Clerk District Court, Foard County, Texas.

[SEAL] I hereby certify the above is a true copy of the original now in my possession.

Our New Profit-Sharing System

And How We Can Afford to Give You These

VALUABLE PREMIUMS

WHEN giving profit-sharing coupons and certificates we increase our business and our over-head expense does not increase in proportion. Therefore the premiums we give you have nothing to do with the price of our goods, for we have not advanced our prices, and will continue to give you one hundred cents worth of our merchandise for every dollar you spend with us, in addition to profit-sharing coupons and certificates that are redeemable at our store for any article illustrated or listed in our catalogue.

Naturally it would be impossible for us to carry in stock all premiums listed in our catalogue, but if we fail to have on hand the premium you want, we have made arrangements whereby we can secure the desired article for you on short notice, and those saving our profit-sharing certificates do not have to pay transportation charges on any article in our catalogue.

We solicit and aim to merit your valued trade with the understanding that in return you get full value for your money. Consequently, save your coupons and certificates. The more you buy of us the more you get back in valuable premiums. Do not leave our store without securing coupons or certificates equivalent in value to your purchase. If our salesman fails to give them to you, ask for them—they belong to you as much as your change.

Allow us to help furnish your home and supply you with the most useful articles obtainable, without additional cost to you.

Begin today to save your coupons and certificates, and in a very short time you will possess a sufficient number to entitle you to one or more of our valuable premiums.
