

# THE FOARD COUNTY NEWS

AND CROWELL INDEX

VOL. XXIX, NO. 17

CROWELL, FOARD COUNTY, TEXAS, FRIDAY, SEPTEMBER 19, 1919

8 PAGES \$1.50 A YEAR

## FAMILY OF THREE MAKE \$700.00 IN WHEAT HARVEST

"My wife, 12-year-old son and I made \$700 this season working in the wheat harvest," said I. E. Huffaker, Saturday in conversation with a News representative. "That is more," he declared, "than I have at times cleared on an entire crop."

The boy hauled wheat to the elevator and was given half the receipts, which amounted to \$125 to his part. He is a small boy and looks to be about 8 years of age, being small to his age.

There has been something that all could do this season. Every one who could drive a team was pressed into service, even some of the women taking the job and hauling wheat to town while the men worked with the threshers. In many instances women have cooked for the threshers, making as high as \$7.00 per day. By this means, with the aid of transient labor, the farmers have about saved the biggest crop in the history of Foard County. And no small part of the work has been done by women and children. But they are several hundred dollars to the good, and in most instances not seriously worried by the experience.

## REASONS WHY YOU SHOULD ATTEND THE CHAUTAUKA

Because it will be an investment worth all it costs and because every one ought to make the investment. Common sense would say one should buy what he needs, and all of life's needs are not for the body alone. The Chautauka is educational. It informs, it stimulates to greater endeavor, and thus lifts us to a higher plane of life. In that particular it will be of especial benefit to the younger people of the town and community. In all avenues of life there is a loud call for men and women of ideals and aspirations. It would be criminal to withhold from them the opportunity when it is afforded to help create these ideals.

The great men of the nation approve the Chautauka. Pres. Wilson says he knows no better plan whereby knowledge and inspiration may be better disseminated than from the Chautauka platform. Great ideas and general information are brought to our very door.

One may say that it is a busy time and he does not see how he can attend. It will be vacation for you and will no doubt store your whole being with that renewal of energy and rest which you need, both physically and mentally, and your work will be lightened when you return to it and you will be surprised at the ease with which you can take it up again. Life should be more than an existence of endless toil, and not to make it more is a crime against ourselves.

It will enable us to contrast between wholesome entertainment and cheap amusements, and consequently will create a demand for high-class entertainment. People usually get what they are willing to patronize.

Let it be remembered that the Chautauka, therefore, is not an exclusive to entertain as well, and the entertainment is of the highest order. There will be humor and fun and music, all of which will please and uplift.

Another reason why you should attend is that the surplus of money desired from the Chautauka will stay at home, and our people here will get its benefits, since it will be applied to educational purposes. The Chautauka, therefore, is not an exclusive money making proposition.

## RAINS A HELP TO PLOWING

The splendid rains the first of the week will prove a great help to the farmers in preparing their lands for another wheat crop. The fact is they had done about all the plowing they could do until rains came. The ground was getting very dry and hard on the top and some of them were holding up on the plowing proposition. There is plenty of moisture a short distance under the top of the ground and the rains this week will put the ground in good condition for further breaking.

The rains will be a little too late to help the cotton which is reported to be throwing off considerably. Generally it promises a fair yield and feed is extra good.

## IMPROVING HOG BREED

L. D. Fox thinks one just as well have the best breeds of hogs if he is going to raise them, and with that thought in mind he has bought seven thoroughbred Duroc pigs with which to build up a good herd. These he got in East Texas.

There will likely be quite a lot of hogs bought and shipped in this year, and while they are being bought buyers just as well get the best to be had. By that means it will not be long until the country will be stocked with good stuff.

## VERNON MASONS VISIT CROWELL LODGE

W. H. Stroud, Deputy Grand Master, and T. A. Hamilton, of Odell, and Messrs. Puckett, Kester, W. J. Holmes, S. H. Holmes, Haney, Lewellyn and Huggins visited Crowell Lodge No. 340, A. F. & A. M. Monday and assisted in doing work in the third degree.

## BAPTIST RALLY NEXT SUNDAY

A Baptist rally is scheduled for next Sunday, Sept. 21, in which all Baptists within the Red Fork Association should participate. The place decided upon is at Teacup Mountain, half way between Quannah and Crowell on the road.

The object is to arrange for a close co-operation in the Seventy-Five Million Campaign. A program has been prepared which includes speaking, singing and a spread dinner. Arrangements are being made to make the day one of real enjoyment and profit. Plenty of water will be provided and all who attend are requested to take dinner.

This point is about the most centrally located point to be selected for all the churches of both Hardeman and Foard Counties and a large representation is expected. The hour set for meeting is 10 o'clock in the morning, and it is expected that the program will be concluded by 3 o'clock in the afternoon.

Following is the program: Song Service Led by Alvin Watkins. Prayer—G. W. Underwood. "Why We Have Met"—Dr. J. J. Hanna. Scripture and Prayer—W. P. Pearson. "The Baptist Seventy-Five Million Campaign"—E. F. Adams.

"What is Our Task"—J. B. Henderson. "Can It Be Done"—J. W. Allison. "How It Is to Be Done"—W. P. Pearson. "Who is to Do It?"—C. T. Watkins.

Dinner—Basket—on the Ground. "Reaching the Churches with the Information"—J. B. Henderson. W. M. U. Work—Mrs. W. O. Neal.

W. E. Coffey, Bert Self, and others for Thirty Minutes. General Discussion.—R. B. Edwards. Committees: On Grounds and Parking Cars—Duke Wallace, J. T. Randel, E. O. Jones.

On Dinner—Messdames J. H. Self, J. M. McSpadden, Minnie Haynes, E. L. Henderson, Roy O'Hair, L. T. King, Arch Davis, W. H. Miller, E. J. Wall, R. R. Gilliland, T. D. Frizzell, W. L. Gunnell and Mrs. Walser of Medicine Mounds.

It is regarded as necessary that the members of the denomination get together at once and get into the campaign with their whole strength. There need be no common starting point. You can get in your car, or somebody else's car, and go from home direct, so that you reach the place by 10 o'clock. It will be a fine outing for you, as well as engagement in work in which every Baptist is expected to have a part. Those who want to do real service and can do it in no other way might find the opportunity of furnishing conveyance to some who have none and who would like to go.

BUYING HOGS IN SCURRY CO. Scurry County farmers are buying all the hogs they can get in order to dispose of the biggest feed crop ever made in this county. They propose to put the feed into fat stock and get more for it than by selling the grain. An east Texas man brought a car load of hogs here last week and sold very readily at 25 cents a pound. The people have decided that the best way to control the packer and other meat dealers is to fatten their own stuff.—Snyder Signal.

MRS. M. F. CROWELL AT POINT OF DEATH

One week ago from last night Mrs. M. F. Crowell became ill and grew worse through the night until her illness became so serious that it was thought Friday she could not survive through the day. Finally there was apparently a slight change for the better, however, and hopes of her recovery were entertained. Still later she grew worse and an operation was at last decided upon, Dr. Jay Johnson of Fort Worth, assisted by the local physicians, performing the operation Monday.

Mrs. Crowell stood the operation well and is said to have shown signs of improvement for some time. But for the last two days she has been sinking and at this time (Thursday 2 p. m.) there is no hope whatever for her recovery.

Dr. Johnson brought a nurse with him from Fort Worth who is with her. Her relatives here and from distant points have been at her bedside ever since her violent illness was made known, hoping that she might recover, and the News has hoped that it might be able to make such announcement, and for that reason has waited until the last minute before making any mention of her illness. But it can only say now that her recovery would be regarded as nothing short of a miracle.

SIX WEEKS IN THE HARVEST After six weeks steady work in the harvest, near Truscott, most of the time helping their grandfather, J. W. Westbrook, Sheldon and Hughes Klepper ran up to visit their uncle, J. W. Klepper, and other relatives Tuesday before going to their home at Stanton.

The boys said they had been at work in the harvest for six weeks and had lost only 3% days in all that time. They were wanted longer but they have a cotton crop down at Stanton which they want to go home to look after.

They are the sons of Mr. and Mrs. Joe Klepper and were mere lads when the family moved away 13 years ago. Although not twins, they are well matched in size and show evidences of having lived in a healthful climate and had plenty to eat.

## SANDIFER SELLS BRICK BUILDINGS

A deal was consummated last week whereby the Sandifer brick buildings passed from the hands of C. P. Sandifer to the possession of D. W. R. Erwin. The one-story building is occupied by the Crowell Grocery Co., while the two-story is occupied by M. S. Henry & Co. with hardware and implements, the lower floor of the rear being occupied by the News. In addition in the deal also was Mr. Sandifer's interest in the post office building south of Cecil & Co.

This business deal will not effect a change in residence of either party. Mr. Sandifer will remain in Crowell indefinitely, as he has other extensive interests over the county. Mr. Erwin had already moved from the farm home which he recently sold south of town to Crowell and will reside here permanently. He is buying this income property for the reason that he is getting too old to stand the strain of hard farm work.

## WITH OUR READERS

After having allowed his subscription to expire for some time, Sim Gamble comes back and joins our family of readers.

Henley M. Goode ordered the News sent to his mother for a year before leaving for Austin.

G. H. Moore who lives south of Thalia becomes a new subscriber to the News with this issue, for which he has our thanks.

S. P. Keny came in last week and ordered the News sent to his address at Knox City. Mr. Keny has bought a farm near Knox City and has moved his family to that place.

W. F. Thomson has been one of the busiest men in this county since the threshing season opened. He has been operating a threshing machine, and every one who has had similar experience knows what that means. But he found time last Thursday evening to run in and renew his subscription to the News and to say that he believed the Fite Crowell threshing outfit had shelled out more wheat this season than any other one in the county.

C. D. Pounds of Foard City comes in as a new subscriber with this issue.

I. E. Huffaker of route 3 advances his News a year and sends the paper to his daughter, Miss Vivian, who is attending the C. I. A. at Denton. Mr. Huffaker and family made a record in the wheat harvest this year which is not surpassed by an equal force. During the harvest season he and his wife and 12-year-old boy made \$700. Mr. Huffaker also had 65 acres of wheat which averaged 27 bushels to the acre, 39 of which made 31½ bushels to the acre.

J. Gray of Fato, Texas, renews for the News another year.

G. D. Owens was over from Post this week looking after his farm in this county. And while he was here he said: "I guess I had as well set my paper up another notch," and so he went up to 21. Mr. Owens has nearly as much acreage in Foard County as in the Post country. He has a good place here, as well as there, and is not willing to turn it loose. He reports good conditions over there and says the people have been struck by the oil boom and lots of them are selling their land at a good price.

H. M. Ferrin writes in to have the address of his paper changed from Margaret to Marcus, Iowa, while he and Mrs. Ferrin are on their visit among relatives.

M. S. Henry renews for the paper to his father-in-law, J. M. Huffman, of Plano.

J. A. Stovall, the efficient bookkeeper at Massie-Vernon's grocery store and also a partner in the business, renews his paper for another year.

Judge G. L. Burk gives us \$1.50 to continue his paper for another year.

Mrs. A. E. McLaughlin, County Treasurer, and another one of the News' good friends, renews her paper for another year.

"Uncle" Joe Johnson renews his own paper and also three others, one to his brother, W. M. Johnson, Mt. Airy, Tenn., and another brother, F. A. Johnson, Doyle, Tenn., and to Lee Pope, Wildwood, Ga. "Uncle" Joe wants his relatives to know what we are doing out here. He has our sincere thanks for his liberal patronage of the News.

WILL SPEND WINTER IN OHIO Mr. and Mrs. C. D. Stephenson will spend the winter in their home community in Ohio. They were taken to Vernon Sunday by Mr. and Mrs. Ben Hinds and will spend a couple of weeks there with their daughter, Mrs. W. C. Baker, and husband before continuing the journey to Ohio.

Mr. Stephenson is one of the big wheat raisers of Foard County and really made more this year than he wanted to make. The same was true with his feed crop, according to information he himself gave us, for the last time we were talking to him about his feed crop he was worrying about getting some place to put it. He left the impression that he was going to cut it all with a row binder and would be forced to either rent some land on which to shock what he could not get on the ground where it stood or let it stand and go to ruin. Anyhow it is presumed that he has matters in a shape so that he can leave with an eased mind, and our hope is that he and Mrs. Stephenson will have a most pleasant stay in Ohio.

## WARNED AGAINST "FLU" EPIDEMIC

Austin, Texas, Sept. 14.—The following suggestions for precautionary measures against influenza have been issued by Dr. C. W. Goddard, State Health Officer:

"Last week I called your attention to the probability of a recurrence of influenza this fall and winter and stated that in the past the death rate grew larger with each recurrence. You were advised to get busy preparing yourselves and your town in anticipation of a recurrence. Since that time reports have reached this department of cases of influenza in three widely separated sections of the State.

"While there are many things that have always acted as leading factors in promoting public health work, the dominating impulse should be the desire to prevent sickness, suffering and death, a love for one's fellow man and the desire to do everything possible to add to his comfort and welfare. Civic and personal pride follows closely as a factor promoting public health, for a desire to have the cleanest house and the cleanest town should be the pride of every one.

"I am now calling upon you to set aside one day this week as 'Clean-Up and Organization Day.' Do not stop until you have organized your forces and given your town a thorough cleaning. After a thorough clean-up, let us have for our motto, 'No more trash, littered back yards, streets or alleys. No more vacant lots overgrown with weeds and grass. No more pools of stagnant water.'

"Provide for Follow-Up Work

"I am asking that all health boards call a meeting this week and invite the school boards, the commercial clubs, the civic clubs, the parent-teacher associations, the physicians and nurses and all other organizations interested in problems of health, be invited to participate, and at this meeting organize forces, perfect plans for a present clean-up, and provide for follow-up workers and emergency demands that may arise.

"In anticipation of an epidemic of influenza or one of any other nature, organize your forces, enroll your workers and have everything ready to meet an emergency at a moment's notice.

"If your numbers will permit I suggest that the following officers and committees be appointed, and charged with looking after that particular phase of the work:

"1. A president, or superintendent of public health, with a secretary.

"2. A committee to raise funds to meet the demands, present and future.

"3. A committee of follow-up workers or inspectors to see that everything is kept in proper shape after having been put in proper condition.

"4. A committee on law enforcement to see that all sanitary laws are enforced and all offenders prosecuted.

"5. A committee on public health education. This committee should be composed of physicians and nurses who are willing to devote a short time at stated intervals to giving instructions in public health rules, work and problems.

"6. A relief committee, whose duty it shall be to attend to all indigent cases are supplied with necessary medical attention, food and clothing during any epidemic.

Volunteer Workers

"A committee of volunteer workers. This committee should enroll names of all physicians and nurses, trained and practical, who are willing to respond to requests of the relief committee and give free medical attention to indigents who are not wards of the city or county.

"Where your numbers will not permit of organizing so many different committees, you can combine duties and arrange so that all the above mentioned features will be taken care of by such a number of committees as you are able to organize.

"That old cry of 'the town is broke'—we have no funds' can no longer be tolerated, especially since the work necessary entails no heavy expense, and promises so much in return.

"Public opinion is the one influence that knows no restraint, that puts into practice the old adage, 'Where there is a will there is a way.' It is now up to you to create that sentiment, and you can and in the name of interest in humanity you should do it.

"It is your duty to do so, and your towns will be healthier and more attractive by your having done so, and your consciences will be clear by having done your duty toward yourself and your fellow man."

## COTTON SORRY IN EAST

A. L. Dishman who has been making his home in Rockwall County is here and has been working in the harvest. He has a farm in this county. Speaking of crop conditions in Rockwall County he reports good corn but poor cotton. The worms literally ruined their crop. Mr. Dishman has 30 acres in cotton and he thinks it will yield about one bale to the 30 acres.

He thinks Foard County will do to tie to and therefore he will hold to his land here.

## RECENT MARRIAGES

Mr. James Carter to Miss Lida Webb. Mr. Jim Cates to Miss Dessie Mae Moore. Mr. Ambrose Burdine to Miss Bertha Fox.

## CAR TAKES BATH IN LAKE

A traveling man, whose name we did not learn, driving a Dodge roadster with a Colorado number suspended from the rear, allowed his car to get away from him Saturday when he drove upon the dam of the Bomar lake and the car plunged into water about 7 feet deep. When the car had settled down very little of it remained to be seen above the water.

E. Swain was called on to pull the car out of the lake, but after having spent a big portion of Saturday afternoon in a fruitless effort fell on a plan Sunday, which was to hitch a Cleveland tractor to it. It worked and the car was drawn from the lake and brought to the garage where it was torn down and cleaned thoroughly.

## BEN PASCHALL HERE FROM OLNEY, TEXAS

Ben Paschall and wife and little son, 6 years old, were here Tuesday night and Wednesday till noon from Olney. It had been thirteen years since Ben left here and of course things have greatly changed during that time. However, he found many of his old friends still here and he enjoyed his short visit very much. He came especially to see Dr. Hines Clark and J. W. Beverly and to his very great disappointment they were both out of town.

Ben is now engaged in the tailoring business at Olney and is doing well. He has lived at Olney for about ten years.

## UNDERGOES OPERATION FOR APPENDICITIS

Hilda Gribble, the 16-year-old daughter of Mr. and Mrs. Henry Gribble underwent an operation last Thursday for appendicitis, Dr. Hill, assisted by Drs. Clark and Hart, performing the operation.

The girl had suffered for about three years with an occasional attack of the disease had become chronic. She stood the operation fine and in no way reported to be getting along well.

## NO MINORITY CONTROL

President Wilson's declaration that the American people are in no mood to brook the control of any minority is encouraging. The President and his director general of railroads have just resisted the demand of a minority, and the people are undoubtedly behind them.

The rule of the majority has always been the aim of American political institutions. Ballots and primaries and elections have been a means to discover the actual majority, as against the theoretical majority. The only flaw in our system, that is, the one which most seriously endangers that majority control, in our opinion, is one that prevents a ready working of the will of the majority, after it has been ascertained by direct political elections.

The President is inaugurated in March, and with him, the Congress elected in the November past, but the Congress does not meet until the following December, thirteen months after their election. This is entirely too long to wait for the execution of plans and the direction of policies, upon which the people have passed. This condition should receive the attention of Congressmen.

KIRBY APPEALS FOR SALVATION AID

As a citizen of Texas, already giving largely of my time to other patriotic and philanthropic movements, but interested in the welfare and uplift of every unfortunate individual in my home state, I deemed it my full duty, when called upon, to accept the State Chairmanship for the Salvation Army Home Service Campaign, which begins Monday, September 29th.

However, I assumed that in every county in my state there were others not less busy than myself and just as interested in the success of the appeal now being made to redeem suffering and unfortunate humanity in this state. In most part, I am thankful to say, this assumption was correct, as nearly every county in the state has already organized for the \$600,000 minimum quota Drive now so rapidly approaching.

But, in a few instances, and including Foard County, I have failed to secure anyone who would accept the county chairmanship and organize for the Campaign.

The money is needed now. Time and expense (and I am personally defraying the expense of my office) do not permit me to approach individually the leaders of those counties not yet organized until I secure a chairman. Every county should be well represented on the list published October 6th, at the close of the drive.

I therefore appeal through the press of your county—whose editors are giving me space free—asking:

"Is there not some busy good man who will take the responsibility of organizing your county and raising the sum of \$200.00 for the Salvation Army, that these good people may go on with the work they have been doing in a broader and even more efficient manner?"

If you question the worthiness of this cause or want to know why you should be interested, ask a soldier who has been "over there."

Volunteers please address me care of the Salvation Army Headquarters, Dallas, Texas.

JOHN HENRY KIRBY, State Chairman.

## QUANAH PEOPLE WANT A BRIDGE ACROSS PEASE R.

The Chamber of Commerce at Quannah is behind the movement to create enthusiasm for a bridge across Pease River on the road between Quannah and Crowell and has planned a trip of Quannah business men to Crowell on October 8th for that purpose.

It is known at Quannah that Crowell is interested in the proposition and a delegation of business men went from here to Quannah about two years ago with the view of reaching some definite understanding in regard to the matter if possible. From some cause the matter was dropped and nothing more has been heard of it until recently when the Quannah Chamber of Commerce took it up. Both the Quannah papers gave publicity last week to the Chamber of Commerce's plan to meet here with the Crowell people October 8.

The Tribune-Chief insists that the Quannah people get on the "band wagon" and remarks:

"Have you ever stopped to think how bad Hardeman county needed a bridge over Pease river, on the Crowell road? Foard County is anxious for such a bridge, why not build it? The Chamber of Commerce is arranging for a visit to Crowell, to discuss plans for such a bridge. If you are interested in this move, join the party that will leave Quannah on Wednesday, Oct. 8, and spend the day in Crowell. Think it over and join the party. The trip will also offer an opportunity for getting acquainted with our neighboring business men. Combine business with pleasure and join the excursion."

Just what will be Crowell's attitude to the proposition now the News can not say, but it knows no reason why time should necessitate a change. Quannah needs a bridge and Crowell needs it and if we are ever connected up with the Gulf-Coloredo Highway an unbridged river will render a north and south highway through here of little value.

HISTORY OF CHAUTAUKA

Since Crowell is to have the Chautauka September 24, 25 and 26, it might be well to give a brief history of the Chautauka.

"Chautauka" is an Indian word, the name of Chautauqua Lake in Chautauqua County, New York, where the first Chautauka was held and where the original Chautauka institution still holds its annual assemblies. Its exact meaning is not known, one interpretation being a "bag of meal with a string tied around it," a rather free translation, while another is "two mosses tied together." Whatever the significance of the word, it is agreed that it is descriptive of the lake it names, as so often the case with Indian terms.

Perhaps the very beginning of the Chautauka was the chartering of the Fair Point camp meeting in New York in 1871, which proposed to hold regular meetings each summer near Lake Chautauqua. Dr. George H. Vincent, later Bishop Vincent of the Methodist church, accompanied by Lewis Miller, a wealthy manufacturer from Ohio, both of whom were deeply interested in Sunday School work, visited the spot in 1873. This visit and their joint idea to provide a summer school of instruction for Sunday School workers resulted in the announcement of "The Chautauka Sunday School Assembly" for 1874.

Over three hundred attended the first year, and the Chautauka quickly developed and grew. At first a denominational institution, it was soon incorporated as one interdenominational. From the mere training of Sunday School workers, the Chautauka in general was taken up. As its originators recognized its possibilities they enlarged its scope until it became a great educational assembly for the study of all the arts and sciences. Not only was the summer assembly held, but study courses were devised for use in the home, and by 1885 no less than 100,000 students were enrolled.

Naturally such a pleasant idea achieving such excellent results could not be confined to one institution and one location. The system of bringing the best thinkers, teachers, interpreters and musicians to some central place where the people might assemble to hear them on carefully arranged programs, still the very plan followed by the present Chautauka.

From one Chautauka in 1874 there were two in 1876, in 1877 two more, and so the idea grew until there were 35 in 1885. This year finds over 6,000 American communities enjoying their Chautaukas with a total attendance of many millions of people, all as the result of that first Chautauka on Chautauqua Lake in 1874.

Remember that on Wednesday, Thursday and Friday of next week the people of Crowell and Foard County will have the pleasure of attending one of the 6,000 communities over the United States now enjoying the pleasures and benefits of the Chautauka.

Cotton and feed are now beginning to get ripe and again the farmers are facing the proposition of labor. But one thing in their favor is the fact that they do not have to rush quite so much as they did in the wheat harvest.

## You Can't Afford

Not to specify Herring-Showers' QUALITY LUMBER in the building of that new home.

We've been in the lumber business a long time and many of the best homes in the country have been built of our material, and the constant repeat orders we receive are our best testimonials.

## Fat Hogs and Cattle Wanted

I am prepared to handle all of your fat hogs and cattle, and will pay the highest market price. Phone, see me in person, or write

**ZEKE BELL**

**MARGARET MUSINGS**  
(By Special Correspondent)  
Cotton has been opening very fast, and the gin at Margaret is ready for the new crop.

Cotton pickers are getting \$2 per hundred, which means from six to ten dollars a day for hands.

Threshing is done and our people are now praying for rain, so they may prepare their land for wheat.

Grasshoppers are so numerous that it will be folly to plant wheat before frost comes for they will destroy it.

Winter pasture on wheat fields will be scarce for the wheat will be late and farmers should save all their roughness for winter use.

People are bringing in fine tomatoes and peaches, and Bro. Dunn sent us a kershaw that will make about forty pumpkin pies, yum, yum.

Our folks are preparing for winter. We have received two cars of coal in two weeks and each car was unloaded in one day. The next car will be here next week and will not supply those who are waiting. This will be the last car at present prices.

We need a good grocery store in town. Our wife was sick this week and wanted some crackers, but there was not one in town. We had to send to Montgomery-Ward for a box of crackers, and they complain if we do not patronize home merchants.

The Baptist meeting is progressing under adverse circumstances. First, the electric lights went out and made it look like a movie show. The fellow with his girl enjoyed it, but the girls without fellows were mad. Then the preacher failed to come, but we think these troubles are now over and we hope for a good meeting if it don't rain too much.

#### VIVIAN NEWS

(By Special Correspondent)

Frank Easley went to Quannah last week returning Saturday.

John and Jack Rasberry returned to Chickasha, Okla., last week.

A light shower fell in this community which will help crops some.

Tom Patton spent Saturday and Sunday with his family at Crowell.

Mrs. Ben Easley and Lynn went to Crowell last week for Lynn to enter school.

A. L. Walling and Allen Fish went to Oklahoma City last week and bought some cattle.

Mrs. A. L. Walling and daughter, Bernice, visited her daughter, Mrs. Kate Nelson, at Cement, Okla.

Mr. and Mrs. Counts Ray of Crowell and Mrs. L. D. Harris visited with T. W. Cooper and wife Sunday afternoon.

Some farmers are breaking land but complain about the ground being hard. Egbert Fish and J. W. Carroll are running tractors.

Mr. and Mrs. Louis Dishman came in from Rockwall county on the account of the death of Mrs. Dishman's mother, Mrs. O. E. White.

Mr. Whalley with the Seaman and Whalley thrasher received a telegram calling him home at once, so he left immediately for Greenville, Texas.

We have one thrasher running yet in this community, Seaman and Whalley of Thalia Sunday. They have some 500 acres yet to thresh for Frank Easley and on the A. G. McAdams place.

Our community is pretty well represented in Crowell school this year. Ira, Boss, Myrtle and Dollie Fish, Clarence and Ethel Benham and Addie and Claudis Carroll and Miss Otis Benham is one of the teachers.

# THE Texan Touring Car

is a Texan product, built at Fort Worth in an up-to-date factory, especially designed to meet the demands of hard usage, rough roads and Southern climate. Strong, large, beautiful, roomy. Easy driving, quick pick-up, plenty of speed, yet only weighs 2350 pounds. 17 to 22 miles to 1 gallon gasoline.

#### PLAINVIEW POINTERS

(By Special Correspondent)  
W. A. Walker and wife attended church at Thalia Sunday.

Miss Vivian Coffman attended church at Thalia Sunday.

Kebe Short and family visited at Thalia Saturday night and Sunday.

Mr. and Mrs. Stark Pressley visited the latter's parents, Claud Davis, and family Sunday.

Tom Wade and family left Saturday for their home after an extended visit with relatives here.

Eric Wheeler and wife spent Saturday night and Sunday with Mrs. Wheeler south of Vernon.

Mrs. Sims is spending the week at Thalia with her daughter, Mrs. Grover Phillips, who is seriously ill.

Miss Vera Keese left Tuesday for her home at Odell after an extended visit with her brother, William.

Mrs. Mollie Jones of Dallas is visiting her daughter, Mrs. Minnie Clark, and her mother, Mrs. Nancy Jordan.

Carpenters are busy building another room to the Rayland school house. They will employ three teachers this term.

C. J. Fox and family, Frank Matthews and family, also Mr. Pressley and family of Talmage spent Sunday at the J. R. Coffman home.

Joe Huntley and family left Monday for their home in Knox County. His mother, Mrs. Huntley, accompanied him home to spend a few days.

#### KILLING THE TOWN

An exchange prints the following receipt for killing a town:

"Underrate every present and prospective enterprise, speak ill of the churches and schools; enlarge the vices of the people; withhold patronage from your merchants and tradesmen, and buy your goods and groceries at some other place; never subscribe or support your local papers, and if you are in business, never spend a penny for advertising."

#### ABSTRACTS OF TITLE

Furnished promptly  
By  
**THE J. E. BRAY LAND & ABSTRACT CO.**  
J. C. THOMPSON, Mgr.

**Fat Cattle Wanted**  
I will buy your fat cattle at the best market price. Call, phone or write me if you have any to sell—  
J. W. Bell, Crowell, Texas.

For Sale—Pure Mediterranean (soft) wheat for seed, native raised.—  
J. E. Bell.

If you have a car in good mechanical condition, why sell it at a sacrifice. Have it painted and upholstered and a new top put on. For such work see W. T. Garrell, So. side square.

Our idea of a dead strike is that of the New York bartenders, who recently demanded higher pay.

## Feed and Hay

### THALIA ITEMS

(By Special Correspondent)

The Methodist people have installed a piano in their church.

Born to Mr. and Mrs. Grover Phillips, September 13, a girl.

J. M. Phillips returned home Tuesday after a few weeks vacation.

Mrs. Jessie Jobe and children were among the shoppers here Monday.

Mrs. Randolph spent Sunday and Sunday night nursing Mrs. Grover Phillips.

Mrs. Lem Roberts and little daughter are here from New Mexico visiting relatives.

Joe French and Walter Carr and children went to Crowell Saturday afternoon.

Mrs. Garland Burns is spending the week in Crowell visiting her mother and brothers.

Miss Alma Schroeder and brother and sister attended church at Rayland Sunday night.

Mrs. Josie Bledsoe and babies of Colorado are visiting her parents, Dr. and Mrs. Maine.

Mrs. Nash of Crowell is at the bedside of her sister, Mrs. Grover Phillips, who is quite ill.

Miss Leta Haney is improving rapidly and it is to be hoped that she will soon be entirely well.

There were quite a few from here who attended church at Rayland Sunday and Sunday night.

Will Newbrough and Gordon Davis assisted Walter Banister in heading maize a few days last week.

Mrs. Jas. Abston and family visited relatives and friends at Wellington from Friday until Sunday.

Mr. Keny was here a few days last week looking after his wheat. He recently moved to Knox City.

G. A. Burks and family of Crowell visited in the home of Mr. and Mrs. Frank Long Monday of last week.

The Methodist meeting began Sunday night. The pastor assisted by Rev. Tharp of Margaret is holding it.

Mr. and Mrs. Everett Haney and Mrs. Gregory and daughter of Vernon visited Mr. and Mrs. Moe Haney and family.

Mr. and Mrs. Walter A. Johnson spent Saturday night with the latter's parents, Mr. and Mrs. Sim Gamble of Ayersville.

Mrs. J. C. Thompson and son, Walford, and daughter, Thelma, motored out to the J. G. Thompson home Sunday afternoon.

J. J. Williamson and daughters, Sallie and Catherine, spent Saturday night and Sunday visiting in the Jameson community.

Do not expect to pay a high price for talc perfumed with an odor that cost thousands of dollars to produce would be natural. But to be able to obtain such a superb perfume at a low price is a delightful surprise. This surprise awaits you in the Talc perfumed with Jonteel—the New Odor of Twenty-six Flowers.

# Ferguson Brothers

The Rexall Store

# Deering and McCormick CORN BINDERS

Owing to the strike conditions in Chicago at the McCormick works, our car load of Corn Binders were held up and they have just arrived.

Every one knows what the Deering and McCormick Corn Binders are, as they have been tried and tested for the past eighty years.

Let us show you these binders. Better come in and get one while we have them on hand.

**J. H. SELF & SON**

Mr. Doty, the new gin man, has moved into the Charley Parker residence, Jim Meason having moved his family to the store building.

Misses Dot and Bessie Thompson of Crowell were the guests of their cousins, Sue and Leona Thompson, Saturday night and Sunday.

Garland Burns went to Vernon Monday to meet Dr. Johnson of Ft. Worth who was called to the bedside of Mrs. Fite Crowell, who is dangerously ill at Crowell.

Mrs. Jim Hammonds and children are visiting Grandma Hammonds. They have recently bought Mr. Taylor's home and will move to it the first of the year.

Joe Huntley and family who have been here from Knox City visiting relatives some time left for their home Monday. They were accompanied by his mother, Mrs. Allie Huntley.

Jim Cates and Miss Dessie Moore surprised their many friends Wednesday evening when they drove to Crowell and were quietly married. All join in wishing them many years of happy wedded bliss.

Edna, the little twin daughter of Mr. and Mrs. Jeff Flemming, was buried Friday in the Thalia cemetery. Edwin, her little twin brother preceded her about two months to the Glory Land. Jesus said, "Of Such is the Kingdom of Heaven." We extend sympathy to the bereaved ones.

### GIRLS! LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion for a few cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whiteners and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

Picture show at airdome every Tuesday, Friday and Saturday nights. Starts promptly at 9 o'clock.—Bell Opera House.

It is found that there is a very definite connection between the coat color of horses and the frequency with which white markings occur. Thus the latter are by far the most commonly associated with the chestnut color. And not only are they the most prevalent in chestnut horses, but it is also, of course, a well-known fact that the markings are apt to be more extended in nature in the case of this color than in that of any other. Chestnut, therefore, apparently possesses so to speak, a special affinity for these markings. Bay ranks next as regards the degree of frequency with which white markings appear in horses of this color, although it comes a good way behind chestnut in this respect. Then follows brown, while the white marks are met with less frequently among black and roan colored horses.

### Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

### Thedford's Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. B-75

Do you need a new watch? I have some good ones.—A. C. Gaines.

Try Nyalis corn remover.—Ferguson Bros.

T. S. EDWARDS, Surgeon.

# THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, OWNERS AND PUBLISHERS

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, September 19, 1919

Lloyd George insists on the former Kaiser's being tried and punished but as yet Holland has not consented to "deliver the goods."

A year ago the people of South and East Texas were pitying the drought-stricken West. And now the people of the West are pitying the overflowed South and East. So it goes. All things figured up and due credits given the West shows a very good balance in its favor.

Corpus Christi received a liberal share of the force of the great storm on the coast and as a result millions of dollars worth of property was destroyed and about 3,000 people rendered homeless, besides a number killed. All of Texas now has the opportunity of rendering those people aid as no doubt our people will do.

The banks over the country have about twice as much money on deposit as they had a year ago. Dallas is one example, having now about \$100,000,000. The local banks are not an exception. The deposits of the two banks of Crowell will approximate three quarters of a million. But it is the cheapest thing we have.

It is certain that Foard County will not have as great wheat acreage next year as it had this. The farmers are too far behind with their plowing. Wheat sowing time is now here and hundreds of acres of land have not had a plow put into them. Even some wheat is yet untrashed in the fields. But it may work to the good of the farmers after all. Next year may see cheaper wheat and higher cotton and feed and a larger portion of our farm lands devoted to these might be to the advantage of the farmer.

Thousands of Germans will immigrate into Mexico within the next few years. Of course they will bring with them their ideals, and they will have an influence on the national life of Mexico in the years to come. We can hardly hope that out of it will come an improvement of conditions in Mexico that will make that republic a

more congenial sister. So, it looks like it is up to the United States to begin to take measures to guard her interests against what we have reason to believe will be an enemy country of growing power.

One newspaper correspondent in Berlin points out the fact that Germany is finding it difficult to fit itself to the pattern of a republic, and consequently that country is suspended amid uncertainties. It may settle down to become a real republic, or it may flop back to its original form of government and recall the Kaiser. One thing seems certain. Germany will never be more than a nominal republic until Germany is born again. She's got to be a new creature out and out, and the process of recreating her will require a long time.

According to reports of the wheat crops all over the world there is nothing that indicates higher prices of this year's American wheat crop. England has made a large crop and even war-torn France has a crop little less than normal, while Australia has made a bumper crop. It is predicted that before many months we shall see flour cheaper than it has been for some time. This, together with the drop in prices of hogs, looks a little better to the consumer. But the prices of dry goods and clothing are still on the advance.

The people of Texas are advised by the State Health officer to take precautionary measures to avoid a recurrence of influenza by a general clean-up. According to reports the towns of this country are in the worst sanitary condition they have been for many years. Weeds by the millions have grown up and we have been almost helpless to successfully combat them and discharge other duties that have crowded in upon us. And yet, our best judgment tells us that our neglect of this matter is dangerous. A clean-up day for the whole state should be insisted upon.

A complete line of jewelry. Don't fail to see my stock before buying—A. C. Gaines.

## HOSPITAL NURSE PRAISES TANLAC

Gains Eleven Pounds and Is Feeling Fine Since Taking Tanlac

"Tanlac did so much for me that I feel it my duty to tell others about this medicine," said C. M. Khamey, a professional nurse living at the Hotel George, on Sixth street, San Francisco, Cal., recently. Mr. Khamey has been nursing patients in the hospitals for the past eight years.

"Last February," he continued, "owing to an accident in which my leg was broken I was confined to my bed for several weeks. I lost my appetite and could hardly eat anything to nourish me, consequently I lost weight. I took several different kinds of tonics, hoping they would help build me up but they did me no good. One morning I read a statement by a lady in Los Angeles who said she had gotten such wonderful benefits from taking Tanlac that I decided to try it myself. By the time I had finished half of my first bottle my appetite returned and I felt hungry for the first time in weeks. From then on I started right in to pick up and my appetite got better and better and I slept better at night. I have already gained eleven pounds and am feeling just fine, even my doctor has remarked how much better I am looking. I would never allow my name to be used in connection with a medicine before, but I have had such excellent results from using Tanlac that I take great pleasure in recommending it to anyone needing a medicine to build up the system."

Tanlac is sold by leading druggists everywhere.

## NEWSPAPER BORROWERS

A newspaper publisher whose sheet had quite a poor subscription list, used to justify the value of his advertising space on the ground that a great many people borrowed the paper and so read it without paying for it.

As far as his books went, he could make poor showing. A national advertising agency would not have been impressed by an audit of his accounts. Yet he had a perfectly good claim. He was getting out a good sheet and it was safe to assume that about every one in town read it. If any business concern wished to interest the people of that town, his paper was the only way to reach them, and it would do the job for them very efficiently.

The number of people who habitually borrow newspapers is large. Some men make an excuse to drop into a store where a local paper is lying around the counter, and they carefully peruse it. The clerks are on to the game and sticker a little. But as the man may be a good customer they are glad to pass the paper on.

Many papers go the rounds of several families. The old folks will read it, then pass it on to their married children, or give it to the hired man's family or the next door neighbor.

Now as far as the lender goes, that is all kindness of heart. But it does not solve the problem of producing a newspaper that shall adequately represent the community, and which shall be able to make a clean circulation statement, based on the actual extent to which it is read. It is not a subject that needs more extended treatment. But perhaps some people on seeing this suggestion, may realize that they have not done quite their share in support of one of their town's institutions.—Sherman Democrat.

Now that wheat harvest is over it is time to save our feed crops.

CROWELL, TEXAS  
Phone 158

**How Word "Booze" Originated.**  
In the Pennsylvania museum, Memorial hall in Fairmount park, Philadelphia, can be seen a collection of highly decorated old bottles, and the one which attracts most attention is the log cabin whiskey bottle, molded in the shape of a house. On one end is the inscription "129 Walnut street, Philadelphia," together with the date, which is "1840," on the front of the roof. On the back is stamped in bold letters, "E. G. Booz's old cabin whiskey."

This erstwhile vendor of spirituous liquor is said to be responsible for the use in America of the slang appellation "booze," by which all kinds of intoxicating drinks are known to-day. Although some etymologists give it as being derived from the Hindustani word "booz," meaning to drink, while others claim it is from the Dutch "booyzen" to tippie. The term was good English in the fourteenth century.

### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, caluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Rev. A. C. Gettys preached at the Baptist church Wednesday night to a fair representation of the membership. He left Thursday for Fort Worth by way of Vernon.

Mr. and Mrs. Furd Halsell and son, Glenn, are at their ranch this week from Fort Worth. They have recently returned from Long Beach, Cal., where they spent the summer.

John Raser, brother of W. T. Raser, and daughter, Miss Lucy, came in Wednesday from Collin County on account of the serious illness of Mrs. M. F. Crowell. Mr. Raser's niece.

J. G. McCarroll, who has been keeping books for the Herring-Showers Lumber Co., has been transferred to Vernon, having left last Friday. A. L. Cock is again with that Company at this place.

Rev. A. C. Gettys was here a few days this week on a visit from Fort Worth. He is attending the Baptist Theological Seminary at Fort Worth and also serves a Baptist church at Louisville, Texas, with full time.

Mrs. G. M. Bush and father, J. L. Davis, who have been here for some time visiting relatives, leave today for their home in Nocona. They were accompanied by Miss Loydale Bush of Prague, Okla., who has also been here visiting relatives.

Rev. J. B. Henderson and family returned last week from an extended visit with relatives at De Leon and other points. The family had a great deal of sickness after going down to De Leon. Mrs. Henderson was seriously ill for some time, and then just before returning to Crowell one of the children was seriously ill for several days. Bro. Henderson is conducting a meeting at Margaret this week.

# SHOES

WE are selling out our first shipment of shoes very fast, and if trade keeps up at the present pace, within the next two weeks we will be out of all shoes bought early.

We bought a very large shipment of shoes to arrive within two weeks, and in almost every instance the wholesale price was more than the present retail price. We haven't raised the price on any of our shoes bought early and you can make a great saving by buying now.

We bought very heavy on Buster Brown school shoes and we still have a full run of sizes. So better shop the children now.

## Self Dry Goods Co.

Post War Maxwells on hand now.—S. S. Bell.

For Sale—Four-disc Sanders plow. See me at home or call me on line 7, long, short, long.—Louis Kempf. 17p

For sale a five-passenger Maxwell automobile, been run less than 1 year, in first-class condition. Will consider horse and buggy, cow or disc harrow. See E. S. Haggard two miles west of town. 17p

For Sale—Four-room house with cistern and garage, two 50-foot lots. Five-room house, cistern, well, good sheds. Both of these places are situated in north part of Crowell. See J. R. Beverly. 16

Dodge, Maxwell, Chevrolet, Overland, Hupmobile and Oakland batteries in stock. Fresh from the factory. The Everready; guaranteed for 18 months. We can fit nearly any car from stock. Let me tell you about them.—D. P. Yoder. 17p

Dr. Hines Clark returned yesterday from Denton where he and Mrs. Clark had gone with their daughter, Frances, where she will attend school at the C. I. A. The registration office was so badly crowded that Mrs. Clark had to remain over until Thursday to get her daughter located.

MEET ME AT FERGUSON BROS.

Mrs. Edna Greening was here this week from Vernon visiting relatives.

LEAGUE PROGRAM

Paul's First Missionary Journey. Leader—Eilon Akers. Set apart for service, Acts 13:1-3.—Vera Crews.

On the Island of Cyprus, Acts 13:4-12.—Myrtle Griggs.

Saul becomes Paul, Acts 13:9.—Lillian Belle White.

Antioch in Pisidia, Acts 13:14-5.—Nathalie Dickerson.

At Iconium, Acts 14:1-5.—Jewell Kenner.

Phone No. 822 Rings

The wisdom of President Wilson in keeping relations open with Bulgaria during the war has been amply shown by the published statements of General von Ludendorf. In fact, he practically attributes the break to this counsel general.

Meet me at Ferguson Bros.

### CHAUTAUQUA PROGRAM

Opening Day  
Afternoon

The Fighting Yanks..... Concert  
Dr. W. T. S. Culp..... Lecture  
"The Lamp of Aladdin" or  
"What is Education."  
Night

Dr. W. T. S. Culp..... Lecture  
"The Greatest Thing a Man May Know" or "The Purpose of Education."  
The Fighting Yanks..... Concert

Second Day  
Afternoon

Florence E. Besley..... Lecture  
"The Red Cross—A Record and a Prophecy."  
The Bellino-Taylor Co., Entertainment  
Conference on "Home Care of the Sick," conducted by Florence E. Besley—an officially assigned Red Cross Nurse.  
Night

The Chautauqua Director, Dr. G. W. Henry..... Lecture  
"The Problem of the Unprepared" or "The Need of Education."  
The Bellino-Taylor Co., Entertainment

Third Day  
Afternoon

Miss Catherine Mason..... Lecture  
"Home Making"  
The Columbians..... Concert  
A Community Conference, "The House around the Corner," conducted by Miss Catherine Mason.  
Night

The Chautauqua Director, Dr. G. W. Henry..... Lecture  
"Pushing Back Horizons" or "The Results of Education."  
The Columbians..... Concert

### POINTED PARAGRAPHS

The only reason some folks object to bad weather is because they get wet going to the moving picture show.

A brewing company in Pottsville, Pa., is building an ice cream factory. This is a sign of the times.

A Detroit wife abandoned her infant because "he made her nervous" but kept her poodle dog. She must have wanted intellectual company.

The latest disciple of preparedness lived in Newark, N. J. After requesting his friends to be pallbearers at his funeral which would be held soon, he committed suicide.

Gompers is without doubt in command of organized labor. His leadership was never better used than in calling a halt upon the excessive demands of laborers everywhere.

General von Ludendorf says it was the knowledge that America was pouring troops into France that caused him to risk all in a great offensive in 1918.

Roumania says the peace arrangements with Austria are unsatisfactory. Serbia and Greece refuse to comment. Will another Balkan problem be the outcome of Versailles?

A Cincinnati bridegroom, aged 64, cannot marry his bride aged 13, said a court which fined the intended husband \$100 and gave him six months. There are some married people who think him lucky at that!

Col. Raymond Robin, former head of the American Red Cross in Russia, made an interesting talk at the Columbian Rotary club's meeting Tuesday. It was a speech that everybody would have enjoyed hearing.

## RADCLIFFE CHAUTAUQUA

WASHINGTON, D. C.

# GROWELL CHAUTAUQUA

## September 24, 25 and 26

Three Big Days--Six Double Programs--Three Afternoons and Three Nights

---Entertainment, Education and Impersonation---

On each program there will be excellent music, clean and wholesome entertainment features and a great lecture.

The chautauqua brings to all a jolly and happy time, and it helps us to get a big vision of life and the things that are worth while.

The following citizens have purchased the entire six programs of the Radcliff Chautauqua System of Washington, D. C. None of the guarantors will receive or accept any profit whatever but the entire surplus will be appropriated as a community benefit.

J. W. Beverly, Dr. R. L. Kincaid, Dr. Hines Clark, Kimsey & Klepper, R. R. Magee, Judge G. L. Burk, S. C. Auld, Owl Drug Store, R. B. Edwards Co., E. Swaim, Edwards & Allison, W. T. Razor, Olds & Allison, R. J. Roberts.

In addition to the above list of guarantors there are a number of other persons who are co-operating to help make the Chautauqua a great benefit and success.

Price of season ticket good for entire six programs are: Adults \$2; School Children \$1.

T. P. Reeder and S. C. Auld are managing the season ticket campaign.

### LOOK FOR THE BIG BROWN TENT

D. Hines Clark, Gen. Chairman--R. R. Magee, Sec.-Treas.

# PRINCE ALBERT

**TALK** about smokes, Prince Albert is geared to a joyhandout standard that just lavishes smokehappiness on every man game enough to make a bee line for a tidy red tin and a jimmy pipe—old or new!

Get it straight that what you've hankered for in pipe or cigarette makin's smokes you'll find aplenty in P. A. *That's because P. A. has the quality!*

You can't any more make Prince Albert bite your tongue or parch your throat than you can make a horse drink when he's off the water! Bite and parch are cut out by our exclusive patented process!

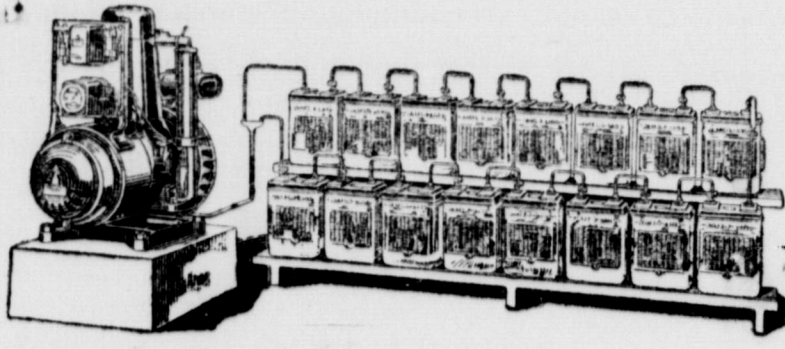

You just lay back like a regular fellow and puff to beat the cards and wonder why in samhill you didn't nail a section in the P. A. smokepasture longer than you care to remember back!

*Buy Prince Albert everywhere tobacco is sold. Tippy red bags, tidy red tins, handsome pound and half pound tin humidors—and—that clever, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.*

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

**PLANETS MOVING INTO DANGER ZONE: EARTH WILL REEL FROM THE SHOCK**

By Prof. Albert F. Porta  
Owing to a strange grouping of 6 mighty planets, such as has not been seen in a score of centuries, the United States next December will be swept by the most terrific weather cataclysm experienced since human history began.

It will be caused by the hugest sunspot on record—a sunspot that will be visible to the naked eye. Since man first began to make record of events no sunspot has been large enough to be seen without the aid of instruments. This one will be.

The sunspot that will appear December 17, 1919, will be a vast wound in the side of the sun. It will be a gigantic explosion of flaming gases, heating hundreds of thousands of miles out into space. It will have a crater large enough to engulf the earth much as Vesuvius might a football.

Such a sunspot will be rich enough in electro-magnetic energy to fling the atmosphere of our planet into a disturbance without precedent or parallel.

There will be hurricanes, light-

ning, colossal rains. It will be weeks before the earth will regain its normal weather conditions.

There will be also gigantic lava eruptions, great earthquakes, to say nothing of floods and fearful cold.

I make this startling prophecy with no desire to be merely sensational or alarming. It is merely because my study of the planets has revealed certain results with mathematical certainty, that I now say to you:

"Be warned in advance. Tremendous things are going to happen from December 17 to December 20, 1919, and afterwards."

Here are the simple, yet astounding facts, that enable me to make this prophecy:

The planets in their orbits swing in great ellipses about the sun. They are linked to the sun, and to each other by chains of electro-magnetic energy whose compelling forces counteract each other and hold each planet in its regular path.

Whenever two planets wheel into such positions that they pull together on the sun—either in conjunction on the same side of the sun, or in opposition with the sun between them—their united pull causes the sun's gases to "explode"—to leap out into space in the whirling volcano we call a sunspot.

These sunspots in turn cause storms in the atmosphere of the earth—doubtless on other planets as well.

Two planets united are enough to cause a small sunspot and a small storm. Three cause a larger one—4 make a very great storm indeed.

But—on December 17, 1919, no less than seven planets will pull jointly on the sun. These will include all the mightiest planets, those with the most powerful pull.

Six of them—Mercury, Mars, Venus, Jupiter, Saturn and Neptune—will be in conjunction; ground together in the greatest "League of Planets" ever known in the annals of astronomy.

They will be massed in the narrow limit of but 26 degrees, on the same side of the sun.

Directly opposite, coming into opposition with this pirantic league, will be the huge planet Uranus. The magnetic currents between Uranus and the six planets will pierce the sun like a mighty spear.

Our earth is outside the league at an angle of nearly 90 degrees—in perfect position to receive almost the full force of the monster electrical disturbance as it leaps into activity on what, to us, will be the eastern horizon of the sun's disc.

This means we shall get the full strength of the storm when the sunspot is at its worst, before the exploding gases have had time to die down.

Such a close grouping of planets has never been recorded before. The whole solar system will be strangely out of balance.

What will be the outcome? My knowledge does not permit me to state, beyond the fact that the storms, eruptions and earthquakes will be tremendous in their strength

### QUICK TRIP FROM AMARILLO

Cas Johnson of Amarillo has been here working in the harvest and recently paid his folks a visit, returning to Crowell last week by auto and

making the trip of 200 miles in 7 hours and 40 minutes. He is not particularly a speeder, but he found "Old Elizabeth" rearing to go. So he let her annihilate distance at the rate of 20 miles an hour for the 200 miles.

Cas is a son of J. M. Johnson, who works in the machine shops at Amarillo, and who was formerly a citizen of this county. Cas returns home this week. Before he left he came in and had the News sent to his father.

### PERSHING COMES HOME

The arrival of General Pershing in this country, after rendering efficient service abroad, is of general interest throughout the country. Upon his landing he receives his permanent commission as a general in the army of the United States, being the fourth officer to hold that position, and the eleventh American upon whom such a military honor was bestowed, the other seven having served in the Confederate Army.

There is a slight disposition here to discount the achievement of General Pershing in France. It is said that he had not the time to display his talent as a commanding general. While it is true he did not go through the fire he received his permanent commission as a general in the army of the United States, being the fourth officer to hold that position, and the eleventh American upon whom such a military honor was bestowed, the other seven having served in the Confederate Army.

As an organizer he stands the equal of any figure of the allied armies. His was the responsibility of decision. He it was that determined to train American soldiers for open warfare against the advice of his allies. Before he left France he used his army in that warfare, and saw them exhibit equal, if not the superior of any other allied exhibition.

America should be proud of General Pershing. Like the pinch hitter he came to bat in the last inning, with the score against his team, and the game about to end in victory for the adversary. As a pinch hitter he delivered the goods. After that there was nothing else for him to do. He succeeded and his success was magnificent. When the time came for his army to be used they were ready, and put in the final blow. That was triumphant success, and as the leader of the army, he deserves, and will receive the thanks of millions of Americans.

### Confectionery of Ancient Egypt.

The invention of confectionery, an English writer guesses, is due to Noah, who "first hit on the idea of boiling down the starch of the wheat and the juice of the grape. The result was a paste, said to be the original of our present day Turkish delight." Among the ancient Egyptians whole fruits, particularly figs and dates, were used for flavoring purposes, the latter especially for preserves and cakes. In old tombs date sweetmeats have been found, also records of honey jellies. The making of confectionery, in fact, goes back 3,400 years, proof of which is to be found on the walls of Egyptian tombs.

Mrs. W. F. Minnick writes us from Clarendon stating that they are now living at that place and wants their paper changed so they will not miss a single copy. We regret to lose Mr. and Mrs. Minnick from our county but they are in a good town and have our very best wishes.

### Novelist's Wife Puts In.

"She regretted the bath. She missed it, and so must we all. In modern history, as in modern fiction, it is not nice in the least for the heroine—even such a dubious heroine as Mamie—to have a bathless day. As for heroes, in the polite chronicles, they get at least two baths a day—one heroic cold shower in the morning and one hot tub in the late afternoon before getting into faultless evening attire. This does not apply to heroes of Russian masterpieces, of course, for they never bathe. (Why should they, my wife puts in, since they're going to commit suicide anyway?)"—"The Cup of Fury," by Rupert Hughes.

### EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It amkes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Dodge, Maxwell, Chevrolet, Overland, Hupmobile and Oakland batteries in stock. Fresh from the factory. The Everready; guaranteed for 18 months. We can fit nearly any car from stock. Let me tell you about them.—D. P. Yoder.

### "FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacturer of Monoaceticdiester of Salicylicacid.

### INSURANCE

Fire, Tornado, Hail, Automobile, Live Stock and Accident Insurance

# Camel CIGARETTES

18 cents a package

Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarettey aftertaste or unpleasant cigarettey odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

### MONEY TO LOAN
