8 - Semester Rule Now in Operation

Austin, Texas, Sept. 27. — This year will see the inauguration of the new 8-semester rule of the Interscholastic League, adopted a year ago last spring but effective September, 1933. This rule is based on attendance in school rather than on participation in League activities, according to Roy B. Henderson of

the University of Texas League Bureau, and makes ineligible any participant in any League event, either literary or athletic, after he or she has been in attendance in high school eight semesters.

This rule is predicated on the belief that the Interscholastic League is designed for the average high school boy or girl, and that such student would be handicapped competing with older, more experienced boys or girls.

The first application of this rule will be with the opening of League football this month.

JUST AS MAN TO MAN

WHAT KIND OF SEWING MACHINE WOULD YOU BUY

IF sewing and making clothes were part of YOUR job would YOU search the market for the CHEAPEST sewing machine you could buy?

Would you close your eyes to every feature of quality—efficiency—usefulness?

Would you refuse to consider anything but the first cost? Would you judge the entire machine by the little piece of cardboard that tells you the price?

OF COURSE YOU WOULDN'T—!

If sewing and making clothes were part of your job, you'd shop till you found the machine that would give you the greater number of years of trouble-free, efficient service. You'd consider the reputation of the company behind the sewing machine you'd use. You would realize that the value of a machine is measured by dividing the original cost by the number of years of perfect service it will give.

In other words, we believe that the cost per year is more important than the cost per machine. That is why we continue to sell Singers on quality rather than price. That is why 89% of all sewing machines sold are Singers.

Mr. Man—your wife is entitled to the same consideration you'd give yourself were you in her shoes. THINK IT OVER—Then call us for a free demonstration in your home.

Graham of Vernon filled his appointment here Saturday night and Sunday. Bro. Alton Beggs of Claytonville will preach here the first Saturday night and Sunday. Mr. and Mrs. Jack Vessel of Crowell attended church here Sunday. Mr. and Mrs. John Johnson and Mrs. Eubanks of Foard City spent Sunday with Mr. and Mrs. J. T. Vessel Jr. Vernon Dunn of Quanah and family and Mr. and Mrs. Clarence Dunn and family of Chillicothe spent Sunday with Mr. and Mrs. C. E. Dunn. The meeting is still going on. Everyone is invited to come. Steve Cantal has returned home from a visit to Oklahoma. Mrs. Grady Crittenden of Crowell and Mr. and Mrs. Roy McMitten of Wichita Falls visited O. G. Whitley Sunday. New officers and teachers were elected for the Sunday School Sunday. Hugh Bates and wife have a new baby girl in their home. Everyone is busy picking cotton around here and quite a few children are out of school picking.

TRUSCOTT and GILLILAND (By Mrs. L. T. S.)

The senior and junior classes of the high school, accompanied by Supt. McMinn and Miss Winstead, attended the picture show in Crowell Friday night. Carl Haynie and wife and baby were here over the week-end from Amarillo, visiting relatives. Eb Glascock received his cotton check this week. He is the only farmer in this community up to Monday morning who had received payment for plowed up cotton. Grady Halbert, principal and athletic coach of the school was in Abilene on business Saturday. Lamoine Tarpley, daughter of Mr. and Mrs. Spurgeon Tarpley, was carried to the county hospital Thursday, where she was operated on for appendicitis. She is doing fine. Mart Ebling of Dallas, owner of the Big Four ranch, was here a few days looking after business. Mr. and Mrs. H. O. Smith were in Iowa Park Saturday attending a safety meeting of workers of the Humble Oil Company. The infant child of Mr. and Mrs. Luther Moody is improving. It is thought it will be able to be brought home from the hospital in a few days. Ernest Fain of Wichita Falls was here on business recently. Miss Florence Harper of Abilene, school friend of Mrs. Jack Brown, visited in the Brown home over the week-end. There were 109 persons present at the first meeting of the year of the P. T. A. After a short program, in which Mr. McMinn took part by giving a talk on Co-operation, refreshments were served to the crowd in the social hall hour that followed. Dan Tarpley, son of Mr. and Mrs. Spurgeon Tarpley, entered Simmons College at Abilene recently. He will major in Journalism. H. Thornton, member of the staff of the Abilene Reporter, was in town Sunday. W. W. Clark is closing out his grocery business here. He will have charge of the Clark-Chesser farm for the next few months, after which he is yet undecided as to what business he will enter. Alva Cure of Gladstone, N. M., is visiting relatives in the Gilliland community. Robert Graves, son of Mrs. Minnie Graves of Jacksboro, who has been visiting in the George Solomon home, was carried to the county hospital at Knox City Sunday, suffering from appendicitis. He was operated on at once. Reports are that he is doing well. A young man by the name of Caperton from Young County, who has been picking cotton on the Welch Farm, started to take a shotgun from a truck when it discharged and accidentally wounded him in the muscle of the arm. Some of the shots also lodged in his shoulder. He is doing very well. Luther Long, nephew of Henry Williams, is here from Clovis, N. M. Gilliland Public Schools closed Friday in order that the children may help in gathering the cotton crop. It will remain closed for a month or six weeks. The Gilliland Farmers' Co-operative Gin No. 1 reports 373 bales of cotton ginned up to Monday of this week. This is more than had been ginned at this time last season. The ginned cotton is heavy in this community though it is reported that there are now sufficient pickers and with favorable weather the bulk of the crop will soon be gathered. R. L. George, manager of the Cotton Seed Oil Mill of Seymour, was in Gilliland one day recently on

business. The road from Gilliland to Seymour is in the best condition it has been in for years. A lot of grading has been done raising the road bed higher in some of the low places and the long hill has been worked in such a manner as to reduce the hazard that existed when heavy loads stalled on its upgrade. The business men of Seymour assisted in furnishing funds for some of this work and as a consequence much cotton is being hauled over the road to that town.

Interesting Letter From Geo. Moffett

The following letter from George Moffett of Chillicothe, representative from this district in the Texas Legislature, now in session at Austin, should prove of interest to readers of The News:

"I have received several letters from people in our community about the bills now before the Legislature, and I am glad to get them.

"It may seem to the people back home that the Legislature has been working slowly on these bills; however, sometimes it is best to make haste slowly. Tremendous pressure has been brought upon the members of the Legislature to repeal the Anti-trust laws; but I think it would be a very serious mistake, and much against the interests of the average man and woman in Texas if this Legislature should repeal the Anti-trust Statutes now on the books in Texas. And I feel like the least possible change or amendment to them that the Legislature makes the better it will be for the interests of the people of this State. These laws were passed for the interest of the people, and have served their purpose well, and in my judgment should be altered as little as possible.

"In regard to the relief legislation, a great many members including myself have come to the conclusion that some of the money spent for relief should be for hospital and medical care. Under the present law it cannot be used this way, and I for one believe that when a person is sick and without funds that they are more entitled to relief than persons

in almost any other circumstance. And I am very anxious to see this amendment written into both the Federal and State regulations. "Another group of members including myself are doing our very best to get the license fees reduced on small farm trucks. At the present time it costs about \$33.00 a year to even register a Model A or Chevrolet truck; and a great many of these vehicles—more especially those upon which the farmers haul seed-cotton to the gin—would not sell in the open market for more than \$100.00. It seems to me entirely out of line for a vehicle worth only about \$100 to pay an annual registration fee of \$33.00, and I am very much in favor of seeing it reduced. And if the Governor will submit the question a bill will probably be passed to bring this about.

"I would be glad to have comment from you or your readers at any time. With sincere personal regards, I am,

"Very truly yours, GEORGE MOFFETT."

"P. S.—If anyone in your community desires an appointment as Notary Public I would suggest that they communicate with me at once, and I will do my best to get the appointment made at this session."

BRUCE BARTON

Writes of "THE MASTER EXECUTIVE" Supplying a week-to-week inspiration for the heavy-burdened who will find every human trial paralleled in the experiences of "The Man Nobody Knows."

THE STORM BREAKS

When Jesus failed to perform any miracles in Nazareth the storm broke. All the pent-up envy of the little town for one who has dared outgrow it, gathered itself into a roar. They surged forward hurrying him through the main street to the edge of the precipice where they would have thrown him over.

Bruce Barton

But the wrath which had been sufficient to conceive his destruction grew suddenly impotent when he turned and faced them. They shrank back, and before they could reform their purpose, he had passed through the midst of them and was on his way.

In his ears sounded the buzz of malicious comment, but he was too heart-sick to look back. From henceforth Capernaum became "his own city." Nazareth, the home of his youth, the dwelling place of his boyhood friends and neighbors, had given its verdict.

He had come unto his own, and his own received him not. The brothers of Jesus had been witnesses of his defeat, and were left behind by him to bear the ignominy of it. How the sardonic laughter must have rung in their ears! These home town sneers were bad enough, but the reports that came back from other towns threw the simple unimaginative family into a panic.

It was said that he made seditious speeches; that he claimed to have a special relationship to God; that he utterly disregarded the code of the Pharisees and denounced them openly before the crowds. Such conduct could mean only one thing. He would get himself into jail, and his relatives with him.

Hence the members of his family who should have been his best helpers spent their energy in the effort to get him to go farther away from home.

"For even his brethren did not believe in him."

He was teaching one day in Capernaum to a crowd that hung spellbound on his words, when suddenly an interruption occurred. A messenger pushed through the audience to tell him that his mother and brothers were outside and insisted on speaking to him right away. A quick look of pain shot across his fine face. He knew why they had come. They had made up their minds that he was just a little bit out of his head, and they were determined to shut him up in an asylum before his extravagances should ruin them all. He drew himself up to his full height and pointing to his disciples turned to the messenger: "My mother and brethren?" he repeated. "Behold these who believe on me, they are my mother and my brethren."

MARK WHEAT CONTRACT ACRES WITHOUT COST

A plan for marking retired acres withdrawn from wheat production under the adjustment contracts which will cost the farmers nothing has been approved by the production section of the Agricultural Adjustment Administration.

Acres which make up the "contracted acres," representing the 15 per cent reduction agreed to by the grower, must be measured and marked; but the marking can be done by driving stakes or setting posts at the corners of the retired acres.

Land thus withdrawn from wheat production is to be handled in accordance with approved replacement crop practices which will avoid contributing to surpluses in other agricultural commodities.

The marking system is held essential in order that representatives of wheat production control associations and others interested in the administration of the wheat plan can determine definitely and quickly just what acres have been set aside as "contracted areas" on each individual farm, under the wheat reduction agreements.

YOUR OPPORTUNITY IS IN RADIO

We wish it were possible to portray in cold type the opportunities offered in the field of Radio. Someone has very appropriately said it is the second largest industry in the world, being excluded only by the automobile industry.

To the mechanically inclined youngster who has the desire to "tinker" with electricity, will find in radio the ideal type of work and a most interesting study.

Colonel Lindberg has said many times that the shortest route to aviation is through the radio class room. Radio likewise offers so many avenues for a young person until we do not hesitate to encourage a young person to enter into this work.

Our School of Radio is adequately equipped to give one the very best training in this field. Ours is the only radio school which has a broadcasting station in connection, which gives the radio student an added opportunity not obtainable in any other radio school in the South.

To learn more about this most interesting subject, fill in the coupon below and ask for Radio Booklet "R-6". It will come to you by quick mail absolutely free.

Plans for Community Visits Made Monday At Monthly Banquet

The September banquet of the Farmers and Business Men's Association was held Monday night at the DeLuxe Cafe with over forty men present.

Fred Rennels, president, served as toastmaster for the occasion. Plans for a Trades Day feature in Crowell on First Monday were explained by Geo. D. Self.

In a round-table discussion, plans were made by the association for visits to communities this fall over this area. L. T. Edwards, local bandmaster, offered the co-operation of the high school band in these visits. The band has a portable band stand erected on a trailer that would prove very useful for this purpose.

A committee composed of M. S. Henry, John Rasor and Geo. Self was named to arrange programs for community visits and Mack Boswell, Merl Kincaid and A. W. Lilly were named as a committee to advertise same.

Several views were given at the banquet in regard to the local traffic situation, including talks by Mayor C. T. Schlagal and M. S. Henry, alderman. A traffic committee composed of Dow Miller, H. E. Ferguson and Brown Franklin was appointed.

The next banquet is to be held Tuesday, Oct. 17. The program at that time is to be arranged by A. Y. Beverly, A. F. Wright and T. B. Klepper. Tickets are to be sold by Jim Cook and H. E. Ferguson.

Grade of Cotton in District 3 Improved

Through the bureau of Agricultural Economics of the United States Department of Agriculture, a weekly cotton grade and staple report for Texas is made from Austin. This report is based on samples classed during the previous week from representative gins.

Foard County is in District No. 3, known as the Red Lands and Plains. The following report for District 3, for the week ending Sept. 21, was given: The grade of the cotton improved. Forty-one per cent of the cotton classed was White Strict Middling. The per cent of 13-16 inch staple increased slightly. Likewise, there was an increase in the amount of 7-8 to 29-32 inch cotton. Practically no cotton one inch or longer was classed from District 3 this week. There was very little change in the per cent of untenderable cotton.

District 3 (Red Lands and Plains), for which the above report was made, consists of the following counties: Archer, Baylor, Borden, Childress, Clay, Coke, Collingsworth, Cottle, Dickens, Fisher, Foard, Garza, Gray, Hall, Hardeman, Haskell, Hemphill, Jones, Kent, King, Knox, Mitchell, Motley, Nolan, Runnels, Scurry, Shackelford, Stonewall, Taylor, Throckmorton, Tom Green, Wheeler, Wichita, Wilbarger.

Stairs Made Her Gasp For Breath

Penalty of Excess Fat

Although she has lost but 7 lbs. of her overweight, this woman finds that 7 lbs. has made a remarkable difference to her.

Her letter reads: "I am 53 years old and my height is 5 ft. Last year I weighed 154 lbs. I have been taking a half-teaspoonful of Kruschen Salts, making no change in my diet. Now I am less round the hips, and only weigh 147 lbs. dressed. But I feel lighter and can now run upstairs, which before used to make me gasp for breath. Everyone says how well and fit I look."—(Miss) J. H.

Kruschen is an ideal blend of 6 separate salts which help body organs to function properly and maintain a splendid degree of health—it builds up energy and strength while you're reducing to normal weight.

Get Kruschen Salts at any live druggist in the world—a jar lasts 4 weeks and costs not more than 85 cents.

While an Atlanta drug store clerk slept in the building as night watchman, burglars entered, stole his trousers, watch and \$35 in cash.

Sunday, 11 a. m. Subject for Sunday, Oct. 1, "Unreality." Sunday School at 9:45. Reading Room open Monday, Thursday and Saturday 2 to 5 p. m. Wednesday evening service at 8 o'clock. The public is cordially invited.

Thalia Church of Christ

Bro. B. M. Taylor of Burk Burnett is back with the Church of Christ and will preach each first and third Sunday.

Bro. Taylor is a splendid preacher and song director. He is a very fine upright gentleman. He and his family have made many friends here and the work is prospering under his efficient leadership.

Two fine services were held on Sunday, Sept. 17. There was one confession and baptism at the evening service.

Everyone is cordially invited to attend all services. Sunday School at 10, preaching at 11 and 7:45.—Reporter.

Methodist Church

The church voted Sunday to have a home-coming celebration Sunday, Oct. 15th. This will be a covered dish or basket lunch affair and services will be held afternoon and night. The communities surrounding Crowell will be invited to meet with us in celebrating the thirteenth anniversary of the occupancy of the present church. It is hoped that we may have a number of old timers, who were here at the time and before the time of the building of the present church, visit us on that day. All the members are urged to help make the day one long to be remembered because of the opportunity it will provide to renew old acquaintances and friendships and enjoy the fellowship of one another under Christian and church influences.

It is hoped that we will re-evaluate the tie that binds our heart in Christian love and re-dedicate our lives to our Lord and Savior. Is it too much to hope for 300 in Sunday School and church on that day. If every man, woman and child would bring a dollar to be applied on our world wide benevolences what a boost toward the pastor being able to report every claim in full at Conference in Clarendon Nov. 9.

Now that every class, including the newly organized classes in the Young People's division, have been supplied with teachers and our visitors are busy inviting our people and friends to the services we are beginning to see a renewed interest in all departments of the church. The home coming was a suggestion of Mr. Hughston's class, which had an extraordinary session last Sunday and pledged their loyalty to the church, manifesting the same by singing in the choir and making an offering to the church which was greatly appreciated.

Communion will be celebrated Sunday morning. The evening will continue the messages from the prophets. Read Hosea in preparation for this service.

GEO. E. TURENTINE, Pastor.

Christian Science Churches

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientists, on Sunday, October 1.

The Golden Text is: "The Lord bringeth the counsel of the heathen to nought; he maketh the devices of the people of none effect" (Psalms 33:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Teach me, O Lord, the way of thy statutes; and I shall keep it unto the end. . . Turn away mine eyes from beholding vanity; and quicken thou me in thy way. . . Let thy mercies come also unto me, O Lord, even thy salvation, according to thy word" (Psalms 119:33,37,41).

The Lesson-Sermon also includes the following passage from the Christian Science textbook by Mary Baker Eddy: "If men would bring to bear upon the study of Science of Mind half the faith they bestow upon the so-called pains and pleasures of material sense, they would not go on from bad to worse, until disciplined by the prison and the scaffold; but the whole human family would be redeemed through the merits of Christ,—through the perception and acceptance of Truth. For this glorious result Christian Science lights the torch of spiritual understanding" (page 202).

SUNDAY SCHOOL LESSON

by Charles E. Dunn

SAUL OF TARSUS

Lesson for October 1st, Acts 26:4-7

Golden Text: 2 Timothy 2:15

We are back in the New Testament, and shall study the life of the greatest figure in Christian history next to the Master, the apostle Paul, Tarsus, the capital of Cilicia.

Paul, Tarsus, the capital of Cilicia, was Paul's native city. It was a free metropolis, thereby possessing important rights and privileges. Furthermore, it was a great center of education, ranking, in this respect, with Athens and Alexandria. Especially noteworthy was its zeal for the study of philosophy. A Roman city, its population included both Greeks and Jews.

In such a cosmopolitan atmosphere Paul, at first called Saul, was nurtured. It was an ideal training-ground for one who was to bridge the gap between the Jewish and

Rev. Chas. E. Dunn

Gentile worlds. There he acquired his love for cities, his sympathy with athletics, and his appreciation of the good in paganism. We must never forget that this greatest of the apostles was a city-bred man who did most of his work in large communities. In this respect he affords a strong contrast to his Master, for while Paul's language is alive with the bustle and din of city streets, the sayings of Jesus are redolent of country sights and sounds.

In our lesson we find Paul proudly identifying himself as "a Jew, of Tarsus in Cilicia, a citizen of no mean city," and, moreover, by birth a citizen of Rome, an honor that gave him the right to appeal to the emperor, and to be protected from degrading punishments. More than once he boasted of his pure Jewish blood. Born, as he was, into a typical Hebrew home, he was naturally trained in its traditions.

Until the age of thirteen he remained in Tarsus, learning to read and write Hebrew and Greek, and mastering the simple trade of tent-making. Then he went to Jerusalem, where he studied under the liberal-minded Gamaliel. Wholeheartedly he accepted all that was taught him, becoming a strict Pharisee, zealous for the Law. How his life, by the touch of Christ, was cut in two as though with a hatchet, we shall later understand as we follow his career.

Mrs. Florence Knight of Chicago was fined \$50 for beating a teacher who reprimanded her son in school.

Over 800 Children Died in Texas From Diphtheria in 1932

Austin, Sept. 27.—Texas lost over eight hundred of its children last year from one preventable cause. The disease responsible was diphtheria. Dr. H. N. Barnett, Director, Bureau Child Hygiene, in commenting on this loss, said, "Diphtheria could be practically eliminated if parents would take their children to their family physician and have them immunized as soon after they reach six months of age as possible. Parents would not allow their children to walk in front of a moving car, so why will they allow them to run the danger of contracting diphtheria. This immunization

should be done as soon as possible as the winter months are the in which the most deaths occur. It takes some time for immunization to take effect."

Seniors Entertain Faculty and Board Members with Picnic

The Senior Class entertained the grammar school and high school faculty, the school board and their wives and the class mothers with a delightful chicken barbecue last Thursday evening at the Gribble Park.

The delicious chicken was complemented with pickles, potato chips, coffee, cake and iced tea. After enjoying the meal the class members and guests played various games.

The event was appreciated from the standpoint of entertainment and also as a get-acquainted meeting.

Mrs. Shirley Hostess To Mothers Club With Covered-Dish Lunch

A covered dish luncheon marked the opening of the Mother's Self Culture Club for the year 1933-34, at the home of Mrs. Paul Shirley on Tuesday.

The luncheon was served at 1 o'clock and was followed by a business session at which Mrs. Pete Bell presided.

A discussion of plans and work for the year was entered into.

The next meeting will be with Mrs. L. A. Andrews on Oct. 10.

WILDCATS PLAY AT QUANAH ON FRIDAY NIGHT

Crowell High School's first regulation football game of the 1933 season will be played against the Quanah High School Indians at Quanah on Friday night of this week.

Not only will this be the Wildcats' first real game of the season, but it also promises to be about the toughest on the local schedule for this season. Quanah is the only Class A team that Crowell plays this season and the Indians displayed plenty of power and a very smooth working aggregation last Friday night in defeating Eldorado, Okla., 24 to 0.

This will be the second game to be played under Quanah's new \$1,300 lighting system and will begin at 7:45 o'clock.

The Wildcats will be in good condition for the game and expect to give the Indians considerably stiffer competition than was shown them by the Oklahomans last Friday night.

Crowell's starting line-up will probably be as follows:

Edward Jones, 154, left end.
Lester Patton, 166, left tackle.

Crowell and Quanah have divided honors in games during the past few years as follows:

1928—Quanah 7, Crowell 6.
1929—Crowell 13, Quanah 7.
1930—Crowell 7, Quanah 0.
1931—Quanah 19, Crowell 0.
1932—(No game).

Growth of the dairy interest in Northeast Texas is seen in the fact that the milk plant at Mount Pleasant paid for 1,343,778 pounds of milk during August, exceeding the previous high month's total by 125,375 pounds. June of this year set the previous high mark.

The Highland Canning Plant, Houston, received one order for 60,000 jars of canned figs and expects to pack at least 600,000 pounds of that fruit this season. It is giving employment to seventy or more workers.

This-That, Etc.

The work of city officials last Saturday in relieving the customary congested traffic situation on that day has certainly met with a popular response on the part of the public as a whole. For every kick registered in this respect, we have heard at least 25 compliments and if this 25 to 1 ratio is a true one, then there is no doubt left as to whether or not the public as whole wants double-parking and center-street parking.

According to the many comments we have heard, we are sure that we are voicing the sentiment of a tremendous majority in hoping that the good work will continue. One Crowell lady made a special trip to The News office this week just to express her enthusiasm at being able to drive down Main Street Saturday afternoon with mental and physical ease for the first time in many weeks.

Local city officers state they are going to be as reasonable as possible with motorists and will certainly do their share and more in handling the situation in a common sense manner and trust that they may have the same consideration from the people.

If everyone will just adopt the NRA motto, "We Do Our Part," in regard to local traffic, then Crowell may be sure that danger and inconvenience will be removed to a large extent from streets in the business section.

About that Contest

Last week when we took the authority of announcing a "Pretty Yard Contest" for Crowell to be conducted by this column, we didn't realize we were stepping into such deep water. Anyway, we are going to go through with the project and will announce our choices for winners within the near future.

In the meantime we expect to find out all we can as to the qualifications that a yard should meet to be determined a winner. More than likely we will have a score card to go by with a certain number of points to be given for: cleanliness of front yard and curb, cleanliness of back yard and alley, trees and shrubbery, flowers, lawn, landscap-

ing and general attractiveness.

More Similes

As anxious as Crowell fans are for a football victory over Olney—and also Quanah.

As attention compelling as Bob Bell and Louie Blaw walking down the street together.

As astonished as motorists who found the streets on the west side of the square open Saturday afternoon.

As regular as arguments between J. H. Self and T. P. Reeder.

As recklessly driven as a certain V-8 in Crowell.

As delicious as one of L. G. Andrews' barbecues.

As important as a Freshman feels upon entering high school. (Submitted by Sophomore who requests that his name be withheld.)

We don't know what effect it will have on the game Friday night, but nevertheless we dreamed the other night that Dick Todd returned the kick-off for 85 yards and a touchdown against Quanah.

Here's hoping that the fellow on radio who keeps "headin' for the last round-up" will soon get there and shut up.

New Service Manufacturing Co. is a new industrial corporation at Ft. Worth with \$30,000 capital stock.

Sherman is to have another plant devoted to refining cottonseed oil and making cooking compound. Machinery is now being installed by the Kimbrell Oil Mill and operation is to be under way within the next ninety days.

Air-cooling equipment is to be manufactured in a newly established plant at Waxahachie, made for which is now being installed by R. J. Byrd of Midlothian. The plant are for employment of twenty more workers.

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative is varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is the best laxative for every body. Senna is a natural laxative. It does not drain the system like cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.

You can always get Dr. Caldwell's Syrup Pepsin at any drugstore, ready for use. Member N. R. A.
