Baird Bears Defeat Eden Bulldogs In A Very Exciting Game, Final Score 23-21

by Mo Gonzales

The Bears traveled the long road to Eden Friday night, only to discover that the trip wasn't the only thing that was to be long. Besides fighting the Bulldogs, the Bears had to battle against a poorly officiated game all night long.

The Bears won the coin toss and deferred the option to the Bulldogs, as Baird elected to take the wind in their favor for the 1st quarter.

Baird's Ryon Vestal booted the opening kick-off to the Bulldogs' 24 yd. line, where they were met by a host of Bears.

On the Bulldog's opening drive, they moved the ball down to the Bears' 12 yd. line. The Bear defense of Kyle Hogue, Clay Smith, Jr. Gomez, Justin Rivera, Jeremy Riney, Logan Russell, Lee Harle, John Horner, Robert Mendez, Ryon Vestal, Coleman Vestal, and Jason Gomez put on a goal line stand. On 4th down the Bulldogs attempted a pass in the end zone, only to have it batted down by Coleman Vestal.

The Bears then took over on their own 9 yd. line, but went 3 plays and out and were forced to punt. Bear punter Justin Rivera punted the ball out to midfield where the Bulldogs took over.

The Bulldogs were driving and got inside the Bears' 20 yd. line, but Logan Russell intercepted a deflected pass in the end zone.

The Bears took possession on their own 20 yd. line. On the next play, with good blocking from his offense of J.J. Carrillo, Ty Wilson, Jeremy Riney, Jeremy Gonzales, Coleman Vestal, Dustin Watson, Logan Russell, Jonathan Parr, Luke Horner, and John Horner, receiver Justin Rivera broke a tackle and raced 80 yds. for the touchdown. The PAT was good. With 1:42 remaining in the 1st quarter, the score was 7-0 Baird.

The Bears kicked off to the Bulldogs a second time, and the 'Dogs ran it out to their own 25 yd. line. Eden was hit hard by the Bears' defense on the first play of the series, causing a fumble that was recovered by Ryon Vestal at Eden's 25 yd. line.

The 2nd quarter began with Lee Harle connecting with Logan Russell for a 12 yd. touchdown. PAT was good, making the score 14-0 Baird.

The Bulldogs returned the kick-off to the Bears' 48 yd. line, and then proceeded to drive down and score with 8:03 remaining in the 2nd quarter. Score 14-7 Baird.

Logan Russell returned the Eden kick-off to the Bears' 48 yd. line. On Baird's first play, Justin Rivera made a 15 yd. run to the Bulldogs 37 yd. line, only to have the run called back by a holding penalty. It was 1st

and 20 from the Bears' 38 yd. line. The Bears had a 3rd and 10 when Harle connected with Luke Horner for a 1st down. The Bears were driving, but a deflected pass was intercepted by the Bulldogs at their own 20 yd. line. It took Eden only 2 plays to score, as the 'Dogs quarterback ran 50 yds. for the touchdown. The PAT was good. Score 14-14, with 4:10 remaining in the 2nd quarter.

Justin Rivera returned the kick-off to the Bears' 35 yd. line. The Red Bear offense pushed to the Eden 19, but was turned away when Harle's pass was intercepted.

The Bulldogs got to the Bears' 10 on a long pass and continued to attack to the 1, but the Bear defense, led by senior Jeremy Riney, held the Bulldogs as time ran out for half-time. Score 14-14.

Baird received the 2nd kick-off, and John Horner returned the ball to the Bears' 35 yd. line. Baird went 3 plays and out and was forced to punt. Eden took possession, went 3 plays, and was also forced to punt.

During the 2nd possession of the 3rd quarter, the Bears drove to the Bulldogs 38 yd. line, where Harle again found Logan Russell for a 38 yd. pass for the score. PAT failed, 20-14 Baird.

The Bulldogs returned the kick-off to their own 40, then marched to the Bears' 4. the Red Machine held, and Baird took over on downs as the 3rd quarter came to a close. The Bears were pinned deep in their own territory, and were forced to punt. Harle's punt was blocked, and the Bulldogs recovered the ball in the end zone for a touchdown. PAT was good. 21-20 Eden.

Eden kicked off, but the Bears could not push the ball down the field, and were forced to punt. Both teams again traded punts. As the Bears were moving the ball, the Bulldogs caused a fumble and recovered it at midfield. Less than 3 minutes remained.

The Baird offense attacked as Harle hit several short passes to receivers Russell, Gonzales, and Dusty Barron. Barron, who say very limited action due to last week's ankle injury, caught a Harle pass on a crucial 4th and 7 for the first down. He then managed to get out of bounds to stop the clock at 22 seconds. The Bears attempted 2 more passes, which fell incomplete. With 10 seconds remaining in the contest, senior Ryon Vestal blasted a 42 yd. game-winning field goal that put Baird ahead by 2.

Baird kicked off with 4 seconds left, and the ball was downed

with 1 second on the clock. The Bulldogs tried to Hail Mary pass, but it was not meant to be and the ball was batted away and the game was over. The Bears are now 5-2 overall and 2-0 in district play.

A hamstring injury caused Curtis Lehew to see limited action Friday night, but he is on the mend. Jack Pruet is still recovering as well, but has been cleared for other sports, so that is good news. Good luck to these sophomores for a quick and complete recovery.

Congratulations to Head Coach Kelly West and his coaching staff of Tony Koch, Rob Londerholm, Ryan Lewis, and Paul Morton, for a calm and steady influence on the boys. Everybody needed his wits about him as the game progressed to its thrilling conclusion.

Come on down to see the Bears attempt a 3-peater in district play over Santa Anna in the Bears' Den this Friday night!

GO BEARS!

CLARIFICATION

In a Letter to the Editor in last week's paper, the writer was referring to a sports article and sports news printed in the other paper, not The Baird Star.

Terry McCall Makes Statement For 11th Court

"Honesty, ethics, integrity..." To me these words are more than a campaign slogan--they are the foundation of our judicial system." On this platform, Terry McCall (R) of Comanche is seeking election for judge of the 11th Court of Appeals against Randy Wilson (D).

McCall earned a law degree from the University of Texas School of Law and began his legal career with the Baker & Botts law firm in Houston. After he and his wife, Quay, moved to their ranch in Comanche County, Terry was elected as Comanche County Attorney in 1992 and 1996. As County Attorney, McCall served as the Chief Justice Juvenile Prosecutor and legal advisor to the County Commissioners and other elected officials. Although McCall resigned as County Attorney to run for judge of the 11th Court of Appeals, he feels the experience will serve him well if elected.

"Violent juvenile crime is a growing threat in our part of Texas. My experience as a juvenile prosecutor and my close working relationship with the men and women of law enforcement will be extremely helpful to me as I review the criminal cases that come before the court," McCall said.

In addition to his legal background, McCall served as the General Counsel, Vice-President of Finance, and Senior Vice-President for Alaska Interstate Company. Later he served as President and Chairman of the Board of McCall Industries, Inc., a Houston-based manufacturing company. McCall currently serves as a director of Higginbotham Bros. & Co., and says his knowledge of the business world will be helpful in reviewing the court's civil cases.

"A large portion of the docket on the Court of Appeals involves civil cases dealing directly with business matters. No other candidate enters this race with the same combination of legal and business training and

experience. That, in addition to my agricultural background, will provide me with a unique perspective on the Court," McCall said.

Currently, McCall and his wife own and operate McCall Ranch, a commercial cow-calf operation in south Comanche County. McCall serves on the Board of Directors of the Texas and Southwestern Cattle Raisers' Association and is a member of the Texas Farm Bureau. His agricultural background and strong stance on the preservation of property rights have earned him the endorsements of the Texas and Southwestern Cattle Raisers' Association, the Texas Independent Cotton Ginners' Association, the Texas Medical Association and the Texas Civil Justice League, among others.

McCall believes his wide experience gives him the objectivity to fairly and firmly review the appeals of his district.

"My experience as a criminal prosecutor, county-elected official, businessman and rancher gives me a breadth and depth of experience that is truly unique. Like the court, my judicial philosophy is conservative. Judges should interpret the law, follow precedent, and not legislate from the bench," McCall said.

More information about Mr. McCall can be found on the Internet at www.terrymccall.com or by calling the Republican Headquarters in Abilene at 915 672-4077.

The Texas Supreme Court and the Texas Court of Criminal Appeals are the only higher Texas courts. Three judges preside over the 11th Court of Appeals: Chief Justice William G. "Bud" Arnot of Abilene and Justice Jim Wright of Eastland. Incumbent Justice Bob Dickenson of Abilene is not seeking re-election.

The court is in Eastland and is one of 14 state appellate courts that hears both civil and criminal appeals from district courts in its 23-county district. The district includes Baylor, Borden, Brown, Callahan, Coleman, Comanche, Dawson, Eastland, Erath, Fisher, Haskell, Howard, Jones, Knox, Mitchell, Nolan, Palo Pinto, Scurry, Shackelford, Stephens, Stonewall, Taylor and Throckmorton counties.

Best Students Name Teachers For Who's Who

A select group of America's teachers are being honored by their toughest critics, their former students, in the fifth edition of Who's Who 'Among America's Teachers, 1998 from Lake Forest, Ill.

All of the approximately 130,000 teachers being honored were selected by their former students who themselves are currently listed in Who's Who Among American High School Students®, or The National Dean's List®, publications which recognize 5% of our nation's high school and college students respectively. Paul Krose, publisher of Who's Who Among America's Teachers said, "there is no greater honor teachers

can receive than to be recognized by former students for their excellence and dedication. In this publication we clearly have the best teachers in America selected by the best students."

The students were requested to nominate teachers who "made a difference in their lives" by helping to shape their values, inspiring interest in a particular subject and/or challenging them to strive for excellence. Many of the students commented about the enthusiasm and knowledge their teachers demonstrated in the classroom, and many praised their teachers for their ability to relate to youngsters on a personal as well as a

professional level. One student who wrote about her teacher saying, "she made education something pleasurable, instead of a dreadful ordeal, by letting me spread my wings and showing me the best way to fly."

*Honored in more than one edition.

Rising Star -- Freda Ann Riley, Retired Fifth Grade Teacher; Cynthia Pallette Wood*, Rising Star High School.

read the minutes of the last meeting, and Marie Smith gave the financial report.

Several items for the benefit and improving the appearance of the town was discussed. The group will have a workday on Saturday, Oct. 24, starting at 5 p.m. Some painting in the downtown area will be done. The Christmas lights were discussed, and it hoped that the lights can be put up and be lighted for Christmas.

The next meeting will be Tuesday night, Nov. 10, at the Moran Community Center. The group will have beans, chili and cornbread. Come and discuss ways to improve the appearance of the city.

Moran Chapter 591, Order of the Eastern Star, will honor Mrs. Pat Johnson, Chairman of the Music Committee for Grand Chapter of Texas with a reception on Sunday afternoon, Nov. 25, at the Moran Community Center. Mrs. Johnson is a member of the Moran Chapter.

Mr. and Mrs. Marvin Kays were in Waco last week where Mr. Kays attended a Masonic Grand Lodge meeting.

Margaret Brown of Mineral Wells spent the weekend with Sandy Huskey.

Thursday, October 22, 1998

About one and a half inches of rain fell in the town of Moran Saturday. The amount varied in different places, but the moisture was sure welcomed. More rains is needed, but the amount that fell was greatly appreciated. The temperature has been cool for the past few days so fall weather is not too far off.

Mr. and Mrs. Gary Butler and daughter of Lubbock spent the weekend with his parents, Mr. and Mrs. Tom Butler.

Visiting with Mr. and Mrs. Floyd Midkiff for the weekend and enjoying a

family reunion were her daughters and grandchildren, Cheryl Ulmer of South Dakota, Mr. and Mrs. J.C. Sanders and children of Stinnett and Lisa Stark of Dallas.

Mr. and Mrs. Billy Dunaway and Robert of Burleson visited with his aunt, Elma May Huskey Saturday afternoon.

Mr. and Mrs. Glenn Bryson of Hurst is spending some time with Mrs. Helen McCollum while Mrs. McCollum is recovering from a fall when she broke both wrists.

Free Divorce Recovery Workshop Set October 25

Mountain Top Singles will be presenting the video "Divorce: Surviving the Shock" (the first ten steps) by Jim Smoke on Sunday, October 25 at 1 p.m. at the Mountain Top Church Family Center located at 600 East 8th Street in Cisco.

Anyone who has gone through the pain of divorce is welcome to attend. The video will be shown in the church dining hall and guests are welcome to bring sack lunches at 12:30 p.m. for a time of fellowship before the film. The group will have the option to preview the film and then to work through the segments as a support group in other sessions. Although there will be no charge for admission there will be opportunity to give a free-will offering to defray expenses.

Small group discussions will be facilitated afterward by Ruth Stewart, a Licensed Professional Counselor Intern, and Berette Hart, a student marriage and family therapist attending Hardin Simmons University.

Ruth Stewart completed a Master of Education degree in Guidance Counseling in 1982 at Tarleton State University and did post graduate work in 1995 and 1996 to become a Licensed Professional Counselor. One of the requirements after finishing the course work is to have 2,000 hours of supervised counseling experience. Ruth has volunteered many hours of counseling to victims of violence at the Noah Project in Abilene. She is currently serving as a volunteer counselor for

Rescue Line Ministries at Mountain Top Church. Ruth has taught in public schools for twenty-eight years and is starting the eighteenth year at Cisco Elementary School teaching Resource classes (Kindergarten through third grade.)

Berette Hart is a second year graduate student at Hardin Simmons University and is a therapist intern in Marriage and Family Psychology. She received a B.B.S. in psychology from Hardin Simmons in 1992. She also works at the Shades of Hope Center at Buffalo Gap as a dietetic consultant and teaches a nutrition course at Cisco Junior College in Abilene. She is married to Seth Hart of Eastland and has three children.

Video speaker Jim Smoke, known nationally for his ministry to single adults, travels thousands of miles annually throughout North America conducting seminars and speaking at singles conferences. He has been called "America's Ambassador to Singles." Jim Smoke has also written the book *Growing Through Divorce*, a companion to the film and recommended reading. (We will try to have copies of the book available at the seminar.)

Pastor Jones says, "We are very fortunate to have this quality video to share with our community and we hope that those who have suffered the pain of divorce will make a special effort to attend."

PEACE

When rivers of trouble flood my mind
I look for a harbor of peace and rest
In a world of trouble, worry and despair
The one place is with the Lord in prayer.

As the cold winds of life blow
Chilling us from head to toe
We feel warm in His love
And know He is with us from above.

What a joy and peace of mind

For us to seek and find
That His love is with us still
And will be according to His will.

When the shadows of life seem to dim
And the victory has been won
We set our sails for a better shore
To be with God forevermore.

Read This And You May Find Well Over \$5000.00 Of Lost Money!!!

You can easily save big dollars in a very simple way that most people never realize. Most everyone takes their energy bills for granted. When the bills come in, we pay what's on there, and that's that. Since your air conditioning and heating system eats most of the energy we buy, it only makes sense to look for ways to reduce the energy they consume.

Sure, we may attempt to cut our energy bills by adjusting the temperature, but the problem is that the older air conditioning and heating equipment simply wasn't made to be nearly as efficient as the equipment made today.

I Know What You're Thinking

But new air conditioning and heating equipment can be really expensive, and since your old one works fine, what's the point of buying a new one? After all, it can't be wasting that much energy. Or can it?

The average energy bill in our area is about \$125.00 (gas and electric added together). Yours may be higher or lower, but this is about average. If you could save twenty-five percent on your energy bill, this would come to an easy \$375.00 per year of wasted money -- your money. Since an average air conditioning and heating system lasts 12 years or so, and you add in a few repairs...This easily comes to over \$5000.00 of your money!

This is money you're probably wasting if you have an older system. Okay, these are facts, and I believe you'll admit, they're pretty powerful. But you're now wondering...How am I going to cut my energy bills by twenty-five percent?

I'll Write You A Check For The Difference

J & J Air Conditioning is offering a **GUARANTEED ENERGY REDUCTION** of twenty-five percent over your old central system for the first year. (Of course, after the first year, your savings should stay about the same level.) If your energy bills don't drop by twenty-five percent during the first year, I'll write you a check for the difference! That's how confident we are in our new systems. Actually the savings could be as much as forty or fifty percent.

Do The Smart Thing

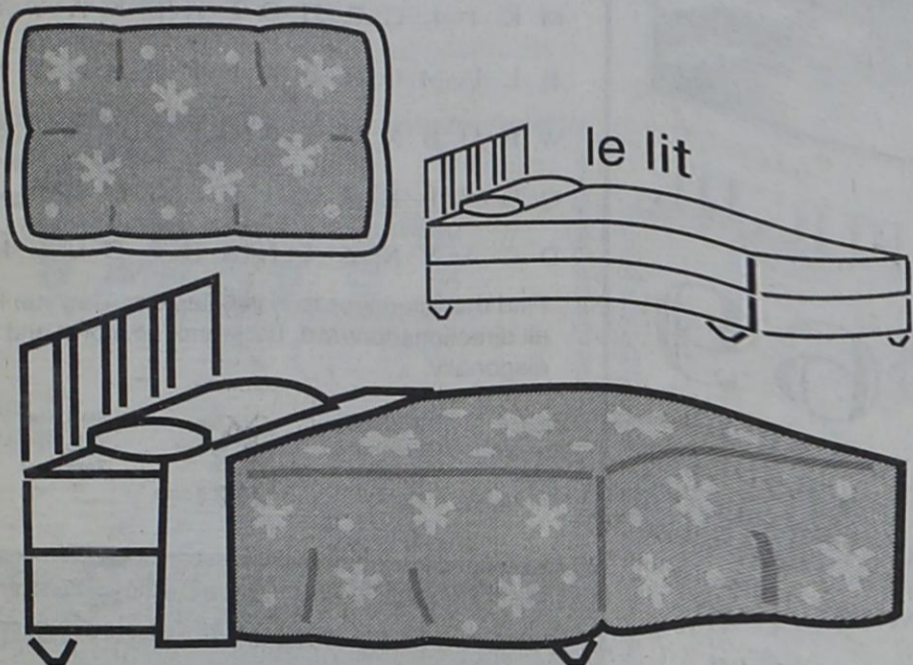

Right now, you may be paying for a new system, but not receiving the benefit of it yet... Call J & J Air Conditioning today at 254-629-2251 or 1-800-585-2251 for a FREE survey to see just how much energy you can save with a new system. There is never any obligation, but if you want to save at least 25% on your energy bills right away and eliminate repair bills for at least 5 years, I'll come out to your home to show you a new YORK heating and cooling system that will squeeze every penny out of your energy dollars while increasing your comfort and property value.

Make Your Halloween BooRRific!

It's time to trick-or-treat, and your safety is very important. Here are some Halloween safety tips.

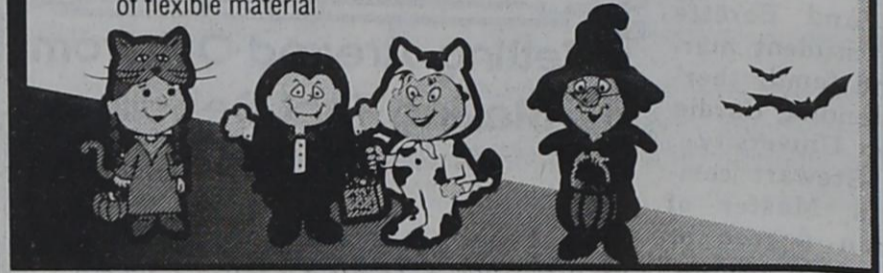

- It is best to trick-or-treat with an adult.
- Do not go in someone else's home alone.
- Stop, look and listen before crossing the street. Cross only at the corner. Never cut between parked cars or across driveways.
- Look both ways when you cross the street.
- Keep your eyes open for cars going in and out of driveways.
- Walk, don't run. Stay on the sidewalks if possible. If there is no sidewalk, walk, facing traffic, as close to the curb as possible.
- Carry a flashlight so you can be seen.
- Never talk to strangers, and tell an adult if someone bothers you.
- NEVER go to a stranger's house, and it's best to only go to houses with lights on.
- It's best to finish your trick-or-treating before 9 p.m.
- Before you eat your treats, have an adult check them.
- Never eat unwrapped or open candy.

Many communities have safe—and fun—alternatives to trick-or-treating. Check with your school to see what's going on there. You also might want to see if the mall has special activities, such as business-to-business trick-or-treating.

What are you going to be this year?

Before you pick out your costume, consider these safety points.

- Wear a bright-colored costume or something that reflects light. If your costume is dark, you can add reflective tape to it.
- Do not wear masks that make it hard for you to see or breathe. You may want to try face paints.
- Stay away from wearing high-heeled shoes. Instead, wear comfortable shoes that fit well, even if they don't go with your costume.
- Don't wear costumes that make it hard for you to walk or that drag on the ground.
- Make sure costumes, masks and wigs say that they are flame resistant.
- Swords, knives and other accessories should be made of flexible material.

The Lowdown On Pumpkins

Did you know that pumpkins are part of the gourd family? The official name, Cucurbita, refers to pumpkins and squashes. In the United States, the most popular of the family is the round orange one usually used for pies and jack-o-lanterns.

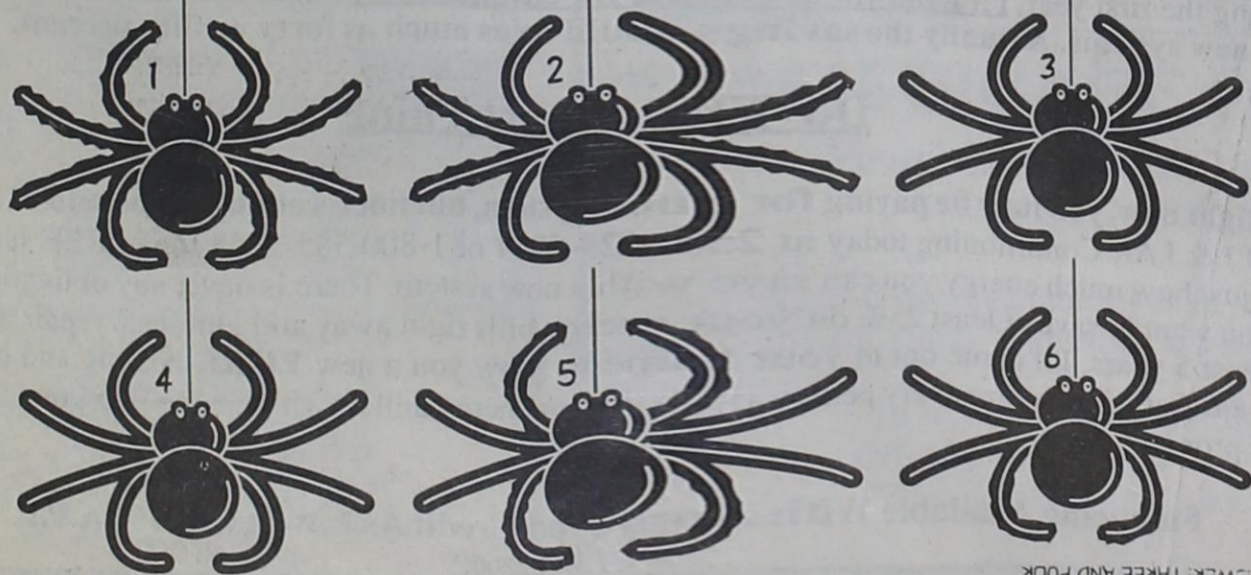

Pumpkins can range in size from less than five pounds to several hundred pounds. In fact, a couple of years ago, a contest-winning pumpkin weighed more than 1,000 pounds.

If you plant pumpkin seeds, leafy vines will grow. Yellow-orange flowers bloom on the vines, then crinkle up. After that, tiny green pumpkins grow at the base of the flower. As they get larger, they change color. Pumpkins are usually ready to pick about four months after planting.

Pumpkins can be orange, white or yellow. Along with pies, they're used for breads and soups, and the seeds can be roasted for a snack. They are also fed to some farm animals.

Project Pride Of Cross Plains Invites Everyone To View Life Sized Yard Art

Most of us do not begin to think about decorating for the Christmas season until December arrives. However, on Tuesday, October 27, from dusk until 10 p.m. Project Pride of Cross Plains is offering you the opportunity to view a spectacular display of life-size lighted yard art created by Santa's Barn of Lubbock, Texas (formerly of Graham). The art work will be set up on the lots east of the Robert E. Howard Museum property on West Highway 36 in Cross Plains.

Santa's Barn plans to bring a number of pieces of their lighted yard art to display for the public's viewing. Although most of their displays are Christmas

The Food Show provides for educational and personal development and recognizes 4-H members who excel in the 4-H Foods and Nutrition Project. Youth will be judged on their knowledge of the Food Guide Pyramid as it relates to their dish, along with serving size, nutrients and calorie content of their dish. Youth will also be judged on their communication skills as well as the taste, texture, and appearance of their food entry. Anyone who might be interested is invited to come be a part of this years Food Show.

related they do carry others such as a Texas Tech and a University of Texas logo. They also do custom orders upon request. All of the items on display will be available for purchase or order.

If you are looking for new and different holiday decorations for the home or business, please plan to join Project Pride on Tuesday evening, October 27, to view the art work and enjoy coffee and cookies with members of Project Pride.

For additional information you may contact Bettie Cavanaugh at 254-725-7362 Thursday-Saturday or 254-725-6284 evenings or Susan or Margaret McNeel at 254-725-6498 evenings.

Chick-Fil-A Rockathon For Rehab Set For November 7th

The Chick-fil-A Rockathon for Rehab is scheduled for Saturday, November 7, from 1:00 to 4:00 p.m. The event is open to any youth group with an adult sponsor and benefits West Texas Rehabilitation Center. The groups may choose to participate at Mall of Abilene or Sunset Mall in San Angelo.

Groups solicit pledges, bring rocking chairs to the mall, and rock for three hours. Food, drinks, door prizes, entertainment, and music are all part of the afternoon activities.

The group that brings in the most dollars will receive a \$300 prize from Chick-fil-A and will keep a giant rocking chair at the school for a year. The individual bringing in the most money will receive a \$500 scholarship to the college of his/her choice. Prizes will also go to second and third place individual money raisers. The top dollar group at each mall is invited to join Chick-fil-A on stage at the Rehab Telethon on January 9, 1999. Those bringing in \$100 or more will receive a special T-shirt, and everyone who participates will receive a certificate.

Angelo joins me in saying that we are very pleased to sponsor such a worthwhile event. For additional information contact West Texas Rehabilitation Center: Nell Wadsworth in Abilene 915/793-3511 or Dee Lackey in San Angelo at 915/223-6300.

Emergency Conservation Program For Livestock Water Assistance

Callahan County has received an allocation for "livestock watering practices for cost-share assistance". Sign up has already begun and will continue through Monday, October 26, 1998. Eligible permanent practices include: livestock pipelines, drilling and casing a water well, and removing silt from old stock tanks. Cost shares rates for permanent practices are 50%. Also available is a 64% cost share on temporary water measures such as water troughs and above ground pipelines.

CRP Sign Up Begins October 26, 1998

The next Conservation Reserve Program sign up will begin October 26, 1998 and run for 7 weeks ending December 11, 1998. USDA will continue to evaluate and rank eligible CRP offers using an Environmental Benefits Index (EBI), based on the potential environmental benefits gained from enrolling the land in the CRP. Decisions will be made on the EBI cutoff after sign up 18 ends. The EBI cutoff used on previous sign ups may not be used for this one. The cutoff is decided after analyzing the EBI thresholds are not guaranteed a contract this time around. Producers should contact their local USDA Service Center for additional information.

If you wish to bid your farm into the CRP please call for an appointment at 915/854-1049 ext. 2 beginning on October 26, 1998. County Committee Election

The county committee election will be conducted in LAA 3-Community C. This is the Cross Plains, Cottonwood and Atwell areas. Nominations to the County Committee position will be accepted through October 26, 1998. Nominations are made on a FSA 669A form and are available at this office. The FSA also actively seeks minority, female and under represented producers to submit nominations. Loan Deficiency Or POP Payments On

Hayed Small Grains or Grain Sorghum

Producers who hayed or cut for silage any wheat, corn or grain sorghum in 1998 may be eligible for a POP or LDP payment similar to those producers who collected the same under the grain provision. There are several details under this provision. Please call or come by if you are in this category to discuss the eligibility of this program. An accounting of the hay will be needed so please have that information handy.

Early 1999 AMTA Sign Up

USDA Secretary Dan Glickman announced on September 18th the Production Flexibility Contract (PFC) Sign UP for 1999. Eligible producers can choose to receive these payments in either 2 equal payments or 1 lump sum payment anytime during the year beginning immediately. Cash rent statements as done in the past 3 years ARE NOT authorized for this 1999 payment. It will be necessary for the landowner or authorized power of attorney to either sign the PFC contract for the zero share of producers will have to furnish a copy of a written lease for 1999 year.

PFC final payment rates for fiscal year 1999 have been announced as follows:

Wheat; 63.7 cents/bu
 Sorghum; 43.5 cents/bu

Barley; 27.1 cents/bu
 Oats; 3.0 cents/bu
 Cotton; 7.88 cents/lb

1999 Wheat Grazing

Producers are reminded that when and if we get a rain, and you get your wheat, oats, and barley up big enough to graze, you must certify the grazing 15 days prior to turn in the cattle in. This is a must guys, if a NAP program becomes effective your certification must be timely in order to be eligible.

Reminders

Peanuts: We have a list for producers who are interested in Fall Leasing or Transferring of Quota pounds. The deadline to Fall Transfer is January 31, 1999.

Letter To The Editor

Dear Editor:

I have known Rudy Izzard since his high school days in San Angelo and I recruited him as a student/athlete to the University of Texas. I had the pleasure of coaching him while he was there and he was truly one of the most outstanding young men I have worked with. His family is one of the most respected families in San Angelo and both his parents are avid supporters of what is right.

I have remained in contact with Rudy through the years and am proud to know him and associate with him. I believe he is a person that could represent us well. Certainly he is a tireless worker, an enthusiastic person and is an overachiever. He is open minded and a fair man whom in my opinion could give your entire area tremendous representation and positive reinforcement.

Sincerely yours,
 Spike Dykes

Dear Editor:

Charlie Stenholm is at it again. Trying to scare senior citizens into thinking that their social security is in trouble--when he knows that the same bank that pays social security will have to pay his \$2.5 million dollar pension: The U.S. Treasury.

Some recent letters have tried to paint Charlie as an upright and honest man--but just how honest has he been with those he rep-

resents? He's running commercials that say he won't play politics with social security, yet, he voted against a Republican bill to save social security--just because it was a Republican bill. Now, the Democrats are upset about the bill because it gives some of us who overpaid our taxes a bit of money back. But, it sets aside billions of dollars to save social security. And, it protects that money from being used and abused by people like Charlie Stenholm.

Ask Charlie Stenholm why that money we've been paying into social security isn't there? Shouldn't he have been protecting it for the past twenty years? He probably will not tell you that he voted 4 times to raid the Social Security Trust Fund. And, that's the main reason why those funds aren't there now.

Charlie's had 20 years to deal with this issue. But, it seems the only one with a secure pension after all this time is Charlie.

Coy Tate

Dear Editor;

Do you remember that while Kenneth Starr was trying to force the "secret service" personnel to testify before the grand jury the Justice Department and the White House were portraying the secret service as composed of absolute paragons of virtue. We were told that they would never, never, never do anything wrong. That like the Eunuchs of old they had been castrated and had taken the vow of absti-

nence so they could devote their entire life to lay down their life for the "king". Notwithstanding they were compelled to appear before the grand jury and they did testify.

And what did we learn from that testimony? Well, we learned that Clinton engaged in tryst with at least six other women in the oval office. We further learned that the secret service became concerned about the computer recordation of those visits and attempted to purge from the computer records relating to those trysts. William Jefferson Clinton corrupts everything with which he comes into contact. The shocking stories coming out of Schools relating to sexual misconduct on campuses of every kind and character can be attributed to the President and the style of life chosen by him.

Ho-Hum, so much for the purity of the White House, Department of Justice and the vaunted Secret Service!

All of this occurred during Charlie Stenholm's watch--without his ever once rising in righteous indignation and proclaiming "enough is enough". WELL ENOUGH IS ENOUGH.

It Is Time For A Change!

Sincerely,
 Ben D. Sudderth

Callahan County Star Head Start Program Welcomed In Baird

Baird recently welcomed a new Head Start classroom. They are located at 100 W. 5th. Hours of operation are 8 a.m. to 5 p.m. Monday through Friday.

Head Start is a federal program for preschool children with low income families. Since it began in 1965, it has provided children between the ages of 3-5 with nutrition, health, social services, mental health, disability as well as educational and parent involvement services.

Head Start offers support services and a chance to be involved in activities that help the entire family. Head Start is divided into seven different components who work together to provide children and families these services. They are: 1) Nutrition--this component ensures that 2/3 of the child's daily nutritional needs are being met at Head Start. Children are provided with breakfast, lunch and a snack as well as assessments such as height, weight, and iron level testing.

Baird Head Start staff are: Gloria Diaz, bus driver and instructor aide; Sue Ward, cook; Anita Portillo, instructor aide; and Joyce Williams, instructor/supervisor. They are also assisted by three foster grandparents, Linda Donnelly, Gerry Bromley, and Maurice Springate.

If you would like more information about this program, please call us at 854-2626.

opportunities for children to develop socially, emotionally, intellectually, and physically. 7) Parent Involvement--parents are recognized as the primary educators of their children and as contributors to the Head Start program. Parent participation is attained through direct involvement in the decision making process, program planning and operations of the program, and parents are encouraged to volunteer in the classroom.

Baird Head Start recently welcomed ambulance drivers to their classroom during Dr. and Nurses Week. Dr. Monty Ancinec DVM spoke to the class on pet care during the week of Pets. The class attended the West Texas Fair and Rodeo petting zoo in Abilene, they also took a tour of the Baird Post Office during their study of mail carriers. They are anxiously awaiting a visit from Fire Marshal Russell Robbins and his fire truck and Smokey the Bear during Fire Prevention Week.

Poet's Corner by Susie Wylie

When I am with the Lord
All my troubles are so far
I know He is near--
there is no fear
Just love, joy and peace

He holds it all in the palm of His hands
Jesus did not come to beat you up
He came to lift us up
When He went to Calvary carrying the cross

He did it all for the lost
If you can dream it
You can do it
Nothing is too hard for God

Just think it--pray for it
Keep hope in your heart
Help someone else along the way
Do your best every day

When you help the poor, you are lending to the Lord
So come to the edge--trust in God
He will give you the desires of your heart.

Callahan County Library News

We have received a number of books recently, some of them are: "Beware of Kissing Lizard Lips" by Shalant; "The Plains of Passage" by Auel; "The Parson's Daughter" by Cookson; "Legend" by Deveraux; and "Mountain Laurel" by Deveraux.

Home Education

Children hunger perpetually for new ideas. They will learn with pleasure from the lips of parents what they deem it drudgery to study in books; and even if they have the misfortune to be deprived of many educational advantages, they will grow up intelligent, if they enjoy in childhood the privilege of listening daily to the conversation of intelligent people. We sometimes see parents who

are the life of every company which they enter, dull, silent and uninteresting at home among their children. If they have no mental activity and mental stores sufficient for both, let them first use what they have for their own households. A silent house is a dull place for young people, a place from which they will escape if they can. How much useful information, on the other hand, is often given in family conversation, and what unconscious but excellent mental training in lively social argument, cultivated to the utmost all the grace of home conversation.

The above article was written over 100 years ago and is still true today, please hold informative, intelligent conversations with your children.

Letter To The Editor

Dear Editor:
I would like to respond to last week's lengthy letter blasting the efforts of the individual reporting our Baird football games. The writer of last week's letter found some of the reporter's comments on the games upsetting. I agree that some readers might find the reporter's writing style inappropriate, but it is my opinion that the reporter did not intend to malign or hurt anyone. Let's remember that this individual is not a professional sports writer. He is a member of this community, has children active in school sports, and volunteers his time freely in reporting these games. He attends every game as his health allows and provides his own transportation, fuel, and meals. If this individual ceases his reporting due to the criticism he has received, who in this community will be

willing to step up and take his place?

My family looks forward to the weekly columns by this individual. We enjoy them and haven't found them offensive. It's kind of ironic to have someone complain of insensitivity in regards to a sport like football when the kids are constantly being told by their coaches, parents, and peers to "Be tough! Play with the pain! Don't be a pansy! You're an animal!" I guess these comments are okay, but don't you dare hurt their feelings in the newspaper!

In closing I would just like to say that I find it disconcerting that at least two people in Baird has found the time to write a letter on a matter like this, but has no time to comment on the concerns of our community, i.e. drugs, alcohol accessibility to minors, lack of adequate housing, etc. Shame on us!
Yours truly,
Sandra Burks

A Blast From The Past From The Callahan County Clarendon

January 24, 1880
Our New Jail

The contractors for the construction of the jail--Messrs. Martin, Byrne, and Johnson of Comanche, commenced the work with a full force of workmen, last Monday and will continue to work until the first story is up; they will then return to complete the Buffalo Gap jail before resuming the work on this one. Our jail will be substantial material--the walls of stone lined with three eighth inch jail plates; the floor will be of two inch plank and lined with the same. The size of the building will be 28x30 feet, two stories high; the lower floor will be finished with three rooms and a hall for a family; the upper story will be finished off for prisoners. The main jail room will be 15 1/2x20 feet and the misdemeanor room will be 10x12 feet. There will be but one cage in the jail. The iron comes from Cincinnati, Ohio and is now at Fort Worth. We are informed that the building will be completed in March next. This will be in keeping with the style of buildings already

gracing our little city of the plains, and will no doubt, be as safe a jail as any in the state. The cost of building is \$6,500.

January 31, 1880
The window and door frames of the jail are all set and the walls nearly to the top of them.

The work on the jail was suspended yesterday on account of the cold weather. Post Master Parvin and Dr. Largen have been having a railing put around their offices and the office otherwise improved.

There is good authority for stating that there is a good prospect for our getting a telegraph line to Belle Plain. It will require but seventy-five poles to reach the military telegraph and the operator can have the receipts of the office toward paying his salary.
Mr. Fellrath our enterprising hardware merchant informs us that if the weather will permit he will have the tin all on the roof of the Merchant & Parvin block this week. This will be the finishing stroke to the sixth stone business house and the fourth two story stone store in town.

Baird Jr. Livestock Association 1st Annual Golf Tournament Set For Saturday, October 31st

I love it when I or any of my teammates make a big play or we score a touchdown. I just love to win."

When asked what he likes least about football he stated, "I hate going to long practices on hot 90 degree plus days."

The question was asked, 'If you could be any football player who would you be? Why?' Jonathan states, "Dick Butkus, because he was bad."

JACK PRUET

Jack Pruet is a 15 year old sophomore on Baird's Varsity Football Team. He plays FB and CB (but he is out for the season, due to an injury he received in an accident over the summer, but is anxiously awaiting next season). He is number 33.

When asked what he likes most about playing football Jack replied, "I like being part of the Baird Bear football program and at least I get to wear the Friday night jersey and be part of the team."

When asked what he likes least about football he stated, "Being

out and not being able to play."

The question was asked, 'If you could be any football player who would you be? Why?' Jack states, "I would like to be any football player who gets to play."

COLEMAN VESTAL

Coleman Vestal is a 15 year old sophomore on Baird's Varsity Football Team. He plays Right Guard and Strong-Side Linebacker. He is number 68.

When asked what he likes least about football he stated, "Conditioning after practice (trips)."

The question was asked, 'If you could be any football player who would you be? Why?' Coleman states, "Dick Butkis, because he was the meanest linebacker that ever played."
