## Telephone Mass Meeting Friday Night, September 20th, at 7:30

### CROWELL WINS OVER QUANAH FRIDAY; 13-7

#### Graves' Class B Squad Wins First Game of Season From Class A Team

The 13th no longer holds the title of being the best football team in this city, or the Crowell High school team in particular. It was on Friday that the Wildcats opened the football season with a smashing victory of 13 to 7 over Quanah High school, the only Class A football team that Crowell plays this year.

Crowell was generally expected to lose the opening game although it was generally believed that the local boys would show the Indians a real fight. However, Crowell really defeated Quanah worse than the score indicated.

#### First Touchdown

The game opened with Crowell going to Quanah. After a plunger from Quanah fumbled the ball, Beadie Womack recovered the ball for Crowell on Quanah's own 35 yard line. On the next play Lanier carried the ball across the goal line for the first touchdown of the game. A pass, Lanier to Todd, was an extra point.

#### Todd Scores

Crowell scored again in the second quarter when Guy Todd went through the line for ten yards and a touchdown. The extra point failed when the ball was dropped. Again in this quarter, Crowell came within one yard of another touchdown but was hindered for taking extra time and losing possession of the ball.

#### Quanah Scores

Quanah's only score came in the second quarter when a Crowell punt was blocked and recovered behind the goal line by Norman. Garner carried through the line for the extra point. Quanah failed to even attempt to score at any other time during the game. The game ended with the ball in Crowell's possession in the field.

#### New Backfield Man

A new backfield star discovered Gannus who shifted from end to player's position in the first quarter. He played the remainder of the game and played a perfect game in the safety position also. Ashford covered good distance on his punts. Crowell was a little weak, however, kicking off after touchdowns.

#### Summary

Crowell made eight first downs to Quanah. Crowell tried eight passes, completed two and had one intercepted. Quanah tried fifteen, completed five and had one intercepted. Crowell was penalized 55 yards during the game while Quanah was penalized 10 yards.

#### The starting lineup:

QUANAH	
Carter	Jarrell
Left End	Jarrell
Left Tackle	J. Bolton
Left Guard	Boseley
Center	C. Bolton
Right Guard	Turner
Right Tackle	Guin
Right End	Willis
Quarterback	Faircloth
Left Halfback	Roberts
Fullback	Jones
Right Halfback	Jones

Substitutions: Crowell—Gannus for Lanier; Cooper for Gannus; Roberts for Burrow; Horn for Roberts; Lanier for Ashford; Oswald

### Myers Arrested In Vernon Sat. By Local Sheriff

W. T. (Curly) Myers of Lawton, Oklahoma, is in the Hardeman county jail at Quanah, charged with operating a still, following his arrest in a vacant residence at Vernon Saturday afternoon by Sheriff Que Miller and Jack Roden, deputy, with the assistance of J. D. Key, chief of police at Vernon, and D. Lewis, another Vernon policeman.

The arrest marked the end of a search that started three weeks ago after the raid of the largest still ever captured in this section. The still Mr. Ray's farm after Mr. Ray had noticed suspicious activity and reported the matter to the sheriff's office.

Mr. Miller and Mr. Roden kept a close watch on the still for two days and two nights and raided it on the morning of August 21st. At the time of the raid, Myers' wife was captured and two men escaped. Verma Johnson surrendered a few days later and he and Mrs. Myers were released on bond a few days later.

Myers is being held in jail in default of bond. The actions of a sister of Myers who came to Crowell to make bond for his wife were watched and led to the arrest by local officers who have constantly been on the job since the raid to arrest all connected with it. Mr. Miller has traveled over one thousand miles on this case. Saturday afternoon Myers was seen to get out of the automobile that his wife was driving, near the residence where he was arrested.

#### Rates If Installed

The rates for which the Haskell Telephone Company would install the flash-light system were given by Mr. Pace as follows:

RESIDENTIAL:  
Wall—\$2.25 per month.  
Desk—\$2.50 per month.

This is an increase of 25c (twenty-five cents) per month over the present rates for a wall telephone. There is no increase in rate for the residence desk telephone.

BUSINESS:  
Wall—\$4.50 per month.  
Desk—\$4.75 per month.

The present business rate is \$3.00 per month for a wall telephone and \$3.50 per month for a desk telephone.

#### Large Investment

Mr. Pace explained that the rates would have to be increased due to the fact that a huge investment would be required to supply the additional service. The old equipment, telephones, switchboard, and other material amounting in cost to about \$100,000 would have to be retired and about \$20,000.00 worth of brand new equipment would have to be added.

#### Chick With 4 Legs Brought Here Monday

A chicken with four perfectly developed legs is believed to be one of the rarest freaks to yet occur in Foard county. C. D. Stephenson told a News reporter about a healthy baby chick being hatched on his farm with four legs and that he was looking forward to the time of having four drum sticks from it.

Monday morning he brought the little chick's dead form to town for Sunday night it had been stepped upon by a hen, according to Mr. Stephenson's belief. Those who were skeptical of Mr. Stephenson's tale Saturday were convinced by looking at the chick. Mr. Stephenson stated that the chick walked on only two of the legs and the two 'spares' were carried in front, just below the wings.

The chick is now preserved in a solution of salt water and formaldehyde in a quart jar in the office of the county agent, Fred Kennels, and is on display for anyone wishing to see it.

#### Women's Clubs Act

The telephone proposition was presented to the Columbian and Adolphus clubs at their meetings Wednesday by Mack Boswell. These clubs have already voted unanimously favoring the change and resolutions have been adopted that will be mailed along with the results of the general mass meeting, to Mr. Pace.

#### Local Golfers Take Part in Tournament

Seventy-two players from Quanah, Crowell, Childress, Wellington, Vernon, Gould, Altus, Oklahoma City, Chillicothe, Paducah, and Iowa Park, took part in the first invitation tournament that has been held by the Quanah Country Club.

#### Robert Huskey Shows That Quality Pays

An example that quality pays was shown here last week by Robert Huskey, Thalia farmer, who came to town with a trailer load of watermelons.

#### Local Golfers Take Part in Tournament

Within a short time he had disposed of all of them while other loads of melons that arrived earlier in the day were not half gone. The difference was that Mr. Huskey, who is a firm believer in quality, had secured only the largest and most uniform melons and he quickly sold these at an average of 35c to 50c.

## CROWELL IS GIVEN AN OPPORTUNITY TO SECURE THE MOST MODERN TELEPHONE FACILITIES

### Vote of Customers Will Be Taken if Action at Mass Meeting Is Favorable for the Installation of Flash-light System in Crowell

Crowell now has the opportunity of securing the most modern telephone service available and the matter of securing the improved service is left up to the telephone users of this city themselves. A mass meeting in regard to this matter will be held Friday night at 7:30 in the district court room.

John W. Pace, general manager of the Haskell Telephone company, and G. H. Williams, superintendent of the company, were in Crowell Tuesday and conferred with George Self and Mack Boswell, who had written them regarding the proposition. Mr. Pace stated that he wanted the public to understand that his company was not trying to sell the flash-light system idea to Crowell but that Crowell was asking for the service and if eighty percent of the telephone users voted for the change, his company would install that type of service here.

"We would rather go on with the ordinary battery system that is now in use in Crowell for we can make more on our investment here, but if the people of Crowell are willing to pay an additional amount for the improved service, we will see to it that they get telephone service that will not be surpassed anywhere," Mr. Pace stated.

#### Improving System Now

The new two-story building of the company has practically been completed by L. I. Saunders, contractor, however it will likely not be occupied until after the first of the year due to the fact that the biggest part of improving the system is yet to take place.

#### Good Telephone Town

Crowell is considered by Haskell Telephone company officials as being one of the very best telephone towns, according to its size, on their system. There are now about 285 telephones in use in this city. Very few towns the size of Crowell, anywhere, have the common battery (flash-light) type there are no cranks on the telephone.

#### Women's Clubs Act

The telephone proposition was presented to the Columbian and Adolphus clubs at their meetings Wednesday by Mack Boswell. These clubs have already voted unanimously favoring the change and resolutions have been adopted that will be mailed along with the results of the general mass meeting, to Mr. Pace.

#### Local Golfers Take Part in Tournament

Seventy-two players from Quanah, Crowell, Childress, Wellington, Vernon, Gould, Altus, Oklahoma City, Chillicothe, Paducah, and Iowa Park, took part in the first invitation tournament that has been held by the Quanah Country Club.

#### Robert Huskey Shows That Quality Pays

An example that quality pays was shown here last week by Robert Huskey, Thalia farmer, who came to town with a trailer load of watermelons.

#### Local Golfers Take Part in Tournament

Within a short time he had disposed of all of them while other loads of melons that arrived earlier in the day were not half gone. The difference was that Mr. Huskey, who is a firm believer in quality, had secured only the largest and most uniform melons and he quickly sold these at an average of 35c to 50c.

#### Local Golfers Take Part in Tournament

He had the Stone Mountain variety and had used care in the planting, caring for and selection of the melons. They weighed from 45 to 60 pounds each.

### September Term of District Court Starts Monday

The September term of district court will begin in Crowell Monday when the grand jury will assemble to set the docket for this term of court.

### RAIN FOR THIS MONTH TOTALS OVER 4 INCHES

One Inch Fell at Crowell Sunday; .15 Inch Fell Here Again Thursday Morning

Another good rain fell over Foard county Sunday night. The downfall registered exactly one inch at Crowell and was reported general over the county, although lighter and heavier in some parts of the county. Rain amounting to .15 inches fell here again Thursday morning.

Silas Moore reported that the rain Sunday was the best that has been received in the Margaret vicinity in some time and that it will be of considerable benefit to late feed and some cotton.

The rain was not needed in the Southern part of the county, however, it was welcomed and will add a still better season for wheat planting and will further aid range conditions.

John Ray stated that about the same amount of rain was received in the Northeast end of Foard county as was received here Sunday. He said that it was a little too late to be of any great benefit to cotton and expressed the belief that there would be very little top crop in the Rayland section.

September of 1929 has prospects of being a banner month for rainfall. The average rainfall for September has amounted to 4.42 inches.

The rain Thursday morning was a little lighter in the South and Eastern portions of the county.

### Forgers Pass Six Worthless Checks

Six worthless checks, amounting to \$27.50 each, were passed by two men here Saturday night. No trace has yet been found of the men.

Through some means the men had secured a stamp of the McPherson Drilling company and had stamped it to the checks which were given to The Famous, R. B. Edwards Co., Harwell Variety, Self Motor Company and Crowell Service Station.

### Meeting of Presbytery Closed Here Wed. After 2-Day Session

The meeting of the fall session of the Wichita Falls Presbytery came to a close here Wednesday night after a successful two-day session.

Seymour was selected as the meeting place for the spring session of the Presbytery that is to take place in April. Rev. E. F. McLaughlin, pastor of the Floral Heights Presbyterian church, was elected moderator, succeeding Rev. L. D. Grafton, pastor of the Presbyterian church at Electra.

Others appearing on the program during the two days were Rev. E. C. Cargill, pastor at Seymour; Rev. L. R. Hogan of Fort Worth, representing the national mission board; Dr. N. F. Grafton, pastor the First Presbyterian church of Wichita Falls; Rev. George W. Fender of Arlington; Rev. C. E. Vandermaaten of Hollister, Missouri, head of the Southwestern Presbyterian Assembly; D. D. King, clerk, of Wichita Falls; J. D. Thompson, elder, of Vernon; L. O. Tolson, elder, of Seymour; Rev. Carlton, pastor of the Methodist church at Electra; L. D. Kellum, elder, of Electra; and O. R. Hartt of Wichita Falls.

### Wich-Tex Co. Makes Another Location

The Wich-Tex Oil Company has made its second location in the Thalia area and will soon put up a rig and start drilling on a new test.

The location for the new test is 240 feet west and 300 feet north of the J. L. Shultz Wich-Tex No. 1 and is in the south 40 acres of the north 140 1/4 acres of Section 44, Block 18, H. & T. C. Survey.

The Mecher Humble No. 1 has just set casing at 1465 feet after missing the Matthews oil sand. The Humble will continue to drill to a deeper pay. There are about two million cubic feet of gas in this well so far. It is located in the northwest corner of the southwest quarter of Section 33, Block 8, H. & T. C. Survey.

This is the only test being drilled in the Thalia area at the present time as five other wells are now on the pump.

### HOSPITAL NOTES

Leslie Moore was operated on for appendicitis Tuesday. He is getting along nicely.

Mack Rheinhardt of Margaret is recovering from an appendicitis operation that he underwent Wednesday.

J. H. Blount of Lockney was brought to the hospital Sunday after receiving injuries about the neck in an automobile accident.

K. G. Davis and Martin Sojourner of Chillicothe were brought to the hospital Tuesday night after being badly injured in a car wreck.

Misses Dorothy and Bernice Coffey left Monday for Denton to enter the College of Industrial Arts.

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, September 20, 1929

THE TELEPHONE SITUATION

"Why doesn't Crowell get the Bell Telephone System?" has been the question asked several times during the past few days when the matter of improved telephone service has been mentioned here. All who have raised that question have been of the opinion that this system, the largest in the world, would immediately establish the flash-light system without extra cost and it also seems to be the opinion of many local people that the Bell system uses only the flash-light system, which is very untrue.

Floydada, a city twice the size of Crowell and one of the fastest growing cities in the state, is one of the hundreds of towns on the Bell system that is still having to crank their phones when a number is wanted. Hamlin is another and there are any number of others on this large telephone system that have tried vainly for a number of years to have a modern system installed.

Few towns the size of Crowell are offered the opportunity that we now have. The Haskell Telephone company is completely rebuilding its system here and is in a position to make the offer that it has to Crowell. After solicitation from local people its officials have stated that their company would do in regard to the flash-light system. Their position is that they would prefer to go ahead with the type of system now in use, but if Crowell wants the best service, to go ahead and handle the matter itself and find if the majority of people are willing to pay for the extra service and if the people are, their company will take a vote from every telephone user in this city and if 80 per cent want the change, it will be made.

While our knowledge in the telephone line is limited, yet we cannot call to mind a town anywhere that is about the size of Crowell that has the flash-light system. If the same old ordinary battery system is installed it will take longer than ever to secure a change. A new ordinary battery board would offer little improvement. In other words Crowell has the opportunity of stepping ten years ahead of itself and we believe that it will be to the best interest in general to vote for the improved system.

The increased rates are given on the front page and we do not believe

they are exorbitant in comparison with other cities and in view of the expenditure that will be required to establish the new system.

The residential rates, with the increase, are considerably lower than those in Dallas, Fort Worth and a great many other cities. The business rates with the increase are in line with the business rates in other cities. Olney and Seymour made thorough investigations in regard to the increased rates that were submitted by the Haskell Telephone company when those cities asked for the flash-light system. They found that the rates were entirely in line and even lower than in several neighboring cities.

The Haskell system is offering Crowell lower rates than were offered Seymour and Olney. The rates in those two cities are \$5.00 for a business wall telephone and \$2.50 for a residence wall telephone, 25c more in each case than the rates offered Crowell.

In short, we are offered the unusual opportunity of stepping clear out of our class at a very reasonable cost. If we don't take this opportunity now, we may have to wait ten years before it comes again.

Style Show Given at B. W. Self Home

The lawn and residence of the home of B. W. Self were packed to capacity last Thursday night when a style show was given there. The event was handled in a delightful manner and enjoyed by all attending it.

Miss Elizabeth O'Connell made the first appearance in a pink wedding dress worn in 1889. The year of 1906 was next represented by Mrs. Grady Graves in a white brilliantine. Miss Catherine Clark next appeared in a lace dress representing 1911 and Miss Elizabeth Kincaid represented the "modern Miss of 1929" with a pajama suit and coolie coat in black and orange colors.

Little Margaret Claire Shirley and Mary Evelyn Edwards were clever models for children's wear. House, sport, street and afternoon dresses were displayed by the models along with an attractive line of coats.

During the show Mrs. Sam Crews gave a piano solo and Mrs. I. T. Graves, a reading. Mrs. Paul Shirley acted as official pianist for the occasion.

Friday night the style show was taken to Truscott and was given before an excellent crowd at the Truscott Hotel.

The novel affair was worked out by Mrs. George Hinds and B. W. Self.

178 BALES GINNED

One hundred and seventy-eight bales of cotton had been ginned in Crowell up to Thursday afternoon. Recent rains have slowed down ginnings considerably.

Volunteer Wheat Is Problem For Foard Farmers

G. J. Benham of Vivian Exhibits a New Variety of Feed Called "Kaffir-eta"

BY FRED RENNELS

The volunteer wheat situation is a problem to some of the growers at this time. There are many fields that are in excellent condition, the ground smooth and a good stand looking fine. According to J. W. Bell, who has been growing wheat in Foard County for the past thirty five years, where the land and stand is right it might be a good plan to leave it. The wheat this year is thirty days late in coming up, so it seems that it would be a little advantage to plow up wheat and plant more if the ground is properly cultivated. One thing that should be noticed is the stand. If the wheat is too thick it should be thinned out. This can be done by using a drag harrow weighted down, or by running a drill through the wheat which would thin it out and tend to make it in rows. One grower expressed his views on the volunteer wheat that he did not like to "carry all his eggs in one basket," that he was leaving some and that he was going to re-seed some.

New Feed

G. J. Benham, of the Vivian community, was exhibiting a new variety of feed which he grew on his farm this year. Two years ago a group of Foard County people visited the Experiment Station at Chillicothe. They had a number of feeds under development that looked very promising. Among the plats of feed was one which they called Kaffir-eta, but due to the experiment not being complete the management of the Station would not let any of the seed out at that time. This year a few samples of the seed were obtained and planted in various parts of the county. Mr. Benham seems to have had fair success with his test. Due to the dry weather, however, many of the stalks did not head, but every stalk that did make a head produced a good one. There are no small inferior heads, according to Mr. Benham. It looks very promising as a feed for this section. It is a large white head the grain resembling that of kaffir and the shape of the head being more on the milo maize type. The stalk has a good leaf and is better for foliage than maize.

Victims of Two Car Accidents in Hospital

The victims of two car accidents near Crowell this week are recovering in the hospital here and will soon be able to leave.

The first accident occurred Sunday about two and one-half miles east of here on the Lee highway when two Lockney men, J. H. Blount and A. B. Blount, were driving toward Vernon.

The sedan in which they were riding turned over after passing another car, severely injuring J. H. Blount about the neck. While his injuries were painful, no bones were broken. A. B. Blount, who was driving the car, was not injured. Most of the glass in the sedan was broken and other damage suffered.

Chillicothe Men Hurt  
K. G. Davis and Martin Sojourner of Chillicothe, representatives of the Magnolia Petroleum Company, were badly bruised Tuesday night when their light roadster overturned on a corner about one mile south of the Wichita River.

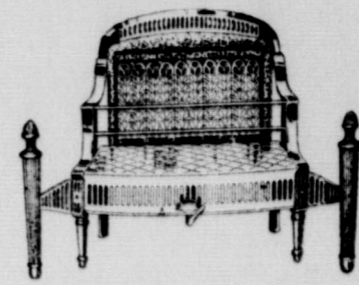

They were brought to the Crowell hospital where it was found that no serious injuries resulted, although both men were severely bruised. Their car was damaged considerably in the wreck.

Foreign Cotton Threatens Staple Crop of the South

"One American manufacturer uses 80 per cent Egyptian cotton because he cannot get as fine or as long cotton in this country. There is no blinking the facts as they exist. American cotton supremacy is not only threatened but is slowly being undermined," writes Arthur Coleman in the current issue of Holland's, the Magazine of the South.

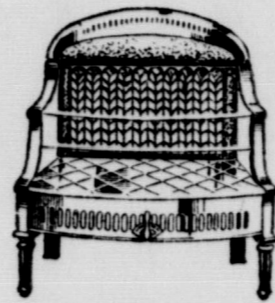

Amazing as it may sound to Southern people who look upon cotton

GAS HEATERS

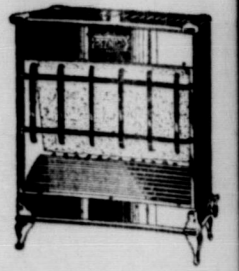

Our stock of Gas Heaters is complete. A size for every room at a price for every purse. Prices range from

# WHY SAVE?

Why not spend it while you have it? The answers are to be found in the personal histories of the folk who succeed and those who fail. Moneyed men almost without exception have built the nucleus of their fortunes by steadily saving. And it's a safe bet that Mr. Down-and-outer isn't the sort who saved when he was earning.

Yes, Save!

## THE BANK OF CROWELL

### LOCALS and Personals

PHONES 43 AND 163

Meet me at Wallace Barber Shop. Edison light bulbs, 20c.—M. S. Henry & Co.

Mrs. J. P. Fields of Quanah spent Tuesday night at the home of Mrs. J. R. Beverly.

Mrs. Fannie Thacker returned last week from Manitou, Colo., where she spent the summer.

Mr. and Mrs. W. I. Stephens of Vernon visited friends and relatives in Crowell Monday.

Price Lovelady left last week for Denton where he entered the North Texas State Teachers' College.

Cream tested every day. Provide a weekly income of your own. We will help you.—Ketchersid Bros.

Mr. and Mrs. G. W. Hall were in Vernon and Chillicothe visiting relatives and friends over the week-end.

J. R. Coffman of Abilene, former resident of Crowell, visited S. E. Seales, his brother-in-law, here this week.

Mr. and Mrs. T. B. Klepper and son, Billie Newton, were visitors in Vernon, Chillicothe and Quanah Saturday.

Mrs. Johnny Wright of Weatherford returned to her home Thursday after visiting her daughter, Mrs. Joe Rickard.

Miss Carolyn Van Orman left Sunday for Wichita Falls where she will take a business course at Draughon's Business College.

P. B. Madrey of Wichita Falls spent Wednesday night in Crowell visiting Mrs. S. O. Woods and daughter, Miss Lottie.

Leo Spencer made a trip to Austin the first of the week to take his son, Markham, to school. He also attended to business in Dallas.

Miss Dorothy Florence Hinds and Hallie Mae Johnson have gone to Fort Worth where they will enter Texas Woman's College.

Mrs. J. M. Allee and Mrs. R. R. Magee and two sons, Milton and Joe Mark, and Mrs. J. R. Allee were visitors in Vernon Saturday.

E. F. Stephens of Wichita Falls, chief scout of the Texas Oil company, and M. M. Hart Jr., made a business trip to Haskell county Saturday.

Charles Ferguson, accompanied by his father, H. E. Ferguson, left Friday night for Wilmore, Kentucky, where he will enter Asberry College.

Frank Crews, Jr., came in last week from Fort Worth for a visit with his parents, Mr. and Mrs. Frank Crews, and other relatives and friends.

Mr. and Mrs. Bert Forbes and twin daughters, Nellie Jane and Nancy Jo, were here Sunday from Chillicothe visiting in the home of Mrs. J. A. Johnson.

C. B. Graham and family of Margaret left Wednesday for Austin where they will make their home temporarily. Miss Edith Graham will receive her degree from Texas University this year.

Mr. and Mrs. Harvey Sikes and little son returned to Crowell after spending the week-end visiting relatives in Clay county. Mr. Sikes reported that there were good rains all the way from Crowell to that section.

Valton Wallace and Johnny Wright visited friends and relatives here over the week-end. The young men are now living in Memphis. Valton is employed in an electrical company and Johnny is working for a plumbing firm.

Mrs. Annie Wilson of Amarillo and daughter, Mrs. Pearl Joslen, of Mexia were here Saturday night visiting relatives. They were enroute to Amarillo from Mexia where Mrs. Wilson had been visiting her daughter.

Mr. and Mrs. H. L. Kimsey and son, James Henry, visited Miss Lucille Kimsey at Wichita Falls Sunday. Miss Kimsey recently received a promotion in the State Highway Department at Wichita Falls, where she is employed.

Mrs. V. V. Whiteley, 84, mother of H. S. Wallace of Thalia, and aunt of Duke Wallace of Crowell, and grandmother of Mrs. Esca Brown, also of this city, died at her home in Memphis last week. The above relatives accompanied by Valton Wallace attended the funeral which was held in Memphis.

Mr. and Mrs. Horace Doolen and son, Horace M., of Mangum, Okla., were here Sunday visiting in the home of their son and brother, Jimmie Doolen. The Doolen family was among the early settlers of this county, leaving here about 30 years ago when Horace Doolen was quite young, however, he remembers many of the old-timers and renewed acquaintance with many of them while he was here Sunday.

The News received a letter Wednesday from Major Claude A. Adams, who is employed in the Adjutant General's Department at the state capital. Claude says, "We are gradually moving Crowell to Austin. Have the Wheelers, A. C. Gaines family, with C. B. Graham moving down this week and Jesse Brown working at Home Drug Co. No. 2, and all getting along nicely." Claude also enclosed a check for \$2.00 for another year's subscription to the News and says they would be lost without it.

Clara Bow at her best in "Dangerous Curves."

Edison light bulbs, 20c.—M. S. Henry & Co.

"Dangerous Curves" with Clara Bow, Monday and Tuesday.

Rev. Woodie W. Smith visited in Vernon and Wichita Falls Tuesday.

Tom Reeder left Sunday for Austin to take up work in Texas University.

Mrs. J. C. Roberts of Denton is here visiting her son, N. J. Roberts, and family.

Don't strain your eyes. Get an Aladdin Lamp. They are brighter.—M. S. Henry & Co.

Misses Gussie and Eva Todd left Tuesday for Canyon to enter Northwest Texas Teachers' College.

Mrs. Claude Brooks left last week with Clyde McKown for Carlsbad, N. M., for a visit with her husband.

Aladdin—just the lamp you have been looking for.—M. S. Henry & Co.

Miss Mary Alice Shannon left Sunday for Vernon where she will make her home with her parents. She has been employed at the Allen Chevrolet company for the past several months.

Mrs. J. S. Williamson left Saturday for Fort Worth to join her husband for a few days visit. She will leave in a short time with her sister-in-law for a motor trip and visit of a few weeks in San Antonio.

If you want a real light, get an Aladdin Lamp.—M. S. Henry & Co.

Mrs. Pearl Carter and son, J. T., of Quanah, were visiting relatives here Saturday night.

A car each of Seed Wheat and Seed Oats on track next week. Give us your order.—T. L. Hughston Grain Company.

Mrs. R. L. Kincaid and daughter, Elizabeth, left Monday morning for Denton where Elizabeth will enter the College of Industrial Arts.

Ed Andress and wife of Wheeler county returned to their home this week after visiting friends here. Mr. Andress reported crops in fair condition in his section.

### Zane Grey Story at Rialto Saturday

The Paramount picture, "Sunset Pass," by Zane Grey, starring Jack Holt, will be shown at the Rialto, Saturday, September 21.

Those who have seen Jack Holt in pictures know that he reaches his greatest heights in Zane Grey novels and "Sunset Pass" is said to be one of the very best pictures by the team of Grey and Holt.

Jack Holt plays the role of a U. S. marshal out to round up a bad band of cattle rustlers in this picture. While other western stars have slipped, Holt forges to even greater heights.

He has actually had experience as a cowboy and stage coach driver. In the days before he became a movie star, Holt followed the adventure call into Alaska. The wealth he expected to find did not materialize and he took a job driving a stage coach out of Dawson to one of the mining camps. He has also had considerable experience as a cow puncher in the ranges of Oregon and the Southwest. It was his mastery of horsemanship that eventually led him into pictures.

Reddish colored stars are the coolest.

ALIBI PLAYS A BIG PART

The inebriated husband who upset his wife's aquarium and later alleged that one of the fish tried to bite him has nothing on the average alibi artist in business. When the office boys develop better excuses and advances to a desk where there are push buttons.

The elaborate census figures do not shed light on the numerical strength of men whose fertility of imagination would enable them to buy Rolls-Royce cars if directed to forms of invention other than alibis.

There are plenty of persons today engaged in the alibi business with their business. Some of these people are clerks, some are salesmen on the road, and in many instances the chief alibi maker is the boss.

Among the forms of alibi will be found the futurist, who lives only in the future, as far as business is concerned. This type looks upon today as being of a dark drab in color, but tomorrow, next week, next month and next year is full of promise.

Then there are climatic salesmen, who are unable to sell only when the weather happens to be right and usually the weather is never right. The greatest alibi in business is to put off until tomorrow, the opportunity that is beckoning today.

A man once said that he was thinking of publishing an alibi book. It would contain enough ingenious excuses to last an ordinary slacker for the rest of his life. The only objection to such a book is that the prospective purchaser would probably find an alibi not to buy it.

CHURCHES

Christian Science

Sunday, 11 A. M. Subject for Sunday, September 22. "Matter." Sunday School at 9:30. Wednesday evening service at 8:00. The public is cordially invited.

Methodist Church

Sunday School at the Methodist church next Sunday morning at 9:45, with special departments, classes and teachers for all. We should have a large attendance. We hope all members of the school will try to be present Sunday, on time, with a splendid lesson.

Rev. J. O. Haynes, our presiding elder, will make his fourth official visit to us for the present year next Sunday and will preach for us at the 11 o'clock hour. Would appreciate the presence of all our people at this service.

Junior church for all the boys and girls from 7 to 14 years of age in the basement of the building at 11 o'clock.

Hi-League at 6:30 and Senior League at 7 o'clock. Evening worship at 7:45. Special music by members of the Hi-League at the evening service.

Woman's Missionary Society meets Monday afternoon at 3 o'clock.  
W. R. McCARTER.

Christian Church

Next Sunday we expect to exceed the one hundred mark for Church School. We had almost one hundred last Sunday, and would have had it if you had been there. We need to do just a little better this Sunday, by all making a special effort to be there for Church School. Bible reading last week was splendid. Keep up the good work.

Church School begins promptly at 9:45. Be on time. Worship Service at 11 o'clock. Evangelistic Service at 7:30 p. m. Christian Endeavor meets at 6:30 promptly. Study class Wednesday night at 7:30. Choir practice immediately following at 8:00 o'clock. Everyone is urged to attend all services.  
JOHN G. CLARK.

B. Y. P. U. Program

Doctrinal Meeting—Jesus, Our Intercessor.  
Leader—Mrs. McBurnett.  
Where Jesus Went—Herbert King.  
Jesus Speaks to Stephens and Paul—Lucille Ellis.  
Enthroned in Glory—Mable Ivis.  
Other Notable Intercessors—Mrs. King.  
Jesus, Our Advocate and Intercessor—Martha Schlagal.

A Savior Sued to Our Needs—Frances Schlagal.  
—MRS. MCBURNETT.

Baptist Church News

One hundred and fifty-four in Sunday School last Sunday. Not a bad day in the light of the fact that a large number of our folks were out of the city. The preaching service was of a high order. The B. Y. P. U.'s were up to par and the evening preaching service was well attended. There were two additions at this service, by letter. God is greatly Blessing his work among Crowell Baptists.

The Musical Training School this week is creating a lot of interest among our people. This is something different, and no service is more needed than that of the musical program of the church.

Next Sunday the Sunday School will begin exactly at 9:45; Preaching at 11; B. Y. P. U. at 6:45 and Preaching at 7:45. The morning theme will be: "The Six Mysteries of Godliness." Special music by the choir and Mrs. A. F. Wright will render a solo. E. B. McBurnett will conduct the choir with Mrs. Arnold Rucker at the piano. A. G. Bell, general superintendent, is getting into the work this fall as never before. Let each one pray for him and help him.  
W. W. SMITH

Reading—Lella Ben Allee.  
Talk: My Community and My Faith—Jim Lois Gafford.  
Talk: The Young People's Revival—Louise McKown.

CHRISTIAN ENDEAVOR

The Christian Endeavor program for Sunday will be featured by a debate on the question "Resolved that the world is growing better," with Miss Vera Patton taking the affirmative side and Teddy Burrow the negative.  
\*Individual Opportunity to Make

the World Better" will be the subject of a talk to be given by Merle Morgan. Miss Mary Clayton Giddings will speak on the subject "Helping Our Community as a Means of Making the World Better"

Grady Walker and Rev. John Clark will give a special vocal number and Virginia Sue Crowell will give the scripture reading and comment. Mack Boswell is leader for the program Sunday.

Program Committee Meets

The program committee held a special meeting Monday night at the home of Miss Lottie Woods with the following present: Vera Patton, Frankie Kirkpatrick, Rev. John Clark, Lela Patton, Mary Clayton Giddings, Mack Boswell and Lottie Woods.

VIVIAN CLUB

The Vivian home demonstration club met at the home of Mrs. R. H. Beatty last Thursday. Fourteen members and five visitors were present.

After opening the meeting along the regular procedure, Mrs. Lewis was elected parliamentarian. Miss Freeman gave some recipes for bread-making and a number of fine helps for making good bread.

Mrs. Beatty served a tempting plate to the members and the following visitors: Mrs. T. E. Turner, Mrs. R. V. Beatty, Eva Parker and Mrs. Ed Address of Wheeler, Texas. The next meeting will be held at the home of Mrs. Allen Fish on Sept. 25. Visitors are urged to attend all of our meetings.—Reporter.

The latest styles from Paris are being shown in the movies, but nothing is said about men with skinny legs who persist in wearing golf pants.

An insurance company's safe was robbed the other day of \$500, and the usual question arises, was it insured?

PRINTING RESULTS

The one big thing we are interested in when you come here to proper printing is not primarily how big the order, but—how can we do the job to insure you maximum satisfaction. We know that if you get results you will be back for more printing of the same kind.

The Secret of Successful Merchants

HERE, there, everywhere, are stores of every description. One alone is outstanding... The BUSY STORE... it is made light, bright and cheerful by that magic power... ELECTRICITY.

**Happy Youngsters in Home of Longfellow**

I have called it "the poetry school," because it was in the home of a poet, because we lived in an atmosphere of poetry and saw the birth of many of the beloved poet's best-known works, saw other poets and writers, his friends and advisers, coming back and forth to discuss with him the greatest poetical work of all time, the "Divine Comedy" of Dante. But I also call it so because many of us children were ourselves descended from or related to poets. In fact, poetry and poets formed so large a part of our school tradition that we took them very much for granted. If anyone had said to me, "Is not your grandfather a poet?" I should probably have replied, "Why, yes. Isn't yours?" The Longfellow children even made jokes about poetry, in which their father and their uncle, Rev. Samuel Longfellow, a writer of lovely verses and hymns, aided and abetted them. A favorite breakfast dish of the family was battercakes baked in cups, which pulled out in the baking till they were mostly crust and little inside. These were generally known as "popovers," but the Longfellow children called them "poetry cakes"—"because," they explained, with great gusto, "there's nothing in them!" and this joke their father relished hugely.—From "An Echo From Parnassus," by Henrietta Dana Skinner.

**Rudeness Checked by Display of Courtesy**

The most effective weapon to be used in meeting rudeness is courtesy. I say that dignity and calm and good temper will always check rudeness, even in a person who can be checked by no other means.

The explanation is that it is impossible to be disagreeable without knowing that one is being disagreeable. And to be met by agreeable manners when one knows that one is being disagreeable is in itself a severe lesson. The disagreeable person is quick enough in wits to perceive the end of power. He is quick enough also to make a comparison and feel a sense of inferiority to the self-controlled agreeable person.

Anger gives way to respect and respect to emulation. The disagreeable person, conscious at last of an infirmity, becomes apologetic. I have seen it happen. Tolerance, kindness—call the response by any name you will—are all indications that the possessor has attained to self mastery. The disagreeable person, however cultured, is savage, and the savage will always be controlled by that which is civilized.—Kansas City Times.

**Historical Law Codes**

The earliest code, which is the name given to a collection of laws, or constitutional articles, was that of Hammurabi, about 2100 B. C. The codes of Theodosius and Justinian, Roman emperors, were the basis of the Code Napoleon of France. Theodosius appointed a commission of 16 in 435 A. D., to collect and codify the edicts and constitutions of the provinces of the Roman empire. This was published in 438. It was revised in 529 by the Emperor Justinian. The Code Napoleon, completed in 1804, consisted of 2,281 articles. There were partial codes in France previous to this. The Code Napoleon is the basis of the codes of the Two Sicilies, the Netherlands, the Swiss cantons, Bolivia and Louisiana. The Code Frederick is the codification of the Prussian laws, codified under Frederick the Great, and was the basis for the law of the German empire.

**For Insomnia Sufferers**

As treatment for insomnia, there is advised a systematic mapping out of the day; early rising, then work, punctuated by regular meals, followed by half an hour's rest after each, a fair allowance of exercise and recreation, the latter to be pursued genuinely and not as a make-believe. Physical exercise is beneficial, and discipline in the selection of food a necessity.

A glass of hot milk and a biscuit or a hot-water bottle often have remarkable effects, while the bedroom should be quiet and cool, with an open but darkened window. Hot baths before retiring are helpful in some cases, but may aggravate others.

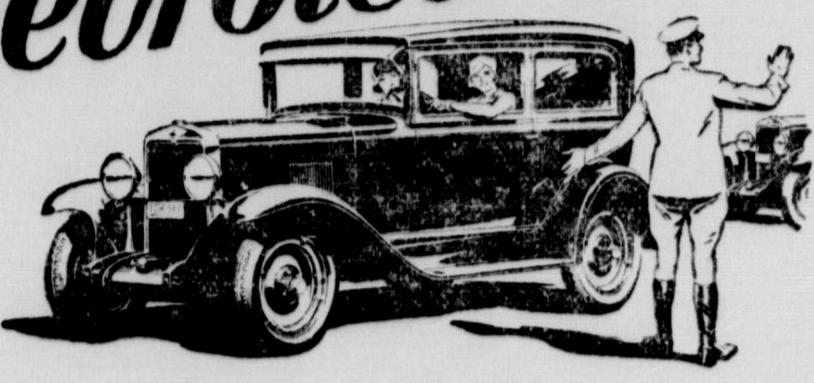

**Medieval Care of Books**

Censure not the pupil who writes in his book that no one is to purloin it, under various fears; he is only doing what the medieval monk did before him. Men of religious orders were for centuries not only the custodians but indeed the creators of books and libraries and the Benedictine order laid down many rules for the care of its books and manuscripts. "Wash! lest touch of dirty finger on my spotted pages linger," is a literal translation of one. Another, "May whoever steals or alienates this manuscript, or scratches out its title, be anathema. Amen."—Detroit News.

**Virtue the Great Bulwark**

It is virtue alone which can render us superior to fortune; we quit her standard, and the combat is no longer equal. Fortune mocks us; she turns us on her wheel; she raises and abases us at her pleasure, but her power is founded on our weakness. This is an old-rooted evil, but it is not incurable; there is nothing a firm and elevated mind cannot accomplish.—Petrarch.

**Drive a Chevrolet Six!**

**—so Delightful to Drive!**

The Chevrolet Six delivers its power with that smooth, even, velvety flow which characterizes the truly fine automobile. At every speed, you travel without the slightest annoyance from vibration. Equally delightful are its comfort and handling ease. Four long semi-elliptic shock absorber springs provide the road balance found in the finest cars. And the steering gear is equipped throughout with friction-free ball bearings.

**—so Durable and Dependable!**

The Chevrolet Six is built to the world's highest standards. Its design represents more than four years' development and testing. Materials are carefully selected. Highly skilled workmen perform every manufacturing operation. And inspection is rigorous and continuous. The result is quality so high that you can confidently look forward to thousands upon thousands of care-free, dependable miles!

**—so Economical to Own!**

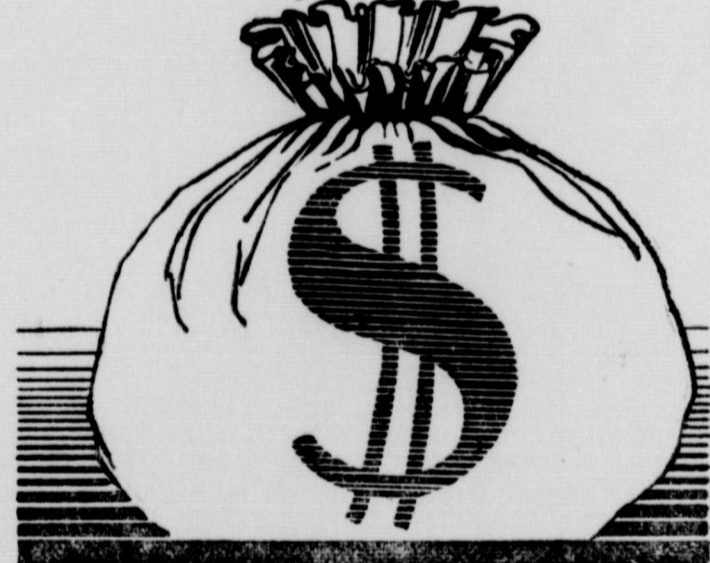

Many people still do not appreciate how little it costs to own a Chevrolet Six. You can actually secure a Chevrolet Six for practically the same cash and monthly payments you would expect to make for any low-priced car. Furthermore, it is unusually economical to operate—better than 20 miles to the gallon of gasoline, with unusually low oil consumption. Come in for a demonstration today!

**HERE IS \$5,000 ALREADY SACKED**  
 WILL YOU PAY THE TAXES ON IT FOR IT?

Why work yourself to death sacking money to pay taxes on when you can have any amount you want simply by paying the taxes?

Really, you will not be required to pay—instead of paying you will merely deposit the taxes; and then at the end of the term of years you have named, all your tax money will be returned to you with interest.

In addition to this straight out savings plan you may have these outstanding features embodied in your contract:

First—And a very important thing to consider, you may not live to finish your plan. So, if you die a natural death all deposits will stop and the \$5,000.00 will be paid to your wife, your parents, your creditor, or whoever you have named to receive it.

Second—And this is a good one. If you are killed in an accident or die from accidental means, the deposits will stop and instead of paying the person you have named to receive the \$5,000.00 the Alamo Life Insurance Company will pay \$10,000.00.

Third—And this is worth understanding. You may lose your health and lose all your other savings and property trying to regain that lost health, but this \$5,000.00 sack of money will stay with you without further cost in deposits, and besides this you will receive fifty dollars per month each month as long as you live or until your contract has reached its maturity and date when you will be paid the \$5,000.00 in cold cash.

Any man within the age limit who can pass the simple physical and moral examination surely can meet the small deposits required to arrange for this sack of money. It will be the safest and surest investment he can possibly make, and in 90 chances out of every hundred it will pay the biggest dividends. You owe it to your family if you die, and you owe it to your own old age if you live. Come in and let me tell you more about it and show you how easy you can have it.

SOUTHLAND LIFE MONTHLY CROP REPORT August 1929

**Early Planting Urged For Grain Pastures**

College Station.—Pointing out that oats, barley, rye and wheat are all valuable winter pasture crops for livestock and poultry in most parts of Texas, as well as serving a very useful purpose as cover crops to hold available plant food in the soil, E. A. Miller, Extension Agronomist, suggests early sowing of these crops to get the most out of them. Experience has shown, he says, that small grains sown by the middle of September furnish more grazing than crops seeded later.

To get early pasture these crops may be drilled between cotton or corn or grain sorghum rows with a small grain drill, or may be broadcast and then covered by use of a fine-tooth one-row cultivator, harrow or other scratcher. Seeding should be thick, at the rate of about 90 pounds per acre, if grazing is desired.

When the crop is to be saved for grain or hay as well, it is advisable, Mr. Miller states, to spray oat or barley seed with a formaldehyde solution at the rate of one pint of formaldehyde to ten gallons of water to prevent smut. This amount will be enough to treat 40 bushels of seed. After spraying, the seed should be shoveled over two or three times, placed in a pile and covered with a wagon sheet for several hours. It may be sowed without further drying.

Wheat smut is controlled by the copper carbonate treatment. The seed is placed in a tight container so arranged that it can be revolved on an axis. From two to three ounces of powdered copper carbonate should be sprinkled on every bushel of seed and thoroughly mixed by revolving the container.

**CHILDREN AND WORK**

If a boy hasn't learned the value of a dollar by the time he is eighteen years old, he has little chance of ever knowing the real worth.

Yet there is a group of people in this broad land who want to conceal the value of a dollar; who want boys and girls to think that money was made to spend, not to accumulate.

This group wants to amend the constitution of the United States to deny boys and girls up to eighteen the privilege of working.

This clique would not permit the use of youth's greatest heritage—a strong, healthy body. The advocates of this amendment believe that all boys and girls should bury their talents and then dig them up at eighteen, if they have any ambition to, and try to apply them to the problems of their day.

There are so many men in the legislature who have not forgotten the days of their youth—how they earned precious money and learned that something so hard to get is worth keeping.

Ninety percent of the American motion picture films are made in California.

The ground crew of 400 men is required to dock the navy airship Los Angeles.

price will offset what is regarded as a short crop.

**A STUDY OF FACES**

The doctrine of phrenologists has long been discredited. Careful investigation has shown that the cranial "bumps" do not mean much. The man with a dome on top of his head is not necessarily pious. The man with a big back head may be less animal than mental. The man who is wide between the ears doesn't necessarily possess the courage and combativeness of the bull or bulldog.

The physiognomists have fared better. There is today probably more belief than ever in the theory that talent and character can be read in the face, if the reader knows how. The country is full of "experts" and "professors" who will help prepare one for business or professional success by teaching him how to recognize different types and aptitudes simply by looking at a person.

A showdown test the other day in an eastern college rather shattered that doctrine. Photographs of various graduates were submitted to twenty experts in physiognomy and they did about as badly as any of the rest of us might have done. They picked successful men for unsuccessful, and vice versa. They had poor luck in picking the professions the various subjects were fitted for.

Something, of course, can be told by looks. But not all, usually not much. The fellow with the "strong jaw" is as likely as not to be a moral weakling; the broad, high forehead may prove to have nothing in it; the narrow, sloping forehead may conceal genius; the delicate nose may cover coarseness. It is the inside that counts, not the outside.

**DO YOU NEED MONEY?**

Loans made at once on Farms and City Property. Matthew & Christie, Quanah, Texas

**Deterioration Is Shown in Report on Texas Cotton**

Dallas, Texas, Sept. 17.—Unquestioned deterioration in Texas' cotton crop has taken place since August 1, according to reports gathered by the Southland Life Insurance Company, Department of Public Relations. These reports indicate not only that the quantity of the prospective crop has been decreased but also that there has been a very wide drop in the quality of the staple.

In Northwest Texas, including the Panhandle, both cotton and small grain crops were reported below normal. Many counties, however, show hopeful possibilities for a second picking of cotton.

The crops of West Texas are in better condition than in other parts of the state, that section not having been so seriously affected by general drought.

West Central and East Central Texas report cotton below normal with grain and feed poor to good.

East Central Texas reports a rather serious insect infestation. South Texas reports cotton generally poor except in the extreme South where above normal to excellent crops are reported. Spotted districts report too much rain while others complain of drought.

Reports from East Texas generally are classed from fair to good but also complain of insect infestation. The same report applies to North, East and West Central Texas.

Comparatively few counties report root rot which did most damage last year.

One of the most hopeful aspects of the entire situation has been brought about by recent rains which most certainly will aid forage and fall crops.

Business conditions in general are from fair to excellent. Apparently the general belief is that the cotton

**TEXON TALES**

Mrs. Alma McGonagle, local aviatrix, formerly of Crowell and present owner of the Texon Drug company, made a business trip to San Angelo last week by air plane. She reports that on going over on Friday afternoon the weather conditions were ideal but on the return Saturday she encountered a terrific storm and was forced to an altitude of 3500 feet. Altho this was not her first experience in flying in a storm, it was the most severe. She had to battle fierce winds, hail, rain and a terrific electrical display. The trip which ordinarily requires a little less than one hour was made in almost three hours. Mrs. Mack, the name by which she is well known in Crowell, will fly to San Angelo at an early date to do Christmas buying for her store. She also hopes to visit El Paso and possibly Austin on the same trip.

There is a guy here whose wife has always enjoyed the reputation of being the most terrible talker. She has had the sleeping sickness for some time. A bird told her husband that he guessed she was just enjoying a nice, quiet rest. He says, "Well, she may be, but I'll tell the world I am."

I notice the water consumption was awful bad there last month. What we want to know is how to keep it from breaking out here, how bad an ailment is it and what is the best cure.

We are having much trouble in securing air mail for Texon and the postmaster threatens to take up flying as a side-line in connection with his many other trades and haul mail by air on his own hook. We have had "The Chip of the Flying U," "The Flying Dutchman" and a few other things so why not "The Flying Postmaster."

A boy and a girl got married here who didn't even know each other. That was the reason they got married.

**TEXON TATTLER.**

Jack Wood visited friends in Baileyboro a few days last week. Mrs. Ruth Maynard of Olney, is visited her parents, Mr. and Mrs. T. M. Haney, here this week.

**AUTO STEALING**  
Increase in recent years of automobile theft insurance rates will interest motor vehicle owners in the movement under way to bring under control of a single national bureau all information relating to car thefts now collected by various agencies.

While the extent of this kind of thievery has been minimized somewhat in the public mind by the large number of cars reported stolen and subsequently recovered, figures show that the business is a flourishing one. Auto owners have a direct stake in reducing theft records, since the cost of production is passed on to them. Unification of effort of all local and national bureaus, and exchange of information as to identification, should be helpful in tracing and recovering cars that are now carried across state lines.

Agencies for the recovering of stolen automobiles must be better organized than automobile thieves if the depredation of the latter are to be broken up. That the crooks are well organized is admitted by police, whose efforts at organization and cooperation have been inspired by the success of the auto thieves.

Childrens was host to a joint encampment for 4-H club boys and girls on August 30 and 31. Miss Mary Sitton, and Bill Pinson, Home Demonstration agent and county agent, respectively sponsored the activities of the 200 young people.

Cast your bread on the waters, but don't expect it to come back with hot dogs and mustard.

**Quannah Christian Endeavor Here Sun.**

The Quannah Christian Endeavor gave an interesting program before the Crowell Endeavor and visitors at the Christian church Sunday afternoon. Twenty-five persons were in the Quannah group.

Robert Hamilton, president of the Quannah C. E., had charge of the program. Those making talks on the interesting program were Miss Josephine Aiken, Miss Lou Faulkner, Robert Drummond, Miss Eunice Harvey, and J. Z. Harvey. Mr. Hamilton called upon Mack Boswell to speak for the Crowell Endeavor. A quartette rendered a beautiful vocal number.

Those present from Quannah were: Misses Josephine Aiken, Mattie Lou Drummond, Lou Faulkner, Leah Faulkner, Hazel Hamilton, Eunice Harvey, Muriel Hughes, Gladys Redmond, Idias Toland, Athikia Wallace, Hattie R. Murphy, Nell Gray, Lenora Taylor, Lucille Wells, Ruby Klepper, Mrs. Eva Hamilton, Mrs. Al B. Nelson and Stanley Claiborne, Robert Drummond, Robert Hamilton, J. Z. Harvey, Radford Howard, J. D. Wilyard, Hubert Wells and Hyson Wells.

**MISS IBBIE MIDDLEBROOK WEDS WICHITA FALLS MAN**

Miss Ibbie Middlebrook, daughter of Mr. and Mrs. I. W. Middlebrook of Margaret, became the wife of Lon Bryan of Wichita Falls in a wedding ceremony, Friday, September 13th.

For the past six months Mrs. Bryan has been working for E. J. Stump, oil operator of Wichita Falls. The groom is the son of Mr. and Mrs. W. A. Bryan of Wichita Falls and is connected with the Good Year Tire company. The young couple will make their home in Wichita Falls for the time being.

Mr. and Mrs. Bryan visited at the home of the bride's parents, Mr. and Mrs. I. W. Middlebrook, at Margaret over the week-end.

**ORGANIZE GO-GETTERS CLASS**

The Go-Getters Sunday School class was organized last Sunday at the Baptist church. The following officers were elected: Bessie Francis, president; Sallie B. Sparks, secretary-treasurer; and Ophelia Diggs, reporter.

The third Friday of every month was set for the regular class meeting day. The class set their goal for next Sunday to be one hundred percent. All girls fifteen years of age are urged to come and help the class reach its goal.—Reporter.

**MARGARET CLUB**

The Margaret home demonstration club met Friday the 13th with Mrs. I. W. Middlebrook. In calling the roll each member answered by telling the kind of yeast she used, as the subject for the evening was yeast breads.

Mrs. Melvin Moore gave an interesting talk on the "Most Important Factors in Bread Making." Miss Freeman also gave a talk on bread making, describing the different stages of yeast sponge and also a recipe for Parker-house rolls.

Refreshments of cheese sandwiches, marshmallow cakes and hot tea were served to Mrs. Melvin Moore, Mrs. Colonel Murphy, Mrs. Hardy Taylor, Mrs. E. F. Gunn, Mrs. Walter Murphy, Mrs. Arthur Bell, Mrs. S. B. Middlebrook, Mrs. O. E. Haseloff, Mrs. John Hunter, Jr., Miss Freeman and the hostess.

The club will meet on September 27th with Mrs. S. B. Middlebrook, Jr. The subject will be "school lunches."—Reporter.

**SWASTIKA CLUB**

The Swastika club held its last two meetings with Mrs. O. O. Hollingsworth and Mrs. Lawrence Kimsey. On August 30th the meeting was held with Mrs. Hollingsworth and after games of bridge, refreshments were served to members and the following guests: Mrs. Oscar Boman, Mrs. Claude Adams of Austin and Mrs. D. G. Spruill of Shamrock. High score was won by Mrs. T. S. Haney with Mrs. Gordon Bell second.

Mrs. Kimsey was host to the club on Sept. 12th. Mrs. Bryan O'Connell won high score with Mrs. O. O. Hollingsworth second. Refreshments were served to the members and the following guests: Mrs. Sam Bell, Mrs. Jimmie Doolen, Mrs. Byron Reese, Mrs. Baxter Johnson, Mrs. Oscar Boman and Miss Litha Crews.

**SENIOR MEETING**

The Seniors of '30 met September 15, and chose their class motto, flower and class mother. A new officer was added to the staff, Mrs. Sam Bell was chosen class mother, and the Sweet Pea was chosen class flower. Earnest Patton was elected Sergeant-at-Arms. A class poem and song has not yet been selected. If possible a member of the class will compose the class poem.

On Thursday afternoon the Seniors met at the school house, from there they went on a hay-ride to a watermelon cutting. Before and after the watermelon cutting many games were played, and everyone reported an enjoyable time.—Reporter.

**BAPTIST PICNIC**

A picnic for the entire Baptist Sunday school will be held Friday night. Those going are requested to meet at the Baptist church at seven o'clock, according to Rev. W. W. Smith.

**VIVIAN 4-H CLUB**

The Vivian 4-H club girls met at the Vivian schoolhouse, Thursday, September 12. Miss Freeman gave

**a talk on "How to Beautify a Bedroom."**

Sixteen members were present. The next meeting will be at the home of Miss Doris Lewis, Thursday, September 26th.—Reporter.

**Clint White Given Truck-Line Permit**

Seventy-two truck line permits were issued by the motor bus division of the Texas Railroad Commission at Austin last Friday. Clint White of this city was given the permit for the line from Crowell to Vernon.

Several other parties had made application for this line. Mr. White has been operating between here and Vernon for a considerable length of time and his service was considered satisfactory enough to warrant a permit for the Vernon-Crowell line.

**NEGRO FAMILY REUNION**

The Parent-Teachers' Association of Margaret will give a negro family reunion at the auditorium of the Margaret school Friday night. There are more than seventy-five characters in this reunion and all take the part of negroes.

It is said that those who enjoyed the womanless wedding at Margaret will enjoy the entertainment Friday night to an even greater extent. The admission is free.

"THE HOME OF SPLINTERS"

R. J. ROBERTS, Local Manager

Dear Friends:

**Finger Prints Fade Away Like a Breath**

YES, it is true. Johnson's Wax is ONE polish which positively won't show finger prints. Dry and greaseless as a mirror, it never gets soft or sticky. Instead, it forms a hard armour-like film which guards against grime, scars, and scratches. Women find that it lightens housekeeping because waxed surfaces are so easy to dust. There's not a drop of oil in Johnson's Wax to which dirt or lint could cling.

This polish is totally different from all others. Most of them are oily. Some are cleaners. Johnson's Wax is the only kind of polish which cleans, beautifies, and protects.

**CONSIDER ITS MANY USES**

Preserves the exquisite beauty of fine furniture, pianos and woodwork. Rejuvenates shabby chairs and brightens old leather cushions. Gives new-model brilliance to your motor car—smartness to your luggage—better "shines" to boots and shoes. When you discover all the things it will do better than any other kind of finish or polish, your bottle of Johnson's Liquid Wax will be the busiest bottle in your house.

"Who is that one man in the blue coat, dear?"  
 "He's the umpire, darling."  
 "And why does he have that funny wire thing on his face?"  
 "To keep him from biting the players."

Yours truly,

SPLINTERS.

Miss Ibbie Middlebrook, daughter of Mr. and Mrs. I. W. Middlebrook of Margaret, became the wife of Lon Bryan of Wichita Falls in a wedding ceremony, Friday, September 13th.

For the past six months Mrs. Bryan has been working for E. J. Stump, oil operator of Wichita Falls. The groom is the son of Mr. and Mrs. W. A. Bryan of Wichita Falls and is connected with the Good Year Tire company. The young couple will make their home in Wichita Falls for the time being.

Mr. and Mrs. Bryan visited at the home of the bride's parents, Mr. and Mrs. I. W. Middlebrook, at Margaret over the week-end.

**ORGANIZE GO-GETTERS CLASS**

The Go-Getters Sunday School class was organized last Sunday at the Baptist church. The following officers were elected: Bessie Francis, president; Sallie B. Sparks, secretary-treasurer; and Ophelia Diggs, reporter.

The third Friday of every month was set for the regular class meeting day. The class set their goal for next Sunday to be one hundred percent. All girls fifteen years of age are urged to come and help the class reach its goal.—Reporter.

**MARGARET CLUB**

The Margaret home demonstration club met Friday the 13th with Mrs. I. W. Middlebrook. In calling the roll each member answered by telling the kind of yeast she used, as the subject for the evening was yeast breads.

Mrs. Melvin Moore gave an interesting talk on the "Most Important Factors in Bread Making." Miss Freeman also gave a talk on bread making, describing the different stages of yeast sponge and also a recipe for Parker-house rolls.

Refreshments of cheese sandwiches, marshmallow cakes and hot tea were served to Mrs. Melvin Moore, Mrs. Colonel Murphy, Mrs. Hardy Taylor, Mrs. E. F. Gunn, Mrs. Walter Murphy, Mrs. Arthur Bell, Mrs. S. B. Middlebrook, Mrs. O. E. Haseloff, Mrs. John Hunter, Jr., Miss Freeman and the hostess.

The club will meet on September 27th with Mrs. S. B. Middlebrook, Jr. The subject will be "school lunches."—Reporter.

**SWASTIKA CLUB**

The Swastika club held its last two meetings with Mrs. O. O. Hollingsworth and Mrs. Lawrence Kimsey. On August 30th the meeting was held with Mrs. Hollingsworth and after games of bridge, refreshments were served to members and the following guests: Mrs. Oscar Boman, Mrs. Claude Adams of Austin and Mrs. D. G. Spruill of Shamrock. High score was won by Mrs. T. S. Haney with Mrs. Gordon Bell second.

Mrs. Kimsey was host to the club on Sept. 12th. Mrs. Bryan O'Connell won high score with Mrs. O. O. Hollingsworth second. Refreshments were served to the members and the following guests: Mrs. Sam Bell, Mrs. Jimmie Doolen, Mrs. Byron Reese, Mrs. Baxter Johnson, Mrs. Oscar Boman and Miss Litha Crews.

**SENIOR MEETING**

The Seniors of '30 met September 15, and chose their class motto, flower and class mother. A new officer was added to the staff, Mrs. Sam Bell was chosen class mother, and the Sweet Pea was chosen class flower. Earnest Patton was elected Sergeant-at-Arms. A class poem and song has not yet been selected. If possible a member of the class will compose the class poem.

On Thursday afternoon the Seniors met at the school house, from there they went on a hay-ride to a watermelon cutting. Before and after the watermelon cutting many games were played, and everyone reported an enjoyable time.—Reporter.

**BAPTIST PICNIC**

A picnic for the entire Baptist Sunday school will be held Friday night. Those going are requested to meet at the Baptist church at seven o'clock, according to Rev. W. W. Smith.

**VIVIAN 4-H CLUB**

The Vivian 4-H club girls met at the Vivian schoolhouse, Thursday, September 12. Miss Freeman gave

a talk on "How to Beautify a Bedroom."

Sixteen members were present. The next meeting will be at the home of Miss Doris Lewis, Thursday, September 26th.—Reporter.

**Clint White Given Truck-Line Permit**

Seventy-two truck line permits were issued by the motor bus division of the Texas Railroad Commission at Austin last Friday. Clint White of this city was given the permit for the line from Crowell to Vernon.

Several other parties had made application for this line. Mr. White has been operating between here and Vernon for a considerable length of time and his service was considered satisfactory enough to warrant a permit for the Vernon-Crowell line.

**NEGRO FAMILY REUNION**

The Parent-Teachers' Association of Margaret will give a negro family reunion at the auditorium of the Margaret school Friday night. There are more than seventy-five characters in this reunion and all take the part of negroes.

It is said that those who enjoyed the womanless wedding at Margaret will enjoy the entertainment Friday night to an even greater extent. The admission is free.

BOB STEELE

This is one of Bob Steele's best pictures—don't miss it.

**ATTENDED CONVENTION**

L. Kamstra returned to Crowell last Friday night from Denver after attending the annual reunion of the veterans of the Spanish-American war. Mr. Kamstra reported that the convention was unusually interesting with thousands of men present from every part of the United States, Alaska and Cuba.

The great meteorite that fell in Siberia in 1908 scorched the vegetation for miles around.

Millionaires are often successful in matrimony and unsuccessful in love.

R. J. ROBERTS, Local Manager

Dear Friends:  
Finger Prints Fade Away Like a Breath

YES, it is true, Johnson's Wax is ONE polish which positively won't show finger prints. Dry and greaseless as a mirror, it never gets soft or sticky. Instead, it forms a hard armour-like film which guards against grime, scars, and scratches. Women find that it lightens housekeeping because waxed surfaces are so easy to dust. There's not a drop of oil in Johnson's Wax to which dirt or lint could cling.

This polish is totally different from all others. Most of them are oily. Some are cleaners. Johnson's Wax is the only kind of polish which cleans, beautifies, and protects.

**CONSIDER ITS MANY USES**

Preserves the exquisite beauty of fine furniture, pianos and woodwork. Rejuvenates shabby chairs and brightens old leather cushions. Gives new-model brilliance to your motor car—smartness to your luggage—better "shines" to boots and shoes. When you discover all the things it will do better than any other kind of finish or polish, your bottle of Johnson's Liquid Wax will be the busiest bottle in your house.

"Who is that one man in the blue coat, dear?"  
"He's the umpire, darling."  
"And why does he have that funny wire thing on his face?"  
"To keep him from biting the players."

Yours truly,  
SPLINTERS.
