RECIPES

By Betty Barclay

JAMS AND JELLIES

The following recipes are for rather unusual jams and jellies—at least, they are unusual to most of us. But they are delicious enough to repeat year after year, once they are tried. Use them as spreads for the in-between bite the children insist upon. They contain plenty of minerals and salts, are easy to digest, tend to balance the bread or roll on which they are spread, and through their sugar content they furnish the kind of quick energy fuel that playing children require.

Prune Jam

2 cups prunes  
4 oranges  
1 cup sugar  
1/2 cup water  
Wash prunes and cut pulp from pits. Put pulp through a food chopper. Peel oranges and cut in small pieces. Cut rind of two oranges into small pieces. Mix together, add sugar and water; cook slowly until thick. Turn into sterilized glasses and when cool cover with paraffin.

Orange Jelly

6 oranges  
3 lemons

Cold water Sugar

Cut oranges and lemons in very thin slices, discarding seeds. Measure and for each cup allow three cups of water. Bring to boiling point and boil one hour. Let drain in jelly-bag overnight. Measure juice and for each cup add one cup sugar. Boil until a little dropped on a cold saucer forms a jelly-like clot. Turn into sterilized jars and when cold cover with paraffin.

Peach Jam

10 pounds peaches  
6 pounds sugar  
2 cups water  
Peaches that are too soft for canning may be used for this delicious jam or bread spread. Remove stones and cut in slices. Add to water in the preserving kettle. Cover and cook until soft, stirring to prevent stick-

ing. Add sugar and cook until thick and jelly-like, then pack in hot jars and seal.

Cherry Conserve

3 pints pitted sour cherries  
1 pint black raspberries  
2 2-3 cups sugar  
Combine all these, and cook until thick and clear.

One should not be too hasty in making their mark in the world, because it may be a hard job to erase it.

Amarillo Opened Its Airport Sept. 7 and 8

One of the finest airports in the South was formally opened Saturday and Sunday at Amarillo. This municipal airport covers 480 acres and contains everything necessary for a modern aviation field. It is about three miles east of Amarillo on the Panhandle highway. Various contests and stunts were held in connection with the opening in spite of foggy and rainy weather and it is estimated that over 20,000 people witnessed the events during the two days. Ray Shiflett, outstanding performer of the air derby, will be remembered by many Crowell people as the pilot of the plane that performed at the polo tournament about two years ago. He won the acrobatic and balloon busting contests, and third place in the race and dead stick landing events. Lieut. D. T. Craw, army flyer who recently flew the plane for the army horse buyer that came to Crowell, headed fourteen planes from Kelly Field to the opening. The 22-plane aerocade from Fort Worth gave up the idea of coming on account of foggy weather in the Panhandle. While the rain was needed and appreciated, Amarillo is still wondering why fate chose the two days set aside for its airport opening to blanket the Panhandle with fog and low hanging clouds. This was the first fog of the year in that section and kept at least one hundred planes from arriving that had intended to come. About forty planes were present anyway. Mack Boswell of this city attended the opening. All America's cultivated strawberries are descendants of two wild varieties, one from the eastern part of the country, the other from the west.

Rialto Will Show "El Bandido" Sept 26

The thrilling historical drama "El Bandido," based on the life and incidents of Mexico's Phantom Bandit and Rebel Leader, Pancho Villa, to be shown at the Rialto Theatre on September 26th, gives William Russell a part true to his own heart as chief of the Texas Rangers.

The picture is new in its scope and atmosphere with thrills of wild riding, raids, war and mortal combat, directed by Henry King, one of America's foremost directors. It is generally thought that cowboys, Indians, gambling dens and wild life constituted western pictures with the usual streak of love that held them together. William Russell holds more than this in this picture; he has strong romance, charm and the true spirit of the life of the Texas Rangers.

An unusual educational exhibit will be on display in front of the theatre the day of the picture, consisting of a wax figure of the noted bandit and his famous horse attired in a beautiful Mexican hand carved and special trimmed saddle. The picture is having a popular run throughout the state and comes highly recommended by leading exhibitors as an out-of-the-ordinary road show attraction.

Simmons Cowboy Band Prepares for Big Year

Abilene, Sept. 5.—The Cowboy Band of Simmons University begins pre-school rehearsals Saturday, September 7, in preparation for what is expected to be the greatest year in all its history. Calls have been issued to more than 100 bandmen to appear for these rehearsals, enough to make two well rounded bands. Many others are expected to be on hand when school starts the 17th.

With this material, both new and veteran, Director D. O. Wiley proposes to build the supreme musical organization of the Southwest. Manager G. B. Sandifer is planning travels which will spread the fame of the band and the name of the West Texas Cowboy far and wide.

Fred L. Haskett, Dallas promoter who sponsored the Cowboy's trip to Washington last March, is arranging for a tour to Europe by the band next June.

Feels Fit From His Head to Toe

"The Sargon treatment built up my whole system and I feel better and stronger than I've felt in years. My health had been going back on me for three years, mainly from a bad case of stomach trouble. I couldn't eat a meal that didn't make me suffer from dyspepsia and indigestion pains. Even the lightest foods soured on my stomach, and I brought sharp pains that almost took my breath. I was bothered all the time by constipation and biliousness and was always having headaches.

"I have used two bottles of Sargon now and am keeping up the treatment. Almost as soon as I started it the pains in my stomach disappeared and I never have indigestion. I can eat anything I want and never have those headaches any more. The Sargon Soft Mass Pills completely rid me of constipation and biliousness without the slightest upsetting. I'm in such fine health now in every way that I want to tell everybody about this wonderful treatment."

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting: You are hereby commanded to summon C. H. McMillan, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be holden at the court house thereof, in Crowell, Texas, on the 4th Monday in September, A. D. 1929, the same being the 23rd day of September, A. D. 1929, then and there to answer a petition filed in said Court on the 15th day of January, A. D. 1929, in a suit numbered on the docket of said Court No. 1381, wherein Belle McMillan is plaintiff, and C. H. McMillan is defendant, and a brief statement of plaintiff's cause of action, being as follows: Suit for divorce on grounds of abandonment; plaintiff and defendant were legally married on the 19th day of February, A. D. 1923; defendant abandoned plaintiff on the 1st day of January, A. D. 1926. Plaintiff prays for judgment dissolving said marriage relations, and for the custody of their minor children, and for costs of suit, etc.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said Court, at office in Crowell, Texas, on this the 21st day of August, A. D. 1929.

(Seal) IDA REAVIS, Clerk, District Court Foard County, Tex. 12p By A. G. MAGEE, Deputy.

HELPING TO BUILD TEXAS

Urging Texans to take their summer vacations in Texas, the Dallas Journal says he would "return to his home a better informed and more contented citizen than he has been. In many sections of the state there are evidences of improvement and prosperity that would make an optimist and enthusiast of any Texan who has a close-up look at them for the first time." And while most of us are accustomed to taking our vacations in the summer time, a better time to see Texas would be in the early fall or spring, at either of which times Texas has more natural and acquired beauty to the square inch than almost any section of the globe.

From the bee industry Texas realizes every year a sizable contribution to its income. From queens and live bees alone Texas apiarists get around \$50,000 a year, the queens alone bringing \$10,000 to \$15,000. From honey and wax exported the income totaled in 1928 considerably over a half million dollars and with domestic consumption the total value of the 1928 crop was estimated at \$1,088,454 from a total investment of \$1,247,430 by the 4,600 beekeepers of the state, with 250,000 colonies of bees.

Texas poultry shipments to major markets in 1928 totaled 27,000,000 pounds, putting the state in fifth place in poultry shipments.

Clarendon is seriously considering adoption of a city plan, and a survey from a topographic and traffic viewpoint is to be made soon. Texas cities are falling in line in the effort to plan seriously for future conditions.

The dates of the West Texas Chamber of Commerce convention have been set for Oct. 24-26 at El Paso, postponement from the usual time being due to the expected visit of President Hoover to Texas at that time. An even larger attendance than usual is expected, and the organization's annual conventions have drawn tremendous crowds for these many years.

Citizens of the Southwestern part of the state will seek to get the state to buy 20,000 acres in the Davis Mountains for use as a State Park. If the state can secure park sites on a reasonable basis—not a few of the designated state parks have been given—a state park system would be an ever increasing source of pleasure to the future citizens of Texas. With few exceptions, however, the state has shown little interest in the maintenance and improvement of those parks already received.

The stock subscriptions for the cheese factory at Georgetown have practically been completed, and it is expected the plant will be in operation this summer, according to the Williamson County Sun.

Texas was well down in the list in the "ton litter" contest in which 30 states took part, but the heaviest single litter ever produced in the contests was one raised in Texas whose eight pigs averaged 390 pounds each at the end of the 180-day period allowed.

The great silence you hear these days comes from the boys celebrating over the opening of school. Fall will be here shortly if Congress doesn't pass a law in the next few weeks that will stop it.

If---

If—you want the coat of your dreams this year, remember that the prettiest coats almost always come in first, and what a world of satisfaction there is in knowing that your coat is bought and hanging in your own closet ready for the first cold snap, while your friends are still hunting for one.

If—you do not find exactly what you want among the extensive line we have we will place your name on our "Special Order" list, and get for you if possible, just what you want.

If—you are a business woman or your husband's income is by the week or month and it is inconvenient for you to pay for your coat all at once, select it now and let us hang it back for you. By making weekly payments it will be yours by the time cold weather is here and you will scarcely have missed the money.

If—you need a coat be sure to see us before you buy, for here you are assured of getting the most in coat for the least in money.

If—you buy, or, If—you do not buy, we are always glad to see you.
