8 PAGES \$2.00 A YEAR

WELL WINS SECOND PLACE AT CHILDRSS

WELL PLACED ON ALL DISTRICT TEAM; ESTELLINE CHAMPIONSHIP FOR CONSECUTIVE YEAR IN DISTRICT

Crowell High School came nearer the district basketball championship this season than ever before. The Wildcats played Estelline in the final game to decide the championship of this district at Childress Saturday night. Although Crowell lost in this game, nevertheless the local boys gave an account of themselves by winning second place in this strong district. The score in the final game was 39 to 20.

This district is made up of the following counties: Childress, Collins, Cottle, Foard, Hardeman, Hall, King, Motley and Wheeler. The teams representing their counties in the tournament were: Childress of Childress; Wellington of Collins; Paducah of Cottle; Crowell of Foard; Estelline of Hall; Chillicothe of Hardeman and Shamrock of Wheeler.

Draw Opponents

Arriving in Childress Friday morning the teams drew their opponents and Crowell drew Flomot. Flomot, the champion of Motley County, did not appear and Crowell was awarded a bye which allowed their team to meet Shamrock in the semi-finals. Shamrock defeated the strong Chillicothe team, which was rated as a strong contender, by the score of 31 to 25. Estelline defeated Wellington 41 to 10, and Chillicothe defeated Paducah 45 to 15.

In the semi-finals Friday night Estelline defeated Chillicothe 45 to 27 and Crowell defeated Shamrock 49 to 12. The strength of the Crowell team was the surprise of the entire tournament. Crowell played excellent ball against Shamrock and held that team to only one field goal in the last half. Spears was the outstanding performer in the game, scoring 25 points.

Estelline has won the district title for the past two years and was generally expected to win again this year. Crowell did not play nearly as good a game as it did against Shamrock in the contest with Estelline and no doubt would have lost had they played in top form. Estelline was in the semi-finals for the state championship last year and had already defeated Athens, the United States high school champions, this season.

The Wildcats usually get off to a fast start, but in this game they did not ring a goal in the first quarter, which ended 14 to 0 for the Cubs of Estelline. Crowell staged her big rally in the second period, when she came back to fight the Cubs to a standstill and count eight points while the Cubs were making four.

Estelline kept its first team on the court throughout this game, while in others it used many substitutes.

A crowd of 400 people witnessed the final game, according to the Childress Index. Many Crowell people were present for both the Estelline and Shamrock games.

Guy Todd Stars

In commenting on the tournament the Childress Index paid special tribute to Guy Todd, who was placed on the all-tournament team. The account in the paper follows: "In G. Todd the Crowell five had one of the best guards in the tournament. He displayed the best brand of ball for the Crowell club and earned for himself a place on the all-district team. Estelline furnished all the other players for the all-district tournament."

The following account was given about Ernest Spears: "Estelline kept the flashy Spears covered and he made only four counters last night. Monday he had made 22 points against Shamrock."

Estelline will now play the winner of the Wichita Falls district and the winner there will represent this section in the state contest. Their team did not lose a man from last year's great team and it is expected the Cubs will go far in the state this year. Baccus, Curtis, McAdams and Richburg of their team made the all district team this year. Coach Frank Kimbrough of Wayland College made a very satisfactory referee for the Childress tournament.

Successful Season

While Crowell did not win the district championship, yet it has had a successful season, winning seven out of twenty-one games. It won fourteen straight games before finally losing to Turkey at a banquet invitation tournament. During the season Crowell piled up points to their opponents 389. Grady Graves and the members of the Crowell team deserve credit for the impressive record they have made this year.

A. M. BOURLAND DIED AT ON WEDNESDAY MORNING

A. M. Bourland of Vernon died at his home in that city Wednesday morning following serious illness of several weeks' duration. Bourland is the past president of the Texas Chamber of Commerce and is well known all over the county. Funeral services were held Thursday afternoon at the Presbyterian church and interment was made in the View Cemetery at Vernon.

"Plant Less Cotton, More Feed and Live at Home," Says Cato

"I am sure glad to see somebody pushing this fed proposition," stated E. V. Cato of Thalia to a News reporter who was visiting in that town Friday. "I don't know of any move more important than that of more feed for Foard County farms," he said.

Mr. Cato has a 180-acre farm located three miles east of Thalia and has always raised plenty of feed on it which he feeds to his cows, hogs and poultry. Each year he raised livestock to sell and produces plenty of meat and livestock products for the use of his family. "I just can't get away from those old times and the time is already here when everyone else should get back to them if they want to live comfortably and economically," Mr. Cato said.

At present he has eighteen gallons of lard that have been produced from his hogs and all kinds of canned goods and meats that help the Cato family to really live at home. Mr. Cato's farm is touched by the new paved highway and he thinks that it will afford many farmers a way of making considerable extra money through selling products grown in the gardens and fields. A considerable amount of canned products was sold from that farm last year.

Mr. Cato's son, Willie, was one of the club boys that was in on the importation of pure bred Jersey bulls and heifers that was sponsored by Fred Rennels, county agent. In commenting upon this, Mr. Cato said, "I think that was one of the finest propositions ever put over in Foard County. The results have already been better than expected and I think we shouldn't stop at that, but put over other propositions like it. Yes sir, we've got to plant less cotton, more feed and really get back to those old times of living more at home. I know it pays because I have been living that way. The high price of meat and a number of other products isn't bothering us."

Tom Cates In Race For Commissioner

Tom J. Cates has authorized the News to announce his candidacy for the office of commissioner of Precinct 4 of Foard County, subject to the action of the Democratic primary in July.

Mr. Cates is well known over Foard County having lived here since 1900. He served as commissioner for Precinct one for one term about 14 years ago. During most of his life here Mr. Cates has been associated with farming.

"If elected I will do my best to make a fair and square commissioner and treat everybody right," Mr. Cates stated in making his announcement for commissioner.

APPENDICITIS OPERATION

Pat McDaniel underwent an operation for appendicitis at the hospital Wednesday night. He is getting along nicely, according to reports from the hospital.

PAVING IS TO START AGAIN ON MARCH 1ST

ABOUT ONE MILE OF GRAVEL HAS ALREADY BEEN LAID ON MARGARET ROAD; GRADE COMPLETED TO COTTLE COUNTY LINE

Present prospects indicate that there will be much highway work going on in Foard County by March 1st. Rapid progress is already being made on graveling the Margaret road and about 25 trucks are now at work hauling gravel for that road. About one mile of gravel has already been laid from a point about mid-way between Crowell and Margaret. Graveling is now proceeding in the direction of Margaret. Gravel is being secured from the Malone pit, near Pease River, northeast of Margaret.

McClung Construction Co. is planning to start paving again on the Lee Highway as soon as their machinery can be completely overhauled. This is expected to be around March 1st. Just about five miles has not been paved between Crowell and the Wilbarger County line, or rather Crowell and Vernon since all of the pavement has been completed in Wilbarger County.

There is a strip of about two and one-quarter miles that has not been paved from Crowell to the point where the pavement stopped when cold weather set in. There is another strip of about the same length, with Thalia at about its center.

Grading Completed

Final work on the grade from Crowell to the Cottle County line was completed Wednesday by Oran Spear, contractor. He is now moving his crew and equipment to Childress where he is to begin work on a highway to Wellington.

It is now possible to travel the entire distance over the Lee Highway in Foard County over what might be termed a brand new route. It is 36 miles in length and the sharpest turn on it is only four degrees.

LEGION SPONSORS FLYING CIRCUS HERE SATURDAY FOR STATUE FUND

Many Thrilling Acts Included on Program That Is Being Given to Benefit a Worthy Cause; Several Planes Coming

The local Gordon J. Ford Post of the American Legion is sponsoring a sensational flying circus here Saturday afternoon for the purpose of raising funds for the soldier and sailor statues that are to be erected on the concrete pedestals on the court house lawn. At least four airplanes and possibly six, of various types, will be here in connection with the exhibition which is to be by far the greatest of its kind ever given in Crowell.

The Cox and Company Flying Circus has been engaged for this purpose and the exhibition to be given by this organization will consist of not less than three parachute jumps, airplane stunting, daring acts on a trapeze suspended from under a plane and various other features during the afternoon. The circus is to take place on the J. W. Bell place, about three and one-half miles east of Crowell on the Lee Highway and is to start promptly at 2 p. m. with a parachute jump.

Small Admission

Only fifty cents will admit a car and all of its occupants, whether there are two or ten people in it. There will be enough room for any number of cars inside the field and in the pasture adjoining it. Parking on the highway will be prohibited if the cars park on the pavement, the highway would soon be blocked and the fills on the side of the pavement have just been made and will be greatly damaged if cars are parked there. All of this highway is still in charge of the McClung Construction Company, the paving contractor, and will continue to be until the pavement is completed and turned over to the state highway department.

The American Legion and the flying circus are appealing to the sportsmanship of the people in paying the small sum to drive into the field. Naturally this is the only kind of show that cannot be housed or fenced in. The proceeds from the receipts will go toward one of the most worthy causes ever started in Foard County, that of erecting monuments to the boys that gave their lives for our good. Legion members will sell tickets at the gate and will also assist in policing the highway next to the field.

The Cox Circus is one of the best known in the nation, having performed in all but three states in the union and in Canada and Old Mexico. M. C. Cox, the manager, is one of the best known stunt pilots in the United States and his circus once had Col. Charles Lindbergh as a parachute jumper, during the early days of Lindy's flying experience. In his 15 years of flying Mr. Cox has not only flown for the Army but has also engaged in every other type of flying.

He has been a feature flyer for movies and has purposely crashed eleven airplanes for scenes in such pictures as "Wings," "Lilac Time," "Hell's Angels," and others.

Girl Parachute Jumper

Miss Faye Lucille Cox, 19-year-old aviator, will provide one of the features of the day with a daring swan-dive 3,000-foot parachute jump, the second time in Texas that this feat has been performed by a girl. She did the same stunt at Vernon Sunday in connection with the flying circus there. Within a month or so, weather permitting, she will attempt to break the world's record for the highest parachute jump for women and if this is done she will have to jump from an altitude of over 18,000 feet.

February Term of District Court Is Now in Session Here

District court opened in Crowell Monday morning. The grand jury adjourned Wednesday after assembling Monday and naming J. C. Self as foreman. It will meet again Friday, February 28th, to complete its work.

Judgment was rendered Wednesday for state, school and county taxes on about 700 tax suits, involving 1200 Crowell lots, and the lots were ordered sold for taxes.

Foard County also recovered two 177-acre tracts of school land in Bailey County which were ordered to be sold for the interest and principal against the tracts. The Rader-Glover case was also disposed of.

Several civil cases and a few criminal cases are yet to come before the court.

The petit jurors for the second week of court are as follows: D. R. Magee, J. B. Gandy, A. F. McMillan, B. D. Webb, J. T. Wayland, J. Y. Welch, Hartley Easley, F. A. Davis, C. F. Bradford, J. C. Brian, O. N. Baker, S. W. Mills, W. B. Franklin, W. B. Jones, T. H. Matthews, W. H. Cole, J. C. Davis, J. E. Matthews, Leslie McAdams, E. E. Self, T. L. Johnson, T. E. Womack, A. G. Ketchersid, J. C. Wozencraft, George Burress, T. S. Haney, T. D. Roberts, C. W. Thompson, T. D. Edwards, J. N. Johnson, P. M. Hinkle, Frank Kirkman, John Carter, C. O. Nichols, Ed Rettig and O. C. Rader. This group is to assemble Monday, February 24th.

The gulf stream has the bluest ocean water.

200 feet. Diavolo Dan, another member of the circus, will perform daring acts while suspended from a trapeze hanging below the plane. All of these acts will be performed at a dangerously low altitude. Diavolo Dan will also make a sensational parachute jump to open the circus at 2 p. m.

Amateur Jump

At some period during the afternoon, either a Crowell or Vernon boy will make his first parachute jump. Sunday at Vernon, Dick Farthing of that city made his first jump and Mr. Cox stated that seven other Vernon boys were anxious to make their first jump here in case a Crowell boy was not found to perform the stunt.

Charles Johnson, instructor of the Vernon Flying School, which was just recently started, will be here with his plane to act as chief pilot for the circus. W. T. Waggoner Jr. of Electra, son of the man who has already given one thousand dollars toward the statues, is practically assured of being here in his plane, which is said to be one of the speediest made. Mrs. Colp of Electra, wife of one of the main managers for Waggoner interests is also expected to be here in her snow white Spartan ship.

Large Ships

Arrangements are being made to have R. W. "Dutch" Bartgis of Amarillo to be here with his new Ryan cabin six-passenger monoplane, a ship of the same make and similar to the famous Spirit of St. Louis, but with a 425 horsepower motor, while Lindbergh's ship had only a 200 h. p. motor. Mr. Bartgis is a pilot with over 3,500 flying hours to his credit and his new plane was bought at a cost of \$17,200. It is as nicely upholstered inside as the finest automobile. Many Crowell people saw this ship at Vernon Sunday.

A large cabin ship or two are also expected to be here from Wichita Falls.

Passenger Rides

Throughout the afternoon rides will be given those wishing to take them at the rate of a penny a pound. However, the passenger carrying program will not be allowed to interfere with the circus features that will be given at regular intervals throughout the afternoon. This will be the first time that cabin, or sedan, ships have been in Crowell to carry passengers.

Besides seeing the circus thrillers the public will be allowed to inspect the different types of ships on the field. Following the parachute jumps, Mr. Cox will publicly demonstrate the method of folding the parachute, which is made of pure silk.

A moderately high wind will not prevent the performance of the circus. In case weather conditions absolutely prevent the circus on Saturday it is planned to have it the next day.

Local Man Cannot Walk But Willing To Work Own Way

John T. Hall, whom possibly few here know by his name, has no doubt seen him a number of times in Crowell on his "mycycle" as he calls it, a contrivance of three bicycle wheels which he uses to get about, since he is permanently crippled about the legs.

In spite of his handicap, Mr. Hall does not beg and is not to be confused with other men who have been on the streets of Crowell in such devices for the purpose of begging.

Mr. Hall is now in business here, running a general repair shop, and while he does not ask for sympathy, he will appreciate any opportunity to do special repair work and receive a fair sum in return for his services.

He is located in the old Lone Star hotel, just south of the Johnson's Wagon Yard. He repairs and refinishes furniture, saddles, harness, boots and shoes, bicycles, typewriters and various types of machines. He also buys, sells and exchanges various types of articles. He made his "mycycle" himself.

"I cannot walk, but I can work and will appreciate any patronage," Mr. Hall stated.

W. S. J. Russell and J. W. Bell returned Tuesday night from Wichita, Kansas. Mr. Russell had shipped two cars of calves to that city which topped the market, the heifers bringing \$10.75 per hundred, and the steers bringing \$12 per hundred. Mr. Bell shipped two cars of two-year-old heifers which brought \$9.50 per hundred.

Texas U. Football Star Here For Care Under Local Doctor

Curtis Beatty of Wichita Falls, whose right leg was seriously broken in the Texas-A. and M. football game Thanksgiving, is now in Crowell for the purpose of being under the personal care of Dr. Hines Clark. He is a nephew of Mrs. Clark and a son of Mrs. D. P. Beatty of Wichita Falls.

Curtis was brought to Wichita Falls from Austin Sunday after being confined in a hospital in that city ever since his leg was broken. His mother has been with him continually since that time while Mrs. Betty Thomson of this city, mother of Mrs. Beatty, has looked after their home while Mrs. Beatty was in Austin. Mrs. Thomson, Mrs. Beatty and her two daughters, Marie and Winnie Beth, accompanied Curtis to Crowell Monday.

In spite of his long confinement, Curtis remains in the best of spirits and always has a pleasant remark to make. He attributes his broken leg to hard luck and does not blame the A. and M. player who tackled him with unfair playing. Curtis had just received the opening kickoff in the last game of the season and his leg was in a twisted position when he was tackled by the A. and M. player.

In commenting upon this affair he remarked that he had a negro chauffeur for the first time in his life as a result of the accident. Since no provision had been made at College Station for an ambulance, he was carried from the field and placed on a screen door, as a substitute for a stretcher, and then loaded into a gravel truck with a negro truck driver who carried him to a hospital.

Curtis has been a star player at the guard position on the Texas football team for the past three years and has been playing football for the past seven years and this was the first real injury he had received. He formerly played with Wichita Falls High School and Wichita Falls Junior College.

His brother, Tom, played his last year of football with Wichita Falls High School last season. When Mrs. Beatty was asked if she was going to permit her son, Tom, to continue playing football in college, Mrs. Beatty stated: "I see no reason why I shouldn't. Curtis played football for seven years and was not hurt until his last game and a person has a chance of getting hurt at anything. Curtis' accident was just an unfortunate circumstance and I don't think I should stop Tom from playing football on account of it."

Tom is planning to enter Texas University and has hopes of being a member of that team when it plays Harvard in 1931.

It is not known just how long Curtis will be in Crowell. His injury turned out to be more serious than was at first expected and it was thought advisable to keep him under the personal care of Dr. Clark. Shortly after Christmas, Dr. Clark made a trip to Austin to re-set the broken leg.

FARRAR MAKES OUTSTANDING FARM RECORD

RAYLAND FARMER SAYS THAT RAISING OF MORE FEED AND LESS COTTON SHOULD BE PUSHED BY EVERYBODY

Coming to Foard County about ten years ago as a cotton picker and with \$1.75 in his pocket, F. L. Farrar of the Rayland community has remained to become one of the most successful farmers of this section. He is now located on the old S. W. McLarty farm, having purchased 320 acres of this 640 acre place and is now farming all of it.

Soon after coming here from Gregg county he rented the W. R. Parrish place and made good there and then bought eighty acres in the Rayland section from John Webb and two years ago he purchased the 320 acre farm from Mr. McLarty. Mr. Farrar's son-in-law, Alfred Schroeder, is now on the 80-acre place, which is just about paid out, according to Mr. Farrar.

While Mr. Farrar's farm home is about one-half mile north of the old Vernon highway, one can tell from that distance that surely a successful farmer lives there. The extra large and fine barn that one can see in the distance gives this impression more than anything else, and the well-kept land with its large terraces is convincing evidence of the fact

(Continued on Page 4)

J. H. Easley Candidate for Constable of No. 1

J. H. Easley's name appears in the announcement column of the News this week as a candidate for constable of precinct one of Foard County, subject to the action of the Democratic primary in July.

Mr. Easley, more commonly known as Red Easley, has been a resident here for over twenty years and is well known to the people of this section. He feels that he is capable of efficiently serving the people in this office and will appreciate their support.

DIRECTORS OF CREDIT ASS'N. ELECTED THURS.

DIRECTORS NAME H. E. FERGESON AS PRESIDENT OF BODY TO ACT AS GOVERNING BODY AND ADVISORY BOARD

Directors to act as an advisory board for the Crowell Retail Merchants Credit Association were elected at a banquet held for members at the Griffith Hotel Thursday night. Thirty-seven were present, including a number of visitors from other cities and the representatives of the twenty-four local firms that are members of the association.

Following the speaking program the following directors were elected: M. S. Henry, H. E. Ferguson, W. R. Womack, John Rasor and H. K. Edwards. These directors met Monday and elected H. E. Ferguson as president. No secretary or vice-president was elected since the association is privately owned by Leo Spencer, who will look after that work. The board of directors is to act as a governing body and advisory board for the association.

The directors have decided to have the membership rather in a general meeting once each month for the purpose of discussing the association's affairs and to especially discuss delinquent accounts on their books.

John Rasor acted as toastmaster at the banquet. F. W. Kernerly of Quanah was the first speaker on the program. He is connected with one of the leading dry goods firms of Quanah and spoke on the ways that merchants could use the credit association.

Alvah Conner of Wichita Falls was the second speaker and his talk was made up mainly of a discussion of the importance of meeting to discuss delinquent accounts. He is a former president of the Wichita Falls Grantee's Association, an organization which meets each week to discuss delinquent accounts.

Joe Bailey of Wichita Falls, credit manager for the P. B. M. Company of that city, was the final speaker of the evening. He spoke on the state problems of the credit associations. He is a director of the state association of retail merchants associations and told of the work of that body. Following his talk the directors for the association were elected.

Visitors at the meeting were: Mason Harwell, Mrs. Daisy Burton, secretary of the Quanah Association; Miss Odell, her assistant; Mr. Griffith, Mr. Cobb, F. W. Kernerly and Mr. Kelly, all of Quanah; W. F. Gibbs, Joe Bailey and Alvah Conner of Wichita Falls.

John Myers Asks Second Term as Dist. Attorney

John Myers of Vernon has authorized the News to announce that he is a candidate for the office of district attorney, subject to action of the Democratic primary in July. He is now serving his first term in the office for which he is seeking reelection.

Mr. Myers needs no introduction to the people of Crowell and Foard County as he is well known here, having practiced law in Crowell for a number of years and he was a resident of this city at the time of his election as district attorney.

He is asking re-election to his present office upon the record he has made during his first term and he feels that this record justifies his asking for a second term.

"I surely appreciate the support that Foard County people gave me in the last election and hope that I may have their support again. I have given the best service that I can and shall continue to serve the people as faithfully as possible if elected again," Mr. Myers stated.

Fishing Season at City Lake to Open Saturday, March 1st

Fishing will be permitted in the city lake again this season as a result of action taken at a meeting of the council Tuesday night. The lake will open Saturday, March 1st, for a period of sixty days and will be operated on practically the same basis that it was last season, the first time that the lake had been opened for fishing.

Season tickets will be sold at the rate of \$5.00 by the city secretary and individual tickets for a day's fishing will sell for fifty cents. The hours for fishing will be between 6 a. m. and 9 p. m. No one will be allowed to take more than ten pounds of fish from the lake in any one day.

Morgan Buys Interest In Magnolia Station

Everett Morgan has purchased Earl Norman's interest in the Magnolia Filling Station here and started the operation of that business last Friday.

For the past three years Mr. Morgan has been employed by the Haney-Rasor Grocery. Mr. Morgan stated that he would continue to handle a complete line of Magnolia products.

Striking Dairy Success Is Made by Alabama Woman

T. L. Hughston has handed the News the article below. It was taken from a Talledega County, Alabama, paper. Mr. Hughston's boyhood home was in this county.

"A striking example of the success that may be realized by supplementing cotton farming with dairying is recounted by R. A. Daly, dairy field worker.

When the boll weevil first made its appearance in 1909, Mrs. L. L. Dean, of near Fayetteville, began looking for some means by which she could make her farm pay. She decided upon the dairy business and began with two dairy cows.

During 1929 Mrs. Dean realized a net income of \$4,115 from 26 cows. These cows are producing an average of 80 gallons of milk per day, or 668 pounds per day. This is excellent production for this season. Mrs. Dean attributes it to the excellent roughage being produced on her farm.

Mrs. Dean owns a 480-acre farm, 320 acres of which is tillable. The farm is located on the Fayetteville-Sylacauga highway. A 140-acre pasture, 20 acres of which is improved or sown in good pasture grasses, occupies a part of the 320 acres of tillable land. Fifty acres are devoted to feed crops such as corn, oats and vetch. There are 45 acres of cotton.

Mrs. Dean has two pure bred bulls and is doing a great work in breeding up her stock. Some very outstanding heifers are on her farm as a result of the breeding that has been done.

The farm now operated by Mrs. Dean was taken over by her family in 1887 and was planted in cotton until 1909. Before she went into the dairy business as a supplement to cotton, Mrs. Dean says that cotton grew eight inches high and that it took five or more acres to produce a bale of cotton. She is now getting about three-fourths of a bale to the acre.

Mrs. Dean is an excellent judge of cows and has a fine knowledge of feeding, according to Mr. Daly. Realizing the importance of a pure bred herd, she has five registered Jersey cows and seven registered Jersey heifers. With the knowledge

A Medicine You Have Waited Many

Years For

THE NEW KONJOLA

Being introduced in our store for the FIRST TIME. This celebrated new remedy is for the stomach, liver, kidneys and bowels and rheumatic and neuritis troubles. Chicago, Philadelphia, and other large cities have gasped at the wonderful accomplishments of this remarkable medicine.

This remarkable compound is destined to bring new hope, happiness and glorious health to Crowell people. Thousands of seemingly hopeless cases of health troubles have been conquered in larger cities, by this advanced compound.

Konjola, the medicine made from extracts of 22 plants of Nature, containing over 30 beneficial ingredients, works with the sufferer's own food, bringing more normal healthy action to the important organs of the body—the stomach, liver, kidneys and bowels.

Fergeson Brothers

The Ronall Line

of breeding she possesses, she would be very successful in her endeavors with registered stock.

"I am convinced from experience that the dairy is indispensable on the farm and that a few cows, hogs and chickens will make a success of any farm if properly managed," Mrs. Dean is quoted as saying.

"We need more people of Mrs. Dean's type on our farms," Mr. Daly declares.

MARGARET CLUB

The Margaret Home Demonstration Club met on February 14 at the home of Mrs. Curtis Bradford with 9 members and Miss Freeman

present. After the business part of the meeting Miss Freeman gave an interesting exhibit on pictures appropriate for various rooms with stories.

Mrs. Bradford assisted by her colored maid served hot chocolate and cake.

The meeting adjourned to meet with Mrs. Frank Dunn on February 28, with Mrs. Curtis Bradford as leader.—Reporter.

After the word "hunch" gets an education, it ceases to be that and becomes an intuition.

Milk at ordinary temperatures weighs 8.60 pounds per gallon.

MEN'S NIGHT AT CHRISTIAN CHURCH

The men of the church will have charge of the program Sunday night leading up to the sermon by the pastor, "God, Give us Men." Those who have a definite part on the program besides singing in the choir are as follows: songleader, Joe Ward; pianist, Ed Adams; invocation, Ed Womack; scripture reading, F. H. Crews; ushers, Vandie Tubbs and C. R. Dodd; offering, Frank Hill and Dow Miller; solo, John Rasor; Benediction, F. A. Davis. All men are especially invited to attend this service. Come and bring the family.

Complete Laundry Equipment Special Until March 1st

\$168⁸⁰

Here is your opportunity to save time, money and back-breaking labor by becoming a proud owner of the new Fedelco "Special" Complete Home Laundry Equipment.

This economical equipment includes the new Fedelco "Special" Electric Washing Machine, the Automatic Ironer, and a set of Dixie Twin Tubs—all for \$168.80!

A small down payment will install these matchless appliances in your home. The longer life of your garments and the cash savings on your laundry bills will more than pay for the complete equipment in a short time.

Eliminate Washday. A demonstration will show the way to better laundering, minus all the drudgery and physical hardships of old-fashioned methods.

Scales and family had as their guests Sunday Mr. and Mrs. Udell Oliver of Margaret and Miss Jennie Lee Roberts and Raymond Oliver of Thalia. Mr. and Mrs. Wallace Scales spent Thursday and Friday with A. T. Miller and G. J. Teel of Clarendon. R. G. Whitten and family moved into their new house Wednesday. Miss Hazel Key spent Wednesday night with Miss Frances Davis of Crowell. Luther Ward and Sam Tole were summoned to the grand jury at Crowell this week. Mr. and Mrs. Otis Dunson and children went to Lockney Sunday where they will make their home.

BLACK (By Special Correspondent)

Mr. and Mrs. Carter and daughter, Lucille, spent Tuesday in Vernon. Mr. and Mrs. Allison and family of Wilbarger County have moved into our community. Mrs. W. W. Nichols and the small son of Mr. and Mrs. Lawhorn are on the sick list this week. Mr. and Mrs. Hattie of Knox County have moved into this community. Mr. Lawry and family spent the week-end visiting in the Vivian community. Mr. and Mrs. C. D. Hall spent Sunday with Mrs. Hall's daughter, Mrs. Claudie Carroll, of Gambleville. A baby boy arrived in the home of Mr. and Mrs. Lawrence Suell last week. Mr. and Mrs. Jimmie La Rue of Margaret spent Sunday with Mr. and Mrs. Haney.

Striking Dairy Success Is Made by Alabama Woman

T. L. Hughston has handed the News the article below. It was taken from a Talledega County, Alabama, paper. Mr. Hughston's boyhood home was in this county. "A striking example of the success that may be realized by supplementing cotton farming with dairying is recounted by R. A. Daly, dairy field worker. When the boll weevil first made its appearance in 1909, Mrs. L. L. Dean, of near Fayetteville, began looking for some means by which she could make her farm pay. She decided upon the dairy business and began with two dairy cows. During 1929 Mrs. Dean realized a net income of \$4,115 from 26 cows. These cows are producing an average of 80 gallons of milk per day, or 668 pounds per day. This is excellent production for this season. Mrs. Dean attributes it to the excellent roughage being produced on her farm. Mrs. Dean owns a 480-acre farm, 320 acres of which is tillable. The farm is located on the Fayetteville-Sylacauga highway. A 140-acre pasture, 20 acres of which is improved or sown in good pasture grasses, occupies a part of the 320 acres of tillable land. Fifty acres are devoted to feed crops such as corn, oats and vetch. There are 45 acres of cotton. Mrs. Dean has two pure bred bulls and is doing a great work in breeding up her stock. Some very outstanding heifers are on her farm as a result of the breeding that has been done. The farm now operated by Mrs. Dean was taken over by her family in 1887 and was planted in cotton until 1909. Before she went into the dairy business as a supplement to cotton, Mrs. Dean says that cotton grew eight inches high and that it took five or more acres to produce a bale of cotton. She is now getting about three-fourths of a bale to the acre. Mrs. Dean is an excellent judge of cows and has a fine knowledge of feeding, according to Mr. Daly. Realizing the importance of a pure bred herd, she has five registered Jersey cows and seven registered Jersey heifers. With the knowledge

A Medicine You Have Waited Many Years For THE NEW KONJOLA

Being introduced in our store for the FIRST TIME. This celebrated new remedy is for the stomach, liver, kidneys and bowels and rheumatic and neuritis troubles. Chicago, Philadelphia, and other large cities have gasped at the wonderful accomplishments of this remarkable medicine.

This remarkable compound is destined to bring new hope, happiness and glorious health to Crowell people. Thousands of seemingly hopeless cases of health troubles have been conquered in larger cities, by this advanced compound. Konjola, the medicine made from extracts of 22 plants of Nature, containing over 30 beneficial ingredients, works with the sufferer's own food, bringing more normal healthy action to the important organs of the body—the stomach, liver, kidneys and bowels.

of breeding she possesses, she would be very successful in her endeavors with registered stock.

"I am convinced from experience that the dairy is indispensable on the farm and that a few cows, hogs and chickens will make a success of any farm if properly managed," Mrs. Dean is quoted as saying. "We need more people of Mrs. Dean's type on our farms," Mr. Daly declares.

MARGARET CLUB

The Margaret Home Demonstration Club met on February 14 at the home of Mrs. Curtis Bradford with 9 members and Miss Freeman

present. After the business part of the meeting Miss Freeman gave an interesting exhibit on pictures appropriate for various rooms with stories.

Mrs. Bradford assisted by her colored maid served hot chocolate and cake. The meeting adjourned to meet with Mrs. Frank Dunn on February 28, with Mrs. Curtis Bradford as leader.—Reporter.

After the word "hunch" gets an education, it ceases to be that and becomes an intuition.

ALL NEWS ITEMS
OF THIS PAPER
ARE INDEXED

REFERENCE TO PAST ITEMS IS
MADE EASY THROUGH SPECIAL
SYSTEM SERVICE OFFER-
ED TO NEWS READERS.

Scarcely ever does a news item or
other item appear in this paper about
something that has happened during
the past month or over a year ago. Very
often the person is trying to find out the
desired information.

As a service to its readers the News
will gladly lead up any information
desired. Practically every item
that carries a headline in the News is
indexed each week, making it possible
to refer to a past event with little
trouble.

In the News card index file as
presented there are two hundred and
fifty different headings under which
various items of news have
been classified. A list of these
headings, such as: Births, Deaths, News
Items, Births, Deaths, News Items,
Highways, Schools, Elections, Oil
Business, Law, etc.

Through such a plan the News can
lead up as soon as possible without
going through a large number of
pages to find the information that
is desired. An index of all 1931
news was kept throughout the year
and the greater part of that index and
concerning it in the News that the
year is being followed this year.

While the index card was started
for the use of the News alone, we
are to make the public aware that
we are giving the opportunity to use
the service in all ways.

The next time you need to know of
any past information that has been
published in the News, just call at
our office or phone in and we will
do our best to supply you with the
desired information. The service
is free, unless otherwise stated.

Grandma Finney Dead
On last Saturday Grandma Finney,
mother of Mrs. J. W. Cope, died at
the home of the latter, where she
had been making her home for many
years. She passed away at the age
of being 85 years of age and had
been very feeble for several days
preceding her death.

Plans Recital
The next social given by Mrs.
Louise Chalmers Jones of Houston,
assisted by Mrs. W. J. Jones, will
be at 8 o'clock on Friday evening under
the auspices of Mesdames Jones and
Hutchinson's music classes, who in-
vited to one of the largest crowds
that has visited the Opera House this
season.

ment.**

**Don't forget our little notes and
handouts driver. They get them
out. The R. K. Maggs Company.**

J. P. Head Dead
Monday night J. P. Head, father
of Mrs. J. D. Head of this place,
died. Mr. Head and his wife had
been spending the winter with Mrs.
Head when he took sick and died a
few days afterwards. The remains
were shipped to Texas.

FEBRUARY 24, 1931

Woods Begins to Go Up
One by one the old wooden build-
ings are disappearing from the north
and south side of the square. These
remain about three weeks longer
on the north side, which if removed
will remove about a mile north
west of the square. There are
some contemplated improvements
on the north side. The stone build-
ing of E. K. Quinn has been draped
from the southwest corner, and while
there has been no definite decision
made as to building that building
with a brick, it is reasonable to
believe that it will be rebuilt.

Plans and specifications have been
drawn for a five-story brick hotel
at the site of the old Ford County
National Bank and parties are now
figuring on the contract.

Benigno-Geing
Mr. Wednesday evening of this
week Mr. Benigno Geing and Mrs.
Mattie Geing were united in the
fourth level of matrimony. Rev. R. D.
Cross performing the ceremony.

Political Announcements

The following announcements for
the offices named are subject to the
action of the Democratic Primary to
be held in July of 1931:

For County Judge:
M. M. HALL JR.
CLAUDE GILLMAN JR.
T. E. WOODRICK (Re-election)

For County Treasurer:
MARGARET CURTIS (Re-election)

For County and District Clerk:
GRACE HANDE

For Tax Assessor:
WILSON PYLE
WILLIE ELLA HUNTER
PIPER BELL

Water Proposing

It appears that the city water
works proposition in Crowell is a
lost cause. For the good that has
been done in this line, we might as
well give up the time in talking about
it at all.

Advertisement

Let us demonstrate the fact that
a family of five can live in Crowell
and live well for \$100 a week. We
will quote a whole month's supply
of the best food and let us figure
your best supply for you. (Editor's
note—In the long list of great
items were quoted at what were
found to be unreasonable low prices.
J. E. Bell & Son were the adver-
tiser.)

Killed in Railroad Car
Robert Hargree, a young man em-
ployed as freeman at the Farmer's
Lumber Co. in Hayward, was accidently
killed Saturday morning. It is
supposed that he was riding the main
street bridge and fell into a well.
Death was almost instantaneous.

Band Given Concert

The Crowell Booster Band gave a
special concert in front of the Bell
Opera House Saturday afternoon.
Several of the musicians could be
classified among professionals, and it
was the whole band a far above the
average for a town the size of Crowell.

Sanities-Adkins

Mrs. Georgia Hittley and C. L. Ad-
kins, both prominent young people
of the Travis community, were mar-
ried at Crowell last Thursday in the
home of Rev. and Mrs. H. H. Woods,
with Rev. Woods performing the
ceremony.

**J. W. Allison and Henry Ferguson
are owners of new beautiful five-
passenger Chevrolet car.**

Sells Interest

All Bond has sold his interest in
the Owl Drug Store in this city to
Will Duke, the present manager of
the store. The Owl Drug Store is
one of the well established and pop-
ular enterprises of our city.

New Garage

J. A. Gammie has opened a garage
in the old Klages building, and is
ready to serve the public in the line
of automobile repairs and accessories.

ACCIDENTS AT HOME

The automobiles and trains are
blamed for causing many accidents,
but few people stop to think that
one-fourth of the mishaps occur
right in the home, from various
causes.

We often hear the remark that one
is safe at home. Statistics of one of
the large insurance companies re-
cently stated that during the last five
years 25 percent of the claims paid
were paid in amount of accidents
that happened within the home.

Of course there are many causes
for these accidents. This one com-
pany paid over \$200,000 an amount
of injuries received in falls, either
from step ladders, chairs, slippery
floors, or falls down stairways.
There are other forms of accidents
that happen within the home, and
one that ranks along with falls in
that of explosions, and injuries from
fires.

Many accidents that happen with-
in the home could be prevented, and
if people paid as much attention to
safety rules at home, as they do out-
side of doors the list of fatalities and in-
juries would diminish.

Insurance companies have made a
one-third reduction in Oklahoma
burglary and holding insurance rates.

PHONE FOR FOOD

Your phone order to us not only saves many steps every day, but the groceries are delivered promptly in perfect condition.

When in town, drop in and visit our store. We pride ourselves on our store's appearance and on our complete stock of groceries.

FARRAR RECORD—
(Continued from Page 1)

that a "real farmer" has charge of that place.

Wayward that was the impression of this writer as he was driving from Hayward to Hayward last week. While he did not know who lived on the farm or any thing about it, he could not help but think as he saw the wonderful concrete built in the magnificent setting in the beautiful Peace River valley along with the fine looking barn, that surely here was an excellent opportunity for a "real farmer."

Upon arrival at the farm home Mr. Farrar was found to be hard at work at a table. He had time enough left to show his visitor about the place and to enter into an interesting conversation.

The first thing noticed was the large barn. This structure is 74 feet long 16 feet wide and over 16 feet at its highest point. From three feet below the ground to twelve feet above it the walls of the barn are of eight inch concrete and a great deal of the floor is of concrete. This structure was started about two years ago by Mr. McFarland and was finished by Mr. Farrar when he took over the place. It was originally planned to save the barn constructed entirely of concrete, however, in part and part of the walls are of steel iron.

The left of the barn is eighteen feet at its highest point. At present there is over 2,500 bundles of alfalfa hay and around 800 bundles of sorghum, all of which was grown on the Farrar farm. The left is capable of holding five thousand bales of hay. Below the left there are large bins lined with wire mesh and other feeds.

Mr. Farrar is an extra strong believer in raising plenty of feed as one can readily see by visiting his farm. From forty acres of alfalfa he produced nine thousand bales of alfalfa during the past year or about one ton per acre during the past year an unusual number, as four to five cuttings are considered good in most sections. The alfalfa is on sub-irrigated soil with the water in depths of around ten feet.

Fifteen hundred bales of alfalfa were sold last year to Tom Burnett for his catch and a great deal was sold to other parties with 2,500 bales left in the Farrar barn, along with 25 to 30 tons of maize and sugar beets.

Of the 600 acres in the farm, 450 acres are in cultivation and 150 acres are in feed last year. This year he is going to cut his maize already considerably and raise still more feed. "I am going to cut my maize acreage at least 75 acres and maybe more," he stated.

In commenting upon the proposition of raising more feed Mr. Farrar stated: "It's the very thing we must do or we are blown up. We have simply been raising too much maize and if we don't take advantage of the co-operation that the government is offering in the matter of reduction of the maize acreage, it's sure going to hurt us. I am sure glad to see the Ford County News boosting this feed proposition for we are sure going to be ruined unless something like that is done everywhere."

Part of the Farrar farm is in the hands along Peace River and he is planning to secure a number of cattle to pasture on 150 acres north of his farm. He now has six Jersey cows and his son, Frank, was one of the club boys who was in on the importation of pure-bred Jerseys some

time ago. He markets a considerable amount of butter and states that he has considerably below the average in the output averaged some three quarters of a ton to be in years before the last two.

All of the land on the farm, the Peace River valley, as the far section as there is any however, that fact does not let Farrar from realizing the importance of devoting a large acreage of land to feed crops.

It requires at least thirty or forty days for the sun to get of out of the skin.

The three highest mountains world are in India, Mt. Elbrus, Mt. Dhaulagiri and Kailash.

"Whales' eyesight is not though they can see both in air and water."

FISHING

Starting Saturday, February 15th, fishing will be permitted in Mrs. W. S. Bell's lake for a period of two months, ending April 15th.

Season tickets for a family will sell for \$5.00 and can be purchased either at the Bank of Crowell or at the gate. Individual tickets will sell for 50c per day.

Restrictions—no trot line or seine of any kind will be allowed in fishing and all fishing must be done between sun-up and sun-down. Governmental regulations as to size will be in force. No limit to number of fish caught.

There is only one entrance to the lake and that is at my house.

MRS. W. S. BELL
4 Miles East and 2 Miles South of Crowell

In the days of Lincoln and Washington there were few banks but many homesteads where heaps of gold lay buried in mattresses and sequestered under loose planks. But over a century of progress has wrought a change. Today prudent folk deposit their savings in the bank—far safer than a hole in the floor.

This is the Twentieth Century. Deal with a Twentieth Century Bank.

Mr. and Mrs. Clifton Osborn of Anton and Elam Caldwell of Ralls arrived in Crowell Saturday afternoon for a visit with Rev. and Mrs. B. J. Osborn, Mr. Osborn's parents.

E. Fisch and son, Alan, and H. Meisels and family arrived in Crowell Sunday from Frederick, Oklahoma. Mr. Fisch, Alan and Mr. Meisels are now associated with The Famous.

Representatives of the Southern Fire Apparatus Company of Dallas stopped in Crowell for a short time Wednesday with the new fire truck they are delivering to the City of Lockney.

Mrs. E. M. Crosnoe, Mrs. Owen Rader and John Franklin have returned from Clarendon where they went to see their sister, Mrs. Bill Meaders, who has had a serious operation but is improving.

Mrs. J. C. Thompson, Mrs. Thelma Bell and son, Raymond, Jr., are in Hollis, Oklahoma, visiting Mrs. Thompson's daughter, Mrs. H. W. Cotner. Mr. and Mrs. Cotner took them to Hollis Sunday.

Rev. W. M. Murrell, presiding elder of the Clarendon District, Northwest Texas Conference, and a former pastor of the Crowell Methodist church, passed through Crowell Tuesday enroute to Abilene.

Rev. B. J. Osborn of Crowell and Presiding Elder J. O. Haymes of Vernon went to Abilene Tuesday afternoon to attend a meeting of the Bishop John M. Moore and the Presiding Elders of this conference, and also to attend a meeting of the Board of Missions. Rev. Osborn also visited his daughter, Miss Juanita, who is a student in McMurry College. They returned Wednesday.

Mr. and Mrs. J. H. Lanier, Jr., went to Dallas Saturday for a short visit with Mrs. Lanier's mother who is to leave soon for a trip to California. Mrs. Lanier's small cousin, Betty Hardy, returned with them and will remain for a week or two.

Carl Wishon returned Monday of last week from Marysville, Calif., where he had been with his wife and small son. Carl was in a car wreck at Midland when his car was damaged in a crash with another car, but fortunately no one was seriously injured.

Rev. H. Ellis Ogden and wife of Chanute, Kansas, stopped in Crowell for a short visit with Rev. W. W. Smith and family Thursday. They were on their way to Mulshoe, where they are starting a revival. The Ogdens assisted in the Baptist revival here last spring.

Duke Wallace received a telegram Wednesday from Tansy Stanford, local cotton buyer, stating that his mother had died at Farmersville, Texas. Mr. Stanford left here last week after receiving a message that his mother was low. He will not be back until next cotton season.

NOTICE

No wood cutting, no fishing, no trespassing will be allowed in Wishon's pasture. Offenders will be prosecuted.

J. W. WISHON.

Rapid Delivery Made on Feed Grinding Mill

The speed of modern day transportation was vividly shown here Wednesday when Clint White arrived in Crowell with a two thousand pound feed mill for Shirley and Offield, just nineteen hours after it had been ordered out of Dallas by M. S. Henry and Company.

Shirley and Offield are feeding over 500 head of cattle on the Gamble place, just south of Crowell, and Tuesday afternoon their feed grinding mill broke. It was found necessary to secure another mill at once and at about 5 p. m. M. S. Henry and Company wired an order to Dallas for one.

Leaving Dallas at once the machine was carried by the Sproles truck line to Vernon where it was picked up by Clint White, local trucker who makes connections with Sproles at Vernon. It was immediately brought to Crowell and within 19 hours after it had been ordered, the machine was coupled up and in operation, to the satisfaction of everyone, including the hungry cattle.

NEW OUTLAWS

Magpies, famous in nursery rhymes, are getting bad reputations among farmers, according to the Agricultural Department.

Once magpies were considered beneficial around farms as their diet includes injurious insects, but investigations by government experts showed them to be arrant rogues.

Magpies steal eggs from chicken yards to carry to their young and sometimes kill chickens. They show great partialities to cherry orchards. The worst offence of the birds is harrying weak or wounded animals and occasionally sound and healthy creatures. It's method of killing game is torturous—pecking and enlarging the wound of an animal, finally resulting in death.

Where magpies have become a nuisance the agricultural department recommends poisoning or shooting of the birds. They have no aversion to strychnine so this poison makes the best bait.

Aluminate chloride is now successfully used in making gasoline from high-boiling petroleum oils.

Self's Car Recovered Sunday at Brady, Tex.

While attending the banquet of the Retail Merchants Credit Association the Ford sedan belonging to Clarence Self was stolen from in front of the Griffith Hotel. After sending out particulars of the robbery to the Auto Theft Bureau at Dallas, Sheriff Que Miller received word that the car and the two robbers were being held at Brady.

Sheriff Miller and L. A. Andrews returned from Brady with the car and the two men Tuesday and placed them in the Foard County jail. They gave their names as W. B. White of El Paso and Clarence Sales of Ardmore, Oklahoma. They were arrested by Sheriff Kimbrough of Brady while stealing gasoline for the automobile.

They came to Crowell in a Ford coupe they had stolen at Weatherford. They abandoned that car here and placed its license plates on the Self car. The Self car was not damaged when found, but had been driven about 800 miles since it was stolen.

O. O. Hollingsworth reported the car that was abandoned here and as a result received a \$25 reward.

ACCIDENTS OF MENTAL ORIGIN

Ninety per cent of accidents are of mental origin, according to Dr. Harold S. Hulbert of the Department of Mental and Nervous Diseases, University of Illinois.

In an address before the National Safety Council, Dr. Hulbert explained that these accidents are the result of insanity or mental incompetence, but of thoughtlessness or carelessness.

This authority says that a person who is comfortable in mind and body, adjusted to his working and domestic life, and is not ill, perplexed, discontented or fatigued stands but a small chance of becoming the causative factor in an accident.

On the other hand, anger, fatigue, surprise and other such factors are the causes of many accidents, says Dr. Hulbert.

We cannot, of course, cure such emotional disturbances as anger and surprise, nor can we offset fatigue, but the public should understand these causes of accidents and guard against them. A worker who grows tired should become more careful because of it. An automobile driver who is suffering from some slight illness should watch his driving more carefully, than when he is in good health. Once we manage to exert some control over the "mental hazard," our accident record will begin to decrease.

NOTICE

I have been so strongly solicited to go back in the residence delivery I will start March 1st, but am going the coupon route. I don't want to keep books, nor collect.

So all that want to take milk that way can phone me and I will go around Friday, February 28th and sell books, so that I will be ready to deliver on the first. Books are cash.

Respectfully,
RICKS DAIRY.

WHEN SEEKING AMUSEMENT

Try the Rialto Theatre. We're silent but we have good clean pictures for you. A right up-to-the-minute new Fox News twice weekly. A two reel comedy every night, and a real good feature four times per week. All for thirty cents. Come out Merchants, we spend our gains with you.

We are sorry that we cannot give you TALKING PICTURES for your trade, as well as ours, but times are pretty hard with everybody, and we are doing the best we can at this time, but we give you the most for your money of anybody in our line. Thirty cents is our regular admission. It's fifty cents elsewhere, and you are out the drive, besides gas and oil.

Our next week's program is a pretty good line up for you, here it is—

Mon. and Tues.—
"IT'S A GREAT LIFE"
played by the DUNCAN SISTERS.
This one speaks for itself.

Wed. and Thurs.—
"SHANNONS OF BROADWAY"
It sounds like IRISH, and is. Watch Mary Philbin.

Friday—
"HEY! RUBE"
You might try and cast your peepers over this one. You'll learn something that will help you all the rest of your life. Played with Gertrude Olmstead and Hugh Trevor.

Saturday—
"BIG TIMBER"
Thrilling outdoor drama of the Northwest with a GREAT FOREST FIRE.

CHURCHES

Christian Science

Sunday, 11 A. M. Subject for Sunday, February 23, 1930, "Mind." Sunday School at 9:30. Wednesday evening service at 8:00. The public is cordially invited.

Baptist Church News

Last Sunday was a high day with Crowell Baptists. Everybody seemed happy and encouraged. The Sunday School was the largest of the year, the preaching service was satisfactory, the financial committee did fine work in the afternoon and the evening services were of the highest order.

Our intermediates gave us a special message in song which everybody enjoyed. They all stayed through the church service, for which we are very grateful. We have the finest bunch of young people to be found anywhere. Our great desire is to unite them in the various services in a way that will develop them and bless the people who are in attendance. We covet the cooperation of the parents in this good work.

This chorus will sing with another special number next Sunday evening at the worship hour. Come and hear them.

Our women are doing fine work and we confidently expect them to make the best record this year of their life. Their loyalty to the work is heartening indeed.

The choir is taking on new life and will give us a surprise program in the near future. May every one of our singers get into this service and help. This is a time of growth and development. Spring is on and with the growing, waving fields of grain, may we let our lives grow to full fruition in His service.

Our Workers' Council will meet with the Ocell Baptist Church next Tuesday. A large attendance is expected. We look for a large group of our people to be there.

The pastor and Charles Ray Smith were over at Knox City one evening last week and were happy to learn that they had called Rev. Claude Stovall as pastor. Claude is one of their home boys who has been in Simmons for the past five years. He will do a fine work there. The Knox City people are very much encouraged. They are having around 200 in Sunday School. Folks, we have a larger opportunity here than they at Knox City. Let us not let them surpass us in faithfulness. Here's for challenging them for a contest. What do you say?

Next Sunday, Sunday School at 9:45; preaching services at 11 a. m. and 7:30 p. m. B. Y. P. U. at 6:30.

Morning theme, "Preaching, Teaching, Healing." Evening theme will be "A World Famed Physician." Special music by the choir. Bro. A. E. Dunagan has been rendering special service by leading our choir for the past two Sundays, for which we are thankful.

At the Methodist Church

Sunday School, 9:45; M. S. Henry, superintendent. Preaching, 11 a. m.; and 7:15 p. m. Hi-League, 6:15 p. m.; Senior League, 6:45 p. m. Woman's Missionary Society, Monday 3 p. m.

The Christian Church

These days which are so much like Spring makes everyone want to get out and enjoy the sunshine. The sunshine never feels better than when you are on your way to Sunday School and Church. Your conscience is free and easy because you know that you are doing what is best, as well as being loyal. Last Sunday we had a wonderful attendance at both Sunday School and Church. As next Sunday is Loyalty Sunday and Rally Day, we want every member of the Church present at all services. If you cannot stay through all the morning worship service, please wait until after the Communion Service to leave.

Next Sunday night is Men's night. They are making preparations for a fine service which you don't want to miss. There will be several musical numbers, and a surprise. Men be sure and bring your wives next Sunday night, for you heard them sing last Sunday night and now it is their turn to hear you sing. Ladies, please don't let the men forget, for they are real good singers.

The Men's Class pledged last Christmas, as their White Gift of Service, to beautify the church building and grounds this year. As a beginning they are putting out seventeen trees around the church lawn. During the week they expect to clean up the grounds and set out some rose bushes. The Church is the place where we meet together for fellowship and to worship God. Then why not make it attractive so that we shall be glad to acknowledge it as ours? For the church, like the home, is a silent testimony to the faith and love of its members.

We are expecting every pupil to be present in Sunday School next Sunday because it is Rally Day. Please plan to make it a 100 per cent attendance by not only being present but on time at 9:45. At the worship service which is at 11 o'clock the sermon subject will be "Playing at Religion." Sermon subject for the night service will be, "God, Give us Men."

A friendly welcome awaits the visitor and stranger. The Friendly Church.

JOHN G. CLARK.

Terrell Impeachment Attempt Is 4th Ouster Charge for Texas

Austin, Texas, Feb. 20. (UP).—Effort to impeach State Comptroller Sam Houston Terrell is the fourth impeachment of a state official that has been attempted in Texas.

In two instances impeachment charges have been voted by the House of Representatives. In one of these the charges were sustained by the Senate.

The first attempted impeachment was launched in 1893 against W. L. McGaughey, state land commissioner. The charges were based on the alleged manner of handling lands in Harris, Liberty, Jasper, Newton, Orange, Tom Green, Sterling and Irion Counties. The first was that speculators at Austin were permitted to obtain rights in Harris and Liberty County lands before they were thrown on the market generally. When the charges preferred by the House were tried in the Senate, McGaughey was acquitted.

A record of the proceedings on file in the state library at Austin discloses that one of the charges was the receiving of a silk hat as a present by the head of the sales department of the land office. This hat, it was charged, was presented by a Fort Worth citizen who, it was alleged, also presented two other department employees 500 shares each of mining stock.

"We do not find the stock or hat were received with a wrongful purpose," said the House investigating committee, "but severely deprecate the practice of heads of important departments and trusted clerks receiving gratuities from those with whom their office brings them in contact. A favor bestowed usually expects a favor in return.

McGaughey told the committee that no effort was being made to dispose of the stock and that it was offered generally to those in the department, including himself, though he declined it.

Articles of impeachment were voted in 1917 against Governor James E. Ferguson. W. A. Hanger of Ft. Worth defended Governor Ferguson. Charges were voted by the House after being presented by a committee consisting of W. E. Bledsoe of Lubbock, R. L. Carlock of Fort Worth, W. M. Fly of Gonzales, R. E. Thomason of El Paso, E. R. Bryan of Midland, W. E. Pope of Corpus Christi, Bruce Bryant of Haskell, D. S. McMillin of White Wright and Barry Miller of Dallas.

The Senate found Ferguson guilty on a number of counts and ordered his removal from office and barred him from ever holding state office. Alleged deposit of state funds in a Temple bank in which he was a stockholder and refusal to answer as to the source of a \$156,000 loan were among the counts upon which Ferguson was convicted. Alleged improper interference with duties of regents of the University of Texas was also sustained by the Senate vote. Later an amnesty bill set aside the Senate finding against Governor Ferguson. He was also granted a pardon after Mrs. Miriam Ferguson was elected Governor. The amnesty bill later was repealed.

Effort to impeach the late J. T. Robinson, former state land commissioner, last year is the latest preceding impeachment effort in Texas.

The House by overwhelming vote refused to sustain the charges that were presented against the aged commissioner, who had spent half of his life in the land department. His death occurred a few months after he had undergone the strain of a long hearing.

Making of pottery is regarded as the oldest of the arts, unless you count making a living as the oldest.

Ft. Smith Man 79, Ill 5 Years; Konjola Scores

Rheumatism and Stomach Trouble Quickly Respond to Action of New Medicine

"Although seventy-nine years of age I found quick relief in Konjola," said Mr. James F. Simpson, 1800 North Sixth Street, Ft. Smith, Ark. "For five years I suffered with rheumatism of the worst sort. The pains settled in my back, at times driving me nearly mad. Three years ago my stomach began troubling me and I grew steadily weaker from this ailment. Intense distress followed the simplest meals and food never tempted me.

MR. JAMES F. SIMPSON

"In desperation I turned to Konjola, for I knew many whom it had helped. Almost from the beginning of the treatment with this medicine, my health improved. The ill-effects of rheumatism grew less and finally all pain from this ailment had ceased. My stomach yielded no less promptly and I soon began eating hearty meals without distress of any sort. My appetite improved and my general health is better than it has been in years."

Konjola is sold in Crowell at Ferguson Bros. Drug Store, and by all the best druggists in all towns throughout this entire section. (Adv.)

An electric company in Chicago uses thirty two tons of soap powder a year to keep the acres of windows and skylights of its plant clean.

GAMBLEVILLE (By Special Correspondent)

Mr. and Mrs. C. D. Hall and family of Black community visited their daughter, Mrs. C. M. Carroll, Sunday.

Mr. and Mrs. J. M. Jonas and Dock Jonas of Crowell and Mr. and Mrs. Marshall Jonas from El Paso visited Mr. and Mrs. F. J. Jonas Sunday afternoon.

There will be singing at the school house Sunday night.

Mr. and Mrs. Vernon Pyle visited Mrs. Pyle's parents, Mr. and Mrs. Meadors, in Crowell Sunday.

The Methodist pastor from Crowell will preach here Sunday afternoon.

Mr. and Mrs. F. J. Jonas and son, Ray, Opal Carroll, Virgie Borchardt and Hoyt Turner went to church at Thalia Sunday night.

Mr. and Mrs. Borchardt and family and Mrs. Floyd Borchardt of Beaver, Mr. Dawson of Boger, Mr. and Mrs. Pete Gamble of Thalia, G. Y. Carroll and son, George L., of Crowell attended the play Friday night.

Wilma Fay Carroll is on the sick list this week.

Mr. and Mrs. Edward Brock and daughter, Bobbie Ruth, visited Mr. and Mrs. J. S. Brock of Thalia Sunday.

Mrs. Mollie Free visited Mrs. Morris of Thalia Monday.

J. R. Gamble of Crowell has moved a house from Crowell on Mrs. Mollie Free's place which is being occupied by Mr. and Mrs. Edward

Brock and family, who has lived in the Black community the past year. G. D. Owens of Lubbock is here this week having a windmill put on his place where Mr. and Mrs. C. M. Carroll live.

VIVIAN CLUB

The women of the Vivian home demonstration club met in regular session Thursday afternoon, February 13th, at the home of Mrs. Arne Nelson. On account of so much bad weather, this was the first meeting so no program had been arranged. Everyone enjoyed the talk given by Miss Freeman on "Art." She also gave a demonstration on braided rug making.

Sandwiches and coffee were served to 18 members. The next meeting will be with Mrs. Oscar Nelson on Thursday, February 27th.—Ed Porter.

For speed there is nothing that equals a cole pile during a cold wave.

Ferguson Announces As Candidate for Governor of Texas

Special to The News

In connection with his announcement for governor, James E. Ferguson has made the following statement to the people of Texas:

"Responding to the petition and suggestion of a very large number of Texas voters I hereby announce for governor.

"When Abraham Lincoln was elected president the second time, he did that he did not regard the election as an honor so much as he regarded it as the belief of the people that he could best serve the people in a position for which he had been merely trained.

"In this campaign I will be seeking an office which I have already had, will not be seeking an honor, for me and my family have had that too, will not be seeking vindication because that has been given me. When I am elected, as I am sure I will be, I will feel that the people have called me to render a public service which they have not received for the past

three and one-half years, and for which my experience with state affairs has especially qualified me to perform. Every informed person knows that the next governor should be selected on the sole ground of qualification, he who can best serve the state will be the controlling question in the mind of the voter. At this perilous time this is as it should be. I would not have my friends feel that I am taxing their patience in again asking their support. If they feel that some other candidate can perform the duties of the office better than I, then I think it is their duty to vote for that candidate. If on the other hand, they think that I will make a better governor than any of the other candidates then it is their duty to the state and not to me to vote for me. I want to emphasize, that whether anybody, friend or foe, votes for me or not it will cause no hard feelings on my part and our present cordial relations, I hope will be continued.

"I shall not enter into a frantic mental or physical struggle for election, and I shall conserve my strength for the performance of the duties of the office to which I will be called.

"If there be those who may find satisfaction in personal abuse and vicious criticism of me or my record let them be at once advised that they will have the field all to themselves without murmur or protest from me. I have long since made my peace with God and I shall not now permit the heat of politics to engulf me in personal hatred.

"My platform has been heretofore announced and the public is more or less familiar with it. Shortly stated this platform calls, (1) For a business administration and the veto of any liquor legislation by pro or anti—something to eat and something to wear without a row over something to drink, (2) The reduction of public offices notably the combination of the office of the assessor and collector and the limitation of fees to \$6,000.00 a year, (3) Preventing any bank from loaning over 10 per cent of its capital and deposits outside of Texas, (4) The right of the borrower to redeem any home or other real estate within two years after foreclosure, (5)

The abolishment of the landlords lien, so that a tenant may mortgage his crop to his merchant for yearly supplies, (6) For an elective highway commission of five, one at large and one from north, south, east and west Texas, (7) Opposition to the issue of any state road bonds, and a three cent gasoline tax, and the building and grading of less expensive roads which will give more roads to the farm and the mill, (8) Against the road hog and the banishment of the present bus and truck vehicles who use the public highways to profit to the exclusion of the traveling public, (9) A luxury tax on factory made cigars and cigarettes, (10) For putting the state convict farms in the hands of farmers and liberal issuance of pardons to meritorious prisoners.

"Upon these issues I shall go to the people and if needed or wanted I am ready to serve. If my country calls, I am ready.

"JAS. E. FERGUSON."

Helium Plant Sets New World Records

Amarillo, Texas, Feb. 19. (UP).—The United States helium plant here produced more than a million feet of gas for dirigibles at a cost of slightly over \$12 per 1000 cubic feet during January. F. A. Vestal, engineer in charge, has just announced.

This is 98 per cent more helium than has ever been produced in one month by any plant in the world, Vestal reported. The cost is also a low record.

Capacity of the plant is being doubled in anticipation of furnishing gas for the navy's new dirigibles to be completed next year.

Scott Turner, Washington, director of the Bureau of Mines, has advised Vestal that after July 1, all army and navy needs will be supplied by the local plant.

TEXON TALES

Well, polo is a better game than golf if you like it alright. We hear they are two kinds of men who play polo, one kind is rich men.

See, I had a real slick idea but it has went and slipped my mind.

One of our leading young men here, that is he is usually the first one to get into a lotta things around here, well, anyway he went out into the outside world and brought back a mighty fine haired bride. They aint nobody been able to find any fault with her at all and if the sulphur gas floating about in the air here don't ruin her finish like it does the new Chevrolets and everything, why she will be alright.

They was a boy brought a ham back to a grocery store here last week and told them it was spoiled so gimme my money back. They says why that ham aint spoiled, it couldn't be, it is cured ham. Well, the boy says it may of been cured sometime but if it was it has had a bad back-set.

We also play a right smart of tennis down here. The oil company built us a fine course or court with an asphalt fairway or any way it is a good outfit so lots of the boys and girls play, among many other games, a good deal of tennis. Well, one boy asked his dad for ten dollars to pay for a tennis racket. The old man says why when I was a kid we could throw a pretty big party for a dollar and a quarter.

Our doctor says deep breathing destroys many bad microbes but what we are worried about is how to make them breathe deep.

You see we have a boy here we call Bill Arkansas. Well, he's got a sweetie but her dad kicked Bill clear out of the house last night. Now, the girl says she'll never have to worry but what her dad will foot her bills alright.

Well if you don't know nobody who don't want nobody to do nothing why that's one thing we don't care nothing about.

TEXON TATTLER.

EACH DAY A DREAD

"Orgatone Has Made a New Person Out of My Dad and He is Looking Better."—Says Lubbock Boy

"At the time my Dad started on Orgatone, he could hardly get around and each day was just a dread for him," said Herman Clay of 207 Avenue H, Lubbock, Texas.

"My father has suffered for about six years with a very chronic case of stomach trouble and got so nervous the least thing would upset him. Gas formed on his stomach and he would almost die, he suffered so much. He wasn't able to eat anything for it disagreed with him. He had rheumatism and got to where he couldn't hardly get around for the past six years and was almost forced to quit his work, he got so bad. You see, he has to feel fine, in order to do his work for he is a bricklayer and it is hard strenuous work. He could hardly sleep at all in the night and would roll and toss all night long, and when morning came, felt worse than when he went to bed. He just felt bad all the time, and did not seem to have any ambition for anything."

"Orgatone had helped so many people and a friends of ours recommended it for Dad and he began to try it. We are both thankful it has relieved him of all his troubles. He eats anything he wants and is not bothered the slightest with stomach trouble, and the gas, dizzy and bilious spells are all gone. He feels so much better and he honestly looks like a new man. I am glad to give this statement for I know Orgatone is the only medicine that has helped Dad, and we are all thankful."

Genuine Orgatone may be obtained at: Crowell at the Reeder Drug Co. (Adv.)

There are about 23,000,000 pear trees in the United States.

Wurzbach Wins Bitter Battle From McCloskey

Seguin, Texas, Feb. 20. (UP).—If there ever was a political figure comparable to William Jennings Bryan on the day he won the presidential nomination with a single brilliant speech, that figure is Harry M. Wurzbach of Seguin, now preparing to serve his third term in Congress from the Fourteenth District of Texas.

Truly a 'lone wolf,' Harry Wurzbach has defied machine politics, party prejudices and alleged ballot frauds one at a time until he has at last won a bitter fight to oust him as the only Republican Congressman from Texas.

It was strange enough when Wurzbach, 10 years ago, won a seat in Congress as a Republican in a staunch Democratic state such as Texas is, but it was stranger when he broke off relations with R. B. Creager, boss of the Texas Republican machine, spurned the support of him and his allies, and was elected again.

Wurzbach became well known and popular in this section of Texas while serving four terms as county attorney and county judge. When he became ambitious to go to Congress, Creager recognized that he had a following in the rural sections of the congressional district and he became the protégé of the "boss."

But the break came. Creager and his allies bitterly opposed Wurzbach, even though a Republican, in his first and second race for re-election.

The distinguished-appearing gray-haired man from Seguin, though, overcame machine power with popularity. The large German population in the district rallied to his support. He got the German vote, the Republican vote and the vote of his friends and acquaintances. Single-handed, he elected himself.

Augustus McCloskey, County Judge of Bexar County and a member of the Democratic machine in that county, opposed him in 1928. Wurzbach was declared elected on the face of unofficial returns. When the Commissioners' Court canvassed the returns, it declared McCloskey had won by 319 votes.

Whispers of a ballot fraud went the rounds. A court of inquiry was organized to investigate. McCloskey and two of his political associates were indicted for alteration of election returns.

McCloskey subsequently was acquitted on one of the five counts against him, the other four were dismissed, and he was temporarily seated in the House. But Wurzbach refused to quit. He wanted a congressional committee to count the votes. The result was that McCloskey himself asked the committee to seat Wurzbach and he withdrew claims to the seat.

Wurzbach got 2,000 votes more in Bexar County than McCloskey did. His third victory has strengthened him in both the metropolitan and rural areas of his district. He would be admittedly hard to defeat for his seat the next time.

The Congressman is a veteran of the Spanish-American War and still has the physical appearance of a soldier. His name was left out when the record of the 1st Congress was printed, but it will be put back the next time.

Oil Production in Texas During January 1930 Heavier Than in 1929

Austin, Texas.—During January, a total of 26,288,000 barrels of petroleum was gathered in Texas, against 23,671,000 barrels in January, 1929, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas. Daily average flow was 848,000 barrels, a decline of 2,000 barrels from December, but 85,000 barrels above the flow in January a year ago.

Census Taking Biggest Task of Kind Yet

(By United Press)

Employment of more than 125,000 persons to canvas dwellings, farms, shops, factories, stores and establishments of all classes in one of the most gigantic compilations of statistics ever taken in this or any other country is entailed in taking of the 1930 census.

Topics to be covered by the census are population, agriculture, irrigation, drainage, manufactures, mines, unemployment and distribution.

The census is largely concerned with wholesale and retail trade statistics. It will tabulate the number of stores of different types and other distributing agencies; number of persons employed by such establishments; principal expenses, including rent, interest and total wages paid; stocks of goods on hand Dec. 31, 1929; sales during 1929 as far as possible.

Close planting forces trees up in order to secure light and thus produces a rapid height growth.

POSES AS WOMAN

El Paso, Texas, Feb. 20. (UP).—For 15 years Francisco Mireles, 30, had posed as a woman, he confessed to Juarez police. He fell in the hands of the law when a drive was waged to rid the town of habitual criminals, and was sent to Islas Maries, Mexican penal islands, sentenced to life imprisonment.

American farmers buy 700,000 heating stoves yearly.

SOCIETY

LUNCHEON GIVEN BY MRS. HARWELL AND MISS KIRKPATRICK

Mrs. J. E. Harwell and Miss Frankie Kirkpatrick jointly entertained with a lovely luncheon at the home of Mrs. Harwell on last Thursday. Attractive place-cards marked places for twelve guests. A delicious three-course luncheon was served in pleasing style after which tables were arranged for "600." A number of games were enjoyed. Mrs. J. A. Johnson and Miss Emily Purcell remaining at the head table throughout the afternoon. Table favors of pretty vases were awarded to Mes-

James S. S. Bell, J. H. Lanier, Jr., and to Mrs. Johnson and Miss Purcell.

The guests on this pleasant occasion were Mesdames Geo. Self, J. H. Lanier, J. H. Lanier, Jr., S. S. Bell, J. A. Johnson, Glynn Shults, M. S. Henry, W. C. McKown, A. Y. Beverly, A. F. McMillan, T. B. Klepper and Miss Emily Purcell.

MRS. W. C. MCKOWN HOSTESS AT VALENTINE PARTY

Mrs. W. C. McKown entertained last Friday afternoon with a pretty Valentine party. The house was very attractive with decorations of hearts, cupid, arrows and other Valentine motifs. "Hearts" was played and the tables were covered with white with red hearts on each corner. Tallies and score-pads also followed the decorative scheme. Much merriment prevailed during the

games, at the close of which two favors were given for high and low score. These were beautiful heart-shaped boxes of candy and were given, respectively, to Mrs. T. B. Klepper and Mrs. M. M. Hart.

Delicious refreshments were served in two courses. The first was a salad course, consisting of heart-shaped sandwiches, reddened baked apples stuffed with nuts, and hot tea; the second, red ice cream molded in heart form with a cupid atop and cake iced with red. The guest list follows: Mesdames A. Y. Beverly, Dow Miller, Q. R. Miller, B. W. Self, S. S. Bell, M. M. Hart Jr., M. S. Henry, J. E. Harwell, L. A. Beverly, J. R. Beverly, P. W. Shirley, R. R. Magee, D. R. Magee, J. R. Allee, Jeff Bruce, O. R. Boman, Glynn Shults, Clint White, G. L. Cole, J. A. Johnson, Ruby Pearce, Claude Brooks, T. B. Klepper and Miss Frankie Kirkpatrick.

VALENTINE PARTY

Miss Frankie Kirkpatrick was hostess at a Valentine party Thursday night at her home. After solving Valentine puzzles, a number of games, including Hearts, and 600 were played. Miss Martha Schlagal and Henry Black were high score winners and were awarded heart-shaped boxes of chocolates.

Following the games delicious refreshments of cake, punch and ice cream in the form of a heart, were served to the following: Misses Frances Hill, Winnie Self, Martha Schlagal, Thelma Shaw, Louise Ball, Virginia Freeman, Thelma White, Mary Clayton Giddings, Helen Harwell, Mr. and Mrs. J. E. Harwell and Messrs. Henry Black, Edward Huffman, Julian Wright, Granville Lanier, W. F. Kirkpatrick, Harry Harwell, Mack Boswell and the hostesses.

VALENTINE PARTY

Mrs. C. Q. Crawford entertained for her two children, Rosemary and Charles Quitman, Jr., with a Valentine party last Friday afternoon. The guest list was composed of friends of both the children. After all had arrived, a heart hunt was engaged in. Hearts were hidden throughout the rooms and much fun was had in the hunt for them. Then a contest was held in tearing hearts. Each child was given paper from which to tear a heart and Sam Crews, Jr., received a pretty Valentine for tearing the best one. Then an impromptu program was given. This was composed of readings and songs.

Refreshments consisting of sandwiches, wafers and hot chocolate were served and each received a favor consisting of a red candy basket filled with hearts. A happy time was had by each guest.

MOTHER'S CLUB

The Mother's Self Culture Club met Friday, February 14, at the home of Mrs. Leslie Moore. A lesson on "Pictures in Public Places," was led by Mrs. L. A. Andrews assisted by Mrs. Thomas Hughston and Mrs. John Long.

Miss Lottie Woods was invited to be present and give a talk on "The Use of Pictures in Schoolhouses, Libraries and Art Galleries." This was very fine and much appreciated by all present.

After the lesson the hostess served a dainty refreshment plate. A Valentine was received by each one present.—Reporter.

MRS. KENNER ENTERTAINS

Mrs. Morris Kenner, in her usual charming manner, entertained the Swastika Club with a bridge party at her home Thursday afternoon. The Valentine motif was tastefully suggested in decorations and in the lovely refreshment plate.

Mrs. Jack Brian won high score and Mrs. Hollingsworth won second.

Mrs. Rosenthal was a guest for the afternoon.—Reporter.

BIRTHDAY DINNER

Mrs. H. Clark celebrated the seventh birthday of her son, Charles Stuart, last Sunday with a dinner for a few of his little friends and playmates. Before the dinner the boys and girls played games in the yard. Beside each plate was a favor, marble for the boys and vanities for the girls.

SPEND-THE-DAY PARTY

Mrs. Fannie Thacker entertained a number of her friends with a dinner on Wednesday of this week. Besides enjoying the splendid meal, the guests appreciated the association together and a pleasant day was spent.

Those present were Mesdames J. M. Allee, N. A. Crowell, R. B. Edwards, S. E. Woods, Ida Cheek, J. A. Johnson, E. F. Ringgold, S. T. Crews and the hostess.

MARGARET CLUB

Members of the Margaret home demonstration club entertained their husbands Friday evening at the home of Mr. and Mrs. Colonel Murphy. The house was beautifully decorated for the occasion. Games of 42 were played with S. B. Middlebrook, Jr., and Mrs. Curtis Bradford being the winners. Both received prizes. A dainty refreshment plate carrying out the Valentine color scheme was served to Messrs. and Mesdames C. F. Bradford, Arthur Bell, W. S. Carter, O. E. Haseloff, William Murphy, Melvin Moore, S. B. Middlebrook, Jr., Horace Stephens, W. A. Dunn, Max Middlebrook, E. T. Dunn, I. W. Middlebrook and daughter, Miss Mozetta, Ed. Dunn, Mrs. C. F. Stephens and Colonel Murphy.—Reporter.

COUNTY FEDERATION MEETING

An all day meet of the County Federation of Women's Clubs will be held on Wednesday, February 26, in the Margaret Methodist Church, beginning at 10:30 a. m.

The Margaret Parent-Teachers Association is the hostess club and Mrs. M. S. Henry of Crowell is the leader for the day.

Let every woman of the County Federation make an effort to be present.

The following program will be rendered:

Business meeting.

How to buy, care for and use the family wardrobe—Mrs. L. A. Beverly.

The wisdom of leisure—Mrs. C. B. Morris.

Dickens, Lamb, Longfellow, Lowell and Literary geniuses of February—Mrs. Gordon Reading.

Ole Bull (born in Feb.)—Mrs. Hubert Brown.

Edison (born in Feb.)—Mrs. E. V. Halbert.

Noon—Covered dish luncheon. (Bring plate, cup, fork and spoon.)

Afternoon program beginning at 1:30 p. m.

What has been done in forestry?—Mrs. S. S. Bell.

Reforestation in East Texas—Mrs. T. W. Cooper.

Trees for town and city—Mrs. Hines Clark.

Planting and care of street trees—Mrs. A. Y. Beverly.

Roses—General Discussion.

VIVIAN 4-H CLUB

The Vivian 4-H Club met at the Teacherage, Thursday, February 13. All members were present, with one new member. A demonstration was given us on soft custard. It proved to be satisfactory and is easily made. The recipe is as follows:

2 cups scalded milk.

2 eggs or yolks of three.

1/4 cup sugar.

1/2 teaspoon vanilla.

1-8 teaspoon salt.

Nutmeg.

Beat eggs slightly, add sugar and salt, add scalded milk, stirring constantly. Cook in double boiler, continuing to stir until it thickens and coats the spoon. Remove at once from stove, strain, flavor and chill. Cooking too long or letting milk boil causes it to curdle. If it curdles beat with Dover egg beater.

The club was drilled on parliamentary law by Miss Freeman. We adjourned to meet at the Teacherage on Thursday, February 27.—Reporter.

Margaret Girls Team Makes Splendid Record

The girls basketball team of Margaret High School has made a very impressive record this year. Out of twelve games played it has lost only two contests and these were lost by small scores and when some of the regular members of the team were not present. Not a game has been lost with all members of the first team present.

Games have been won over practically all of the girls teams of the county. Those making up the team are: Ethel Kempf and Tillie Bell Stephens, forwards; Juanita Hunter and Martha Reithmeyer, centers; Jewel Bell Dunn and Eva Carter, guards; Ruth Malone, Athleen Bradford and Faye Ingie, substitutes. Thomas R. Cox, superintendent of the school, is the coach for the team.

Three Games Played in Crowell Friday

Three basketball games were played at the gymnasium Friday night. The Margaret girls continued their long winning streak by defeating Foard City 26 to 6. Ethel Kempf of Margaret was the outstanding star of the game. Those playing for Margaret were: Stephens, Kempf, Reithmeyer, Hunter, Dunn, Carter; for Foard City: Barker, McDaniel, Connell, McLean, Ferguson, and Callaway.

Boy Scout Game

The Crowell Boy Scout team won the second game of the evening from the Margaret Juniors by the score of 13 to 9. This was a very close contest with the score tied 2 and 2 at the first quarter; 5 to 4 in favor of Margaret at the half and 8 and 8 at the third quarter.

Those on the boy scout team were: Carter, Allee, Clark, Knox and Ashford; for Margaret: Middlebrook, W. Stokes, Russell, Stokes and Dunn.

In the final game of the evening the Margaret seniors completely walked away with the contest against Foard City by the score of 38 to 8.

Junior Basketball Tournament March 1

According to Thomas R. Cox director general of the Foard County Interscholastic League, the Class B basketball tournament, which was to be played in Crowell Saturday, February 22nd, has been postponed until Saturday, March 1st, due to a girls basketball tournament at Quanah.

Mr. Cox requests that all coaches bring a list of their eligible players in a letter signed by the superintendent on Saturday morning of the tournament. The games are to be played in the local gymnasium.

Mrs. P. L. Ribble of Vernon who was operated on for appendicitis in King's Hospital at Vernon last week is reported to be getting along nicely. She is the daughter-in-law of Mr. and Mrs. E. L. Ribble. Miss Georgia Ribble of Crowell is staying with Mrs. Ribble at the hospital.

SPLINTERS

Published in the interest of the people of Crowell and vicinity by the Cicero Smith Lumber Co. R. J. ROBERTS, Manager.

George Washington was a great reader of advertisements—but he never read one of our ads—maybe that's why he became president.

At that though you are more fortunate than George. Even with this column being inflicted on you every week, George missed the opportunity of enjoying real building service.

"I don't see how a man can put a filthy pipe in his mouth," remarked a young lady as she bent down to kiss her pet poodle.

The Miracle Mulch Paper will enable you to have a good garden even if we do not get plenty of rain. Come in and let us tell you how to raise a good garden with Miracle

Mulch Paper.

The Real Facts
George laid his hatchet to a tree.
His father said, "That's pretty good."
It surely would be far from me
To spank a boy for chopping wood."

C C Mite Killer keeps your hen house free from mites for twelve long months with only one application. Kills blue bugs too. We now have C C Mite Killer in barrels—therefore we can make you very attractive price per gallon.

Get in the habit of coming here for your needs in the building material line.

Eminent scientists claim that a man's cycle of life will soon be increased to 100 years. This will be a great boon to the installment business.

"THE HOME OF SPLINTERS"

Stokes Talks at Rotary Luncheon Here Wednesday

"We are raising the greatest generation in history," stated W. N. Stokes, district judge, in a talk before the Rotary Club at its luncheon Wednesday. Judge Stokes pointed out how in every generation it had been stated that the world was going to the dogs when the next generation took over the reins of government, business and other matters of the day. "I confidently believe we are raising the finest group of boys and girls in history. They are assuming responsibilities earlier in life and in general are doing better than past generations," he added.

The main part of Judge Stokes' address was on George Washington, in line with the Washington-Lincoln program for the luncheon. He brought out the importance of applying Washington's principles to ourselves. "The real battles that make for advancement come during peace times and our country needs us to fight these battles as it does in war. Washington was even greater in peace than he was in war and the greatest thing that he left for us to remember him by and to pattern after was the life that he lived before his people," Judge Stokes said.

T. B. Klepper was next on the program and gave a short sketch on Abraham Lincoln. After giving a number of the high points of his life he concluded with a few remarks on how Lincoln exemplified the true Rotarian, in the fact that he carried out in every detail the six objects of Rotary.

M. C. Cox of Hollywood, California, manager of the air circus that is being sponsored here Saturday by the American Legion, was next introduced by Que Miller, who briefly told of the efforts being made to raise funds for the soldier and sailor statues. Mr. Cox gave a short and interesting talk on aviation. C. R. Johnson, manager of the Vernon Flying School, also made a short talk. These two men and Miss Jeanette Morrison, who was also present, of Morrison flew to Crowell Wednesday morning.

Other visitors at the luncheon were W. D. Curtis, Rotarian, John Myers and G. H. King of Vernon; Bill Wallace, Rotarian, and J. T. Carter of Quanah.

Que Miller was in charge of the program.

Mr. and Mrs. Geo. Self returned Wednesday from a trip to Dallas and Fort Worth. Mr. Self stated that he witnessed the run on the First National Bank of Fort Worth. He said the event was interesting, hysterical, humorous, pitiful and sad and that there was really no way of properly describing the event.

An American scientist is to make a survey of the fruit fly situation in the countries bordering the Mediterranean sea.

LIKE A BEACON

Even in this day of enlightenment some folks spend their money blindly. They buy with their eyes closed. They group in the dark as truly if their eyes were covered with wax.

And all the time a powerful light is being thrown on the very things they need and want.

Advertising is a beacon to guide you in buying. It shows you what to buy—where to buy—and when to buy. At the same time it protects you against fraud and inferiority.

Merchants who advertise deliberately focus thousands of eyes on their merchandise. Their wares must be honest and their prices right, or they could not advertise successfully.

Don't play blind man's bluff with the elusive dollar. Spend a few minutes running through every issue of this paper. Then buy the things that have proved up in the light of advertising.

CITY ORDINANCE

AN ORDINANCE regulating the location, installation, maintenance and operation of campgrounds and tents within the corporate limits of the City of Crowell, Texas, and providing penalty for violations thereof, declaring an emergency.

Section No. 1. Be it ordained that the city council of the City of Crowell, Texas: It shall be the duty of any person, firm or corporation owning or operating a campground, house or tents within the limits of the City of Crowell to keep said grounds, houses and tents in a clean, sanitary condition at all times.

Section No. 2. It shall be unlawful for any person, firm or corporation to erect, construct or maintain directly or indirectly, any campground, or to place houses or tents or any other structure thereon to be used as a campground within the blocks of Block No. 78, in the City of Crowell; said block being the block on which the County Court House is now located, without first obtaining a permit from the City Council of the City of Crowell.

Section No. 3. Any person, firm or corporation violating any of the provisions of this ordinance upon conviction shall be punished by fine not exceeding Two Hundred Dollars and each day's violation thereof shall constitute a separate offense.

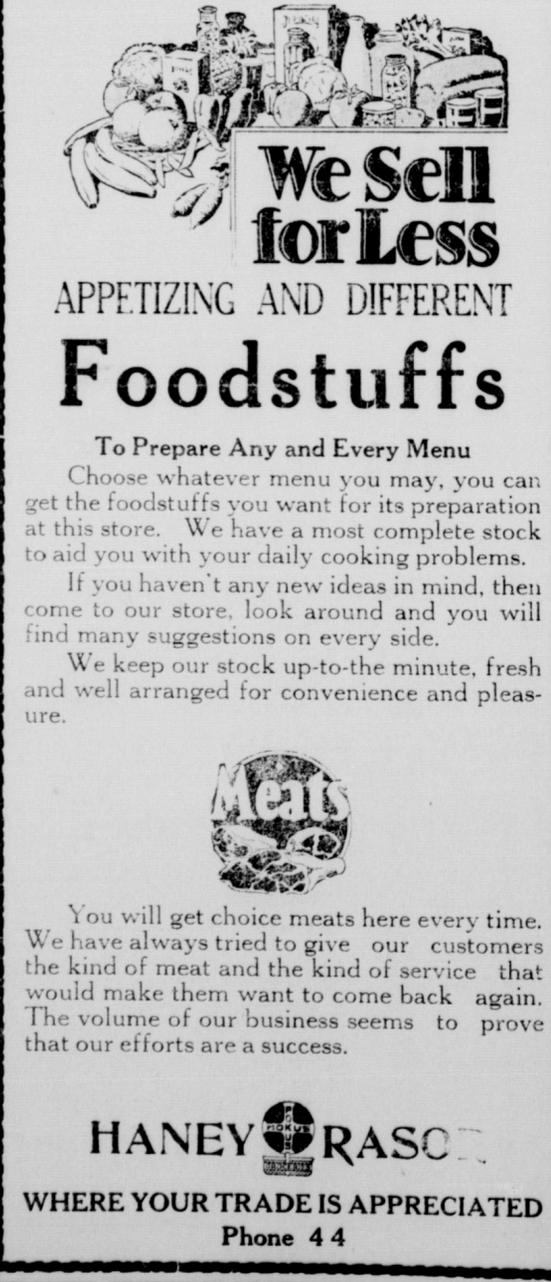

The fact that there is no ordinance in effect regulating the location, installation and maintenance of campgrounds within the city limits of the City of Crowell, creates an emergency and an imperative public necessity, requiring that the rules requiring ordinances to be read at three several meetings, be suspended, and that this ordinance be in effect from and after its passage and publication.
