State Highway Department Erects Marker on Highway 4 Miles North of Cynthia Ann Parker Monument

The erection of a granite marker and bronze plaque on State Highway 28, six miles east of Crowell, the closest point on the highway to the battle ground where Cynthia Ann Parker was recaptured from the Comanche Indians by Texas Rangers headed by Capt. Ross Dec. 18, 1860, will be completed this week when the concrete enclosure is filled with gravel. The bronze plaque bears the inscription: "Four miles to Pease or Battlefield. After being captured by Comanche Indians on September 19, 1836, in what is now Weston County Cynthia Ann Parker was recaptured here by Texas Rangers under Captain L. Ross on Dec. 18, 1860, Texas Highway Dept., 1936."

PASTOR LEAVES ON ACCOUNT OF POOR HEALTH

Rev. W. B. Fitzgerald, pastor of the First Baptist Church, left Monday for San Angelo for an indefinite leave of absence from his duties as pastor of the church in Crowell.

Rev. Fitzgerald was advised by physicians to take an extended rest because of his poor health and he is moving his family to San Angelo also. Bernice Fitzgerald will remain in Crowell to finish the second term of school.

Rev. and Mrs. H. H. Henry of Wichita Falls will move into the parsonage. Rev. Henry was formerly pastor of a Baptist Church in Wichita County and will fill the pulpit of the First Baptist Church in Crowell at various times. He is now employed as bookkeeper on the grammar school building.

Other Baptist pastors in this district will preach here during the absence of Rev. Fitzgerald.

Mrs. Henry arrived Sunday for a visit with her husband and returned to her home in Wichita Falls to make preparations to move to Crowell.

FUNERAL FOR A. BRIAN WILL BE HELD TODAY

Lived Here 30 Years; Services at Christian Church, 2:30

Funeral services for A. Brian, who died at his farm home east of Crowell Wednesday, Jan. 20, at 2:30 p. m., will be held at the First Christian Church in Crowell this afternoon at 2:30 o'clock with Rev. John W. Tyndall Jr., pastor of the church, officiating. He had been critically ill for the past two months.

Mr. Brian had been a resident of Foard County for thirty years, coming here with his family from Taylor County in 1907 and since that time had been actively engaged in farming until his recent illness.

Aaron Brian was born in Bellevue, La., Jan. 22, 1856, and came to Fannin County, Texas, with his parents when a child. He was married to Miss Dora Cornish at Louisville, Ark., Jan. 22, 1883. They lived in Fannin County for a number of years before moving to Taylor County in 1902. From this county they moved to Foard County in 1907 and have lived here since that time.

Mr. Brian is a member of the Crowell Christian Church, becoming a member about twenty-five years ago. He was of a quiet disposition and made hundreds of friends in this county during the long period he had lived here.

Survivors are his wife, one son, Jack, and three daughters, Mrs. W. L. Stephens of Vernon, Mrs. Earl Norman of Floydada and Mrs. Bryan O'Connell of Crowell; one brother, D. D. Brian, of Wichita Falls; one sister, Mrs. E. E. Callaway, of Tahoka, Texas; seven grandchildren, three nephews and two nieces. The out-of-town relatives are here to attend the funeral.

14 GRADUATE FROM GRADES TO HIGH SCHOOL

Fourteen pupils graduated from the grammar school into Crowell High School at the end of the half term period and assumed their studies at the opening of the second semester, which started Monday.

The diplomas will be presented to this group at a later date as there are no graduating exercises for those graduating into high school at mid term.

Those who graduated are as follows:

Francis Hanks, Woodrow Hollingsworth, Bert Curtis, Glyed Edger, Charles Branch, Whitley Mitchell, Milton Eubank, Travis Porter, J. L. Martin, Oleta Naron, Leroy Gibson, Elizabeth Briscoe, Mary Catherine Lankford and Eddie Campbell.

RECORD-BREAKING CROWD ATTENDS ANNUAL BANQUET OF FOARD ORGANIZATION

Wins Science Award

Dr. Wendell M. Stanley, thirty-two-year-old chemist of the Rockefeller Institute for Medical Research of Princeton, N. J., who recently received the \$1,000 prize of the American Association for the Advancement of Science. He was awarded the prize for his discovery of the nature of the disease-producing viruses that cause influenza, infantile paralysis, common colds, and many other diseases.

Stamford Man Speaks On Better Moral Conditions

The annual banquet of the Farmers & Business Men's Association was held in the basement of the Methodist Church Friday evening, Jan. 15, with over one hundred persons present for the occasion.

The evening's program featured an address on the importance of moral strength by Judge Chas. E. Coombs of Stamford, past president of the West Texas Chamber of Commerce.

Activities of the organization, founded during the depression to conduct a wide variety of community work on a limited financial basis, were briefly reviewed by George Self, tonstmaster. In the past year the organization sponsored the staging of a two-day celebration, April 27-28, in honor of Foard County's forty-fifth birthday, requiring the unstinted support and work of every member and the whole-hearted co-operation of all citizens of the community. The celebration received state-wide recognition as one of the most successful Centennial events of the year. Many other forms of community service have been promoted by the "Horse Traders Union," as it is familiarly known here. There are no paid executives and all work is done on a voluntary basis.

The program included vocal numbers by a duet composed of Mrs. A. F. Wright and Miss Doris Oswald; a tap dance by Paula Plunket, and selections by a violin.

CROWELL FIVE TO ATTEND CAGE TOURNAMENT

Wildcats Have Won 3 Championships to Win Trophy

The Crowell High School Wildcat basketball team will attend the seventh annual invitation tournament which will be held at Matador Friday and Saturday, Jan. 22 and 23, at the Matador High School auditorium. The tournament is sponsored by the Matador Lions Club.

The Crowell Wildcats have attended four of these tournaments and won the championship three times to take permanent possession of the actual size, silver basketball trophy.

Crowell did not take part in the tournament the first year, 1931, Childress winning the championship that year. Crowell took possession of the trophy the next year, 1932, and kept it until 1934, when Quannah nosed the Wildcats out by one point to take home the championship. Crowell returned in 1935.

WARD FARMERS MAKE PROGRESS WITH RA LOANS

1,318 Loaned to 27 Families; 2 Have Repaid in Full

Foard County farmers aided the Resettlement Administration in their "live-at-home" program, it was stated by D. P. Trent, regional director of the Resettlement Administration, after examining the annual report for this county made by A. W. Burkett, district supervisor.

Out of the 27 families receiving loans in Foard County, 23 were reported as having grown sufficient vegetables for their use the first year in spite of the record-drought. Twenty were reported as having sufficient milk butter from their own cows, 16 as making cheese. More than 870 quarts of vegetables and 160 quarts of milk were reported as being put up by these families.

BRICKLAYING STARTED ON WARD SCHOOL

Concrete Piers Being Laid; 13 WPA Men Laid Off

Bricklaying started on the new grammar school building last Wednesday, but work was delayed until Tuesday due to cold weather. This work is being done by Earl Davenport.

In addition to the bricklaying, the concrete piers for the floor supports are being poured. There will be 256 piers in the floor space of the building.

The new school is being built under the Works Progress Administration and the master project is divided into three sections. The first section allowed for the demolishing of the old building and the reclaiming of materials. This work has been completed. Work is now progressing on the second division of the project, which calls for the laying of the foundation, building of the sub-floor and the walls to a window sill height. The walls will rise to approximately five feet under this section of the plan and the building will be completed from this point under the third part of the master project.

The foundation has been completed and is 199 feet and 21 inches across the front and 279 feet and 8 inches in length. The building will have a T shape and will face the south. Clean-up work, such as dirt grading, culling and stacking bricks and lumber, filling in and terracing, is being done.

Thirteen WPA workers were laid off from the building work, because they were included in the drought cases transferred from the WPA to the Rural Resettlement Administration. There are 92 WPA laborers employed on the project at the present.

GOOD COTTON SEED INSURES BETTER YIELD

Should Select Planting Seed From Well Matured Crop

All cotton buyers and gin men and many farmers in this territory are greatly interested in the matter of farmers securing well matured cotton seed for planting this year's crop. Good planting seed insures a better stand and also a better yield.

In discussing this matter T. L. Hughton, Crowell cotton buyer, asks this question: "Can we afford to take the risk?" Further discussing the situation as it affects Foard County Mr. Hughton has the following to say:

"Cotton is one of the major crops of this county and the loss of which is well known to every individual. It affects not only the farmer but the banker, merchant, cotton gin, oil mill and even the day laborer.

"It is the duty of every person to take every precaution that is possible to avert a loss of this major crop. While it is impossible to control drought and other unfavorable weather conditions, yet

NOBODY'S BUSINESS BY JULIAN CAPERS JR.

Austin.—Swinging slowly into motion, the 45th legislature during its first week took no hasty action upon the score of highly controversial subjects tossed into its arena by Gov. James V. Allred's message, but manifested a disposition to acclimate itself to the Austin atmosphere, and delay serious business until after the inaugural festivities this week.

Reaction to the governor's message was varied. Most members believed the governor showed commendable courage and frankness in outlining the state's need of more than \$12,000,000 a year additional tax revenue. Some were critical, because Allred had consistently assured the state that there would be no need for new taxes, and only nominal need for increases in existing taxes.

The governor, quoting Emerson, "kissed off" these campaign promises by declaring the state's financial situation was more grave than he had previously known, and declaring he would "rather be right than consistent."

Message Confident He indicated great confidence that this legislature would be more harmonious and more cooperative than the previous one, when he put the solons on notice he would veto any attempt to liberalize the old age pension act; veto any appropriation measures which did not carry with them revenue-raising provisions to meet the expenditure; and veto any public utility regulation act that carried a provision requiring municipalities desiring to establish municipal utility plants, to offer to buy existing privately owned plants first.

His critics, revealing that many of the 73 new house members ran on a liberalized pension platform, expect that his warning that such legislation was "out" right at the start, might hamper progress of some of the other legislation—particularly tax measures—which Allred favors.

Lobby Is Active The tax recommendations in the message threw the lobbyists into a furor, strongly in contrast to the last special session, when representatives of various special interests accepted the omnibus legislation without resistance, in the hope that would ward off further revenue demands at this session. The message put them on notice, however, that Allred seeks much more tax revenue, and they immediately began forming their battle lines to keep the taxes down. Many observers here believed the governor has taken a leaf from the book of Roosevelt, the master, and is asking many times more than he hopes or expects to get, on the theory that if he gets a fraction of his "asking" he will achieve more.

No Test Yet The first week brought no test of sentiment in either house, and it is much too early to make any predictions about final legislative action. Harry Graves, of Georgetown, an administration friend, threw into the hopper a resolution to investigate expenditures for "public relations" by the Texas Gulf Sulphur Co., and Roy Miller, its vice president in charge of public relations, and politician extraordinary. The resolution is said to have the support of many university friends, who resented the abortive "red probe" of the last session, said to have been inspired by resentment of attacks by certain political-minded students on Miller's Democratic political activities. Simultaneously, Allred urged higher tax on sulphur, indicating no truce in his long feud with the sulphur company. And there were many who believed Graves' resolution and Allred's recommendation were purposely timed together.

Oil People Worried Allred's call for more taxes on crude oil caused considerable worry to both independent and major oil spokesmen. They had hoped the increase imposed by the special session to pay pensions would satisfy the governor, but it evidently didn't. They are concerned with re-enactment of the present proration laws, and

ers were transferred to Benjamin to continue work on a street project.

S. E. McRoberts and Horace Eubank of San Antonio visited relatives here the first part of the week.

independent producers are considerably upset because of delay in posting by crude buyers of the expected increase in price. Oil production has become so widely spread in Texas that over half the legislators have some in their districts. Carl Estes, the dynamic East Texas publisher, is here to observe, and aid in re-enacting the proration laws and keeping down petroleum taxes, as a representative of East Texas independents. Names and News Election of Bob Calvert, Hillsboro lawyer, as speaker by unanimous vote, was a real triumph for the American fable of success. Calvert worked his way thru Texas U. law school, running an elevator in the capitol, and working as a night watchman. . . . Five freshmen solons, all under 28 years old, have prepared an "omnibus natural resource tax bill" with an increase of eight cents per barrel on oil, \$2 a ton on sulphur and 1/2 cent per 1000 on natural gas, and other rates in proportion. Signers are Prescott of Santa Anna, Jones of Lufkin, Beckworth of Gilmer, Holland of Belton and Harris of Archer City. . . . It will cost the state \$2,225,000 a year for its share of teachers' pensions under the enabling act offered by Van Zandt and others. The teachers' bill is backed by a powerful lobby, which also is supporting a minimum \$20 per capita apportionment from state school funds. . . . PRACTICAL FARM RELIEF

For a year or more, chain stores have been co-operating with agricultural groups in campaigns to dispose of surplus farm products at fair prices to both producer and consumer.

Now the representatives of several organizations of independent food and grocery distributors have announced a similar program on a national scale for co-operative action with producer groups.

This is good news for agriculture and it affords proof of the soundness of the plan pioneered by the chains on behalf of the farmer. It often happens that farmers find themselves with a dangerous surplus of some crop over normal demand.

Thus, both chains and independent are taking a steadily increasing interest in the farmers' problems. They are to be congratulated on that, as are the farmers involved and the farm organizations which are helping formulate programs.

VERNON DROPS THRILLER TO CROWELL, 33-30

Entire Wildcat Team Stars; Middlebrook High Point Man

The Crowell Wildcats nosed the Vernon Lions out in a hard-fought basketball game by the score of 33 to 30 on the high school court Wednesday night to keep their conference record clean.

This was the initial conference game for the Lions and the third engagement for the Wildcats.

The Foard County cagers led the visitors at the half but dropped behind in the third period when the Vernon quintet rang up 11 points and all the local lads could manage for were 3 free tosses. The Wildcats hung close to the Lions with their free tosses and tied the score in the middle of the last quarter, which was a fast, wild one. In the last few minutes of play, Owens dropped in a field goal to break the tie and a few seconds later he made a gratis shot to conclude the scoring for the evening.

The Wildcats were given 20 free tosses and made 13 of them count and the Lions made 8 out of 16 shots.

Middlebrook was high scorer of the evening with 13 points and paced the Crowell quintet throughout the game. Belew led the Wildcat team with 11 points and was outstanding player for them. Belew, Nixon and Johnson, Vernon cagers, were the only ones retired from the court on account of fouls.

The next conference game for the Wildcats will be with the Quannah Indians at Quannah next Tuesday, Jan. 26.

Commercial Failures in Texas Far Below 1935

Austin.—Commercial failures in Texas during December, 1936, were far below those of the corresponding month of the preceding year, the University of Texas Bureau of Business Research has announced. Moreover, comparison with the entire year 1935 was quite favorable.

"Reports from Dun and Bradstreet, Inc., indicate ten failures in December, which was a drop of 41.2 per cent from the month before and 61.5 per cent from the like month last year," the Bureau's announcement said.

"For the entire year 1936 there were 178 failures, 32.1 per cent less than for the year before.

"Liabilities of the bankrupt firms totaled \$155,000 in December, 28 per cent under the previous month and 66 per cent below December, 1935. For the entire year liabilities, \$2,194,000, were 46.6 per cent less than for the preceding year."

Crowell Junior Cagers Win Over Margaret 5

The Crowell junior basketeers dumped the Margaret juniors, 20 to 14, in a game following the Crowell-Vernon encounter Wednesday night.

The score at the half was 13 and 12 in favor of Crowell. Dunn and Smith led the Crowell Kittens and Russell and Haseloff were outstanding for Margaret.

Starting line-up: Crowell: Dunn, f; Whitfield, f; Smith, c; Andrews, g; Brown, g; Hollingsworth, Magee, Canup, Spencer, Williams, Potts and Clark saw action also.

Margaret: Russell, f; Haseloff, f; Bradford, c; Solis, g; James, g; Owens was the only substitute to get into the game for the visitors.

Texas Influenza Is Not Alarming

Austin, Jan. 20.—Reports to the State Department of Health indicate a seasonal increase in influenza, but there are no indications of an epidemic in any such degree as that which swept the Nation with such disastrous results during the World War, is the assurance given Texans by Dr. George W. Cox, State Health Officer.

The number of cases reported for the first two weeks in January is not in excess of those reported for the same period last year," he said, "and the situation does not call for alarm, such as is likely to arise in the minds of the people because they recall the terrible destruction wrought by influenza in 1918.

"Influenza is an acute, contagious, and highly infectious disease, occurring in epidemic and isolated form and often characterized by suddenness of onset, fever, headache, marked prostration and a tendency to severe complications of the lungs. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contract it again.

"Attempted preventive measures fall naturally into two groups—first, everyone should try to avoid exposure to the disease by avoiding overcrowded places, and stay away from persons ill with the disease; and second, every person should form such health habits as will keep the resistance of the body at a maximum, so that when they are exposed the body will be able to resist invasion of the germs.

"Sufficient rest, cleanliness of hands, mouth and teeth, fresh air while at work and at sleep, regulation of meals and bodily functions, wholesome food and freedom from anxiety will increase bodily resistance and go a long way to avoid contracting the disease.

"The complications of influenza are far more important than the disease itself. Pneumonia all too often follows influenza. Don't neglect your 'cold.' If you have the slightest suspicion of fever, go home, get to bed immediately, and call your physician. Stay in bed until he tells you that you can get up, and follow his advice explicitly."

Foard Farmers—

(Continued from Page One) files, and 875 pounds of meat were stored.

Although practically all of these families were farm tenants, rather than owners, they improved their temporary homesteads by planting 9 trees, 10 shrubs, finishing the walls in 18 houses and floors in 5. They made 8 mattresses and renovated 4 mattresses, made 42 quilts and renovated 19.

Mr. Burkett's report was made jointly with Martha R. Fulghum, rural supervisor of home management plans for Foard County.

Loans totaling \$11,318 were made by Resettlement Administration to 27 families in Foard County during 1936. Most of the amount loaned was expended for tools, and other so-called "recoverable" goods, the remainder being spent for consumable supplies such as food, clothing, medicine, feed, etc. Seventeen per cent of the amount loaned has already been repaid, although the loans were made to run from one to five years. Average repayments for the state were 26 per cent.

Two Foard County borrowers have repaid their loans in full and only 13 made no repayment. The average borrower received a loan of \$404.23 and has repaid \$71.60.

Brief Bits of News From Here and There

Arthur Brisbane, news writer, who died Christmas morning was reputed to be the highest salaried newspaper writer. His salary is said to have been \$260,000 a year.

Nebraska is experimenting with a unicameral or one house legislature this year. The experiment was put across by Senator George Norris. To get the proposition on the ballot in November it was necessary to secure the names of 60,000 voters on the petition. Instead of the required 60,000 signatures 160,000 were secured in a few days. Senator Norris financed out of his own personal funds the expense of circulating the petition. The Nebraska one house legislature is the first of its kind in the United States. The proposi-

WILDCATS WIN OVER COYOTES 38-21 FRIDAY

Rough Game With 29 Fouls; Owens and Kelsey High Scorers

The Crowell Wildcats maintained their top position in the Northwest Texas Basketball conference by defeating the Wichita Falls Coyotes, 38 to 21, in the Crowell gymnasium Friday night. This was the second win for the Wildcats in conference play, having dumped the Childress Bobcats last Tuesday. This was the first conference game for the Coyotes.

Kelsey, Wildcat forward, took the tip-off and sank a field in the first second of play. Reeves immediately evened the score for the Coyotes and Middlebrook hit the basket to give the Crowell cagers a lead that they never lost.

The third quarter was the big period for both teams. The visitors accounted for 10 points while the Wildcats registered 14.

The Foard County lads had 19 personal fouls marked against them and Middlebrook, Owens and Nelson fouled out of the game, all retiring from the fray in the final period. The Wichita quintet was credited with 10 fouls but lost no players by the foul route. Free tosses accounted for 9 of the Coyotes' points, as they received a total of 22 gratis shots and the Wildcats dropped in 4 out of 10.

The score at the half was 15 and 6 in the locals' favor and after that point the Wildcats hit the hoop 10 times to run their total number of field goals up to 17 for the game. The Wichita boys sank four field goals in the third period and didn't find the bucket for a 2-point counter in the fourth quarter, although they made good 5 free tosses.

Kelsey was high scorer of the game with 11 points and Owens, Crowell guard, was runner-up with 9. Reeves and Monaghan were high point men for the Coyotes with 6 points each and were the outstanding players for the visitors. Middlebrook and Nelson tallied 7 and 6 points, respectively. Nelson and Fitzgerald gave a good account of themselves at their guard positions.

Orr, Barker, Benham and Bradford, Wildcat second stringers, saw action. Although Orr and Bradford were the only ones of the group to tally, they played a good defensive game.

Owens, who returned to the Wildcat line-up in the Childress fracas after a long illness, returned to old form in this game. Whitfield, recuperating from an attack of pneumonia, will likely see service in the next contest and the team should be at its strongest when they enter the Matador tournament Friday.

There are only four companies in the United States engaged in the manufacture of glass eyes. It is estimated that one out of every 30 persons is a prospective customer for a glass eye. Practically all glass for glass eyes comes from Lauscha, Central Germany, and is made from a formula discovered by Ludwig Muller-Uri over 160 years ago. The formula has been kept secret by the descendants of its discoverer who have a close monopoly on the product. Practically all glass blowers engaged in the manufacture of glass eyes are German, there being only three American born. Custom made eyes, or eyes made to order cost from \$15 to \$30. An expert can turn out a finished eye in about an hour.

Crop Loan Bill Approved by Committee

The House Agriculture Committee voted a favorable report on the Jones Crop Production Loan Bill on January 15th. The measure provides for an annual \$50,000,000 fund for the purpose of providing loans up to \$400.00 for destitute farmers, instead of \$200 as in the past.

The President's Reorganization Plan

The House, Thursday, approved H. J. R. 81 by Mr. Buchanan of Texas, setting up a special committee of seven to draft legislation for carrying out President Roosevelt's Government reorganization plan. Members of the committee will be appointed by Speaker Bankhead, and will study proposals contained in President Roosevelt's message of last Tuesday, in which he asked Congress for almost unlimited power to co-ordinate the Executive Branches of the Government.

The President's recommendations also contain the creation of two Cabinet Posts. These most likely would be a Department of Public Welfare and a Department of Public Works and to change the name of the Department of Interior to the Conservation Department and transferring to it the conservation functions now in other departments such as the Bureau of Fisheries, the CCC, the Forestry Service, the Biological Survey and similar agencies. Clear room talk indicates considerable opposition to setting up new cabinet posts and abolition of the Comptroller office.

Senate Approves Extension of RFC

The Senate on Friday, approved a two year extension of the Reconstruction Finance Corporation and related agencies. The efforts of Senator Byrd of Virginia, to limit extension to one year, was overridden by a vote of 52 to 23 and then passed by 73 to 1 on final passage.

Seniority Lost

Representatives Burdick and Lemke of North Dakota, who although liberal in their views, were

classified as Republicans were assigned to Committees as Independents. Thus they broke completely away from the old guard Republicans and at the same time forfeited their former Republican seniority, which in reality means that they can never become chairman unless a third party comes into power on Capital Hill.

Radio Monopoly Investigation Sought

Representative Connery, Chairman of the House Labor Committee introduced a resolution (H. R. 61) for a thorough investigation of the Radio Industry. Reporting numerous protests to Congress on broadcasting irregularities, Mr. Connery stated: "Without a doubt a monopoly exists in Radio." The resolution would have the Speaker appoint a select committee of seven, to direct investigation of all phases of the Radio Industry coming under the Communications Act of 1934.

Cotton Seed—

(Continued from Page One)

This loss could be held to a very low minimum by the proper selection of seed planted and the cultivation of the soil. It is a recognized fact that the cotton seed produced from the crop such as we had last year cannot be expected to produce as much cotton under any conditions as were produced if well matured seed were used instead of seed produced in the drought-stricken area year.

"It has been demonstrated as an acknowledged fact that a more vigorous plant and actual cotton per acre than mature and drought-stricken seed. If mature seed would produce thirty pounds more than immature seed the latter could well afford to be better seed at twice the price. The kind of cotton seed this year will largely determine the success or failure of the crop regardless of weather conditions. A normal crop for this is around fifteen to eighteen sand bales and the difference between the amount of cotton produced last year and the number of bales produced in age years shows the actual dollars and cents between a crop and an average crop, reflected first in the income farmer, second the actual gin, the ginner and oil mill, less the merchant, and but not least, less deposits in the banker. We are faced with a condition that demands the best efforts and the closest cooperation of every individual to back to Foard County a crop of normal production."

UNEMPLOYMENT COMPENSATION in TEXAS

Editor's Note:—Following are questions and answers prepared by R. B. Anderson, chairman-director of the Texas Unemployment Compensation Commission, which is an interpretation in simplified terms of the various provisions of the recently-enacted Texas Unemployment Compensation Act.

Further questions and answers in this series will appear in this paper from time to time.

How to Figure Your Weekly Wage
Question 6: "My work is irregular or seasonal. Some weeks I work more hours, earn more pay, than in others. Previous articles have made it clear that to determine what benefits I can receive, I must know what my wage has been. Does the law say how the amount of my wages is to be determined?"

Answer: To determine your weekly wage, you must find out two things:
(1) Your full-time weekly hours. To get this figure, add together all the hours you worked in all the weeks in the last 52 weeks in which you were employed 30 hours or more.

Example: In the last 52 weeks, you worked 25 hours a week for 5 weeks, 28 hours a week for 10 weeks, 29 hours a week for 9 weeks, 30 hours a week for 21 weeks, 34 hours a week for 5 weeks, and 48 hours a week for two weeks.

Since you failed to work 30 hours a week during the first 24 of these weeks, disregard them. During the remaining 28 weeks you worked a total of 896 hours, or an average of 32 hours a week. Therefore, 32 is your full-time weekly hours.

(2) Your hourly rate of earnings. To get this figure, you consider only the thirteen weeks just before you became unemployed.

Take those in which you worked full time. Add together the total of hours worked in these weeks. In the example used above, these 13 weeks should include: 2 weeks at 48 hours, 5 weeks at 34 hours, and 6 weeks at 30 hours.

So out of the 13 weeks, you would count only seven—the two at 48 hours and the 5 at 34 hours, because only in these weeks did you work your full time weekly hours (32) as determined in (1).

Now, in these seven weeks, say you made a total of \$106.40. Divide this amount by the number of hours you worked in those seven weeks, or 266. This will give you the figure of 40 cents an hour.

This is your hourly rate of pay. After you have gotten (1) your full time weekly hours, and (2) your hourly rate of pay, multiply the hours (1) by the rate (2). This will give you \$12.80.

This is your full time weekly wage which will be used in determining the amount of compensation.

What About Irregular Worker?
Question 7: "Your last article told how I could determine my weekly wage for the purpose of the Unemployment Compensation Act; but this example does not fit me. My week's work seldom averages 30 hours a week. How am I to proceed?"

Answer: To try to be fair to every worker, the Commission has been given the power to vary from the above formula, either in determining the weekly hours, or in determining the hourly rate of earnings, or both.

Suppose your previous employment record is not long enough to fit this formula. What then? The Commission has the power to find out for itself what the customary pay is for your kind of job.

The aim of the law is to be fair to every worker. The formula was worked out carefully to fit the majority of cases. But there always are exceptions, and each exception will be treated fairly by the Commission itself.

If you have any questions concerning the operation of this law as it affects employers or workers, you can have your questions answered by writing to R. B. Anderson, chairman, Texas Unemployment Compensation Commission, Austin.

NEWS OF PICTURES AND PLAYERS

The talent school at Hollywood is an important source of talent to the movies. Today practically every studio has a "sleeper list" of contract players, who, paid very little, pose for "still" pictures, receive dental and medical attention, dramatic training and are schooled in the matter of glamour. From these, as they show promise, players are drawn.

(Continued from Page One) and won permanent possession of the trophy. Quannah won the new trophy in 1936. Crowell was not represented last year.

The Wildcats return to the tournament this year with a good record, although Crowell has an inexperienced team. They hold the top position in the Northwest Texas Basketball Conference and have defeated Kirkland, Paducah, Childress, Wichita Falls and Vernon and have lost one game to Turkey in an early season contest.

The schedule for the Wildcats will be a hard one, for several strong teams will be in the tournament, such as Floydada, Turkey, Carey, Quannah, Kirkland and others.

The quintet that will represent Crowell will be at full strength, as Whitfield returned to the team in the Vernon game last night.

Coach Grady Graves and a squad of ten boys will leave Friday morning for Matador.

Passenger Car Sales, Nov. and Dec., 1936, Better Than in 1935

Austin.—Sales of new passenger automobiles in Texas during December increased moderately over the preceding month and substantially over the corresponding month the year before, the University of Texas Bureau of Business Research has reported.

A total of 7,548 cars were registered in fifteen representative Texas counties, an increase of 10.1 per cent over November and 29.2 per cent over December, 1935, the Bureau's report said.

For the entire year 1936 sales in these counties totaled 76,776, an increase of 22.4 per cent over the year before.

"The sharpest gains in December were made in the two highest price brackets, thus continuing a tendency toward more liberal expenditures which has been noted for a number of months," the report added.

Hot Springs Nearest Approach to Fountain Of Youth, Wells Says

If there ever existed a Fountain of Perpetual Youth, Arkansas can claim that her "valley of smoking waters" almost fills the bill!

So says Carveth Wells, internationally known explorer, who will describe attractions of one of the world's finest health resorts—Hot Springs National Park—in his Continental Oil Company broadcast, "Exploring America with Conoco and Carveth Wells," over station WFAA, Dallas, at 6:30 Saturday night.

"Ferdinand De Soto was the first man to sample the magic waters of Hot Springs when he visited Arkansas in 1541," Wells relates. "But long before the days of De Soto, the medicinal value of the waters at Hot Springs was so well known among the Indians that the various tribes fought for possession of the valley in which the springs were situated. Today, these health-giving springs have the distinction of being the only ones controlled and supervised by the government. Cost of baths is within the means of everyone."

Aside from the famous hot springs, this region can boast delightful mountain scenery and offers a variety of opportunity for enjoyment of favorite sports.

"Hot Springs is truly an all-year playground," says Wells, "patronized especially by those who believe in the old saying that an ounce of prevention is better than a ton of cure."

New Corporations in Texas Show Increase

Austin.—The number of new corporations chartered in Texas during December was slightly above that of both the preceding month and the corresponding month the year before, according to the University of Texas Bureau of Business Research. The aggregate capitalization of these firms was substantially above that of the previous month but sharply below that of the like month the year before.

For the entire year 1936 the total number of new charters granted declined slightly but the total capitalization declined substantially in comparison with 1935.

There were 105 new corporations chartered in Texas during December, 1936, an increase of 2.9 per cent over the preceding month and 6.1 per cent over the like month the year before, the Bureau reported. Aggregate capitalization of the new corporations was \$1,539,000, an increase of 65.6 per cent over the month before but a decline of 81.1 per cent from the corresponding month a year earlier.

For the entire year 1936 the number of new charters granted was 1,630 against 1,656 the year before; the total capitalization was \$26,614,000 against \$32,061,000 in 1935.

Increases in the number of charters granted both in comparison with December and the entire year of 1935 were shown in real estate building and miscellaneous groups.

Christian Science Service "Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, January 24.

The Golden Text is: "The Lord is good; his mercy is everlasting; and his truth endureth to all generations" (Psalms 100:5.) Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thou art great, and doest wondrous things: thou art God alone. Teach me thy way, O Lord; I will walk in thy truth" (Psalms 86:10, 11.) The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Material sense never helps mortals to understand Spirit, God. Through spiritual sense only, man comprehends and loves Deity. The various contradictions of the Science of Mind by the material senses do not change the unseemly Truth, which remains forever intact" (page 481.)

Two Minute Sermon (By Thomas Hastwell)

Decision: As the Christ child grew to manhood in the village of Nazareth and each year made his pilgrimage to the Passover feast at Jerusalem there doubtless stirred within his heart a wonder of the world about him and what the future held. The wonder grew and unfolded in his maturing mind until it became destiny. One day he met John the Baptist, a prophet of the wilderness, as fierce as the desert wind, as cleansing as fire. He was baptized by him in the river Jordan. Then came the greatest call that has ever come to a man. To answer it meant the renunciation of the world, of the lust for power and riches and the praise of men. He chose the straight, hard road and followed it to its tragic, agonizing, glorious end—all the way to the cross. I've thought many times as I have read

State Leader at 36

Freeman W. Burford at the age of 36 has had one of the most spectacular careers of any of that great number of men who have made successes in the Texas field of oil and finance during the last decade.

Arriving in Texas about seven years ago, with a record of industry and hard work back of him, and equipped with a good education, and a consuming desire to succeed, Freeman W. Burford worked and burned the midnight oil in laying the foundation for the great success he has attained at his early age of life.

Recognized today in Texas, and the Nation, as an authority on oil production, its kindred products and manufacture, Burford has proven his ability, also, in the field of finance, so that today his judgment is respected as highly as that of anyone in our state.

Freeman W. Burford was born on a farm in DeWitt County, Illinois, August 8, 1900, two miles north of Farmer City. Both sides of his family were successful farmers, stock raisers, and bankers, and were people of long standing in the community. At the age of five, Freeman Burford's father, Guy Burford, moved his family to Oklahoma, settling at Muskogee, where Freeman, reaching scho-

ol, this account of this young man's renunciation of the world and his choice of the hard, high road, what a challenge it has been to the youth of every age—this courageous choice. How magnificent it seems viewed in the light of twenty centuries of history, how little, how petty in comparison the richest gifts of the world. To every young person there comes the time of choosing, for the world yet calls, and yet offers power and wealth and the adoration of men to such as will bow down and worship it.

H. D. and 4-H CLUB ACTIVITIES

Officers of FOARD COUNTY HOME DEMONSTRATION COUNCIL Mrs. A. L. Davis, Chairman Mrs. J. L. Hunter, V. Chairman Miss Bonnie Schroeder, Secretary-Treasurer Miss Myrna Holman, Home Demonstration Agent

WEST SIDE CLUB

The club decided to meet the needs of the family and making plans for the 1937 pantry was stressed by Miss Myrna Holman in her talk on "Farm Food Supply" for the year. The club decided it best to can enough food for seven months in the year where there's a possibility that nothing might not be growing in the garden. Miss Holman again stressed the importance of the leafy, green or yellow vegetables or citrus fruit to the daily diet. Other vegetables may be substituted for, but these have no substitute. The club met Jan. 13 with Mrs. C. R. Bryson as hostess with nine members answering roll call and one new member, Mrs. G. H. Kinchloe. Mrs. Donald Norris was named poultry demonstrator for this year and Mrs. Roscoe Eubank, kitchen demonstrator. Mrs. J. T. King, Mrs. Herbert King and Mrs. J. L. Kinchloe were visitors. The club will meet Jan. 27 with Mrs. E. W. Burrow.

GAMBLEVILLE CLUB

At a meeting Thursday, Jan. 14, in the home of Mrs. Willie Garrett, the new officers for 1937 were installed and new committees were appointed by the president. Roll call was answered by 9 members with a favorite chapter in the Bible, and a short recreation period was enjoyed. The next meeting will be Thursday, Jan. 21, in the home of Mrs. Lewellyn Morgan.

VIVIAN 4-H CLUB

The Vivian 4-H Club girls met January 14 with 9 members and Miss Myrna Holman present. Miss Holman gave a demonstration on "How to Patch." The club members found that the patch looked much nicer if fixed where the designs on the dress and cloth were the same. She also showed how much nicer a solid colored dress looked when it was patched with a piece cut the same way of the goods. The club will meet again January 28.

The Riverside 4-H Club met at the school before beginning their tour January 12. They went to various places and saw three different types of wardrobe closets. There were eight of the members

lastic age, entered the public schools, where he, in due course, finished. During his public school age, young Burford distinguished himself for his studiousness, his interest in public affairs, and debating contests throughout the district. He was popular with the faculty and student body. After graduation, he decided that he would enter the oil business, secured a job driving an oil truck, which he did for some time. As a student of political economy, and economics throughout his life, Burford has maintained his interest and activities to a degree seldom noted in public men. In 1928 he obtained a charter for the Burford Oil Company of Texas, of which he was president. He built a million dollar refinery at Pecos, Texas. He became known in oil circles. Oil journals and various newspapers carried his statements and articles in reference to the oil business. Burford, in 1930 opened his offices and established his home in Dallas, having recently purchased the Shep King property, as his permanent residence. Burford is a large employer of labor—having 125 families represented at his East Texas Refinery Company headquarters at Longview, in addition to those employed by him elsewhere. Freeman Burford is a trustee of the Dallas Methodist Hospital, a director of the Red Cross—and a director of the Freeman Memorial, which institution makes possible the operation of a free children's Clinic, operated by the Presbyterian Church in Dallas. He is a thirty-second degree Mason of the Dallas Consistory, and a Shrine Member of Hella Temple. He is a member of the Dallas Athletic Club and the Dallas Petroleum Club. Mr. and Mrs. Burford are members of the Brookhollow Country Club. He has been recently elected a director in the Republic National Bank of Dallas, the second largest bank in the 11th Federal Reserve District. He was one of the largest contributors to the National Democratic campaign fund in Texas, in the recent election in 1936. His interest in his state is paramount, hoping to do his bit toward making Texas a state where his children, "Bill" and "Sister," may receive the best in education and association. He believes that the natural sources of Texas should be for the benefit of all Texans; is, that factories should be established in this state to manufacture the finished products of oil, cotton, cattle, and every else produced in this state, and finished manufactured products shipped to other states, instead of sending the raw products to Eastern states to be manufactured and sold back to us, and people of Texas losing all the it and increased taxes, or in fact that we would have if we manufactured the decenter commodities in the state. He believes the developing Texas to the fullest extent, so as to benefit the people of Texas most directly.

FOOTBALL CAPTAINS

The football boys elected their football captains for next year today morning. Co-captains are chosen, Vernon Gibson as captain and Que Meason as alternate-captain.

Last year's captains, Mike Rasmussen and Glenn Shook, made short talks, and the new captains made brief speeches to the effect that they hoped that next year's team will be better than any that has gone before.

FOOTBALL SWEATERS

Seventeen football boys and their manager received their football sweaters Monday morning. The products were made by I. T. Graves and also presented the state, and also presented the red sweater were the usual type, instead of gold service stripes and gold letter.

FOOTBALL DESCRIPTIONS

When awarding the sweaters Monday morning to the football team, coach Superintendent I. T. Graves believed the football boys names to be the fullest inside with their initials. They fit the personality.

Vernon Gibson—Very Good.
 John Lee Orr—Jenny Looks On.
 William Simmons—Will Serve.
 Marvin McKown—Many More.
 Que Meason—Quick Moving.
 W. F. Statter—Will Fight Safely.
 Garland Rasmussen—Good Running.
 Glenn Shook—Good Service.
 Ira Klepper—Indiscribable.
 Franklin Evans—First Effort.
 Stan Don Reeder—Go Directly to the Point.
 Tom Andrews—There Always.
 Raymond Joy—Joyful Runner.
 Robert Thompson—Reliable.
 Edward Vecera—Real Veteran.
 Joe Eddy—Jewel End.
 Gilbert Lankford—Good Linebacker.
 Bernice Fitzgerald—Bulldog Determination.

NEW YEAR'S RESOLUTIONS THAT WERE NOT KEPT

John Harwell—to stop writing essays in the study hall.
 Joe Reavis—not to argue with teachers.
 James Everett Long—to remove mustache.
 Mike Rasmussen—(unprintable.)
 John Lee Orr—not to speak to my Doc Coffey.
 Gary Green—to stop studying hard.
 Wiley Griffin—to have more success.
 Louise Eubanks—to stop acting.
 Jois Norris—to talk less.
 F. D. Reeder—to be at class on time.
 Robert Rutter—to be an A student.

 James Erwin—to stay home more.
 Raymond Joy—to have less success.
 Thelma Lee Thompson—to stay away from Cedar Grove in January.
 Audrey Rogers—to use a different kind of hair dye.

BASKETBALL

The Crowell basketball team won second Northwest Texas Conference basketball game from Delta Falls Friday night by a score of 38 to 21. Richard Kelsey Crowell was high point man, making this game gave Crowell undisputed lead for first place in conference standing.

GRAMMAR SCHOOL GRADUATES

A class of 14 pupils came to school Monday morning after having graduated from grammar school at mid-term. Those included in the class were Francis Hicks, Woodrow Hollingsworth, Curtis, Clyde Eddy, Charles Cook, Whitley Mitchell, Milton Cook, Travis Porter, J. L. Mar-Oleta Naron, Leroy Gibson, Edith Brisco, Mary Catherine Kford and Eddie Campbell.

MEMORIAL GIRLS SERVE

Even Homemaking girls have had a reputation for serving at banquets. They exercised this station Friday night by serving at the Farmers and Business Men's banquet. The following girls, Ann Mabe, Myrtle McKown, Thelma White, Dorothy Griffin, Edith Hutchison, and Edith Hutchison.

F. A. POULTRY CULLING

Three FFA boys, Hughes Fish, Wiley Griffin and Marion Ben-son and their FFA advisor, Walk-Todd, cullled about 250 hens at the school Friday, January 15. Some time they cullled the hens, but they also treated the hens for leg mites and lice. They will certainly keep a good record.

cleverly—nothing. He is the average "D" student.

A specimen slumping with curvature of the spine, eyes narrowed, brows arched, a slight frown, tapping one foot and frequently nibbling at a finger nail—these symptoms mark the guy who wishes fervently that he had what he hadn't. The hopeless case.

GO TO SCHOOL

In Crowell High School we have a few students who have an attendance record of possibly two days a week. One can even tell three times out of five the days that they are to be absent. This is bad business. It not only slightly arouses the teacher's ire, it also has a bad effect on the grades of those whose attendance is irregular. One cannot get a clear idea of what is going on in classes if one is hardly there.

F. F. A. DEBATE

"Resolved that Vocational Agriculture should be taught in high school," was the subject of the debate given by four F. F. A. boys at the meeting of the Future Farmers of America, Tuesday, January 19. The teams were elected at the meeting and had to make up their points during the debate. The boys taking the affirmative side were Wilson Starnes and Guyton Sikes, and those taking the negative side were Jim Hill Erwin and Franklin Evans.

A committee was elected to conduct the entertainment program of the next meeting which will be held on February 9.

After the meeting was adjourned, games were played and refreshments were served to the following: Fred Borchardt, Marion Benham, Cecil Carroll, Richard Davidson, Fred Ely, Jim Hill Erwin, Franklin Evans, Hughes Fish, Raymond Joy, Granville Mullins, Basil Nelson, Guyton Sikes, William Simmons, Adolf Slovak, Wilson Starnes, David Solis, Robert Thompson, James Welch, and Jim Whitfield.

V. A. BOYS INSPECT PURE BRED HOGS

Joe Orr, W. P. Todd, Clois Orr, John Bowley, Jim Erwin, Carl Connell, and James Welch made a trip to Kirklans and Childress January 14 to investigate buying some pure bred hogs for members of the vocational class. There were four different locations at which the hogs were inspected.

Lon Alexander, Childress, owns a fine stock of Poland China hogs. Many of his gilts, sows, and boars have won in different shows, including his prize sow, Ruby, who has won over all the other hogs in three states.

At present Mr. Alexander owns about 25 Poland China pigs and pigs. He values his youngest pigs, about four months old, at \$25.00 each. He has a large boar, three years old, that has won some prizes.

Mr. Alexander has a well equipped farm for hog raising. After leaving Mr. Alexander's place, the group went to the farm of Mr. Cox, another successful hog raiser. He has two registered gilts and one boar that he is going to keep for breeding purposes.

At Kirklans some V. A. boys have hog raising for a project. Eight boys bought sows from Sherman, Texas, and another boy bought a boar from Denison. They all report a fair profit from their projects. On observation of the animals of two of these boys, it was learned that one sow littered fourteen pigs, of which only six remain. The other boy's sow has seven pigs about 2 1/2 months of age, for which he asks a price of \$12 each. These were the only pigs of the project that were inspected.

LOCALS

Ada Groomer and Ike Wilson of Good Creek enrolled in CHS Monday morning.

Mozelle Lemons spent the weekend in Vernon.

Norma Boren withdrew from CHS Monday morning. She will enroll in Thalia High School.

THAT SOMETHING

"That something" is necessary in exam-taking as well as other little things in life.

It all depends upon the position the taker attains while pouring his knowledge forth in black and white, because the adjusting of the corpus to the desk has much to do with the grade.

An exam-taker chewing a pencil, writing in spasms and scratching his head in between times, can think only in spurts. He scribbles quickly before the idea vacates his cob-webby cerebrum. The Prof. immediately recognizes these signs as a crammer.

NATURAL RESOURCES EXHIBIT PROMOTES INDUSTRIALIZATION

Your Horoscope

January 18, 19, 20—You have a bright mind, are quick in reasoning and a natural leader. You put all you have into everything you do and usually turn out a fine piece of work. You are very economical and make every cent buy it's limit. You are a dynamic orator and writer. You are good to your family but responsibility does not weigh very heavily on your head. You are calm and collected at all times and very broad minded.

January 21, 22—You are truthful but evasive. You won't come right out and tell a lie but you will beat around the bush so to speak. You are cute and sly especially when you are mixed up in something a little shady or questionable. You can fit into any situation providing there isn't too much privation in it but if there is you just step out and forget all about it. You can be tricky but you do not wish to harm anyone.

January 23, 24—You have a vivid imagination and use it, especially when trying to get out of something you do not want to do. You will make money some way because you have a good amount of intelligence. You have many obstacles to overcome but you always come out on top. You are a good friend although neglectful at times. The only advice you need is "Don't go to sleep."

SAFETY SLOGANS

County Federation Elects New Officers

The County Federation of Foard County held its January meeting last Thursday in the home of Mrs. M. S. Henry.

The president, Mrs. E. V. Halbert called the meeting to order, after which "My Faith Looks Up to Thee" was sung in unison.

Mrs. R. L. Kincaid talked on "Faith in the New Year." Mrs. Vern Walden discussed "The Disposition of Texas Tax Money."

At the election of officers for the ensuing 2 years, 1937-39, the following were elected: president, Mrs. Ab Dunn; vice president, Mrs. Fred Diggs; secretary and treasurer, Mrs. H. Schindler; press reporter, Mrs. L. A. Andrews. Mrs. Dunn was elected delegate, and Mrs. John S. Ray, alternate, to the district meeting.

Mrs. Halbert and Mrs. Kincaid were elected as members of the executive board, in addition to the officers.

At the luncheon hour, a bounteous covered dish lunch was served at quartet tables. Mrs. E. L. Yents offered invocation preceding the meal. The Garden Club was hostess club for this meeting and the committee in charge consisted of Mesdames Schindler, O. O. Hollingsworth, Marion Crowell and Hubert Brown.

Upon re-assembly at 1 o'clock, a Bible program was enjoyed, "Where Bible Characters Live" was well handled by Mrs. Roy Steele. Mrs. Kay told of the "Flowers of the Bible" in an interesting way. A quiz on the "Mothers of the Bible" was conducted by Mrs. Jno. Long.

An unusually large number was present at this meeting.

The program committee announced that the next meeting will be at Gambleville.

Knox City Fox-Way Food Store Moved To Kermit, Texas

The Fox-Way Food Store owned by Herman Fox, Dennis Hairston and Glenn Fox, has been moved from Knox City, where it was operated for many years, to Kermit, Texas, according to announcement made by Herman Fox this week. Dennis Hairston, who has been manager of the Knox City store, has been transferred to the Quanah store and Glenn Fox, former manager of the Quanah store, has gone to Kermit to assume his duties as manager of the store in the new location. A change in the Crowell store has been made. W. H. Sellers has accepted a position in the meat department to fill the vacancy made by Bud Thompson going to the No. 2 store of the Brown Grocery Co. in Vernon.

County Judge and Two Commissioners Return from Austin

Judge Claude Callaway and Commissioners W. A. Dunn and Frank Carter returned Tuesday night from Austin where they met with the State Highway Commission in the interest of hard-surfacing Highway 16 north from Crowell to Pease River. They were accompanied by B. W. Self. The Highway Commission announced Monday low bids on projects costing \$844,717, and the hard-surfacing of Highway 16 which will be included in future programs. Judge Callaway believes the prospects for securing this work within a reasonable time is good.

Miss Saunders was employed as bookkeeper at the Farmers Elevator until Jan. 1, 1937.

CO-CAPTAINS FOR 1937 TEAM ELECTED MON.

Que Meason and Vernon Gibson were elected as co-captains of the for 1937 Monday morning. They were elected by the members of the Wildcat squad for the past season. Gibson is a lineman and Meason is a backfield man and also a freshman. This is the first time in the history of Crowell High School that a freshman has been elected as a co-captain or captain.

17 Sweaters Awarded Members of 1936 Grid Machine

Seven lettermen will be ineligible for next year and ten will return to the Wildcat grid machine. Those leaving the squad are: Vecera, Eddy, Reeder, Lankford, Thompson, Shook and Rasberry. The awarding of the sweaters was later this year than in previous years due to a new ruling that the players must pass their work for the first half of the year to be eligible to receive the awards.

TAX REMISSION IN PEASE FLOOD DISTRICT ASKED

Amendments to the Pease River Flood Control Act, providing for the remission of State taxes in the amount of 35 cents on the \$100 valuation to Foard, Wilbarger, Hardeman and Cottle counties for the years 1937 and 1938 have been introduced in the State Senate and the House of Representatives by Senator Ben G. Oneal of Wichita Falls and Representative George Moffett of Chillicothe.

Create \$200,000 Fund To Meet War Dept. Requirements

Money obtained from the proposal would be used in creating a fund of approximately \$200,000 for use in meeting requirements of United States War Department if it authorizes construction of a dam on Pease River at a point about nine miles northwest of Crowell. In a public hearing conducted here last Oct. 23 by Army Engineers on the dam proposed by the Flood Control District, it was pointed out that if construction were authorized, the district would be required to furnish rights-of-way, provide for maintenance and operation after completion, and guarantee the Government against damages.

Banquet—

Rev. John W. Tyndall, pastor of the Christian Church, introduced Judge Coombs. The immediate need of a strong moral fibre in communities to put down lawlessness and careless living was emphasized by the speaker. "No community or nation has ever gone higher than the honesty of its men and purity of its women," Mr. Coombs stated. "I am not so concerned about getting out of the depression, if we are not already out of the last one, as I am about our manhood and womanhood," he added.

WORK STARTED ON REPLACING LATERAL LINES

Copper pipe and connections for replacing the lateral lines to the city water mains on North Main Street arrived Saturday and the work of laying the pipes started Monday morning. Two thousand feet of 3-inch pipe and three hundred and eighty feet of 1-inch pipe were received.

Pipe Arrives Saturday; 58 Lines Will Be Replaced

The pipes being replaced were laid in 1922 and except for occasional repairs this is the first time that they have been replaced. The copper pipes have an estimated life of approximately 75 years.

This work is sponsored by the City of Crowell and is a Works Progress Administration project. Fifty-eight lateral lines will be laid and will cover a distance of six blocks on this street. Twelve WPA laborers are working in alternate shifts and one month will be required to finish the job. It is being done in advance of the paving on Highway 16, north to Pease River, that is expected to be put down some time this year. Construction work and Dwight ent for the City, is foreman of the Grover Cole, water superintendent. Campbell is WPA superintendent. Dirt work on raising 500 feet of Main Street leading north from the pavement was completed Friday. The raising of the street required 375 cubic yards of dirt.
