ROWELL AND QUANAH TO MEET THURSDAY NIGHT AT 7:30 AT GYM TO DECIDE "BIG 5" CHAMP

Crowell High School's Wildcats will meet the Quanah Indians in a local gymnasium at 7:30 o'clock Thursday night (tonight) in the first and deciding game of the play-off series to determine the champion of the Northwest Texas basketball Conference.

This game will be the last and most important game for the teams as a championship is at stake, so fans will be assured seeing one of the fastest and hardest play-offs they have had the opportunity to witness this year.

The Wildcats finished the season's training Wednesday afternoon with a light work-out which consisted of shooting goals and will be at full strength when they meet the game tonight.

The site of the game was decided by the toss of a coin when Coach Grady Graves and Coach Salsfield met at the district tournament in Childress.

Crowell and Quanah finished the scheduled "Big 5" season in a tie for first place. In the first play-off game, played at Quanah, the Indians defeated the Wildcats, 36-26, and the Cats turned tables the following night when they met on the local court when seconds sank a free toss in the closing moments of play to give the Crowell cagers a 36-35 victory to win the play-off series.

The large trophy, which was named to the conference by the Chamber of Commerce of Wichita Falls in 1935, when the "Big 5" was organized, will be awarded to the winner of this game for the next year. To obtain permanent possession of the cup, a team must win the championship for three years, not necessarily consecutive. The trophy will probably be awarded to the winner immediately following the game.

Crowell won the trophy the first year, in 1935, and Quanah took it in 1936. The winner of the game tonight will have two years to claim the cup.

WORK IN PROCESS OF COMPLETING PARK PROJECTS

Parks Will Be Ready For Public Use By Spring

The National Youth Administration, in co-operation with the Texas Highway department, are in the process of completing two highway parks in this county. These parks are constructed for the use of the citizenship of Foard County, as well as the traveling public.

Fifteen NYA boys are employed on the park jobs and other than his work they have been graveling road shoulders, building mail stands, pruning, resetting and planting trees. The work on the parks has been stopped for the last month but was started again last week. This work is being done under the supervision of C. W. Ribble, State highway foreman.

Both parks are located on Highway 16, one three miles south of Crowell and the other three miles north.

The park south of town is located on a rolling slope on Beaver Creek and faces east with two rock pillars at the entrance. An NYA plate was placed in one of the pillars Monday. A well has been dug and a pump erected. The pump is encircled by a flower bed and a concrete floor. One table has been completed and others are under construction. A foundation is being made of rock and concrete for a round table to circle a tree that stands near the road. A barbecue pit foundation is also being laid.

Work on the park north of Crowell has not progressed as far but many trees have been planted and two rock and concrete tables are under construction with rocks for others ready for use. A barbecue pit foundation has been laid. The entrance has not been marked but will be some time in the near future. This park is a natural basin.

The parks will not be completely finished for several months as benches, tables, trees and other things will be added from time to time, but they will be ready for picnickers by spring.

A concrete and rock table has been constructed one-half mile west of the county line in Foard County east of Crowell on the Vernon highway for the convenience of tourists.

An invitation is extended to the people of Foard County to inspect and use these parks.

12 TIMES MARRIED

Proud of the fact she's been wed 12 times is Mrs. Inez Swanson, fifty-eight, of Los Angeles, exhibiting as proof her marriage certificates, and boasting: "I ain't never buried a husband yet." Besides working as a saleslady, she's been a private detective and a cowgirl. Her first matrimonial venture began in Texas at the age of sixteen. Mother of two girls and a son, she was a grandmother at thirty-three, great grandmother at fifty-six.

SUCCUMBS AT PADUCAH AFTER SHORT ILLNESS

Funeral for Guy Easley Held at Quanah Wednesday

Funeral services for Guy C. Easley, resident of the Vivian community for many years, were held at the home of his mother, Mrs. Eula Easley, in Quanah Wednesday afternoon at 2:30 o'clock, conducted by Rev. I. A. Smith of Quanah and Bro. Robert C. Jones of Amarillo. Mr. Easley died in the Paducah Hospital Tuesday morning, Feb. 23, at 3:30 following an attack of influenza. He was stricken at his home six miles east of Paducah on Monday, Feb. 15, and was taken to the Paducah Hospital last Sunday afternoon.

Funeral bearers were W. L. Clisbee, Lee Pope, Jack Howard, George Hughes, John Jones, J. A. Koch, Ryall Henderson and T. R. Griffith. Flower bearers included Mrs. S. E. Gregory, Miss Mabel Powell, Mrs. Lawrence Walker, Mrs. Gordon Conley, Mrs. Jimmie Moore, Mrs. J. Q. Carroll, Miss Pearl Buckley, Mrs. T. D. Griffith, Mrs. Rudy Warner and Mrs. W. Clisbee of Quanah, and Mrs. W. B. Tysinger and Mrs. John Carter of Crowell.

Guy C. Easley was born in Childress April 16, 1898, and was reared in Quanah. He was married to Miss Frances Blakemore Feb. 20, 1928, and they had lived for many years on a ranch in the Vivian community until last year when they moved to Cottle County. Two daughters were born to this union, Donna Janice and Jacquelyn Ann, the latter having passed away Oct. 30, 1936.

Mr. Easley is survived by his widow and daughter, Donna Janice; his mother, Mrs. Eula Easley, of Quanah, and five sisters, Mrs. Charles Welch of Quanah, Mrs. Hubert Dunham of Pampa, Miss Bernice Easley, Mrs. Charlton Griffith and Mrs. Dora B. Lanier of Quanah. He is also survived by his uncle, J. B. Easley, of the Vivian community.

The deceased was a young man of quiet, even temperament and had hundreds of friends in Foard, Cottle and Hardeman Counties, where he was well known.

The following relatives of Mrs. Easley attended the funeral: Mr. and Mrs. A. J. Blakemore and Emmett Blakemore of Hereford, Mr. and Mrs. G. W. Mills and daughter, Wanda Jo, of Amarillo, and Miss Eva Blakemore of Clovis, N. M.

BIRTHS

To Mr. and Mrs. Houston White a girl, Lena Fay, Feb. 19.
To Mr. and Mrs. Gerald Knox, a boy, Jerry Thomas, Feb. 25.

LORD CHAMBERLAIN

The earl of Lancaster, whose appointment as lord great chamberlain, succeeding the marquis of Cholmondeley, who relinquished the office following the abdication of King Edward VIII, was approved recently by George VI.

FEDERAL MEN SEIZE STILL NEAR THALIA

J. K. French Arrested; Arraigned Before U. S. Commissioner

Revenue officers captured a 65 gallon still, 28 gallons of whiskey and 200 gallons of bran whiskey mash on the Joe K. French farm two miles north of Thalia Tuesday afternoon about 1:30 o'clock.

Joe K. French was arrested and taken to Wichita Falls, where he was arraigned before Federal Commissioner Melville E. Peters for illegal manufacture and possession of liquor.

The raid and arrest was made by R. B. Hamilton, U. S. Revenue officer, Kelsey Chessier, J. M. Allison and Dick Morris, Texas Liquor Control officers.

The still and mash were found in an out-house in the back yard of the French home and the 28 gallons of whiskey was found in a chicken house.

Information leading to the raid was secured through the efforts of the sheriff's department. Members of the local force were unable to take part in the raid because they were detained in court.

REMAINING CRIMINAL CASES ON DISTRICT COURT DOCKET TO BE HEARD FRIDAY MORNING AT 10

Grade Pupils and Pre-School Children Will Be Examined

Physical examination of the pupils in the grades and pre-school children will be given soon. Every child who is to enter school should take this examination. Diphtheria, small pox and typhoid serums will be given.

Date for the examinations will be announced later, according to Miss Thelma White, health chairman.

Work On Replacing Worn Water Lines Completed Thursday

Work on replacing 58 iron lateral water lines with copper pipes was completed last Thursday afternoon.

Two thousand, three hundred and eighty feet of copper pipe was used and all connections were replaced with brass ones. This work was sponsored by the City of Crowell and was a Works Progress Administration project. Twelve WPA laborers were used in alternate shifts and one month was required to complete the project.

Dwight Campbell was WPA supervisor and Grover Cole was foreman on the work.

Emergency Crop and Feed Loans Available

Applications for emergency crop and feed loans for 1937 are now being received at Crowell by Miss Alma Walker.

These loans will be made only to farmers who cannot obtain credit from any other source, as provided by regulations issued by the Governor of the Farm Credit Administration. The money loaned will be limited to the farmer's immediate and actual cash needs for growing his 1937 crops or for the purchase of feed for livestock and no instance may exceed \$400.

Farmers are not eligible for these loans if they can borrow from an individual, production credit association, bank, or other concern. Emergency crop and feed loans will not be made by the Farm Credit Administration to standard rehabilitation clients of the Resettlement Administration whose current needs are provided for by Resettlement.

As in the past, the security for these loans will consist of a first lien on the crop financed if the loan is for production of crops, and if for the purchase of feed for livestock to be fed. Landlords, or others having an interest in the crops or the livestock to be fed, will be required to waive their claims in favor of the lien to the Governor of the Farm Credit Administration until the loan is repaid.

Checks in payment of the approved loans will be issued by the Regional Emergency Crop and Feed Loan Office at Dallas.

I.O.O.F. Officials to Be Installed Thursday

Officers of the Crowell Odd Fellows lodge will be installed Thursday night (tonight) at the regular meeting.

Those taking office are: A. W. Barker, noble grand; Ed Manard, vice grand; R. D. Oswald, secretary; H. E. Ferguson, treasurer. E. P. Storm, district deputy grand master, of Truscott and his degree staff will install the officers.

Frank Welch is the retiring noble grand and Leonard Roberts the retiring vice grand.

After the installation of officers and the regular business session, refreshments will be served.

Rebekahs and Odd Fellows Hold Meet At Crowell March 11

The Hardeman - Foard County Association of Odd Fellows and Rebekahs will have their quarterly meeting in Crowell at the IOOF hall Wednesday night, March 11. Committees of both lodges are working on the program and arrangements.

Lectured Wednesday

Harry Myers of Wichita Falls, a member of the United States Department of Agriculture, gave an illustrated lecture on "Screw Worm Control" to farmers and ranchers of Foard County at the high school auditorium Wednesday night.

Mr. Myers lectured to the Vocational Agriculture class of Crowell High School Wednesday afternoon at one o'clock in the auditorium.

The remaining criminal cases, not already tried, on the docket of the February term of district court will be heard Friday morning, Feb. 28, at which time Luther Jordan will be tried on charges of rape.

Court adjourned Tuesday afternoon after the conviction of Bill Gribble and Earl Shores on charges of burglary until 10 o'clock Friday morning.

At the time of the adjournment Tuesday afternoon there had been five cases tried with six convictions, one acquittal and one case was continued until the May term of court.

Cases tried and results follow: State of Texas versus Buster Henry. Plead guilty to swindling charge and sentenced to two years in the penitentiary.

State of Texas versus Bill Gribble and Earl Shores. Tried by jury, found guilty of burglary charges and each sentenced to serve three years in the penitentiary.

State of Texas versus Dave Simpson. Charged with wife and child desertion. Found not guilty. State of Texas versus Noel Griffin and I. Griffin. Plead guilty to two burglary charges and sentenced to three years each in the penitentiary on each of the two charges, but sentences to be served concurrently.

State of Texas versus Virgil Smith, Lowell McKinley, Marvin Cates and B. E. Henry. Charged with theft of cattle. Continued until May term of court.

State of Texas versus Fred Lawson. Plead guilty to charges of child desertion before judge and sentenced to four months in the penitentiary.

The case, State of Texas versus Luther Jordan, charges of rape, to be heard Friday morning will finish the docket for the February term of court.

HORSE TRADERS BANQUET TO BE HELD FRI. NIGHT

At Methodist Church, 7:30 P. M.; Program Arranged

The monthly banquet of the Farmers and Business Mens Association will be held in the basement of the Methodist Church Friday night, Feb. 26, at 7:30 o'clock. The president, T. S. Haney, urges every one to attend as a good program has been arranged by the committee in charge. The banquet will be served by the Adelpian Club.

Farmers Terracing Pastures in Order To Hold Moisture

Farmers in Foard County have started giving their pastures "permanent water" to hold the rain when it falls.

It was noticed that where there was lack of grass or other cover to hold the rain, the water ran into gullies and was lost.

During the severe drought of 1936, Dr. R. L. Kincaid had 150 acres of his pasture land terraced in order to hold what moisture there was and to maintain a better stand of grass. He also sowed sweet clover on a portion of his land and later noticed that it came up only along the terraces.

These terraces, easily and inexpensively built, were thrown up with a ten-inch turning plow by making two rounds.

Since realizing how important these terraces proved to be, Dr. Kincaid has over 300 acres of his pasture land terraced at the present and stated that he would continue to terrace more.

ATTEND CONVENTION

Dr. and Mrs. R. L. Kincaid went to Wichita Falls Sunday afternoon where Dr. Kincaid attended a joint convention of the Seventh District of Texas and the First District of Oklahoma bankers which was in session Monday in that city. R. E. Bakin, president of the Farmers National Bank of Seymour, was elected chairman of the Seventh District, and R. A. Wood, cashier of the First National Bank at Duncan, Okla., was elected chairman of the First District.

Mr. and Mrs. M. L. Hughton of Crowell and Mrs. T. B. Masterston and daughter, Miss Ina, of Truscott went to Wichita Falls Monday morning to attend the convention.

FOARD FARMERS ENDORSE COURT CHANGE PLAN

Support Given to Soil Conservation Bills by Davis and Fuchs

Foard County farmers gave their support to President Roosevelt's court reorganization plan and the soil conservation bills by Davis and Fuchs that are before the houses of the Texas legislature at the present time, in resolutions adopted at a mass meeting in the district court room in Crowell Saturday afternoon with over 150 farmers present.

Dr. R. E. Main of Thalia addressed the group and introduced the resolutions which were immediately adopted.

The resolution backing the court reorganization plan, sent Saturday afternoon to President Franklin D. Roosevelt, Morris Sheppard and W. D. McFarlane.

CROWELL WINS THIRD PLACE AT DIST. MEET

Kelsey On All-District Cage Team; Owens Makes Second

Crowell High School's Wildcats won third place in the district tournament, which was held at Childress Friday and Saturday, by defeating Quail 49-34. Carey won their second consecutive district championship by blasting Lakeview 42 to 21 in the finals Saturday night.

Makes All-District Kelsey, Wildcat forward, was selected on the all-district team. Due to the fact that Kelsey and Redwine of Carey tied for the forward position six players were placed on the all-district team this year. A coin was tossed to decide which player would take possession of the gold basketball that is given to members of the honor team and Kelsey won the toss. "Cotton" Owens, Crowell guard, was picked for the second team.

The all-district team follows: Foust of Carey, forward; Kelsey of Crowell and Redwine of Carey, forward; Gresham of Carey, center; Middleton of Carey, guard; Brister of Lakeview, guard. Carey hogged the honors this year.

(Continued on Page Four.)

CAR REGISTRATION

Only one new car was registered in the office of the tax assessor-collector this week: a Plymouth deluxe tudor sedan.

LEASES SANDWICH SHOP

Mrs. Ella Rucker has leased the sandwich shop on the highway east of the Magnolia station and began its operation this week. She will be assisted by Miss Lillie Mae Edgin. The new name for the shop will be "Ella's Sandwich Shop."

Work Sheets Arrive At County Agent's Office Wednesday

Work sheets for the 1937 conservation program arrived at the office of the county agent Wednesday and are ready for the farmers of Foard County to start signing up for the coming year. A deadline has not yet been set but the time will be announced in the near future.

There were 579 farmers to sign for the 1936 program and it is hoped there will be more this year, according to John Nagy, county agent.

Information Wanted From Car Owners for Road Planning Survey

The car owners of Foard County can aid tremendously in furnishing official information to the State-Federal Highway Planning Survey for use in working out a logical plan on which future road and street construction will be based. A. W. Lilly, the assessor and collector of taxes, has been given a number of post cards which ask for fundamental information that is needed in road planning, thus affording the motorist opportunity to participate in outlining his future road program. These cards, to be distributed to car owners as they pay their 1937 registration fees, require no postage and are self-addressed. The number of cards which have been furnished Mr. Lilly were judged according to the number of motor vehicles which were registered in the County during 1936. The number of cards allotted to Foard County is as follows: 1,700 for passenger automobiles, 350 for trucks, and 35 for trailers and motorcycles, and 25 for owners of five or more vehicles.

The business of constructing and maintaining highways, streets and roads has become a tremendous task within recent years, and it now affects the well-being of every citizen. Obviously, every effort should be made to plan our public road system so that it will serve all car owners in an equitable manner and so that the tax burden for roads will be distributed justly. The information sought on these cards is vital to the establishment of an equitable, well-rounded program. In order to work out such a program, the Texas Highway Department and the United States Bureau of Public Roads are conducting a State-wide Highway Planning Survey, and it is to the advantage of each County to participate to the greatest extent possible.

Todd Filling Station Leased to Dunagan

L. J. Todd has leased his filling station on the highway in the east part of town to E. A. Dunagan. Mr. Todd and family have moved to the building west of the station. Between the two buildings a 24-ft. by 30-ft. room has been constructed to house the grocery business of Mr. and Mrs. Todd. The carpenter work was done by W. H. Tamplin and the stock of groceries was moved in last Friday.

Mr. and Mrs. Dunagan have moved to the station and he is now in charge of the business. He expects to carry a line of automobile tires. Mr. and Mrs. Todd had been operating the filling station and grocery store for many years at this location but will now be engaged in the grocery business only.

FORMER EARLY RESIDENT OF FOARD DIED FEB. 10

S. B. (Sam) Eubank, 70, of Amarillo died in a hospital in Houston Feb. 10, and the body was shipped to Amarillo for burial. Mr. Eubank was among the early settlers of Foard County, living near the mouth of Good Creek, and is remembered by many of the old-timers here. He is survived by his widow, who is a sister of Mrs. Laura Johnson of the Beaver community, seven daughters and three sons, Mrs. Johnson and her son, J. V. Johnson, and wife attended the funeral in Amarillo.

ATTEND FUNERAL AT PERIN

Mr. and Mrs. J. J. Brown were called to Perin Thursday morning on account of the death of Mr. Brown's cousin, W. H. Brown, 80, pioneer resident of Jack County, who died of pneumonia at his home in Perin at 2 o'clock Thursday morning. He was a native of McMinnville, Tenn.

Funeral services were held Friday afternoon at 2 o'clock at the family home in Perin.

Mr. and Mrs. Brown were accompanied to Perin by their son, Hubert.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin. — Politics reared its head in legislative halls this week, as both houses of the 45th legislature began to make visible headway on the huge legislative program piled up by committees during the first five weeks of the session, and the senate, being older, wiser and more experienced in the ways of politics, took the spotlight.

Gov. Allred had told the solons he would veto appropriations if they were voted without accompanying tax measures to pay for them. Then the governor went to Washington for a week, to attend the Farley dinner, and the senate rushed through the salary increase bill for district judges, previously passed by the house, and sped it along to Acting Gov. Walter Woodul, who quickly signed it and it became law. It will cost the taxpayers \$128,000 a year additional—providing \$5,000 a year, instead of the present \$4,600, for each of the state's 128 district judges. But it ought to

C. Starnes and family. His brother, Wilson, returned home with him for a few days visit.

Mrs. Bill Crisp and little son, Vernon, of Southland spent the week-end with relatives here.

Uncle Tom Goodman of Vernon spent Saturday night in the home of J. C. Starnes.

Mrs. Courtney Allen and George Riggs and little daughter, Juanita, of Riverside and Mr. and Mrs. Offie Allen and Mrs. Curtis Bradford visited Mrs. George Riggs in Wichita Falls hospital Friday.

Mrs. Riggs was improving from a case of bronchial pneumonia.

Mr. McLarty and Carl Bradford of Rayland were here Tuesday of last week, Carl visiting his mother, Mrs. Sudie Bradford.

Bill Allen of Burkburnett visited his sister, Mrs. Curtis Bradford, Wednesday of last week.

Joyce, little daughter of Mr. and Mrs. S. B. Middlebrook, is ill at this writing.

Mr. and Mrs. T. D. Edwards and Mr. and Mrs. John Edwards of Gambleville visited in the home of Otha Ferguson Sunday. Mrs. Pete Lindsey of Crowell came with them.

Mrs. Frank Dunn and Mrs. John Taylor entertained their husbands with a birthday party Thursday evening.

Several from this community attended court in Crowell Monday and Tuesday.

THALIA (By Minnie Wood)

Lee Keese and family of Rule visited his father, J. N. Keese, and family here a few days last week.

E. G. Grimsley was a visitor in Dallas a few days last week. He accompanied John Nagy, county agent, of Crowell.

Mr. and Mrs. C. C. Wheeler have returned from several days' visit with her parents in Fort Worth.

Mr. Donaldson of Oregon visited Claude Baker here a while Friday en route to Crowell to visit his brother. Mr. Donaldson and Claude's father attended school together in Tennessee.

Born, to Mr. and Mrs. Gotchie Mints, Tuesday, Feb. 16, a girl.

W. C. Gardner and family and Mrs. Dick Pharr and children of Lubbock visited Mrs. Gardner's and Mrs. Pharr's father, J. N. Keese, and family here last week-end.

Ocie Chism visited with friends in Chillicothe last week-end.

Born, to Mr. and Mrs. John W. Wright, Wednesday, Feb. 11, in a Vernon hospital, a boy.

Mr. and Mrs. Cain of Mountain Air, N. M., visited their daughter, Mrs. Marvin Gray, and family here last week-end.

Mr. and Mrs. J. Y. Lindsey and Mrs. C. C. Lindsey were Quannah visitors Wednesday.

Mr. and Mrs. Ott Brewer and Mrs. D. C. Brewer of Dallas visited in the E. S. Flesher home here Saturday.

Mr. and Mrs. C. C. Lindsey visited Mr. and Mrs. V. A. McGinnis near Margaret Sunday.

Mr. and Mrs. J. N. Bryson returned to their home in Palo Pinto Monday after several days' visit with their daughter, Mrs. E. S. Flesher, and family here. They were accompanied home by Mrs. D. W. Pyle of Crowell, who will visit her son, Vernon Pyle, and family in Mineral Wells.

Mrs. Andy Thompson entertained with a birthday dinner Sunday honoring her mother, Mrs. L. A. Carpenter, of South Vernon, her sister, Mrs. Clyde Bray, and her daughter, Opal June Thompson. Those who attended were Mr. and Mrs. J. T. Carpenter, G. P. Carpenter, Mrs. Bray and family, Mrs. Carpenter of South Vernon and Mrs. Thompson and family.

E. S. Flesher and family visited relatives in Crowell Sunday.

Mrs. Clyde Bray was hostess to the Methodist W. M. S. in her home Monday afternoon. A very enjoyable program was given after which a few contests were enjoyed and refreshments were served to Mrs. C. C. Lindsey, Mrs. W. L. Cox, Mrs. W. G. Chapman, Mrs. H. W. Gray, Mrs. J. L. McBeath, Mrs. Homer McBeath, E. S. Flesher, Mrs. C. H. Wood, Mrs. E. S. Flesher, Mrs. Homer McBeath, Mrs. Andy Thompson, Miss Minnie Wood and the hostess, Mrs. Bray.

make 128 politically powerful friends for Lt. Gov. Woodul, who is running for attorney general in 1937.

Senate on Spot

The house put the senate on the spot, voting overwhelmingly to repeal the race-track gambling bill, and sending it to the senate, where the governor already has applied strong pressure for a record vote. Pro-race horse senators succeeded in obtaining a delay until next month, but it looks very much as if the august upper chamber is going to have to let the people know how each of its members stand on this issue with a record vote. The senate is expected to be very closely divided, and the ponies may quit running in Texas before the summer is over. Gov. Allred is so anxious to pass the repeal bill he is said to be considering taking the air for a series of radio speeches in its behalf, which would add still more pressure upon the senators.

Carpenter Promoted

Orville Carpenter, pension director, moved up to a new place as director of the unemployment commission, when Bob Anderson, brilliant young chairman, quit to become attorney for the W. T. Waggoner oil interests at Vernon. Many persons thought Anderson, close administration friend, was hired as a pawn in the race-track fight (since the Waggoners are also the biggest track operators in Texas) but friends of Anderson declared he will take no part in the track battle, stipulating he would do no lobbying when he took the new job.

The senate quickly confirmed Carpenter in the new job, several senators who have fought him bitterly as pension chief agreeing to his promotion to the new four-year \$7,500 job, in order to get him out of the pension setup. Carpenter was down with the flu, and was nominated and confirmed without ever being able to appear at the capital.

Proration Law Renewed

Most important piece of legislation finally enacted so far was the renewal for another two years of the oil proration code, which went through the senate despite a lengthy and bitter battle by Joe Hill, of Henderson, to incorporate amendments relating to procedure in confiscating illegal oil. Hill filibustered a whole day, repeating and elaborating his charges that oil confiscation constitutes a " racket" but the senate refused to amend the bill already passed by the house, and quickly passed the bill. Meanwhile, Atty. Gen. McCraw filed 37 new suits, seeking to confiscate 1,750,000 barrels of alleged hot oil in East Texas tanks said to constitute practically all the usable hot oil now above-ground in the huge field.

Child Labor Alibi

The senate drove ahead final passage of Ben Oneal's state child labor bill which would prohibit the sale in Texas of goods made by children, and permit the state to confiscate and sell such goods. The bill is intended, those who favor ratification of the federal child labor amendment declare, to provide a political alibi for senators who oppose the latter, but plan to support the state bill. Allen Shivers, leader of the senate ratificationists, charged the state law would be an empty gesture, impossible of enforcement.

News and Names

The visit of Secretary of the Interior Ickes, while ostensibly to inspect the Colorado River dams, turned out to be a red-hot campaign for the Roosevelt plan to curb the supreme court. Ickes delivered a masterful argument for the Roosevelt plan before the point session, and won considerable applause, even from a senate which has condemned the plan, and a house that has declared itself neutral. Ickes further surprised the folks when he made a surprise visit to the monthly proration hearing of the Texas railroad commission, and where he praised the Texas commissioners' highly for their conservative program, and declared the only interest of the federal government was to "co-operate" in protecting the industry. . . . He predicted higher prices for crude oil, as Rail Commissioner Ernest Thompson called on major oil companies to show why gasoline prices increase keep so far ahead of the crude price payment scale. . . . Wallace Reilly's definite rejection by the senate for a two-year term as a member of the unemployment compensation commission is understood to be final, despite protests of labor unions throughout the state, and Trav Lewis, Fort Worth labor official, is being urged by some labor leaders here as a new nominee for the post.

THIS WEEK IN HISTORY

- February 22—Florida ceded to United States, 1819. Pennsylvania State College chartered, 1855.
- February 23—Battle of Buena Vista, 1847. First American express New York-Boston, 1839.
- February 24—George Rogers Clark captured Vincennes, Indiana, 1779. Northwest boundary treaty signed, 1870.
- February 25—Food and Drug Act defined, 1914. Enrico Carico, singer, born 1872.
- February 26—United States acquired Canal Zone, 1904. S. S. "Providence 11" sank, 3,130 drowned, 1916.
- February 27—Henry W. Longfellow born, 1807. Fifteenth constitutional amendment proposed, 1869.
- February 28—Princess Mary married, 1922. First railroad chartered, 1827.

Your Horoscope

February 22, 23, 24—You are very sweet and lovely and you win the love of others even though you fret and sew about minor details. You like to say you won't do something but you usually repent and go ahead and do it. You are generally honest but you may be very unreliable and inexact. When you tell an untruth it is usually about yourself.

February 25, 26—You are usually cautious and careful when not excited or restless. You love society. Conventionality does not bother you because you will not let anything crowd you. You are slow to anger but when you get into a rage it only lasts for a few minutes. You can always be entrusted with important business.

February 27, 28—You are a good student and you run to the scientific and philosophical line. You are very quiet. You are fond of sports especially water sports, like yachting because you can be in charge of things but do not care much for steamboat travel.

JOKE

Professor: "What do you know of Latin syntax?"
Freshman: "Did they have to pay for their fun, too?"

DOES BLADDER IRRITATION WAKE YOU UP!

It's not normal. It's nature's warning. "Danger Ahead." Make this 25c test. Use buchu leaves, juniper oil, and 6 other drugs made into little green tablets, to flush out excess acids and impurities. Excess acids can cause irritation resulting in getting up at night, scanty flow, frequent desire, burning, backache, and leg pains. Just say "Bukets" to your druggist. In four days if not pleased your 25c will be refunded.—Reeder's Drug Store.

QUESTIONS AND ANSWERS

1. What position of importance does Alfred P. Sloan Jr. hold?
 2. In what river valley principal damage of the flood was confined to date?
 3. In what state did a train carrying thirty persons leave the highway and plunge to a canal, drowning 17?
 4. What well known member accidentally fatally wounded a member of his cast in a rehearsal?
 5. In what state is the Paducah located?
 6. What action was taken, affecting postmaster of the House of Representatives?
 7. What well known location is located at Warm Springs, Georgia?
 8. For what is Ed (Stacy) Lewis known?
 9. For what is Henry L. Hunt known?
 10. What position is Florello La Guardia?

Beware Cough from common cold That Hangs On

No matter how many times you have tried for your cough, cold or bronchial irritation, get relief now with Creomulsion. Serious trouble may be brought on if you cannot afford to take a cough with anything less than Creomulsion, which goes right to the source of the trouble to aid nature in soothing and healing the inflamed bronchial tubes as the germ-laden mucus is loosened and expelled. Even if other remedies failed, don't be discouraged. Creomulsion is authorized to give money if you are not satisfied with results from the very first bottle. Get Creomulsion right now.

VIVIAN (By Rosalie Fish)

Mr. and Mrs. E. T. Evans and daughter, Evelyn, spent Saturday night and Sunday visiting their daughter and sister, Mrs. Earnest Thomas, of Lockney.

Louie Delmont, and her brother, R. S. Haskew.

Miss Bessie Fish of Anson spent the week-end in the home of her father, A. T. Fish, and family.

RIVERSIDE (By Bonnie Schroeder)

Mr. and Mrs. Carl Zipperly of Vernon visited Mr. and Mrs. Ben Bradford Sunday.

Mr. and Mrs. Walter Carr are moving this week from the E. G. Grimley farm to the farm of Mrs. Joe Richter.

John Winston Bradford visited at Childress the past week-end.

Mr. and Mrs. Bob Simmonds visited at Oklahoma City last week.

Mrs. John Rennels, Lavern and Norman Shultz, Clara Nell Johnson, Bob Simmonds, George Erwin Johnston, Faith Cribbs, and Elizabeth Whitten are on the sick list this week.

D. M. Shultz was honored with a dinner at his home Sunday, the occasion being his 82nd birthday.

Those present were Hugh Shultz and family, G. A. Shultz and family, Lee Shultz and family, Bertha Shultz and Johnnie Lee Tarver, all of Thalia; Mr. and Mrs. C. D. Hancey of Five-in-One and Richard Johnson and family and Dave Shultz and family.

Miss Merledene Whitten and Mr. and Mrs. Edward Hendrix left Thursday for Shula Vista, Calif.

Cap Adkins and son, Douglas, were business visitors in Wichita Falls Wednesday.

Mr. and Mrs. Alvin Crews of Harrold announced the birth of a boy last week. Mrs. Crews will be remembered here as Miss Myrta Flinn.

Austin Hudson, who has been staying with Mr. and Mrs. Walter Carr, left Saturday for Sherman.

Mr. and Mrs. G. W. Scales and daughter visited Mr. and Mrs. Alex Oliver and Mr. and Mrs. Raymond Oliver of Knox City and attended a singing at O'Brien Sunday.

Mrs. R. F. Derrington, Winifred Taylor, Mary Evelyn Adkins, Kenneth Bradford, Buddy Derrington, Mrs. C. H. Sitton, Delbert Johnston and Cap Adkins, who were ill last week, are improved.

Douglas Adkins spent from Wednesday until Sunday at Decatur visiting his brother, Houston, who is attending Decatur Baptist College.

The Founder's Day program that was scheduled to be presented Thursday night, Feb. 18, has been postponed indefinitely on account of illness.

Mr. and Mrs. Fletcher Ramsey and children, John Adkins and Mr. and Mrs. Roy Davenport visited at Wichita Falls Sunday.

Mrs. Roland Taylor of Dallas spent the week-end with Mrs. Joe Johnson.

Melvin Flinn and Oscar Brown of Harrold visited Mr. and Mrs. Delbert Johnston Tuesday.

Mr. and Mrs. Oswald Haynes and children of Vernon spent Sunday afternoon with Mr. and Mrs. R. F. Derrington.

Mr. and Mrs. Fred Wilhelm and daughter, Wilma Grace, and Mr. and Mrs. Otis Dunsen and son, Kenneth Ray, were visitors at Wichita Falls Sunday.

Mr. and Mrs. Crews of Electra visited Mr. and Mrs. R. L. Rhey Friday. Mrs. Crews is Mrs. Rhey's sister.

Erwin Reed spent the week-end with his wife, who is attending school in Denton.

Mr. and Mrs. F. A. Streit and daughters, Emma, Agnes and Lillian, of Five-in-One, Mr. and Mrs. Louie Reithmayer and daughter, Neva Joy, of Crowell and Mr. and Mrs. Otto Schroeder and daughters were visitors in the Herman Gloyna home Sunday.

Mr. and Mrs. Delbert Johnston and son visited Edward Johnston and family of Vernon Sunday. They were accompanied there by W. C. Johnston of White City, who spent the week with them.

Mr. and Mrs. Leonard Duncan moved last week from Thalia to the house vacated by the Kitchen family. The Kitchen family moved to the Thalia community.

Robert Ray Gloyna, 7-year-old son of Mr. and Mrs. Herman Gloyna, was slightly injured Saturday afternoon when he fell under a tractor at the family home. He was rushed to a Vernon hospital where it was found only minor bruises were sustained. A front wheel of the tractor ran over his foot and arm.

Olen Johnston and son of Vernon visited Mr. and Mrs. Delbert Johnston Sunday.

Mr. and Mrs. Johnnie Wright of Margaret visited Mr. and Mrs. Carl Bradford Sunday night.

Dorothy and Austin Hagg and Beatrice Gamble of Thalia and Mr. and Mrs. Frank Ward visited in the Tom Ward home Sunday.

Mr. and Mrs. F. W. Butler of Thalia visited friends and relatives in this community Sunday.

FOARD CITY (By Mrs. George Cannon)

Miss Alma Patton of Crowell spent last week with her sister, Mrs. J. L. Farrar.

A large crowd enjoyed a fish fry at the church Tuesday night. It was sponsored by the Sunday School. An interesting program was given by Mrs. Joe Morris, Billy Bob Marts, Estelle Autry, Dovie Barker, Helen Ruth Marts and Evelyn Barker. Rev. G. E. Tyson of Truscott told an interesting story. E. V. Halbert awarded prizes to Billy Bob Marts, first; and Mrs. Morris, second.

Mrs. Roberta Barker of Crowell and Mrs. Victoria Ryan of Thalia attended the club meeting here Tuesday.

Mrs. A. R. Johnson attended the funeral for Sam Eubank at Amarillo last Wednesday.

A tacky party was enjoyed by a large number Wednesday night at the home of Mr. and Mrs. J. A. Covington, honoring Mrs. Ted Jones of Anna. A prize was given to C. G. McLain for being dressed the tackiest.

Mr. and Mrs. Jim Harker and children of Quail visited her mother, Mrs. W. M. Randolph, Sunday.

Mrs. L. P. Glover was called to Crowell Saturday on account of her father, Uncle Ben Meason, being ill.

M. L. Owens returned home from the Veterans' Hospital in Muskogee, Okla., Saturday where he had been for treatment.

Rev. H. H. Henry of Crowell filled his regular appointment here Sunday and Sunday night at the Baptist Church.

Mr. and Mrs. A. Weatherall visited their daughter, Mrs. T. M. Whitty, and family of Odessa over the week-end.

Mrs. Ted Jones and little daughter, Doris Helen, who had been here visiting her brother, C. G. McLain, and family for several weeks, returned to their home at Anna Saturday afternoon. They were accompanied by Mr. and Mrs. McLain and Nina Covington, who returned Monday.

Mrs. J. L. Farrar entertained four tables of guests at her home Thursday night honoring her sister, Miss Alma Patton, of Crowell, and Mrs. Ted Jones of Anna. The tables were arranged for games of forty-two. The guests were: Nina and Harley Covington, Miss Hancey, Miss Bowley, F. U. Powell, Hareus Mills, Fate McDougle, Heuston McLain, Frank Weatherall, Mrs. Ruth Marts, Hazel Canup, James Stone and Mr. and Mrs. Percy Stone. Refreshments were served by the hostess.

Rip Welch returned to his home at Anna Saturday. He has been here all winter with his brother, T. F. Welch, and family.

George Thompson of Lubbock and Carrol Thompson of Crowell spent Saturday with Mr. and Mrs. Carval Thompson.

Mrs. Catherine Whitty and daughter, Edna Gene, of Odessa are visiting her parents, Mr. and Mrs. A. Weatherall, and other relatives here.

Glendon Glover spent a few days last week with her grandfather, Uncle Ben Meason, of Crowell.

Boy Who Plays Piano No "Sissy" Says Professor

Fort Worth. — The boy who plays the piano is no longer a "sissy."

"The 'sissy' idea is out—definitely," says Prof. Claude A. Sammis, head of the music department at Texas Christian University.

Slightly more than one-fourth of the students in the department are boys, he reports.

"A general public snicker and a boyish gritting of teeth—accompanied by a hearty howl from proud mammas—all too often characterized the masculine species in the musical world of a few years ago," Prof. Sammis comments.

"Today, the cultural atmosphere of music no longer marks a boy as a 'sissy,' but distinguishes him in the public eye."

Why do boys choose music as a field for study?

Well, they are musically inclined to start with, and, as one boy puts it:

"There are so many good fields into which one may enter after graduation—radio, teaching, theater, public school music, or forming one's own band."

"And we can't keep up with the demand for qualified men and women," Prof. Sammis adds. "Every music graduate during the past five years has found a position awaiting him, or her."

TRUSCOTT (By Ethel Mae Chilcoat)

Miss Bessie Traweck, who is working in Vernon, is visiting her parents, Mr. and Mrs. B. Traweck, this week.

Clarence Woodward and Gordon Acker were in Anson on business Monday and Tuesday.

The sophomore class mothers, Mrs. Doc Abbott and Miss Ethel Mae Chilcoat, entertained the class with a Valentine party Monday night. "Hearts" and other games were played. Refreshments were served to the following: Katherine Browning, Mary Jo Chilcoat, Mildred Black, Helen Chowning, Sarah Ruth Aldridge, Mr. and Mrs. Presley Chilcoat, Gene Whitaker, Joe B. Turner, Melvin Ryder, Kenneth Gillespie, Lawrence Abbott and the sophomore sponsor, Miss Lelah Jones.

Miss Estelle Chilcoat spent the week-end with Miss Edith Banks of Gilliland.

Many will be happy to learn that E. G. Campsey, who has been very ill, is a great deal better at this writing.

A business meeting of the Senior B. Y. P. U. was held at the Baptist Church Wednesday night. Programs were planned for the rest of February. All young people are urged to attend.

The Truscott Odd Fellows have spent several days this week improving the lodge hall here. The entrance has been remodeled and built nearer the street.

Mrs. R. V. Berg, class mother, and Miss Eileen Motley, sponsor, entertained the Seniors Friday night with a theatre party.

Mrs. Bruce Eubank entertained friends Saturday night with a "monopoly" and domino party.

Mrs. Mae Montgomery of Hobbs, N. M., visited in the home of her brother, John Holmes, Friday night.

Mrs. Oscar Solomon went to Crowell Friday for medical treatment.

Mr. and Mrs. Pinky Long visited in the home of her parents, Mr. and Mrs. John Holmes, Sunday.

A. F. McMinn went to Benjamin Saturday on business.

The pansy quilt that the Methodist women had quilted was given away Saturday to Mrs. A. S. Tarpley.

Mr. and Mrs. J. R. Reeves and little daughter, Rosina Grace, of Mineral Wells visited in the home of Mr. and Mrs. C. C. Browning during the past week.

Mr. and Mrs. A. S. Tarpley were in Crowell Monday, Mrs. Tarpley having dental work done.

Louis Cartwright was here last week on official duty.

Jack Brown was in Seymour

THANK YOU Friends of Chevrolet FOR YOUR LOYALTY AND WILLING PATIENCE in waiting for delivery of your new Chevrolet cars and trucks Deliveries of new Chevrolets are now being made in ever-increasing numbers. Production in the great Chevrolet plants is increasing with each passing day. To more than 100,000 loyal buyers who have patiently awaited delivery of new Chevrolets ordered weeks ago—and to scores of thousands of other people who are placing their orders now—our thanks and our assurance of quick delivery! Chevrolet production is rapidly increasing, and delivery of your car will be made soon, if you have placed your order in past weeks, or if you place it today! Moreover, we can assure you that you will be amply repaid for insisting on getting a new Chevrolet, because it's the only complete car—priced so low... and because it will bring you more value than you can possibly get anywhere else at such low prices. Thank you again for your loyal friendship—and you will thank us when you take the wheel of these better, more modern low-priced cars and trucks. For quick delivery—place your order now! CHEVROLET MOTOR DIVISION General Motors Sales Corporation DETROIT, MICHIGAN CHEVROLET THE ONLY COMPLETE CAR—PRICED SO LOW NEW HIGH-COMPRESSION VALVE-IN-HEAD ENGINE—NEW ALL-SILENT, ALL-STEEL BODIES—NEW DIAMOND CROWN SPEEDLINE STYLING—PERFECTED HYDRAULIC BRAKES—IMPROVED GLIDING KNEE-ACTION RIDE—SAFETY PLATE GLASS ALL AROUND—GENUINE FISHER NO DRAFT VENTILATION—SUPER-SAFE SHOCKPROOF STEERING. *Knee-Action and Shockproof Steering on Master De Luxe models only.

Crowell, Texas, February 25, 1937

Texas Is First to Start President's Farm Tenancy Plan

Dallas, Feb. 24.—Texans were the first to suggest the program for remedying farm tenancy which President Roosevelt submitted to Congress last week, and Texas has already made definite progress toward putting this program into effect.

Texas has one-tenth of all the tenant farmers of the United States, and yet it has more virgin soil than all other Southern states combined, waiting to be broken up into fertile farms for sale to these tenants.

A. G. (Pat) Mayes, newspaper publisher of Paris, Texas, was the man who sixty days ago laid before President Roosevelt's special committee on farm tenancy the program which that committee later adopted, substantially as Mayes submitted it, and this was the report which the President submitted to congress last week with recommendations that "we can no longer postpone action."

One group of former tenants have been established for more than a year on their own farms at Ropesville, near Lubbock, Texas. In a dozen other Texas counties, carpenters' hammers are busy today building houses on farms to be sold to tenants, and remodeling the present houses.

Fifty-nine farms covering 10,619 acres have been bought scattered over North and Central Texas, at a price of \$499,621. Tenant farmers are already located on these farms, having been nominated by local advisory committees, who vouched for their ability and character. Another project, for 93 farms, is under construction on a block of irrigated land of the Wichita River Valley, near Wichita Falls, and contract is about to be let for construction of buildings for 81 farms on a 5,990-acre tract 20 miles east of Houston.

One of the President's recommendations to congress covered, in substance, the kind of activities which are now being carried on by the Resettlement Administration's rural rehabilitation division, through which \$9,010,971 was loaned during 1936 to 29,653 Texas farm families. The President's recommendation was "to help the masses of tenants, croppers and farm laborers at the very bottom

of the agricultural ladder increase their standards of living, achieve greater security and begin the upward climb toward land ownership." Loans made last year in Texas enabled such families to buy 26,569 horses and mules, 8,981 cows, and more than half a million dollars worth of farm machinery, in addition to financing them for their year's operations at a rate of five per cent, where they had been accustomed to paying up to thirty or forty per cent.

This part of the President's recommendation also included "steps to prevent small owners from slipping into tenancy." Action taken by the Resettlement Administration in Texas to assist farmers in adjusting bad debts and preventing foreclosure has already resulted in helping 3,315 farmers to reduce an original indebtedness of \$11,649,376 by \$1,551,295, and to continue to operate in their own name a total of 857,508 acres.

Somebody Said

Purloined Pointed Paragraphs

Do not think you are the only brainy man in the business; the rest of the staff doesn't.

True wisdom is to know what is best worth knowing and to do what is best worth doing.

If you want to test your memory, try to remember the things that worried you yesterday.

One reason why so few recognize opportunity is because it is disguised as hard work.

Money-making may not be the true end of life, but it's often the real beginning of living.

Only an effort of will divides the scatter-brained from those who can really concentrate.

Is it not a fact that only a thin space separates the notable from the not able printer?

A man can easily save twenty years of his life by studying the experience of others.

Creative selling doesn't exist. You have to create it.

No business has ever yet run itself and paid a profit.

Incompetence most often springs from indifference.

Modesty, like a blue serge suit, is always becoming.

I call my bank roll Georgette—because it's so thin.

Cold feet often carry a hothead away from trouble.

It is easier to raise objections than it is to get busy.

The man whose only aim is fame is apt to miss fire.

The man who really rights a dyspepsia is a good foundation for a bad temper.

Work is dull only to those who take no pride in it.

The dimmest lights have the most scandalous power.

Buried at Lake Placid

John Brown's body is buried on a farm he owned two miles east of Lake Placid, N. Y.

Records of Water Wells in Hardeman Placed in Libraries

The Board of Water Engineers has placed copies of the records obtained by the Works Progress Administration Hardeman County ground-water project in the local libraries. The purpose of this project was to obtain information concerning existing wells to ascertain the quantity and quality of water they yield, to put down test holes in areas where no wells of any kind existed, and to compile and publish the information thus obtained.

This mimeographed release on Hardeman County is one of the studies in the study of the ground-water supply in Texas. The records published will be a great help to well drillers and water-supply engineers and geologists working in the county. They will serve as a guide to all persons interested in the industrial and agricultural development. Local people will be interested in the chemical analyses of the water they drink and they may find the analysis of water from their own well. Prospective buyers of undeveloped land will be able to ascertain the depth to water and its probable chemical character from the records of nearby wells.

County agents, home demonstration agents and teachers of vocational agriculture often find these reports of considerable help in their work. The Board of Water Engineers and the United States Geological Survey use these records as a basis for their replies to inquiries from individuals and from industries requesting information pertaining to ground-water. These data serve as the ground-work for later quantitative ground-water studies to be carried out as needed by the Board of Water Engineers assisted by the United States Geological Survey. When these later quantitative studies are completed, they will incorporate and co-ordinate the results of the well and spring inventory and will enable the people of the State to develop and regulate intelligently the withdrawal of water from the ground, thus assuring them that an essential resource will not be needlessly exhausted.

The field work was started in Hardeman County on December 19, 1935, with F. E. Russell as project superintendent. Mr. Russell resigned to accept private employment and L. P. Huggins finished the work. The Wichita Falls Works Progress Administration office made the work possible by their help and co-operation. This project was part of a state-wide ground-water project. The United States Geological Survey operated in the technical direction of the work and Dr. E. P. Schoch of the Bureau of Industrial Chemistry of The University of Texas directed the chemical work. Samuel F. Turner of the United States Geological Survey was technical director and W. O. George of the Board of Water Engineers was assistant director of the state-wide project.

This release contains the descriptions of 588 wells and 10 springs, 10 drillers' well logs, records of 24 test holes, and the chemical analyses of 415 water samples. The locations of all the wells, springs, and test holes listed are shown on 3 maps in the back of the release.

Copies of this release may be consulted in the Wilbarger County Library at Vernon, and in the high school libraries at Quanah, Chillicothe, Crowell, Paducah and Childress.

Emerson's first book, an essay on "Nature," appeared in 1836.

GOOD CREEK (By Vieche Phillips)

Mr. and Mrs. H. K. Black spent Tuesday with Mr. and Mrs. Charley Parr of Chalk.

Wilson Myers of Truscott, J. B. and Baylor Weathered of Claytonville visited C. E. Dunn and Roy Daniels Tuesday.

Mrs. Edith McBride and Raymond Whitley of Pecos, Okla., spent the past week with their parents, Mr. and Mrs. J. P. Whitley.

Mr. and Mrs. G. T. Hinkle and children of Beaver spent Tuesday with Mrs. L. R. Scott.

Mrs. D. D. Stinebaugh and daughter, Betty Lou, spent Sunday with Mr. and Mrs. Tom Moody of Truscott.

Mr. and Mrs. J. T. Vessel Jr., of Crowell and Mr. and Mrs. W. M. Howell of Claytonville visited C. E. Dunn Sunday.

Mr. and Mrs. Pat McDaniel of Crowell spent Sunday with her parents, Mr. and Mrs. J. P. Whitley.

Veneta Parr of Chalk has returned home after a few days' visit with Mr. and Mrs. H. K. Black.

Pauline Stinebaugh of Truscott spent Saturday night with her mother, Mrs. D. D. Stinebaugh.

Mr. and Mrs. W. M. Howell of Claytonville spent Sunday with Mr. and Mrs. Carl Cox.

Mrs. L. R. Scott and children, Larue, George Lewis and Letta Murrel spent Thursday night with Mr. and Mrs. G. L. Scott of Crowell.

Mrs. C. E. Dunn has returned home after a few days' visit with her son, Clarence Dunn and family, of Quanah.

Mrs. J. M. Speck of Claytonville and Mrs. D. D. Stinebaugh visited Mrs. Tom Moody of Truscott Friday.

Pauline Stinebaugh, who is attending school there, returned home with them to spend the weekend.

D. H. Scott of Black was in this community on business Friday.

C. E. Dunn visited his son, Clarence Dunn of Quanah Thursday.

R. L. Thomas is ill with measles and pneumonia.

Cecil E. Dunn of Black visited his parents, Mr. and Mrs. C. E. Dunn, Friday.

Vieche Phillips spent Saturday with Inelia Milburn of Crowell.

Billy Jo Scott spent Saturday with Opal Milburn of Crowell.

Mr. and Mrs. A. C. Hinkle visited Mr. and Mrs. W. H. Milburn of Crowell Saturday.

Mr. and Mrs. Other Fortner and son, O. L., of Berger visited friends and relatives in this community Sunday.

Ike Wilson of Crowell visited his mother, Mrs. R. L. Thomas, Sunday.

Betty Lou Stinebaugh is visiting her uncle, Frank Gilland of Truscott.

Bill Dunn has returned home after a few days' visit with his brother, Cecil E. Dunn, of Black.

FORD HOME ALMANAC

Brifful of useful facts and information and other material of human interest, the Ford Home Almanac for 1937 goes to the homes of the United States this week, distributed free by dealers of the Ford Motor Company.

Readers of the booklet will find that, in addition to the time of sunrise and set, adjusted to each latitude; moon phases, eclipses and the usual other information given in Almanacs, the Ford Home Almanac is replete with interesting reading material dealing with ancient and modern prophecies, some of which shaped the destiny of different countries; sea mysteries that generations of research have not solved and other miscellany.

There are also short articles dealing with the views of Henry Ford on various subjects, as well as an article showing in detail what he has done with the \$13,000,000,000 which the public has paid for Ford cars and trucks since the Ford Motor Company began business in 1903. Most interesting are the facts that, of this vast sum, the Ford Motor Company retained for itself but 4.4 cents out of every dollar, spending the remainder, totaling nearly \$12,500,000,000 for wages, taxes and materials.

While such information about the modern world's greatest industries will be found interesting by students, teachers and economists, the housewife and mother will also find the little book handy because of the reliable information it brings for first aid treatments in many different kinds of emergencies, hints for the kitchen and care of the garden and a well planned garden chart. The motorist planning a trip to any part of the United States will find in the Almanac a chart giving accurate mileages between important cities.

BITS OF PHILOSOPHY (CIA)

Fan the flame of youth, but don't get burned. Poverty seldom catches him who works when he doesn't have to. Hating others makes one the constant companion of his own shadow. Wholesome thoughts within are without.

HOUSEHOLD HINTS

If a tablespoon of flour is mixed with the sugar put in custard, the latter will not curdle so readily. A quick application of ammonia will make the brownish purple stain caused by iodine disappear. When making mush to be fried use a little milk with the water and it will brown quicker.

CLAYTONVILLE (By Fairlee Weathered)

Mr. and Mrs. C. E. Dunn of Good Creek visited Mr. and Mrs. W. M. Cox Sunday.

Mrs. Wilson Myers of Truscott is spending the week with her mother, Mrs. Jim Weathered.

W. C. Golden visited his son, Ambrus Golden, and family of Benjamin Monday.

Mrs. G. W. Brown and daughter visited Mrs. Bryant Little of Good Creek Tuesday.

Mr. and Mrs. Carl Cox of Good Creek visited Mr. and Mrs. W. M. Howell Saturday.

Mr. and Mrs. Rufus Nall of Foard City spent Monday evening with Mr. and Mrs. J. M. Weathered.

J. B. Weathered and W. C. Golden visited A. L. Davis of Good Creek Sunday.

Jodie Brown visited on Antelope Flat Sunday.

Bill Dunn of Good Creek visited J. B. Weathered Monday evening.

Mr. and Mrs. G. C. Owens and family visited Mr. and Mrs. Tom Moody of Truscott Monday.

Glendon Glover of Foard City spent Tuesday night with Mary Ermine Owens.

Know Texas

Denton.—Did you know that if every individual in the State of Texas would try to draw one book out of the 56 public libraries, there would be four people to every book. Of the thirty-six cities in Texas above 10,000 in population, seven do not have tax supported public libraries, and 2,800 rural communities are without library facilities.

Considerable progress has been made in recent years in the building of libraries for the use of the general public and in educational institutions, but the State is still deficient as measured by the standards of many of the older commonwealths.

The library work of the state is administered by the State Library and Historical Commission. Under it the State Library, which is housed in the capitol, has been built to a collection of approximately 180,000 volumes. It is next to the library of the University of Texas in size. The Houston Public Library contains 162,481 volumes; the Dallas Public Library 123,448; San Antonio Public Library, 112,852; Carnegie Public Library, Fort Worth, 108,567.

In 41 colleges and universities of the state, there are 35 books to every student enrolled. The University of Texas library, with almost 500,000 volumes, is the largest in the state, and also possesses a number of notable collections. Next to the University of Texas, Rice Institute, Houston, has the largest college library with 118,700 volumes; Southern Methodist University, with 85,000; Baylor, 65,216; Texas A. & M., 52,728; and Texas State College for Women, 50,500.

Denton.—Approximately 18,668 unfortunate Texans will require care from state-supported charitable institutions this year. The blind, the deaf, the dumb, the insane, the aged and homeless men, women and children, and the tuberculosis patients of the state are now cared for in seventeen separate institutions widely scattered over the state.

To care for this large number of unfortunates, the Board of Control recently recommended a budget of \$14,228,299. It has also recommended a new insane hospital in West Texas, centrally located, to serve that section; facilities for 150 additional patients at the Abilene State Hospital for Epileptics; a new building at the Gainesville Girls' Training School; and the expansion of child welfare di-

A beetle found in Java secretes a narcotic. It allows ants to feed on this secretion, which causes them to become unconscious and easily eaten.

New Refining Process May Make Texas Potash Important New State Industry

DALLAS—Recent perfection of a new refining process means that a 57,000,000-ton bed of polyhalite near Midland, Tex., may soon attain the industrial importance predicted for it when it was first discovered 12 years ago.

This polyhalite, says a report to the All-South Development Council by Max Agnew of Dallas, its discoverer, is a peculiarly economical source of potash. Under the process just perfected by Dr. E. P. Schoch of the University of Texas after a decade of painstaking experimentation, it is possible to produce also magnesium carbonate, for insulating and a "very superior" hard plaster directly from polyhalite without discarding a bit of the mined material.

Reputed as one of the most important of the many commercially undeveloped natural resources of Texas, polyhalite could become one of the state's biggest contributions to the nation's agriculture and industry, ranking with oil, natural gas and sulphur in diversity of use, the report says.

Fair freight rates, dependable consumer demand, and assurance that it will not serve as a shining mark, as other natural resources have done, for excessive state taxation revenue are factors entering into proper development of polyhalite, as of other potential resources, points out Horace Loomis, executive secretary of the Council. He said elimination of the present constant threat of increased levies on the state's natural resources is a requisite to encouragement of all new industries in Texas.

The "balance of trade" could be swung much more strongly in favor of the United States, which now imports more than 50 per cent of the potash it uses, with establishment of this industry on a big scale, the report says. Other bene-

Max Agnew of Dallas, discoverer of the great West Texas potash deposits, is shown pointing out their location in Midland, Crane, Upton and Ector counties. He holds a specimen of the unique polyhalite, source of potash and plaster, in his hand.

fits, principally affecting Texas, would be extensive mine and refinery payrolls, sizeable shipping and rail freight contracts, cheaper and better sulphate of potash for many Texas agricultural uses, and cheaper and better plaster for Texas building, where the trend in house construction now is strongly toward more use of plaster.

Mr. and Mrs. Henry Johnson and Mrs. Clyde Coby left Wednesday morning for Abilene to visit Mr. and Mrs. Johnson's daughter, Miss Lona, student in Abilene Christian College, and also to attend lectures at the college.

Mr. and Mrs. Joe Cook and daughter, Barbara Jo, and Mrs. Cook's sister, Miss Gertrude Messinger, of Oklahoma City spent the week-end in Crowell visiting Mr. Cook's parents, Mr. and Mrs. J. W. Cook, and other relatives.

Miss Juanita Hunter returned Wednesday from Oklahoma City, where she had been visiting in the home of her brother for the past several weeks. She visited in the home of Mrs. Eva Ashford Wednesday and Thursday before returning to her home in Margaret.

Mr. and Mrs. Harvey Turnbough of Lubbock spent Saturday evening and night in the home of Mrs. Turnbough's parents, Dr. and Mrs. R. L. Kincaid, and visited relatives in Quannah Sunday. They returned to Crowell Monday for a short visit before leaving for their home.

Mr. and Mrs. S. S. Bell returned home last Thursday from Dallas where they were called two weeks ago on account of the serious illness and death of Mrs. Bell's brother-in-law, E. S. Haggard, former Foard County resident, who lived here during 1918 and 1919. Mr. Haggard, 67, died Feb. 11 following a lingering illness of three years. Burial was in the Plano cemetery Feb. 13. Survivors include his wife and one daughter, Miss Isabelle. Mr. and Mrs. Thomas Hughston and Mrs. Georgia Pittillo of Crowell also attended Mr. Haggard's funeral. Mr. Hughston returning home Monday and Mrs. Hughston and Mrs. Pittillo coming home with Mr. and Mrs. Bell.

On Saturday, March 6, the annual bargain rate of \$1.50 per year for subscriptions to The Foard County News alone, will be withdrawn and the regular subscription price of \$2.00 per year will again be in effect. We are anxious for all of our readers to take advantage of this opportunity and hope that they will do so before March 6. Some of the clubbing offers may be continued for a longer period. We hope on this date to close one of the most successful subscription campaigns in many years and with the co-operation of the small number who have not yet renewed their papers for another year this can be done.

We appreciate the splendid support of our large list of loyal subscribers and advertisers which makes it possible for Foard County to have a weekly paper and encourages us to double our efforts to publish a paper that will merit this confidence.

Since the last list was published Feb. 9, two weeks ago, 45 renewals have been received and 6 new subscribers added to our list. They are as follows:

Mrs. S. S. Shanklin, Rock Springs; Henry Williams, Gilliland; Roy Archer, city; A. T. Beazley, Rayland; B. F. Ivie, city; Miss Leona Young, Dallas; A. F. Cannon, city; O. H. Nelson, Vivian Rt.; Orville Orr, Austin; Mrs. P. D. Ferguson, Mangum, Okla.; William Wisdom, Thalia; Miss Katie Ward, Lubbock; H. A. Stinebaugh, Carbon.

Schlagal, Rt. 2; Roy Fox, Paducah; Glen Fox, Kermit.

Texas Employment in January Shows Increase Over 1936

Austin. — Approximately 1,600 Texas establishments have reported 77,000 workers employed in January, an increase of 8.8 per cent over the year before, but 3.3 per cent under the preceding month, it was stated by the University of Texas Bureau of Business Research. Aggregate weekly pay rolls of these establishments were \$1,791,682, an increase of 14.9 per cent over January last year, but 2.6 per cent below December, 1936.

Cities in which the increase in employment and pay rolls in January equaled or exceeded the average increase for the State were: Amarillo, Denison, El Paso, Houston, Laredo, San Antonio and Sherman.

The following industries showed records superior to the State average: Building materials, clothing and textiles, food products, and furniture manufacturers.

Punishment for Greek Poet

Because he wrote a satire on Ptolemy II Philadelphus, the Greek poet Sotades was shut up in a leaden chest and thrown into the sea in the 3rd century B. C.

Crowell Wins—

(Continued from Page One.)

year by placing three men on the team and tying for a fourth position.

Ranner-Ups

Crowell and Quail were runners-up in their brackets and played a game for the tournament basketball after the Carey-Lakeview game to determine the winner of the third place which the Wildcats won by the decisive score of 43 to 34.

Crowell defeated Paducah, 39-28, Quittaca 31-16 and lost to Carey 44-24, in the semi-final game.

Quail beat Dumont 33-8, Childress 23-21, and were nosed out 24-23, by Lakeview.

Quail has a very strong team this year as they have won five of the six tournaments that they attended.

Dark Horse

Lakeview was not given a chance to go very far in the tournament but they came thru with flying colors. In their first game they defeated Quannah, the team predicted to win second place, by a score of 19-16, and defeated Silverton and Quail to enter the final.

Brought Own Table Tools

Gentlemen in Anglo-Saxon days brought their own knives with them to table.

Top Notch Program At Rialto This Week

Local theatre-goers will have their last chance to the world's figure skating champion and newest Hollywood sensation, Sonja Henie, in the last showing of "One In A Million" Thursday night. This picture is one of the most unique that has ever shown in Crowell as the dancers are on skates and several new song hits were introduced in this production. Miss Henie is supported by Adolphe Menjou, Jean Hersholt and with an array of other popular stars and comedians.

Bob Allen returns to the local silver screen Friday night and Saturday matinee in a western, "Ranger Courage."

Warren William, Karen Morley, supported by that grand old man of the screen, Lewis Stone, are starred in "Outcast," which is the attraction for Saturday night.

Edward Arnold, proven to be a great star by his performances in "Diamond Jim Brady" and others, returns in an even greater picture, "John Meade's Woman," which will be featured during the week-end. Mr. Arnold plays the part of a wealthy man who is master of everything but love. Francine Lawrence, stage sensation, Gail Patrick and George Bancroft lead the supporting cast.

"Rose Bowl," showing at the Tuesday matinee and night, features Eleanore Whitney, dancing star, Tom Brown and Larry Crabbe.

Starting next Wednesday and Thursday is a love story of the Mississippi, "Banjo On My Knee," starring Barbara Stanwyck and Joel McCrea.

SORE THROAT—TONSILLITIS!

"Bankers' Hours"

... Are Not What They Seem to Be

Many people think that a banker's day starts late and ends early—that a banker spends very little time in actual banking. These people have no conception of the tremendous amount of labor necessary to keep the bank's affairs in the absolutely balanced state that they must be. Thousands of clerical operations keep the bank's business in perfect order, night and day—and they are mostly done after the doors have been closed for the day. And then think of the constant 24-hour guard the bank keeps on your money—as efficient as if a cordon of police surrounded it by night and day. No, bankers' hours are not easy hours. They are the long, long hours needed to build up an institution to which you can point with pride and say "MY bank!"

CROWELL STATE BANK

Foard Farmers—

(Continued from Page One.)

United States congressmen from Texas, follows:

We, the farmers of Foard County, Texas, in convention assembled in Crowell, Texas, voted unanimously to indorse the President's proposal to reorganize the Federal Courts of the United States.

(Signed) E. V. HALBERT, President of the Foard County Protective Association.

The soil conservation resolution, sent to Senator Ben G. Oneal and Representative George Moffett in Austin at the same time, follows:

We, the farmers of Foard County, Texas, in convention assembled in Crowell, Texas, do hereby indorse the Senate Bill No. 4 by Davis, and House Bill No. 24 by Fuchs.

(Signed) HENRY L. AYERS, President of the Foard County Agriculture Association.

Cotton—

(Continued from Page One.)

with other countries, such as Brazil, in price.

The Cotton Co-Operations have several thousand bales of short staple cotton on hand that they can not dispose of, even at a loss. Foard County farmers would profit by improving the quality of their cotton because there is \$6.25 difference between thirteen-sixteenth and seven-eighths inch staple per bale. Mr. Emmert stated.

CARD OF THANKS

We want to thank each and every one for your kindness shown us during the illness and death of our husband and father, John Sims. We are also very grateful for the beautiful floral offering.

Chevrolet Car Shipments Will Be Under Way Soon

Detroit, Feb. 16.—W. E. Holler, vice president and general sales manager of Chevrolet, announced this week that every consideration will be given to the thousands of customers who have demonstrated their loyalty to Chevrolet by leaving their orders with dealers in spite of the fact that they did not know when they could get delivery.

In a communication to Chevrolet's 10,000 dealers, Mr. Holler requested them to extend his thanks to the thousands of purchasers who were willing to await resumption of production for delivery of their cars. He also assured dealers that new orders for Chevrolets will receive immediate attention and that deliveries will be made with the utmost rapidity.

"It is a source of deep gratification to me and to everyone in Chevrolet to notice the fine spirit of co-operation exhibited by the public," Mr. Holler declared. "We have received hundreds of letters here in Detroit from customers assuring us their willingness to take delivery as soon as we could obtain the materials which would permit us to resume production.

"Production now has been resumed, and shipments of new cars will shortly be under way. We expect to be producing at capacity within a few days in order to reward the loyalty and patience of the public with deliveries of new cars with all the speed of which we are capable."

Mr. Holler pointed out that in November and December Chevrolet enjoyed two of the most successful months in its history, producing and delivering more than 200,000 of the new 1937 models.

New sales records have been consistently set up ever since the announcement of the new models last November, the sales chief recalled.

"We will bend every effort toward returning to a high peak of business as quickly as possible," Mr. Holler declared. "In the meantime, the many thousands of orders from Chevrolet customers, which we have not been able to fill during the recent stoppage of production, will be filled as soon as normality can be restored to the assembly lines."

Two Minute Sermon

(By Thomas Hastwell)

The Man Without A Friend: In the book of John is told the story of Christ's miracle, the healing of the cripple at the pool of Bethesda. The text, in describing the incident, states that this certain cripple had been so incapacitated for thirty-eight years and repeatedly came to the edge of the pool that he might be first to plunge into its bubbling depth that he might be freed from his deformity, but, he said in answer to Christ's question "Wouldst thou be made whole?" "Sir, I have no man, when the water is troubled to put me into the pool, but while I am coming another steppeeth down before me." Christ instantly healed him. It has always been a significant thing to me that Christ in choosing a subject for this miracle did not choose one of the well-to-do, well known cripples of Jerusalem, but there that day by the sheep gate of the city chose a man so poor and so friendless that he did not even have a single friend to help him into the pool and relieve him of a lifetime of helplessness. It is evidence to all who look to him for strength and aid that his response is not dependent upon wealth or position or popularity or friends but upon the individual need.

CHURCHES

Christian Science Church

Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8 o'clock. Sunday, February 28, 1937. Subject: "Christ Jesus." The public is cordially invited.

East Side Church of Christ

Sunday School at 10 a. m. Preaching at 11 a. m. and 7 p. m. by Elder Alvin A. Mitchell of Vernon.

Methodist Church

Rev. W. L. Tittle of First Church Vernon was a very pleasant visitor at our Brotherhood meeting last Monday evening. The meeting was well attended and a joyous and profitable evening was spent. Thanks to the program committee, H. E. Ferguson and Gordon Cooper.

The theme for next Sunday morning will be "Forty" or "The Noontide Ghost." This message should be heard by our citizenship.

Services will be held at Black school house Sunday afternoon at 3 o'clock.

E. L. YEATS.

First Christian Church

At the First Christian Church Sunday morning the minister, Rev. John William Tyndall Jr., will preach on the subject: "The Message To the Church at Laodicea." This will conclude the series of sermons from the Book of Revelation started some time ago. The message to the Church at Laodicea is the message to the church today and this fact should make this a message of great interest to all members of the church. If John had waited until our own time to write an analysis of the spiritual condition of the church it would not vary in the least from what he wrote two thousand years ago. If you are interested in hearing themes from the Book of Revelation discussed you should hear this message for it is an eye opener. The public is cordially invited to hear this sermon. Evening worship begins at 7 o'clock.

Attendance at Sunday School is on the increase and we hope that more of our members will attend. We have classes for all ages and groups.

The order of worship is as follows: 10:00 a. m., Bible School. 11:00 a. m., Morning worship. 7:00 p. m., Evening worship.

Mid-week services will be held in the home of Mr. and Mrs. John E. Long. We are studying in a thorough way the plan of salvation laid out in the New Testament. All members and friends invited to attend. JOHN W. TYNDALL.

Christian Science Services

"Christ Jesus" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, February 28. The Golden Text is: "Jesus Christ the same yesterday, and today, and for ever" (Hebrews 13:8.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "If ye abide in me, and my words abide in you, ye shall ask what you will, and it shall be done unto you" (John 15:7.)

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mark Baker Eddy: "Jesus established in the Christian era the precedent for all Christianity, theology, and healing. Christians are under as direct orders now, as they were then, to be Christlike, to possess the Christ-spirit, to follow the Christ-example, and to heal the sick as well as the sinning" (page 138.)

Birds Don't Like Flying Scientists show that birds fly only from necessity and that those living where there is plenty of food and no danger tend to lose their aerial abilities.

THOUGHTS OF SERIOUS MOMENTS

Finish every day and be done with it. You have done what you could, some blunders and absurdities crept in—forget them as soon as you can. Tomorrow is a new day. You shall begin it well and serenely and with too high a spirit to be encumbered with your old nonsense.—Emerson.

Great minds have purposes, others have wishes. Little minds are tamed and subdued by misfortune; but great minds rise above them.—Washington Irving.

No man lives without jostling and being jostled; in all ways he has to elbow himself through the

world giving and receiving of fence.—Carlyle.

Ash, Hard, Tough Wood

Ash, once the favorite bow material of the American Indians, is almost as hard and tough as hickory, but it is lighter, a cubic foot weighing 44.35 pounds when absolutely dry.

The Modoc Indians

A tribe of Indians called the Modocs was an Indian tribe ranging about North California in 1872. After firing on the States forces, they retreated to neighboring lava beds, defended themselves until 1873. Their chief, Captain and three others were killed.

AMPUUS BEAUTIFICATION

uring the last week two orations have been engaged in beautifying the high school grounds. The Vocational Agricultural classes have devoted much to the planting of twenty-five Elm trees along the sidewalk leading to the building. After proper fertilization, the trees were carefully planted and watered. The wooden tiles were placed in each tree. Almost all the trees in both V. A. classes aided in project, under the supervision of instructor, Walker Todd.

o further beautify the grounds, the NA boys have been leveling and grading the front yard of building. Excavation has been from the high places, and dirt obtained was then used filling in other parts of the

HIGH SCHOOL PESTS

Every hour, ladies and gentlemen of the Crowell High audience, we have with us a whole class-room of amateurs.

First, is the note writer, better known as "Professor's Enemy No. 1." He has such sneaking ways that he is not often caught. He finally loses, however, and is given the gong in the form of a proverbial "talking to."

"All right, all right," that is enough raspberries for anyone. Next we have a gum-chewer. He has his act perfectly worked out, too. Incidentally, he has been titled "Teacher's Pest No. 2." He does not get the gong as yet, because his competition through the period is very strong, and it will take time to determine the most loose-jawed of the galaxy.

Here is a fellow of a rather odd profession. He is a "Muser." He claims that he can sit the entire hour and stare constantly at anything. Too bad, you of the audience, cannot see just how this particular individual affects a classroom.

Our last amateur is making his way toward us. No, he does not have on wooden shoes—he is just making that noise. This "Person" wins the prize of an "ousting" from the classroom for the despicable habit.

DISTRICT TOURNAMENT

the district meet the Crowell basketball team advanced into semi-finals but were beaten by Carey Cardinals by a score of 44 to 42. In the first round of tournament, Crowell won from Paducah Dragons by a score of 28 to 23. In the second round well won from Quinby by a score of 31 to 16. Richard Kelsey high point man for Crowell in the tournament; "Slats" St of Carey was high point of the tournament with 53, a dozen points better than his best opponent.

WEATHER FORECAST

or Crowell and Foard County (From dusk to dusk.)
 Feb. 25—Dust storms sweep the district.
 Feb. 26—About three-fourths the west pole moves in the general direction of the east pole.
 Feb. 27—More dust storms.
 Feb. 28—Sudden change of the weather—sandstorms.
 March 1—Light deluge of dust.
 March 2—Fair weather—exam over.
 March 3—Windy around homes ports cards received.

LOCALS

T. Graves went to Wichita Monday afternoon on business.
 Marjorie Bradford was absent from school Monday, due to illness.
 Mozelle Lemons, Dorothy Bell, Margaret Woods visited in home of Miss Lucille Vantine Quannah during the week-end.

TERRACE LINES RAN

ven thousand yards of terraces were run by several from the Vocational Agricultural classes Saturday, Feb. 20, on Key Easley's farm in the Viv community.
 Those helping in this project: Richard Davidson, Franklin S. Hughes Fish, Guyton Sikes, on Starnes and Walker Todd, instructor.

BOYS PRUNE ORCHARD

ve Crowell High V. A. boys ed 50 fruit trees in C. E. Boyd's orchard last Thursday noon.
 The process consisted of removing dead, broken and diseased ches, water sprouts, and limbs in normal positions. Saws and ing snips were the implements used. After each tree was ed, the base and cut places treated with whitewash up of 8 cups of slaked lime 1 cup of salt per gallon of water.
 Using improves the quality of produced, removes diseased so as to keep infection from iding to other parts of the

ROAD SAFETY PROGRAM WILL BE STATE WIDE

Austin, (Special)—C. J. Rutland, of Dallas, as Chairman of the Governor's Traffic Safety Committee, will direct the state wide war on traffic accidents which has been declared by Governor Allred.

Mr. Rutland was elected by the committee at its meeting in Austin last week when one hundred members gathered from every section of Texas to organize and plan a state safety program which will end the reign of Sudden Death on Texas highways and streets.

The chairman is an outstanding authority on traffic safety, having served as regional director of the National Safety Council and as chairman of the Dallas Citizens Traffic Safety Commission. He is a graduate of Texas A. & M. College and of Cornell University.

The safety program adopted by the Governor's Committee will be built around the three "E's" of safety—Engineering, Education, and Enforcement—a tried and proven program of safety endorsed by the President's National Conference on Street and Highway Safety as well as by the National Safety Council. Supplementing the three "E's" of safety will be the legislative work of the committee which urges the adoption of a stricter driver's license law and other safety legislation now pending before the legislature.

The membership of the Governor's committee is composed of representatives from women's clubs, civic clubs, parent-teachers associations, churches, chambers of commerce, automobile clubs, boy and girl scout organizations, the press and radio. In addition, public spirited citizens and public officials charged with safety responsibilities comprise this non-partisan, non-political traffic safety committee.

UNEMPLOYMENT COMPENSATION in TEXAS

Editor's Note:—Following are questions and answers prepared by R. B. Anderson, chairman-director of the Texas Unemployment Compensation Commission, which is an interpretation in simplified terms of the various provisions of the recently-enacted Texas Unemployment Compensation Act.

Further questions and answers in this series will appear in this paper from time to time.

What the Employer Pays

Question 19: "As an employer, how much do I pay, and to whom do I pay?"

Answer: The amount each employer pays to the Unemployment Compensation Fund is determined by his payroll, and on the basis of a fixed tax rate.

In the first report to the Commission, you must determine whether you were an employer during 1935 and 1936. If you were an employer during 1935—that is, during the year you employed eight or more people in 20 or more weeks—then you must report.

You have to pay the tax only on the 1936 payroll. But if you were an employer in 1935 and were not in 1936, then you must report this fact to the Commission, along with an application for the termination of your "employer" classification.

The tax payments will be made direct to the Texas Unemployment Compensation Commission, Austin, on tax return forms supplied by the Commission.

State contributions or taxes will be collected before you pay your Federal tax; and from the assessment made against you by the Federal government, you may deduct the amount you paid as a state tax.

During the first five years of the Act's operation—1936, 1937, 1938, 1939 and 1940—each employer's tax rate is set.

In 1936 it is nine-tenths of one per cent of the "wages payable" by the employer. In 1937 it is one and eight-tenths per cent; in 1938, 1939 and 1940, it is two and seven-tenths per cent of the payroll. After 1940 the employer's merit system of rating becomes effective.

Brief Bits of News From Here and There

Last year cigarette smokers in the United States smoked as many cigarettes as were smoked altogether in the 44 years from 1870 to 1914. Four leading manufacturers produce 83 per cent of the entire cigarettes consumed. They rate as follows: Camels, 43 billion; Lucky Strike, 38 billion; Chesterfields, 35 billion; Old Gold, 7 billion; all other brands 26 billion.

Prior to 1920 all automobile bodies were painted by a brush. It required six weeks to finish a car body. The same work is now done through the means of spraying equipment and quick drying lacquer, the same work is done in an hour.

A leading United States tire company recommends where tractors equipped with rubber tires skid and bounce that the tires be partially filled with water. Special type valves permit the introduction of water into the inner tube. In winter an anti freeze solution is used. The practice so far has not been recommended for passenger cars.

Seventy-five per cent of the facial cuts and injuries sustained in automobile accidents are received by the passenger in the front seat who rides beside the driver. This is the conclusion of Dr. Claire L. Straith, Detroit plastic surgeon.

Beavers Do Not Eat Fish
 Beavers do not eat fish and therefore do not destroy the trout in their dams.

Crop and Feed Loans Available

Col. P. G. Murphy, Director of the Emergency Crop and Feed Loan section of the Farm Credit Administration has announced that the emergency crop and feed loans which Congress authorized for 1937 will be available by the end of the week. The opening date for these loans to farmers is earlier by several weeks than in previous years and the loans will be disbursed in plenty of time for early spring crops. Although \$400 is the maximum loan this year to any one farmer, in each case a loan will be made only for the amount actually necessary to grow crops or maintain livestock until pasture or forage crops are available; the interest rate is 4 per cent per annum.

Treasury-Post Office Appropriation Bill
 The House Friday afternoon, finally passed the Treasury-Post Office Appropriations bill, H. R. 4720, which was debated Tuesday, Wednesday, Thursday and Friday. This measure carries a total appropriation of nearly \$3,000,000,000, the largest for the two Government establishments in history. It provides \$1,501,930,151 direct appropriations to finance the two departments for the next fiscal year and \$1,468,404,470 for public debt purposes. The Trans-Atlantic airmail project calls for an appropriation of \$750,000. Under tentative plan there will be four round trips a week between Southampton, England, and New York. The bill also carries appropriations for such agencies as the Coast Guard, Federal Alcohol Administration, the Internal Revenue Bureau, Secret Service and Public Health Service. \$500,000,000 goes as an old age pension account reserve. The bill now goes to the Senate.

Farm Tenancy
 The President sent to Congress last Tuesday, a message asking for aid for farm tenants. With his message he transmitted the report of the Special Farm Tenancy Committee which he appointed last fall. The Farm Tenancy Committee headed by Secretary of Agriculture, Mr. Wallace, and composed of Government experts and heads of different farm organizations, recommend the establishment of a new Government Agency to be known as the Farm Security Administration to purchase and improve farms to be sold to farmers on easy credit long-term contracts. The President recommended four types of action:
 1. To enable farm tenants to become farm owners, financing the necessary transaction over a 40-year period.
 2. Lending Government money, in small sums to enable tenants, share-croppers and farm laborers to attain greater security.
 3. Retirement by public agencies of land proved to be unsuited for farming and assistance to the families living thereon in finding homes on good land.
 4. Co-operation between state and local agencies of Government to improve the general leasing system.

Did You Know?

Cancer is more common in women than in men?
 Putting dry ice in rat holes, and stopping up the holes is being tried in Germany to suffocate the rats?
 The human brain is more than three-fourths water?
 Cheese is 90 to 99 per cent digestible?
 A squirrel is more intelligent than a man? He hides nuts instead of electing them to office.
 The ages are: illusion, delusion and allusion.
 A planet is a body of earth entirely surrounded by sky?
 The only degree dished out by the school of experience is the third degree?
 There is no limit to the good a man can do as long as he does not care who gets the credit?

WE WONDER

Why G. D. goes into seclusion when he visits Paducah?
 If Marie Wells and James Long really had a good time in Quannah?
 Where Hallie Bea Lankford got her new watch?
 How Bob Rutter happened to have Thelma White's ring?
 If Edward Gafford has been trifling on Mary Housouer while she is in Lubbock?
 Why Gordon Thompson acted so nice in Quannah?
 Who Robert Louis Saunders' girl friend is from Paducah?
 If Camille Graves enjoyed the pageant that Crowell presented at Quannah?
 Why Robert Louis and Leroy got locked out of the house Saturday night. (Was it an accident?)

SNOOPINGS

And now they're back together again—that's Juanita Boman and Ed Smith, after Ed promised to leave that blonde alone.
 John Lee Orr says it was a door, but whose door?
 Glenn Shook explains how he caught his latest girl friend. He answered an ad. from the Pathfinder which read: "Wanted: A sweetheart," signed by "A young lady with plenty of money." (He refused to give anyone else her address.)

Methodist Young People's Trip To Quannah

The Young People of the Methodist Church spent the week-end in Quannah attending a district meeting. The Counselors, Mrs. D. R. Magee and Miss Mildred Cogdell, accompanied 27 Leaguers in Mr. Boyd's school bus.

CROWELL NEEDS

What are the crying needs of our fair city of Crowell? You don't know? Well, we of the CHS News staff will tell you.

1. A concrete swimming pool and a water system that would allow the water in the pool to be changed at least once a week during the summer.
2. An irrigation system underneath the football field.
3. Music in the curriculum of the High School.
4. A public park with playthings for the kiddies.
5. Community auditorium.
6. A Boy Scout hall.
7. Graveled streets.
8. More sidewalks.

All of these improvements are possible. The WPA has helped build swimming pools in Paducah, in Quannah, and in Chillicothe. Why doesn't Crowell take advantage of this?
 What if we don't have enough water? Nine miles northeast of here is all the water that Crowell can use in fifty years. A good well there would never run dry. The WPA would also make this possible.

Crowell has one of the best music teachers we know of right in its midst. It would be a distinct improvement to the school system if he were added to the faculty to teach music as a regular course.

JOKES

I. T. Graves: "Mozelle, what's the idea of signing your arithmetic paper, 'Mae West'?"
 Mozelle Lemons: "I done 'em wrong."
 Is it any wonder then, that we hear of the absent minded professor pouring syrup on his back and scratching on his pancake or pouring catsup on his shoes and tying up his spaghetti—or scolding his secretary and petting his wife?
 Lee Black: "Shall we play another round of golf next Monday?"
 Grady Magee: "Well, I was to get married on Monday, but I can put that off."
 Nurse (in asylum): "There's a man outside who wants to know if you have lost a male inmate."
 Doctor: "Why?"
 Nurse: "He says some one ran off with his wife."
 Insurance doctor: "How old was your father when he died?"
 Miss Patterson (determined to pass): "104 (one hundred and four)."
 Doctor: "What did he die of?"
 Miss Patterson (still determined to pass): "Strained his heart playing football."
 Coach Graves saw a baby deer at the zoo, and asked the keeper what it was called. The keeper replied, "What does your wife call you every morning?"
 And Coach replied, "Don't tell me that's a skunk!"

BREATHE IT AND GRIN

"Every cloud has a silver lining," so says an old proverb. This was said of the fleecy white clouds that grace the atmosphere every now and then. And now it has been applied to the black clouds of dust that come out of the Panhandle almost every day now. There are two ways of looking at everything and the quicker we find the right side with the silver lining the better off we'll be.

A certain statistician has figured that over three million dollars worth of dust falls in one week in a certain area. This is the amount you'd have to pay to have it hauled up in a truck and dumped into your front yard, so the account said.

Another figure-juggler discovered that a well-known doctor made the statement that the dust is not injurious to the lungs. We wonder if he lives in the Dust Bowl.

No matter how much you say or how much show you make the best thing to do is to "breathe it and grin." That's all that can be done.

NEWS CONTEST

The next four publications of the High School News will be published by the various high school classes. The editions will be judged and the best paper published will be selected. The Freshmen will edit next week's edition, and this will be followed by the Sophomores, Juniors and Seniors.

Enjoy Waterless Cookery With The Modern Electric Range

It reduces time of cooking . . . cost of operation . . . and more important, preserves the health-giving value of foods

Imagine cooking ten pounds of potatoes in only one cup of water. That is all it requires if you cook electrically. Fresh carrots, beans, peas and many other vegetables cooked on a modern electric range do not need to be drowned in a fathom of water to cook them tender—thoroughly.

Waterless cookery gives you nutritious, full-flavored food with all of its vitamins and mineral elements preserved—not poured down the kitchen sink due to cooking in an excess of water.

Enjoy waterless cookery in your own home on the most modern range in the history of civilization. Its amazing speed, cleanliness, safety and consistently better results have captured the imagination of West Texas women.

The cleanliness of the electric range has forever banished "hand-biding" for hundreds of West Texas women—only one of the score of its modern features.

"Hand-biding" is a result of scouring blackened pots and pans.

Glenn Rasberry and Miss Rebecca Canine Wed in Corpus Christi

Glenn Rasberry and Miss Rebecca Canine were married in Corpus Christi Friday, Feb. 5, at 11 a. m. in the home of Rev. C. R. Brewster, pastor of the South Bluff Methodist Church.

Rev. Brewster performed the ceremony and only a few relatives and friends were present.

Mrs. Rasberry is the daughter of Mr. and Mrs. Canine of Corpus Christi.

Mr. Rasberry is the son of Mrs. J. B. Rasberry of the Vivian community and has resided in Foard County all of his life until the past year. At present his home is in Corpus Christi where he is connected with the Firestone Tire Company.

He was graduated from Crowell High School in 1934 and was a member of the 1933-34 football team.

The couple left immediately following the ceremony for a short wedding trip to San Antonio. They will make their home at Corpus Christi.

B. & P. W. CLUB

In observance of International Relations month the local B. & P. W. Club held a banquet at O'Connell's Lunch Room Thursday evening, February 18. The banquet was planned by Miss Gussie Todd, Chairman of the International Relations Committee, assisted by Miss Jim Lois Gafford.

A patriotic atmosphere was created in the banquet room where the flags of every nation were displayed. Red, white and blue candles burned at either end of the table, and their color scheme was used further in the favors, fashioned from marshmallows and tiny U. S. flags, and in miniature Uncle Sam hats which served as

Most Popular T. C. U. Freshmen

Members of the first-year class at Texas Christian University have named four girls from their group as the most popular in the class of 1936. They are: Miss Eunice Jones, Dresdenridge; Carlene Hickman, Helen Connor and Frances Buster, Fort Worth.

Mrs. A. F. Wright opened the program with a vocal solo, "Neapolitan Nights." She was accompanied at the piano by Mrs. Alva Spencer. Ed Gossett, of Wichita Falls, was guest speaker and delivered a very interesting and worthwhile address on "Optimism."

Covers were laid for fourteen club members and Mrs. A. F. Wright, Mrs. R. L. Kincaid, Ed Gossett and Merl Kincaid, special guests.

ADELPHIAN CLUB

The Adelpian Club met Wednesday afternoon, February 17, at the home of Mrs. W. B. Johnson.

Mrs. Clint White led the afternoon lesson, "Glass and Silver." Miss Ruth Patterson gave an article from Mentor, "Silver Antiques."

"European Glass" was given by Miss Vera Patton and Mrs. White. Refreshment plates were served to club members.

CROWELL P. T. A.

National Founder's Day was observed on Tuesday, Feb. 16, at the High School auditorium. A program, under the direction of Mrs. I. T. Graves, was given. Mesdames Sanders, Boman, Flesher, Brown, Kincaid, Edwards, Roberts and Misses Roark and Patton lighted the candles on the birthday cake, as they told of foundation stones of the National Congress.

Mrs. Crockett Fox sang "When Mother Sang To Me." Miss Cogdell gave brief reviews from the Parent-Teacher Magazine.

Miss White's and Mr. Burrow's rooms again received the attendance prizes. Intermediate mothers were hostesses, serving cake and punch to a large crowd.

JUNIOR COLUMBIAN CLUB

The Junior Columbian Club met Wednesday, Feb. 17, in the home of Mrs. Gordon Bell. After the business session, a program on "Poetry" was enjoyed by the members.

Mrs. Mason Brown acted as leader in the absence of Mrs. Bryan O'Connell.

Mrs. Marion Crowell reviewed the life of Grace Noll Crowell from an interview made by Clara Hood Regel in 1928.

Mrs. Lewis Sloan very skillfully read selected poems from "Silver in the Sun," by Grace Noll Crowell.

Refreshments were served by the hostess to nine regular members and to Mrs. Bill Tysinger, a new member who was welcomed into the club at this meeting.

PLAY AT THALIA

The Junior Class of the Thalia High School will present a three-act comedy drama entitled "Professor Rip" at the school auditorium Friday night, Feb. 26. It is a play of college life and every line has a laugh, according to announcement made Wednesday.

Miss Frances Couch is director of the play.

LIBRARY NEWS

Improve your vocabulary by reading Correct English. In it you will find help toward better speaking English catalogued under various names. "Twenty Words Frequently Mispronounced," "How to Speak Before a Group," "A Pronunciation Guide to Cultured Living," "Business Queries" and many other educational features.

In Ladies' Home Journal for March, Paul de Kruif describes "The New Weapon Against Infantile Paralysis." Mary Ellen Chase studies the relationship of modern parents and offspring, concluding that in many cases "parents are afraid of their children."

A new book in the library is

Miss Myrna Holman.....Home Demonstration Agent

Spring Garden

Prolonging the period during which vegetables may be secured from the garden is the aim of Juanita Traweck, garden demonstrator for the Foard City 4-H Club.

A garden plot about eight by sixteen feet was planted this week with eight varieties of leafy, green or yellow vegetables. Eight inch boards were placed around the plot and the whole covered with a light canvas.

With the cover to protect the vegetables from cold, and later from heat and with the plot small enough to be watered with waste water from the house, Juanita hopes to be able to have some vegetables growing the major portion of the year.

Kitchen Demonstration

A kitchen demonstration is being conducted in the county this year by the home demonstration club women. This is the first time that definite work along this line has been undertaken and prospects look good for a profitable year's work.

The purpose of the demonstration is to work toward having a kitchen which is a sanitary food workshop and a place where the everyday tasks can be done easily, quickly and pleasantly.

Demonstrators in each club have been elected and started on their work.

The demonstrators are: Mrs. E. V. Halbert, Foard City; Mrs. Frank Gamble, Gambleville; Mrs. W. L. Scott, Good Creek; Mrs. O. E. Haseloff, Margaret; Mrs. C. L. Adkins, Riverside; Miss Thelma Beatty, Vivian; Mrs. Roscoe Eubanks, West Side.

Built-in cabinets are planned by Mrs. Scott and Mrs. Haseloff, running water by Mrs. Eubanks, refinished walls, floors and woodwork by Miss Beatty, and various other major and minor improvements by all of the demonstrators.

Co-operators will do as much of the work of demonstrators as possible emphasizing walls, floors, woodwork, windows, and working surfaces.

H. D. COUNCIL

The Home Demonstration Council met Saturday in the office of Miss Myrna Holman. Reports from council representatives showed that the clubs are at work on their year's projects.

Mrs. S. E. Tate, chairman of the finance committee, reported \$31.60 made from the sale of a matress. She also presented a budget, which the council accepted, taking care of the expenses of a delegate to Short Course, prizes for winners in girls' contests, and winners in pantry and kitchen demonstrations.

Mrs. F. A. Davis, council reporter, announced that a school for reporters would be held Saturday, February 27, in Miss Holman's office.

VIVIAN 4-H CLUB

The Vivian 4-H Club girls met February 11 with nine members and Miss Myrna Holman present.

Miss Holman gave us our Year Books in which is an outline of each meeting.

The girls are supposed to bring an article of either pajamas, slacks or shorts which they have made to the first meeting in March.

The club adjourned to meet Feb. 25.

FOARD CITY H. D. CLUB

Members of the Foard City Home Demonstration Club met Tuesday, Feb. 16, at the club house.

The meeting was presided over by the president, Mrs. J. L. Farfar, with Mrs. George Canup in charge of the program. The program, of which "Safe at Home" was the subject, was introduced by Mrs. J. L. Glover. Others taking part were Mrs. W. B. Jones, Mrs. Frank Welch, Mrs. Hub Speck, Mrs. G. C. Owens and Mrs. Bob Taylor.

Three visitors, Mrs. Buster Ryan of Thalia, Mrs. A. E. Barker and Miss Alma Patton of Crowell, and club members were present.

The next meeting will feature a demonstration on "The Kitchen Background, Light, Air and Sun," which will be given by Miss Myrna Holman.

BLACK 4-H CLUB

The Black 4-H Club met Wednesday, Feb. 17, at the Black school house. Miss Myrna Holman gave a demonstration on "Manners and Gardens."

The next meeting of the club will be March 3.

THALIA 4-H CLUB

The Thalia 4-H Club met Thursday, Feb. 18. Miss Holman gave some interesting answers to questions that had previously been handed in to her.

Plans have been made to meet again on March 1 at the Thalia High School, where there will be a pajama parade with each wearing either shorts, slacks or pajamas that she has made.

FOARD CITY 4-H CLUB

The Foard City 4-H Club met Tuesday, Feb. 16, at the school house with 10 members present.

Miss Holman gave a demonstration on manners.

The club adjourned to meet again Tuesday, March 2. Pajamas, shorts or slacks are to be finished.

REPORTS FOR TRACK

Bob Lilly, son of Mr. and Mrs. Amos Lilly, who is attending John Tarleton College at Stephenville, has reported for track and participates in competition meets held at Hays field every Friday afternoon, according to a Tarleton news dispatch.

129 Corporations Chartered in Texas During January

Austin.—There were 129 corporations chartered in Texas during January, an increase of 10 per cent over the preceding month, but a decline of 8.5 per cent over the corresponding month of the preceding year, the University of Texas Bureau of Business Research announced. Capitalization, \$1,980,000, an increase of 17.2 per cent over the preceding year.

Corporations engaged in manufacturing comprised the largest group that showed gains over both comparison periods.
