NUMBER 51

KEEP ON Backing the Attack WITH WAR BONDS

KEEP ON Backing the Attack WITH WAR BONDS

From County Office

Wallace Kimbrough, Agent of Texas A.&M. Extension Service, announced a Certificate of Merit for H. B. Horn, County Agent for the Santa Fe Railroad. Also a Certificate of Merit for H. M. Bainer, General Agent for the Santa Fe Railroad. The Santa Fe Railroad is the largest employer in Garza County. Mr. Glenn Davis, paragon of the County of Garza County were also in the Lubbock Lions club.

leaves Post Friday Nov. 27th for Chicago. He will be at Sherman Farming Co. Snodgrass, Henry Edward Bennett, Udell Lem Grison, Joe Spear, Gene Brock, other members of West Texas M. Bainer, Agricultural Agents, H. B. Horn of and James Gordon of them. They will arrive in Chicago on November 27th. These men will be at the Morrison Hotel in Chicago which will be their headquarters while in Chicago. They will attend the 4-H Club Congress and the International Livestock Show in Chicago. Mr. Alvin's trip is in aid of the Santa Fe for having one of the outstanding 4-H members of Texas in 1943.

ing Dates

Members who are interested in the Duck and Turkey season opened on November 15th and Turkey season on the 16th and Quail season on December 1 and will open until January 1st. Supply of deer over the season is expected to be greater than for years. Not many hunters will hunt themselves to the ground this season because of gasoline rationing and scarcity of ammunition. For other reasons an all-weather carryover of the fleet is expected. In this immediate section will insure the lives of the feathered friends to come this section "training over" with birds. It is said to be predicting

RATIONING CALENDAR

Stamp No. 29 of War Book IV became good Nov. 15, 1944. Nos. 15 and 16, for canning, which expire on October 31, if still unused, consumer may be taken to War Price and Rationing Board used in making application for sugar certificates. Nos. 17 and 18, Brown Stamps, Nos. 19 and 20, all valid and through December 4. L. No. 21, M will be valid November 28, and N will be valid on Dec. 5. L. No. 22 will expire on Jan. 1, 1945. All blue stamps in Book II have expired. Stamps A, B and C in Book I are valid and will be good on Dec. 20. In addition to Stamp No. 1 valid indefinitely, a pair of shoes. Stamp No. 2, valid indefinitely. No. 9 "A" coupons valid for 3 gals. each on Dec. 20 and will expire on Jan. 1, 1945.

Capt. James Minor Wins Silver Star For Gallantry

Captain James Minor of the 42nd Infantry, 36th Division, which established the beach-head for the invasion of Italy has been awarded the Silver Star medal for "gallantry in action." Details of the action resulting in the award have not been released. Letters received last weekend by the Captain's wife, the former Marian Lee Mason, who is making her home here with her parents, Mr. and Mrs. Marshall Mason, give some very interesting information on some of the fighting he has been in in Italy. Excerpts from a recent letter are reprinted for Dispatch readers: "Somewhere in Italy - Sunday, Oct. 24 . . .

"Censorship regulations have lifted somewhat, so I'll try to tell you a few of the things I've been through. I'll start off by saying I've been in combat and I do

Silver Star

mean combat. How I'm still living, I don't know . . . the cat that had nine lives is a long ways behind me, I'm really living on borrowed time.

"As you probably know, we were the first American troops to land in Continental Europe and stay in this war . . . we landed here in Italy and established a beach-head for the other troops to land . . . and let me tell you, things were "hotter than hell." From the time we set foot on the beach . . . ten days of hell started. Some never got off the beach as we landed in a hail of MG bullets and artillery. How we got through we will never know but we made it and that is what counts. We had been landed about 15 minutes and were moving inland when I got my first "Jerries." I mowed three of those "yellow-bellies" out of a scout car that came down a small road right in front of me. I could go on and on but you wouldn't enjoy reading it so I'll just go over a few of the

(Continued on Back Page, Col. 3)

News Priority Given To Garza Boys In Service This Week

Priority in news has been given to Men in Service this week over other types of news. This was deemed advisable since so many of the boys overseas will get this issue of the Dispatch about the Christmas season and the publishers felt that news of many of their friends would be interesting reading for them.

Advertisers used the Thanksgiving theme in their advertisements and each one gave a prayer for the boys who are in service. The page ad styled "Not the Turkey, but the Eagle" carries a message from the old home town to all boys who are overseas. It is the hope of the publishers that this issue of the home town paper will reach foreign soil where men are serving and bring them a bit of pleasant reading.

If your club reports and other news items were not used this week, remember that news of boys in service held priority.

AAA Elections Held Last Week Over County

James A. Boyd, AAA Secretary, announces as follows the results of the three Community elections and the County Convention which were held last week:

County Committee: Chairman, Julius C. Fumagalli; V. Chairman, Will Wright and Regular Member, George W. Basinger.

North Plains Community Committee: Chairman, Adolph W. Wilke; V. Chairman, Henry J. Edwards and Regular Member, Buddy S. Hall.

South Plains Community Committee: Chairman, Joseph F. Maxey; V. Chairman, Ed L. Gossett and Regular Member, Sam D. Lofton.

Breaks Community Committee: Chairman, William F. Simpson; V. Chairman, Herman L. Morris and Regular Member, Bandy Cash.

The above named AAA officials will assume office December 1, 1943.

Union Service To Be Observed Thanksgiving

Congregations of the city will join in a Thanksgiving union religious service Thursday morning at ten o'clock at the First Baptist church, according to an announcement made by Rev. R. C. Tension early this week.

Rev. I. A. Smith, new pastor of the First Methodist church, will deliver the Thanksgiving sermon. Rev. A. T. Moore of the Church of the Nazarene will present fitting scriptures for the occasion and offer a prayer of Thanksgiving preceding Rev. Smith's sermon. A feature of the program, which the host pastor said would last for only one hour, will be a testimonial and prayer session with all who wish taking part in truly giving thanks.

Old familiar songs that have been handed down thru the years will be used for the musical numbers on the program.

Everyone is given a most cordial invitation to attend this union service. "It's your service, so come and be thankful we can still worship openly in these grand United States," the pastor said in issuing the invitation to all churches and citizens of Post and Garza county.

POSTEX MILL HONOR ROLL TOTALS 49; MANY ARE NOW SERVING OVERSEAS

The Postex Cotton Mills have 49 persons listed on their Servicemen's Honor Roll. A number of these boys are now serving overseas and others are finishing training in camps all over the United States. The list is as follows:

- William Robinson, Alfred Beauchamp, Coleman Browning, Wilburn Jackson, Joseph Fogarty, Harvey Gilmore, Monroe Harper, Aris Craddock, Hylton Sutton, Lloyd Anthony, Sterling Julian, William D. Smith, Lewis Homer, Claude Nickens, H. F. Johnston, Morris Huff.
- Dell Hester, Marvin Odum, J. W. Meek, Roy Jones, James Hays, Ralph Dean, Ray Warren, R. C. Pierce, H. L. Hester, J. R. Snowden, Odus Fry, Stanley Mathis, F. H. Bostick, Jr., Jessie Dyson, Allen Julian.
- C. W. Davidson, O. L. Morrison, J. D. Windham, Troy McNeil, Virgil Priddy, Willard Huff, Roy Dudgeon, Troy Gilmore, C. L. Pruitt, Roy Gilmore, Claude Miller, Albert Odum, Vernon Giles, B. W. Condon, Pat Odell Fields, and George Lee Smith.

John Miller was Post's first casualty. He was killed during the raid on Pearl Harbor.

Weldon Jobe who has been in the base hospital at Camp Perry, Virginia, was released and has started his "boot" training for the Seabees of the Navy.

Our Father . . .

We, the American people, humble ourselves before Thee on this Thanksgiving Day . . . We thank Thee for the many blessings you have bestowed upon us, both as a nation and as individual Americans . . . We thank Thee for the privilege of worshipping Thee . . . each in our own individual way . . . not fearing the wrath of some self-styled dictator . . . We thank Thee that we may have the privilege of investing in our own government, of the people, by the people, and for the people . . . We thank Thee for the strong and unified government that we have founded with Thy help . . . We pledge ourselves with our lives and our faith in Thee never to let such a government fall into the hands of power-lusting, blood-thirsty hoodlums . . . And for our Men in Service we offer a special prayer for their safety and their speedy return to their homes where they may continue the joys of life in a country that believes in—

- ... FREEDOM of WORSHIP
- ... FREEDOM of SPEECH
- ... FREEDOM from FEAR
- ... FREEDOM from WANT

—Amen

Stores Of Post To Close In Observance Of Thanksgiving

Post's observance of Thanksgiving holiday will be marked by the closing of schools and practically all business houses, the bank, post office and city and county offices. Business firms, it is understood, will only close for one day, but the recess in schools will begin immediately following the close of afternoon classes on Wednesday and will continue until Monday morning. This long period gives teachers an opportunity to visit with their parents at a time when all families like to be together.

Practically all business activity will close for observance of the day.

Spur Newspaperman Dies At His Home Last Friday

A few minutes after he had participated in closing of a transaction jointly with Mrs. Annie D. McClure, whereby O. B. Ratliff of Spur, came into ownership of the Texas Spur and the Dickens County Times, weekly newspapers in Spur, W. D. Starcher, 53, who for about 20 years had owned and operated the Times, died suddenly late Friday afternoon, apparently after a heart attack.

The newspaper deal provides for consolidation of the two weekly papers under ownership of Mr. Ratliff.

H. G. Hull, former owner of the Texas Spur, who had sold the paper to Mrs. McClure, but who has been operating it under lease, is to remain as editor and manager of the combined organization and plant. The paper is to be known as the Texas Spur, and the two plants will be consolidated in the building used by the Times.

Mr. Starcher was formerly a member of the staff of The Post City Post under the editorship of the late E. A. Warren. He was also a teacher in the Post schools. Funeral was held Tuesday in Spur.

Cardwells Sell Home

Mr. and Mrs. Giles McCrary of Abilene have bought the O. D. Cardwell home and are moving in this week. McCrary has ranching interests in this county. Mr. and Mrs. Clint Herring who have been occupying the Cardwell house moved to the small house belonging to Mrs. Ira Weakley.

Wildcat Oil Well To Be Drilled On K. Stoker Ranch

With the announcement of a new 3,000-foot wildcat for central Garza county and the report of formation of drilling blocks in southeast Lynn and northwest Borden counties, on which two development tests are due to be started soon, the South Plains sector of the Permian Basin continues to add new operations.

The proposed depth on No. 1 Stoker is expected to take it through the San Andres section for a full test of the oil yielding potentialities of that zone in the Garza county district.

M. L. Richards, Big Spring and R. E. Carter, New Orleans, La., are due to start drilling by Nov. 23 on No. 1 K. Stoker, a 3,000-foot wildcat effort five miles southeast of Post in central Garza county.

Location is 330 feet from the south and 1,650 feet from the west lines of the northwest quarter of section 4, block 32, GH and H survey.

Nearest production is approximately four miles west in the Garza field near Justiceburg, where a few small wells have been producing a small amount of oil for several years from the Permian lime at an average depth of around 2,510 feet.

Unofficial reports indicate that a widespread leasing play is developing through the tier of counties in this district.

A number of companies are represented in the section where drilling is taking place.

Experienced Radio Men Needed By Ship Repair Units

Men with experience in the technical and mechanical phases of radio are being sought by the Navy for its newest arm—Ship Repair Units (SRU). It was announced today by Lt.-Com. L. H. Ridout, Jr., officer in charge of the Dallas Navy Recruiting district, which embraces the entire upper half of the state.

Radio men with experience as engineers, mechanics, technicians and repairmen are needed for such jobs as the repair and overhaul of all types of radio transmitters and receivers, and the overhaul and repair of Radar and underwater instruments.

Radio technician is one of the newer ratings recently added to the list offered by the Navy's Ship Repair Units (SRU). Among the many other skilled trades vital to the success of the SRU's are instrument makers, sheet metal workers, diesel engine mechanics, boiler makers, blacksmiths, pattern makers, molders and many others.

The chief job of Ship Repair Units is to keep the U. S. Fleet in fighting trim. They repair and overhaul damaged ships at advanced bases throughout the world; they even follow in the wake of attacking forces to repair all but major damage "on the spot."

Many a damaged vessel would have been lost except for timely repairs. Many a victory has been ours because Ship Repair Units have been on hand with the will and skill "to keep 'em fighting." That's the reason the SRU is so important to the Navy, Commander Ridout explained.

The Navy is calling for experienced workers from 18 to 35 and offers a new plan of voluntary induction for men of draft age—18 to 39. A visit to the nearest Navy recruiting station—where full information will be supplied at no obligation—may solve an important problem for the man contemplating military service. Commander Ridout concluded.

David Gossett, son of Mr. and Mrs. Ed Gossett is in Cornell University in New York. He is a member of the U. S. Army Medical Corps.

Darrell Jones Wins Medals For 326 Combat Hours

Friends of Technical Sergeant Darrell L. Jones are welcoming him back to his old home town. Darrell has just returned to the United States after 16 months of service in the African and Italian theatres of operations.

A veteran of 51 combat missions, a total of 326 combat hours, Sgt. Jones wears the Air Medal with an Oak Leaf cluster. He enlisted in the Coast Artillery in January, 1941 and went to the Air Corps in September of the same year. He attended aerial gunnery school in Las Vegas, Nevada, and airplane mechanics school at Chanute Field, Ill.

He is an aerial engineer and machine gunner on a Flying Fortress.

Jones was very reticent and modest about the trips over the countries of Europe. His last mission before being returned to the United States was over Greece. "The only mishap was landing with a tire blown off our ship . . . no crack-ups . . . we were very lucky," he said.

He reported to the Army Air Forces Redistribution Station No. 1 in Atlantic City, N. J., before being given twenty days to visit his mother in Amarillo, and his grandfather, Lige Stewart, in Post.

While at the Redistribution Center Sgt. Jones will be carefully examined and interviewed to determine where his lengthy training and combat experience can be utilized to the greatest advantage by the nation's aerial armadas.

He is the son of Mr. and Mrs. Luther D. Jones of Amarillo but formerly of Post. Darrell's father is a member of the Seabees and is somewhere in the South Pacific and his younger brother, W. B., is stationed in North Africa. Darrell visited with him several times.

Supt. Arrives To Begin Duties At Postex Mills

James A. Sullivan of New Bedford, Mass., arrived in Post Saturday to assume duties as superintendent of the Postex Cotton Mills. The new superintendent replaces D. V. Probasco who was here a short time before accepting a position with a mill in North Carolina.

Mr. Spencer Green, manager, in introducing Mr. Sullivan, asserted that the new superintendent has a wide field of practical experience as a background for the work he will do in the Post mills. He has been with the Taber Mills for the past twenty-six years.

The Postex owners are eager to do everything in their power for the concern here. A meeting of the War Labor Board is being held in Houston today at the Rice hotel. At this meeting adjustments in wages for all textile workers will be discussed. Uniformity will be sought, so that all workers doing the same job in the same industry, whether in New England or the South, the Midwest or the Pacific Coast will get the same pay.

Mr. Sullivan said he expects to have Mrs. Sullivan join him at an early date. The couple have one son who is a member of the Marine Corps. They will reside in the house just north of the mill which is now being repaired and remodeled for occupancy.

COTTON REPORT

Reports from Thomas Brothers gin at Gordon Tuesday give 1936 bales as ginned to that date. The Graham gin reported 2,487; and Close City gin reported 2,654 bales.

Other gins of the county did not send in reports this week.

Any erroneous reflection upon
the character of any person
or firm appearing in these
columns will be gladly and
promptly corrected upon being
brought to the attention of the
management.

Entered at the Post Office at
Post, Texas, as second class mail
matter, according to an Act of
Congress, March 3, 1879.

A REASONABLE REQUEST

Much thought is being given to
the problem of providing reem-
ployment for men returning from
military service. So far as possi-
ble, old jobs are being kept avail-
able. But this does not apply to
one group in the service whose
jobs were the result of years of
training and individual effort.

When a doctor goes to war his
job cannot be preserved for him.
His patients must go elsewhere.
When he returns, he must find
new patients, a slow, tedious task
that will not be made any easier
by the fact that tens of thousands
of other doctors released from the
armed forces will be doing the
same thing.

However, the doctors are not
kicking. All the average doctor
asks is a chance to work in the
way that he is best fitted by en-
vironment and training—the way
of the individual doctor under the
traditional American medical sys-
tem. It is a reasonable request.

It is estimated that the grand
total of the population of the
world increases by 20 every min-
ute—or 11 million annually.

TURN LOOSE THE WILDCATS

The people of the United States
are being constantly told by Wash-
ington officials that they must get
along with less and less gasoline,
fuel oil, etc. For months experts
in the oil industry have shown of-
ficial Washington that our known
oil reserves are being used much
more rapidly than new reserves
are being discovered, because of-
ficial Washington, in the face of
rising costs of production, refuses
to grant crude oil price increases
sufficient to encourage wildcatting
for new oil supplies to replace
depleting reserves.

Commenting on the serious-
ness of the situation, the National
Petroleum News says: "The need
for oil is so critical that there
should be a crusading campaign
to discover and produce fresh sup-
plies. The Administration is call-
ing upon the people to crusade
for rubber, to save their fats, to
bring in scrap iron, to provide
blood for transfusions. All these
are futile if there isn't enough oil
to carry on the war. A supply
barely sufficient for military needs
is of no value if essential civilian
needs are not taken care of, and
there is a serious question whether
we are not already cutting too far
into essential civilian needs. It
isn't a question of how much it
costs to produce oil, it is a ques-
tion of how to get a maximum
number of wildcaters to risk the
greatest amount of money in even
the most fool places in the country
to find oil."

And that is horse sense for the
regulators to consider. What good
are regulators and price-fixers if
their policies leave us with nothing
to regulate or nothing to buy?

NO ESCAPE

Consumers throughout the
country who are currently not get-
ting all the dairy products they
want, can fully appreciate a re-
cent observation of Business
week: "Increasingly, the question
is how to escape from the dilemma
of whether to make a sacrifice at
the production line or at the anti-
inflation line."

As far as dairy products are
concerned, the sacrifice has been
made at the production line. Un-
til prices are adjusted in propor-
tion to costs, the dairy industry
will not be able to meet the needs
of the nation. Subsidies will not
take the place of a fair price.

**What You Buy With
WAR BONDS**

Water Camel

Thirst is one enemy of armies
and navies that may be frustrated
by a generous supply of water. Ty-
phus, another dreaded plague is an-
other enemy that must be subdued
in Africa, in the jungle islands of
the Pacific.

So the "Lister Bag," more often
called the "water camel," or just
"camel," is used. The "Lister Bag,"
is a khaki colored canvas bag hav-
ing a capacity of about 30 gallons.
It will require many War Bonds
to provide enough "camels" for our
fighting forces at home and abroad.
Yours too! "Back the attack with
War Bonds."

There is such a food shortage in
Holland according to information
from the Queen Wilhelmina Fund,
member agency of the National
War Fund, that butter is \$4.50 a
pound and sugar sells for \$3.75 a
pound. The money doesn't actually
buy the food item. It merely gives
possession of a coupon which may
be exchanged for the food when,
as, and if any is available.

The American petroleum indus-
try dates from 1859, when Colonel
Drake drilled the first well at Oil
Creek in Pennsylvania. Before
that enterprise, the national an-
nual oil production was 2,000 bar-
rels.

The international agreement
regulating the treatment of war
prisoners was signed by 47 nations,
including Britain, Germany and
the United States.

The first printing press in the
New World was set up by Juan
Pablos in Mexico City.

**Views of
Neighboring Editors:**

The Texas Spur—The Soviet
statistician, Professor Varga, says
that it will take 10,000,000 Ger-
mans, working ten years, to re-
build Russia's devastated areas.

We can imagine no better meth-
od of using ten million Germans.
It will keep them from planning
another war for ten years, any-
way.

Russian rehabilitation, however,
is not all that must be rebuilt in
Europe. The Nazis have despoiled
many areas. Wherever they have
gone they have hobbled, plundered
and wrecked. Justice suggests
that they be compelled to restore.

Exchange—The problems of
the present war are brought into
sharper focus by the statement of
Maj. Gen. W. Styer, of the Army
Service Forces, who says that
about the same amount of tonnage
was shipped to Gen. Eisenhower,
during the first eight months of
the African campaign, as was
transported to Gen. Pershing dur-
ing the First World War.

The Army is now using more
than 100 overseas ports as com-
pared with fourteen in the earlier
struggle.

The distance that supplies must
travel in order to reach the Pa-
cific fronts is far beyond similar
mileage in 1917-18.

Ralls Banner—Russia celebrat-
ed its victory at Kiev with fire-
works and guns and bells. Stalin
announced the victory and also
announced that the Russian army
had turned the tide of the war,
and that victory was at hand. Ja-
pan announced that the U. S.
Navy had been sent to the bottom
of the Pacific. But so far as we
can learn, the lying Japs did not
order nor hold any great celebra-
tion of the victory as they might
well have done if it had been true.
American headquarters in the
South Pacific announced that our
forces had routed the Jap task
forces and sunk a nice mess of
the Jap cruisers and destroyers,
losing no U. S. Vessels. Good news
makes us wish and hope that a
few months will see the ending of
the European phase of the war.

"When government puts your
money into business, then govern-
ment takes control. Remember
that the government has no capi-
tal of its own. When it puts money
into a partnership, it takes that
money in taxes from the sweat of
labor."—Edward Martin, Govern-
or of Penna.

"... in a democracy free enter-
prise is as essential as freedom of
speech or freedom of conscience;
what I am saying is not the ex-
pression of an opinion of one indi-
vidual; it is the verdict of history."
—A. Linscheid, president, East
Central State College.

Stationed At Hobbs, N. M.

Fred W. Kee of Post, the son of F. W. Kee of El Paso, Texas, has been promoted to Sergeant according to Colonel J. P. Bailey Commanding Officer of the Hobbs Army Air Field.

Sgt. Kee who is a graduate of Big Springs High school is with the Hobbs Army Air Field, Hobbs, N. M.

Harold Voss In Florida

Cpl. Harold Voss writes he is getting anxious to see all his friends at home again. Harold, former owner of the City Cleaners, is now stationed in Tallahassee, Fla. He has been there about 3 months and is with the Supply and Munitions Company of the Air Corps. He has been in a number of camps and schools from east to west and north and south and "nothing comes up to Texas" he was quoted as saying to one of his friends.

Promoted To Captain

England—Promotion of Lt. Alfred R. Morris, son of Mr. and Mrs. R. H. Morris of Post, to the grade of Captain has been announced by Major General W. E. Kepner, Commanding VIII Fighter Command.

Captain Morris graduated from Grapeland High school. He entered the service in April 1937. He was named as All U. S. Army Pullback at Fort Sam Houston, Texas in 1938. Captain Morris attended the 2nd Infantry Division Communications School, Fort Sam Houston, Texas and Signal Corps Officers Candidate School, Fort Monmouth, New Jersey. He was on duty in Salina, Kansas prior to going overseas.

Captain Morris married the former Mary Lou Wilson of Springfield, Missouri, in San Antonio in April 1941.

With The Men In Service

Frank Bundy Is Ardent Booster of Post

Technical Sergeant Frank Bundy is stationed somewhere in Australia. He arrived at his new station about the first of July and is with the 1st Cavalry Unit. In a letter from M-Sgt. Edgar M. Beavers of the same unit written to the Dispatch, he states that this Garza county boy by the name of Bundy likes his hometown . . .

Beaver's letter reads in part— "I have had the misfortune to be tented under the same canvas with this Texan from Post, and no matter what we talk about, this guy always branches off on the subject of Texas and more particularly Post, how fine the climate is, how many rivers it has, how many cows, how much oil, how many pretty girls, etc. One would think that this super salesman was paid by the Post Chamber of Commerce for the enormous amount of boosting he gives them every day and even into the wee small hours of night, as long as there is one guy awake to listen to him rave. He is one of the most ardent boosters of Post and certainly no man has done more to spread the name of Post than this individual . . ."

Letter To The Editor

From Camp Adair, Oregon, Sgt. F. J. (Cap) Jenkins of the Infantry Division writes to the Dispatch . . . "Hello everybody back home . . . How are you? For me . . . well I've just finished ten weeks of maneuvers. The training was pretty rough but fun. I got my right foot broken but it is doing fine now and I am out of the hospital. I like my new camp fine and like the country much better . . . it really is dusty and sandy here however. I am looking forward to a furlough home for Christmas. I really appreciate The Post Dispatch and do enjoy reading in. Would like to hear from any of my friends who would like to write me."

Military supplies valued at \$1,800,000,000 will be delivered to nations allied with the United States in 1943-44.

Vernon Cearley Sent Interesting Pictures From Guadalcanal

The Dispatch received an interesting letter and picture several weeks ago from Mrs. Vernon Cearley about her husband, Vernon Cearley, who is stationed about twenty miles from Guadalcanal. The Dispatch was unable to use the picture as Eddie Warren, photographer and engraver of the Dispatch is now serving in the U. S. Navy and none of the office force are skilled in the art of newspaper engraving. Parts of the letter are reproduced here as Vernon is a former Post boy and has many friends here who will be glad to hear of him.

"The natives in the picture are used for unloading ships and such work and are paid about two dollars a month."

My husband will be able to tell, I am sure, when he returns home, some very interesting and very sad tales of some of the raids that he was witness, including a one-hundred dive bomber raid. However, he seems very reluctant to mention such things and says that he is only thankful to the good Lord for protecting him like he has, and so am I.

Luther Jones, former Postex Cotton Mill employee is in the same area with my husband, and Mr. Jones also has some sons in the service. (Sons are Darrel and W. B.)

Vernon says to really realize what war is, is to be there in it. Mrs. Cearley concluded in her letter.

Arrives Safely In England

Mrs. Callie Nelson Strafer received word from her husband last Thursday that he had arrived safely in England. Her letter was mailed on November 5th. "Everything is quite different here . . . cars drive on the wrong side of the street and fog encloses everything a big part of the time. I guess in time we will get accustomed to it," he wrote. Callie called her husband's parents in Fort Sumner, N. M. to tell them the news as soon as she received her letter. Strafer is with the Field Artillery of the Army.

Charles Morrow Wants Big Knife

Charlie Morrow asserted today that he had heard from his son Charles who is with the U. S. Marines only twice in seven months. "We don't know exactly where he is but the last letter we had not very long ago he wanted us to send him a big hunting knife with a heavy blade." The knife, made by B. C. Manis, was mailed to the young Marine Tuesday.

Rev. R. C. Tennison Guest Speaker At Lions Club

Rev. R. C. Tennison was the guest speaker at the Lions club meeting on Tuesday night in the Algeria Coffee Shop. He based his talk on the Thanksgiving theme and brought out some very pertinent thoughts on the subject as it applies to current affairs.

In the business session presided over by Wilbur Love, president, further plans for the Garza county servicemen's honor roll were discussed and a report of committees was heard.

NAVY RECRUITER UNIT TO BE IN POST NEXT TUESDAY

A land-going navy recruiting "cruiser" will drop anchor in Post at 12:30 p. m. Tuesday, November 30 on Main Street and remain until 2:00 p. m. when it will get underway for Tahoka. The cruiser is seeking recruits for the Navy's Repair Unit.

The recruiting "cruiser" unit consists of a large truck towing a four wheel trailer. The trailer is equipped with office for handling applications for enlistment and has modern living quarters for the crew. The truck is equipped with a public address system and will furnish patriotic music while here. The general public is invited to inspect this cruiser. Literature and information will be given freely and without obligation.

Master's Concern

Discipline aboard ship is the master's concern. He may mete out justice for small offenses. Penalties for serious breaches lie in the hands of those ashore. The sailors' unions also hold hearings of their own and punish members for breaches of discipline.

Seamen sign on voluntarily for "such foreign ports as the master may direct" and generally now for a period of 12 months. This time limit has often been exceeded through the necessities of war. Not since whaling days have Americans shipped blind on such world wanderings. Yet overall discipline is high.

It is estimated the African and Sicilian campaigns alone cost the Germans 280,000 casualties.

Approximately 16 percent of WAC members are married.

Improved Uniform International LESSON

By HAROLD I. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for November 28

TRUTHFULNESS AT ALL TIMES

LESSON TEXT—MATTHEW 23:16, 23:17; MATTHEW 5:33-37; JOHN 8:49-51.

GOLDEN TEXT—Wherefore putting away lying, speak every man truth with his neighbor: for we are members one of another.—Ephesians 4:25.

God hates all kinds of dishonesty—a fact which is emphasized by the additional commandment regarding truthfulness which is before us in this lesson.

God is truth, that is, the very essence of His nature is truth. In Him is no darkness at all (1 John 1:5). Lying or false witness therefore reveals a character opposite to God. Hence we are not surprised to find in our lesson that Satan is a liar and the father of lies, and that liars are his children.

I. The Nature of a Lie (Exod. 20:16; 23:1, 7).

The commandment against false witness brings before us one form of lying—for it has to do with perjury, that is, the telling of an untruth in court.

This is one of the worst forms of lying, because it may result in the one against whom it is practiced losing his liberty, his life or his property. It may mean the destruction of his good reputation.

It is obvious, however, that the commandment covers all forms of lying, whether in business, in social contacts, in the home, or in the church. We might do well to consider what the Bible has to say about whisperers, talebearers, backbiters, and others (see Lev. 19:16; II Cor. 12:20). A man's reputation may be as easily ruined by a whispered lie over the back fence or the luncheon table as by formal perjury in the courtroom. "Thou shalt not bear false witness" at any time, anywhere, or in any way.

II. The Practice of Lying (Matt. 5:33-37).

The people of our Lord's day (and who can say that the custom has stopped) were in the habit of telling lies and then trying to make others believe them by an oath.

They would swear by heaven, or the throne of God, or some other sacred thing, and thus try to enforce their false word by some great authority.

The liar is always under necessity of doing something—perhaps telling another lie—to cover his falsehood. When his comfort or advantage seems to be endangered because he is not believed, he brings an oath to bear upon his statement.

Jesus taught the great virtue of simple living and simple speech. A plain "yes" or "no" is usually sufficient for the situation. Qualifying words are apt to lead us astray. The life of a Christian should be so true and above board that no oath should be needed to assure one of his sincerity and honesty.

Since not all are Christians, it is a necessity that men be placed under some kind of oath or affirmation in judicial matters. Hence we need not interpret this Scripture as forbidding an oath in court.

It may be well to say a word about swearing in general. It is all too common among men, women and children. No Christian should ever be guilty of it, or that which sounds like it. We need admonition and correction at that point.

III. The Source of All Lies (John 8:42-45).

The devil is a liar, and the father of lies. Liars are members of his family. Jesus said it. "Ye are of your father the devil."

Liars had better consider their "family tree" and see how they like their spiritual father. He is lustful, murderous, and there is no truth in him (v. 44). If you belong to that family would you not like to change families and be born again into God's family?

Sadly enough the constant lying of the world seems to have infected the minds and hearts of Christians. Instead of being cleansed from this worldly defilement they carry its awful tendencies into the church. Is it not too true that gossip (which is almost always lying), false witness, the tearing down of someone's good name, is all too common in the church?

The great lie within the church, and one of Satan's prize exhibits, is the falsehood of modern religious liberalism (so-called) which is essentially a denial of real New Testament Christianity. Jesus said (v. 42) that if God is our Father we will accept Him as the Christ. The one who speaks sweet words about the example, the manhood, the leadership of the Master and who denies Him His place as God is clearly in mind here as a follower of the father of lies.

Note that in verses 45-47 Jesus challenges His enemies to convict Him of sin or of falsehood. No one has ever been able to meet that challenge.

The claims He made for Himself as the Son of God and the Saviour of the world are plain and unmistakable. If we deny them we either make Jesus a liar, or we lie ourselves, and it is obvious that the latter is the case.

Repair Your Tractors Now

WHY?

- 1. Repair Parts are scarce and hard to get. 2. There are forty percent less mechanics in the country than one year ago. 3. After the first of the year we will be over-crowded with Repair Work. 4. We know now that we will have only a few New Tractors and they are all sold.

Fortunately . . .

We were able to secure a good Parts Man, Walter Clark, and have three good mechanics, so we believe it would be to your interest to get your tractor put in good condition N-O-W.

Remember, we always appreciate your business.

Thanksgiving

The world is in its greatest turmoil . . . but it is our most grateful of all Thanksgivings . . . for the single fact that we LIVE IN AMERICA! Let us offer a special prayer for our Men in Service who are fighting just so we in America can observe days like Thanksgiving.

Grand Chapter Report Given By Worthy Matron

The report of the delegate to the meeting of the Grand Chapter held in San Antonio was the highlight of the Eastern Star session last week. The worthy matron, Mrs. Mary Fumigalli, made the trip and came home with a vivid account of the meeting. After the convention Mrs. Fumigalli went on to Monterey, Mexico and her description of that part of the trip was much enjoyed also.

Seven members of the local chapter attended a tea in Tahoka, Monday night, Nov. 15, honoring Mrs. Inogene Burleson, newly elected district deputy. This was held in the W. M. Harris home and the visitors reported it a most enjoyable affair.

Friday afternoon, Dec. 7, at 1:30 o'clock as many members as are able, are asked to meet at the hall to make candy and cookies for the USO soldier center at Lubbock. Members who prefer to work at home may see Mrs. Carl Clark at her home for the sugar for this cooking.

The next regular meeting, Dec. 21, will be the annual Christmas party and all members are urged to be present. —Reporter

Nazarene Church Women Sew For Red Cross

The WFMS of the Church of the Nazarene recently completed a quilt for the Red Cross. The quilt was pieced and quilted by the organization and was turned over to Mrs. T. L. Jones, chairman of the sewing room.

"The organization is glad to have had a part in doing their bit for the Red Cross," the reporter said in discussing the project of the church group.

News from Sgt. Dan Altman who is with the Ground Forces of the Army Air Corps somewhere in Italy states that things are still moving pretty fast. He makes all sorts of inquiries about his new daughter, Judy, who was born Oct. 20.

Mrs. Bob Warren Is Hostess To Priscilla Club

Mrs. Bob Warren was hostess to the Priscilla club last Friday. The Warren home was effectively arranged for the party and guests enjoyed a lovely afternoon of visiting and sewing.

Delicious refreshments of sandwiches, potato chips, olives, angel food cake topped with whipped cream and hot tea were served to Mrs. R. Redman, L. W. Kitehen, Clyde Hundley, Jim Hundley, Jessie Voss, Victor Hudman, Ira Lee Duckworth, Earl Thaxton, R. H. Collier, Ben Williams, N. C. Outlaw, and John Cearley, members, and Mrs. Tom Gates and Mrs. I. A. Smith, guests.

Margaret Stone Is Club Hostess Tuesday Night

The Junior Culture club met in the home of Margaret Stone on Tuesday Nov. 23.

Mrs. Weldon Jobe was voted into the club which fills the only vacancy at the present time.

Inez Caffey, as program leader for the evening, made a brief talk on Medicine, and presented the speakers, Mary Kelly, who talked on "New Medical Treatments" and Mattie Evelyn Stone who told of "New Drugs." Both talks were very interesting.

Mrs. Weldon Jobe and Mrs. Bill Wood were guests of the club.

SENIOR PLAY CAST ANNOUNCED THIS WEEK BY CLASS

Cast of characters for the Senior class play which will be presented on December 3rd at the High school were released this week.

The cast includes: Melba Jo Miller, Jeff Justice, Marshall Mason, Buddy Malouf, Janell Buster, Theda Gilmore, Betty Williams, Dale Cravy, Donald Windham, Betty Jane Travis, Johnnie Ruth, Cato, Jeannette Gilmore and Inogene North.

The southern tip of South America is farther south than the southern tip of Africa.

FASHION PREVIEW

SMART and serviceable is the hand crocheted wool vest as shown in the November issue of Good Housekeeping Magazine.

Mrs. B. Fairbanks Hostess To Bridge Club Friday

Mrs. Belle Fairbanks was charming hostess to the Bridge club last Friday at the home of Mrs. G. W. Connell.

Fall flowers were used in profusion throughout the entertaining room and graced tea tables during the serving of the refreshment course.

Mrs. Bryan Williams won the war stamps as high scoring winner. The guest list included: Mmes. M. L. Mason, Wallace Kimbrough, C. D. Morrel, J. N. Power, Bryan Williams, B. J. Williams, J. A. Stallings, T. L. Jones, W. S. Duckworth, Robert Davis, Skeeter Slaughter and W. V. Roy.

Give War Stamps For Christmas

"A stamp in every stocking"—that's what the Treasury Department wants for Christmas. To encourage the giving of war stamps, many ideas for utilizing them in gifts and decorations have been suggested—war stamps attached to a cellophane bag containing a small gift; war stamp label ornaments; a tiny Santa Claus holding stamps; small Christmas stockings containing stamps; a baby's rattle with stamps tied on with ribbons; and children's toys, with stamps attached. The stamps may also be used as decoration on wreaths, fastened to candles, and on Christmas cards.

May Cut Point Values

Storekeepers, distributors and others in the food trade may cut point values of canned, frozen, and dried rationed foods that might sell if held in stock too long, OPA announced recently. However, point values may be cut only if prices are cut at least 25 per cent.

Gray Hair? NEW VITAMIN RESTORES NATURAL COLOR

Free Booklet Tells Of Thrilling Discovery: New Hope For Millions

One of the most sensational scientific discoveries of modern times is an anti-gray hair vitamin that restores natural, normal color to gray hair in nature's own way. Scientific investigation has revealed that gray hair, in many cases, may be due to a vitamin deficiency. Scientists have also discovered the particular vitamin that is necessary to restore color to the hair in such cases. Reports of tests made indicate remarkable results. Not a dye—just a fine—restoration—restoration! It is a valuable food supplement. If you are among the millions of people who find themselves handicapped, in business or socially, because of gray hair, mail coupon below for written free booklet about this marvelous new vitamin discovery. There is no cost or obligation, so send today!

United Vitamin Products, 2 W. Washington St. Chicago 11, Dept. 5 Send FREE BOOKLET to: Name: Address: City: State: Zip: Mail Early!

Impressive Club Programs Held By Two Organizations

On Wednesday, Nov. 10, the Woman's Culture club met at the High school in a combined program with the P-TA.

Mrs. J. E. Parker, Parent-Teacher-president, conducted their regular business and then introduced Mrs. Tillman Jones, president of the Culture club, who was leader for the patriotic program in observance of Armistice Day.

Marshall Mason, Jr., prominent Boy Scout and president of the Senior class, advanced the flag and led the audience in giving the pledge of allegiance to the flag. Two stanzas of the "Star Spangled Banner" were sung Mrs. Ray Smith was at the piano for this part of the program.

With Mrs. J. R. Durrett leading, "The Lord's Prayer" was recited in unison as an invocation.

The Grade School Chorus conducted by Miss Kral, and accompanied by Mrs. Stallings, very effectively rendered the songs "Over There," "There's a Long, Long Trail," and "Sailing Song." The singing of these youngsters was much enjoyed by the audience and they, along with their teacher, are to be commended.

The guest speaker who was to have appeared was prevented by illness but it is hoped we will have the privilege of hearing her soon.

Mrs. Tillman Jones very ably filled in with some pertinent remarks concerning Armistice Day. She read the words said over the body of the Unknown Soldier when it was placed in Arlington Cemetery. She echoed the feelings of her entire audience as she paid tribute to the Marine Corps on their 168th birthday. She concluded her remarks with the statement "May we soon see not just another armistice day, but a day of unconditional surrender."

Mrs. Jones then introduced Mrs. Ferna Cash who with three students presented a panel on "Teen-Age Problems." Alma Outlaw presented some thoughts on "What the School Should Do for Teen-Age Boys and Girls." Norma Joy Hedman discussed "The Influence of the Church." Wanda Thomas gave her ideas about "The Influence of the Home." These girls were very able in their presentation of some thought-provoking statements as to the obligation of the older generation to the younger. "They cannot find their way lest we lead them."

The entire meeting was interesting and most worthwhile. —Reporter

Childers - Taylor

Sgt. Willis Childers of this city and Miss Vada Taylor, daughter of Mr. and Mrs. O. B. Taylor were united in marriage at the home of the officiating minister, Rev. Graydon, in Lubbock recently.

The single ring ceremony was used for the ceremony which was witnessed by Miss Rosemary Childers and Howard Justice.

Sgt. Childers is an aerial gunner and has completed gunnery school at Arlington, Texas, and is being transferred to the 18th Training Wing of Salt Lake City, Utah. The bride has been associated with the shipyards office in Galveston, Texas.

MAIL CHRISTMAS PACKAGES EARLY!

Early Christmas shopping and shipping are necessary this year to enable satisfactory handling of the extra Christmas load by war-burdened railroads, postal and express facilities and local transit and delivery services. Because of war strains on transportation and because of manpower shortages, preventing the usual holiday expansion of mailing and shipping forces, delivery of packages sent by parcel post or express could not be assured before Christmas if the load was concentrated in the few weeks preceding the holiday. Mail Early!

PRETTY HOME FRONT WORKER

SOUTH BEND, IND.—With three of four brothers in the armed forces, Ruth Muncie helps on the home front. Here she is acting as a laboratory assistant making a test to insure the high quality of USG Roofing. Frequent tests are made of roofing felt, asphalt for saturating the felt, asphalt coatings and mineral granules to make sure that the finished roofing meets the high standards required by the manufacturer. Millions of feet of USG Asphalt Roofing have gone on barracks, warehouses, war housing and other war buildings, as well as to maintain the roofs of civilian workers.

Guests in the home of Mr. and Mrs. E. W. Williams Saturday night and Sunday were their son, E. W. Jr. and his roommate, Bill Baucus of Kansas City, and a friend, Bill Hinkley of Phoenix, Arizona. The boys are all students of New Mexico Military Institute of Roswell, New Mexico. They are enjoying a four day furlough and went to San Angelo to Guin Williams' ranch for a deer hunt.

NEEDLECRAFT CLUB

The Needlecraft club will meet with Mrs. W. F. Pierce Friday.

Sub-Deb Plan Assembly Program And Xmas Party

The Sub Deb club met Wednesday night at the home of Betty Williams. The purpose of the meeting was to plan an assembly program for the following week in school and also to plan a Christmas party. It was decided to have the Christmas party Dec. 22 at the home of Peggy Robinson. The plans for an assembly were not completed. Those attending the meeting were: Marion Hedge, Marion Edwards, Wanda Thomas, Hazel Cash, Melba Miller, Norma Hudman, Mary Robertson, Iris Parker, Peggy Sue Robinson, Edna Mae Pierce, Billie Kennedy, Betty Jo Kennedy and Betty Williams. —Reporter

To Hold Down Flour Prices

To hold down flour and bread prices at present levels, the Office of Economic Stabilization has inaugurated a subsidy program that will enable wheat flour millers to pay as high as parity prices for wheat (should the market go that high) and at the same time sell flour for no more than present ceiling prices. Without the subsidy, the Office of Economic Stabilization says, it would be necessary to increase present ceilings on flour, which in turn would force an increase in bread prices.

Mrs. Joe Strayhorn of Snyder was a guest of her daughter, Mrs. Phil Bouchier Tuesday and Wednesday.

Ocean-caught fish contain copper, iron, calcium, phosphorus, and other minerals.

Rumor That Billy Donaldson Was Missing Is Dispelled By Letter

It was rumored sometime ago but never confirmed that Billy Donaldson, son of the late Bill Donaldson, was "missing in action." The rumor persisted without confirmation but this last week Billy himself wrote his adopted mother, Mrs. Nellie Rodgers and since the letter was on a fairly recent date the rumor concerning him can be discarded. Parts of Billy's letter follow:

"I will start off by trying to give you some excuses for not writing. The first is that I have not had too much time, and the other is I get too far behind on my letter writing and find it hard to catch up.

"I had a letter from Johnny the other day. He seems to be doing a k. Do you think he will be sent overseas? Write and tell him to stay in the United States. I wrote and told you to do what you wanted to with the things there. I have no idea when I will get home. I've been here 1 1/2 years. There are not very many men left here of the same bunch that came in with me. Write soon."

Pvt. B. L. Donaldson, 30169221, Co. K, 127th Inf. APO 32, San Francisco, Calif.

NAMED AMBASSADOR TO RUSSIA

WASHINGTON, D. C.—Succeeding Admiral William H. Standley, who resigned recently, W. Averell Harriman (above), lend-lease expeditor in Great Britain, has been named U. S. Ambassador to the U.S.S.R.

Sergeant Chesley Manly is expected to arrive here today to spend the Thanksgiving holidays with his parents, Mr. and Mrs. J. P. Manly. The former Chicago Tribune reporter was assigned to the Washington, D. C. staff of the paper, is now stationed at Camp Bergstrom near Austin, Texas.

Bill Woods Stationed In South Dakota

Bill Woods, ASTP, of the Air Corps is now in South Dakota School of Mines in Rapid City. It is so cold up here even Mrs. Roosevelt hasn't gotten around to visiting us, he wrote his wife, Laruth Walden Wood. Bill took his preliminary training in Denver, Colorado, and was then sent to Nebraska for a three weeks course before going to South Dakota. He was formerly a student of Texas Tech. He is the son of Mr. and Mrs. Wilf Scarborough.

Joe Moss Ready To Take Anything The Army Has To Offer

"I can take anything the army has to offer now . . . even Tennessee winter weather," Joe Moss wrote Jude Manly this week. "There was a time during the first weeks I was in this man's army that I didn't know whether I would make it or not but now I am as tough as they come and am ready for anything." Joe, formerly an attorney in Post, is in winter maneuvers now near Nashville and feels that as soon as this stretch of training is completed that his unit will be headed overseas. He is with the Army Air Corps as a member of the 934th Signal Bst. Co. A.

Mrs. Clyde Brown and Mrs. R. H. Smith, are visiting their sister, Mrs. Tommie Anderson this week.

New Guinea Is Nice—to Visit

By Charles Pearson

(WNU Feature—Through special arrangement with Collier's Weekly.)

New Guinea isn't exactly a resort but it is far more habitable now than it was before the Uncle Sam Improvement company went to work on it. The air corps' flying boxcars have hauled in everything from tractors to hairpins and continue to haul in more all the time. Air strips have made it possible for planes to get to a lot of formerly inaccessible places. One run that used to take 35 days, now takes 35 minutes. Back home when something like a road had to be built you'd see surveyors, inspectors and blueprints in a huddle for days. Here they just go out and build the road.

All civilians have been evacuated and traffic is strictly military. There's one exception: an old, faded blue sedan with the top gone and fenders rusted away. A Port Moresby resident gave it to one of the soldiers after it had been hit by bomb fragments, and the soldier fixed it up. His biggest problem was fitting it with a salvaged truck radiator. Since there is no place to go on the island he uses it in an official capacity during the day. At night he carries buddies to motion pictures at other camps.

Always Wet. The dampness is perpetual. After all sorts of experiments to combat it the army finally is moving up on stilts and into trees. Platforms are built of hard wood and floored with split bamboo. Pyramidal tents are erected on the platforms. You reach the front door by climbing up a ladder. The ever-necessary air-raid trench is built somewhere underneath, which makes the trench reasonably dry. In the past, G.I.'s who couldn't swim came close to drowning while sweating out Jap night raids. This way you have only lizards and centipedes to worry about.

Except for those who live in Port Moresby, the natives parade around lightly clad. Gals generally wear what amounts to the equivalent of an old pen wiper. Children get by with strings of beads. These natives are generally always without bracelets, trinkets or charms of any sort because souvenir-happy Yanks have bought them all. Until the department of agriculture banned grass skirts from import into the United States an acre or so of grass went down every day to build hay dresses for the little girls back home.

One unanswered question is whether the natives are more curious about the strange ways and belongings of the newcomers or whether it's vice versa.

Native Cooking. If you're not around at chow time you're just not going to be fed because there is no place where you could possibly eat. A couple of air force boys, on one of those rare things, a day off, went fishing and forgot about chow time. One of them figured it might not be a bad idea to go back through the near-by native village and try to mooch a meal. It was easier than they had figured. The boss man said: "You have kaikai," which is one way of saying, "Will you hang around and put the nosebag on with us?" The meal turned out to be a four-course dinner, starting out with some stalks of sweet cane, followed by coconut meat and bananas, which had been wrapped in leaves and roasted. For no good reason at all the latter tasted like potatoes. The last course could not be identified. It came out of the community pot, but it was reported to be good.

These natives eat only one meal a day, but it's so big they spend the evenings sitting around groaning and massaging swollen bellies with coconut oil. Incidentally, natives remove the outside husk of a coconut with a sharpened stick in some few seconds. It takes a soldier 25 minutes if he has an ax, a screwdriver and a jungle knife.

Japanese wreckage has been put to some local use. Bayonets have been cut down to throwing knives for the popular pastime of tossing at cardboard targets on which is plastered Tojo's nose. Shell cases have been cut down to ash trays. Natives use Jap ammo pouches for handbags.

Husband Is Boss. Many a sergeant who gives orders now, but knows that when the war is over his wife will give them, looks with admiration upon the native men who sit around while the gals do more work per capita than army mules. Everybody works but father.

New Guinea has been made habitable and it probably is as good a place to fight a war from as any. But, in the average dogface's opinion, if Manhattan was only worth \$24, New Guinea isn't worth two cents. It's a nice place to visit but no place to live.

News of the Presson Boys

S-Sgt. Glendon Presson is stationed "somewhere in England" and writes that he is kept pretty busy and that there is not much to write. In a recent letter he said he would have a furlough coming up pretty soon and that he would probably visit London again. Some time ago he got to visit northern England and Scotland. Glendon is with a motorized hospital unit somewhere in England.

Lt. Kent Presson has been on "desert training" for some time in California and Arizona. He thinks his outfit is about ready to make an "important" move. He says it seems good to get back to "civilization" again after having been out on a spell of maneuvers, sleeping on rocks and generally roughing it. Kent is stationed in Los Angeles and is with the Field Artillery.

Flight Officer William H. Ingram, husband of Margelene Wright, is enroute to a new assignment. Margelene is making her home with her parents, Mr. and Mrs. Will Wright, for the duration.

A cat's whiskers are delicate sense organs, enabling the animal to find his way about.

Madame Curie was the first woman appointed to the French cabinet.

Mrs. Sreeter Slaughter attended the funeral of Miss Lulu Elkins' mother in Midland on Tuesday. She received word of Mrs. Elkins' death on Sunday and left early Monday morning for that city.

Names Of Servicemen Wanted

The Lions club of Post is making up an Honor Roll of all men in the armed services in Garza county for the purpose of having it painted on a board on the Court House lawn.

The club is proud of all these boys and know that you are too and would like to have their names on the roll. A list of boys who have registered here is available but many boys from this county registered in other towns and perhaps this county does not have credit for them. Don't expect the secretary of the Lions club to remember that your boy once lived here and should be on the roll . . . he might forget it, or maybe doesn't know how to spell his name. Send in the proper information to Lions club, Box 644, Post, Texas.

Remember, that if your son's name, your brother's name or your husband's name does not appear on the Honor Roll, it will be your fault. Send information in today!

all the way for U.S.A.

★ For Santa Fe Employees—"all the way" means every hand, head and heart is putting everything it has into the job.

Today, more than 60,000 employees are working together handling record-breaking traffic moving via Santa Fe.

Employees are going "all the way," too, by purchasing bonds every payday through the payroll deduction plan, as well as through other bond buying sources, to keep our fighting forces supplied with the food and equipment needed.

★ For Santa Fe Equipment—"all the way" means every locomotive is pulling for war . . . every car is loaded for war . . . everything that rolls is rolling for war.

★ For Santa Fe Passengers—"all the way" means traveling only when necessary, and putting up cheerfully with crowded conditions.

★ For Santa Fe Shippers—"all the way" means loading cars fast . . . getting them moving . . . unloading quickly.

For up-to-the-minute information of Santa Fe war-time passenger and freight service—see your local Santa Fe Agent

We Are Thankful . . .

WE ARE AMERICANS!

As we gather this Thanksgiving in homes and churches throughout the Nation, we will join in reverent acknowledgment to God for the many blessings He has so mercifully granted us as individuals and as a Nation.

We will likewise become aware of our resemblance to our forefathers, who in 1621 observed the first American THANKSGIVING and who like ourselves were forced to fight for their freedom, even as they gave thanks for it.

We will, also, on this Thanksgiving Day, renew our spiritual strength, re-light our faith in the American Way of Life, and reaffirm our determination to win the final and complete victory!

ARE YOUR CATTLE GRUBBY?

If so, you can enlist in the fight against this enemy and help increase your profits, and at the same time help win this war.

Ever since that high-strung heifer hoisted her tail and headed for the bog and the bushes last spring you have been feeding meat, milk, and leather to

CATTLE GRUBS

Willie Kimbrough, County Extension Service

Cattle that are grubby during these months in their life are the most difficult to cure. These grubs will be in the back another 35 to 40 days if not treated.

month to three months? Too each grub is dealing that old cow plenty of trouble and each grub that falls out has a pretty good chance of getting through the winter and making a bee line to chase your cattle and laying eggs starting the cycle over again.

The treatment is simple, effective and inexpensive for a large herd or a single cow. Every one who owns a cow (dairy or beef

type) should check her to destroy the grubs. Derris powder (containing 5% rotenone) mixed with wettable sulphur equal parts by weight and sifted on the infested area at 30 day intervals until no more grubs appear. These materials can be used as a dip or used as a spray with a power sprayer and will destroy cattle lice. The materials are available at local drug stores.

Holding the Line on Guadalcanal

By Kyle Crichton

(WNU Feature—Through special arrangement with Collier's Weekly.)

Not until the history of the war is written will it be known how close we came to getting driven out of Guadalcanal. The Japs could have done it by coming down in force, but even their minor efforts were tough enough, a hundred Zeros at a time being faced by far smaller groups of our planes.

"Our fliers from all branches—army, navy and marines—went up there and shot them down," says Vice Admiral McCain. "Those young pilots took a beating unequalled in the annals of war. Without relief, they fought day after day, night after night, for weeks."

The toughest job was getting in supplies, and there were dozens of instances of heroism in that work. In the early stages of the invasion, the planes at Henderson Field were running short of fuel, mainly due to losses of stored gasoline from enemy bombing. It was finish for the marines if the Japs got air control.

"We held a conference with the commanding officers of the small seaplane tenders," says the admiral. "They were converted from old four-stack destroyers, leftovers from the First World War. We asked the skippers to estimate how many drums of gasoline each could carry. One by one they quoted their figures. Finally, Commander John Alderman spoke up and said: 'I'll take exactly twice that much.'"

"Gasoline Gets Through" "We didn't ask how. We simply gave him the job. He really loaded that ship with his gasoline. One small bomb from a Jap plane would set him off. He ran his ship through the Jap gantlet, in the dead of night, at full speed, and landed the gasoline at Lunga Point, near Henderson Field. We learned later that the planes on Guadalcanal would have been bone dry next morning if he hadn't got through.

"On his way back from a second trip, in which he eluded an intercepting force, he was overtaken by Jap bombers. He shot down four of them, but one of the remaining five scored a hit on his stern that put the rudder out of commission. He managed to wobble the ship over to Tulagi, put into a cove, tied up to a cliff and concealed the ship with trailing tree branches and vines. While hidden there, he managed to improvise a makeshift rudder and finally got the ship back to a safe port where she has since been repaired and is again in service. That's the kind of boys we had out there."

On Guadalcanal, the marines were learning fast, too. "It was tough at first," says the admiral, "with the Japs setting off their silly fireworks and trying to fool the boys with cries of 'Hey, Joe,' but the marines soon caught on to that and proceeded to invent tricks the Japs would never in a thousand years have dreamed up. The outstanding fact of this war is the versatility, adaptability, courage and toughness of American boys. Presumably—before the war, that is—they were considered our softest generation. Rather, they go back to the pioneers."

It was shown clear at Guadalcanal that the PB's were no match for the Zeros, and a point was reached when it was necessary to use a few bombers as reconnaissance planes in "hot" sectors. Even though the fighters were knocking the faster and more maneuverable Zeros out of the air at the rate of eight and nine to one, the loss of the one plane, multiplied over daily battles, soon became serious. A crisis was reached on Guadalcanal when they were finally down to five fighters and 15 bombers. It was then that a huge task force of the Japs was reported 300 miles off, with battleships, carriers, destroyers and cruisers.

"We had about 50 ships in the harbor at Espiritu Santo," says the admiral, "but we soon got them out of there and scattered over the sea, leaving only two that had a few anti-aircraft guns and might do us some good. We evacuated our huts and took to slit trenches and waited. Our bombers being used as scouting planes kept reporting the steady progress of the Jap fleet straight for us—and then, for no reason I was ever able to understand, they turned around and went back!"

Superb Training. "The United States navy had the most superbly trained carrier groups that ever entered a war," he says flatly. "The next best were the Japanese. All the things we worked out in maneuvers before the war have been successfully used since."

"The captain of a battleship might stop any one type of attack, whether it is dive bombing, torpedo planes, skip bombing or high-level stuff, but when you combine them all, as our navy fliers do, there isn't a ship in the world with enough firepower to shoot them down."

Margaret Fleming Presides At Recent 4-H Club Meeting

The Garnolia Girl's 4-H Club met in the primary room Wednesday, 9:30 a. m. The new president, Margaret Fleming, called the meeting to order. Billie Williett served as secretary.

Rena Lee Brooks, Recreation Chairman, led the 4-H Club pledge. Miss Carolyn Dixon assisted the members with their 1943 reports. Sue Nell Carpenter showed the girls a very attractive scarf she had made.

Donations to the club treasurer were made by Rena Lee Brooks, Sue Carpenter, Billie Williett, Leona Smith, Corina Smith, Dora Lee Smith, Hazel Thomas, Margaret Fleming and Nita Ray McClellan. We now have in our treasury \$120.

Those present were: Leona Smith, Corina Smith, Dora Lee Smith, Margaret Fleming, Martha Thomas, Hazel Thomas, Sue Nell Carpenter, Melba Carpenter, Marilyn Feeler, Billie Williett, Nita Ray McClellan, Pearl Craig, Dot Jones. —Reporter

Variety of Games Enjoyed At 4-H Club Party

Mrs. G. E. Fleming, Girl's 4-H Club Sponsor, gave the 4-H Club girls a party Friday night, Nov. 12. The 4-H club boys were guests. Barnyard, grape-hunting and other games were played.

Refreshments of cocoa and cake were served to forty-four 4-H club boys and girls. —Rep.

FOOD FIGHTS For Freedom

FRESH FRUITS AND FRESH VEGETABLES for the Home Front!

FOOD Fights for Freedom on every front! On the home front, fresh fruits and fresh vegetables play a most important part. In addition to their superior nutrition and health qualities, fresh fruits and vegetables require little or no critical materials for their distribution. They are economical and are ration free.

Let's make "Food Fights for Freedom" more than a slogan. Let's make it an actual reality in every day living. You can do this by conserving food—by eating the right foods, a balanced daily diet which includes each of the Basic 7 Foods—by eating enough, but not too much—by substituting plentiful foods for those that are scarce. You get full food value when you eat fruits and vegetables FRESH.

Build war-time menus around fresh fruits and fresh vegetables—some raw and others quick-cooked. Never over-cook fresh fruits and vegetables as it destroys vitamins and minerals. For health and greatest eating enjoyment, demand quality fresh fruits and fresh vegetables...

We Are Thankful

We have a great deal to be thankful for on Thanksgiving Day. Let each of us individually, or as family groups, offer our thanks as we sit down to that bountiful feast that is the outward sign of our gratitude.

"Buy War Bonds For Christmas"

FIRST NATIONAL BANK

Our Thanks...

On the LAND. On the SEA. And in the AIR

Let Us On This Thanksgiving Day Keep Faith With The Fighting Forces of America...

Our Thanksgiving resembles to a great extent that of the Pilgrims... they gave thanks for their newly gained freedom. Today we again are fighting for this same freedom for which they suffered and died and which we now enjoy... and we join this nation in giving thanks for the guidance we are now receiving in our fight to maintain the American way of life for generations to come.

POSTEX COTTON MILLS

Not The Turkey, But The Eagle!

As we observe Thanksgiving Day in 1943, we are thankful not so much for the Turkey that still graces our table, but for the American Eagle that stands guard over the many freedoms we, as Americans enjoy. We have many reasons to be thankful that we are Americans.

For instance, the leaders of the Axis countries have outlined and published their plan for a new world in which the conquered peoples will live out their lives in the service of their masters . . .

On the other hand, the United Nations stand for a world in which men are free, free not of all human troubles, but free of the fear of despotic power, free to develop as individuals, free to conduct and shape their affairs . . . these are precious things.

This Thanksgiving, let us rededicate ourselves to the fight for victory, and to a new determination to defend our blessings of life and liberty from the foes who would destroy them. But we must do more than that. This war, if it is to be won, must be fought by the nation . . . by 130 million people . . . abroad and at home. The factory, the mine, the farms, and our own individual community take on equal importance with the battlefield. Sacrifices, going far beyond such surface things as rationing of foods and gasoline and tires and taxes, is called for by all.

We must work, even beyond the line of duty here at home, and from these trials of "blood, sweat and tears," a greater and better America will evolve and our own home community be the better because of the sacrifice.

TO OUR MEN OVERSEAS . . .
Since this issue of the POST DISPATCH will probably reach you near the . . .

Curtis Neal Writes
The following letter was received several days ago from Curtis Neal, a former employee of The Post Dispatch and the publishers are glad to share it with our readers. Curtis volunteered into the United States Navy last year and is now assigned to sea duty as second class petty officer as storekeeper. He is in the Atlantic theatre of war. A short time before going into service he was an employee of Herring's Dry Goods here and also was in charge of Levine's supply store in Wichita Falls. He grew up in Post and has many friends here.

Dear Bunch: I'm sorry to have been so long in writing, but as Mr. Herring probably told you, I haven't had much time.

I've seen quite a bit of the world since last conversing with you, and I might add that I would give all of it in exchange for just a small part of Texas. No, seriously, I like it very much and am always looking forward to all the new places we visit. I could write a very interesting essay on what new countries I have already visited, giving their manners of social life and the various customs and beliefs they have, but as you well know... where I have been, where I am going, or even the present locality is strictly a military secret so I cannot say anything like the soldiers are permitted to do.

Would you please send me the Boss' address, I would like to look him up. I could have looked up Jim Mason not long ago only I didn't have his address.

How is business... still booming? What did they do about the newsprint shortage in Texas. I noticed that in some of the eastern states they were experiencing quite a bit of difficulty over the situation.

I am receiving most of the issues of the Post Dispatch although some of them are quite dated by the time they catch up with me. I really enjoy reading them as for a few minutes it seems to take me back to Post with everything just as it was a few years ago. Second to letters, the home town paper is best received of all by the men out here.

Time is short so I must quit and start to get everything ready for tomorrow as I am expecting a big business. Incidentally, I don't think I told you, I'm in charge of the

VICTORY HINTS

"Rinse" out the catsup, chili, sauce or other relish bottle with 4 tablespoons or so of French dressing. This prevents any waste of the catsup. Add the dressing and shake the bottle thoroughly and use as desired.

For an extra touch to salad dressing, mix in some cottage cheese, add a few broken nuts and pass with fruit salad. This can pinch hit for dessert course. Accompany by toasted crackers.

Honey, lightly spiced with cinnamon and cloves and mixed with margarine makes a grand top spread for hot toast.

If cotton scorches while ironing this is what home economists recommend: Plunge into cold water immediately and allow to stand for 24 hours. By that time the marks will have disappeared.

As much as 50 percent of the light is wasted when dirt and dust are allowed to accumulate on reflector bowls of floor and table lamps and on glass globes of ceiling fixtures. To clean, remove glass parts and wash in warm soapy water, rinse and dry thoroughly inside and out.

Good coffee starts in a clean pot. Home economists recommend washing pot in rich sudsy water after each use, and if stains are very stubborn, tackle them with a long-handled scrub brush. If coffee maker has a cloth filter, rinse cloth thoroughly after each use and keep in a glass of cold water.

Paper is organic matter, having been produced from pulp of living trees.

Clothing and Small Store (about the same as the Supply Sergeant in the Army).

My best regards to all of you and write when you can... Curtis Neal, SK 2c, USSS Biloxi, c/o Fleet Post Office, New York, N. Y.

Grade School News

Sale of War Stamps
Mrs. Nola Brister reported that the total sale on Nov. 16 was \$49.60. The winning room was Miss Cromer's third grade. They bought \$11.10 in stamps.

Class Compositions
The following themes were written by Miss Scott's Language Arts pupils:

Geography
One of the most interesting things in school is Geography. We started talking about Europe and Asia; then we learn how to make the maps in our books tell a story; then about population of it, winds, lowlands, highlands and the Mediterranean region.

We then go to the British Isles. We learn that it is divided into five countries, England, Scotland, Northern Ireland, Irish Free State and Wales. We learn about it as a whole. What it grows, its sea-ports, and its fishing. Then we go to the other countries and learn about them.

Junior Malouf
English 7-1

Our School Play
At school we have a play. It is on Friday. Each room in Grade school takes time about having the play. We have Halloween plays, Thanksgiving plays, and all kinds of interesting ones. They entertain us. We call it an assembly. We enjoy seeing all these plays. They are to entertain us and make us happy. Parents are welcome.

Inez Mize
English 7-1

Fire Drill
The Fire Drill was about 3:00 o'clock Nov. 9th. The Fire Chief stood at the door and saw that all the children got out. The helper of the Fire Chief saw that the windows were down. Everyone marched out nicely, in a fast walk. There were two doors to march out at, one on east and one on the west. Half marched out on the east. The others on the west. When they all got out, they all marched south of the school house. Each grade got into separate rows and marched to the sidewalk. Each row turned around facing the north and stood quiet. Then they marched back into our classroom. During a Fire Drill do not get excited!

Benjamin Franklin Wilks
English 7-1

Assembly
On Nov. 19th we were honored with out-of-town musicians. Billie Marie Parrish, a former student of our school, and Laverne Way, entertained us during assembly period. Billie Marie and Laverne were from the Dunagan Studio of Music in Lubbock. They played several numbers on their guitars.

Ball Game
We had another interesting ball game Friday afternoon at Grade school, when the 8th and 9th grade boys came over from High school. The entire grade school was elated with a score at the end; which was 8-1 in favor of the grade school. We enjoy these games a great deal and hope we may have more games in the future.

Alfred Beauchamp Receives Christmas Packages
Second class petty officer Alfred Beauchamp wrote his mother this week that he had received some of his Christmas packages. He is sending two boxes of clothing home as the weather in the parts of the country where he is now stationed is ruining everything with mildew and the type of duty he now has he does not need many clothes. Alfred is a mechanical gunner on a ship and has probably seen plenty of action recently. He and Rusty Dean, who's also a second class petty officer and with the same type of duty, are still together. The two Post boys entered service at the same time, were given the same training at Great Lakes, Ill.; Hollywood, Calif. and at the Naval Training Station at San Francisco. They were pals during their high school days and are thrilled that they can still be together. "We also ran into some of the fellows out here that we knew in Chicago," he wrote. "Next to letters from home the Post Dispatch is the best reading material I get. Really do enjoy getting it, don't let by subscription expire."

Mary Simms, niece of Miss Kate Fawcett, spent the weekend in Post. She is now an employee of the Lubbock National bank and says she is crazy about her work.

The fashion of tailor made suits for women originated in England.

NAZIS CAUGHT NAPPING

GERMANY—U. S. Army Air Forces Photo—Apparently secure in their belief that East Prussia was beyond the range of daylight bombers, German defenses were caught napping when Flying Fortresses of the Eighth Air Force Bomber Command attacked the huge Focke-Wulf aircraft factory at Marienburg. In this photo smoke and flames rise from the plant, which was virtually destroyed, at the height of the raid.

Railroads Have Hauled 76 Million Carloads of Freight Since Outbreak of War
Since the outbreak of the war the railroads have hauled 76 million car loads of freight, most of destined for battlefronts. Millions of fighting men have been transported to training camps and embarkation ports. Commendation to all railroads is expressed by the armed forces.

The Army and Navy realize that, to perform this big job, crews on trains, in shops, in yards, and along right of way have had to work long and hard. To the men and women who have made this record movement of men and weapons possible, the Army and Navy are deeply grateful. Keep up the good work—for railroad work is war work, railroad service is vital to victory.

Hansford Hudman in Training in Norman, Oklahoma
Hansford Hudman is still training in Norman, Oklahoma, and is with the Navy Training Unit there. He entered service in June and took his boot training in San Diego. Hans is the son of Mr. and Mrs. J. B. Hudman of Post. His wife and several weeks old baby are making their home while Hans is in Oklahoma with her parents, Mr. and Mrs. Bob Russell, but are now visiting him in Oklahoma.

Mr. and Mrs. Charley Brown and daughter, Alma, Mr. and Mrs. R. T. McLelland and daughter, Billie Marie Williamson, spent Sunday with Mr. and Mrs. Floice Drake at Lubbock.

Buy a War Bond today!

Murrie Crowley Still On Island in South Pacific

Murrie Crowley, son of Mr. and Mrs. O. B. Crowley, is still stationed on an unidentified island according to his father who was in the Dispatch office this week to check up on Murrie's subscription to his hometown paper. It was learned that the Dispatch is getting around in the South Pacific area as many boys who do not get their own papers are reading those mailed from Post. Murrie is attached to the Seabee Division of the Navy and has been stationed in the South Pacific about 18 months. His wife and two children are living in Post. While in Post Murrie was an employee of the N. J. Lanotte Furniture Co.

Lefty Davies Somewhere in the South Pacific

Lefty Davies, former employee of the Higginbotham-Bartlett Co., is somewhere in the South Pacific Area, according to word received here by his wife two weeks ago. Lefty is a member of the U. S. Navy and is attached to the Seabee Division with the rating of third class petty officer. He took his boot training in San Diego and was then transferred to Port Heuneme where he was stationed until he sailed. Mrs. Davies and seven weeks old daughter, Jerilyn, who have been living for several months with her parents, Mr. and Mrs. Harrison, moved into their home here two weeks ago. Lefty went into service in June.

American Soldiers Help English Harvest

Colored American soldiers helped with the corn harvest on the Duke of Buccleuch's estate in Northants, England. The farm foreman summed them up as "rattling good chaps" and liked their singing of the old tunes of the south while they worked.

Thanksgiving finds U.S. truly Blessed

TODAY, THANKSGIVING 1943, we see our country engaged in a tremendous effort that is testing all of our capacities for ingenuity, for skill, for courage and patience. We can be Thankful—and with confidence in the future—that the past has proven our ability to meet problems and to solve them, and that while our present position is a new one in history, it is not without precedent in kind and most certainly will yield to solution by the combined efforts of a people made incredibly strong by the blessings of nature and three centuries of freedom.

SO, AS INDIVIDUALS, as a nation, as a people under GOD, we have much to be Thankful for on this Thanksgiving Day. Let each of us, individually, or as family groups, offer our Thanks as we sit down to that bountiful feast that is the outward sign of our gratitude.

★ Special Thanks to Service Men

We on the Home Front express deep and heartfelt thanks to our boys overseas and others in our armed forces who are dedicating themselves so unstintingly to the cause of Victory. We pray that on next Thanksgiving Day the joys of family life and friendships can be resumed in all their true meaning.

GO LIGHT!

Scorn Overweight Motor Oil this Winter of War

"The Lighter the oil the better"... Discover how very light, by changing to Winter OIL-PLATING

Have you ever been a new papa? Have you ever had to enlarge the hole in the nipple of baby's bottle? The hot milk, just about as fluid as anything, barely comes through. Far "skinnier" than small holes in nipples are many of the oil spaces in your car's engine. That's still true after it is middle-aged or beyond. Any oil...any oil...has a hard enough time coming through and spreading all around. Overweight oil—easily thickened by cold—is far worse. The lightest oil your engine can use this season is rightest. And you can know that light oil will more than stand the gaff when it includes the ability to give your engine internal OIL-PLATING.

Because a Winter change to Conoco Nth motor oil adds OIL-PLATING to engine parts, you can go your car's limit on lightness. Any good plating is a protective surface, and so is OIL-PLATING—attached all over your engine's insides, as if strongly "magnetized" there by a synthetic that's part of patented Conoco Nth. Now every moving part enveloped in its close-fastened OIL-PLATING must slide upon the rupture-resistant fluid film of Conoco Nth. Safety is multiplied!—though your economical Conoco Nth is so light that your battery, too, has every chance to outlive the Winter, and the War. OIL-PLATE at Your Conoco Mileage Merchant's—today. Continental Oil Co.

Dread Engine Acid Fought by OIL-PLATING
Normal combustion always leaves acids inside of your engine when it stops.
Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.
But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

CONOCO Nth MOTOR OIL

Miss Evelyn Parr of Dallas is visiting her parents, Mr. and Mrs. E. Z. Parr, for two weeks. She is associated with the Federal Reserve bank and works in the cash department. Her sister, Dorothy Parr, is also making her home in Dallas. She reports that Bill and Naomi (Parr) Rackley still like Dallas. Bill is working in an aircraft factory.

Miss Maxine Cash of San Antonio, daughter of Mrs. Eema Cash, left Monday after spending her vacation in Post and Littlefield. Mrs. T. J. Ciampillo of Littlefield was a house guest in the Cash home during Maxine's visit and another guest also was Mrs. Langford who is associated with the Payne-Shotwell hospital.

Care Should Be Taken With Hides and Pelts

Because of the urgent wartime demand for leather, farmers and ranchers and sportsmen are urged to take proper care of hides and pelts from cattle, sheep, deer and elk, and then see that they are marketed while still in good condition.

Many hides and pelts are spoiled or damaged to the extent that they are unfit for leather because of careless and improper handling. Here are suggestions for handling hides and pelts:

1. Prevent blood from getting in the hair or wool; 2. Do not cut or score the hide when skinning. Very little knife work is necessary on a lamb; 3. Remove all fat and meat from skinned hide; 4. Spread hide flesh side up to cool. Do not wash it. Don't let it dry out; 5. Salt liberally—twice as much as may seem necessary; 6. Fold edges in to center, flesh side together. Fold again and again until the hide can be tied in a bundle; 7. Deliver or sell to a hide dealer as soon as possible—before the hide freezes or dries out.

The patron saint of England is St. George.

POST HIGH SCHOOL NEWS

Hazel Louise Cash, Reporter

Senior Personality

Betty Jane Travis, daughter of Mr. and Mrs. R. D. Travis is the personality this week. She has red hair and brown eyes. Her favorite sport is basketball. She plays forward. She makes way above average grades. Betty Jane has lived here all her life and is an exceptionally brilliant student. May you have luck in the future is our sincere wish.

Guess Who??

She is a member of the Freshman class. She lives near Graham and has beautiful black hair. She has recently been elected to a very honorable position. Who is she?

Last week's personality was Mary Etta Norman.

Thank You Note

We, the student body of Post High school, want to extend our sincere gratitude to the Woman's Culture club and B. J. Edwards for bringing the very interesting and educational picture, "Mission to Moscow" here for our benefit. We enjoyed it very much. Thank you.

Can You Feature?

Iris Joy broken-hearted?
Mrs. Smith chewing gum in English class?

English III students reading books for book reports?

Second six weeks exams being over?

Alma not carrying the torch for Billy Mac?

Hugh not being able to play ball Friday night?

The Senior Play is to be Friday night week. The name of it is "Ghost in the Glass," a mystery.

R. D. Travis in Mississippi

R. D. Travis, Jr., who left Post about two weeks ago for Lubbock to be inducted into the Army Air Corps is now at Camp Kesler, Miss., according to word received here by his father, Duke Travis. Another son of the Traveses, Charlie, is in the Trinidad Islands. He is Chief Petty Officer in the Seabees.

CAPT. JAMES MINOR—

(Continued From Front Page)

things that happened to me. I'll tell you about the rest of the events when I get home.

"Lots of things happened that are really funny to us now, but were not a bit funny at the time they happened. The first day we landed, my radio operator and I were pinned down in a small irrigation ditch by enemy MG fire. While we were trying to work our way back out of it, here came four German tanks and stopped about 20 yards from us. We had nothing to fight tanks with so all we could do was lay perfectly still and just hope they didn't spot us. The tanks stayed about ten minutes and finally turned around and left. We finally got out from under the machine gun fire and found some more of our troops and kept moving.

"At another time Mobley, Knox and I and about 30 others were completely surrounded by Germans. We dug in and stayed until after dark and then started infiltrating back to our lines. Every man made it safely . . . how we'll never know.

At another time the radio operator, runner and I were on the nose of a mountain. I was observing Jerrie's movements through my glasses. They started shelling us, got my operator, but again I came out without a scratch . . . thanks to your prayers.

Another time, a German artillery shell hit about 10 yards from me, caught me standing up and some of the shrapnel tore the top off my canteen . . . but again no scratches. At another time I was blown out of my fox hole by a German artillery shell. My head rang like a phone for three or four days, otherwise I wasn't hurt. The boys came running over expecting me to be dead than a canned fish, instead I greeted them with "???" that was a little close, Jerry must have his sights on backwards." Things like this are happening to all of us. I only wish the people in the States could realize that there is a hell of a war going on."

Cpt. Minor whose home was in Tahoka is a graduate of Howard Payne college and was a graduate student of the University of Texas when he entered the army.

It is understood that many Garza county men who were in World War I were members of the old 16th Division to which Minor is now attached.

"Presenting Lily Mars" At Garza Sunday-Monday

Litling melodies mingle with comedy and a haunting love story in "Presenting Lily Mars," which brings Judy Garland to the Garza Saturday night 11:30, Sunday and Monday, where she is appearing in one of the most intriguing roles of her career. Judy is teamed not with another singing star but with a polished dramatic actor in the person of Van Heflin.

The story is engaging. It deals with a young girl who wants to become a musical comedy star, a producer cannot see her possibilities and the various complications that follow when the very resolute young lady sets out to show him the error of his ways.

Judy "erashes" a party, insists on acting Shakespeare for the impresario, manages to get his prima donna insanely jealous but finally wins out, takes her place in the spotlight—and wins a husband.

Amid the fun and romance are such hit numbers as "Mirage," executed by Bob Crosby and his band, who figure prominently in the picture; "Tom, Tom, the Piper's Son," a hit for Judy and others.

Heflin plays the producer who finally yields to Judy's charms and songs, and Miss Eggerth is a glamorous figure as the fiery prima donna. Richard Carlson is convincing as a harried young playwright. Spring Byington, Fay Bainter, Connie Gilchrist and others have important roles.

James Stallings Somewhere In Pacific

James Stallings, Pho. M 2c, is somewhere in the Pacific theatre of war and was transferred this summer from the Hawaiian Islands to a unit of the Pacific fleet. James can tell very little of the operations but he advised his parents in recent letters not to worry about him. "We have fine accommodations, a complete hospital unit and recreation facilities on our ship." James participated in the battle of Midway but has told very little of any recent operations.

Pfc. Herman Seaton Stationed In Africa

Pfc. Herman Seaton of the Engineering Corps is stationed in North Africa. His mother, Mrs. Clara Hunter, reports that he has recently been released from the hospital and that he wrote he was moved to another station not too long ago. Most of the boys who have been in foreign countries near battle zones are pretty quiet about what has happened.

Games Proves Best Of Entire Season

By Victor Sweeten

Post's basketball team journeyed to Lorenzo Friday and subdued a fighting Lorenzo team in a terrific nip and tuck battle. The final score was 28-27. Post enjoyed a comfortable lead throughout the first half of the game but in the second half Lorenzo (with the aid of coaching from Messrs. Smith and Bearden) unleashed an offensive that all but swept Post off their feet. Nonetheless, Post went on to win in one of the most interesting games your expert has seen this year.

The starting honors went to Shirley and Thomas, both of whom played brilliantly. Shirley was high scorer with eight points. Post's starting line up was made up of Templeton and Shirley, guards, Mason, center, and Stokes and Thomas, forwards.

The girls also played and broke into the win column for the first time this season with a hard earned victory on an over-time session. The score was 20-17. High scorer was Billie Cowdrey who starred throughout but she had a lot of help. Post starting line up was composed of Carpenter, Propst, Parker as guards and Williams, Miller and Graham as forwards.

Writes From England

Pvt. Edward Neff who is now in England wrote that he would surely like to have a bike to tour the country . . . and that "there is very little to do, over here except hold our hands. Buy yourselves some bonds for Christmas as I won't be able to send you anything as there is so little to buy here and I probably couldn't get the packages mailed. It was fun running into some fellows I had known in the States when I first arrived here."

H. Ernest Griffith, Lieutenant (j. g.) of the U. S. Naval Reserve, and husband of Rose Jean Rodgers, is probably seeing plenty of action though he is not able to disclose where he has been. He is communications officer aboard a destroyer and is with the Pacific Fleet. His wife, daughter of Mrs. Irene Rodgers, is living in Seattle, Washington.

Earl Wheeler, Jr., left Tuesday for Camp Haslin, California, after spending a several days furlough with his parents. Earl is with the Coast Artillery but is transferring as soon as he reports back to the Paratroopers Division of the Air Corps. At the same camp is another Post boy, Cpl. Efford McCrary who is in the Quartermaster Corps. Efford is the son of Mr. and Mrs. Will McCrary.

Friends will be glad to hear that Mrs. J. F. Maxey who suffered a stroke last Saturday is showing slight improvement today. The beloved woman has many friends over the county. All the children of the family were called to her bedside up Sunday.

and Mrs. J. W. Crider and Walter Crider this week. They will visit relatives in Lubbock before returning home.

IMPORTANT TAX REMINDER

Now is a most opportune time to pay up those delinquent City and School Taxes.

By so doing you not only lift the lien from your property but you get a substantial deduction for all taxes paid in filing your income tax report.

Most of the Citizens of Post have paid up or are paying up their Delinquent Taxes.

If you have not as yet paid your 1943 City and School Taxes, you are reminded that you may still get 2% discount if paid in November.

Thanksgiving

★ 1943 ★

O, give Thanks unto the Lord, for He is good and His mercy endureth for ever.

Psalms 118:1

WE THANK thee, Father, for the gift of food

In shared abundance with a world at war;

Give us this day a humble, grateful mood,

As we remember the occasion for

This day of praise. With deep sincerity

Of soul, we bring our thanks today

That in this country every man is free

To worship God, that human hearts may pray.

We pray thee, Father, grace with happiness

Our absent one who fights in freedom's name

Beyond the sea. Grant that he may possess

A living faith in thee, a soul aflame

With holy confidence. Soon may all share

The priceless gift of peace. Hear thou our

Prayer.
