

THEY'LL ADD SPICE TO BAND HERE FRIDAY NIGHT

Performing with the Post High School band Friday night for the first time this year before a hometown crowd will be these five majorettes, who already have won thunderous applause with marching and twirling demonstrations at Ralls and

Plains. From left to right are Pat Martin, Arleta Robinson, Cathy Harlan, feature twirler, Bobbie Nell Compton, and Marilyn Jones, head majorette.

THESE TWO WILL BE OUT IN FRONT

Out in front of the band when it makes its first home appearance of the year at Friday night's Post-Morton football game will be Yvonne Corley (left), head drum major, and Lana Boyne, assistant drum major.—Staff Photos

Annual Chamber of Commerce event

Barbecue set here Oct. 7 for farmers, ranchers, merchants

The second annual Farmer-Merchant Barbecue, sponsored by the Post Chamber of Commerce, will be held Monday night, Oct. 7, at the Antelope Football Stadium.

Charles Luttrell, Chamber president, said all farmers and ranchers in this area will be invited to be guests of local merchants for the occasion.

There will be no speaking program.

Eminent educators to evaluate schools here

Four widely recognized consultants have agreed to evaluate the public schools Oct. 16-17, William F. Shiver, director of instruction, announced today.

Dr. Barron of the University of Texas is professor of educational administration and has served as a consultant to hundreds of Texas schools. His principal interest is in school curriculum and personnel.

Dr. Tidrow is director of elementary education at Texas Tech and has served for 15 years in the public schools of Tulsa, Okla., and Andrews, as a curriculum and testing specialist. He will be concerned with the junior high and elementary schools.

Laycock is the Levelland superintendent of schools and is completing the final phases of his doctorate at the University of Texas. He will be concerned with administrative organization, school-community relations, and with public school finance.

The four consultants will visit with school patrons, teachers, students, administrators and with board members so that a general evaluation can be made.

(See Evaluation, Page 8)

Final rites held Wednesday for pioneer resident

Funeral services for John T. Curb, 87, a resident of Post for 44 years, who died Monday in a convalescent home at Fort Worth, were conducted at 2 p. m. Wednesday at Hudman Funeral Home chapel.

Mrs. Curb and his wife moved to Fort Worth nine months ago. He had been ill since Aug. 24.

Mr. Curb had farmed in Lynn County and in the Close City community for 16 years before moving to Post. He had served as a Garza County deputy sheriff and a constable and for a time was employed in the county clerk's office here.

He was born May 15, 1867, at El Dorado, Ark., and was married to Miss Minnie Tucker at Kosse, Tex., on Jan. 7, 1898. They moved to this vicinity from Kosse.

The Rev. Bernard S. Ramsey, minister of the First Christian Church, officiated at the funeral services, assisted by S. D. Lofton, Church of Christ minister. Interment was in Terrace Cemetery under the direction of Hudman Funeral Home. Grandsons served as pallbearers.

Mr. Curb is survived by his wife; two daughters, Mrs. Carl Porter of Fort Worth and Mrs. Tom Miller of Carlsbad, N. M., four sons, Bradford Curb of Fresno, Calif., E. L. Curb of Albuquerque, N. M., J. C. Curb of Canyon and Buren Curb of Florida; 20 grandchildren and 27 great-grandchildren.

Mr. Curb was a member of the Church of Christ.

Post's future to be discussed

Irby Metcalf, chairman of the new industrial committee of the Post Chamber of Commerce, urged today that all local business and professional folks reserve next Thursday night, Sept. 26, for a community meeting in the Community Room at 7:30 p. m.

A fast-moving program, covering several projects, will be presented, including the committee's action plan for seeking new industry and encouraging present industry.

Other members of the industrial committee are Bryan J. Williams, Walter Duckworth and Tom Boucher.

"We have lots of things to do together," Metcalf said. "So come out and let's talk them over."

Friday last day

Time grows short for season tickets

The Post High School Athletic Department and the 46-56 Lettermen's Club this week are in the "big middle" of the final drive to sell as many season football tickets as possible prior to Friday night's first home game.

And there are more of them to sell this year—nearly 500 more than last year.

The season tickets are selling for \$7.50 each and will add the pur-

Downpour piles up White River dam 'water runoff'

The new White River dam piled up its first "water runoff" Sunday night when a three and one-half inch downpour soaked the Crosbyton area.

Al O'Brien, manager of the White River Municipal Water District, told The Dispatch that water in the new White River lake is now 18 feet deep just in front of the dam.

It had been only six feet before the downpour.

HE SAID WATER three feet in depth had risen over the intake pipe in the big concrete tower on the west side of the lake area which serves to carry water into the new filtration plant.

"We can now take water through the intake to test the valves and controls of the filter plant," O'Brien said.

He said the water from the Sunday night rain had backed the lake

up approximately one and a quarter miles from the big earthen dam, extending slightly beyond the fork in the White River above the dam.

While this is not nearly enough water to begin White River water operations, it is the first real addition to the lake since the dam was built.

HEAVY FALL RAINS would enable the White River operations to begin within the next several months, but how soon is mere conjecture at this time.

The engineers recommend somewhere between 60 and 90 per cent full before water supply pumping to the four member towns of the White River district begins.

Once the lake is filled, the four cities will have a full three year supply of water without another drop falling.

O'Brien reported that workmen

will start next week putting the water pipeline to Spur across the top of the new dam. The pipeline from the dam to Spur has been completed as have all other pipelines. The contract schedule did not call for laying the pipeline across the dam until January.

The White River manager said the dam is virtually complete with only odds and ends jobs remaining for Contractor Steve Luce to complete.

With the near completion of all construction work, the White River lunchroom at the dam site has now been closed.

O'BRIEN SAID THAT the new filtration plant is complete except for putting down floors and painting. All machinery in the plant has been installed.

The pump stations on the water lines to the four town have been built, but are not yet complete.

"They have to be cleaned up" is the way O'Brien put it.

All storage tanks on the White River system already are installed.

Post has a 420,000 gallon capacity tank about a mile west of Post, partway up the Cap, and another of 420,000 gallon capacity about six miles out of town on the water pipeline.

O'Brien said the Post water pipeline has been hooked into the pipeline of the city coming into town from the west from the present city reservoir. He explained that the city can install a pump and pump the reservoir full once White River water delivery operations begin, thus maintaining a full day's reserve supply as well as providing all the water pressure the city might want.

White River district directors will hold their September meeting tonight at Crosbyton with only routine business slated.

The Post Dispatch

Thirty-Seventh Year

Post, Garza County, Texas Thursday, September 19, 1963

Number 16

Organization of the Post Country Club this week on a temporary basis until permanent organization is completed in January is a news story we are happy to see on The Dispatch's front page. We are looking ahead to the time when such a country club will mean much to this community. It will take some years of growth, of course, but we think the golfers involved want to take the time to make a good start on what will yield great long-range results. And we're sure that "Old Pro" Leo Acker will be a good guiding hand to have at the helm in the beginning. We urge all local golfers to get on the bandwagon and join the club.

Another announcement this week—on the front page—we and all school patrons will greet with cheers is Bill Shiver's disclosure that four qualified consultants are going to evaluate Post schools in October. That two-day visit should be the start for a real educational inventory here. This shows the vim and vigor with which the new administration is buckling down to its educational job. The written report of the consultants will serve as a real starting point for a year-long

(See Postings, Page 8)

Garza Fair set for Oct. 4-5

The annual Garza County Fair, sponsored by the county home demonstration council, will be held Friday and Saturday, Oct. 4-5, Juanette Williams, county home demonstration agent, announced today.

The two-day fair will be held at the county 4-H building.

Miss Williams said the fair is open to all residents of Garza County who wish to enter exhibits. There will be an open division in addition to divisions for 4-H and FFA Club members, and others.

Concession stands will be open throughout the fair and there will

(See County Fair, Page 8)

Country Club formed at meeting Tuesday

The Post Country Club was organized Tuesday night at a meeting of local golfers in the Reddy Room with charter membership left open to Jan. 1, 1964, at which time permanent organization will be effected.

Leo Acker was elected temporary president of the new golfing organization to serve until the election in January with the full membership.

Some 25 golfers attended the organization meeting and set a membership goal of 100 members before Jan. 1.

Oscar Garner was named vice president and Charles Hopkins, secretary.

A ways and means committee consisting of Durward Bartlett, Mike Mitchell, Paul Jones, Claud Collier, Jim Durbin, Jim Cornish, Auvy Lee McBride, Jimmy Hundley, and Membership will be open on a family basis to local and area golfers who are annual members of

LEO ACKER

the Caprock Golf Course, the home course of the new club. Bartlett play on other club courses.

A constitution, by-laws, and permanent officers will be voted when permanent organization is completed in January.

Primary purpose of the organi-

zation will be "to promote golf in the Post area".

Various golfing activities will be planned and membership cards issued to enable local members to play on other club courses.

The organizing group voted Tuesday night to pay a \$3 temporary membership fee for the final quarter of 1963, which will be subtracted from the first annual dues on membership fees once established in January.

The group voted to meet monthly during the organizational period with the next meeting being at the Caprock course clubhouse at 7:30 p. m. on the second Tuesday of October. Nine holes of golf play and a barbecue may precede the next meeting if arrangements to such can be completed.

Full details of membership can be obtained from the Caprock Golf Course clubhouse or from any present members.

Acker invited all interested golfers to join as soon as possible.

An am-am golfing event is planned as a membership booster Sunday afternoon at the Caprock course. (See story on sports page).

Lt. Gov. Smith will be speaker

Lt. Gov. Preston Smith will be the featured speaker at the annual Post Chamber of Commerce banquet Jan. 24, Charles Luttrell Chamber president, announced today.

The firming of the banquet speaking date at this early time was necessary to obtain a place on the state official's busy schedule.

Smith, whose home is in Lubbock, is well known here.

EDUCATIONAL FUND FOR INJURED GIRL

Donations being given in behalf of Charlene Nelson of the Close City community, whose parents and two brothers were killed last month in a tragic highway crash near Levelland, are being placed in an educational fund for her in the First National Bank here, Mrs. Durward Bartlett has announced.

Those still wishing to contribute may leave their donations at the bank, Mrs. Bartlett said.

A television set and a record player have been purchased for the injured survivor of the accident from other donations given earlier. Helen Autry of the Close City community spearheaded the drive for the television set donation.

The girl is expected to be in the hospital in Lubbock for many weeks recovering from injuries. A feature story in the Lubbock Avalanche-Journal last week about Charlene led to many additional gifts for her, friends of the family report.

\$34,000 damage suit filed in car wreck

A \$34,000 damage suit has been filed in Garza County District Court here by Randy Clifton of Dickens County against David M. Spillers of Garza County as a result of an automobile wreck a quarter mile east of Post on US-380 on Aug. 23, 1963.

Clifton, his wife, Evelyn, and their three children, Vickie, Kelvin and Brenda, were allegedly injured and seek damages for present and future hospital and doctor bills, loss of earning capacity, and mental and physical pain.

The suit alleges that the accident occurred when the Clifton car, driv-

en by Mrs. Clifton, started to pass Spillers in his car going east and Spillers made a left turn.

The suit alleges that Mrs. Clifton swerved off the highway to avoid hitting the Spillers' vehicle, crashed into a mail box post, the car going out of control, swerving across the highway and overturning against a highline pole on the right shoulder of the highway.

Seven alleged acts of negligence by Spillers are cited in the suit.

Mr. Clifton seeks \$10,000 for loss of his earning power through injuries, \$2,500 for physical and mental pain, \$1,000 for doctor and hospital expenses, \$500 for future medical care. He asks the same in damages for his wife.

He has sued for \$2,000 each for Vickie and Kevin and \$1,000 for Brenda, \$500 for medical and hospital bills for the children, and \$500 for future medical expenses for them.

Sinners moving to California

Bob Sinner has sold his interest in the Post Pharmacy to his partner, Frank Blanton, and will move to Bakersfield, Calif., around Oct. 1 with his family to represent Eli Lilly & Co., the nation's largest pharmaceutical firm.

His mother has her home in Bakersfield.

Sinner will fly to Indianapolis Sunday for a five day orientation program with Eli Lilly & Co. and return to Post the following week.

Sinner came to Post in August, 1959, to open the Clinic Pharmacy and the next year became a partner with Blanton first in that pharmacy and later in the operation of the Post Pharmacy.

Rain douses grass fire started by lightning

Lightning started a grass fire 10 miles east of town on U. S. Highway 380 early Sunday night, but a heavy downpour of rain that followed had put out the fire by the time firemen arrived.

At 8:45 a. m. Sunday, firemen were called to an automobile fire four miles south of town on U. S. Highway 84. The blaze caused extensive damage to an automobile being driven by a New Orleans man.

Dispatch Editorials

THURSDAY, SEPTEMBER 19, 1963

Anniversary of the Constitution

"If men were angels, no government would be necessary," James Madison once pointed out. But Madison and the political leaders of his generation were practical men, and so it happened that 176 years ago this week, he and 38 other state representatives put their signatures to the Constitution of the United States of America.

The anniversary of the signing of the Constitution is being observed this week. Tuesday was Citizenship Day, and that brings on this thought: At some time or other, every one of us stops to think that he's lucky to be a citizen of the United States.

A statistical expert recently framed a new and unusual view of our advantages. He said that if the world's population were reduced proportionately and brought down to a community of 1,000 persons, there would be only 60 Americans in the town, and 940 persons representing the rest of the globe. But the 60 Americans would command half the income of the entire town, and they would have 15 times as many possessions as all of the other 940 residents. They also would have a life expectancy of 70 years, as against 40 years for the others.

So, it is easy to see why we sometimes stop to think of the endless advantages of being an American. Which, however, brings up a question: How come? Why have we been favored in so

many ways?

There's another thought for Citizenship Day and Constitution Week.

In 1787, only 11 years after the Declaration of Independence was signed and only six years after the Revolutionary War ended in victory, the nation's leaders gathered in Philadelphia to write a constitution and to create a government to unify the 13 proudly independent colonies.

The fact that the constitutional convention of 1787 was no tea party is well known to any student of history. While the delegates were there to help strengthen the national government, they weren't about to jeopardize individual rights.

Later came the Bill of Rights, the first 10 amendments to the Constitution, completing the document that would guide the future course of the United States. Produced when the original 13 states had only 3,000,000 people, it was conceived in truths that stand equally firm and strong in this modern nation of 180,000,000.

And that is the basic, historic reason why this nation is far more favored than others. Because Americans have been free to exercise their individual initiative . . . to dream and work and produce with assurance that the rewards will be theirs, this nation has prospered as none other in the world.

It is a reason we cannot afford to forget.—CD

'The World Steps Aside . . .'

Year-around entertainment we have come to count on here in Post—no re-runs, no 10-year-old shows—is the movies, where Manager John N. Hopkins continues to bring many of the latest shows for the entertainment of his patrons.

The lot of the theatres throughout the country has not been an easy one in recent years, but the motion picture industry is fast gaining ground on other entertainment media—mainly through the making of better motion pictures. Movie fans here in Post are getting to see many of these new and better films soon after their release dates.

Take, for instance, "Spencer's Mountain," showing at the Tower Theatre here Sunday through Wednesday.

We get so much cynicism and skepticism these days that it is refreshing for a movie to remind us that ours is still a land of opportunity. That this helpful reminder should originate in Hollywood is particularly notable.

Our comment stems from a visit to the Tower Theatre for a "sneak" preview of the Warner Bros. motion picture called "Spencer's Mountain." We understood it would be an entertaining

way to spend an evening and we were not disappointed. However, it provided something more—best summarized in the motto seen in the film: "The World Steps Aside to Let Any Man Pass if He Knows Where He Is Going."

The words are David Starr Jordan's. A naturalist, educator and worker for peace, Dr. Jordan was an upstate New Yorker who became the first president of Stanford University, where he served from 1891 until his retirement in 1916. His thought was not lost on a young Stanford man named Delmer Daves, who became a prominent writer, director and producer of motion pictures. Both the motto and the philosophy it encompasses are dramatically on view in Mr. Daves' film, "Spencer's Mountain."

We must say thanks for reminding us. In this country of ours, a man still can "get ahead," a boy can "make something of himself," there still are opportunities for any man "who knows where he is going." That is the essence of the great American dream, and, despite all the naysayers, we should hold fast to that dream.—CD

Millions for new state parks?

An exceedingly ambitious program is proposed by the final report on Texas Tech's two-year \$70,000 study of state park planning. It is so ambitious, in fact, that a few years ago it would have been dismissed as unrealistic, fanciful. Whether it still is, future events must determine.

The director of the Texas Tech study was Prof. Elio Urbanovsky, who, incidentally, did a good job as chief planner of Post's City-County Park expansion.

Prof. Urbanovsky, in presenting the final report of state park planning to Gov. Connally, observed: "If you show a plan is economically feasible and will work, the legislators usually listen."

Urbanovsky's report recommends an outlay of \$305 million to buy 373,000 additional acres of state park lands in the next 15 years. This is about 30 times as much as legislators voted for

all the state parks during the first 30 years of their existence.

The state park planning proposal will depend on the disposition of future Legislatures. Only the last two lawmaking bodies since the early 1930s have been persuaded to loosen the state's purse strings to provide more than pittance for the repair and refurbishing of the run-down, unkempt parks. And much remains to be done, at considerably more expense. Putting them in condition to attract visitors should be the urgent first order of business.

Gov. Connally has advocated the formation of a citizens' organization to foster public support of the Texas Tech plans. Such an organization may be essential to arouse interest at the grass roots and thereby prod the Legislature into adequate action.—CD

Young Farmer Chapter Award

The Dispatch joins the entire community in congratulating the 36-member Garza County Young Farmer Chapter on winning the "Outstanding New Chapter Award" in Area II.

The award is presented annually to the new chapter that has had the most outstanding program in education, recreation, leadership and cooperative and community service activities. New chapters are those that have been organized less than one year.

We've all heard a great deal about this new organization of young farmers. We predict that we'll hear a great deal more as it grows and con-

tinues taking an active part in community service.

In addition to a number of outstanding educational programs since its organization, the Young Farmers Chapter has supported two adult education short courses, sponsored this year's Garza County Junior Livestock Show, and cooperated with the Soil Conservation Service in sponsoring the Mesa District FFA Land Judging Contest held in Post.

So, once again, congratulations to President Mack Terry and all the other members of this outstanding organization.—CD

What our contemporaries are saying

Last week somebody goofed and a number of subscribers were mailed a week-old paper. It proved that Slatonite subscribers are the world's nicest people. We enjoyed every visit as they came in to trade papers.—John H. King II in The Slaton Slatonite.

Banker Chas. Verner says a Draw farmer was complaining about the big blooms killing his cotton—a big bloom right up in the top is shading the stalk and won't let it grow. One thing that amazes town people is how the farmer facing disaster is able to joke about his misfortune.—Frank Hill in The Lynn County News.

America has one problem that is popular with Brazilians—the coffee break!—Marvin Tomme in The Falls Banner.

Even yet, the standard of living isn't nearly high enough. For example, there are still parents who own only one car and their unfortunate children have to walk as much as four or five blocks

to school.—Olin Miller in The Seguin Gazette.

Agriculture has gone into orbit when a farmer measures the drought in his soil by declaring it is too hard to penetrate with a golf tee.—Douglas Meador in Metador Tribune.

They say an executive is a guy who is always annoying the hired help by asking them to do something.—Harold Hudson in The Ochiltree County Herald.

According to the Wall Street Journal, a housewife can send in three labels for cans of deviled ham, along with \$345, and receive a genuine mink stole. Our economy has definitely advanced a long way since the day when box tops were considered currency only for the Lone Ranger code ring, complete with mirror for flashing signals.—Neal Estes in The Stanton Reporter.

A woman's idea of keeping a secret in refusing to tell who told it to her.—James Roberts in The Andrews County News.

SOME OF THE big events that are coming up in Texas are miles away from Post, but distance doesn't mean much anymore, and you can bet that Post will be pretty well represented at all these events.

Two of the biggest affairs that annually draw lots of folks from Post are the State Fair of Texas in Dallas and the Prison Rodeo at Huntsville, both next month. Closer home, the Panhandle South Plains Fair is to get under way Monday, and there'll be swarms of Post people there, too.

THE MAN UP the Street says he's noticed that in many a case a person asks your advice in order to give himself an opportunity to tell you his troubles.

Police Chief Elton Corley is back from his vacation with a better boll weevil story than the one we had on the front page of The Dispatch two weeks ago about the pest being found in the northeast corner of Garza County. Elton says while he and his wife were on a trip to Alabama to visit their daughter and her family, they saw a statue to the boll weevil in Enterprise, Ala. The story behind it, Elton says, is that the Enterprise area used to depend solely on cotton as its big cash crop. One year, the boll weevil wined out the cotton crop, and the farmers had to fall back on peanuts. They did so well with the lowly goobers that they kept growing them and erected a statue to the boll weevil for having shown them, in a back-handed way, that cotton wasn't the only crop they could grow. That's what I call getting even in a nice way.

WHILE THE long-souled boll weevil has never made serious inroads into Garza County's cotton, at least not in recent years, it is a multi-million-dollar menace to the nation's cotton crop as a whole. Each year, billions of them chew through an estimated \$300 million worth of cotton.

Thanks to Oressa Lawrence of Galveston and Scotty Samson, I had as much out-of-town reading material as I was able to wade through over the weekend. When Oressa was up from Galveston the other day, she left me some copies of the Galveston paper plugging their big Old-Time Bargain Days, which were similar in many respects, to our Sidewalk Sales Days here.

SCOTTY GAVE ME some copies of his hometown newspaper, The Forfar Dispatch, published in Forfar, Scotland, and also some copies of The Sunday Post, published in Glasgow. I noticed in the Forfar newspaper, which is a weekly, that they have quite a Rotary Club going there, and that the club's programs, in general, are similar to those of our own Rotary Club. Also, in the sports section, there was quite a bit about golf and the name of one of the players who'd made quite a showing was Samson—a relative of The Scotchman, no doubt. After reading how interested they are in golf in and around Forfar, it is no wonder that Scotty was one of Post's first golf enthusiasts.

Another contribution to this corner is a jar of homemade quince jelly from Mrs. Eleanor Cooke, which she gave me in appreciation of two pictures furnished the Post Art Guild for their scrapbook. The quince that made the jelly came from a bush in the Cookes' front yard.

THIS WEEK'S "Remember When" column, which you'll find elsewhere on this page, has a 10-year-ago item of Gene Young being elected president of the Post High School band. Gene is now a band director at Plains High School and has been ever since his graduation from McMurry College. He came up in the press box at Friday night's Post-Plains game and I almost didn't know him because of his western hat, not stopping to think that Plains is typical "cow-boy" country. Gene has a fine band at Plains, and the people over there consider him "tops" as a band director.

Incidentally, football fever is really rising in Post. Some fan called me Saturday and wanted to know the year Post had its first football team. I didn't know. Can any of you other fans answer the question?

JOHN SHEDD of Post, who was better known as J. C. Shedd when he attended school here, is the new teacher of distributive education in Slaton High School. The Post High graduate holds a bachelor's degree in business administration from North Texas State University, having completed college after a hitch in the service. John's dad—a 190 named —John and all his other folks no doubt are proud of the achievements of this determined young man, and glad that his first teaching position is so close to home.

Card of Thanks

I want to thank all of those who gave to the educational fund for Charlene Nelson, and those who contributed to me for Helen Autry on Charlene's TV set fund.
Mrs. (D. H.) Mozelle Bartlett
I would like to express my sincere thanks to my friends for the lovely gifts and the many beautiful flowers, cards, and visits during the time I was hospitalized. It made the days more pleasant. May God bless each of you.
Mary Ethridge
The family of Charles King gratefully acknowledges all kindness shown to them in the recent loss of our loved one. For all who came who brought food, sent flowers, or helped in any way, words can never express our sincere thanks. May God bless you all. Also a special thanks to Dr. Tubbs.
Mrs. Charles King
Cindy Ricky and Rodney
Mr. and Mrs. E. A. King
Mr. and Mrs. Charlie Lee
Mr. and Mrs. Robbie King
Mr. and Mrs. Rex King
Mr. and Mrs. Clifford Bradshaw
Mr. and Mrs. Dick Schwartz
We would like to thank each and every one of Brown Brothers Co. and employees who sent cards, flowers, and food and who visited or helped in any way in the recent loss of our brother, Charles. May God bless each and every one of you.
Mr. and Mrs. Robbie Gene King
We would like to thank each and every one who sent cards, flowers, who visited, or helped in any way in the recent loss of our brother, Charles. May God bless every one of you.
Mr. and Mrs. Rex King
To the neighbors and friends of John and Vivian Nelson, may we the family give our heart-felt thanks to all who have been so kind to help us. To those who have helped by plowing, to those who have helped with the livestock and those who have helped by hoing. Again we say thanks to the ones who have sent cards and gifts to Charlene. How can we ever thank you enough. We will never forget your kindness.
The family of
John and Vivian Nelson
I want to take this opportunity to thank everyone for the thoughtfulness and kindness shown to me and my family during my lengthy stay in the hospital. A special note of thanks to Dr. Surman, the hospital staff, and the blood donors, as well as those who offered to be donors.
Mrs. Alice Parsons

Youth is charged in forgery effort here

Gilbert Collazo, 19, is out on \$500 bond on a charge of attempt to pass a forged instrument, result of an unsuccessful effort a sixth grade boy to pass a check at a local food market. Called by the market manager Sheriff F. E. (Fay) Claborn succeeded in catching the forger, who ran from the store. Collazo waiting nearby. The charge is awaiting preliminary action. Collazo is on probation from a forgery conviction Sheriff Claborn said.

Miss Betty Lou Johnson becomes bride of Jerry Dewayne Pennell

Miss Betty Lou Johnson became the bride of Jerry Dewayne Pennell, Saturday, Sept. 14, at 7:30 o'clock in the evening in the home of her sister and brother-in-law, Mr. and Mrs. L. L. Duckett in Abernathy.

Mr. Adrian McIlray, former minister of the Petersburg Church of Christ, officiated at the double ring ceremony before a background of palm greenery and two baskets of white chrysanthemums with gold trim.

Parents of the couple are Mr. and Mrs. A. L. Johnson, Route 1, Slaton and Mr. and Mrs. D. D. Pennell, Southland. Mrs. Carl Cederholm and Mrs. A. A. Ferguson are aunts of the bridegroom.

The bride, given in marriage by her father, wore a street-length dress of wool and nylon designed with a high neckline and bouffant skirt. Her veil was of nylon net caught by a white velvet vrown featuring three small bows. The bride designed and made the dress and veil. She carried a bouquet of

white chrysanthemums centered with a gardenia.

Mrs. Ella Ray, sister of the bride of Dallas, was matron of honor. She chose a gold sheath street-length dress and black accessories. Her corsage was of white pom-pom mums with gold trim.

Don Harlan Pennell served his brother as best man.

Recorded organ wedding music was played.

A reception followed in the home with the bride's chosen colors of gold and white being used. Members of the houseparty were Miss Eiwanda Martin of Petersburg, Mrs. Kenneth Callaway, Mrs. L. L. Duckett and Mrs. Marion Golden.

For a wedding trip to points in Colorado, the bride wore a beige orlon knit sheath dress with black accessories.

The couple will live in El Paso. Mrs. Pennell is a graduate of Slaton High School and Abilene Christian College with a B. S. degree in Home Economics. She has taught for three years at Petersburg. Mr. Pennell is a graduate of Southland High School and Texas Tech with a degree in mechanical engineering. He served two years with the Army with the Ballistic Missile Agency in Huntsville, Ala.

MRS. JERRY DEWAYNE PENNELL (Betty Lou Johnson)

Church of Christ members gather for social events

The members of the Church of Christ have enjoyed two social events recently.

Monday night an ice cream supper was held in the backyard of the minister's home for the entire membership. Over 100 persons attended and spent the evening visiting and getting acquainted with new members.

A week ago Sunday an open house was held in the newly remodeled and redecorated home of the minister, Mr. Ernest McCoy and Mrs. McCoy.

Guests were registered between the hours of 4 and 6 o'clock by Mrs. McCoy and their daughter, Mrs. LaFon Parks.

The table was laid with a white linen cloth and featured an arrangement of fall flowers. Open-faced sandwiches, cookies, mints, nuts, punch and coffee were served.

Hostesses were the deacons' wives who are Meses. John Gist, Paul Jones, Garland Davies, R. A. Duncan, J. B. Potts, J. D. McCampbell, Travis Thomas and George Tillman.

Xi Delta Rhos begin new year

Xi Delta Rho Chapter of Beta Sigma Phi met in the home of Mrs. Bebe Boren at Justiceburg recently for the first meeting of the new year.

Mrs. Johnnie Francis led a discussion of the yearbook and the Book of Beta Sigma Phi.

Present for the meeting were: Meses. Mary Eckols Hazel Greer, Wanda Mitchell, Johnnie Francis, Wynelle Holland, Sue Cornell, Bernice Eubank, Sherry Josey and the hostess.

The next meeting will be Sept. 23 in the home of Sue Cornell with Wynelle Holland in charge of the program.

Celebrate 64th wedding date

Mr. and Mrs. J. W. Brown of 608 West 12th St., celebrated their 64th wedding anniversary a week ago Tuesday.

The Browns were married in Comanche County, Sept. 10, 1901, coming to Garza County in 1922 to make their home.

Their six sons and daughters, Mrs. L. C. White, Mrs. Hugh Caywood, Mrs. Orian Clary, Mrs. A. O. Rosenbaum, Ike Brown and Terrell Brown, are residents of Garza County.

Post man's granddaughter weds Saturday in Tahoka ceremony

The home of Mr. and Mrs. Winston C. Wharton of Tahoka was the scene of the wedding of their daughter, Miss Beverly Ann Wharton, and James Carl House of Lubbock, Saturday, Sept. 14, at 6 o'clock in the evening.

The Rev. Aubrey White read the double ring vows before an altar formed with baskets of white fuchsia chrysanthemums and candelabra.

The bridegroom's parents are Mr. and Mrs. James F. House of El Paso. C. D. Morrel of Post is grandfather of the bride.

Given in marriage by her father, the bride wore a gown fashioned of white peau d'ange, featuring a basque bodice with scooped neckline and sleeves. Re-embroidered Alencon lace circled the neckline and accented the front of the bodice. The skirt fell softly into an intermission train. Her imported veil of illusion cascaded from a pillbox of Alencon lace and she carried a cascade bouquet of white cymbidium orchids, feathered chrysanthemums and tulle.

Mrs. Robert Beckwith, cousin of the bride of Lubbock, was matron of honor and wore a scooped neck costume suit of Spanish olive green crepe featuring a hip-length jacket with self fabric bow at the waist. Shoes and headpiece were in blended shades of colors to match. She carried a cascade bouquet of bronze pom-pom mums and English ivy.

Thomas F. House of El Paso served his brother as best man. Craig Leslie of Tahoka lighted the candles. Mrs. Kay Kirkpatrick played appropriate organ selections.

A reception followed in the home. Members of the houseparty included Mrs. Joe Smith and Mrs. Travy Polk of Lubbock, Mrs. Max Simpson of Waco, Mrs. J. T. Wharton, Mrs. A. C. Verner, Mrs. Melson Leslie, Mrs. Jess Gurley, Mrs. A. N. Norman and Mrs. D. W. Gagnat, all of Tahoka.

For a short wedding trip the bride chose a two-piece cranberry suit with black accessories and an orchid corsage taken from the bridal bouquet.

Mrs. Jacobs is a graduate of Shoreline High School, Seattle, Wash., and attended Draughton's Business College in Lubbock. She has been employed by Wharton Motor, Inc., Tahoka. Mr. Jacobs is a graduate of Sanderson High School, received his L. B. Degree from the University of Texas and is employed by the Veteran's Administration in Lubbock.

The couple are at home in Lubbock at 1902 Ave. R.

MRS. JAMES CARL HOUSE (Beverly Ann Wharton)

FIRST CHRISTIAN CHURCH

Sermon subjects for the First Christian Church for Sunday worship as announced by the Rev. Bernard S. Ramsey, pastor, will be "Meet This Man" at 11 a. m. and "Meet This Woman" at 7 p. m. The high school youth will be activated Sunday at 8:15 p. m.

Mr. and Mrs. C became members of the "club" when we took Miss C the elder to San Antonio to enroll her at Trinity University, last Thursday. This particular club is composed of lonesome parents of college students.

As we left Miss C in the hall outside her room, I felt like a mother bird (if birds feel) who had just pushed her offspring out of the nest and said, "Fly." It was up to the birds—ready or not.

As Mr. C and I left the building I thought, "Good heavens, I haven't prepared this child at all to leave home and be on her own." As soon as we got in the car to drive off I decided to heck with that negative thinking — she was that prepared as could be. The time to untie those apron strings, leave the nest, and be on her own had come. NOW is now and it does come—not a bit like tomorrow.

We luckily have another Miss C at home plus Molly, our dog, so returning home wasn't as sad for us as lots of other fond parents in town. It seems like ever so many parents were down to their last child, or an only child, this year. Just off-hand I think of the Lowe's, Short's, Tom Williams, W. C. Caffrey Jr., Jaul Jones, James Mitchell, M. H. Campbells, Henry Wheatlevs, Robert Coxes, G. H. Penningtons, W. C. Carradines just to name a few. Maybe we can rent out our at-home Miss C or Molly to liven up these homes.

However, I'll pass on a few words of wisdom that I picked up from one of our neighbors. After one fellow had listened to his wife moaning and groaning about their last child being gone, he said: "Well, you still have me and that's exactly what you started out with and you seemed pretty happy about it."

Chatted with Maurine Hudman this morning and found out that the very newest thing in corsages is "the corsages." Naturally they are to be worn on the big toe and are most appropriate for swimming parties. I'm not sure if one just sits and looks pretty or if they hold up while swimming, but I want one. I've about worked down to corsages at Easter at this point in our married life but I'd take one then and that would eliminate new Easter shoes. It would also eliminate new outfit because no one would notice what you had on.

Darward Bartlett was in this morning and is proud to announce that there are enough "gals" playing golf on the local course to have "ladies" day. So from now on all golfing females keep Thursday for that sport. I'm properly envious. Darward asked why I didn't start playing again and I explained that we keep pretty busy around here getting the paper out Tuesday morning and by afternoon I'm too pooped to putt.

We came home from San Antonio Plains and took in that good football game Friday night. For a while there I thought I might have gone down on the field and explain that I'd driven too far for a 6-0 football game but they finally came through for me.

We drove through some virgin territory on the way to Texas. I have now been through Lubbock, Tex., (I didn't know there was one until recently) Sanatorium, Arizona, (didn't see Jane) Andrews, Colorado and Denver City and none of them look as good as Post.

Birthday affair has 2 honorees

Tommy Lee Reed, three-year-old son of Mr. and Mrs. Weldon Reed, and Bruce Gene Reed, five-year-old son of Mr. and Mrs. Fern Reed, were honored with a birthday party by their fathers last Saturday.

The party was held at the Junior School lunchroom from 2 until 4 o'clock in the afternoon. Two birthday cakes were featured and decorated with a coral, cowboys and different brands carrying out a western theme. Cupcakes and punch were served. Each child received a favor of bubble gum and clowns.

Denise Schiehuber, Glenna Beth Reed and Joe Pennell won prizes in some of the games played. Other children attending were Cecil Justice, Robert and Danny McWhirt, Randy Philgram and Larry and Linda Pennell.

Adults attending were: Meses. Schiehuber, Cameron Justice, Weldon Reed, Chris Cornett, Sam Beverly Jr., O. F. Pennell, Pearl Nance, Douglas McWhirt and Mrs. J. D. Schiehuber of Seminole.

Bygone years and activities highlighted at club meeting

Decorations carried out the course of the study theme "Countries of Concern" when the Amity Study Club met Saturday morning for breakfast for the opening meeting of the 1963-64 club year.

Breakfast was served at 8:30 o'clock in Fellowship Hall of the First Christian Church with Mrs. Lorene Scarbrough giving the invocation.

Mrs. V. L. Peel gave the president's welcome. She read "My Mom, the Clubwoman" and in her talk pointed out that there are three types of clubwomen—critics, lumps or do-nothings and sincere.

Mrs. Pat Walker was in charge of the program, assisted by Mrs. George Miller. An old-fashioned attic trunk was brought out from which articles were taken to highlight previous years and activities, including the book review of "My Fair Lady," the "Tasting Bee" Hawaiian Tea, Art Show and Bidding Beauties of 1963.

Mrs. Miller told of the club's organization by Mrs. Tillman Jones and Mrs. Tom Boucher in 1936. The club was originally named The Junior Culture Club. The name was changed to Amity Study Club when it was federated in 1950. Miss Thelma Clark was recognized as charter member. Mrs. Miller was also in charge of the yearbook presentation.

The head table was centered with an arrangement of yellow gladioli with pennants naming the different countries to be studied. Dolls depicting different countries and their costumes were placed on the tables. Place cards were miniature replicas of suitcases with pennants of foreign countries affixed. The napkins carried out the same motif.

The meeting was concluded with the group singing "You're a Grand

Old Flag" and "God Bless America".

The decorating committee consisted of Meses. Malcolm Bull, Will Bigott, Wayne Carpenter and Jack Burress.

Mrs. Preston Poole and Mrs. Richardson were welcomed into the club as new associate members.

Others present were: Meses. Ronald Babb, Bigott, Bill Carlisle, Bull, Wayne Carpenter, Bob Collier, Buddy Davis, Marion Duncan, Thurman Francis, Tom Greenwood, C. H. Hartel, Miller, Peel, Scarbrough, Darrell Stone, Walke and Miss Clark.

Plans discussed for Fall Art Festival

Mrs. William Robinson attended a called meeting of all area representatives of the Texas Fine Arts Association in Lubbock last Saturday.

Plans were discussed for the Fall Art Festival, open to all artists of Region 20, and an exchange of ideas was discussed on programs. Mrs. Robinson was accompanied by Mr. Robinson, Stacy and Argan.

FROM OUR OLD FAMILY ALBUM...

What nostalgic memories this picture brings. Every Sunday morning we used to drive to Church in Pop's old "flivver," picking up the Parson on the way.

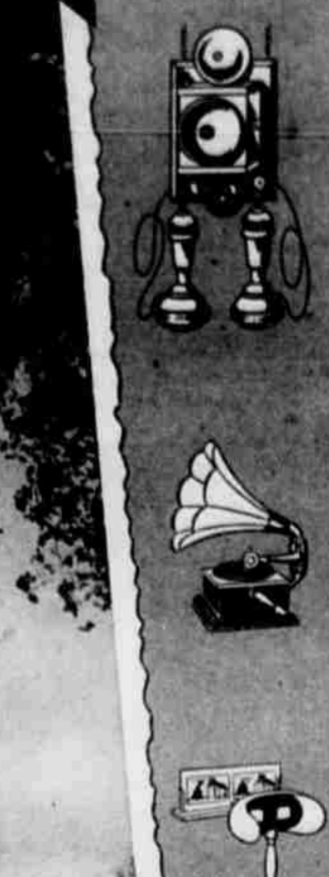

Today I live in a great city. I ride commuter's trains, and dictate letters, and spend endless hours "in conference."

But I've never forgotten our Church in the field. It plowed deep furrows in my life, and planted the seeds of real happiness.

Now I worship in a big city church. You might think it would be different; but it isn't. Folks are just as friendly. The Truth is just the same. And God is just as close.

You see, in the country or in the city, Christians are conscientious people trying to be better. And for folks like you and me who worship God, the Church — big or little — is home

NEW CHEVROLET TRUCKS ON DISPLAY

Wider door openings and many other features are included in the improved 1964 Chevrolet trucks now on display in Post at Collier Chevrolet-Olds Co.

Major gains in design consolidated in '64 Chevrolet trucks shown here

With several improvements and refinements, the 1964 Chevrolet truck line consolidates the major gains in design achieved under a five-year re-engineering and development program that started with 1960 models.

Models of the new 1964 lines are now on display here at Collier Chevrolet Oldsmobile, 111 South Broadway.

"Over the past four model years, the Chevrolet truck line has been completely re-engineered and expanded, with several significant design advances made," said Claud Collier Jr., manager of the local automotive firm.

"These include such features as independent front wheel suspension; variable rate springing; a new family of light-weight, efficient 4- and 6-cylinder engines, plus new V8s; addition of diesel power; completely redesigned frames, and many other developments.

"With the major chassis redesign completed and proved by cus-

tomers acceptance this year the concentration was on refinements that add to driver comfort, reduced maintenance, extended life for certain components, and even more efficient performance generally."

The management invites the public to see the new Chevrolet truck models now on display at Collier Chevrolet-Olds.

Safety award to Pioneer Gas Co.

ST. LOUIS — Pioneer Natural Gas Company, Amarillo, Tex., was among the 18 gas and pipeline companies receiving awards in the National Safety Council-American Gas Association Fleet Safety Contest.

Col. Hugh Waggoner, superintendent, Missouri Highway Patrol, yesterday presented the third place award in the category for "very large gas companies" to Pioneer Natural at the 15th annual American Gas Association Accident Prevention Conference in the Chase Park Plaza Hotel.

The awards are given to companies making substantial reductions in the number of accidents involving company motor vehicles.

San Diego Gas & Electrical Co., San Diego, Calif., was first, and Kansas-Nebraska Natural Gas Co., Inc., Phillipsburg, Kan., was second in the category.

HEADS MINISTERS

The Rev. Cecil Stowe, formerly of Post, has been elected as new president of the Hamlin Ministerial Alliance. The Rev. Mr. Stowe was pastor of the Church of the Nazarene here for a number of years.

4-H Clubs provide informal educational opportunities for well-rounded growth of young people capable of assuming responsibilities of citizenship and leadership.

Vet's Forum

Q. A recent VA letter about converting a World War II NSLI term policy to a permanent plan used examples for men aged 40 who carried their insurance up to age 75. Any special reason those ages were used?

A. Probably because the average age of the World War II veteran today is 43. The latest mortality table says if a man reaches 43, he can expect to live another 31-plus years. That same table says women outlive men, so most of us will need insurance up to age 75. We should be prepared in advance and know what we can expect to have to pay for insurance over that span of time.

Q. In my new job I will be traveling for months at a time. Can I have my VA check sent to my bank?

A. Yes, if you follow two steps. One—get forms from any VA office for use in appointing the bank as your power of attorney. Two—notify the VA of your new bank address for check-mailing purposes.

Q. Do all veterans get pensions at age 65?

A. Not all. The veteran must have had 90 days service and a discharge under other than dishonorable conditions. He must meet certain disability requirements, varying with age, and must be considered unemployable. His income must fall within certain limitations.

TRACTOR TIRE CUTS

Small cuts in tractor tires can be prevented from becoming big ones by first cleaning stones or foreign matter from them with a screwdriver, and then beveling the edges of the cut with a sharp knife to make a cone-shaped hole. This tapered hole will not fill with dirt and stones which would spread the cut and make it more damaging.

Educational aid by Burlington in 1962-63 totals nearly \$440,000

GREENSBORO, N. C.—Burlington Industries Foundation contributed nearly \$440,000 to the cause of higher education during the 1962-63 school year Charles F. Myers Jr. president of Burlington Industries announced yesterday.

The textile firm's Aid to Education Program administered by the Foundation, gave financial assistance during the year to nearly 300 colleges and universities located in 35 states. Also benefiting were 50 secondary and preparatory schools and 17 of the various educational state associations and foundations.

More than one-fourth of the funds went as direct aid to 335 students including those who received Burlington scholarships or educational loans which the Foundation makes available to employees or their children.

Included in Burlington's contributions during the year was \$65,000 used to match funds donated to colleges and universities by 326 company employees and directors. This phase of the program benefited 171 schools.

The Foundation has channeled nearly \$4.5 million into the field of education since it was established in 1943 by Burlington to develop a broad donation program.

Melinda Newby pleads Oklahoma's Pi Beta Phi

NORMAN, OKLA.—Miss Melinda Ann Newby of Post, Texas, is among the more than 1,000 students who pledged fraternities and sororities at the University of Oklahoma as rush week ended Sunday and Monday, Sept. 8-9.

Miss Newby, daughter of Mr. and Mrs. David N. Newby, is a pledge of Pi Beta Phi.

Sorority pledges represented 72 Oklahoma cities, 29 other states, the District of Columbia, England, Japan and Saudi Arabia.

BROTHER VISITS

Visiting with Mrs. E. E. Pierce this week are her brother and his wife, Mr. and Mrs. W. T. Walker of San Saba.

DAIRY COW PRODUCTION

The dairy cow on the average produces, from an acre of crops, 2,190 pounds of milk, which contains 72 pounds of digestible protein and 712 units of energy.

WATER PURIFICATION

Pond water can be automatically purified as it is pumped from the reservoir. One quart of the proper chlorine solution from a hypo-chlorinator will purify 1,000 gallons of water.

August's rural wrecks total 4

The Texas Highway Patrol investigated four accidents on rural highways in Garza County during August, according to Sgt. A. E. Roberts, Highway Patrol supervisor of this area.

These four wrecks accounted for five persons injured and estimated property damage of \$3,300.

The rural traffic accident summary for this county from January through August of 1963 shows a total of 29 crashes, resulting one person killed, 24 persons injured and an estimated property damage of \$29,070.

WEED KILLING DUDES

It is estimated that one gallon of some weed killers will destroy more weeds in one application than seven men working with hoes for seven years, according to the Manufacturing Chemists' Association, Inc.

Of classical variety

Film program planned for English students

A classical film program will be established for the junior and senior English students of the Post High School, through the cooperation of various civic clubs and business firms, Supt. Barry Thompson announced today.

Glyndol Snodgrass, senior English instructor, will narrate and discuss the films. Bill Shiver, director of instruction, is responsible for this phase of the English enrichment program, Thompson said.

Each classical film is of 16mm variety with a rental fee of \$25 per film. As this is an enrichment program, various civic and community groups have agreed to bear a portion of the financial cost, Thompson said. He added that the board of education and administration of the Post public schools are deeply grateful for the fine community support of this worthwhile project.

The films to be shown high school English students will include the following titles: "Cyrano de Bergerac", "Julius Caesar", "The Pickwick Papers", "Macbeth", "Mary of Scotland", "Babbalanza", "Captain Blood", "The Hunchback of Notre Dame", "A Midsummer Night's Dream", "The Red Badge of Courage", and "The Devil and Daniel Webster."

Thompson said in his announcement that the Post Public Schools "feel that literature and the understanding of literature is essential to the comprehension of the history and philosophy of the English speaking people."

"It is hoped," he added, "that this program will give students an insight into the culture and development of the Western World."

He said a seminar approach will be used in discussing and examining the films. Emphasis will be placed on individual research.

YOUNG FARMER AWARD

The Garza County Young Farmer Chapter was named winner of the "Outstanding New Chapter Award" at the recent Area II Young Farmer convention in Lamesa, Mack Terry (right), president of the chapter, is shown receiving the trophy award from Roy Holland of Southwest Chemical & Sprayer Co., Wall, Tex. Others in the picture are Roger Hensley, chapter secretary; Wayne Carpenter, treasurer, and Ike Trimble, advisor.

study of our school system by a lay advisory group which will be named at the conclusion of their visit. Getting school patrons interested in their schools is the best way we know to make real educational strides. And that is now "in the mill" in a very big way.

Well, we read in the Lubbock A-J that Sports Editor Bill Hart got "the word" from Post. It's that season for weekly papers to complain and fans to write letters on the "playing down" of their teams, wrote Bill, without of course mentioning Post by name or replying to our steak dinner invitation for tomorrow night before the Morton game. I guess we should have been more formal and asked for an RSVP.

We would surmise that Bill doesn't think we have anything to complain about, and probably doesn't know we have an up-and-coming football team. The best thing Bill could have done of course, under the circumstances, would have been to come on down tomorrow with a smile on his face and try to shore up the A-J's sports public relations hereabouts. We hear that Bill has promised to be on hand when the Floydada Whirlwinds come to Post in a couple of more weeks. But he's double purposed there. He always manages to catch the "Winds" somewhere along the season.

We doubt if we're going to be able to make disdainful Bill into a "sweetheart" on Post, but with his promised showing for the Floydada game he will at least see the Antelopes twice. The other being in November when the Antelopes invade his home away from home—Denver City.

We'd predict a record sized crowd for the Morton game and urge the folks to get busy and get those reserved seats. If Coach Teal wants to pull a little "Rockne" he might even ask the Lones to win tomorrow night "for Bill".

On page 11 — The Dispatch's Business Page for September—you'll read about the Jackson brothers, Jim and Bo, and their four years of progress here in meat processing and the locker plant business. Congrats, you two, on your fourth business anniversary.

BIRTH OF DAUGHTER

Staff Sgt. and Mrs. Larry McCullough of Reese Air Force Base announce the birth of a daughter, Shelby Ann, Sept. 5 at the RAFB hospital. Shelby Ann, who weighed 6 lbs., 11 oz. at birth, has a three-year-old sister, Sherry Ann. Grandparents of the new arrival are Mr. and Mrs. L. C. McCullough of Post and Mr. and Mrs. Henry W. Seibrey Jr. of Hyattsville, Md.

Naomi, Rebecca circles of WSCS in meetings

The Naomi and Rebecca circles of the Methodist Women's Society of Christian Service met last Thursday for their meetings. Mrs. Joe Callis was hostess for the Naomi circle in her home. Mrs. Joe Irons was in charge of the program assisted by Mrs. Wayne Richardson, Don Osborn and Preston Penie. Mrs. A. Lee Ward and Mrs. Walter Buesers attended also. The Rebecca circle met with Mrs. J. E. Parker. Mrs. Waggoner Johnson is circle chairman. Mrs. I. G. Thuest Sr., gave the devotional followed by Mrs. Tillman Jones and Mrs. W. R. Graeber leading the study discussion. Others present were Mrs. Mav Voss, M. H. Hutto and Darrell Eckels.

Math course is offered teachers

Texas Tech and the Post Independent School District will make a course in elementary mathematics available to teachers of the Post schools, Supt. Barry Thompson announced this week.

The course will be entitled: "Developing Arithmetic Programs in the Elementary Schools" and will offer three hours graduate credit.

Dr. Olive Wheeler of the Texas Tech faculty will teach the course on Monday night in the elementary school library, beginning Sept. 30.

Each week's session will consist of two 90 minute periods, the first from 4:30 p. m. until 6 p. m., and the second from 7 to 8:30 p. m. Tuition will be paid by class participants and will cost between \$30 and \$35 per teacher.

The course will be open to faculty members only with teachers in junior high, elementary school and primary school having first priority. Other individuals can audit the course for non-credit, Thompson said. Bill Shiver, director of instruction, will be the liaison between Tech and the Post schools.

Thompson said it is believed the course will help upgrade mathematics teaching in the lower grades as a great deal of new subject matter will be covered. The course is a part of the continuing in-service training provided by the board of education and the administration for the benefit of Post teachers.

Warnings sent on school attendance

Supt. Barry Thompson told The Dispatch today that letters have been sent to parents of nearly 40 children of school age in the Post school district not currently enrolled in school.

The letter advises them to place their children in school within one week as the Texas compulsory attendance law makes it mandatory that all children between 6 and 18 attend school 165 days each year.

"We are living in a highly complex era," the letter said. "Citizens who are not properly educated cannot expect to hold a responsible job. You owe an education to your children. Please help us in seeing they report immediately and enter school."

Thompson warned in the letter failure to comply with the compulsory attendance law will result in legal action. He said all parents who do not have their children enrolled by Sept. 21 will be filed on in county court. This can mean a fine of \$25 for each day they remain absent and or jail sentences for the parents.

Post Lions are to host zone meeting Sept. 26

The Post Lions Club will be host to a zone meeting Thursday night, Sept. 26, and the regular weekly meeting will not be held this coming Tuesday night.

The zone meeting will be held at Levi's Restaurant beginning at 7 o'clock.

At this Tuesday night's meeting the Lions were entertained by Billy Light and his dance band.

GUESTS OF BRITTONS

Visiting Tuesday in the home of Mr. and Mrs. Harold Britton were Mr. and Mrs. Jimmy Gamble and daughter of Abilene.

County fair —

overview of the problems facing the district can be defined, Shiver said.

Their findings will be presented in written form to the board and interested patrons.

Season tickets —

(Continued from Page 1)

reserved seat section from 200 seats last year to 700 this year, only about 300 general admission tickets will be available at each game, Athletic Director Harold Teal pointed out.

The reserved seat sections have had all seats re-numbered and there will be users on hand at each game to see to it that the holders of season tickets get to sit in the seat for which they paid.

"Assure yourself of a seat at all home games by buying a season ticket," urged George Pierce, president of the 46-56 Club.

Equipment delay for phone exchange

A week's delay has developed in completion of the new Verbena rural telephone exchange, James Wright, president of the Caprock Telephone Co. of Spur, told The Dispatch yesterday.

Wright reported that radio equipment which will send calls up and down the many miles of newly erected lines on a low line clinging frequency was being air-freighted out of an Ohio factory this week via Lubbock and will require several days to install.

He reported that his firm has made another contract offer to General Telephone Company of the Southwest in an effort to work out an agreement between the two telephone firms for extended area service into Post for the more than 100 rural users of the Verbena exchange.

After the contract is signed, General Telephone is expected to apply for some sort of a phone rate increase here to cover its costs for equipment for the extended area service.

Wright promised in a visit here Monday to try to work out the agreement this week.

In view of the necessary negotiations on two fronts, no cutoff date has as yet been set for the new exchange, but it is expected to be announced shortly.

100 Boy Scout leaders expected for Showando

Approximately 100 adults are expected to attend the annual Boy Scout Leaders "Showando" at Camp Post here Saturday, Sept. 28. The leader training program will open with registration at 9 a. m. and close with a campfire program at 9 p. m.

GUESTS OF HOWELLS

Recent visitors in the home of the Rev. and Mrs. Graydon Howell were the Rev. and Mrs. Leslie James and Kenneth of Bronco.

Greenfield passes first assessor's exam

Ira (Dad) Greenfield, Post school assessor-collector, has been notified he has passed his first examination that leads to his designation as a certified Texas assessor.

Greenfield took the examination in Lubbock in August. The certificate is granted by the Texas Association of Tax Assessors.

Greenfield will take the next test during the coming school year and then will be admitted to candidacy for the certificate.

Supt. of Schools Barry Thompson said he feels the excellent job being done in the school tax office will be upgraded to a higher degree of proficiency by the continued study on Greenfield's part. "Person of his ability is a rarity in most school tax offices," Thompson said.

Society News

Work and finance reports given at Auxiliary meeting

The Woman's Auxiliary of Garza Memorial Hospital, member of the Texas Association of Hospital Auxiliaries, held a called meeting last Thursday afternoon at 2 o'clock in the Reddy Room.

Mrs. James Minor, president, was in charge of the meeting. Mrs. Ted Aten, first vice president, reported that 28 members had worked 900 hours between April 12 and Sept. 1. Mrs. Homer J. Irons gave the treasurer's report, showing a balance of over \$400.

Mrs. L. G. Thuest Sr., membership chairman, introduced a new member, Mrs. C. M. Dawkins.

Committee chairman named for the year's work were: Social, Mrs. Jess Rogers; ways and means, Mrs. W. H. Childs; publicity and projects, Mrs. David Newby; special events, Mrs. J. E. Parker; program, Mrs. D. C. Williams; magazine, Mrs. A. B. Carter and telephone, Mrs. Jack Ballentine and Mrs. Hans Hudman.

Workers attending were: Mmes. Minor, Aten, Thuest, Davies, Irons, Carter, Willard Kirkpatrick, M. J. Malouf, Williams, Parker and Dawkins.

Sorority pledges are party guests

Prospective pledges of Beta Sigma Phi sorority were guests for a get-acquainted party Monday night when members of Texas Mu Alpha chapter entertained in the Community Room.

Mrs. Margaret King, president of the chapter, presented a brief resume of the sorority to the 20 guests and members attending.

Games of "Password" were played with Mrs. Lois Kennedy and Mrs. Frances Williams winning prizes. A drawing was held for the door prize with Mrs. Janet Peel winning the floral arrangement.

Refreshments of cookies and various frosting "dips" were served from a pink and white lavas susan. Cokes and other cold drinks were served, also.

Wardrobe planning is club meeting program

Miss Juanette Williams, county home demonstration agent, presented a program on basic wardrobe planning when the 55 Home Demonstration Club met Tuesday morning in the home of Mrs. Mollie Kolb.

Roll call was answered by "A basic garment I plan to buy."

Refreshments were served to the following: Mmes. LaVerne Lee, Isabelle Steiner, Edna Smith, Oneta Gunn, Ann Bratcher, Thelma Criswell, Miss Williams and the hostess.

Mrs. Lee will be hostess for the next meeting, Oct. 1, in her home.

Winnie Henderson is Mystic Club hostess

Mrs. Winnie Henderson was hostess for a meeting of the Mystic Sewing Club last Friday in her home and served ice cream topped with strawberries and pound cake.

Enjoying the afternoon of visiting and sewing were: Mmes. Tom Williams, Jim Shipley, F. I. Bailey, Lucy King, Thelma Kuykendall, Lowell Shert, Frank Runkles, Marvin Hudman, Nell Windham and Miss Henrietta Nichols.

Mrs. Shipley will be hostess for the Sept. 27 meeting in her home.

OES Friendship Night is held

Eight members of the Order of Eastern Star Chapter of Post were in Spur Monday, Sept. 9, to attend a "Friendship Night" at the Spur Masonic Hall.

Church wagon supper was served to the group composed of several different area chapters. A group of old time cowboys entertained with early western songs. A western motif was carried out in decorations throughout the hall. Wild flowers in tin cans were used and the napkins were torn pieces of domestic with a pair of boots in the corner.

Those attending from Post were Mr. and Mrs. Julius E. Tanner, Worthy Patron and Worthy Matron of the Post chapter, Mr. and Mrs. Jack Kennedy, Mr. and Mrs. Lester Nichols, Mrs. C. R. Thaxton and Miss Henrietta Nichols.

Becker home is scene of shower

Mrs. Jerry Pennell was honored Sept. 10 with a bridal shower, prior to her wedding, in the Southland home of Mrs. Willie Becker.

Carrying out the bride's chosen colors of gold and white, the table was laid with a white cutwork cloth and featured an arrangement of gold Chrysanthemums.

White cake squares and gold punch were served by alternating hostesses.

The guests were received by Mrs. Becker, the honoree, her mother, Mrs. A. L. Johnson, and the bridegroom's mother, Mrs. D. D. Pennell.

Hostesses for the event were: Mmes. Jack Myers, Pat Taylor, Becker, G. D. Ellis, Sam Ellis, R. H. Halliburton, Herman Dabbs, F. W. Callaway, John Leake, J. H. Haire, Herbert Dunn and Jay Oats.

Mrs. Burress presides at Fellowship meeting

Mrs. Jack Burress presided over the business when the Christian Women's Fellowship of the First Christian Church met Monday at 2:30 p. m. in the ladies' parlor at the church.

Mrs. Byron Haynie gave the devotional and Mrs. Lee Davis gave an article, "Move On We Together," for the program.

Mrs. F. I. Bailey and Mrs. Lucy King served refreshments in the following:

Mmes. K. Stoker, F. C. Barker, Davis, Mason Justice, J. H. Haire, Charles Luttrell, Dee Keck, Willard, J. B. Jones, Haynie, Burress and Lee Davis.

Two from here attend book autograph party

Mrs. N. C. Outlaw and Mrs. William Robinson were in Lubbock Monday afternoon to attend an autograph party at the Baptist Book Store for Mrs. Amy Bolding whose book "Please Give a Devotion" has just been published.

Mrs. Bolding and Mrs. Outlaw are both members of the South Plains Writers Club. This organization and close friends of the author were hosts for the event.

Mrs. Bolding is the wife of the Rev. J. T. Bolding, assistant to the pastor of the First Baptist Church in Lubbock. The book is a collection of devotionals she has presented to Lubbock groups.

HOLLEMAN GUESTS

Sunday visitors in the home of Mr. and Mrs. Jimmy Holleman were Mr. and Mrs. Truman Goss and three children and Sandra Hallett and Bill Sharp of Seminole.

Post Antelope home opener Friday against Morton

Big, fast Indian '11' said bent on revenge

Big, rugged Morton Indian eleven with revenge uppermost in its mind, will invade Antelope Friday night to furnish Harold Teal's gridders their home field opposition of the same field.

Teal said word from the camp is that they are out to avenge the 34-0 defeat handed by the Post Antelopes last Friday. The shelling from Post the worst 1962 defeat suffered by the Antelopes.

"We're an improved team this year," Teal said. "I figure we're going to score at least three touchdowns to win."

Teal opened with a 20-12 loss to Sudan eleven, but strong Sudan failed to defeat the Antelopes Friday night. The Tigers of Post's own district won 27 to 6.

THE INDIANS ARE BIGGER than the Antelopes in both the line and the backfield and they have more backfield," the Post coach commented.

Teal runs his offense from the I-formation and likes to use power and trap plays, scouting reports indicate.

Teal's best runners are 150-pound Charles Ledbetter and 200-pound quarterback Sherrill Griffith.

Griffith not only is one of the best quarterbacks playing high school football, but he runs like a deer," said one Post scout.

The shifty halfback Ledbetter played quarterback last year and both he and Griffith are good passers, with Ernest Chesshir, a 175-pound, 6-4 end, their favorite target.

"We can look for the forward pass to be thrown from just about any position in the Morton backfield," Coach Teal observed.

ONE OF THE INDIANS' top linemen and a candidate for all-district honors is 200-pound tackle Don Dewbre. The other starting tackle is Donald Shaw, a 215-pounder.

Coach Teal said the Antelopes are going to have to do a much better job all the way around than they did against Ralls and Plains if they hope to win their home opener Friday night.

"We should have scored two or three more touchdowns against Plains Friday night, and we'd better get them Friday night if we expect to win," the coach said.

"Not only the offense, but also the defense is going to have to play tougher, more heads-up football to get by Morton," he added.

The injury bugaboo still hasn't hit the Antelopes too hard, according to the coach. Halfback Jackie Fluitt, who has yet to see action, probably will be out of action for another week with his knee injury.

Morton's probable starting line-up is as follows:

Ends: Kenny Palmer, 170, and Ernest Chesshir, 175; tackles: Don Dewbre, 200, and Donald Shaw, 215; guards: Ronald Smart, 145, and Jimmy Petree, 205; center: Ricky Coffman, 200; quarterback: Sherrill Griffith, 200; halfbacks: Charles Ledbetter, 150, and Clem Kuehler, 145; fullback: Bobby Dodson, 175.

Angles outscore Smyer Bobcats Friday, 38-30

By BEVERLY STOLLE

The Southland Eagles went on to victory over the Smyer Bobcats by the 12th, 38 to 30. The Sunday day proved to be a good one for the Eagles.

The first touchdown of the game came by Smyer's Dalton Bice, scored four of his team's five touchdowns.

The Eagles' first touchdown was made by Don Altman, with the expert try kicking.

Teal said word from the camp is that they are out to avenge the 34-0 defeat handed by the Post Antelopes last Friday. The shelling from Post the worst 1962 defeat suffered by the Antelopes.

"We're an improved team this year," Teal said. "I figure we're going to score at least three touchdowns to win."

Teal opened with a 20-12 loss to Sudan eleven, but strong Sudan failed to defeat the Antelopes Friday night. The Tigers of Post's own district won 27 to 6.

THE INDIANS ARE BIGGER than the Antelopes in both the line and the backfield and they have more backfield," the Post coach commented.

Teal runs his offense from the I-formation and likes to use power and trap plays, scouting reports indicate.

Teal's best runners are 150-pound Charles Ledbetter and 200-pound quarterback Sherrill Griffith.

Griffith not only is one of the best quarterbacks playing high school football, but he runs like a deer," said one Post scout.

The shifty halfback Ledbetter played quarterback last year and both he and Griffith are good passers, with Ernest Chesshir, a 175-pound, 6-4 end, their favorite target.

"We can look for the forward pass to be thrown from just about any position in the Morton backfield," Coach Teal observed.

ONE OF THE INDIANS' top linemen and a candidate for all-district honors is 200-pound tackle Don Dewbre. The other starting tackle is Donald Shaw, a 215-pounder.

Coach Teal said the Antelopes are going to have to do a much better job all the way around than they did against Ralls and Plains if they hope to win their home opener Friday night.

"We should have scored two or three more touchdowns against Plains Friday night, and we'd better get them Friday night if we expect to win," the coach said.

"Not only the offense, but also the defense is going to have to play tougher, more heads-up football to get by Morton," he added.

The injury bugaboo still hasn't hit the Antelopes too hard, according to the coach. Halfback Jackie Fluitt, who has yet to see action, probably will be out of action for another week with his knee injury.

Morton's probable starting line-up is as follows:

Ends: Kenny Palmer, 170, and Ernest Chesshir, 175; tackles: Don Dewbre, 200, and Donald Shaw, 215; guards: Ronald Smart, 145, and Jimmy Petree, 205; center: Ricky Coffman, 200; quarterback: Sherrill Griffith, 200; halfbacks: Charles Ledbetter, 150, and Clem Kuehler, 145; fullback: Bobby Dodson, 175.

Fresh gridders win first game for new coach

The freshman charges of a new Coach Elvin Jones made his coaching debut a successful one last Thursday night by scoring a hard-fought 12-8 victory over the Slaton freshmen at Slaton.

Touchdown passes from quarterback Jimmy Bartlett to split end Dick Kennedy in the first and third quarters turned the trick for the Post team.

After Post's first quarter touchdown on a 10-yard pass play from Bartlett to Kennedy, the locals were held scoreless in the second period, while Slaton got on the scoreboard with a safety when Bartlett was tackled behind the Post goal line.

Coach Jones' gridders upped their margin to 12-2 in the third quarter on a 15-yard pass play featuring Bartlett and Kennedy. Slaton scored their only touchdown in the third period on a quarterback sneak.

Post came close to scoring again in the final quarter, but was checked inside the 20.

Tackle Filemon Vargas, linebackers Jerry Sullivan and Pat Walker and defensive backs Clyde Cash and Stone were defensive standouts for Post.

Denver City, ranked No. 1 this week among Texas Class AA teams, has scored wins over two Class AAA opponents, Seminole by 41-0 and Pecos by 36-14.

Post, with a 24-0 win over Ralls and a 9-0 victory at Plains, is the only district eleven whose goal line is uncrossed.

SECTION TWO Sports The Post Dispatch

Thursday, September 19, 1963 Page 10

Safety, touchdown in two minutes

Post lightning hits Plains, 4th quarter

The Post Antelopes struck like lightning midway of the final quarter Friday night to defeat the Plains Cowboys, 9 to 0, and break open what up to that point had been a slam-bang defensive battle.

The victory was scored on the Plains gridiron before a capacity crowd—many of them from Post—and averaged a 20-6 defeat at the hands of the Cowboys last year.

The sputtering Antelope offense packed all its scoring—a safety, a touchdown and an extra point—into about two minutes of the fourth quarter.

The payoff came after Post had surrendered the ball on downs on the Cowboy 15.

Fullback Joe Dan Cooke rammed center for a yard, but Benny Owen stopped halfback Roland Faires for a two-yard loss, and defensive end Danny Pierce threw quarterback Mike Field for a nine-yard loss to the Plains 5-yard line.

FIELD, PUNTING from well back in his end zone, had the kick blocked by linebacker Danny Odom, but outscrambled Odom and tackle Charlie Brown for the ball to save a touchdown, but yield a safety.

Owen gathered in the free kick from the Plains 20 on the Post 45 and darted 32 yards to the Cowboy 23. On the first scrimmage play, quarterback Pat Cornell hit split end Teddy Scott with a pass on the Plains 10, and Scott never checked speed to cross the goal line untouched. Cornell calmly placed-kicked the Antelopes' first extra point of the season and that was the scoring.

Through three and a half quarters, the two teams had battled each other to a standstill, but with the edge in statistics and scoring opportunities going to Coach Harold Teal's Antelopes.

Post's first scoring opportunity came in the first quarter after tackle Billy Mitchell recovered a Plains fumble on the Cowboy 43.

WITH OWEN AND CORNELL carrying, the Antelopes plugged away to the Plains 28, from where Cornell completed a quick pass to Scott on the Cowboy 11 for the game's first penetration. Three plays later, Owen gained seven yards at end

and Cross broke through for 19 to the 38, but Cornell lost two on a keeper and Plains covered another Antelope fumble on the Post 35.

The Cowboys couldn't move and Field's partially blocked punt went out of bounds on the Post 24.

POST DROVE ALL the way to the Cowboy 15, with the biggest gain in the drive coming on a 21-yard pass from Cornell to Scott, before losing the ball on downs.

That set up the play for Post's safety and the touchdown that followed.

Following the touchdown, Dennis Crutcher returned Cornell's kickoff 33 yards to the Plains 48, but fumbled when tackled and the ball was recovered by Danny Odom.

Losing three yards in three plays, Cornell boomed a 48-yard punt out of bounds on the Cowboy 3-yard line.

The Cowboys gained only five yards in three plays and Field's punt was whistled dead on the Plains 47. From there, Post pushed back down to the 21 before the clock ran out.

Plains made only two first downs, both in the first half.

JV's ready for Floydada after Frenship win

Coach Charles Black's Junior varsity Antelopes are to play the Floydada junior varsity here at 7 o'clock tonight after opening their season last Thursday with a crushing 32-0 win over the Frenship JV's.

Post scored in every quarter in racking up the one-sided win over Frenship, which never seriously threatened to score.

Ruben Solis opened the scoring on a 10-yard power play in the first period and Mike Ayala ran over the extra points. Rickey Welch counted on a quarterback sneak in the second quarter and Solis added the extras to give Post a 16-0 halftime lead.

The winners made it 24-0 in the third quarter when Luis Ayala scored on a 15-yard pass from Welch and Welch ran over the extra points.

Mike Ayala closed out the scoring with a 20-yard sprint in the final period and Solis added the extra points.

The entire Post team played a bang-up game on defense with linebacker John Sutter and defensive guard Glenn Padgett outstanding. On offense, Birch Lobban did a good job of alternating with Welch at quarterback.

Golf Am-Am here this Sunday

The newly organized Post Country Club will stage a two-man team am-am 18-hole golf event Sunday afternoon at the Caprock Golf Course.

It will be an 18-hole handicap affair, starting at 12:30 p. m. Entry fee will be \$2.50.

Club members are urged to bring guests for the affair.

Purpose of the am-am will be to interest more local and area golfers in the country club organization.

It will be a medal play event with handicaps.

Two repeaters on outstanding list

There were two repeaters this week in the 46-56 Club's voting on the Post Antelopes' outstanding players in the Plains game.

Butch Cross was voted top defensive back and Danny Odom top defensive lineman after having received the same honors following the Ralls game.

Split end Teddy Scott, who scored the only touchdown in the Plains game, was voted outstanding offensive lineman, while halfback Benny Owen was named outstanding offensive back.

West Texas Buffaloes open with Arlington

CANYON — Ambitious West Texas State University will open its 1963 football season this Saturday night at home against a fast improving team, Arlington State College.

These same two teams met at Canyon last year with the Buffs walking off with a 49-0 victory. However, don't look for this to happen Saturday as Arlington State is ready for the Buffs and is sure to make this year's contest a much closer affair.

8th grade wins, 22-8

Junior High teams split with Tahoka

Post's 7th and 8th grade football teams opened their season here Tuesday night by splitting with Tahoka, Coach Will Bigott's 8th graders winning, 22-8, but Coach Elvin Jones' 7th graders losing, 34-14.

The 8th grade eleven won behind the smooth ball-handling and sharp passing of quarterback Joe Reno and the pass receiving of halfback David Condon and end Freddie Collazo.

Passes from Reno to Condon scored two first quarter touchdowns, with Reno going over for the extra points after each touchdown to give Post a 16-0 halftime bulge.

Coach Bigott's team scored again in the second period on a pass from Reno to Collazo, but the point try failed.

Tahoka got on the scoreboard with a touchdown and extra points with about a minute and a half remaining in the game.

Coach Bigott said his entire team looked good on both offense and defense, with fullback Hugh Boyle and halfback Roy Long helping carry the offensive load. Among

the outstanding boys on defense were Collazo, Alex Torre, Norman Tanner, James McKenzie, Danny Cooper, Larry Plunk and Ronnie Wilson.

The Post 7th grade team scored in the second and fourth quarters in its loss to Tahoka. End Jimmy Lee returned a kickoff 55 yards for the first touchdown. Fullback Thomas Cain turned in a 55-yard run for the fourth quarter TD and quarterback Jimmy Jones ran over the extra points.

Murphy Bowen, Mike Scott and Mike Rinker were among the defensive standouts for Coach Jones' gridders.

Victory dance Friday night

A victory dance is scheduled for the Garza County Youth Center following the Morion game Friday night, Harold Teal, president of the center's board, told directors Monday night at the second organizational meeting for the new center year.

Teal said a newly organized student committee has made plans for a record dance to follow each of the high school's home games this fall.

Benny Owen was introduced as the new vice president of the center. The high school junior was elected to that post as student representative on the board by the high school student body in an election Friday.

Members of the student committee selected by Teal to help plan the center's activities include Pat Cornell, Linda McMahon, Danny Odom, Dee Ann Walker, Susie Jo Schmidt, Meredith Newby, Bill Braddock, Pam Owen, Sammy Sims, and Donnie Cornell.

Teal reported the center's student committee plans to make the center open to high school students only for planned functions, except when invitations are extended to college students home from school for special holiday events.

The committee also has voted to ban smoking inside the center.

Students have promised to han-

die any misconduct on the center's premises themselves.

Teal pointed out that the students making their own rules would enforce them and take a greater interest in them.

Mr. and Mrs. Teal, the co-presidents, appealed to directors for suggestions as to events to be held at the center, other than dancing, and a number of suggestions were made. The Rev. Bernard Ramsey was named program chairman to work with the student committee on a program.

It was voted to place any building rentals in an incidentals fund to be handled by a student treasurer for the purchase of incidentals, records, etc.

Teal said the student committee wanted two functions each month after the football season.

Named by Teal as committee chairmen were Jim Cornish, publicity; Bill Edwards, long range maintenance and improvements; Byron Haynie, immediate maintenance, Mrs. Walter Jones, refreshments.

Directors approved Teal's suggestion to secure interested school faculty members to completely plan and supervise various events of the center at the rate of \$12 per planned and supervised evening, instead of hiring a center director as in past years.

Post High choir elects officers

By Linda McMahon
The Post High School choir elected officers Friday. They are: Chunky Johnson, president; G. T. Mason, vice president; Susie Schmidt, secretary-treasurer; Benny Owen, Student Council representative, and Linda McMahon, reporter.

The choir has begun singing a wide variety of music this year and plans to have a full, active year under the direction of Mr. George M. Willson.

Picnic held by FHA members

By Carol Camp
The Future Homemakers of America members gathered for a picnic Monday, Sept. 9, at the park. New members were honored.

Diane Maxey, FHA president, presided over the meeting. The devotional was given by Mary Barnes. Officers for this year were introduced.

The girls played some games and then ate a supper of hot dogs, Cokes, potato chips, and corn chips.

There were 77 girls at the picnic, including Mrs. Didway and Mrs. Duncan, FHA sponsors.

46TH LUBBOCK FAIR TO OPEN MONDAY

The midway of Lubbock fairgrounds will come alive Monday, when the 46th annual Panhandle South Plains Fair is officially opened. The annual "Parade of Bands" will march through downtown Lubbock Monday morning. Monday is the fair's tribute to area school students, who will be admitted free to the fairgrounds and offered half-price tickets to Ice Capades and all carnival rides and shows.

- Post High-lights -

Two new steadies have been seen around PHS. They are Susie Jo Schmidt and Tom Clark and Julia Childs and Kenneth Barnes.

Congratulations, football boys! Keep up the good work. B. E. A. T. MORTON!

It seems everyone has started playing football lately, even the typing classes.

Ronnie, we all were real sorry to hear about your accident. Hope you can start playing sports again real soon.

Look, Mom, no books in Mr. Davis' class

By Helyn Cheshire
This year Mr. Davis is teaching us science without a book, which I think is very interesting as well as fun.

He gives us mimeographed papers telling us about the subject matter. With this we get a sheet of questions which we are to answer. We have done several drawings of different things. All of our papers are kept in a notebook.

FLORIST CONVENTION
Mr. and Mrs. Hans Hudman and sons, Randy and Bill, spent the weekend in Carlsbad, N. M., attending the West Texas-New Mexico Florist Convention. Headquarters for the convention was the Ramada Inn and while Mrs. Hudman, owner of Maurine's Flower Shop, attended the sessions on wedding designs, new corsage ideas, etc., Mr. Hudman and the boys toured the caverns.

Mr. King is practicing for band director in his Typing I classes. Better watch your step, Mr. Evans!

I hear we had some 'new cheerleaders' at the pep rally Friday. Keep practicing "guys" and next year maybe you will be elected.

Well, Juniors, it looks like you've really been working hard. The "tunnel" looks GREAT!

Miss Stockton, what's this I hear about a girls' football team?

New students listed in Junior High here

By Janet Cheshire
We are happy to greet the new students who are attending Post Junior High School for the first time this year.

These new students are: Billy Ray Canler, Billy Holland, Wayne Brown, Linda Warren and Gabriel Romera.

We are glad they moved to Post.

is teaching English III and IV. Mr. Snodgrass and his wife, Susan, live at 208 W. 11th. They have two daughters, Constance, 21 months, and Elizabeth, 8 months. Mrs. Snodgrass will commute to Tech to complete her degree. "We really like Post. It is a very friendly town. Also, we enjoy living here because there are many teachers here who are our age."

Just is very proud of our new English teacher, and we hope he and his family are happy here with us.

Junior High band plans big year

By Emily Potts
This year the Junior High band is going to march at one of the home games and at one of the out-of-town Junior High games. We are also going to have a combined show with the High School band.

We are going to have a very good Junior High band.

We will elect majorettes and drum majors Tuesday, Sept. 17.

There are about 50 members in this great band.

PHS teacher interview

Glyndol Snodgrass is new English teacher

By Linda McMahon
Post High School's new Junior and Senior English teacher is Mr. Glyndol Snodgrass. He was born in Roby, Texas, on June 7, 1924. He has lived most of his life in McCulloch County, attending school at Lohn, Texas. Mr. Snodgrass enrolled at Sul Ross State College in the fall of 1953 and received his B. A. degree from this institution in 1957.

At Sul Ross, Mr. Snodgrass received the "Man of the Year" award during his senior year. He has been nominated to "Who's Who in American Universities and Colleges." He is a member of Alpha Chi, national honor society, Sigma Tau Delta, professional English fraternity, and Kappa Delta Pi, an honor society in the field of education. Mr. Snodgrass served as president of Sul Ross chapter of Kappa Delta Pi in 1956-57.

When asked how he liked Sul Ross, he replied, "I enjoyed studying at Sul Ross because it is a small school and students receive individual attention."

Mathematics was Mr. Snodgrass' first teaching assignment at Lohn. From there he taught for three years at Forsan, Texas, in the field of English and Spanish. At Post he

Gold mine of ancient gossip is discovered

By Argan Robinson
A gold mine of gossip just discovered reveals secrets from as far back as 1940! As the past unfolds, let's take a peek into the activities of some of the students of dear ole PHS a "century" ago (1949).
"Boys! Get together! (Or did you?) One day we see Judith King wearing John Schmidt's ring; and the very next day we see her adorned in Pete Hays' football jacket. We even hear that Randell is mixed up in this affair."
"Giles and Jack have sworn off water fountains between periods. Wonder why?"
"Did you know that we are going to place that sign 'BEWARE OF THE B R A T' up at Sue Bell's house? We don't refer to Sue Bell either."
"Did you know that Neil drew

quite a few laughs from the class when she came in to Giles?"
"Did you know that Jack didn't try to leave Sissy on 'Case Road'?" Just call her Tracks Bowen."
"After the Post-Lubbock ball game, the football boys and their female admirers got together at Nelda Floyd's house for a feast and some of Nelda's homemade cake."
"Jack Schmidt was in an especially good mood, and insisted everyone go home with him when the cake was finished for some of his mother's good punch and pies."
"Truly a good time was had by a good time."
And so passed the days of ole alma mater. Very little changed. Right, kids?

GARZA SCD NEWS

Use of cover crops good practice in conservation cropping system

By VIRGIL MIDDLETON SCS Technician
Holding the soil in place and increasing the productivity are two objectives of the Garza Soil Conservation District. The use of cover crops in a conservation cropping system is a good way to work toward these aims.
Continuous growing of soil depleting crops such as cotton draws heavily on the plant nutrients in the soil. Cover crops offset this loss by adding plant nutrients to the soil and by conditioning it. This

factor of maintaining a well-conditioned soil is very important to sustained high production.
Cover cropping is an effective method of holding wind and water erosion to a minimum. A grass cover is nature's way to protect the land.
Austrian winter peas and rye are good cover and soil improving crops for this area, or for cotton burrs are sometimes used as a substitute for a growing crop.

Mr. Dale Schmidt new teacher here

By Patti Power
We are happy to have Mr. Dale Schmidt as a new teacher in Junior High this year.

He moved to Post from Dalhart and is a graduate of Southwestern State College, Weatherford, Okla. Mr. Schmidt has been teaching for six years. This year he teaches 6th grade math.

He is married and has three children, Ronnie, Tim and Linda.

BARRETT'S VISIT

Mr. and Mrs. Mike Barrett of Lubbock visited Sunday afternoon with Mr. and Mrs. Charles Didway. Barrett, a former Brownfield newspaper publisher, owns radio stations at Brownfield and Morton.

Jr. High elects 4 cheerleaders

By Julie Clark
Post Junior High School cheerleaders were elected Friday afternoon.

Those elected were: Scharlene Holland and Mary Eubank, 8th grade; Donna Stewart and Vickie Martin, 7th grade.

We would like to say congratulations to these girls and we hope that they will represent our school well at the games.

Jackson Bros. celebrating 4th business anniversary

... and hard work—lots of...
... have paid off for the Jackson...
... Jim and Bo, who...
... are celebrating their fourth...
... day in business in Post as...
... Jackson Brothers Food Lockers.

It was four years ago that Jim, 29, and Bo, 27, borrowed the money from the First National Bank here to buy their present locker business from Wallace Simpson and strike out for themselves.

In those four years they've repainted and remodeled their locker and meat processing plant at 121 South Avenue H, added the best meat processing equipment obtainable, and have opened—and are now remodeling—their retail and wholesale meat outlet, Jimbo's Meat Market.

In the same length of time they have increased their gross business about 400 per cent, filled up virtually all of their 300 food lockers, and more than doubled their payroll.

At today's rate they slaughter and process between 1,800 and 2,000 beefs and hogs annually. They cure their own hams and bacon

LOCKER FORCE

In the top picture are the "big four" of the staff at Jackson Bros. Food Lockers and Jimbo's Meat Market. From left to right are Charles Truitt, meat market manager; co-owner Bo Jackson; James Robinson, butcher, and co-owner Jim Jackson. Shown at the left in the slaughter room is Emilio Luna, who is in charge of that department.—Staff Photos

The Dispatch's SEPTEMBER Business Page

and make their own sausage. Approximately three-fourths of these animals are processed for customers from a wide territory which includes Snyder, Dickens, Jayton, Crosbyton, Ralls, Tahoka, over into eastern New Mexico.

The other 25 per cent of the meat processed is sold through Jimbo's Meat Market to retail customers and to cafes, drive-ins and restaurants in Post, Gail, O'Donnell and Tahoka, as well as to the Post and Gail school lunchrooms.

To back their guarantee of complete satisfaction, the Jackson brothers also feed out their own beef.

Their father, L. D. Jackson, of Draw, near O'Donnell, now devotes his full time to feeding out cattle for the food locker plant here. They keep 60 head in the feed pen with the purchases coming from all over this area and from nearby cattle sales.

Why the feeding operation? Bo Jackson explains that the answer to tender beef is in feeding and handling the calves right.

"There is no such thing as making beef tender after it is killed," he explains.

"Any time a calf is losing weight there is a good probability the meat

will be tough," Bo adds. By feeding their own beef, the Jackson brothers know how the calves are fed. That makes for tender beef and adds up to satisfied customers and a growing business.

The formula has paid off. "We added three new customers last week," Jim said.

About eighty per cent of the beef processed is graded good with the other 20 per cent being choice.

"A lot of people don't want choice beef because of the fat," they point out.

The average size beef animal slaughtered weighs between 600 and 700 pounds. The biggest killed in the plant weighed 2,000 pounds.

"The 'busy season' in the meat processing business begins in Oc-

tober and extends through February. That's when the long hours come along—the brothers often working 15 to 18 hours a day with the rush on.

Compounding the "rush season" is the hunting season which comes at the same time. The Jackson Brothers' plant processes between 150 to 200 deer a year during the fall hunting season for area hunters returning with their kills.

Jim, who had worked in the meat processing business for four years at the O'Donnell food lockers, came to Post in December of 1956 to become manager of the present plant (See Jackson Bros., Page 16)

Thanks, Folks!

For your fine patronage these past four busy years.

As we celebrate our fourth anniversary in business here in Post this month, we want to express our appreciation to the finest people in the world—our customers.

You have made it possible for us to grow and expand, so that we can serve you better.

We are proud to guarantee our meats on a complete satisfaction basis. This is not just an eye-catching slogan. We mean it. We want you as our customer completely satisfied, knowing that when you come into our locker plant, or into Jimbo's Market, you will take home tender, tasty meat that you and your family will enjoy eating.

Guaranteeing beef is not so simple. We are doing it because we have our own feed lot to feed the beef we slaughter and process for sale. We buy locally, but carefully.

For our many customers who bring in their hogs or calves so that we can process their meat, cut and wrap for freezer, we want to point out that our goal is to give you the best possible service with the best equipment obtainable—and at prices which are generally lower than what is charged for such meat processing service elsewhere in this area.

Come see us. Let us serve you—with guaranteed meats. We have a few frozen lockers for rent. If you haven't tried buying beef by the half let us show you how you can save 15 per cent on your monthly meat bill—and enjoy it more. We're open from 7 a. m. to 6 p. m. to serve you.

White River HD club has luncheon guests

By MRS. GLENN JONES

The White River HD Club entertained several ladies from different Dickens County HD Clubs with a salad luncheon at the Kalgary community center. Those attending were: Mmes. Doylene Meadors, Velma Watson, Ruth Powell, Jennie Ballard, Bessie Lee Martin, Audie Condon, Winnie Barnett, Edna Allen, Vera Robinson, Foster Aston, Eileen Dixon, Peggy Percival, Billie Bass, Addie Martin, Adren Karr, Caqueaze Redding, Broose Tyler, Daisy Ramsey, Mr. and Mrs. Donnie Pace and Mr. and Mrs. Forrest Martin. After lunch they journeyed to Postex Cotton Mills for a guided tour.

Mr. and Mrs. Elbert Humble and family visited her mother, Mrs. Minnie Haywood, in Snyder Sunday.

Nan Winkler was an overnight guest of Mr. and Mrs. C. W. Hinson Saturday night.

Mr. and Mrs. Henry Slack and Mr. and Mrs. Roy Winkler visited Mr. and Mrs. Buran Jones Friday night.

Charles McArthur was at home over the weekend from South Plains College.

Mr. and Mrs. Euclid Maze and family of Crosbyton spent Saturday night and Sunday with the Edgar Witt family.

Mr. and Mrs. Roy Winkler visited Mr. and Mrs. Dee Berry Saturday afternoon.

The Raymond Chance family visited the Boney Winklers Tuesday.

Wednesday dinner guests of Mr. and Mrs. Buran Jones and Mr. and Mrs. Glenn Jones were Mr. and Mrs. Cotton Barkley of Spur, Mr. and Mrs. Jerry Tanner and sons of San Diego, Calif., and Mr. and Mrs. Boney Winkler.

Mrs. Harvey Cannon and twins visited Mrs. Joe Kidd in Dickens Friday.

Mrs. H. E. Fisher visited Mrs. Derral Fisher Saturday afternoon.

Mr. and Mrs. Hollis Payne and

Tami of Floydada were Sunday dinner guests of Mr. and Mrs. Ralph Parsons. Mr. Payne preached at the Waison Baptist Church Sunday.

MR. AND MRS. W. W. McArthur and family attended the homecoming at Spur over the weekend.

Mr. and Mrs. Jerry Tanner and sons were supper guests of the Boney Winklers Wednesday night.

Mr. and Mrs. Coy Drennon of Dickens, Mrs. Alla Martin and Mrs. Lilla Swanner of Spur were dinner guests at the White River Luncheon Saturday.

Mr. and Mrs. Cliff Hinson of Plains were Sunday overnight visitors of the C. W. Hinsons.

Gene Finley went home Sunday to get ready to go to West Texas State University. He has been here with his grandmother for about two months.

Nugent Everett was a supper guest of the Boney Winklers Tuesday night.

The Harvey Cannons visited Mr. and Mrs. Reuben Waddell Sunday afternoon.

Mr. and Mrs. Donnie Pace visited the Smith reunion in Spur Sunday.

Jacque Self was an overnight guest of Lynn Maze Thursday. They attended the football game in Spur.

Wednesday night supper guests of the Roy Winklers were the Cotton Barkleys, the L. C. Winklers, the Glenn Joneses, and Boney Scott. The Jerry Tanner family joined them later.

Mr. and Mrs. Henry Slack and Mrs. Aletta Walker closed the White River Luncheon Saturday. They do not plan to open it again.

Mr. and Mrs. Edgar Witt visited Mr. and Mrs. Fat Smith Saturday. The White River HD Club will meet in the home of Mrs. Ralph Parsons Friday at 2 p. m.

Mr. and Mrs. Larry Hooper and Tami Kay visited Mr. and Mrs. Henry Slack Sunday afternoon.

Wright Carlisle visited Boney

40 CENTURIES OF BLEACH PROGRESS.

SINCE ANCIENT TIMES, PEOPLE HAVE KNOWN THAT BLEACHING MAKES EACH WASHLOAD BRIGHTER, WHITER, CLEANER. IN THOSE DAYS, HOUSEWIVES DEPENDED ON THE SUN FOR BLEACHING. THEY HAD TO TAKE A CHANCE THAT THE SUN WOULD BE SHINING BRIGHTLY THE DAY THEY DID THE FAMILY WASH.

UNTIL LIQUID CHLORINE BLEACH BECAME AVAILABLE TO HOUSEWIVES IN THE BLEACHING BOTTLES—WEIRD, HOME-MADE, MEASURING MIXING, AND BOTTLING THEM WERE AN UNPLEASANT AS SICKENING AT THE WASHBOARD.

TODAY'S MODERN HOUSEWIFE JUST POURS ONE CUP (8 OZ.) OF LIQUID CHLORINE BLEACH, SUCH AS CLOROX, INTO HER MACHINE BEFORE THE CLOTHES ARE ADDED. IF CLOTHES ARE ALREADY IN MACHINE, SHE DILUTES BLEACH FIRST IN A CUP OF WATER. EITHER WAY ASSURES BRIGHTEST, CLEANEST WASH.

Pleasant Valley area news

School bus loses back wheels, no one injured

By MRS. MAX CHAFFIN

Larry Brown was coming home from school on the school bus from Post one day last week and oops!—down went the front of the bus and off came the back wheels. No one was hurt seriously; a few children received scratches and Larry Skinned his elbow. They were lucky!

Well, we're minus one gal out here now! Cindy Altman has moved to Lubbock to live in an apartment with Mary Lou Haliburton while they both attend Draughton's Business School. From what I hear they don't want a TV in their new home for they really have to knuckle down and study; the first week at the school there were tests, tests, tests!

I called on Mr. and Mrs. T. L. Barnes and Agnes last Thursday morn and had the most delicious coffee cake you ever did taste! Want the recipe? Come and see me sometime!

Mr. and Mrs. F. D. Wheeler went to Roswell, N. M. with their children the week before school started and stayed overnight and then went to Ruidoso for two days and nights. They rode the chair lift and had a great time.

The Jack Burketts attended the Landers' reunion at Roby over the weekend. Landers was Mrs. Burkett's maiden name. There were 55 people present for the get-together.

Mrs. Jim Hall and Mrs. Will Barton visited Mrs. Lena Chaffin on Tuesday afternoon.

Mrs. S. M. Lewis spent Sunday after church with the R. H. Lewis family.

The Johnny Sherberts visited the L. M. Sherberts recently.

This community was vacated on Friday night. Where was everyone? Why cheering on the team to victory against Smyer; Southland was the team. The score was 35-32, and some of our local boys were out there winning that game. Don Altman, Joe Hall and Troy Lewis just to give you a few names.

Mrs. A. S. Yandell of Slaton spent Friday night with the T. L. Barnes.

J. W. Basinger spent the night with the Deamos Altmans over the weekend.

MRS. B. D. Robinson was operated on last Wednesday in West Texas Hospital in Lubbock. She had a cataract removed from her other eye and was due to be released last Monday. The grapevine didn't know where she was going after her release so tune in next week and maybe I can find out by then. She seems to be doing nicely.

Mrs. Vernon Scott attended the Leadership School at the First Baptist Church in Slaton Monday night.

Mrs. Max Chaffin, Kelly, John and Katrina enjoyed a fine covered dish supper at the First Presbyterian Church in Post on Tuesday night and afterwards were present for the installation of the Rev. Edgar Graham Jr., in the pulpit of the church.

Mrs. Thelma Burkett went to the funeral of Joe Burkett, the late Lawrence Burkett's cousin, on Sept. 5 in Lamesa.

The Buddy Halls are sporting a new limousine!

Mrs. Mike Winchester received her Beauty Operator's License from Austin and is the happy! She says free sets for everyone on opening night. I wonder how many she can do at one time!

The Smyer-Southland game last

TENT ON WHEELS—The tent-trailer, combining the lightness of a tent with the high and dry comfort of a trailer, is one of the newest attractions for the growing class of camping vacationers. The trailers are compact and ruggedly built, and it's easy to raise the roomy cotton canvas tent once the campsite is reached.

Southland farmers have good rain Sunday night

By MRS. MAX CHAFFIN

It looked like Southland had a good rain Sunday night. I heard 1.6 inches from somebody who lives in Pleasant Valley but has contacts up there!

There was a swim party for the 7th and 8th graders at the C. E. Basinger residence Saturday afternoon from 2 p. m. until 6:30. There was not only swimming but trampoline exercising and table tennis too; an athletic afternoon and they didn't even know it. I betcha! There was watermelon and soft drinks to go with it and chaperones. Those present for the fun and frolic were: Bill Bevers, Dennis Altman, Danny Bryson, Rowell Salinas, Sammy Wartes, Joey Basinger, Judy Hitt, Joy Jones, Danine Dunn, Polly Martin, Patsy Gindorf, Derrill Wilke, Mike Mason, Curtis Lancaster, Curtis Abshire and Johnny Outlaw. Those who were the overseers were: Mrs. Deamos Altman, Mrs. Dorothy Jones, Mrs. Janie Abshire, Tom Buchanan and

Winkler Wednesday afternoon.

Tommy and Billy Ray Casler visited Greg Fisher Sunday.

Miss Gloria Copeland of Meadow was a weekend guest in the Aletta Walker home.

Mrs. Lloyd Rhinhart and Donna spent the weekend with her parents, Mr. and Mrs. Donnie Pace, and attended the Spur homecoming.

Mrs. Dee Berry visited Bernice Eubank and girls Friday.

Mr. and Mrs. Boney Winkler attended the polo game at Lubbock between Rails and Lubbock Wednesday night.

Mr. and Mrs. Roy Winkler and Roy Don and Mr. and Mrs. Glenn Jones, Gary and David, were supper guests of Mr. and Mrs. Buran Jones and Mrs. Sallie Williams on Tuesday. It was Gary's third birthday.

Janie Snodgrass was an overnight guest of Gwon Self Thursday.

Mr. and Mrs. Boney Winkler Monday night.

Mrs. Ray Webster visited Mrs. Bob Hale in Crosbyton Thursday morning.

The Glenn Jones were Sunday dinner guests of her parents.

Freda Parsons was at home over the weekend from college.

Nugent Everett was a Thursday supper guest of the Boney Winklers.

financee, Ruth Ann Copeland of Mesquite, Sonny Hitt and C. E. Basinger.

MR. AND MRS. Claude Roper, daughter of Mrs. J. F. Rackler, honored her mother with a birthday dinner on Sept. 15 and her guests were Mr. and Mrs. J. B. Rackler, J. B. Jr., and Beverly, Mr. and Mrs. Claude Roper Jr. and Pamela of Wolfforth, Mr. and Mrs. Tommy Stell of Lubbock. Mrs. Rackler's actual birthday is Sept. 16.

The juniors of Southland High School had their car wash last Saturday to raise money so they can feed the seniors at the Junior-Senior banquet next year!

Harvey Pennell is starting his junior year at Texas Tech on Friday of this week. He is majoring in physical education. Yay! (that was my major in college, can you tell?)

The Jesse Wards went to Canyon Thursday though Sunday to see the Stanley Smiths.

Mr. and Mrs. Elsin Crawford have their oldest son, James Weldon, and his family of Lubbock visiting them while James is on his vacation. This is the time of the year to relax, isn't it? The air is so good.

Miss Ora Minning of Slaton, Mrs. Maudie Minning of Pittsburg, Calif., Mrs. Nova James of Ira, Mrs. Maggie Denton and Mrs. J. F. Rackler visited Mr. and Mrs. Earl Gregg of Grassland Tuesday afternoon.

Mrs. Jerry Pertell of Fort Worth is visiting with her parents, the Ed Forsons.

The M. C. Edmunds, grandparents, visited their new granddaughter, Ginger Jeanine and her family, the Dale Edmunds of Slaton, on Saturday and a few other days last week, too. Gotta keep checking on that precious thing, you know! They also saw Mr. and Mrs. Ed Haddock for she is staying there her first week or so out of the hospital and they dropped on on the Glen Edmunds while they were in Slaton.

Mrs. D. D. Pennell, Mrs. Kenneth Callaway and the former Betty Johnson (who is now Mrs. Jerry Pennell) went to Petersburg a week ago Saturday to a shower for the latter at Mrs. Marvin Sherbert's home.

Jacky Abshire spent Tuesday night with J. B. Rackler Jr.

WINGS OVER THE COTTONFIELD—Aerial application of chemicals is a common practice in cotton production. Planes can fly over as many as 5,000 acres a day, releasing poison to kill pests or defoliants to cause leaf shedding.

Graham HD club meets in home of Mrs. Thuett

By MRS. GLENN DAVIS
Mrs. Maud Thomas and Mrs. Fred Gossett visited the Twin Cedar and Golden Ages Rest Homes last Friday afternoon.
Mr. and Mrs. Grover Mason and Mr. and Mrs. Bryan Maxey visited in Odessa Sunday with the Jimmy Hutton family and the Franklin Maxey family.
Mr. and Mrs. Norman Mullins and daughter of Atlanta, Ga., stopped by one afternoon last week and visited with Mr. and Mrs. S. D. Lofton. Norman once lived in the community.
Mrs. Thelbert McBride and David were in Ralls Sunday visiting her father, P. L. Reese, and her brother, Cecil Reese, and family.
Mr. and Mrs. Carl Fluit visited a birthday dinner in Tahoka Sunday honoring her grandmother, Mrs. Angie James, who was 86 years young.
A number of football fans from this community attended the Post-Plains football game Friday.
D'Lyn Byrd visited part of last week with her grandmother Byrd in Clairemont.
It seems most everyone is trying to get sick. We sure hope we aren't next on the sick list.
Mrs. Roy Ethridge returned home Friday from West Texas Hospital in Lubbock where she underwent major surgery. We wish for her the best of health.
Mr. and Mrs. Raymond Thane and son moved to Lubbock last Saturday where he will be employed. Raymond underwent surgery Monday morning at Taylor Clinic. We wish for him a quick recovery.
Mr. and Mrs. Lonnie Peel were luncheon guests of Mr. and Mrs. Glenn Davis Sunday.
Mr. and Mrs. Thelbert McBride and David visited the Carl Fluitts Saturday evening.
Mr. and Mrs. Fred Gossett visited in Lubbock Sunday with their daughter and family and their son and family.
Mrs. L. G. Thuett Sr., returned home Monday from Garza Memorial Hospital. She had entered on Friday morning. She is doing fine at the present time and we hope she continues to improve.
Bob Baker entered the Taylor Clinic in Lubbock Monday. We hope he will soon be back home much improved.

Speaker here is new missionary to East Africa

The Rev. Jimmy Beggs, who will speak at 7:30 p. m. today (Thursday) at the Assembly of God Church, has been appointed by the Assemblies of God Foreign Missions Board to Tanganyika, East Africa.
The Rev. Mr. Beggs is pastor of the First Assembly of God Church in Morton.
In his talk at the Assembly of God Church here tonight, he will tell of his future plans in the mission field and will show curios from Africa.
The public is cordially invited to attend and to hear the Rev. Mr. Beggs, said the Rev. J. R. Brincefield, pastor of the Post church.
The Rev. Mr. Beggs will pioneer an Assembly of God Church in a selected part of Tanganyika. He will also open branch churches in the surrounding area and will enlist young people to attend the Assemblies of God Bible school in Mbeya, Tanganyika, where they will receive training enabling them to minister to their own people.

Southland enrollment at all-time high of 214

By MRS. MAX CHAFFIN
The 1963-64 school year opened at Southland with one new teacher, Mrs. Bill Bennett, to replace Mrs. Clark Barton who resigned last year, and a new floating schedule which allows each subject in the junior high and senior high schools to be taught four times a week in 68 minute periods, and two new subjects added to the curriculum—Spanish and Health.
The Southland school staff consists of F. W. Callaway, superintendent; Bob Dyess, high school principal and Tom Buchanan, elementary and junior high school principal.
Teachers in the Southland High School are: Bill Bennett, Bob Dyess, Mrs. Irene Kuykendall, F. W. Callaway and Tom Buchanan. There are four teachers in the elementary school and they are Mrs. Ruth Hulse, who teaches 1st grade; Mrs. W. H. Monk, who teaches the 2nd grade, and Mrs. Bill Bennett, who teaches the 3rd and 4th grades. Mrs. Buddy Hall teaches the 5th and 6th grades.
Serving three different periods of lunch we have Mrs. F. W. Callaway, manager, and Mrs. Jean Hargrove and Mrs. Janie Abshire. Stonewall Jefferson, the Negro lunch hour starts at 11:40 a. m. with the high school students served first, then at noon, half of the elementary school pupils and the rest are served at 12:40.
The school bus drivers are Tom Buchanan, Bob Dyess, Robert Long, Alvi Albright, Mrs. Abshire and a d bus driver, who takes his riders to school in Slaton.
Members of the board of education this school year are: Arthur (Big) Smallwood, J. B. Jones, Leo Stolle, Robert Mock, Donald Basinger, Spence Bevers and James Shelton.
There are two other important people who keep this school running and they are the school custodian, Robert Long, and Mrs. Elsin Crawford, the tax assessor-collector.
The school enrollment is at an all-time high for this time of the year with 214. The biggest complement is in the elementary school with 166 children in the first through the eighth grades; 48 students in the last four grades of high school.
Would you like a run-down on the teachers, what they teach, their education and experience? Well, stop here, if you don't. These are a fine bunch of people and well-qualified and I think that you should know about them.
Bill Bennett, teacher of science in 7th and 8th grades and high school science and mathematics, has an A. B. degree from Pasadena Nazarene College in Bakersfield, Calif. (was a science major there) and is now working on an M. A. degree at Texas Tech. Mr. Bennett has had a scholarship from the National Science Foundation for the last three years. He has taught school six years, two of these at Southland.
Tom Buchanan is a teacher of typing and civics in high school, math and language arts in junior

high, and is also coach of the boys' basketball teams in junior high. Mr. Buchanan has a B. A. degree in Education from Eastern New Mexico University. He has taught two years, both of them at Southland.
Supt. Callaway teaches economics, business law and Texas history in high school and holds a B. A. from McMurry College, has completed 15 hours of graduate work at Southwest Texas State Teacher's College and 15 hours at Texas Tech. He has taught 26 years in all, 13 of them at Southland.
Bob Dyess is the teacher of social studies in junior and senior high school. He is football coach (they have a good team this year; beat Smyer last Friday night 38-30, track and girls' basketball. He holds a B. A. Degree in Education from Eastern New Mexico University in Portales. Mr. Dyess has taught for three years, one of those at Southland.
Mrs. Irene Kuykendall teaches English, 7th grade through 12th and Spanish in high school. She holds a B. A. degree from Hardin-Simmons and an M. A. in English from Texas Tech. Mrs. Kuykendall has taught in schools for 31 years, eight of them at Southland.
Mrs. Bill Bennett, 3rd and 4th grade teacher, has an A. B. degree from Pasadena Nazarene College and about 20 hours from Texas Tech. This is her first year of teaching although she has been a substitute teacher in previous years.
Mrs. Buddy Hall, 5th and 6th grade teacher, holds a B. S. in Education from Texas Tech. She has taught 13 years, nine of these in Southland.
Mrs. Ruth Hulse teaches the first grade and was a new teacher last year at Southland. She has a B. S. degree from West Texas State University and an M. E. from there also. Mrs. Hulse is the teacher who has the most years on the books with 36 years teaching experience.
Mrs. W. H. Monk is second grade teacher and holds a B. S. in Education from Texas Tech. She has taught for seven years, and five of those took place here.
The record that Supt. Callaway is most proud of is that in the last 12 years, out of 120 graduates, 49 attended college, 26 Southland graduates graduated from colleges with degrees, two are now practicing medical doctors, five are engineers, and five or six are teachers in a school system. That means that over a period of 12 years more than 20 per cent graduated from college and over 40 per cent attended college. This is a good record for a small school!
This year at Southland High School there is an increased program; there is more subject matter than in the past, and in order to fit it all in they are using the new floating schedule and school is in session from 8:30 a. m. until 4 p. m. The high school program has been enriched by these additions.
Sorry, you all who posed, my picture wasn't any good!

Garza to be short 100 cotton pullers

Garza County will be short 100 cotton pullers during the peak period of the cotton harvest, according to the Texas Employment Commission.
The TEC figures were presented to the newly-appointed Garza County Farm Labor Committee here last Thursday by Richard C. Bunting, manager of the TEC office in Lubbock.
The shortage in cotton pullers will be met by the importation of Mexican National Bracero workers, the committee was told.
The meeting of Mr. Bunting and the new committee was held for the purpose of reviewing the total seasonal employment needs developed by the TEC.
Members of the Garza County committee are A. P. Gurley, Herman Dabbs, L. G. Thuett Jr., R. S. (Syd) Conner, Avery Moore Jr., and County Judge J. E. Parker.
The committee will function under Public Law 78, obtaining facts relevant to the supply of domestic farm workers existing in Garza

County and the shortage of workers, which must be met by importing Mexican Nationals to harvest the cotton crop.
Under Public Law 78, the TEC must supply this information to the Secretary of Labor, who must limit the number of Mexican Nationals to be used in the county by granting a "ceiling." The committee consults with the TEC office manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.
"Ceilings" granted by the Secretary of Labor limiting the importation of Mexican Nationals into this area will be posted in the post office here, in the county agent's office and in the county courthouse.
LEAVES FOR COLLEGE
Mrs. J. H. Haire and Mrs. Jack Burress accompanied Johnny Haire to Big Spring Monday where he enrolled in Howard County Junior College. Johnny is a graduate of Southland High School.

SAM HOUSTON'S HOME—Thousands of visitors to historic Huntsville each year make a pilgrimage through this white cottage which was once the home of the famous Texas statesman. The house is part of the Sam Houston Shrine located across from Sam Houston State College. Other points of interest here include a museum containing clothing, weapons, books and rare documents owned by Houston. Nearby is his old log law office and the frame building shaped like a steamboat in which he died.

New Arrivals

Mr. and Mrs. Gerry Kent Sherrill announce the birth of a son, Danny Keith, born Sept. 10 in Garza Memorial Hospital, weighing 8 pounds, 1/2 ounce.
Mr. and Mrs. Antonio Rosas are the parents of a son, Andras, born Sept. 10, in Garza Memorial Hospital, weighing 6 pounds, 4 1/2 ounces.
Mr. and Mrs. Joe Wilson Jr., announce the birth of a son, Phillip Todd, born Sept. 11, in Garza Memorial Hospital, weighing 8 pounds, 1/2 ounce.

WEEKEND GUESTS

Weekend guests of Mr. and Mrs. Bill Edwards were his parents, Mr. and Mrs. B. J. Edwards, of Gallup, N. M., and their grandson, Johnnie Johnson of Long Island, N. Y. Johnnie is attending Texas Tech this year where he is enrolled as a freshman.
The Old Timer
"Adam may have had his troubles but he never had to listen to Eve talk about all the other men she could have married."

SOUTHLAND HIGH Eagle's Nest

By Beverly Stolle
Unlucky Friday 13th proved to be a lucky one for Southland. We won! Good work fellows, keep it up!
Jettie, what's this we are all hearing about you this week? Is it really true?
The Juniors had a splendid turn out for the car wash Saturday! There was a bunch of pooped Juniors Saturday night though. It was worth it—we guess.
Barbara, who was that at the game Friday night? Huh?
Kelly Jo, whose oil picture were you showing around last week?
The water of the Ohio River is used and reused by communities and industries almost four times as it flows from Pennsylvania to the Mississippi. Repeat reuse of water has become the rule in this country.

Teamwork by the Bale

PCG Director, Lewis Herron

PCG Director, Robert Craig

The two Garza County directors to Plains Cotton Growers are urging full participation from farmers, ginners and businessmen—the team that makes up PCG—in the "do-it-yourself" program to insure a vigorous future for the High Plains cotton industry through research, promotion and service.

These directors are your county representatives in all affairs governing the policies and actions of PCG, and together with "home-folks" from the other 22 counties, are your assurance that those policies and actions are a direct reflection of your needs and desires.

The long-term future of the cotton industry will rest on its success or failure in world markets. PCG's production research to make cotton more competitive in price, technical and fiber research to enlarge old markets and open new ones, and its intensive promotion are the types of action that will re-establish the superiority of cotton in these markets.

A representative of PCG will be calling on your ginner soon in the organization's annual "Sign-Up" campaign. Wherever you gin, contact that ginner and let him know that you want to be on the team that keeps this work going for the High Plains.

A PLAINS COTTON GROWERS REPRESENTATIVE WILL CALL ON YOUR GIN SOON

Plains COTTON GROWERS, INC.

News from Justiceburg

Women's Club begins new activities year

By MRS. BUD SCHLEHUBER
Justiceburg Women's Club held its first meeting of the coming year at 2 p. m. Friday in the luncheon room. The minutes and treasurer reports were read and approved. Plans were made for the school Halloween Carnival which will be held next month. Those attending were: Meses, Bud Schlehuber, Douglas McWhirt, Clyde Haynes, Chris Cornett, Sam Bevers Jr., Pearl Nance, Rafael Rios, Jim Boren, Billy Blacklock and Fernie Reed. Mrs. Reed was lucky lady. The next meeting will be on the second Friday in October. A number of children also attended.

Attending the Post-Plains football game Friday were Benny Schlehuber, Mr. and Mrs. Douglas McWhirt and sons, Mr. and Mrs. Billy Blacklock and Donnie.

Sam Dillard of Andrews was a weekend visitor in the Riley Miller home. On Saturday the Miller family and their guest attended a horse show and fair in Abilene.

Mr. and Mrs. Lee Reed left Sunday for a fishing trip to Ellaville. Bruce Gene Reed was a Saturday overnight guest of his grandparents.

Hern Pettigrew of Slaton visited a few days last week in the Claude Pettigrew home.

CLAUDE PETTIGREW fell at his home one day last week and cracked a bone in his ankle. He is now going around with his foot in a cast.

Mrs. Gladys Morgan of San Angelo visited in the home of her parents, Mr. and Mrs. Claude Pettigrew, Sunday.

Mr. and Mrs. Cameron Justice, Mr. and Mrs. Elton Nance and Sonny Nance of Haskell attended the Elkins reunion in Slaton Sunday.

Enjoying a picnic Sunday at the "Covered Wagon Canyon" were Mr. and Mrs. Tommy Forrest and daughters, Mr. and Mrs. Dale Dozier and family, Mr. and Mrs. Babe Norris, Mr. and Mrs. Douglas McWhirt and sons, Mr. and Mrs. Andy Thomas and Mrs. Mary Craig and sons of Lubbock, Mrs. Jean Krumm and Vickie and Clyde Allen Cash.

Mr. and Mrs. Andy Thomas were weekend visitors in the Babe Norris home.

Mrs. Cecil Smith and Pearl Nance visited at Garza Memorial Hospital in Post Sunday afternoon.

Mr. and Mrs. Bud Schlehuber

and Denise were dinner guests in Snyder Saturday evening.

Mr. and Mrs. Weldon Reed and children visited her parents Sunday.

Bob Bonner was in Justiceburg on business Monday.

Visiting in the Raymond Key home Sunday were Mr. and Mrs. George Mize and children and the Sam Heintz family of Post.

The Chris Cornetts attended church services in Snyder Sunday.

The Hern Pettigrew family visited the Claude Pettigrews Monday.

Mrs. E. M. Woodard was dismissed from the hospital and taken to her home.

Mrs. Mary Craig and sons and the Dale Dozier family were Sunday dinner guests of the Douglas McWhirts.

Mrs. Daria Cline and Casey of Lubbock were visitors of the Babe Norris Tuesday.

Robert McWhirt was a supper guest of Denise Schlehuber Tuesday evening.

Birthdays this week are Fernie Reed, Sept. 14, and Mrs. Bud Schlehuber, Sept. 17.

MR. AND MRS. Sam Chandler and children of Lubbock were recent Sunday visitors in the Clyde Haynes home. Mr. Chandler is an Air Force recruiter.

Mr. and Mrs. Douglas McWhirt visited the Joe Landrums in Fluvanna Monday evening.

Mr. and Mrs. Thurman Francis visited the Jim Borens Tuesday.

Mrs. Della Morgan, who has been staying in the home of her daughter, Mrs. Hardie Ainsworth, was taken to Garza Memorial Hospital recently.

Visiting in the Babe Norris home after weekly Wednesday night prayer services were the Douglas McWhirts, Dale Dozier and Danny and Mr. and Mrs. Andy Thomas.

Mr. and Mrs. Clifford Haynes of Pietown, N. M., were recent visitors in the home of his brother, Clyde Haynes, and family.

Vivian McWhirt was an overnight guest of Mary Ann Stone Thursday evening. The girls spent the evening in Lubbock celebrating Mary Ann's birthday.

Mrs. Susan Cockrell of Denton and a girl friend from Michigan visited Thursday in the home of her daughter and son-in-law, Mr. and Mrs. Jim Boren.

The Lee Reeds visited the James Brooks in Slaton Wednesday.

Mrs. Dezzie Bevers has returned to her home after a visit in the homes of her children in Snyder.

Mrs. Sam Bevers Jr. and Glenna Beth visited recently in Lubbock with her sister, Mrs. Jack Russell, and sons.

Mrs. Ralph Miller and daughter visited Friday in the Riley Miller home.

Enjoying a fish fry in the Lee Reed home Thursday evening were the Fernie Reed family, the Weldon Reed family and Joe and Luther Reed.

The Sid Cross family and George Knox McLaurin were weekend visitors in Brownfield.

'THE OLD SMOOTHIES'

The most famous of all pair skaters and everybody's favorites on ice, The Old Smoothies, Imma Thomas and Orrin Markhus, thrill fans as they appear in one of the 20 acts and six production numbers in the 23rd "Go" Edition of the Ice Capades at the Panhandle South Plains Fair in Lubbock for a six-day engagement beginning Sept. 22.

Officers elected at PCG meeting

LUBBOCK—Continued confidence in current leadership was the order of the day Sept. 12 in the election of 1963-64 officers of Plains Cotton Growers at the producer organization's annual meeting.

W. O. "Mr. Bill" Fortenberry, president of PCG since its beginning in 1956 and to whom the meeting was dedicated, became chairman of the Board of Directors. Wilmer Smith, a New Home farmer and vice president of Plains Cotton Growers since 1956 was elevated to president; Roy Forkner, Lubbock, former PCG secretary-treasurer was elected vice president, and a long-time active director, John D. Smith, of Littlefield, was elected secretary-treasurer.

Fortenberry was honored at the meeting by the presentation of a large plaque and was cited as "Mr. Cotton" on the South Plains. Don Jones, former superintendent of the Agricultural Station at Lubbock and long a friend of Mr. Fortenberry, said "Mr. Bill's" qualities of dedication and leadership have contributed greatly to the progress of the cotton industry on the High Plains. The plaque was presented to Mr. Fortenberry by the principal speaker at the meeting, Under Secretary of Agriculture Charles S. Murphy.

APPRECIATION DINNER

AUSTIN — A "Texas Salute" to Sen. Ralph Yarborough in the form of a statewide Appreciation Dinner on Oct. 19 was announced Sunday by Walter Hall of Dickinson and Mrs. R. D. Randolph, Houston, chairman and co-chairman for the event. The dinner honoring Sen. and Mrs. Yarborough will be held at the Austin Municipal Auditorium.

Farm Topics

Garza County Agent
SYD CONNER

TAX REFUND CLAIMS

Farmers and ranchers are reminded that claims for the Federal Gas Tax refund must be submitted before Sept. 30.

This refund is on the four cents per gallon excise tax paid on gasoline and diesel fuel used by operators on their farms July 1, 1962, to June 30, 1963.

This refund has no connection with the claim for refunds sent to the State Comptroller's office. The gasoline used on an operator's farm by custom contractors is also eligible for the refund, but fuel used in highway travel is not.

The special postcard form, 2240, is the proper one to use to submit fuel claims, and they have been mailed to operators who reported in 1962. New farmers and those who have not received Form 2240 may obtain them from the office of the county agent.

FALLOUT SHELTER FOR SIX

Building a new home? If you are, and have been thinking of including a fallout shelter, here's a multi-purpose plan from the U. S. Department of Agriculture.

This six-person shelter, Plan No. 7-186, can also be used as an amateur or professional darkroom as well as for storage. Permanent storage shelves can be installed along the wall where the bunks are shown instead of using the fold-up frames illustrated. In case of emergency, the shelves could be used

as bunks.

A protection factor of 180 is obtained by casting an 8-inch thick concrete ceiling and placing the shelter in a corner of a basement that has earth up to the ceiling on most of the shelter. This factor can be increased to as much as 330 by casting a 12-inch barrier or concrete overhead. The entire basement does not have to be below grade to make the shelter effective.

Air intake to the shelter comes through louvers in the entrance doors. An exhaust blower can be used to forcibly draw air through the louvers into the shelter.

An emergency water outlet is provided in the shelter to use the water in the water heater. The tank may be vented without leaving the shelter. If a tempering tank is also placed in the supply line to the water heater, the water in the system may be enough to supply the family's emergency needs.

Working drawings for Plan No. 7-186 may be obtained free of charge from your county extension office.

FARM EXPANSION MORE THAN ADDING ACRES

Expanding the farm net income doesn't always mean adding more acres to the farm.

Operators generally think that increasing the farm acreage or adding more livestock is the only way to raise their income. In some cases this may be the only solution,

VACATION IN SOUTH TEXAS

Dr. and Mrs. A. C. Surman left last Thursday for a week's vacation in Victoria and other points in South Texas.

but careful analysis of the present farm operation would probably point to other means of increasing the net income.

Here are some factors to consider in deciding how to increase the net farm income. First, are the labor and equipment on the farm fully utilized? Some operators increase their profits by cutting back on machinery replacements. The high fixed costs of baling hay or other harvesting operations may be avoided by hiring custom harvesters. When such harvesting equipment is purchased, it must be used enough to make its operation economical.

Could new enterprises or methods provide additional returns from the available land and labor? Sometimes added efficiency in several areas of the operation can materially increase the total returns.

Are the present enterprises yielding maximum potential profits? Cases have been observed where additional capital used for fertilizer or fencing for rotation grazing have paid good dividends.

Through better planning on his present acreage, the operator can often add to his income without buying more land.

RECORDS OF NOTE

Deed
Leon Floyd Havens and others to A. J. Havens, northeast quarter Section 85, H&GN Survey; Section 79, H&GN; 112 acres of southwest quarter Section 71, H&GN and southeast quarter Section 70, H&GN.

Cemetery Deed
Elgie Stewart and wife to Howard C. Adams, east half Lot 44, Terrace Cemetery.

Marriage License
Jerry Dwayne Pennell, 26, and Miss Betty Lou Johnson, 25, Sept. 13.

The Old Timer

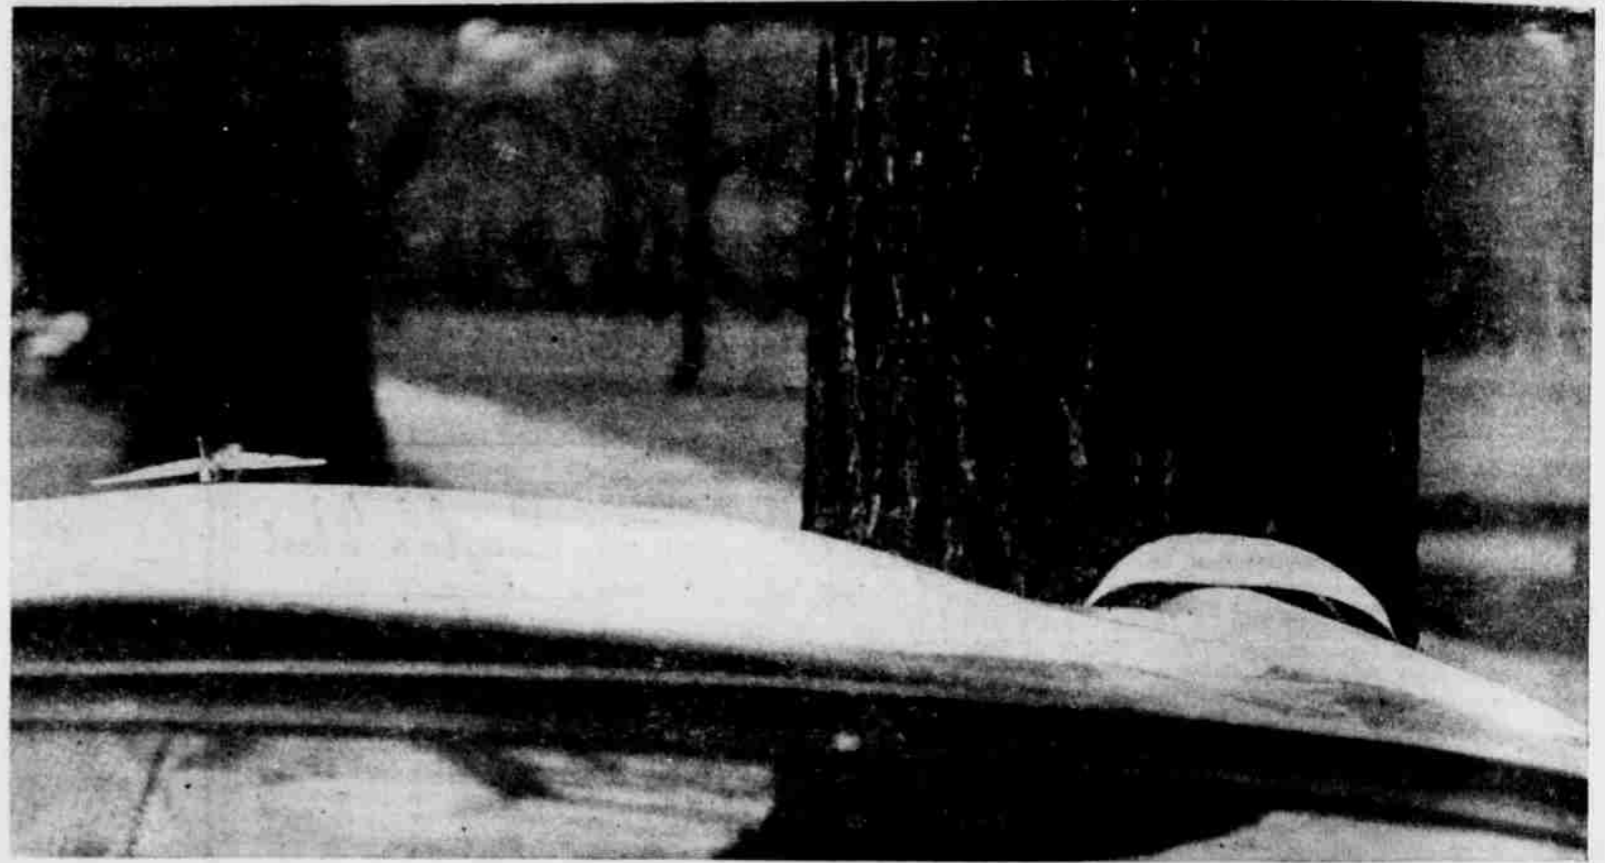

"The fact that a dollar may end up in outer space does not mean that it goes farther, these days."

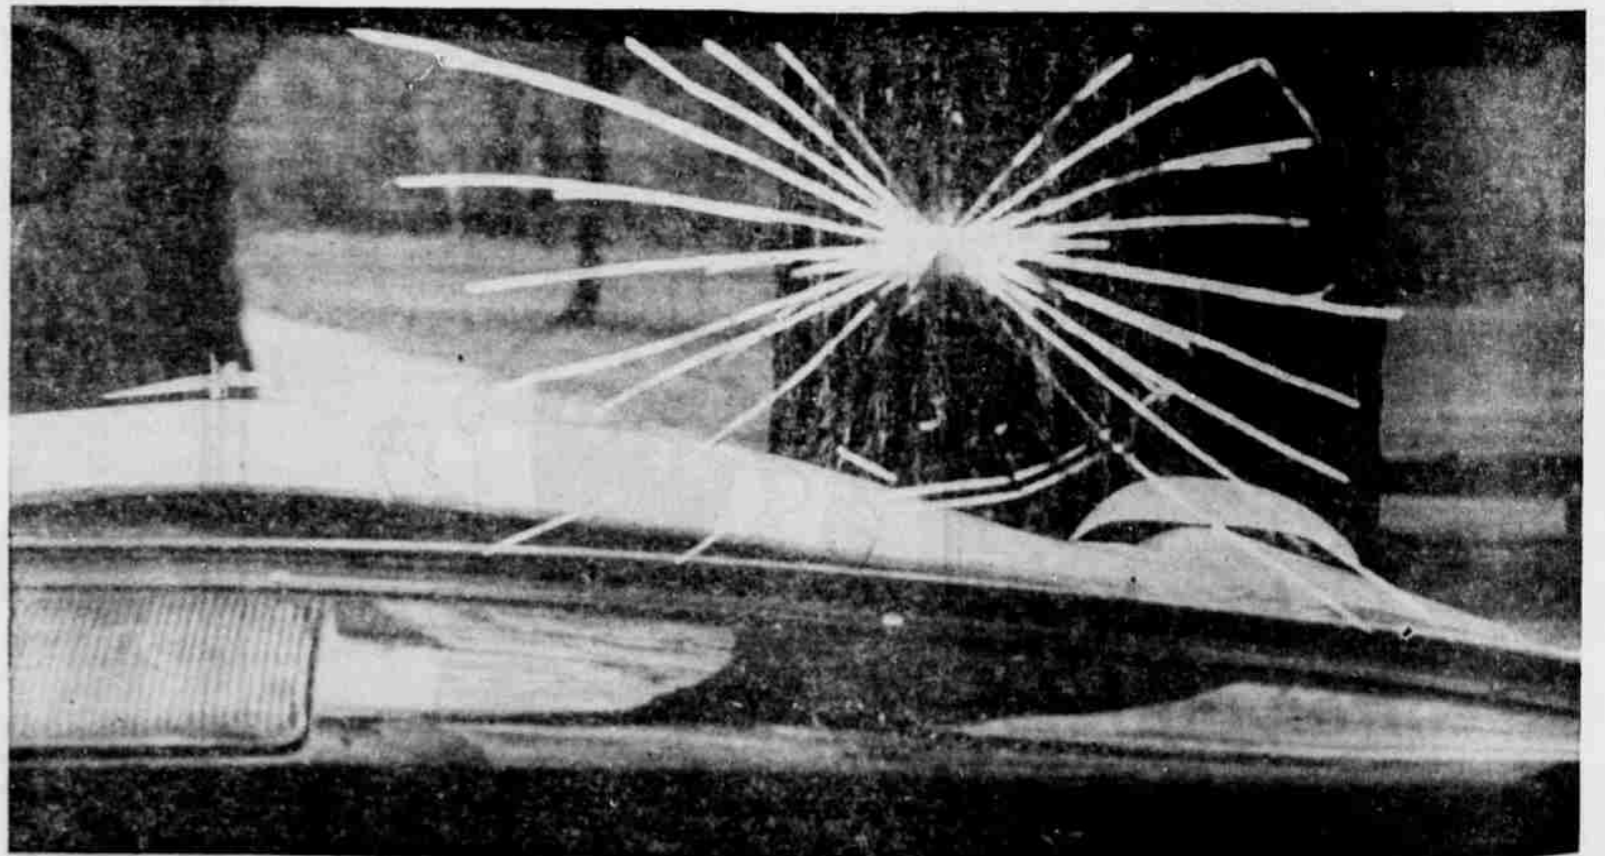

Dr. Drew A. Browne, Optometrist

— THURSDAYS, 9 A/M to 5 P.M. —
318-20 West Eighth Phone 495-2844

He wore his seat belt

He didn't

Seat belts in your car are life savers.

But only if you use them every time you drive—even though you're going only a few blocks or miles.

Because traffic accidents happen without warning, and more often close to home than away on a trip. In fact, 2 out of 3 traffic deaths occur within 25 miles of the victims' homes.

And do seat belts work? They certainly do.

The National Safety Council estimates that if everybody had seat belts and used them, at least 5,000 lives could be saved each year, and serious injuries reduced by one-third.

Be safety wise. Join the millions who have had seat belts installed, and use them. Every time you drive, buckle up for safety.

The Post Dispatch

With seat belts. When your car stops suddenly, you "stay put" — with a vital Margin of Safety between you and serious injury or even death.

Without seat belts. When your car stops suddenly in a collision or emergency, you are flung forward with tremendous force—into dash or windshield.

Published to save lives in co-operation with The Advertising Council and The National Safety Council

"Good credit is worth more than all the gold mines in the world."

ASSOCIATE STORE

Jackson Bros.

(Continued from Page 12) for Simpson.

When he entered army service in August, 1957, Bo Jackson came to Post to succeed his brother as manager of the plant. He already had one year's experience in the meat processing business.

Two years later, when Jim got out of uniform after seeing service in Germany, the two brothers purchased the business from Simpson. Since that time they have repainted the building inside and out, remodeled the interior, and added all kinds of new equipment including a new electric beef hoist, an electric skinning knife to take the hide off the animals, a \$4,000 freezer vault for meat storage, an electric bacteria control unit for the vault, and many other items of equipment.

On March 4, 1960, they opened JimBo's Meat Market in the front of their building for a retail and wholesale outlet.

Charles Truitt, brother-in-law of Bo, moved from Lamesa to Post to manage the meat market outlet for the two brothers. He had had meat experience too with Furr's at Lamesa, the Sanders Meat Co., and the Lamesa Meat Co.

A year ago, James Robinson, whose home was Tallahassee, Ala., was added to the staff as a butcher. He had had a year's experience with the East Alabama Division of Southern Foods.

Emilo Luna, who has worked at the locker plant here for 13 years, is in charge of the slaughter room.

Part-time help in the market includes Mrs. Jo Ann Turitt, wife of Charles Truitt, and Neil Driver, a high school student.

When the Jackson brothers started here the plant was averaging about 10 animals per week. The average has now been raised to 35 with a maximum of 60 head having been slaughtered in a single week.

For those who want to save money on their family meat bill, Jim and Bo are convinced their business is the answer.

By buying a half beef, you can save 15 per cent of your beef costs, they point out, even after your locker rent is paid.

SANTA FE CARLOADINGS

Total carloads moved over Santa Fe System Lines for the week ending Sept. 14 were 30,147 compared with 32,550 for the same week a year ago. On-line loadings were 19,632 compared with 21,070 for the corresponding week last year. Cars received from connections totaled 10,515 compared with 11,480 for the same week a year ago. Santa Fe handled a total of 26,060 carloads in the preceding week of this year.

and year at Cisco Junior College.

Miss Clary is a member of the CJC Wrangler Belles drill team, and served the organization as lieutenant last year and has been re-elected to the same position again this year. Also, she was nominated for Ag Sweetheart and Homecoming Queen last year. She was elected Valentine Sweetheart during her freshman year at CJC. Judy was escorted in the Queen contest by Joe Faulkenberry, also a sophomore student at CJC.

EXPANDS ANTI-LITTER CAMPAIGN

The Texas Highway Department has added two new methods to its continuing anti-litter campaign: a cartoon character printed on its Official Highway Travel Map and revised highway signs reminding drivers they can be fined from \$10 to \$200 for littering. In 1962 the Highway Department had to spend \$1.4 million to pick up litter, an increase of about a hundred thousand dollars over 1961.

Major issues facing public education in Texas are told in magazine article

Twenty Texas schoolmen come up with the answers of curriculum, professionalism, and financing in a survey conducted by "Texas Outlook" magazine.

Survey participants were selected to represent public schools and colleges; classroom teachers, principals, and superintendents; small and large schools; and every corner of Texas.

These educators were asked: "What do you consider to be the major issues facing public education in Texas at this time? Please list three and explain them briefly."

Their answers appear in the September issue of the Texas State Teacher Association magazine.

Curriculum drew more first-place references than any other topic. Schoolmen expressed concern over the school dropout problem. A more comprehensive school program, with more attention to industrial and vocational training for those who will not go to college, some felt would combat dropouts.

Concern was also voiced by some for what they believe is overemphasis on science and technology and concentration on preparation of college-bound students.

Of next importance to teachers is their own professionalism—their training and upgrading.

One reply voiced this opinion: "We must constantly strive to seek out and develop within our present group the enthusiastic professional leadership required of tomorrow's educators."

These educators consider financing of education of great importance, but they did not give it top billing. Teachers salaries were listed as top issue by only two of the 20 schoolmen.

Comments on financing included:

WEEKEND VISITORS

Elaine Wheatley, who is attending Jessie Lee's Beauty School in Lubbock, spent the weekend with her parents, Mr. and Mrs. Glenn Wheatley. Other visitors were Mr. and Mrs. Glenn Dale Wheatley and Elizabeth, who have returned to Lubbock to make their home. Glenn Dale will attend Texas Tech again this year.

THE OLD TIMER

"The rich may not live longer but it certainly seems so to their poor relations."

"We must spend more money on education if we are to keep pace with the times."

"The people of our state want and are willing to pay for better school financing."

"Too many men teachers are forced to seek a second job, or their wives feel forced to work to maintain an acceptable standard of living."

According to the "Texas Outlook" article, these replies may or may not represent the general views of all educators in Texas, but they include vigorous opinions on subjects ranging from integration to reorganization of school districts.

Lunchroom Menu

Menus for the school lunchroom for next week have been announced as follows:

Monday: Mexican meat and spaghetti, creamed potatoes, cabbage cole slaw, bread, cake squares, and milk.

Tuesday: Pinto beans seasoned with salt pork, chopped mixed greens, onions, pickles, pepper rings, corn bread, milk and fruit jello.

Wednesday: Fried chicken, cream gravy, buttered whole kernel corn, tossed green salad, hot rolls, butter, fruit, and milk.

Thursday: Hamburgers, pork and beans, potato chips, fruit cobbler and milk.

Friday: Fried fish portions, tartar sauce, creamed potatoes, English peas, hot rolls, butter, cookies and milk.

OKLAHOMA WEEKEND

Mr. and Mrs. David Newby spent the weekend in Oklahoma City, Okla., where they visited Mr. Newby's parents, Mr. and Mrs. E. R. Newby, and their daughter, Melinda, who is attending Oklahoma University.

SUNDAY GUESTS

Mr. and Mrs. Rob Strayhorn of Rotan and Mrs. Laura Strayhorn of Snyder were guests of Mr. and Mrs. E. A. Warren Sunday.

FAMILY VISIT

Mrs. D. C. Williams left Monday to spend several days in Denver City visiting her daughter and son-in-law, Mr. and Mrs. Warren Yancy.

WTCC sets honors for 3 directors

ABILENE—Three of West Texas' most prominent business and civic leaders will be honored in Abilene on Sept. 25 as the West Texas Chamber of Commerce confers on them lifetime memberships on the WTCC Board of Directors.

All three are longtime directors on the West Texas Chamber board and active leaders in their own home towns. They are W. G. Swenson of Stamford, manager of the Swenson Land and Cattle Co.; Price Campbell of Abilene, member and honorary chairman of the board of directors of West Texas Utilities Co. and former president of WTU; and Eldor L. Buelow of Abilene, regional manager of Lone Star Gas Co.

Mr. and Mrs. R. V. Blacklock and Gloria attended funeral services for her brother-in-law, T. J. Jackson, in Seminole Sunday. Mr. Jackson died last Friday after being in ill health for about a year. Mr. and Mrs. Jim Bob Porterfield also attended the funeral. Mrs. Porterfield was a niece of Mr. Jackson.

Grassland area news

2-year-old climbs 15 foot water tank ladder

By MRS. O. H. HOOVER
Mr. and Mrs. Jim B. Porterfield attended her uncle's funeral services in Seminole Sunday.

J. W. Fox is still in a Lubbock hospital. He is still running a temperature and they don't know when they can bring him home.

Mr. and Mrs. Gus Porterfield took Mrs. Fox up to see her husband Saturday. Mrs. E. A. Thomas is staying with him.

The Rev. and Mr. Yeats went to Littlefield Monday to a church meeting.

The evangelist and his family and the James Murray family had lunch Thursday with the J. F. Moore family.

Mr. and Mrs. W. L. Gribble spent Thursday in Lubbock at the home of their parents. Mrs. Gribble's niece, Linda Phillips was there visiting from California.

The Rev. and Mrs. J. C. Allen of Lubbock spent Tuesday with their daughter and son-in-law. Mr. and Mrs. C. O. McCleskey, and attended church services at the Nazarene Church here.

The Arnold Parrishes and Mr. and Mrs. Ira Lee Duckworth were supper guests of the Glenn Normans Friday night.

Dorace and Traci Huff visited Mrs. Ada Oden Friday night.

Mrs. Edith Inklebarger visited her sister, Mrs. Hoover, one morning last week.

Mrs. C. C. Jones spent Saturday and Sunday nights with Mrs. King. The two ladies attended services at the Nazarene Church.

MR. AND MRS. C. M. Greer visited with the E. W. Bibbes in Lubbock Sunday.

Visitors in the E. B. Gregg home last week were Miss Ora Minning of Slaton, Mrs. Fred Minning of Pittsburg, Calif., Mrs. Nova James of Ira, Mrs. Edd Denton and Mrs. J. F. Rackler of Gordon, Mr. and Mrs. Charlie Parr and son of Hollis, Okla., and M. and Mrs. Earl Rogers of Post. Mrs. Gregg attended the Nazarene services most of the time.

Mr. and Mrs. W. L. Gribble had as luncheon guests Friday the evangelist and family, the Rev. Fowlers, the Rev. and Mrs. Ira Campbell,

Karen Laws, Bobby Patterson and Mr. and Mrs. W. G. McCleskey.

While Mrs. Carlos McCleskey and her mother, Mrs. Melton were in Lubbock last Wednesday, great-grandmother McCleskey was keeping the children. Not hearing them for a few minutes she went to investigate and found two-year-old Keven had climbed to the top of a 15-foot ladder on the storage tank and the tank was full of water. Seeing his grandma, he said: "Nannie, look at me." Well they got him down without mishap — then they started to breathe again. What these kids won't do!

The Fowler family, the Rev. and Mrs. Ira Campbell, Karen Laws and Vivian Campbell were Sunday luncheon guests of the James Murrys. They all attended prayer meeting at 3 p. m.

MR. AND MRS. C. A. Walker took their granddaughter home Sunday after she had visited here for sometime.

Mr. and Mrs. James Murray took the young people of the Fowler family to the Carlsbad Caverns last Friday.

The Nazarene Church meeting ended Sunday night. They had a very good meeting.

Mrs. O. H. Hoover spent the weekend in Plainview with her daughter, Mrs. Nina Belle Chapman. It rained all day Sunday—3½ inches.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

AUSTIN—Water conservation and pollution invariably rank high on any expert list of current problems of modern life.

More than 10 million people now call Texas home. This rapid growth and the trend toward concentrated city living has resulted in a tremendous increase in the volume of waste being released into streams and lakes. Thus, water pollution has become a serious public health problem.

To meet the overall needs of the average Texas community, the municipal water plant must supply 140 gallons per person per day. Approximately 50 gallons of this daily total is used in the home. An equal amount is used by industry for washing and cooling, special processing and air conditioning.

Public needs - fire fighting, street cleaning, recreation and public fountains - account for 10 gallons of the daily supply. Commercial establishments use an additional 20 gallons for cleaning and service operations. Unhappily, ten

gallons are lost through leaks and breaks in underground pipelines. No matter what use is made of it, it is essential that water be free of harmful bacteria and chemicals.

And adequate water supply is absolutely vital to public health. It makes personal and public cleanliness inexpensive and convenient. Water-borne diseases such as typhoid and cholera have been practically eliminated by hard-working engineers and city water plant operators intent on supplying safe water to the public at the mere turn of a tap.

State and local health department engineers make constant checks on community water supplies, and city water plant operators are rigorously tutored on good operational practices.

To be passive or indifferent to clean, adequate water is to be passive and indifferent to life and community growth, for one is part and parcel of the other.
