Level is raised four feet on sewer extension here

Seepage, cave-ins make it necessary

Work was resumed yesterday on the City of Post's sewer system extension project after the State Health Department "okayed" the city's proposal to raise the "floor level" of the pipe ditch four feet to prevent cave-ins.

Work on the sewer project was shut down last week by the contractor, Clyde Construction Co. of Odessa, after water seepage and dirt cave-ins had made the ditching operation hazardous for workmen.

Late last week, the contractor moved in a metal sled, but another cave-in crushed the sides of the sled and the workers on it narrowly escaped being trapped in the ditch.

City Engineer Joe Isbell recommended that the floor level of the ditch be raised four feet to bring the bottom of the ditch above the sand and water level that had been causing the trouble.

The city's proposal that the project be raised four feet was submitted to the health department following a special council meeting Tuesday morning and the health department's approval followed within a few hours, City Supt. Eddie Warren said.

The trouble at the original level, Warren said, was that the sand was flaking off a foot or so above the water line and causing dirt cave-ins, which was undoing the ditching work faster than it was being done and at the same time endangering the lives of the workmen.

The city superintendent said raising the level four feet will enable the city to save on the cost of the project and at the same time make for safer working conditions.

The four-foot raise, he explained will shorten the sewer extension project to the east, but not to the extent that all the areas cannot be served.

The city superintendent said that before the four-foot raise was recommended, an extensive survey showed that the same formation existed throughout the length of the 9,400-foot project, and that raising the floor level to the shallower depth was seen by the city as the only way in which to overcome the water seepage and cave-ins.

The ditching operations started at the sewer disposal plant south of Post Mills. The city superintendent said that after resuming work Wednesday morning the contractor had laid more pipe in a few hours than in all the time since the project was started some two weeks ago.

No candidates yet for city council

All three incumbents whose terms are expiring on the board of trustees of the Post Independent School District have filed for re-election, and as of this morning two of them have opponents.

Up to the same hour, however, no candidates had filed with City Secretary Wynelle Holland for the three places on the city council to be filled in the city election on April 7.

Marshall Ticer filed last night for Place No. 1. He will be running against E. R. (Buster) Moreland, who filed Tuesday for re-election.

The other contested race so far is for the Place 3 position. Bob Macy filed Wednesday last week; Russell Wilks Jr., filed for re-election to Place 3 the following day.

As yet, unopposed is Dr. John Carter for Place 2.

The school election is to be held Saturday, April 4. The filing deadline is Wednesday, March 4. Candidates are required to file with Ronnie Bouchier, school board secretary.

City council candidates whose terms are expiring are Walter Duckworth, Wesley Scott and Arnold Parrish. Candidates for the city council have until midnight March 7 to file with the city secretary.

Russell Wilks Jr., in announcing his candidacy for re-election to the school board, made the following statement:

"I wish to announce that I am a candidate for re-election to the Post School Board, Place 3.

"I thank you for your support in the past, and I have a sincere desire to conduct myself in such a manner that I will merit your support in the future."

The three school trustees will be elected to three-year terms in the April 4 school election.

After three days of jury selection

The last three days have been spent in the selection of a 14-member jury panel from 48 prospective jurors called.

The 14 were to be reduced to the jury of six by challenges on the part of attorneys on both sides of the condemnation case.

Testimony is expected to require well into next week to complete.

The case is being heard before County Judge Cecil Berry.

Seventeen of the 48 prospective jurors were examined by attorneys since the case was called Monday morning. Three were disqualified by Judge Berry and the other 14 seated on the panel which at the opening of court this morning was to be reduced to a six member jury.

Questioning by attorneys required on an average of an hour to 75 minutes for each prospective juror.

Representing the White River district as legal counsel for the appeal proceedings is the Ralls law firm of Wicks and Wicks and Harry Yung, Crosbyton attorney.

Bob Howard of Lubbock is Mrs. Walker's attorney.

Eddie Shaw announces for constable office

Edward (Eddie) Shaw today authorized the Dispatch to announce his candidacy for the office of Precinct 1 constable, Garza County, subject to the action of the voters in the Democratic primary elections.

Shaw said a formal announcement in regard to his candidacy will be made later.

George Washington—

Birthday sale big Saturday success

Post's George Washington Birthday Sale Saturday, the first of three city-wide Chamber of Commerce promotions, was a smashing success.

The crowd came early—and stayed late.

T. B. Odam, who opens his Western Auto store at 7 a.m. each morning, was surprised to find a carload of customers waiting when he unlocked the door.

He told The Dispatch he was "sold out" of his advertised George Washington Birthday Sale specials by 7:30 a. m., 30 minutes before any other participating stores had even opened their doors.

But with his Sizzler Sale still in progress—he had a good business all through the day.

Joe Marshall at Marshall-Brown said the kids were ready and waiting when he unlocked and within minutes he had disposed of his advertised cowboy hats for youngsters for 50 cents.

All merchants contacted reported an excellent sales day.

By 9 a. m., customers were lined up three and four deep across the big checkout counter at Wacker's and Store manager Don Dunbar, who started the George Washington Birthday Sale promotion here on an (See Birthday Sale, Page 8)

MARKER IS DEDICATED

A big part of the crowd that attended the Llano Estacado marker dedication last Thursday is shown shivering on a cold morning in front of the marker. At the left is another picture of the marker, which commemorates the general vicinity in which the Llano Estacado (Staked Plains) begins.

Historical marker is formally dedicated

The Llano Estacado historical marker recently erected at the roadside park eight miles southeast of Post on U. S. Hwy. 84 was formally dedicated last Thursday morning in a program cut short by severe weather.

Members of the Garza County Historical Survey Committee were in charge of the dedication, which was attended by a number of townspeople and by approximately 40 Post High School history students.

Cold, gusty winds swirled snow about as the imposing marker was dedicated under leaden skies. Mrs. A. C. Surman, chairman of the historical committee, cut her address of welcome down to two words, "Welcome, welcome," and the other speakers were almost as brief in consideration of the shivering crowd.

County Judge J. E. Parker told of the formation of the Garza County Historical Survey Committee some two years ago and praised it for having done as much or more for Garza County from a historical standpoint as any other county in the state.

Julian F. Smith, resident engineer for the Texas Highway Department, which erected the marker, explained the importance of county committees having such markers erected while sources of needed data and other background on them still remain.

Barry B. Thompson, superintendent of the Post schools, talked briefly of this nation's rich historical heritage, including that of this particular region, and said that our

course today follows along the paths charted by our forebears.

Mrs. Surman introduced the members of the historical survey committee.

The invocation was by the Rev. Edgar Graham, pastor of the First Presbyterian Church.

To help keep the cold northeast wind off the crowd as it stood in front of the marker, the big school bus that had transported the history students to the site was driven in behind the crowd.

The Dispatch's 1964 Business Page, a once-a-month feature, makes its debut on page 14 of today's Dispatch with Jay Foster, the "fix-it" man featured. The Business Page became a popular feature last year when introduced for the first time.

It includes 14 local advertisers, each of whom will be featured on the page once during the year-long series. Advertisers on the page this year include Post Insurance Agency, First National Bank, Higginbotham-Bartlett Co., Bob Collier, Druggist, Ed Neff Farm Equipment Co., S. L. Butler L. P. Gas, Wright's Texaco Service, Eddie's Drive In, The Flower Shop, Post Wrecking Co., Jay's Fix-it Shop, Dodson's, Collier Chevrolet - Olds Co. and Judy's Cafe.

Readers reported they found last year's series of stories and pictures about local firms very interesting and we're sure you'll like our new series just as well.

Funeral held for Williams infant

Graveside services for Teresa Lynn Williams, eight-day-old daughter of Mr. and Mrs. Odell Williams of 305 South Ave. D, who died last Friday at Methodist Hospital in Lubbock, were held at 2 p. m. Sunday at Terrace Cemetery.

The Rev. J. R. Brincefield, pastor of the Assembly of God Church, officiated. Hudman Funeral Home was in charge of arrangements.

Besides her parents, the infant is survived by a brother, James Earl Williams; grandparents, Mr. and Mrs. J. C. Seals and Mr. and Mrs. Earl Williams; and great-grandparents, Mr. and Mrs. W. H. Shaw.

Funeral rites held here Saturday for Mrs. Josie Reno

Funeral services for Mrs. Josie Reno, 81, who died at 10:55 a. m. Thursday at the Golden Years Nursing Home, were conducted at 10:30 a. m. Saturday at the Church of Christ.

Mrs. Reno had been a resident at the nursing home for the past 18 months.

She was born Josie Reeves on May 11, 1882, at Sabine, Tex., and was married to Sam Lawson Reno on Dec. 11, 1898, at Alford. The couple moved to Garza County from Montague County in December of 1935, settling in the Grass-ber community.

Mrs. Reno had been a member of the Church of Christ for 70 years and was an active member until her health got bad.

She was preceded in death by her husband on Aug. 6, 1929, and by two sons, Charley Ben, in 1923, and Ira Arthur on Dec. 3, 1957.

Ernest McCoy, minister of the Church of Christ, officiated at the funeral services here Saturday. The church choir, directed by Jesse Evans, sang "Shall We Gather at the River?", "Further On, Up the Hillside," "In the Garden" and "Beyond the Sunset."

Interment was in Terrace Cemetery under the direction of Mason Funeral Home. Pallbearers were Paul Lucas, Oscar Garner, Robert Compton, Russell Wilks Jr., Tom Cross, Billy J. Carlisle, Ira Hester and Marshall Tipton.

Ernest McCoy, deacons, members of the Church of Christ, were: T. C. Clark, Bernice Hester, Leonard Tittle, Travis Hester, J. D. McCampbell, R. A. Hester, George Tillman, Arnold Hester, Ray Young, Raymond Hester, Howard Freeman, Elmer Hester and Delmer Crowder.

Mrs. Reno is survived by six children, Mmes. Vergie Davidson of Waco, Bertha Holman of Waco, M. M. Fave Howell of Brownfield, Film Hunt of Montague (See Reno Rites, Page 8)

Post office may go first class

The post office here may go first class after July 1, Assistant Postmaster O. V. McMahon said today.

McMahon said the post office, which is now top second class, has qualified for first class rating on the basis of 1963 postal receipts, but that the final decision will be up to the regional office in Dallas.

The 1963 postal receipts totaled more than \$56,000.

WTCC to conduct

Community Clinic planned by C of C

Post Chamber of Commerce directors at their regular February meeting last Thursday afternoon voted unanimously to invite the West Texas Chamber of Commerce to conduct a "Community Clinic" here.

Such a clinic would be held in a single day and would involve some seven to nine groups in single one-hour meetings.

From the clinic would come all kinds of suggestions from Post folks for Chamber projects.

The Chamber directors plan to use the results to formulate a "program of work" for the organization for the remainder of 1964.

The West Texas Chamber will conduct the clinic free.

Ralph Duncan of Abilene, West Texas Chamber community affairs expert, stopped in Post Monday to discuss a special directors' meeting soon to arrange the clinic just as quickly as it can be fitted into the West Texas Chamber's spring schedule.

Chamber directors heard a detailed report from its reorganization committee as presented by Chairman Jim Cornish and voted for the community clinic as the first essential step in the recommended program.

Ed Herring in serious condition

The Rev. Ed Herring, former pastor of the First Presbyterian Church here, is reported to be in serious condition in the Good Samaritan Hospital in Phoenix, Ariz., following from an abdominal tumor. He is undergoing cobalt treatment.

Mr. Herring has been the Presbyterian campus pastor at the University of Arizona at Tempe since 1952.

Schools week is to be observed

The Post Public Schools will observe Texas Public Schools Week, Monday, March 2, with an open house from 7 p. m. to 9 p. m. Supt. Barry B. Thompson has announced.

The open house, at which refreshments will be served, is being sponsored by the local unit of the Texas State Teachers Association.

Teachers and other staff members will be in their respective schools to discuss the school program and individual children with parents who attend. Supt. Thompson also announced.

Various student groups will be on hand as guides to escort the visitors to the various rooms.

The superintendent also said parents and interested patrons are urged to visit the school of their choice during the week to observe education in action as the schools attempt to keep pace with the many and complex changes in our society.

Attractive invitations to next Thursday night's open house and to visit the schools at any time during the week were mailed to patrons this week.

"The Post Public Schools hope to see you at school the week of March 2-4," Supt. Thompson said.

meals, or just an occasional one, remember to get enough protein in the daily diet, as protein is the nutrient responsible for growth and repair of body tissues—muscles, organs, blood, skin and hair.

Fish is a high-quality protein food, that brings delicacy of flavor and texture to a wide variety of main dishes and menus. It is often economical and deserves more use in our menus. More than 200 varieties of fish are sold in the United States, but only about seven are well known to the average home-maker.

Of course, we in the inland area do not have the opportunities to enjoy fresh fish and all types of fish that those along the coast lines do but there is a variety of fish we get in frozen in convenient fillets (slices of fish cut lengthwise away from the backbone) and steaks (crosswise slices), both of which need no preparation before cooking and have no waste.

Canned fish is also available on the shelves. In using canned fish, the higher market grades are better for salads or serving plain. For such dishes as casseroles or fish cakes, lower grades will do. The oil from canned fish adds flavor and food value to sea food dishes. Use the oil, for instance, as fat in the white sauce in making creamed tuna.

In looking for that new Easter dress, we always seek to find the "newest look" for Spring. In my column last week, I wrote about the newest fashion designs for Spring and Summer. However, designs are not the complete picture. An important part of every garment is the fabric. Whether you are planning to buy those new spring clothes or make them yourself, the news in fashion fabrics will be important. Let's examine what's new in fabrics.

Definitely "in" for this year are the linen looks, crepes, snob rayons, tweeds, oversized prints, flat-topped surfaces, stretch, blazer stripes, mohairs, twills, double knits and jerseys. Texture and patterns in fabrics are the most important. Tweeds have never been more abundant or more beautiful. Textures are infinite in variety and range from mohair looped tweeds and diagonals to very plain weaves, but the newest tweed looks are flattened and combine many colors. Plaids and checks are an upcoming extension of the tweed family. Patterns take on a completely new look with varied yarn and color mixtures. The linen look has spread from real linen to woollens, worsted, blends and cotton. The fabric of the garment is truly most important this spring!

If you plan to construct your garments, be careful when selecting fabrics, as some of the new fabrics are very loosely woven and present problems in construction. Whether you are buying fabric or buying a ready-made garment, consider the seam finishes. With these new fabrics, the seams could ravel easily and quickly unless they had special care in construction.

The life of the garment is important, as well as the care it will require. These loosely woven fabrics will require either dry cleaning or hand laundering as the washing machines would leave nothing but a load of ravel.

I've ventured out and bought a very loosely woven fabric, but I'm sure handling it easy in construction, and holding my breath that it doesn't fall apart when I wear it or when I have it cleaned. If you have had any experience with some of the newer fabrics, either in construction or ready-made, I would be interested in hearing from you.

Tale of the Teabag

The teabag was "invented" in 1904 when a New York tea merchant sent out samples of his tea in little silk bags instead of the usual tin boxes. His customers found them so convenient for brewing tea, they began to order their tea packaged in the little bags.

After the first hand-sewn silk pouches, teabags were made of gauze. Today they are made of a special filter paper, heat-sealed. Modern machinery automatically fill the bags with exactly enough tea to make one cup.

This year, as the teabag celebrates its 60th anniversary, Americans will use over 15 billion of these convenient, time-saving, labor-saving packets at home and in restaurants. The teabag is one of the earliest examples of pre-measured portions for individual service. K

Q. A friend of mine — a World War I veteran — pays his GI insurance premiums once a year and saves money. Can I do the same with my Korean GI term policy?

A. Yes. Holders of all forms of GI insurance — Whether World War I, World War II or Korea veterans — can pay premiums on a yearly, rather than a monthly or quarterly basis. Notify the VA office to which you send your insurance premiums of your intention.

Q. I have just paid off my GI loan in full. Will this automatically entitle me to another GI loan?

A. No. Repayment in full does not entitle you to another GI loan.

Q. I am moving and I don't want a mix-up in receipt of my VA compensation check. I plan to tell the VA but they may have mailed my check before they receive my notice. Is there anything I can do to avoid a mix-up?

A. Notify the VA but also notify the Post Office, giving your old and new addresses. This will insure the forwarding of any check that is placed in the mails before VA can correct your address after your change-of-address is received.

SCHOOL ENROLLMENT UP
School enrollment is continuing to increase steadily, according to the latest report from the Census Bureau. About 50.4 million persons were enrolled in regular schools and colleges in October 1963, compared with 42.9 million in October 1958. This is an increase of about 17.4 per cent during the five-year period.

Dispatch 2nd in Ad-of-month

AUSTIN — The Broadway Man's Shop of Mesquite and The Flower Shop of Post, Tex., placed first and second respectively in the weekly division of the Texas Press Association's Ad-of-the-Month Contest for January.

First place in the daily division went to the Boyd Mullen Tire Co. of Pasadena with second awarded to the Citizens First National Bank of Tyler.

A record breaking total of 249 individual advertisers were entered in the monthly contest with 138 entries published in weekly newspapers and 111 in dailies.

A ceramic plaque and a colorful certificate will be presented to the top winner in each division.

The Broadway Man's Shop ad was published in The Texas Mesquite. The Flower Shop ad was prepared and published in The Post Dispatch.

Judge of the January contest was Jack N. Pitluk Jr., of the Pitluk Advertising Agency in San Antonio. Pitluk said of The Mesquite ad, which was the top winner in the weekly division:

"The advertisement accomplishes its excellent purpose of advertising that a sale is being held, but at the same time presents the store and its merchandise in a quality light. It is difficult to both create the excitement of a sale and maintain a store's quality image but this advertisement accomplished both purposes well."

Judge Pitluk's comment on The Flower Shop as published in The Post Dispatch was that the ad was "clever, interesting and bold with good copy."

Third place winner in the weekly division was Clint Luska, Mobil Agent in Caldwell, published in the Burleson County Citizen Fourth

place winner was Troell Service of Pleasanton, published in the Pleasanton Express.

The monthly contest, intended to stimulate more and better local newspaper advertising, with greater appeal and results, gains momentum each month, with more entries submitted and more newspapers participating.

Entries must be in TPA's hands no later than the 5th of the month following publication. They may be submitted by any Texas newspaper, advertiser or advertising agency. Local ads only are eligible for entry.

Congressional redistricting issue

Now we know a lot of politicians are going to label us "naive" but what is the fuss about anyway here in Texas over congressional redistricting?

That was the big issue over the last weekend with everybody from the governor on down waiting for a possible U. S. Supreme Court ruling Monday which could force all Texas congressmen to run "at large" or make the state legislature hustle up an acceptable redistricting formula.

Of course it's not peculiar to Texas. It happens the nation over. Representatives in the lower house of congress are supposed to represent the people on a per population basis.

When the U. S. census count is taken at the end of each new decade, these representatives seats are re-apportioned to the states on the head count and the legislatures are then supposed to equalize the congressional representation within the state by drawing up fairly equal boundaries.

Well, this is 1964. And Texas hasn't moved yet—and won't unless the court makes them.

Personally, we think Texans should have equal representation in congress. And if that means Post's congressman in the future is going to represent a bigger territory because of the continued mass movement into Texas' two metropolitan centers (Dallas-Port Worth and Houston) let's get on with it.

The politicians tell us that the people in the rural areas simply refuse to give up their representation.

Maybe that's true, but they should. We've got a different idea about this thought! We think the main trouble lies not with the voter

but with the politicians themselves. Entrenched congressmen don't want to give up some of their own power and prestige and risk their necks in "brand new territory" where they aren't known.

So they pull all their political strings down in Austin to see that it doesn't happen. They even point out to the state legislators that if they give an inch here, it will be their own skins next. In other words if Texas accepts proper congressional redistricting then they will have to accept legislative redistricting next.

Of course, the legislators don't want that. Not the ones who would thereby "inherit" some "virgin territory" of their own to campaign in the next time an election comes around.

So what happens. When the politicians go home and go "visiting" throughout their districts, they whisper all kinds of vile things about the dangers of "losing our representation" and what will happen when the "big cities take over."

Really, we don't think the man in the small town main street is too concerned about this, or the farmer either. We think the fault lies with the politicians. They are the ones who won't accept "progress" until the courts force them to the wall.

It's a good thing the American system of democracy has its checks and balances. Otherwise we would be a democracy in name only. When it comes to keeping up with the times, the executive branch usually leads the way, the courts are a fair second, and the legislative branch winds up dragging its feet a poor last. —JC

Sale was double-barreled success

The Post Chamber of Commerce's first 1964 promotion—the George Washington Birthday Sale Saturday—was a double-barreled success.

Not only was it an early crowd-puller. But the crowd came early—and stayed all day.

The first downtown store—Western Auto—opens at 7 a. m. T. B. Odam had a carload of customers parked out front when he unlocked the front door. Within 45 minutes—and before virtually any other store was open—he had sold out of his advertised specials.

The summer Sidewalk Sales in the past two years were the biggest crowd-pullers—up to Saturday. But they didn't hold that crowd all day like George and his hatchet did Saturday.

The reason we call it a "double-barreled success" was because this Post promotion was buck-

ling an identical George Washington Birthday Sale in Lubbock. And Post certainly held its own Saturday.

As we've said before, town-wide promotions draw crowds because the more stores that are in the promotion the bigger the pulling power.

Post merchants are well aware of this. Town-wide promotions are here to stay. And it is worth pointing out, too, that give-away gimmicks aren't necessary when the "prices are right."

Primarily what pulls the shoppers in droves are double bargains. No need for gimmicks when you offer bargains all over the business district. That was what Post merchants did Saturday with very pleasant results, both for the merchants and their customers. —JC

Visit your schools next week

Patrons of the Post Independent School District are invited to take part in the 14th Annual Texas Public Schools Week, March 2-6, by visiting the Post schools, including Open House from 7 until 9 p. m. Thursday, March 5.

Supt. Barry B. Thompson, on behalf of administrators, faculty members and students, has issued the invitation for all patrons to visit the schools while classes are in session, to learn about the local schools' new experimental programs, as well as their regular programs, and to attend the Open House.

Astronauts, blast-off, time capsule, moon shot—these words are all part of our space age vocabulary. Our changing times require many different things, most of all the ability to grow with the challenge presented by our awesome scientific development.

Never before in the history of America has our school system been so important! Never has

such emphasis been placed on the development of projects which were unheard of ten years ago.

We, as Texans, have always been proud of our public schools.

Today, the public school system is faced with its greatest and most important challenge. For our schools must produce the scientists—the engineers—the physicists—the astronauts who will blast off to chart new courses toward an unbelievable future.

Our Texas public schools can meet the challenge, if they get the interest and support they require and deserve. You can help by visiting a public school during this special observance. Learn what your school is teaching and how. Find out what their needs are and what goals they are trying to reach.

You'll find it an education for you and a vitally important contribution to your community and to our children's future. —CD

Rotary, the oldest of all the service clubs, is 59 years old this month, and Rotarians of Post and throughout the world will mark the birthday observance.

The Post Rotary Club, one of the oldest on the South Plains, celebrated its 25th anniversary several years ago and isn't too much younger than the parent organization.

Within its span of 59 years, Rotary has grown to embrace more than 544,000 business and professional executives who belong to some 11,000 Rotary clubs in 125 countries. These men—doctors, lawyers, retailers, educators, owners of small businesses and large—represent a cross-section of the business life of their communities, with each Rotarian serving as a link between his vocation and his Rotary club.

From the beginning, Rotary has selected its membership on the basis of one active member from each recognized business and profession in

the community, and this diversity enables it to communicate its objectives to a host of other organizations.

In Post the Rotary club is a counterpart of the thousands of other Rotary clubs everywhere, despite differences in languages, religious beliefs, and customs within the global organizations. The Rotary concept of service to others binds Rotarians of this community together as it does other Rotarians in communities stretching from Adelaide to Albuquerque and from Juneau to Johannesburg.

For its betterment of communities and its efforts in the interest of youth, for its leadership in raising the standards of business and professional practices and its dedication to the advancement of international understanding and friendship, Rotary worldwide deserves to grow and to prosper. —CD

Filing deadlines are nearing

With the first week in March bringing filing deadlines for both the city council and school board elections, prospective candidates haven't much time left in which to file.

Late last week, no candidates had filed in either race, although one school board member had publicly announced his candidacy for re-election.

The picture may change in a hurry this week. We hope so. These two branches of our government—the city and the schools—are much too important for positions on their boards to go begging.

What our contemporaries are saying

It's time we synchronized our watches and clocks. The clocks at school are ten minutes faster than TV time. The clocks downtown each tell a different time. This way it's possible to leave the house at 10 till 9, get the children to school tardy, and arrive at work ten minutes early. —Billye Stockton in The Crosbyton Review.

The father was getting tired of all the new hair styles his teen-age daughter was picking up, but the latest one was the worst of all. He complainingly told her her head looked like a mop. "What's a mop?" she wanted to know.—W. H. Cooke in The Rockdale Reporter.

SATURDAY, FEB. 29, is that extra day that comes around every four years to make a Leap Year. A day or two ago, I ran across the Fellow Who Knows Everything (hereafter referred to as FWKE) and he told me how Leap Year came to be.

FWKE said the astronomers of Julius Caesar, in 46 B. C., settled the solar year at 365 days and six hours. These six hours were set aside and at the end of four years made a day, which was added to the fourth year.

FWKE WENT ON to say that it is called Leap Year because after Feb. 29 a date leaps over the day of the week on which it would fall in ordinary years. Thus a birthday on the 10th of June, a Monday, will in the next year, if a leap year, be on the 10th of June, a Wednesday.

FWKE also told me that he can't see why there's so much confusion about what day Easter will fall on. "It's ALWAYS on the first Sunday after the first full moon after the vernal equinox," he said.

I LEARN A lot from FWKE but I have such a letdown after leaving him. He makes me feel so inadequate and unnecessary.

The Man Up the Street says a committee consists of the unwilling selected from the unsuitable to do the unnecessary.

REMEMBER last week's news story about the New York firemen entertaining shady ladies in the fire station at shadowy hours? One newspaper had a headline which read: "Firemen's Fire-house Frolics Probed." I thought that was pretty good, but it doesn't compare with this fictitious fiction from a century back:

A famous fish-factor found himself father of five flirtatious females—Fanny, Florence, Fernanda, Francesca and Fenella. The first four were flat-footed, ill-favored, frothing, furred, freckled frumps, frothy, flimsy, foolish and flouting. Fenella was a fine - featured, fresh, fleet-footed fairy, frank, free and full of fun.

The father, finding himself forced to forage in foreign parts for a fortune, found he could afford a faring to his five fondlings. The first four were fain to foster their frivolity with fine frills and fans, fit to finish their father's finances. Fenella, fearful of flooring him, formed a fancy for a full fresh flower.

Fate favored the fish-factor for a few days, when he fell in with a fog. His faithful filly's footsteps faltered, and food failed. He found himself in front of a fortified fortress.

Finding it forsaken, and feeling feeble and forlorn with fasting, he fed on the fish, flesh and fowl he found, and when full fell flat on the floor. Fresh in the forenoon, he forthwith flew to the fruitful fields. Not forgetting Fenella, he filched a fair flower. Then a foul, frightful, fiendish figure flashed forth:

"Felonious fellow! I'll finish you for fingering my flowers! Fly! Say farewell to your fine felicitous family, and face me in a fortnight!"

The faint-hearted fisher fumed and faltered, and fast and far was his flight. His five daughters flew to fall at his feet and fervently felicitate him.

He unfolded his fate frantically and fluently. Fenella forthwith fortified by filial fondness, followed her father's former footsteps.

She flung her faultless form at the foot of the frightful figure, who forgave the father and fell flat on his face. For he had fervently fallen in a fiery fit of love for the fair Fenella. He feasted her till, fascinated by his faithfulness, she forgot the ferocity of his face, form and features.

Frankly and fondly, Fenella fixed Friday, fifth of February, for the affair to come off. Her fiancé fainted in fine fettle.

There was festivity, fragrance, finery, fireworks, fricasseed frogs, fritters, fish, flesh, fowl, and fragmentary, frontignac, flip, and fare fit for the fastidious; fruit, fuss, flambeaux, four fat fiddlers and fifers.

Forsooth! The frightful form of the fortunate and frumpish fiend fell from him! He fell at Fenella's feet, a fair favored, fine, frank, froeman of the forest.

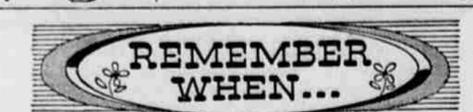

Fortune favors the faithful. So behold, friends, the infinite fruits of filial affection.

THEN and NOW

400 years ago the Spanish Conquistadores landed in the Caribbean. They favored drinks made of fresh lime juice and rum which were served in conch shells. At the beginning of this century American engineers working along the banks of the Daiquiri River, in the Caribbean, re-discovered the drink. They named it after the river and introduced the drink to the United States where its fame soon spread.

Recently, the squeezing of limes has become obsolete with the introduction of Frozen Fresh Daiquiri Mix. Fresh, tart limes are juiced, mixed with a touch of sugar—voilà! For one cocktail, or a dozen, just add white Puerto Rican Rum and enjoy it!

A Moment With God

HE CAN BREAK OUR FETTERS

Then the band . . . took Jesus and bound Him. John 18:12

What an act of folly this was! As if they could bind the almighty Son of God, who even in Gethsemane's darkness had legions of angels at His disposal! Could they not tell that like a greater Samson He might easily have torn their ropes to shreds? Could they not see that something else was binding Him in this hour—cords of love holding Him to His divine purpose of freeing mankind from the galling fetters of sin and death?

"My sins are chains," groaned a dejected alcoholic, "and they're dragging me down. I try to cast them off, but I'm helpless." So chained would all of us be had it not been for our Redeemer. "We were in sore bondage bound, but Jesus set us free." To snap those chains and break those fetters of evil, He suffered Himself to go bound to the cross and said: "If the Son shall make you free, ye shall be free indeed." To Him we must bind ourselves by faith.

In descending Mont Blanc one day, a young physician insisted on being loosed from the rope that bound him to his guide. It was a fatal error. A moment later he slipped and crashed to his death. But when men loose themselves from their Divine Guide, a much greater tragedy happens. Instead of trying to be free of Him, let us bind Him more firmly to our hearts with stronger ropes of faith and say:

Thy cords of love, my Savior, bind me to Thee forever.
To Thee I gladly tender all that my life can render. Amen.

Eggs, peanuts and peanut products feature March plentiful food list

Garza County housewives will find abundance in wide variety in the food picture for March, reports the Texas Agricultural Extension Service.

Featured on the March list of plentiful foods, as compiled by U. S. D. A.'s Agricultural Marketing Service are eggs, peanuts and peanut products.

Also expected to be plentiful — that is, in supply that exceeds normal needs—are beef, rice, broiler-fryers, potatoes, canned corn, canned ripe olives, apples and dry beans.

"Many of these are produced extensively in Texas," the Service explains.

Spring egg production is beginning to peak and March supplies may be above those of a year earlier, with prices lower. Traditionally, March is Egg Month.

Peanut growers and handlers have designated the first week of March as National Peanut Week, in recognition of the abundance of peanuts, peanut butter and other peanut foods.

Heavy production of beef, pork and broilers provides a wide meat choice for family meals. The abun-

dance is reflected in relatively low prices.

Low-cost and nutritious also receive a boost by the large stocks of rice, and dry beans.

Supplies of canned corn in excess of normal need in storage on Jan. 1 were 5 million bushels more than earlier. And you can expect record supply of canned corn to provide that extra touch of ordinary meals.

AGRICULTURAL INCOME. Ellis County Agent Uet reports that agricultural for 1963 exceeded \$22.5 million about \$1.7 million from county total in 1962 except for 1961 by better than 10 percent. Thus, Stockard says a \$4.7 million increase in excess of Operation Income Growth. We are of our goal of a million increase per year for the years of the program. The agent reports the increase to farmers doing a better preparing to make a crop

Mrs. Lelia V. Robinson is honored on her 80th birthday

Mrs. Lelia V. Robinson was honored with a musical afternoon on her 80th birthday, Feb. 16, when she was entertained with a party at the Community Room of the First Baptist Church.

Mrs. Robinson still resides where Mrs. Robinson started playing the fiddle at an early age and once won a fiddler's contest at a Fourth of July celebration at Two Draw Lake, many years ago. She is also quite talented at playing a French harp.

Mrs. Robinson is an active member of the Mary and Martha Sunday School class at the First Methodist Church and spends much of her time visiting shut-ins and residents of the nursing homes. Her family reports she is in excellent health.

Cake, punch and nuts were served from a table laid with an ecru crocheted cloth featuring a centerpiece of fresh-cut American Beauty roses. Misses Argan, Arletta and Nancy Robinson, granddaughters of the honoree, served.

The guest list included Walter Caffey, and Mmes. Ollie Weakley, M. J. Malouf, Jim Hays, Graeber, S. W. McCrary, E. C. Hill, Montee Adams, R. L. Cummings, H. J. Dietrich, Myrtle Ashley, Ida Robinson, May Voss, Miss Patricia Martin, Stacy Robinson and the musicians.

To See and to Know' is the program at Sorority meeting

Alister, J. P. Parnell, Lonnie Gene Peel, Brown and Henry Harden. Mrs. Peel and Mrs. Parnell will be hostesses for the March 9 meeting with the place to be announced. Mrs. McAllister will present the program.

The program began with a philosophy and mystic being and continued with a group discussion when Mrs. King and Mrs. Brown asked each member questions taken from the business session.

A miscellaneous shower honoring newlyweds, Mr. and Mrs. Roy Don Winkler, was held Saturday night at the Kalgary Community Center.

Approximately 66 guests registered or sent gifts.

The serving table was covered with a white net cloth over blue and centered with an arrangement of white and blue carnations. Silver and crystal appointments were used.

Coffee, punch, cake and nuts were served.

Hostesses, who presented the honored couple with a steam iron, were: Mmes. Conda Starrett, L. B. Jones, Henry Slack, Ted Hindman, R. R. Jones, Doyle Hinson, Dee Berry, Alfred Briggs, Robert Cannon and Aletta Walker.

This is the final chapter in the episode of the tale of "mung beans". I guess you could say I had "rots of ruck", to borrow a phrase from the Japanese, because I did end up with bean sprouts.

I took my coffee can home with me at noon Saturday not knowing what I really had besides a full can of mung beans, after starting out with about one-half inch of beans covering the bottom of the can. I figured something was pushing the beans to the top, but not knowing how this crop was to behave, I suspected I might just be growing large beans. I was getting a bit tired of the whole project so turned the coffee can upside down on a newspaper (it was an out-of-town one—we never put garbage on The Post Dispatch) and lo and behold, out came sprouted beans.

I quickly learned why the salads at the Chinese restaurant cost a quarter extra. It was a long and rather tedious bit of business plucking the sprouts from the beans and I'm going to charge Mr. C and Miss C the younger extra for their salads.

We had an article in the paper a couple weeks ago published under the heading of "Accent on Health" that astonished me. It was all about men and boys walking (or trying to) through glass doors and picture windows. The article pointed out that glass doors, particularly, should be made out of plate glass, so the men and boys received bad bumps and bruises instead of cuts and bruises.

The thing that astonished me about this article was not so much the fact that men and boys try to walk through them, but the fact that the doors and full-length windows would be so clean as to fool anyone, men or boys. We have patio doors separating our family room from the patio and no one could walk through one unless one were blind. We just look at them and they get dirty. Our Molly dog's nose keeps them pretty marked up at the eight-inch level (however, I don't know any men or boys eight inches tall) and we Cs evidently put smudges on them every time we pass. I blame the fact that I am working on our doors and windows being in such a state, but now I can stop worrying. Men and boys are safe at our house.

Writing about Jan Olson and Giles McCrary performing for the Needlecraft Club in an act called "The Bugs" certainly brought back memories of my childhood.

For the benefit of those of you who do not know, I am probably one of the worst carrier of tunes that live in these beah parts. I have no idea of how one even knows how to carry a tune and anyone that can play a musical instrument, including a piano has my deepest admiration.

But, hear this, when I was in grade school, I used to perform with my best friend for all of her mother's club meetings. Surely I knew better even at a tender age! My best friend had long red curls and was the envy of everyone, including me. I had a Buster Brown haircut, and couldn't care less how I looked. My friend, in a dainty frock, would make an entrance and sit at the piano, and then I would make my appearance and we would sing duets. Just imagine how those women must have suffered! And what do you suppose was wrong with my friend's mother? We also worked out little dance routines and I had as much grace as I had tune. But we performed and I lapped up all the attention poured on me when we finished like I deserved it.

We were always dismissed soon after our performance and now that I look back on it, I'm sure it was so the women could talk about how talented my little friend was, and wasn't it a shame about the "other one".

Ah, sweet youth!

POST YOUNGSTER WINS WAYLAND AWARD

Youngsters with winning ways show the charm which earned each of them the award in the homecoming activities at Wayland Baptist College, Plainview. Among winners, chosen from children of former students, is Rebecca Ann Roby (right), seven-month-old daughter of Mr. and Mrs. Lex Roby, Post.

President of WBC, Dr. Roy C. McClung, presented the young lady with a \$25 Future Pioneer Gift Certificate for payment on her freshman year tuition at the college. Other winners and their parents are: (from left) Shane Stokes, son of Mr. and Mrs. Vernon Stokes, Plainview, and Jeanetta Jones, daughter of the Rev. and Mrs. Tommy Jones, Midland.

Bride-elect is honored Sunday with an introductory tea here

Miss Kay Castleberry, bride-elect of Robert Terry Bivins, was honored Sunday afternoon with an introductory tea in the home of Mrs. C. W. Terry, grandmother of the prospective bridegroom.

Guests, calling between 2:30 o'clock and 4, were registered by Mrs. Preston Mathis.

In the receiving line were Mrs. Terry, the honoree, her mother, Mrs. B. B. Castleberry, her sister-in-law, Mrs. Harley Castleberry, and the prospective bridegroom's

mother, Mrs. C. R. Bivins, all of Slaton.

The serving table was laid with a handmade cutwork linen cloth. The centerpiece was an arrangement of red roses. Silver and milk glass appointments were used. Canapes, banana nut bread sandwiches, thumb print cookies, rosettes, frosted grapes, nuts, mints, and coffee were served. White napkins were inscribed in red with the wedding date, "March 14". Presiding at the serving table were Mrs. W. C. Caffey Jr. and Mrs. Guy Floyd.

Members of the houseparty were presented corsages which were designed and made by Mrs. Terry's daughter, Mrs. Claud Weatherbee of Floydada. The corsages featured tiny red and white flowers on a lace and net background with streamers bearing the names "Kay and Robert".

Assisting Mrs. Terry with hospitalities were Mmes. Weatherbee, Ila Fae Wills, W. C. Caffey Jr., Robert Cox, Floyd and Mathis.

Demonstration given on flower arranging

Mrs. Maurine Hudman gave a demonstration on flower arrangements when the Mystic Sewing Club met in the home of Mrs. Estelle Moreland last Friday afternoon.

Mrs. Hudman arranged two bouquets which Mrs. Winnie Henderson and Mrs. Thelma Kuykendall won in a drawing held by the members.

Mrs. Moreland served open-faced sandwiches, barbecue potato chips, cake and spiced tea to the guest speaker, her granddaughter, Debbie Green, and the following members:

Mmes. Annie Hodges, Jimmie Hudman, Henderson, Kuykendall, Cecil Gray and Nell Windham.

The next meeting, March 6, will be in the home of Mrs. Hodges.

Washington visitor is dinner-party honoree

Mrs. W. R. Graeber entertained with a dinner party Sunday complementing Miss Eudra Green of Washington, D. C.

Miss Green is a niece of Mrs. May Voss and was here for a four-day visit.

Other invited guests were: Mrs. Voss, Glenn Voss, Mr. and Mrs. R. L. Marks, Judge and Mrs. J. E. Parker, Mrs. Katharine Trammell, Mrs. Boo Olson, Miss Jewel Parsons and Miss Bonnie McMahon.

Superintendent is heard at meeting of women's clubs

Supt. of Schools, Barry B. Thompson, chose the topic "Education for a Technical Age", when he spoke at a joint open meeting of the Woman's Culture Club and the Amity Study Club Feb. 18 in the Community Room.

Mrs. Thompson, who was introduced by Mrs. R. L. Marks, outlined what is being done in the Post schools to meet the drop-out problem, and the pre-school for Spanish-speaking children. A question and answer period followed Mr. Thompson's speech.

On behalf of the two organizations, Mrs. C. R. Thaxton presented Mr. Thompson with two books to be placed in the school library.

Mrs. V. L. Peel, president of the Amity Study Club, presided at the joint meeting. Mrs. Marion Duncan led the group in repeating the club collect.

Hostesses for the refreshments hour were: Mrs. Jack Burress, Mrs. Darrell Stone, Ms. Virgil Bilbo and Mrs. A. Lee Ward.

Approximately 30 members and guests attended.

District delegate is chosen by club

The 55 Home Demonstration Club elected Mrs. Rosa Woodard as district delegate for the district council meeting to be held in Floydada.

Mrs. Pat King was hostess for the meeting in her home Tuesday.

Mrs. Thelma Criswell gave a ten-minute demonstration on "The Care and Cleaning of the Range". County HD Agent Juanette Williams presented a program on "Kitchen Arrangements".

Mr. King served coffee and oatmeal cake to a guest, Mrs. Nita McClellan, Miss Williams, and the following members: Mmes. Ann Bratcher, Woodard, Wanda Zachary, Criswell, Mollie Kolb and Nora Mason.

Mrs. Edna Smith will be hostess for the next meeting. New members and guests are welcome.

BACKGROUND FOR MARRIAGE

Next year George will be a civil engineer from Tech. And Meredith is studying Home Economics at State. If you were their parents, wouldn't you consider that a pretty good background for marriage? Boy with a promising profession! Girl with a sound grasp of the family budget!

But should we be so naive? What they study in college is *foreground*, not background. It equips our sons and daughters for the immediate opportunities and obligations the future presents.

The permanence of love is not rooted in engineering or economics. Designing bridges and planning menus are not keys to a lasting happy marriage.

Personal character determines the ability of a man and woman to meet the demands of sacrifice and unselfishness that marriage requires. The Church molds character as it builds faith. For character is one of the by-products of faith . . .

. . . The ability to love unselfishly is another!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday I Corinthians 7:1-7	Monday I Corinthians 7:8-16	Tuesday Ephesians 5:21-33	Wednesday I Timothy 6:3-10	Thursday Titus 2:1-8	Friday Hebrews 13:1-6	Saturday James 4:1-10

Post Does to battle Friona '6' at Plainview Monday

Winner will advance to regional tourney

The second consecutive year the Post Doe basketball team will try to knock the Friona Squaws from their No. 1 ranking and advance to the Regional tournament in Lubbock the following weekend.

The Doe team last year and the Friona team appeared in the regional championship game in Lubbock. The Friona team won a 12-point half-court game to down the Post six-ty to 33.

There, the Squaws went on to win the regional championship and advance to the state tournament in Austin, where they won the title.

Lee Stockton, in her first year as Doe coach, says she believes Friona is stronger this year than they were last year. They are undefeated in 26 games this season and have a 1-2-3 scoring punch, with the fabulous Tito Jennings as their high scorer.

This year's bi-district game between the Does and Squaws will be played in the Plainview High School gym, starting at 8 p. m. A large number of Post fans are expected to make the trip to Plainview to see the game.

Miss Stockton said Tuesday that her Doe squad is in good physical condition for Monday night's play-off game with the exception of junior Becky Thompson, who has been out most of the season with a knee injury.

The Does are expected to counter the Squaws' powerful scoring punch with one of their own. Senior forward Nita Wilson is one of the highest scorers ever developed in girls' basketball in this part of Texas, and will be looking for big help Monday night from sophomore Marilyn Jones and junior Vivian McWhirt, whose point-scoring has been improving in recent games.

If the Does can match the Squaws in scoring, the Doe front-line defense of Dee Ann Walker, Darla Pierce and Cheryl Martin more than likely will see to it that the difference in the final score favors the locals.

In reserve, Coach Stockton will have Pamela Stewart, Edith Johnson, Shirley Sappington and Mary Ann Stone.

Post Does are to play here Friday against Elkettes

The Post Does will play the Cotton Center Elkettes here at 6:30 p. m. Friday in their final tuneup contest before Monday's bi-district game with Friona at Plainview.

The Does lost to the Wayland College Queen Bees, 65 to 58, at Plainview Tuesday night and were defeated by Roosevelt at Roosevelt last Friday night, 71 to 54.

Roosevelt, the District 7B champions, led all the way in their win over the Does, with their height advantage paying off.

The Does' Nita Wilson was the game's high scorer with 37 points. Dee Gregory hit 34 for Roosevelt and another of their forwards scored 31 points. Roosevelt made all their free throws.

The Cotton Center team that will play here Friday night are champions of District 4B. They lost to Abernathy, District 2AA champions, in a warm-up game Tuesday night.

The Cotton Center and Doe "B" teams will also play Friday night, starting at 6:30.

Aspermont beats Seagraves

Large crowd sees bi-district tilt

The first bi-district basketball game ever held in the Post High School gym was played Tuesday night with the Aspermont Hornets coming from behind in the second half to defeat the Seagraves Eagles, 68 to 64.

The bi-district clash between the two Class A district champions was sponsored locally by the Post Chamber of Commerce and the local schools. Championship and runner-up trophies—big beautiful ones—were presented to the teams after the game by Frank Blanton, president of the Post Chamber of Commerce.

The gym was packed for the game, with several hundred Aspermont and Seagraves fans here to back their teams, and with many Post basketball fans also in attendance.

By winning the game here Tuesday night, the Aspermont quintet advances to the Region 1 tournament in Lubbock this weekend, where they meet Petersburg, bi-district winner over Farwell.

Seagraves led 22 to 15 at the end of the first quarter and 36-31 at the halftime intermission, but the Hornets caught up late in the third quarter and took a 49-47 lead with 44 seconds remaining in that period.

The Hornets maintained a slim lead throughout most of the final period and went into their delay game with about two minutes to go. Free throws from there on in protected their lead over the Eagles.

James Ray of Aspermont was the game's high scorer with 25 points. Monty Sanson of Seagraves hit for 20, and David Fraizer of Aspermont and Scott Johnson of Seagraves for 18 apiece.

Cubs' Blue, Gold banquet is Friday

Cub Scout Pack 316's Blue and Gold banquet, celebrating the 54th anniversary of the Boy Scout program, will be held at 7 p. m. Friday, Feb. 28, in the school cafeteria, with a large crowd expected.

Cubmaster Jim Poer will be in charge of ceremonies and awards.

Special guests for the event will include Dr. and Mrs. B. E. Young, Mr. and Mrs. Victor Hudman, Mr. and Mrs. Jack Kennedy, Mr. and Mrs. Douglas Cunningham, the Rev. and Mrs. Oscar Bruce and Scout Executive Cecil Isbell of the Comanche Trail District.

The banquet is for Cub Scouts, their parents and families.

Pierce scores 29 in Buff victory

CANYON — Scottie Pierce of Post had his second best performance of the season for the West Texas State Buffaloes Saturday night when he racked up 29 points and snared 13 rebounds in the Buffs' 106-88 win over McMurry College.

The 6-7 Pierce, whose family was here from Post to see his outstanding performance, sat out a large portion of the last half and could have set a new single season scoring high for the Buffs if he had been left in the game. But the Buffs were well over 20 points ahead and Coach Jimmy Vramontes figured the "Big-un" had worked enough for one night.

With his 29-point performance Saturday night, Pierce has moved out to a commanding lead in the WTSU scoring derby. He has hit for 273 points and a 13.7 game average. Pierce also leads in rebounds with 184 and is ahead of the squad in field goal accuracy with a percentage of .565.

WCS at Grassland hosts sub-district

By MRS. O. H. HOOVER

You remember what I said last week about Spring being just around the corner. Well, I take that all back. The snow storm and following cold weather changed my mind.

The Grassland WCS was hosts for a sub-district meeting Feb. 19 Methodist Church. Thirty five ladies and four pastors were present. Mrs. E. M. Walker arranged the worship center and explained the significance and meaning of the praying hands. Mrs. Green of Ropesville gave the morning meditation. District Supt. Rev. Dewitt Seago gave a message on stewardship and Mrs. Roy LeMond brought the evening meditation. Those attending brought sack lunches with the WCS furnishing dessert and coffee and tea.

Mrs. C. C. Jones visited Mrs. Lucy Cunningham Sunday afternoon.

Mr. and Mrs. Jim Patterson visited in Slide Sunday with the I. V. J. Melton family.

Mr. and Mrs. W. L. Gribble visited Sunday afternoon with Grand-mama Gribble.

Mrs. E. A. Thomas spent ten days at her cabin on Lake Buchanan. It was so cold she didn't fish any.

Mrs. Lucy Cunningham spent the weekend with her son-in-law and daughter, the Rev. and Mrs. O. N. Reed of Crosbyton where Rev. Reed is pastor of the Baptist Church.

Visitors in the Methodist parsonage in Grassland Sunday were Mr. and Mrs. Joe McCreight of Snyder and Mr. and Mrs. Jackie Yeats and daughter of Post.

Mr. and Mrs. Burney Francis visited the C. O. McCleskeys Sunday afternoon.

Mr. and Mrs. Carlos McCleskey took their infant son for a checkup Saturday. His great-grandparents visited him Sunday.

Mr. and Mrs. Odie Campbell and Ben Owen visited Mr. and Mrs. Ralph Dean Sunday.

R. J. Daniels of Madrid, Spain, had supper with the Ralph Deans Wednesday night.

Mr. and Mrs. C. M. Greer visited Mr. and Mrs. Faubion at their home in Lubbock Sunday afternoon.

Mr. and Mrs. Doyle Terry and children of Lamesa and Mr. and Mrs. Lucian Walker were Sunday supper guests of the C. A. Walkers.

Mrs. Inez Inklebarger McGrew left the Midland airport Wednesday by jet for Los Angeles, Calif., to visit her son, Gary, and family. She left at 4:15 p. m. and arrived in Los Angeles at 5:15 p. m.—one hour later.

Luncheon guests in the home of Mrs. Martha Harris Sunday were Mr. and Mrs. Red Henery, Mr. and Mrs. Elmer Rash, Tommy and Dean, and Mrs. Carolyn Baker and children of Slaton.

Ricky Barnes and his mother have been real sick but are reported much better now.

Track drills begin for Post Antelopes

The Post Antelope track and field squad, delayed from starting last week because of weather conditions, got under way with workouts Monday in preparation for the upcoming cinder season.

Coach Glynn Gregg said the boys will spend their first few workouts running on an improvised sand track in the bed of Sand Creek, just south of town.

Coach Gregg said this is being done to minimize the danger of shin-splints which often occur from early workouts on dirt tracks such as the practice track in use here.

Six lettermen are back from last year's track and field squad, with prospects brighter than they have been since 1960 for a good Antelope showing in invitational meets and the District 4AA meet.

The Antelopes' first invitational meet will be at Idalou on March 7, Coach Gregg said.

Lettermen returning are Butch Cross, Teddy Scott, Ronald Simpson, Danny Odom, Tom Clark and Mike Ayala.

Other candidates expected to help the squad are Danny Pierce, who failed to letter last season because of an injury; Luis Ayala, Robert Moreau, Jesse Mena, Ruben Solis, Rickey Welch, Pat Sullivan, Benny Owen, Jackie Braddock and Robert Johnson.

Coach Black is working with the candidates being groomed for running events, while Coach Charles Black is in charge of the field event hopefuls.

Following the Idalou meet on March 7, the Antelopes will compete at Floydada on March 14 and at Sundown on March 21.

Coach Gregg said other meets will be scheduled between the March 21 Sundown meet and the District 4AA meet on April 11.

7th grade girls win district meet title

Coach Billy Hahn's 7th grade girls' team won the championship trophy in their division by defeating Frenship, 29 to 17, to win the consolation trophy.

In the 7th grade girls' championship win over Tahoka, Brenda Lee and Karen Lee were the leading scorers with 8 points apiece. Patti Power contributed 3 points and Judy Dooley, 2.

Playing at the guard positions for Post's 7th grade were Vicki Martin, Marla Carpenter, Martha Walls, Benita Noble, Brenda Stelzer and Theresa Sims.

The 7th grade girls had advanced to the championship game with a 22 to 10 victory over Slaton. Patti Power was high scorer for Post with 7. Brenda Lee and Judy Dooley each scored 5 points and Karen Lee, 2. Sharyn Bilberry also played at a forward position.

Donna Stewart and Linda Josey saw action at the guard positions in the Slaton game, in addition to the 7th grade guards already named.

The 8th grade girls' one-point loss to Slaton was a "heart-breaker," with two free throws by Slaton in the fourth quarter giving them the win.

Scharlene Holland's 7 points led the Post scoring. Isabel Valdez hit 6 and Mary Eubank, 5. Other forwards were Judy Huff, Voda Beth Voss and Micki Sterling. The guards were starters Jane Hutchins, Glenda Watson and Adrienne Cook and Brenda Ward, Jane Strofer, Melba Foster and Sulinda Little.

In the 8th grade girls' 25-17 victory over Frenship, Eubank was high scorer with 10. Holland chipped in with 8 points and Valdez with 7.

Norman Tanner's 12 points topped the scoring in the 8th grade boys' consolation championship win over Frenship. Pantoja and Nichols each scored 7 points, Young, 2, and Harper, 1.

Tanner was also high scorer with 8 in the loss to Slaton. Nichols scored 5, Pantoja, 3, and Harper, 2.

Nichols' 15 points led the Post 7th grade boys in their 25-18 victory over Slaton. Pollard and White scored 4 apiece and Holland, 2.

In the 7th grade boys' 19-15 loss to Idalou, Nichols led Post with 11 points. The only other points scored by Post in the game were 2 each by McFadin and Odom.

The tournament concluded the season for the Junior High basketball teams.

OVERNIGHT GUESTS OF Bobby Dean Saturday

Overnight guests of Bobby Dean Saturday were Danny and Dennis Odom. The boys went coon hunting. They ran a coon into a hole but failed to get it—they had a lot of fun trying.

Linda Hays was an overnight guest of Theresa Dean Saturday.

Sunday, the Deans had a barbecue dinner. Attending were Mr. and Mrs. Jack Hair and children, Mr. and Mrs. Donald Ammons and Donna and Mr. and Mrs. Raymond Jenkins and children of Snyder.

Miss Joan Smelser spent ten days in Morton with her sister and family, the Harold Blackstocks.

Mrs. Allen Johnson of Post was in an accident Thursday evening during the snow storm. She was going home from visiting her father in Close City. Another car, in passing, hit the left side of her car in the rear, injuring Mrs. Johnson's neck, arm and leg. She was reported to be hurt rather badly and was hospitalized at once. She is doing fairly well but will be in the hospital several more days yet. She is the granddaughter of Mrs. W. A. Oden. We wish for her a speedy recovery.

The Rev. and Mrs. Leroy Hubley and son of San Antonio visited over the weekend with the C. R. Smelser family. Rev. Hubley gave the morning service Sunday for the Draw Methodist Church.

The Rev. Smelser and the Rev. Hubley are old buddies, having roomed together the last three years at the summer session of SMU school of theology. They plan to go again this summer.

THE GRAHAM Thursday Club met in the home of Mrs. O. H. Hoover Monday, Feb. 24, with all members present except Iris McMahon. We had one guest, Mrs. Viva Davis. Quiz games were played with Mrs. Stevens, Mrs. Oden and Mrs. Jones winning first prizes. Mrs. Hoover served refreshments of frozen salad, open-faced sandwiches, pickles, olives, banana nut bread and spiced tea. The meeting had been postponed three times because of sickness and bad weather.

Mrs. Hoover made "pop" calls Sunday afternoon on Mrs. E. A. Thomas, Mrs. Ethel Fox, Miss Gladys Fox, Mrs. Joy Laws and Mrs. C. B. King.

Mr. and Mrs. Gus Porterfield visited in the E. A. Thomas home Sunday afternoon.

You remember what I said last week about Spring being just around the corner. Well, I take that all back. The snow storm and following cold weather changed my mind.

The Grassland WCS was hosts for a sub-district meeting Feb. 19 Methodist Church. Thirty five ladies and four pastors were present. Mrs. E. M. Walker arranged the worship center and explained the significance and meaning of the praying hands. Mrs. Green of Ropesville gave the morning meditation. District Supt. Rev. Dewitt Seago gave a message on stewardship and Mrs. Roy LeMond brought the evening meditation. Those attending brought sack lunches with the WCS furnishing dessert and coffee and tea.

Mrs. C. C. Jones visited Mrs. Lucy Cunningham Sunday afternoon.

Mr. and Mrs. Jim Patterson visited in Slide Sunday with the I. V. J. Melton family.

Mr. and Mrs. W. L. Gribble visited Sunday afternoon with Grand-mama Gribble.

Mrs. E. A. Thomas spent ten days at her cabin on Lake Buchanan. It was so cold she didn't fish any.

Mrs. Lucy Cunningham spent the weekend with her son-in-law and daughter, the Rev. and Mrs. O. N. Reed of Crosbyton where Rev. Reed is pastor of the Baptist Church.

Visitors in the Methodist parsonage in Grassland Sunday were Mr. and Mrs. Joe McCreight of Snyder and Mr. and Mrs. Jackie Yeats and daughter of Post.

Mr. and Mrs. Burney Francis visited the C. O. McCleskeys Sunday afternoon.

Mr. and Mrs. Carlos McCleskey took their infant son for a checkup Saturday. His great-grandparents visited him Sunday.

Mr. and Mrs. Odie Campbell and Ben Owen visited Mr. and Mrs. Ralph Dean Sunday.

R. J. Daniels of Madrid, Spain, had supper with the Ralph Deans Wednesday night.

Mr. and Mrs. C. M. Greer visited Mr. and Mrs. Faubion at their home in Lubbock Sunday afternoon.

Mr. and Mrs. Doyle Terry and children of Lamesa and Mr. and Mrs. Lucian Walker were Sunday supper guests of the C. A. Walkers.

Mrs. Inez Inklebarger McGrew left the Midland airport Wednesday by jet for Los Angeles, Calif., to visit her son, Gary, and family. She left at 4:15 p. m. and arrived in Los Angeles at 5:15 p. m.—one hour later.

Luncheon guests in the home of Mrs. Martha Harris Sunday were Mr. and Mrs. Red Henery, Mr. and Mrs. Elmer Rash, Tommy and Dean, and Mrs. Carolyn Baker and children of Slaton.

Ricky Barnes and his mother have been real sick but are reported much better now.

Track drills begin for Post Antelopes

The Post Antelope track and field squad, delayed from starting last week because of weather conditions, got under way with workouts Monday in preparation for the upcoming cinder season.

Coach Glynn Gregg said the boys will spend their first few workouts running on an improvised sand track in the bed of Sand Creek, just south of town.

Coach Gregg said this is being done to minimize the danger of shin-splints which often occur from early workouts on dirt tracks such as the practice track in use here.

Six lettermen are back from last year's track and field squad, with prospects brighter than they have been since 1960 for a good Antelope showing in invitational meets and the District 4AA meet.

The Antelopes' first invitational meet will be at Idalou on March 7, Coach Gregg said.

Lettermen returning are Butch Cross, Teddy Scott, Ronald Simpson, Danny Odom, Tom Clark and Mike Ayala.

Other candidates expected to help the squad are Danny Pierce, who failed to letter last season because of an injury; Luis Ayala, Robert Moreau, Jesse Mena, Ruben Solis, Rickey Welch, Pat Sullivan, Benny Owen, Jackie Braddock and Robert Johnson.

Coach Black is working with the candidates being groomed for running events, while Coach Charles Black is in charge of the field event hopefuls.

Following the Idalou meet on March 7, the Antelopes will compete at Floydada on March 14 and at Sundown on March 21.

Coach Gregg said other meets will be scheduled between the March 21 Sundown meet and the District 4AA meet on April 11.

7th grade girls win district meet title

Coach Billy Hahn's 7th grade girls' team won the championship trophy in their division by defeating Frenship, 29 to 17, to win the consolation trophy.

In the 7th grade girls' championship win over Tahoka, Brenda Lee and Karen Lee were the leading scorers with 8 points apiece. Patti Power contributed 3 points and Judy Dooley, 2.

Playing at the guard positions for Post's 7th grade were Vicki Martin, Marla Carpenter, Martha Walls, Benita Noble, Brenda Stelzer and Theresa Sims.

The 7th grade girls had advanced to the championship game with a 22 to 10 victory over Slaton. Patti Power was high scorer for Post with 7. Brenda Lee and Judy Dooley each scored 5 points and Karen Lee, 2. Sharyn Bilberry also played at a forward position.

Donna Stewart and Linda Josey saw action at the guard positions in the Slaton game, in addition to the 7th grade guards already named.

The 8th grade girls' one-point loss to Slaton was a "heart-breaker," with two free throws by Slaton in the fourth quarter giving them the win.

Scharlene Holland's 7 points led the Post scoring. Isabel Valdez hit 6 and Mary Eubank, 5. Other forwards were Judy Huff, Voda Beth Voss and Micki Sterling. The guards were starters Jane Hutchins, Glenda Watson and Adrienne Cook and Brenda Ward, Jane Strofer, Melba Foster and Sulinda Little.

In the 8th grade girls' 25-17 victory over Frenship, Eubank was high scorer with 10. Holland chipped in with 8 points and Valdez with 7.

Norman Tanner's 12 points topped the scoring in the 8th grade boys' consolation championship win over Frenship. Pantoja and Nichols each scored 7 points, Young, 2, and Harper, 1.

Tanner was also high scorer with 8 in the loss to Slaton. Nichols scored 5, Pantoja, 3, and Harper, 2.

Nichols' 15 points led the Post 7th grade boys in their 25-18 victory over Slaton. Pollard and White scored 4 apiece and Holland, 2.

In the 7th grade boys' 19-15 loss to Idalou, Nichols led Post with 11 points. The only other points scored by Post in the game were 2 each by McFadin and Odom.

The tournament concluded the season for the Junior High basketball teams.

Over 150,000 greeting cards were sent by fans all over the country when it was announced on "As The World Turns", CBS Television daytime serial, that Grandpa Hughes was celebrating his 70th birthday. This is thought to be the greatest mail response in history of broadcasting. Here Grandpa Hughes and granddaughter, Penny Hughes Baker, look over small portion of mail received from well wishers.

Birthday sale—

Individual basis last year, was manning the extra cash register himself.

Clint Herring said business was good "all day" with customers still in his store at the 7 p. m. closing hour, despite the early start.

Mrs. Maxine Marks at Maxine's had her hands full after her clerks went off duty at 6 p. m. She said she had lots of customers until 7 p. m.

Sol Finney, Dunlap's manager, explained that "they ran over us when we opened up but they wanted to browse anyway so we managed to take care of it." "It shows," he added, "how successful merchants can be when they get together over a town-wide promotion."

Frank Blanton just shook his head ruefully as he reported how fast Post Pharmacy were "bought out" of advertised sale items.

The six toy poodles, worth \$1.98 each, which he put on as a 19 cent crowd-pulling special were gone within minutes after the front door was opened at 8 a. m.

There was an all-out feminine rush at Collier's for lipstick, with the whole stock advertised at half price. "They bought all day," Mrs. Lois Floyd reported. "We even had a call Tuesday from a woman who was out of town Saturday but wanted some 'half price lipstick.' We had to explain that we were sorry but it was a one day special."

Hudman Furniture Company had a store filled up every hour on the hour with hourly specials advertised throughout the day. Both Marvin and Victor Hudman were mighty pleased.

Jackie Payne at the Snak Shak reported the same thing. He sold five "2 cent milk shakes or malts" on the hour each hour and had a rush each and every hour.

Both he and Toby Thomas who was selling foot-long hot dogs at the Dairy Hart for 20 cents reported good days, but if you want to know who worked the hardest last Saturday it had to be Eddie and Lillian Boggs at Eddie's Drive In. Their special was 12 cent hamburgers.

On Saturday from the time they opened until they wearily locked up that night they sold a grand total of 984 12-cent hamburgers.

Eddie kept rushing back and forth to Jackson Brothers Food Locker for more beef. His total deliveries for the day—200 pounds of beef for hamburgers.

Jackson Brothers, who had a special on beef too—by the slice—reported good results with their own beef sales.

No telling how many hamburgers Eddie would have sold if he could have kept up with his orders. At one point, he was running an hour or more behind orders, somebody estimated.

Out-of-town relatives other than the children attending the funeral were: Irvin Reeves, Mrs. Ona Pitts and Mrs. Loreta Elbert, all of Hereford; Mrs. Frieda McBride of Portales, N. M.; Mrs. Durward E. Vernon of Albuquerque; Mr. and Mrs. J. L. Porter and Mr. and Mrs. Lovey Bihrey, all of Abernathy. Out-of-town friends attending included Mr. and Mrs. Grady Hunt and Mrs. June Coffey, all of Lubbock, and Mrs. Vallie Wall of Claremont.

School out March 6 for teachers' meet

Condemnation—

(Continued from Page 1)

was heard by a condemnation commission named by Judge Berry almost two years ago. Since then Mrs. Walker has carried an injunction suit against the White River in the condemnation case all the way from the district court to the state supreme court.

The appeals court at Amarillo ruled the district court had no jurisdiction in the case. The state supreme court refused to grant a writ of error in the appeals court handling of the case.

The county court appeal, which is now being heard, also may be appealed all the way to the supreme court by either party, so litigation in the condemnation case could well carry on over another 18 months period.

Certain to be a major factor in the appeal case before the county court jury will be the contention by Mrs. Walker that the district has no legal right to condemn some 500 acres lying above the high water line.

Howard brought this out in his questioning of prospective jurors. He termed it "excess land."

The water district condemned it on the grounds that it was needed to protect the sanitation of the lake water and to build a patrol road around the lake above the high water line as well as to fence the lake property, all for sanitation protection.

The district is in no danger of losing its big earthen dam, filtration plant and lake, all on the property condemned from Mrs. Walker. At stake now is the price to be paid per acre and whether the district is found entitled to keep what Mrs. Walker's attorney terms "excess land"—the acreage above the lake's potential high water mark.

Mike Mitchell and himself of the directors, and Tom Power, Syd Conner, and Lewis Herron to organize the Community Clinic when it is staged. Other committee members will be added later.

Full details of the clinic will be announced when plans are finalized in the near future.

Directors also voted unanimously to propose to White River Municipal Water District directors that a joint committee representing the Chambers of Post, Ralls, Spur and Crosbyton be named to work with the directors on plans for a 1964 dedication of the White River dam and water systems to the member cities.

In another action, directors voted to recommend to the City of Post the adoption of an ordinance which would prohibit truck unloading off Main Street into local stores when an alley entrance to stores are available for such unloading.

Directors pointed out this "tied up downtown traffic and created a traffic hazard."

One female horsefly may lay over 1,000 eggs in her lifetime.

8:30 o'clock in the ballroom of the Texas Tech Student Union building. A banquet will be followed by a business session where delegates will hear standing committee reports.

The general session will begin at 9:30 a. m. Friday in Lubbock Municipal Auditorium. Dr. Imogene Bentley Dickey, dean of women and professor of English, North Texas State University, will address the group in keeping with the convention theme.

A number of luncheons are scheduled at noon Friday. There will also be four large sectional meetings scheduled for 2:30 Friday afternoon, and a junior and senior high school art show at Municipal Garden and Art Center from 9 a. m. to 5 p. m.

Officers of District XII, TSTS, include Mrs. Mary Lee Wristen of Post, past-president.

bers on your card correspond to the posted number you win 1,000 Frontier stamps. King reports there is "no obligation"—just sign up for your card, one to a family, and check the winning number posted at the store daily. King also has a big Libby's 98 Cent Sale going, as you'll find in his page 13 announcement.

Postings today also wants to welcome two new Post firms to Main Street and—strangely enough—they are located side by side.

One is the Corner Barber Shop, which has opened this week at 202 East Main, the former location of the Ingram Barber Shop. Lloyd Anthony, a barber for 12 years with the Ingram shop, and Ed Blanton, who has been barbering here six years, are partners in the new shop. Bill Case, who has barbered at the Ingram Shop for six years, will be the third barber. They invite any and all to stop in for haircuts and shaves.

Right next door east at 204 East Main, Jim Brown of Odessa has opened the Yellow Cab firm, a taxi and delivery service. Jim, who has alternated between working in the oil fields and driving a cab depending on how oil field business was, has moved here to open the taxi and delivery service. He accepts calls 24 hours daily. See his ad on page 12 of today's Dispatch.

You'll also note on page 13 of today's Dispatch that Powell Shykes is hosting his annual John Deere Day at the Shykes Implement Co. next Thursday night, beginning with a free feed at 6:30 p. m. followed by some mighty interesting movies. Don't forget the date.

We'd also like to call attention to Barry Thompson's Superintendent's Corner on page 11 of today's Dispatch. It's about a mighty necessary subject—sportsmanship—and says a lot of things which in sports season adult fans need to be reminded about.

No one injured in intersection collision. Cars driven by Finnis J. Corley and Susan Cornish collided at the Main Street and Broadway intersection at 9 p. m. Friday.

No one was injured and there was only slight damage to the Cornish car.

It's the Law in TEXAS

LEGAL CHECKUP A SAFETY MEASURE

Legal trouble is easier and cheaper to prevent than to cure. Most wage earning, childbearing, home-buying, installment-paying families don't see much need for a family lawyer.

Often only under prodding, one may have his lawyer prepare a will.

But can you tell a big legal risk from a small one? Can you spot the signs of legal trouble?

Check with your family lawyer when:

1. Your status changes: Upon coming of age, marriage, the birth of your children, buying a house, divorce or death. For you may then need to draft or revise your will, change your insurance, or re-figure your taxes.
2. You buy or sell. Look out for flaws in the papers before you go into debt, part with money, or sign anything involving big expenditures or long-term obligations.
3. You enter into other contracts. Promises, spoken or written, bind you if they call for a "consideration," something of value in return.
4. Someone threatens your rights. The law exists to defend them but with some rights you must take action yourself for them to work for you.

When you can bring your lawyer "live" facts (e. g. unsigned contracts, vexing tax returns you haven't filed), he can do much more for you, and at a smaller cost than when you bring him "cold" facts (mistakes you have made which threaten trouble).

But above all, get both live and cold facts to him at once. For time may run out in many such situations. Your lawyer may be able to do something for you today, which he cannot do tomorrow.

Tell your lawyer what you want. Tell him all the facts, good or bad, and then keep him informed all along. He is sworn to keep what you tell in confidence, and he cannot serve you well without full knowledge.

Garza hospital is filling up

Garza Memorial Hospital is no longer an empty place.

The 26-bed hospital has been running a 17 and 18 patient load daily all this week, and it was about as high last week.

Hospital Administrator J. R. Rickels said all three local physicians, Dr. James Casey, Dr. John E. Carter and Dr. Harry Tubbs, have patients in the hospital.

Dr. Carter began admitting his patients to the hospital last week for the first time since November when he resigned from the hospital's medical staff.

Both Dr. Carter and Dr. Tubbs are admitting patients under the previously announced emergency or O. B. basis. Dr. Casey was voted onto the medical staff of the hospital at the hospital board's January meeting.

Youth suffers injury from

John David Gist, 11-year-old of Mr. and Mrs. John Gist, 112 West 10th St., suffered a serious injury to his right arm struck by a clod of dirt Sunday afternoon.

John David's mother was struck during a clod and by a group of youngsters.

The boy was admitted to hospital here and then to eye specialist in Lubbock. Mrs. Gist said the boy told them he did not know who was permanently damaged.

John David will go back to school Monday for another week on the injury.

Clouds may be plentiful when rain is scarce.

THE IMPORTANCE OF SPORTSMANSHIP

A number of Texas high schools are having difficulty with local fans who do not conform to the requirements of the Interscholastic League. Certain fans have caused trouble because of misconduct. Some fans have caused trouble because of the penalties that the league can impose on a school district when fans become insulting or abusive to school officials or to school officials from other districts. However, fans across the state are aware of the penalties that the league can impose on a school district when fans become insulting or abusive to school officials or to school officials from other districts. However, fans across the state are aware of the penalties that the league can impose on a school district when fans become insulting or abusive to school officials or to school officials from other districts.

It is essential that all patrons of a school district realize high school competitive sports are for the children involved and not for the fans who observe the games. This is the basic foundation of the Texas Interscholastic League and a concept that is rigidly enforced for those who would interject themselves into a game between high school youngsters.

THE CONTROL and the conduct of individual school athletic programs is in the hands of the local superintendent of schools. He is directly responsible to the League office. No other citizen or patron has the final responsibility of enforcing good, clean athletics. The very philosophy of supervised athletics is opposed to irrational and emotional fans. There is no excuse for failure to comply with the rules as laid down by the Interscholastic League.

Recent infractions of the rules have occurred in Post where fans have caused the school district to receive criticism from officials of the Crosbyton and Slaton school districts. This criticism was justified in that fans made comments to the officials that were completely out of line. The Post School District has apologized to the Slaton school district as a result of the misconduct of a small group of fans. Further incidents of this type could lead to expulsion from the league. Sportsmanship is important. We, as adults, must set the example for the younger generation.

Coin, currency exhibit slated

LUBBOCK — The second annual Coin and Currency Exhibit and Bourse of the South Plains Coin Club will be held in Lubbock on March 14-15.

Due to the overflow crowds from a five-state area at the 1963 show, this year's event is being moved to larger quarters at the new KoKo Palace Convention Center at 5301 Ave. Q. Show hours are 9 a. m. to 10 p. m. on Saturday, March 14, and 9 a. m. to 6 p. m. Sunday.

A large exhibit of rare and valuable coins and currency is planned and will include coins from the Bible days, early Colonial, early and modern U. S. coins, foreign and U. S. gold, Confederate and Texas currency and many other items of numismatic interest.

Over 50 bourse tables will be manned by collectors and professional dealers for the purchase, sale, trade, and evaluation of coins, medals and currency.

The public is cordially invited to attend the show, admission free.

Yakima Indian Mission program slated Sunday; supper of red salmon

A "compact" school of home mission study will be held at the First Christian Church, Sunday, under the direction of Mrs. Bud Davis, chairman of World Outreach department and her department members.

The subject for the study will be the "Yakima Indian Mission" in White Swan, Wash. Highlighting the four-hour session beginning at 5 p. m. and continuing through 9 p. m. will be a red salmon supper. The salmon were caught in the Columbia River in the state of Washington by the Yakima Indians and shipped to the local church for the meal.

Slides and filmstrips will be shown along with worship and study sessions. The public is cordially invited to attend.

Artist son of area couple wins new acclaim for oil paintings

The son of a Borden County couple is at present receiving unique critical recognition on the Spanish island of Mallorca, where he is showing 16 of his oil paintings. He is Ritch Miller, son of Mr. and Mrs. R. Clyde Miller of Borden County.

Miller, an artist of unusual talents, has lived on Mallorca since 1962. He accepted the invitation of the Circolo de Bellas Artes to hold a show of 16 oil paintings, the first time an American artist has been so honored by this gallery.

Works of Miller are also in private collections in Italy, the Netherlands, Spain and in many sections of the United States.

Miller's concern is his view of the poor people of the world and his work carries a dominant and compassionate treatment of the human spirit as reflected by humble persons and by saints. It has been stated that his works are not only artistic entries, but also social commentaries.

Miller's works have previously been exhibited at the George Thomas Hunter Gallery of Art in Chattanooga, Tenn.; the Benjamin Galleries in Chicago, Ill.; the University of Georgia, and in a gallery in Birmingham, Ala.

Another exhibition has been scheduled for Miller in Germany in the spring.

It is better to use native shrubs for extensive plantings.

Freshman Gossip

Congratulations to our basketball teams on winning a first place trophy in the freshman boys division and a second place trophy in the frosh girls division.

We are very proud of the three all-tournament trophies won by Edith Johnson, Sherry Woods and Clint Johnson. Ronnie Pierce helped bring home the prize from the McAdoo Tournament by winning a most valuable player award.

Linda Altman has had some difficulty with her basketball suit. It seems that it will wear if you pull on it too hard.

The basketball girls hope that Mrs. King and Miss Halford enjoyed coaching the freshman game last Thursday night at which Slaton became the loser and the frosh girls added another victory to their season record. The frosh girls have a record of 7 wins and 3 losses. All three defeats fell at the hands of Floydada.

SANTA FE CARLOADINGS

Total carloads moved over Santa Fe System Lines for the week ending Feb. 22 were 31,523 compared with 31,639 for the same week a year ago. On-line loadings were 20,312 compared with 20,211 for the corresponding week last year. Cars received from connections totaled 11,211 compared with 11,428 for the same week a year ago. Santa Fe handled a total of 30,948 carloads in the preceding week of this year.

ACCIDENT A WEARY WORD

"Accident" is one of the most weary words in Webster's dictionary.

It's stretched to cover auto crack-ups killing or maiming people for life, children who die after gorging on "candy" aspirin, a person crippled for life after a crushing fall downstairs, as well as spilling a glass of milk.

The label "accident" — credited with more than five thousand lives last year—actually poses a stumbling block itself. "It was just an accident" is a socially acceptable excuse, even if a person is killed or maimed for life.

Even accident statistics—by their great diversity—confuse, rather than clarify the issue. For example, more than ten per cent of 1961's accidental deaths were due to falls, and about ten per cent of the victims burned to death.

So what do you do? Avoid stairways or eliminate fires and heating equipment from your home? That would hardly seem the answer.

Accident prevention today mainly consists of safety check-lists and slogan campaigns. But hopefully, in the future researchers may be able to paint the true epidemiological picture, much as was accomplished in the last ten years with polio.

Some research has been done, but the fourth leading cause of death presents a mammoth diverse challenge. Indications are that there is more involved in an accident than just a simple occurrence—fall, poisoning or burn.

The most dangerous time of the day, as far as home accidents go,

appears to be the period immediately preceding the evening meal—between three and six—the highest point of hunger and fatigue of the day.

Children in families under stress of some temporary type are more susceptible to accidents.

As far as cause-effect relationships, little is known. And unfortunately, much of the available knowledge and just plain common sense go unheeded. For example, we know poisons can kill, but babies continue to crawl under the kitchen sink and drink to their death the poison left there.

Although we don't have all the answers, we can apply knowledge that we have and question the label "accident" before stretching it to cover a death or injury in your home.

'64 Corvair Monza by Chevrolet

It's got a frisky new engine (that puts superior traction under you)

Some cars do best on the highway. Others seem tailor-made for city driving.

Then there's Corvair—that gets along just great most anywhere. Swishing along a highway. Scouring around in traffic. Or wading through a soggy trail.

Take highway driving. Corvair's got a bigger new engine with horsepower up nearly 19% in the standard version. But in case figures don't impress you, just wait until you head a Corvair for some far-flung places. You'll get the message.

Take city driving. Corvair's trim size, light steering (because the engine weight's in the rear)

and flat cornering make anything from rush-hour driving to parking a cinch.

Take back-road driving. The weight of Corvair's engine bearing down on the rear wheels gives them remarkable gripping power on most any surface, whether it's loose, solid, dry, wet—or even snow covered.

Something else you can take note of, too: There's no radiator to overheat or run dry. No hoses to check or replace. No need for antifreeze. The engine's air cooled.

Beginning to sound like a car you can really warm up to? Then there's only one thing left to take: a ride in one at your Chevrolet dealer's.

Does are ready for the Squaws

By Mary Beth Ford
Monday night, March 2, the Post Does travel to Plainview to play a bi-district game with the Friona Squaws. The game will start at 8 o'clock at the high school gym.

We are very proud of the Does for coming this far and we just want them to know we are behind them 100 per cent.

When I asked Miss Mary Lee Stockton, Doe coach, what she thought about the game Monday, this is what she said:

"Friona is undefeated this year, winning 26 straight games. They

have been rated, since the beginning of the season, as No. 1 team in the state. But I feel the Does can knock them out of that No. 1 position."

Nita Wilson, senior forward, has been averaging 30 points a game. Our offense has been strengthened by Vivian McWhirt and Marilyn Jones. We have never had a night when all three of our forwards have hit in double figures, but we are saving it for Friona.

The last two games Vivian McWhirt has hit 10 and 20 points, respectively, for her high points of the season. With Vivian's hitting and Marilyn Jones' hustle and scoring, along with Nita's, I feel that our offense is strong enough to beat the Squaws.

Our defense this year is led by Cheryl Martin, Dee Ann Walker and Darla Pierce. I feel that these girls can hold the Squaws' offense down below their average of 50 points a game. I also feel that we have one of the greatest defenses in the state. They not only are skilled, but have a great desire and give everything they have until the final whistle blows.

We have some great support from Shirley Sappington, Mervyn Ann Stone, Pam Stewart and Edith Johnson. I know it takes more than six girls to win a game, and with all of us working together as a team I'm sure we'll win.

We are going to be trying our very best to beat Friona and go all the way to state. I feel that we are more ready now than we have been all year. We hope all the fans come out and watch Post beat Friona.

Linda McMahon, head cheerleader, has announced that Monday night, March 2, has been declared the night for everyone that goes out to back their team, to please dress in black and white.

Good luck, Does!

Letter to Editor

LACK OF RECREATION

Dear Editor:

In listening to parents discuss their teen-agers and the problems they have with them, I am wondering if it isn't a lot to do with the lack of recreation in Post.

We have one theater, a small library in the high school and our one and only bowling alley has been closed. Teen-agers, like adults, need to be kept busy, as well as entertained. We need something to bring parents and children closer together—something like a family project.

I honestly do not know the answer myself, but would like some suggestions on the subject. Your newspaper could do us all a great big favor if you would publish this. By "us", I mean the teen-agers and parents.

Sincerely yours,
Mary Hensley

Marilyn Jones honoree at 'Sweet 16' party

By Carol Camp
Saturday night, Marilyn Jones had a birthday party. She was 16 years young.

For entertainment, the kids danced, played several games and listened to Marilyn's new "Beatle" album.

Around 34 kids attended the party. Marilyn got an assortment of gifts from everybody. She got several charms for her new bracelet, records and clothes.

I think everyone enjoyed wishing Marilyn a "happy birthday!"

Band director and wife parents of new arrival

By Emily Potts
The band students were very happy to learn of the arrival of the Bruce Evans' baby boy, Jay Bruce. He was born Feb. 7 at 6:34 p. m. weighed 7 lbs., 12 oz., and is 18½ inches long.

We are looking forward to his following in his father's footsteps as a band director.

6th grade thoughts on 'Beatles'

Songs, maybe; hair, gotta go!

By Barbara Lucas
Here are the opinions of some of the 6th grade students and teachers on the "Beatles."

Nancy Norman — I love their singing, but I hate their hair.

Mr. Schmidt — I don't think their music or looks are good influence for the young people of our nation.

Ginny Edwards — I love their singing, but I only like Paul.

Sandy Dixon — Their singing is common, but their hair is unusual and awful.

Beth Peel — I like their singing, but their hair has to go!

Becky Poer — Their hair is awful and all they do is make a lot of racket.

Debbie Hays — They are good singers, but their hair is too unusual.

Jan Wilks — If I didn't know what they looked like, I could like them.

Steve Newby — I like the way they sing, but they look funny.

Mr. Burnett — I like their singing, but I don't like their hair.

Cathy Cates — Their singing is awful, but their hair is dreamy.

David Pierce — I love them!

Rocky Gribble — I like their singing, but their hair is too much.

Bill Holland — Their hair is crummy, but they sing good.

Mrs. Black — They sing well, but their hair should be shorter.

Mr. Frederick — I think they make four good mops. Anyone can yell like they do.

Janet Cheshire — I like them.

Janet Ray — I like them.

Linda Sanchez — I like them, Ringo especially.

6th Grade News

By Kathy Jones
The 6th grade band students gave a surprise band concert during activity period Friday. They did an excellent job of filling in for the Junior High band. Thanks for the entertainment.

Victor Vargas has been absent a long time because of illness. He hopes to be back this week some time.

Glad to have John Birdwell back in school. Illness kept him out for a week.

David Pierce got to see his brother, Scottie, play basketball at Canyon Saturday night.

Nancy have you been having trouble with Jan? Tell us about it, Nancy.

Randy Hudman why did you keep throwing snowballs at the girls?

Jan W. did you have a hard time keeping everybody off your candy?

Ken why were you so red when you came out of History the other day?

Karon and Sharon who has been coming to see you every day lately?

Tommy Greenwood and Rodney Hopkins had a party. Everyone had a wonderful time.

Have you noticed how many 6th graders have new glasses? A few of them are Brenda Warren, Jane Johnston, Marcos Vargas, Inez Luna, Cirildo Bocanegra, Robert Gonzales, Ricky Gill, Vicky Gill, Josie Saldivar, Stella Lewis and Mary Alice Sanchez.

Can You Imagine

7th grade girls win first place cage tournament

By Glenda Watson
The 8th grade girls' basketball team played in the District Tournament at Tahoka against Frenship, with the Post girls winning. Then the 8th grade girls played Slaton and lost by one point, 19 to 18.

The starting forwards were Eubank, Holland and Valdez and the starting guards were Hutchins, Watson and Cook.

The 7th grade girls won first place in the tournament. Starting at forward were Power, B. Lee and K. Lee, with Martin, Carpenter and Sims starting at guard.

The 7th grade boys won Friday, but lost to Slaton on Saturday.

The 8th grade boys lost both their games, but brought home a consolation trophy.

We are proud of the Junior High basketball teams this year.

JUDY CLARY

Campus Favorite at Cisco college

CISCO — Judy Dianne Clary, sophomore student from Post, has been elected Campus Favorite by popular vote of the Cisco Junior College student body, Grady C. Hogue, president, has announced.

Judy is a member of the Wrangler Belle drill team, where she is serving as a lieutenant for her second year. She has been nominee for Homecoming Queen for two years, Ag Sweetheart her freshman year and represented CJC in the annual Peanut Bowl Queen contest this year. She is Valentine Sweetheart her freshman year and is a member of the Student National Educational Association, of which she is vice president.

Judy, a Post High School graduate, is the daughter of Mr. and Mrs. Alton Clary of Post.

Marie DeLeon is PHS newcomer

"The floating schedule is hard to get used to, but I like it," says Marie DeLeon, one of Post High School's newer students.

Marie, 17, is the daughter of the minister of the Church of God of Prophecy (Spanish). She has two brothers and two sisters.

Marie lived in Houston all her life before coming to Post and attended Aldine High School. She is a member of the Junior Class here.

The new student is 5 feet, 5 inches tall and has brown eyes and dark brown hair.

Marie moved here two weeks ago. She says she likes the change in climate and that it doesn't snow very often in Houston.

— Post High-lights —

The girls who sing first alto in the high school choir seem to have a major problem. The contest music is just great until the altos get to one particular measure in a rather difficult song. At this particular place, they have just a "touch" of pitch trouble. What's the matter, girls? Someone suggested that there might be one in your midst who is slightly tone deaf. But keep your chins up, girls. Maybe the piano needs tuning.

Sunday afternoon was rather exciting for those who chose to make their appearance in town. The girls could think of several more pleasant ways to spend the afternoon, but the boys enjoyed themselves very much. We learned to spell disaster as "WATER BALLOONS."

The Seniors are slowly but surely growing gray. Seriously, though the new reading vocabulary program is difficult, everyone is enjoying it very much. There is no limit to what has been learned already.

There seems to be a major epidemic raging in French class. When time for vocal competition rolls around and the recorder begins its daily task, everyone de-

David Lee makes LCC honor roll

LUBBOCK — David Lee of Durango, Colo., formerly of Post, has been named to the semester honor roll at Lubbock Christian College, according to Dr. Jack W. Bates, academic dean.

To be placed on the honor roll, a student must maintain a 3.25 grade point average. On LCC's 4.0 scale, 4.0 indicates a straight "A" record and 3.0 indicates straight "B."

Lee was one of 20 sophomores from his class of 159 who achieved this honor. His grade point average was 3.29.

Lee is active as a cheerleader, as sophomore class vice president and as a member of the A Cappella Chorus. He is a graduate of Post High School and the son of Mr. and Mrs. C. D. (Chant) Lee of Durango.

PUBLIC SCHOOLS WEEK
Visit a public school
MARCH 2nd thru 6th!

Post school patrons are invited to visit all Post Schools anytime that is convenient next week during Texas' 14th Annual Public School Week.

Supt. Barry Thompson and his faculty urge you to come and view the schools' many new experimental programs in action as well as the regular educational program.

These experimental programs are much easier understood by parents if seen in action. Lend your interest, encouragement and support.

OPEN HOUSE INVITATION

An Open House will be held in each of the four Post schools — Primary, Elementary, Junior High and High School — from 7 to 9 p. m. next Thursday night, March 5. All parents are invited. Meet your children's teachers. See what the schools are doing. Show your interest.

"Leave him be, future historians will go wild deciphering 'em—"

State Capital NEWS
By Vern Sanford

AUSTIN — Congressional redistricting is the prime topic of conversation at the state capitol.

U. S. Supreme Court shook up officials with a landmark ruling in Georgia's apportionment case. The court proclaimed that congressional districts must be as nearly equal in population as is feasible. It declared that unless the state sent unequal districts immediately, all Texas congressmen must run at large (statewide).

Texas congressmen, state legislators and top state officials are keeping their fingers crossed, as they await the Supreme Court's final decision in the Texas appeal. Main hope is that the court will delay the requirement of at-large elections this year and leave present districts intact since the election process is under way. This would give the Legislature a chance to draft a redistricting bill in regular session next year.

2. Gov. John Connally requested a study of redistricting by Texas Legislative Council. Such a study would necessarily include drafting or model bills. (Equal population for Texas' 23 districts would call for 416,000 in each.)

3. Texas congressmen themselves launched plans for special federal legislation to preserve present districts until the regular legislative session in 1965.

Governor Connally has made clear that if the Supreme Court affirms the Houston court ruling, he will call a special session immediately to try and bring some order out of the "indescrutable chaos" referred to in Carr's brief.

Whether the Legislature would pass a suitable redistricting bill in a special session is a serious question. Redistricting issue definitely is going to figure in the governor's race. Connally already has been criticized for not calling the legis-

lators in to work on the problem months ago. Issue also will be raised in some district contests as challengers charge incumbent legislators with failure to handle the matter in the regular session last year.

NEW HIGHWAYS MAPS—Brand new colorful 1964 official Texas highway maps now are available on request.

Texas Highway Department has made every effort to produce a more readable and convenient map. Type faces are bolder, and the national standard system of highway symbols has been followed in nearly all instances. Almost 7,000 miles of farm-to-market roads were deleted because of increasing complexity of the Texas highway system. Communities of less than 250 are not shown.

New map includes Ranch Road No. 1. It's the four-mile loop in Gillespie County leading from U. S. 290 to the ranch home of President Lyndon Johnson.

Free maps may be obtained from the Travel and Information Division of the Highway Department in Austin.

OIL ALLOWABLE — Railroad Commission ordered prorated oil wells to continue on a 25 per cent of capacity allowable in March. But even though February production at 29 per cent averaged an estimated 2,557,662 daily production, and although March will contain two more days than the 29-day February, production will be less.

WEEKEND GUESTS
Weekend guests in the home of Mr. and Mrs. Ralph Welch were their sons, Gary and Larry, and their son-in-law and daughter, Mr. and Mrs. Burl Carey, and children of Sterling City.

SEE YOU ON JOHN DEERE DAY

Plan now for you and your family to take a day off and join us, Charlie Weaver, Donna Douglas, and Margaret Hamilton for John Deere Day at SHYTTLES IMPLEMENT CO.

We star in a laugh-packed tale that finds me, Charlie Weaver, panic-stricken over a Mount Idy beauty who is "bit" by the love-bug and lured by the promised wealth of my antique shop.

The men of the family will see on film and on display, what's new from John Deere for 1964. You'll see the very latest in farm tractors, combines, tillage equipment, pickers, the "110" Lawn and Garden Tractor, and a whole parade of other equipment, brand new for 1964 — and built better for more profitable farming.

John Deere Day means fun for the whole farm family, and a complete preview of "What's Cookin' at John Deere for '64." Lunch is free ... so see you next Sunday, John Deere Day, 1964.

Eiffel's A Trifle!

This 994-foot-high steel TV transmitting tower, four feet higher than France's famed Eiffel Tower, is the tallest self-supporting structure in the U.S. Unlike the Eiffel, which was erected with 8,075 tons of wrought iron, this tower for Milwaukee's WITI-TV went up quickly using modern high strength steels weighing less than one tenth as much—750 tons. Even more amazing: the whole tower rests on just three solid struts of steel each a mere 9 inches in diameter.

OUTDOORS IN TEXAS

By VERN SANFORD

due to the use of almost weightless lures.

The secret, then, is balance. Every bit of the tackle must be balanced together—the rod, reel and line. Basic approach is to choose a rod best suited to your individual needs and later get the reel and line to match that rod.

For general Texas fishing, about an eight-foot fiberglass rod is satisfactory. It is light enough to make casting more pleasant, yet carries enough backbone to whip even the biggest of bass.

The reel is nothing more than a device to hold the line. It plays no part at all in the cast. But the reel should be balanced to the rod. No matter how much the rod-reel combination weighs, if it is properly balanced it will feel like you have no weight in your hands at all.

The line is very important. Stamped on each individual rod is a number which indicates the size of line that rod requires. A line too heavy or too light will not cast properly.

THERE ARE BASICALLY three

PATIENT NO. 25,000

McKee, president of the Texas Scottish Rite Hospital Crippled Children at Dallas, personally handled admission procedures recently for young Ruben G. Jasso of Dallas, the hospital's 25,000th patient.

types of fly lines—level, double taper and forward taper. To start with, get a level line. It is cheaper and will do the job adequately.

To commence casting, strip some line off the reel and lay it out in front of you, holding your rod at about a 10 o'clock position, or almost straight out. With a smooth uplift of the rod, bring the line up and back, stopping the rod at about 1 o'clock, or just behind your head. Watch the backcast. When the line straightens out, come forward smoothly and easily. The line will curl over and lay right out. It may take a little practice, but in a short while you should be casting adequately to catch fish.

Any type of tiny wet fly or top-water bug will do for Texas fishing. Use the basic colors of brown, black and yellow. Sometimes a tiny spinner can be attached forward of the fly to give it more appeal.

FISH THE BAIT slowly along the shoreline as you would fish any other bait with spinning or plug casting tackle. Usually you catch more fish with a fly rod than by any other method. However, the size of the catch is apt to run smaller.

But this is one advantage of the fly rod. Because it is whippy and light, even a hand-sized perch can cut all sorts of capers on it before being subdued.

Some people even fish with natural bait. They attach a tiny hook on the leader and put on bait like earthworms or insects and fish without any weight at all, or perhaps just a small split-shot sinker to carry it down.

FOR BASS IT OFTEN pays to graduate to larger baits, maybe a streamer fly about three inches in length or a larger popping bug. Bigger baits discourage many of the smaller perch from hitting. But you're likely to tempt more bass.

The popping bug is one of the most exciting of all baits to use. Cast it out and let it lie idle on the surface for a few seconds, then barely twitch it to simulate a bug which has fallen into the water and is struggling feebly.

But when you do, hold on. The next thing you know there might be a tremendous heart-skipping splash where a big bass comes boiling belly-up to kill this morsel of food. And then the fun begins!

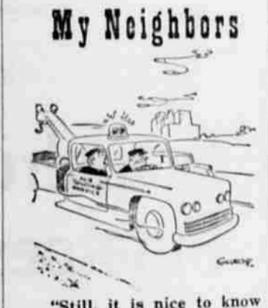

The mamba of the African forests is a snake that lurks in trees and bites its victims in the face or shoulder.

The coral snake is one of the smallest venomous snakes.

The Old Timer

"One benefit of inflation— youngsters can no longer get sick on a nickel's worth of candy."

What Is It?

It's aluminum! The first nuggets of aluminum created by electrolytic process in 1886. The metal and the company that introduced it—Alcoa (Aluminum Company of America)—are both celebrating their 75th Anniversary.

Just three-quarters of a century ago, one of today's most widely used substances was as rare as one of its more costly oxides, the sapphire.

The process to obtain it economically was discovered in a woodshed laboratory. It was first offered commercially in 1888.

It is light, bright, non-magnetic. Its resistance to corrosion far surpasses that of steel, its chief competitor.

It is used in a thousand products—from missiles to such everyday things as cooking utensils and appliances, storm windows and doors, packaging and zippers.

Today this versatile metal plays a key role in your life. Annual U. S. per capita consumption now is 29 pounds, and rising rapidly!

course at Tyler Junior College and opened Post's first television repair shop in 1952 and operated it for nearly a year.

Jay doesn't do TV repair in his "fix-et shop" today because of the large inventory of parts and special tools required for the work.

But he still fixes radios, lots of them, along with all kinds of appliances, power mowers, washing machines, dryers, and motor scooters.

Besides his present "fix-et shop" and the first television repair shop in Post, Foster through the years here and a local radiator shop, has operated his own garage.

Jay manages to keep up with his work pretty well.

"So far I've never been a week behind in my work," Jay says, "but once I did have 30 to 40 pieces of equipment torn down here in the shop waiting for parts. That's the big trouble, getting the necessary repair parts for all kinds of equipment of many different makes."

What was the most unusual job which Jay ever had in his years of running "fix-et shops"?

Foster thought a while on that one and then said with a chuckle it probably was when a woman got

a zipper of her dress caught in her undergarments. Jay had to work it loose.

Where did this one happen? Right here in Post, Jay says. He adds, with a grin, that the woman no longer lives here.

Foster says he appreciates your business and will always do his best to give you prompt and good service.

All of his work is guaranteed to give you full satisfaction.

Jay Foster has been a 'Fix-et' man all life

When Jay Foster opened "Jay's Fix-Et Shop" here on Jan. 1, 1963, where between 30 and 40 "fix-et you couldn't say he was just going into the repair business.

Jay claims he has operated some shops" all over the United States, in a majority of the states of the union, in fact.

Foster has called Post "home" ever since moving here as a 10-year-old boy back in 1910 when Post itself was seven years younger.

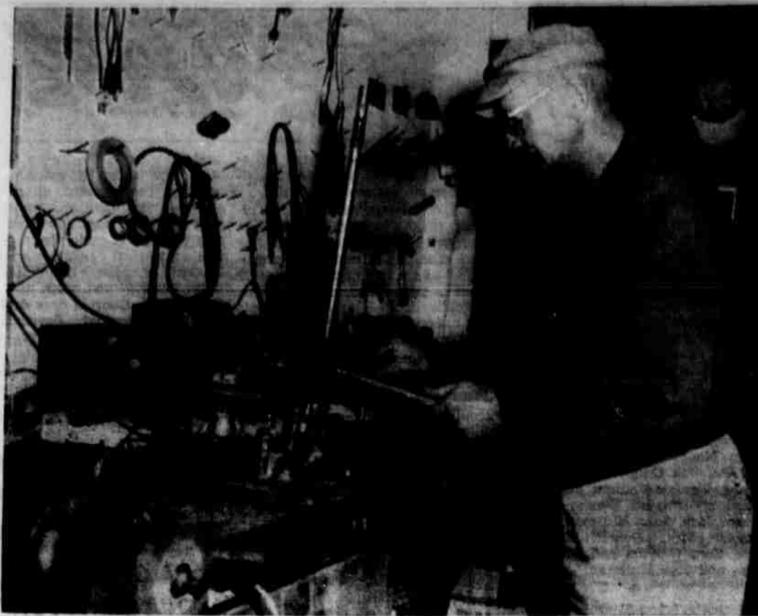

But that doesn't mean he has actually lived here all of that time. Jay describes himself as "a man with itchy feet."

The 64-year-old Foster, who was born just 50 days after the turn into the 20th century, explains that when he would choose a small town, similar in size to Post, to open a "fix-et shop" somebody would also come along who would like his business better than he did. So he would sell and move on a ways and open another.

Jay's last "fix-et shop" before returning to Post the last time Jan. 1, 1961, was at Willow, Calif., a small town in the Sacramento valley about 100 miles north of Sacramento, Calif.

He moved back this last time to make his home with his mother, Mrs. Hattie Foster, who is 84 and has been a Post resident for the last 54 years.

They live at 414 West 12th St. For the first two years back home, Jay took over a different occupational role. He became the

Jay likes to be his own boss. In all of his many "fix-et shops" he has had only one partner. And, Jay adds ruefully, it just didn't work out.

But to understand everything Jay is experienced at fixing in his shop, you have to know more about his background.

Foster had been in Post only two years (that was 1912) when at the age of 12 he got his first job in a garage. He worked in the old Double U Garage, when cars themselves were rather conversation pieces. At that time there were only five automobiles in Post. The garage was located where Noah Stone's Post Auto Supply business stands today.

When World War I came along in 1917, Jay joined the army as a boy of 17, and — you guessed it — almost immediately got into mechanics. This time he was a gun mechanic in aviation. He worked

on machine guns which were fired through the propellers of the Dehavolan observation plane.

Jay didn't get overseas, but he got as far as Camp Upton, N. Y., the overseas staging area for Europe during his three years in uniform.

Aviation was in its infancy in those days too.

After the conflict was over, Jay says he "just traveled." Basically he stuck to the auto mechanics trade until 1935. When one day he rolled out from under a car he was repairing, sold his set of mechanics tools and decided to get into radio.

Why did he quit auto mechanics? "I never did like it," Jay confesses. "I was always greasy from the time I started working on a car until six months after I finished it."

And when Foster quit, he quit. He hasn't worked on another car since except his own, and he doesn't even like to do that.

He learned the radio repair business and stayed with that basically until 1948 when he got interested in appliance repair—every kind of appliance.

When television came to West Texas with the opening of the first Lubbock TV station in 1951, Jay decided to branch out into the new industry—in repair work of course. So he took a television repair (See "Fix-Et" Man, Page 15)

RATTLESNAKE RODEO SET

Ken Gardner, left, president of the Lubbock Jaycees, and Ron Dexter, right, first vice president, look on (but not too close) as D. M. Durham, veteran rattlesnake hunter from Lubbock, displays a five-foot rattler. It's all leading up to the Lubbock Jaycee-sponsored South Plains Rattlesnake Rodeo to be held March 7-8 at the Lubbock Municipal Coliseum. All rattlesnake hunters are invited to bring their snakes to the Rodeo to compete for the prizes.
