

9 Community Workshop sessions to be next week

Is it possible to get a thousand people together for an hour to get their ideas on improving their community?

The Post Chamber of Commerce is going to find out Monday and Tuesday when it stages the long-awaited Community Workshop.

But it won't be one big meeting. Instead there will be eight different groups and nine one-hour meetings spread over the two-day period.

Ralph Duncan of the West Texas Chamber of Commerce from the Post Chamber of Commerce to attend one of the nine workshop sessions.

Group sessions are planned for professional folks, farmers and ranchers, retail store owners and managers, employes, housewives, high school seniors, oil, service and trades, and Postex Mill employes.

The workshop schedule appears today in The Dispatch in a special front page box.

S. E. Camp, chairman of the workshop for the Chamber, stresses attendance and participation as the two essentials for a successful workshop program.

Duncan told The Dispatch that each session will interest all those attending.

"You get me the attendance," he told Chamber workshop planners recently, "and the people will give you hundreds of worthwhile ideas."

Probably more planning effort has gone into this workshop event than any Chamber project undertaken in recent organizational history.

Those attending any of the workshop sessions will be asked to give their ideas on how to improve or build Post into a bigger and better community.

Duncan will take all the ideas offered, study them, and submit a comprehensive workshop report to the Post Chamber of Commerce directors.

From this report, the Chamber will draft its program of work (what it wants to accomplish) for the new club year. Some of the projects may take several years of programming and effort.

"All we want," Duncan said, "is one hour of your time if you care about your hometown and your ideas on how we can improve this community."

Post girl accepted in NSF summer program

The National Science Foundation has accepted the application of Elisabeth Tubbs to attend a summer science training program for high school juniors at the University of Houston.

Miss Tubbs, daughter of Dr. and Mrs. Harry A. Tubbs, was notified of her acceptance by R. L. Motard, director of the National Science Foundation.

The training program, which will be for eight weeks, June 22-Aug. 14, will stress mathematics, science, logic and research.

STUFFED OWL A PRIZE WINNER

This stuffed owl of Beverly Duncan's was a big attraction at the Post schools' annual Science Fair last week. The taxidermy project won third prize for Beverly in the high school biological division.

OUTSTANDING SCIENCE FAIR EXHIBIT

Elisabeth Tubbs is shown with her top prize-winning Science Fair exhibit, which won first place in the high school mathematics division and also the most outstanding award. "A Method of Testing the Divisibility of a Number by 7 and Also a Process Related to Dividing by N" was the title of the project.

EXCAVATIONS WIN SECOND PLACE

These fossils, believed part of the skeleton of a prehistoric animal, won second place for Bruce Ledbetter in the schools' Science Fair. "My Experience in Excavating" was the title of Bruce's exhibit, which placed second in the high school biological division.

Band concert will be staged Monday

The Post High School concert band will be presented in concert at 8 p. m. Monday, April 27, in the primary school auditorium. Director Bruce Evans announced.

A varied program will be played, including marches, patriotic music, popular music and other concert band selections.

A sound and color film will be shown of the marching show presented by the Post band at the Interscholastic League contest last November.

The John Philip Sousa Award will be presented to the outstanding senior band member. The award is sponsored by the Post Lions Club.

Director Evans said the Post High School band has enjoyed the most successful year of its history this school year, receiving Division I ratings in both marching and concert playing and a Division II rating in sight-reading.

The band will go to Arlington on May 15 to participate in the final Six Flags Over Texas Band Festival, along with other outstanding bands from four states.

Admission is free to Monday night's concert and the public is cordially invited to attend this final concert, the band director said.

Robinson race is announced here

Racy Robinson, candidate for Precinct 1 county commissioner, makes his formal announcement to the voters this week after having announced his candidacy earlier. His statement follows:

"I am still trying to get around to seeing every Precinct 1 voter between now and the election date. If I miss anyone, it was not my intention, and I will appreciate your vote and influence."

"Having served one term in the office, I feel I am fully qualified to come back and make you a good county commissioner if you see fit to elect me. I am familiar with the duties of the job and promise, if elected, to serve with your interests and those of Garza County at-large always uppermost in my mind."

"I will invite any person to make any suggestion at any time for the betterment of county government. I feel that my experience as an officer will enable me to handle the job, having served (See Robinson, Page 8)

Last rites held for Mrs. Barron

Funeral services for Mrs. Alice Grace Barron, 56, of the Close City community, who died last Thursday in Garza Memorial Hospital, were conducted at 10 a. m. Saturday at the First Baptist Church.

Mrs. Barron, who was born Nov. 20, 1907, at Roby, moved to Garza County from Lamesa 15 years ago. She had been ill for some time.

The wife of J. F. Barron, she was a member of the Friendship Baptist Church and the Order of Eastern Star.

Besides her husband, Mrs. Barron is survived by two daughters, Mrs. Frances Spencer of Plainview, and Dianna Barron, who is a senior in Post High School; one son, James Barron of Tulsa; three sisters, Mrs. R. G. O'Rear and Miss Mary Rankin, both of Loren.

Infant unhurt in two-story fall

An eight-months-old infant fell out of a second story window at Sartain's rooming house at 123 North Broadway Tuesday afternoon but suffered no serious injury.

She was Teresa Mayfield, daughter of Mr. and Mrs. Charles Mayfield. He is employed with the BB & M Drilling Co. here. The family is from Midland.

Mrs. George Sartain, who operates the rooming house, told The Dispatch that Mrs. Mayfield was playing with Teresa when the infant slipped out of her hands and fell onto the windowsill.

The fall knocked the hook on the screen loose and before her mother could grab her she fell to the ground below.

"We think the child hit the top of a big, old air conditioner building," Mrs. Sartain said.

NEW PASTOR

The Rev. Joe Vernon (above) filled the pulpit for the first time Sunday as new pastor of the First Baptist Church here. A church-wide reception-pounding for the new pastor and his family was held Sunday following the evening worship hour.

Jack Kennedy in voter statement

J. A. (Jack) Kennedy, who earlier this year authorized The Dispatch to announce his candidacy for Precinct 3 commissioner, this week issues his formal statement to the voters.

"As you already know, I am a candidate for Commissioner, Precinct 3, Garza County. I believe just about everyone in the precinct knows me, but for those who do not:

"I was born 52 years ago in Garza County, Precinct 3, and have lived in this precinct all my life. I live on my farm, located about (See Kennedy, Page 8)

Tom Gamblin in voter statement

"After conscientious consideration of my belief that, in order to maintain a prosperous democracy, each person must participate in the government of the community in which he lives in whatever way he is qualified, I hereby announce my candidacy for County Attorney of Garza County, Texas.

"I have been a resident in the practice of law in this county for six years and have had ten years of experience in the practice of both civil and criminal law, which has given me an intimate knowledge of that law, thus qualifying me to be your next County Attorney. In addition to my ten years experience as a lawyer, I have been a Certified Public Accountant for the past 15 years.

"The office of County Attorney is one of utmost importance which should be held by a person of integrity, a person of experience in all phases of law, and a person with a realization of his responsibility to the voters."

8 one-act plays to be presented

Eight one-act plays, including the District 4AA first-place winning play, "Will o' the Wisp," will be presented tonight and Friday night at 8 o'clock in the primary school auditorium by the Post High School speech department.

"Will o' the Wisp," the play that won the district championship for Post High School, has a cast of Lynn Edwards, Margie Harrison, Linda McMahon and Vickie Wilks.

The other plays to be presented in the two-night event are "A Little Learning," "Dark Brown," "Neglected Husbands' Sewing Club," "Tiger Lily," "Early Frost" and "Ruffles and Roller Skates."

The plays are under the direction of Howard Carlyle, speech instructor.

Tickets are being sold by speech students at \$1 for reserved, 75 cents for adults and 50 cents for children, or may be purchased at the door each night.

The Post boys' choir, directed by Mr. Wilson, will sing "Ride the Chariot" by Smith, "Sing Me a Chantey" by O'Keefe and "Go Tell It on the Mountain" by Huntley.

Mrs. R. L. Marks of Post will bring greetings from the Federated Music Clubs of Texas.

The final part of the concert will be sung by the mixed choir and directed by Mr. Wilson. The choir will sing "Gloria in Excelsis" by Whitney, "Moon River" by Mancini, "Comin' Through the Rye" by Simone, "Barefoot" by Naylor and "How Great Thou Art" by Hine.

The public is invited to attend the concert.

7 to 10 more feet needed

Water available within month after lake rise

The new White River Lake water supply will become available within 30 days after the water level of the lake rises another seven to ten feet.

That was the announcement of Al O'Brien, manager of the lake project, at the April meeting of the White River district directors he'd last Thursday night in his office in the filtration plant building at the dam site.

He reported the water level at the dam is now 18 feet, and is just three feet over the intake for the filtration plant.

O'Brien said "it will take 30 days after the lake fills to check everything out and get into operation."

As the lightning flashed outside and a thunderstorm rolled down from the north, directors were told of both progress and needs by O'Brien.

Directors first voted \$3,000 to clean up the lake area. Trees will be grubbed and brush piled and burned.

O'Brien reported that a Dickens and Crosby county delegation had visited with the state highway commission at Austin relative to a second road into the damsite from Spur.

It was indicated that there is a possibility to get both farm to market roads into the dam site let at the same time late this summer.

There are lots of "ifs" of course involved, including availability of funds, getting the planning commission (See Water, Page 8)

Claborn announces to Garza voters

L. E. Claborn Jr. this week is making his formal statement to the voters after announcing earlier that he is a candidate for a second term as sheriff of Garza County. His statement follows:

"In asking for a second term as your County Sheriff, I am letting my record speak for itself. My only promise is that if you see fit to honor me with re-election, I will continue to enforce the law to the best of my ability.

"I've made a special effort to see every voter possible during the last several weeks and will keep right on trying up through the election. However, my obligations to the duties of the Sheriff's office have had to come first, and if I have missed seeing any of you, it has not been intentional.

"I've not had as much time as I'd have liked for campaigning, but if I haven't seen you or don't see you before the election, please take this as an earnest solicitation of your vote and influence.

"I have made every endeavor to serve you as you expect to be served and, if elected, will continue to do so."

Order of Arrow Conclave slated

C. W. Post Memorial Boy Scout Camp here will host this weekend its first Order of the Arrow Conclave in 11 years.

Approximately 400 members of the Order of the Arrow are expected to attend from throughout the order's Western Range, which includes West Texas and the southern part of New Mexico.

Conclave activities will commence Friday and continue through Sunday, according to Camp Ranger F. A. (Chief) Runkles.

The Rev. Bernard S. Ramsey, minister of the First Christian Church here, will preach at a special Conclave church service at the Scout camp at 8:45 a. m. Sunday.

After announcing his candidacy earlier for re-election as Precinct 1 commissioner of Garza County, Jack Myers today made the following statement to the voters:

"I would like to take this opportunity to thank all the people of Garza County who have been so kind, cooperative and courteous to me in the past.

"It has been an honor and a pleasure to serve you as your Commissioner of Precinct 1 for this term. I would like to solicit your continued support in re-electing me as your Commissioner for a second term in office."

Just one hour of your time and your best advice on what to do to improve Post and the economy of this area.

That's all that is being asked over a thousand Garza Countians invited to participate in Post's Community Workshop here next Monday and Tuesday.

If everybody who has been asked will respond with interest and enthusiasm the workshop could be one of the best things that ever happened here. Certainly never before in the town's 57-year history have so many people been asked for their advice on how to improve our hometown.

The meetings are all open to the public. The meeting schedule is printed on today's front page. Come one, come all. Tell your Chamber what you want. All the suggestions will be correlated by the West Texas Chamber of Commerce which is directing the workshop and the most useful ones will be incorporated in the Post Chamber's new Program of Work.

Give your community sixty minutes of your valuable time next week. Attend one of these meetings. Make your suggestions. Participate. Post will be the better for it. A whole lot of work has gone into planning this workshop. But (See Postings, Page 8)

'HOME' NEEDED FOR EXCHANGE STUDENT

Do you want to invite a foreign exchange student to live in your home for the 1964-65 school year?

That was the challenge to Post today—and the only stumbling block still in the way of Post High School qualifying for a foreign exchange student.

"The high school student council has the money and the backing for the student," Principal T. C. Clark told The Dispatch today.

"But we must have a home for the student before making application, and the deadline is getting close," Clark added.

He said the students have expressed their preference for a boy next year. The first foreign exchange student was a girl.

Anybody wishing to invite a boy from a foreign land to live with them, next year is asked to contact Principal Clark.

After announcing his candidacy earlier for re-election as Precinct 1 commissioner of Garza County, Jack Myers today made the following statement to the voters:

"I would like to take this opportunity to thank all the people of Garza County who have been so kind, cooperative and courteous to me in the past.

"It has been an honor and a pleasure to serve you as your Commissioner of Precinct 1 for this term. I would like to solicit your continued support in re-electing me as your Commissioner for a second term in office."

Joint choir concert set for Tuesday

The Post and Slaton high school choirs will sing a joint concert Tuesday, April 28, at 8 p. m. in the high school gymnasium here.

T. C. Clark, Post High School principal, will give the welcome. Mrs. M. G. Davis of Slaton will direct the mixed choir in singing "Sleeping Village" by Karel, "One in God" by Hutson, "Hole in the Bucket" by Gardner, "When the Saints Go Marching In" by Thompson and "Once in Love With Amy" by Loesser.

The combined girls' choir will be directed by Georgie M. Willson of Post in singing "Shepherds Awake" by Hallstrom and "Singing Brook" by Pohlmann. Mrs. Davis will direct "Holiday Song" by Shumann, "The Village Priest" by Venti and "O. Mary, Don't You Weep" by Wilson.

The Post boys' choir, directed by Mr. Wilson, will sing "Ride the Chariot" by Smith, "Sing Me a Chantey" by O'Keefe and "Go Tell It on the Mountain" by Huntley. Mrs. R. L. Marks of Post will bring greetings from the Federated Music Clubs of Texas.

The final part of the concert will be sung by the mixed choir and directed by Mr. Wilson. The choir will sing "Gloria in Excelsis" by Whitney, "Moon River" by Mancini, "Comin' Through the Rye" by Simone, "Barefoot" by Naylor and "How Great Thou Art" by Hine.

The public is invited to attend the concert.

'Going it alone' not Chest's way

The American Cancer Crusade is trying to get its foot back into Post's front door and organize a separate financial drive here to help finance its work.

The Dispatch recognizes this organization as a well-established one with a worthy research program. But we simply are opposed to national organizations coming into our county and trying to lay down to us the terms of OUR giving.

The American Cancer Crusade not too many years ago was a participating organization in the Garza County Community Chest. It got paid regularly by the Chest at the conclusion of the one-year, county-wide fund raising drive.

But then the bigger echelon "brass" of that organization decided it would no longer participate in Community Chest or United Fund Drives. It was going to "go it alone."

When Garza Chest officials bid the American Cancer Society goodbye a few years back it was with reluctance. Garza countians are willing to support the cause of cancer research.

We asked only that such organizations participate in the Community Chest. It gives Garza County some measure of control over its giving. It combines all the annual fund raising into one single drive, thus enabling each worthy organization to receive its financial needs without one drive or two simply "overpowering" all the others.

The only way that Community Chest organizations, such as ours, can maintain our momentum is to have full community support.

If the American Cancer Crusade wants Garza contributions, it is invited to join the Chest.

If it is determined to organize a separate drive and undermine the Community Chest and all the years of hard work which have gone into making this fund raising drive an annual success, then The Dispatch for one does not choose to support it.

The Community Chest we think is well worth fighting to preserve.—JC

Golden opportunity—don't miss it!

If all the 997 people personally invited by letter to attend the Chamber of Commerce-sponsored Community Workshop here next Monday and Tuesday showed up, think of the number of town improvements suggestions that would result!

Of course, not that many will attend, but Chamber members are, nevertheless, hopeful of a good turnout.

Consisting of eight different group meetings over the two-day period, the Community Workshop will afford each of us the opportunity to make our "pet" suggestions for projects to improve Post.

The experience and know-how of the West Texas Chamber of Commerce is behind the Community Workshop, and the two-day event has been set up in such a manner as to make it convenient for everyone to attend.

Workshop Chairman S. E. (Shelley) Camp

stresses that the workshops are public meetings and everyone is invited to attend and participate, even though a few might have been overlooked in the addressing and mailing of the 997 personal invitations.

The eight group sessions of the workshop will take in professional people, farmers and ranchers, retail business owners and managers, housewives, employees, etc.

As pointed out by Ralph Duncan of the WTCC, who will conduct the workshops, there is a session for everyone, and the more in attendance at each session, the better. Community betterment is the keynote of the workshop.

Don't miss this golden opportunity to come out and "air" your suggestion or suggestions of projects that you feel will benefit your community. The only cost will be an hour of your time—put to good use.—CD

Visual traffic control best

Texas spends a lot of money every year making its highways safer for driving. Right now, for instance, Garza countians are awaiting the obtaining of right-of-way which will eventually lead to the four-laning of U. S. Highway 84 from northwest of Post to the county line.

At the same time, the volume of traffic on Texas highways is growing rapidly. The more traffic, the more chance for accident, and last year chalked up a new record for Texas both for the number of accidents and the number of people killed.

It seems that while we are sparing no expense to make the highways better to travel on, we are saving too much money on the cost of law enforcement to regulate the traffic upon them.

Texas has an excellent highway patrol system, and Post has been fortunate in having two highway patrolmen stationed here for the last three years. But, statewide, Texas is short of highway patrolmen.

Col. Homer Garrison, the director of the Department of Public Safety, has asked for double the size of his force, to 2,000 men. He says that there is nothing like "visual traffic control": that when you can see patrolmen on duty you are more likely to obey the traffic rules.

We will certainly agree with this. There is nothing like the sight of a highway patrol car either in front of you or behind you to make you drive with care. We believe traffic safety would be promoted in Texas if we had more patrolmen on duty. It ought to be worth the extra cost to us.—CD

It's Chemical Progress Week

April 20-25 marks Chemical Progress Week, and it would be difficult to think of an observance of any development having a more direct bearing on every one of us.

Chemical science, and all the industries which utilize and advance technique and knowledge in this field, have transformed the living standards of this nation.

Post's and Garza County's leading industries, agriculture and oil, make big use of chemical science, as does the big Postex Mills.

We receive the benefits of chemistry when we say "fill 'er up" to the attendant at the service station. The housewife is another beneficiary when she uses one of the innumerable modern detergents in the course of her household tasks. And in

business and industry, chemistry has produced revolution after revolution, to the benefit of all concerned, especially the consumer.

One of the best examples of the manner in which chemicals have become an indispensable part of our way of life is found in agriculture. Fertilizers, pesticides and other such preparations make possible this nation's abundance of food and fiber. Without them, say top authorities, we would be forced to exist on a near-starvation basis. Used properly and according to simple and mandatory safety rules, they make a contribution to the national well-being and health that almost defies exaggeration.

So—a salute to Chemical Progress Week. It represents a progress in which we all share.

Big boost for baseball program

The newly organized Post Junior Chamber of Commerce is off and running with the ball.

In taking over the maintenance chores of the two boys' baseball parks here in return for concession rights for the summer season just ahead, the Jaycees have committed their manpower to a mighty good cause.

Post and Garza County has a right to be mighty proud of its boys' baseball program. What towns our size have two lighted parks, back to back, with well organized Little League and Babe

Ruth League baseball, plus an American Legion Junior baseball program as well?

This has been made possible by the dedicated efforts of many baseball-minded men who give freely of their time to manage the teams and run the leagues.

On the threshold of a new baseball season, The Dispatch doffs its editorial hat to them—one and all. And congratulates the new Jaycees for joining their efforts in this worthy community endeavor.—JC

What our contemporaries are saying

Has our country had the pleasures and the easy life so many years it has come to the point of needing different excitement and stimulation? I refer to an incident in Albany, N. Y., where a youth threatened to jump to his death from an 11-story building while people in the streets below chanted for him to do just that. Mobs gathered and individuals made bets on whether or not he would jump. The people actually wanted to see a 18-year-old youth lose his life for their entertainment. If the moral fiber of this country has decayed to such a point, then let's give it to the Russians now and hope they can keep it from completely destroying itself from within.—The Rails Banner.

Never criticize the way a man dresses. He may have two automobiles, a motor boat, a wife and three daughters to support.—Harold Hudson in The Ochiltree County Herald.

If you feel kinda ashamed about your gas

mileage, do like the rest of us—lie about it.—James Roberts in The Andrews County News.

A race horse is an animal that can take several thousand people for a ride at the same time.—Wendell Tooley in the Floyd County Hesperian.

The news boys are having a ball with the story about LBJ having a heavy foot on the accelerator, reminiscent of the time the same thing happened to Ike. But, after all, what can a poor cop do? Can't you picture one ordering LBJ over to the curb and shouting in his face, "All right, Buster, who do you think you are—the President of the United States?"—W. H. Cooke in The Rockdale Reporter.

My idea of a personal disaster is buying an electric tooth brush and then being told by my dentist that the original crockery must go.—Douglas Meador in Matador Tribune.

THE MAN UP the street says there's nothing like the first horse-back ride to make a person feel better off.

We're seeing more and more of the candidates as the end of April approaches, with May just around the corner. Our Comic Almanack says the Changeable Weather Season begins Saturday, May 2, which is also the date of the first primary election.

OUR CAT, Blackie, isn't really going to the New York World's Fair, as pictured above. He is only dreaming about it—we think.

What do the following have in common: Dan Flagg, Winky Ryatt, Kerry Drake, Andy Capp, Juliet Jones, David Crane, Gil Thorp?

IF THE ABOVE is a hard one, this should make it easier. What do these have in common: Snuffy Smith, Dick Tracy, Winnie Winkle, Joe Palooka, Mary Worth, Buz Sawyer, Barney Google?

All are comic strips. A recent survey has shown that most of the people polled are well acquainted with the second group, Smith, Palooka, Winnie, Tracy, et al, but not so well acquainted with Flagg, Ryatt, Drake, Capp, et al.

TOWER THEATRE Manager Johnny Hopkins points out with justifiable pride that most of the movies figuring in last week's Academy Awards have already shown in Post and that most of those that haven't will show here soon, including the topper, "Tom Jones." One of the winners, "Charade," has just ended a run at the Tower. Others that local moviegoers have had an opportunity to see without leaving town have included "Irma La Douce," "Lilies of the Field" and "Hud."

Columnist Earl Wilson says the secret of giving a successful party nowadays is to play "Hello, Dolly" every other song, but, strangely enough, it hasn't hit the Top "40" Survey out here yet. For the week ending April 20, the No. 1 song on the Top "40" is "The Waiting Game," with "White on White" No. 2, and "Suspicion" No. 3.

TWO FULL evenings of entertainment are in store for those attending the one-act play presentations tonight and Friday night in the primary school auditorium. A one-act play rarely drags, as some of the lengthier productions do, and in the one-acters to be presented tonight and tomorrow night you'll see the results of Director Howard Carlyle's fine work with his speech students.

Have you heard about the antique dealer who had five wooden statues to sell? He put them in his window titled "The Five Senses." Someone bought one of the statues, so he changed the title card to read "The Four Seasons."

When another was bought, the card was changed to "The Three Graces," and when yet another was bought, the remaining statues became "Night and Day."

At length someone bought the next to last statue. The remaining one was titled, "Solitude."

THEN and NOW

In Greek mythology, Hygieia was the Goddess of Health. Originally worshipped as the guardian of physical health, she also became the guardian of mental health and a protectress against all kinds of danger. From her we obtain the modern word, hygiene.

Thru many centuries, man devised amulets or charms hung at the door or worn on the person for health protection. This was all that was known as preventive means against infections or ailments.

Modern feminine hygiene methods—range from personal cleanliness—baths and showers—deodorants. The modern Lysette liquid formula is designed as a mild cleansing deodorant. For a free sample and educational booklet, write to Lysette, Dept. L & F, 445 Park Ave., New York, N.Y. 10022

PROPER FOOT CARE

One isn't enough, really, when it comes to feet.

You might say it takes two to tango, climb stairs or perform the majority of a person's ordinary tasks. People who have lost their feet, or at least lost use of them, may learn to compensate, but their words to two-footed friends would invariably be "take care of your feet while you have them."

Feet are composed of the same types of bones, blood vessels, nerves, muscles, ligaments and skin that compose the rest of the body. Feet, as easily as other organs of the body, may become diseased. As a matter of fact, some diseases, such as gout, manifest themselves first in the feet.

Proper foot care is essential for general health. And it must be begun early.

A baby's foot grows and develops along with the rest of his body. Not until about age ten is the general structure of the foot completed. Certain details of the information are not perfected after the twentieth year of life.

Parents who would be horrified at the thought of mashing a child's finger with a hammer, may be contributing—by neglect—to foot disorders.

Common causes of foot defects are short, narrow shoes; improper style of shoes; shoes that are too stiff; runner heels and broken down arches; and short stockings that crowd the toes.

Children's feet grow and change at a rapid pace. Shoes and socks may need to be replaced as often as from four to eight weeks with a larger size.

Both children and adults need to give good daily care to their feet. Keep feet clean. Wash them

with mild water and soap the skin carefully. Avoid them too hard with a coarse brush. In the case of athlete's foot, corns or calluses, consult a physician. The same goes for cuts, sores or other infections on feet or legs. Women should wear tight garters and ensure they fit. Their purpose is to protect your feet and give balanced foundation on which to stand. For this reason, always select the style that's designed for your type of foot.

FOOD FOR THOUGHT

A man of 60 has spent more than three years of his life eating according to novelist Arnold Bennett. This provides food for thought. How many days has his wife cooking for him? With all day's conveniences—both electrical and edible—the home probably less kitchen-bounding than at any time since it was covered fire to make food palatable.

JIM C. LANGDON
Democratic Candidate For
Railroad Commissioner

Jim C. Langdon is six feet, four and weighs 240 pounds... probably the tallest and biggest state official since Sam Houston.

Professionally, Jim Langdon is a big man with a big job to do, for he is one of the three members of the Railroad Commission. He was appointed to this job last spring by Gov. John Connally and now is seeking the approval of the voters to serve the remaining four years of the six-year term.

The request that he serve on the commission came while Judge

Langdon was serving as Chief Justice of the El Paso Court of Civil Appeals.

Langdon served as an Appellate Court presiding Judge (1959-63), as a District Judge for Sutton, Crockett, Pecos, Kimble and Upton Counties (1954-59), and as a practicing attorney (after World War II).

He was an FBI agent during a portion of World War II, resigning to enter the Navy.

Langdon is 49 years old, a native Texan, a Methodist, married and has four sons and a daughter.

He has lived in six towns: Stephenville (where he was born), Glen Rose, Cleburne, McCamey, El Paso and now Austin.

He comes from a family that is large physically as well as numerically. He has three brothers and two sisters. His youngest brother, John of Houston, is 6-6 and is a former basketball star at the University of Texas; Charles, a Fort Worth attorney, is the middle, standing 6 even; Jack, 6-2, is a former TCU end and is now Associate Justice of the Fort Worth Court of Civil Appeals. His sisters are Mrs. Charles H. Collins of Beaumont and Mrs. W. E. Spradley of Albuquerque.

Judge Langdon attended Tarleton State and is a University of Texas law graduate.

He has been named to state offices by three different governors: District Judge by Shivers; Appellate Chief Justice by Daniel; Railroad Commissioner by Connally.

THE JIM LANGDON FAMILY—Jim Langdon, Railroad Commissioner seeking re-election, poses here with his family on the University of Texas campus, where he graduated in 1940. Jim, Jr., 18, right is now a student there. Others in the family, left to right, are: Joe, 16; Jerry, 12; Judge Langdon; John 14; Mrs. Langdon, and Julie, 9.

SHOOTING FOR CROP

John Box, agronomist for the Texas Agricultural Extension Service, advises cotton producers to shoot for a cotton crop in 150 days. He says a bale per acre can be

produced and harvested in five months if the crop is kept on its normal growth schedule. Good management, he concludes, is the key to profitable cotton production. Be prepared to do the right thing at the right time and in the right way.

LONE STAR AGRICULTURE

John C. White, Commissioner

UNITY COUNCIL OF FARM AND INDUSTRY GROUPS PROPOSED

Lack of communication among farm organizations and allied industries is a major stumbling block that threatens future agriculture progress, according to Texas Agriculture Commissioner John C. White.

The term "agribusiness" defines a phenomenon of the past 10 years, said White. "It is a new word coined to express the explosive vitality generated by the prosperity and interdependence of rural farm interests and related urban businesses."

"But this decade of progress in agriculture and business may have

reached its peak unless we establish a closer working relationship among farm organizations themselves," White added.

"We have a vast number of farm organizations in Texas, each set up to promote a particular phase of agriculture or to achieve an individual set of goals. These groups seldom unite to push for farm progress in general. Such a lack of unity gives rise to a constant scramble for supremacy in agricultural leadership. Our greatest fault lies in our failure to realize that our long-term goals are essentially the same."

Commissioner White has proposed the formation of a Council of United Agricultural Organizations embracing leaders from various farm organizations and representatives from related business interests. This group could meet regularly to explore areas of both agreement and disagreement on farm problems. This would be especially valuable in determining lines of support or opposition on state and national legislative proposals affecting agriculture, Commissioner White said.

"I do not propose that individual farm organizations sacrifice their sovereignty to such a council," White stated. "Instead, we should establish a meeting place to determine our common goals, work out our common agreements and work as a strong unit for the common good of Texas agriculture."

SOLDIERS' PREFERENCE

A recent study called "Food Preferences of Men in the U. S. Armed Forces" has pointed up some interesting food facts: First on the list is fresh milk, then hot rolls, hot biscuits, strawberry shortcake, grilled steak, ice cream sundae, fried chicken, French fried potatoes and roast turkey.

NUTRITION WORKSHOP

Texas A&M University will be host for the third annual Human Nutrition Workshop for home demonstration agents of the state. May 4-8. Authorities from the fields of research, nutrition, health, biochemistry, medicine and dental science will be featured. "Nutrition Over the Life Span" will be the theme.

It's the Law in TEXAS

ADVERTISEMENTS AND LABELS

Of late the law of warranties has placed heavy tort responsibilities on advertisers. Sometimes the buyer may treat what sellers say about their goods as promises to which the law will hold them.

In the old days a seller was responsible mainly to the buyer, but the product liability now goes beyond the first buyer. Warranties now sometimes protect the buyer's family, his friends, or innocent bystanders whom the product may hurt.

But the law is not all one way. Recently, in another state, a chemical firm sold an insecticide spray. Farmer Jones bought some, and sprayed his crops. Many plants wilted. Jones sued the firm for the loss of his plants.

The company wired that the label said "Seller makes no warranty of any kind, express or implied, concerning the use of this product. Buyer assumes all risk in use or handling."

The chemical firm won this lawsuit: Parties to a sales agreement, as a rule, can agree to disclaim liabilities, as for example, when the seller tells the buyer before he buys that he makes no warranty, or makes only limited ones. Jones should read the label and know of the limitation, otherwise, without any express limitations the law "implies" a warranty that the product is fit for its intended use.

Like labels, advertisements may limit as well as increase a seller's responsibility. In a famous case a car maker claimed that all his cars' windows had safety glass that would not shatter when hit by small rocks. Smith bought a car, but when a pebble struck the glass, it shattered, hurting him badly. The court held that the seller had made warranties by advertising his car windows' special features to consumers. He had to pay.

In another case, Mrs. Brown was famous for her chicken salad. She bought canned chicken which was labeled and advertised as having "no bones." This time her chicken salad contained several broken bones which hurt her mouth. The court held that the canner had to pay Mrs. Brown for her injuries.

Bob Poole resigns Piggly Wiggly position

Bob Poole, assistant manager for the Piggly Wiggly store here for the last 18 years, has resigned his position with the super market concern effective last weekend.

Poole said his future plans are "indefinite" but that he wants to take a good vacation first. He said he hopes to remain in Post.

EXPENSIVE TO FARM

It's expensive to farm. A survey of 76 hog-beef fattening operations in the Corn Belt showed farm capital Jan. 1, 1963 averaged \$98,314 with \$66,000 of this in lands and buildings. Farms surveyed ranged from 160 to 340 acres, 100 to 300 hogs, 30 to 150 feeder cattle fattened and fewer than 10 milk cows.

She had a right to think there were no bones at all in the can.

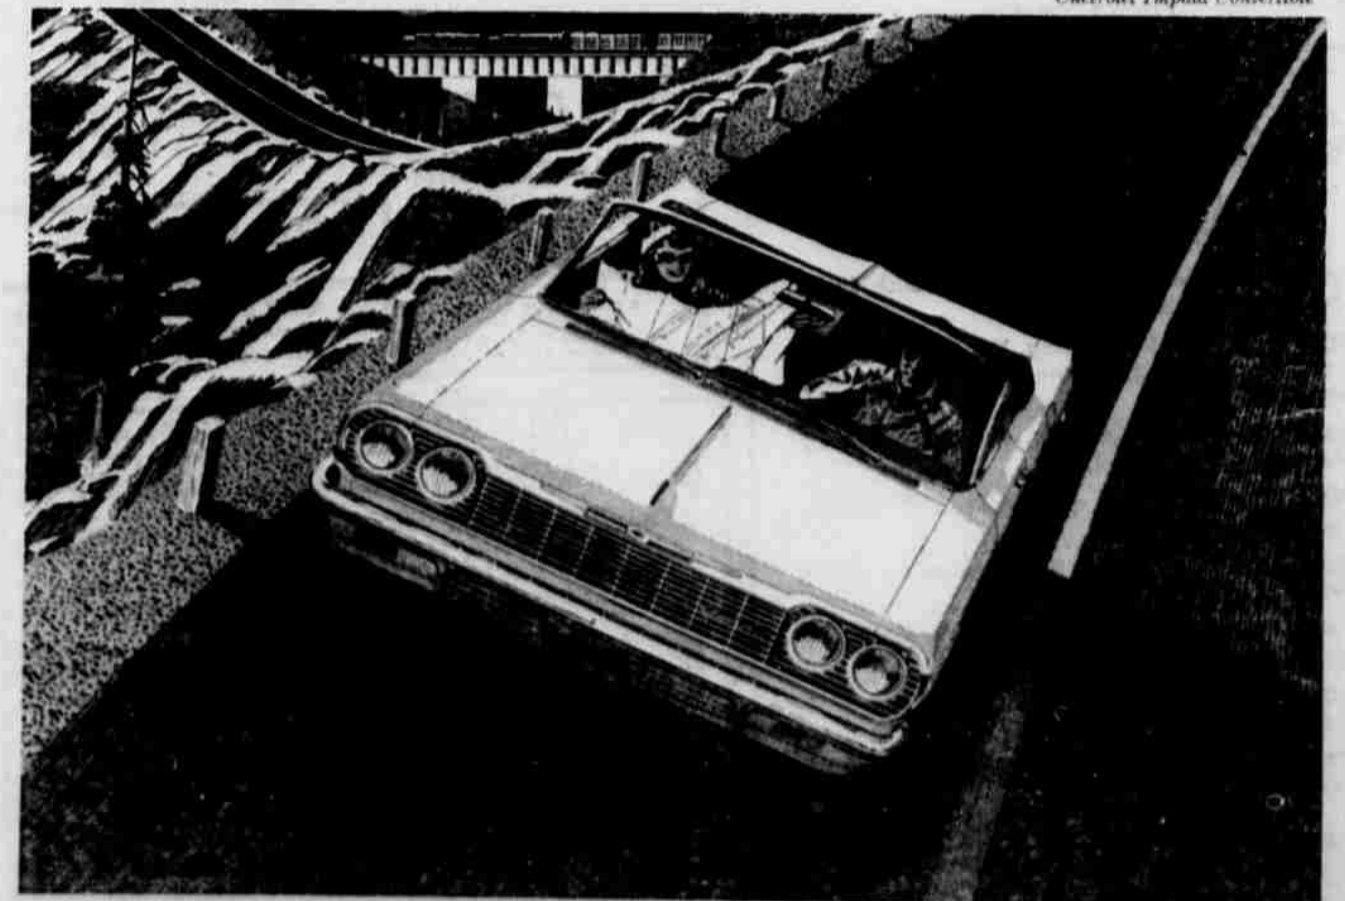

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

The Cs joined the "other half" in living last Thursday when, courtesy of Tom Power, we came up with a full carpet. And having two cars in the driveway does give one that "I've joined the other half feeling". It has been great fun.

pictures were taken from the wall and presented to the honored ones before the gala evening proceeded. We can expect better and better banquets as long as Doug is in high school.

BETSY KOERSELMAN

Wedding date is set for Aug. 5

The Rev. and Mrs. Lewis K. Selman of Tulla are announcing the forthcoming marriage of their daughter, Betsy, to David McCampbell, son of Mr. and Mrs. E. McCampbell of Post.

Wedding vows will be exchanged Aug. 5 at 7:30 o'clock in the evening in the First Presbyterian Church at Tulla.

Miss Koerselman and Mr. McCampbell are students at West Texas State University at Canyon. She will receive her BS degree secondary education in May. He is a junior industrial arts major.

Louise Simpson, Willie Cross, Dot Osman, Beth Walker and Ruth Ann Newby deserve a nice big thanks too, for the fine work they did helping the juniors on the banquet decorations. Beth was in charge of a different type program than I had ever seen and it went over in a big way. Anyone who has not worked one of these affairs has no idea of the amount of work, time and effort that goes into making one a big success.

One reason I'm feeling so expansive tonight with everyone is that the Cs are taking off about noon Thursday for a big weekend in San Antonio with our college C. We'll get there in time to take in part of the Fiesta de San Jacinto celebration but we're also planning a Fiesta de la Chris's Birthday while there.

A late news bulletin from Grassland: Mrs. O. H. Hoover dropped us a note saying "the iris are in bloom", so come on out! Soon as we return we'll do just that. Those of you not going to San Antonio might take advantage this weekend. We won't see anything prettier!

Postite is named outstanding ESA'er at District 9 meeting

Mrs. Laverta Lovell was named outstanding ESA'er and re-elected president of District 9 of Epsilon Sigma Alpha sorority when it met Sunday at Denver City.

Attending the meeting from the Post Gamma Mu chapter were Misses Gay Halford and Corinne Hunt and Mmes. Jimmy McLeroy, Bob Pace, Marion Duncan, Billy G. Jones, Herman Raphael and Lovell.

Mrs. Lovell was presented with a charm bracelet when chosen as the outstanding worker in the district and will represent the club at the state convention to be held in McAllen May 15-17.

Other officers elected were Mrs. George Helmstetter of Levelland,

vice president; Mrs. Matt McShane of Sudan, recording secretary; Mrs. Thelma Showalter of Seneca, historian; Miss Margue Harris of Lubbock, parliamentarian; Mrs. Herman Raphael of Post, district coordinator, and Mrs. E. Cockran of Denver City, reporter.

During the business meeting travel awards were presented, the various chapters through the district, including the Post chapter for April of 1964.

Truitt Mitchell played two piano selections and Miss Gaylon Selman two selections. Mrs. Bill D. O'Donnell, president of the board of South Plains Boys Ranch, was guest speaker.

She told of the reorganization of the board and the obtaining of new location for the ranch. A donation of 10 acres of land on the T-8 Ranch southwest of Tahoka, a promise of more land as needed will be the site for the 21-room house to be moved from the location. Mrs. Davis said with cooperation of the people surrounding territory, there is hope of having the ranch in operation by the time school starts in September.

District 9 has donated \$100 Boys Ranch and three large boxes of canned food. The sorority plan continued help with getting the ranch started again.

DAN SULLIVAN Democratic Candidate For Congressman-At-Large

KNOW YOUR CANDIDATE

Dan Sullivan, a self-styled "country lawyer from West Texas", is a candidate for Congressman-At-Large in the May Democratic primary.

The 34-year-old attorney from Andrews has served as district attorney and as manager of U. S. Senator Ralph Yarborough's Austin office.

Elected district attorney for three West Texas counties in 1960, Sullivan served in that post and practiced law in Andrews until joining Senator Yarborough in July, 1963. He returned to his law practice in Andrews in Dec., 1963.

Sullivan was born in Bellville, Texas on Feb. 6, 1930. He attended public schools in Bellville and Houston, and attended George Washington University in Washington, D.C. He received his law degree from the University of Texas School of Law.

Sullivan is married to the former Barbara Anderson of Odessa. He and his wife have one daughter, Julia, 18 months old. Mr. and Mrs. Sullivan are members of the Lutheran church.

Under the early Mexican colonization of Texas, farmers entering the Stephen F. Austin colony received a "labor" of land—a Spanish land unit measuring 177 acres.

Card of Thanks

We wish to thank Ford Motor Company and local dealer Tom Power for making the new Ford available to us for a week. It is the first time we ever had a brand-new car for that length of time and, unless things pick up, it will be the last time for a while. Mr. and Mrs. Charles Didway

We wish to thank everyone for their many acts of kindness and sympathy following the auto accident in which Mr. and Mrs. Gilbert Blodgett were injured. We are especially grateful for the cards, visits, flowers, etc. The Blodgett family

We wish to express our gratitude to our many kind friends who helped at the time of the loss of our mother and wife. To those who brought food or sent flowers, or helped in other ways, we also express our thanks. We are so grateful for your prayers, thoughts, and considerations during this time of sorrow. (These will never be forgotten.) J. F. (Jim) Barron and Dianna Mr. and Mrs. James Barron Mr. and Mrs. Rollin Spences

We would like to take this means of expressing our thanks to the hospital staff, Dr. Casey, the nurses for their kindnesses, the ladies of the cafeteria for the beautiful flowers, and all the neighbors who sent flowers and gifts while I was in the hospital. May the Good Lord bless every one of you. Mrs. Gracie Keeton

I want to thank Dr. Casey, all the nurses, and those who gave blood for all your kindnesses during my stay in the hospital. Mrs. M. E. Kennedy and family

I want to take this opportunity to thank each of you who visited and sat up with me during my stay in the hospital. Also to those who sent cards, flowers, gifts and foods. Your prayers were greatly appreciated. Mrs. Nancy L. Waldrup

I would like to say thanks to all of the wonderful people for the visits, flowers, and cards I received during my illness, with a special thanks for Estella Moreland, Wilma Johnston and Tom Harmon for helping at the store. Also to the Little boys, girls and teenagers who came by and asked about me. May God bless you all. W. C. Windham

Kinderergarten pupils present musical show Post Rotarians were entertained Tuesday noon at their weekly luncheon in city hall by approximately 24 pupils of the First Baptist Church kindergarten class. The pre-school age youngsters presented a musical stage show, "Review of the Year" with Mrs. Noal Clemmons as director and Mrs. Lex Roby as piano accompanist. Syd Conner announced an attendance contest for the club with Marvin Hudman and the Rev. Edgar Graham as team captains. The announcement was slightly embarrassing for the First Presbyterian pastor. He was absent.

Gilbert Blodgett home from Lubbock hospital Gilbert Blodgett, who was seriously injured in an automobile collision here March 25, was dismissed from the hospital Monday, but it is indefinite when he will be able to return to his work with the State Highway Department and General Telephone Co. Mrs. Blodgett, also injured in the accident, was not hospitalized, but is having to wear a neck brace. Mr. Blodgett was in Garza Memorial Hospital for five days before being transferred to Methodist Hospital in Lubbock. American Indians used the lasso before Columbus discovered the New World.

Kinderergarten pupils present musical show Post Rotarians were entertained Tuesday noon at their weekly luncheon in city hall by approximately 24 pupils of the First Baptist Church kindergarten class. The pre-school age youngsters presented a musical stage show, "Review of the Year" with Mrs. Noal Clemmons as director and Mrs. Lex Roby as piano accompanist. Syd Conner announced an attendance contest for the club with Marvin Hudman and the Rev. Edgar Graham as team captains. The announcement was slightly embarrassing for the First Presbyterian pastor. He was absent.

Gilbert Blodgett home from Lubbock hospital Gilbert Blodgett, who was seriously injured in an automobile collision here March 25, was dismissed from the hospital Monday, but it is indefinite when he will be able to return to his work with the State Highway Department and General Telephone Co. Mrs. Blodgett, also injured in the accident, was not hospitalized, but is having to wear a neck brace. Mr. Blodgett was in Garza Memorial Hospital for five days before being transferred to Methodist Hospital in Lubbock. American Indians used the lasso before Columbus discovered the New World.

NEW HOSPITAL AUXILIARY OFFICERS

These new officers of the Garza Memorial Hospital Auxiliary were installed by Henry Wheatley, hospital board member, at last Thursday's annual awards banquet. From left are: Mrs. Ted L. Aten, president; Mrs. Carl Jones, first vice president; Mrs. M. J. Malouf, second vice president; Mrs. Garland Davies, treasurer, and Mrs. Walter Boren, recording secretary.

Officers installed and awards presented at Auxiliary meet

New officers were installed and awards presented when the Women's Auxiliary of Garza Memorial Hospital held its third annual Awards Banquet last Thursday night in the Fellowship Hall of the First Methodist Church.

Walter Duckworth, chairman of the hospital board, was master of ceremonies. The Rev. Oscar Bruce, pastor of the First Methodist Church, gave the invocation.

Judge J. E. Parker, in a welcome address to the 40 women attending, thanked all the people in the county who give of their services and time, including hospital board members, the hospital staff, and auxiliary members. He expressed appreciation to the contributing members of the organization who give of their time and moral support.

Mrs. Duckworth called on Mrs. Aten, vice president, for the president's report. She commented

Young Homemaker program held on flower arranging

The Post chapter of Young Homemakers of Texas met recently in the homemaking department of the school with Mrs. Patsy Craig and Mrs. Loveta as hostesses.

Mrs. Maurine Hudman gave the program on "The Care and Arranging of Flowers". Mrs. Hudman held a drawing was held for one Mrs. LaRue Jones winning.

During the business meeting, officers decided to meet the third Friday of each month, beginning with the June meeting. It was also announced that there will be a meeting Tuesday, May 5, from 7:30 to 9:30 p. m. at the South Electric Cooperative at Lubbock with the Post chapter being invited guests. Those wishing to join are to meet at the bank building at 8:30 a. m.

Officers were also made to present "Lute Sister Award" to the volunteer Future Homemaker at annual Mother-Daughter banquet April 21.

Hostesses served brownies, coffee and Cokes to Mmes. Gray, Orabeth White, Janette White, Wanda Smith, Lois Jones, Jennie Cowdry, Jo Williams, Marion Duncan, Willa Didman, LaRue Jones, Judy Redman, Thelma Thurtel, Elfreda Carpenter, Ruth Ann Young and Janette Williams.

The next meeting will be May 5 at Mrs. Lois Greathouse of the Electric bringing the program on "Pulse of Life."

Winnipeg under way for chapter Girl of Year

The Delta Rho chapter of Beta Beta Beta met in the home of Mrs. Hazel Holland Monday night.

Mrs. Greer gave the program "Winnipeg Baptists' Religion". Members were advised to mail their votes for "Girl of the Year" to Mrs. E. E. Echols, president. Plans were made for the Founders Day celebration to be held April 30.

Those attending were Bernice Greer, Hazel Greer, Wanda Mitchell, Louise Simpson and Sherry Greer.

The May 4 meeting will be in the home of Hazel Greer.

LUBBOCK SYMPHONY

Mrs. F. C. Williams and Mrs. E. C. Williams attended the final concert of the year of the Lubbock Symphony Orchestra Monday night.

BOARD MEETS

During the regular meeting of the official board of the First Methodist Church, a supper was held in the Fellowship Hall at 8 p. m.

Bride-elect is shower honoree Monday evening

Mrs. Jack Kirkpatrick's brother, Larry Merriman of Lubbock, and Miss Ann Pirkey of DeKalb, who will be married May 2, were honored at a dinner party Monday night at 7 o'clock in the home of Mr. and Mrs. Willard Kirkpatrick.

A white cloth covered the dining table and was centered with a floral arrangement of white stock and majestic pink daisies, accented by wedding bells, carrying out the bride-elect's chosen colors of pink and white.

The guest list included Mr. and Mrs. Edwin E. Merriman, parents of the prospective bridegroom, Mr. and Mrs. Monte Hasie and Mr. and Mrs. Tom Jenkins, Lubbock; Mr. and Mrs. Donnell Eckols, Lamar; Mr. and Mrs. Jack Kirkpatrick, Mr. and Mrs. Bob Macv. Mr. and Mrs. Jack Lott, Mr. and Mrs. K. W. Kirkpatrick, Mr. and Mrs. J. E. Birdwell, Mr. and Mrs. Ronnie Bouchier, Mr. and Mrs. Tom Bouchier and Mrs. K. Stoker.

The host gift was a silver tray. The dinner was catered by the Christian Women's Fellowship Guild of the First Christian Church.

Southern literature, poetry, music discussed at meeting

"Thinking With the Creative Genius of the South" was the program topic when the Woman's Culture Club met April 15 in the home of Mrs. D. C. Williams with Mrs. M. J. Malouf as co-hostess.

Mrs. William was program chairman and commented on the Charleston writers, Simms, Timrod and Hayne. The influence of the periodical "Russell's Magazine" was noted as John Russell's book store was a meeting place for the ambitious young writers of the period.

A sketch of the life and work of Sidney Lanier was given by Mrs. Louie Burkes. The Georgian poet and musician became especially interesting as Mrs. Burkes, who formerly lived in Georgia, told of his work in relation to his home area. She pointed out that music was Lanier's first interest and that as a professional he received the distinction of being the greatest flute player in the world.

A paper, prepared by Mrs. Bruce Evans on folk songs of the American Negro, was read by Mrs. Lee Davis. Mrs. Byran E. Morgan spoke on puritanism and roman-

ticism in American literature.

Commenting briefly on American art, Mrs. C. I. Dickinson told of the slow beginning of painting in this country with many early artists living in Europe in order to enjoy more acceptability of their work and profession.

Members answered roll call with items of news or special interest. Mrs. Davis encouraged members to attend the State Convention of Texas Federated Women's Clubs to be held in Houston May 3-6.

Sandwiches, pie and coffee were served to Mmes. A. Lee Ward, Ira Louie Duckworth, Homer J. Irons, C. R. Thaxton, J. R. Rickels, Mason Justice, Virgil Bilbo, E. A. Morgan, Burkes, Davis and Dickinson.

Guest speaker at the April 27 meeting will be Mrs. Bill W. Davis, Caprock District president. The club will meet in the home of Mrs. Duckworth with Mmes. Thaxton, Storie and James Minor assisting as co-hostesses. The topic for the meeting will be "Adding More and Better Accomplishments to Our Legacy Through Work."

Shirley Bostick, bride-elect, honored at shower April 14

The bride-elect's chosen colors of pure orange and white were used throughout the home of Mrs. Mike Custer when Miss Shirley Bostick, was complimented with a bridal shower April 14.

Guests were registered between the hours of 7:30 and 9:30 o'clock in the evening.

The serving table was centered with an arrangement of white peonies and shades of orange. A cupid and heart motif with a silver arrow completed the decor. Crystal and silver appointments were used. Orange punch and cake squares trimmed in orange were served.

The honoree's mother, Mrs. Frank Bostick, and the bridegroom's mother, Mrs. Hoyt Bland,

were presented with corsages made of chore girls, using the chosen colors. The hostesses all wore corsages made up of kitchen gadgets and were presented to Miss Bostick.

Members of the house party were Misses Laura Gerner, Yvonne Corley, Dianna Barron and Carol Dee Hodges.

Hostesses were Mmes. Custer, Allen Johnson, Howard Justice, D. H. Bartlett, Marshall Tipton, Patsy Craig, Helen Autry, Dillard Morris Jr., L. B. Pate, Carl Cederholm, R. H. Sappington, R. L. Marks, Lonnie Peel, Bernie Jones, H. F. Wheatley, Will Teaff, Douglas Tipton, Aubrey Ritchie, Joan Basinger, T. H. Tipton Sr., and Misses Barron and Nancy Bingham.

Special guests were the honoree's grandmother, Mrs. Ruth Bostick, and her aunts, Mrs. Bill Little and Mrs. Arlie Nelson.

VISIT IN CLIFTON

RETURNS FROM DALLAS

Bill Mathis returned last week after a several days' visit with relatives in Dallas.

HOME FROM COLLEGE

Harold Wayne Mason and Miss Barbara Davis, students at Sul Ross College at Alpine, spent the weekend in Post visiting his parents, Mr. and Mrs. Harry Lee Mason.

FELLOWSHIP DINNER

Members of the First Methodist Church enjoyed a Fellowship dinner to welcome the new District Superintendent, the Rev. Howard J. Crawford, who conducted the first quarterly conference of the year following the meal.

Life membership pin presented Mrs. Poole

Mrs. Preston Poole, president of the Woman's Society of Christian Service of the First Methodist Church, was presented with a life membership pin from the organization by Mrs. W. R. Graeber when it met last Thursday at the church.

Plans were made for the district meeting which will be held in Post, May 6.

Mrs. Joe Callis presented a program on "Under Our Imprint."

Mrs. A. Lee Ward and Mrs. Don Osborn were hostesses for the coffee hour.

The Texas Capitol was the seventh largest building in the world at the time of its dedication in 1888.

**WORKING

 GOD**

**THE CHURCH FOR ALL...
 ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Every gardener knows human ingenuity cannot be substituted for the miracle of growth. God's secret is God's!

But he knows, too, that wild growth means wilderness. Only cultivation makes a garden.

So he works with God. And the result is beauty, fruitfulness, abundance.

What the man with the green thumb practices in his back yard, the Church inspires across the whole expanse of human effort... the cultivation of souls... the realization of our spiritual potential. Working with God!

What do YOU think life is meant to be?

Wilderness? Or the Garden of God?

Join us at Church next Sunday!

"NEW CROPS" OUTLOOK
Recent changes in the Feed Grain Program coupled with the release of acres from the Soil Bank program is causing some farmers to look on the outlook for "new crops" from a management standpoint, a producer should use these "new" acres so they will add net income to the existing farm operation, emphasizes John Seibert, Area Extension Farm Management Specialist.

Before deciding to plant an alternative crop, many considerations should be taken into account. Among these are supplemental irrigation water needed, added capital invested in special equipment, additional labor, adequate markets, etc. Once these limiting factors are considered, the producer can look for potential income from these "new crops", Seibert continues.

Requirements to give an additional \$1,000 net operating income from several crops have been charted by the specialist.

His figures show it would take 20 acres in grain sorghum at 5,000 pounds per acre yield, to produce \$1,000 additional net income. This

would take \$900 capital, 260 acre-inches irrigation water, plus 110 hours labor. But with an expected grain yield of 3,000 pounds per acre, 49 acres land would be needed. Capital requirements would rise to \$1,568, water needs to 441 acre-inches and labor to 245 hours.

To achieve \$1,000 net income with soybeans, based on a yield potential of 45 bushels per acre, it would take 19 acres farmland, \$893 capital, 361 acre-inches irrigation water, plus 120 hours labor. Seibert points out this means the only resource required in a much larger quantity over grain sorghum yielding 5,500 pounds per acre on 29 acres would be the 100 acre-inch increase in irrigation water. This is assuming the 45 bushel soybean yield.

But at a 20-bushel per acre soybean yield, land requirements would rise to 67 acres and capital needs would climb to \$2,010. In addition, water needs would go to 603 acre-inches and 335 hours labor would be needed.

With castorbeans, the principal consideration is whether they are irrigated. On dryland, at a 600-pound acre yield, it would take 133 acres land, \$2,660 capital and 225 hours labor. But under irrigation—with a 2,200 pounds per acre yield, it would take only 21 acres to yield a \$1,000 net income. Capital needed would total \$1,255, 306 acre-inches of water would be needed and 99 hours labor required.

Sesame at a yield of 1,000 pounds an acre would bring \$1,000 net income on 20 acres, according to Seibert's calculations. This would require \$1,000 capital, 260 acre-inches of water and 140 hours labor.

Sugar beets at a yield of 18 tons an acre require only 11 acres land for \$1,000 net income. But capital needed would be \$1,375 or \$125 an acre. Water needs would be 297 acre-inches with 330 hours labor needed.

THINKING ABOUT PRUNING?
If you have been thinking about doing some pruning around the home, A. F. DeWearth, head of the Floriculture Section of the Soil and Crop Sciences Department of Texas A&M University, offers these suggestions.

The cardinal rule of pruning is, if you have no good reason for pruning a plant, put the tools away. The primary purpose of pruning is

SATELLITE ON A STRING

1964 is the year of the Gemini space capsule. Tests began last year, and long two-man orbital flights are planned for this year. Also in the works for '64 are tests in which orbiting Gemini crews will attempt to join their craft to an orbiting rocket.

With the Gemini in mind, former tennis pro and all-American yo-yo champion Samuel O. Albert has invented a "satellite on a string." His Orbitop is a ball of orbiting fun for every space-age American youngster.

In the colors of the American flag, the transparent plastic space capsule has its own pair of astronauts. Dressed in authentic space suits, they sit back-to-back. One warning—Orbitop owning youngsters will need to be on constant alert against enthusiastic grown-ups! They'll want to take over—sure as shootin'.

education has caused him to help hundreds of other college students with their financial problems.

Sadler completed his professional preparation with a law degree from Jefferson University.

He served as a young recruit with the United States "horse cavalry" on the Mexican border in the 1920's, as a member of the historic Twelfth Cavalry.

Sadler announced his candidacy for the Texas Railroad Commission in 1938 as an unknown. But his experience in the State's oil fields won the post for him. He took office in January, 1939, as the youngest elected commissioner.

He resigned from the Railroad Commission to enlist as a private in World War II. He was discharged as a colonel following service in Asia, where he received a citation for his work.

Sadler served in the Legislature from 1954 to 1960, as representative from Anderson County, an office once held by his great grandfather.

In 1960 Sadler was elected Commissioner of the General Land Office.

He is married to the former Laura Jones of Fort Worth. Their two sons—Bill, 17, and Sam, 13—attend Stocum schools and are active in athletics.

Sadler is a member of the Methodist Church, Veterans of Foreign Wars, the American Legion and the Palestine Lions Club.

Jerry Sadler, candidate for Land Commissioner, is of a pioneer family who figured in Texas history before, during and after the Texas Revolution.

Commissioner Sadler was born in Kirbyville, Texas, and attended grade school and high school in Anderson County. He managed to pay his full expenses while attending Stephen F. Austin College at Nacogdoches. This struggle for an

to remove unwanted growth, whether it be for the plant's health, appearance, safety reasons or for disease control.

In dealing with shade trees, corrective pruning is sometimes needed to prevent formation of weak V-shaped crotches and limbs in the future. On older trees, removal of many small branches is more desirable than removal of a few large ones. When large branches or portions of the tree need to be pruned, an expert should be contacted.

Trees may be pruned at any time, but spring is excellent for pruning because of the rapid healing of wounds which occurs at this time. Pruning ornamental shrubs and small flowering trees depends on growth habits and blooming characteristics of the plants. Most shrubs and small trees which bloom during the spring produce their flowers on growth made in the previous year, therefore, these plants should not be pruned until they have finished blooming.

Additional information on pruning may be obtained from the county agent. Ask for bulletin B-977, "Modern Pruning Methods."

Garza's traffic toll increases

The Highway Patrol investigated six rural accidents in Garza County during the month of March, according to Sgt. A. O. Roberts, Patrol supervisor of this area.

These wrecks accounted for one death, three persons injured and an estimated property damage of \$2,640.

The rural traffic accident summary for Garza County from January through March of 1964 shows a total of 15 wrecks, resulting in three persons killed, nine injured and property damage estimated at \$11,100.

TEAMWORK PAYING OFF
Teamwork over the past 12 years in Lamar County in getting recommended cotton production practices into use really paid off in 1963. Despite last summer's drought, the county's per acre cotton yield averaged 420 pounds. Up to two bales per acre were produced by a few upland growers on unirrigated Blackland, according to County Agent S. L. Neal.

EXPORTS INCREASE
Trade relations among the Americas were greatly strengthened by favorable economic growth in the 10 years following World War II, spurring demands for U. S. agricultural products. Our agricultural exports to Latin American countries increased from the 1935-39 average of \$46 million to a \$448 million average for 1950-54. Last year's exports were valued at \$485 million; a third of this was under Food for Peace.

Comet...World's 100,000-Mile Durability Champion

At Daytona, a team of four specially equipped '64 Comets each traveled day and night 100,000 miles at over 105 miles per hour—an unequalled feat of stamina and durability.

In Africa, Comet showed its stamina again in "the wildest ride on earth"—the monsoon-swept East African Safari Rally. 94 cars started. Only 21 finished the run—two of them were Comets.

Route of the "wildest ride on earth"—3,188 miles through the heart of Africa.

Leads the sales success parade!

Is it any surprise that Comet sales are up to almost double last year's? Comet proves what it can do. After 100,000 miles at Daytona, one of these special Comets has traveled another 31,000 and is still going strong. Then rally-equipped Comets slogged through 3,188 miles of African mud, rocks and jungle—the first to carry America's colors in the world's toughest car event. Want more reasons? Just take a look at this new Comet. Husky, racy, beautiful, and built, really built. Make tracks for a Comet at your Mercury dealer's.

Winners named in Lion Talent Show

The team of guitarist John Bland and vocalist Charlotte York won the first place prize of \$25 in the Post Lions Club's first annual Talent Show held Friday and Saturday.

The second place prize of \$15 went to 7th grade student Joe Bilbo, who played a piano solo, "All-ey Cat."

All other individual contestants were awarded \$5 each and all groups \$5 each.

Lion President Jack Alexander said the club cleared over \$200, which will go into the organization's community sight welfare fund.

"We were well pleased with the turnout, considering that this was the club's first show of its kind," Alexander said.

Can a rattlesnake live over a year without food and water? That is one question which has been raised since Noah Stone last week found a caged rattler next to Post Auto Supply in an empty building which he had contracted to tear down because it was a fire hazard.

The 18-inch long snake with two rattlers (meaning he was two years old, some say) was found inside a stout wire cage, but Noah isn't sure the caged snake had been in there since the building was last occupied over a year ago as a domino parlor. If any of the domino players remember, it would be interesting to know.

GIRL SCOUT NEWS

By KATHARINE TRAMMELL

Camping is out-door-living at Camp Rio Blanco. Located in the Blanco Canyon near Crosbyton, Girl Scouts find out-door living at its fullest while living in tents or covered wagons on the banks of the White River. Camp folders have been mailed to all Junior Girl Scouts, Cadette Girl Scouts and Senior Girl Scouts and all who are registered and have finished the 4th grade may attend camp as indicated in the camp folder; however, it is my personal recommendation that Junior Scouts, attending camp for the first time, plan to attend only one week. The fee is \$37.50 for two-week sessions and \$19 for one-week sessions. Frontier, Gunn Bros., and Gold Bond Stamps may be applied on the camp fee for the value of \$2.50 per book, and S&H Green Stamp books for the value of \$2 per book. Attend camp this summer!

Brownie Troop 61 met April 13 at the Girl Scout Little House. They began work on their Brownie Scrapbook and cut out pictures of the Brownie "Be a Discoverer." They made pincushions from pint bleach bottles and decorated them with rick-rack. Those attending were Jean Huffman, Ester K. Guajardo, leader, Mrs. Linda Perkins and Dee.

Brownie Troop 328 met April 13 at the Little House and began work on their sewing kits. Melba Wynne served refreshments to members: Sheila Coppel, Sherell Guichard, Kay Guthrie, Teresa Hudson and Joni Huffman, to troop leaders, Mrs. John Huffman, Judi and Jana and to Troop 61.

Junior Troop 390 met April 14 at the Little House, and continued to work on their embroidery projects. Becky Poer served refreshment; to Kathy Blacklock, Martha Miller, Linda Parnell, Brenda Ward, Kim and Kay Hundley, Mary Carter, Patti Peel, Kay Mann and Mrs. Jim Poer. New officers were elected as follows: president, Mary; vice president, Martha; secretary, Patti, and reporter, Becky.

Brownie Troop 84 met April 14 at 5 p. m. in the home of leader, Mrs. Darrell Eckols. They studied the bones they had collected Saturday while on the "discover" hike they took while on their cook-out. The bones were classified and prepared for entry in the Science Fair. Cookies and punch were served to Jan Bilbo, Diana Blacklock, Phyllis Eckols, Patricia Greenwood, Cynthia Hill, Frances Hogan, Debbie Moore, Vicki Odum, Linda Osman, and Mmes. Tom Greenwood and Eckols.

Neighborhood meeting of all Post registered adults is tonight at 7 p. m. at the Girl Scout Little House. District Director Mrs. Allarah Russell and Mrs. Clint Herring will present training in the out-of-doors.

The Texas Tech Rodeo Association has extended an invitation to all Girl Scouts to attend their rodeo, Saturday, May 2, at 2 p. m. If in uniform, the ticket price is 50 cents to all Girl Scouts. Little Joe Cartwright is to be the guest star.

HONORARY 'TEST DRIVER' GIVEN KEYS

Mrs. Marie Neff is handed keys to the new 1964 two-door Ford hardtop by Curtis R. Smith of Ford's Dallas district sales office last Thursday while Tom Power, Post Ford dealer, looks on. Mrs. Neff was one of 12 Post men and women given new Fords to "test drive" for a week. (Staff Photo)

Kennedy—

(Continued from Page 1) one-quarter of a mile east of Post city limits. My wife, Selma, and I started improving our farm 26 years ago and here we have reared our family and have a farm home of which we are very proud. "Other than farming, my occupation is meat-cutting and market management. I started in the meat business 28 years ago. I was first employed by Post Cash Grocery, the name later being changed to Piggly Wiggly Supermarket. I purchased half interest in Pure Food Market and was co-owner of this business until 1950. At that time I took over management of Josey's Market, which was later sold to Arnold Parrish. I have been manager of this market for about 14 years.

"I have served three years on Post Independent School Board. Performing this duty, I gained personal experience, which made me more qualified for the job that I now seek.

"This is the second time I have been a candidate for this office. In the first primary on May 7, 1960, I lost the race by a small margin. After the election, in my column thanking the voters for their wonderful support, I promised you I would make this race again. Now, four years later, I am asking you for your support.

"I am in the race on my own decision, paying my own assessments with my own money. I intend to work for every taxpayer in Precinct 3 and Garza County with the exceptions of none. It is my desire to be a good servant to each and every one of you. I know this is a very important office and I realize the responsibility.

"As you well know, our commissioners are responsible for the property of our county, which includes machinery of all kinds, roads, bridges, parks, right-of-ways, and also our hospital, which is essential to all the people. All this I have mentioned, put in a nutshell, means tax dollars to you.

"I will appreciate your consideration and your vote. Regardless of who you choose to vote for—me or my opponents—go to the polls May 2 and vote.

The County Attorney has the responsibility, in co-operation with the other officials of the county and district, of seeing that the law is administered with fair and impartial justice.

"Upon being elected to this vitally important position in our county, I will, based on my experience, education, ability, talent, and knowledge, fulfill all of the duties and responsibilities associated with the office of County Attorney of Garza County.

"For these reasons, I, Thomas W. Gamblin, humbly and sincerely solicit your vote and support.

I AM NOT A KNOCKER

I am not knocking on doors in my candidacy for your Precinct 1 County Commissioner because I do not believe in disturbing you while you are trying to rest in the privacy of your home. As many candidates as there are this year and with so many of them knocking at doors, I know it's bound to disturb you at times, especially those of you who work at night and try to rest in the daytime.

However, I intend to see each and every one of you that I have not already seen, if at all possible, between now and the May 2 election. In the meantime, I earnestly solicit your vote and influence.

Lucky dozen test drive new Fords

It would be hard to convince at least 12 Post business and professional men and women that Tom Power, Post Ford dealer, didn't come up with the best promotional stunt in a long time at the Retail Merchants Association luncheon at Levi's Restaurant last Thursday noon.

The twelve were the lucky winners of as many new 1964 Fords for a week of free driving. At the conclusion of a program, which featured a talk by Curtis R. Smith, retail management manager of Ford's Dallas district sales office, and movies of some of Ford's recent race track triumphs, Power announced his "surprise" which had drawn a record turnout of over 50 persons to the luncheon.

He explained that on the parking lot behind the restaurant were 12 new 1964 Fords.

"We want 12 of you to become honorary "test drivers" for the Ford Division of the Ford Motor Co.," he declared. "The cars are fully insured, have a full tank of gas, and already have license plates."

Power asked each of those present to look on the bottom side of the chairs in which they were sitting. Twelve of the chairs had winning invitations taped to the chair to become an honorary test driver.

Each invitation was numbered. So were the cars on the parking lot.

The 12 honorary test drivers this week are James Mitchell, Mrs. Marie Neff, Harold Teal, Charles Didway, Barry Thompson, Lester Nichols, Bill Shiver, Ansil O'Neal, Tom Gamblin, Elwood Wright,

O'Brien said he would ask for bids for fencing the filtration plant and its open tanks for safety's sake to keep youngsters from falling into them.

He told directors that "we need more room"—both office and storage room.

A metal shop building is to be constructed next to the filtration plant.

O'Brien estimated that \$100,000 will be spent in the next few months by the district for various major items of maintenance equipment, two residences for district employees, and a patrol boat.

Directors voted for O'Brien to proceed with necessary purchases.

It was estimated that after everything is paid for, including the estimated \$100,000 in buildings and equipment, the district will have approximately \$95,000 left from the \$4,500,000 state loan.

Attending the meeting from Post were Tom Bouchier, board president, and Dispatch publisher Jim Cornish.

"We have raised two daughters and three sons. One daughter is a serviceman's wife, her family in Germany. One son is a Chief Warrant Officer, his family in Germany. Our youngest grown daughter is a serviceman's wife, her family at Fort Bliss. Youngest son is a sophomore at Texas A&M University. Class prophecy promises much

As we alight from our space capsule, we peer into the murky and mysterious fog of the planet, Jupiter. This is tomorrow, the 32nd day of the 13th month, Aquarius, in the year 1994. We are by necessity accompanied by an interpreter. After getting to know him better we realize — Can it be? — It is Wendell Johnson. Through the interpreter we were able to communicate with the brilliant ruler of this magnificent planet. Such a funny little man was the ruler, with a very small body and a very large head. This is attributed to the fact that his work is concerned only with his wisdom and ability to think. Because of his unique and astounding ability to see and know all, even on other planets, we asked him to locate Post High School '64 graduates and describe their present activities.

As he focuses all his thought and attention on the distant planet Earth, he first sees a familiar sight, at least on Bourbon Street. Nancy Bingham and Yvonne Corley are starlets in the most popular burlesque shows open. We hear that they are so much in demand that their show runs all year around.

The setting changes and we find Billy Max Gordon still in Texas. He is searching diligently or is it frantically in the boondocks for bonfire wood and some small unknown but very usable object sometimes found in the area.

Still in Texas, we dimly see Danny Odum in someone's front yard searching for his long-lost Senior ring.

Clouds cover our host's vision for a moment and then, he is able to gradually bring into focus a small yellow blob of mohair. Gosh, it's Margie Harrison working in her flower bed in Southland. My goodness, mohair in August?

Now the vision is blurred, but we discover that it is dust instead of clouds that impairs the little man's vision. Amidst all the dirt and confusion we hear the din of battle. Oh, and there is Gen. Billy Shumard rushing forward into battle. Distinctly, we recognized his battle cry, "The South is Rising Again." And who besides Larry Guy could be his next in command?

Our host now informs us of another change. We are now in South Texas viewing the annual Mardi Gras. We are about to catch just a glimpse of the festival queen. It is Ruth Mena which is no surprise. Her hair-style is an original by the famous stylist, Willa Mitchell, and her lovely gown by Charlotte Young of New York.

Oh, no, here we are in Washington, D. C. and everything is in a terrible uproar. All the foreign diplomats are doing the Mashed Potato around the U. N. and Congress is doing the Shimmy, all to the tune of Mary Beth Ford's latest recording, "Moments to Remember." Where on earth can the President be in such moments? Oh, now he is seen, and as usual he is lost in the polka-dot hall in the White House, and it is none other than Jimmy Sharp.

Congratulations seem to be in order to Charles Allen as our attention is directed to Hollywood, Calif. It seems that Charles has surpassed Rock Hudson in his last movie production and has been nominated for the academy award. Wait, another nomination has just been made! It is the new Jerry Lewis, better known as Eddie Allsup.

As the scene changes we arrive abruptly at Madison Square Garden. Cathy Harlan is the center of attention as feature twirler. It seems she has a problem. Could she be losing her suspenders?

Now our host announces that it is time for a very special commercial from an almost unknown TV station in Skunk Hollow USA. The advertisement boasts the improvement in a new deodorant invented by George McLaurin. His associate is Janice Moreman who is owner and sole director of a prospering perfume factory. The skunks haven't a chance.

Our attention is again directed

to the beautiful South Pacific Islands and we are told of the uprising of the natives. You have heard of a woman being the root of all evil, and it seems that missionary Diane Kiker verifies the fact. She has been working in this area only two weeks and already they have her tied to a stake in a gruesome lagoon. Sorry, we can't understand what threat the chief is yelling, it seems to be in their tribal language. The chief, of course, is none other than Robert Johnson, famous for being the strongest chieftain in the whole wide jungle. While we are still in the jungle, we may as well pay a visit to Danny Richardson. He is chasing cobras around the grapevines with his homemade guileotine close at hand.

Suddenly we move back to the North American Continent and visit the Barnum and Bailey Circus. It must definitely be the "Greatest Show on Earth," for their most outstanding lion-tamer is handsome Pat Cornell. He is very unique because as a whip he uses his ever-present golf club against his cage full of ferocious beasts.

In the rodeo arena, Ricky Little is today's champion. Who is the star-struck little girl standing at the chute holding his gear? Of course his horse was bought from among Susie Jo Schmidt's finest stock on her thoroughbred ranch. Speaking of cowboys, in a mighty cloud of dust and a hearty high-ho Nelly is Richard Hart. He just can't force them cows over that ding-gizzled Fluvanna Cap.

Lucille Guthrie has just become the outstanding fat lady for the show. Her personal tent in the side-show is placed beside that of the mystic fortune teller, Jean Roland.

As all this is taking place, we see cowgirl Linda Rogers doing the Cactus Stomp all over the South Plains. We trust it isn't as painful as it sounds.

In a remote section of the Florida Everglades stands a lonely little mission. Its antiquity is proven as we watch the nun, Carol Ann Smith, as she wearily tugs at the bell rope. There is no sound at all from her efforts. Really, the priest, Edward Byrd, should tell her that there isn't any bell. Across the lagoon is a small white church, and upon closer inspection, we find it is the Church of God. Wayne Brincefield is pastor and quite worried about his congregation. Since the population in the area is only 12, he does have a problem.

With a glimpse at the newspaper, we are unable to find Ann Lander's column. In its stead, we see a column by an illustrious writer, Diane Maxey. The problem she deals with today seems to be a complaint made by an attractive but unhappy wife. Her husband is owner of a large business establishment concerned with the sale of alcoholic beverages. The unhappy wife, Betty Jo Hill, complains that her husband insists that she act as barmaid. Let's see you solve this one, Diane.

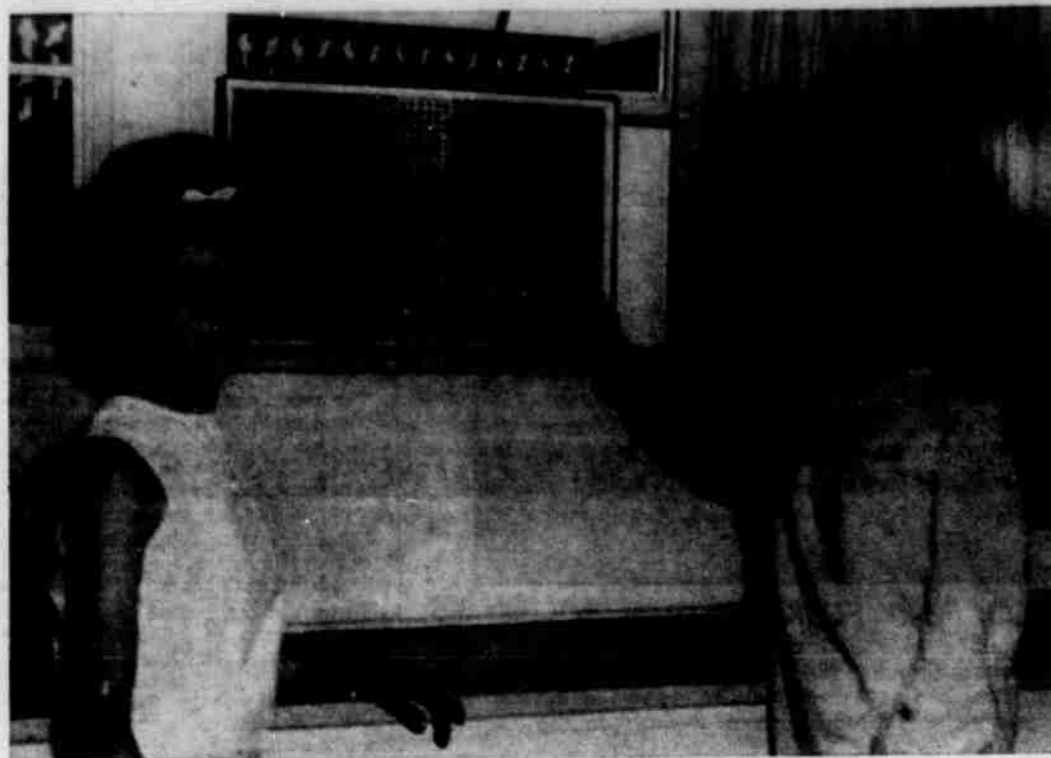

In the distance, our host detects the glimmer of planes in an air-force base flightline. Further down the runway we see a ramp and a rocket all set for takeoff. Inside is Willie Charles White, America's 4,457th astronaut. Ready to push the launching button is Argan Robinson. She overruled the general over the breakfast table this morning, and as punishment he stayed at home in order to wash dishes and clean house. So, she will be doing the honors today. Secretary to the said general is Dianna Barron, who is nothing less than a shorthand expert. Jackey Fluitt, a special commissioned officer, spends his time designing ultra-modern latrines for the barracks.

Pvt. Wayne Masters digs specialized ditches that might accidentally be used in case of war. Tom Clark is chief garbage collector for the area base. He's hoping for promotion to kitchen inspector. To the campus of an old and very famous university our class of '64 contributed a great deal. Linda Cowley is president of the college and seems very happy and

Class will read, filed

Ladies and gentlemen, Board of Education, superintendent, teachers and friends:

We the class of 1964, of Post High School, of the City of Post, and the State of Texas do solemnly call attention to this our last will and testament. Upon this occasion, we find it fitting and proper to bestow upon those who shall follow in our hallowed footsteps and our dearest friends, our most treasured possession, whether they be large or small. This distribution of beloved treasures shall be made without discrimination, generously, and with the betterment of all concerned. Realizing the magnanimity of this gesture and the solemnity of the occasion, we will and bequeath each of our virtues as duly considered through much deliberation and thought.

We entreat that you receive your respective legacies in the spirit of unselfish friendship with which they were given. May your fullest attention be given as this our duly attested will is read.

We will and bequeath, freely and without regulation, to the Junior Class, our rightful heirs, our most important and valuable properties, our self-satisfaction, our importance, and our wisdom, all of which we possess in enormous quantities, and we hope the said gifts will be of use in overcoming their present inertia.

We also will to the Junior Class the infamous "White Road" and all its facilities, keeping in mind the stipulations as given to us in regard to activity in and around the area, care and cleanliness of, and respect concerning this our most hallowed ground.

To the Superintendent, we will our undying honor and devotion accompanied by our deepest gratitude and best wishes.

To the faculty, we bequeath our lasting respect and our charm for good luck. You may need it if the future class of '65 fulfills all the promises it holds in store.

We would reserve the honor of willing to the Board of Education our gratitude for past improvements and offer any encouragement that we find ourselves capable of in respect to future developments. Much diligence will be required in future tasks in order to forestall any unseen, but real, developing obstacles.

The following items are of little magnificence but none the less important. May they be received honored with the fullest degree of reverence and awe.

Linda Rogers wills to Cathy Harlan her "up" hairdo and her C's in History making to Vera Mae Jones.

Susie Jo Schmidt wills her book of knocking football players with the hoop to Susan Ray and Susan Cornish.

Overworked and underfed Linda Guthrie wills her civics notes to Patsy Snow.

Disheartened Danny Richardson wills to Charlie Brown his English grades.

Linda McMahon wills her C's in average in chemistry to Helms and Lynn Edwards.

Margie Harrison wills straight hair to Laura Gerner, Lynn Carlisle and Judy Cook.

To Jayne Florence, Sandy and Pamela Stewart, Yvonne wills her outstanding grades in the varied field of athletics.

Argan Robinson bequeaths to Lynn Matsler all hoops used during football season and all Ant painted thereon.

Sir Galahad, Wendell Johnson leaves to Danny Pierce and Cleo Landtroop his numerous light love affairs.

Intellectually inclined Wayne Brincefield wills his 100 per cent average in Texas History to Nowell, Jimmy Huntley and Mitchell.

Carol Dee Hodges bequeaths Barbara Britton her ability to (See Class Will, Page 11)

Postmaster says Zip Code vital to modern postal progress here

ZIP Code "is just as vital to modern postal progress in the small towns as it is in the big cities," Postmaster Harold Voss said today.

At the same time the Postmaster defined the program as an economy measure designed to keep pace with the nation's rising mail volume without an "unmanageable" increase in the Department's work-force personnel.

The Postmaster labeled the program as the only economical answer to what Postmaster General John A. Gronouski describes as a "real explosion" of the 1960's and 70's.

Explaining how the program operates for the benefit of both large and small communities, Postmaster Voss said ZIP Code is built around the concept of sectional centers, where mail is processed in bulk and then shipped directly to the sectional center nearest its destination, skipping a number of time-consuming handlings along the way.

He likened it to the "island hopping" deployed to great advantage by our armed forces in the Pacific during World War II, enabling them to reach and recapture the Philippines without stopping to take each island on the way.

Postmaster Voss said that the Department is developing an optical scanner which will read and sort mail at the rate of 17,000 an hour.

This equipment will not be installed in smaller communities, he said, since the volume there couldn't possibly justify its use economically. But as it starts functioning in the larger post offices, it will automatically speed both incoming and outgoing mail for the people of Post.

The Postmaster cited figures showing an increase in the nation's mail volume at the rate of 2 1/2 billion pieces a year. Without ZIP Code to handle this rising volume, he said, there would be an enormous increase in postal personnel, costly expansion of postal space, a steep rise in postal rates "and a gap between postal income and expenditures wider than the Grand Canyon."

Fortunately, he said, many of the country's biggest business firms are now presorting their mail according to ZIP Code. And as large volumes of mail are processed and presorted to their ZIP Code destinations, more time is available in the nation's post offices to speed personal mail.

THRILLING RESCUE

Production of next year's auto license tags already under way

AUSTIN — While the Johnny and Jane-come-latelies were rushing to purchase 1964 automobile license plates before the April 1 deadline, production of 1965 tags was well under way.

It has been, in fact, for 30 or so days.

Plates are manufactured by the Texas Department of Corrections in Huntsville under an inter-agency agreement with the Texas Highway Department. The Highway Department provides the design and material specifications for plates, maintains inspections, and accepts delivery within the plant.

Inmates of the Department of Corrections finished '64 plates by Jan. 30. After a 30-day period for spring cleaning—the tag plant is known as the "show place of the prison plants"—inmates started turning out those for next year.

The 1965 plates will have a "new look," according to R. W. Townsley, Townsley is Director of the Highway Department's Motor Vehicle Division, which is located in Austin.

Each passenger plate will have three letters and three digits (i. e.: AAA 787) instead of the usual two and four combination. Studies show this combination can be perceived quickly and accurately with little difficulty. (Commercial and miscellaneous vehicles will retain their own special registration system.)

By adopting a new license numbering system, the Highway Department will be better able to cope with the rising registration rate. Since World War II, approximately a quarter-million more vehicles have been registered yearly by the Department. This trend should continue.

Because of the spiraling registration rate, Texas was about to exhaust its license number combinations. Taking stock, Department officials decided to revamp its system. After careful consideration, the three-letter prefix English System was adopted. It is known as the English System because it has been used in that country for more than 20 years. This is the only system yet devised which will adequately handle the number of passenger vehicles to be registered in Texas in forthcoming years.

Using all 26 letters of the alphabet as part of the prefix, the system provides as many as 17 1/2 million possible combinations. To fit its own needs, however, Texas has modified the system. Only 20 letters will be eliminated to avoid possible formation of undesirable words. For obvious reasons, letter combination prefixes of "LBJ" and "JFK" will also be eliminated. Although the modification reduces the prefix possibilities to around eight million, this system should produce enough numbers for passenger plates for the next 10 to 15 years.

The predicted registration increase has had another effect on plate production. Although production of plates has been a year-round operation, prison inmates—thanks to automation—may be finished sooner than usual this year. With an eye to the future, the Highway Department installed two new presses. The presses emboss two sets of plates at once and will be well able to cope with the growing demand.

Th presses — and processing of plates—will proceed at top speed anyway this year, so that prison inmates will be able to expand their industrial endeavors. If the inmates

finish processing '65 plates before the year is out, they will devote their time — and equipment — to the other industries.

With adoption of the new numbering system and equipment, the Texas Highway Department has once again demonstrated its ability to keep pace with the times. So it is that the Department has abandoned a plate pattern long in use. It seems fitting—and symbolic, somehow — that the last 1964 plate produced at the prison was "touched up" by an inmate with an obvious sense of humor.

Instead of the usual letter-number markings, the plate read, "THE END."

Planting dates will influence weevil threat

Weather conditions during the spring and early summer will to a large degree determine the size of the boll weevil population in the infested areas below the Caprock. However, farmers in infested areas should be aware of the factors involved in both late and early planting as far as weevils are concerned.

Early planting—in some cases—gives time to set a crop before large weevil populations develop, points out Don Rummel, Extension entomologist. Early plantings will also attract early emerging weevils and actually serve as trap crops. April cotton provides early food and breeding sites and allows for extra generations.

If farmers in weevil infested areas would avoid planting until May 10-15, some early emerging weevils would die from lack of food. If planting takes place over a long period—early to late—emerging weevils are assured of a constant food supply, probably resulting in heavier over-all infestations, the entomologist warns.

Yarborough re-election bid is based on record

"I seek re-election to the United States Senate on a record of accomplishment," Sen Ralph Yarborough said this week.

"I have been your Democratic United States Senator for seven years. In those seven years—working with and for the people of Texas—we have made major steps forward in education, agriculture, conservation, and many other areas."

At a statewide appreciation dinner honoring Sen. Yarborough last fall, U. S. Senate colleagues—the men who know him best—told the more than 4,000 Texans in attendance: "Senator Ralph Yarborough is a man who gets things done for Texas." Also at the dinner, in a filmed message, our then President John F. Kennedy said:

"Ralph Yarborough speaks for Texas in the United States Senate, and he also speaks for our nation, and he speaks for progress for all our people."

Howard Freeman
FOR
Pct. 1 Commissioner
GARZA COUNTY

I would like to take this means of representing myself in behalf of my candidacy for Precinct 1 Commissioner of Garza County.

I have lived in Garza County about 48 years, having engaged in farming and as a wage worker for a number of years.

I have also worked for road contractors helping build roads, and at one time worked for the Texas Highway Dept. for seven years under Jake Webb, foreman here in Garza County.

I have a fair education and think myself qualified to fill the duties of the office at both ends of the job—overseeing the county roads and also the county problems and business affairs.

If elected, I will devote my entire time to the duties of this office.

Grassland reporter is now back on the job

By MRS. O. H. HOOVER

I am back home again after spending most of last week visiting my son, Jerry, and family in Lubbock and Herbert C. in Shallowater. I enjoyed it very much but you know what the best part of my visit was—coming home.

The Thursday Club met April 16 in the home of Mrs. C. C. Jones. The afternoon was spent visiting. Mrs. Jones served lovely refreshments of sandwiches, congealed salad, pickles, olives, nuts and pineapple cream pie and coffee to guests, Mrs. B. Gray of Clarendon and Mrs. Lillian Stevens and the following members: Bernice Probst, Ada Oden, Iris McMahon, and Myrtle Hoover. The next meeting will be May 8 with Mrs. Hoover.

Cheerleaders are to be voted on Friday, April 24

By Linda McMahon

Friday, April 24, is the day of the election of the cheerleaders for 1964-65.

This year, the elections are being held quite differently. Each class will do one yell together and then each girl will do an individual yell. This will give the student body a chance to vote for the girl who really is best.

In the past, the classes have tried out as a whole and the voters have not had the chance to observe each girl and determine her ability as a leader.

Being a cheerleader is a great responsibility and involves days and days of work. In voting for the girl of your choice you should consider these factors:

1. Is she willing to work?
2. Would you be proud of her as a representative of your school?
3. If you are in the Pep Squad would you be willing to take orders and advice from her?

These are only a few questions you should ask. So I ask you now to choose the girl with the ability—the one with leadership and the one who wants the best for her school. This is the one you will be happiest with today and next year as she serves YOU.

Honor roll at PHS lists 58 students

Fifty-eight students made the fifth six-weeks honor roll at Post High School, 13 of them making the "A" honor roll and the others the "A-B" honor roll.

Students on the "A" honor roll are:

Senior—Curtis Hudman, Marilyn Minor, Argan Robinson.

Junior — Mary Grace Hodges, Carolyn Matsler, Teddy Scott, Elisabeth Tubbs.

Sophomore — Rickey Welch.

Freshman — Joe Hudman, Marcia Newby, Ronnie Pierce, Ronald Thuet, Sherry Woods.

On the "A-B" honor roll are:

none other than Tony Carlton is the athletic director. The professor of English is old-maid Linda McMahon. She just can't decide which boy she likes best, so at 60 she is still choosing them all.

In Garza County, Danny Stone, owns his own Dairy Queen. Hear tell he's worth a fortune. In the same county, Betty Stewart has just become the first police-woman in that area.

Shirley Sappington, a wealthy widow, who has just lost her sixth husband, sits and counts her large sums of money as she listens to her own personal orchestra. Nobody remembers Guy Lombardo, for Kenneth Barnes absorbs all the limelight in this modern day and age.

Now we see the domestic side of the story. We see Carol Dee Hodges and Shirley Bostick in their cute little homes as the best of housewives. We hear that Carol Dee has just won the Betty Crocker award for her marvelous cooking. Of course, Nita Wilson isn't to be outdone for we see her as a very efficient nurse. Of course, all she is allowed to nurse now is her bum knee.

To the feminine hearts here is a bit of heartening news, Marilyn Minor, who succeeded Debbie Drank on her morning television program offers many helpful hints to all women. Another contributor to beauty is Dennis Payne. He has just discovered a new chemical that prevents hangnails.

On the campus of Texas Tech we hear peals of laughter and find Linda Pennell is the source of this disturbance. Her reason for mirth is evident. She has just graduated, after all the years, and stands beside the statue of Will Rogers who has just fallen from his horse.

So, such is the present activity of the '64 graduates as are seen by the funny little man on Jupiter, Curtis Hudman.

Negotiations are resumed by phone company and CWA

SAN ANGELO — Contract negotiations between General Telephone Company of the Southwest and Communications Workers of America were resumed Monday.

Tentative agreement was reached on several additional items during four days of negotiations the week of April 13, however, no further information has been released by the company spokesmen.

Negotiations on a new contract began last June 21 and continued until October when the Union requested a recess until agreement was reached by General Telephone Company of California and the CWA. The California Company and CWA reached agreement on March 13 after a 141-day strike.

The Southwest Company and the CWA resumed negotiations on March 25 following settlement of the California strike and have continued since that date.

Anniversary date of the contract now in effect between the Southwest Company and the CWA was July 21, 1963. The present contract remains in effect until cancelled by either party.

"We hope for an early agreement which will equitably represent the interests of customers, employees and shareowners," E. H. Danner, company president, said in his statement to shareowners earlier this year.

SANTA FE CARLOADINGS

Total carloads moved over Santa Fe System Lines for the week ending April 18 were 33,704 compared with 32,781 for the same week a year ago. On-line loadings were 21,597 compared with 21,353 for the corresponding week last year. Cars received from connections totaled 12,107 compared with 11,428 for the same week a year ago. Santa Fe handled a total of 32,443 carloads in the preceding week of this year.

Agency supports 16 families here
Collier Chevrolet-Olds payroll big for downtown
 "We're just one big family" is the way Claud Collier, owner of the Collier Chevrolet-Olds Company's "big family", front row, left to right, Boone Evans, Burnie Bingham, Dwayne Barker, and Doyle Fry. Back row, Co. is actually 16 families—15 at the time, or their work had employees and Collier himself—taken them out of the agency building at that particular moment.
 WHEN CLAUD WENT through office and shop last Friday afternoon to call his employees off the job for the accompanying picture in the next column, he reported that "four were missing" for the group picture. They were off duty

THREE-FOURTHS OF COLLIER CHEVROLET-OLDS 'FAMILY'

Shown above are 12 of the 16 in Collier Chevrolet-Olds Company's "big family". Front row, left to right, Boone Evans, Burnie Bingham, Dwayne Barker, and Doyle Fry. Back row, left to right, Claud Collier, Ira Farmer, Walter Clark, James Altman, L. C. Brown, Pat Robinson, Bob Harris, and Leroy Demming. (Staff Photo)

When the Dispatch newsman asked Claud what kind of a news story he had in mind for today's business page, Collier replied that the first thing he wanted to do was to thank all of the firm's customers for the opportunity of serving them.

"We are trying to improve our service to you every day," Collier declared. "And we do appreciate you."
 "We here at Collier Chevrolet-Olds are striving for a quality operation with well-trained personnel," Claud said. "We operate fair and square in all our dealings."
 ADDING A BIT MORE of his business philosophy, Collier declared that "none of us are trying to get rich. We're just trying to make a living and make our operation better."

"I've thoroughly enjoyed my seven years in Post," Collier told The Dispatch. "Post has been real good to me. I feel this is home. I've enjoyed working with the various organizations here and the people of the community."
 (Collier recently assumed his most important community job to date when he was sworn in last

week as a new city councilman.)
 "We firmly believe in our business slogan, 'A good deal depends on your dealer', and we're trying to be the kind of auto dealer you want to do business with."
 At the end of the story interview, Collier came right back to the point from which he had started. "Thank our customers again for all of us," he declared. "They're the best."
 The agency's 15 full-time employees, broken down by departments are as follows:
 Sales Department: Burnie Bingham, sales manager; Boone Evans, Ira Farmer and Lester Keeton, salesman.
 Office: Homer Cato, office manager; Mrs. Anita Blanton, bookkeeper.
 Parts Department: Walter Clark, manager; Dwayne Barker.
 Service Department: Bob Harris, service manager; Jesse Wright, James Altman, and Doyle Fry, mechanics.
 Body Department: Pat Robinson, manager.
 Porters, Leroy Demming and L. C. Brown.
 Claud Collier has been literally "raised on Chevrolets". His father, Claud Collier Sr., has been a Chev-

rolet dealer at Atoka, Okla., where Claud was reared, for almost 37 years and is still the Chevrolet-Buick dealer there today.
 Collier pointed to the long string of glistening new Chevrolets and Oldsmobiles lined up on the concrete parking lot south of the agency building.
 "Those aren't all the units we have readily available to a customer by any means," he explained. "We have over 500 new units — with different color schemes, options, engines, and models — to select from all the time."

COLLIER WENT ON TO point out that General Motors has a vast new car locator system and Claud can tell you with a single phone call exactly what is on the car lots of all the Chevrolet and Oldsmobile dealers within a 500 mile radius of Post.
 Dealers exchange cars. Collier can have one picked up and back in Post overnight or the same day. "We strive to please," Collier said.

He might have added that it is this policy, his products, and the busy-busy workings of his "big family", which has made the Collier Chevrolet-Oldsmobile Co. the leading auto agency in Post in new car sales in six out of the last seven years.

COLLIER'S SALES philosophy is both interesting and perhaps unique.
 "We don't try to sell a prospect a car," Collier says. "We try to help him buy one. There's a big difference."
 "In other words," Claud said, "We try to fit the customer's actual car needs with the car model and equipment which will fill those needs. We don't want them in too big a car, or too little a car, or one which has too many options they don't need or one without

Friends, neighbors help Longs work their cattle

By JUDY HUFF
Arda and Fred Long worked cattle Sunday. Those who helped and had dinner at the Longs' lake were Bob West, Harley Turbyfill, Dennis Eubank, Mary and Sue, R. D. Eckert, Mr. and Mrs. Bus Pennell and family, Mr. and Mrs. Leonard Booth and David, Mr. and Mrs. Cliff Grigsby and family and the Long families. After dinner, swimming was enjoyed by the "tough" ones who didn't mind the icy water.

Mrs. Jimmy Moore entertained her son, Joe, with a party on his seventh birthday at the City-County Park Tuesday afternoon. Party favors and refreshments of Cokes, cake and bubble gum were served to the members of Joe's first grade class and Mrs. Don Rose, Danny, Melody, Bill and Donna, Mrs. A. J. McAlister, Tina and Tracy, Mrs. Mike Mitchell, Kim, Kelly and Pat, Bill White, Mrs. Leonard Booth and David, Mrs. Jack Kirkpatrick and Kent, Mrs. Cliff Grigsby and Mike, Freddy, Morris and Clifton, Mrs. Royce Josey and Rodney, Mrs. Robbie King and Gaynell and Melanie, Mrs. R. E. Josey and Randy, Mrs. Georgie Willson, Cy and Melody, Mrs. Pat King and Rodney, Mrs. Bill Cates and Cindy, Mrs. Andy Stelzer and Linda, Joe Pennell and Jeff, Kathy and Tammy King.

Natha Jo Mears, Peggy Claborn and Donna Smith.

The Tom Hendersons visited the Cecil Blands Friday night and the Blands returned the visit Sunday night.

Bill Bland and his cousin, Charlotte York, won first prize in the Lions Club Talent Show Saturday.

Mrs. Don Long and sons, Lance and Wayne, of Tucumcari, N. M., visited Mrs. Velma Long Tuesday, Wednesday and Thursday.

Mr. and Mrs. Donald Young and Todd of Tahoka visited the Tommy Youngs Saturday night. Mr. and Mrs. Hub Young of Wilson and Mr. and Mrs. Alvin Young visited the Tommy Youngs Sunday.

Mrs. Cliff Grigsby and Mrs. W. A. Long visited the Morris Huffs of Grassland Tuesday afternoon.

Johnny Minor visited Mike Huff Friday night.

Cherry Pennell visited Judy Huff Sunday afternoon.

Cliff Grigsby and Howard Kolb were in Spur on business Monday afternoon.

Mrs. Cliff Grigsby and Morris Huff visited Mrs. Jimmy Moore Monday.

some they really require.

"We want our customers completely satisfied. It's important they get the 'just right car.' That's why we try to 'fit them right'."

Collier also declared that "we don't believe in selling what is known in the trade as 'price cars', the cheapest unit made in a particular model all stripped of equipment to get the price to the lowest dollar."

"Such cars never make a customer happy," Collier says.

"When we sell a car we're looking for future business too," Claud says. "We want them to come back because they were sold quality merchandise with a low operating cost and a high resale value."

COLLIER ALSO HAD a word to the wise on car maintenance he wants to pass on to all Dispatch readers.

"The cheapest way to own a car is to properly maintain it," Collier says. "Keep them up. If you pay for the small and necessary maintenance items you won't have any big repair bills and at trade-in time your car maintenance will actually make you money because the car you trade in will be worth more."

"That's what our shop is for," Collier said, "to help our customers keep their cars properly maintained."

He urged customers to carefully observe maintenance checks and "keep their cars in top running trim."

To keep his mechanics abreast of all the latest mechanical changes in models, Collier sends them "to school." School in this case are the General Motors mechanical schools at Oklahoma City, Dallas and El Paso which offer a wide variety of courses on a year-round basis.

Collier sends his mechanics to the GM schools at company expense, and more often than not, Claud climbs into the car with them and takes them down.

He wants to keep abreast of everything new in his line of business himself.

DON DOCKERY of Tahoka visited Jimmy Moore Sunday night.

Joe Mullis returned to his home in Aspermont Friday after having spent several weeks in Garza Memorial Hospital and in the home of his daughter, Mrs. Jimmy Moore.

The Moores took him home and spent the weekend in Aspermont where Jimmy helped Ralph Riddle with his spring roundup.

Mr. and Mrs. Cecil Bland were in Lubbock on business Monday.

Homer Huddleston visited Mr. and Mrs. Cecil Bland Tuesday.

Bill Bland visited the Darrell York family Saturday.

Visitors of the Cecil Bland family Sunday were John Bland and Shirley Bostick, Elaine Bland and

A Moment With God

THE COMMUNION OF THE FAITHFUL

We who are many are one body, for we all partake of the same loaf, Luke 10:17 RSV

A quantity of iron filings may lie loosely on a table, but put a magnet near them and they will spring into a relationship not only with the magnet but with one another; they will all be drawn in the same direction. Something like that our Lord meant when He said: "I, if I be lifted up from the earth, will draw all men unto Me." The sacrifice of Christ to this day exercises its attractive power upon men. This sacrifice, with all its justifying and sanctifying benefits, is made available to believing souls in the celebration of Holy Communion. It is there that we "show forth the Lord's death," and when we do, we find ourselves in fellowship not only with the Savior but with all our fellow redeemed.

We have something in common, something that is very great indeed. We may be as different from one another as human beings can be, but at the Lord's altar we are all the same; sinners in need of the grace of God. This grace we all receive: "we all partake of the same loaf"—which is to say that we all receive Christ's body and blood. So we are ONE body, we with all the faithful all the ages. We are many indeed, but Christ our Savior has united us into "the one, holy, Christian, and apostolic church."
