## The Post Dispatch

Volume XXIII Post, Texas "The Gateway To The Plains" Thursday, August 11, 1949 Number 40

### Vacation's Nearly Over; Schools To Open Sept. 5

Post and Garza County schools will open Monday, Sept. 5, for the 1949-50 year. School officials, because of the changes required under the new Gilmer-Aikin Law, are busier than usual but, by press time, most of the problems had been worked out.

Supt. G. R. Day said that three vacancies remain on the Post school faculty, but there are several applications on hand and others are expected and the teachers should be elected within a week or 10 days. The only teacher vacancy in the county schools is the intermediate position at Close City, County Supt. Dean Robinson said yesterday. A complete list of the teachers will be published in the Post Dispatch after all vacancies have been filled.

The Post Independent Consolidated School Board met Monday night and elected Jess Wright as a fulltime teacher for the year and assistant football coach for the fall months. Mrs. Elsie Wright's resignation was accepted, and one-year leaves of absence were extended to Coach Vernon Ray and Coach N. R. King, who will spend the year in college.

Plans for building a new band room were discussed, but no date was set for letting the contract.

S. D. Strasner, Post High School principal, announced the following schedule for registration: Monday, Aug. 29, football

### Prizes Offered In Two Parades

The Southwestern Championship Junior Rodeo parades, the best in local rodeo history, are not without their rewards. The best appearing junior rider is to receive a watercolor painting by Fred Harmon of "Little Beaver and Red Ryder" at the rodeo here plus \$10 cash for first prize. Second prize is \$7.50 and third is \$5.

Three prizes, \$25, \$15 and \$10 is offered for the best floats.

The rodeo will be preceded this afternoon by a parade. The next parade will be Saturday afternoon.

### Odis Echols And Melody Boys To Play Here Soon

Odis Echols and his Famous Melody Boys Quartet will be sponsored in a public performance in the Post High School auditorium next Thursday night, Aug. 18, beginning at 8:30 o'clock, by the Garza County Home Demonstration Council.

Tickets may be bought thru the office of the county home demonstration agent, Mrs. Jewell H. Strasner, who urges prospective customers to buy their tickets before the show, for the benefit of the clubwomen. The proceeds from tickets sold before the boxoffice opens will be used to send delegates to the Texas Home Demonstration Association convention in Mineral Wells Sept. 21, 22 and 23. Tickets are 30 cents per child and 60

George (Scotty) Samson, a resident of Post for 42 years, is shown (left) as he is congratulated by Carter Gene White, president of the District 2 4-H Club boys, upon presentation of a Holland Spurclip tieclasp in recognition of Samson's "ceaseless efforts" in behalf of county agents and 4-H boys throughout West Texas. The presentation was made at a ceremony which was a feature of the District 2 4-H Club Encampment Friday night at the Panhandle-South Plains Fair grounds in Lubbock. The only other man in the district ever to receive this distinguished honor is A. B. Davis, manager of the Lubbock Chamber of Commerce, who received the special award last year.

### Garza County Takes Honors At Boys' 4-H Encampment

Garza County took most of the honors at the annual District 2 Boys 4-H Encampment in Lubbock Thursday, Friday and Saturday.

George Samson was presented with a Holland Spurclip, the standard district award for outstanding achievement; the presentation was made by the retiring president, Carter Gene White; White was elected vice-president of the district organization, and another Garza County boy, Barry Ford, was elected secretary.

The Garza County rifle team won first place in rifle firing, and White and Ford won first and second place respectively in

individual rifle firing. Twenty-two Garza County boys were among the 310 boys from 18 counties registering at the camp.

The only other man in this district to receive the standard award for outstanding service is A. B. Davis, manager of the Lubbock Chamber of Commerce which sponsors the encampment each year. The award is used in districts and presented, whenever deserved, to the person who has, without remuneration, contributed a singularly outstanding service to 4-H work.

The presentation was made Friday at a Guest Night dinner. "To the man whose philosophy of life and ceaseless effort for more than 25 years has given a 'slap on the back' to county agents and 4-H boys throughout West Texas" was the tribute paid to Samson by District Extension Agent W. N. Williamson of Lubbock.

Other features of the dinner program included a full-costumed Indian dance by the Boy Scouts of Lubbock Troop 8, directed by Frank Runkles, ranger at Camp Post. Numerous guests from the 18-county area were present.

Jack Brock of Floydada, who is in his 13th 4-H year, was elected district president. Now a senior pre-law major at Texas

### Ground-Breaking For Educational Building Planned

The Building Committee of the First Baptist Church, composed of Ira L. Duckworth, chairman, O. L. Weakley, Dean Robinson, and the Rev. T. M. Gillham met at the First National Bank last Thursday afternoon to receive bids for a new two-story Educational Building, size 39 ft. by 64 ft. The following bids were submitted: Davies Construction Company, Post, \$29,650. Joe Telford, Lubbock, \$36,735, and T. O. Porter, Slaton, \$39,860. The contract was awarded to Mr. Davies. The building will be constructed of the same material as the present church building, and the construction will begin August 15, and will be completed by December 15.

This building and the present church plant will make room for 600 in Sunday School, giving adequate space for nursery, two junior department and a young adult department, also very attractive intermediate and young people's departments.

A ground breaking service will be held after the morning program at the Church Sunday. A brief history of the early days of the church will be given, as will some short talks by early members of the church concerning earlier building plans. R. E. King, now living at Plainview who was a member of the first building committee, has been invited to participate in the program.

### Boy Scouts Working On Headquarters

Troop 11 of the Boy Scouts this week started repairing its boxcar headquarters behind the American Legion hall. The project should be finished by Sept. 1. Troop 16 painted the inside of its boxcar headquarters Monday.

### TO SEE FIRST RODEO

Among the spectators at the Southwestern Championship Junior Rodeo will be a grown woman who has never seen a rodeo—Mrs. Priscilla Greenawalt of Lubbock, who moved there two months ago from Manila in the Philippine Islands.

### TO ENTER PARADE

The local Rainbow Assembly, which had a beautiful BIG float in the Post Stampede rodeo in the spring planned, at Tuesday night's meeting in the Masonic Hall, a JUNIOR float for the Southwestern Championship Junior Rodeo parades today and Saturday.

### Best Show In History May Be Seen Here

The juniors are showing the old folks how to stage a rodeo of nationwide interest.

For the first time in local rodeo history, there hasn't been a vacant hotel or tourist court room in town and the rooms have all been reserved for three weeks or longer.

For the first time, all of the newspapers and magazines of West Texas and most of the news publications in the Southwest have publicized a Post rodeo.

For the first time, three newsreels of international circulation are covering a Post rodeo. Mr. and Mrs. Lederer of Universal-International arrived yesterday, and photographers for Paramount and Movietone will be here tomorrow.

For the first time a number of floats will be entered in a Post parade and cash prizes will be offered. Parades will be held at 6:30 p. m. today and Saturday.

Visiting contestants will be honored and have free admittance to a dance in the City Hall tonight, beginning at 10 o'clock. Music will be by a Slaton orchestra. Public dances will be held tonight, Friday and Saturday on the pavillion at the rodeo ground, beginning at 10 p. m. Ted Blinka and His Boys of Post and Hank, the Cowhand of Lubbock will provide music.

Cowgirl sponsors will be honored with a supper at 6 o'clock tomorrow evening at the city hall.

Rodeo performances will be held at 8 o'clock tonight and Friday and Saturday nights and at 2:30 o'clock Saturday afternoon in the Post Stampede Arena.

For the first time, a number of specialty acts will be included on the usual program of rodeo performances. Both boys and girls, all 18 years of age or younger, will participate in the performances.

Proceeds from the show the second annual Southwestern Championship Junior Rodeo and the World's Original All-Junior Rodeo.

### Bollworm Only Threat To Cotton In This County

Post's share of the rains which hit here and there over the South Plains area during the past week totaled .34 of an inch, and fell Sunday and Monday nights. While other parts of the county have received rains since then, only a trace was measured here.

Most of the cultivated land in the county has received enough rain for the crops to date, only the Justiceburg and Close City areas remaining too dry, according to Lewis Herron, county agricultural agent.

The moisture has encouraged bollworms, but leaf worms are not bothering anybody so far this year, Herron said.

Herron warned farmers to watch their cotton for bollworms, which can be controlled with any of the following dusts: 25 lb. of DDT and 75 lb. of sulphur applied 10 to 15 lb. to the acre; 20% toxaphene and 40% sulphur, or 3-5-40 mixture.

Cotton over the county is looking good, Herron said. This includes the late cotton.

### Garnolia Election Set For August 20

County Judge J. Lee Bowen yesterday called a special election at the Garnolia school for Aug. 20 for the purpose of voting on a proposed increase in the school tax from \$11 to \$15.50.

The petition was submitted early this week on the theory that the extra funds are essential to operation of the school.

### Hearing On County Budget Scheduled

A public hearing on the 1950 Garza County budget will be held at the court house Monday, Aug. 22, at 10 a. m.

A daughter, weighing 7 lb. 13 1/2 oz., was born to Mr. and Mrs. O. L. Hemphill at 1:45 p. m. last Thursday in the West Texas Hospital at Lubbock.

Mr. and Mrs. Bill Woods of Route 2 are parents of a daughter born at 9:30 a. m. last Thursday in the Tahoka Clinic. She weighed 6 lb., 14 oz., and was named Sherry Jan.

A son, Dick Ramsey, was born to Mr. and Mrs. Jack Kennedy in the Mercy Hospital at Slaton at 12:10 p. m. Saturday. He weighed 8 lb.

Mr. and Mrs. J. M. Haley of Route 2 are parents of a daughter born at 5:44 a. m. Monday in the Lubbock Memorial Hospital. She weighed 7 lb., 2 oz.

Mr. and Mrs. D. E. Hambright of Midland have announced the birth of a son Aug. 3. The baby is a grandson of Mr. and Mrs. L. B. Wright.

A daughter, weighing 7 lb., 15 oz., was born to Mr. and Mrs. Don Foster of Houston Aug. 9. Mrs. Foster is the former Nedra Jo Evans, daughter of Mr. and Mrs. Boone Evans.

Mr. and Mrs. George Warren have announced from Colorado City the birth of a son, David George. Mrs. Warren is the former Marian Hodge of Post.

Mr. and Mrs. Walter Sweatman of Denton are parents of a son, Ernest Dean, born at 1:41 p. m. Sunday. He weighed 8 lb., 3 oz. The baby is a grandson of Dean Robinson.

Mr. and Mrs. Louis Avery Sinyon of Aug. 6. He was named Clair of Abernathy are announcing the arrival of a six pound Louis David. He is the grandson of Mrs. Arthur Floyd of Post.

### No Show Below San Andres Is Indicated In Garza Test

While current oil activities are being watched with many a fervent brow in the drilling profession, there is little progress to report this week. Progress of several wildcats, slated for the county, has been upheld pending a rehearing of protests in the case of two separate drilling companies, the Post Dispatch was unofficially informed last night.

The oil industry has been watching with interest the Comanche Company's Ellenburger Test on the Montgomery Estate south of Post. By last evening, the Comanche Company, driller, had reached 8,509 feet and was approximately 50 feet into the Ellenburger.

As no show of oil has been apparent below the San Andres strata (3550-85 ft.) the operator planned to drill 50 or 60 feet ahead then, if nothing showed up, try to plug back to the San Andres, where a thick pay was indicated.

Comanche operators indicated a showing for the Glorieta and Clearfork basins, but nothing in the Pennsylvania and Mississippi strata.

Another Ellenburger deep test is the Seaboard Oil Company's operation on the OS Ranch Es-

tate which set surface pipe Sunday and started drilling Monday morning. The Trinity Drilling Co. is in charge.

Comanche Company's cable tools were moved this week to Lynn Unit No. 2, west of Post after the rotary equipment had been moved to Lynn No. 3, at the southwest corner of the Post town section. Drilling started this morning.

The Brown and Brown operation on the G. W. Basinger No. 1, approximately 11.5 miles northwest of Post, was around 2,100 feet by last evening and drilling ahead.

The Postex Drilling Company project, Amerada No. 1 on the Dunn-Stoker No. 1, east of Post, had reached about 2,000 ft. by Wednesday evening. It is projected to 2,900 ft. in proven territory.

A wildcat which is attracting considerable interest is the P. W. Anderson of Midland, and Associates, No. 1-A. R. Clyde Miller, projected to test the upper Permian at 2,500 ft. It is 440 feet from north and east lines of the southwest quarter of Section 41, Block 6, H&GN Survey, and five miles southwest of Justiceburg.

# Almost Free Power From Gravity Is Seen As Future Reality

New Boston, N. H.—About a year ago I wrote on the subject of "free power." Since then, the Gravity Research Foundation, a non-profit institution, has been established at New Boston, N. H. Hence, although I realize it is all a gamble — yet the possible prizes are so great that the subject really deserves another story.

With "free" power several very important results might be possible (1) Almost free heat in the winter, which would be made by individual gravity plants in the cellar of each home. (2) The installation of automatic pumps

which would give a sufficient supply of water at all times for agricultural and livestock purposes. (3) A supply of power to small industries in every community.

Another most interesting use of such very cheap power would be in connection with the restoration of soils which have been exhausted of minerals and humus. The minerals existing in while the humus could be restored to the soil by grinding; while the humus could be restored by crushing young sprout trees now covering much waste land.

### Power From Gravity

The greatest source of undeveloped power today rests with gravity which is now being used only in connection with the water

er powers. The same gravity, which develops water power, exists under every home and on every acre of land. The only need in order to harness such power is to find a differential for gravity other than height, because it is the differential in height that develops water power. It is the differential between the steam in the two cylinders of a locomotive which causes the piston to reciprocate. It is the differential between the air pressure on the windy side of a windmill, compared with the pressure on the opposite side, which makes the windmill revolve.

In the case of electricity this differential is secured through the use of insulators without which no electric motor would

revolve. The harnessing of gravity, therefore, awaits the discovery of some partial insulator. When such an insulator is discovered a simple machine can be constructed to generate almost free power from gravity.

It is generally believed that this partial insulator of gravity will be found in some alloy of which there may be millions. Only about 2% of the possible alloys have yet been tested. We know that certain metals are now good transmitters of magnetic waves; but by a certain mixture of these same metals an alloy is produced which is almost a complete insulator. It is not the purpose of this foundation to make laboratory experiments but rather to collect data on all experiments being made

by others and serve as a free clearing house and information bureau to all who are thinking and working on the problem.

### Possibilities

When telling this story to an elderly friend, she asked: "If I stood on a mat made of this gravity insulating material, wouldn't I rise and hit the ceiling with my head?" My answer was: "Yes, if this mat were a 100% insulator. Such a mat would be very dangerous to you; but it would be only like putting your hand on an electric wire carrying 100,000 volts, or into a furnace fire making steam for an engine. As a matter of practice, these mats would be so diluted as to reduce your weight only partially, not enough to cause you to rise to the ceiling. These mats could, however, be used for stair treads so that it would take no more effort for you to walk upstairs (many flights) than to walk on a level floor.

Those who are interested in World Peace believe that the discovery of such "free" power would so raise the standards of all peoples in all parts of the world (gravity exists with equal force everywhere) that there would be no more world wars. Most wars have been to seek more arable land, or more coal, oil and other sources of power. The reason for locating at New Boston, N. H., instead of at Old Boston, Mass., is for fear that there will be a World War III before this new power has been harnessed. Hence, it is desired

to preserve the Foundation's records in some safe place. When you have a certain amount of windows for least hemmed, instead of using the hem, use small hairpins. You will find that they will not fall through the net as common pins will do. They are easily and quickly moved from the material.

The most common cause of farm and home accidents are falls, machines, animals, vehicles, handling objects, tools, stepping on or over against objects, falling and ing objects and burns or scalds. Safety in the home is good home management.

## Garza and the World

By EVELYN BOYD

While Eleanor Roosevelt and Cardinal Spellman battled it out in public over Eleanor's "discrimination" against the Catholic church when she objected to spending my and your tax money for federal aid to parochial schools, my friend, H. I. Phillips of the New York Sun, as usual, dwelt upon the light side of the situation.

In his column, The Sun Dial, he quoted from Eleanor's column, "My Day," as follows, under a heading which said "Huh?":

"I am very pleased that great efforts are being made in Washington to reach a compromise on a bill that will permit federal aid to education. I shall rejoice in whatever the House and Senate agree upon. I spent Wednesday in New York City. As I drove out in the morning I suddenly realized that the purple loosestrife is at its height. My whole swamp is ablaze with it and the reflection in the water is beautiful. We also have a family of little wild ducks and two beautiful egrets."

The above inspired the delightful Mr. Phillips to pen the following poem, entitled "As Eleanor Might Put It":

I'm pleased to know that Congress will Soon pass an education bill, And oh, dear people, do you know The purple loosestrife is aglow.

The Congress soon, it seems to me, Upon that bill will soon agree And loosestrife on these horrid days Will leave your swampland all ablaze.

I shall rejoice, whatever's done, If the objective's fully won; We also have some ducks as pets And oh, the loveliest egrets! We must all compromise a bit— There is a certain charm in it; How can I in debate feel blue? I've loosestrife, ducks, egrets and you!

With all of her disjointed writing, Eleanor Roosevelt is still news and so are her sons and daughters and their children. Her and Cardinal Spellman's misunderstanding resulted in unfortunate publicity for the Catholic church and a home run for Eleanor.

All over the nation, people like Charlie Guy—who writes The Plainsman Says Column in the Lubbock Journal and whose favorite pastime while FDR was alive was ridiculing Eleanor—jumped to her defense in the Roosevelt-Spellman controversy.

When the federal government starts using my tax money to give aid to the Catholic schools it will, of course, have to give some of my money to the Episcopalian, the Presbyterian, the Methodist and the Baptist and other worthy demonstrations which—like the Catholics—have many fine schools, particularly in the higher education brackets. I'll contest my income tax, if they don't divide my money equally among all the denominational schools once they start aiding the Catholic schools. I'd do the same if the government started helping Protestant schools and ignored the Catholics.

But before I get back to Eleanor and her family, I want to diverge some more to say that I am against federal aid to public education in general and against federal aid to denominational schools—whether they are Catholic, Buddhist or Baptist—in particular. Federal aid to schools means government domination of education. Public education—as we now know it—is one of the few freedoms we have left. It is our main incentive for free enterprise, one of our more fast-fleeting freedoms.

Naturally, I agreed with Eleanor on her parochial school aid stand—as did many another newspaper writer who has not always approved of the former First Lady's actions. Her stand did not prove that she was against the Catholic church. Anyone who has had the patience to read "My Day" through the years will recall that she is a great champion of freedom of religion and, on many occasions, has promoted things and people near and dear to the Catholic church. Her open admiration and support of the late Al Smith is an example.

All of the above is to her credit. Also to her credit is a tremendous following which she and all members of her family have among the nation's parlor pinks and a large element of the masses who don't know a Communist from a Tory but who loved the late President Roosevelt and all that he stood for with a blinding passion.

We will have Eleanor in politics for the next 10 years if she lives that long, and we will have her sons in politics the rest of my life. I expect my son will suffer from the politics of her grandchildren—if they take after FDR and Eleanor in their beliefs. The Roosevelts are that strongly entrenched in the hearts of THE PEOPLE (including the 90 per cent of Texas qualified voters who can't recall a single one of the 10 proposed amendments to the Texas Con-

ESTABLISHED IN JUNE, 1926

Published Every Thursday at the Dispatch Publishing Company Building in Post, Garza County, Texas.

E. A. WARREN, Publisher-Editor

Entered at the Post Office at Post, Texas, for transmission through the mails as second class matter, according to an Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

### Minute Editorial

Lucky is the South Plains child who is a boy of Boy Scout age, now that the swimming pool at Camp Post is completed. "Chief" Runkles has been engaged as fulltime resident ranger and the program to spend \$150,000 improving the camp during the next three years is well underway. Located in one of the most picturesque spots in all of West Texas, the camp is now, for the first time, in a position to offer year-round activities for Boy Scout troops. The climate in this area being comparatively mild, Boy Scout leaders long have felt the need during the long school year for adequate camping facilities. Now the troops can make reservations at the camp for any time of the year and, upon arrival here, check out tents, archery and rifle equipment and commissary needs. This will result in many delightful wintertime weekends for the boys of Post and the South Plains Area.

### What Our Contemporaries Are Saying:

**PARENTS UNDER BOND**—Child crime or delinquency in Gaines county has seen a steady drop during the last year with inauguration of a plan to place parents under a heavy bond, a check disclosed today.

In a large number of cases parents have been charged with contributing to juvenile delinquency and required to post large bonds. There have been no recurrent offenses from these youths, the county attorney said. Juvenile delinquency actually begins at home in most cases, he added, and when youngsters are permitted to stay on the streets after 9 p. m., trouble usually follows.

He credited coaches of the local schools for a large portion of the decrease in crimes by teenagers. Since the coaches have been making it their responsibility to see that young boys are kept occupied with a well-rounded sports program, teenage offenses have almost disappeared, he noted.—Seminole Sentinel.

WHAT IS COTTON?—With everyone wondering whether Crosby County's cotton crop this year will be a bumper one, or whether we are doomed to another disappointment, this definition of "What is Cotton?" seems quite appropriate:

Cotton is the overcoat of a seed that is planted and grown in the Southern states to keep the producers broke and the buyers grey. The fiber varies in color and in weight, and the man who can guess nearer the length of fiber is called a cotton man by the public, a fool by the farmer and a poor business man by creditors.

The price of cotton is fixed in New York and goes up when you have sold and down when you have bought. A buyer working for a group of mills was sent to New York to watch the cotton market, and after a few days of deliberation wired his firm: "Some think it will go up, and some think it will go down, I do, too. Whatever you do will be

Post was represented by John Lott at a meeting of the executive board of the South Plains Area Boy Scout Council Monday night in the home of Dr. F. B. Malone of Lubbock. Fifty-three per cent of the membership was present.

Dr. Glenn Kahler was named chairman of the council's health and safety committee, to replace Dr. Loveless of Lamesa who resigned after serving a number of years.

K. N. Clapp of Lubbock, who has been active in promoting Boy Scout work the last 25 years, received the Silver Antelope Regional Award from Region 9, composed of Texas, Oklahoma and New Mexico for outstanding service to boyhood over an area larger than one local council.

Thirty-eight board members from 20 counties attended the meeting.

It was announced that Dr. Glenn Kahler accepted the chairmanship of the council's health and safety committee, replacing Dr. Loveless of Lamesa who resigned after a number of year's service.

**Antelope Players Meet Tomorrow, Begin Training For Fall Season On August 8**

All boys interested in playing football should meet at the club house at the high school at 9:00 o'clock tomorrow morning, Coach V. F. Bingham has announced.

Football practice for the fall season will begin at 8 a. m. Monday, with two workouts daily. The boys will practice every morning, on cool days, in the late afternoons. On hot days, the second workout will be at night.

The public is invited to watch the workouts, but Coach Bingham said he would appreciate it if all spectators will watch from the grandstand, as their presence near the gridiron is distracting to the boys.

Twenty-seven of last year's Post Antelopes will not return this fall, and only five of the upcoming players have had football experience. They are Calvin Storie, Maurice Stelzer, Jerry Odum, Billy Lee Smith and Jack Kirkpatrick.

**Outlook Is Dim**

Storie is the only member of the 1948 first string who is returning. The others, lost through graduation or the eight-semester rule, are Jimmie Smith, Donald Carpenter, George Pierce, Billy Ramage, Buddy Hays, Maurice Fluitt, Charles McGuire, Junior Malouf, Ronnie Bouchier and K. Kirkpatrick.

Other players not returning are Barry Ford, Jimmy Puckett, Carter White, B. Bowen, R. Davis, A. J. McAllister, R. E. Josey, C. King, R. Teaff, W. J. Goss, B. Pennington and six junior lettermen who have either moved away or, for other reasons, withdrawn from school.

**Schedule Is Tough**

On the surface, the material that is left doesn't look too promising. Bingham said he would not know what he has in the way of football material until he has worked with the boys for a couple of weeks. In all of Bingham's experience here, this is the most uncertain season that he has had to face, he told a Post Dispatch reporter yesterday.

Bingham, home from the state coaching school at Beaumont, has been busy this week getting the football headquarters moved into the club house, recently acquired barracks building which will be used for dressing rooms and general football office.

He said he is now ready to start some vigorous training for a tough schedule.

The first game of the season will be played here with Ralls Sept. 9.

**Roberts Family Has Reunion On Sunday**

Garza County members of the Roberts family were reunited with other members of the family for the first time in a number of years Sunday in the Mackenzie State Park at Lubbock. Approximately 80 persons enjoyed a day of visiting and a picnic dinner.

**Millers Tie Sundown For Third Place In Oil Belt League, Play Tahoka Next**

The Post Millers rose from fourth to third place in the Oil Belt League standings Sunday when they defeated Denver City 11-7. Sharing the third place with the Millers is Sundown, and the tie will be played off Sunday afternoon in the Postex Park.

The Millers play Tahoka tonight in the local park, beginning at 8:30 o'clock. Next Thursday night the Millers will meet the top-ranking Oil Belt League title contenders, Denver City, in the Postex Park, Denver City, as was the case Sunday, will be "after Jim Boyd's hide" and the game should be a "rip-snorter."

Last Thursday night's scheduled game with Seagraves was rained out. It will be made up in a doubleheader Sunday afternoon, Aug. 21. Seven of the remaining Oil Belt League games will be played here and it is possible that the one scheduled out-of-town game with Leveland will be played here.

Although suffering a defeat by Post Sunday, Denver City retained its half game lead over Seagraves in league competition. Post is only one game behind Seagraves in the standings.

**Millers Strut Stuff**

The Millers, in Sunday's game, turned on the steam in the sixth inning when 10 runs scored to take the decision after trailing until that point. In the sixth frame, 13 Miller batters paraded to the plate to connect with seven hits and have three errors, one walk and a balk helped them along.

The hitting of Deamos Altman was the best individual performance of the day. The Miller third sacker hit safely in five times at bat, blasting three singles, a double and an inside the park home run with one on base.

Bill Holcomb was the winning pitcher, and he struck out eight batters while giving up 11 hits. Lefty Epperson was charged with the loss, being relieved in the middle of the sixth by Denny Davidson. Davidson went out in the seventh for Jackie Martyn.

In the sixth inning, Jim Boyd singled, advanced to second when Dale Hester walked, and scored on Altman's single. Walter B. Holland doubled to score Hester and Altman, and consecutive singles by R. M. Thomas and Doug Simpson scored Holland. Jess Cornell filed out, and Holcomb and Boyd reached first on an error. Hester singled in Holcomb, and Boyd was out at home trying to score. Altman's inside the park homer accounted for two more runs before Holland grounded out.

**Baffled by Boyd**

Behind much of the excitement of the crucial game was Denver City's pre-game boast that Boyd would not be allowed to steal any bases. Spectators noted that once Boyd got a hit

off the Denver City pitcher and got on first base, the pitcher worked so hard trying to catch him stealing that he balked. This gave Boyd second, from which base he played out and befuddled the pitcher into walking the batter. With men on first and second and nobody out, Jim razzledazzled the pitcher until he had to be relieved.

Leading Denver City hitting were Newell Landreth with a homer in the third with none on, Eddy Gorman with a triple, and Cyclone Jones with a double.

The line score:  
Post — 000 10(10) 000—11 11 4  
D. C. — 201 013 000—7 12 6

Holcomb and Holland: Epperson, Davidson (6), Martyn (7) and Hilton.

Sunday was a day in the Oil Belt League, top teams suffered setbacks. The Post defeated Denver City, 11-7. Sundown defeated Leveland, 8-0. Tahoka double-defeated Denver City, 8-0 and 10-6.

## Ed Kelly Sims Is Complimented At Shower In Mathis Home Wednesday

Ed Kelly Sims, the former Melba Jo Miller, was complimented at a tea shower Wednesday afternoon in the home of Mrs. Preston Mathis. Sims was with Mrs. Mathis and her mother, Mrs. L. P. Kennedy, Jr., and her father, Mr. Allen Cash. Other guests included Mrs. Williams, W. J. Tipton, L. J. Johnson, Jr., and Marvin...

white cake squares and mints by the bride's cousin, Mrs. Bill Wood of Tahoka, and Miss Lois Nance of Amarillo. Assisting in the dining room were Mesdames Kennedy, Hudman, Richardson and Scarborough.

### Decorations Unusual

Several guests told a Post Dispatch reporter that the decorations were the most original and clever they had ever seen at a party in Post. While most of the decorations were designed by Mrs. Mathis and Bill DeWalt, florist, one of the outstanding arrangements was designed by Preston Mathis. It was a ranch scene on a low chest, just inside the front door entrance in the living room. It included a ranch house, farm and ranch animals, barns, a rope fence, mesquite trees and cactus plants, and a bull rubbing his nose on a baregrass blade.

The mantel was decorated with a fan-shaped floral arrangement of pink gladioli, pale pink roses, orchid asters and feverfew, delicately arranged against the wall. Similarly beautiful bouquets of gladioli, dahlias and roses were used elsewhere throughout the house.

## Newburys Honored On 69th Year Of Marriage Sunday

Mr. and Mrs. W. H. Newberry were honored on their 69th wedding anniversary Sunday with an open house at the home of their grandson, Bob Lusk, and wife in the Graham community. Co-hostesses with Mrs. Lusk were Mesdames John Wallace, Glenn Davis, S. D. Lofton, Elmer and Delmer Cowdrey, Lonnie Peel, Buck Gossett, James Stone, and Elva Peel.

The refreshment table was laid with a lace cloth and centered with an arrangement of lovely flowers.

Punch, cake squares, nuts and mints were served. Lenona Stone and Jeanie Peel alternated at the guest book, where approximately 70 guests registered.

## Jinkins Family Has Reunion On Sunday

The first family reunion in 14 years was held Sunday at the home of Mr. and Mrs. F. M. Jinkins. Honor guests were their son, Jim, and wife and daughter, of Half Moon Bay, Calif., who arrived here Monday of last week and stayed seven days. It was the first time in 14 years that Jim had been in his parents' home, although he visited here in 1942 when his parents were in Nevada. The Californians left Monday for Dexter, N. M., to visit Mrs. Jinkins' mother and sister until tomorrow, when they will start to their home.

Others attending the reunion were Walter, Francis and Charlie Jinkins and their families and Mrs. Edith Crispin, all of Post; Mrs. Ina Mae Edwards and family of New Home; Mr. and Mrs. Herman Jinkins of Abilene, all children of Mr. and Mrs. F. M. Jinkins and their families; a grandson, Leroy Jinkins, and family of Levelland; Mr. and Mrs. S. S. Crawford and daughter, Mr. and Mrs. A. R. Brown and Don Brown, Post relatives of Mrs. Jinkins; John Jinkins and son, Jim, and wife of the Gordon community, Mr. Jinkins' brother and family.

**Scripture:**  
I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God. For I say, through the grace given unto me, to every man that is among you, not to think of himself more highly than he ought to think; but to think soberly, according to God hath dealt to every man the measure of faith. For as we have many members in one body, and all members have not the same office: So we, being many, are one body in Christ, and every one members one of another. Romans 12: 1-5.

**Minute Prayer:**  
Our Father, Give us courage and patience in whatever trial may come to us, to meet the situation as thou would have us to meet it. Go with us daily and may we always remember to praise thee for the many worldly blessings. Amen.

The Junior Girls Auxiliary met at the First Baptist Church Monday morning with 11 members present. The counsellor, Mrs. Glenn Norman, finished reading "Fig Tree Village." The meeting was called to order by Ann Osborne, and dismissal was by Janice Barrow.

The public is invited to the revival services at 10:30 a. m. and 8:00 p. m. each day at the Close City Baptist Church, beginning Friday and lasting through Aug. 20.

The First Baptist Young Women's Auxiliary met Monday night in the home of the Rev. and Mrs. T. M. Gillham. Six members were present.

Youth Week at the First Baptist Church last week was considered so successful it may be come an annual event. An average of 50 young people attended the services each night. The Youth Choir of the church was in charge of all of the Sunday services at the church. Sunday night speakers were Jerrald Bowen and Bonnie Bowen.

Mrs. Mansel Williams was hostess to the Women's Missionary Union of the Calvary Baptist Church on Tuesday night. Twelve members of the organization studied a Bible lesson conducted by Mrs. June Kiker. Tea cakes and Coca-Colas were served at the conclusion of the study hour to Mmes. J. R. Davis, Joe Miller, O. L. Jones, Hubert Anthony, J. O. Hays, Jim Hays, Paul Duran, Gerven Norris and June Kiker. The hostess was assisted in serving by her daughters, Misses Bonnie and Ethel Williams.

Nora Jones, Lajuan Davis, Joyce Ford and Reba Hays studied the Five Steps Course of the Girls' Auxiliary Unit of the Calvary Baptist Church on Tuesday afternoon when they met with their teacher, Mrs. Jim Hays, at the church. Last week this group packed seven dollars worth of cookies for the Buckner's Orphans Home in Dallas.

**AMITY STUDY CLUB**  
The Amity Study Club had a business meeting Monday night in the home of Mrs. Bob Collier for the purpose of filling several vacancies and working on the 1949-50 program.

Post Antelopes will be playing football at the following colleges: Carter White, Tech; A. J. McAllister, Hardin College, Wichita Falls; (we thing), Barry Ford, Tech; George Pierce, TCU; Charles McGuire, SHU (maybe); Junior Majouf, HSU; and Ronnie Bouchier and Kay Kirkpatrick, NMML.

## Mrs. Tom Power Is Hostess For Bridal Shower

Mrs. Tom Power was hostess this afternoon with a kitchen shower honoring Mrs. Ed Kelly Sims, who was Miss Melba Jo Miller before her recent wedding. Guests were former high school friends of the honoree.

Those invited were Mrs. Ed Lawrence Robertson of Coahoma; Mrs. Bruce Jacobson of Fort Worth; Miss Norma Hudman, Mrs. Paul Davis of Floydada; Miss Ruth Noles, Mrs. L. J. Richardson, Jr., Mrs. Nathan Mears of Aspermont, and Mrs. Robert Gardner of Hamlin.

Refreshments included white cakes with chocolate trimming and ice cream.

## Former Residents Of Post Are Wed

Miss Norma June Horton and Herman (Bo) James of Sand Springs, Okla., both former Post residents, were married in Tulsa, Okla., at 6 p. m. July 30, with Justice of the Peace F. Fry performing the double ring ceremony. Mr. and Mrs. James will make their home in Sand Springs.

## Bobbie Joan Roberts Honored On Birthday

A birthday party honoring Bobbie Joan Roberts was given on her 7th birthday Aug. 1 at her home in the New Lynn community. Thirty guests and some of their parents were present. Games were played, pictures were made of the honoree and her gifts and cake and punch were served. Balloons were given as favors.

Attending were Sherry Tillie, Phyllis Doggett, Betty Nelson, Linda Kay Reed, Donita Jordan, Carolyn Edwards, Mrs. Pete Kennedy and daughter, Mrs. Billy Baker and two daughters of Post; Mrs. Merle Sales and five children, Mrs. L. E. Young and three children and two granddaughters, Mrs. D. Carter, Mrs. Cullie Richards, Mrs. Charlie Young and daughter and Mrs. Horace Daniel and two children, all of New Lynn; Mrs. L. G. **GARZA**  
CO-OPERATIVE LOCKER  
ASSOCIATION

The page for August 13 was bare in the Post Dispatch birthday book.

The birthday editor knew that, in reason, someone in Post or Garza County will have a birthday on Saturday.

So she took the new telephone book and started telephoning, beginning with Carl Adams, the first name listed.

A young boy answered, said he was Kenneth Gary and he didn't know of anyone who has a birthday on August 13. Kenneth's birthday is May 29, "but it's done been, though."

Nobody answered when the next few numbers were called, then she got Mrs. Dick Allen on the telephone. This is Mohoto Allen who makes beautiful birthday cakes. Nobody had ordered a cake for August 13, but she said she would be glad to call if she received an order. Mr. and Mrs. Allen's birthdays are two days apart, Dick's being Nov. 23 and hers Nov. 25.

No one answered at Dan Altman's. The next number, V. H. Anderson's was answered by his son, Gay Lord, who called his mother to the telephone. She said Mrs. George Tillman has a birthday in August, and it could be the 13th, or 14th or 16th. Mr. and Mrs. Tillman were out of town (these calls were made last Thursday and Friday) on a two weeks vacation but would be home by Monday. Pressed for more information, Mrs. Anderson said the Tillmans spent the first week of their vacation in Arkansas—at Mena, she thought—and the second week in Houston visiting Tillman's sister, Mrs. Annie Fumagalli.

**Glad We Called**  
Mrs. Jasper Atkinson, the next number answered, couldn't think of anyone with a birthday on August 13, but she was glad the reporter called because she wanted to turn in her husband's birthday, on January 21, and that of her son, J. D., on March 19. Her own birthday was already in the Post Dispatch birthday book, because it is the same day as Mrs. Lloyd Edwards'

birthday, July 31, and was turned in some time ago with the Edwards family birthdays.

As the Babb and Bailey relatives of the Post Dispatch family had long ago been shaken down for all the birthdays they knew, those names were skipped. Others in that part of the directory didn't answer the telephone. The next to answer was by Mrs. Roy Baker, who didn't know the answer but suggested that maybe nobody has a birthday on August 13. Her birthday is January 8, Roy's is November 19 and her mother, Mrs. T. A. Edmondson, has a birthday on March 14.

Mrs. George Barker said she didn't know anybody with a birthday on August 13 but she could give a name for December 25—her own. The reporter told her about Lewis Nordyke's Birthday Club for Panhandle area residents born on December 25. Twenty-five hundred of them attended a birthday party which Nordyke, an Amarillo Globe-News writer, gave for them one July. She said she'd like to join. Mr. Barker's birthday is April 29.

The W. F. Barnetts were on vacation in California, and Mrs. L. A. Barrow had gone to New Mexico. The next number was E. M. Bass, and the reporter learned that the sheriff's birthday is August 29, and his daughter's is August 8, but nobody in the family has a birthday on August 13. Mrs. Bass' birthday is December 15 and her son, David, has a birthday the following day. They have never had a joint birthday party.

**Eureka, Almost**  
The next call rang the bell—but the lady who had a birthday on August 13 doesn't live here. She is visiting here, however, and will be for several weeks. She is Mrs. Homer Stevenson of Bacliff (that's a new postoffice, near Houston) and she is visiting in the home of her daughter, Mrs. J. M. Baylis. Mrs. Baylis' birthday is August 8 and her husband said he has two birthdays. He was born December 3, but he prefers to celebrate it in August. His daughter, Maxine, also is shackled with a December birthday, the 29th. Mrs. Baylis remembered that her neighbor, Pervin Drake, has a birthday August 5 and John Jenkins' birthday is August 28.

Since Mrs. Stevenson doesn't live here, the reporter doggedly went on down the names in the telephone book—hunting for a Garza County resident with a birthday on August 13.

H. C. Leibfried answered the telephone at the Kike Beauchamp home. He didn't know the answer to the \$64 question, but he said his birthday is February 28 and his children's birthdays are as follows: Mrs. Kike Beauchamp, May 31; Lloyd Leibfried of Lorenzo, July 4; Lorin Leibfried of Floydada, June 22; and Henry C. Leibfried of Garland, November 13.

**Bilberry Awakened**  
Nobody home at the next four numbers. The fifth call awakened Luther Bilberry, from a sound sleep and he couldn't think of any birthdays, except his own, January 12. He said he would have his wife call in the family birthdays when she arrived home, and she would know when his mother, Mrs. Delia Bilberry, has a birthday. It is in August though, and it could be the 13th, but he'd have to find out.

Encouraged, the reporter went on. The Bing Bingham were out of town. Mrs. B. C. Case answered the telephone at the M. K. Bingham home. She and her family have an apartment there, and Mrs. Bingham wasn't home. Mrs. Case has only lived here since February and so isn't very well informed as to local birthdays. She was born June 23, 1923, and her daughter, Gail Layne, was born April 5, 1949. Mr. Case, the Garza and Lynn county public welfare officer, has a birth-

day on December 8.

**Davis Is "Too Young"**  
On the attempt to call Al Bird, Lee Davis, who is on the same rural line, answered. He tried to ring Al, with no success, and the reporter then queried Davis, as to his birthday. He said he was too young to have birthdays. His wife's birthday is in May, the 26th, he thinks, but the reporter should wait until she gets home from California to ask her. She will be home about the time this comes off the press.

Nobody answered at the Beulah K. Bird Ranch, and the Post Dispatch already had the birthdays of the Charlie Bird family. None are on August 13.

Mrs. M. H. Hutton, Jr., answered the telephone at the home of Mrs. Ester Bird and said that Mrs. Bird and daughter, Shirley, had gone to Ruidoso and Albuquerque, N. M., on vacation. Asked for birthdays of members of her family, Mrs. Hutto said her husband's birthday is April 11, one daughter, Janett, has a birthday April 19; another daughter, Glenda, has a birthday May 27, and her son, Tony, has

a birthday June 10.

And, guess what? Mrs. Hutto's birthday is AUGUST 13. That's Mrs. M. H. Hutto, Jr.

**EDITOR'S NOTE:** Before a headline could be written for this article, the mail brought a card from Justiceburg listing the birthdays of the V. A. Lobban family. V. A. Lobban, Jr., has a birthday on August 13. Any other August 13 birthdays listed on Page 1 in today's Happy Birthday column were entered in the birthday book after this

article went to press.

Mrs. Eldora Pette recently spent a week at home of Mrs. Roy Williams, who has Billy Roy, Dean and Williams spent that week in the Walter Williams at Shallowater.

Mrs. Carl Webb, who had a major operation at West Texas Hospital, returned to her home day morning. She is feeling satisfactorily.

# Lock, I. A. Smith And Adamson Families Sketched

Postites continues and this series will be as long as—and the information presented in the previous issues shows the readers. The Marvin F. Bullock family has been in Post in 1929, and around there until 1941. While living in Lubbock was employed by the Double U Company with the gin until his death. The family moved in October, 1941. My

husband passed away on March 4, 1942. "Raymond was married to Sara Spencer of Lubbock in April, 1942. He owns his home at 2004 Twenty-sixth Street and has been employed by the T.N.M.&O. Coaches since 1942. While in Post, he was employed by W. S. Duckworth. Works For Government "Ada Pearl was married to G. W. Pharr of Lubbock in September, 1942. She is now employed by the U. S. Government in a job she has held since 1943. Her husband owns and operates a Phil-

lips "66" service station on Avenue Q in Lubbock. While in Post, Mrs. Pharr was employed by the telephone company. "The twins, Murlene and Geraldine, were graduated from Lubbock High School in 1946. Murlene was married to Jack Slagle in April, 1946. Mr. Slagle is market manager of Furr Food Store No. 19 in Lubbock, and they own a new home on Avenue S. They have a two-year-old son, James Marvin. "Geraldine, who lives with her mother on Twenty-sixth Street, is employed by the First Nation-

al Bank in Lubbock. "Dessie was married to C. S. Simmons of Slaton in 1942. They and their son, Dewain, live in Morton where she owns and operates a flower shop and Mr. Simmons is an oil field worker. Back From California The Rev. and Mrs. I. A. Smith of Big Spring, former Post residents, have returned to their home from California where they attended a reunion of their seven children and their families. Twenty-six members of the family were present. The Smiths left Post in the spring of 1947 and spent a year in Stanton, where the Rev. Mr. Smith was pastor of the Methodist church. Having reached retirement age at the time of the Northwest Methodist Conference in May, 1948, the Rev. Mr. Smith was asked to move to Big Spring as supply pastor and to build and organize a church in the west part of the city. He has now accomplished this task having managed the building of a \$28,000 sanctuary which has been paid for and dedicated. Whereabouts of the Smiths' seven children and their families follow: Mr. and Mrs. J. B. King and two sons live in Detroit, Mich.; Mr. and Mrs. Alfred Carson and son live in Dearborn, Mich.; the former Verlaine Smith is now Mrs. William Carson of Dearborn, Mich. She and her husband have a son, Billy. All of the Michigan son-in-laws are employed by the Detroit Free Press. Mr. and Mrs. O. K. Pyle live in Albuquerque, N. M., where he is a barber and she is employed in a ladies' ready-to-wear store. Mr. and Mrs. B. B. Perry and two children live in Glendale, Calif., where he is a mechanic; Mr. and Mrs. Homer Hopkins and three children live in San Francisco, Calif., where he is employed by Lockheed Aircraft Co., and Mr. and Mrs. I. A. Smith, Jr., live in El Centro, Calif., where he is manager of a drug store. D. R. Adamson Family Mrs. D. R. Adamson of near Tahoka has sent the following

information about her family: "Mr. Adamson and I and our daughter, Nadene, moved to Garza County in 1918 from Collin County. We settled as farmers in the Ragtown community, and six more children were born to us there. "Nadene and her husband, J. A. (Buck) Cornelius and their two children live at Ralls, Buck farms in the Owens community. "Our daughter, Daurene, is married to Herbert (Jiggs) Hoover, a Garza County boy who is vocational agriculture teacher at Crosbyton. They have one son. "Another daughter, Melba, married Roland (Slick) Clem, who is the Lynn County sheriff. They have a son. "Mary married Johnny Humphries of Midland and both were killed in March in a car wreck in Arkadelphia, Ark. D. R., Jr., Donald and Robert Dean are at home with me farming. Mr. Adamson passed away in April, 1948. Robert Dean, our youngest child, will enter Texas Tech this fall as an agriculture student. The four oldest children were graduated from Post High School and the other three finished Tahoka High School. Nadene was graduated from Tech in 1936, and Daurene was graduated from Tech in 1940. We moved to Lynn County in January, 1942, having bought a farm in the Dixie community, north of Tahoka.

## BITS OF NEWS—Gathered Over Town

Deputy Sheriff Vernon A. Lobban and family have returned from a two weeks vacation trip. They spent several days in the Davis Mountains and did some fishing at Phantom Hill Lake and Lake Sweetwater, and they visited relatives at Odessa, Colorado City and Trent. Mr. and Mrs. Max Gordon and children left Saturday on a vacation trip to South Texas. Truman Francis is operating the Garza Tire Company during Gordon's absence.

Mr. and Mrs. Marvin Hudman didn't see much of each other last week. He returned Thursday from a fishing trip with Johnny Mickey and Paul Duren, Jr., in Red River, Eagle Nest and other parts of New Mexico. Mrs. Hudman and daughters, Norma and Carolyn, left Thursday for a short vacation in Roswell, N. M. They returned Sunday. Mrs. H. E. Stotts of Southland is convalescing from an operation.

### Garza REA Service To Be Improved

A recent \$160,000 loan by the Rural Electrification Administration to the Dickens County Electric Co-operative, Inc., of Spur will be used to improve and extend service in Garza and five other counties, the Lubbock Avalanche announced Saturday. Manager Bynum Britton was quoted as saying about 200 new members will be added to the co-op and 105 miles of new line will be installed in Garza, Crosby, Motley, Dickens, Kemp and Stonewall counties. Until REA Administrator Claude Wickard approved the loan, the organization served 1,400 members with 1,000 miles of line. Joe M. Rose, Afton farmer and president of the co-op, said that the next board meeting will be held Aug. 13 at Spur. O. H. Hoover and sons, Houston of Littlefield and Herbert of Crosbyton, and Houston's son, Bob Houston and Joe, returned early this week from a week's fishing trip to San Saba.

 The Garza County Board of Education met in Robinsons' office Monday to discuss the new school law as it affects Garza County.  
 The state's new Foundation School Program was explained to Garza County and visiting educators last Friday in the county superintendents' office by Dale Douglas, a Dallas school superintendent, who is assisting in the work of explaining the program over the state. Attending were Judge E. V. Peek of Kent County, Supt. J. S. Hinds of Jayton, Six Southland trustees, Mrs. Pearl Davidson, Close City principal; three trustees and the principal, Bryan J. Williams, of Garnolia and Robinson.

 In looking over some old minutes of the church, the following facts were revealed: The church was organized at the close of a revival, August 24, 1907. The Rev. E. H. White was elected as the first pastor, and J. B. Cotton as the first clerk. There were 13 charter members, J. B. Cotton, M. C. Cotton, Della Cotton, Loretta Cotton, Arline Cotton, B. F. Wilks, Nannie Wilks, Bertie Wilks, Oran Wilks, Thomas Wilks, Martie Wilks, Thomas Elkins, and another Elkins whose name is not listed.  
 The church record does not reveal the exact date of the construction of the first building, but old timers say it was in 1903, and that the organization service was held under a mesquite tree. C. W. Post gave the first lots for the church.  
 In looking through the church minutes, Pastor Gillham stated: "The year of 1910 must have been a dry year, as the church voted to pay a certain brother for one barrel of water each month. This must have been for drinking purposes, as it would hardly be sufficient for Baptists to baptize with."

 deo, will be used to build a 4-H exhibit building. The rodeo is sponsored by the Post Stampede and Rodeo Association, and managed by Alvin Davis, who originated and promoted the show last year.  
 More than 200 junior cowboys and cowgirls are expected to enter the various contests, in competition for several hundred dollars in prize money and numerous special awards, most of which are on display in the window at Maxine's.  
 Contestants who had entered by 5 p. m. yesterday are listed elsewhere in today's paper.  
 The rodeo events will include calf roping, bull riding, hat race, ribbon roping, and a cutting horse contest for the state championship sponsored by the National Cutting Horse Association. Saturday afternoon's program will include a matched roping contest among six of the state's most outstanding junior calf ropers.

Other facts concerning the early day history of the church will be given Sunday, and the general public is invited to attend. Some material will be on the ground for construction to begin next Monday morning.

Carolyn Boren is planning to enter Tech this fall.

## WOULD SEYMOUR'S PLAN WORK HERE? Compulsory Health Examinations Are Favored Here

Would you be in favor of compulsory health examinations and inoculations for public school children of Post?

At the request of several readers who were interested in Seymour's successful experiment last year with compulsory examinations and inoculations, the Post Dispatch last week published a full description of the experiment.

It caused enough comment to inspire a survey on the subject. Some of the answers follow:

**MRS. WALTER BOREN**—"It seems like a good thing to me, and I really would like to see it done here. I always get uneasy during epidemics for which my children should have had—but didn't have—inoculations. It would be a relief to know that at least the preventable epidemics are under control. And I think it would be good for all the children to have their eyes examined. So many people never suspect that their eyes need attention, when they do. I didn't understand some of the Seymour parents' objections on the ground that they didn't want their children sent through the process en masse 'like in the army.' School children do so many things in groups nowadays that health and group examinations and inoculations should have no bad psychological effect."

**MRS. JAMES MINOR**—"Yes, decidedly. Most of the biggest schools have compulsory examinations and inoculations, and it helps everyone—particularly those who cannot afford to pay for such attention."

**BOB WARREN**—"I'm opposed to anything compulsory that is not absolutely necessary. So many people don't believe in examinations and inoculations; you'd be surprised how many, and naturally they'd resent being forced. Most people who do believe in it have their children

inoculated for whooping cough and diphtheria, and I don't suppose we've had a case of diphtheria in years. When it becomes necessary, most of the people will voluntarily have vaccinations like they did back about 1920 when they had that smallpox epidemic here, remember, they had a smallpox camp between here and the Caprock where the patients were isolated. About 2,000 residents and transients voluntarily submitted to vaccination at that time."

**MRS. KENNY CASH**—"I'm for it. The Seymour experiment is the finest thing I ever heard of."

**JUDGE J. LEE BOWEN**—"I hadn't thought about it, but it seems like a good idea because so many people can't afford to pay for all those examinations and inoculations for their children."

**JIM HAYS**—"I think it would be a good idea, and it might open our eyes like it did Seymour's."

**VICTOR HUDMAN**—"Free health examinations for all school children would be a good thing."

**WEAVER MOREMAN**, secretary of the Lions Club—"I think it would be a good thing."

**BOB COLLIER**—"Yes, I think it would be a good thing for Post, I sure do."

**PAUL JONES**, president of the Post Independent Consolidated School Board—"I think it would be a good program for Post. I don't think the average kid gets enough medical examination before it's too late. I'd like to see it promoted here."

**A LOCAL PHYSICIAN**—"It would be a good thing, if it could be accomplished, but I don't see how only three of us doctors can do it here. We are willing enough, and we have discussed it, and done some figuring. The examinations would not be worthwhile unless they were thorough and, to be thor-

ough (eyes, heart, lungs, teeth, etc.), it would take an hour per child. That's 500 hours. It would take us 21 days, working eight hours a day to do it and there would be nobody to care for our patients meanwhile. Over at Seymour they had six doctors and about 10 nurses. We don't have enough nurses here to help, but maybe we could train some of the P. T. A. members if we had enough doctors. Mrs. Paul Jones, the P. T. A. president, called me about this last week and said she believed the P. T. A. would be interested in some sort of school health program. I told her we would cooperate in any way possible, and I know that each of us would devote a day to vaccinating children for smallpox if the P. T. A. or some other organization would buy the vaccine."

**MRS. ESMA CASH**—"It would be the finest thing that ever happened to the grade school pupils. It would help the parents, but it would also be a great help to the teachers in understanding how which children are handicapped. This understanding would make it easier to teach all of the children and this, in turn, would be of great benefit to the children."

**ONE POST MOTHER**—who requested that her name not be used said: "I'm definitely for such a program, but to be successful it must be better organized than it was several years ago when the P. T. A. tried to sponsor it. I remember this fruitless effort very well. I was the first person to take my child to the doctor's office for the recommended and publicized checkup. When I got there, the doctor said he hadn't been informed as to what it was all about. He was busy and not expecting us, but to accommodate me and out of courtesy to the P. T. A. he looked my child over quickly and signed a card saying he was physically okay. His eyes, teeth, ade-

noids, tonsils, heart, lungs, etc., were not checked. The doctors would not have time to do this unless they had a lot of experienced help."

**GILES McCRARY**—"I have been reading with interest the news about this school health program being carried out in Seymour and other places and I would like to see it carried out, at least partially, in Post. I recognize the fact that we are handicapped in having a scarcity of doctors and nurses, but I believe that some of the program could be promoted here so that children who cannot otherwise afford inoculations and examinations can be protected the same as the children who can afford to pay for them. Such a program would protect all of the children and increase their learning capacity at school. I'm certainly for it and will help promote it any way I can."

**MRS. WILLARD KIRKPATRICK**—"It would be a very fine thing, especially for the children here who would not have a chance to be checked otherwise. As a member of the P. T. A. I'd like to say that I will be glad to help with such a program in any manner possible."

**THE P. T. A. PRESIDENT**, Mrs. Paul Jones, could not be found the day this survey was made, but it is understood unofficially that the executive board of the organization met Tuesday and went on record as favoring the public health program and planned definitely to investigate the possibilities and sponsor any phase of it which might prove practical here.

**Ed Smart, who was a patient in St. Mary's Hospital at Lubbock last week, has returned home and is recuperating satisfactorily. Mrs. Ed Smart and Mrs. Charles Dougherty spent yesterday in Lubbock.**

### Hudman's Receive New Ambulance

Marvin and Victor Hudman and Percy Parsons are taking turns driving around in the new Buick Flexible Ambulance and Funeral Car which the Hudman Funeral Home bought this week. Victor and his son, Sonny, received delivery on it in Sherman Tuesday.

Black with white sidewall, air ride tires, the new car has an interior decoration of burgundy leatherette and mohair, and a battleship linoleum floor in the back. It has a front and rear heater and is air-conditioned. The six-ply, extra low pressure tires with straighter than usual sidewalls, provide the latest improvement in riding comfort.

The ambulance is fitted with new, comfortable bed and chairs and sickroom accessories.

### Only Two Accidents Reported To Sheriff

Only two wrecks were reported to the Garza County sheriff's department during the past week. One was at the usual place—the curve in north Post on Highway 84—where a car driven by Damon Shelton "ran over" a car loaded with Mexicans. One of the Mexicans was taken to the Post Clinic in a Mason ambulance for treatment. No others were injured.

The other was an overturned house trailer belonging to Mr. and Mrs. Bob Briley of Winters, who were en route to their home from Colorado Saturday when the trailer came unhitched, two miles south of Post on Highway 84, and overturned. The trailer was a total loss, the Sheriff said.

### Honors Continue To Come To Post C of C Secretary

Alvin Davis, secretary of the Post Chamber of Commerce, has been busy with the Junior Rodeo but he found time to attend the District 2 Boys' 4-H Camp at Lubbock last Friday afternoon and night. He spoke to the entire group following the presentation of the honor award to Scotty Samson.

Jack Creel, who has the South Plains Farmer program on KFYO each morning at 6:30, asked Alvin to be on his program Saturday morning. Alvin praised Scotty on this program and told of the organization of the award and of Scotty's work through the years that he has lived in Post. Alvin was invited to appear on the same program Wednesday of this week and tell about the Junior Rodeo. He also was asked to talk on the Rowland-Gordon Co.'s program over KCED at 7:30 a. m. Wednesday. He was unable to accept the Wednesday invitations.

The 4-H boys of Pecos County and their county agent, W. T. Posey, have invited Alvin to go to Iowa with them next week where they will show a steer in a show there. The steer belongs to the entire county's 4-H membership. After showing the steer, the boys will go to Yellowstone Park ad come back home via Pike's Peak and other scenic spots. They will travel in their private van which they use to make trips and carry prize animals to shows. The invitation was given to Alvin in appreciation of the assistance he gave Pecos in showing, selling and publicizing their Reserve Grand Champion, Texo, of the International Livestock Show at Chicago last December. Alvin acted as their sales agent in presale negotiations with Glenn McCarthy, Houston oil man and owner of the Shamrock Hotel, who paid a new record international price of \$4 per pound for the steer.

The Danforth Foundation of St. Louis has given Alvin Davis a scholarship to the American Youth Foundation Camp at Camp Minnawana, Shelby, Mich., for Aug. 15-28. Alvin attended the camp last year and represented the 50,000 4-H Club boys of Texas. He was elected vice-president of the first year class. This year's scholarship was not won in competition but was a token from William H. Danforth, who is president of both the Danforth Foundation and the American Youth Foundation. He heads the world's largest feed concern, Purina.

### Texas City Pastor To Preach in Area

The Rev. William T. Bratton of Texas City will preach for the revival meeting at the Close City Baptist Church, which begins tomorrow night and will last through Aug. 20. The visiting minister is a brother of the pastor of the Close City church, the Rev. R. E. Bratton.

The Rev. William T. Bratton was serving as pastor at Texas City at the time of the tragic explosion, but was not injured. Co-incidentally, he was pastor at New London at the time of the major disaster there several years previously.

Hub Taylor of Southland will be in charge of the song services during the revival. Services will begin at 10:30 a. m. and 8:00 p. m. daily.

The public is cordially invited to attend, the Rev. R. E. Bratton has announced.

### White Auto Store Moving To Main

J. N. Power is busy this week preparing the Lanotte Building, formerly occupied by the Army Surplus Store, for the new headquarters of the White Auto Store.

He plans to have the stock and fixtures moved in and the new headquarters open for business by Monday, August 15. The public is invited to call at any time after that date, he said.

The present White Auto Store building, north of Main Street on Broadway, will be used to house Power's Kaiser-Frazer agency, he said.

#### PRIZES GIVEN

McCrory Appliance Company, Hudman Furniture Company, Mason and Company and possibly some other Post merchants contributed appliances which were given as prizes at the annual REA celebration in Tahoka this week. A total of \$600 in appliance prizes was given away. A number of Garza County residents were planning to attend, at last report.

Loan Rate 949 Cotton Unced Here

United States Department of Agriculture has announced average loan rate for 7/8 inch upland cotton weight, produced in 1949, will be 27.23 cents per pound which is 90 per cent of parity price of cotton as of 1949. (The Aug. 1 parity price announced today, is 30.26 per pound.) Last year the loan rate (92 1/2 percent) for Middling 7/8 inch gross weight, was 28.79 per pound.

Loan rate for Garza County is as follows: 13/16 Middling—25.74; 7/8 Middling—26.15; 15/16 Middling—26.14. All of the price support on cotton seed have not received in the State PMA according to B. F. Vance, of the Texas PMA.

Price indications are support price will be \$50 per ton and that the program are expected. Plans for putting the in operation will be to County ACA Com promptly when received state office.

Price says the need for such program is urgent since the price for cotton seed has to around \$35 per ton and to an average of \$85.90 for the 1947 crop and an of \$67.40 per ton for the crop.

Cotton seed price support will be administered by former-elected County ACA office in each cotton grow county.

### Music Course In School May Inaugurated

### Methodist Church To Have Gospel Meet

Angelist Gernie Atkinson of Abilene, N. M., will preach for Gospel meeting at the Methodist Church of Christ at 10 a. m. 8:15 p. m. daily from Wednesday, Aug. 17 through Aug. 21. Parham of Lubbock will be as song leader. The public is invited to attend services.

### Lightning And Fever Set Sandy's Plans

Sandy Cross' 10-day vacation in Amarillo came to an unhappy yesterday when she arrived near Justiceburg and that her favorite horse, had been killed by lightning on Tuesday. Though Sandy owns three horses, Fever (whom she hired last year while she was with measles) was her new and finest. She had planned on riding him in the Junior parade this afternoon. Sandy was accompanied on Amarillo trip by her aunt, Pauline Knox, and her cousin, Jerry Lou McLaurin, both of Justiceburg. They visited Mrs. Henderson.

### BITS OF NEWS—Gathered Over Town

Mr. and Mrs. Ed Lawrence Robertson of Coahoma visited here Sunday with Mr. and Mrs. Ed Kelly Sims. They reported that Ed Lawrence's brother-in-law and sister, Mr. and Mrs. Homer Craft and baby, Veta Claire, have moved from Boston, Mass., to San Diego, Calif., where Mrs. Craft's parents, Mr. and Mrs. Ed L. Robertson, live.

Mrs. Doyle Justice of Lubbock spent the weekend with her parents, Dr. and Mrs. A. C. Surman. Her husband and daughters, Jan and Paula, spent the weekend visiting his mother, Mrs. Della Justice.

Jim Hundley is, at least, partially acclaimed to this rainy country. During one of the recent showers he wore a raincoat with his Panama hat.

Mr. and Mrs. Elton Lee have a new Ford.

Mr. and Mrs. Clint Herring and daughter, Jan, will leave Sunday on a vacation in Colorado. They planned to be gone a week or more. Jan returned home last Sunday from Lubbock where she spent a week with her grandparents, Mr. and Mrs. H. A. Watson, and attended a Vacation Bible School at the First Methodist Church.

If anybody becomes the father of a girl, Jack Kennedy can tell him where he can buy a box of cigars with each cigar wrapped in cellophane printed with "It's a Girl!" Jack, not sure that his child would be a boy, had a local druggist order two boxes. The one he purchased had "It's a Boy" printed on the cellophane covering for each cigar.

Mr. and Mrs. Roy Holland of Muleshoe, formerly of Post, visited her father, J. F. Maxey, last weekend.

### Thirteenth Annual Range Improvement Program To Feature Year-Round Grass

The Thirteenth Annual Range Improvement program and tour are scheduled for Saturday, Oct. 8, at the U. S. Southern Great Plains Field Station at Woodward and Fort Supply, Okla. Bryant Edwards, president of the Texas and Southwestern Cattle Raisers' Association, will deliver the principal address during the noon-hour barbecue program. Fred Ahrberg, Oklahoma Extension Animal Husbandman, is to serve as chairman of the day's event. Various state and federal officials will assist the local staff of the Woodward station in conducting the tour and program. Four large steers now being fattened for the occasion will be barbecued and served to the crowd under the supervision of Clay Potts, nationally famous barbecuer from Oklahoma A&M College.

Among the many items of interest to be viewed during the day will be a new grass from China that remains green 365 days of the year. Several outstanding products of grass breeding work include a number of improved strains of buffalo grass that spread much faster and produce many times more forage and seed than ordinary buffalo grass. An improved strain of side-oats grama has been developed that greens up earlier in the spring than most native grasses, remains green in the face of summer heat, and continue to grow late in the fall.

**On Feeding Procedures**  
Grass fat cattle will be available for inspection on various managed native and reseeded ranges. Well established pastures of broad-bladed grasses will be seen that produce forage and grains comparable with those obtained on the famous bluestems of the Flint Hills and Osage regions. Cool-season grasses, including Texas bluegrass and western wheatgrass, continue to demonstrate their winter grazing value and cake-saving features.

Interesting developments in supplemental feed include the self feeding of cottonseed meal with salt as a regulator of consumption. Two lots of beef cattle were successfully fed in this manner last winter and another lot this summer. Some cattle were fed no protein supplements during the winter in comparison with other lots that received 1 pound of cake, 2 pounds of cake, and a combination of cake and grain. This study should shed light on the currently important question of whether one should feed high or low protein supplements. The gain response of range cattle to caking in late summer is another feature of the studies.

**On Eradication**  
Other items of interest to be observed during the field day include new developments in the use of chemical herbicides to eradicate weeds in grass seedings and control shinnery-oak, mesquite, cactus, yucca, soapweed, sagebrush, skunkbrush, plum thickets, and other range brush and weeds.

The field day tour and program will also feature some of the latest developments in the production of wheat and sorghums, including recommended varieties of fertilization.

Stockmen, farmers, and the general public are cordially invited to attend this educational program and tour.

J. R. Clary and sons, Doyle and Ansell, of Clovis, N. M., formerly of Post, arrived here Saturday morning to spend a day and night in the home of their sister and aunt, Mrs. W. S. Boatman, and visit their mother and grandmother, Mrs. Alice Clary of Farwell, who is spending six weeks or more in the Boatman home, while taking treatments at the Post Clinic. The Clovis visitors left Sunday in time to attend a Sunday evening service in which Mrs. J. R. Clary and sons were to be baptised into the Baptist church.

For Accurate Seeding at Tractor Speeds...

Use a McCORMICK-DEERING GRAIN DRILL

The work a grain drill does is largely hidden. Not until the crop is up can you really see if the seed has been distributed evenly and without skipping. That's why it's so important to use a thoroughly reliable drill... a McCormick-Deering. These drills are real precision-working machines. They meter the seed accurately and deposit it at the depth you want. You'll like their sturdy non-sag construction, the all-steel hoppers that never warp or rot, the ease and simplicity of adjustments.

A TYPE AND SIZE FOR EVERY NEED

Come in and see us the next time you're in town. Get all the facts about McCormick-Deering Grain Drills. Remember, they're made in a great variety of types and sizes and with equipment to suit all needs.

### It's A Good Grain Sorghum Year Nearly Everywhere In Era Except Around Post

Garza County's 5,000 acres planted in grain sorghums is negligible compared to its 20,000 acres planted last year, if the report published in last Friday's Lubbock Avalanche is correct. The article, which showed that the South Plains crop outlook is generally good, listed Dawson and Garza counties as the only two counties in a 16-county South Plains area as having no irrigated grain acreage planted. It described the Garza crop as "fair" and the crops over most of the area as "good." The article said, in part:

"With the largest acreage in history, the South Plains is scheduled to make its greatest cotton crop this year but there is another crop—grain sorghums—which, according to present indications will add between \$30,000,000 to \$40,000,000 to the agricultural income of the area.

**Best Year Indicated**  
"The estimated income from the area's grain sorghum crop can be added to a forecast of a record 1,322,000 bale cotton crop which will yield an estimated \$160,000,000 to \$240,000,000, including seed. This is in addition to the South Plains wheat crop, already harvested, which brought an estimated \$26,000,000 to \$35,000,000 to area farmers. All told, the figures indicate that 1949, agriculturally speaking, will be one of the most prosperous years in the section's history.

"Although total acreage on the grain sorghum crop is 600,000 acres below last year in the 16-county area, this year's crop is in better condition and is almost certain to make better yields.

**Irrigation Pays**  
"An acreage and condition report compiled by Clayton Carter, Lubbock grain man, shows that the South Plains has a total of 1,498,000 acres planted to grain sorghums—milo, kaffir and hegar. Of the total acres, 1,057,000 are non-irrigated land and 441,000 acres are irrigated.

"Condition of the crops in the various counties is, as follows: Floyd, Dawson, Castro, Lubbock, Hale and Yoakum, good; Lamb and Swisher, very good; Hockley, Cochran, Bailey and Terry, excellent; Lynn, Garza and Crosby, fair; and Gaines,

fair to poor. "Sorghum yields in the past have averaged 2,000 pounds to the acre on irrigated land and 800 pounds on non-irrigated land. The South Plains crop this year, roughly estimated, will yield approximately 1,727,600 pounds of grain."

### Cash Prizes Offered As 4-H Incentives

Forty-five business concerns and private citizens are offering \$380,000 in 4-H incentives this year through the National Committee on Boys and Girls Club Work, according to G. L. Noble, director.

This amount will be presented to 4-H boys and girls who have outstanding records of accomplishment in the 23 agricultural and home economics programs arranged by the National Committee and supervised by the Cooperative Extension Service. Awards range from county medals to college scholarships. Some 1,800,000 members in 80,000 4-H Clubs from 46 states—plus Alaska, Hawaii and Puerto Rico—may take part in the activities.

Climaxing the year's events is the National 4-H Congress to be held in Chicago, Nov. 27 to Dec. 1. An estimated 1,500 members, accompanied by leaders and other 4-H workers, will attend and receive well-earned recognition.

Nearly 150,000 county medals valued at \$100,000 are offered to the ambitious 4-H'ers. State and sectional awards, which include trips to the Chicago Congress, U. S. saving bonds and gold watches, amount to over \$180,000. National winners announced at the Congress are eligible to receive scholarships totalling \$40,000. In addition, there are cash prizes and other benefits amounting to nearly \$50,000.

Dr. and Mrs. D. C. Williams, with several couples from Lubbock, left last weekend on a fishing trip to Colorado.

Two Garza County farmers who last year bought the first load of fertilizer to come to Garza County are pictured in front of Fry Feed and Hatchery where the fertilizer was purchased. In the group are, left to right, Mutt Graves, farmer; Truett Fry, owner; W. C. Quisenberry, farmer; A. P. Ottinger of the local Soil Conservation office and, standing on platform, Ed Aston, Gainesville trucker who brought the load to Post. As Graves and Quisenberry had excellent results with the fertilizer, Fry is planning to handle a good supply of the fertilizer this year and the Duck Creek Soil Conservation Board of Supervisors has bought a combination fertilizer and grain drill which will be rented to district cooperators from the Post Soil Conservation office at 50 cents per acre.

The Charlie Bird and the Ralph Welch families are looking forward to a two weeks vacation trip through Colorado, Wyoming and New Mexico. They will leave Friday morning.

**Fertilizer And Grain Drill Are Available Here**

Will Wright, Duck Creek Soil Conservation District supervisor, has announced that the Board of Supervisors has bought a combination fertilizer and grain drill. The drill will be rented to district cooperators served from the Post Work Unit office for 50c per acre. It will sow rye or a mixture of rye and vetch from one seed box and distribute fertilizer from another.

Wright said that the board used money to buy the drill that had accumulated from terracing and the sale of a Caterpillar tractor and grader. He added that the board believes that a fertilizer drill to help plant cover crops would aid cooperators in establishing a complete soil conservation program.

Duke Travis of the Bryant-Link Co. says the price of this drill is \$599.65 and weighs 1,665 pounds. It is on rubber tires and can be moved safely 10 to 15 miles per hour over the smooth road.

Wright suggested that the drill be scheduled to district cooperators through the local soil conservation service office.

It is believed that the greatest amount of good can be made of the drill by using it in groups, when one group of close neighbors has finished with it, the drill can be used by another group.

**Forms For Special Dividends To Be Here For Vets**

Application forms for the special dividend on National Service Life Insurance authorized by the Veterans Administration will be available at the Garza County Red Cross Chapter office (T. L. Jones Ice Co.) on or after Aug. 29. T. L. Jones chapter chairman, has announced.

The dividend is not automatic, Jones pointed out, and each veteran must fill out one of these application forms. In general, any veteran who kept his National Service Life Insurance in force for three months or more will be eligible to receive a dividend.

The exact amounts which each policy-holder will receive are not known at this time, Jones said. The Veterans Administration will work that out between now and the first of the year when the first dividend payment will be made.

Jones emphasized that veterans should not write to the Veterans Administration about their dividends. "We are assured by the Veterans Administration," he said, "that this will only cause delay in payment. The veteran should not communicate with the Veterans Administration on this matter except to send in the application form. If he has questions about the form or about his eligibility, we will do our best to advise him if he will stop at this office."

**Garza Theatre To Participate In Polio Fund Drive**

Manager John Hopkins of the Garza Theatre has announced his theatre will participate in the Texas Theatres Polio Fund with audience collections during the week beginning today.

Under the slogan, "Texas Takes Care of Its Own," the drive was planned to meet the emergency when Texas polio cases totaled one-fourth of all cases in the United States. The state has had 1,123 new cases through July 23 this year.

L. M. Rice, Dallas attorney, heads the campaign committee. Other members are: R. J. O'Donnell and John Q. Adams, Interstate Circuit Theatres; R. L. Payne, Theatre Enterprises Inc.; S. L. Oakley, Jefferson Amusement Co.; F. W. Allen, National Screen Service; Johnny Long of Baytown, Long Theatres, and Don C. Douglis, Robb & Rowley United.

Money collected in the theatres will be used only to treat Texans suffering with polio. While several polio reception centers have been set up at strategic points to handle the acute or isolation period, the facilities for post-acute treatment to restore use of limbs are limited, Rice said.

Among the polio alleviation agencies to benefit is the Gonzales Warm Spring Foundation, near Austin.

Local residents may contribute at the theatre collections or may make checks payable to the Texas Theatres Polio Fund and mail them direct to headquarters at 801 Merchantile Bank Building, Dallas.

Mr. and Mrs. Lanier Forgason and three children, Molly, James and Richard, of Hungerford visited here Monday with Mrs. Forgason's cousin, Mrs. Victor Hudman, and family and Molly and James registered as contestants in the Southwestern Championship Junior Rodeo.

The family went to Ralls Tuesday and Wednesday to visit Mrs. Forgason's uncle and aunt, Mr. and Mrs. Jim Rankin, but were to return here today for the remainder of the week. Molly entered the cutting horse contest and James entered some other event. He won the state championship in break-away roping at the state high school rodeo in Hallettsville this summer.

**Commissioner Cross Adopts Baby Chicks**

Four new arrivals, who became wards of the Garza County Commissioners Court Monday when their mother was killed by a dog, were adopted by Commissioner Sid Cross who took them to his home in Justiceburg.

The new arrivals were three or four days old baby chicks that had been hatched out beneath a court house hedge by a stray hen.

## SCS Cooperators Have Advantages

"Why a Farmer Should Be a District Cooperator," is explained as follows by the local soil conservation technicians:

1. He gets the advantage of new conservation practices, any equipment, material or seed made available to or by the district.
2. He participates in an organization set up by farmers for farmers.
3. He gets technical assistance from persons who have no other job or responsibility but conservation.
4. He gets an opportunity to make a complete over-all soil conservation plan at one time, thereby avoiding costly mistakes when the job is done piece meal.
5. He saves his soil, increases his production, and raises his income; while he is installing

Salt content of the Great Salt Lake is high because there is no outlet. The lake loses water only through evaporation, leaving only the salt.

The conservation measures which bring these things, he's setting an example for others to follow.

6. He gets more conservation on more acres quicker, by putting his efforts behind his elected district supervisors and his district soil conservation program.

7. He works under a conservation agreement, or plan, which can be terminated at any time either he or the soil conservation district becomes dissatisfied. He pays no money. The conservation agreement is merely an indication of good intentions on his part and on the district's part to do the job as planned.

# First in Fashion

A glance at the new Ford and you'll agree with New York's famous Fashion Academy... it certainly is the "Fashion Car of the Year"! But its looks are only the cover of Ford's book of "firsts". Ford alone in its field offers you a 100-horsepower engine... an 8 cylinder engine... a V-type engine. Ford alone offers your choice of this V-8 or the new 95 "horse" Six.

You'll find Ford first in safety, too. Its heavy-gauge "Lifeguard" Body and 5-cross-member, box section frame make Ford 59% more rigid... its big "Picture Windows" give you 19 square feet of vision area... more than any other car in Ford's field.

# First in "Feel"

Drive a Ford and you'll feel the difference right away. You'll like the "feel" of that "Mid Ship" Ride... the "feel" of those bump-erasing "Hydra-Coil" and "Para-Flex" Springs... the 35% easier acting "Magic Action" Brakes... the easy "Finger-Tip" Steering. Come in for a ride and you'll order your Ford now.
