\$2,000 to be sought for Student Loan Fund here

Donations drive to raise \$2,000 for the Community Student Loan Fund will be planned at a meeting at 7 p. m. next Tuesday in the gymnasium. Directors of the loan fund have announced that the money is used to loan to deserving local students to help them in college educations. The fund will help finance education of seven Post High graduates this fall, four of them as new recipients. The 1963 Post high grads who enter college through loan financing include Jimmy Wells, Kent Valley and Janie Carradine. Old Wayne Mason also will receive a student loan for the first time. Others receiving student loans will be attending college are Masters, Pat Claborn and Ed McCampbell. Since 1952, when the Community Student Loan Fund was first organized, 20 young people have received loans through the fund. Of these five have received degrees and two continuing their studies are now associate professors. One youth is serving in the armed forces with three years of college credits. This school year seven will be attending college, six others have received their college affiliations. One was killed in an airplane crash. When a student is accepted for a maximum loan of \$2,000 (receiving \$800 the first year and \$400 a year for the next three years) shows the individual that there is enough for their welfare. A promissory note, at four per cent interest, is required from all

recipients. The first payment does not become due until six months after graduation or severance from school prior to graduation. The Community Student Loan Fund is a non-profit organization which up until this year has been financed through private donations. Directors for the organization include Irby G. Metcalf Jr., Giles McCrary, E. R. Moreland, Barry Thompson, Chant Lee, Willard Kirkpatrick, Preston Poole, Mrs. Willard Kirkpatrick, Glenn Whittenberg, Ollie Weakley, T. C. Clark, Leo Acker, Mrs. B. E. Young, who serves as treasurer, and J. Dave Sanford. Eligibility of applicants for loans

New role for church is seen

The church of Jesus Christ has a new role in society, the Rev. Edgar Graham, new pastor of the First Presbyterian Church, told Rotarians Tuesday at their luncheon in the city auditorium. He called it "a way of a redemptive spirit." The Rev. Graham said that the issue of integration-segregation "is an example in which the church is attempting falteringly to speak." "Many areas will be affected by this redemptive spirit and you as leaders of this community should be aware of it," Rev. Graham told the Rotarians. "The church is going to come to you and work with you in community problems," he said. "The community of Post will ultimately be affected by it." He said the Christian revival which followed the war, as persons flocked to the churches in fear for the world and life itself, has ended. The church now grows itself and goes out to find new growth. This has brought the church to its new role. The Presbyterian pastor cited the story of a small Texas town which was torn apart by a community dispute that was finally solved by the churches of that community.

Tourist marker for Garza being built

The aluminum Texas Tourist Marker that is to be erected in Garza County is now under construction, according to Julian F. Smith, resident engineer for the State Highway Department. Smith said instructions as to where the marker is to be erected will be mailed along with the marker. "Until then," Smith said, "we're just not sure as to where it will be located." However, it is known that the marker will be put up to commemorate the Llano Estacado and that it will be erected in a safety rest area (roadside park) or in a

"If the Community Student Loan Fund is to continue to accept additional students each year, contributions are needed from the people of Garza County," directors said in a statement explaining the need for a donations drive with the \$2,000 goal. Contributions are tax deductible. "Within a few years, it is our hope that this organization will become self sustaining through revolving funds," the directors explained. "Until then, your financial assistance is needed." "Won't you be one that cares enough?" the statement concluded. If anyone who wishes to contribute in the forthcoming drive for the student loan fund is overlooked, he or she should mail his or her contribution to Mrs. B. E. Young, the treasurer.

DID SNAKE BITE KENNEDY TEAM?

People aren't the only ones who go to softball games. Between games Tuesday night at Babe Ruth League park, a small rattlesnake crawling in and out of the meshes halfway up the fence behind the third base line, livened up things. Johnny Kemp, member of the Yankee team, which had just finished its game, decapitated the snake with a pocket knife. Grown people shuddered when they remembered that a group of children had been playing along the fence where the snake was found. In the next game, the Rinky Dinks lost their fifth contest in six starts, and one fan asked if perhaps there wasn't something to the rumor that Manager Jack Kennedy's Rinky Dinks were "snake bit."

City council adopts new budget; holds line on tax rate at \$1.50

Sewer project accounts for only increase

The City of Post has held the tax line for another year at the same \$1.50 rate and 35 per cent of true valuation, which has been in effect since 1958, or longer. The city council at a special meeting Monday night adopted the new budget calling for few increased expenditures and set the tax rate and percentage for taxable valuations. Increased city expenditures over the last six years has been met through increased property valuations coming into the city. THE SPECIAL SESSION followed a public hearing on the new budget Monday which drew—as usual—not a single taxpayer to ask questions or to air a complaint. The new city budget calls for total receipts during the new fiscal year of \$406,435.25, of which \$92,190.25 will come from current ad valorem taxes, \$3,500 from delinquent taxes, and \$310,745 from other receipts. Total expenditures for the new fiscal year are budgeted at \$389,345. The city will close the year next June 30 with an estimated ending balance of \$156,542.48. The increase in expenditures for the new year of \$78,812.23 is due entirely to the \$85,000 sewer project to install sewers for the first time in the northeast portion of the city and in the cost of new lateral sewer lines into this sewer expansion. WITHOUT THE BIG sewer project, expenditures for the new year actually would be considerably less than for the fiscal year just ended. The federal government already is committed to pay \$21,000 toward the cost of the sewer project and it is hoped that the federal commitment will be raised to 30 per cent of the entire cost of the project. Mayor Harold Lucas told The Dispatch. Mayor Lucas also pointed out the city plans to spend between \$4,000 and \$5,000 to complete the loop in the city water mains thus enabling a constant water pressure to be maintained in all parts of the city. Also new in the city budget for the new year are \$500 for airport development, should the city embark upon some airport program now that the private airport here is being closed; and \$500 for industrial development. EXPENDITURES FOR THE various city departments are very similar for the new year as the old. New cost totals with the previous budget year expenditures in parenthesis include: City Hall \$15,272 (\$14,719.10); police department \$23,075 (\$22,987.89); fire department \$10,875 (\$12,562.35); street department 24,575 (\$16,866.36) with a boost of over \$7,000 for repair of streets to \$9,000. Park department \$2,500 (\$2,456.65); sanitation department \$300 (\$241.44); and cemetery department \$740 (\$652.08); miscellaneous and other expenditures \$28,990 (\$28,131.50). All above are expendi-

tures from general fund. The sanitation fund, will net an estimated \$27,500 in garbage collection fees, as against \$34,329.42 for the past year with expenditures for the department totaling \$23,400 for the year. The Terrace Cemetery fund apart from general fund expenditures, calls for expenditures of \$7,775 for cemetery upkeep, mostly salaries, and an income of \$2,000 from sale of lots, water, and care. The city will transfer in \$6,000 from the general fund to meet the remainder of these expenses.

THE BIGGEST city department, of course, is the water and sewer department and the water and sewer fund also is the biggest by far of the city revenue getters. The city expects to receive \$140,000 for water and sewer service with \$2,075 in other minor income through tapping fees, miscellaneous, and income investment. Expenditures from the fund include \$15,800 for general and administrative costs; \$60,200 for production including \$54,000 for supplies and expense (water leases, etc.); \$19,500 for distribution costs;

\$95,725 for sewage costs, most of it for the new sewage collector system expansion, as against only \$3,006.42 for the current year; and \$7,334 for non-operating expenses, mostly bonds and interest. Total expenditures from the water and sewer fund are estimated at \$198,595 as against \$117,151.24 for the last budget year. The overall cost would be less except for the sewer project. The budget anticipates almost half the cost of police operation of \$23,075 will be paid from fines of \$11,900. Slightly over half the police

cost for last year came from fines, \$11,792.50 of the total department operating cost of \$22,987.87. THE CITY'S TOTAL indebtedness in bonds and warrants as of June 30 was \$549,000 (\$446,000 of which are for water works improvement bonds and water works and sewer system revenue refunding bonds.) The city will pay off \$50,000 in principal of this indebtedness during the new fiscal year and will pay \$19,716.25 in interest for a total of \$69,716.25 in principal and interest.

In preparation for Sept. 3 school opening

In-service workshop to begin Wednesday

The Post Public Schools' in-service workshop will begin Wednesday, Aug. 28, and continue through Friday, Aug. 30, in preparation for the opening of the new school term here Tuesday, Sept. 3. The in-service workshop will be for all administrators and teachers and will have Miss Margaret Bynum of Atlanta, Ga., as the keynote speaker and leading consultant. Pre-workshop activities will get under way Wednesday morning with a coffee social in the school lunchroom. The welcome will be extended by E. R. Moreland, president of the school board. The opening program will continue with superintendent's remarks by Supt. Barry B. Thompson, and the introduction of Mrs. Bynum, the keynote speaker, by William F. Shiver, director of instruction.

MISS MARGARET BYNUM

A coffee break will follow Miss Bynum's address. From 10:15 until 12 noon, primary, elementary and junior high teachers will meet with Miss Bynum in the junior high school library, and the high school faculty with Mr. Shiver in the high school library. The first day's session will reconvene at 1:30 p. m., with the high school faculty meeting from that hour until 2:45 with Miss Bynum, and from 2:50 until 4 p. m. with Principal T. C. Clark, both meetings to be in the high school library. From 1:30 until 4 p. m., junior high, elementary and primary teachers will meet in their respective buildings with their principals. FOLLOWING THE 8 a. m. coffee social opening Thursday's session, there will be a demonstration in the lunchroom by Mr. Shiver on utilizing instructional media. The demonstration will be followed by a coffee break, and from 10 o'clock until noon, group meetings will be held by subject matter area at the high school building. The annual TSTA luncheon will

be held at 12:15 in the school lunchroom with Jack Alexander, president of the local unit of TSTA presiding. All professional staff members are urged to attend the luncheon, Supt. Thompson said. From 1:30 until 4 p. m., faculty meetings will be held in the various school buildings with the principals. "The Grandeur Hope," a tape recording, will immediately follow Friday morning's coffee social.

FOLLOWING A summary statement by Mr. Shiver, Supt. Thompson will speak at 9:35 a. m. on the subject "Toward Excellence." A plan for group life insurance will be discussed at 10:30, after which Mrs. Nell Compton, high school secretary, will discuss "What Our Hospitalization Plan Contains." Two women are injured in fall

Two elderly Post residents, Mrs. Stewart and Mrs. Beth Rampton, were injured about 10 p. m. yesterday when they fell at the back door of Mrs. Thompson's home at 105 West 11th St. The two women had been visiting another in Mrs. Thompson's yard and Mrs. Stewart was carrying her carry in some clothes had taken off the line. Presently, Mrs. Stewart fell as she reached to open a screen door, Mrs. Thompson fell when she came to her assistance. Neither of the women was able to get up and were found about 15 minutes later by Mrs. Al Norris, with her husband operates the City Rocket Cafeteria. Mrs. Norris called Mrs. Stewart's son, Jimmy Hundley, and the other two women were taken to the hospital. Mrs. Stewart suffered a broken hip. The extent of Mrs. Thompson's injuries had not been determined as of this morning, but x-rays had been

Accident victim's condition better

The condition of Charlene Nelson, 12, who was the only survivor of a two-car collision near Levelled Aug. 9 that took the lives of seven persons, was reported improved late yesterday in Methodist Hospital at Lubbock. Charlene's parents, Mr. and Mrs. John E. Nelson, and her younger sister and brother were killed in the crash, along with Mrs. Coda Cook and her daughter, Coda Lee, and J. C. Reed of Levelled, who was the only occupant of one of the two automobiles. Charlene's condition took a turn for the worse last week, but is reported to have gradually improved in the last few days.

Foreman of shop at Postex dies

Roscoe Clay Swofford, 56, shop foreman at Postex Mills, died about 3:30 a. m. yesterday at Methodist Hospital in Lubbock where he had undergone major surgery. Mr. Swofford, who lived at 206 South Ave. F, had been a resident of Post since 1952, moving here from Itasca. He had been ill for the last few weeks. Mr. Swofford was born May 8, 1907, in Hill County. The body was to lie in state at Hudman Funeral Home until 1 p. m. Thursday and then taken to Itasca for funeral services at 2 p. m. Friday. The funeral will be held in the Church of Christ at Itasca. Mr. Swofford had been a member of the church since childhood and a member of the Post Church of Christ during his residence here. Survivors are his wife and one daughter, Ms. Junior Hubble, both of Post; two sisters, one brother and eight grandchildren.

Water district retains its 50-cent tax rate

The White River Municipal Water District will retain its 50 cent tax rate on taxable valuation of \$0 per cent of true value for another year, directors voted last Thursday night at Spar in their August meeting after hearing a report on the tax situation by the district's tax collector, Tom Benton, of Ralls. Benton predicted losses in oil valuation in the Post area, as not yet received, but pointed out that major valuation increases in Post would much more than offset the loss. He predicted the taxable valuation of the four city district at \$30,881,915 which at the 50 cent rate would raise \$154,409.57. In other actions, directors: Voted to let the fencing contract for five miles of fence between the

district's property and that of Mrs. Aletta Walker at \$995 per mile for labor and materials. It was the lowest of three bids. Construction is to start immediately. Voted to place water district employees under social security. This is not mandatory by law, as counties and municipal units don't have to come under social security but may do so voluntarily. Directors felt this would be the most inexpensive way to provide retirement benefits for district employees. Decided there is no hurry for a dam dedication ceremony, expressing the belief that it would be better timed with the beginning of use of White River water than completion of the new facilities. Attending from Post were Tom Bouchier, board chairman, Director A. C. Surman, and Publisher Jim Cornish.

CHAROLAIS STEAKS CAN BE EXPENSIVE

Charolais steaks can be expensive. Ask Sonny Huffaker of the Grassland community. Mrs. O. H. Hoover, The Dispatch's Grassland correspondent, reports that Huffaker had to destroy a fine Charolais bull he had just acquired after running into the bull with his pickup truck and breaking one of its legs. The bull, purchased to go with Huffaker's herd, had broken out of the pasture and the owner was trying to get him back in when his pickup hit soft dirt and skidded into the animal. "The bull dressed out more than a thousand pounds of beef, but it sure was expensive steaks," The Dispatch correspondent reported.

A stirring of pride to correct

We heard an angry man at the West Texas Press Association convention in Abilene recently. He was William P. Steven, editor of the Houston Chronicle. Before he got through he made all the publishers of West Texas in attendance at that luncheon mad too.

His subject was "Higher Education in Texas." His story wasn't a pretty one. It didn't stir Texas pride—other than pride to correct. It made us wonder as to what goes with the legislature in Austin. It sent us home determined to get to our editorial typewriters and take the message to the people.

You the people are the ones who can do something about it. The will of the people, once firmly expressed, still rules supreme on the American and Texas political scenes.

Governor John Connally's principal plank in his campaign of last year which won him the governorship was at long last to upgrade higher education in Texas.

So what happened? Governor Connally provided for 13 million dollars of additional revenue from taxes and recommended that it go for higher education.

And, as Bill Steven reported at Abilene, his fist thudding hard on the rostrum, "The legislature callously and stupidly ignored the governor. They took the 13 millions. They cut it out of higher education. They voted it for 55 new items costing 9 million dollars—items not in the bill when it passed the house and senate."

"The governor has now, by line veto, chopped 12.4 millions out of that bill. But he can't give it to higher education. The crass politics of the conference committee can be frustrated temporarily. But the money is denied to the scholars of the state."

Then Steven summed it up: "Gentlemen, every man in this room must concern himself deeply and desperately in the cause of higher education in Texas before the next election. We must make certain that the lawmakers understand that Texas cannot fulfill its destiny unless we deal with prudent generosity, real academic freedom, and sound reform to our system of higher education. This is the one issue of importance in Texas in 1964."

Steven's address was filled with statistics on

how far behind Texas' higher education is in comparison with other states and how each year it is falling further in arrears.

Here are the problems we must solve:

(1) The problem of catch-up. We are badly behind the average of the nation, and even farther behind the best states.

(2) The problem of keep-up. The average state is improving at a rate faster than we are—and the average state has fewer prospective students than we have.

(3) The problem of get-ahead-of hiring, helping, and keeping in Texas real educational leadership. Texas cannot progress without academic leadership. We cannot reach the goals we talk about without it. Bigger than the missile gap is the ignorance gap.

Editor Steven had the facts and the figures. But we know you won't sit still to read them all.

Governor Connally, Steven, and many others believe that excellence in higher education comes only from better faculty members, more books, and more organized research.

Last spring, the legislature chopped the governor's modest recommendations in all three.

It was done senselessly, stupidly.

Did you know, for example, that state operational support per student in the United States is \$688 last year. In the 16 southern states it averaged \$692. But in Texas it was only \$524. We rank 15th in the 16 southern states in state operational support to higher education—and far, far down the list in the nation as a whole.

As Editor Steven, who writes more editorials than speeches, concluded:

"What do you ask for your children?"

And the reason I am concerned for your own, just as you must be concerned for your own, is that change never comes drastically. It comes little by little. It requires perceptive knowledge. It demands dispassionate analysis. These are qualities taught in the highest of higher educational institutions.

"Gentlemen, unless we care about the excellence of higher education in Texas, it is lost, and we are the men who caused it, minute by minute, in all the thousand small uncaring ways."

"I ask you only one question: Is this what you want for your children?"

Your answer is no. What is yours?—JC

Warning on new speed limit

New, higher speed limits go into effect Friday, Aug. 23, on Garza roads and highways and all other roads and highways throughout Texas.

But, Col. Homer Garrison, director of the Texas Department of Public Safety, warns motorists not to take the new, higher speed limits too literally.

Col. Garrison reminded that "there are a multitude of circumstances and situations under which even the old speed limits were too fast for safety."

Col. Garrison continued:

"With more than two-thirds of the Texas highway system under a 70-mile-per-hour daytime maximum speed for passengers and 65 miles per hour at night, we wish to appeal to all Texans to exercise keen judgment and drive reasonably and prudently regardless of what the signs say. The law prohibits driving a vehicle too fast for existing conditions."

"The Department of Public Safety believes that the objective of speed legislation is to contribute to the efficient movement of traffic on the highways. We feel the new law will help to accomplish this, and our objective of enforcement is to secure substantial compliance with the speed law by all users of the rural highways."

Garrison urged motorists to be particularly litiate appropriate action against all persons observed by them to be committing clear-cut and substantial violations of the speed law.

"Our enforcement personnel will stop and incautious in assuming the higher night speed limit of 65 miles per hour. He said research by the U. S. Bureau of Public Roads show that increasing night speeds from 55 MPH to 70 MPH doubles the accident involvement rate, and that the severity of accidents increases rapidly at speeds over 70 MPH."

"We repeat," Garrison continued, "that serious problems may develop with the new speed laws unless the driving public accepts and applies them with a high degree of responsibility to themselves and their families and others."

"And we would like to emphasize at this time that traffic deaths are running far ahead of last year already, with an increase of about 100 deaths. Unless we can hold the line against this trend, we will wind up with an all-time high traffic death toll in 1963."

If the foregoing sounds to you as if Col. Garrison is urging more driving caution than ever now that the speed limits have been increased, then you've caught the point.—CD

Successful rodeo pattern set

This year's rodeo, held less than two weeks ago, left most fans with a much brighter outlook for the rodeo's future here.

The officers and directors of the two rodeo groups, who combined efforts and facilities for one big show instead of two, evidently feel the same way as the fans, since they are under way with plans to merge the two organizations and stage the same kind of a show every year.

From the very first night, when the largest opening night crowd in nearly ten years was on hand, it was evident that the rodeo would be a success. Attendance dropped some the second and third nights, as it always does, but not as much as it had in recent years. Then, on the final night, another record-breaking crowd was on hand.

No definite figures have been announced on how the rodeo made out financially, but indica-

tions are that it fared much better than either a senior or a junior rodeo alone has done here in several years.

In addition, everything seemed to move along more smoothly, due, no doubt, to so many experienced hands, both senior and junior, handling things. None of the night shows dragged, and each of them was over early enough that many of the spectators stayed in their seats to see some of the after-show events, which were made necessary by the large number of contestants.

The Dispatch is of the opinion that one outstanding rodeo can be much more successful year after year than two mediocre ones. We hope Post Stampede, Inc., and Post Junior Rodeo Association get together on their plans to merge and stage one show a year, now that a successful pattern has been set.—CD

What our contemporaries are saying

Readers who buy the gun and hunting magazines are well aware that there are politicians trying every day in every way to disarm America—all of which we are strictly against and will fight to the bloody end to stop. Sen. John Tower voted against some anti-gun legislation recently, and Cong. Graham Purcell has also been against this anti-American privilege, we have been informed.—James Hill in The Knox County Herald.

This world situation must worry women more than men . . . the other day we saw a gray-haired teen-ager coming out of a beauty parlor.—James Roberts in The Andrews County News.

In the early days of our country, the chief dangers of the road were hostile Indians and hold-up men. Today, the chief danger is the person who drives carelessly speeding, weaving, following other cars too closely, cutting in, drowsing at the wheel. Motorists can help reduce accidents

by obeying traffic laws, lights and signs.—Al Hinds in The Haskell Free Press.

It's a political axiom that politicians make mistakes, but it's fatal to admit one. "It's not so much what you say," commented the late Sen. Robert S. Kerr of Oklahoma, "but what you can later prove was what you meant when you said it."—Marvin Tomme in The Rails Banner.

Two ways of acquiring old furniture . . . buy it or raise a large family.—Ellen Perry in The Ballinger Ledger.

There's a lot of difference between keeping your chin up and sticking your neck out.—The Hamilton Herald-News.

Some people are not the life of the party until they leave.—Harold Hudson in The Perryton Sunday Herald.

WHAT IS NOW known as The Great Train Robbery occurred some two weeks ago in faraway England, and it is very doubtful that any of the repercussion have been felt here in Post, but for a few days it appeared that they had.

A month or so ago, I wrote in this column about receiving notice of a subscription to a Sunday newspaper published in Newcastle Upon Tyne, England, and of my uncertainty of when I would start getting the paper. Well, it started arriving three weeks ago, and came along regularly until after The Big Train Robbery. That is when I started worrying about my paper, since it was a mail train that was robbed.

BUT, ABOUT THE time I had decided my Sunday Sun from Newcastle Upon Tyne was part of the mail train loot, which also included more than \$7 million, along came my Sunday Sun, a few days late and a little the worse for wear. So it just might have been on that same mail train, but not a part of the loot.

Incidentally, with such things happening in England as The Great Train Robbery and The Profumo Scandal (Christine Keeler, Dr. Stephen Ward, et al), English newspapers are more interesting than ever. If I ever learn to get as much enjoyment from reading the cricket summaries as I do the baseball box scores in the American papers, I might subscribe to an English daily newspaper instead of just a Sunday one.

THE MAN UP THE Street says in this Atomic age we don't celebrate the arrival of the New Year. We celebrate the survival of the Old Year.

It's getting up toward that time of the year when football and baseball start getting in each other's way.

ONE OF THE weekly newspapers we receive on exchange had this testimonial from an advertiser: "Your ads sure bring results. My lost dog has been returned—with four pups."

Along the same line, Will Rogers was just about the best friend the country newspaper man ever had. "No matter how punk you think your local newspaper is," he said, "just take it away from you for a while and see how you feel. The old newspaper, I think, is just about our biggest blessing. So let's all read and be merry, for tomorrow the paper may not have enough ads to come out."

SOMEONE WHO should know tells me that one of the most irritating things about living in a trailer is that there's no place to put anything where it belongs.

Not long ago a friend of mine and his wife invited me to help select a name for their new son. After thinking it over for a moment, I declined, because I was afraid I'd be influenced by the current trend and help saddle the youngster with some name like Billie Sol or Freddie Jack for him to go through life with.

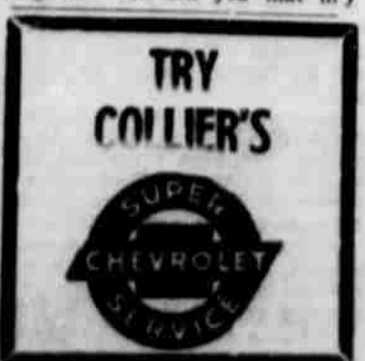

MY FRIENDS WENT ahead and named their new son, and since then I've come across a newspaper clipping that I wish I'd had when I got the invitation to help out with the name. This clipping contains the startling information that your given name can give away your age.

POPULAR NAMES for girls now, says my scrap of information, are Lori, Cari, Billye, Cheryl, Caroline and Jackie. The southern custom of double first names, such as Jo Anne and Mary Lee, is becoming popular throughout the country.

In the 1920's and 1930's, girls often were named for gems—such as Ruby, Pearl or Sapphire, or for flowers. Others were named for popular songs, such as Margie, Ida or Rosie.

CURRENT FAVORITE names for boys are of Celtic origin, including Kevin, Sean, Colin, Brian and Keith. Psychiatry also influences the naming of boys, the clipping says, but it doesn't explain how. But, sons no longer are "juniors." Instead, they have the appropriate Roman numerals, such as II, III, or IV after their names.

Now that I've gone this far, I might as well tell you that my

Not too far away from the football season, Curtis Bishop tells this one in the August issue of "Texas Parade": Pete Cawthorn, the legendary Texas Tech football coach, is credited with this explanation of how to divide husky line candidates into prospective guards and tackles. "I take 'em out to a wooded park," he explained, "and I start 'em all running at the same time. Those that run AROUND the trees are guards and those who run INTO the trees are tackles."

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1962.

SENATE JOINT RESOLUTION NO. 14 proposed an amendment to Article XVI, Section 42 of the Constitution of Texas, by adding thereto a new subsection authorizing all political subdivisions within Jefferson County, Texas, to provide retirement, disability and death benefits for all employees and members of all political subdivisions within Jefferson County; providing for the necessary election, form of ballot, proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 42 of Article XVI of the Constitution of the State of Texas, be amended by adding thereto a new subsection (d), reading as follows:

(d) Each political subdivision within Jefferson County, Texas, shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for all appointed officers and employees of all political subdivisions within Jefferson County, Texas, or said political subdivision may elect to join the County Retirement System of Jefferson County, provided that same is authorized by a majority vote of the qualified voters of such political subdivision and after such election has been advertised by publication in at least one (1) newspaper of general circulation in said county once each week for four (4) consecutive weeks; provided that the amount contributed by the said political subdivision to such Fund shall at least equal the amount paid for the same purpose from the income of each such person and shall not exceed at any time seven and one-half per centum (7 1/2%) of the compensation paid to each such person by the political subdivision.

"All funds provided for the administration of such such person, or the political subdivision of Jefferson County, Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the political subdivision within said county, shall be invested in bonds of the United States Government, or in bonds issued by any agency of the United States Government, or in bonds which are principal of and interest on which is guaranteed by the United States Government; and a sufficient amount of said funds shall be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and providing that the recipients of benefits from said Fund shall not be eligible for any other pension retirement fund or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the political subdivision is released to the State of Texas as pension aid."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election in November, 1964, at which election each ballot shall have printed thereon the following words:

2 rural mishaps investigated by Patrol in July

The Texas Highway Patrol investigated two accidents on rural highways in Garza County during the month of July, according to Sgt. A. E. Roberts, Highway Patrol supervisor of this area.

These wrecks accounted for three persons injured and an estimated property damage of \$2,965. The rural traffic accident summary for this county from January through July of 1963 shows a total of 25 accidents. As a result of these crashes there was one person killed and 19 injured. The estimated property damage was \$25,770.

"There are many good young men between 21 and 25 who would like to help prevent tragic crashes and collisions occur on the streets and highways," Sgt. Roberts said.

Information is given on pre-registration

Pre-registration reminders for parents of children who will attend the Post primary and elementary schools were issued this week by the principals of the two schools. The following statement was issued by Noel Clemmons, principal of the Post Primary School:

"Those children who will be in the primary school and have not been assigned to a room for this school year are asked to report for pre-registration at 9 a. m. Monday, Aug. 26, at the primary building. Beginners will report to Room 112; those who were given second grade promotions last year will report to Room 111; third grade, report to Room 104.

"The children will be at school from 9 a. m. through 12, and parents may pick them up from their respective rooms when they are dismissed at 12 o'clock.

"The purpose of this pre-registration day is to gain information that will enable school personnel to make assignments to the various

reading levels in the primary program.

"Those children who were here last year and have already been assigned to a homeroom will register on Tuesday, Aug. 27, from 9 a. m. through 2:30 p. m. Please take your child to the room assigned on his or her report card.

"A reminder is given that all first graders are required to have a photostatic or certified copy of their birth certificate. Also, the immunization report, filled in by the family doctor, should be completed and brought to school on this day of registration.

"School will begin at 8:35 a. m. Tuesday, Sept. 3, and all those primary students who did not pre-register will report to the office of the principal. Office personnel will register these children just as rapidly as possible; however, it is urged that all primary school children report for registration on the days that have been set up for registration, rather than waiting un-

til the first day of school to register."

Over in the elementary school, Principal Herman F. Raphael has issued the following statement:

"Students in grades 4 and 5 who will be attending the Post schools for the first time are asked to report Monday, Aug. 26, at the Elementary School Library for registration.

"The purpose of the pre-registration is to determine the respective reading level of each student so that assignment to the various reading levels can be made.

"On Tuesday, Aug. 27, all elementary age students, including those who pre-registered on Aug. 26, are to report to the elementary school. Fourth grade students are to report to the room number assigned to them at the close of the third grade. This information will be found on the back of the student's report card.

"New fourth grade students who registered on Aug. 26 will find their room assignments posted on the office bulletin board.

"All fifth grade students also will find their room assignments posted on the office bulletin board.

"Parents may bring their children to the school any time between the hours of 9:30 a. m. and 2:30 p. m. on Tuesday, Aug. 27."

George Bakers return from visit to Capital

By MRS. MAX CHAFFIN

Sorry to hear that this area didn't have any of that nice falling rain the last two Sundays. Had a lovely dew on Monday morn in PV but your time will come. Did have a little sprinkle but not much came down in Southland - Gordon area.

The Church of Christ at Gordon had home made ice cream and cake after the meeting last Friday night and there were 150 in attendance.

I finally caught the George Bakers at home; they are just as bad as the J. B. Racklers who come home just to wash and iron and take off again. Well, the Bakers had a nice trip to Look-Out Mountain in Tennessee and Shiloh battlefield and then they took the ferry to Jamestown, Va., and then on to Washington and toud it one day and the next day they went to the changing of the guard at Arlington National Cemetery and then the next day they went to Mt. Vernon. They saw Smoky Mountain National Park and the Blue Ridge Mountains while up in that part of the country and they then headed for home, and glad to get home. I might add, there is no place like dry, flat West Texas, you know!

Mrs. Selma Kiesel visited her father a couple of weeks ago, G. Voigt at Bartlett while her daughter, Judy, was at Camp Christy for a week. This camp is a Lutheran Church camp at Kerrville.

Ms. Jesse Ward went to Lubbock for a check-up with her doctor who says that she is doing all right and then visited her mother, Mrs. J. S. Dial, while she was there.

Mrs. Susie Bradshaw had dinner with Mrs. J. F. Rackler one day last week.

Mary Lou Haliburton is planning to enter Draughton's Business School in Lubbock on Sept. 9 along with Cindy Altman.

That Weldon McGehee won again at that Lvntegar Electric picnic Aug. 13. They say he wins every year!

All the Lester children but one were at Mrs. W. P. Lester's home for dinner Sunday. Lee Troy Lester of Midland, Winston and Billy Lester and families from around here and Mr. and Mrs. I. J. Duff from Levelland (she is the W. P. Lester's daughter). Mr. Lester's brother-in-law, R. Q. Mabry from Petersburg visited the Lesters that afternoon.

Kathy Bryson and Sherry Wilke spent the day at the Sonny Hitt's this past week. Then there was a switch; Debby Hitt went to Kathy Bryson's on Monday.

The J. B. Racklers got back from the hills of Tennessee last week they visited the J. V. Bowmans, Mrs. Rackler's parents, in Mursfreesboro (I hope that is right) and they saw J. B.'s kinfolk in Nashville, Tenn. They took Caroline

Kinder of Slaton with them.

Now, there is fair-mindedness for you! We have to educate these Texans on the beauties of other states in this Union and the J. B. Racklers are doing their part!

The Southland Baptist Church revival is in full swing this week with Dr. W. E. Thorn leading the services. Dr. Thorn is noted to be understood by the younger set so you ought to take your family and hear them speak. It starts at 7:30 p. m. every night through Aug. 25.

MRS. PAUL Winterrowd took her mother, Mrs. Francis Lightfoot to Fort Worth and then she is going on to Lake Whitney and visit her sister, Mrs. Red Gresham. Breen and Jerry went with he and Mr. Winterrowd is hatching it and doesn't know when they will return!

Mickey and Mike and James Mason took J. W. and Joey Basinger with them and went to Lake Thomas for water skiing, fishing and boating for a couple of days. Mrs. Mason stayed home and baby sat. Why with her French poodles, of course!

Cline Drake has been in California the first part of last week to see about his mother but she is out of the hospital now.

The Weldon McGehees visited in Levelland on Saturday with the Clark Cowdreys.

Martin Edmunds' sister, Miss Rosella Edmunds of Grand Island, Neb., came down with Charles Edmunds and family of York, Neb., to see the M. C. Edmunds and their children around here and about. They have been here a week and hope that they can stay longer.

Dinner guests of Mrs. J. F. Rackler Sunday were: Mr. and Mrs. Claude Curtis Roper of Wolforth and daughters, Mr. and Mrs. Thomas Dell and Miss Nelda Roper of Lubbock, Mr. and Mrs. Claude Roper Sr., J. B. Rackler and family, Glenn Montgomery, and Alvin Kinder of Slaton. That was a good crowd!

Cline Drake has a throat ailment and has been under a doctor's care but is doing better. Towards the end of the Church of Christ meeting he could even talk! (a little)

The former Patsy McGehee (now Mrs. Don Barker) and husband are proud parents of a baby girl, Tonya Dawn born in Pueblo, Colo., a little ole tyke, 5½ lbs., and 18 inches long. Mother and daughter seem to be doing all right now; they had a rough start.

That's all I know. Thanks a lot, folks! You are all getting better and better each week about phoning in news and I appreciate it.

MAN-TAILORED—Cotton corduroy takes on a new look for fall in softly textured triple wales. The semi-fit jacket with cutaway front is lined with print shirting, worn with slender skirt. Continuing the menswear theme is a sportive reversible vest. By Korel of California.

New Arrivals

Mr. and Mrs. Dalton Copple announce the birth of a son, David Wayne. David was born Aug. 14 in Garza Memorial Hospital and weighed seven pounds, three ounces.

A son was born to Mr. and Mrs. Louie Romo, Aug. 19 in Garza Memorial Hospital. He weighed seven pounds, 11 ounces and was named Tony.

Mr. and Mrs. C. M. Foster Jr. are the parents of a son, David Lee. He was born Aug. 14 in Odesa Medical Center and weighed five pounds, 14 ounces.

Lorraine Elizabeth is the new daughter born to Mr. and Mrs. Herman Thurio in Slaton Mercy Hospital. Lorraine was born Aug. 16 and weighed eight pounds, five ounces.

Miss Nichols hosts Mystic Sewing Club

Miss Henrietta Nichols was hostess for the regular meeting of the Mystic Sewing Club, Friday afternoon.

Plans were discussed for a family picnic to be held today at 7 o'clock at the City-County Park. Sandwiches and ice cream will be served.

Miss Nichols served open-face sandwiches, potato chips and punch to the following members present: Mmes. Marvin Hudman, F. J. Bailey, Lucy King, Winnie Henderson and Thelma Kuykendall.

The next regular meeting will be Aug. 30 in the home of Mrs. Lester Nichols.

GRADUATION EXERCISES

Graduation exercises for the vacation church school held this past week at the First Christian Church will be held at 7:30 at the Sunday evening worship. The school was sponsored by the First Presbyterian and First Christian Churches. The public is invited to the exercises and a nursery will be provided for small children.

PROFESSIONAL PRESSWORK... PRACTICAL PRICES

You all might not realize it but fall arrived with a bang Monday of this week. That's not fair in this summer heat!

How do I know? The pace at the Post Dispatch increased to the old fall and winter tempo after the big slow-down that hits every summer shortly after school is out.

Even people walking down the street are hurrying a little faster and have a rather set expression on their faces. The holiday (?) is over and there is work to be done. This was particularly brought home to me when I was punching Miss C the elder's column and she mentioned the fact that one more week for her and that is that.

I thought to myself that this can't be right but a hurried look at the calendar assured me that she was correct if she has a week off before leaving for college. Then I added a few gray hairs when I realized that I have material to make into clothes, clothes to mend and on and on and time is running out.

felt my age at least.

It took this jolt of realizing that time was growing short and needed to be done to make me like maybe 25 or so. So if you notice me running around the Post Dispatch looking a bit hurried or preoccupied, it's because I am.

The cutest story I've heard in long time was told to me by Gene Ammons about his niece, Theresa Ammons, who was visiting during the rodeo from Front Royal, Va. The night Theresa and her family took in the rodeo she and her father took a trip around the stands and like any four-year-old she wanted to pat one of the horses. Getting permission from a cowboy near at hand she was thrilled by being lifted up on the horse. She turned to her father and said: "Daddy, is this kin of a horse is this?" her father referred her to the owner who told them that she was sitting on a quarter horse. After a moment's thought Theresa remarked, "You reckon we could get a pony horse?"

Just in case some of missed jokes in one of the Sunday supplements I'm passing it on.

A whole herd of buffaloes stampeding across the plains, suddenly the lead buffalo became and was quickly overtaken by a knocked down and trampled by the rest of the herd. The buffalo was kindhearted and stopped to console his fallen friend, solicitously asked, "But why do you stop so suddenly?" "Well," replied the lead buffalo, "I thought I heard a discouraging word."

My native state has all my sympathy with that athletic Murphy moving there to make his home. Maybe she doesn't know about Kansas wind and dust (and) storms. Who knows, Mother Nature might defeat her. Our courts don't seem to be doing too well.

A family council was held at dinner time with all sorts of jobs delegated to each and every member.

Immediately I felt like it could really all be accomplished without that mad rush at the last minute but I'm smart enough to know that it won't be.

I see it all now. We'll stagger into San Antonio to enroll our eldest, looking old, tired and haggard and people will wonder where that young-looking child got such old-looking parents.

Just last Wednesday Mr. C and I celebrated our 22nd wedding anniversary and I felt like 22 (years of age that is). This way I felt even with having a newly-married nephew and niece-in-law arriving to spend the night with us on the way from McAllen to an air base in Montana, and as he was just a wee one when we married I should have

Six Garza Young Farmers and advisors attend Experiment Station Field Day

Mack Terry, president of the Garza County Young Farmer chapter, reports that six chapter members and their advisor, Ike Trimble, attended the Lubbock Experiment Station Field Day held Monday for vocational agriculture teachers and Young Farmers members.

Local members attending were Darrel Jones, Bobby Cowdry, Roger Hensley, Wayne Carpenter, Clarence Gunn and Mack Terry.

The Experiment Station consisting of 310 acres of land ideally suited for field crop research, is located north of Lubbock on U. S. Hwy. 87. The station was established in 1910 on 160 acres of land east of Lubbock, but in 1961 the entire operation was moved to its present location. It is presently one of the best-equipped research field stations.

Members attending the field day saw numerous test plots and experiments being carried out in the production of field crops.

Some of the tests being carried out under Cotton Production were: Breeding and Genetics; Verticillium Wilt Resistance; Bacterial

Blight Resistance; Early Maturing Glandless Seeds; Soil Fungicide and Seedling Diseases; Ear Planting; and Cotton Variety Tests.

In addition, much work is being done in cotton mechanization, various experiments on planting methods, precision chiseling, control, close drilled cotton, spacing, cotton harvesting, harvest aid chemicals. Also, numerous tests are being conducted on cotton insect control.

Although a large part of work being done at the station is on cotton, experiments are being done on many other crops, such as grain sorghum, edible crops, castorbeans, soybeans, and grasses.

Also, work is being conducted on conservation and utilization of fall and irrigation water, as well as evaluation tests of new methods that are being grown on the Plains.

The main building of the Experiment Station houses the soil testing laboratory. By the end of the test, the soil lab expects to be analyzed nearly 8,000 soil samples in by area farmers.

Superintendent of the station Charles E. Fisher.

Members attending the field day all agreed that research is a part of our nation's agricultural program and that the personnel of the Lubbock Experiment Station are doing a fine job.

ATTEND FUNERAL

Attending funeral services of Mrs. W. W. Horton, brother-in-law of Mrs. W. W. Horton, in Dallas Monday were Mr. and Mrs. Lee Horton, Mr. and Mrs. Lee Horton, Mrs. W. W. Horton, and Mrs. Adams, all of Post, and Mr. Sam Loyd Horton of Slaton, and (Sam) Horton Jr., visited his mother and sisters in Midland Sunday and also attended the services of Mr. Stephenson.

Janis Elaine Tucker wed to Tom Drake in ceremony here

Miss Janis Elaine Tucker and Tom Allan Drake were united in marriage, Tuesday, Aug. 13 at 8 o'clock in the evening.

The wedding took place in the home of Mr. and Mrs. Charles Colom with the Rev. Bernard S. Ramsey, First Christian Church minister, officiating at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Robert C. Tucker of Amarillo and Mrs. Verda Drake.

The bride chose a street-length strapless sheath dress of white lace over satin. She wore a head band with a short white net veil, and carried a white orchid atop a white Bible.

The couple were attended by

Mrs. Robert Shedd and Charles Colom.

After a wedding trip to Carlsbad and Ruidoso, N. M., the couple are at home in Lubbock at 2901 Apt. 3, 34th St.

Mrs. Drake graduated from the Derby High School in Derby, Kans., in 1961. Mr. Drake is a 1960 graduate of Post High School. He was an employee of the local Piggy Wiggly store before being transferred to a Lubbock store.

Hospital Auxiliary holds membership coffee Thursday

The Woman's Auxiliary of Garza Memorial Hospital entertained with a membership coffee last Thursday morning between 10 and 11 o'clock at the Community Room.

Mrs. James Minor, president of the auxiliary, served from a table decorated with an arrangement of white gladiolas and featuring a "Pink Lady" doll. Other dolls pushing carts were placed around the entertaining room. Placards showed auxiliary duties.

Mrs. Ted Aten, first vice president, and Mrs. Garland Davies registered the guests.

Melon and cantaloupe balls, cake, "pigs in blankets", and coffee were served to the 50 members and guests attending.

Mrs. L. G. Thuet Sr., membership chairman, was in charge of arrangements assisted by Mrs. Jess Rogers, Mrs. J. E. Parker and Mrs. Jack Ballentine.

A regular meeting will be held Sept. 6 with the time and place to be announced.

Recent bride complimented at shower held on Tuesday

Mrs. Tom Drake, formerly Miss Janis Tucker, was complimented with a bridal shower Tuesday night in the Community Room.

Carrying out the honoree's chosen colors of pink and white, the table was covered with a white lace cloth over pink. Centering the table was a pink satin pillow trimmed with pink net ruffles holding replicas of a wedding and engagement ring. Two candelabras featured pink frosted and glittered candles.

Mrs. Robert Shedd and Mrs. A. J. McAlister served the 25 registered guests cookies, punch, nuts and mints, between the hours of 7:30 and 9 o'clock.

Special guests were the honoree's

**THE CHURCH FOR ALL...
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Never has there lived a man who accomplished all he wanted to do... or went everywhere he meant to go.

Time and Distance like prison walls surround every life, ultimately frustrating man's hopes and dreams.

We are told that science is finding ways to multiply time, to divide distance. A gadget can save you an hour. A jet will cut your journey in half.

But should the day come when man can live to 150, and a round-trip to the moon will be called "commuting" — we'll still be living within the same walls... time... distance...

In fact, the only hopes of mankind which ever reach beyond these walls are our religious beliefs. In our churches we come to know the Eternal, the Everywhere. Faith dissolves frustration.

Life is more than a quest for speed... a conquest of space. Come to Church — and see!

J.E. PEAVY, M.D., Commissioner of Health

AUSTIN — With daytime temperatures consistently reaching in the high nineties over most of Texas, and with the prospect of even hotter temperatures during the weeks immediately ahead, there is every reason to anticipate a growing number of deaths from heat prostration or sunstroke.

The number of such deaths in Texas usually totals some 15 or 20 in any given year. Several heat connected deaths have already been registered this summer from various areas of the State.

Heat exhaustion is caused by an inadequacy of the heat dissipating mechanism of the body. It occurs as a result of exposure to a hot, humid atmosphere such as is common over most of Texas during summer months. Sunstroke is a form of heat stroke, complicated by an absorption of radiant energy

from the sun which causes a temperature rise in local body areas, such as the brain.

How do you avoid heat stroke? By doing what you can to keep loss and heat production in balance.

THE WEARING OF loose, airy clothing is known by physiologists to be among the best means of maintaining that balance.

Elevations of body temperature will develop inevitably when tight clothing is worn because it prevents loss of body heat through conduction, radiation and evaporation of sweat. And this much is physiologically true: the body thermostat is so constructed that a fall in temperature is much harder to produce than is a rise.

Diet plays a part in maintaining a heat production-heat loss balance. Heavy meals are difficult to digest

GIRLS PRESENT DEMONSTRATION

Kathy King, left, and Carol Green, both of Brownfield, presented their demonstration of "How Your Co-Op Works" at the annual convention of Texas Electric Cooperatives in Houston. The girls, coached by Mrs. Lois Greathouse of Lyntegar Electric at Tahoka, were invited to be on the program after they won first place in the statewide 4-H Club contest this spring. Kathy's parents are Mr. and Mrs. H. L. King of Brownfield; Carol's are Mr. and Mrs. Raymond Green, Route 2, Brownfield.

should be de-emphasized and fruits and vegetables should be accented, unless a physician prescribes otherwise.

Body fluids lost through perspiration during a hot day must be replaced or painful stomach cramps will result. Fruit juices — two or three glasses per day — makes a pleasant way to make up the loss.

The body also loses salt through perspiration, so if work or exercise causes profuse sweating, salt tab-

STRIPPER ATTACHMENT

An experimental cotton boll separator, an attachment for stripper harvesters, could mean an improved cotton crop and earlier harvesting for the High Plains, reports the U. S. Department of Agriculture. The attachment was developed by USDA scientists in cooperation with the Texas Agricultural Experiment Station at Lubbock. The attachment has successfully removed immature cotton bolls from the mature bolls, thus solving a problem that has long complicated early harvesting.

lets are called for to replace that lost. Salted nuts or crackers might be important during hot weather, be used for the same purpose. Rest. It is smart to exercise moderately all year around. But it can easily be overdone in the summer. Common sense dictates that hard work or active sports should be confined to cooler parts of the day.

It's the Law in TEXAS

RIGHT OF WITNESSES

By far the most vital people in our system of justice are witnesses. Everyone else in a trial exists to hear what they have to say.

Our courts need witnesses. A jury to find the facts. The judge to apply the law. The lawyer to tell his client's story.

Chances are you worry about stepping up, taking an oath, and telling your story in court.

On some rare occasions you could be called upon to testify about something affecting your own standing in the community.

As a witness you too may have the right, for example, not to testify against yourself in somebody else's lawsuit or crime trial.

If you are ever in such a bind, consult a lawyer of your own choice on what to do. The lawyer who called you to testify has a sworn duty to protect his client, not you. But your lawyer is sworn to keep what you tell him secret and to advise you in your own interests within the law.

Wise lawyers tell their witnesses to obey 12 rules:

1. Go to the place (say, the scene of an accident). Check your memory before you go to court. People forget and get caught up on details. But if you check what you saw and heard you are on solid ground.
 2. Visit a court. Hear how other witnesses testify. It will help you see your role on the witness stand.
 3. Wear clean, conservative clothes.
 4. Don't memorize your story word for word. That is the surest way to sound bad. But think of what you saw and heard.
 5. Listen to the questions you are asked with care and answer thoughtfully.
 6. Give a simple, direct answer in your own words. Don't be rushed.
 7. If you err — and people often do — correct yourself at once. If you can't remember some detail, say so. Don't bluff.
 8. Tell the truth. Don't figure which side you may help. Don't identify yourself with either side.
 9. Stop when the judge breaks in, and don't try to sneak an answer in before he can stop you. What you might say could end in a "mistrial."
 10. Keep cool and don't sass back.
 11. If they ask you: Certainly, you have talked to other people — the lawyer, for example; and yes, you may be reimbursed for certain of your expenses incurred in attending the trial.
 12. Remember, without witnesses our law would fail to do justice. If you are called, be a good witness.
- (This newsfeature, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Eventful summer spent by the John Edd Mays

Mr. and Mrs. John Edd May and LaRue returned to Post last Saturday after spending an interesting six weeks at Iowa State University and two weeks at the Reserve Army camp at Mineral Wells.

Mr. May, high school biology teacher, was part of the National Science Foundation group at the university for intensive training and the latest known developments in their field. Their objective is to make the study of science more meaningful to their own students by means of photographs, layouts, charts, and demonstrations.

The course was under the direction of Dr. Delma Hardin, zoologist, who made the following statement: "Never have I worked with a more cooperative and congenial group. They are all dedicated teachers who take a significant program back to their classrooms."

A highlight of the study course was a week's field trip to the Itasca State Park in Minnesota where the group studied plant and animal life. They lived in tents and cooked their own meals. Mr. May was the chief chef for southern barbecue chicken dinner. Fishing at night for blue gill, northern pike and bullheads added to the choice of menu.

The Mays took sidetrips to St. Louis, Mo., and attended the stage play "Lil Abner", took a trip on an excursion boat on the Mississippi and saw "How the West Was Won". Mrs. May unfortunately sprained both ankles prior to the boat trip. LaRue spent two weeks with her grandparents while her parents were in Mineral Wells where they attended the summer camp with the 413th Civil Affairs Company out of Lubbock.

New speed limit on most roads

All except one of the U. S. highways and farm-to-market roads in Garza County will get the new 70-65 miles per hour speed limit that goes into effect this Friday, Julian F. Smith, resident highway engineer, said today.

The only road restricted to 60-55 miles per hour is FM 211, which runs from FM 122 (Ralls road) to U. S. Hwy. 84.

FM-211, although a new road, is restricted to the lower speed limit because engineering studies indicate it is inadequate to accommodate a 70 MPH maximum. FM-211 is a little more than eight miles in length.

The new speed limit for unrestricted roads is 70 mph daytime for passenger cars and 65 mph at night.

VISITS FATHER

The Rev. J. R. Brincefield of the Assembly of God Church spent the weekend visiting his 92-year-old father, J. W. Brincefield, in Lehigh, Okla., who is ill. The Rev. Brincefield's brother from Brownwood and his sister from California were also visiting their father.

MANY WEEKEND VISITORS

Visiting in the home of Mr. and Mrs. D. C. Roberts Saturday afternoon were Miss Rosa Edmonds of Grand Island, Neb., and Mr. and Mrs. Martin Edmonds of the Pleasant Valley community. Sunday afternoon visitors were Mrs. Gene Gollehon and son, Noel Ray, of Portales, N. M., and Mr. and Mrs. Lester Adams and daughters, Lexa and Jana, of Tahoka.

TUESDAY VISITORS

Visiting with friends and relatives in Post Tuesday were Mr. and Mrs. Eldon Roberts of Lockney.

Six fined here in county court

Four persons pleaded guilty or were found guilty on DWI charges in county court here within the last seven days and two Latin Americans from Floydada were fined for aggravated assault in a knife stabbing.

Jean B. Troclair was fined \$50 and costs Aug. 19 for driving while intoxicated, sentenced to three days in jail by Judge J. E. Parker who also ordered a six months suspension of driver's license.

Earl L. McCusiton Jr., pleaded guilty Aug. 19 to DWI and was sentenced to three days in jail, fined \$50 and costs, and had his driver's license suspended for six months.

Identical fines and sentences were handed down by Judge Parker to Grady George Allen, Aug. 19, on a DWI charge, and to Waylen Gene Edwards, Aug. 16, on a DWI charge.

Antonio Delgado of Robstown, Tex., who was working at Floydada, was fined \$350 and costs when he pleaded guilty to an aggravated assault charge in the stabbing of Jose Alen Jandrez, also of Floydada, on Aug. 10.

Pablo Racheo pleaded guilty on Aug. 15 to a similar charge in the stabbing of Jandrez, Aug. 10 and was fined \$100 and costs.

Mrs. Cook had lived in Garza since 1918

Information received by The Dispatch last week as to the length of time Mrs. Coda Cook had lived in Garza County was incorrect.

Mrs. Cook, who along with five other Garza County residents was killed in a car wreck near Leveland Aug. 9, had been a resident of the Post vicinity since 1918 and not since 1937, as was reported to The Dispatch.

She came here from Spanish Fort, Tex., and was the daughter of T. E. Parrish, who owned the Close City Grocery for many years.

Suspended ceiling is installed at Wackers

G. F. Wackers Store, 217 East Main, has just installed a new and attractive suspended ceiling. The interior of the store has been repainted and new heaters have arrived for installation, store manager Don Dunbar said.

Important meeting set for Scout committee

Bill Bennett, scoutmaster of Troop 319, announced today that an important committee meeting will be held Monday, Aug. 26, at 7:30 p. m. in the Fellowship Hall of the First Presbyterian Church. All adult members are urged to attend.

HOME FROM NEW MEXICO

Mrs. Tom Johnson, who visited last week in Belen, N. M., with Mr. and Mrs. Latham Johnson and in Carlsbad, N. M., with Mr. and Mrs. Thomas Johnson, was accompanied home Saturday by Mrs. Latham Johnson and three sons. Edith, who has visited the past two weeks in Carlsbad, also returned home with them.

MOVE TO CLIFTON

Mr. and Mrs. J. R. Kiker, residents of Post for 41 years, have moved to Clifton to make their home. Mrs. Kiker was born and reared in Post. Mr. Kiker is retired and they plan to get a lot of fishing done.

BACK TO CALIFORNIA

Ruth Walker, who has been staying with her sister, Mrs. Estelle Pierce, the past year, returned to her home in Los Angeles, Calif., Friday.

SHOWMANSHIP WINNER

FFA member Johnny Bilberry (right) is shown receiving his \$5 prize check from Lovell Kuykendall, judge, for winning the showmanship award at the beef project show and demonstration held at the 4-H barn. The \$5 first prize was donated by the Garza County Young Farmers chapter.

An administrators' meeting will be held from 1:15 until 2:15 p. m. in the school board room.

SUPT. THOMPSON said today that the school considers itself fortunate in securing such a widely-known educator as Mrs. Bynum as keynote speaker and workshop consultant.

Her present position is consultant on education of the gifted with the State Department of Education, Atlanta, Ga.

She joined the staff of Services for Exceptional Children, Georgia State Department of Education, in 1958. Her experience prior to that had included 14 years of classroom teaching, one year of high school library supervision and several summers of playground and Christian education work.

She is presently supervising ten demonstration projects in the education of the gifted; working with colleges and universities in the area of teacher training, and developing policies for state approved programs for the gifted.

Miss Bynum is a member of numerous professional organizations and is president-elect of the Association for the Gifted, a division of the National Council for Exceptional Children.

A native of Alabama, Miss Bynum received her B. S. degree from Alabama College, and her Master of Science degree in Special Education from Syracuse University.

WEEKEND VISITORS

Weekend visitors in the home of Mr. and Mrs. Burl Ford were his sisters, Mrs. Nona Cumbie and Mrs. Alma Fowler of Snyder.

VISITS MOTHER

Mr. and Mrs. John T. Hoover and son, Johnny Wayne, of Sunray spent the weekend visiting her mother, Mrs. Lou Hart, who is a resident of the Golden Years Nursing Home.

Garza ASCS employees attend convention

Four members of the Garza County office of the Agricultural Stabilization and Conservation Service were in Albuquerque, N. M., recently to attend the national ASCS convention.

Attending from here were Emmarhe I. Hartel, office manager; Mrs. Russell Wilks Jr., Mrs. Lorene Scarbrough and Mrs. Billy J. Carlisle.

Approximately 1,000 ASCS employees attended the convention with all the states except Alaska and Hawaii represented.

Two grass fires are put out by firemen

Post volunteer firemen put out two grass fires last week, one Thursday and the other Friday.

The Thursday grass fire, reported at 1:15 p. m. was on the E. W. Williams Ranch. Friday's fire, reported at 6:15 p. m., was in grass east of Mac's Lounge.

WEEK AT MORTON

Mrs. W. O. Fluitt Sr. left Sunday to spend a week at Morton visiting Mr. and Mrs. W. O. Fluitt Jr. and Mr. and Mrs. Marion Matthews. She plans to spend a week in Livingston, N. M. visiting Mr. and Mrs. R. E. Rylant.

Postings—

(Continued from Page 1) everybody else, we're glad it's over.

This is tax rate setting time and it looks as if the local tax line is going to be held for another year. The city and White River district have held to 1962 rates again for 1963 and it is hoped the same can be expected for both county and school district. That's a good feeling too.

Football season is at hand and with the Antelope squad practicing under the lights this week it's a good opportunity for many fans to stop by and take a look at the new squad Coach Harold Teal and his grid assistants are now working. The report—on the sports page—that enthusiasm is high is a good sign.

This is The Dispatch's first annual Back to School Edition—little more than two weeks away from the start of school—and you'll find today's paper chucked full of school bargains and school fashions as your friendly Post merchants take advertising column space to tell you what's new right here in your hometown stores. The Dispatch would urge you to do your back to school shopping right here at home with the merchants who so actively support all school enterprises and pay a goodly chunk of our school taxes.

Congratulations to busy Billy Hill, who on page 10 of today's Dispatch proudly announces he is the new Post area dealer for "the world's finest cattle-handling equipment", the W-W line manufactured by W. W. Manufacturing Co., Inc. If it's cattle handling equipment you ranchers need, just stop by and see Billy who has seen to it that you can "shop at home" for this line too.

SUNDAY VISITORS

Sunday visitors in the home of Mr. and Mrs. W. C. Kiker were her sister and brother-in-law, Mr. and Mrs. Bruce Barber of Wichita Falls.

METHODIST HOME HEAD HONORER

Hubert Johnson, superintendent of the Methodist Home, Waco, since Aug. 1, 1933, was honored by the Home's Alumni Association for his 30 years of service to children. Mr. and Mrs. Johnson, at right, received an avalanche of cards, letters and telegrams from former residents of the home. Mrs. Ethel Gregory Rodgers of Houston is shown presenting the greetings to Mr. and Mrs. Johnson.

ASC ballots to be mailed soon

Ballots for election of community committeemen will be mailed Friday, Aug. 30, from the Garza County office of the Agricultural Stabilization and Conservation Service, according to office manager Emmarhe I. Hartel.

Those receiving the ballots in each of the county's five ASC communities will be asked to vote for the committeemen of their choice and return the ballots to the ASC office in Post by Sept. 11.

Following the election of community committeemen, the county convention will be held Sept. 19 at the ASC office, Mrs. Hartel said.

Enthusiasm highlights opening grid drills

17 lettermen are among 42 hopefuls reporting

"If enthusiasm is any indication, then we'll have a better football team than last year," Head Coach Harold Teal said Monday after greeting 42 candidates for this year's Post Antelope squad.

Teal, who had expected anywhere from 42 to 50 boys out for the opening of practice, admitted he was a little disappointed at the size of the turnout, but that a few more boys are expected out before the season opens.

"We look for the size of the squad to have leveled off at somewhere between 40 and 50 by the time of the first game Sept. 6," the coach said.

Running enthusiasm a close second in the prospects for a better team this season is the fact that 17 lettermen are back from a 1962 team that finished with a 5-4-1 record, the best of any Antelope football team since 1956.

Backfield depth and good receivers are listed by Teal as the strong points of this year's squad, and experience in the line as its weak point.

"LAST YEAR'S starting line was hard hit by graduation," the coach said. "We've got some good boys back at nearly every position, but when you start talking about depth of the line that's where the inexperience comes in."

"Over-all, we expect to field a little bit better a team this year than we did last year, but our depth won't be quite as good," Teal continued.

Basically, the coach said, the Antelopes will utilize the same type offense they did last year, the "pro" type, with its split ends and halfbacks.

"But we're changing up our offense just enough to get more variation and to take advantage of our passing and receiving strength," the coach added.

"This early," Teal said, "we're pretty well playing everything 'by ear,' but our plans are to carry out units on the varsity squad. We'll cut down the size of the squad, but it'll also keep some of the boys from having to sit on the bench after game without being much action."

"THE BOYS LEFT over from the two varsity units will make up the junior varsity squad, which has nine-game schedule this season. We look for strong competition every position and a boy who is the varsity squad one week might find himself on the junior varsity the next week, and vice versa."

Coach Teal said he looks for the Antelopes' district schedule to be better this season than it was last year and for the non-district schedule to be just a little bit easier.

Denver City, of course, is the district favorite, as well as the favorite in most places to win the Class AA championship.

"Spur, which certainly is stronger than last season, generally picked for second place, and we are rated third," said Frensh and Slaton.

FRENSHIP HAS A number of boys back for their second year in Class AA and Slaton al-

ways has the potential to be a contender.

"Our non-conference slate looks just a little easier, despite the fact that we've swapped Class A Roscoe for Class AA Hamlin, which may be one of the top contenders in just about the toughest over-all AA district in the state."

Teal doesn't look for Plains, Abernathy and Floydada to be quite as strong as last year, but figures that Ralls, the Antelopes' opening game opponent, will be tougher. He also thinks Morton will be considerably improved over last year.

The 17 lettermen back for this year's grid campaign are backs Pat Cornell, Tom Clark, Butch Cross, Teddy Scott, Jackey Fluitt and Benny Owen, and linemen Billy Mitchell, Charlie Brown, Danny Blacklock, John Sutter, Danny Pierce, Curtis Hudman, Wendell Johnson, Danny Odum, Pat Sullivan, Ricky Little and Ronald Simpson.

Odum, Little and Sullivan are tri-captains.

THE COACH SAID Cross, a junior, who was slowed last year by a knee injury, and senior Tom Clark will be competing with Owen for the starting halfback post, with Cross also available for quarter-back duties.

Leading candidates for the split back position are junior T. E. Scott and senior Jackey Fluitt, who also was out with a knee injury most of last season.

Simpson and Wendell Johnson are seen by Teal as the top candidates for split end. The tight end post apparently is anchored down by Danny Pierce, who played safety on defense last year.

Leading candidates for tackle appear to be Little, Blacklock and Brown, with Odum and Hudman furnishing experience at the guard positions, where squad newcomer Johnnie Bilberry is also rated a contender. John Sutter is another tackle candidate.

SULLIVAN one of the Antelopes' top defenders last season, will be back at center, with junior Bill Mitchell also a contender.

Among the newcomers are: Bob Sneed, sophomore center; Donnie Cornell, sophomore center; Ricky Welch and Birch Lobban, sophomore quarterbacks; Billy Hahn, sophomore guard; Finnis Corley and Glenn Padgett, sophomore tackles; Ronnie Mayberry and Luis Ayala, sophomore backs, and Sammy Sims, sophomore end.

Also Buddy Howell, junior back; Tommy Rinker, junior back; Jim Kennedy, junior tackle; J. C. Gomez, junior back; Gary Hays, junior center; Dennis Odum, junior guard; Robert Moreau and Larry Osman, junior ends; Mike Ayala junior back; Jack Braddock, junior guard; Richard Hart, senior back; Joe Smith, sophomore tackle; Ruben Solis, junior guard; Doug Chance, (transfer) guard, and Jesse Mena, sophomore end.

5 Post golfers plays in huge Floydada meet

Charles Hopkins, one of five Post golfers in the 8th annual Floydada Tournament, finished fourth Sunday with a 6-under-par 282.

Bill Garrett of Wichita Falls won the championship with a 12-under-par 276.

Hopkins fired final rounds of 70-69 Sunday, which was better than Garrett did on the final day, but the Post golfers' earlier rounds of 71-72 put him behind the leaders going into Sunday's play.

Walter B. Holland, in the first flight with a 77, defeated Bill Dubois of Floydada Friday, 2 and 1, but lost Saturday to Jim Stewart of Lubbock, 4 and 3.

Howard Carlyle and Jackie Hays played in the eighth flight with Carlyle reaching the semifinals Sunday before losing to Larry Lindsey of Shallowater, 3 and 2. Carlyle defeated Jimmy Stinnett of Lockney, 2-up, Friday, and took out Clyde Williams of Floydada, 7 and 6, Saturday.

Hays defeated Bill Seale of Matador, 1-up, Friday to win his first match, but lost Saturday to R. D. Holly of Floydada, 2 and 1.

Claud Collier Jr., competing in the tenth flight, won from Ed Polard of Floydada, 3 and 2, Friday, but was beaten Saturday by Claude Estes of Floydada, 2 and 1.

A total of 180 golfers, the largest field in the history of the Floydada tournament, competed.

OFFSPRING ON BLOCK

Offspring sired by the World's Champion Cutting Horse will be auctioned for the first time on Sept. 7 when mares in foal to Cutter Hill (above) and some of his two-year-old fillies are offered at the Rex C. Cauble ranch near Crockett, Tex. The record-smashing palomino is on his way to winning the world title for the second year in a row despite his duties at stud. Ike Hamilton will be auctioneer.

46-56 Club may open membership roster

The Post Archery Club's second invitational shoot of the season will be held Sunday, Aug. 25, at the target range, beginning at 9 a. m.

Club officials said they are hopeful of having as many out-of-town bow and arrow enthusiasts here Sunday as attended the first invitational shoot, which attracted some 70 archers.

The public is invited to attend the shoot. Sandwiches and cold drinks will be sold, and benches have been placed in the target areas. Also, more shade has been provided.

Mitchell wins in Aspermont golf

Playing his best golf since he took up the game some two years ago, Mike Mitchell won the first flight Sunday in the Aspermont Invitational Tournament.

Mitchell defeated Dennis Connolly of Aspermont, 5 and 4, for the first flight championship.

The Post golfer won his first match with a 4-over-par at the 15th hole; his second with a 3-over-par at the 14th; third with a 2-over-par at the 18th, and the championship match with a 1-over-par at the 14th.

NEW ABERNATHY COACH

Richard Eddleman is now head coach of the Abernathy Antelopes, who play the Post Antelopes here Sept. 27. Eddleman, who has been assistant coach for one year, replaces Curtis Davenport, who resigned as head coach to become high school principal.

Men's Softball League

Yankees roll on unbeaten

The Yankees rolled on undefeated Tuesday night in the Men's Softball League by drubbing the Untouchables, 17 to 1, and bringing their season mark to 6-0.

The Yanks are well out in front of the second place Tigers, who defeated the Rinky Dinks last Thursday and the Mets Friday, but lost to the Mets Monday night in a make-up game.

The Yankees combed the offerings of three Untouchable pitchers in racking up their 17-1 win Tuesday night. John Schmidt was the starter and loser, with Mann and Gene Tucker pitching in relief.

Billy Jones went all the way on the mound for the Yankees.

First baseman Lonnie Gene Peel homered for the Yankees in the fifth inning.

In Tuesday night's second game, back-to-back home runs by Manager Punk Peel and Ronnie Babb broke a 6-6 tie in the top of the seventh inning and gave the Unknowns an 8-6 win over the Rinky Dinks.

Grassland outfit, but defeat Post All-Stars, 17-14

The Grassland softball team evened it up with the Post All-Stars Monday night by winning, 17 to 14, in a game at Babe Ruth League park.

In the first game between the two teams, Aug. 12, the All-Stars won, 16 to 12.

Grassland scored eight runs in the fourth inning to overcome Post's 9-7 lead and stayed in front the rest of the way.

Huffaker started on the mound for Grassland, but was relieved in the fourth by Gribble, who received credit for the win. Tom Buchanan was the starter and loser for Post, with Jackie Hays relieving in the sixth.

Grassland collected 14 hits off the two Post pitchers, with Garland Huddleston getting three for four. Brookshire, Huffaker and Walker got two hits each for the winners.

The All-Stars got a total of 16 hits to outthrust the winners. Nolan Williams, centerfielder, and Curtis Didway, third baseman, each got four hits, with Didway getting the game's only home run in the second inning. Jimmy Redman, Auvy McBride and Don Lamb each got two hits for the All-Stars.

Lawrence Cook to Fort Worth

Lawrence Cook, who coached junior high school sports here for one semester a few years ago, has accepted a position as backfield coach and head track coach at Amon Carter Riverside High School in Fort Worth.

Cook came to Post following his mid-term graduation from North Texas State. He went from here to Wilson as head football coach and then to Amherst, where he has coached for the past three seasons.

He guided the Amherst eleven to a 5-4-1 record in 1962, and a tie for the district championship.

Dinks.

Donnie Hays, one of three brothers pitching in the league, preserved the victory for the Unknowns in the bottom of the seventh when he fanned Don Dunbar, gave up a single to Rex King, who was forced at second by pinch-hitting manager Jack Kennedy, and then forced Don Lamb to fly out to right field.

Hays gave up 12 hits, which was one more than the Unknowns got off Rinky Dink hurler Rex King.

State Capital NEWS

By Vera Sanford

AUSTIN — Some 700 state employees scattered throughout Texas are getting a new set of bosses. Reason is the creation of the Texas Parks and Wildlife Commission on Aug. 23.

Jamie M. Dellinger, Corpus Christi contractor; A. W. Moursund, Johnson City rancher-attorney; and Chairman Will Odom, Austin engineer and geologist, make up the new three-man Parks and Wildlife Commission. They re-

place nine commissioners on the Old Game and Fish Commission and six on the old Parks Board.

Many state employees, who wondered whom Gov. John Connally would select to head the infant agency, now are worrying whether they themselves will remain on the payroll.

About 72 of the employees are in the Parks Department; some are managers of the state's 50-plus parks system. Another 625 or so are in the field of game and fish. About 100 of these are in the Austin office—the rest out in the field.

Connally says the consolidation will eliminate some duplication of services and effort.

One thing the state is sure to save on is per diems and expenses for the commissioners. The \$25 per diem plus travel, hotel and meals allotted the three new men should come to about one-fifth the amount spent in past years on 15 commissioners.

looking for 100 additional highway patrolmen.

He asks applicants, aged 21 to 35, to contact him no later than Sept. 14. Recruits will start to school Nov. 19. Pay is \$412 a month while in training, \$453 on graduation.

Department will endeavor to assign the men to stations within 100 miles of their present homes.

TRAFFIC DEATHS — Col. Garrison cast a gloomy eye at his crystal ball, and predicted a possible 31 traffic deaths in Texas over the three-day Labor Day weekend. But he hopes he is wrong!

"There is always a chance that the estimate can be proved too high," Garrison said, "if motorists will put forth a concerted effort to hold the line by driving within safe and legal limits, and remaining especially alert to the added dangers of holiday travel."

DPS has enlisted the aid of the Texas Safety Association, Texas Association of Broadcasters, junior chambers of commerce, Texas Council of Safety Supervisors and a concerted campaign to call attention to highway dangers.

HAWAII CALLS — Many of Texas' state officials now are in Hawaii attending the National Legislative Conference in Honolulu.

Lt. Gov. Preston Smith of Lubbock heads the list.

Others attending are House Speaker Byron Tunnell of Tyler, Rep. Ben Jarvis of Tyler, Sen. George Parkhouse of Dallas, Rep. Wayne Gibbons of Breckenridge, and Sen. Dick Slack of Pecos.

Also in the group are Bob Johnson, former representative from Dallas and now executive director of the Legislative Council, and his assistant, John T. Potter of Austin.

POPULATION VS ORGANIZATION — Theory that a large population produces a greater volume of business activity than a small population is not 100 per cent true. This is revealed by the Univers-

A BIG DIFFERENCE

The difference between operating a mechanical cotton picker improperly and handling one skillfully may be as much as \$13.50 per bale or more, points out B. G. Reeves, extension ginning and mechanization specialist. Driving the picker off-center on a row, for example, often results in skinning off pieces of bark from the cotton plants and this can result in the loss of a grade. Bark is hard to remove from the cotton at the gin and a "barky" sample will be downgraded, Reeves says.

ity of Texas' Population Research Center. It surveyed 30 Texas cities for the 20 year period—1940 to 1960.

Cities surveyed were Alpine, Angelton, Aspermont, Boerne, Borger, Bracketville, Burnet, Cotulla, Del Rio, Denton, Eastland, Grapeville, Hillsboro, Humble, Italy, Killen, McKinney, Menard, Merkel, Olney, Paris, Port Lavaca, Runge, Rusk, San Diego, Seagraves, Seymour, Somerville, Van Alstyne and Winnsboro.

Nine of these — Bracketville, Eastland, Hillsboro, Italy, Menard, Rusk, Seagraves, Somerville and Van Alstyne—had a population decline.

Runge, Italy and McKinney all saw a decrease in the number of business organizations. Bracketville and Hillsboro were the only ones that had a decrease in the number of governmental organizations.

Only city that had a decrease in the number of organizations, but grew in population, was Runge.

San Diego was the only place that failed to product additional volunteer associations.

In general, the survey proved that businesses and other organizations multiply even when population growth does not occur. Smaller cities usually support a greater number of organizations per 1,000 population than do the big cities.

HIGH SCHOOL DROPOUT — The growing problem of high school dropouts will be the topic of the annual meeting of the Texas State Committee on Public Education in Austin on Sept. 22.

President of the committee, Mrs. Helen J. Bechtel of Corpus Christi, is inviting all interested persons to attend the one-day session. No registration fee will be charged.

OIL ALLOWABLE CUT — Producing ability of Texas oil wells was cut by some 28,617 barrels a day when the Railroad Commission reduced the daily oil allowable from 28.5 per cent in August to 28 per cent for September.

Most of the major oil companies wanted more of a cut. But independent producers succeeded in getting the commission to hold production near the August allowable.

HE PORTRAYS EVIL

Vincent Price is at his most chilling portrayal of evil in "Diary of a Madman," showing Saturday at the Tower Theatre as the first half of a double feature. The other film on the double feature menu is "Tower of London."

PIG CROP OF 665,000

Texas farmers report intentions to farrow 95,000 sows this fall which is 14 per cent below farrowings in 1962. This would indicate a crop of 665,000 pigs, if the farrowing rate remains constant, to be marketed in the spring of 1964.

Sunday in the First Baptist Church at Jayton, with the Rev. Fate Redden, pastor of the Clairemont Baptist Church, officiating. Burial was in the Jayton Cemetery.

Cade is survived by his wife, Mary, of Andrews; three daughters, Maude, Cecilia and Sally, and a son, Tom Calvin, all of the home; his parents, Mr. and Mrs. Tom Cade of Clairemont, and a grandfather, C. H. Cade of Rotan.

Former resident of Post dies in plunge from rig

Tommy Richard Cade, 31, of Andrews, formerly of Post, plunged to his death Saturday from an elevator on a drilling rig about eight miles north of Odessa.

An eyewitness to the accident said Cade fell some 65 to 70 feet and landed on a pipe rack about 14 feet from the ground.

He had worked as a roughneck for the Frank Brahaney Drilling Co., Midland, since June 1. A resident of Andrews since March, he moved there from Post where he had lived four years.

Funeral services were at 3 p. m.

On Oct. 28, 1918, the Volstead Act became law over the president's veto. Lincoln was nominated for the presidency in Chicago on May 18, 1860.

CHRIS'S COPY

The long hot summer is just about over and when the long hot summer is over so is Chris's Copy. I hope that doesn't tear some of you up too bad. But don't despair, I still have one more week. Everything is getting back in the ole thing again. The football boys are working out now and the pep squad is beginning to shape up. Speaking of football boys, be sure to read the last thing in Editor Didway's column this week. It's priceless. The cheerleaders shipped off for Dallas where they will attend cheerleading school at SMU. And then they will come home loaded with pep and energy and cute, clever, little yells that will take the pep squad till midway through the season to catch on to. Going to SMU were Linda McMahon, senior head; Margie Harrison, senior; Pamela Stewart, junior; Dee Ann Walker, junior; Sharon Borgman, sophomore, and Linda Altman, Fish.

Speaking of Editor Didway he had his column all written by the time I got to work this morning. He told me it was because he got so fired up reading my column last week. That just goes to show. Show what, I'm not quite sure but at least it shows something.

James Mitchell and David Nichols are off to Colorado for the

week. They left Monday at lunch time. Wonder if Janice White being in Colorado this week has anything to do with them picking this special time? Anyway, they'll have a nice time. Pete Dodson spent a few days in Carlsbad, N. M., visiting his parents this week. He left Saturday morning and as I sit here typing away he is still far down the road. Janith Short finally got home Sunday from a two-week vacation with her family. They went to California and saw Disneyland, Catalina, Chinatown, and stopped by Las Vegas on the way home. Imagine they had a pretty good time.

Susie Jo Schmidt and Marilyn Minor returned home Sunday from Dallas. Susie Jo had spent seven weeks down there and Marilyn had spent a month. But they were glad to get home. Speaking of Susie Jo, that reminds me of Tom Clark. Tom got home Saturday after spending seven weeks in Raymondville. (Thought I was going to say Dallas, didn't you?) Tom was working in a cotton gin for an uncle there. But he was glad to get home too.

Sounds as if Judy Clary and Ann Pennington had a nice Friday. They dated these two boys from West Texas State. Ann had a date with Ronnie Covington and Judy dated Corkey Dawson, captain of the WT football team. Wonder if they're really glad they're going to North Texas and Cisco? By the way, the boys were playing in a golf tournament over at Floydada.

Lynda Taylor and Fuddy Cook and Judy Cook and Larry Hadderton and Mr. and Mrs. John Cook left Thursday and spent the weekend at Lake Thomas. Don't you know they had fun? Mitz and Ronnie Rider of Cosco passed through these parts this weekend with their parents on their way home from a New Mexico vacation. Their parents went on home and Curtis Didway and Judy Clary took them back to Cisco after they had spent the day. But Judy and Curtis didn't mind a bit. And what's this I hear about Beth Kemp getting a long distance call? Seems like Joe Cook called her from Roswell where he's going to school. Always glad to see the sugar ants hard at work.

And Gene Allsup is working at Post Pharmacy now.

Now, how do you know if an elephant is standing on your back during a hurricane? You can hear his ears flapping in the high wind.

PART OF THEIR JOB

Part of the Highway Patrolmen's job is directing lost motorists to their destinations. Patrolmen stand ready to help travelers in any way.

Meeting set for men interested in Patrol

Highway Patrolman Max Knox will conduct a meeting for young men interested in joining the Texas Highway Patrol at 7:30 p. m. Monday, Aug. 26, in the sheriff's office at the courthouse.

Patrolman Knox will explain the requirements for acceptance, the procedure in making application, and will furnish other information to those interested. The meeting is being held in connection with the Texas Department of Public Safety's need of approximately "better than average" young men to fill the ranks of the Highway Patrol and help stem the tide of traffic tragedy and rising crime in the state.

Applications will be accepted until Sept. 9 for a training school which begins Nov. 19 at the DPS Law Enforcement Academy in Austin. Trainees will receive salaries while in training. Application may be made by men 17 to 35 years of age through any DPS office, or by contacting a DPS patrolman.

Knox said all qualified men interested in joining the Highway Patrol is invited to attend Monday night's meeting. The following will be applicable for men selected for the Nov. 19 school:

1. The school will be for Highway Patrol personnel exclusively; all applicants selected for training will be assigned to the Patrol Service.
2. Every effort will be made to assign them to stations within 100 miles of their present homes.
3. Upon graduation, the new Highway Patrolmen will benefit by a pay increase from the present \$412 per month to \$453.

Highway Patrolmen also receive the following benefits:

- Two weeks vacation annually, 12 or more holidays each year as provided by the Legislature, 12 days per year sick leave which may accumulate to a maximum of 36 days, \$10 per month added to salary at the end of each five years to a maximum of 25 years, modern liberal retirement system based on age and years of service, social security benefits, travelling expenses when away from station as

AGRICULTURE

RELEASED BY THE TEXAS DEPARTMENT OF AGRICULTURE

John C. White, Commissioner

THE FAMILY FARM MEASURE OF A FREE SOCIETY

It has been often said in recent years that the family farm is disappearing as the dominant production source for American food and fiber. If such were the case—as it is not—then let America beware. By any measure, the family farm is the strongest and most vital production unit in agriculture. It is the one consistent measure of success or failure among the nation of the world.

Among the developed nations, the family farm is always present in a successful agriculture. It is always absent where agriculture has failed. Science, technology, education and capital are all essential to the achievement of abundance. But only when teamed with the family farm as the result been an outpouring of food and fiber such as we are blessed with in the United States.

All too often the tendency is to equate "family farm" with a homestead of 160 acres and a tractor—terms that would have been only half-true a generation ago.

The family farm of today can be and is big or little in terms of acres, capital investment or dollars of output. The distinguishing feature is the incentive that ownership and management of a farming operation vests in the farm family that provides most of the work.

To be sure, some of these farms are efficient and profitable and some are not. Some have adequate capital and management and some do not. No one—including the farmer—should hope to preserve the inefficient or inadequate farm just as we would not want to see any other inefficient business preserved.

However, much of the confusion about the family farm has ignored

prescribed by law, group hospitalization and life plan available uniforms and the necessary equipment to perform duties furnished.

the trend of the past decade which shows that family farms are becoming increasingly adequate. On the average, under today's conditions, gross sales of \$10,000 or more are required for an adequate family farm operation. Of all classes of farms, only the family farm grossing \$10,000 or more a year has actually increased in number over the past decade.

This growth can be marked up to an incentive and pride found nowhere in agriculture as in the successful family farm. It is this spirit which has brought our nation through the ages have dreamed of but never attained until this century. It is the soul of American agriculture, and it will be preserved.

Many repair projects help prepare schools

The interiors of 12 classrooms, the lunchroom and the fieldhouse have been repainted in this summer's project of "getting ready" for the new school term, Supt. Barry B. Thompson said.

Also scheduled for completion before school opens are repairs to the roof of the junior high school building and to the floor of the high school gymnasium.

New music racks and storage cabinets have been built and placed in the band hall and the acoustical tile has been replaced in the band hall practice rooms.

PICK UP MOTHER

Mr. and Mrs. Walter James Wyrick Jr. of Dallas spent the weekend in the home of her grandfather, Wm. Zetzman. They arrived to pick up her mother, Mrs. I. U. Parker, who had spent two weeks visiting with her father. They all returned home to Dallas Sunday.

Q. I have no dependents and will be retired next month at age 65. My retirement income from Social Security and a pension to which I contributed will be more than \$1800 a year. Is there any point in my filing for disability pension?

A. No point. Since you are over the income limitation, VA could not approve your claim.

Q. My GI term insurance policy lapsed in 1947. Can I still apply for reinstatement?

A. No. There is no provision for reinstatement of such lapsed GI insurance.
 Q. I am a veteran who was discharged six months ago. I have a disability which I believe is traceable to my service. Is there a deadline for applying to the VA for disability compensation?
 A. There is no deadline. You may apply at any time. However, if you apply within one year from your release from active duty, payments may be retroactive to your first day as a civilian. If you wait longer than one year, payments can become effective only as of the date you apply.

Grassland likes rain received—needs more

By MRS. O. H. HOOVER

We sure are thankful for the half inch rain we received Sunday night. It helped but we sure do need more and it looks favorable.

Mac Ritchey was honored on his 81st birthday with a surprise party. Old friends and neighbors brought in ice cream and cake and spent the evening with him. Included in the 33 attending were the Rev. and Mrs. J. C. Allen of Lubbock.

We noticed in the ballgame news last week where the Post ball club beat our Grassland boys but we didn't see in print some of the plays some of our Grassland (old men) made. Garland Huddleston is a former Grassland boy and we are proud of him but what about the home run hit by Hank Walker and J. B. Greer and some of the rest of the players. Most of these guys hadn't picked up a bat in years.

Because veterans are living longer than was predicted in the actuarial tables on which the rate of their GI insurance premiums was determined by law, the Veterans Administration returns their overpayments to them in the form of dividends.

OUTDOORS IN TEXAS
By VERN SANFORD

Family campers during 1962 increased so rapidly many of them gave up in disgust because they could find no place to pitch their tents.

This was true not only in Texas but across the nation. Also in Mexico and Canada.

According to figures recently released by the director of national parks, camp-use days in 1962 were recorded at 6,106,030. This is an increase of 14 per cent over the previous year.

This year the peak will go higher. To date, very few landowners have found a way to take advantage of this new economy. Some don't even want to fool with campers.

Most of the state parks, national forest areas and other public lands have provided camp grounds and camp sites. These places usually provide adequate water, cook-out spots and sanitary facilities to make camping easier.

GIRLS! GIRLS! GIRLS!
Elvis Presley and two of the many lovelies that will play in the motion picture, "Girls! Girls! Girls!" showing Wednesday and Thursday, Aug. 28-29, at the Tower Theatre.

able to furnish camping facilities. Garner State Park is a typical example of the manner in which people will use available facilities. It is practically impossible to get into this park now unless you've made your reservation well in advance. Hundreds of persons pitch camp there every summer to enjoy the park facilities.

Landowners soon discover they can make more money than just the per day camping fee. With a concession they can sell food and drinks—also at a profit. The concession business in most of the public areas is a paying proposition. It can be profitable to the landowner, too.

IN MANY instances the campers themselves can be blamed for lack of interest on the part of landowners. Too many campers are willing to leave their litter for the landowner.

This is noticeable even in roadside parks, where tables, benches, fireplaces and trash cans are courteously provided. Too many users walk away from their tables and leave all the old scraps, sacks and cans around to attract flies and varmints. And to mar the landscape!

Watermelon eaters especially are bad about this. They'll buy a cold melon along the way, then stop at the first roadside campsite and eat the melon. When through they'll leave the rind and seeds, and an extremely sticky table for the next fellow who comes along.

If you love the great outdoors, help preserve it in all its finery. Louisiana's state capitol building at Baton Rouge is the tallest in the nation.

Bruce receives college degree

ABILENE — Gene Bruce received a Bachelor of Arts degree from McMurry College in Abilene at the summer commencement program Thursday in Radford Auditorium on the campus. Bruce is the son of the Rev. and Mrs. Oscar Bruce, 215 W. 10th St. Post.

The Rev. Edward R. Barcus, minister of Austin Ave. Methodist Church in Waco, delivered the commencement address. Rev. Barcus, who is distinguished for the service he has rendered to the Methodist Church and the cities in which he has lived, will receive an honorary Doctor of Divinity degree in the August commencement service. The Rev. Lawrence K. Brown, superintendent of the San Angelo District of the Methodist Church, will also be the recipient of an honorary Doctor of Divinity degree.

While attending McMurry College, Bruce was a member of the Kiwa social club, band and McMurry Chanters.

Former principal accepts position

Mrs. Zeta R. Pennie, principal of the Lincoln School here for 14 years before it was integrated last year, has accepted a position in the English department of Wheatley Senior High School in Houston.

After the schools were integrated here, Mrs. Pennie returned to Prairie View A&M College and completed her work for a master's degree in administration.

She taught in Bethune, High School at Crane the second semester of last year and was elevated to head of the English department for the coming term. She resigned this position to accept the position in Houston.

In addition to her master's in administration, Mrs. Pennie holds a B. A. degree in English.

Crosbyton High School to integrate Negroes
CROSBYTON —The Crosbyton school board has voted for Crosbyton High School to integrate beginning with the fall term.

Last year, it cost the school district approximately \$900 to send six Negro students to the Negro high school in Slaton. This year, there are 16 Negro high school students in the Crosbyton district and the board estimated it would cost more than \$2,000 to send them to Slaton.

Negro students here through the first eight grades will continue attending the Fred C. Douglas school.

Quannah Maxeys host California visitors

By MRS. GLENN DAVIS

Mr. and Mrs. Elmer Dee Jones and family recently visited for four days in Phoenix, Ariz., with her parents, Mr. and Mrs. Stanley Jones, an aunt, Mrs. Nell Amos, a sister and family, Mrs. Ronald Bennett and a sister-in-law, Mrs. Bertha Young and Linda.

Mrs. Ola Stribbling, who was a niece of Mrs. Lucy Gossett, recently passed away in Throckmorton. She had visited here on different occasions.

Mr. and Mrs. Jimmy Byrd and D'Lyn attended a reunion Sunday near Snyder of the Underwood relatives.

Paul Hedrick was down from Lubbock irrigating the cotton on his dad's farm last week. Mrs. Hedrick spent Monday night with her sister, Mrs. Elva Peel, and family. Tuesday, the two ladies and Beth visited in Brownfield with Mrs. Sally Sherry Tuesday.

Mr. and Mrs. A. G. Fement and daughter of Levelland and Carl Evans of Big Spring were Sunday dinner guests of the Elmo Bush family.

Mr. and Mrs. Noel White and Steve attended the Levelland rodeo Friday evening.

Patsy Thompson of Lubbock visited from Thursday until Sunday with the Carl Fluitt family.

Visitors of the Quannah Maxeys on Saturday and Sunday were her sister and brother-in-law, Mr. and Mrs. Grady Webb, and son of Los Angeles, Calif. Diane returned after a six weeks visit in California. Other visitors were Mr. and Mrs. John Kirksey and daughters, and Corrie McSpadden of Lubbock, Mr. and Mrs. Louis Sinclair and family, Mrs. Green, Mrs. Noel White and son, Mr. and Mrs. Lewis Mason and Brent and Mr. and Mrs. Arthur Floyd.

Mr. and Mrs. Delwin Fluitt and until Sunday with her parents, the Rev. and Mrs. Clinton Edwards, in Fort Worth.

The Rev. and Mrs. Douglas Gossett and family of Farwell and Mr. and Mrs. B. L. Cummings were Monday supper guests of the Fred Gossetts.

Keth Howard spent Sunday night and Monday with Gary Jones.

MR. AND MRS. Clinton Gandy and family of Gordon visited his sister, Mrs. Carl Fluitt, and Mr. Fluitt Saturday evening.

Mr. and Mrs. S. D. Lofton visited Friday and Saturday in Vernon with their son, K. T. Lofton, and family.

Mr. and Mrs. R. E. Head of Eastland visited Sunday with their niece, Mrs. Fred Gossett, and Mr. Gossett. Other visitors were Mr. and Mrs. Walter Jones and family, Mr. and Mrs. Bill McMahon, Miss Bonnie McMahon, Oliver McMahon and Mr. and Mrs. Bill Ben-Henry Lynch had Sunday lunch with the Elva Peel family.

Darlene Jones was a Monday luncheon guest of Sharon Smith.

Kim McClellan attended Dejuana Hays' birthday party in Post Sunday afternoon.

The snake story we wrote about last week was in the Elvius Davis home at 807 W. 4th St. in Post.

Mr. and Mrs. B. J. Woods of Odessa visited Sunday with her sister and brother-in-law, Mr. and Mrs. Carter White and family. They took their two children home with them after they had spent two weeks with the Whites. Smoky Woods of Abernathy was also a visitor.

Mr. and Mrs. Delmer Cowdrey drove to Levelland Saturday and visited their son, Clark, and family.

Mrs. Carl Fluitt visited in Tahoka Wednesday with her mother. We have an idea there is a lot of talking going on over in the Bryan Maxey home. A daughter and son-in-law, Mr. and Mrs. Johnnie Boothe and family of Sacramento, Calif., came home for a visit Sunday afternoon. Mr. and Mrs. Dave Oakley are there for a visit and the Franklin Maxeys of Odessa are expected for a visit.

Mr. and Mrs. Ray Young and Mr. and Mrs. Lonnie Peel drove out to the new dam Sunday afternoon.

Mr. and Mrs. Ray McClellan are the proud owners of a new Pontiac.

THE BOBBY Cowdrey family visited over the weekend in Levelland with the Clark Cowdreys, and with the Hubert Cook family. Sunday afternoon they visited the W. O. Fluitt Jrs. who live near Lehman.

The Ray McClellan family visited with the Jimmy Doggetts Sunday evening.

Mr. and Mrs. Elmer Cowdrey and grandsons attended the Gossett-Crowdover reunion Saturday and Sunday near Nocona.

Mrs. Carter White and daughters recently visited her grandmother Smith and her aunt, Mrs. Hinton Fluitt. They also visited in Post with her grandmother Cockrell.

Mr. and Mrs. L. G. Thuet Sr. visited his sister-in-law, Mr. Will Thuet, Monday in a Hereford hospital. They also visited her son, Jimmy Thomas, and family.

Darlene Jones visited Monday afternoon with Mrs. Glenn Davis.

The Theibert McBride family and the Wilburn Morris family were gone from Tuesday until Saturday on a fishing trip to the Colorado River and then on to Buchanan Lake where they found the fishing good.

Cheri Moore moved to Lubbock last Sunday. Up to now she had been driving back and forth to attend beauty school.
