

Cutover date is expected soon on rural telephone service

The cutover date is expected to be announced next week for the changing of telephone service on the new Verbena exchange, which will bring phone service to the time to over 110 rural subscribers in eastern and southern Garza County.

James Wright, president of Caprock Telephone, told The Dispatch that his company is now negotiating with General Telephone for which built the new automatic dial exchange, and General Telephone, and with General Telephone and the City of Post, it is hoped to establish extended area service in Post from the beginning of phone service for the exchange.

But not only does the contract between the two phone companies have to be negotiated, but General Telephone also is going to ask for some sort of a rate increase in Post to cover the firm's cost of making the extended area service

available. General Telephone officials told The Dispatch its rate proposition is dependent upon the kind of a contract worked out with Caprock Telephone and if can't be made to the city until the two phone utility firms agree upon a contract.

Extended area service means that a rural subscriber on the new Verbena exchange could call any number in Post without toll charge, and any Post phone user could dial anybody on the Verbena exchange without paying long distance charges.

General Telephone was busy this week putting in toll connections with the new Verbena exchange. Verbena exchange users will dial long distance operator in Southwestern Bell in Lubbock to place long distance calls, just as do Post phone users.

General Telephone told The Dispatch it was preparing a letter explaining its position in the matter of extended area service between its Post exchange and the new Verbena exchange for the city council and local phone users. It will be ready early next week.

The letter was announced before the two firms renewed negotiations for an extended area service contract Tuesday.

Wright of Caprock Telephone said his engineers said the new Verbena exchange will be ready for operation by next week.

How long it will take to complete negotiations for extended area service at this writing appears anybody's guess—but at least negotiations have apparently begun in earnest to establish it.

PHA waives non-disturbance requirements

Way is cleared for public housing units

The regional office of the Public Housing Administration at Fort Worth has waived the requirement for non-disturbance agreements in oil development for local public housing sites, thus clearing the way for construction in the not-too-distant future for 27 public housing units for Post.

Irby G. Metcalf, chairman of the Post Housing Authority, and Pat N. Walker, attorney for the local authority, went to Fort Worth for a conference with regional officials Monday and were given a letter waiving the requirement in view of the fact that other local property owners don't hold mineral rights

and because the City of Post by 1952 ordinance regulates the drilling within the townsite of Post and requires payment of damages to property owners when incurred by drilling.

The problem has held up purchase of the former Lincoln grade school site here for 22 of the units for the last six months.

Metcalf said upon his return that the school site must be reappraised and the appraisal approved by regional public housing authorities before the site purchase can be made.

Architectural plans for the public housing units are in the process of being drawn and it is hoped construction can begin within a few months.

The federal government will guarantee bonds which will be sold to finance the construction.

Both Metcalf and Walker also expressed interest upon their return home to securing a urban renewal project for Post. Via urban renewal projects, local sub-standard housing could be replaced with new homes sold on 40-year, government guaranteed loans.

They brought back details on how to organize such a project.

Budget hearing Sept. 30

County-wide tax rate held at 95c per \$100

The Garza County Commissioners' Court at its September meeting set Sept. 30 as the date for a public hearing on the new 1964 county budget and voted unanimously to continue county tax rates without change except for the adding of a 30 cent rate per \$100 valuation for Road District No. 1.

The first precinct rate was necessary to start paying off the \$55,000 bond issue voted several months ago for paying the county's share for right-of-way to four-lane US-84 from the top of the cap northwest to the county line.

Present county tax rate remains

at 95 cents per \$100 on a county-wide basis, the same as it has been for the last two years.

This rate includes 2 cents for jury, 15 cents for road and bridge, 10 cents for road and bridge special, 48 cents for general, 5 cents for permanent improvements, and 15 cents for the hospital sinking fund.

The court also voted to continue the usual discounts for tax payments of 1963 state and county taxes—3 per cent if paid in October, 2 per cent if paid in November, and 1 per cent if paid in December.

The budget hearing will be held from 10 a. m. to 5 p. m. Monday, Sept. 30, in the courtroom.

The county's valuation this year will be \$15,467,829, a reduction of \$364,198 from last year, due principally to drop in oil valuations, County Judge J. E. Parker announced.

For 1964, Judge Parker in his budget anticipates raising \$175,550 from ad valorem taxes, a decrease of \$5,050 from this year and \$266,613.55 in other receipts for a total of \$442,163.55 in receipts.

Expenditures for the county (including the operation of Garza Memorial Hospital) are estimated at \$461,679.29 for 1964, as compared to \$594,827.61 this year, or a reduction of \$133,148.41. The reduction in expenditures, Judge Parker explains, is due to the anticipated purchase of \$30,000 less in road machinery next year, and to the fact that 1963 expenditures include some \$110,000 in right-of-way purchases for US-84 of which the state will reimburse the county for about half.

This expenditure anticipated as outrunning receipts for next year will mean a reduction of \$24,000 (See Tax rate, Page 8)

Trustees of the Post Independent School District voted for the discontinuance of formal eighth grade graduation exercises and to raise the salaries of five school custodians in two of the board's more important actions at Monday night's regular September meeting.

The vote to discontinue the eighth grade graduation program and to replace it with a suitable assembly program was upon the recommendation of Supt. Barry B. Thompson. The vote was unanimous.

The superintendent explained that eighth grade graduation exercises such as the ones that have been held here are getting to be "big productions," taking up too much time and effort on the part of some of the parents and working hardships on the parents of some of the underprivileged children.

A SUITABLE ASSEMBLY program at which the eighth grade students will receive their certificates of graduation into high school will replace the customary eighth grade graduation program.

The superintendent further pointed out that only a very few schools still hold formal graduation exercises on the junior high level, and that so much emphasis is placed on some of those that are held that the student doesn't have much else left to look forward to in the way of graduation ceremonies after he enters high school.

The salaries of school custodians Eddie Criado, Ben Howell, Dick Allen, Alfredo Garza and F. F. Keeton were raised \$15 a month—from \$285 to \$300—also by unanimous vote of the board and upon the recommendation of the superintendent.

THE CUSTODIANS whose salaries were raised have been with the schools for six months or longer. A sixth custodian, Jerry Chancellor, will be in line for the same raise after he has been with the school for six months, it was explained.

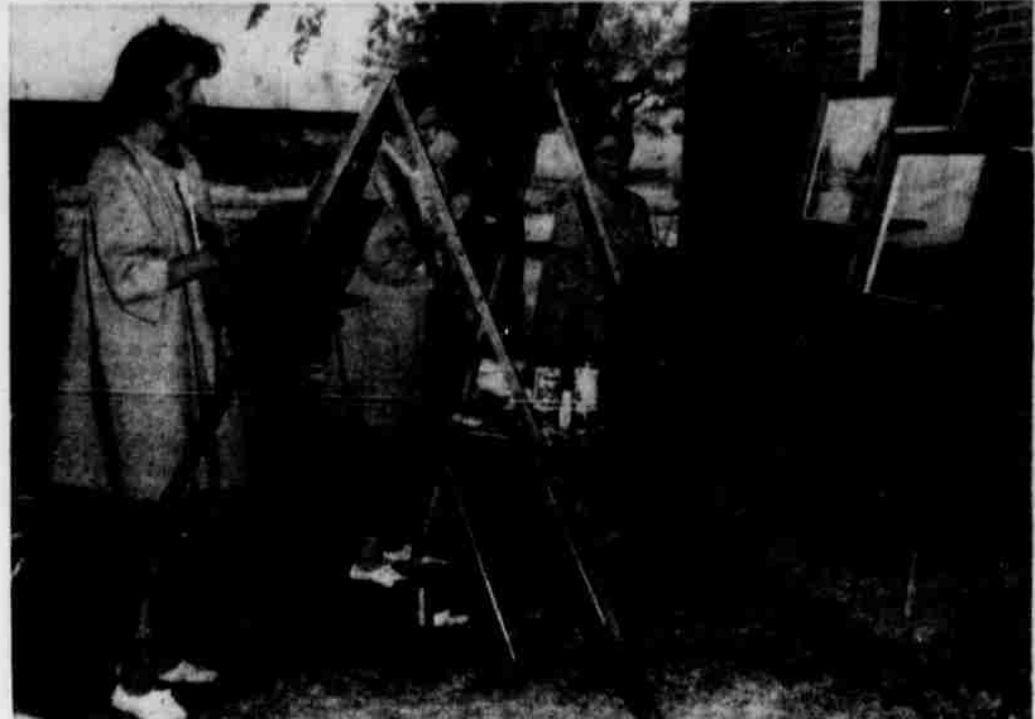

Supt. Thompson said the custodians have performed their duties at a high level of efficiency all summer, and have put in a number of hours of overtime without compensation.

The board also approved the election to the faculty of Bruce Burnett Jr., Junior High social studies teacher, and Mrs. Frank Blanton, first grade teacher. Mr. Burnett and Mrs. Blanton have been teaching since school opened, but their election to the faculty had not been officially approved by the board.

The trustees accepted the resignations from the faculty of Dudley Knox Jr. and Mrs. Jackie Horn, the resignations having been submitted just prior to the opening of the new term.

THE BOARD GAVE its approval to an adult education course in the school and authorized attendance of three faculty members at a training institute in Lubbock for the adult courses to be taught here.

The superintendent explained that the three teachers' attendance at the training institute will not cost the district anything since it is a state pilot program. The adult education courses will be made available to the general public at a nominal tuition rate. The courses will probably include developmental reading, typing, civ-

Rotarians hear advertising talk

Advertising tells the whole community what you have to sell for much less cost and effort than you can do it yourself alone, Dave Sanford, general manager of Post radio station KPOS told Rotarians Tuesday noon in a luncheon talk on advertising.

"There is nothing mysterious or magical about advertising," Sanford declared. "It won't do the impossible. It won't, for example, sell a bad product more than once. It won't change an untidy store, discourteous service, or an impossible location. Before your advertising can work efficiently, you must have a good product or service to sell and a pleasant place in which a customer can buy it."

"If you have these," Sanford said, "advertising will work for you and increase your profits. Without these, advertising will work against you by exposing your weakness to more and more people."

Sanford said the inventing of the printing press is credited by historians with opening the door to the first mass communication. Since the printing press we have had the telegraph, telephone, radio and television. He said there are now a total of 183.8 million radios in the United States, 49 million television sets, and 52 million newspapers bought in this country daily.

"This would indicate," Sanford pointed out, "that all types of communications are important each serving a definite need of the people."

New grand jury call for Sept. 23

Accidental gunshot victim

Last rites are held for Charles A. King

Funeral services for Charles A. King, 33, who was found shot to death in his car near here last Thursday morning, were conducted at 3 p. m. Friday in the Calvary Baptist Church.

He had been a resident of Post since about 1945 and had been employed here as an oilfield worker. His body was found by three motorists about 10 a. m. when they noticed his car about 200 yards off FM-651 (Spur road) in a pasture, 4 of a mile northeast of the city limits. A 12-gauge pump shotgun

was beside the body.

D. C. Roberts Sr., Precinct I justice of the peace, returned a verdict of death by accidental gunshot wound.

County Sheriff L. E. (Fay) Claborn Jr., who headed the investigation into Mr. King's death, theorized that the gun discharged while he was driving. The car had plowed through a barbed wire fence and plowed over three fence posts before coming to a stop in the pasture.

"Our investigation indicates the gun either discharged when he rounded the curve or that he lost control and went through the fence, causing the gun to fire," the sheriff said.

Finding of the body was reported by Dennis Eubank, Cliff Grigsby and Helen Cooley, the sheriff said.

The sheriff estimated that King was shot between 4 a. m. and sunrise.

"I talked to a witness who said he saw King drive by a filling station on North Broadway at about 4 a. m., headed in the general direction of where the body was found," Claborn said.

The car lights were on when King's body was found, the officer's report disclosed.

Mr. King was born in Franklin County and moved here with his parents, Mr. and Mrs. E. A. King, about 18 years ago. He attended

Supt. Barry Thompson announced today that parents of all school children not in school will be notified by letter Sept. 14 to enroll their children in school within one week or charges will be filed against them in county court.

Conviction of violations of this state school law could result in either fine or jail sentence to the parents.

"We feel today's complex society makes it mandatory that all school-age children attend school," Thompson declared.

This is not a new law requiring attendance. It just hasn't been enforced here in the past.

Electricity is in to dam site

Electricity to the White River dam site was due to be ready Tuesday to enable contractors for the water filtration plant to begin testing all the plant equipment.

Installation of the equipment for the plant is now complete. Al O'Brien, White River water district superintendent, announced today.

He said that construction of the dam has been complete "except for a few odds and ends" which will require another three weeks or so.

No new rains have fallen in the White River watershed and there is approximately only 100 acres under water behind the million-dollar earthen dam.

CHARLENE NELSON FUND UNDER WAY

Contributions are being made to a fund to purchase a television set for 12-year-old Charlene Nelson of the Close City community, whose parents and two brothers were killed last month in an automobile accident near Levelland.

Charlene, the only survivor is still in a Lubbock hospital from injuries suffered in the accident. She enjoys watching television and it is hoped that a set of her own can be purchased through the fund.

Those wishing to make contributions may send them to Mrs. Tom Autry, Post Route 2.

The Rev. Fred C. Ryle, pastor of the First Presbyterian Church of Slaton brought the charge to the pastor, and the Rev. John Lars Hamerson, pastor of the First Presbyterian Church of Canadian

led the responsive reading, and Charles B. Stubbs, a ruling elder in the First Presbyterian Church of Slaton read the scripture reading for the ordinance of installation service.

The Rev. and Mrs. Edgar H. Graham, parents of the new local pastor, attended the service. The Rev. Graham is pastor of the First Presbyterian Church of Winters.

Frills cut from 8th grade exercises

Garza to display products at fair

Garza is one of 14 South Plains counties that will display agricultural products at the Panhandle South Plains Fair in Lubbock Sept. 23-28.

The products will be displayed in the Agriculture Building with each county displaying at least 25 varieties of crops in 11 classes.

Judging of crops will be on a basis of 900 points with neatness and general arrangement of the exhibit scored on a basis of 100 points.

Each county entering booths in the show automatically will receive a \$50 participation award, fair officials said.

County Agent Syd Conner will be in charge of the Garza County exhibit.

An industry-hunting victory

Lubbock can well be proud of landing its new Litton electronics plant. It's proof to all the communities, big and small, throughout West Texas that industry hunting does pay off.

Announcement of the new Litton plant for Lubbock last week of course stirred a lot of talk here, just as it did elsewhere.

If you read the news accounts closely you learned that getting the Litton plant for Lubbock wasn't easy. It took years of work—and real co-ordinated work too. The Lubbock Chamber of Commerce's industrial hunting organization, in cooperation with the city of Lubbock, got the job done.

This was a victory. There probably were lots of other equally as important efforts which did not succeed, because in the final judgment of site location some other city came up with a more attractive proposition than Lubbock for other industries which were sought.

The lesson to be learned from Litton's location at Lubbock is that industry-hunting takes lots of hard work and cooperation at every community level.

If Post wants to attract industry, it must go to work at the job the same way.

Recently a start has been made with a permanent Chamber committee to spearhead industry hunting. But we've got to go down the road a whole lot farther than this to win payroll results.

One other thing about the Litton firm's announcement that it will build an electronics plant in Lubbock is that most such industries "sub-contract" portions of their final product to smaller, nearby firms with these subcontracted items then feeding into the assembly line to make the final product.

There is the possibility that Litton, or other industries Lubbock might attract in the future like Litton's, will use the "subcontracting" method.

If so, it would mean the future possibility of "satellite industry" locating in Lubbock or in communities adjacent to Lubbock, as a result.

This is one way that smaller communities in the Lubbock area may prosper to some extent in the future by the success Lubbock itself has in attracting industry.

The industry Lubbock would attract in most cases would be too big for smaller towns to handle. But the "satellite industries" which might be created from new industry certainly would be fair game for dozens of communities around Lubbock.

Which is just another reason—and a very big one, too—for Post to get rolling.—JC

New school attendance law

Texas' rate of illiteracy, which is high for all races, should be reduced somewhat by a new compulsory school attendance law in effect which requires school children, ages seven to 16, to go to school 185 days out of each 175-day school year.

Before the 58th Legislature passed this law, the minimum attendance requirement was 120 days. This left a wide margin for truancy—especially by children of migrant farm workers who are on the move two to four months out of the year.

Laxity of compulsory attendance laws has been cited as one reason for the high rate of illiteracy among Latin Americans. But, as previously stated, Texas' rate of illiteracy is high for all races. It has been estimated that almost 10 per cent of the state's population is functionally illiterate.

A recent U. S. census survey showed that the average school child in Texas, with a Spanish surname, did not go past the fourth grade. The average Anglo finished the 10th grade and the average Negro completed the eighth.

Under the new law, it will be up to the individual school districts to see that children attend 185 days a year. However, the main responsibility lies with the parents. If a school officer warns the parents of a truant child, they are subject to a fine of \$5 for the next day; \$10 for the second offense, after a warning, and \$25 for each subsequent offense.

As pointed out by Leon Graham, deputy commissioner of the Texas Education Agency, it is no problem for a migrant parent to enroll his child in any school. No formal transfer is required. "Our schools are here to serve the children of Texas," Graham said. "All they have to do is say, 'Here I am!'"

The Dispatch is of the opinion that any law that will help reduce the state's rate of illiteracy and that will contribute toward reducing the "dropout" problem is a good law.—CD

Hard-to-get birth records

Within the last few years, as more and more people have reached the age at which they qualify for Social Security assistance, there has been an increasing need for birth records, which 80 or 70 years ago were not as systematically filed, recorded and kept as they are today.

One instance of which we've heard is that of two sisters, one a widow and the other a spinster, who reached the Social Security benefit age at about the same time. Both sisters had all sorts of trouble in establishing proof of their birth in order to collect their Social Security. One had been born in Arkansas and the other in what was then the Indian Territory. These sisters finally established proof of their births, but it required considerable time, during which they wrote letter after letter to older relatives, schools they had attended, etc., in order to prove where and when they were born.

These sisters could have saved themselves time and trouble, and so can anyone else who does not have the necessary records, by turning to the Bureau of Census, U. S. Department of Commerce.

The thousands upon thousands of persons who requested assistance from the Census Bureau last year were among an estimated 20 million United States residents who are without proof of age or birthplace. The historical records of the

Census Bureau provide the only acceptable source of this information for many of these people.

Since its beginning in 1790 the U. S. Census has recorded identifying data for almost 350 million persons, many of them listed several times in separate censuses. The Bureau has provided copies of these records to about 3 1/2 million people, as legal proof of age, place of birth, citizenship, or kinship.

Persons seeking such a record for Social Security purposes should go to their nearest Social Security Office or, for other purposes, write to the Personal Census Service Branch, Bureau of the Census, Pittsburg, Kans., for an application form.

A fee of \$3 is charged for a search of not more than two censuses for one person and for one copy of the information found. Additional copies cost \$1 each. An expedited search costs \$4. Expedited searches are usually completed within a few days while the routine \$3 search may take up to 30 days, depending upon the backlog of requests.

So, if you need proof of your age to collect Social Security and other retirement benefits, to qualify for jobs carrying certain age or citizenship requirements, or for some forms of insurance, and you can't find it anywhere else, you can always turn to the Bureau of the Census.—CD

TOMORROW, OR TODAY — depending on when you get your copy of The Dispatch — is the first Friday the 13th of 1963, but there'll be another one in December.

Even to the unsuperstitious, there's just something about Friday the 13th that marks it as a sinister day. Take the high school football teams, for instance. Excluding tie games, this Friday the 13th is going to be unlucky for half of them.

LOOKING AHEAD to 1964, there are also two Fridays the 13th that year, one in March and one in November. Things brighten up in 1965, however, with only one Friday the 13th—in August.

The Man up the Street says the only exercise some folks get is jumping at conclusions, running down their friends, sidestepping responsibility and pushing their luck.

A FEW DOORS west of The Dispatch office, the Post Pharmacy is undergoing a complete remodeling and I'm sure it hasn't been near as hectic for the customers as it has for the clerks and that when it is all over both customers and clerks will figure it was well worth it.

Everybody at the pharmacy has been unusually accommodating during the remodeling — even the men from Sai Antonio who are installing the store fixtures. I dropped in the other day for a magazine, a package of cigarettes and a cold drink, and each item was sold me by a different fellow I'd never seen before. That's what you call accommodation beyond the call of duty.

THE FELLOW WHO writes the advertising copy for the new Lark cigarette must be the same one who wrote some of the poems that I used to find in my fifth and sixth grade readers. The reason I think so is because as soon as I read the following lines in a Lark advertisement it brought back memories of school days and, vaguely, some poem that I just can't pin down. Perhaps some of my readers who went to school at about the same time have a better memory and can recall the poem suggested by the "beat" in the following lines:

"I read the back of new Lark's pack and tried them on the spot!"

There's a first time for everything—even a first time for a girl from the State of Arkansas to win the Miss America contest.

SOMETIMES AS I lie awake at night and listen to the night noises, I wonder why people who have unwanted dogs and cats don't bring them up to 13th Street and turn them loose. The poor, unwanted animals wouldn't last long on that race track of a street. There no doubt are other streets in town where excessive speed and reckless driving is just as bad as on 13th Street, but I'll have to see it to believe it.

This year, instead of a reminder to pay our poll tax between Oct. 1 and Jan. 31, there'll be a reminder to vote for or against repeal of the poll tax in the General Election on Nov. 9. If the poll tax is repealed, the reminder will be to pay our registration fee. If it isn't repealed, there'll be no change and we'll be reminded to shell out our \$1.75 poll tax payment before the Jan. 31 deadline.

BAND DIRECTOR Bruce Evans made a brief halftime appearance in the pressbox at the Post-Ralls football game to announce over the public address system: "Ladies and gentlemen, the Post High School band."

At the time, the band was marching off the field without having had a word said about it over the PA system. But there is an explanation—of sorts. All during the game, they'd been having trouble with the PA system—couldn't get it to operate—and nothing went off on schedule as far as it was concerned.

I DON'T EVEN know whether or not the Post band director's announcement carried to the crowd, since inside the press box you couldn't tell one way or the other. Back in Post, I talked to people who said it was more than a little refreshing not to have to put up with the PA patter throughout the game. The average public address system announcer is much like some baseball and football announcers on TV. They go to great lengths to pound your ear drums with something you can see for yourself, and on something you can't see for yourself and want to know about, they remain strangely quiet.

I don't know what was wrong with the PA system in the Ralls press box. I was sitting right next to it, but my chief concern in such instances is to leave the diagnosis to the experts and try to keep from getting lifted out of my chair by inadvertently touching a "hot"

IN TEXAS BEER IS A NATURAL

As natural as the wholesome grains and tangy hops from which it is brewed, beer is Texas' traditional beverage of moderation — light, sparkling, delicious.

And naturally, the Brewing Industry is proud of the good living it provides for so many folks in Texas. Not only for employees of the Brewing Industry itself, but also for the farmers and other suppliers of beer's natural ingredients. In Texas, beer belongs — enjoy it.

Issues in Congress being hard fought

LUBBOCK — Cong. George Mahon spent the first part of last week in the District, stating that the week was marking time for a few days.

Mahon said that the issues in Congress were being hard fought. He said the best American tradition and the indications were that Congress would be in session until later in the year. He said it was the duty of Congress to stay in session until the work was completed.

Mahon agreed the legislative output of Congress this year has not been very great, but added that Congress should be judged only by the legislation it passes, not by the legislation it does not pass. He pointed out that a considerable volume of work had to be completed before Congress could adjourn later in the year.

pending legislation directly affecting West Texas was cotton legislation designed to deal with the crisis in cotton. The outcome of such legislation, he explained, was uncertain at this time.

With respect to pending Bracero legislation, he indicated that the chances were fairly good that Congress would agree on a simple one-year extension of the present law. In late May the House, in a surprise move, voted down a two-year extension.

Mahon stated that if the legislation program in Congress permitted he would return to Texas next week to attend the annual meeting of the Plains Cotton Growers at Lubbock and the field day of the High Plains Research Foundation at Halfway, near Plainview.

CONSTRUCTION INCREASES

AUSTIN — Residential construction accounted for \$81,600,000 of the \$142,000,000 worth of construction authorized in Texas in July. It was the highest July and the third highest monthly level in 17 years.

INCOME PRODUCERS

Nearly 10,000 soil conservation district cooperatives set up one or more income-producing enterprises in the year ending June 30, says the USDA. More than nine-thousand others revealed plans of the same nature and one-thousand coops switched to recreation as their major source of income.

Millions run for their lives as King Kong and Godzilla return to fight the Monster Battle of the Century. They fight over Tokyo and across seas and lands between the South Seas and the Poles in Universal's "King Kong vs. Godzilla" in color, showing through Saturday at the Tower Theatre.

'Blood and Roses' is Friday 13th thriller

The daring modern suspense drama, "Blood and Roses," will be the Tower Theatre's Friday the 13th midnight show, theatre manager John N. Hopkins announced.

The thriller, starring Mel Ferrer, Elsa Martinelli and Annette Vadim, will start at 12 o'clock midnight tonight.

The story is of a beautiful girl possessed by demons that haunt her family's past.

"This is a picture you'll want to see from the beginning — right through to the astonishing climax!" Hopkins said.

Tahoka schools enroll 1,113 in first week

TAHOKA — First week enrollment in the Tahoka schools totaled 1,113, an increase of nearly 100 over last year's first week enrollment.

Peak enrollment is expected during the harvest season, school officials said.

The high school enrollment is at a new high of 230, with integration of the high school accounting for 12 additional students.

Vet's Forum

Q. Does the VA recommend converting term insurance to permanent plan insurance?

A. Both have their advantages. It would depend on the individual circumstances. Term insurance supplies maximum insurance for minimum cost. Thus, it might be ideal for a veteran with a large family of children. The cost of term insurance, however, increases as time goes on and becomes very expensive in late, middle or old age. It offers no loan value nor any permanent equity. Thus, after children are grown a veteran might wish to convert all or part of his term insurance to a lower cost policy with premiums that never change and the other advantages mentioned above.

Q. May the family — wife and children of a veteran—obtain medical care and hospital treatment at a VA hospital?

A. No. Only veterans themselves may be treated in the VA hospital system.

Q. When is the final date for any World War II veteran to get a GI loan?

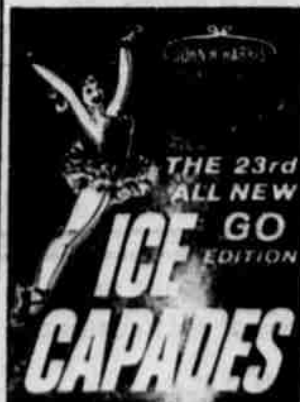

A. The GI loan program comes to an end for all World War I veterans on July 25, 1967. For the great majority of World War II veterans it will end sooner than that — the calendar date reached by adding ten years to their date of discharge from the last period of active service plus an additional year for each three months of active service.

ARTIFICIAL BREEDING

During 1962, 41.1 per cent of the nation's total dairy cows and heifers two years old and older bred artificially. Eight states reported 50 per cent or more of their cows bred artificially while Texas bred only about 12 per cent of its dairy cows by this means.

For over 30 years the federal government has been deeply involved in agriculture. Estimated cost of farm programs has been \$3.5 to \$5 billion a year.

COMMON MARKET AFFECTS TEXAS POULTRY

Western Europe's Common Market has given a "thumbs down" sign to U. S. poultry and the repercussions are being felt in the broiler producing areas of Texas.

The "chicken war" began when the Common Market inaugurated high tariffs against imported broilers as a protection to its own fledgling broiler industry in West Germany and other countries. When the market opened in Europe dried up from the excessive tariff, the U. S. broiler industry lost some \$50 million worth of trade a year. The big production areas of East and South Texas were immediately caught in the backwash of the tariff decision.

The first effect was a near "glut" of the domestic poultry market since growers were not able to quickly cut back production. But the long range prospect is even more ominous—not only in poultry but in many other fields of agriculture.

Originally, the Common Market was conceived and regarded as a giant stride in European recovery after the ravages of war. Its ultimate goal was to lower tariffs and promote freer trade. In many cases, this has been one of the best achievements of the six-country organization. But it is feared that the new "chicken war" may be only the first of other "protective" acts which will react against U. S. agriculture.

This nation normally exports some \$1.2 billion worth of farm commodities to the European member nations. A gradual increase in tariffs could choke off market outlets for other goods the same as has been done against chickens. Although poultry is the first Texas commodity to be affected, our cotton market could also lose in an all-out tariff war. Much of the Texas cotton production leaves the ports of Galveston and Houston

each year for Europe. Rice and feed grain also depend on Common Market outlets.

It is hoped that the poultry war is an isolated incident. But agricultural officials are keeping a close watch on the EEC to anticipate any regressive trade measures. The Common Market has been, and still is, one of Texas' major farm goods outlets. It can continue to be a great boon for Texas provided it does not become a "protective society" prohibiting imports from the United States.

Schools at Ralls enroll 950 students first day

RALLS — A total of 950 students, including 14 Negro high school students, enrolled for the first day of school here last week.

The Ralls school board voted this summer to integrate the high school and the 14 Negroes attending classes formerly attended the Negro high school in Slaton.

High school enrollment totaled 186 the first week.

HITCH-HIKING INSECTS

About half of the most seriously destructive pests now found in this country are recent immigrants from Europe, Asia, South and Central America. Modern, rapid transportation has enabled these insects to hitch-hike to all parts of the world.

THE MEAT-TYPE HOG

Contrary to what some believe, meat-type hogs can be as efficient producers of pork as other types. Research has shown that inheritance plays a key role in the efficiency of any type hog. But the producer must remember that lean pork is in demand and the meat-type hog provides it.

Wide variance in gas rates

AUSTIN — A study of records, which the Texas Railroad Commission keeps on municipal gas rate structures, reveals a wide variance in gas rates across the state.

Lowest average year's bill paid by individual consumers in 1962 among the 22 cities on the commission list was \$41.50. It was paid by citizens of a Corpus Christi suburb.

Highest annual average gas bill was paid by citizens of Dallas. One of the lowest average bills was that paid by Amarillo residents. Their average bill for the year was \$53.43.

WILSON ENROLLMENT

WILSON — Enrollment in the Wilson schools last Thursday morning totaled 360 students, 92 of them in high school, Principal D. H. Koeninger reported.

Williams-Shytles vows spoken Saturday at Methodist Church

Miss Barbara Sue Shytles and James Arthur Williams repeated their wedding vows Saturday, Sept. 7, at 3 o'clock in the afternoon at the First Methodist Church.

The Rev. Oscar Bruce, pastor, officiated at the double ring ceremony, before an altar decorated with two arrangements of white roses, gladiolus and stock. White satin kneeling pillows lay in front of the altar.

Parents of the couple are Mr. and Mrs. William Powell Shytles and Mr. and Mrs. W. B. Williams. Given in marriage by her father, the bride wore a gown of silk or-

ganza designed with a fitted bodice and long sleeves. Alencon lace motifs enhanced the front and were applied on the skirt which swept into a chapel train. A small hat of lace and seed pearls held an elbow-length veil of silk illusion. She carried a cascade bouquet of white phalaenopsis orchids with stephanotis.

Miss Betsy Shytles attended her sister as maid of honor. She wore an ice blue dress of peau de soie with a matching headdress of peau de soie and silk illusion. Her bouquet was of white feathered carnations tied with white satin.

Nolan Williams attended his brother as best man.

Jack Carpenter and Donald Ammons were ushers.

Mrs. K. Kirkpatrick, organist, accompanied Mrs. Noel Don Norman, soloist.

A reception followed at the home of the bride's parents. Ice blue and white colors were used in the decorations.

Members of the house party were: Miss Margo Brunson of Balingier, Mrs. Carl Hyde, Baton Rouge, La., Mrs. Gary Welch, Killeen, and Misses Sharon Jobe and Eddie Carpenter, of Post.

For a wedding trip to Mexico, the bride chose a blue silk dress with matching mohair coat and alligator accessories.

The couple will be at home at Commerce where Mr. Williams is on the coaching staff and attending school at East Texas State College. He will graduate at mid-term. Mr. Williams previously attended San Angelo College. Mrs. Williams attended Southern Methodist University at Dallas and is a graduate of Texas Tech. She was a member of Delta Gamma Sorority.

Maxine Durrett and R. L. Marks wed in Lubbock

Wedding vows were solemnized for Miss Maxine Durrett and R. L. Marks in the chapel of the First Methodist Church in Lubbock Saturday, Sept. 7, at 6 o'clock in the evening.

Dr. J. Chess Lovern, pastor of the church, performed the double ring ceremony. The chapel was decorated with fall-covered chrysanthemums in bronze bowls.

The couple were attended by Miss Lucille Collier and James Sargeant of Lubbock.

A wedding supper for members of the wedding party, including Mr. Sargeant's wife, was held at the Plainsman Hotel in Lubbock following the wedding. Fall flowers were used on the table, which also featured a wedding cake.

Mr. and Mrs. Marks are at home at 102 West 11th St., Post. Mrs. Marks is owner and operator of Maxine's, and Mr. Marks is regional sales-manager of the Maytag Company.

Parents of the couple are Mr. and Mrs. Hilliard D. Patterson of Lubbock and Mrs. Marie Dismukes of Post.

The bride, given in marriage by her father, wore a floor-length gown of white peau de soie fashioned by her mother. The gown featured a scoop neckline and long sleeves coming to petal points over the hands. Appliques of re-embroidered Alencon lace outlined in seed pearls descended diagonally across the bodice and front of the controlled skirt. A chapel train fell from a burst of pleats caught by two self-fabric roses. Her shoulder-length veil of silk illusion, borrowed from Mrs. Stanley Hulon of Lubbock, was held by a crown of pearls and orange blossoms. The bridal bouquet was of butterfly orchids surrounded by feathered mums and purple leaves atop a white gift. She wore a blue garter, a gift of Mrs. Floyd Lebow of Lubbock, carried a handkerchief and wore a bracelet belonging to her mother for something old, and a penny in her shoe.

Miss Charlotte Crabb of Amarillo was maid of honor. Misses Marcia Sparkman and Ruth Reid of Lubbock were bridesmaids. They wore street-length dresses of purple velveteen featuring sabrina necklines and short sleeves. A bow of self-fabric caught a brief veil of purple net. Each carried a single white rose.

The couple will be at home at 1407 Ave. X in Lubbock where Mr. Gallagher is a senior electrical engineering major at Texas Tech and a member of Eta Kappa Nu and the Institute of Electrical and Electronic Engineers. Mrs. Gallagher is a graduate of Lander College in Greenwood, S. C., where she was president of her senior class, a member of Alpha Kappa Gamma, national leadership society, and listed in Who's Who in American Colleges and Universities. She received a degree in sociology and is employed as a case-worker for Lubbock City-County Welfare Dept.

Mmes. Billy Johnson, Don Pennell, Jack Myers and C. R. Thaxton were co-hostesses for the picnic menu originally planned for the City-County Park which was moved to the Nichols' home due to the rain.

The president, Miss Nichols, has chosen as her motto this year, "Lend a Helping Hand". She also presented the yearbooks which carry out the theme "A Woman's World" and will include such subjects as home, church, clubs, friendship, school and Eastern Star.

Sandwiches, potato chips and dips, assorted salads, home made ice cream, cake and orangeade were served to:

Mmes. Pennell, Johnson, Elmer Hitt, Thelma Burkett, Alice Martin, Noah Stone, H. A. Haire, Edsel Cross, Wilburn Morris, Kenneth Davies, Will Wright, Myers, Thaxton and Miss Nichols.

MRS. ALTON A. SPINKS (Jackie Frances Patterson)

Lubbock church scene Sunday of Spinks-Patterson wedding

Miss Jackie Frances Patterson and Alton A. Spinks were married Friday, Sept. 6, in the Central Baptist Church in Lubbock at 7:30 o'clock in the evening.

Dr. E. Harold Henderson, pastor, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Hilliard D. Patterson of Lubbock and Mrs. Marie Dismukes of Post.

The bride, given in marriage by her father, wore a floor-length gown of white peau de soie fashioned by her mother. I'm so caught up with life that I even got outdoors before dark this Monday night and pulled five quite obnoxious weeds from our parking. During this "get ready for college" period I even had to let Mr. C mow the grass for the last two weeks.

There is a touch of fall in the air after our shower which I enjoyed so much I left the front door of The Dispatch open and let it blow right in. I even enjoyed the mopping-up I had to do after the shower was over. Mr. C and Mr. D thought I'd flipped.

I wish I had some gems of advice to pass on to you mothers of college bound students, but I haven't. It's just plain hard work and time consuming—I didn't find any short cuts. That is unless I count Miss C the elder. The smartest thing I did was let her resign her position at The Dispatch and send her home to work. Now if our mantle doesn't collapse from all the clothes she has hanging on it—all marked, pressed or ironed—we might get them transferred to the car and down the road come Wednesday night.

I'm delighted to say that Joy Parker is writing again for us this year. She stepped right in when Miss C the elder stepped out so all of you feel free to call either the office or Joy with all those newsy tidbits we love.

Thanks to Orabeth White (Mrs. Noel) the Cs are able to leave with no worries when we flee town Wednesday with our college C. Having worked for us before, Orabeth can step right in and take up where I leave off. Everyone in the back shop and Editor Didway particularly love it cause then they don't have to do all our work!

I noticed at the football game Friday night the lack of benches for the players to sit on. Is this something new or is it to save any boy not playing from being called a bench warmer? If I hadn't been so busy whooping it up with excitement I probably would have gotten tired just watching them.

Miss C the younger came home a bit discouraged from school today. Chemistry and geometry she expects to really have to dig for but she said it was a little embarrassing not to be able to type as well as the other students. Poor Mrs. Fleming is going to think the C girls have retarded hands as the elder Miss C had some difficulty typing her was the lack of being able to do this exercise in her physical education class.

Being a straight "A" student in P. E. (my only claim to fame) I was appalled at her not being able to do a simple exercise. I rather smugly asked her to show me what she was supposed to do. She gripped one ankle in back of her and was supposed to touch the floor with the knee on the raised foot, and immediately raise back up. I stopped stirring the hash long enough to try this little exercise. I failed miserably. I couldn't even get my knee to the floor without falling let alone get back up.

"Well," I snapped, "after all you're just 16 and I bet I could do it when I was that age." With that I went back to the hash and Miss C the younger took off for her bedroom to study chemistry and geometry that I can't do any more either.

However, my typing has improved. Several hours on the typewriter has taken care of that. Corky Ammons, our backshop foreman, thinks there is room for improvement there. I'm sure. He was one of Mrs. Fleming's star pupils and gives me a superior look occasionally.

If you see the Cs pulling out of town (not too late, I hope) Wednesday night, we won't all be in the front seat because we believe in being chummy. Miss C insisted on hanging all her clothes up instead of packing them so she won't have to start ironing again the minute she reaches her dorm. I'm going to make her ride with her feet on the hump!

MRS. BOBBY MAC ETHEREDGE (Juanelle Nichols)

Miss Nichols, Mr. Etheredge are wed in Midland ceremony

Exchanging wedding vows, Aug. 31, at an afternoon wedding at 4 o'clock were Miss Juanelle Nichols of Midland and Bobby Mac Etheredge of Dallas.

The ceremony was performed in the home of the bride's uncle and aunt, Mr. and Mrs. J. L. Crittenden, 813 West Golf Course Road in Midland.

Elder B. R. Howze, pastor of the Big Spring Primitive Baptist Church, read the double ring vows before a background of seven-branched candelabra adorned with wild simular, baskets of white gladiolus and white carnations.

Parents of the couple are Mr. and Mrs. M. S. Nichols of Post and Mr. and Mrs. S. L. Etheredge of Hobbs, Tex.

Given in marriage by her father, the bride wore a sleeveless street-length dress of white silk chiffon made with a fitted bodice and full-gathered skirt. It was topped with a Chantilly lace jacket featuring three-quarter length sleeves, jewel neckline and closed down the back with tiny seed pearl buttons. She added a single strand of pearls. Her three-tiered illusion veil hung from a crown covered with Chantilly lace. The bride carried a colonial hand bouquet of white carnations and white phalaenopsis orchids with satin streamers tied in love knots and steel pearls.

Mrs. J. D. Matisler of Amarillo was matron of honor and Mrs. Don Greer was bridesmatron. They are sisters of the bride, and wore identical dresses of flamingo cotton satin brocade made with fitted bodices, short sleeves, full-gathered skirts and matching shoes. Their bouquets were white carnations with accent of deep pink.

Don Etheredge of Abilene served his brother as best man, and Jerry Etheredge of Roby, another brother, was groomsmen.

Charlotte and Stephen Crittenden, cousins of the bride, were candlelighters.

Miss Doyleene Little, accompanied J. D. Matisler, brother-in-law of the bride, soloist, on the piano.

At the close of the ceremony, members of the wedding party and guests joined in reciting the Lord's Prayer.

The reception followed in the home. The white satin covered table with net overskirt was centered with a white wrought-iron epergne holding three white tapers and filled with white stock and carnations.

Members of the house party were Misses Loyce Josey, Billie Hall and Paula Taylor, all of Midland.

For travel Mrs. Etheredge chose a two-tone flamingo linen suit, black patent shoes and bag, white hat and gloves and wore an orchid corsage.

The couple will live in Dallas at 3517 Delmar. The bride is a Post High School graduate, attended West Texas State University and is a member of Beta Sigma Phi sorority. She has been employed by Amerada Petroleum Corp., in Midland. Mr. Etheredge is a graduate of Hobbs High School, served four years in the Navy and is attending an electronics school in Dallas.

Linda Burkes becomes bride of Mr. Gallagher Sunday, Sept. 8

Double ring wedding vows for Miss Linda Cheryl Burkes and Patrick Raeburn Gallagher were read at 3 o'clock in the afternoon Sunday, Sept. 8, in Oakwood Baptist Church in Lubbock.

The Rev. John E. Schwensen officiated, assisted by the Rev. C. Hogue of Post. The couple knelt at a white satin-covered bench before an altar of greens and floor vases of white figi mums backed by seven-branched candelabra bearing white tapers. The family vases were marked with white satin ribbons.

Parents of the couple are Mr. and Mrs. Louie Burkes of Post and Mr. and Mrs. P. R. Gallagher of Suite 1, Littlefield.

The bride was given in marriage by her father. She chose a gown

fashioned from candlelight silk alpaca designed with a bateau neckline and bracelet-length sleeves. A balloon-shaped skirt stemmed from a set-in midriff embellished with crystals of Edwardian design. The back was highlighted with a handmade rose attached to the waistline emphasizing the full chapel train. From a modified pill-box hat flowed a waist-length veil of candlelight silk illusion. She carried a bouquet of white standard mums and white pom-pom mums.

Mrs. Marc R. Burkes, sister-in-law of the bride, was matron of honor. Junior bridesmaids were Miss Dale Burkes, sister of the bride, and Miss Nancy Hart. They wore identical floor-length dresses of turquoise satin designed with princess bodices, elbow-length sleeves and high necklines dipping to a vee in back. The soft gathered skirts featured shirred back hemline pearls. Their headpieces were bows of matching fabric encircled with veils of illusion. They carried white figi mums in cascade arrangements trimmed with white satin leaves.

Curtis R. Gallagher of Houston was best man. Ushers were Marc R. Burkes, brother of the bride, and Robert Massengale of Littlefield.

Mrs. M. L. Steele, organist, played wedding selections and accompanied Mrs. Joe Paul Miller, soloist, of Irving.

For travel to Colorado, the bride wore a copen-blue Italian cotton A-line dress with navy blue accessories and a corsage of white mums.

The couple will be at home at 1407 Ave. X in Lubbock where Mr. Gallagher is a senior electrical engineering major at Texas Tech and a member of Eta Kappa Nu and the Institute of Electrical and Electronic Engineers. Mrs. Gallagher is a graduate of Lander College in Greenwood, S. C., where she was president of her senior class, a member of Alpha Kappa Gamma, national leadership society, and listed in Who's Who in American Colleges and Universities. She received a degree in sociology and is employed as a case-worker for Lubbock City-County Welfare Dept.

Mmes. Billy Johnson, Don Pennell, Jack Myers and C. R. Thaxton were co-hostesses for the picnic menu originally planned for the City-County Park which was moved to the Nichols' home due to the rain.

The president, Miss Nichols, has chosen as her motto this year, "Lend a Helping Hand". She also presented the yearbooks which carry out the theme "A Woman's World" and will include such subjects as home, church, clubs, friendship, school and Eastern Star.

**THE CHURCH FOR ALL...
 ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

BIG DAY

It's an odd feeling when children start to school. As a parent, you are tremendously proud and excited. But you are also a little afraid.

For the first time, your Johnnie and Susie are going off on their own. Suddenly, they look smaller than they have since they were babies, and you have an irresistible impulse to run after them. But it's too late for that—so you let them go, with a smile on your lips and a fervent prayer in your heart.

Later, when the first rush of emotion passes and reason returns, you laugh at yourself. For the truth is that Johnnie and Susie are exactly where they've always been; in God's care, whether at home, in school, at play, or in church. And, grateful to the Church for this truth, you remind yourself that next Sunday you'll remember to thank God for that care . . . a little more than usual.

Proper management of rangeland is important factor in top production

By DOUGLAS CUNNINGHAM
Soil Conservation Service

The margin of profit or loss is usually dependent upon the type of management given. This is true for ranchers as it is for any other business. A high producing ranch will sell more pounds of beef than a low producing ranch. The measure of production, then, is in terms of pounds of beef per acre. Good management will aim toward developing the range grasses into a high state of vigor by: (1) removing unnecessary competition, such as woody plants (b) seeding good grasses in suitable locations (c) eliminating overgrazed areas by developing additional water facilities or by the placement of salt (d) chiseling, furrowing, or pitting areas when normal rainfall tends to runoff, yet the soil is otherwise capable of growing good grass, and (e) developing a system of grazing with the proper number and class of livestock.

A conservation plan should be the basis for the needed treatment. A plan is developed following a survey of the land on the ranch. A site and condition survey is made on rangeland which will show the general condition of all sites and on the ranch. The major grasses, woody plants, and perennial forbs will be shown and will form the basis for range management practices. A system of grazing or plan can be worked out by the rancher and the SCS technician stating the Soil Conservation District. A decision will be made as to the class, age, and number of livestock to run on the rangeland. The number that is decided upon will be only a starting number for range improvement and should be flexible as range production. The grazing plan will probably include deferred grazing to regain vigor and to produce seed. The grazing plan will show where the cattle will graze when various pastures are deferred. This may include cropland fields planted for

summer grazing or wheat for winter grazing. With a plan such as this, all of the rangeland should be shown as to the year getting the deferral, the approximate starting and ending dates, and the number of livestock being carried. The rancher will be in a position to anticipate the amount of range improvement that can be expected and can plan for the enlargement of his herd.

Ranchers need to learn the growth habits and characteristics of the important native plants. After a knowledge is obtained of these important plants he will know how long a period of deferral is needed and by watching his better plants he will note the improvement being made. Range improvement will result when the desirable grasses are used properly and given timely rest periods. Proper use of range grasses is accomplished when no more than 50 per cent of the annual growth, on a weight basis, has been grazed by livestock during the grazing season.

A good cover of grass is needed on the land for protection of the soil. During the winter time the cover will hold blowing snow and thus increase the moisture supply. During the spring and summer cover is needed to hold rainfall and prevent rapid evaporation. Additional grass will result from a sound range plan and provide a higher net return from the ranch. For further information contact your local Soil Conservation District.

SALES TAX RECEIPTS UP

AUSTIN — State Comptroller Robert S. Calvert announced that sales tax revenues for the fiscal year which ended on Aug. 31 will exceed his expectations. Earlier, Calvert predicted sales tax income for the state would total \$177,975,013. Now he says it will be \$2,141,429 more, or a total of \$180,116,442.

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

AUSTIN — Several thousands of Texans are proof that stroke victims need not lead lives of permanent invalidism. Even after suffering severe "cerebral vascular accidents," they have been totally or partially rehabilitated and have returned to their jobs or other worthwhile vocations.

There was a time—not long ago in terms of years — when they would have lain helpless and dependent until death released them from their torment.

The key to this dramatic advance is in starting rehabilitation early, as soon as the patient is able to communicate, and methodically continuing a prescribed series

of exercises. The exercises are usually directed by a physiotherapist who works under the supervision of the patient's physician.

TODAY, MORE AND MORE progressive hospitals, nursing and convalescent homes no longer consider themselves custodians of stroke victims, but institutions of education and training for the patient and his family. As soon as the patient's life has been accomplished, the rehabilitation process begins.

First the patient is helped to overcome his anxiety about his condition. Often this can be done by using as examples other patients who have made recoveries or noticeable progress.

The patient is then motivated to lead as close to a normal life as possible. His accomplishments are noted and complimented. A system of communications is arranged for the patient whose speech is impaired or who cannot speak at all.

A series of simple exercises consisting of massage, movement of the limbs, hands, feet and head are begun under the direction of the attending physician.

AS SOON AS THE patient is able to move his limbs, the exercises are increased. He is encouraged to do the exercises without assistance, and to add others as is prescribed by his doctor.

He is encouraged to assist in feeding and bathing himself—first with assistance and then on his own. Finally, he is encouraged to sit, stand, and eventually to walk. He is taught to open doors and dial phones. The patient is now on his way toward rehabilitation.

Past practices have been to give this sort of patient care in hospitals, and many patients are still hospitalized. But the trend is shifting toward home care, since the plan or rehabilitation can be carried out just as beneficially—perhaps more so—amidst familiar surroundings.

NO. 218

AN ORDINANCE OF THE CITY OF POST, TEXAS, REGULATING PUBLIC DANCE HALLS AND PUBLIC DANCES IN THE CITY OF POST, TEXAS; REQUIRING A LICENSE AND PERMIT FEE, PROVIDING REGULATIONS THEREFOR AND FIXING A PENALTY FOR THE VIOLATION OF ANY OF THE TERMS OF SAID ORDINANCE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF POST, TEXAS:

SECTION I.

The term "public dance" as used in this ordinance shall be taken to mean any dance or ball to which admission can be had by payment of a fee, or by the purchase, possession or presentation of a ticket or token or in which a charge is made for caring for clothing or other property, or any other dance to which the public generally may gain admission with or without the payment of a fee, the term "public dance hall" as used herein shall be taken to mean any room, place or space in which a public dance or public ball shall be held, or any room, place or space where dancing is permitted.

The provisions of this ordinance shall in no way interfere with private dances given at the private homes of reputable people or with dances given by reputable and permanently organized clubs, societies or corporations and their guests.

SECTION II.

It shall be unlawful to hold any public dance or public ball within the limits of the City of Post, Texas, until the dance hall in which the same may be held shall first have been duly licensed for such purposes. Application shall be made on forms furnished and prescribed by the City for that purpose. The license, when authorized by the Chief of Police, and approved by the City Council, shall be issued by the Tax Assessor-Collector, and the fee therefor shall be paid at the time of the issuing of the license. An annual license fee for each public dance hall shall be required in the amount of Fifteen (\$15.00) Dollars.

SECTION III.

No license for a public dance hall shall be issued until it shall be found by inspection that such a hall complies and conforms to the health and fire regulations of the City; that it is properly ventilated and supplied with sufficient toilet conveniences and is a safe and proper place for the purpose for which it is used, as determined by regulations heretofore or hereafter adopted by the City of Post.

SECTION IV.

No license or permit issued under the provisions of this ordinance shall be transferred without the written consent of the City Council of the City of Post, Texas.

SECTION V.

All public dance halls shall be kept at all times in a clean, healthful and sanitary condition and all rooms connected therewith shall be kept open and the entire place shall be well lighted. Upon the filing of a complaint and the conviction thereunder, the Chief of Police or other person under his direction shall have the power, and it shall be their duty to cause the place, hall or room where any dance or ball is held or given, to be vacated whenever any provision of this ordinance is being violated or whenever any indecent act shall be committed, or when any disorder of a gross, violent or vulgar character shall take place therein. In making determinations as to proper cleanliness and sanitation conditions, fire safety requirements, building regulations, uses and requirements, etc., the Chief of Police or other persons under his direction shall work with and seek the aid of the proper City Department administering such regulations for the City of Post, Texas. It shall be unlawful for any person in charge of said public dance hall to permit any boisterous or disorderly person to enter, be, or remain in or to assist in any such public dance hall or public dance; and it shall be unlawful for any person to conduct himself in a boisterous or disorderly manner in any public dance hall or public dance. No intoxicated, grossly mannered or vulgar person or indecent character shall be permitted in any dance hall and no person or persons shall be permitted who conduct themselves in a gross or vulgar manner. No indecent, freak or immodest dances are to be allowed. In enforcing the provisions of this section, the City Police of the City of Post shall have the right to arrest any person violating the terms above without warrant.

SECTION VI.

The Chief of Police shall examine all applications for dance hall licenses and dance permits and make recommendations with references to applications for dance hall licenses and dance permits. In the event of conviction for the violation of any of the provisions of this ordinance or for continued violation of said ordinance, the City Council of the City of Post, upon recommendations of the Chief of Police or other officers, shall cause notice to issue to the party holding said license to show cause as to why the same should not be cancelled, which said notice shall give the notified party five (5) days in which to appear and answer and after hearing, said City Council, may, at its option, cancel said license; said cancellation shall be appealable as are other orders of said Council.

SECTION VII.

Any person, persons, society, club or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and shall, upon conviction thereof, be fined not less than five (\$5.00) dollars nor more than two hundred (\$200.00) Dollars, and each and every day of such violation shall be deemed a separate offense.

SECTION VIII.

That if any section, part, or provision of this ordinance is declared unconstitutional or invalid, then, in that event, it is expressly provided, and it is the intention of the City Council in passing this Ordinance, that all other parts of this Ordinance shall not be affected thereby and shall remain in full force and effect.

SECTION IX.

That all Ordinances and parts of Ordinances in conflict with the terms of this ordinance are hereby repealed.

PASSED AND APPROVED at a regular meeting of the City Council of the City of Post, Texas, on the 3rd day of September, A. D., 1963, by unanimous vote.

No. 217

AN ORDINANCE PROVIDING THE PROCEDURE AND LICENSE FEE FOR THE OPERATION OF POOL OR BILLIARD TABLES FOR PROFIT; REGULATING THE OPERATION OF POOL OR BILLIARD ROOMS; PROVIDING FOR SEVERABILITY; AND SETTING FORTH PENALTIES:

WHEREAS, the City Council of the City of Post finds that the operation and maintenance of pool or billiard tables for profit should be regulated and controlled and the immediate preservation of public health and safety requires the immediate passage of regulatory and controlling measures. NOW THEREFORE:

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF POST:

SECTION I.

LICENSE REQUIRED. It shall be unlawful for any person, firm or association of persons, corporation or other organizations, save and except religious, charitable or educational organizations authorized under the laws of the State of Texas, to keep, have, conduct or operate any billiard or pool table within the corporate limits of the City of Post, Texas, for profit, without first obtaining a license to so operate.

SECTION II.

APPLICATION REQUIREMENTS. Before obtaining a license to keep, have, conduct or operate a billiard or pool table for profit within the corporate limits of the City of Post, Texas, the applicant shall make a written, signed application therefore to the City Tax Collector, accompanied by a fee of \$2.50 per table to be so operated payable to the City. Such application shall set forth full information concerning the applicant, including but not limited to:

- (1) The full name, age, place of birth and present residential and business addresses of the applicant.

(2) The length of the residence of the applicant in the city and the state, and whether he is a citizen of the United States.

(3) A full personal description of the applicant, including age, height, weight, race, color of eyes, complexion and color of hair, body and facial marks and defects, if any.

(4) Whether applicant has been charged with or convicted of any felony or misdemeanor, excluding traffic complaints, and if so, full information concerning each.

(5) Four business and personal references who can testify as to the applicant's character and reputation.

(6) The number of tables to be operated by the applicant.

SECTION III.

INVESTIGATION. The Chief of Police shall make or cause to be made such investigation of the character, reputation of the applicant desiring a license to operate under this Section as may be deemed consistent and judicious; and if the Chief of Police shall find that the applicant has a reputation for good moral character and behavior such license shall be granted.

SECTION IV.

APPEAL. If the Chief of Police recommends not to grant the applicant a license to operate billiard or pool tables for profit, the applicant shall have the right to appeal to the City Council within ten days from the date of such refusal which appeal shall be perfected by delivering to the City Council a letter, stating that an appeal from the decision of the Chief of Police is desired. The City Council shall, within a reasonable time after receiving such notice of appeal, hold a hearing thereon, and, after the hearing, sustain or reverse the decision of the Chief of Police. If no appeal is taken from the finding made by the Chief of Police within the ten day period provided, the decision of the Chief of Police shall be final.

SECTION V.

EXPIRATION-TRANSFER. Such license shall be renewable September 1, 1964, and on September 1st of each succeeding year thereafter. No person shall sell, transfer, alter or in any manner assign such license as may be issued.

SECTION VI.

REVOCAION. In addition to any other penalty provided by this ordinance, a license to operate a pool or billiard table for profit issued under the provisions of this Ordinance may be revoked by the City Council, after a hearing is first held after due notice to the holder thereof resulting in a finding that the holder of such license has done any of the following acts:

- (1) Made any false statement in his application for a license to operate a pool or billiard table for profit.
- (2) Sold, transferred, altered or in any manner assigned such license as may have been issued. Violated any of the Sections and provisions of this Ordinance, or any State Law relating to the operation of any such pool or billiard tables.

SECTION VII.

MINORS PLAYING. No person who keeps, conducts or operates any billiard or pool table for profit, or who keeps, conducts or operates any rooms or rooms wherein the same are kept, conducted, or operated for profit whether the licensee or an employe or associate of the licensee shall permit or allow any minor under the age of 17 years to play thereon, or to be or remain in or frequent any such room, unless accompanied by his parent, guardian or an adult person responsible for the conduct of such minor.

SECTION VIII.

HOURS OF OPERATION. No person shall operate or conduct any billiard or pool table for profit or allow or permit any room or rooms where the same are kept and operated to remain open for business or open to the public or private persons before the hour of 8 o'clock a. m. on week days and Saturdays, or after the hour of 12 o'clock Midnight on week nights and Saturdays; before the hour of 1 p. m. on Sundays or after the hour of 10 p. m. on Sundays.

SECTION IX.

MINORS-CURFEW. It shall be unlawful for any person licensed hereunder or who operates, maintains or manages any room or rooms where pool or billiard tables are kept and operated for profit, to allow or permit any minor under the age of 17 years to be or remain in any room where pool or billiard tables are kept and operated for profit before the hour of 4 p. m. on days when public schools are in session or after the hour of 10 p. m. on the night immediately preceding any school day.

SECTION X.

SAME-PENALTY. Any minor under the age of 17 years who shall be found playing or using any such billiard or pool table or who remains in or frequents any room where the same are kept, operated for profit and is not accompanied by the parent or guardian or a responsible adult person shall be fined not more than \$100 for each offense.

SECTION XI.

BETTING-PENALTY. It shall be unlawful for any person to wager or bet upon the outcome of any game or contest, or exhibition played upon any billiard or pool table operated for profit; and any person who conducts or operates a billiard or pool table for profit who shall allow or permit any wager or bet upon the outcome of any contest, game or exhibition played upon such table shall be fined not less than \$25 nor more than \$200.

SECTION XII.

PENALTY. Any person who shall violate any of the provisions of this Ordinance shall be fined not less than \$25 nor more than \$200.

SECTION XIII.

EXIT REQUIREMENTS. It shall be the duty of the owner or occupant in charge of any building or portion thereof where any billiard or pool table is installed, operated or maintained for profit to provide not less than two exits which comply with the standards for exits in public buildings, and all exits shall be kept open and clear of any obstructions and clearly and visibly marked by a sign placed over every door or other opening from such building or portion being so used, on which the word "exit" shall appear in letters at least six inches high, together with a light provided with a red globe placed at or over such sign, which light shall be kept burning during the entire period the building is being occupied by any person or persons other than the owner or occupant in charge of such building. Failure to comply with the duty imposed by this section is hereby declared to be unlawful.

SECTION XIV.

LICENSE POSTED. Any license issued or granted under the terms of this Ordinance shall be posted by the holder thereof in a conspicuous place near the entrance of any room or rooms where pool or billiard tables are operated, maintained or kept for profit. Failure to comply with the duty imposed by this section is hereby declared to be unlawful.

SECTION XV.

SEVERABILITY. If any section, subsection, paragraph, sentence, clause, phrase or word in the Ordinance, or application thereof to any person or circumstance is held invalid, such holding shall not affect the validity of the remaining portions of this Ordinance, and the City Council hereby declares it would have passed such remaining portions despite such invalidity.

PASSED AND APPROVED at a regular meeting of the City Council of the City of Post, Texas, on the 3rd day of September, A. D., 1963, by unanimous vote.

 il defense, and a survey course in science and technology.
 The only other action taken by the board Monday night was approval of bills payable Sept. 1, but the trustees heard a number of progress reports from Supt. Thompson and saw an actual teaching lesson demonstration using the newest instructional media techniques, by Bill Shiver, director of instruction.

The superintendent's progress reports to the board included the following:

1. THE 1963-64 school budget will be submitted for approval at the October board meeting.

2. Seventy trees and 100 shrubs have been planted around the school grounds.

3. School opened with a minimum of chaos... the professional staff is to be commended for an excellent start. The final total enrollment will be from 1,390 to 1,400.

4. Miss Margaret Bynum did a fine job as the general consultant for the in-service program of Aug. 28-30. The workshop stimulated thinking throughout the faculty... a number of excellent recommendations and suggestions came from the various groups.

5. The entire physical education program in the secondary schools is being reorganized. Health in the Junior High has been removed from the science department and has been made a part of the total physical education program. A physical education committee has been organized to plan a comprehensive program.

6. The superintendent is in the process of consolidating the entire school system into one well-functioning unit. This is essential to an outstanding program... the staff is being most cooperative in accomplishing this.

Dave Scogin dies of gunshot wound

Dave Scogin of Arzac, N. M., formerly of Claremont, died at 8 p. m. Monday of a gunshot wound.

Details of the shooting were not available here yesterday, but Mr. Scogin reportedly was shot to death by another person. Filing of charges in the shooting was pending at the time The Dispatch received information of Mr. Scogin's death.

He was the son of Mrs. A. R. Scogin of Los Lunas, N. M., and the former A. R. Scogin was a first cousin of Mrs. Richard Vardiman of Post. The A. R. Scogins formerly lived in Post.

Mr. Scogin's survivors include his wife and five children.

Military graveside rites were to be held in Arzac at 10 a. m. today.

Yank nine wins league crown

The Yankees defeated the Untouchables, two games out of three, last weekend to win the championship of the Men's Softball League.

The playoff became necessary after a late-season surge by the Untouchables pulled them into a first place tie with the Yankees on the final night of regular season play. Each team finished the regular season with a 7-3 mark.

The Yankees won the first playoff game last Thursday night and then, after a layoff Friday, came back Saturday night to win again and made a third game unnecessary.

Post man's father dies at Snyder

Thomas Jefferson Cain, 58, father of W. C. Cain of Post, died Monday in a Snyder hospital.

Mr. Cain had been a Scurry County resident for 20 years.

Funeral services were to be at 2 p. m. today in Greenhill Baptist Church, with burial in Hillside Memorial Garden.

Besides the son of Post, Mr. Cain is survived by his wife, three daughters and four other sons.

New preaching series will begin Sunday

A series of messages emphasizing the Holy Spirit will be preached at the Assemblies of God Church, the Rev. J. R. Brincefield, pastor, announced today.

One Sunday morning and evening will be devoted to each attribute listed: His nature, in the Old Testament, in the New Testament, In the Believer, His Ministries, The Baptism in the Spirit, the Initial Evidence, How to Receive, Keeping Filled, the Gifts, Motivation and Regulation and Sins against the Spirit.

The subject for Sunday, Sept. 15, is "His Nature."

The public is cordially invited to hear these expository messages.

HOME FROM COLORADO

Lee Williams, son of Mr. and Mrs. Bryan J. Williams, returned home the first of the week from Grand Lake, Colo., where he has spent the summer working at the Davon Haven Lodge. Lee will be an sophomore at Texas Tech this year.

Minning funeral is held Sunday

Funeral services for D. F. (Fred) Minning, 57, who died Sept. 3 in Pittsburg, Calif., were conducted at 3 p. m. Sunday in the Southland Baptist Church.

Mr. Minning, who was a Baptist minister, was reared in the Gordon community and moved to California about 15 years ago.

He is survived by his wife, Maudie; two daughters, Mrs. Vinnie Storms of Concord, Calif., and Mrs. Bobbette Hoffman of Pittsburg; one son, Troy Minning of Riverside, Calif.; two sisters, Mrs. J. A. Warren and Miss Ora Minning, both of Slaton; one brother, Dell Minning of Big Spring, and nine grandchildren.

A Rev. Mr. Pittman from Coahoma officiated at the funeral services, assisted by Troy Bruster, minister of the Slaton Church of Christ.

Interment was in Southland Cemetery under the direction of Hudson Funeral Home. Pallbearers were J. B. Rackler, W. E. Denton, Ray Norman, Robert Lee Hagler, Charlie Dabbs and Arvil Roper.

A large number of out-of-town friends and relatives attended the funeral.

Cub pack leaders plan fall quarter

Committeemen and Den mothers held their first meeting of the year to plan the activities for the fall quarter at the First Methodist Church Tuesday night at 8:30 p. m.

The Cub theme for the month of September is a science fair. The dens are scheduled to begin fall meetings this month and a general rally will be held later in the month to secure new boys eligible for Cubs, possibly in connection with the regular Pack meeting scheduled for Sept. 26 in the school cafeteria.

It was announced that the District Cub Roundtable will be held today at the First Baptist Church in Ralls. This will aid the Den mothers in planning their fall activities.

Several new Den mothers and assistants will be needed to continue to serve the present dens and for any new dens to be organized.

Jim Poer, Cubmaster, announced that a series of training films and sessions will be held to assist both present and new Den mothers and assistants in conducting den activities.

The Cub Scout program is financed locally by both dues and the receipts from the sale of popcorn at football games. The general public is urged to support the popcorn concession in order that the program may continue to be self-supporting.

King rites—

 The Post schools and spent two years in the Army, including 11 months in Germany. He was a member of the Baptist Church.

Mr. King is survived by his wife, Pat, who gave birth Tuesday morning to twin sons, Patrick Charles and Paul Alexander, in a Lubbock hospital. He is also survived by two other sons, Ricky and Rodney, and a daughter, Cynthia.

Other survivors are his parents; one sister, Mrs. Julia Lee, and two brothers, Robbie and Rex King, all of Post.

The Rev. Graydon Howell, Calvary Baptist pastor, officiated at the funeral services. Burial was in Terrace Cemetery under the direction of Hudson Funeral Home.

Pallbearers were Jimmy Moore, Harley Turbyfill, Howard Rankin, B. D. Litton, E. B. Waldon and Hal Jones.

But at that the budget shows the county should end next year with a balance of \$245,786.19 in all funds.

The budget estimates the total net outstanding bond and time warrant debt of Garza County as of Jan. 1, 1964 will be \$252,197.36.

For Garza County Memorial Hospital, the 1964 budget anticipates total expenditures from the hospital operating fund of \$104,850 for the year—the same as for 1963. Anticipated hospital receipts for next year as set forth in the budget are \$106,000.

5th ANNIVERSARY 4-H Beef Program

The 1963 National 4-H

Club Congress and the International Live Stock show the first week in December are destined to be once-in-a-lifetime experiences for a 4-H beef project winner.

An all-expense trip to Chicago awaits the state's top prize winner. The boy or girl also will be considered for one of six \$500 college scholarships presented to the highest ranking 4-H beef cattle producers in the nation.

This year marks the 5th anniversary of the beef program sponsorship by E. I. du Pont de Nemours & Company. During the last five years participation and awards won by 4-H'ers have increased markedly.

Extension Supervised

Supervised by the Cooperative Extension Service, the program in 1962 attracted more than 145,000 boys and girls in nearly every state compared to

about 135,000 in 1959. Enrollment is expected to show another increase when the 1963 figures are compiled.

Chance to Learn

The beef program offers 4-H'ers opportunities to learn and apply latest methods of breeding, feeding and marketing. Much of the original research and testing were done by the agricultural experiment stations.

The youths also practice judging, fitting and showing of animals, and demonstrate various aspects of livestock production and management.

Awards Not Easy

Progress reports, personal development and service to the community are considered when 4-H award winners are selected.

Three girls and 21 boys already have claimed scholarships and next December six more youths will join this elite group.

 feel about the A-J's sports section just about like President Kennedy does about that guy Krushchev. Doggone it, boy, you're not going to bury us!

Postings today welcomes to Post's business community Mr. and Mrs. Elton Mathis who last Thursday purchased The Flower Shop from the Chant Lees. They plan to operate the business under the same name, at the same location, and with the same policies as did the Lees, as you will see in their announcement ad on page 13 of today's Dispatch.

The Lees will assist Elton and Ila Fae Mathis with the operation of the Flower Shop for the next month before moving to Durango, Colo., where they own a ranch.

Elton and Ila Fae need no introduction to Post folks. They've lived and worked here for many years—all my life in Garza County, as Elton puts it. Red has farmed, worked as parts manager and sales manager for Guy Floyd Motor, held a similar position for Kirkpatrick Auto Electric, worked a number of years in a Texaco station here, was employed by the city for two years, and for 18 months was Post's city marshal. Ila Fae has worked six years for Brown Brothers, two years for the First Baptist Church, and a year for General Telephone. They invite all their many friends to stop by and see them in their new business. They have two children, Marla and Lance, both 5. They plan to continue to reside at 610 West Main, but have had a business extension put in their home to accept "after hours" flower orders.

Enrollment in Post schools stood at 1,335 today with students still being enrolled, Supt. Barry Thompson announces.

He estimated there are still 41 students of school age living in the district who have not as yet enrolled, unless some of them have moved away since the spring school census.

He said further enrollments are expected to bring peak enrollment in October close to the 1,390 predicted enrollment mark.

Mrs. J. F. Storie and Mrs. Malouf will be hostesses for the Sept. 25 meeting.

Post Music Club opens fall year at salad supper

The Post Music Club, National Federation of Music Clubs, opened the fall meeting with a salad supper at the First Methodist Church Monday night.

As this was a federation meeting, Mrs. Tom Sappington of Levelland, Second District president, gave a talk on "The Purposes of Federated Music Clubs."

The course of study this year will be "Music Through the Ages" and Monday night's meeting covered the Baroque Era. Mrs. Tillman Jones was program leader. Her subject was "Bach and Handel, Powers of Polyphonic Music."

Mrs. Ronald Babb and Mrs. Boo Olson presented a piano and organ duet, "Sheep May Safely Graze" by Bach. Mrs. John Edd May sang "Bois Epais" by Lully and "Le Violette" by Scarlatti. An organ solo, "Prelude and Fugue" by Bach by Mrs. Kay Kirkpatrick, preceded the club chorus singing "Holy Thou Art" by Handel. Mrs. May is director of the chorus.

Mrs. Olson, Mrs. Babb and Mrs. Jim Poer were hostesses.

Members and guests present were: Mmes. Ray N. Smith, W. R. Bennett, Babb, W. R. Graeber, I. N. McCrary, Tom Poer, Kirkpatrick, Lillian Tizard, Ronnie Boucher, Poer, H. J. Dietrich, M. J. Antelopes to seek revenge at Plains Friday night

Only Class A loss in '62 was to Cowboys

Post Antelopes will journey 90 miles due west to Plains Friday night to seek revenge for their 1962 loss to a Class A team. Coach Harold Teal said this week after studying scouting reports on last night's game between Crane and Crane, which Crane, led the top team in District won by a score of 21 to 14. Plains Cowboys were banged away on Crane's two-yard line the game ended.

Teal is not considered as strong as years when they whipped the year here, 20 to 6, the Cow-boys are a team to be reckoned with and will prove a much better test for the Antelopes than all.

PLAINS HAS A winning tradition behind them and seldom lose on their home field," Teal said. "We're going to have to pull all the stops to win."

Crane's Cowboy team, and aggressive, runs its offense on a multiple-type offense, proved against tough Crane they have an offense and a defense that will match that of any Class AA team in West

able starters for Plains and weights are as follows: Richard Spencer, 167, and Lowe, 179; tackles: Fred Kerby, 185, and Dan Smith, 184; Jim Kerby, 172, and Fred Pierce, 169; center: Larry Williams; quarterback, Mike Field; halfbacks: John Robertson, and Dennis Crutcher, 164; fullback, Joe Don Cooke, 175.

Teal said the Antelopes through the Ralls game with new injuries, and that end of Pierce, tackle Ricky Little and Jackie Fluitt will be able for action Friday night. Little saw only limited action in the Ralls game due to Fluitt was not even cut.

TEAL SAID the Antelopes will be reduced to from 22 boys for the trip to Plains. He is reducing the size of the squad in order to give some of the boys some game experience in this Thursday night's varsity game with Frenship. Teal explained.

Antelopes impressive in 24-0 win at Ralls

Quarterback Pat Cornell guided the Post Antelopes to a 24 to 0 win over the Ralls Jackrabbits at Ralls Friday night for Post's most impressive opening day victory in nearly 15 years.

Before a large crowd that included nearly as many Post fans as it did Ralls fans, the Antelopes scored a touchdown in each quarter and threw up a stout defense that held the outclassed Jackrabbits to three first downs and 46 net yards rushing.

Coach Harold Teal's charges, meanwhile, were racking up 22 first downs and 261 net yards rushing in addition to 78 yards on five pass completions in nine tries.

Cornell ran for two touchdowns and passed to split back Teddy Scott for another, with halfback Benny Owen scoring the final six-point.

THE ANTELPOES marched 75 yards for their first touchdown after holding the Jackrabbits on their first series of downs.

After Ralls quarterback Gene Dunn punted out on the Post 30, a five-yard penalty set the Antelopes back to their 25, where the steady Cornell cranked up the machinery for his team's first touchdown drive of the 1963 campaign.

Cornell passed to Scott for 13 yards then quarterback-sneaked for five more and a first down on the 43.

Owen circled left end for 23 yards and another first down on the Ralls 34, and four plays later cracked the line for eight and a first down on the Jackrabbit 19.

Two carries by Cornell and one by Butch Cross made it first down on the 8, from where Cornell passed to Scott across the goal line for the first touchdown, with 3:32 left in the quarter. The post- quarterback's kick for extra point was blocked.

EARLY IN the second quarter, the Antelopes drove to the Ralls 18 before losing the ball on downs. The big gainer in the drive, which started on the Post 39, was a 27-yard pass from Cornell to end Wendell Johnson.

Post regained possession of the ball on the Ralls 23 when Cornell recovered Dunn's fumble in mid-air, but a 15-yard penalty set the Antelopes back to the 32 after Owen had gained four.

Owen got five of it back on a slant off right end, but Cornell was thrown by Ralls' Wesley Phillips for a 15-yard loss while trying to pass, and the Jackrabbits downed the ensuing punt on their 8. It was the only time in the game the Post team was forced to punt.

The Jackrabbits were unable to move and Dunn punted to the Post 49. From there, Post drove to the 14, aided by a 15-yard penalty against Ralls, and Cornell scooted 14 yards for a touchdown after faking a pass. His kick for point was wide, with only 31 seconds remaining in the first half. The Antelopes still had time for one play after taking over on downs on the Ralls 42, and they almost made it pay off, with Cornell's long pass barely missing end Ronald Simpson at the goal line.

IT TOOK POST three minutes and nine seconds to score their third quarter touchdown after Cornell returned Eugene Deering's second half kickoff 15 yards to the Antelope 40.

Owen picked up 13 at end for a first down and Cornell kept for five. Cross gained four at end, but a five-yard penalty set the Antelopes back. Cornell picked his way through a broken field for 14 and Owen added eight more at the line for a first down on the 25.

On the first play from the 25, Cornell faked a handoff at the line, went to his right, then cut left to cross the goal line. A five-yard penalty rubbed out the Post quarter-back's first successful extra point kick of the night, and he failed on the next attempt.

After receiving the kickoff, the Jackrabbits made their initial first down of the game on a 15-yard penalty that placed the ball on the Post 47.

WITH DUNN and Deering carry-

ing, Ralls made a first down on the 36, but on fourth down, linebacker Danny Odom shot through to throw Dunn for a five-yard loss and the

Halfback Tom Clark went four yards with a pitch-out, but Post was penalized 15 to the 25. Cornell fumbled after being thrown for a three-yard loss trying to pass and Ralls regained the ball on the Post 22.

End Danny Pierce, who saw limited service because of a previous injury, threw Dunn for consecutive losses of two and 13 yards, and Dunn punted out of bounds on the Post 7 as the third quarter ended.

Splits Picked Up—Frances Borgman, 3-10; Lois Floyd, 5-6-10; Laverne Hays, 4-5, 5-4.

The hard-running Owen's fourth quarter touchdown came with 5:17 remaining and after a 93-yard drive from where Dunn had punted out at the end of the third period.

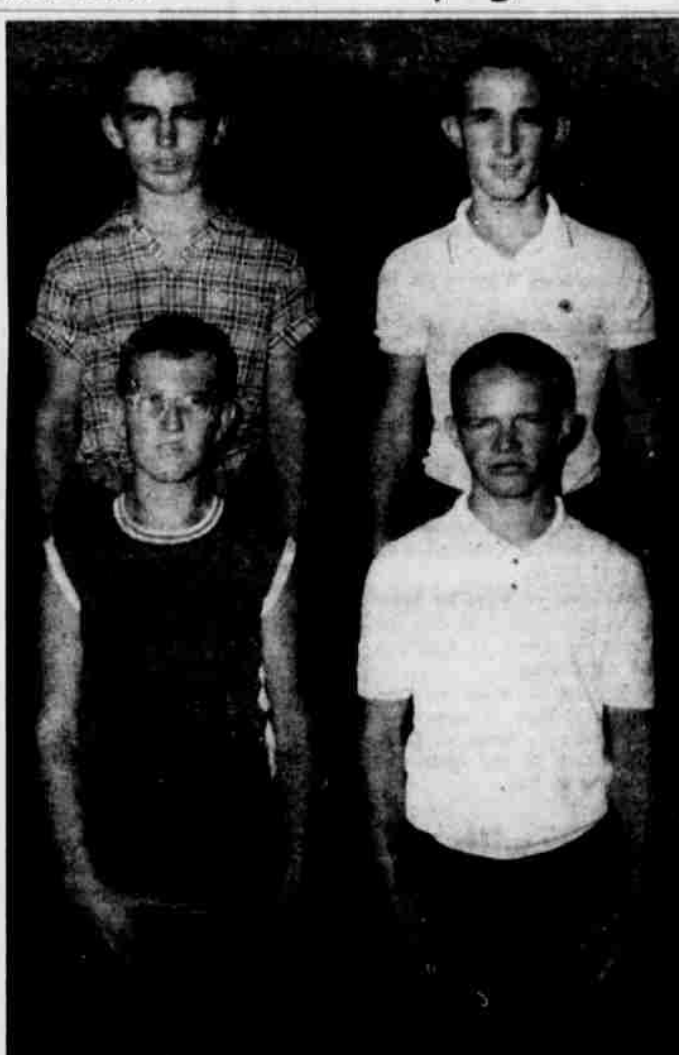

PENALTIES AGAINST first one team and then another moved the ball back and forth, but Post put together ground-eating runs by Cornell and Owen and two passes, one for 21 yards and one for nine, from Cornell to Pierce, to take the ball to the Ralls 5, from where Owen hit paydirt. Cornell's kick for extra point failed.

With Cross guiding the team at quarterback, the Antelopes drove to the Ralls 33 late in the period, but a 15-yard penalty stalled the drive, and Cross' pass was intercepted on the Jackrabbit 33 to end the threat.

Owen, Cross, Danny Odom, Billy Mitchell, Pat Sullivan, Charlie Brown and Jackie Braddock were outstanding on defense for the Antelopes, with all the players, however, turning in a good game.

Coach Teal played approximately 30 of the boys suited out for the game.

One of the tri-captains, tackle Ricky Little, saw only limited action due to an injury received in a practice session.

Frosh, junior varsity open season tonight

Two football games are on tap for this evening at Antelope Stadium—the first home games of the new season.

At 6 o'clock, Coach Elvin Jones' freshman team will play Slaton, and at 7 o'clock, Coach Charles Black's junior varsity will take the field against Frenship.

The freshman team was dealt a bitter blow Monday evening when Ronnie Pierce, 156-pound quarterback, suffered a broken leg in practice.

Injury sidelines freshman player

Ronnie Pierce, who was being groomed for quarterback on this season's Post freshman team, was lost to the squad Monday afternoon when he suffered a broken bone above his right ankle in a practice scrimmage.

Ronnie's leg was put in a cast at Garza Memorial Hospital and he missed school Tuesday, but was able to return Wednesday for some of his classes.

The son of Mr. and Mrs. Bobby Pierce, Ronnie was an outstanding junior high athlete in football, basketball and track and was a member of the Babe Ruth League championship White Sox team.

Coach Teal played approximately 30 of the boys suited out for the game.

One of the tri-captains, tackle Ricky Little, saw only limited action due to an injury received in a practice session.

Classes elect new officers

Class officers and sponsors for the new school year were elected last Friday in PHS class meetings.

Those elected were as follows: Senior — Danny Odom, president; Linda Pennell, vice president; Nita Wilson, secretary-treasurer; Arjan Robinson, reporter; Jackey Fluit, Student Council representative; Richard Hart, chairman of ways and means committee; Linda McMahon, Margie Harrison, Nancy Bingham, George McLaurin and Pat Cornell, members of ways and means committee; Glynis Gregg, Charles Hopkins and Mrs. N. R. King, sponsors.

Junior — Dennis Odom, president; Susan Ramsey, vice president; Butch Cross, secretary-treasurer; Susan Cornish, reporter;

Teddy Scott, Student Council representative; John May, N. R. King and Ike Trimble, sponsors. Sophomore — Rickey Welch, president; Birch Lobban, vice president; Tony Hutto, secretary; Bruce Lodbetter, treasurer; Cerretha Jones, reporter; Tommy Mason, Student Council representative; Chester Collinsworth, Miss Mary Lou Stockton and Wilbert Bigott, sponsors.

Freshman — Paul Walker, president; Ronnie Pierce, vice president; Donnie Windham, secretary; Cheryl Thomas, treasurer; Jo Beth Dillard, reporter; Billy Jack Hodges, Student Council representative; Leonard Tittle, Howard Carlyle and Mrs. Nora Halford, sponsors.

Susie Jo Schmidt heads pep squad

Susie Jo Schmidt is president of the pep squad for 1963-64.

Other elected officers are: Susan Ramsey, vice president, and Meredith Newby, secretary-treasurer.

The pep squad gives organized support to the football players and also handles all the decorations of the school for football games.

The first pep rally was held at 3:30 Friday in the high school gym, for the Antelopes who played Ralls in the first football game of the year.

The cheerleaders, Linda Altman, Sharon Borman, Dee Ann Walker, Pam Stewart, Linda McMahon and Margie Harrison began the rally with a detective routine.

Coach Teal and Coach Gregg introduced the football boys. Following their introduction, each boy

was presented candy kisses wrapped in gold net and tied with black ribbon.

The cheerleaders led everyone in some of the new yells they learned at cheerleading school.

Supt. Barry B. Thompson gave a rousing speech on school spirit, and the pep rally was then brought to an end with the singing of the school song.

Opinions vary in Jr. High on new schedule

By Patsy Pierce

Here are the opinions of some of the Junior High folks on the new schedule:

Emily Poits — It was a little confusing at first, but now it is okay.

Glenda Bilberry — It's okay, I guess.

Debbie Gray — I like it.

Elaine Bland — It's all mixed up.

Sulinda Little — I don't like it.

Kaye Litton — It's a mess.

George Willson — I like it.

Brenda Ward — It's a big change to get used to.

Helyn Cheshire — It's okay.

Julie Clark — It's new.

Melba Foster — It's okay.

Zelika Freeman — It's different, but I don't like it as much as last year's, and it's a change.

Patsy Pierce — I like the change very much and you have more time to do homework.

Junior High students tell what they did during vacation time

By Irene Saldivar

"What did you do during summer vacation?" a number of the Junior High students were asked. And here are the answers:

Joe Reno — I got a motor scooter.

Lois Martinez — Worked and went swimming.

Ronnie Nichols — Went to Carlsbad Caverns.

Mary Eubank — Rode horses.

Howard Hill — Went to Grand Canyon, then I went to Star Dust and to Los Angeles.

Virginia Saldivar — Visited my grandmother in Lubbock.

Tim Flores — Went to Kansas.

Darrell Odom — Went fishing.

John Cato — Stayed home and worked and spent a weekend with my aunt and uncle.

Rosie Saldivar — Went to Amarillo.

Roy Long — Went to Lubbock and went swimming.

Gloria Rivera — Went to Corpus Christi and New Mexico.

Steven Newby — Went to Colorado and sailed in my boat and didn't catch any fish.

Helyn Cheshire — Went to Fort Worth and played.

Peter Morales — Went to Colorado.

Connie Rivera — Went to Corpus Christi.

Julie Clark — Went to camp and to Red River, N. M.

This 'n' That

School has really started off with a BANG! Everyone looks great! Let's hope we stay that way!

★ Congratulations to all the football boys—we're proud of you for bringing home a victory. I think we must include the cheerleaders, pep squad, and the band. They all did a marvelous job.

★ Who's this that was playing "Fruit Basket Turn Over" Sunday night? I bet some people got pretty confused.

★ I hear one boy had a little trouble getting elected to a class office. Isn't that right, Teddy?

★ Welcome to PHS: Peggy Thorn, Cheryl Thomas, Doug Chance, Jodie Bronner, Louise Atzback, Lewis Hise, Glenda Richey, Homer Stillwell, Felix Murphy, Neta McGlaun, Clara White, Randy Dawkins, Jimmy Sharp, and also all the new teachers, Mr. Gee, Mr. Snodgrass, Mrs. Brookshire, Miss Stockton, Miss Halford and Mr. Robertson.

★ A few of the Ralls football team visited Teen Town's Victory Dance Saturday night. Were they wanting more punishment?

★ What new girl's basketball coach and P. E. teacher knows a lot of cute, new elephant jokes?

★ What did the police want with a certain boy at Teen Town Saturday night? Everyone but one thought the joke was pretty funny.

★ Wonder what the football boys thought of their candy kisses? "To start their season off without a miss, we sent them off with a kiss! Looks like it helped!"

★ Some of the couples seen around PHS lately are: Linda and Ken, Linda A. and Larry, Larry O. and Pam, Danny O. and Barbara, Cheryl and Dickie, Diana and Chunky, Danny P. and Becky, Brenda and G. T., Betsy and Kent, Susie Jo and Tom, Ronald and Beverly, Jackey and Vivian, Yvonne and Mike, Deborah and Dewey, Margie and Biff, Buddy and Linda, Kenneth and Julia, Linda and Edwin, Arletta and Jackie, Karen and Glenn, Susan and Frankie.

★ I guess probably the best thing to finish up with would have to be: BEAT PLAINS!!!

Lunchroom Menus

The Post schools lunchroom menu for next week has been announced as follows:

Monday: Barbecued wieners, creamed potatoes, cabbage slaw, bread, cake squares, fruit, milk.

Tuesday: Boiled lima beans with ham chunks, pickles, onion rings, hot corn bread, buttered mixed greens, milk.

Wednesday: Fried chicken, buttered corn, cream gravy, tossed green salad, hot rolls, butter, fruit milk.

Thursday: Hamburgers, pork and beans, potato chips, peach cobbler, milk.

Friday: Salmon croquets, catsup, green peas, buttered corn, butter, hot rolls, one-half orange, milk.

★ Poets Shelley and Keats, and the composer Chopin had tuberculosis and for a time, popular opinion viewed the disease as an accomplishment if not an origin of genius.

Post High Band puts on good show at Ralls

By Cathy Harlan

The Post High School Band was at Ralls Friday night contributing to the activities and adding their yells for the Post Antelopes.

The band possesses a great deal of spirit this year and their performances are expected to be even better than last year.

Band director, Mr. Bruce Evans, said, "Our band put on a good show at halftime Friday night. However, I am expecting improvements in the following shows. We seem to have the spirit and will it takes to make a good performance, and we plan to make it one of the best years in the history of the band."

Out in front of the band this year are Yvonne Corley, head drum major; Lana Haynie, assistant drum major; Marilyn Jones, head majorette; Arleta Robinson, Pat Martin, Bobby Nell Compton, majorettes, and Cathy Harlan, feature twirler.

Following Friday night's game, the Ralls band treated the Post band members to a Coke party in the Ralls band hall. Cokes and cookies were served as drum majors and majorettes of both bands were introduced.

At each football game several sponsors go on the buses with the band members. For the Ralls game the band was honored to have Mr. and Mrs. Ed Neff, Elton Lee, Mrs. Tittle, and Mr. and Mrs. Bruce Evans and their daughter, Melanie, traveling with them.

Bus drivers for the trip were Mr. Roberts, Mr. Barnes and Mr. Tittle. These men should not be left out since they not only had to drive the buses but also withstand the loud yelling and talking.

The Post High School Band sincerely appreciates the support the public has given it. With your continued support, YOUR band will continue to improve and be rated as one of the outstanding bands in this region.

HOME FROM VACATION

Police Chief and Mrs. Elton Corley returned last Friday from their vacation. They visited in Ozark, Ala., with their son-in-law and daughter, Mr. and Mrs. Walter W. Taylor, and children. The Corleys and Taylors also spent some time in Panama City, Fla.

THE DISPATCH BOOK REVIEW

Book-of-the-Month Club selection for September is 'The Age of Louis XIV'

THE AGE OF LOUIS XIV. By Will and Ariel Durant. Publ. by Simon & Schuster, Inc. 522 pp., illustrated. Ret. price: \$5.95.

"The Age of Louis XIV," eighth volume of Will and Ariel Durant's monumental ten-volume series "The Story of Civilization" is the Book-of-the-Month Club Selection for September.

Louis XIV ruled France for 72 years, from 1643 until 1715. He stamped his personality not only upon his own realm but upon most of Europe more deeply than any monarch since the days of Rome.

Through war and diplomacy he made France the dominant European power. Through his wisdom, his taste and his generosity he set her up as the artistic and social leader of Western civilization.

This intellectual side of the Sun King's world, the side of reason and peace—this is the aspect of history that particularly fascinates Will and Ariel Durant. Explorers and voyagers get little space compared with the men who stayed at home — to write books, paint pictures, discover scientific laws, compose music and enliven the salons of Paris with their epigrams.

The quiet philosopher Spinoza is given a whole chapter. The rise of the life insurance business in Louis XIV's reign is described, as are the great scientific advances of the age.

Romantic stories far stranger than fiction mark the Durant chronicle. One learns of the tragicomic of Sabbatai Zevi, who claimed to be the Messiah and was welcomed by hundreds of thousands of religious Jews and ended as a Moslem prisoner. Or of the fantastic epic of the Turkish grand vizier who invaded Austria with camels and elephants in his baggage train.

So vast was Louis' influence that gentlemen from Peru to Poland built themselves fine houses modeled after Versailles and adorned them with classical statuary and baroque paintings. Like the Grand Monarch himself, these aristocrats wore high heels, periwigs, laces and flowery waistcoats. They prided themselves on being able to converse in French, the language of "true culture."

International intellectual cooperation, according to the Durants, began in the Europe of Louis XIV. Peter of Russia visited most of the countries of western Europe to study their social and technical organization, before drawing Russia, "groaning and protesting" out of the Middle Ages. Louis actually put foreign scientists on the payroll of the French state without requiring them to come to France and work. Philosophers and thoughtful statesmen constantly corresponded with one another across frontiers.

Gilbert Hight, in his report to club members, says of the husband-and-wife team of Will and Ariel Durant: "They combine industrious learning with sharp common sense and lively unorthodox inquisitiveness. They produce vast quantities of interesting and little-known facts."

Born in North Adams, Mass., in 1885, Will Durant resolved from childhood to research and write the history of civilization. He began this series at Columbia University, at the time of the First World War.

At an early stage he developed his concept of integrated culture history by lecturing on philosophy, literature, science, music and to groups of working people in a church at Fourteenth Street and Second Avenue, Manhattan. Out of these lectures grew the volumes which made him famous, "The Story of Philosophy" (1939), and subsequently the first volumes of "The Story of Civilization."

From 1929 on Will and Ariel Durant concentrated on the grand design for their epic work. The project has called for increasingly intensive research and study, frequent sojourns abroad, and frequent trips around the world. The Durants make their home today in California, in a house high in the hills above Los Angeles.

Two more books will complete their "Story of Civilization," Volume Nine, "The Age of Voltaire" and Volume Ten, "Rousseau and the Revolution," which will bring the series to Napoleon and the 19th century.

"Anytime a housewife wants to get off by herself she can do so by doing the dishes."

Interview with a new teacher

By Linda McMahon

Miss Mary Lee Stockton was born Dec. 8, 1939, in San Antonio. She lived there only a short time and moved to Falfurrias, where she attended school. Graduating from Falfurrias High School in 1958, she attended summer school at Stephen F. Austin. She transferred after her freshman year to Texas A&I. Miss Stockton said she enjoyed the football games there and, of course, basketball. She graduated from A&I in 1962 and taught her first year as girls' basketball coach in Premont.

Now that Miss Stockton is girls' coach here in Post she has become a great help to our school. She is the pep squads' new sponsor and has really made a favorable impression on the girls. She has worked hard in helping plan pep rallies, organize groups and many other school activities.

When asked how she likes Post, Miss Stockton said, "I just love it. It really is one of the friendliest towns I've ever known. I love the school, especially the kids."

So PHS extends a welcome to you, Miss Stockton, and says, "We're glad to have you as one of us."

Follow The Team to Plains Friday Night

Post Antelopes

vs

Plains Cowboys

Friday Night, Sept. 13

At

Plains, Tex.

8 P.M. Opening Kickoff

Coach Harold Teal's Post High Antelopes, who rang up a season opening 24-0 victory over Ralls Friday night, take to the road again tomorrow night, invading Plains seeking their second straight triumph of the young campaign from the Plains Cowboys.

This should be a more exacting gridiron test than presented by the Jackrabbits last weekend as the Cowboys dropped a 21-14 opening to the very strong Crane team at Crane in their opener. The Cowboys defeated the Antelopes here last season.

Showing a stout defense and a dangerous air game in the opener, as well as unveiling Quarterback Pat Cornell as a cool broken field runner, the Antelopes showed rich promise of considerable 1963 improvement at Ralls.

With more Post fans in the stands at Ralls than Jackrabbit boosters, Post fans are giving real support to this fine young club. Let's fill the stands at Plains tomorrow night and help keep that win streak going.

Pleasant Valley farmers busy poisoning worms

By MRS. MAX CHAFFIN
If you have passed through or just by Pleasant Valley I am sure it has not been such a pleasant experience to see ole sniffer this past week! I made the rounds on Monday and there wasn't an area that didn't have that sweet (ugh!) insecticide aroma! We are hoping for a deluge now to wash away these sweet, young green things better known as worms!

If you didn't know it yet I shall tell you that Mr. and Mrs. Wayne Hallman, formerly of Lubbock, Mr. Hallman being the son of Mr. and Mrs. Hansel Hallman of our community, have moved to Fort Worth over the Labor Day weekend.

Mr. and Mrs. Dillard Dunn and Mr. and Mrs. Douglas Livingston spent Friday evening with the T. L. Barnes.

Over Labor Day Mr. and Mrs. James Shelton entertained Mr. and Mrs. Buck Davis of El Paso.

Miss Shirley Lee is making ready for the fall term at Hardin-Simmons which begins Sept. 11.

Mrs. Carl Payton, J. W. and the Earl Kennys of Lubbock returned in the middle of last week from a trip to Lamitar, N. M. to visit with Mr. and Mrs. Belcher for five days. The Belchers are Mrs. Payton's parents.

Mr. and Mrs. M. C. Thomas spent last Sunday night with the B. L. Thomas.

Mrs. Charles Rudd, Robert Mock's sister, came from Slaton to help Mrs. Mock can her peas last week.

Bro. A. T. Nixon of Post led the service at the Pleasant Valley Baptist Church on Sunday as Bro. Joe Green and his family attended the funeral of Mrs. Green's aunt in Brownwood on that day.

Artie Baxter and Carrie Guess helped the Vanell Bowns move into their new home in Post over the weekend.

Ronnie Norton has been staying with his grandparents, the A. R. Robinsons, for the last two weeks before he returns to West Texas State University.

Mrs. W. O. Fluitt Sr. invited the Maurice Fluitts to dinner on Sunday in Post.

Mrs. Clovis Robinson and son, Royce, attended the closing of the season at Ruidoso over last weekend.

Mrs. O. F. Haley and Mrs. Amos

Gerner of Garnolia and friend, Judy, of Los Angeles, Calif., came to see the Terrell Bowns on last Thursday.

Mrs. Spence Bevers, Mrs. Robert Mock and Mrs. Carl Payton attended the 4-H adult leader workshop in Lubbock with our county agent Sept. 5.

ALL FIVE SISTERS and more fine people were at the T. L. Barnes home on Sunday. The sisters first: Mrs. Grace Kane of Pope of San Francisco, Calif., Mrs. Frank Corner of Albuquerque, N. M., Mrs. Herb Aushrun of Long Beach, Calif., and she stayed until Tuesday and of course Ganes who lives at the Barnes was there also.

The other fine people who were there were: Mr. and Mrs. Hubert Kendrick of Cisco and Mr. and Mrs. Curtis Watson of Lubbock, Mrs. Barnes' niece and nephew and Mrs. Robert Lee and Canvada of Slaton.

More people come out to the country on a Sunday, have you noticed? Mr. and Mrs. Jack Thompson of Lubbock came to see their aunt and uncle, the Hansel Hallmans, on Sunday.

Saturday at the James Shelton residence included Mrs. L. Wrinkle of Abilene and Mrs. Ed Davis, also from Abilene and Mrs. Shelton's cousin, Andrea Banner of Annonada, Va. Miss Banner is an Army brat, like me, and has come South to attend Texas Tech and study political science and languages.

We have two birthday celebrations out here! Mrs. Spence Bevers Sept. 6 and Alvi Robinson, Sept. 7. Mrs. Bevers told me how old she was but not that man! That just goes to show you men are the vain ones!

Carol Norton of Waco, Mrs. B. C. Norton, daughter and son of Seminole came over from Seminole for the weekend to help Alvi celebrate.

Mrs. Carl Payton was in bed with a temperature last Saturday, Sunday and Monday.

THE PLEASANT VALLEY Home Demonstration Club met at the home of Mrs. Maurice Fluitt on Monday afternoon at 2 p. m. The roll call was answered with "My birthplace". A ten-minute discussion on the care of woolen blankets, electric and all, was led by Mrs. Vernon Scott. The program on "Drying Flowers" was given by Mrs. Max Chaffin who pinch-hit for our ailing Mrs. Carl Payton. The next meeting will be at Mrs. Elmer Hitt's home Sept. 23 at 9 a. m. and our county agent, Miss Juanette Williams will present the program on "Year Around Basic Wardrobe Planning". Come and join us, will you? Cooling sherbet, cookies and refreshing drinks were served by the hostess to Meses Elmer Hitt, B. L. Thomas, Vernon Scott, Spence Bevers, Robert Mock and me plus the children present.

Mr. and Mrs. Maurice Fluitt and Mark left right after the meeting mentioned above for Littlefield to pick up Terry Lynn and Mickey Sue Robinson as their mother has a new baby girl.

Mr. and Mrs. Bonnie Hodges of Post came out to look over the worm situation at the Spence Bevers this week.

Mrs. Will Barton and Mrs. Thelma Burke visited in the Alvi Robinson home over the weekend and Mr. Max Chaffin and son, John, were there on Monday before I was (we don't travel together!).

Agnes Rinker's daughter, Mrs. A. T. Dancy and Mrs. Dale Cole of Lubbock, Mrs. Ronnie Dunn and baby Lashae, were all visiting in the T. L. Barnes' home last Saturday.

Mrs. Spence Bevers family called on the Hodges on Sunday. Adios!

Dog Project is Favorite of Farm, City 4-H Members

Further evidence that man is dog's best friend is borne out by the fast-growing 4-H Club dog care and training program.

In four short years the number of boys and girls enrolled in the program has increased tenfold to nearly 20,000, reports the National 4-H Service Committee. By the end of 1963 another big jump in enrollment is expected.

Sponsored nationally by the Ralston Purina Company, the carefully planned "pet" program has become popular with city 4-H'ers.

Learn Obedience
Obedience training is high on the list of things young dog fanciers accomplish. Even parents agree that a "well-mannered dog" is a joy both indoors and out. Among the important scientific facts boys and girls learn about dogs is how to keep them healthy, happy and a respected member of the family.

As one 4-H dog club leader puts it, "Owning a dog is good discipline for the entire family."

Being accountable for the dog's food and health needs, caring for the mother dog and her puppies, learning about breeds, and grooming for the showing are some of the tasks

At a recent obedience demonstration this young dog handler put a trio of poodles through the paces. Besides teaching dogs cute tricks, 4-H'ers train them to obey commands that make for a well-behaved pet.

that 4-H'ers undertake when they enroll in the care and training program.

4-H'ers Rewarded
At the close of the 4-H Club year, members who show personal progress have an opportunity to compete in various ways for awards provided by Ralston Purina. Selection of winners is made by the Cooper-

ative Extension Service which supervises the program.

Awards include free trips to the National 4-H Club Congress to be held in Chicago December 1-5; engraved 19-jewel wrist watches and medals.

Additional information about joining a 4-H dog club can be obtained at the county extension office or from the state 4-H Club office.

Navy Lieutenant serves on carrier

USS BENNINGTON (FHNC)—Navy Lt. Charles C. Taylor, son of Mr. and Mrs. R. V. Dudgeon of 301 West Fifth St., Post, Tex., is serving aboard the antisubmarine warfare support aircraft carrier USS Bennington which recently participated in antisubmarine exercises in Alaskan waters.

During her Alaskan deployment Bennington served as flagship of Commander Carrier Division 19.

Ports of call during the cruise were Juneau and Kodiak, Alaska. Bennington is the first ship of her type to visit these cities since Alaska became a state in 1958.

A Pacific Fleet unit, Bennington normally operates out of Long Beach, Calif.

ers this week.

Mrs. Will Barton and Mrs. Thelma Burke visited in the Alvi Robinson home over the weekend and Mr. Max Chaffin and son, John, were there on Monday before I was (we don't travel together!).

Agnes Rinker's daughter, Mrs. A. T. Dancy and Mrs. Dale Cole of Lubbock, Mrs. Ronnie Dunn and baby Lashae, were all visiting in the T. L. Barnes' home last Saturday.

Mrs. Spence Bevers family called on the Hodges on Sunday. Adios!

It's the Law in TEXAS

HABEAS CORPUS — CORPUS DELICTI

Two legal phrases which are probably more misunderstood and misused by laymen than any other are "habeas corpus" and "corpus delicti."

The words "habeas corpus" are Latin for "you have the body."

They are commonly used in the legal profession to describe a writ or order signed by the judge directed to the sheriff or jailer holding a prisoner or to any person who is physically detaining another, and commanding him to produce the body (alive) of the prisoner (or person detained) before the judge. The purpose of such an order is to allow the judge to determine whether the prisoner is being held lawfully or whether he should be set free.

The writ of habeas corpus prevents law enforcement officers from abusing the constitutional right of personal liberty and has been a jealously guarded privilege.

The words "corpus delicti" are Latin, and, liberally translated, mean the elements of the crime or wrongdoing. Laymen incorrectly interpret corpus delicti as meaning literally "the body," as in a murder case.

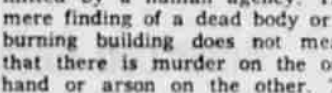

Speaking technically in a legal sense, corpus delicti is that which must be proved in every criminal case. Such proof must show that an unlawful act has been committed and that it has been committed by a human agency. The mere finding of a dead body or a burning building does not mean that there is murder on the one hand or arson on the other. To prove murder, it must be shown that the death was unlawfully caused by a human agency. Contrary to popular belief murder can be proved even though the body cannot be found. In the case of the burning building, it must be shown that the building was unlawfully set on fire by a human agency.

To sum up then, habeas corpus is a writ designed to prevent the unlawful detention or imprisonment of any person. Corpus delicti, on the other hand, literally means the body of the crime, or, in gen-

eral, the substance of crime.

Lancasters find cold 32 degrees at Red River

By MRS. MAX CHAFFIN

Brrrr, it's cold! We could use the heat on this morning out here! It's getting exciting. My favorite season of the year is fall when the air smells so good and is so exhilarating! Makes you feel young again and full of zip and zing!

Now, that I have warmed up with a few flips, here's the news.

The Earl Lancasters' son, Billy, and children, David and Kathy from Temple came to this community before Labor Day and they all took off for Red River over Labor Day, from Sunday until Thursday. The first morning it was 32 degrees when they got up! People were wearing fur lined coats going up those chair lifts there. They all came back by Jack Lancaster's home in Amarillo and spent the night with them.

The Willie Beckers celebrated their thirty-eighth wedding anniversary while they were fishing at Possum Kingdom. They had dinner with the minister who married them in Albany on their anniversary day. They caught some fish, too. Their daughter took home ten pounds of dressed fish and they brought some home too.

Fred Mining, a gentleman who grew up in the Gordon community, passed away in a hospital in Pittsburg, Calif., and was brought here Saturday by train to Post for burial in the Southland Cemetery on Sunday, Sept. 8, at 3 p. m. Mr. Mining was 57 and had moved from here to California approximately 15 years ago.

He is survived by his wife, Mrs. Maudy Mining, two daughters, Mrs. Harvy Storm of Pittsburg, Calif., and Mrs. Buddy Hoffman of the same town and she was unable to attend the funeral and a son, Troy Mining of Riverside, Calif.

He is also survived by two sisters, Mrs. Correna Warren and Miss Ora Mining of Slaton and a brother, Dell Mining of Big Springs.

Hudman Funeral Home of Post was in charge of funeral arrangements.

Bo Pittman and Troy Bruster of Slaton Church of Christ officiated at the service.

The pallbearers were: J. B. Rackler, W. E. Denton, Ray Norman, Robert Lee Hagler, Charlie Dabbs and Orville Roper.

There were other relatives from California present and from different points in Oklahoma; also relatives and friends from different points in Texas and a host of friends from around here.

The F. W. Callaways picked up and took off for points West a week or so before school started. They saw Utah, Nevada, Colorado and stopped in Sacramento, Calif., to meet Mrs. Callaway's mother, Mrs. Snow Moore and brought her back with them.

Cline Drake was released from the hospital on Saturday and he still has to see more doctors for they can not determine what is causing his throat condition. He was advised to go and relax somewhere so the Cline Drakes are at Colorado City for a few days doing that.

Pinch-hitting for Cline Drake at the Sunday morning services at the Church of Christ of Gordon on Sept. 8 was I. J. Morgan from Lubbock and Mutt Huddleston led the Sunday evening services.

Johnny Haire is off to college in Big Spring.

Mr. and Mrs. Lemmon Mathis from Garnolia visited Mrs. J. F. Rackler on Thursday morning.

Mr. Milliken and Mrs. Corbell did not seem to be doing so well in

the hospital in Slaton on Sunday.

On Sept. 4 the Southland Methodist Church had a Family Night which began at 4:30 p. m. with the barbecuing of the chicken and then they gathered together potato chips, potato salad, beans, ice cream, cake and iced tea to go with it. There was a gob of people there—a good thirty or so. They pounded Rev. Bassett and family the same night.

Mrs. Maudy Mining will visit friends around here for a few days and then go to Oklahoma for the family reunion.

Sammy Ellis is leaving for Canyon this coming Sunday for enrollment in West Texas University.

Bro. Fortson and his wife went fishing for a week and they practically hit every lake between Denver, Colo., and the Gulf of Mexico (that is what he told me). Bro. Fortson caught a 3 1/2 pound bass (dressed) at the old lake at Colorado City and twelve channel cat.

They saw E. V. Brooks, who was pastor at the Southland Baptist Church in 1944. They fished at Tyler City Lake in Smith County, Lake Tawalka at Willis Point, Coon Creek Club Lake in Henderson County, near Athens and there were no fish to speak of until they hit that Colorado City lake.

Mr. and Mrs. W. C. Edmunds are the proud grandparents of a new baby girl, Ginger Jeanine born in Lubbock Methodist Hospital on Sept. 6, at 5:46 p. m., weighing in at 6 lbs. and 9 ounces and 19 1/2 inches long. Her parents are Mr. and Mrs. Dale Edmunds of Lubbock.

Past Association of Baptist Brotherhood President, David Crisp, lay preacher at the First Baptist Church in Lubbock supplied for the Southland Baptist Church last Sunday while Bro. Fortson was away.

The new parsonage for the Southland Baptist Church is expected to be finished by October 1. The old parsonage is expected to be sold.

The Wynn's little girl contacted the virus while visiting in this community and her parents took her back home to Amarillo on Sunday.

I hope that we will have less sickness to report next week. Bye, for now.

ATTEND SEMINAR

The District Education Seminar at Oakwood Methodist Church in Lubbock, Sept. 11, was attended by Mrs. Darrell Eckols, Mrs. Walter Bueger, Mrs. Don Osborn, Mrs. Oscar Bruce and Mrs. Joe Callis, all members of the local Women's Society of Christian Service.

RETURNS TO POST

Mrs. Helen Morgan, wife of the late Oliver G. Morgan, returned to Post last week to make her home at 110 North Ave. S. Her two grandchildren, Homer Stillwell, who will attend school in Post and is classified as a freshman, and Kay Murray, who will be a freshman at Texas Tech, are making their home with her.

SATURDAY IN LUBBOCK

Mrs. Marvin Williams and children and Mrs. Charley Williams were Saturday visitors in Lubbock where they visited in the home of Mr. and Mrs. L. W. Evans.

VISIT IN TAHOKA

Mr. and Mrs. Charlie Stice and son visited Saturday afternoon in Tahoka with his parents and other relatives.

ATTEND WEDDING

Mr. and Mrs. Roy Williams and children of Archer City were here Saturday for the wedding of his brother, James Williams. The Williams family formerly lived in Post.

Thursday club shells peas for deep freeze

By MRS. O. H. HOOVER
The Thursday club met Sept. 5 in the home of Mrs. O. H. Hoover. We have not met since July. All members were present and shelled a few peas for Mrs. Hoover's deep freeze. Refreshments of home made ice cream and cake, ice tea and nuts were served to Minnie Wright, Mrs. Propst, Ada Oden, Emma Bernice Propst, Ada Oden, Emma Bernice Propst, Lillian Steves, Iris McMahon, Lillian Steves, and a guest Myrtle Cox, who was a member before she moved. Mr. and Mrs. Sam Cox and son, Don, of Osage, Kans., have been visiting in the home of their daughter and family, the A. L. Normans. The Coxes are former residents of this community.

The Gus Porterfields spent one day this past week just visiting. They visited Mr. and Mrs. Lewis McKay of Draw, the Paul Sherrills, west of O'Donnell, and our former pastor and family, the Weddall Leaches of Welch. The Leaches send their best regards to all of the Grassland folks.

J. W. Fox spent Thursday and Friday in the Post hospital. He came home Saturday and had to go back Sunday morning. He went to Lubbock Methodist Hospital and seemed to feel a little better at this writing.

Mrs. Huston Hoover and son, Joe, of Chattanooga, Tenn., visited Mrs. O. H. Hoover Monday.

Mrs. Amos Gerner visited Mrs. Hill and daughter Sunday afternoon. The daughter is just home from Germany.

Visitors in the E. B. Gregg home Sunday were Mr. and Mrs. Keeton of Post and their daughter and son-in-law, Mr. and Mrs. Gene Nunn, and family of Abernathy.

Mrs. O. H. Hoover spent the weekend in Littlefield with her son and daughter-in-law, Mr. and Mrs. Huston Hoover. Their son and wife, Joe and Pat, were there from Tennessee. We had a cook-out supper of barbecued pork ribs, red beans and potato salad and was it scrumptious. Attending were the Sam Edwards family, the Bryan Wright family and Lura's mother, Mrs. H. W. Edwards.

Vet's Forum

Q. I am a war veteran, but I have never had any dealings with the VA. Can I get a free physical exam from them?
A. Only if it is needed in connection with application for a benefit, such as hospitalization, or for service-connection of some condition.

Q. I heard there is an entire family in my neighborhood being taken care of at a VA hospital. How did they manage to get free medical care for the children?
A. You may have VA care confused with the Armed Forces medical care for families. The VA has no program of medical care for wives and children, although wives may be hospitalized by the VA on their own eligibility if they are veterans. It is possible the family was in some disaster such as an automobile accident and was taken in by a VA hospital briefly, as a life-saving measure. If so, responsible members of the family will have to pay for the care.

Q. In a recent Question and Answer column, misleading information was given in answer to a question by error. Here, to straighten matters, is the question again with the correct answer: I have no dependents and will be retired next month at age 65. My retirement income from Social Security and a pension to which I contributed will be more than \$1,800 a year. Is there any point in my filing for disability pension?
A. If you believe you are unemployable because of disability and age, you should apply for pension at once since no part of your retirement payments or Social Security will be considered as income by the VA until you have received an amount equal to your contribution to the retirement fund and Social Security.

Top area cowboys will rope, ride at Tahoka

At least three Post cowboys are competing in the M&R Championship Rodeo at Tahoka today and Saturday.

The rodeo is for the area's top cowboy contestants of 1963. Only the top three contestants in each event have been announced with others of the top 10 in some events and top 15 in others to be announced at the rodeo.

Post cowboys already named as contenders are R. E. Josey, calf roping, and Walter Arnold and Jack Kirkpatrick, team tying.

Other contenders already named are as follows:

Calf Roping: Herb Woods, Big Lake, Edd Workman, Lubbock.

Bareback Riding: Edd Workman; Johnny Clark, Fort Worth; Sidney Johnson, Snyder.

Bull Riding: Pete Wishert, Muleshoe; Walter Stice, Tahoka; Jim Brock, Lubbock.

Steer Wrestling: Tim Roberts, Tahoka; H. C. Zachary, Lubbock; Joe Vandever, Crosbyton.

Barrel Race: Marie Voss, Snyder; Debbie Ferguson, Petersburg; Gladys Pinkert, Ropesville.

Team Tying: Jim Prather, Clairmont.

Saddle Bronc Riding: Edd Workman; Ron Conatser, Tahoka; Keith Loyd, Snyder.

Rodeo activities will open with a downtown parade at 6 p. m. A dance featuring the Jimmy Mackey orchestra will follow each rodeo performance.

Cotton is not heat sensitive.

WORLD AND OLYMPIC CHAMPIONS

Barbara Wagner and Robert Paul will make their Lubbock ice debut with the 23rd "Go" edition of IceCapades when the ice extravaganza opens at the Panhandle South Plains Fair in Lubbock on Sept. 22 for a six-day engagement. The ice stars are holders of the 1960 Olympic Games Gold Medal for pair skating.

Mail carriers are distributing Acreage Cards

Postmaster Harold Voss announced today that rural mail carriers will begin distributing 1963 Acreage Survey Cards this week to patrons on their routes.

The Post Office Department assists the U. S. Department of Agriculture in making this survey each year. These reports, directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1963.

To make sure this community is well represented in the survey, Postmaster Voss urges each patron receiving a card to fill it out and return it to his mailbox.

Rural mail carriers working on this project are: Curtis Davies, Route 1; J. D. McCampbell, Route 2; Phil Bouchier, Route 3; T. B. Hoover, Star Route.

ANIMALS NEED SALT

When salt is withheld from the diets of animals their growth is impaired. Salt is used in the synthesis of protein in the animal's body and thus should be provided free choice to all animals daily.

among the Texas towns which reject federal funds for school lunch programs. Others include Odessa, Goose Creek, Wichita Falls, Fort Worth, Henderson, Longview, Borger and Alvin.

U. S. AID — Abilene turned down a \$446,730 offer of aid for a \$3,000,000 sewer treatment plant from the U. S. Department of Health, Education and Welfare.

Federal grants for \$3,000,000 worth of sewer treatment improvements in Texas are recommended and administered by State Health Department officials.

Funds refused by Abilene were distributed among the following towns: Fritch, Gonzales, Grador, Hidalgo, Markum, Mineral Wells, Richland Hills, Smiley, West Columbia and Windom.

TEXAS' TAX TAKE — Although the Lone Star State accepted less federal money than many other states during the fiscal year that ended on June 30, it received slightly more than it paid out, according to a survey by Congressional Quarterly.

Texas paid about 4.26 per cent of all taxes received by the federal government. It reaped 4.81 per cent of the \$10,000,000-plus federal grant total, or \$500,295,000.

National average of federal aid received was \$56 per capita. In Texas, the assistance averaged \$49 per citizen. Alaskans were high with a per capita average of \$226. Low was New Jersey with \$34 per capita.

Schools and sewage systems were just a few targets of federal aid. In fiscal 1962, this state received \$128,734,600 for highway construction; \$31,120,182 for unemployment insurance; \$62,832,854 for agricultural conservation; \$139,252,153 for welfare assistance, and \$13,350,583 for the national guard, as well as aid in other fields.

VENISON POPULAR FOOD — State Parks and Wildlife Department has a booklet available for free distribution, which should be of interest to ranchers, hunters and just about everyone.

Its title is "Texas Deer Herd Management — Problems and Principles." Booklet was written by James G. Teer, wildlife biologist formerly employed by the state. In his research, Teer found that deer herds of Texas provided more than 6,000 tons of meat for family consumption last year.

Another bulletin, newly-revised, also can be secured without cost. It's called "Poisonous Snakes of Texas and the First Aid Treatment of Their Bites."

Scout leaders' Showando is set for Sept. 28

Camp Post here will be the scene Saturday, Sept. 28, of the annual Boy Scout leaders' Showando, the sixth annual held by the South Plains Council, which includes 20 counties.

The Showando will be a day of Scouting activity built around a patrol of adults from most of the towns in the South Plains Council. Through teaching basic Scouting skills and its fellowship, the Showando provides an excellent introduction to Scouting for all who take part.

VISITS IN LEVELLAND

Curtis Didway returned to Level-land Sunday night with Jimmy Sadler for a two-day visit. Sadler, who was here to attend the wedding of James Williams and Barbara Shytles, is a former roommate of Didway's at Texas Tech.

The average length of the small intestine in humans is about 21½ feet and patients have lived with a half or even two-thirds of this intestine surgically removed.

Registration for the Showando will begin at 9 a. m. and the day's activities will conclude with the campfire program about 9 p. m. All adult male Scouters are invited and urged to attend. Reservations should be made to the Council Service Center, Box 3055, Lubbock, Tex., not later than Sept. 24.

POEM

There was a man in our town
And he was wondrous wise
He swore—(it was his policy)
He would not advertise

But one day he did advertise
And thereby hangs a tale
The ad was set in legal type
And headed: "Sheriff's Sale!"

Archer shoots 267 in 175 class; he moves up a notch

Game Commission Officer Bud Howell shot a 267 to win the men's 175 class in a Post Archery Club shoot Sunday and automatically moved up to the 250 class.

Bill Cansler with a 204 was second and Fred Cockrell scored a 192 for third in the 175 class.

In the men's 100 class, Aubrey Haight took first place with a 167, Ray C. Garner second with a 134, and Floyd Duncan, a newcomer to field archery, shot a 106 for third place.

Billy Ray Cansler won the junior shoot with a 107.

In the women's 125 class, Mabel Garrison scored 150 for first and Faye Cockrell was second with 113.

Jo Ann Haight's 73 won the women's 75 class and Betty Cansler was second with a 38.

There was one shooter in the men's 325 class, but he had no competition in his class, which under field archery rules means no win.

New members from Idalou joined the Post club last Sunday, according to Mabel Garrison, reporter.

Owen top gainer in Ralls game

Halfback Benny Owen was the top ground gainer for the Post Antelopes in their 24-0 victory over Ralls Friday night.

Owen carried the ball 16 times for 120 yards an average of 7.5 yards per carry.

Quarterback Pat Cornell gained 116 yards on 22 tries for a 5.3 average. Two losses for a total of 18 yards while trying to pass reduced Cornell's net yardage.

The best average was posted by reserve halfback Buddy Howell, who carried one time for an 11-yard gain.

A five-yard gain by Richard Hart was wiped out by a penalty, as were three short gains by Tom Clark. Clark's only other try netted two yards.

Butch Cross carried the ball five times for nine yards.

Of Cornell's five pass completions out of eight attempts, Danny Pierce caught two of the passes for a total of 30 yards; Wendell Johnson, one for 27 yards, and Teddy Scott, two for 21 yards.

plan to attend the West Texas League shoot in Abilene on Sept. 22.

Spur riders again win dual world's title in cowboy and palmetto polo

The Dickens County Sheriff's posse successfully defended its dual world championship of cowboy and palmetto polo last week in Lubbock.

The Spur team went through the double elimination tournament without a defeat and breezed through San Angelo, 12-7, in the finals.

"This is the best polo squad and the best horses that a Spur team has ever put into a tournament," said Everett McArthur, coach and president of the Spur club.

Spur forward Edgar Witt was injured slightly and missed the final game when a player from Albuquerque, N. M., accidentally hit him with a mallet following a Spur score.

Players representing Spur in the tournament included: John Hayden

Moore, Thurman Moore Jr., Pat Smith, Edgar Witt, Boney Winkler, Doc Edwards, Don Condon, Jack Condon, Ab Smith, Alton Clark, Kenneth Clark, Chile Childers, Mart Turbyfill, Dwain Green, Buran Jones, Vernon Wright, Buddy Wright, Don Gannon and Everett McArthur.

HOME FOR WEDDING

Lt. and Mrs. Gary Welch were in Post over the weekend to visit his parents, Mr. and Mrs. Ralph Welch, and to attend the Shytle-Williams wedding.

TEXAS BUSINESS TRIP

R. J. Jennings, former manager of Postex Mills now living in Atlanta, Ga., was in Texas on business last week and was a guest of Mr. and Mrs. O. L. Weakley over the weekend.

PREVIEW OF NEW FORDS

Tom Power and salesman Larry Waldrip, Raymond Young, and Johnny Hopkins attended the dealers' preview of new Ford cars, trucks and pickups in Dallas Sept. 4.

SPANISH LANGUAGE DRIVERS HANDBOOK—Over-sized cover of new Spanish language version of Texas Drivers Handbook is presented to Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety (center) by Herman F. Frazier, Jr., (right), Vice President, Humble Oil & Refining Company. At left is Glenn Garrett, Director of the Texas Good Neighbor Commission, whose office made the translation. The new Handbook is now available to Spanish-speaking people throughout the state.
