# Hospital approved for Medicare program that commences Friday

## Seen as boon to finance problem

Garza Memorial Hospital has been approved for the federal government's new Medicare program for the aged which goes into effect nationally for the first time Friday, July 1.

Medicare does not apply to them. He also said qualified Medicare patients can only be admitted on recommendation of a physician.

The administrator pointed out too that the Medicare program provides that the patient must pay the first \$40 of hospitalization costs before the federal program applies.

Under the Medicare program, the Blue Cross organization will serve as the fiscal intermediary and pay the hospital what it has coming under the federal program and then be reimbursed by the government.

Stivers said a survey he made for the Blue Cross showed that in 1965 only 18 per cent of the hospital's patients were over 65. For the first five months of this year, the percentage increased to 25 per cent.

## Not just a retirement program

The Social Security program, which has been with us for 31 years—through five presidential administrations—shows no signs of weakening, and no doubt will be around for many years to come.

So, like it or not, it's a part of everyone's life nowadays—just like taxes, to which it is firmly tied.

Some people, however, still think of social security as only a retirement program, and we see the wisdom of the social security people's desire to straighten out some of the thinking along this line.

John G. Hutton, Social Security Administration district manager in Lubbock, has furnished this newspaper an actuarial study of the expected total payment from social security to the families of 53 men who died in the Titan II missile site fire near Searcy, Ark., in August of 1965.

Total payment from social security to the families of the 53 men killed in the disaster will amount to \$1,631,000 if the 72 minor children attend school through age 21, and \$1,402,000 if they do not.

All 53 men were insured for survivors' benefits. Only one had such scanty coverage to bar his widow from benefits at age 60, but she and her child are currently receiving payments. Her widow's benefits will end when the child reaches 18.

The other 52 widows can be expected to receive \$682,000 in payments after age 60. Four are past 60 now. The 33 widows and the minor children in their care will receive \$956,000 if the child-

ren attend school through age 21, and \$727,000 if they do not.

The 37 families being paid at this time have this monthly benefit range: three at less than \$100; seven at \$100-149.90; six at \$150-199.90; six at \$200-249.90; ten at \$250-299.90, and five at \$300-306.

In addition to monthly benefits now and in the future, \$13,000 was paid in lump sum death benefits. On the average, the Searcy family with one child or more under 18 will receive \$38,620 if the children are in school after age 18; \$31,700 if they are not. The average expected for the widows without minor children will be \$17,820.

The above rather graphically illustrates the potential value in the survivorship area of social security. The value of the disability program, a third portion of social security protection, was increased when the 1965 amendments revoked the requirement that the impairment be expected to continue indefinitely or result in death. Disability payments are now payable if the impairment has lasted, or can be expected to last, 12 months or more.

The reason, of course, that so little is known about social security benefits by the average person is that it is highly complicated, and also that there have been so many changes during the 31 years it has been a part of our life. It is good to see the Social Security Administration constantly at work to try to clear up some of the misunderstandings about the program. Such, for instance, as some people still thinking of social security as only a retirement program.—CD

## July 4th message has changed

The nation will pause Monday to mark the 190th anniversary of its independence, but on a far-away battle front where we are engaged in a conflict to uphold the principles contained in the Declaration of Independence, there probably will be little pause.

At home, too, there will be little cessation of activities on many fronts. Americans who are convinced their rights are being trampled upon will continue to march and stage demonstrations, while others will confront them to keep the marchers and demonstrators within the bounds of law and order.

Most of us, wherever we are or whatever we are doing, will remember that it is the Fourth of July, and many will observe this greatest of American days with joy and reverence.

Many will pile into automobiles for a holiday weekend on the road, and many of them will not be around to observe another Fourth of July. Our officials have almost lost sight of the true mean-

ing of Independence Day in the necessity of inaugurating holiday safety programs to help hold down the appalling traffic fatality total.

The message of democracy and liberty, which used to be the only message necessary to a proper observance of Independence Day, has been shunted to the background by the constant reminder to drive carefully and be alive on the Fifth.

One reason we don't have the old-fashioned Fourth of July celebrations that our grandparents used to enjoy is because too many people are coming and going to settle down long enough for a celebration. This is progress—which we can't get around—but it is also the kind of progress that makes black headlines the morning after a holiday.

So, of necessity, our first reminder this Fourth of July is to drive carefully if you're going somewhere, our second reminder is for you to remember with solemn significance that it is our nation's birthday.—CD

AFTER HAVING been awarded second place in the column-writing contest at the state press association convention in El Paso Friday, this column should write itself this Monday morning, but blank paper just stares back at me from the typewriter as I sat here and wait on it.

The McGregor Mirror won first place in the column-writing contest, and I'm anxious to learn if even the first-place winner wrote itself the Monday morning after. I doubt it. Columns aren't that easy. You have to sweat over them, and that is why it's so rewarding to a columnist when someone tells him he read something in it.

I WAS PLEASANTLY surprised at this column winning second place, but even more surprised when I learned that more than two columns were entered in the contest.

The man up the street says that among the big changes you can expect by the year 2000 is that Brigitte Bardot will be 65.

TED R. HIBBS, who was back in Post this week for a visit from his home near Mountain Grove, Mo., handed me the following, with the comment that he thought I might like to use it in my column, "since you sometimes use such items."

TRUTHFUL MAN AND LIAR  
You are traveling in a land where there are two types of persons. The first type always lies and the second type always tells the truth. You come to a fork in the road and wish to know which road leads to the city. There is a man standing nearby and you don't know which type of person he is—liar or truth-teller.

If you are allowed to ask him only one question, how can you find the way to the city?

There are two possibilities. If you say, "If I were to ask you which road leads to the city, which one would you show me?" You will always get the right direction. If you say, "If you were the other type person and I were to ask you which road leads to the city, which one would you show me?" you will always get the wrong direction.

The June issue of West Texas Today, official publication of the West Texas Chamber of Commerce, has an article on "The Selling Slogans of Our Cities," which tells the "selling slogans" used by the various chambers of commerce in promoting their communities.

I was sorry to discover in reading the article that Post is not included in the survey. It might have been an oversight on the part of the magazine in not asking our slogan, or it might have been the fault of the Chamber of Commerce office in not responding to the survey conducted by the magazine.

Anyway, many of the slogans are deucedly clever—although either Post slogan (whichever is official), "Gateway to the Plains," or "Just a Little Bit Better" is as good as any of them, and just a little bit better than most.

Some of the better slogans are as follows:  
ANDREWS: The City Ready for Tomorrow, Today.  
BIG SPRING: Our Master Plan Includes "You."  
CHILDRESS: Crossroads of Pro-

**Jones-Collins vows exchanged June 18 in church at Cotulla**

Miss Ruby Mae Collins became the bride of Darrell Lee Jones, Saturday, June 18, at the First Baptist Church of Cotulla, with the Rev. William Simpson, pastor, officiating at the reading of the double ring wedding vows. Parents of the couple are Mr. and Mrs. Elmo Collins of Cotulla and Mr. and Mrs. Barnie Jones, Route 1, Post. The church was decorated with

MRS. DARRELL LEE JONES (Ruby Mae Collins)

a basket of white gladioli flanked with candelabras and magnolia greenery.

Given in marriage by her father, the bride wore a gown of bridal satin fashioned with portrait neckline, fitted bodice and long sleeves tapering over the hands. Lace rose motifs embroidered with seed pearls, accented the neckline and continued down the front. The detachable chapel train gave a long sweeping effect. Her waist-length veil of tulle fell from a crown of seed pearls and silver beads. The bride carried a bouquet of three white orchids encircled with white roses enhanced with streamers and net.

Miss Laura Jean Collins of San Antonio, and Miss Mary Helen Collins of Cotulla, sisters of the bride, were maid of honor and bridesmaids, respectively. They wore identical dresses of turquoise peau de soie made with long tapered sleeves and portrait necklines. Headpieces were of peau de soie bows with matching turquoise net. They each carried a single long-stemmed stem-pink rose.

Miss Nancy Pauline Walker of Donna, cousin of the bride, was flower girl, and Danny Keith Gunn of Post, nephew of the bridegroom, was ringbearer.

Clarence Gunn served his brother-in-law as best man. Joe Hall was groomsmen and ushers were Roy Collins of San Antonio, brother of the bride, and John Nieschwietz of Encinal.

Mrs. William Simpson sang "The Lord's Prayer," and "The Wedding Prayer," accompanied by Ray Keck III at the organ.

At the reception following in Fellowship Hall, the serving table was laid with a lace cloth and centered with an arrangement of white gladioli and white daisies. Silver and crystal appointments were used to serve the wedding cake, which was trimmed in turquoise. Punch nuts and mints were also served.

Mrs. Roy Collins registered the guests and presented each with a miniature bag of rice tied in turquoise net with pink ribbons. The bag of rice were hung in a small tree and around the base on the registry table.

For a short wedding trip to points of interest in South Texas, the bride wore a peccan-brown knit suit with matching accessories and an orchid corsage.

The couple is at home on Route 1, where Mr. Jones is engaged in farming. Mrs. Jones is a graduate of Cotulla High School and Mr. Jones graduated from Southland High School. He has completed two years of active duty in the Army.

Included in the out-of-town guests were Mr. and Mrs. Barnie Jones, Mr. and Mrs. Clarence Gunn, Darlene, Nita Jo and Danny, and Mrs. Norman Settlemire of Lubbock, sister of the bridegroom.

I'd almost forgotten the trials and tribulations involved in getting a babysitter until chatting with Mrs. Dick Dickson, wife of the new personnel director at Post-Tex Mills, Sunday.

As they have a son, Scott, age one and one-half years, she was concerned with finding a "good" babysitter.

Having made a couple of moves while the Misses C's were quite young, the memories came flooding back about some of the "sitters" we had during those years.

I remember thinking that when the Misses C's were in the baby category and just a little bit older we preferred an older woman but when they reached a more advanced age a teen-ager was more in demand.

If I remember correctly, we finally decided that a 13-year-old was a perfect choice. If they were interested in sitting they liked children, and were still young enough to enjoy playing games, reading aloud and coloring pictures. They were not yet too interested in "boys" nor old enough to date.

For several years we hired a delightful "grandmotherly" type sitter. As we lived far away from grandparents I felt this was really an occasion for our Misses C's and they seemed to agree. She was apparently capable of disciplining in a fair manner and didn't put up with too much fooling around.

Or, so we thought until returning earlier than planned one night we found the poor soul sitting on a straight-back chair in the middle of the Misses C's bedroom. Upon questioning her we found out she'd been doing this for some time as the Misses C's had convinced her that I always stayed with them until they went to sleep and they were "afraid" to be by themselves.

Mr. C and I chuckled over this in privacy but that ended that little fling and our elderly sitter wasn't quite so pooped after that when she was "sitting" in a more comfortable chair in a lighted room.

The dangers in a teen-ager sitter came in those who just wanted to pop the girls into bed the minute we left so they could spend the rest of the evening on the telephone or eating. One girl darned near ate us out of house and home — it was almost a question of being able to afford a sitter or being able to afford to feed the sitter. Not only did she eat everything in sight she used to hide such things as apple cores, orange skins and meat rinds under the sofa pillows so we wouldn't find the traces.

Luckily, pencils and crayons were displaced under the pillows often by the Misses C's so we found the "food disposal hideaway" mighty fast and that was the end of her.

One sitter refused to let the Misses C's have a drink of water from the time we left until they went to bed. Her last charges had "accidents" in case they drank too much before bed time and she thought all children must react the same way. We finally got that straightened out.

The sitters I dearly loved were the ones who not only took care of the children but picked up toys and clothes and had the house shipshape for us when we came home. We even had a few who washed the dishes in case we had to leave too early to do so. We also had a few who made more messes than the girls.

Babysitting time is really a time when you have to have an awful lot of faith in people. It helps immensely to have the kind of children one likes to "sit" with.

# Field work keeps most folks busy

By MRS. EDMUND WILKE  
Hello there! Not much doing in our fair community besides the work that is going on in the fields. All the farmers are really busy and everything sure does look good. I've even enjoyed getting out in the fields and doing a little hoeing. Of course, I wouldn't want a steady diet of it, but a little is just fine.

We have a new family in our community. Mr. and Mrs. Duane Gilliland and three children have moved into Mrs. Ed Becker's house. Welcome to Southland.

Mr. and Mrs. Jim Bryant and four children of Alamogordo, N. M., have been visiting their cousin, Donald Pennell and Mrs. Pen-

nell. They also visited Mrs. Lee Fredrickson at the Reese AFB hospital. Sunday, the Pennells had a picnic at the City-County Park. Attending were the Bryant family, Mr. and Mrs. Don Harlan Pennell, Mr. and Mrs. W. A. Long, the Pete Pennell family, the Bus Pennell family, the Kenneth Callaway family, Harvey Louise Pennell, Miss Bennie Chandler and Rod Callaway. After the picnic dinner all the kids went swimming along with Mrs. Kenneth Callaway and Mrs. Don Harlan Pennell.

Mickey Mason spent a week in Brownfield with an aunt and uncle recently.

Mrs. Lee Fredrickson is seriously ill and has pneumonia. The doc-

The 20-year-old soldier was employed by Postex Cotton Mill before entering the Army.

tor is still letting her have company and I am sure she would welcome your visits.

Mrs. Winston Lester and Terri and Allan of Commerce have been visiting relatives and friends here and in Lubbock for the past two weeks. I know everyone has been glad to see Joyce and the children as we all have missed them since they moved from this community.

Mrs. Billy Lester and Gary and Gregg were among 18 persons from the Graham Chapel Methodist Church who enjoyed a weekend trip to Six Flags.

Mr. and Mrs. Willie Becker went to Lake Stamford over the weekend.

Joan Gindorf has her leg out of the cast now and is getting around on crutches. Little Cynthia and Cloressa Gindorf, daughters of the Chris Gindorfs of Lubbock, spent several days last week with their granddad and Joan and Pativ.

WE WOULD like to extend our deepest sympathy to Mr. and Mrs. Carl Wartes upon the death of their son, Butch, Tuesday of last week. Funeral services were held Friday at the Southland Baptist Church and burial was in Southland Cemetery. This was a great tragedy and the whole community was shocked. Dinner was served Friday for the family by the community in the G. D. Ellis home.

The Rev. and Mrs. Tommy Hill and Darrell are vacationing in California.

The Carl Rackler family of Wolf-orth were Sunday dinner guests of the J. B. Racklers.

Darrell Wayne and Sherri Wilke attended a party Wednesday night in the home of Wendy Crommer in the Roosevelt community. The group went swimming in a private pool in Lubbock later.

Mr. and Mrs. Noble Wynn, who have both been in the hospital, are at home now and doing very well. Miss Vicky Rhoades of Wilson visited the J. B. Racklers Sunday.

Mrs. Susie Bradshaw and Mrs. J. F. Rackler visited the Ed Dentons Friday afternoon. Mrs. Denton, who injured her arm in a washing machine accident recently, is doing very well.

Larry Wilke was home from Texas Tech over the weekend. He began a new job Saturday working for Mr. and Mrs. Jack Kastman.

Delbert Wartes is visiting his parents. Mr. and Mrs. Carl Wartes, Delbert is in the Navy, stationed in Virginia. He came home to attend his brother's funeral and will be here about 12 days.

Probably won't see you next week since it is July 4. Save up all your news and call it to me sometime during that week. Until then, bye, bye.

this school system has ever had.

In the financial field, Bill has proved a life-saver indeed to this school district. Working closely with school auditors he has put the school system on sound financial footing. And this has been a tough, dirty job. In doing so, and in preparing his budget, he has insisted that the all but obsolete bus fleet be put back in good operating condition and that the maintenance of school buildings be maintained as just two prize-worthy examples. It is easy to let these slide into future problems by "saving" budget money. Bill inherited such problems. He doesn't intend to hand any on to the future.

He is running a "tight budget", getting every penny he can squeeze out of his allotted tax dollars. He doesn't dream big dreams. He wants a good educational system, sure, but he sees the school district as already overloaded with bonded indebtedness.

For the first time in some 25 years of reporting school boards in a variety of communities, we

### Rotarians to put up Nichols Park flag pole

The Post Rotary Club voted Tuesday noon to sponsor a flag pole for the entrance to David Nichols Field.

Two Rotarians are seeing to most of the project. Buster Moreland has volunteered to have the pole built and Glen Barley has promised to see to its erection.

Have found in Bill a superintendent who looks at not only today's problems, but tomorrow's as well. Bill is looking ahead 10 to 20 years when he considers school district financing. He isn't afraid to face tough problems and take a tough view of them.

He has the remarkable balance for a school administrator of first being a real, top-trained educator as well as being mighty hard-headed when it comes to dollar and cent costs.

Bill is honest about it. He sees no easy school road ahead in the "long future" for Post schools financially. But it's at least comforting to know that our school head is aiming for the long future as well as the short range outlook.

On page 8 you will find Ken Callaway's announcement of the Grand Opening of Ken's Mobil Service station, set for Saturday. He invites you all to drive into his driveway Saturday, get acquainted and share the fun.

In other actions, the board: Approved the request of Pritchard and Abbott to postpone the school district's board of equalization hearing one week to 8 a. m. July 27.

Named Max Michell, Julian Smith and Giles Dalby to the school district's board of equalization and named Arnold Sanderson and Bill Pool as alternates.

Agreed to accept bids for a new pickup truck from the three local auto dealers to replace a five-year-old vehicle now in use. Purchase will be paid for through state transportation funds.

Accepted Ben Owen's bid of \$1,067.50 to sand the floors of the elementary and junior high gyms and refinish both floors, and put another coat of preservative on the high school gym floor refinished last year.

The board members were given copies of Supt. Shiver's proposed school budget for the 1966-67 school year for study before action is taken at a later meeting.

## 'Camp Post Day' draws estimated 380 visitors

An estimated 380 persons observed "Camp Post Day" Saturday by visiting the 400-acre Boy Scout camp, southwest of town.

F. A. "Chief Runkles" camp ranger, said the visitors "came and went" throughout the day, with about 170 of them attending a campfire ceremony in the Council Ring at 7:30 p. m. that climaxed the day's activities.

Many of the visitors attended aquatic demonstrations at the swimming pool and the camp lake and saw other demonstrations of Scout skills.

Some of the visitors brought picnic lunches which they ate on the parade grounds, while others spread their lunches in the canyons and other areas of the camp.

The Council Ring program included a fire-lighting ceremony, an Indian harvest dance and introduction of visitors. The demonstrations seen by the visitors included a skit on how the Boy Scout program was first brought to this country from England.

Saturday was also Cub Scout Day at the camp, with about 80 Cub Scouts of Webster rank from throughout the 20-county South Plains Council in attendance with their leaders.

Judge Parker said a survey he has made in his budget work shows that the county has lost a total of \$53,000 to \$100,000 in revenues over the last four years in fees and taxes collected, figuring 1961 as the base year.

The judge pointed out that all road and bridge bonded indebtedness of the commissioners precincts will be retired within the next two or three years. Taxpayers in Precinct No. 1 are now paying 30 cents per \$100 valuation on such indebtedness and taxpayers in Precinct 2 are paying at a 50 cent rate on such indebtedness. The Precinct 2 indebtedness will be completely paid off by the end of 1967.

Precincts 3 and 4 have no such indebtedness. OUTSIDE OF THE \$35,000 in improvement warrants issued to pay for the remodeling and re-equipping of the hospital this year, the county has no bonded indebtedness. The \$16,200 in county airport bonds will be retired out of the county's regular permanent improvement levy.

Judge Parker said that for the first six months of this year, the county hospital suffered but a very small loss in operations as compared to previous years.

He is now hard at work on the county's new budget and he hopes to have it ready for consideration by the commissioners court July 18.

### Deep wildcat—

a single pay formation. THE CLOSEST deep test to the new wildcat location behind the First Christian Church was a dry hole two plus miles to the northwest. It was drilled in 1948.

The new exploration will be four miles east of a lone Strawn (deep) producer in the Threeway pool. It spots 431 feet from south and 790 feet from west lines of Section 1,227, ELARR survey.

If this wildcat hits a pay formation in one of the deep zones it could open up a whole new area of drilling in the vicinity of the city.

If it doesn't, Brown Brothers still has a lot of drilling ahead to drill out its proven acreage around its new Glorieta and San Andres double zone discoveries.

Not since the deep drilling on the U Laxy S Ranch area in southern Garza County and close by in the late 1950's has any project attracted as much Garza interest from oil men.

The deep test is an indication that Brown Brothers wants to check all possible pay formations before planning their local oil development further.

### County tax—

(Continued from Page 1)

an average, real property last year was on the tax rolls at approximately 14 per cent of value. This will go up to 25 per cent this year.

But everybody's taxable valuation won't necessarily go up the same percentage, as Pritchard and Abbott is just completing work on a complete equalization program for the county.

If maximum tax rates are maintained this year, the increase in valuation will provide the county with approximately \$50,000 in additional tax revenue.

JUDGE PARKER told The Dispatch that the county's financial needs will be greater in the next two or three years than they will be after that. This is because the county sold a \$73,000 issue of time warrants early this year to pay for deficits which had been steadily growing.

The county must pay out these time warrants in the next two or three years before it can then adjust taxes on a "pay as we go" basis.

Judge Parker said a survey he has made in his budget work shows that the county has lost a total of \$53,000 to \$100,000 in revenues over the last four years in fees and taxes collected, figuring 1961 as the base year.

# Petersburg, behind Ellison, hands Post first loss, 3-1

Randall Ellison, a 6-3, 190-pound power pitcher from Crosbyton, bested pitcher Nichols in a tight mound duel here last Thursday night as Petersburg defeated Post, 3-1, to take over undisputed leadership of the Texas Teen-Age League.

The clash between the two undefeated, stand-out clubs of the league loop drew a record crowd to the Babe Ruth diamond and what enthusiastic local baseball fans agree was the best played baseball game seen here in at least a decade.

Manager Pat Walker's Post club lost in a sparkling game in the ninth, but were simply overpowered by Ellison, who Petersburg report has already turned down a \$7,500 bonus offer from one league club to go on to college.

The big strong southpaw with blazing fast ball, good control, and a wide assortment of "stuff", took out 15 Post batters and had only two hits.

He was a hard, bad-bounce pitcher.

# Cardinals cop crown in LL

The Post Fire Department's Cardinals, managed by Jerry Tyler, downed the Wildcats, 11 to 1 last Thursday night to win the Little League championship for the second year in a row.

The regular season ended last Friday night with the Dodgers losing the Red Sox, 6 to 2, but the Cardinals beat the Cardinals and Cardinals was the first of six make-up games, with the final make-up game set for tonight between the Cardinals and Tigers.

There will also be awards night at 7:30 p.m.

# Harvesters are Minor League's '66 champions

Post Implement Company's Harvesters, managed by Ronald Joe, have won the 1966 Minor League Championship with a 7-1 lead going into a Friday night tie-up game with the Cardinals.

The Cardinals, who have a 4-4 mark, will also be a make-up game between the Colts and Rebels Friday night. A Colt victory would mean a Giant defeat in the tie-up games.

The Cardinals beat the Colts, 7 to 5, last night with Ray Martinez winning pitcher and Noah Salazar the loser.

The Rebels, 16 to 6, with Martinez winning pitcher and Buddy Britton losing pitcher, trounced the Colts, 14 to 4, Jerry Tyler was the winning pitcher and Rodney King the loser.

grounded off Catcher Donnie Windham's bat in the third which carried off the face of third baseman Scarborough and rolled clear out into centerfield.

The other was a "Texas league single" which shortstop Davie Heaton dumped into right-centerfield in the fifth to score Paul Walker with Post's only run of the game.

Walker had drawn the only walk of the game off Ellison with one away and advanced to second on a passed ball.

The run tied the game at 1-1. Ellison allowed only the three base runners for the full seven innings. He struck out the side in the first and just to show he wasn't tired, he bore down to whiff the final three Post batters in the seventh to end the game.

Ellison HAS BEEN averaging 18 strikeouts a game in league play. He is going to have a tryout later this summer at Sul Ross College and hopes to attend college on a scholarship. He was graduated from Crosbyton this spring.

The Little League all-star roster will also be announced during the awards ceremony, the president said.

Jerry Saldivar was the winning pitcher in the Cardinals' championship clincher over the Wildcats, with Mark Clayton the loser.

The game was tight through the first three and a half frames, with the Cardinals leading, 3-2, but the Cardinals exploded for eight runs in the fourth and added another in the fifth.

In the night's first game, Kyle Josey pitched the Dodgers to their 6-2 win over the Red Sox, with Danny Lee the loser. Josey helped his own cause with a two-run homer, and Ricky Hair hit a solo homer for the winners.

Glen Branson, John Redman and Freddy Wilson combined to pitch the Tigers to a 7-4 victory over the Wildcats Saturday night, with Branson the winner. Jimmy Dooley, who had relieved R. Torres, was the losing pitcher.

The Red Sox edged the Dodgers, 2-1, Saturday night to become the only other team besides the Cardinals to beat the Dodgers. Both Red Sox runs came in the first inning when Tommy Zachary's double off Mike Sappington scored Danny Lee and Earthman Lee had singled and Earthman had been hit by a pitched ball. The Dodgers scored in the fourth when Danny Rose doubled and came home on Thomas' single. Lee was the winning pitcher and Sappington the loser.

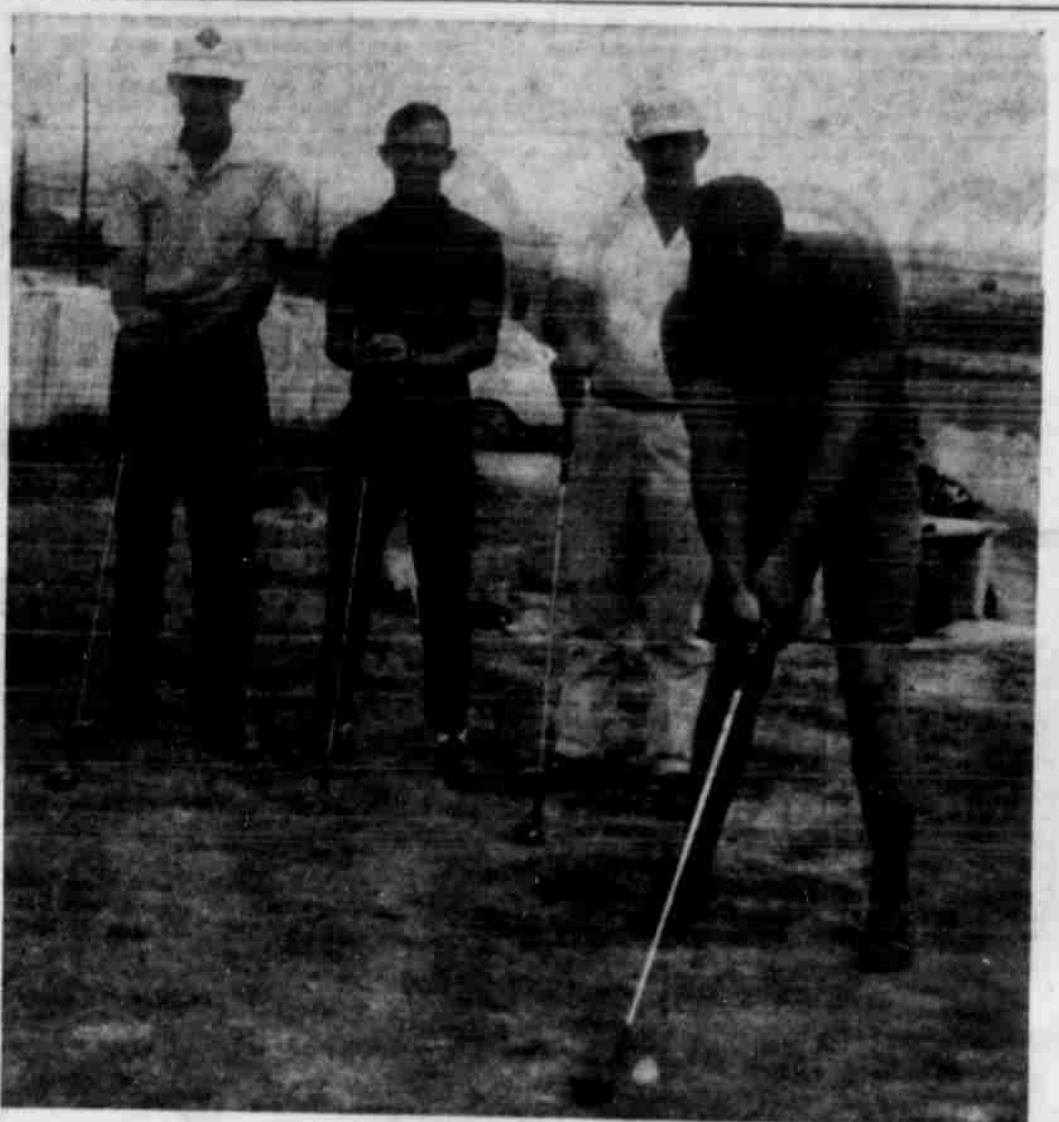

Stone pitched the Red Sox to a 13-3 win over the Tigers Monday night, with Robert Torres the loser.

In Saturday night's second game, the Cardinals outlasted the Yankees, 17 to 13 after getting off to a 7-2 first inning lead. Sappington was the winning pitcher and Larry Hair the loser. Josey poled a three-run homer for the Dodgers and Kim Owen a two-run homer.

### Red Chex rally to defeat Post

The Bell Red Chex of Lubbock scored five runs in the seventh inning here Tuesday night to come from behind and defeat the Post Teen-Age League team, 7 to 5.

Post went into the seventh with a 3-2 lead, but five unearned runs resulting from three errors proved their undoing.

Crutcher singled to open the top of the seventh, and consecutive errors by Post's second baseman, right fielder and third baseman plated three runs, with Hurt's homer accounting for the other two.

The Red Chex went ahead, 2-0, in the top of the fourth, but Post tied it in the bottom of the second, with Ronnie Pierce's triple scoring Davis Heaton to account for one of the runs.

Post went ahead, 5-2, with three runs in the sixth, with the tallies coming on a wild pitch, a base on

balls and singles by Heaton, Paul Walker and Bill Jackson.

Pilemon Vargas started on the mound for the locals, giving up only one hit and no runs in three fourth and fifth innings, yielding innings. Clyde Cash pitched the two hits and two runs, with Doyle Nichols, who pitched the final two innings, being charged with the defeat.

Post outbit the visitors, with nine safeties to seven.

Vargas fanned six batters in the three innings he worked, while Cash whiffed four and Nichols two. Duke, who relieved Haley after five innings, was the winning pitcher. Haley fanned five Post batters and Duke three.

### Motor Wise

"Mom, is he washable?"

No car or truck is too big for us to wash and lubricate. We go "all out" and "all in" besides. Inside and out your car is clean when we do the job.
