

# Decision due Monday on combining Post Rodeos

## Two groups' boards to meet together

A decision on whether to have two rodeos or only one here this year is expected to be reached Monday night at a meeting of Post Stampede, Inc., directors with senior directors of the Post Junior Rodeo Association.

Members of the junior board of directors of the Post Junior Rodeo Association voted Monday night at a meeting with Post Stampede, Inc., directors as being in favor of combining this year's senior and

## Trustees re-elect most teachers at Monday's session

Trustees of the Post Independent School District elected all except one of the teachers who were up for re-election at the regular March board meeting Monday night.

Pursuant to a recent policy adopted by the board, teachers who have been in the system for three years or longer were re-elected for two-year contracts and all others for one-year contracts.

The trustees voted on the teachers by school-groups after hearing recommendations from each of the four school principals.

Those re-elected in high school were:

Two-Year Contracts — Mrs. Lillie McRee, Mrs. Cora Fleming, Mrs. Florence King, Mrs. Ella Ryder, Leon Barnes, Leonard Tittle, John May, James Pollard, Charles Hopkins, Glynn Gregg, Georgie M. Willson and N. R. King.

One-Year Contracts — Mrs. Marion Duncan, Mrs. Willa Didway, Ike Trimble, Bruce Evans, Howard Carlyle, Wilbert Bigott, James McEachern, Curtis Boase and Mrs. Chester Collinsworth Jr.

Boase, who taught high school science and physics this year, was re-elected subject to placement.

Supt. R. T. Smith told the board that Mrs. Mae N. Smith, longtime English teacher in the high school, plans to retire at the end of this school year.

Those re-elected in junior high were:

Two-Year Contracts — Mrs. Beth Walker, Mrs. Ruby Lobban, Mrs. Rosa Gambin, Mrs. Mary Lee Wristen and Darrell Stone.

One-Year Contracts — Mrs. Carolyn Black, Mrs. Irene Bruce, Mrs. Betty Allsup, Dwain Robertson, Van Kountz, Charles Black and Lee Davis Jr.

Re-elected in the elementary school were the following:

Two-Year Contracts — Mrs. Betty Yancey, Mrs. Sue Cornell, Mrs. Nona Lusk, Mrs. Ella Mae Hudman, Mrs. Rowena Pierce and Jack Alexander.

One-Year Contract — Mrs. Irene Mitchell, Mrs. Lucille Nixon, Mrs. Velma O'Neal and A. T. Nixon.

Primary school teachers re-elected were:

Two-Year Contracts — Mrs. Ada Buchanan, Mrs. Lucille McBride, Mrs. Vynomma Clark, Mrs. Ida Jones, Miss Bonnie McMahon, Mrs. Lavenia Hogan, Mrs. Jessie Lancaster, Mrs. Bettye Scott, Mrs. Laverne Barnes, Mrs. Elsie Whitteberg, Mrs. Jean Gandy, Mrs. Lea Mock and Mrs. Mary Raphael.

One-Year Contracts — Mrs. Billie Carlyle and Mrs. Anita Myers.

The board accepted the written resignations of primary teachers Misses Sandra Feather and Wanda Sandlin, who have accepted teaching positions at Odessa for next year.

Garza cut to 39,017 acres

Garza County's cotton allotment for 1963 has been cut 4,859 acres from 43,876 acres for 1962 to 39,017.

The South Plains has received a cotton "bonus" of 91,684 acres to help ease the pinch of the sharp slash in cotton acreage. But Garza's share of the bonus is only 810 acres, as compared to an 800 acre bonus a year ago.

While the acreage bonus, announced Monday, is more than double the 40,994 acre bonus of 1962, Garza benefitted little.

Counting the bonus, the 23-county High Plains cotton area allotment for 1963 will be down 194,293 acres from last year—a cut of roughly 8 per cent.

For Friday's cage game

Squad rosters were announced today for Friday night's benefit basketball game between Texas Mu Alpha chapter of Beta Sigma Phi sorority and the Post Lions Club.

The game will be played in the senior high school gymnasium beginning at 7:30 o'clock.

Admission charges will be 50 cents for adults and 25 cents for children, with proceeds being used by the two organizations in their community-wide projects.

In addition to rosters, game officials also were named for the contest. "Flaming Fannielou" Ramsey, describing himself as a "referee plenipotentiary," will be the game official for the Lions Club, while "Honest John" Josey will serve in the same capacity for the sorority femmes.

Texas Mu Alpha's squad includes the following hardwood hotshots: "Tiny Thompson" King, "Tiger Girl" Arnold, "Huffy Tuffy" Teaff, "Hot Rod" Josey, "Wee Willie" Windham, "Mary Gorgious" George, "Jolting Jimmy" Pierce, "Ramblin' Ruby" Williams, "Twisting Tillie" McAT's'e'r.

Young Farmers direct junior livestock show

The Garza County Junior Livestock Show, sponsored for the first time this year by the county's Young Farmer Chapter, was held Monday at the 4-H barn with Wenz Johnson and Lewis Herron III showing champion calves, Danny Richardson the champion lamb and Dodson the champion barrow.

The year's event was described as "the easiest handled and most smoothly run stock show here in two years."

Adding to the overall success of the show was more prize money than in the last several years,

thanks to a larger number of donations by local business firms.

Johnson showed the champion feeder calf and Herron the champion slaughter calf. Sammy Sims was owner of the reserve champion feeder and Joey Basinger showed the reserve champion slaughter calf.

Richardson's champion lamb, a Southdown, was the only animal shown in its division.

Dodson's heavyweight barrow was champion of its division, with Danny Richardson's lightweight (See STOCK SHOW, Page 8)

As bad as last year?

## Grass fires rage again

Farmers, ranchers and firemen this week are expressing fears that this year's grass fires in Garza County may prove as disastrous as those of last year, which burned off thousands of acres of pasture land.

The toll thus far, most of it within the last few days, has not been near as heavy as last year's, but has resulted in hundreds of acres of pasture being burned.

The biggest grass fire of the season thus far occurred Monday night on Jack Myers' Star Ranch, north

of Post. Firemen spent five hours fighting the blaze, which destroyed several hundred acres.

Also Monday night, firemen extinguished a grass fire on the Spinning Ranch, south of Post, after a large area of pasture was burned.

The firemen were called back to the Star Ranch early Tuesday afternoon but this time extinguished the fire before the loss mounted as high as that of the previous night. At about the same time Monday, they put out a small grass fire at the Green Tank south of town on the Snyder Highway.

Firemen have been called to the Buenos Switch area, northwest of Post, twice within the last few days by grass fires. The most recent of these fires, Tuesday afternoon, did considerable damage to pasture land.

The only other fire alarm within the past week came last Thursday morning when firemen extinguished a fire in junked automobiles at a wrecking yard at 15th Street and Broadway.

## Absentee voting gets under way

The absentee voting period for the April 2 election opened yesterday and will open Monday for the school trustee election April 6.

Absentee voting in each instance will close three days before the election.

Those wishing to vote absentee in the city election may do so at the City Hall. Absentee voting in the school election will be at the county clerk's office.

Two candidates for mayor and five candidates for two city council posts will be voted on in the city election.

Candidates for the mayor's office, being vacated by Powell Shytlers after two terms, are Harold Lucas, a member of the city council, and John N. Hopkins, a former councilman.

Candidates for the city council are J. B. Potts, Ed Sawyers, Frank Blanton, Chant D. Lee and Bob Collier. Potts is a candidate to succeed himself. He is serving out the unexpired term of the late Roy J. Baker. Dr. James R. Matthews, whose term on the council is also expiring, is not a candidate for re-election.

Candidates for the school board are Malcolm T. Bull for re-election, Martin Nichols, Virgil Bilbo and Wallace Simpson. Trustee Bobby Pierce is not a candidate for re-election.

## New owners of radio station here take over

The Garza Broadcasting Co., of which J. Dave Sanford is president, purchased Radio Station KUKO of Post Monday and took over its operations Tuesday.

Sanford, who moved here with his family about two months ago, is the station's manager. He is associated in the broadcasting company with Leo Holmes, executive vice president of the Brownfield State Bank and Trust Co. of Brownfield.

Purchase of the station from KUKO, Inc., with Phil Crenshaw as station manager, was approved in Washington, D. C., last Wednesday by the Federal Communications Commission.

Sanford comes to Post from Orange, Tex., where he was executive secretary of the Orange YMCA and was highly active in church and civic affairs. In 1960, he was selected by the Orange Junior Chamber of Commerce as its nominee for the Most Outstanding Young Texan Award.

Sanford is a veteran of World War II and the Korean conflict. He has a BBA degree from Southern Methodist University of Dallas, and has had graduate work from George Williams College of Chicago and from Trinity University in San Antonio.

## Social security paying off here

Ollie O'Neil of Lubbock, social security representative who comes to Post every two weeks, told Post Rotarians at their Tuesday luncheon that 577 Garza Countians now receive approximately \$32,000 monthly in social security checks.

O'Neil, in a talk on social security, pointed out that in 1929 there were three million Americans over 65 years of age, whereas today there are 17,000,000 Americans over 65.

Of the 17 million, O'Neil said, 13 million are drawing social security benefits.

Social security is not based on need, you've bought and paid for it, O'Neil said. He said the purpose of social security is insurance to cover the partial loss of earnings due to old age, disability or death. He termed it "only a base on which to plan other retirement financing."

"It's compulsory social insurance and there's nothing cheap about it at the rate you're paying today," he pointed out.

## SCD supervisors make ranch tour

Wayne Williams, recently named as outstanding conservationist of Garza County, conducted a tour of his ranch Monday for members of the board of supervisors of the Garza Soil Conservation District.

A highlight of the ranch tour was a lunch of wild turkey and all the trimmings served to A. W. Dalrymple of Lubbock, district supervisor; County Agent Syd Conner; Jack Gray, work unit conservationist for the SCS; supervisors Jimmy Bird and Glenn Davis, Mrs. Davis and Mrs. Bobby Cowdrey, board secretary.

A brief business meeting was held by the board before returning to Post at 6 p. m.

Assisting Williams in conducting the tour was his son, Billy Wayne.

The SCD board's next meeting will be held at 1:30 p. m. April 15 at the SCS office here.

## WOMAN BITTEN BY MOUSE IS TREATED

Mrs. H. A. Thurlio of 214 West 13th St. began taking rabies shots Monday at The Medical Center after being bitten by a mouse at her home here.

The mouse bit Mrs. Thurlio on the little toe of her left foot early Monday morning while she was preparing a lunch for her husband to take to work.

Thurlio is an employee of the Rocker A Well Service.

Mrs. Thurlio said the mouse just appeared "from nowhere" and could not be found again after biting her.

Residents of the neighborhood in which Mrs. Thurlio lives are warned to be on the lookout for the mouse, since its action indicates that it may be rabid.

Mrs. Thurlio will take a series of 14 shots.

The kids' big hiking effort Sunday has stirred up all kinds of talk about who can, who can't, who should and who shouldn't walk 50 miles for "vigh." A lot of the older kids, who poopooed such long hikes as silly unless the kids have the right kind of shoes and train up to them, missed the point entirely to our way of thinking.

The teens simply got up their enthusiasm and took off. They go a lousy day but each of them had "an adventure of the spirit" in seeing how far he or she could push himself when aching muscles and foot blisters kept shouting to stop. Probably it was the first time most of them have ever tested their full endurance. Coming home after staying out in the sand without through a long afternoon, we concluded it was quite educational for all concerned.

For those who think walking 50 miles is simple, our advice is try it for size yourself. Of course, the cutest thing about this whole "vigh" edition of The Dispatch is Chief Runkles' story over on page 14 about Roy Scouts being "old pros" at hiking 50 miles.

All the "vigh" talk at the coffee counter the other afternoon brought the admission from Tom Boucher that he once played a 72 hole match in one day with a golfing friend of his. And that was in the days before golf carts and runabouts too. "Of course," said Tom, "playing 72 holes in a day isn't as tough as walking 50 miles." But we went back to work thinking how many lousy shots a fellow could hit if he played 72 holes in a day.

Mrs. C reports she saw Claud Collier in the drug store Tuesday buying a box of cigars. When she asked him what the "big event" was which the cigars were to honor, Claud admitted they were just "smokes" for himself. Seems the doctor had ordered him home to bed for a week. Claud finally has the mumps.

## Tickets on sale for All-Sports banquet

Tickets for Post High School's all-sports banquet Friday night, March 22, are on sale at a number of places here. Athletic Director Harold Teal said today.

Among the downtown locations at which the tickets may be purchased are Bob Collier Drug, Post Pharmacy, Luttrell's, Hays' and Peel's Texaco stations, Piggly Wiggly and Hodges Tractor Co.

The banquet will begin at 7:30 p. m. but a place for the event has not yet been announced pending a more definite indication from ticket sales as to how many will

be present.

"We hope to have at least 300 persons at the banquet," Teal said.

An outstanding meal is being planned along with a top-notch program. The meal will be served at the tables—there will be no standing in line.

"Our plans are to complete the meal within a 30 to 40-minute period," Teal said.

Guest speaker will be Claude "Chena" Gilstrap, head coach at Arlington State College. One of the (See BANQUET, Page 8)

## Date of spelling Bee is March 22

The 11th annual Garza County Spelling Bee will be held at 2 p. m. Friday, March 22, in the district courtroom, County Supt. Dean A. Robinson, Bee chairman, announced today.

The winner of the Garza County event will be eligible to compete in the regional Bee in Lubbock on April 6, sponsored by the Lubbock Avalanche-Journal. The winner at Lubbock will be awarded a trip to Washington, D. C., to compete in the National Spelling Bee.

Post Junior High School will hold its elimination contest prior to the March 22 county Bee. Principal Glenn Whittenberg said,

Phil Foster is shown as he slowed to a walk after sprinting to the "finish line" at Main and Broadway to complete a 50-mile hike Sunday from just this side of Brownfield to Post. ## Youth walks, jogs to 'hike' success

"Vigh" and a West Texas sandstorm, featuring howling 60 miles per hour winds, don't mix too well. Out of the 17 Post high school hikers found out Sunday on the long road from Brownfield. But the 17th—Phil Foster, a 17-year-old Post high senior who recently moved here with his father

from Oklahoma City—didn't seem to mind at all.

Phil sprinted the last block of the 50 miles to the finish line at Broadway and Main intersection here behind a siren-blowing police car escort.

He covered the distance in 12 hours and 45 minutes, arriving at 5:45 p. m.

Phil jogged steadily away out in front, all afternoon, covering the final 25 miles in four hours and 45 minutes. He stayed with the student group through the morning and then pushed on by himself after a roadside lunch at Tahoka, the halfway point.

Foster said he was in condition because he used to carry a "paper route." He has had some track training too.

## The American Legion marches on

Forty-four years ago, come Friday, March 15, a handful of war-weary but victorious World War I fighters gathered at le Cirque de Paris in the French capital and associated themselves together "for God and Country" in what came to be the largest and most influential organization of war veterans in history.

Tomorrow, the American Legion will celebrate its 44th birthday with a 1963 enrollment which is running well ahead of 1962, in spite of the fact that death now claims about 55,000 Legionnaires (largely from among the WWI founders) each year. It is thus apparent that veterans of WWII and Korea continue to join at a rate that more than compensates for the Reaper's scythe.

The town of Post wasn't long in organizing its American Legion post after the organization was founded. In fact, the post here—James C. Cole Post No. 270—was organized early in 1920, so it is only about a year behind the parent organization when it comes to birthdays. The local post has been active ever since and today is well ahead of its membership quota. Here, as elsewhere, veterans of later wars are serving as officers, but the membership still includes a large number of WWI veterans, most of whom are fully as active in Legion affairs as their younger "buddies," who didn't come along as veterans until some 25 years later.

The central theme of the 1963 birthday in the thousands of posts in the 50 states, in Puerto Rico, the Virgin Islands, Guam, on American

bases and in various cities around the world will be an "American Legion Showcase" of the four programs to which the founders dedicated themselves so long ago. These are: Americanism, child welfare, rehabilitation and national security—goals that may never be completely attained, but which will be fought for and advanced by the Legion in war and in peace, so long as that body exists.

National Commander James E. Powers, who has endorsed the "Showcase" as an effective means of parading the continuing serious work and accomplishments of the Legion, has suggested also that there are eligible men and women in every community who have never joined the Legion, and that every post can make this anniversary memorable by inviting such people to membership.

We know there are some fine people in this community who are veterans and are not members, although it is not the local Legion post's fault. At nearly every function, particularly their annual Veterans Day dinner, they invite all veterans who are not members to attend and to give serious thought to becoming members.

We congratulate the American Legion and our own James C. Cole Post No. 270 on this occasion and share Commander Powers' conviction that none should be overlooked who can add further drive and enthusiasm and lustre to this enduring crusade for God and Country.—CD

## They should have used bicycles

A mile or two outside of Post on the Taboka highway Sunday afternoon were three teen-aged boys riding leisurely along on bicycles. Miles and miles further up the road toward Taboka were from 10 to 12 other youngsters trudging along on what started out to be a 50-mile hike to Post from just this side of Brownfield.

If walking fails, and we don't see much hope for it after checking the results of Sunday's hike, the good old bicycle can be depended on—as it has been since the gay nineties—to fill the fitness vacuum.

Today, as the Washington workers accept the fate of being more cerebral than pedestrian and admit the Bobby Kennedy hike is not for them,

cyclists at the University of Indiana are tuning up for their "Little 500," a bike race as celebrated in its way as the annual auto classic at Indianapolis—and one in which each member of dozens of relay teams pedals 50 miles.

On 20 other campuses, riders are training for the spring intercollegiate road races. Four colleges actually teach cycling as a full-scale course! And many high schools are following the collegiate lead.

All in all, it's just too bad 16 of those 17 fifty-milers tried to do it on foot. If they'd used their bikes they would probably have made it, had more fun and proved their fitness, too.—CD

## This Friday night and next

Two upcoming events that deserve our attention and patronage are the benefit basketball game this Friday night between Beta Sigma Phi sorority and the Lions Club, and the Post High School all-sports banquet Friday night, March 22.

You won't see much of an athletic contest at the benefit basketball game, but you'll have an evening of fun and entertainment watching the sorority girls and the Lions match prowess on the cage court, and the money you spend for a ticket will go for worthwhile causes.

The sorority's proceeds will go into their community disabled persons' fund. The proceeds going to the Lions Club will be used for its child welfare project—specifically eyeglasses and eye treatment for underprivileged children of the community.

The all-sports banquet, which will be a community-wide affair, will honor the members of this school year's boys and girls athletic teams. Tickets have been on sale the past few weeks

and the over-all success of the banquet will depend on the number sold.

The banquet promises to be the biggest all-sports event ever held to honor high school athletes here, and their success this year, especially that of the Post Antelope football team and the Post Doe basketball team, certainly deserves recognition by the entire community.

The school's athletic department and the 46-56 Club got the ball rolling on the banquet, but they point out that it is, actually a community-sponsored affair. If you haven't bought your banquet ticket yet, do so soon. They need to know how many will attend before they can complete the plans, such as where to hold it, etc.

Let's show the sorority and Lions Club members we're behind them on their community welfare projects, and then, a week later, let's show our high school athletes and their coaches that their efforts this year have been appreciated.—CD

## Fly kites safely for most fun

Kite-flying time once again brings a warning from utility companies—a warning that every youngster who flies a kite should heed.

The principal safety rules for flying kites are these: Don't cross streets or highways while flying kites. Don't fly a kite with metal in the frame or tail. Don't use tinsel string, wire or any twine with metal in it. Don't fly a kite over television or radio aeriols. Don't fly a kite near

electric power lines. Don't pull on the string or climb a power pole to loosen a snagged kite. Don't fly a kite in the rain.

Kites in the air—and there were a number of them up here over the weekend—are a beautiful sight, and it's a shame that such a pastime has to be spoiled by so many "don'ts". But all the "don'ts" are in the interest of safety and youngsters would do well to observe them.—CD

## What our contemporaries are saying

### ALL GOD'S CHILDREN GOT BONES

It has been astutely observed by one of this industry's keener minds that organization men are often one of three types: Jawboners, Wishboners, and Backboners.

Should you identify with one of these three handles, check our further elaborations on the behavior of said individuals and see if your diagnosis is sound.

The "Jawbone" type is distinguishable by his big mouth. Talk, talk, talk is his forte, though he sometimes resorts to the pen. Rarely does he say or do anything actually constructive.

The "Wishbone" type can be identified by strong tendencies to sympathize and agree to the question at hand. Like the Jawbone, he does nothing but derive self-satisfaction from whatever dilemma the group happens to be facing.

The "Backbone" type is that desirably vociferous fellow who follows through. Needless to say, he is the rarest of the three types.

Now that we pointed out a few things about the bone structure of the organization man, we hasten to return to less aphoristic endeavors, lest you turn your new-found knowledge upon us.—Motion Picture Exhibitor.

Money will buy all the friends in the world, but they're seldom worth the price.—Wendell

Tookey in The Floyd County Hesperian.

Maybe things are not so bad after all... a nickel will still buy a postage stamp.—Frank Hill in The Lynn County News.

No one has ever fed a horse enough corn to inspire him to laughter and clapping his hoofs, but on the other hand horses are able to evaluate the world without any outside influences.—Douglas Meador in Matador Tribune.

Most people favor anything which promises to return something for nothing or much for little.—The Oiney Enterprise.

Conceit is the strange malady which makes everyone sick except the one who has it.—James Roberts in The Andrews County News.

There are so many cigarette commercials on TV now that it's a wonder the set doesn't develop a cough.—Marvin Tomme in The Rails Banner.

An after-dinner speaker defines an Episcopalian as a Catholic who flunked Latin, and a Presbyterian as a Methodist who went to college.—H. M. Baggarly in The Tullia Herald.

SUNDAY, MARCH 17, is St. Patrick's Day. It isn't, however, a bank-closing holiday. In fact, very few people hereabouts even observe it. Those who do continue their observance to the wearing of a touch of green and dining on Irish stew—which is a pretty good observance most any day, if the stew is made right.

The man up the street says that at today's prices, it looks like the nickel has gone the way of the other buffaloes.

**FRIENDS OF Guy W. Nutt**, formerly of Post, will be glad to learn that he has received an outstanding rating for 1962 from the State Soil Conservation Service. Along with the rating, Guy received a cash award of \$300 under the provisions of the SCS's Incentive Awards Program. Guy was work unit conservationist for the Soil Conservation Service here in the late 1950's. He is now area conservationist at Amarillo with the SCS.

One of the frustrations associated with the walking fad now sweeping the country also works in reverse. Some of the walkers complain that they are pestered by well-meaning motorists who want to give them a lift. On the other hand, there no doubt are many walkers who'd like to get a lift, but are passed up by the motorist, who thinks the walker is walking for his health.

I HAVE A philosophical friend who thinks that's a good law in England that says a drunk can be arrested for singing. "Whiskey affects different persons in different ways," my friend says. Then he goes on: "Some get into a loving mood, some into a fighting mood, and others want to sing. The singing mood is the worst, and I had rather fight a drunk than listen to him sing. It's something awful. I honestly believe that a recording of a drunk singing, played back to him next day, would do more to put him on the water wagon than anything else."

A businessman in a nearby city, seeing several hundred women in town for various meetings, couldn't help wondering if the problems they solved at the meetings were as important as the ones caused by their being away from home.

SO MANY READERS enjoyed the logic puzzle I ran in this column a few months ago—the one about the Norwegian, the zebra, the Spaniard, etc.—that I can't resist running another one. This is a mild test of logic that nearly everyone can solve in good time. Philip Kaplan, in his book "Posers," allows 30 minutes.

Each of three men named Arthur, Ben and Charles has two of these occupations: Doctor, engineer, teacher, painter, writer and lawyer. No two men have the same occupation.

- 1) The doctor had lunch with the teacher.
- 2) The teacher and writer went fishing with Arthur.
- 3) The painter is related to the engineer.
- 4) The doctor hired the painter to do a job.
- 5) Ben lives next door to the writer.
- 6) Charles beat Ben and the painter at tennis.

Question: Which two occupations is each man engaged in? To be answered in next week's column. In the meantime, let me know how you make out.

You never know what you'll find when you start rummaging around. Ben Owen found something he prizes very highly the other day while he was at the old Owen Grocery on East Main having the property appraised. What Ben found was a large framed picture of himself and six of his brothers while they were all serving in World War II.

Ben said his mother had the picture framed and that he'd almost forgotten about it until he found it down at the grocery store his father used to run here.

It appears to me that there is an even bigger story here than the finding of the picture. Not many families furnished as many as seven sons to their country's service. Ben said there would have been eight of them, but William Owen, the oldest of the eight brothers, failed to pass his physical because of an old eye injury.

The seven Owen brothers who did serve were: Travis, now of Stanton; Allen, who lives near Tyler; Billy, now of Springfield, Mo.; George, who lives near Dallas; Robert and Gene, both of whom live in California, and Ben, of Post. Travis and Ben were in the Army, Billy, George and Robert in the Air Force, and Allen and Gene (better known as Buster) in the Navy.

The family also includes two sisters, Mrs. Sophia Lee Cotton of Boron, Calif., and Mrs. Mary Thedford of near Tyler.

The father, George Owen, retired a few years ago and closed his small grocery store here. He is now making his home with the daugh-

### KNOW YOUR NURSERYMAN

How many times have you purchased stock from a mail order house or roadside stand only to find later that the plants were inferior or misrepresented?

It happens all too frequently. Many times the plants fail to grow at all. If they do, the gardener may discover he has a weak, multiflora hedge rose instead of the American Beauty he was expecting—or perhaps a tree crippled with disease when he was entitled to healthy stock for the price paid.

For many years, legitimate nurserymen have suffered the consequences of these actions by unscrupulous operators. Reliable local dealers and out-of-state houses are eager and willing to cooperate with Texas officials in wiping out the fly-by-night firms which abuse the public trust.

One of the duties of the Texas Department of Agriculture with which few people are aware is the inspection and certification of nurseries operating within the state. The Department, under Commissioner John C. White, also checks with similar agencies in states from which dealers want to ship plants into Texas. When the firms and their nursery stock meet state specifications, a certificate is issued. There are over 6,000 state inspected nursery firms operating in Texas. Each one has been issued a license which certifies that the stock and grounds were free of disease or harmful insects. Each nursery is spot-checked periodically to make certain a high standard is maintained.

# Family health record can be of permanent value for many uses

Sooner or later, everyone needs a family health record. Dr. J. E. Percy, state health commissioner, suggests you start yours now if you aren't already keeping one. An accurate and current record is of permanent value for the children's school records, for insurance data, and for your family doctor's use, the health official says.

A school note pad makes a good record book, but don't use it for anything else. And remember it has to be carefully kept if it is to be of full value.

You can start by jotting down the basic information you already have at hand concerning the injury and illness history of each member of your family.

**START IT OFF with a brief listing** of family history. Enter the date and place of birth of each person, and the place and date and cause of death of any deceased. Also enter pertinent information and the medical facts about each

## Taxpayers ask about refund

"When will I get my refund?" is one of the most frequent tax questions, according to Ellis Campbell Jr., of Internal Revenue. He said that failure to receive a refund check is usually caused by illegible names or address.

It is permissible to sign your name at the bottom of the return the way you always sign your name, even if your signature is a hurried scrawl. At the top of the return, however, your name should be carefully printed. Your complete, current address should also be carefully printed along with your social security number. In other words, eliminate any doubt as to who you are and where you live.

Each year thousands of refund checks are returned to Internal Revenue offices because the postman cannot deliver them.

If the taxpayer has moved, he should show his new address to promptly receive refunds and other mail from Internal Revenue. If he moves after filing, a forwarding address should be left with the post office.

## Bill would exempt farm trucks from highway use tax

WASHINGTON, D. C.—Cong. Grant Purcell of Texas has introduced a bill in the House of Representatives which would exempt farm trucks from highway use tax.

Purcell said the tax ranged from \$1 to \$150 per year on trucks weighing over 13,000 pounds. It is the source of funds for the National highway construction program.

At present, all trucks, except those used by Federal, State and local governments, are subject to the tax.

Purcell said, "I do not believe it is the intended purpose of this act to place a further burden on farmers who must use trucks to haul their crops to town and haul supplies to the farm. I believe the act was intended," said Purcell, "to cover those commercial vehicles which haul for hire on our public highways."

Purcell continued, "Our farmers are enough economic problems these days without the additional burden of taxation on their trucks or the small amount of highway money involved. I sincerely hope the committee on Ways and Means will take quick and favorable action on this measure."

family member, such as the presence of chronic illness or physical handicap.

Next, start a section for dates of immunizations, being sure to provide space for each member of the family. Allow room for entering dates of immunizations against whooping cough, polio, smallpox, diphtheria, tetanus, and typhoid fever. Don't forget to include the dates of booster shots.

In a section of general information, list such things as the type of blood each member of the family has, and the drug sensitivities or special allergies of each. If the RH factor is known to be present in anyone, be sure to record it prominently.

**THE HEALTH record ought to include** a check list of who in the family has had the more common diseases of childhood—chicken pox, measles, mumps, whooping cough, scarlet fever, diphtheria. Most of these are diseases of childhood, but sometimes an adult is exposed. German measles is a serious threat to expectant mothers, and mumps is a dangerous disease in any adult.

Dates of physical examinations, with a line or two for notes of special advice or instructions that followed the check-up should be noted in the health record. So also should illnesses requiring hospitalization, listing the nature of illness or injury, name of physician and hospital, dates of entry and discharge, length of illness, and type of surgery, if any.

Finally, list the family's health and accident insurance information for quick and easy reference when needed.

## 2 safety conferences slated for Houston

AUSTIN—The 24th Annual Texas Safety Conference and Governor's Highway Safety Conference will be held March 31-April 3 at the Rice Hotel in Houston. Victor O. Shawgo of Amarillo, president of the Texas Safety Association, announced today.

"This year's meeting is slated to be the largest in the history of the conference," Shawgo said. "Over 40 sessions, consisting of open meetings, breakfasts, luncheons and banquet functions are to be held during the three-day affair sponsored by TSA."

Approximately 2,000 persons, including representatives of business and industry, schools and churches, and federal, state and local government agencies, are expected to attend.

## NEW PUBLICATION

"Stubble-Mulch Farming in Texas" is the title of a new Texas Agricultural Extension Service publication. Jack Barton, soil and water conservation specialist and D. G. Craig, field agronomist, Soil Conservation Service, are the authors. Copies of the publication are available from local county agents or from the Agricultural Information Office, College Station, Texas. Ask for MP-618.

## 4-H EXPERIENCE

The Texas delegates to National 4-H Club Conference, April 20-27, in Washington, D. C. have experience and abilities. They are Norman Warminski, Carson County; Willard Anders, Wharton County; Iris Kalich, Victoria County and GERALD SWANSON, Hidalgo County. They have a combined total of 41 years of 4-H membership and each has an outstanding record in leadership and achievement.

## REASSIGNED

Airman Basic Ira S. Pennell (above), son of Mr. and Mrs. Pete Pennell of Post, is being reassigned to Sheppard AFB, Tex., for technical training as a U. S. He is a 1958 graduate of Post High School.

## New 'Trail Blazer' signs will point the way to Texas Interstate highways

AUSTIN—Daniel Boone did it by hacking notches in trees to direct pioneers to the overland trails. The Texas Highway Department plans to do it by posting "Trail Blazer" signs pointing the way to the Interstate highways.

Mindful that many more miles are being completed on the Interstate Highway System each year, the Texas Highway Commission today announced a new service for the traveling public.

Trail Blazers will be erected at strategic locations to direct traffic to Interstate highways and other controlled access highways.

Whether you're visiting the State Fairgrounds in Dallas, the international airport at Houston, or the shopping districts of El Paso or San Antonio, finding the way through the streets of a strange city to the Interstate highways will no longer be a puzzle when the Trail Blazers are eventually erected.

Trail Blazer "assemblies" will

be erected at major places of public gatherings which often attract out-of-town traffic, such as the business districts, municipal airports, universities, auditoriums and fairgrounds.

From top to bottom, this is how a Trail Blazer assembly looks: A black-and-white sign marked with "To". A blue sign bearing the cardinal direction, such as north or south, when needed. A red-white-and-blue Interstate shield sign bearing the number of the Interstate route number. A black-and-white sign with an arrow pointing the direction.

A pole may bear only one assembly, or it may bear as many as three.

Traffic and engineering studies are made to determine where to erect the Trail Blazers. The Blazers may be erected on city streets which are designated or marked as part of the State Highway System; or by agreement, on county roads and city streets which are

## Dallas rally schedules missionary authority

DALLAS—The man who knows more about the world mission program of the Methodist Church than any other person will be featured speaker at the North Texas missionary rally to be held March 13 at First Methodist Church.

Dr. Eugene L. Smith, executive secretary of the World Division of the Board of Missions of the Methodist Church, will be keynote speaker for the rally. The announcement was made by Bishop Wm. C. Martin, presiding Methodist Bishop of the Dallas-Fort Worth Area; and Dr. Earl Hoggard, chairman of the Methodist North Texas Board of Missions.

not part of the State Highway System.

But no matter where they are located, the street or combination of streets which are selected as Trail Blazer routes will provide the shortest route in terms of travel time from a specific area to the Interstate highway or other controlled access highways.

## FOR INSULATION BOARDS

The U. S. Department of Agriculture has announced that a derivative of cereal grain, zinc-xanthate, can be used to make premium grade insulation board. Boards containing 10 per cent of the derivative were lighter and

The H. M. Wrights noticed immediately how the floors in their electrically-heated home are warm — and how the same, even temperature prevails all over the house. Mr. Wright especially likes this because it lets him get right down to grandson Brooks' level — right on the floor where babies traditionally like to

play. And, Mr. Wright has the assurance that the warm floor will help baby Brooks stay happy and healthy. You, too, can have the benefit of modern electric heating whether you're planning a new home or remodeling your existing home. There is a type of electric heating that will fit your planning.

## 30 cent tax rate set in Precinct 1

The Garza County Commissioners Court has set a 30 cents per \$100 valuation tax rate for Precinct 1 to retire principal and interest of the \$85,000 bond issue to buy right-of-way to four-lane US-84 northwest of Post to the county line.  
 The action was the only major item of business, outside of routine bill paying, at the court's March session Monday.  
 Judge J. E. Parker said today the court will hold a special meeting Friday with bond representatives to work out details for the issuance of the \$85,000 in bonds.

## Tea honors Mrs. Barton for her outstanding HD record

Mrs. W. H. Barton was honored at a farewell tea Wednesday afternoon for her outstanding work with the Garza County Home Demonstration Council and the Barnum Springs HD Club.

Mrs. Barton has been an active member in HD work for 40 years. She has been a member of the Barnum Springs Club for 16 years, and has served as a representative and has served on the council for 16 years. Among some of her leadership activities are: Chairman of the Garza County Fair; council chairman; club president, THDA; and has attended district and state meetings many times.

Mrs. Leta Smith, county HD agent, made this remark: "Mrs. Barton, through her outstanding leadership has guided many club members and aided many HD agents in performing their work in this county."

Mr. and Mrs. Barton will leave the end of the month for McCaulley in Fisher County, which is their former home. Mr. Barton is retiring from farming.

The tea was held at the home of Mrs. Smith, 802 West 4th St., with guests including Mrs. Barton's Sunday School classes, Marys and

Marthas of the First Methodist Church, friends and members of all the HD clubs, calling between the hours of 2 and 4 o'clock.

The serving table was laid with an aqua linen cloth and centered with an arrangement of white chrysanthemums. Silver and crystal appointments were used. Coffee, tea, sandwiches, sugared pecans and cookies were served.

Serving as hostesses were: Meses, W. D. Williams, Theibert McBride, Carter White, Elmo Bush, Waggoner Johnson, W. C. Ryan, Velma Long, Bud Schlehuber, Max Chaffin, Maurice Fluitt, A. A. Ritchie, Leo Cobb, Howard Kolb and Laverne Lee.

KAREN ANN POTTS

## Miss Potts will wed Mr. Davis

Mr. and Mrs. Glenn Potts are announcing the forthcoming marriage of their daughter, Miss Karen Ann Potts, to Donald Edward Davis, son of Mr. and Mrs. J. C. Beavers of Breckenridge.

The wedding is planned for March 29 in the home of the prospective bridegroom's brother and sister-in-law, Mr. and Mrs. Charlie Davis, in Anson.

Miss Potts, a 1960 graduate of Post High School, is employed at the First National Bank.

Mr. Davis is a 1959 graduate of Stamford High School and a senior at McMurry College in Abilene. The couple will reside in Abilene after their marriage until August when they will leave for San Francisco where Mr. Davis will play pro football for the San Francisco 49'ers.

## District president and guest speaker at Music Club meet

The Post Music Club, National Federation of Music Clubs, entertained with a dinner meeting Monday night in Fellowship Hall of the First Christian Church.

Mrs. Tom Sappington of Leveland, district president, was a special guest, along with the guest speaker and his wife, Mr. and Mrs. Carol Hickey of Lubbock Christian College.

Mr. Hickey, who is in the speech department of LCC presented a resume of the Broadway musical, "The Sound of Music" using recordings from the original show.

The program was held in the Ladies' parlor. Mrs. Ronnie Bouchier presided at the meeting due to the absence of Mrs. Garland Huddleston, president.

The tables were strewn with pastel roses and a cleft with notes was featured on the wall behind the head table. The ladies of the church served the dinner, wearing aprons decorated with musical notes.

Those attending besides the special guests were:

Mmes. Bouchier, Ronald Babb, Bill Bennett, Ed Herring, Tillman Jones, Derl Lovell, O. V. McMahon, Glenn Norman, Boo Olson, Ed Sawyers, Lillian Tizard, W. M. Kirkpatrick, C. I. Dickinson and Miss Maxine Durrett.

Mrs. Glenn Norman will be hostess for the April 8 meeting in her rural home six miles west of Graham.

## It's My Turn ...

—By MRS. C.

The spirit was willing but the flesh was weak—that is in every case but one.

Post has a new hero this week. Sixteen teen-agers can vouch for him unanimously. Of whom am I speaking? No other than Phil Foster who was just "a little bit better" and is the "vigah champion" of Post.

Seventeen brave and enthusiastic teen-agers gathered in the middle of Osage Avenue at the ungodly hour of 3:35 a. m. Sunday to be dumped out 50 miles from home a short distance from the city limits of Brownfield.

A mighty cold wind was blowing out in the middle of nowhere and mittens were rapidly made into ear muffs and socks into gloves. A big debt of gratitude is owed to the truck drivers of the big jobs. They not only blew their horns in salute but their warm exhaust felt delightfully warm to those numb hikers.

Most of them were eagerly looking forward to watching to the sunrise. But they got cheated there, too—just all of a sudden it was daylight.

James Mitchell (the father—not to be confused with James Mitchell the son) and the Cs headed back to Post about 7 after a long coffee break in Brownfield. Martin Nichols stayed behind to ride herd on the "vigah kids"—a job he continued till the last dog (excuse me, James, David and Tom) decided that was that.

I offered a silent prayer at church for all of them out on that bleak, scenery-minus highway but it didn't occur to me to pray for "not a sand storm." By the time several sets of parents arrived in Taboka at 12:30 the first group had arrived and a more pathetic dirty bunch of sore-footed kids we had never seen.

The kids were "Coked" and fed all down the line. Blisters and calluses were treated, advice was passed out freely, and they were on their way.

The "moment of truth" started with every one of them at this point. Some called it quits and some staggered on out into that sand swept desolate highway.

No one need bow their head about stopping. They were probably the only 50-milers still trying to go strong after the storm hit.

Our youngest Miss C had commented a few days before the big walk after she and her sister had

UPW Circle 1 meets in Dickinson home

Circle 1 of the United Presbyterian Women met in the home of Mrs. C. I. Dickinson Monday afternoon at 2 o'clock.

Mrs. David Newby gave the study chapter from the book, "One God, One People."

A coffee hour was enjoyed by the group after the program.

Attending were Meses Shelley Camp, Giles McCrav, Tom Power, Mary Alice Mitchell, and Walter Boren.

Community Club at Close City to meet

The Close City Community Club will meet again Saturday night, March 16, at 7 o'clock at the school house.

Each family is asked to bring weiners and buns and pie for their families and guests.

Visitors are welcome and all the Close City folks are urged to attend.

trekked out on the Lubbock highway for a training session that if they didn't make it she would know the reason why. The reason: Everyone was so friendly what with honking and waving, she was sure that their arm would fall off long before their feet and legs gave out. She was wrong if only for the reason that they stopped waving after the sand hit because they couldn't see who or what they were waving at.

By the way, all those walkers really appreciated the many people that drove out from Post to lend support. That pavement was awfully busy between here and there so guess the filling stations had a busy and lucrative day.

The six that made it to the filling station and combination grocery store between Taboka and the Central Baptist Church owe a special thanks to the Joneses for a real stop there that involved rebandaging a few feet and leaving a huge pile of pure old dirt in the middle of the floor. That was good old West Texas hospitality at its best.

My only regret of the day was not getting to see that Oklahoma whiz, Phil Foster, round the corner of 8th and Main and sprint to the finish line. He was such a joy to watch as he jogged that long 25 miles home. Every time we checked to see if he needed anything, there he was effortlessly jogging down that long, long, road.

It's not quite 9 p. m. Monday but Mrs. C is hitting the sack. Those kids just plain wore me out watching them. My feet hurt in pure sympathy and my arms are now ready to fall off. Not from waving—just rubbing tired aching muscles, which is all the Misses Cs have left.

## Brown-Cook vows read at Wilson

Double ring wedding vows for Carol Elaine Brown and Richard David Cook were read in St. John's Lutheran Church at Wilson at 8 o'clock last Friday night.

The Rev. J. Onda, pastor of the church, officiated at the ceremony. Parents of the couple are Mrs. Harvella Mason, and Mr. and Mrs. John H. Cook.

Mr. Cook will graduate from Post High School this spring. The couple are residing at 515 West 5th St.

## Mrs. Nichols is hostess to Mystic Sewing Club

The Mystic Sewing Club met in the home of Mrs. Lester Nichols last Friday.

A pleasant afternoon of sewing and visiting was enjoyed by Meses Lillie Short, Eva Bailey, Jimmie Hudman, Thelma Kuykendall, Winnie Henderson, Cecil Gray, Aylene Runkles, Lucy King and Miss Henrietta Nichols.

Refreshments of open-faced sandwiches, nuts, cake topped with whipped cream, Cokes and coffee were served.

Mrs. Short will be hostess for the next meeting in her home March 15.

## Western scenes natural favorites of March's 'Artist of the Month'

By JUANICE ROBINSON

Born a partner of the wind and sun, Evelyn Neff, artist of the month, has been riding horses and roping cattle all of her life.

At the age of 68 she still helps with the annual round-up on her ranches and neighboring ranches. Given a work that is open to the sky, Mrs. Neff has developed a keen sense of appreciation for the honesty of a faithful horse and the natural habits of cattle. Cutting cows and calves is a skill she has which not all cowhands possess.

"Ranching has changed since it began so long ago," said Mrs. Neff. "We feed our cattle and do many things driving a jeep instead of riding a horse."

In 1913, Mrs. Neff became the bride of the late Morris Neff, a cowboy on the OS Ranch. Immediately after their marriage they moved to the Double U Ranch. As a young girl, Mrs. Neff rode a side-saddle, wearing a long riding skirt. Two weeks after her marriage, her husband presented her with a western saddle. She still rides the side-saddle in rodeo parades, however.

Together, the Neffs rode the range, tending cattle, building fences, and making many improvements on the various ranches where they lived. "Ranching is a hard life in some ways, but we didn't ask for a life that was soft and high," remarked Mrs. Neff.

From Texline to Trinidad, Colo., Mr. and Mrs. Neff and Sam Neff, brother of Morris, drove a herd of cattle for 30 days to ranch where they were to live. Rain belted them

furiously at times, the wind and dirt blew in a high gale, and once they encountered a blizzard. Snow covered the cattle which were bedded down for the night. Morris covered his wife with his bedding, a tarp, saddles, saddle blankets and bridles in order to keep her warm. Then he went out to snuggle among the cattle for warmth. Sam Morris slept under the wagon.

A colt, a cow, and two yearlings froze to death that night. One mare kept her colt walking all night to prevent it from freezing.

High on a hill, out where creation stands as it did when it was finished, is the white ranch house located five miles east of Post where Mrs. Neff resides. In this house is the evidence of her artistic ability. The memories of her cowboy husband who had a heart as big and open as the plains still kindle the warmth there. Her son, Ed, was brought there as a teenager.

Mrs. Neff did her first painting in pastels in 1930 and did not paint again until she became a member of the Post Art Guild. She served as treasurer for three years.

As "Artist of the Month," she is exhibiting her paintings in Maxine's during March. Her original is being shown in the Southwestern Public Service Co. building. The objects in the picture were things owned by her husband.

Mrs. Neff prefers oils but uses some pastels. Most of her paintings are western scenes. Charles Russell, a western artist, is her favorite. Her son, Edward, makes her

## Past Matrons of Post, Southland conduct meeting

The Past Matrons Club of Post and Southland met Monday night in the home of Mrs. Sam Martin in Southland with Mrs. Jack Myers as co-hostess.

Mrs. Edsel Cross and Mrs. C. R. Thaxton were in charge of the program honoring the retiring Worth Matrons of the Order of Eastern Star who will be incoming members of the Past Matrons Club. Mrs. Thelma Burkett of the Southland OES was presented a gift. Mrs. Lucille Morris of the Post OES was unable to attend.

Plans were made to honor the retiring club officers when they meet at a later date. Mrs. Noah Stone, Mrs. Cross and Mrs. O. H. Hoover will be hostesses for the meeting.

Mrs. Martin and Mrs. Myers served chicken and cheese sandwiches, pickles, potato chips, cookies, coffee and Cokes to the following:

Mmes. Thaxton, Cross, Kenneth Davies, Jay Oats, Donald Pennell, Burkett, Elmer Hitt, Hub Haire, and Miss Henrietta Nichols.

## Hints on sewing are given club

The Close City Home Demonstration Club met March 5 in the school lunchroom with Mrs. Lola Peel as hostess.

Roll call was answered with "My Favorite Color".

During the business session the club meeting time was changed from 2:30 to 2 p. m.

Mrs. Ruth Pate gave a ten-minute demonstration on sewing hints. Mrs. Marietta Pruitt gave the program on "Sewing Today's Fabrics."

Those attending were: Mrs. John Nelson, Mrs. Mozelle Bartlett, Mrs. Pate, Mrs. Inez Ritchie, Mrs. Pruitt, Mrs. Hooter Terry, and the hostess.

Mrs. Alva Heiskell will be hostess for the March 19 meeting at the lunchroom.

### LENTEEN STUDY

The Rev. Ed Herring, minister of the First Presbyterian Church, is conducting a series of Lenten services each Tuesday night at 7:30 in the McCrary playhouse. The third lesson on "The Meaning of Christ" by Robert Johnson will be presented next week.

## Barbara Hahn becomes bride of Larry Williams March 7

Mr. and Mrs. Billy Hahn, 413 West 4th St., are announcing the marriage of their daughter, Miss Barbara Hahn, to Larry Williams, son of Mr. and Mrs. Joe Williams, 106 West 10th St.

The marriage took place March 7.

Mrs. Williams was a student in Post High School. Mr. Williams graduated from Post High School in 1962 and is employed with the highway department in Lubbock.

The newly married couple are making their home at 1707B, 9th St., Lubbock.

## Car decorations win 2nd place

The group of youths from the Church of the Nazarene won second place for car decorations in the motorcade trip made to Bethany, Okla., last Thursday. The prize was a chicken dinner.

The teen-agers enjoyed their visit to the campus of the Nazarene College campus and several plan on returning next year.

Mrs. Ruth Bennett and those riding with her, Diana Pruitt, Charles Allen and Linda Davis, were guests in the home of Dr. Anna Bell Laughbaum, an English professor at the college, Friday night. Dr. Laughbaum is a former professor of Mrs. Bennett's. They all enjoyed a sight-seeing trip into Oklahoma City Friday night.

## Girls basketball team goes on weiner roast

The Post Does basketball team took advantage of last Friday's vacation from school and enjoyed a weiner roast in the river bed.

After the "cook-out" the girls went to the Lowell Short home for a slumber party.

Those attending were: Janie Carradine, Mary Ann Williams, Ann Pennington, Dee Ann Walker, Cheryl Martin, Pam Stewart, Vivian McWhirt and Janith Short.

## Former residents are guests in home here

Mr. and Mrs. Brack Little, former Post residents now living in Lubbock, were Sunday guests of Mrs. W. R. Graeber.

Mrs. Graeber invited other friends of the Littles in for coffee and visiting in the afternoon.

Friends will be interested in knowing that Mrs. Little, who has taught china painting for several years, recently published a book entitled "Painting China for Pleasure and Profit."

## Presbyterian women to honor bride-elect

The United Presbyterian Women will meet Thursday morning, March 21, at 9:30 o'clock in the home of Mrs. A. C. Surman to honor Miss Mary Louise McCrary, bride-elect of Karl Randolph Geiger.

Hostesses for the occasion will be Mrs. Walter Boren, Mrs. B. J. Boren of Lamesa and Mrs. Surman.

### EXTENDED VISIT

Here for an extended with her mother, Mrs. Winnie Tuffing, is Mrs. L. C. Kline and children, Clark and Vicki. They have been living in Gander, Newfoundland, for the past year and will remain in Post for a few months as Mr. Kline, who is in the Air Force, will be in Winnipeg, Canada, for awhile.

## INVITATION EXTENDED

Friends and relatives are invited to attend an open house from 1 to 4 o'clock Saturday, March 23, at the home of Mr. and Mrs. W. W. Guthrie, 413 1/2 North Ave. H, Post, on the occasion of their Golden Wedding Anniversary.

## 'Texas Heritage' is program at meeting of Culture Club

The Woman's Culture Club met March 6 at 3 o'clock in the afternoon in the home of Mrs. James Minor with Mrs. Bruce Evans as co-hostess.

After reciting the club collect and during the business meeting, the members voted to contribute individually to "Action for Arthritis," a general federation project.

"Texas Heritage" was the program theme for the meeting with Mrs. R. T. Smith, Texas Heritage chairman, giving sketches of Texas' early heritage.

Mrs. Tillman Jones played the state song and Miss Maxine Durrett led the group in singing.

Miss Durrett discussed "Latin Americans in Texas," telling of the importance of Texas in Latin American relations. She told that the first book written about Texas was in Spanish.

Mrs. Jones, State Board of Historical Tours Department of Texas Heritage member, gave highlights of important places in Texas and

urged each member to take such tours this summer.

Members present were: Meses, J. H. Haire, C. I. Dickinson, Louie Burkes, Jones, Homer J. Irons, Robert Sinner, Smith, E. S. Stewart, J. S. Store, C. R. Thaxton, E. A. Warren and Miss Durrett.

Plans are being made to tour the museum at Texas Tech for the next meeting, March 20.

Before the mountains were brought forth  
Or ever Thou hadst formed  
The earth and the world,  
Even from everlasting to everlasting,  
Thou art God!

(Psalm 90:2)

Is it odd to find these twenty-four words here in your newspaper? But here they are . . . centuries old, out of the enthralled mind of a man who looked at a mountain, at the rugged earth and the vast sky above, at time, at eternity.

Do his words belong among the headlines and datelines, the terse reports of earth-shaking events? Should they compete for our attention with all the goods and services we'd like to buy?

Well this man made a remarkable discovery: he did not simply arrive at the fact of Divine creation. Nor did he merely proclaim the existence and endless reign of God. He spoke to God! He knew Him!

Have our headlines yet reported a greater discovery?

OFFICE HAS ORDER CARDS

## 1963 Official Highway Travel Map of Texas available for the asking

The strikingly colorful edition of the Official Highway Map of Texas is ready for ordering.

Designed to show Texan and tourists alike how to discover the Lone Star's vacation "fun-tier," the Texas Highway Department has made this map available to the public. It may be obtained by writing to the Texas Highway Department, Texas Highway Department, State Division, Austin. It is also available at the 25 highway district offices and eight Tourist Bureaus operated by the department. County offices have special cards for ordering copies of the map.

Within the year, 750,000 or more of the free maps depicting Texas delights in vivid full-color photographs will find their way to glove compartments all over the United States—and the world.

Keyed to the swelling Texas tourist industry—up 14 per cent in visitor volume last year—the new travel map urges users to "Discover Texas—Today's Fun Tier." The map and its "fun-tier" theme are links in a promotional package of publications and other materials aimed at enhancing the image of Texas as a vacation paradise.

Purpose of the map is to stimulate travel in Texas by both Texans and visitors, and to make it easier for motorists to get from place to place. Scenic and cultural diversification of Texas is captured in a message by Governor John Connally urging prospective visitors to "visit our historical sites, vacation playgrounds, inland lakes and Gulf Coast beaches—our mountains, plains and piney woods—our cities and towns. The Texas Highway Department will be happy to provide you with any information

you may need for your visit."

Eighteen full-color photographs illustrate the Governor's description of Texas' varied vacationlands. Depicting activities ranging from big-league baseball to bass fishing, the photographic cross section and easy-to-read map comprise a useful showpiece of the many splendors of Texas.

The 28 x 36-inch map shows that highways have been growing with Texas and contributing to the growth of its tourist industry. Multi-laned divided highway miles now completed and indicated on the new map total 2,808 miles.

Nearly 50,000 miles of highways are shown on the current map. Some 22,000 miles of Farm and Ranch to Market roads are shown and all Interstate, U. S. and State highways are indicated. Located in the new map are 854 Roadside Safety Rest Areas.

The 1963 map lists 1,837 towns and cities. Major routes in the state's twelve largest cities (over 100,000 population) are shown in inset maps. Cities covered: Amarillo, Austin, Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Houston, Lubbock, San Antonio, Waco and Wichita Falls. Elevations and population symbols are also given for cities.

**Retail Merchants talk on credit collections**

Robert Cox led a discussion on collection of past due small accounts at the Retail Merchants Association credit luncheon at Levi's Restaurant last Thursday.

Members decided to work up a credit policy statement applicable if possible for all merchants for distribution to credit accounts.

### DEPARTMENT OF PUBLIC SAFETY REPORTS

## Major crime in Texas last year outstripped population increase

AUSTIN—Major crime in Texas continued its upward spiral in 1962, outstripping the population increase as an average of one offense was committed every two and one-half minutes.

Col. Homer Garrison Jr., director of the Department of Public Safety, reported that crime jumped 6.6 per cent in 1962 over 1961, with the crime of auto theft showing the largest increase of 10.5 per cent.

Garrison said the 1962 figures represent an overall increase in crime in Texas of about 71 per cent since 1955.

"The crime rate per 100,000 population increased from 2,122.0 in 1961 to 2,261.5 in 1962, confirming once again the alarming trend that set in after World War II," he said.

The official crime report shows that murder was down 8.5 per cent, rape decreased 8.2 per cent, robbery

dropped 2.1 per cent, while burglary increased 4.9 per cent, aggravated assault 6.4 per cent, theft 7.4 per cent, and auto theft 10.5 per cent.

In urban areas, there was an increase in major crime of 8.4 per cent, offset by a 3.9 per cent in rural areas.

By population groups, the greatest increase was 14.7 per cent in cities between 50,000 and 100,000, while the largest decrease was 15.5 per cent in counties with under five rural population per square mile.

Garrison said there was an 11.8 per cent increase in 1956, a 9.2 per cent increase 1957, a 9.3 per cent increase in 1958, a 3.9 per cent increase in 1959, a 13.1 per cent increase in 1960, and a 2.2 per cent increase in 1961.

"The 1962 figures, according to our statistical services section, mean that on the average, there was one major crime every 2½ minutes, one murder every 9 hours, one rape every 7½ hours, one robbery every 3 hours, one burglary every 9¼ minutes, one aggravated assault every 40½ minutes, one theft every 4 minutes, and one auto theft every 32 minutes," Garrison said.

"Overall there were an estimated 216,650 offenses in 1962, which compares with only 126,791 in 1955."

## Results slow on damage done by Golden Eagles

Sen. John Tower (R. Tex.) was informed by the Department of the Interior today that it will be "several months" before results are available on a study of damage done by the Golden Eagle to newborn sheep and goats in the Southwest.

Tower has asked for a copy of the report when it becomes available.

The Department ordered hearings in Texas on a regulation issued by Secretary of the Interior Stewart Udall that prohibited the shooting of Golden Eagles from airplanes. Ranchers contend that the Golden Eagle is destructive to small lambs and kids, and that hunting them from airplanes is the only effective method of control.

The Department's letter to Tower, signed by Abram V. Tunison, acting director of the fish and wildlife service, said the study of damage done by the Golden Eagle "will continue through the current depredation and lambing period in the Southwest."

"It will be several months," the letter said, "before the results are available."

**Negroes at Spur seek more law protection**

SPUR—More police protection in the Negro community at Spur is being sought by the Negro Citizens Council there following a recent shooting in which a 44-year-old man was killed.

Two representatives of the Negro Citizens Council met last week with the Spur city council and asked that more police protection be provided.

The city council's answer was that the Negro population would have to cooperate with local law enforcement officers if the situation was to be cleared up.

**HEADS CHURCH CENTER**  
CANYON — David McCampbell, freshman student from Post, has been elected president of the Christian-Presbyterian Church Center for the spring semester at West Texas State College. David is the son of Mr. and Mrs. Howard McCampbell.

**Southland soldier is in medical company**

FORT CHAFFEE, Ark. (AHTNC) — Army Pvt. Jimmy Lancaster, son of Earl C. Lancaster, Route 2, Post, Tex., recently was assigned to the 418th Medical Company at Fort Chaffee, Ark.

Lancaster, an ambulance orderly in the company, entered the Army in September 1962 and completed basic training at Fort Polk, La.

The 18-year-old soldier is a 1962 graduate of Southland High School.

The U. S. owns almost 50 per cent of the world's wealth.

**CONFERENCE SLATED**

The ninth annual Grain Drying and Storage Conference will be held March 14-15 in the Student Union Building on the campus of Texas Tech. The program will feature several panel discussions of problems and subjects of vital importance to grain handlers and elevator operators.

Daytona is no "private" test arranged by a manufacturer to favor his car's strong points. It is open competition—anyone can enter—and the one thing that is proved by its searing 500 miles is just exactly how well a car hangs together. At Daytona, Florida, on February 24, five brand-new 1963½ Fords showed the world what durability means by sweeping the first five places. And that has never been equaled in Daytona history!

The box score at the left tells the true story... car endurance that takes brutal punishment and comes back for more.

No proving ground can equal this kind of torture. Daytona was a challenge we welcomed, a chance to prove in open competition the essential durability that makes possible the silence, the solid road grip, the ease of control, the balanced braking... and

all the other things that go into Ford's concept of total performance.

These were the same '63½ Super Torque Fords that made styling history at their preview at Monaco, and which were recently announced at your Ford Dealer's. They're yours now; get behind the wheel and find out for yourself what total performance means!

## Bank Gets Commerce "E" Award

CHICAGO, ILL.—Fleming Kolby, right, vice president of Central National Bank, accepts the Department of Commerce "E" Award from Secretary of Commerce Luther H. Hodges in a ceremony Tuesday, January 22, here. Mr. Hodges praised Central National for efforts on behalf of exports by Cleveland and Ohio firms. The selection of CNB was by an Awards Committee which includes representatives of the Departments of Commerce, Labor, Interior and Agriculture, the Small Business Administration, and other government agencies. Mr. Kolby is head of Central's International Division. Central National started a special effort two years ago to get more of Ohio's manufacturers into export business, even though Ohio already has the nation's largest number of manufacturers in export trade — almost 800. It worked with more than 200 banks and business firms overseas and more than 600 manufacturers in Ohio to provide information on trade potentials. The bank cooperated with the Export Expansion Program and also conducted a series of luncheon meetings for Ohio businessmen at which it brought in speakers to explain the various facets of foreign trade, overseas shipping and finance.

 Monday night's meeting, the trustees signed a "best efforts" agreement with a bonding company, represented by Harold Kenyon, for a study of advanced refunding of school district bond issues.

Kenyon explained that the agreement does not obligate the school district in any way. It calls for a study of bond refunding by the company that, if acceptable, would save the district considerably money in interest costs, according to Kenyon.

Mr. and Mrs. Sanford have two sons, Dave, 4, and Kirby 2. They reside at 1014 Camden Circle.

Sanford said the staff for KUKO will remain unchanged except for the addition of Dan Dougherty, radio engineer who has moved to Post from Tucumcari, N. M.

Cronshaw, who was vice president and general manager of KUKO before its sale, announced that he already has obtained an FCC construction permit to build a new 1,000 watt station, KCLR, at Ralls.

He will be associated in ownership of the new Ralls station by Galen Gilbert of Tahlequah, Okla., his partner in KUKO here, and Darrell Willis, former staff member of KUKO who has been living in Ralls for some time in anticipation of the station's going on the air.

Cronshaw said his family will continue to live in Post until the completion of the spring school term, before moving to Ralls.

## Lions forego meeting to practice basketball

Members of the Post Lions Club practiced basketball Tuesday night during the time usually allotted to their once-a-week meeting.

## Post choir gets No. 2 ratings

The Post High School girls' choir and mixed choir received Division II ratings in both concert and sight reading at the Texas Interscholastic League contest held Saturday at Texas Tech in Lubbock.

Teddy Scott of Post received a Division II rating in student conducting.

Division II ratings are classified as excellent, topped only by Division I ratings of superior.

Other Class AA school choirs and their ratings were as follows:

Morton — Mixed choir I; sight reading III.

Stalon — Girls' choir II; sight reading III.

Floydada — Girls' choir concert III; sight reading IV.

Lockney — Girls' choir III; sight reading IV.

Dimmitt — Mixed choir IV; sight reading II.

## Postings —

In the meantime, Dave has spent his time getting acquainted around town and getting in his lawn at his new home in Ridgefield Addition. He has lots of big plans for the station which will be announced in due course. Welcome to Post, Dave!

You'll note over on page 12 that next Thursday will be John Deere Day here in Post with the Shytiles Implement Co. entertaining area farm families with a big free dinner and a program of both educational and entertaining movies at Powell Shytiles' tractor house. The annual event will get under way at 4:30 with the feed and Powell is hoping for a big turnout. Remember, next Thursday night, March 21.

This is Girl Scout Week and a fitting time to salute all Garza Girl Scouts and their many leaders who have a revitalized scouting program under way in the county which is reaching more and more eligible girls each year.

## \$3,751 award for damaged cotton

Dale Cravy, Garza farmer, was awarded \$3,751.00 in damages by a district court jury here last Friday afternoon in his \$12,500 damage suit against Wesley Lewis, a Pampa, Tex., aerial sprayer.

The jury, returning its verdict after three hours and 45 minutes deliberations, found that Lewis' equipment in applying insecticides to the plaintiff's cotton was contaminated with herbicides, due to Lewis' negligence, and that this was the proximate cause of damage to Cravy's 183 acres of cotton.

The spraying took place Aug. 14, 1962, on average 19 miles northwest of Post.

In making its award, the jury found the \$3,751.00 was the difference between what Cravy sold his cotton for and what it would have sold for had it not been damaged in the spraying.

The suit required three days to hear before District Judge Fruit Smith.

They started hiking at 3 a. m. Almost all of them reached the halfway point at Tahoka, after the sandstorm hit. The final six—not counting Foster—dropped out after walking 32 to 33 miles.

Those making the hike, besides Foster, were David Nichols, James Mitchell, Tom Clark, Dee Ann Walker, Susan Cornish, Chris Cornish, Pete Dodson, Johnny Tom Blibbery, Susie Jo Schmidt, Meredith Newby, Susanne Krause, Cheri Moore, Carol Camp, Marilyn Minor, Bobby Roach and Ronald Talant.

Several of the boys are talking about plans for a "second vigan effort" in another ten days. If it comes off, it probably will be a much smaller group participating.

Despite the sandstorm, lots of Post folks drove out Sunday afternoon to see the hikers.

## 'Abyssinian cat' is real stumper

**By Patsy Pierce**  
Some of the 7th graders have been asked this word and the meaning of the word. The word is Abyssinian cat.

Here are some of the answers:  
Kay Litton — A white cat.  
Brenda Clemmons — A missing cat.  
Jannie Hall — A grown cat.  
Judy Huff — A sick cat.  
Mary Eubank — Something wild.  
Reba Hair — Tiger.  
Brenda Mason — Just a cat.  
Natha Jo Mears — Abyssinian cat. What else would it mean?  
Zelika Freeman — A big fat pussy cat.  
Mrs. Allsup — A cat from Abyssinia.  
Ronnie Nichols — A mean cat.  
An Abyssinian cat is a cat of a domestic variety of African origin, having a slender body and soft, short, brown or silvery fur with a darker stripe extending down the back.

**A PARTY GAME**  
**By Brenda Lee**  
The fun in this game can easily be imagined. It being a popular fiction that no woman can sharpen a pencil as it should be sharpened, the ladies themselves are assigned to the work of sharpening pencils. The young men are detailed to thread needles. Five minutes is the time limit in either case. At the end of this time the gentleman who has threaded the largest number of needles is said to have won in this particular contest. He receives a point toward the final prize. The work of the ladies is examined and announced. The lucky woman who has sharpened the neatest and best pencil receives a point toward the ladies' prize, to be awarded at the close of the party.

## This 'n' That

The Future Farmers of America will have entries in the Lubbock Stock Show, March 16 through 20.

The Typing II class is still typing problems from their workbooks. On time tests they are expected to get 50 words with less than three errors.

The English IV classes are diagramming sentences that contain adjective and noun clauses.

Ann Pennington, Janith Short, Raymond Shaw and Marianne Jones are leading the Bookkeeping classes. They are working on the Burton Hardware Practice Set.

Mr. and Mrs. D. E. Shields and Douglas from Lamesa visited Mrs. G. E. Fleming.

Sunday, March 10, a group of students from Post High started out on a 50-mile hike. They were going to walk from Brownfield to Post. Those walking and their mileage were:

Phil Foster — 50 miles  
David Nichols — 35 miles  
James Mitchell — 35 miles  
Tom Clark — 35 miles  
Dee Ann Walker — 34 miles  
Susan Cornish — 34 miles

## Larger cities in U. S. observe St. Patrick's Day; also in Rome

**By Sue Gilmore**

St. Patrick's Day is on March 17. Today in Ireland as in years gone by there can be seen on St. Patrick's Day picturesque old women selling the three-leafed trefoil. On this day it is customary for the rich to give to the poor.

St. Patrick's Day has been observed in New York City since 1762. The celebrations staged by the Irish in the cities of New York, Chicago, San Francisco and Boston exceed those of good old Dublin. In the city of Rome, St. Patrick's Day takes on a different kind of observance. In the 365 churches there, the day is celebrated with much pomp and ceremony in a truly commemorative manner. As this church service seems to be the only observance of its kind in St. Patrick's honor, perhaps it is the sort of good saint would have liked best of all,—remembering the

## Post High entered in one-act play contest

Mr. Carlyle, speech director at Post High, and Lin Allyn Cox, Linda McMahon, Cheri Moore, Jimmy Wells, Kenneth Barnes and Teddy Scott are working on their one-act play to be presented at the Inter-scholastic League Contest, March 28, in Spur. The play is a drama and its title is "Mooncalf Mugford".

## JUNIOR HIGH EDITORIAL

### WHAT ARE FRIENDS?

Friends, to me, are the most important elements in a person's life. Without friends, you are lonely and sometimes really alone. A friend is nice to have around because you enjoy each other's company and you usually just enjoy being together.

If you make new friends often, don't neglect your other friends. Some people think that their friends are always ready to do something with them but that is not always true. If you tend to neglect your old friends while getting acquainted with new ones, you may find that your old friends are also hunting for new friends and are tired of waiting for you. Never neglect any of your friends.

Can you honestly say that you deserve the many or few friends that you may have?

To deserve a friend is also to love and respect a friend. If friendship is important to you as it should be, then you should always try to deserve it. Following the Golden Rule is a good way to keep friends. Treat your friends with the kindness and respect that you would like to have and you will most likely find it being returned.

Nearly everyone has a best friend. A best friend is someone that you trust and can confide in and be sure that they will not tell anyone else. Also if a friend hears someone else talking about you, he or she will come to your de-

fense, even though they know it to be the truth. They will not let anyone degrade you if they can help it.

Picking a friend of your own age is usually pretty important to most people, but not to me. I like friends of my own age, yes, but I think that if you vary your friends, you will have a wider knowledge of the different types of personalities. This is important because you can improve your own personalities by observing your likes and dislikes of other people.

Taking an interest in other people is essential to making friends. In order to make friends you must really like and take an interest in other people. The people in your school could be the most interesting people you will ever know.

You should make a habit of cheerfulness and not let everyone see your troubles. People that you would like to get acquainted with would rather talk to a smiling face than a frowning one.

If friends are pretty important to you, then the best thing for you to do is to value them as so. Show your friends your best side and keep a smiling face and a good disposition and you will never be friendless.

To me, the friend a person could have is God. Without him, we wouldn't be here. He is a friend that will never forsake you. He is a friend you can talk to about anything. You can tell him things you wouldn't tell anyone else.

You need other friends, yes. But you need God more. Don't ever forsake him and you will always have a friend.—Pat Robinson

## 8th grade faces reading chore

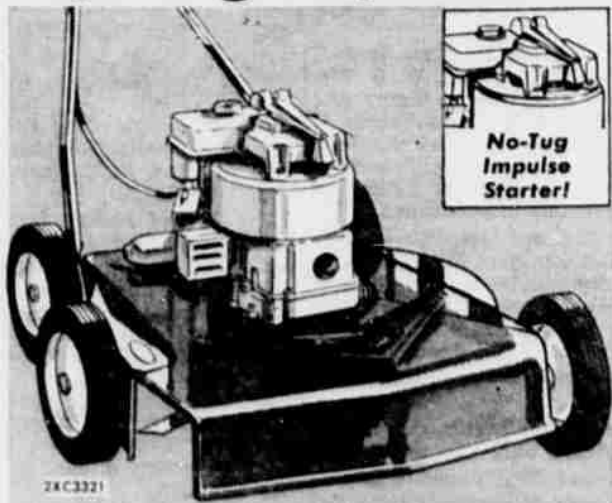

The entire 8th grade is instructed to have read all the books, (if possible) on the list located in the library.

The books appearing on this list range all the way from books we should have read in the 5th grade to books on or a little over our own level.

By a certain date we are supposed to have completed a book report on one or more of these books.

Of course, most of us haven't even heard of these books, much less read them.

## LUXURY CAR: RIDES, RESPONDS AND LOOKS LIKE IT OUGHT TO COST A RANSOM

You're looking at our Impala Super Sport Convertible which, along with its cousin the Sport Coupe, absolutely embarrasses higher priced cars.

That special trim and those front bucket seats merely hint at the comforts you find built into every Impala Super Sport.

Performance? It's remarkable, an understatement we can afford when there are 7 engines to choose from. One of which is the popular 340-hp Turbo-Fire 409\*, a wizard in traffic and a joy on the open road. And others all the way up to 425 hp\*.

If you want an extra flourish or two, mull over extra-cost options like floor-shift four-

speed manual or Powerglide transmission, Positraction, fade-resistant sintered-metallic brake linings, and a tachometer to relay what's cooking up front.

Just before you rush off to your Chevrolet dealer, may we remind you that both Impala Super Sports offer the new Comfort-tilt steering wheel\*. You adjust it to suit your driving style, flick it out of the way for easy entry and exit.

All three Chevrolet series—Biscayne, Bel Air and Impala—deserve a long look. Super Sports demand it.

### '63 Easter Seal drive under way all over Texas

Over one million Texas homes will receive the blue and green Easter Seals which go into the mails this week.

During the 1963 appeal—which closed March 7 and will continue through Easter Sunday, April 14—hundreds of the twin seals will help raise funds to provide direct services for over 10,000 crippled children and handicapped adults of Texas at the 32 Easter Seal Treatment centers over the state.

The designers of this year's Easter Seals have abandoned aging and "stuffy" concepts in favor of a more vigorous design and determination of the difficulty and determination of crippled children to lead more normal lives. The 1963 Easter Seals carry a potent message into Texas homes which heretofore received only a decorative Seal, ignoring the great human effort involved in the rehabilitation process.

One of the Easter Seals depicts the stylized silhouette of a crippled boy and uses green against blue background. The design includes a white Easter Lily.

The other Seal reverses the color theme and features the silhouette of a crippled girl using a crutch outlined in white against the green background.

Seals are not sold; no specific donation is asked or expected from those who receive them. The Society feels that each person knows that he is able to give, and being part of the need here by his fellow Texans, will respond as generously as possible.

#### SANTA FE CARLOADINGS

Total carloads moved over Santa Fe System Lines for the week ending March 9 were 34,274 compared with 33,499 for the same week a year ago. On-line loadings were 1,755 compared with 21,365 for the corresponding week last year. Cars received from connections totaled 1,519 compared with 12,134 for the same week a year ago. Santa Fe handled a total of 32,325 carloads the preceding week of this year.

#### VISITORS FROM GRAHAM

Mr. and Mrs. Temple Lee and Mrs. Quay, of Graham, Tex., visited over the weekend with Mrs. Lee's mother, Mrs. Lauris Wheeler. Lee and Quay returned home. Mrs. Lee is spending a week here with her mother recuperating from influenza and pneumonia.

Inhabitants of Guam call themselves Chamorros.

### Superb Swedish-Style Salad

Versatility is a key to the popularity of cream cheese. This is pointed up by a new recipe prepared by the Borden Kitchen. It's a piquant Swedish-style salad which combines beets, thinly sliced onion, and fresh or canned grapefruit sections. Marinate well in a sweet-sour mixture, drain at serving time and place atop crisp salad greens. The cream cheese-sour cream mixture tops all.

- Beet Salad With Cream Cheese-Sour Cream Topping**  
(Makes 4 to 6 servings)
- 2 cups (one 1-pound jar) sliced pickled beets
  - 2 cups (two 1-pound cans) drained grapefruit sections
  - OR 2 cups (2 medium-size) fresh grapefruit sections
  - 1/4 cup grapefruit juice\*
  - 1 large sweet onion, thinly sliced
  - 1/4 cup vinegar
  - 1/4 cup brown sugar, firmly packed
  - 1 teaspoon salt
  - 1 teaspoon dry mustard
  - 1/8 teaspoon pepper
  - Salad greens
- Cream Cheese-Sour Cream Topping**
- 1 (8-oz.) package Borden's Cream Cheese
  - 1/4 teaspoon salt
  - 1/2 cup sour cream
  - 1/2 cup cream
- Drain liquid from beets and save. Place beets, grapefruit sections and sliced onion in 1-1/2-quart bowl.\* Combine beet and grapefruit juices, vinegar, brown sugar and seasonings; pour over mixture in bowl. Cover and chill in refrigerator at least 2 hours. Drain liquid off and arrange fruit and vegetables on crisp salad greens. To prepare topping: Place cream cheese in a bowl and let soften at room temperature. Add sour cream, salt and pepper. Beat until topping is of a smooth consistency. Serve over salad.
- \*Approximately 1/4 cup liquid will drain into bowl in cutting sections from 2 fresh grapefruits.

## Spring Cleanup Week can be safety effort

COLLEGE STATION — "And spring cannot be far behind." Mother Nature has started her green-up and a rough winter will soon be history. Why not, asks the Texas Farm and Ranch Safety Council, set aside whatever time is needed for the spring cleanup job?

Farm people everywhere can make their farms and homes safer and more pleasant by cleaning up and disposing of the winter's collection of trash and debris, points out the Council, and the time to do it is before the spring rush of farm work begins.

Spring Cleanup Week is a nationally promoted safety effort. Its purpose, according to the Council, is to encourage community action for the removal of hazards which life, property and health. Farm families lose about 800 lives and \$163 million worth of property annually through fires. About 11,300 farm residents are killed in accidents and another 950,000 injured. A general cleanup of homes and farms will remove many fire and accident hazards, emphasizes the safety group.

good business to start with the best. He suggests a close check of the tag on the seed container for the information that is needed to insure seed quality. And for detailed information on the best adapted varieties and hybrids for any particular area, visit with the local county agent. Also, on the same visit, Coffey suggests you check with him on the latest information on cultural practices.

More than 22 per cent of all farm accidents occur in the home; 19.5 per cent in barns and other buildings; 19.2 per cent in traffic and 18 per cent in fields and even though the farm population is declining, the rate of fatal accidents per 100,000 persons is increasing, points out the council. They are strong in their belief that accidents can be prevented and that good housekeeping around the farmstead and in the home and the practicing of good safety habits at work and in traffic can reduce the number of deaths and crippling injuries.

The Council members encourage community-wide efforts in farm and home safety and believe Spring Cleanup Week a good starting time.

### Best available planting seed needed for high crop yields

COLLEGE STATION — High crop yields of quality start with the planting of the best available seed. It is true, says Lee Coffey, extension agronomist, that good planting seed may cost slightly more but the few pennies per acre are about the cheapest insurance to be had.

Before planting any seed a farmer should be able to answer these questions posed by Coffey. Is the variety or hybrid adapted and recommended for the area? Is the seed high in varietal purity? Will they germinate high for the particular crop? Was the germination test made within the last six months? Is the seed free from weed

seeds which will cost time and money to get rid of in the future? Is the seed free from troublesome seeds of similar varieties or other crops?

If the answer is "no", or "I don't know," Coffey says you don't know enough about your planting seed to plant them. Replanting increases the cost of production and upsets the time table of work and poor stands do not produce top yields, explains the agronomist.

It is true that the cost of seed is a minor one in the whole farming operation, points out Coffey, but seed are the reason the farmer plows, fertilizes, irrigates and harvests. Therefore, he adds, it is just

Pleasant Valley news

# Gin repairman, family community newcomers

**By MRS. MAX CHAFFIN**  
We welcome Mr. and Mrs. Sherbert and sons, Jackie and Gary, to the Pleasant Valley community. The Sherberts are living in the ginner's house belonging to the Pleasant Valley Cotton Gin. Mr. Sherbert will do repairs on the gin. Here's another chance for you all to exercise! Hike over to meet the newcomers, put out your welcome mat. Jackie is attending the Southland School.

Reports back from California—a former resident of Pleasant Valley—Mrs. Mike Winchester has been tip-toeing through the Pacific Ocean and that unexpected wave might be the cause of a sore throat that followed.

Spence Bevers took the RAS Sunday School class of the Pleasant Valley Baptist Church, for a cook-out along the Yellerhouse River which separates the Rodgers ranch from the Bevers land in Justiceburg. The Yellerhouse is a fork of the Brazos in case you have never heard of it. David Green of Slaton, Bill, Larry and Joe Bevers made up the company of men who feasted on ham, potatoes and carrots cooked in foil. Did you ever have California pea beans cooked in a pot put down in hole in the ground which is lined with hot bricks and cook them eight hours? Mmm, that's good eating too! Ah, those happy scouting days!

On with the news—Elmer Hitt has gone fishing for the week with Ed Cummings and Curtis Driver of Southland. They have gone way down on the Rio Grande between Texas and Old Mexico.

Speaking of fishermen, Stanley Sims and Jack Burkett also went on that Hackberry Gin fishing trip and Sims and James Shelton came back with some fish!

Mrs. Will Barton visited Mrs. C. M. Voss of the Graham community.

The Pleasant Valley Home Demonstration Club met in the home of Mrs. Elmer Hitt this week. Roll call was answered with "My Favorite Color". Mrs. Hitt was the featured demonstrator for the afternoon as she showed the group sewing hints and how to sew today's fabrics. Following the demonstration, sherbet, homemade cookies, coffee, and soft drinks were served. Members present were: Meses. B. L. Thomas, Vernon Scott, Maurice Fluitt, Carl Payton, Robert Mock, Max Chaffin and the hostess. The guests were: Mrs. C. R. Scott, Becky Scott and Mrs. Leta Smith.

All the ladies of this community are invited to attend the next meeting which will be at Mrs. Carl Payton's home on March 25 at 2 p. m. Our hostess that day will show us how to decorate cakes.

At this reporting Alvi Robinson is getting better every day.

Mr. and Mrs. Will Barton's two daughters spent two days with them last week. They are Mrs. Bob Sprout of Fort Davis and Mrs. Jamie Brestrup of Fieldton.

Mrs. Clovis Robinson attend Mrs. Clark Cowdrey's layette shower at Mrs. James Stone's home last week.

The flu germ or whatever it is has hit a few more in our community since the last issue—Doug Livingston and Patsy McGeehan.

For you all who have left this community for one reason or another we had some nice blowing dust at the beginning of this week but oh what moonlight nights you are missing.

Carolyn Edwards spent three days with her parents, the Henry Edwards, this week. Her friends who dropped by while she was home were Mr. and Mrs. Bill Hatler and Charley Moss.

The Spencer Bevers were off for a Sunday drive to Levelland this past Sunday. They were present

for the morning services at Levelland Morningside Drive Church performed by R. L. Howell (former pastor at Justiceburg) for dinner they stopped at the Ernest Bevers in Denver City.

Through Coal Pipelines

## New 'Black Gold' For America

The new 88th Congress can provide a significant boost to America's economic growth rate by making possible the construction of privately-financed pipelines for low-cost delivery of coal, the nation's most abundant fuel. Congressional action will help the ailing coal industry — but more importantly, it will cut operating costs of many electric utilities which serve American factories and households.

As pretty Alice Lechtenberger of Houston, Tex., demonstrates, pipeline coal is a mixture of water and finely ground coal. When the coal is ground to a special formula, its particles remain suspended in the mixture, so that it can be moved by pipeline and pumped directly into furnaces at electric generating plants. The savings inherent in pipeline transportation, plus other reductions in

handling costs, mean lower fuel bills for power plants.

Congress is being asked to grant builders of coal pipelines the right of eminent domain so that the necessary right of way can be acquired. No government funds or financing are involved. After Congress enacts such a bill — which President Kennedy has endorsed — private companies will begin building long-distance coal pipelines and liquid coal will be on its way, adding immeasurably to America's economic and industrial strength.

Beginning Monday, at Church of Christ

## Seven preachers coming for Post Lectureship

The Church of Christ will hold its annual Post Lectureship, with nightly services beginning Monday night, March 18, and continuing through morning and evening services on Sunday, March 24.

Seven West Texas preachers, educators, authors and lecturers will participate in the lectureship.

Theme of the lectureship is "The Evidences". Each speaker has been assigned a topic within this theme.

Herb Smith, minister of the Church of Christ, invites all who would like to hear this series of eight lectures to attend any or all of the services.

Leading off Monday night, March 18, will be Joe Barnett, minister of the Cactus Drive Church of Christ at Levelland, whose topic will be "Evidence of the Holy Spirit."

Barnett speaks to many civic groups on the subject of juvenile crime. He attended the University of Texas and Abilene Christian College.

Virgil Trout, who preaches for the Sunset Church of Christ in Lubbock, will be the Tuesday, March 19 speaker. He has lectured to various college groups on "Christianity and Scientific Concepts." Since 1956 he has lectured on the campuses of Cornell University, Michigan State, Oklahoma State, Kansas State, the University of Southern California, and others.

His topic will be "Evidence That the Bible Is Inspired."

Jack Bates, Academic Dean of Lubbock Christian College, will speak Wednesday night, March 20, on the subject, "Evidence of God's Providence."

Bates is a minister, author and educator. He received his Ph. D. from the University of Southern California. He served as an army chaplain in North Africa and Italy in 1943-46.

Speaker for the Thursday, March 21, service will be John McCoy, preacher for the Parkway Drive Church of Christ in Lubbock. His subject will be "Evidence of God's Grace."

McCoy holds a degree in Bible from Abilene Christian College and

a degree in secondary education from North Texas Teachers College. He served in the Navy during World War II and has authored one book.

J. D. Thomas, professor of Bible at Abilene Christian College, will be the Friday night, March 22, speaker on the subject "Evidence That God Is."

Thomas holds a Ph. D. degree from the University of Chicago and has written three books. He served as assistant city manager of Lubbock in 1938.

The Saturday night, March 23, speaker will be George Stephenson, who now preaches in Fort Worth. His subject will be "Evidence of God's Angels."

Stephenson is a graduate of Abilene Christian College. He writes for several religious periodicals and conducts several meetings each year. He preached for the Broadway and Avenue T Church in Lubbock from 1957 until this year when he moved to Fort Worth.

Paul Faulkner, Dean of Men at Abilene Christian College, will be the speaker at both Sunday services, 10:30 a. m. and 6:30 p. m., March 24, on the same subject, "Evidence of God's Suffering."

Faulkner is a preacher and educator. He holds B. S. and M. S. degrees from Abilene Christian College. He was an outstanding javelin thrower and pole vaulter during his college days. He has been preaching since 1948.

## 4-H MEMBERS FOCUS ON CITIZENSHIP

### Spur Drive For Informed Young Citizens

In an open letter to 4-H Club members throughout the nation, President Kennedy said, "... today, a citizenry of all ages—informed and in action—is more important than ever to the strength and welfare of our nation."

And to be well informed and active citizens of the U.S. is the prime objective of 2.3 million 4-H Club boys and girls. Their theme for the year, "Citizenship in Action" was launched last November during the National 4-H Club Congress at Chicago.

Nearly an entire day was given to a general discussion of what constitutes citizenship in this age of cold wars, exploration of outer space, communication satellites and the like.

Being well informed on social, political and economic issues was the foremost qualification for citizenship stated during the session. Education, understanding and a willingness to assume responsibility also were considered prime requisites for intelligent and effective citizenship.

The two young people shown in the photograph are examples of vigorous, purposeful American citizens. Jacky Strickland, 20, is a student at the University of Florida and 1962 winner of a national 4-H leadership award. Miss Emily Jean Thomas, 19, is a national winner of the 4-H achievement award and a student at Radford College, Virginia. Both received \$400 scholarships.

These 4-H Club members have a long record of initiative, service and dependability. They are

Jacky Strickland and Miss Emily Jean Thomas

well informed citizens active in school, community and public affairs. They have thousands of counterparts in their home states—products of 4-H training and environment.

At a recent 4-H meeting, citizenship was defined as "the unending process of education." This concept ties in to the "learn-by-doing" method applied to all 4-H projects and activities. During a 4-H Club membership that could span as much as 11 years, members steadily add to their knowledge and improve their skills.

Along the way, individual enterprise is recognized and rewarded. Educational trips, special training courses and college scholarships are among the awards.

These 4-H extras have been provided for more than four decades by leading business firms through arrangements made with the National 4-H Service Committee and the Co-

operative Extension Service.

This year nearly \$150,000 in scholarships will be awarded to current and former 4-H Club members by some 50 donors. Among these private business and educational enterprises are:

Ford Motor Co. Fund, International Harvester Co., Firestone Tire & Rubber Co., E. I. du Pont de Nemours & Co., Inc., Standard Brands Incorporated, Kerr Glass Mfg. Corp., Coats & Clark Inc., Oliver Corporation, Carnation Company, Simplicity Pattern Co. Inc., Westinghouse Educational Foundation, Hercules Powder Co.

Also, Allied Chemical Corp., Arcadian Products Dept., General Foods Corporation, Allis-Chalmers Mfg. Co., Eli Lilly and Company, Montgomery Ward, John Deere, Sunbeam Corporation, the Sperry and Hutchinson Co., Whirlpool Foundation of the Whirlpool Corporation, Pyrofax Gas Corporation and West Bend Company.

### Decision time near on feed grain program

COLLEGE STATION — Grain producers have until March 22 to decide whether or not to participate in the 1963 Feed Grain program. The decision is sufficiently

important, says C. H. Bates, extension farm management specialist, that all commercial growers should consider the income possibilities of the alternative choices.

Budget forms are available from the offices of county agents for use in figuring estimated returns under the program for both compliance and non-compliance. Bates suggests contacting the local county agent for assistance in using the forms.

In general the 1963 program is similar to the one in effect last year. The grower agrees to reduce his feed grain acreage, corn, grain sorghum or barley, by at least 20 per cent; to comply with the diversion as shown by his sign-up papers and add the acres taken out of grain production to conservation use. This acreage, explains Bates, is in addition to the farm's base acreage in conservation use.

The specialist notes a change in the substitute crop provision. A percentage of the minimum diversion payment is available when the diverted acres are planted to certain crops. These and the percentage of payment are: sesame, 40 per cent; guar, 30 per cent; castor beans, 30 per cent and sunflower, 20 per cent.

Feed grain producers having questions regarding any phase of the 1963 program are advised to contact their county agricultural Stabilization and Conservation Service staff for detailed information. And, reminds Bates, the final date for making a decision on whether or not to participate is March 22.

### STUDENT VISITS

David McCampbell who attends West Texas State College in Canyon, spent the weekend visiting his parents, Mr. and Mrs. Howard McCampbell.

### FAMILY VISIT

Mr. and Mrs. Waggoner Johnson and sons and Mr. and Mrs. Wayne Thomas and children went to Goldsmith Sunday to visit A. C. Thomas and family for the day.

### FORT WORTH GUESTS

Mrs. Emily Morrow and her granddaughter, Julie Jacobson, of Fort Worth are here visiting Mr. and Mrs. O. L. Weakley.

## Boy Scouts old pros at hiking 50 miles

As far as the Boy Scouts of America is concerned, the 50-mile hike "for national vigor" is nothing new, says Frank A. "Chief" Runkles, ranger at C. W. Post Memorial Scout Camp here.

A number of Boy Scouts have hiked to Camp Post from as far as 50 miles away, Chief Runkles said. They hike it on the day they come to spend a week at the camp during the long summer camping season, their camp gear being brought ahead by car.

This past weekend, however, three Boy Scouts from Lubbock hiked into Camp Post from more than 50 miles away, back-packing all gear necessary for an over-night camp-out, Chief Runkles reported. They left Lubbock at 4 a. m. and checked into Camp Post at 6:30 p. m.

The trio of hikers, who negotiated the 50-mile distance in 14½ hours, were Manuel Glanderis, 12 years old; John Avalos, 11, and Crespin Davis, 12. They are members of Troop 430, sponsored by the Lubbock Kiwanis Club.

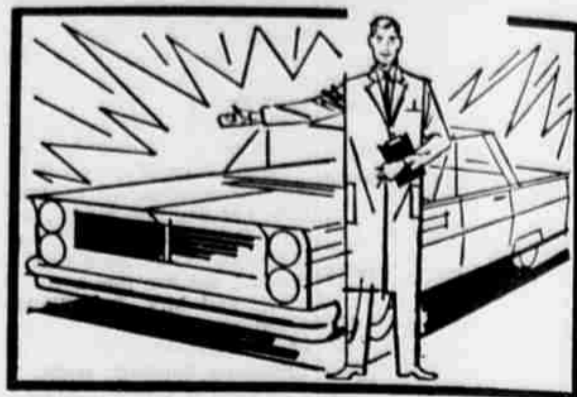

The boys spent the night at Camp Post, where their parents picked them up Saturday for the trip back home.

The Boy Scouts of America, Chief Runkles pointed out, has what is known as "The 50-Mile Award." The award is in line with the BSA's Four-Year Program objectives to stimulate Scout and Explorer interest in the ideals of the movement and to promote activity that will result in physical fitness. It was arranged by the Camping Service as a wilderness trail trip program.

Thousands of Boy Scouts throughout the nation had received The 50-Mile Award long before the current hiking fad began to sweep the country.

# State Capital NEWS

By Vern Sanford

**AUSTIN**—Legislators have received two proposals for spending the state's money during the two years starting Sept. 1. One came from Gov. John Connally, the other from the House Appropriations Committee.

Governor Connally's suggestions marked the first time a new budget had tried to work out a budget after taking office. In his message he dealt in detail with 19 of the major state departments. These were mainly the ones over which the Legislature has direct control.

Connally trimmed fat out of some agencies to provide new money for others. His stress came on higher education. Here he suggested \$14,000,000 worth of salary increases for faculty members and more research and library facilities, as well as means of holding good professors and attracting new ones.

To finance his program, Connally suggested that the "temporary" corporation franchise surtax, which has been extended twice before, be reinstated. It would provide a about \$100,000,000 a year.

He also suggested that the 1961 sales tax law be revised to begin taxing clothing under \$10, farm implements and all sales of food at restaurants, and to raise the sales tax on cars and trucks from 5 to 2 per cent.

Clothing tax proposal would bring \$10,000,000 a year. Motor vehicle tax increase would provide \$2,500,000. Farm implements tax would bring \$1,000,000.

Fire quickly developed from small legislators over the proposed tax implements tax.

Both Connally and the House Appropriations Committee proposed expenditures totaling about \$3,100,000 during the coming two years.

Before Connally laid out his proposals to the Legislature, he invited Texas newspaper editors to Austin to show them how the state's complicated fiscal structure works.

His "illustrated lecture" revealed that the Legislature has actual control over only 15 per cent of the \$100,000,000. Rest already is earmarked by constitutional and statutory provisions.

**FARMERS PROTEST**—When Rep. Don Garrison of Houston read before the House Revenue and Taxation committee his bill to create the Available School Fund by \$100,000,000 a year, a spokesman for Texas farmers and ranchers registered a strong protest.

Garrison plans to get the additional \$100,000,000 by amending the state law that allows a 98½ per cent exemption refund from the state Motor Fuel Tax for gasoline consumed on the highways. His bill would cut the refund to 73½ per cent.

That 25 per cent then would be credited to the school fund. Charles H. Huff of the Texas Farm Bureau said almost half of the new school fund money—about \$50,000,000 a year—"Would be coming out of the pockets of farmers and ranchers."

They get motor fuel refunds of about \$7,000,000 a year—or 49.11 per cent of the usual total refund. Much of their refund comes from motor fuel taxes paid on farm machinery.

Airlines and private plane owners who get about 30 per cent of their refunds, would be the second largest contributor to education for Garrison's bill.

Four members of the subcommittee named to study the bill are from ranch or farm country—Reps. George Cook of Odessa, Ben James of DeLeon, William Davis of Midland, and James L. Slider of Naples. Rep. F. Lee Duggan of Houston is the fifth member.

**HOUSE VACANCY ELECTION**  
As soon as government officials begin recovering from the shock of the news of the sudden highway death of Rep. James L. Lattimore of Corpus Christi, they began studying the election code to see what can be done about filling the seat left vacant in the House of Representatives.

Customarily, if a vacancy occurs in the legislature when it's not in session, the governor leaves the filling of a special election up to local officials.

But since the 58th Legislature will be in regular session until May 27, Governor Connally is expected to move fast to provide Texas County with a needed voice in legislation. A late-April election

**developed mineral estates.**  
**STRONG SUPPORT**—Rep. Jack Crain of Nocona had 50 co-signers lined up when he introduced a bill to provide \$2,840,837 as the State's matching share of the \$12,000,000 federal-state-private screwworm eradication program.

Since it is backed by Governor Connally's strong recommendation the bill should be off to a good start.

But the House Appropriations Committee didn't include a provision for screwworm eradication in its 300-plus appropriations bill.

Crain said Legislators would seek a separate appropriation to cover the proposed state contribution.

**CARS FOR COMMISSIONERS**  
—When county commissioners stopped asking the Legislature to authorize horses and wagons and won the right to drive pickup trucks on their appointed rounds, they thought they were thoroughly mechanized.

As their operations became more streamlined and pickups no longer were necessary, some switched to automobiles. But a pickup is not an automobile. Atty. Gen. Waggener Carr ruled. So Williamson, Terry, Cochran, Hockley and Youakum counties are asking authority from the 58th Legislature to buy cars for their commissioners.

Harris, Tarrant and some Panhandle counties discovered the difference for themselves some time ago. They already have authority to decide whether pickups or autos would be best for commissioners' transportation.

**BLANKET HOSPITAL BILL**  
—Last November, Texas voters decided to let the Legislature authorize the creation of hospital districts. Already many bills have been filed to create individual districts.

Now Rep. H. G. Wells of Tulla proposes legislation to give every county the right to create a hospital district within its own boundaries.

**PRICE HIKE ASKED**—Sen. Criss Cole of Houston proposes to increase the annual motor vehicle registration fee by \$1 with the income going to our state parks.

If the Legislature approves Cole's license plate cost increase, the question will be submitted to voters at the general election of November, 1964.

**SERVICE PROPOSED**—Sen. Franklin Spears of San Antonio has introduced a bill to expedite freight shipments in Texas.

Bill permits the creation of a special class of motor vehicle carriers to be known as "Restricted Motor Express Common Carriers."

Service would follow regular routes and schedules, using van-type equipment. Special emphasis would be on small shipments from one to 100 pounds. Rates would be substantially higher than those of existing motor carriers. However, a complete "pick-up-and-deliver" service would be provided.

When the German zeppelin Hindenburg burned at Lakehurst, N. J. May 6, 1937, 36 people were killed.

## Walking is good if done properly

**AUSTIN**—If you're going to take part in President Kennedy's walkathon, make the most of this healthful exercise by doing it properly, Dr. John R. McMurray, president of the Texas State Chiropractic Association, advised this week.

"You'll find that you can walk farther with less tiring if you maintain a steady, measured pace, with your weight balanced evenly on both hips and your shoulders back," Dr. McMurray said.

"It's important, too, that you wear proper shoes. Be sure you know your limits. Walking is good for your health, but not if you overtax your strength. On your first venture take in only a few blocks, then build up the distance gradually in ensuing hikes. Take a 10-minute break at least once per hour.

"Walking is excellent exercise for the spine and pelvis. Regular walking when coupled with deep breathing exercises helps maintain good general health as well as spinal integrity."

Q. Does the Veterans Administration Department of Medicine & Surgery engage in medical research?

A. Yes. During fiscal year 1962 there were medical research programs in 133 VA hospitals, five regional offices, and three out-patients clinics. More than 5,000 professional and scientific publications and presentations resulted from medical research during the year.

Q. Should a veteran who wishes to be buried in a national cemetery apply to the VA to be sure of having space reserved?

A. No. Application should be made at the time of the death of the veteran. The gravesites are not reserved in advance of immediate requirement.

Q. At what age does a war orphan become ineligible for VA educational assistance?

A. Generally, the age is between 18 and 23 when war orphans start receiving assistance. In some cases the 23 limit is overlooked, but in no case may schooling be continued beyond the 31st birthday of the beneficiary.

Q. How can a veteran who is unable to work because of a service-connected disability obtain a pension?

A. A veteran who is unable to work because of a service-connected disability may be eligible for a pension if he has served at least 90 days of active military service.
