Biggest April rains in 7 years drench countryside

Just ahead of planting time

The most beneficial April rains since 1957, measuring 2.10 inches at Post and up to three inches in some other parts of Garza County, fell intermittently from late last Thursday night through Monday night.

The rains soaked area croplands before planting time, which County Agent Syd Conner predicted will get under way "in another 10 days."

The county agent said he believes there'll still be plenty of moisture in all areas of the county for planting by that time.

"But we'll take another one," Conner said yesterday, as clear skies and warmer weather continued for the second day following the "near perfect" downpour.

The White River lake is reported to have gained six inches of water from the rains there, which, measuring only 1.35 inches, were as heavy as at other places in the area. The lake is also reported to have gained a little water from runoff farther upstream.

The Post total of 2.10 inches measured on the rain gauge at the courthouse got its start from .66 of an inch measured Friday; .34 on Saturday; .46 Sunday; .22 Monday and .22 early Tuesday morning.

Rain totaling up to three inches was reported by farmers and ranchers in the Justiceburg area, up to 2 1/2 inches east of Post, more than two inches west of town and from two to three inches north of Post.

The rains, general over the South Plains, are said by farm observers to be worth "millions" to upcoming cotton and grain crops.

Very little wind or thunder and lightning accompanied the rains. Lightning did, however, knock a transformer out at the west substation at Postex Mills Friday evening, with the mill having to shut down for about an hour and a half.

Farmers' cotton sign-up drops

Farmers in Garza County have signed up to plant 24,806 acres of cotton in 1966—31 per cent, or 11,400 acres, less than the 35,952 final total acres in the county in 1965. The 1966 planting intentions are reported by the State Agricultural Stabilization and Conservation Service compiled from the county ASCS report on farmer sign-up in the cotton program through April 22.

Garza County's 1966 eligible acreage for cotton are 37,967 but production indicated they would divert 13,161 acres, or 34.6 per cent.

Garza County's loss from allotment transfers is 505 acres. However, in terms of bales produced, there should be no loss because higher expected per-acre production from farms to which acres are transferred.

Get Well Gift

Woman injured in accident elected

Mrs. Mollie Kolb, who was seriously injured in an automobile accident at Snyder Tuesday afternoon of last week, received a "get well gift" when she was elected association director for District II, Garza Home Demonstration Association, at the district convention held Tuesday in Seminole.

Mrs. Kolb, a member of the 53 Home Demonstration Club of Post, served as a THDA chairman in 1957 and 1963 and as Garza County association chairman in 1965 and 1966. She has held various other committee offices and, as a home demonstration club member since 1958, has held every club office except that of treasurer.

a half until a Southwestern Public Service Co. crew repaired the damage. Mill crews were called back at 11 a.m. Friday to finish the work shift following the shutdown.

The county agent said about the only thing that did not benefit from the rains was tank water supplies. "They fell too slow for there to be any tank water runoff to speak of," he commented.

Only sudan for grazing, and very little of that, had been planted in the county before the rains, the county agent said. Cotton is being planted later than usual since the boll weevil control program got under way. That is because boll weevils thrive on early cotton, Conner explained.

Not only were the rains—spread out over four days—the best April precipitation since 1957, but they

were the second best since 1954, rainfall records show.

The 2.10 inches of rain brought Post's total thus far in 1966 to 4.01 inches. January chalked up 1.21 inches, February, 2.0 of an inch and March, half an inch.

Skies were overcast again this morning and temperatures down sharply from Wednesday, the "cool wave" moving in late Wednesday night.

ADMIRE HER RIBBON

Dayneen Dunn of Southland admires the second place ribbon she won Saturday in public speaking at the District Two 4-H contests in Lubbock. By winning second, Dayneen qualified as one of the District Two representatives in public speaking at the state 4-H Round-up at College Station in June.

Mayor proclaims HD Week in Post

Mayor Harold Lucas today proclaimed next week, May 2-9, as Garza County Home Demonstration Week in Post.

The six HD clubs in the county are planning to set up displays in the windows of the Mason Furniture Co. to show the public some of their accomplishments and work.

On Thursday, May 5, members of the clubs will make a tour to Hereford, leaving the courthouse at 8 o'clock. They will tour the Bravo Smokes, Inc., the Dollie Children's Clothes factory, a tortilla company and the Sugarland mill. All members are urged to make the trip.

The six clubs in the county are

Graham, Close City, 53 Club, Barnum Springs, Post and Pleasant Valley.

In his proclamation, Mayor Lucas declared that "though Garza County Home Demonstration clubs are designed primarily for educational purposes, they incorporate in the planned programs, civic and community activities, rural leadership development, and recreational activities."

"While working to increase their skill and efficiency in their chosen homemaking careers, they are also carrying out many activities designed to improve their communities, state and nation and to promote good citizenship," the proclamation pointed out. "It is appropriate that the diligent efforts of this group to improve themselves and to promote welfare of their fellow man be recognized."

Post FHA delegation to state convention

One of the two chapter advisors of the Future Homemakers of America and four chapter members left by chartered bus at 7:30 this morning for the state FHA convention in San Antonio.

Attending from Post are Mrs. Willis Didway, advisor, and chapter members Shelia Pierce, Marsha Tinton, Christine Morris and Betty Hutchins. They will return Saturday night.

The chartered bus the Post group boarded here this morning came from Lubbock and also carried other area delegations to the FHA convention.

Rotarians hear of loan fund for graduates

The origin of the Community Student Loan Fund Committee was reviewed for members of the Post Rotary Club by Mrs. Ruth Young, a committee member, at Tuesday's luncheon.

Mrs. Young told of the origin of the fund in 1952, of its progress, purposes, requirements, etc. The fund is for the benefit of eligible Post High School graduates who require financial assistance to attend college.

In her brief summary of the fund's accomplishments, Mrs. Young pointed out that in the 14 years of its existence, there have been 41 applications for loans, 17 of which were not accepted for various reasons. Two other applications were accepted, but the applicant changed their mind before the loan was to be made.

Twenty-six applications were accepted, and of this number 11 have repaid their loans in full, with interest. Seven others are paying, six are in school and two are making no effort to pay. Mrs. Young told the Rotarians.

"I want to thank the Rotary Club in behalf of our committee," Mrs. Young said. "You have all been most generous in your donations. I hope you feel it has been well spent."

Loan is approved for water system

The Farmers Home Administration has approved a loan in the amount of \$10,750 to the Caprock Water Supply Corp., to construct a water system to serve 11 families near Post.

News of the FHA approval of the loan was received by The Dispatch yesterday in telegrams from U. S. Sen. Ralph W. Yarborough and U. S. Rep. George Mahon.

The Caprock Water Supply Corp. was formed by a group of families living just north of Post. The group's plans are to use the FHA funds for water pipe, a booster pump and meters to complete the water system project.

The corporation's plans are to purchase water from the City of Post and re-sell it to the member families, with the funds being used to pay off the loan and maintain the water system.

Combined band concert tonight

A combined school band concert, with approximately 180 students participating, will be presented at 7:30 o'clock tonight (Thursday) in the junior high school gymnasium under the direction of Band Director Bruce Evans.

The 6th grade band, 7th and 8th grade band and high school band will combine to present the concert. A varied program will be presented and will include the contest pieces of the high school and 7th and 8th grade bands, Director Evans said.

There will be no admission charge.

DUE HOME TODAY

Mr. and Mrs. Jim Cornish, publisher and women's editor of The Post Dispatch, are scheduled to return this afternoon from Houston, where Mrs. Cornish has been in M. D. Anderson Hospital. They left for Houston Saturday morning, going by San Antonio to visit their daughters, Chris and Susan, who are students at Trinity University.

PROGRAM PRINCIPALS AT HOSPITAL BANQUET

These seven were among those on the program of the hospital auxiliary's awards banquet Friday night. From left are: Giles McCrory, who installed officers; the Rev. Edgar H. Graham Jr., principal speaker; Mrs. Garland Davies, outgoing presi-

dent; W. C. Stivers, who presented awards; Mrs. M. J. Malouf, mistress of ceremonies; the Rev. Clarence Stephens, who gave the invocation and dismissal prayer; and Mrs. J. E. Parker, who received one of the two 700-hour bars awarded.

Rites conducted here Tuesday for Mrs. Gladys Hyde

Funeral services for Mrs. Gladys Hyde, 71, a Post resident for 48 years, who died about 8 o'clock Saturday night, were conducted at 3 p. m. Tuesday at the First Christian Church, of which she was a member.

Mrs. Hyde passed away at the Golden Years Nursing Home. She had lived there for about a year and a half and had been ill since suffering a stroke some three years ago.

A native of Coryell County, she moved here from there in 1918. She was the widow of Walter W. Hyde, who died about 15 years ago.

Mrs. Hyde owned and operated a ladies' dress shop here for several years until retiring some ten years ago. She is survived by a sister, Miss Nora Stevens, and a brother, P. E. (Bud) Stevens, both of Post, and by nieces and nephews.

Her sister, Miss Nora Stevens, who had been in the M. D. Anderson Hospital in Houston since just before Easter, arrived in Post Monday to attend Mrs. Hyde's funeral.

The Rev. Almon Martin of Cisco, former pastor of the First Christian Church here, officiated at the funeral services, assisted by Jack Alexander. Mrs. Garland Huddleston sang two songs, accompanied by Mrs. Winnie Tuffing at the organ.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home. Pallbearers were Jack Burruss, George Barker, George Tillman, June Caffey, Ben Owen and Arnold Weed.

Library meeting called for next Tuesday night

Rosalynne Shamblin of Amarillo, field consultant for the Texas State Library, will meet here Tuesday night, May 3, with directors and committee chairman of The Friends of a Public Library, Garza County, Texas, board president Thomas W. Gamblin said today.

The meeting will be at 8 o'clock in the Community Room at the First National Bank, with the field consultant helping the new organization formulate plans for the future.

'Pink Ladies' lauded in speech at banquet

"You offer the route by which the entire community can better serve," the Rev. Edgar H. Graham Jr., pastor of the First Presbyterian Church, told members of the Women's Auxiliary of Garza Memorial Hospital at their annual

awards banquet last Friday night in the city hall. "You are important to Post and Garza County not only for your work at the hospital, but for what you represent and what you have become," the speaker said.

"You represent the cultural value of our community," the Rev. Mr. Graham continued, "and offer a stability within the midst of change."

"You are a supply of influence for the improvement of the community and you can also become a supply of influence for our mental attitudes," the speaker told the auxiliary members.

Installed as new officers by Giles McCrory, chairman of the hospital board, were: Mrs. H. J. Irons, president; Mrs. M. J. Malouf, first vice president; Mrs. A. C. Cooke, second vice president; Mrs. W. A. Long, secretary and Mrs. L. G. Thuet Sr., treasurer.

Awards, presented by W. C. Stivers, hospital administrator, included bars for 700 hours work to Mrs. J. E. Parker and Mrs. Garland Davies; a bar for 300 hours work to Mrs. D. C. Williams; pins for 100 hours work to Mrs. Long, Mrs. Jack Lott, Mrs. Ed Graham and Mrs. John Baker, and a cap for 50 hours work to Mrs. Clarence Stephens.

Mrs. Davies was presented a past president's bar. The new president's challenge was given by Mrs. Irons, and Mrs. Davies, the outgoing president, thanked the auxiliary members for their cooperation during her tenure as president.

Mrs. Malouf was mistress of ceremonies for a program which included a vocal solo, "You'll Never Walk Alone," by Mrs. Garland Huddleston, accompanied by Mrs. Kay Kirkpatrick, and invocation and dismissal by the Rev. Clarence Stephens.

First primary May 7

Candidates get set for the final week

Candidates for Garza County offices are getting set for the final week of their campaign.

Democrats will vote at their May 7 primary for four county offices, two precinct commissioners and a Precinct 1 justice of the peace, in addition to seven statewide offices and a number of district offices.

The county has only one candidate in the Republican primary.

He is Max Chaffin, a candidate for county judge.

The spotlight here is on the county judge's race, in which there are six candidates, including J. E. Parker, who is seeking re-election. The other candidates are John N. Hopkins, A. C. Cooke, E. E. "Ely" Peel, Ozell Williams and Wesley W. Stephens.

Three candidates are in the race for county treasurer, including the present office-holder, Faye Cockrell. The others are June Peel and Pauline Coleman.

There are contests in both commissioner races. In Precinct 2, A. P. "Chuck" Gurley is opposed in his bid for re-election by Ted L. Aten and G. A. "Buck" Harrison. In Precinct 4, Mason Justice, the present office-holder, has opponents in Herbert Walls and Bob Tidwell.

Unopposed for re-election are County and District Clerk Carl Cederholm, County School Supt. Dean A. Robinson and Precinct 1 Justice of the Peace D. C. Roberts Sr.

Ronal B. Rosson of Snyder, a candidate for re-election as 7th District state representative, is opposed by Gene Newton, also of Snyder.

Unopposed for re-election are District Judge Truett Smith and State Sen. David W. Ratliff.

County Clerk Carl Cederholm said yesterday that six absentee votes have been cast at his office, two absentee ballots mailed, and four applications for absentee ballots mailed. Absentee voting for the May 7 primary closes Tuesday, May 7.

DOG VACCINATION SET FOR SATURDAY

Calling all dogs. Saturday, April 30, will be the "Day of the Needle" for canines that haven't been vaccinated against rabies—if their owners will take them to the parking lot between radio station KPOS and the Parrish Grocery & Market.

It's "Operation Vaccination," sponsored by KPOS in cooperation with Dr. Murray, Spur veterinarian.

It'll be at bargain rates, too. Dr. Murray will vaccinate all dogs at \$1.50 a mutt, which is \$1 under his customary fee of \$2.50.

The dogs will be vaccinated from 10 o'clock until noon Saturday morning and from 1 until 3 o'clock Saturday afternoon.

KPOS manager Dave Sanford said "Operation Vaccination" is being sponsored as a public service to help safeguard against rabies outbreaks here.

PRIZE FOR CHAMPION SPELLER

Larry Hutchins (center), Post 6th grade student, will represent Garza County Saturday in the regional Spelling Bee at Lubbock. Larry is being presented his prize by Junior High Principal James E. Pollard after winning the spelling bee here. Looking on is Larry's brother, Jim, who won second. Jim is an 8th grade student.—(Staff Photo)

Stage set for talent review

The Post Lions Club's 1966 Talent Review will be held at 7:30 p. m. Saturday, April 30, in the primary school auditorium, with 18 acts to be presented—nine in the senior and nine in the junior division.

Lonnie Duke, the club's talent review chairman, said today that outstanding amateur talent is expected from a number of surrounding towns as well as from Post. An audition will be held at 6 p. m. today in the primary school auditorium to line up the acts for Saturday night.

Cash prizes to first, second and third place winners in each division will total \$55 for a grand total of \$170.

Dave Sanford will serve as master of ceremonies. Three judges have been selected, Duke said.

Proceeds from the talent review will be used by the Lions Club in its community sight-saving project and in other club-benefit work.

Holy Cross pastor is home for rest

The Rev. Richard F. Casey, pastor of Holy Cross Catholic Church here for the last two and one half years, left Saturday for his home in Lowell, Mass., where he will spend at least two months recuperating from a recent illness.

Father Casey was in a hospital at Lubbock for about three weeks after becoming ill with hepatitis.

The Rev. Tito Summat, chaplain of St. Mary's Hospital at Lubbock, will conduct Mass here at 9 a. m. every Sunday during Father Casey's absence. He will also say Mass at Wilson every Sunday at 11 a. m.

Added attraction in state politics

There's nothing like a sweet and loyal wife out on the campaign trail to win an election for a candidate. That's why we'd guess that Crawford Martin will be a shoe-in for the Democratic nomination for Texas attorney general in the May 7 primary.

Not that Crawford isn't a capable candidate in his own right. It's simply that Mrs. Martin is something mighty special for the Texas political scene.

"It's all new to me—political campaigning," she told us when she visited Post last Thursday afternoon. It was the tenth campaign stop of a typical campaign day for her. Lubbock, still ahead, would be No. 11.

She explained that she has been campaigning steadily "for Crawford" for the last two months as a means of trying to help cover an awful big Texas and ask people to vote for him.

We can remember 12 years ago in the Republican state of Kansas when George Docking, a banker, ran for governor on the Democratic ticket. His lovely wife hit the campaign trail, did half or more of the organizational work and left her husband with all the time in the world to charm the voters.

When we wrote as much in an editorial in a staunch Republican paper and predicted that the Dockings were going to upset the proverbial applecart, Mrs. Docking came back to town, thanked me kindly for the kind words, and had about 10,000 copies of the editorial printed for a mail-out.

Before the campaign was over, I would guess there were more editorials written in support of that charming lady than were written for or against her husband.

She did upset the applecart and Docking en-

joyed the only two terms as a Democratic governor of Kansas that his party had in two decades. She charmed a whole lot of people—not just me.

And we can remember the presidential campaign of 1960. The late John F. Kennedy would never have been elected president of the United States if it hadn't been for his pert wife, Jackie.

Jack Kennedy was a swinger of a politician, but his wife, in the end, gave him the edge over Nixon in a squeaker. If Jackie had been the wife of Dick Nixon, I don't think anybody would deny that Kennedy would never have been president. And you can carry that a bit farther and add that LBJ wouldn't have his brand on America today either.

"I don't know anything about politics," Mrs. Martin told us in what is probably the shortest campaign speech on record. "I only know that Crawford is the best man for the job because I know Crawford."

When your wife can drive about 30,000 miles repeating that around even as big a state as Texas, you've got a great campaign going, not just a good one.

Driving her campaign car, Mrs. Martin had Olin Underwood, an outside linebacker of the professional New York Giants. He was a Texas University star, playing his last season for the Longhorns in 1964.

Maybe Mrs. Crawford didn't have a long campaign speech, but there was Olin ready to talk football at the drop of a question after her wee bit of "politicking" was over.

Maybe, too, Mrs. Martin is a step ahead of even Mrs. Docking. Because there never has been a football state like Texas. A little football down here mixes right well with politics.—JC

Industry search is competitive

We hope that Post in its efforts to attract new industry doesn't follow all the way the same route that some cities and towns are taking in their bids for new factories and payrolls.

The town of Leon, in southern Iowa, recently raised \$100,000 and gave it to an industrial firm with no strings attached. That's a pretty good chunk of bait to attract industry, and it is hard to believe that the competition has become so great that it takes that kind of bait.

There is no doubt, of course, that the bidding by cities and towns for industry is one of the most competitive situations going today. During recent years it has not been unusual for a town to raise funds to help an industry finance itself. Legislation has also been passed that allows cities and towns to issue bonds to finance industrial growth in the hopes of improving the economic condition of the community. Whatever the method though, the recipient was supposed to pay it back and make the funds available for someone else.

The town of Leon, Iowa, evidently is going

downhill at a breakneck pace to give \$100,000 with no strings attached to a locating industry. Perhaps the citizens there are to be congratulated for the substantial effort and money they have put forth, if they are trying to reverse a sharp enough trend in their community.

On the other hand, we would hope that our industrial concerns are looking for more than money when they start out to find a new site for a factory. No doubt the firm going to Leon, Iowa, did have more than this in mind. Perhaps it had in mind the labor market which the community can provide for them.

However, this might not always be the case and it might be that money spent to better the social climate of a community would create an atmosphere where many industries would want to come. In this case, then both the community and the industry would be better off.

Such things as building an airport, a library and a community center, all of which Post has on its agenda, are community improvements of the type that help attract industry.—CD

What our contemporaries are saying

An authority says it requires more material to make a metal golf club than a garden hoe. This is mildly interesting as you prepare to play the 19th hole.—Douglas Messer in Matador Tribune.

Today's new status symbol is the odor from the kitchen wafting out over the neighborhood to let folks know you're cooking dollar-a-pound bacon.—James Roberts in The Andrews County News.

Voters of Garza County

Here are a few of the many things that I, if elected as your next county judge, will advocate and work to accomplish:

1. Good, sound business practices in county government.
2. Eliminate deficit spending.
3. Operate within our county budget.
4. Reduce the county tax rate as soon as the county indebtedness has been paid, thereby giving our citizens some relief from our tax burdens.
5. Work together for the good of all our people; leave off our petty differences.
6. Work toward progress for our county and city to make this a better place to live in and rear a family.

Having reared children of my own, I feel that I have a good understanding of the problems of our young people.

I will at all times be fair and impartial in my decisions.

THE WEEKEND rain, which probably measures up to one of the best ever received here in the same length of time, got me off the hook. My wife left for Dallas last Thursday night just about four hours ahead of the rain, and before leaving she spent an hour in the yard showing me what to keep watered and why while she was away. The rain woke me up shortly after midnight and I went back to sleep with the happy thought that I wouldn't have to worry about watering anything for a few days at least.

If I had known that my wife's leaving town would bring a big rain, I'd have insisted on her leaving sooner.

ANYHOW THE only thing I have to worry about now is getting the house—especially the kitchen—raked out before she gets back Friday morning.

The man up the street says there isn't much point in climbing the ladder of success when the government is building you an escalator.

JOE IRONS was elected president of the Garza County Junior Livestock Association last Thursday night and the following night his wife was installed as president of the Women's Auxiliary (Pink Ladies) of Garza Memorial Hospital. It's good for the community to have just one head of a family take a big part in such organizations, and when you have two it really helps.

The Hospital Auxiliary scrapbook, compiled by Mrs. A. C. Cooke, secretary, was one of the big attractions at Friday night's awards banquet, and Eleanor richly deserved all the compliments she received on the scrapbook. She also found time to write The Dispatch for a note of thanks for its news coverage, which she said helped make the scrapbook possible.

WELL, WE'RE heading Sunday into the new month of May, which brings with it the primary election, the start of the local baseball season and the close of school; also Mother's Day and a dozen or so special weeks, which I won't go in to here. If May lives up to expectations as April did with its big rain, it'll be quite a month.

Speaking of months, Smiley Burnette said a lot of funny things during the free show here Saturday afternoon, but I thought one of the funniest was when he had the kids lining up to get their free autographed pictures. He told the ones whose birthdays were in January to line up first, then those born in February, and on down the line. After he'd passed the month of December, Smiley said, "If any of you were born in any month besides those 12, form a line of your own."

LARRY HUTCHINS, Post 6th grader, will carry Garza County's colors in the regional spelling bee at Lubbock Saturday, where contestants from some 39 counties will be vying for a trip to the National spelling bee in Washington, D. C. Larry outspelled 27 other contestants, including his older brother, 8th grader Jim Hutchins, to win the right to represent the county in the regional bee. Good luck, Larry. A Garza County speller never has won the bee and we'd like to see you break the drought.

A Florida newspaper columnist says the United States is the only country where it takes more brains to make out the income tax return than it does to make the income.

WE HERE at The Dispatch hear a lot of funny stories in compiling the series of articles we're running on early Garza County history and old-timers.

One of the stories we heard was about an inquisitive cowboy who ambled into a blacksmith shop and picked up a horseshoe without realizing it had recently come out of the forge. Dropping it, he shaved his burned hand into his pocket and tried to appear nonchalant.

"Kinds hot, isn't it?" inquired the blacksmith.

"Nope," replied the cowboy, "it just doesn't take me long to look at a horseshoe."

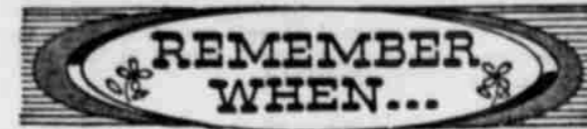

Helping wind up the month of April Saturday will be the Post Lions Club's talent review, which is being billed as "star-studded." You'll get a full evening of entertainment at the talent review be-

The White River Home Demonstration Club will have a secretarial social at the home of Mrs. Deery Friday afternoon at 2 o'clock.

It seems that all the community covered at least 1 1/2 inches of rain. Some parts got more, some less.

TRAVELING LAB ASSURES TEXAS FOOD SAFETY—This mobile laboratory, built and operated by the Texas Department of Agriculture, will follow seasonal crops through the state, testing food and water supplies for harmful residues of chemicals which might be dangerous to health. INSET: Agriculture Commissioner John C. White and Department Chemist Douglas Jones, inside the 46 x 10-foot lab, inspect equipment. The ultra-modern laboratory puts Texas in front ranks of on-the-spot testing work for the protection of human and animal life.

New 'Texas Calendar of Events' lists wide variety of subjects

AUSTIN—Although there's something colorfully "fishy" about its cover, both Texan and non-Texan are going to find it virtually impossible not to be hooked by one or several of the events listed in the latest edition of the "Texas Calendar of Events."

Just published by the Travel and Information Division of the Texas Highway Department, in separate English and Spanish versions, the calendar offers travelers almost 400 events from which to sample the historic, recreational and scenic attractions of "Texas: Land of Contrast."

Not the least of which are the nautical doings at Sea-Arama in Galveston, whose finny denizen are the cover subject for this calendar that lists events occurring between April and Sept. 30, inclusive. The big events are there—Fiesta San Antonio, Six Flags Over Texas, and the Texas Cowboy Reunion—as well as such tempting entertainments as the brand new Longhorn Jazz Festival at Austin, the unique Queen Ooola Day and Miss Stone Age Contest at Iraan, and the historic Motorcade Caravan from Cuero to St. Joseph, Mo., along the approximate route of the original Old Chisholm Trail.

Because of its wide diversity of listed subjects, travelers will find themselves with any number of choices to describe the "Texas Calendar of Events." Such as:

"It's the berries!" — Strawberry Festival at Poteet. (April 15-16).

Or "Texas surely knows its onions!" — Onion Fiesta and Musical Festival at Raymondville (April 14-15).

And even "See Texas First," the official title of a flower show to be held in Wharton. (April 21).

That flower show, incidentally, is only one of some 25 floral events calling attention to the Bluebonnet, state flower of Texas, as well as azaleas, dogwood—and even crimson clover.

The English version of the "Texas Calendar of Events" will be distributed through customary channels — the Highway Department's Tourist Bureaus and District Offices throughout the state, as well as chambers of commerce, air and bus terminals, and other outlets.

Its Spanish version will be distributed primarily through major travel offices in Mexico.

Copies of either translation may be obtained free by a stop at one of the Highway Department's eight Tourist Bureaus, or by directing an inquiry to the Texas Highway Department, Travel and Information Division, P. O. Box 5064, Austin, Texas 78703.

Adventures in ADVERTISING

Mark Twain's Story
OF THE **READING SPIDER**

During Mark Twain's days as a newspaperman, he was editor of a small Missouri newspaper. One day he got a letter from a subscriber, stating that he had found a spider in his newspaper and asked if this was an omen of good luck or bad luck.

Twain wrote: "Finding a spider in your newspaper is neither good luck nor bad. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

You will find no spider webs across the doors of the merchants who advertise in your local newspaper.

How food fads can fool you

We don't mean there's anything wrong with eating yogurt and wheat germ and so on. They are fine, healthful foods. But here's the rub. Advocates of some food fads promise benefits that diet alone can't deliver. Occasionally, someone with a medical problem will try to solve it by living mostly on cabbage juice or some such thing. Special foods and diets, however, have limitations—can be harmful when improperly used. So if you think there's anything wrong with you, by all means see your physician.

The Family That Prays Together...

Slogans have their place. But no slogan can really express the value of worship for a Christian family.

That those who pray together generally stay together is simply a statistical fact derived from someone's study of divorce and delinquency records.

What is important to the millions of American families who will attend church next Sunday is the spiritual foundation upon which they have chosen to build life. They are finding a way to meet and overcome the obstacles that so often frustrate the self-sufficient. They are seeking truth that endures.

Religion is not a gimmick that automatically insures happy marriage, well-behaved children or social well-being. But the family that prays together ultimately learns from God Himself the meaning of love, understanding and sacrifice. And these affect our homes ... and our world.

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor in earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. These are four sound reasons why every person should attend services regularly and read your Bible daily.

[Buckle up]

"Don't be caught dead sitting on your seat belt." With those words as a rallying cry, America's 11,000 linen-supply driver salesmen will be helping save lives while they ply their truck routes this Spring.

According to the National Safety Council, you are at least 85% safer when you drive "buckled up" than you are with no seat belt to keep you from slamming into the windshield in an emergency. Although all new cars now are sold with seat belts, many drivers still resist using them.

"It's a fact," says Samuel B. Shapiro, executive director of the Linen Supply Association of America, "that probably five-thousand people died last year who didn't have to. The National Safety Council says that's how many lives might have been saved out of the 30,000 who died in automobile accidents."

If seat belts are so vital, why aren't more people using them? "We think people will use them more if they're reminded often enough," said Shapiro. That's where the 11,000 trucks of the 1,381 member companies of the association come in. Many of the Linen Supply trucks, which have helped other public service campaigns in the past, will be seen everywhere with their new safety signs bearing the reminder to millions of automobile drivers: "Safety is a Snap. (Buckle Up)."

In addition, decals bearing the words: "Don't be caught dead sitting on your seat belt" will be distributed free by many member companies.

Hooterville pair move show inside

Two free shows presented here Saturday afternoon by the two-man train crew of television's "Petticoat Junction" were moved inside to the primary school auditorium by threatening weather, but attracted large crowds and were labeled as an "outstanding success" by Glen Barley, president of the Post Chamber of Commerce.

Smiley Burnette and Rufe Davis, who portray Engineer Charley Pratt and Conductor Floyd Smoot on the TV show, kept the crowds in an uproar with their performances, which included skits participated in by youngsters called to the stage from the audience, songs, imitations and other comedy routines.

Also at Tuesday night's meeting the Post Lions set May 23 as the date of their broom sale and discussed plans for Saturday night's 1966 Talent Review.

Morales wins third in Regional mile

Pete Morales placed third Saturday in the mile run at the Region 1 track and field meet at Lubbock, and that was as close as the Post Antelopes came to qualifying anyone for the state track and field meet in Austin.

Half-mile runner Ruben Solis, running on an injured foot that has kept him off form for the last six weeks,

failed to place in the 880-yard run. "I feel sure Ruben would have qualified for the state meet if he had been in shape," Coach Glynn Gregg said.

Rain and a wet track slowed times in all events. Morales, who is only a sophomore, ran a good third in negotiating the mile in 4:43.3. The qualifiers for the state meet were Rudy Montez of McCamey, who won first with a time of 4:43.3, and Don Cantrell of Dalhart, who placed second in 4:43.4.

Fred Cooper of Stinnett won the half-mile run in 2:01.7. T. Hill of Dimmitt was second in 2:05.3. Solis had defeated the Dimmitt runner earlier in the season.

Rickey Welch, district winner in the 440-yard dash, failed to qualify for the finals in Friday's preliminaries in his event.

Because of injuries to two team members, Post's 440-yard relay team, which had placed second in the district meet, did not compete in the regional.

Class AA qualifiers for the state meet were as follows:

100-yard dash: Zane Reeves, Phillips; Jimmy Young, Denver City.

220-yard dash: Lee Roy Kettler, Winters; George Connors, Seymour.

440-yard dash: Melvin Sisney, Lockney; Jerry Awalt, Winters.

880-yard run: Fred Cooper, Stinnett; T. Hill, Dimmitt.

1 mile run: Rudy Montez, McCamey; Don Cantrell, Dalhart.

120-yard high hurdles: Ronnie Grigsby, McCamey; Terry Richardson, Quanah.

180 yard low hurdles: Richardson, Quanah; Grigsby, McCamey.

440-yard relay: Seymour, Stinnett.

VOTE FOR SOUND COUNTY GOVERNMENT Elect John N. Hopkins County Judge

Taxes, taxes, taxes—that's about all we hear nowadays, but very few people seem to be doing anything about them, including elected officials whose job it is to protect the taxpayer's hard-earned dollars. So, don't you think it is about time to elect as your next County Judge a man who has had over 30 years' business experience and knows the value of a dollar? A man who, like many of the rest of you, has not forgotten the depression days when if we did not have the money we did without the non-essentials and concentrated on the essentials? Too many of these elected officials who have forgotten how hard times used to be and how hard they can get again seem to think the people should keep electing them to an office because of "experience" in that office. Well, my philosophy is that if a public office is a good thing, let's pass it around, at least every two terms. After all, a public office belongs to the people and not to the officeholder. I promise, if you elect me County Judge, to work toward a sound and more conservative financial program and to consistently insist that the taxpayer's money be spent only where it is needed and where it will do the most good. I am unalterably opposed to deficit spending. I am in favor of putting our county hospital on a sound basis and in making it available to ALL the people in our county instead of about half of them. In spite of what some hard-heads think, this can be done without any earth-shattering consequences—and should be done! Space does not permit me to list a complete platform here, but I'll be glad to answer any question on how I stand on anything for any voter who wants to ask me. Don't let the clamor talk or trick you into voting for the man. Vote for a man who has no one's interest to serve except the taxpayer's... a man who stands on his own feet and fights for the best interests of all the people. I am not a politician; I am just an old country boy who went to school in a country school house and have had my share of ups and downs. I am asking you for the job of County Judge because I am confident I can save you money and put our county on a paying basis again. JOHN N. HOPKINS (Pub. Political Advertisement)
