'Petticoat Junction' two-man train crew due here Saturday

A number of downtown merchants are sponsoring Hooterville Specials in today's Dispatch in honor of the TV pair.

Everyone, young and old, are invited to come downtown and see and hear these two show world veterans who have been in some

kind of show business for 40 years or more.

Smiley Burnette was a cowboy comic in the movies for years—before changing his cowboy togs for an engineer's cap for a prosperous ride on the Hooterville Cannonball across millions of TV screens.

He still is pretty good with the accordion which got him into show business on radio at the age of 17. Davis, who can turn loose with a steamboat whistle, a foghorn or a train sound at the drop of a hat is an accomplished imitator of more than 200 sounds, all realistic enough to cause considerable confusion among innocent bystanders as will be demonstrated here Saturday afternoon.

He got into show business in 1928 doing singing, yodeling, and doing imitations. He has played many of the nation's biggest theaters and supper clubs. He's been in movies with Bob Burns, Martha Raye, Bing Crosby, Fibber McGee and Molly, Wallace Berry, Bob Hope, Worthy Lamour, Joan Davis and Gene Autry.

He's been busy riding the Hooterville Cannonball on TV's Petticoat Junction since 1963.

The pair are on 13 weeks leave from TV filming in Hollywood and working their way East in a trailer enjoying the country as they go.

Post and Garza folks will have ample opportunity to enjoy them here Saturday afternoon.

POST THEIR NEXT STOP

Smiley Burnette and Rufe Davis, the Hooterville Cannonball's train crew, will make a personal appearance in Post for three hours Saturday afternoon.

Lake directors agree on cabin site leasing plans

Residents member cities will get first opportunity

Residents of the four member cities of the White River Municipal Water District will be given the first opportunity to lease 250 cabin sites at the new White River lake this summer.

Arrangements for the cabin site leaseings were agreed to by water district directors at their April meeting at the filtration plant last Thursday night.

EACH LOT WILL have approximately 60 feet of lake frontage and will be leased for \$1 per frontage foot per year. In addition, for the first year a bonus of \$2 per front foot will be charged.

This would mean lease costs for a lot the first year, including bonus, would be \$180 with rental in succeeding years being \$60 per year.

Directors set Saturday, June 4, as the date for a drawing on the order of lot selection, by all interested lessees from the cities of Post, Spur, Crosbyton and Ralls.

To participate in the drawing, the prospective lessee would be required to deposit his \$180 for first year's lease plus bonus in his local bank.

All such deposits will be credited to the White River water district account with a duplicate deposit slip going to the water district for compiling of a list of those who will be eligible for the drawing.

DIRECTORS AGREED that the drawing will be conducted by putting the names of all residents of the four towns who have made cabin site deposits into a hat.

The first person to have his name drawn would have first choice of his cabin site and so on with the drawing order determining the order of lot selection. A time limit will be set so that all lot selections can be made within a short period of time after the drawing.

Directors also agreed that any lots not leased at the time of the June 4 drawing will be held 90 days after the drawing for later leasing by residents of the four towns before leasing of remaining lots will be opened to the general public.

Rites at Leonard for Post woman

Funeral services for Mrs. Willie N. Kuhn, 60, who died about 3 a.m. Tuesday in Garza Memorial Hospital, will be held Friday at Leonard, Tex., where the body was taken Wednesday afternoon by Hudman Funeral Home.

Mrs. Kuhn, who had made her home with her son-in-law and daughter, Mr. and Mrs. Herman McVay at 103 East 12th St., for 14 years, had been ill for some time. She had been in the hospital here just one day.

Survivors other than the daughter of Post include two sisters, Mrs. Irene Horton, who lives in Arizona, and Mrs. Viola Shepherd of Terrell, and three grandchildren. Mrs. Kuhn's husband, J. M. Kuhn, died here last year.

Dr. Bausman into clinic building

Dr. C. H. Bausman has moved into the former Garza Medical and Surgical Clinic building at 320 West 8th St., to continue his general practice here.

The physician has entered into a lease-purchase agreement on the building.

Dr. Bausman used the emergency room at Garza Memorial Hospital for his office while completing negotiations for the clinic building after the Casey-Bausman Clinic building was closed by its owner, Dr. James Casey, some two weeks ago.

Dr. Bausman said efforts are continuing to bring a surgeon to Post and that one is actively interested in locating here.

Capacity increase at lake is under study

White River Municipal Water District directors are investigating the possibility of increasing the capacity of the White River lake through raising of the "morning glory" dam, or both.

They are hopeful that Texas Water Resources Board will pay for cost in increasing the lake's capacity.

Mr. Nichols of the district's consulting engineering firm of Freeze, Nichols and Endress of Fort Worth advised directors by letter that

the "morning glory" spillway could safely be raised five feet without raising the dam.

THIS WOULD MAKE the lake five feet deeper when it is filled and would add 9,714 additional acre feet of water to the lake, or an additional six-year water supply to the four member cities, not figuring evaporation losses.

The lake is now engineered to contain 38,232 acre feet of water at normal depth.

The White River board at its April meeting last Thursday night authorized Marvin McLaughlin of

Ralls to go to Austin to meet with the state water board and discuss the possibility of raising the height of the dam an additional 10 feet.

If the dam was raised 10 feet, this would add an estimated 20,790 acre feet of water to the lake at its normal level. This would be a 53 per cent increase in the total amount of water impounded.

The board was advised by Nichols in his letter that the cost of raising the concrete "morning glory" spillway by five feet would be only about \$8,000, for which over three billion gallons of water could eventually be added to the lake's supply.

SINCE THE STATE water board loaned the White River district some \$4,500,000 as its No. 1 project in the state, the law has been changed to enable the state to reserve water supplies in the lakes and pay for it through financing a portion of construction costs.

It is through this procedure that the district is hopeful of getting state financing to raise the "morning glory" spillway, the height of the dam, or both.

The White River board is trying to be farsighted about the district's water needs.

These new proposals probably wouldn't be needed for years in the future, but the state is moving rapidly now to settle many of its water problems and the directors think that "now is the time" to consider any such moves, not later.

McLaughlin will report back to the board after visiting with the state water board on the possibility of state financing through water storage.

NICHOLS IN HIS letter to directors also recommended that Ralls, the only one of the four member cities not now receiving White River water, not be furnished water until the runoff into the lake.

Officers of school board re-elected

Independent School District directors at their April meeting Tuesday night swore in Wayne Carter as a new board member.

besides approving the bills, they approved an interfund transfer of \$1,846.42 from the operating fund to the time warrant account to help meet \$2,120 due in interest on time warrants yesterday.

They also set 8 a.m. Friday, July 22, 1966, as the official date of the meeting of the school district's board of equalization.

Supt. Bill Shiver made a statement to the board to clarify a misunderstanding on the part of many persons about staff changes made last month.

Saying that "some people were quite concerned that we had increased the staff in such trying times," Shiver said The Dispatch was in error in saying that the part-time principal unit that A. T. Nixon is filling next year is a new position. He said it "has been in use as far back as I can find records."

"Therefore," he said, "this is not an addition to the staff." Shiver went on to emphasize that Mrs. Bettye Scott was transferred from a classroom teacher unit and part-time principal unit supported by state funds to a supervisory unit supported by state funds.

Shiver said that "contrary to what the criticisms indicate, this transaction represents a saving to the school of over \$5,000"—and he added that records are available for anyone to inspect in order to determine the validity of the statement.

"The State determines the number of professional units, principals, supervisors, classroom teachers, and special units, based on the previous year's A.D.A.," Shiver said. "The State encourages all

Marine Lance Cpl. Gary Howell, who is home on leave after a year in Viet Nam as a forward artillery observer, has heard from one of his buddies that it is "getting rougher" over there.

"That hardly seems possible, but I'm taking my buddy's word for it," the 23-year-old Marine corporal said.

No doubt it does seem "hardly possible" for it to get any rougher to a Marine who is the only survivor of two of the three four-man forward observer teams on which he served.

"We were ambushed and sneaked up on by the Viet Cong a number of times," Cpl. Howell said.

The Post marine was on 116 patrols and in four major operations after landing in Viet Nam on March 20, 1965, until he left there for home a few weeks ago.

Forward artillery observer teams, the corporal explained, are four-man units that set up outposts atop hills or at other strategic points.

Airport board is completed here

The city-county joint airport board was completed Saturday with the appointment of Carl Aycock as the fifth member and elections of Thomas W. Gambin as chairman.

The final plans will be submitted to the FAA around May 1, which means that if they are approved, the airport board can advertise for construction bids late in May or early in June.

At Tuesday's board meeting, Jimmy Hundley was appointed as sub-committee man on the airport layout, Giles Dalby to be in charge of site negotiations and Julian F. Smith to work with the project's engineers.

Marker dedicated to first Garza officials

"They were men who had alibis, but refused to use them," said District Judge Truett Smith of Garza County's first officials Sunday afternoon in dedicating a Texas historical marker to their memory on the courthouse lawn.

A crowd of about 250 persons heard Judge Smith tell how these first county officials overcame hardships to get the new county off on the right foot in 1907.

"They not only were men who refused to alibi, but they were also men who had time to visit and be visited with, and men who didn't try to get something for nothing," Judge Smith said.

One of the highlights of the two-hour program was Mrs. A. C. Surman's introduction of descendants of these first county officials.

Mrs. Tom Wood of Lamesa, the former Mildred Boren, read a paper on the life of her father, J. M. Boren, who was the first county judge. Mrs. Wood was introduced by Mrs. Winnie Tuffing.

Out-of-town visitors came from as far away as Ontario, Calif. Area towns represented were Slaton, Lubbock, Muleshoe, Idalou, Abernathy, New Home, Lamesa and Tahoka. The visitors included C. C. Davis of Muleshoe and Mrs. Bert Dennis and County Judge C. C. Nunnally of Gail, representing their respective county's historical survey committees.

Welcome addresses were made by County Judge J. E. Parker, Mayor Harold Lucas and Chamber of Commerce President Glenn Barley.

Audition April 28 for Lions' Talent Review
Auditions for the Post Lions Club's Talent Review of 1966 will be held at 6 p.m. Thursday, April 28, in the primary school auditorium.

The talent review will be held at 7:30 p.m. Saturday, April 30, with a total of \$170 in cash prizes to be awarded winners in senior and junior divisions.

Anyone wishing to audition for the talent review is asked to telephone 2854 or 3245 for further information.

Tickets on sale for talent show

Tickets for the April 30 talent review were distributed at Tuesday night's Post Lions Club meeting and are now on sale by the members.

This weekend's district convention at Lubbock was also discussed, with a number of local Lions indicating that they will attend. The club sweetheart, Miss Beverly Duncan, will compete in the district queen contest.

It was announced that the annual broom sale will be held May 28.

One killed, one hurt in accident

An 81-year-old Snyder woman was killed and a 31-year-old Post man was seriously injured in a car accident just inside the city limits at 2:18 p. m. Monday.

The accident occurred at the intersection of Mrs. J. C. (Hattie) Doran, widely known Snyder club church worker.

Cogdell Memorial Hospital at Snyder with serious injuries is Mrs. Doran (Molly Jo) Kolb of 616 11th St., Post.

Mrs. Kolb received head and neck lacerations and a number of broken ribs in the accident. Investigating officers said the vehicle was headed north and Doran's car was going south when the two collided near the southwest corner of the Cogdell Memorial Center. The two women were the only occupants of the cars and had both been taken to hospital when police arrived.

Let's let the people decide

"Let the people decide" is the underlying philosophy of the Dirksen Reapportionment Amendment (SJR 103)—to restore to the people of each state the right to determine the composition of their state legislatures.

The growing nationwide public effort in support of the proposed amendment stems from the mainstream of American democratic beliefs in the principles of self-government.

The dangerously sweeping reapportionment edict of one-man vote decreed by the U. S. Supreme Court has created judicial chaos everywhere, with guidelines and deadlines for reapportionment varying widely and inconsistently. We've certainly had our taste of it here in Texas following the supreme Court's ruling.

SJR103, which even now is before Congress, is clarity in itself. It requires that in all states with two-house legislatures, members of one house must be elected from districts formed on a strict population, one man-one vote basis.

It permits geographical factors to be taken into consideration in determining the districts from which members of the other houses will be elected—provided the voters of each state approve such an apportionment plan as an alternative to a strict population plan for both houses. It requires that each state adopt apportionment plans every 10 years, following each national census.

In short, SJR 103 is premised in character. It does not require any state to adopt the Federal plan of legislative representation against the wishes of its people. It permits the people of each state to adopt the Federal plan if they so wish.

It will afford the opportunity for balanced legislative representation in each state, with pop-

ulation of minorities from the absolute dictation of transient majorities.

The one-man vote edict for both house of a state's legislature gives unfair political power to big-city political machines and leaves the smaller cities and more sparsely populated areas "holding the bag."

One example of the chaos created by the Court's edict is the decreasing of districts so huge geographically that the voters' elected representative cannot drive from one end to the other in a day. Effective representation for minorities of all forms—racial, political, farm, and workers in resource industries—is going by the board.

Until the Court rulings are clarified by remedial action, the status of every elected body in the nation is in doubt: the composition of school boards, city councils, county governing boards, even the U. S. Senate itself—for the one-man-one vote rationale of the big-city machine bosses, as applied to Congress, would obliterate state lines, concentrating virtually all political power in five or six large metropolitan areas.

Only adoption of a Constitutional Amendment will restore political order and re-establish the right of the people to self-government in this vitally important field.

What can you do?

Write your Senators and Congressmen in support of the Reapportionment Amendment today. Urge the members of your State Legislature in your district to place their legislature on record in support of remedial reapportionment action.

Work through your civic group and service club to endorse and spread the word for the urgent necessity for Congressional adoption of the Dirksen Reapportionment Amendment.—CD

Water board's far-sightedness

The board of directors of the White River Municipal Water District, which has chalked up an excellent record of far-sightedness during the nearly ten years it has been organized, is adding to that record through its investigation of the possibility of impounding more water in the White River lake.

This could be accomplished through the raising of the "morning glory" spillway or the top of the earthen dam, or both.

By increasing the capacity of the lake, the board not only would be assuring a more adequate water supply for the four member cities, but also would be "going along" with a new state law that enables the state to reserve water storage in lakes and pay for it through financing a portion of the costs of increasing capacity.

Thus, the water district board is hopeful of getting state financing to raise the spillway, the height of the dam, or both.

Raising the concrete "morning glory" spillway by five feet would cost around \$8,000 and eventually would add over three billion gallons

of water to the lake's supply.

Raising the earthen dam by ten feet would add some 20,790 acre feet of water to the lake—a 33 per cent increase in the total amount of water impounded.

The state's water storage in the lake would not take away from the supply of the four member cities, since the state's water, as set forth by the new law, would be the water on top—the first to evaporate.

There is no hurry in increasing the capacity of the lake, but the state is moving to settle many of its water problems, and the White River directors are of the opinion that now is the time to consider any such moves, not later. Consequently, the board has authorized member Marvin McLaughlin of Ralls to meet in Austin with the state water board and discuss the proposals for increasing the lakes capacity.

The board's consideration of this matter is another in a long line of examples of its far-sightedness where the district's water needs are concerned.—CD

What our contemporaries are saying

Aunt Bee thought that Uncle Mert was improving some in his general behavior until she discovered that it was only his excuses that were getting better.—Carl C. Wood in The Plains Record.

The county tax office has a sign saying, "Everybody should pay taxes with a smile—I tried it, but they wanted cash." They are that way about poll taxes and license tags, too.—Billye Stockton in The Crosbyton Review.

Voters of Garza County

Here are a few of the many things that I, if elected as your next county judge, will advocate and work to accomplish:

1. Good, sound business practices in county government.
2. Eliminate deficit spending.
3. Operate within our county budget.
4. Reduce the county tax rate as soon as the county indebtedness has been paid, thereby giving our citizens some relief from our tax burdens.
5. Work together for the good of all our people; leave off our petty differences.
6. Work toward progress for our county and city to make this a better place to live in and rear a family.

Having reared children of my own, I feel that I have a good understanding of the problems of our young people.

I will at all times be fair and impartial in my decisions.

FOR YOUR NEXT COUNTY JUDGE
MAY 7, 1966

ON ACCOUNT of The Dispatch force being short-handed this week, "Thursday to Thursday" might wind up as "Monday to Tuesday."

Mrs. C. through no fault of her own, is out for the week and that means double duties for Mr. C and yours truly. Orabeth White just walked in the front door as Mrs. C's replacement for the week, so I'll take that back about "double duties," since Orabeth is fully competent of handling the women's department duties, which run all the way from taking classified ads over the telephone to writing society, waiting on customers, telling strangers how to get from here to the city hall, selling subscriptions, running the mailing machine on Thursday morning, etc.

THE MAN UP the street says this is the only country in the world where as soon as a feller can afford a Ford, he buys a Cadillac.

That marker dedication Sunday was really something, with nearly 300 people gathering on the courthouse lawn to pay tribute to Garza County's first set of officials. It was, by far, the best-attended dedication yet of the hard-working, result-getting Garza County Historical Survey Committee.

THE WEATHER was near perfect for the ceremony, with the wind waiting until after it was over to "kick up." At one stage of the program, a full-sized "dust devil" whipped around the southeast corner of the courthouse square and down the street, but missed the crowd. "That's typical," said one woman as she watched the whirl-

Dr. A. C. Surman came around after it was all over and said, "We ought to be getting pretty good at this sort of thing, eh Charlie?" I agreed, since it was about the 11th marker dedication we've attended. The doctor and I agreed that the next one more than likely will be a dedication of the Garza arrow point.

ANOTHER THING that was exciting people over the weekend was the work going on at the old Two Draw recreation area just north of town. Jim Hundley Sr. was one of the most excited, and it was from Jim that we here at The Dispatch first heard the news. A quick check disclosed that the one-time recreation area actually is going to be opened up again, and you'll be hearing considerably more about it—if not this week, then in the weeks to come.

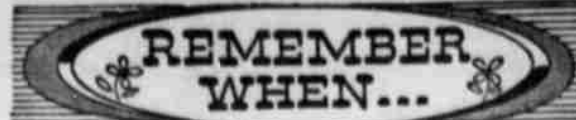

The Post Lions are getting everything in shape for a really big talent review here Saturday, April 30, and what they need most right now is enough amateur talent to put the event over. Lonnie Duke, the Lions' talent review chairman, says they've set an audition for Thursday night, April 28. If you can sing, dance, play the xylophone, or have any other talent, you're invited to try for one of the big cash prizes being offered by the Lions Club. Even if you can't do anything except just stand there, it might pay you to enter, for one of the funniest acts I ever saw in a talent show was a fellow who just stood there—after forgetting what he was suppose to do. He didn't win anything, but he brought down the house.

ON THE SAME subject—well, nearly so—they have a drive under way in New York City to "Save the Met." That's the Metropolitan Opera House, which is to be torn down after 83 years of grand opera. I heard about it on the radio. Another fellow who heard the same thing, misunderstood the announcer and thinks they are trying to "Save the Mets." "That's one baseball team that isn't worth saving," he commented.

Last Thursday's Lynn County News carried a front page story about plans for the expansion of the county library over there. The last paragraph of the story had this to say: "A great many people check books in and out of the library... some even from over at Post and other towns." That's all the more reason for having a library of our own—so we won't have to go out of town to get our books.

TIME KEEPS flying and almost before we know it, it'll be time for the Democratic primary election. Absentee voting is under way now, so if you're going to be out of town on election day, don't forget to vote absentee.

COMPARES TWO ITEMS

To the Editor:
In your Thursday, April 14, 1966 edition there were two items which interested me very much. These were Reverend Ramsey's sermon on "RMTD Disease" and Mr. H. F. Wheatley's Letter to the Editor discussing "White Elephants."

On one hand a man is saying, "Let's quit sitting around feeling sorry for ourselves and get in there and solve these problems," and on the other hand a man is saying "Well, boys, we've goofed again." And here sir, is the basic trouble with Post. There are those people who are sincerely interested in making this a town that we can all be proud of, and those who like things just the way they are, and fight very hard to retain what they think is a status quo. I say think, because all they have managed to do is cause a pretty nice little town to regress to a point where the problems do appear to be insurmountable—but really aren't.

Let's look at the new airport as an example. Mr. Wheatley calls it a "white elephant." I can't say whether he is correct in this assumption or not, but will give a comparison of another town that had a much bigger "white elephant." This "white elephant" was referred to as the "Doomed Stadium." For about eighteen months there was extreme bitterness about the fact that all it was was a big hole in the ground and cost the city \$1,500 per month just to pump water out of it. The fight was long and hard. Tempers flared! Finally the citizens voted on a \$25,000,000 bond issue, and passed it. The rest is history—Houston has its Domed Stadium (Astrodome), and business is booming.

I fully realize that we can't really compare our airport to the Astrodome from a financial aspect. But we can from the vantage point

as a sign that the tide in Post is changing. It shows that the citizens of Post do want progress. It shows that they can work together. Whether the airport attracts industry or not is not the real issue involved. The real issue is whether or not some pretty nice people can begin working together for the good of the town. They've got a pretty good start with the airport. And I'm sure that with the same cooperation they can shoot down Mr. Wheatley's other "White Elephant." Who knows, in years to come they may need a stadium to seat fifty thousand people!

Masonic meeting set for Tahoka

A Masonic Workshop meeting has been scheduled for officers and members of four Lodges at 7:45 p. m., April 21, in Tahoka Lodge 1041, Tahoka.

Tullus V. Walker of Lubbock, who is the owner of Walker Insurance Agency and chairman of the eight-county Masonic Workshop Area E-4, will conduct the meeting. He said that Tahoka, Post, O'Donnell and Southland Lodges are invited.

Nearly 200 Workshop meetings are held semi-annually for officers of over 970 Texas Masonic Lodges. The meetings are authorized by H. W. Fullingham of Odessa, who holds the highest Masonic position in the state as Grand Master of Masons in Texas.

The Masonic Order is the state's largest fraternal organization with nearly 250,000 members. It is noted for its activities in the field of charity and in the self-improvement of its members.

H. B. Murray, first county clerk, was also newspaper owner

Note: Continuing the series on Garza County's first newspaper, the following article on Hal Murray, first county clerk, is by his daughter, Mrs. Seward of Las Vegas, Nev.)

There, young Hal Bruce grew to manhood, his spare time spent helping his father set type and doing all the other chores necessary in running a newspaper.

OF THOSE TIMES and of that area and of the Caprock area, Judge Murray wrote:

"The Crosby County News, established by this writer in 1886, was the pioneer newspaper for the

entire plains country. At that time there was not a newspaper published in the entire plains country north of the Texas & Pacific railroad and this writer remembers only two newspapers along the T&P railroad between El Paso and Colorado City. The mail route was from Colorado City but was later changed to Amarillo.

"Sometime in 1887 news reached us that the Fort Worth & Denver railroad had been completed to Amarillo and being over a perfectly level country, the people of this section would prefer hauling merchandise and supplies from Amarillo, and it would also be best to have the mail route changed from Colorado City.

"With these things in view, the writer and the mail contractor made what was doubtless the first trip ever made from a settlement on the South Plains to Amarillo, destined later to draw a volume of business from the section. In making the trip, we traveled from water hole to water hole, the lakes being full of water, and that we might easily find our way back, marking the route with mounds of dirt.

"THERE WAS NO semblance of the towns of Tulla, Plainview and Canyon, and not much of Amarillo. The country was in a perfectly primitive state. It presented a picture lost to art and almost lost to the memory of man.

"It was a common sight to see herds of wild mustang horses graz-

ing quietly on the prairies or dashing away at our approach. One was never out of sight of antelopes—not in bunches, but hundreds, even thousands of them. Packs of wolves were a common sight, but the buffalo had disappeared. So recently had the last buffalo been killed that thousands of the green heads were scattered around and the bones and decaying carcasses covered the prairies, especially around the lakes and watering places where the biggest killings took place.

"Another testimony of the country's primitiveness at that time was the fact that everywhere under the Caprock signs of the Indian camps were found. Teepee poles, broken vessels, arrows and such showed that the Indians had departed only a short time before."

On Sept. 6, 1898, Hal Bruce Murray married, at Emma, Tex., Rena America Elkins, daughter of Mary Blanche (Bond) Elkins and Thomas Maxey Elkins, early-day pioneer who served in the Confederate army under Capt. E. T. Broughton, Gregg's Regiment, Texas Volunteers.

IN DESCRIBING their wedding and other weddings and social affairs of those times, Nellie Witt Spikes and Temple Ann Ellis in the book, "Through the Years," wrote as follows:

"The courthouse was the scene of many activities of the pioneers of Emma, and the big court room on the second floor used for many

purposes. Weddings were held there. Three of the Elkins sisters plighted their troths at different times. Luis, dressed in satin with orange blossoms, in a filmy veil, married O. B. Kelly. Susan Elkins married Ed Kelly. Rena Elkins was married there to Hal Murray and the room was lighted by the white of the wedding garments, and the floors were trod by small feet in white kid slippers."

Hal Bruce Murray, in establishing his home in Post where he and his wife and their coming children were to dwell for so many happy years, bought, together with his brother-in-law, O. B. Kelly, and his father-in-law, Thomas Maxey Elkins, an entire block on which to build their homes. The O. B. Kelly home was situated on one corner of the block and the Murray home was built on the other corner, with the Elkins home between.

IT WAS A veritable paradise for the coming Murray and Kelly children, the cousins, to grow up together in as playmates, as well as being blessed by having their beloved "Granny," Mrs. Thomas Maxey Elkins, right next door.

Books and growing things were essential to Hal Bruce Murray. Upon completion of the Murray home, various species of trees and shrubs were planted. Some grew, some did not.

Tree roses, somewhat of a rarity in those days, were set out. The peach orchard thrived, as did the many varieties of grapes in the grape arbor. A trumpet vine soon almost covered a part of the house. The locust trees in front grew mightily and were soon perfuming the air with the fragrance of their flowers.

As to the library, it was not an uncommon thing for one of the Murray children, upon passing through the front room, to find a neighbor sitting quietly reading a book from one of the glass-enclosed

DURING THAT TIME in Post, Hal Bruce Murray served on the school board. Miss Dy Vena Elkins was a teacher in the Post school system at that time, as was Mr. Zorns and his wife, "Miss Maude." Mr. Zorns served as superintendent of schools, as did T. R. Greenfield later, Miss Tommy Clack of Abilene also taught in Post during that time.

Hal Bruce Murray, in addition to being the first county clerk of Garza County, established and was editor of the early-day newspaper, The Post City Post.

and their children lived in Post until the latter part of 1918 when, due to the illness of their son, John Thomas, they moved to Colorado. The other Murray children were Rena Hazel, who was a member of the first class to graduate from Post High School; Donald Hal, Mary Frances, John Thomas and Joelia, who was named for Mrs. Ella Boren, wife of Judge J. M. Boren.

Hal Bruce Murray died June 3, 1940, at the home of his daughter, Mrs. Kenneth Arthur McIntyre at Berkeley, Calif. His wife died July 23, 1956, at the home of her daughter, Mrs. Ralph Seward.

MRS. TOMMY COOPER (Brenda Riddle)

Riddle-Cooper vows exchanged in church at Tahoka Saturday

Miss Brenda Riddle, Tahoka and Tommy Cooper of Slaton, were united in marriage at 8 p.m. Saturday in the First Baptist Church of Tahoka.

The Rev. Jimmy Turner, pastor, performed the double ring ceremony before an archway of Killian daisies and greenery flanked by candelabras.

Parents of the couple are Mr. and Mrs. T. R. Riddle, Tahoka, and Mr. and Mrs. C. L. Cooper Jr., of Slaton. Mr. Cooper is the grandson of Mr. and Mrs. C. L. Cooper Sr. and Mrs. Delia Bilberry of Post.

Given in marriage by her father, the bride wore a waltz length

gown of white chantilly lace over satin. Her veil of illusion fell from a crown of pearls and crystals. She carried a bouquet of Cymbidium orchids and feathered carnations atop a white Bible.

Miss Donna Riddle, sister of the bride, was the maid of honor. She wore a mint green taffeta dress with a pleated bell skirt. She carried a bouquet of Killian daisies on an ivory fan.

Ray Rushing of Slaton was best man. Richard and Jack Cooper, Slaton, brothers of the bridegroom, acted as candlelighters and ushers.

Mrs. Tom Stevenson of Cleburne, sang "I Love You Truly" and "Because." She was accompanied at the organ by Mrs. Donald Filippo of Lubbock.

A reception followed in the Fellowship Hall. Members of the house party were: Misses Charlotte Warren, Douvaughn Evans, Cynthia Parker, Sue Woodall and Mmes. Roy Harvick, Inez Jenkins and Bob Warren.

For travel, the bride chose a mint green suit with white accessories. She wore the orchid corsage. The bride is a senior student in Tahoka High School. Mr. Cooper is in the U. S. Army, stationed at Fort Polk, La.

Kass-Patton vows exchanged in Treasure Island ceremony

Ring wedding vows were exchanged by Miss Breana Margareta and John W. Payton on Saturday at 2 o'clock in the afternoon in the Main Chapel, Treasure Island, San Francisco, Calif.

The ceremony was performed by Rev. Bonner before decorations of pink lilies, pink roses, and white stock.

The bride is the daughter of Mrs. Betty J. Kass, 3235 Broderick St., San Francisco, and Mr. Payton is the son of Mr. and Mrs. J. Payton, Route 2, Post.

The bride in marriage by her brother, Richard Charles Kass, the groom wore a gown of ivory silk organza. Her tulle veil was held in place by orange blossoms. She carried a bouquet of white roses and anaphanotis.

Mrs. Earl Kenney, Canoga Park, sister of the bridegroom, was matron of honor. She was attended in a pink bonded crepe dress with a matching lace jacket and she wore a pink veil and pink shoes to match her dress. She carried a set of pink baby shoes.

Mrs. Earl Kenney, Canoga Park, served as brother-in-law as best man. Mr. Engelson, San Francisco, acted as the officiant.

Traditional wedding music was played.

A reception followed at Cascade Vista, Treasure Island Naval Air Station, San Francisco. The bride's bridesmaids wore pink and white bouquets of white stock, pink lilies, pink and white carnations and white stock throughout the entertaining.

After a wedding trip to Carmel, Calif., and a tour through the Coast, the couple will reside in Post.

For traveling, the bride chose a brown silk-wool suit with brown shoes and bag and a brown hat. She wore an orchid corsage.

The bride is a graduate of Lowell High School, San Francisco, and attended the Girls College, New Zealand, and was secretary to the Sys-

Two are honored at luncheon here

Mrs. Dezzie Dickinson entertained in her home Sunday afternoon at 1 o'clock with a luncheon in honor of her granddaughter, Miss Terri Power, Lubbock and Miss Carol Camp.

Miss Power is a spring graduate of Monterey High School in Lubbock. She is the daughter of Mr. and Mrs. Tom Power of Lubbock. Miss Camp, daughter of Mr. and Mrs. Shelley Camp, will graduate from Post High School in May.

Co-hostesses with Mrs. Dickinson for the luncheon were Mrs. J. N. Power and Nancy of Lubbock. Decorations were carried out in the colors of the two schools, blue and white of Monterey and black and gold of Post. Each of the four tables was centered with an arrangement of flowers.

The honorees were presented with graduation gifts and later the group attended the dedication ceremonies at the courthouse. The Power girls' grandfathers, the late Jim Power and Judge J. E. Parker, were honored at the ceremonies.

Guests attending were: Misses Laura Hays, Diane Hopkins, Carolyn King, Jill Power, Pat Power and Mrs. Tom Power and Roxanne all of Lubbock, Miss Joy Thomas of Tahoka, Mrs. J. E. Parker, grandmother of Miss Terri Power, Mrs. David Newby and Marcia and Mrs. Camp.

Shower held here for Mrs. Hanson

The Community Room of the First National Bank was the scene of a bridal shower Friday evening Friday evening honoring Mrs. Ronnie Hanson, the former Miss Vonda Howell.

Guests called between the hours of 7:30 and 9 o'clock. The receiving line was composed of Mrs. Hanson, her mother, Mrs. Ben Howell of Whiteface, and Mrs. Glenn Wheatley. They wore white carnation corsages with blue streamers.

Mrs. Elaine Gindorf registered the guests.

Misses Iris Howell and Sulinda Little served cookies, mints and punch from a table covered with a white net cloth applied with white satin over blue. An arrangement of blue and white flowers centered the table and two large silver wedding rings were entwined with blue ribbon streamers with "Vonda and Ronnie" in silver glitter. There was also a small blue wishbone. Crystal appointments were used.

The 19 hostesses were: Mmes. Hal Jones, Bernie Martin, Eugene Martin, Wheatley, Hoyt Hill, Paul Jones, Lowell Short, Wayne Pennington, Robert Cox, H. E. Butler, Tom Williams, Stanley Butler, T. C. Polk, W. C. Caffey, Jr., L. S. Pierce, Delujan Wilson, Deamos Altman, Buck Harrison, and Ray H. Smith.

Theresa Dean to become bride of Lee Doggett here May 7th

Mr. and Mrs. Ralph R. Dean of Route 3, Post, are announcing the forthcoming marriage of their daughter, Theresa Darlene, to Arlice Lee Doggett, son of Mr. and Mrs. Jimmy Doggett of Route 3.

The wedding will take place at 8 p.m. Saturday, May 7, in the Calvary Baptist Church.

Miss Dean is a student in Post High School. The prospective bridegroom is a 1965 graduate of PHS and is now serving in the U. S. Navy at San Diego, Calif.

Mrs. Ronald Babb is elected Amity Study Club president

Mrs. Ronald Babb was elected president of the Amity Study Club for the 1966-67 club year at a recent meeting of the club held in the home of Mrs. Carl Aycock with Mrs. Lorene Scarbrough as co-hostesses.

Other officers elected were Mrs. Wayne Carpenter, vice president; Mrs. Bill Carlisle, secretary; Mrs. George Miller, critic and parliamentarian; Mrs. Lee Davis Jr., civic chairman; Mrs. Preston Poole, publicity director; and Mrs. Pat N. Walker, musical director.

The meeting was opened with the reciting of the club collect in unison.

Mrs. Ronald Babb and Mrs. Lee Davis Jr. gave a report on the district convention held March 22-23 in Brownfield.

The club decided to help the Woman's Culture Club provide dishes for the Community Room.

They also voted to support the City-County Library with each member obtaining membership to the Friends of a Public Library, Garza County, Texas.

Mrs. Carlisle gave the first part of the program entitled "Rejected Children: How They Survived Without Love." She said that the first five years of a child's life develops the human emotional stability. Rejection of children by their parents happens in all classes of people. Several examples were given of rejected children from new-born to young adults.

A report on "Unadoptable Children" was given by Mrs. Dean Sterling. She explained several reasons why children become unadoptable and said the foster parent plan needs improvement so all unplaced children can be adopted by loving parents. A couple in New Jersey, Mr. and Mrs. Kirk Lerke, were given as an example of parents who readily foster children. They have nine children of mixed races from four years through 17 years of age. Mrs. Sterling gave their interesting story to conclude the program.

Members attending were: Mmes. Russell Wilks, Carlisle, Thurman Francis, Sterling, T. C. Clark, Carpenter, Miller, Punk Peel, Malcolm Bull, Babb, Vernon Scott, Poole, Daymon Ethridge, Marion Duncan, Davis and the hostesses.

Mrs. Pauline Wilke is club hostess Tuesday

The Post Home Demonstration Club met Tuesday night in the home of Mrs. Pauline Wilke, with roll call answered by "What I Need Help on in Sewing."

Following the business session, Lillie Wilke modeled a three-piece ensemble that she made.

The program on fabric selection and care was presented by Mrs. Juanette Gentry and a 10-minute demonstration on foundation garments by Mrs. June Kiker.

Others present were Mrs. Cecil Gray and Mrs. Marietta Pruitt.

The hostess served punch and cookies.

PLEDGES SOCIETY

Mrs. Marilyn J. Verhalen, daughter of Mr. and Mrs. J. C. Steel, has been chosen as one of the pledges of the Phi Kappa Phi National Honor Society at Oklahoma State University, Stillwater, Okla. The pledges are chosen from the graduating seniors and graduate students by the members of the organization. The pledges must be in the upper 10 per cent of their college and have at least a 3.0 grade average.

Methodists honor Mrs. May Voss

Mrs. May Voss, who will soon move to King's Manor, the Methodist home at Hereford, was honored Sunday evening with a Methodist church fellowship supper in the fellowship hall.

Mrs. Voss has been a resident of Post for 28 years.

Mrs. W. R. Graeber gave a tribute to Mrs. Voss. Mrs. Tillman Jones presented the honoree with a gift from the WSCS and another gift from the Methodist church.

Mrs. Jim Poer and Mrs. Leo Stiewert sang a duet dedicated to her chancel choir sang. The Rev. Mrs. Voss, Mrs. Ronald Babb and Clarence Stephens, church pastor, led in the devotional and prayer to conclude the program.

Members of Art Guild visit Lubbock exhibits

Several members of the Post Art Guild were in Lubbock Sunday afternoon for the showing of different artist's collections.

They visited the Fines Galleries and saw the collection of Fred Harmon and then went to the Baker Company Collectors Gallery where they saw the collection of Frank Gervasi's.

At the Lubbock Fine Arts Garden Center they watched three 15-minute films on oil and water colors and also saw a china painting display.

Members from Post attending were: Mrs. Allie Martin, Mrs. Gladys Presson, Mrs. Boo Olson, Mrs. Evelyn Neff and Mr. and Mrs. Ed Neff.

Post Junior High

Three 'Citizens of Month' are named

Bobby Snow, Rhonda Case and Wayne Aycock have been named as April's "Citizens of the Month" at Post Junior High School. Here is why:

BOBBY SNOW is an 8th grade student whose virtues are many. He personifies Joseph Hall's statement, "Every day is a little life, and our whole life is but a day repeated."

Bobby is honest in all ways; he is compassionate, cooperative and

courteous. Friendliness with all rather than a few is one of his finest attributes. His classmates consider him a gregarious person.

Bobby Snow has earned the congratulations of the 8th grade.

RHONDA CASE, 7th grade citizen for April, has a good standing academically. She is friendly and courteous to students and teachers.

The newspaper staff has had Rhonda's help this year. She is one to keep pace with all Junior High activities and willingly volunteers her time for helping others.

Three cheers for our 7th grade Citizen of the Month!

WAYNE AYCOCK, 8th grade Citizen of the Month, exhibits fine qualities of good citizenship. He is friendly, cooperative, courteous and clean-cut.

All his fellow students are aware of his friendliness and kindness. His teachers and other adults are aware of these qualities as well as those of cooperativeness and courteousness, which Wayne always exhibits. He always answers adults with "Ma'am" or "Sir", and he never has a sullen expression or unpleasant tone of voice.

His enthusiasm, energy and excellent personality add to the above qualifications to make him an outstanding citizen.

The common cold may be one of a number of distinct infections of the respiratory tract, according to World Book Encyclopedia. Although scientists have developed several anti-cold vaccines, none has proved effective against all types of colds.

FNA election of officers held for next year

How the Chinese

do it
米

Legend has it that Chinese doctors used to be paid only while their patients were healthy, got no fee during illness. It almost sounds reasonable. In fact, there are physicians today who specialize in keeping their patients healthy. Preventive medicine, it's called. All doctors practice it as much as they can. If you get regular checkups, your doctor has a chance to keep you from getting sick. Modern drugs play a large part in this practice, and that's where we pharmacists come in. But only you can make preventive medicine work—by getting into the habit of regular checkups. It's a very good idea.

Strange how a landscape sets the imagination to work. Right now, looking at this scene, I can imagine all sorts of things.

Winged steeds riding to heavy music . . . pioneers in the wilderness . . . castles on the cliffs . . . boating at high speeds.

Look at the magic that enables the lake to mirror the rocky mountain peak and the heavens! The vastness and stillness of the scene sets my mind to wondering about time and space and things I will never understand.

But in standing here and wondering so, I feel like I've been near God.

There is a place where I can find Him always—in Church. Will you come with me?

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

School bus driver gets state award

R. A. "Shorty" Duncan, described by School Supt. William F. Shiver as "always ready to go when needed," has received a Certificate of Award in recognition of his outstanding services as a public school bus driver in Garza County. The special award, received by the Post man after less than two years of driving a school bus, was presented by the Texas Motor Transportation Association, the Texas Department of Public Safety and the Texas Education Agency. Supt. Shiver said he recommended Duncan for the award "because he is always ready to drive his bus on out-of-town trips, and is such an efficient driver that we never have to worry after he leaves with the youngsters."

Duncan and his wife, residents of Post since Aug. 1, 1958, have operated the Duncan Cafeteria for the last three years. Before that, they were operators of the Dairy Hart here.

In the cafeteria, which is across the street from the junior high school building, the Duncans and their helpers feed approximately 150 school children every day, and it is to this association with the

students that Duncan attributes the fact that he has no discipline problems on his regular bus route or on his out-of-town trips with the band.

"You get used to them and learn how to get along when you're around about 150 of them five days a week," Duncan said.

He has taken about half the band students — from 30 to 35 — on every out-of-town trip the band has made since he has been driving a school bus. "They're a well-mannered and well-organized bunch of youngsters, and I know their band director, Mr. Evans, deserves much of the credit," Duncan said.

On his regular bus run, Duncan drives Route 8, which goes south from the Graham community. His

daily load averages around 40 students.

"The only breakdown we've had on an out-of-town trip came while we were on our way home from the Denver City football game," Duncan recalled. The breakdown was caused by mechanical trouble and the bus didn't reach Post until about 4 o'clock Saturday morning.

"The kids seemed to enjoy it, though, since they knew they didn't have to go to school the next day," he said.

Cerretha's Chatter

By Cerretha Jones

The Senior play, "Bolts and Nuts", is tomorrow night. Everyone has been working hard and appreciation goes to the sponsors and Mrs. Gary for all the help they have given us for a successful play. So don't miss the Senior play tomorrow night! "Bolts and Nuts," 7:30 primary auditorium.

The band had extra rehearsals in preparation for contest in Sweetwater, April 16. They enjoyed eating at the Ranch House on the Sweetwater by-pass after playing their contest numbers.

The halls of dear ole PHS were back in the first of last week. Arleta Robinson was taken ill after being bitten by a spider. Things were back to normal upon her return Friday. Glad to have your smiling face back, Arleta!

What's this new development between Pat Martin and Leslie Davis?

Friday afternoon was a bit dull for everyone. The track and volleyball teams were in Frenship for the district meet.

It was good to have Iris Howell back in the halls even though it was for one day. She had returned from Whiteface for her sister's shower.

The golf team went to Slaton for a tournament last Wednesday. They won second place. Congratulations!

Post man re-elected to lumbermen board

Robert Cox of Cox Lumber Company here was re-elected to the board of directors of the Lumbermen's Association of Texas on April 17 in Dallas.

The association, now in its 80th year, closed a successful convention April 17, which drew in excess of 5,000 lumbermen and building material people.

"Bolts and Nuts"

Senior play Friday to be funniest yet

By Sharla Pierce

The Seniors have really outdone themselves as far as antics are concerned in "Bolts and Nuts" to be presented this Friday night at 7:45 in the primary auditorium.

Rebecca Bolt alias Mary Barnes is the manager of the "Bolt Sanitarium for Mental Hygiene." Lutie Spinks (Marilyn Jones) acts as Mrs. Bolt's faithful and loyal maid. She steals the show with her continuous "winking" of her eyes when she is nervous or under strain. Benita Bolt, Mrs. Bolt's niece, is engaged to one of the patients in the sanitarium. Twink Starr, Twink, portrayed by Gene Wilkerson, is always dreaming of grand and royal things. He often thinks he is Julius Caesar! Martha Grubb (Carol Camp) is a very melancholic person. She looks only on the dark side of everything and believes the late Mr. Bolt is haunting the house.

Dr. Hippocrates Joy (Billy Hahn) is a psychiatrist with more knowledge than is believable in any human being.

Henry Goober is the colored porter, played by Tommy Mason. He is afraid of lunatics and always imagines someone is plotting to get rid of him.

Phineas Plunkett is a lawyer with a humility complex who is played by Charles Wallace.

Miss Prunella Figg is a very touchy patient, played by Cerretha Jones who has claustrophobia.

Cadwallader Clippy is another patient who is deathly afraid of cats. He is played by Tony Hutto.

Mrs. Bertie Glossop has a ghastly fear of being contaminated. Her

March accident count is five

The Texas Highway Patrol investigated five accidents on rural highways in Garza County during the month of March, according to Sgt. A. E. Roberts, Highway Patrol supervisor of this area.

These five accidents resulted in estimated property damage of \$4,260.

The rural traffic accident summary for the county during the first three months of 1966 shows a total of 22 accidents resulting in six persons injured and estimated property damage of \$22,285.

Garza Voters

In behalf of my candidacy for re-election as your County Judge, I wish to explain to you as most of you will know that I was hospitalized for a serious virus. Reports that I had a heart attack are erroneous. While in the Methodist Hospital where I was sent by my doctor, I was given a thorough check-up. My doctors have returned their diagnosis that otherwise than the virus that I am in perfect health. Should I have found that I would be handicapped in handling the duties of my office, I assure you that I would not ask for it.

Some may not agree with me, but I do sincerely believe that the office requires many years of experience. We are going through a period of adjustment. I believe there is no one indispensable but the numerous duties of a County Judge requires knowledge of the County affairs that will be of real benefit to the Taxpayers.

I sincerely solicit your support in this campaign and will promise you to give my full time as I am free to give all of my time as I am not engaged in anything else to prevent me from serving you full time. This is the taxpayer's office and the administrator of the office will be one who the people choose. I am asking your full consideration.

Dave Sanford, manager of Radio Station KPOS, presented a program entitled "Stimulants to Thought." He also explained the power of advertising through radio, newspaper, television, and how it affects the public.

Mrs. Mitchell served refreshments to the following members:

Mmes. Dot Osman, Rosa Gambelin, Bert West, Bernice Eubank, Shirley Moore, Lora Blanton, Willie Cross, Lois Kennedy, Sherry Joney, Betty Sanford and Mr. Sanford.

Rotarians are shown lighting display

Lloyd Thompson, lighting specialist for Southwestern Public Service Company at Lubbock, gave an interesting demonstration of all types of modern lighting to Post Rotarians at their weekly luncheon in city hall Tuesday.

Among lighting demonstrated was an outdoor lamp which kills all bugs it attracts via electric shock and a show window light which diffuses light into several colors for advertising purposes.

Boy Scout Troop 316 conducted the flag raising ceremony. Among those recognized by Mrs. Surman for their assistance in the erection of the marker were Louie Burkes, manager of the Postex Mills and George "Scotty" Samson, a member of the historical survey committee.

More than 300 of the visitors registered in a tent representing the first Garza County "courthouse," and many viewed pictures of the first county officials and other early-day residents in the courthouse lobby.

lake for May and June, the year's normally wettest months, is determined.

"The chances are you will obtain more additional storage this spring and the question will be resolved," Nichols wrote.

Directors at last Thursday's meeting also authorized O'Brien to obtain bids for a "snake proof" backyard fence around the lake employees' homes so small children could play outdoors night and day in the yard without adult supervision.

The snakes aren't as numerous around the lake, O'Brien said, "but we know they are there" and most of the lake employees have small children.

Post Jaycees and Jaycee-ettes served coffee, tea and cookies from their chuck wagon at the marker dedication program Sunday afternoon. The chuck wagon was a busy place before, during and after the program.

TAKE LOOK AT PICTURES

Russell Wilks Jr. (left) and W. M. Kirkpatrick were among those taking a look Sunday at the first officials' pictures in the courthouse. One of the pictures is of Wilks' grandfather, B. F. Wilks, who was Garza County's first treasurer.

Lot leasing—

(Continued From Page One)

"We want the taxpayers of the four towns satisfied that they will have ample opportunity to lease these cabin sites before offering them to the general public," one director declared in the discussion. All present readily agreed with his sentiments.

The 230 lots are being staked out along and behind the lake "high water line," which means they will not be right down on the water's edge when the lake is filled, Al O'Brien, water district manager, told directors.

This relieves the district of any liability to cabin damage in case of high water, he added.

The 230 LOTS which will be offered June 4 will be located within two miles of the dam on both sides of the lake. Certain areas close to the dam, especially on the west side, will be occupied by a public park facility and then by homes of district employees.

The bonus charge on the lot leasing for the first year will help pay the cost to the district for water lines through the cabin areas, access roads, etc. The law requires that such work can only be financed by recreation funds and cannot be paid for from tax revenue or water sales.

O'Brien told directors it will still be several weeks before he and his district employees can complete staking of all the lots so lots can be shown to those interested in

Districts to utilize all available units because these represent minimum standards. The public is cordially invited to meet with me and discuss the units provided by the State. Also, the Board is reminded that we will be required to drop at least five teachers next year.

"It is pertinent to mention that additional staff members would in all probability increase the effectiveness of the Post Independent School District toward the education of the children. But I have not forgotten the letter to the board that I prepared February a year ago in which I described the next five years as being 'dark years.' We are still operating in a 'tight' manner and it is my prediction that we must continue to do so for the next several years," Shiver concluded.

Water district directors agreed to place an advertisement in each newspaper of the four member towns of the district on Thursday, April 21, giving full details of the cabin site leasing plan.

take a hill and will stay on it as long as we're there, but if we leave them, they can't be depended on to stay," Cpl. Howell said.

What does the Marine corporal think of the demonstrations staged in this country against our Viet Nam operations?

"It didn't do us any good to hear about fellows our own age demonstrating against what we were fighting for," he said. "We used to talk about what we'd do if they'd bring them over here, turn them loose in the jungle and let us go in after them."

Cpl. Howell, son of Mr. and Mrs. Conner Howell, landed in Viet Nam with the first unit of the 9th Marine Expeditionary Brigade. His outfit's operations has taken it all the way from Chu Lai to Phu Ban, which is only about 20 miles from the border of North Viet Nam.

The corporal never visited Saigon while he was in South Viet Nam, but he did get into Hong Kong on a rest and recuperation trip.

He spent Christmas on a lonely outpost in the steaming Vietnamese jungle.

Col. Howell's leave ends May 1, at which time he will report to the Marine base at Twenty-nine Palms, Calif., for a six months' assignment.

Three individuals and relay team qualify for regional

The Post Antelopes qualified three individuals and a relay team for the Region 1 track and field meet in Lubbock Saturday in the District 4AA meet held last Friday at Frenship.

Qualifying with first places were Ruben Solis in the 880-yard run, Peter Morales in the mile run and Rickey Welch in the 440-yard dash. The 440-yard relay team of Luis Ayala, Welch, Norman Tanner and Jimmy Bartlett placed second to qualify for the regional meet.

Post scored 79 points in the district meet for a fourth place team finish. Denver City won the meet with a total of 177 points, Slaton was second with 100½ and Morton

Kalgary couple, Kenneth Clarks, parents of son

By MRS. GLENN JONES

We would like to congratulate Mr. and Mrs. Kenneth Clark on the birth of a son, April 13, at the Crosbyton Hospital. He weighed eight pounds and has been named Edman Wallace. Mother and baby are doing fine, and came home from the hospital Sunday. They are visiting with her parents, Mr. and Mrs. Doug Hinson, and family, for a few days.

W. C. Havens, stationed at Fort Bliss, El Paso, came home Saturday for a 14-day leave. His parents are Mr. and Mrs. Glenn Havens.

Lloyd Self of Lamesa, Buck Taylor and J. W. Hinson of Crosbyton, Mrs. George Germany of Brownfield, Mrs. Milton Davis of Slaton, Mrs. Johnny Lovelace of Four, Tommy Davis, Slaton, Carma Scott of Idalou, Mr. and Mrs. D. J. Dean of Lamesa, Mrs. Claude Thompson and Mrs. Alfred Briggs all visited Mr. and Mrs. C. W. Hinson last week.

Mr. and Mrs. Henry Slack and Mr. and Mrs. Buran Jones were Saturday supper guests of Mr. and Mrs. Donnie Pace.

Mr. and Mrs. Travis Ferguson and David were honored with a spring-away party at the home of Mr. and Mrs. Henry Slack Thursday night. Those who attended were Mr. and Mrs. Buran Jones, Mr. and Mrs. Donnie Pace, Mr. and Mrs. Alfred Briggs, Mr. and Mrs. C. P. Witt, Mr. and Mrs. Virgil Wilson, the honored guests and the host couple. The Fergusons have moved to Lubbock. We wish them lots of luck and happiness in their new home.

third with 84½. Frenship finished fifth with 57 points.

Of the three Post runners qualifying for the regional, Morales is considered the best bet to place first or second and qualify for the state meet in Austin. Morales set a new district record in the mile run with a time of 4:40.1, easily eclipsing the old record of 5:00.5.

Solis was off form because of a foot injury, but won the 880-yard run in the district meet in 2:04.5. Coach Glynn Gregg said today that it is doubtful if the injury will be sufficiently healed by the time of Saturday's district meet for Solis to qualify for the state.

THE TRUE VALUE OF AN EDUCATION

Some of the boys and girls of today may say, "What is the benefit or use in my going to college?" They may say that they know a man that never finished high school and who is worth thousands of dollars today. That may be true; but you investigate and see if that person didn't gain his start from his father or through some other than his own management. There may be a few exceptions to your future standard of living without some college education, but there are very few in today's world.

Let us look at the average income for the lifetime of an average man, starting his earnings at the age of 18 and passing away at 60 years of age.

For the man having a college education, the average family salary of \$8,250 during his lifetime of 42 years of work will earn him \$346,500.

For the man who does not have a college education, the average yearly salary of \$3,600 until the age of 60 will earn him \$151,200.

The man who has the college education will be more inclined to hold a job or position of supervision, while the man with less education will do the physical labor and hold the less desirable positions.

Let us think twice before we think we are smarter than our school teachers or our parents and quit high school or refuse to go to college.

The more knowledge we can acquire while we are still young will be all gain for each of us and nothing to lose.

Let us not get to the point where we think our parents and our school teachers are old fogies and squares, for we will only be hurting ourselves in the future. We should not get to the point where we think we know enough to get by, for the more we learn the more knowledge we have at our disposal.

Education alone is not enough. Unless we put our knowledge into service, we haven't done our share for mankind and to the world.

Fishermen increase recreation account

Thanks to fishermen, the White River Water District's recreation account balance has climbed to \$9,596.18, after paying the costs for surveying, boat ramps, trash cans, picnic tables—and even eight of those "Chic Sale—one-holers."

Some 1,500 fishermen bought fishing permits during the first 12 days of April.

Besides the \$1 individual daily permits, 94 have purchased year-long individual permits and 66 have bought year-long family permits.

Post 7th grade wins 3rd place

Coach Waco Reynolds' 7th grade track team scored 69 points for a third place finish Saturday in the District 4AA junior high track and field meet at Frenship.

Denver City's 7th grade track team finished first in total points. For Post, Larry Scrivner won first in the 75-yard dash, Arthur Torres first in the 660-yard run, and Jimmy McGuire first in the broad jump.

McGuire also won third in the high jump and third in the 120-yard low hurdles. Jimmy Donelson placed fifth in the broad jump and fifth in the 660-yard run, and Larry Bilberry finished sixth in the 220-yard dash.

Third places were won by Post's 440 and 880-yard relay teams.

Post 8th grade hurdler first

George Torres won first place in the 120-yard low hurdles Saturday at the Post 8th grade team scored 70 points for a fourth place finish in the District 4AA junior high track and field meet at Frenship.

Post's 880-yard relay team placed third and its 440-yard relay team came in fourth.

Joe Sanchez placed second in the broad jump and fifth in the 100-yard dash. Ray Altman placed third in both the 70-yard high hurdles and pole vault, and David Pierce was third in the high jump and sixth in the shot put. Steve Newby placed third in the 660-yard run.

Will Bigott coaches the Post 8th grade team.

The bigger fish are being caught by fishermen who wade out from the shore in waders.

Al O'Brien's crew of water plant employees have built seven outdoor toilets to be placed around the lake and are in production on a couple more.

A small public park has been laid out close to the dam on the west side of the lake and here O'Brien plans to install experimental electric toilet facilities.

The electric toilets burn the human waste, thus preventing any disposal problem. If they prove successful they may be offered persons building cabins around the lake. First reports on them from other lakes are good. O'Brien told directors last Thursday night.

Gail girl athlete is top winner at Snyder

Jacque Dennis of Borden County High School, Gail, won three first places and high point honors in the District 21 girls' track meet at Snyder Saturday.

Miss Dennis, a junior in high school, won first places in the 220-yard dash, shot put and discus throw. She will compete in the regional meet April 25 at Snyder.

★ WHITE RIVER LAKE BUSINESS OPENING

White River Water District directors are looking for somebody who wants to go into a grocery store, gas pump, and bait business at the new White River Lake.

District Manager Al O'Brien told directors last Thursday night that the lake drew 1,500 fishermen during the first 12 days of April and as many more sightseers and picnickers.

"Our biggest need now," he said, "is to provide grocery and bait facilities and a gas pump."

The district originally intended to turn the development of all commercial facilities at the lake over to a single individual, but since no interested parties can be found for such a proposition, directors now are ready to get started as quickly as possible on individual commercial development as needed.

Any persons interested in establishing such a "grocery, bait, and gas" business are asked to contact O'Brien at the lake.

1965 county audit is accepted by court here

Garza County's 1965 audit, accepted by the commissioners court here last week, showed that total county expenses for last year were \$441,531.19 and total revenue only \$415,907.53.

Which means that the county spent \$25,623.66 more than it took in last year.

Totaled up, the hospital operating fund accounted for all of the unbalance — and more. The audit of the hospital fund showed it operated \$31,987.36 in the red last year with receipts of \$75,109.07 and expenditures of \$107,096.43.

The hospital was \$7,903.57 under its \$120,000 budget in expenditures. The problem was revenue with hospital revenue totaling only \$75,109.07, as compared with an anticipated \$115,000 in the budget.

A. Arthur Davis, Lubbock CPA, presented the completed audit to the court Monday afternoon and went through it page by page for questions and explanations.

Davis made a year-end summary too of the county's highway right-of-way fund for the four-laning of US-84 northwest of Post from the top of the cap to the county line.

It showed that as of Dec. 31, that the county had purchased 40 of the 45 pieces of property needed for the additional right-of-way at a total cost of \$85,210.45, for which the state is to reimburse the county for half the cost.

As of the year's end the state had reimbursed the county only for \$14,317 of the nearly \$43,000 owed the county. Papers for some of the rest of it then were in Austin for payment.

County Commissioner Paul Jones said at the meeting that the remaining five pieces of property for the right-of-way have been purchased since the first of the year and that all the complex paper work nearly completed for the moving of utilities, which involves several pipelines as well as power and telephone lines.

Southland area news

'Some fun,' reporter says of fishing trip

By MRS. EDMUND WILKE
Hello there. Back again this week with a little news. We were gone last week. Went to Lake Buchanan and did a little fishing. Really had good luck, caught more than usual. The weather was pretty nice and the bluebonnets and other flowers were just beautiful. The only thing that was wrong, was that I just wasn't ready to come home Saturday. By the way—I sure caught a big fish—namely ME—got my finger caught on a treble hook and had to go to the hospital and have it removed. Some fun!

Miss Kelly Jo Meyers attended the wedding of Jerry Don Baulch and Mary Abell Wilson held recently in Sonora.

Nedra Myers, daughter of Mr. and Mrs. Ned Myers, spent a week in Garden City recently with Mr. and Mrs. Curtis Palmer.

Ned Myers underwent surgery again recently at Methodist Hospital and is doing fairly well at present. He did have an infection for awhile, but I understand it is better now. His wife, Betty Sue, is out of the hospital and doing better. I certainly hope that things go well for this young couple from now on. They have really had more than their share of bad luck.

R. D. Eckert left last week for John Sealy Hospital in Galveston. He is going to have some tests run. R. D. suffered a stroke in January and hasn't been doing too well since. The Eckert's son, Victor, who has been stationed in Korea, has been home for the past two weeks on emergency leave and may get to stay here permanently.

Mr. and Mrs. Clark Barton attended the Kendrick Easter Pageant which was held near Cisco Easter morning. The pageant started about 3:30 a.m. and lasted until sunrise. It depicted the whole life of Christ and consisted of a cast of 135 with 43 scenes. The characters consists of people from all walks of life. It is held at the residence of Mr. and Mrs. Hubert Kendrick. Between 25,000 and 30,000 people attended it this year. Others attending from here were Mr. and Mrs. Douglas Livingston, Mr. and Mrs. Dillard Dunn, Mrs. Agnes Rinker Racy Robinson, and Mr. and Mrs. Burgen Dahl. Mrs. Barton said that this pageant was the most beautiful and inspiring thing that she has ever seen, and hopes that more people from here will attend next year.

MR. AND MRS. B. L. Thomas spent from Thursday until Monday at Lake Buchanan.

The Southland Cemetery Association held a director's meeting in the home of Mr. and Mrs. H. C. Dunn with the president, Mrs. Hub Haire, presiding. Fred Davidson was elected as a director to replace Claude Spence, deceased. The needs of the cemetery were discussed and the annual Work Day was set for May 16. A special notice is given to anyone that wishes to set out plants—there is plenty of water now to do so.

Dayneen Dunn won first place in public speaking in the senior division of the 4-H County Talent Show that was held in Post Saturday morning. The "Distortions" won first place in "Share the Fun" with a few of their musical renditions. Dayneen and the "Distortions", consisting of Curtis Lancaster, Mike Mason, Darrell Wilke, Joey Basinger and Johnny Outlaw, will go to Texas Tech Saturday at 9 a.m. to participate in the district competition to select the outstanding club members in the various 4-H projects. More than 400 4-Hers are expected to participate in the district eliminations. The first two winners in the senior division of each event will be eligible to compete in the State 4-H Roundup in June.

Mr. and Mrs. H. C. Dunn and Dayneen went to Lake Thomas on Sunday.

Mr. and Mrs. Junior Becker and sons visited in Amarillo one day last week with Mr. and Mrs. Duwayne Allen.

MRS. WILLIE Becker flew to Kansas City, Mo., to be with her son, Gilbert and family. Gilbert and his wife have a new baby boy and the little fellow had a bad start in life, but is doing real fine now.

Coach and Mrs. Bob Dyess, Monica and Blane spent several days at LBJ Lake camping and fishing. They have a new camping trailer and went down to try it out and I think that they really enjoyed it! Caught some fish too.

Carl Wartes, who underwent eye surgery several weeks ago, is at

home now and doing fine. Also their son, Butch, was sick and in the hospital for a few days, but he is out and doing fine too.

Mr. and Mrs. Elmer Belk and children spent from Monday until Wednesday in Carlsbad, N. M., visiting her parents, Mr. and Mrs. M. E. Beck and also with Mr. and Mrs. E. E. Cooper. While they were there, Mrs. Belk celebrated her birthday.

Mr. and Mrs. William Bevers and children went to Abilene on Tuesday after Easter and spent the night with Mr. and Mrs. J. W. Hodges. From there they went to Houston and Pasadena and visited with Mr. and Mrs. Jerry Tannehill and Mr. and Mrs. Glenn Hindsman. Early on Thursday morning they went to Texas City to do a little fishing, but didn't have too much luck because of the weather. It rained five inches while they were down there. On the way home they drove through the Pines Forest and Mrs. Bevers said that it is beautiful down there. They stopped in Snyder and visited with Mr. and Mrs. Marvin Dorman and Mr. and Mrs. Albert Bevers.

MRS. OPAL PENNELL, Mrs. Olive King and Mr. and Mrs. Jim Mason attended unveiling ceremonies of the historical marker in Garza County at the courthouse Sunday afternoon.

Mr. and Mrs. F. W. Callaway and children went to Falcon Dam during the Easter holidays. Mr. and Mrs. Kenneth Callaway and children went to Six Flags during this past weekend.

Mr. and Mrs. D. D. Pennell had all their children and grandchildren at their home on Easter Sunday. Also visiting was Miss Bennie Chandler, Harvey Louis Pennell was home from Tech during the Easter holidays.

Clyde Haire has been in Mercy Hospital at Slaton for a couple of weeks.

Darrell Hill, son of the Rev. and Mrs. Hill, had his tonsils removed during the Easter holidays and from what I understand, he was a pretty sick boy for several days. Hope you are feeling much better, Darrell.

MR. AND MRS. Payton Crawford took their son Webster to Lubbock last week to catch a plane to California. From there he will go to Okinawa or Hawaii for two weeks' jungle training and then he will go to Viet Nam.

Mr. and Mrs. James Crawford and children visited with his parents, Mr. and Mrs. Payton Crawford on Sunday. James celebrated his 25th birthday and Mr. and Mrs. Crawford celebrated their 27th wedding anniversary.

The students and faculty are very pleased with the wonderful cooperation that was given for the production of the Easter pageant that was presented in the Southland Auditorium on Thursday before Easter.

The pageant was written by Mrs. Monk, the second grade teacher; directed by Mrs. Ruth Hall, the 5th and 6th grade teacher; the background was under the supervision of Mrs. Betty Hall, 7th and 8th grade teacher; costumes were designed by Mr. Noble Allen, 4th grade teacher; the music was directed by Mrs. Monk and Mrs. Chaffin, the 3rd grade teacher; student guidance was under Mr. Allen and Mrs. Ruby Hulise, 1st grade teacher. The students in the 7th and 8th grades shouldered the responsibility of constructing the background for the entrance into Jerusalem, the garden of Gethsemane, Golgotha, and the stone to the sepulchre. Nearly all the students from the first grades through the eighth grade helped in one way or another to make this pageant a success.
