A Garza County pioneer who helped build the city of Post has helped manage every Panhandle South Plains Fair ever held in Lubbock, all 47 of them.

This is the "1965 car showing weekend" for Post — and every other city and town across the nation.

Both Collier Chevrolet-Olds Co. and Floyd Pontiac-Buick-GMC unveiled their new auto lines today in their respective showrooms and Tom Power, Inc., will show its new Fords and Mercurys for the first time Friday.

Every merchant on the street can learn a lesson from the auto industry with their new car showings which each fall catches and holds real public attention.

Today's Dispatch is crowded and crammed, as never before, with new 1965 car ads—10 of them to be exact—and there also are pictures and stories about the many new models.

It's a "big change" year too for the auto makers which heightens the interest. So if you want to have some fun this weekend drop into the showrooms of our Post auto agencies and inspect the new 1965 auto lineup for yourself.

Four Post teen-agers — Dale Burkes, Patti Hogan and Karen and Kim Hundley—enjoyed one of the biggest thrills of their lives, so we're told, in Dallas last Friday when they welcomed the Beatles to Dallas and then attended their concert that evening.

Jimmy Hundley drove the four to Dallas after school Thursday night and when they checked into their Dallas motel they discovered the Beatles were due to fly in to the Dallas airport shortly after midnight. So they went to the airport to help welcome the Beatles. They returned ahead of the Beatles to the big Cabana motel where the Beatles were to stay. There was a big crowd of thousands of teenagers out front so Jimmy drove the car around back and managed to

**Enrollment mark**  
**set in schools**

An all-time high in Post Public Schools enrollment was reached Monday, with 1,397 students enrolled, Supt. Barry B. Thompson said Tuesday.

At the same time, Thompson said he will file charges in county court Thursday against some 25 parents under the state compulsory school attendance law. The cases to be filed involve approximately 70 school-age children, the superintendent said.

The new enrollment figure reported for Monday is an nine over last week's total of 1,391.

Elementary school enrollment totals 698, junior high, 380, and high school, 319.

Enrollment by grades is: 1st, 134; 2nd, 157; 3rd, 152; 4th, 126; 5th, 178; 6th, 121; 7th, 149; 8th, 110; 9th, 84; 10th, 78; 11th, 69; 12th, 88.

**Rotarians host**  
**Post teachers**

Post Rotarians entertained the faculty of the Post schools and their husbands or wives Tuesday evening with a buffet supper at Antelope Stadium.

Rotarians wives also were club guests for the annual get-acquainted event with the teachers.

The meal was served cafeteria style at the concession stand with everybody eating in the west side stands.

Bob Macy, Rotary president, called on the Rev. Ed Graham for the invocation and upon Superintendent Barry Thompson to introduce the new teachers in the Post system this year.

Mayor Harold Lucas said today that the city has interviewed some of the applicants for the chief of police position here and that a new chief will be named "probably some time next week."

# Senate Bill 116 route up to voters Saturday

**Adoption would boost tax rate ceiling to \$2**

Only a small amount of interest is being shown in Saturday's special election on Senate Bill 116, the adoption of which would empower the Post Independent School District to raise the school tax rate above the present \$1.50 maximum, but not to exceed \$2.

Despite the seeming lack of interest on the part of voters, School Supt. Barry B. Thompson has predicted a turnout of 800 at the polls in Saturday's election. He said he bases his prediction on the importance of the election to the district's finances.

The school board voted Aug. 24 to call the election in order to present to the voters one of the alternatives in the board's efforts to solve the school district's financial problems.

Supt. Thompson said if the proposal to invoke Senate Bill 116 is rejected, two other routes remain open to the school board in its efforts to maintain quality education and at the same time overcome deficit financing.

**Permanent Yule decorations voted by C-C directors**

Post's business district will be lighted with permanent Christmas decorations this holiday season for the first time in the community's history.

The decorations, ordered this week from a Dallas firm, consist of 30 50-foot long strands of lights wrapped in silver aluminum garlands with two 18-inch lighted plastic bells on the ends and one 27-inch lighted plastic bell in the middle.

Post Chamber of Commerce directors last week authorized expenditures of up to \$3,000 for the permanent decorations over a four year period with \$1,000 to be provided this year.

The decorations, selected and ordered by the Chamber's retail promotion committee, will cost approximately \$2,300, but there will be bulb and wire replacement charges each year plus interest on the balance of the cost which would be paid through a bank loan.

Since Post's wide Main Street is 100 feet from curb to curb, the promotions committee may experiment with putting up two 50-foot sections of garlands, lights, and bells to go entirely across the street.

The decorations are guaranteed for three years and are expected to last much longer if properly stored and not damaged by late season storms.

The firm from whom the decorations are being purchased will send an expert to Post when delivery is made to give instructions on proper installation.

**Semi-finalist in NMS qualifying**

Elisabeth Tubbs, a senior in Post High School, has been named as a semi-finalist in the 1964-65 Merit Scholarship competition, Principal T. C. Clark announced today.

Elisabeth, daughter of Dr. and Mrs. Harry A. Tubbs, became a semi-finalist through her outstanding performance on the National Merit Scholarship qualifying test, which was given in more than 17,000 high schools last March.

The semi-finalist group is composed of the highest scoring students in each state, and each semi-finalist now moves a step closer to winning a four-year Merit Scholarship to the college of his choice.

**Justiceburg man dies Wednesday**

Joe Reed, a longtime resident of Justiceburg, died about 11 o'clock Wednesday night in the Golden Years Nursing Home here, where he had resided for the last few months.

Mr. Reed was a retired farmer. Survivors include a daughter, Mrs. Harry Wood of Justiceburg.

Funeral arrangements were pending this morning at Hudman Funeral Home.

One of these routes, he said, is a re-evaluation of all city and rural taxable property within the school district, and the other is an "across the board" raise in the present taxable percentage of 40 per cent.

Present resources, it is pointed out, will take care of the newly-adopted school budget of \$621,593, .80, but will not completely erase a carry-over deficit of some \$21,000, which has built up over the last few years.

The school board's hopes that consolidation with the Close City Independent School District would enable it to hold the tax line level through when the tax valuation of the Close City district turned out less than it was thought it would be.

Supt. Thompson said he urges everyone interested in a good school system to cast a vote in Saturday's election.

The election will be held in the Post High School library with the polls opening at 8 a. m. and closing at 7 p. m. Mrs. Lucille Morris will be the election judge.

A sudden surge of absentee voting for the election resulted in a total of 15 absentee votes being cast up to Tuesday's deadline. This time last week, no absentee votes had been cast in the election.

**90th birthday nears**  
Mrs. Eva Bailey, a resident of Post since 1918, will observe her 90th birthday Sunday, Sept. 27.—(Staff Photo)

## 90th birthday for Dispatch founder

Mrs. Eva Bailey of 409 West 12th St., who with her son, E. A. (Eddie) Warren, founded The Post Dispatch in 1926, will celebrate her 90th birthday Sunday, Sept. 27.

As she sat on the porch of her home here last Saturday, Mrs. Bailey told a reporter from the paper she helped establish that she is not planning a big birthday celebration.

"I'll just sit quietly and watch another birthday go by," said Mrs. Bailey with a twinkle in her eye.

Already, however, some of Mrs. Bailey's many friends here are seeing to it that she doesn't sit too quietly on the occasion of her 90th birthday. The members of the Mystic Sewing Club, of which she is a charter member, held a birthday party for her the other day at one of their meetings.

Her son and daughter-in-law, Pauline Warren, and Mrs. Lucy King, who is Mrs. Bailey's companion, have their hands full keeping a rein on her activities.

She keeps busy in her yard and with her flowers, and is almost constantly waging a "pull up" campaign against the goat-heads in her lawn.

Her son tells of the time recently when she climbed a ladder to give instructions to a carpenter working on the roof of her house.

Until just a few years ago, Mrs. Bailey drove her automobile, and one of her favorite pastimes was hauling neighbors to church or anywhere else they wanted to go.

"She got to where she'd haul so many people around that we were afraid we were going to have to take out a taxicab permit for her," joked Mrs. Warren.

Mrs. Bailey has been a resident of Post since 1918 after coming to Texas in 1910 to get married. Her fiancé, the late E. A. Warren, was waiting for her at Roscoe, and they were married the next day with the entire town attending the wedding.

The day after their wedding, the Warrens moved to Snyder, where they ran a job printing shop for eight years. Mrs. Bailey had never seen the inside of a printing office, but she learned fast and was soon helping her husband.

They moved to Post on Armistice Day, 1918, taking over the town's newspaper, The Post City Post. After Mr. Warren's death in 1926, Mrs. Bailey and her son established The Dispatch.

Mrs. Bailey remained active on the newspaper until her son's retirement in 1953. (See 90th Birthday, Page 8)

## Public hearing is set for Oct. 12 on county budget

The Garza County Commissioners Court has scheduled a public hearing for Oct. 12 on the county's new budget which will call for the same 90 cent tax rate on each 100 of taxable valuation.

The 1965 budget calls for total expenditures of \$433,603.57, down over \$162,000 from the current year's budget total of \$595,128.42.

The tax rate on an estimated valuation of \$15 million — figured at 12 1/2 per cent of true or market value is expected to raise \$170,800 on a 95 per cent collection basis.

The bond and time warrant debt of the county on Jan. 1, 1965, at the start of the new budget year is estimated to be \$240,800. Of this \$53,267 will be paid on principal and \$7,757 on interest during the new budget year.

The big drop of county income in 1965 will be in other receipts, not in ad valorem taxes. Other receipts next year will drop from \$539,577.48 for 1964 to \$271,507.57 for 1965. Last year the budget was higher due to the purchase of right of way to four-lane US-84 northwest of Post.

Garza County's only county-wide indebtedness, the Garza Memorial Hospital bonds, is scheduled to be retired Feb. 15 of next year when (See Hearing Set, Page 8)

## 9 damage suits set for jury trial

Nine damage suits and a trespass to try title case are set for trial as jury cases for the opening of the September term of Garza County District Court at 10 a. m. next Tuesday in the district courtroom.

Heading the big list of damage suits is the \$257,000 suit brought by Jess F. Masters against Wesley Lewis, doing business as Lewis Aircraft and Chemical Service, and Ed Partridge.

Other damage suits set for trial are Bud Odom vs. Western Oil Transportation Co., Service Pipe Line Co. vs. Britt Construction Co., Inc.; Clay B. Johnston and wife, Cordia, vs. H. L. Neeb, Woodrow Chaucney vs. Jimmy Dale Redman, B. L. Belcher vs. Herbert Mitchell and wife, Jean; and Zelma Lee Dykes, guardian of the person of Henrie Jean Wade, vs. Boyd Belcher.

The trespass to try title case is Velma McFarland vs. Inez Sparks and L. T. Thornton.

The district court jury panel drawn for the term includes Mrs. Wade Terry, H. V. Wheeler, S. R. Fetter, Frank Bostick, Mike (See Damage Suits, Page 8)

## Aerial spraying is still to come

Garza County's weevil infested cotton acreage still was awaiting its first aerial spraying today, 10 days after the original spraying date.

Two planes were assigned to start flying off the Post private airport last Thursday, but were temporarily put out of action with motor difficulties, County Agent Syd Conner has learned.

Overcast weather has brought additional delays to the spraying program.

Weather permitting, Conner expects the spray planes to be busy in the county this weekend if they manage to keep up with their original spraying schedule.

## Assembly of God pastor resigns

The Rev. and Mrs. J. R. Brincefield moved to Lubbock last Friday following his resignation as pastor of the Assembly of God Church, in which post he had served since moving here from Crosbyton in 1953.

The Rev. H. E. Barnard, formerly of Ralls, has succeeded the Rev. Mr. Brincefield as pastor of the church here. The Barnards have three daughters who are 17, 14 and 11 years of age.

The Rev. Mr. Brincefield said he will be engaged in evangelistic work, at least temporarily.

The church here enjoyed a steady growth during the Rev. Mr. Brincefield's ministry, including a completely re-equipped and the addition of educational units.

The Brincefields' two sons, Richard and Wayne E., are graduates of Post High School.

## Club boys need it

**Livestock feeding area sought here**

A new feeding area, other than the city dump, needs to be found for 4-H and FFA boys living in Post who want to feed hogs, lambs, and calves, the Agriculture and Livestock Committee of the Post Chamber of Commerce decided Tuesday night in a joint meeting with the Chamber's trade area committee and representatives of the Garza County Program Development Committee.

Garza Young Farmers also are very interested in the project, as well as the Post schools.

The dump area simply is not suitable for such feeding projects the various interested groups agree.

## Club boys need it

It stared some 18 months ago when the city's livestock ordinance forbade such feeding within the city limits.

Interested groups then secured a water line and electricity to the city dump area. Hog pens were built and some hog feeding has been going on.

When the point was reached in construction of the calf pens that the boys and their parents were contacted so the boys could finish the pens as they wanted with materials furnished, parents refused to let their youngsters feed calves on the dump location due to the

## Cast your vote in SB-116 election

School district voters are slated to go to the polls Saturday to decide whether or not the Post Independent School District will invoke Senate Bill No. 116 which would empower school trustees to raise the school tax rate from the present maximum of \$1.50 per \$100 valuation up to a maximum of \$2 per \$100.

Chances of approval appear slim indeed. There has been no organized educational campaign in support of the proposition. Actually school trustees are divided into three camps as to how best to solve the schools' financial problem.

The Dispatch would prefer a revaluation of property as the method of approach, but even if Senate Bill No. 116 is defeated to reduce the alternatives, we seriously doubt if revaluation can secure trustee approval. Rural representation is solidly against it.

The danger, as The Dispatch pointed out in a recent explanatory editorial, is that without unified trustee support behind one financial solu-

tion, it will be difficult to muster community support behind any single approach to the problem. This, in the end, will seriously threaten the financial base of the new quality education program. We do not want to see it washed down the drain by indecision. We don't believe the vast majority of school patrons do either.

Actually, the financial problem at our schools is how to "catch up" on past deficit financing. The new school budget provides more income than budgeted expenses. The new budget is in balance except for the past deficits.

Quality education has meant no big jump in school expenditures. All expenses channels have been tightened to secure additional funds for necessary quality improvements without a major boost in the overall budget.

The Dispatch urges every school district voter to think long and carefully on this matter and then go to the polls and express your decision. School trustees have asked for your decision. Give it Saturday at the polls.—JC

## 4-H Week deserves our support

One observance that every American, whether he lives in a city or in the country, should wholeheartedly support is National 4-H Week, which is being observed this week—Sept. 26-Oct. 3.

Garza County has more than a half-dozen boys and girls 4-H clubs, which are, among many other things, training grounds for the farm people of tomorrow. These Garza County 4-H clubs have a potential membership of approximately 200 boys and girls, according to the Extension Service agents.

The 4-H clubs instill a healthy competitive spirit in the boys and girls who make up their membership all across this vast land of ours. They teach a wholesome regard for nature and her processes. They provide knowledge that is

essential to sound and profitable farming and to the conservation of our magnificent agricultural resources. They promote love and understanding of the land, and all the elements that are a part of the land.

Beyond that, these clubs build character—and that, in an era in which juvenile delinquency has become a grave problem, is one of the most vital of needs. Honesty, honor, good sportsmanship, individual and group achievement, kindness, tolerance—these are qualities and goals that the 4-H movement emphasizes and helps to create and sustain. Nothing could be more worthwhile, or more deserving of our support and our respect.

The armies of 4-H members are fortunate that the movement exists and continues to flourish—and so is the nation.—CD

## Progress in fire prevention

Coming less than a month before Fire Prevention Week, adoption by the Post City Council of two new fire ordinances gives the City added "ammunition" in its year-round battle to prevent fires.

The new fire zone ordinance, with its secondary limits, spreads out the fire zone, which had been termed "inadequate" less than a month ago by a state inspector.

The new ordinance has no control over the type of buildings already within the fire zone, but it will regulate all future construction with an eye to fire safety. Any totally unsafe buildings

within the fire zone face condemnation as fire hazards.

The other ordinance adopted by the City Council ups the amount of the reward for information leading to the arrest and conviction of anyone guilty of arson within the city limits. Like the fire zone ordinance, this measure enables the City to maintain its fire insurance credit rating.

Adoption of these two ordinances is real progress in the fight against fire and gives us a good start on this year's Fire Prevention Week observance.—CD

## Let's rename the hurricanes

Down through the years, editorial writers have gotten by with taking sly digs at women on the editorial page, mainly because since there are so few women editorial writers that they can't come back at the men, at least not on the same page.

This editorial isn't going to take a dig at the women, just at women's names. For several years now, the Weather Bureau has been naming hurricanes after women, and each year one or more of these hurricanes have reacted "like a woman scorned." But, this year they've outdone themselves, with three blowing at once.

Hurricane Dora came in with destruction, and while she was still wreaking havoc, Ethel appeared, and then came Gladys, even before Dora and Ethel had left the scene. That, to our way of thinking, is too many "scorned women" at one time.

Just to see if it might reduce the hurricane toll next year, why doesn't the Weather Bureau use men's names—such as Tom, Dick and Harry. It's something you could write your congressman about right now, if you haven't let him hear from you lately.—CD

NEXT THURSDAY is the first day of October, the first of the month in this case falling on most weekly newspapers' publication day. Which reminds me that someone asked me the other day why I call this column "Thursday to Thursday." The only answer I could think of is that it usually takes me that long to get it out of my hair.

Take this week's column, for instance. I almost didn't write it, because this week started shaping up early like one of those "weeks that was" here at The Dispatch office, with circumstances making it necessary for me to divide my time between the front office and the back shop.

SO, WITHOUT the Sunday evening start I'm getting on this column, it probably would have been more conspicuous by its absence than it ever is by its presence.

October shapes up as a big month. There'll be the Garza County Fair, football every weekend, the World's Series, Columbus Day, Halloween, etc., etc.

ALL THE NEW automobile ads and stories in this week's Dispatch reminds me that a few of us are old enough to remember away back when a new automobile was sold the factory would send out a man to show the new owner how to operate it. With so many well-equipped and well-staffed automotive dealers, they don't do that anymore, but the manufacturers of typesetting machines and other printing plant equipment still send out a man to install the new machinery and demonstrate its operations.

THAT HAPPENED shortly after I got my first job on a newspaper in a small town in eastern Oklahoma. The owner of the paper decided to buy a typesetting machine—an Intertype, which is the same we have here at The Dispatch office, except that it was a much older model. A man from Oklahoma City rode the train some 200 miles to install our new typesetting machine and show the owner and his printer (I was only the printer's devil) how to operate it.

This man spent two days setting up the machine and another day showing the boss and his printer how to operate it, and then caught a train back to Oklahoma City after being assured by the newspaper owner that he and his printer had everything under control. In the meantime, the boss had instructed me to junk the type we'd been using in our hand-setting operations, and I'd followed his instructions to the letter.

AS YOU MAY have begun to suspect by this time, the boss and his printer couldn't get "line one" out of the new typesetting machine, and had to call the man in Oklahoma City, who couldn't get right back out because he was off somewhere else installing a typesetting machine.

What did we do? I rolled out the nail keg I'd dumped all the type in

and picked it out letter by letter and put it back in the case. It would be difficult for anyone who has never worked on a hand-set newspaper to realize what a tedious job that was! So, we hand-set the paper that week with a typesetting machine sitting idly by because none of us could make it work.

WELL, TO MAKE a long story short, the man finally came back out from Oklahoma City, and this time made sure things were going all right before he went back. But I wasn't that sure. This time, I left the type in the cases instead of dumping it back in the nail keg, and as far as I know that type is still in the cases.

### Boy Scout 'Show-an-do' on Camp Post schedule

A training experience known to the Scouting world as a "Show-an-do" will be held at Camp Post here Saturday, Oct. 3, with 9 a. m. set as check-in time.

Scoutmasters, their assistants, troop committeemen, patrol dads and other men working in the Scouting program will gather to share in the outdoor skills training.

Martin Cannon Jr., a Woodbadge trained Scouter, will direct the event.

The purpose of the "Showing" and "doing" type training is to teach men who teach boys the Scout methods and skills of safe and comfortable outdoor living.

A PRODUCT OF Ford MOTOR COMPANY - LINCOLN-MERCURY DIVISION

## Announcement:

Ford Motor Company introduces an entirely new kind of Mercury for 1965... now in the Lincoln Continental tradition

We predict that many people seeing a 1965 Mercury for the first time will wonder: "What car is that?" Mercury is that new. The look is new. Completely. Low, sleek, beautifully proportioned. (Notice the long, low proportions of the

hood, the full-width grille, the unique front pillar lights.) The ride is new. It's smoother, solid, quieter. Inside, there's a wide selection of options for personal customizing—luxury features once reserved only for the most expensive cars. The idea behind all this newness is to bring you the most luxurious, best-riding car in its field . . . a Mercury that reflects the Lincoln Continental tradition. See how well the idea works—at your Mercury dealer's. No medium-price automobile has ever come so near in luxury to the high-price class.

## Vet's Forum

Q. I was retired by the Air Force for disabilities incurred in an aircraft accident in 1958. I was told then that no training was available under VA programs. Could that be true?

A. It could have been true then, as Vocational Rehabilitation benefits were formerly provided only for wartime disabilities. Training is now available if needed to overcome your peacetime disabilities. You should ask your VA Regional

Office to determine your eligibility. Q. In reviewing my government life insurance policy, I find no record of who is supposed to get insurance should I die. How do I find out who is named as the beneficiary?

A. Your original designation beneficiary is on file in the office where your insurance premium are paid. You can bring your beneficiary designation up to date by executing a new designation form. The form can be picked up at a VA office.

## A Moment With God

### A SUNDAY PRAYER

When ye pray, say, Thy kingdom come, Luke 11:2. One of the glories of the Lord's Prayer is that each line says so much—so many different things. We can say the same petition over and over again. Each time the words have a different meaning for us, depending on the situation or the need of the moment. "Thy kingdom come" is a perfect, personal prayer for the beginning of each Lord's day. These three words are excellent preparation for worship.

God's kingdom is a future hope, but it is also a present reality. Our future hope is that when we reach heaven, we shall know God in all His fullness as He knows us now. But God's kingdom is not all future. Now I can know in part. The part I can know is found in God's Word and sacrament. In His Word God makes Himself, His grace, His love, and His will known to me.

In the assembly of the congregation we obtain a foretaste of heaven itself. We have Christ's word for it: "Where two or three are gathered together in My name, there am I in the midst of them."

Do we come to church with such an anticipation? Do we realize the glory that His Word and sacrament can reveal to us? Do we come seeking and finding? Or do we return home empty-hearted, finding nothing because we sought nothing? The kingdom of God does come, but does it come to us? Jesus says: "Ask, and it shall be given you."

So we pray, Thy kingdom come to us, one by one, this day, Amen.

**'65 CHEVROLETS ON DISPLAY TODAY**

This elegant Chevrolet Impala Sports Coupe is just one of the many new 1965 Chevrolets, Corvairs and Corvairs which were introduced today in the Collier Chevrolet-Olds Co. showroom. Note its new flowing lines, new roominess and a distinctive profile.

**1965 Chevrolets take big stride into fine car field**

Chevrolet takes its longest stride in the fine car field with its new passenger cars—plus offering a new variety of luxury models and product features in its 54-year history.

Among the new Chevrolets, Chevrolet went on display today in the Collier Chevrolet-Olds Co. showroom, are 45 models in five major lines. Of these 20 will be "sport models"—convertibles, hardtops.

There are all-new cars in two major Chevrolet lines. The regular Chevrolet, long-time industry leader, moves to a new styling plateau with the greatest front and luxury ever offered. The Corvair makes a dramatic change with its first major styling change in five years.

Customer approved design, with significant styling refinements, is featured for the Chevelle, Chevy II and Corvair lines. The Corvette becomes the first American sports car to provide four-wheel disc brakes as standard equipment.

Among approximately 400 accessories and optional features available on 1965 Chevrolets is the first stereo offered by an auto maker. Another is a telescoping steering column to give greater driving comfort for Corvairs and Corvettes. In its new models, Chevrolet sets this year to establish its 3rd consecutive industry sales mark, E. Knudsen, general manager, said.

Following are highlights of the members of Chevrolet's "family" for 1965:

**REGULAR CHEVROLET**—The styling line is an entirely new model for 1965. It is the most serious car ever offered by Chevrolet.

Thirteen models in four series are a higher car concept. The Chevrolet is longer by more than three inches (to 213.1 inches), wider by one and one-half inches (to 73.6 inches) and one inch lower in sport coupe height (to 54.1 inches) than 1964 models.

Corvairs offer greater roominess—five inches more shoulder room and increased leg room, both front and rear.

The all-new styling features an entirely new look. Square front fenders sweep through the body into gracefully contoured rear quarter panels. The grille is framed by deeply recessed headlights.

The rear deck is flat with a slight downward taper to a full-width rear bumper. All models have a low silhouette roofline and curved side windows. Convertibles have tempered glass rear windows.

Beneath the new body is an equally new chassis. A number of improvements result in a greater ride and handling characteristics. The 119 3/4 inch wheelbase is retained.

Six engines (one six and five V8's) are offered, ranging in horsepower from 140 to 400 and incorporating a number of engine improvements. Four transmissions are available and there is a total choice of 16 power teams.

**CORVAIR:** Chevrolet's popular small, sports-type car makes the first major styling change since its introduction in the 1960 model year.

For 1965, Corvair is longer, wider and lower while offering increased engine power. It retains its 108-inch wheelbase plus the air-cooled, rear-mounted engine and frame integral body which make it unique among American built cars.

Corvair's model lineup for 1965 emphasizes increased sportlines. Pillar sedans and the coupe have been dropped. The seven new models are either convertibles or two- and four-door hardtops.

A new top-of-the-line series, the Corsa—available in either convertible or sport coupe—replaces the Snyder models. The turbocharged engine, available only in Corsa models, is increased from 150 to 180 horsepower.

The front end slants slightly forward, retaining the "no grille" Corvair trademark (signifying a rear engine). Dual headlights are increased. Front end rear decks taper gently downward. Rear rooflines are long, particularly on sport coupe models. A distinctive full-width cove that is indented from sides to center houses twin taillights and license bracket.

The standard engine is 95 horsepower for all except Corsa models. Others available are the 110 horsepower version; a new 140 horsepower, four barrel version (standard on Corsa models, optional on all others) and the 180 horsepower turbocharged engine available only on Corsa models. Three transmission are available. Power teams total 11.

**33rd Texas Prison is scheduled for month of October**

HUNTSVILLE—The 33rd Annual Texas Prison Rodeo to be held each Sunday in October in the prison's 30,000-seat stadium will offer a thrilling balanced program of entertainment for each member of the family.

Aside from the lineup of the nation's topflight celebrities, there will be a host of inmate contests, inmate entertainers, plus a bevy of special attractions to round out a fast-moving two hour show.

Personal appearance will be made by The Duke of Paducah on Oct. 4 and 11, The Harmonica Rascals on Oct. 18 and 25, and the star attraction of the last performance, Oct. 25, will be Jimmy Dean, talented singing sensation of television fame.

Inmate events include Hard Money, Calf Tussle, Bareback Bronc Riding, Brahman Bull Riding, Saddle Bronc Riding, Wild Horse Race, Mad Scramble, and the

**Chariot Race.**

A number of the best inmate entertainment groups will also perform each Sunday in October, beginning at 1 p. m.

These groups include the Gorie Girls, the Jail House Beatles, Barber Shop Quartet, Gomer-Clyde and Crawdad of the Hungry Three Trio and Inmate Clowns.

Another non-prison event will be the Girl's Barrel Race, featuring the top riders from Texas and neighboring states. Net proceeds from ticket sales go to purchase rehabilitative services.

**now! the beautiful shapes for '65**

'65 Chevrolet Impala Sport Sedan

**Chevrolet Impala '65**

It's longer, lower, wider—with comforts that'll have many an expensive car wondering why it didn't think of them first. More shoulder room, more leg room up front. Curved side windows, an

instrument panel that's a conversation piece. In fact, just about everything's new right down to the road. And even that'll seem never because the Jet-smooth ride is smoother than ever.

'65 Chevelle Malibu Super Sport Coupe

**Chevelle Malibu '65**

Here's all that made Chevelle America's most popular new-sized car—plus some new surprises. Like those cleaner, bolder lines. Like the silky way its new ride skims over the choppiest roads. Like

V8 power that'll make you think we stole some of Corvette's stuff—which we did. All told, five engines are available from a quieter six to a V8 that comes on 300 horses strong.

'65 Chevy II Nova 4-Door Sedan

**Chevy II Nova '65**

It may be the expensive-est looking thrift car you've laid eyes on. But thrifty it is. The big difference being that Chevy II's marvelous mechanical efficiency now wears a debonair new look. And

offers a new range of engines, including a new 300-hp V8. You could get the idea that saving you money was the last thing we had in mind—if it weren't for that price sticker on the window.

New top-of-the-line Corvair Corsa Sport Coupe

**Corvair Corsa '65**

How's this for sport with an international flair! The longer, wider design gives all closed models a hardtop roof, along with more shoulder and entrance room. And to go with the racier look,

there's up to 180 hp available in the new Corsa series, up to 140 hp in the Monza and 500 series. Also a flatter riding independent suspension, more responsive steering and a wider road stance.

The Southland Eagles beat Smeyer 42 to 0 Friday night.

Seniors sold ads for the annual Monday and Tuesday.

Don, what is this we hear about you making a woman cry? You certainly must be a heartbreaker. See you all at the hayride.

David Dabbs received an injured arm in the game Friday night.

**\$750 damage suit is filed in district court**

Pinkie's Liquor Store of Odessa has filed a \$750 damage suit in Garza District Court here against Dickie Beggs, now of Lubbock.

The suit alleges that on Sept. 13, 1962, Beggs drove up in front of Pinkie's Post store at 502 East Main, got out and left the motor running, that the automatic transmission of the car engaged and it drove into the front of the store, breaking the glass windows and destroying merchandise, furniture and fixtures.

## Conner head of Fair division

Garza County Agent Syd Conner will serve as superintendent of the Dairy Cattle division at the Panhandle South Plains Fair which opens Monday in Lubbock.

Conner reported a record number of entries in his department this week, and announced that a new milking parlor near the dairy barns would draw much public interest.

Fronted with big glass windows, the just-completed milking parlor building will allow spectators to watch as modern equipment is used to milk the hundreds of dairy cows entered in the fair.

Other new exhibits at the fair this year include the X-15 Rocket Plane, a mercury Space Capsule, new military exhibits, a hobby show, and the new kiddieland, an area of rides just for young children and their parents.

Main entertainment feature of the Fair will be Ice Capades, with five evening shows and two matinees.

Improvements to the grounds this year include new restrooms, more parking areas, new paving, a system of trash receptacles, and a newly painted interior for the coliseum.

## PHS speaks . . .

Every week Post High School will present in this feature column an interview with two different students. A different question will be asked each week. This week's question was, "What is your ideal of a perfect mate for a date?"

This week's girl was Bobbie Compton, who is 17 and a senior in PHS. She is a member of Future Homemakers of America, the band and Foreign Language Club.

Bobbie's answer was: "He would be tall, dark, and at least fairly good-looking. He should have good manners and use them at all times. He should be considerate of his date at all times, intelligent and fun, but know when to be serious. He should be an all-around American boy."

The boy for this week is Larry Osman, who is 17 and a senior. He is a member of the Antelope Football Association, and the National Thespian Club.

Larry's answer was: "She should be of middle size. The most important thing is she should have a very good sense of humor. I think she should center her attention on her date and not be flirting with other boys. She should have good manners, but be prepared for the worst. Me! Also, when the time comes, she should be able to be serious."

**TO EXHIBIT AT FAIR**  
Jimmy Overman of Pleasant Valley is expected to be the only Garza 4-Her showing in the South Plains Fair at Lubbock which opens Monday. He will show six head of registered spotted Poland China hogs.

## New Arrivals

Mr. and Mrs. Jerry Ligon are the parents of a son born Sept. 23 in Taylor Clinic in Lubbock. The infant weighed seven pounds and six ounces and is the grandson of Mr. and Mrs. Howard Hensley of Levelland and Mr. and Mrs. Elvius Davis of Post.

Mr. and Mrs. Gene King of Hereford are announcing the birth of a daughter, Marcalyn, born Aug. 29 in Deaf Smith County Hospital in Hereford. Grandmothers of the infant are Mrs. Lucy King and Mrs. Ruby Carpenter.

## Mrs. Thomas hostess to Priscilla Club

Mrs. Thelma Thomas was hostess at a meeting of the Priscilla Club when it met recently at the Reddy Room.

## Introducing Comet 1965:

livelier, more beautiful sequel to the World's Durability Champion

We couldn't make Comet much tougher, so we made it more beautiful. Made the outside sleeker, sportier—from every angle. Made the interiors more luxurious. Made every engine bigger, from the 200 cu.-in. "6" through the hefty new 289 cu.-in. Cyclone Super V-8 (225 hp). Made the ride even smoother, more solid and silent. The one thing not new in this racy '65 sequel is the stamina that made Comet the World's Durability Champion. You wouldn't want that to change, would you? It didn't.

The date set for the wedding is Sunday, Nov. 1, in the Graham Methodist Church, at 4 o'clock in the afternoon. Miss Jones is a senior at Post High School. Mr. Borum is employed at Davidson Co. in Lubbock.

## Bride-elect is shower honoree

Chosen colors of blue and white were used in the decorations when Miss Wanda Williams, bride-elect of Jerry Osborn of Lubbock, was complimented with a bridal shower last Saturday night in the Community Room.

The serving and registration table were covered with white lace over blue with a flower arrangement centering the serving table. Cake squares, nuts, mints and punch were served by alternating hostesses.

The honoree was presented with a set of cooking ware by the hostesses.

They were: Meses. Bill Windham, Jim Hays, R. E. Shedd, L. D. Lowe, Wiley Hill, Otis Shepherd Jr., Clarence Martin, Clayton Pennington, Gene Mason, Hal Jones, Vernon Nesmith, Vester Smith, Ray Gary, Harold Britton, E. H. Britton, Granvel Clanton, Annie Odum, Tom Carter, Tom Johnson, Will Teaff, Pete Hays, W. C. Kiker, Bill Dixon and Miss Gail Heaton.

## Couple honored on anniversary

Mr. and Mrs. J. E. Thomas of Route 2, were surprised with a party on their 40th wedding anniversary, Sept. 16, when their children entertained for them.

Mr. and Mrs. Thomas have lived in Lynn County for 33 years. They are the parents of eight children and have 20 grandchildren and one great-grandchild.

Coffee, punch and cake were served from a table decorated in red and white. The color scheme was carried out throughout the entertaining rooms.

Approximately 30 guests were present.

### TWO-DAY VISIT

Visiting two days last week in the home of Mrs. J. T. Peddy were her daughter-in-law Mrs. O. B. Peddy and daughter of Houston, and Mrs. Delores Luling and sons of San Antonio.

## Newlyweds are honored at shower held recently

Mr. and Mrs. Harold Wayne Mason of Alpine, recent newlyweds, were honored with a shower recently in the Graham Community Center.

The bride's chosen colors of blue and white were used in the color scheme with the table laid with white lace over blue. A blue flower arrangement centered the table, enhanced by blue tapers. Milk glass appointments were used.

Miss Linda Powers, cousin of the bride, and Mrs. Tommy Polson, both of Alpine, presided at the table. Blue-iced cookies, punch and mints were served.

Many couples from Post, Graham community and the area attended the shower.

## Post Art Guild opens meetings

The Post Art Guild met with Boq Olson last week to begin its regular fall meetings.

LaVerta Lovell gave the program on "Anatomy" using materials she uses in a correspondence course she is currently taking. A screen and projector were also used.

Geraldine Butler gave a thumbnail sketch on sculpturing. Following the program, members sketched parts of the anatomy, using the methods shown by Mrs. Lovell.

Plans were made to attend the "showing" of Linda Miller of Snyder at Texas Tech museum. Plans were also made to attend the Fall Festival at the Garden Arts Center in Lubbock.

Those attending were: Meses. Eleanor Cooke, Lea Mock, Evelyn Neff, Marie Neff, Lovell, Butler and Olson.

Mrs. Butler will be hostess at the Oct. 12 meeting in her home.

### VISIT IN ODESSA

Mrs. Billy Greene and sons and Mrs. Lela Parrack visited over the weekend in Odessa with Mr. and Mrs. Tommy Bowen. They also visited the Rev. and Mrs. Lee R. Jones.

CLUB WOMEN GATHER IN POST

These women all had a part on the program at the Caprock District workshop and Federation Day held here by the Woman's Culture Club. From left to right, seated, are: Mrs. B. F. Seay of Andrews, Mrs. Bill W. Davis of O'Donnell, Mrs. Louis Cummings of Plainview and Mrs. George Miller of Post. Standing, l. to r.: Mrs. T. L. Jones, Mrs. LeRoy Johnson of Morton, Mrs. Robert N. Tipps of Denver City, Mrs. Lane Decker of Floydada and Mrs. C. R. Thaxton.

## Member of WSCS is guest at farewell party

The Woman's Society of Christian Service of the First Methodist Church met Monday in the home of Mrs. C. M. Voss for a regular meeting and a "farewell" party for Mrs. T. R. Hibbs.

Mrs. Homer J. Irons was leader for the study.

At the conclusion of the program, Mrs. W. R. Graeber presented a robe to Mrs. Hibbs on behalf of the group and also read an original poem which was presented to the honoree.

Mrs. Voss served sandwiches, cake and coffee to the following: Meses. Bill Edwards, Tillman Jones, Bob Collier, Clarence Stephens, Joe Callis, Preston Poole, Don Osborn, Irons and Hibbs.

### UNDERGOES SURGERY

Roger North, son of Mr. and Mrs. A. L. North, who was injured a few weeks ago during football practice, underwent surgery at Methodist Hospital in Lubbock Tuesday morning. He is reported to be doing fine.

## Woman's Culture Club hosts district workshop Wednesday

The Woman's Culture Club was hostess for an area workshop of the Caprock District of Texas Federation of Women's Clubs at the First Christian Church last Thursday.

Participating clubs were the Amity Study Club, the Slaton Study Club, the Phoebe K. Warner Study Club of Tahoka and the host organization.

The all-day federation study of effective reporting of club activities on local, district, state, and general levels began with a welcome by Mrs. C. R. Thaxton, president of the host club.

Mrs. Ira Lee Duckworth introduced the guest speakers: Mrs. Robert N. Tipps, of Denver City, district president, who gave suggestions for reporting of local club activities to newspapers, radio and television; Mrs. B. F. Seay of Andrews, first vice president TFWC, who spoke on state level reporting; Mrs. Lane Decker of Floydada, second vice president of district, who spoke on district level reporting, and Mrs. Bill W. Davis of O'Donnell, state treasurer, who summarized the value of reporting.

The morning session was concluded with group singing of the federation song and "America" directed by Mrs. J. H. Haire, accompanied by Mrs. R. L. Marks at the piano. The Pledge of Allegiance was led by Mrs. Lee Davis.

Following the luncheon, Mrs. Louis Cummings of Plainview, district first vice president, directed a question and answer session.

Other state officers present were Mrs. Tillman Jones, a member of the state maintenance committee, and Mrs. LeRoy Johnson of Morton, district third vice president. Mrs. Johnson will be remembered as the former Juanita Briley who lived in the Old Magnolia community in the 1930's.

The workshop was concluded with a skit by the two local clubs in which placards spelled out "Welcome to Post" to the out-of-town guests.

## Program on New York City heard at Amity Club meeting

"New York, New York" was the title of the program presented by Mrs. Bob Collier at the Tuesday night meeting of the Amity Study Club in the home of Mrs. Bill Carlisle with Mrs. Wayne Carpenter as co-hostess.

Mr. V. L. Peel opened the meeting with a meditation. Mrs. Collier told of her recent trip to New York and the World's Fair and made the following comments:

"New York City, whose population is largely of European descent, is very unique, interesting and exciting. Wall Street is fascinating, but the United Nations building is the most impressive place in New York City."

Mrs. Collier said: "The World's Fair is 15 minutes and 15 cents by subway from the heart of the city. Slums were cleared for the fair grounds and more than one hundred million dollars were spent by the 80 nations represented."

Those present for the meeting were: Meses. Ronald Babb, Malcolm Bull, Noel Clemmons, Doug Cunningham, Marion Duncan, Bud Davis, Thurman Francis, George Miller, Tom Greenwood, Preston Poole, Wayne Richardson, Lorene Scarbrough, Dean Sterling, Charles Hopkins, Don Tatum, Peel, Collier and Miss Thelma Clark.

## Mrs. Eva Bailey honored by club

Mrs. Eva Bailey, who will celebrate her 90th birthday Sunday, Sept. 27, was honored last Friday afternoon when the Mystic Sewing Club met in the home of Mrs. Winnie Henderson.

The club presented Mrs. Bailey with a red rose corsage and sang "Happy Birthday" to her.

The hostess served frosted Cokes, apple tarts and potato chips to a guest, Mrs. Nora Willingham, and to the following members:

Mmes. Bailey, Lillie Short, Cecil Gray, Jimmie Hudman, Estella Moreland, Mae Shipley, Thelma Kuykendoll, Nell Windham, Aylene Runkles, Estlea Nichols, Lucy King and Miss Henrietta Nichols.

Mrs. Annie Hodges will be hostess for the Oct. 2 meeting in her home.

## Women's Fellowship holds Friday meeting

Mrs. Lee Davis Jr., was hostess Friday at a meeting of the Christian Women's Fellowship and opened the meeting with a prayer.

Presiding at the meeting was Mrs. Lee Davis Sr., in the absence of the president, Mrs. Jack Burgess.

Mrs. J. B. Jones was in charge of the worship service and Mrs. Max Mitchell presented the lesson.

Those present were Meses. Mason Justice, Jones, Davis, F. I. Bailey, Willard Kirkpatrick, Hub Haire, Lucy King, Mitchell and the hostess.

## Homemakers are hostesses at tea

makers entertained with a tea Tuesday afternoon from 4 until 5 o'clock in the Community Room in honor of the future Homemakers of America.

Forty-five guests registered including two prospective members, Carol Brewer and Judy Morris.

A fall motif was carried out in the decorations. The table was laid with a lace cloth over yellow and the centerpiece was composed of yellow roses and bronze snapdragons. Milk glass appointments were used to serve punch, cookies, nuts and mints.

Club members assisting with the tea and arrangements were Jane Terry, Elfreda Carpenter, Lois Morris, Loveta Josey, Linda Cato, Judy Redman, Jennie Cowdrey, Ruth Ann Young and Lois Fluitt.

## Miss Johnston, Mr. Morris set wedding date of Oct. 3

Mr. and Mrs. Earl Johnston are announcing the engagement and approaching marriage of their daughter, Jean, to Jack Morris, son of Mr. and Mrs. Dilliard Morris of the Close City Community.

The wedding will be an event of Oct. 3.

Miss Johnston is a 1962 Post High School graduate and has been employed for the past two years as private secretary to Ronnie Bouchier of Manhattan Construction Co. Mr. Morris is a 1957 PHS graduate and is engaged in farming.

## Post resident returns from visit to Lebanon

Mrs. M. J. Malouf returned to her home here Saturday after a seven weeks' visit in her native Lebanon.

It was the first time Mrs. Malouf had returned to Lebanon after coming to America 29 years ago. She visited four sisters and other relatives there.

The Post woman had planned for her arrival at Beirut, Lebanon, to be a surprise, but news of her coming had "leaked out," and she was met at the airport by 65 of her and Mr. Malouf's relatives.

"I had a wonderful visit," said Mrs. Malouf, who arrived in Lubbock by plane at 4 p. m. last Saturday.

## Post group visits art Festival and exhibit

Several members of the Post Art Guild and guests attended the Fall Art Festival and the art exhibit of Linda Miller of Snyder at Lubbock Saturday.

The festival was held jointly by the Lubbock Art Association and the Texas Fine Arts Association.

Those making the trip were Meses. Geraldine Butler, Gladys Presson, Eleanor Cooke, Evelyn Neff, Marie Neff, Boq Olson and guests, Mrs. Peggy Howell of Big Spring, Miss Rita Lynn Butler and Mrs. Katharine Trammall.

## County TSTA officers attend area workshop

The local officers of the Texas State Teachers Association attended a unit leaders workshop from 5:30 until 9 p. m. Tuesday night at Alderson Junior High School in Lubbock.

Jack Alexander is president of the local unit; Beth Walker, vice president; Ruby Lobban, secretary, and Leon Barnes, treasurer.

Miss Lucille Flower of Plainview, District 13 TSTA president, presided. Mrs. Elizabeth Little of Corpus Christi, state president, delivered the keynote speech.

## Hat and Gift Party is held by Chapter

The selection of a new fall hat in the newest style and colors provided a night of fun last Thursday when Gamma Mu chapter of Epsilon Sigma Alpha sorority held a "Hat and Gift Party" in the Community Room.

Sales continued in the home of LaVerta Lovell Friday and Saturday with approximately 100 guests attending the three-day event.

Proceeds from the hat sale will be used for the sorority state project, The Birth Defect Center in Galveston, for the purpose of needed equipment, and for local welfare projects.

## INVITATION EXTENDED

Friends and relatives are invited to attend the wedding of Wanda Williams, daughter of Mr. and Mrs. W. B. Williams, to Jerry Don Osborn, son of Mr. and Mrs. A. H. Osborn of Lubbock, at 7 p. m. Saturday, Sept. 20, in the Calvary Baptist Church.

A reception will follow at the church.

IT'S MY TURN

Monday was a mighty sad and a dark day at 307 Osage Ave. Our Molly, who really thought she was a person, died late Saturday night.

Her death came as a shock to everyone because when we left her late Monday afternoon to attend football games, she seemed quite pert and content with life.

When we came home, quite late, we found her dead. We're sure it was something sudden and don't know she suffered much, if any. Like a mighty big part of family having been a member over nine years and she will be sorely missed.

We're already wondering how one so small could have left such a big void.

Everyone who has ever lost a pet knows exactly what we are going through and also knows — we recover even though we doubt it now.

The nicest thing about Molly was that she loved all four of us equally. We all received the same tail-wagging greeting regardless of who did the feeding.

We're sure each of us will miss her the most at different times. Imagine Mr. C will miss her when he gets up in the morning to a sleeping household and he'll go to let her out of her pen. After a fast trip outside, she always came into our bed when I'm cooking because she was always underfoot. Miss C younger will miss her most because Mr. C and I are none and is at home by herself.

Her college Miss C. If she were here, would miss having her feet rubbed each morning, when, after breakfast, Molly would jump up and bed with her for an extra few minutes.

We'll all miss her each time we are home because regardless of how long we were gone—from five days to a few days — Molly missed us like we'd been gone for a long time and really missed.

And how many other people own a dog that the neighborhood when came to the door asking if it could come out to play.

There is such a thing as a dog. We're sure Molly is already the thick of things and happily giving her tail.

# Another Road Game This Week POST ANTELOPES

## VS.

# ABERNATHY

## Friday Night, Sept. 25

## Kickoff At 8 O'Clock

# at Abernathy

One thing about Friday night's game with Abernathy, the Antelopes are sure to win. The only question for decision is whether it will be the Post Antelopes or the Abernathy Antelopes.

Coach Harold Teal's club goes back on the road still seeking their first victory of the 1964 campaign.

Chances are brighter for a triumph this week. Abernathy has won only one game out of three, defeating Frenship in the opener and losing to Petersburg and Hale Center.

Post's ball club still has the potential for a good run of victories if the Antelopes can get their offense untracked. The team is aiming to get started against Abernathy.

Now is the time they need the full support of the fans. Make the trip to Abernathy Friday night—and root them on to their first victory.

**SEE '65 MERCURY AT TOM POWER'S FRIDAY**

Mercury for 1965 has three inches more wheelbase and overall length and classic styling which imparts a look of elegance and formality, as illustrated by this Park Lane four-door sedan. Crafted in the Lincoln Continental tradition, it has a new torque box frame and rigid body design for more riding comfort.

**Mercury changes are most extensive in its history**

The 1965 Mercury, which will go on display here Friday at Tom Power's, presents the most extensive change in the 26-year history of the car. The new Mercury was developed and crafted in the Lincoln Continental tradition. The new Mercury brings to the medium-priced field new standards of comfort and engineering excellence. In its styling, the Mercury resembles the Lincoln Continental with its clean, classic look and formality. The new Mercury has a 123-inch wheelbase, is 218.4 inches in overall length and features new frame front and rear suspension, and body construction. Mercury is the only division offering products in the medium-priced field that also has experience and acceptance in the "luxury field," said Paul F. Lorenz, Ford Motor Company vice president and division general manager. "The new Mercury, we now offer the same successful styling that were developed for the Lincoln Continental in the luxury field."

MERCURY will be available in a broad selection of 15 models—three series, Monterey, Mont-

clair and Park Lane. There will be six roof lines, including the Breezeaway four-door sedan, again unique in the industry. Other roof lines are the conventional two-door and four-door sedan, a formal four-door hardtop, a two-door fastback hardtop, plus the convertible and the station wagon.

The appearance of the Mercury, which is unlike any predecessor model, is dominated by slim blade-like front fenders and flat, uncluttered side panels, similar to the Continental. Slender parking lights at the extreme edge extend from bumper to fender top. Tall, vertical taillights frame the wide, clean lid, so that the crisp rear appearance complements the frontal styling character.

MERCURY'S REPUTATION as an outstanding road car is strengthened for 1965 with important engineering advances in body, frame, suspension and steering. The overall design nests the body deep into the new torque box frame, increasing the floor space and the body interior height, while the overall height of the car is decreased. The torque box frame is lighter and absorbs more of the road shocks, preventing them from being transmitted to the passenger. More interior spaciousness is gained in the driv-

**Post entries win at Abilene**

Three Post area horsemen came away with awards in the paint horse and Appaloosa horse shows held last week in connection with the West Texas Fair at Abilene.

Floy Richardson won the grand champion stallion award of the paint horse show with "Balmly L Mac."

Oscar Gray won second place in the 1964 filly class of the same show with his filly.

Bob Macy's gelding placed second in the aged gelding class of the paint horse show and his Appaloosa filly, Frosty Spark, won first in the 1964 filly class of the Appaloosa show.

Mechanical improvements include significant power train advances, more responsive steering, a new electrical system, better ride and increased comfort, and new low-profile tires. A wider choice of new options and accessories is offered.

"We are looking to the 1965 Comet to add to the outstanding reputation for durability and performance which resulted in an increase of more than 50 per cent in Comet sales this year," said Paul F. Lorenz, Ford Motor Company vice president and general manager of the Lincoln-Mercury Division.

Front end sheet metal—hood and fenders—are new for all models, along with new bumper, grille, vertical headlamps and ornamentation. Two- and four-door sedans have a new, crisp roof, giving these models a tailored look.

We changed the Buick a lot this year. And you may never be the same again yourself.

We doubt you'll want to be the same. Not once you set eyes on our new Buicks. On the Buick Special and the Skylark. The LeSabre, Electra 225, Riviera. And on the sleek, modified fastback of the wild, wilder, Wildcat in the picture.

True, there's a new high-style touch. But that's hardly all. Engineering still has the emphasis. It's a Buick tradition. So are the extras Buick spends a little extra on. Like finned brake drums that do a little better. And smoother drivelines. A tuned suspension to smooth ribcage roads. Now add Buick's Super Turbine transmissions—and you have an idea of what Buick owners have always liked about Buick. We think you'll feel the same.

Wouldn't you really rather have a Buick

unsanitary conditions.  
So the pens were never finished.  
County Agent Syd Conner told The Dispatch yesterday that 12 calves were on feed in the city 18 months ago, but only three are being fed today, all in other areas.  
Dog packs roam the city dump in search of food and a year ago killed all but two lambs on feed in pens there. Last fall, the championship boar of the South Plains Fair, shown by a local FFA youth, was found dead in his pen, apparently killed by heat after being frightened by dogs. Other hogs on feed have been found dead.

Conner pointed out that a new location could be fenced to keep out dogs and also would be away from the flies, a constant health problem at the city dump. He said such a site would have to have access to water and electricity and be available to local boys.

Wavne Carpenter, chairman of the Chamber agriculture and livestock committee, also reported after the joint session held in the Community Room, that efforts to obtain a vet for Post are continuing. The search is now on for a suitable location for a vet just outside the city limits.

The joint committees discussed the proposed spring FFA and 4-H county livestock and auction which the Chamber proposes to sponsor. The group decided the first step will be the election of both junior and senior directors for the show.

Attending the session were Jack Kirkpatrick, Mack Terry, Conner, Carpenter, David Tyler, Jim Boren, Billy L. Thomas and Bill Carlisle of the agriculture and livestock committee. Jim and Bo Jackson, Elwood Wright, Robert Cox and Glen Barley of the Chamber's trade territory committee and Arnold Sanderson and Monroe Lane, representing the program development committee.

Extending the bicycle safety program to adults, Post Commander Chaffin urged that automobile drivers give children a "brake" while on their way to and from school.

Another in the series of VFW projects will be the sponsorship of a mobile TB laboratory visit here on Oct. 20 for free chest x-rays. Services of the mobile lab will be available to school children during the morning and to adults that afternoon.

day afternoon at Judy's Cafe to finalize the decorations order.

The committee is planning to meet Monday night at Victor Hudson's home to start plans for Post's second annual Christmas parade. School Supt. Barry B. Thompson has pledged the schools' support to such a project again this year.

Last year's Christmas parade was rated as the best Christmas promotional effort in the town's history, despite a two-week postponement due to President Kennedy's assassination and a severe sandstorm which struck on the morning of the parade and wrecked one student float in the assembly area.

## WEEKEND IN CARLSBAD

Mrs. Estelle Samson spent the weekend in Carlsbad, N. M., visiting relatives and was accompanied home Sunday by Mrs. Susie Brown, who had been visiting there two weeks with her son and family.

## HISTORICAL MARKER DEDICATED

Members of the Garza County Historical Survey Committee dedicated the historical marker shown here atop the Terrace Cemetery gate Wednesday of last week. Committee members in the picture are, from left to right: Frank Runkles, Walter Duckworth, Mayor Harold Lucas, George "Scotty" Samson, Mrs. A. C. While they were getting out of their car, who should drive in the back way in unlighted police cars but the Beatles themselves trying to "sneak in". So the four were among only 50 or 75 who got to chase the young Britishers inside. That night they attended the concert which drew a jam-packed crowd of between 10,000 to 11,000 to the Dallas Municipal Auditorium. It was a real experience for the four teen-agers. It was also a real experience for Jimmy Hundley.

A group of Post men attended the special open house Friday at Plant X, Southwestern Public Service Company's 487,500 kilowatt generating plant which helps power the plains. Enjoying a barbecue lunch served in a tent on the grounds followed by an inspection of these pipe and span electrical facilities located in the sandhills near Amherst were Louie Burkes, George "Scotty" Samson, Dick Tanner, and Clude Knowles of the Postex Mills, Mayor Harold Lucas, Dave Sanford, Jim Cornish, Ted Hibbs, and Glen Barley. Some 500 business leaders from West Texas, eastern New Mexico and the Oklahoma panhandle attended the affair.

## City budget is adopted after hearing Monday

The City of Post adopted its budget for the new fiscal year following a public hearing Monday at which only city councilmen and other city officials were present.

The new budget, which was tentatively adopted by the city council at its regular September meeting, calls for expenditures of \$389,272.75. Over all, the new budget is nearly \$21,000 less than the one for the current fiscal year.

Cotton bolls normally mature from 40 to 50 days after the flower appears.

## H. B. Hallman injured in Fort Worth car wreck

By MRS. EDGAR MOSELEY

Mr. and Mrs. Hansel Hallman have gone to Fort Worth to be with their son, H. B. who was injured in a car wreck. We haven't heard how seriously as yet.

Pat Taylor and Ed Denton went to Possum Kingdom to fish. Mrs. Denton stayed with Mrs. Sam Martin two nights and Mrs. Martin stayed with her one night.

Past Matons Club of Eastern Star met in the home of Mrs. D. D. Pennell last Monday. A salad supper was served after the business meeting. A gift was presented to Bobby Oats.

Mrs. Glenn Smallwood, Mrs. Ed Denton, Mrs. Sam Martin visited Mrs. Mary Hord at Wolfthorh recently. Mrs. Hord formerly lived here at Southland.

A group of Hackberry ladies recently visited Mrs. Zela Smith at Plainview. She used to live in the community.

David Dabbs got hurt playing football. He will be out for a while. Troy Lewis broke his thumb playing football. His ball playing will be over for a while now.

Jimmy Lancaster visited old friends while in service in Arkansas. He also visited in Oklahoma.

Mr. and Mrs. H. B. Foster visited her brother-in-law and sister, Mr. and Mrs. Hub Taylor, on their way home to Paducah after a vacation in Aspen, Colo.

Mrs. Alpha Taylor is home again after spending four weeks with her son, Clarence Taylor.

Mr. and Mrs. Travis Lancaster are the proud parents of a daughter. She is the only grandchild on both sides of the family.

Mr. and Mrs. Jack Lancaster and sons of Amarillo visited Mr. and Mrs. Earl Lancaster, Mr. and Mrs. Edgar Moseley and the Ed Moseleys at Slaton.

Mrs. Tommy Dearth and Becky of Amarillo came for a visit with her parents, Mr. and Mrs. Noble Wynne. They all went to Odessa to celebrate Mrs. Wynne's birthday with Tommy Wynne.

Calvin Thomas, son of Mr. and Mrs. Billy Thomas, fell and broke his arm last Thursday night. He was in the Slaton hospital to get a cast put on it.

Mr. May Voss and son, Glenn, visited in the Will Barton home last week. Charles Scott of Lubbock was also a guest.

Mr. and Mrs. Ronnie Dunn and son, Lance, of Plains visited his parents, Mr. and Mrs. Dillard Dunn.

Visiting Mrs. W. P. Lester for the past ten days from Grandview were her sisters, Mrs. G. E. Davis and Miss Leona Ingle and I. J. Duff and children of Levelland.

Mr. and Mrs. Royce Josey and son visited her parents, Mr. and Mrs. Hub Taylor.

Mr. and Mrs. Hub Taylor, Bill Baker, Mike Boyd, Bill Moseley and H. Richardson all went to the Lockney where they sang as a group.

## SUNDAY GUESTS

Sunday guests in the home of Mr. and Mrs. Earl Johnston were her brother-in-law and sister, Mr. and Mrs. R. A. Goss, and their daughter, Mrs. Armon Fitzgerald and baby of Spur.

The same is true in Lubbock during fair time.  
And when he enters the grounds Monday for the 47th Panhandle South Plains Fair, his experienced eye will contrast the exhibits of today with those of 50 years ago.

There'll be an X-15 Rocket Plane, a Mercury Space Capsule, military rockets and exhibits, a record number of livestock exhibits, a prospective crowd for the week of more than 200,000 people and the biggest midway in the fair's history.

One of her favorite pastimes now is playing "88," a domestic game, at which her daughter-in-law says Mrs. Bailey is one of the neighborhood "champions."

The fact that she could "play quietly" and play "88" probably is the reason Mrs. Bailey did not rule out a game of dominoes or around her 90th birthday, in a case friends drop in for a bit.

The final \$15,000 is paid on the \$175,000 bond issue which began in 1950.

The county also has \$225,000 outstanding obligations in road district bonds and machinery warrants for its precincts.

Precinct No. 1 will continue with a 30 cent added tax rate again in 1965 and Precinct No. 2 will continue its 50 cent levy for 1965 as well. These are the only two precincts with bonded indebtedness tax rates.

The budget estimates collection of some \$57,800 in various office fees for 1965.

# Antelopes journey to Abernathy for Friday night tilt

## Most hungry for win after three setbacks

Antelopes, who made a comeback at Hamlin last night after falling behind three quick touchdowns, will meet Abernathy Friday night for their first victory of the season.

Abernathy, with a 1-2 record this season, isn't considered as strong as either of the teams Coach Harold Teal's teams have already faced, they are expected to be a tough enough for Friday night's game to be a toss-up.

Teal said Tuesday that the team is looking better this week's light workouts has its "fire," but that it is still crippled for Friday night.

Any Pierce, who suffered neck and shoulder injury in Hamlin game, is back practice, but might not be going against Abernathy, Teal said. The tail senior is sorely missed, particularly defense, if he doesn't get back.

Jackie Braddock and Wallace have shoulder injuries not be available for Friday night. Guard Dennis and quarterback Teddy were slowed by bruised man Jim Kennedy has a man and lineman Billy Mitter and Sutter are recovering from virus attacks, which has been in this week's workout.

# Hamlin strikes early to defeat Post, 25-6

Hamlin's Pied Pipers unleashed a 60-yard scoring bomb on the first play from scrimmage against the Post Antelope at Hamlin Saturday night and went on from there to defeat Coach Harold Teal's gridders, 25 to 6.

The scoring play, a 45-yard pass by halfback Robert Pearce and a 15-yard run after the reception by end Mike Shivers, came before some of the fans had found their seats, and was followed less than two minutes later by another Piper touchdown, this one on a 40-yard run with an intercepted pass by halfback Allen Cumbie.

Even at this point, it began to look like a Hamlin runaway to celebrate their homecoming, but there was more to come in the first quarter. With three minutes still to play in the period, Pearce took a pitchout on the 50, faded back and found Shivers again on the Post 15. The glue-fingered Hamlin end was well-guarded, but he made a grandstand catch and dashed 15 yards for the third Piper touchdown.

THAT ALL happened in the first quarter and if it hadn't been for that one quarter, the game would have ended in a 6-6 deadlock with Post holding a comfortable edge in such statistics as first downs and yards gained rushing.

In other words, the game was much closer than the score would indicate, and the Antelopes looked better than they had in either of their first two outings.

Following a scoreless second quarter, Post got on the scoreboard late in the third when hard-running halfback Benny Owen gathered in Rupert Compton's punt on the Post 11 and went all the way for Post's only points.

Owen's touchdown run was the game's most sensational play and even brought the large Hamlin homecoming crowd to its feet. The 165-pound senior halfback literally

fought his way into the clear before putting on a dazzling exhibition of broken field running behind some good blocking. The best block of all came about 20 yards from the goal line when Hamlin's fleet Robert Pearce, about to overtake Owen, was blocked out of play by defensive halfback Rickey Welch, who is listed on the program as weighing 119 pounds.

A RUNNING PLAY by halfback Ronald Simpson failed to add the extra points, and the Antelopes trailed, 19 to 6.

The Pipers came driving back for another touchdown following the Post kickoff, with quarterback Johnny Overman going the final two yards on a quarterback sneak on the third play of the fourth quarter.

Following Hamlin's three-touchdown spurge in the first period, Post dominated play the rest of the first half, with Owen and Simpson ripping off good chunks of yardage through the Piper forward wall. Late in the second quarter, the Antelopes got as far as the Hamlin 17, but lost the ball on downs.

Timely interceptions by Owen and Simpson halted two Hamlin drives. Owen's interception stopping the Pipers on the Post 8. Hamlin defenders intercepted four Post passes, three of Teddy Scott's and one of Birch Lobban's.

## Junior varsity stages comeback, wins 32-18

The Post Antelope junior varsity football team came from behind in the second half to defeat a scrappy Christ the King eleven, 32 to 18, last Thursday night at Lubbock.

The Christ the King team, in only its second season of football, held a 12-8 halftime lead over the gridders of Coaches Charles Black and Elvin Jones, but the Post team came back strong in the second half to notch the win.

Post took an early lead in the first quarter when Davis Heaton returned an intercepted pass 60 yards for a score and then tacked on another 100-yard drive to lead 14-0. The Lubbock gridders, with 93-pound back Mike Martin doing most of the damage, scored two second quarter touchdowns, one on a pass and the other on a sweep to leave the field at halftime with a 12-8 lead.

Post went back into the lead in

the third period on Lewis Hise's 10-yard run, which had been set up by Jimmy Bartlett's 60-yard punt return. Heaton added the extra points, and the Post Jayvees led, 16-12.

Christ the King regained the lead on a roll-out pass play, but failed to add the extra point, and led 18-16 at the end of the third quarter.

Post went ahead to stay in the fourth period on Bartlett's 40-yard scamper, with Hise running for the extra points. Hise pulled a quarterback sneak for Post's final touchdown and then passed to Larry Johnson for the extra points.

Today, Coaches Black and Jones take their team to Colorado City for a game at 7 p. m. against the junior varsity Wolves. It'll be "homecoming" for Coach Black, who is a graduate of Colorado City High School.

## Junior High play to start Friday

The season schedule for Post Junior High School's intramural football program was released Tuesday by Junior High Principal Glenn Whittenberg.

Play starts Friday, Sept. 25, with two games and continues through Nov. 20.

The games will be played each Friday with the first game beginning at 8:30 a. m. and the second game at 2:25 p. m. Quarters will be of nine minute durations with the first team playing six minutes and the second team three minutes of each quarter.

All games will be played at Antelope Stadium, with 50 cents the price of adult tickets.

Coaches of the four junior high teams are James Pollard (McMurry), Lee Davis Jr. (Texas Tech), Bruce Burnett Jr. (Texas Christian University) and Harold Williams (Texas Tech).

An all-star game will be played on Friday, Nov. 20 to conclude the season.

The teams had not been given names Tuesday, but will be soon, coaches said.

High school senior Billy Blacklock is student assistant in the new intramural program, which is being participated in by more than 80 junior high boys.

## Move under way to organize FTA

By Peggy Thorne  
PHS girls have decided that they want equal rights at the pool hall. They believe it should be made possible for girls to be allowed to play pool here in Post, because some of them have been going all the way to Lubbock to play. It is a sport that should be enjoyed by girls as well as boys.

Miss Mary Lee Stockton reported that the PE girls are now taking Physical Fitness Tests. That must be why some of them have been coming to class with their legs taped up.

A suggestion box is to be placed in one of the PHS corridors, Mr. Glyndol Snodgrass reported. This is to be used for news and suggestions only.

PHS STUDENTS: Are you satisfied with the school decorations? Do you feel more decorations would make school spirit increase? If you answered "yes" to these questions, then you're qualified to help make decorations. Come to the gym Tuesday and Wednesday nights and help paint signs.

Mr. Glyndol Snodgrass, senior English teacher, received the following definition on a vocabulary test:

"Gargoyle is when you open your mouth wide and lean back your head. Then you make your throat vibrate."

At this time the Pep Squad would like to apologize to the Antelopes for the Antelope Hoop coming apart and tripping them. It is fixed now and maybe there will be no more accidents.

Teddy Scott and Dennis Odom have a bet on a free pool game. To find out what the bet is about, ask one of them. If you want to know who wins, read this column for the answer next week.

A gorilla walked into a drugstore, ordered a 30 cent sundae and put down a \$10 bill. The clerk thought, "Gorilla don't know much about money," so he handed the animal a \$1 bill in change.

The clerk's curiosity then got the better of him, and he said, "We don't get many gorillas in here." The gorilla replied, "No wonder, at \$9 a sundae!"

Saturday, Sept. 19 at 4 o'clock, members of the student body met at the field house to give the Antelopes a big send-off. The cheerleaders set the pep rally under way by leading "Who Are the Antelopes?" Following that, the pep squad and cheerleaders did "Clap Your Hands" and "Gold-Black."

Elwood Wright, vice president of the Booster Club then talked to the boys about their upcoming game with Hamlin. Band members and adult supporters helped with the last yell, "Hev, Post, Fight" and "Antelopes, Fight!"

### Roving Reporter

This week the Roving Reporter rushed madly through the halls of Post High School asking two questions of each interested person he saw. The questions were: "What do you think of the school spirit?" and "What will be the score of the Post-Abernathy game?" The replies were as follows:

Dee Ann Walker (cheerleader): "At first I thought we had a long way to go to get the school spirit where it should be. But last Friday, it was the best I've ever seen. Every person supported the Antelopes 100 per cent. I doubt if many student bodies could surpass it. The score will be Post 20, Abernathy 14."

Lewis Herron (band student): "I feel the school spirit is the best it ever has been. The school is behind the team 100 per cent. The score will be Post 14, Abernathy 7."

Cheryl Martin (Pep Squad): "The Post High School spirit is right where it should be—on top. I feel that everyone is really behind the team. The score will be Post 30, Abernathy 6."

Jimmie Williams (senior class): "I feel that the school spirit is at its peak. Everyone knows we have a team that can win and they are showing it by the way they talk and act. The score will be Post 20, Abernathy 7."

**ELKINS FAMILY REUNION**  
Mr. and Mrs. Walter Boren, Mrs. Cameron Justice and Mrs. Elton Nance were among those attending the Elkins family reunion at Slaton Sunday. The all-day affair was held at the party house at the park. Approximately 50 persons attended.

Mr. Charles Hopkins, Post High School instructor, will organize and charter a unit of the Future Teachers of America organization if enough interest is shown among students and members of the community. The organization is commonly known to students by the abbreviation FTA.

"The organization must have support from many community sources if it is to be successful," stated Mr. Hopkins. "We encourage each and every interested person's help." He named the following organizations and people who usually support FTA organizations: PTA units, civic leaders and clubs in the community, students, administrators, teachers, and parents. Interested people should contact Mr. Hopkins for more detailed information on FTA.

What is FTA? With the acceptance of the Horace Mann Centennial in 1937, the FTA was established. It is designed to develop leadership tendencies and to provide students with basic understandings of the ramifications of the teaching profession. The FTA became a part of the National Education Association in 1937, and was finally placed under the direction of the National Commission of Teachers Education and Professional Standards in 1955.

The four qualities the FTA seeks to provide for its members are: (1) to study and to identify the qualities, traits, and aptitudes which are basic or related to successful teaching, (2) to acquire an understanding of the history and development of our public schools, their purposes and objectives, and an appreciation of the contributions they have made to our democratic free society, (3) to secure accurate information on vocational opportunities in education and the special competences required, to aid in self-evaluation, and (4) to participate in pre-vocational activities which are both exploratory and developmental in nature.

The FTA seeks to enable the profession to (1) develop selective recruitment programs, to identify capable candidates for teaching, and to motivate them to choose appropriate fields of preparation, (2) offer potential teachers appropriate experiences to help them develop readiness for college programs of teacher education, (3) achieve and maintain a balanced supply of qualified teachers.

bership of 157 men, and all are 100 per cent supporters of the Post Antelopes.

This year, during the 1964-65 football season, they are sponsoring chartered buses for all supporters and the football boys. The tickets are \$3.19 each and \$32 for a season ticket. If you are interested in tickets, contact Mr. Pat N. Walker.

The Boosters this year are wearing black felt hats with gold bands around them. On the bands are the black inscribed letters "POST." These really attract attention.

Both men and women are eligible to join the Boosters by paying a yearly membership fee of \$2.

The student body is pleased that such an organization has chosen to support Post High School. This is a fine example of the student body and the community working together. — Judy Ballentine.

**STUDENT EDITORIAL**  
**Fine Example of Working Together**

I think the town spirit has never been better and the students of Post High School are really proud of the Post Booster Club. We feel that as long as the student body has the support of such a club, they will continue to fight for their school. The Booster Club is a new organization in Post with a membership of 157 men, and all are 100 per cent supporters of the Post Antelopes.

**FFA president, John Bilberry, assumes duties**

Johnny Bilberry, president of the Mesa District of the Future Farmers of America, along with Gary Don Donelson, and chapter advisor, Howard Davis, went to Klondike for the district meeting Monday, Sept. 14.

This was the first meeting for Johnny to preside over since being elected district president last May in a district meeting held in Post. There are 16 other schools in the Mesa District.

The meeting was held primarily to plan the district banquet. It was decided that the banquet be held at Lamesa, Dec. 14 at 7:30 p. m. If it can be arranged, Calvin Britts, the state FFA president from Crosbyton, will be the featured speaker. Other highlights of the banquet will be the district talent teams contest and district sweetheart election. Miss Dee Ann Walker will be the Post candidate for district sweetheart.

Cote Trout, state vice president, gave a report on the Area Leadership School which was held at the Prude Guest Ranch, Fort Davis. Cote also presented certificates for chapter ratings.

The next district meeting will be at Brownfield, Nov. 14, at the district leadership contests.

**G. T. Mason elected president of Choir**

The Post High School Choir held its first meeting Thursday and elected officers for the 1964-65 term.

Those elected were: President G. T. Mason; vice president, Cheryl Martin; secretary-treasurer, Edith Johnson; Student Council representative, Dennis Odom, and reporter, Susan Ramsey.

New music selections have been purchased for the year. Among these are such popular selections as "The Unsinkable Molly Brown" and "The Days of Wine and Roses". The choir will also be singing many concert and spiritual numbers. The members are looking forward to a very successful year.

**National Honor Society elects year's officers**

Members of Post High School's National Honor Society have elected Teddy Scott as president for the 1964-65 school year.

Also elected were: Dee Ann Walker, vice president; Meredith Newby, secretary, and Lewis Herron, Student Council representative.

Mr. Glyndol Snodgrass is the faculty sponsor.

MISS MARTINEZ  
**Teacher of Week native of Marfa**

Miss Ana Marie Martinez is the teacher of the week. She teaches Spanish and French.

Marfa, Texas, has always been home for Miss Martinez. She was born, Sept. 6, 1942.

She attended Marfa High School where she participated in such activities as Pep Squad, Future Homemakers of America, Annual Staff, and the Library Club.

College days found Miss Martinez attending Southwestern Texas Junior College and Sul Ross. Here she belonged to the Spanish Club and the Teachers Club.

When asked about Post, she said, "It is a wonderful town and I love the educational program!"

## Library receives 178 new books

Post High School library has received 178 new books which will be very beneficial to students in all subject areas, according to Mrs. Lillie McRee, school librarian. Approximately 70 of these are fiction while others cover all subject areas. Teachers and students have been using the library extensively the first three weeks of the new school year. "For the first time in the history of the library non-fiction circulation is greater than fiction. This is an indication of extensive research in classroom assignments," stated Mrs. McRee.

Daily circulation averages 84 books. A new record for the library was set recently with 192 books circulated in one day. Many students consulted their reading guides and completed a great deal of their required reading for literature classes during the summer months. High school students are provided reading guides which evaluate books and give them a definite number of points. Students are then able to know the level of each book and can estimate the grade he will receive for assigned reading by the point value of each book. Students are then graded on a point system for required library reading by their English instructors.

A few of the new titles to be found for civics are "Functions and Policies of American Government," and "American Democracy in Theory and Practice." New books on history are "The American Heritage Book of Revolution," "Hellenic History," "The Etruscans," and "Life Magazine's 10-volume series 'U. S. History.'" Speech books include "How to Debate," and "Stage and School." "The Body" and "The Cell are two interesting science books, and "The History of Mathematics" is a good research for math scholars.

Numerous books were received for literature classes. Highlighted in this group is "The Torch Is Passed," the tragic story of the assassination of President Kennedy.

Dr. Harry A. Tubbs supplied the library with "Dorland's Illustrated Medical Dictionary," a valuable resource for students in research work.

"We still have several orders to various publishers," stated Mrs. McRee, "and we are preparing several orders which teachers have requested."

The city library, which is in one section of the school's library, recently received 100 books through donations. Mrs. Lew Marks donated 70 of these books, which will be of interest to high school students as well as adults.

**Linda Beth Stephens is 'Student of Week'**

Miss Linda Beth Stephens, daughter of the Rev. and Mrs. Clarence Stephens, 215 West 10th, is this week's featured student.

Linda is a 17-year-old senior in Post High School. Coming from Hale Center, she is now a member of the Post High School marching band and plans to enter the Math and Science Club.

Linda's father is the pastor of the First Methodist Church in Post. She has two older brothers who are married.

When asked her opinion of PHS, she said, "I really like Post High. The students are very friendly and have really made me feel a part of PHS. The only trouble is that school is quite a bit harder than what I am used to!"

## A busy afternoon

The activity period from 2:30 to 3:50 p. m. Friday, Sept. 18, was utilized as an organizational period for various clubs on the Post High campus. Many clubs had organized prior to this date and used the time to plan activities for the school year. Tornado and fire drill regulations were previewed for the student body by Principal T. C. Clark.

**1965 FORD IS "MOST CHANGED"**

1965 Fords, which will go on display Friday in the showroom of Tom Power, Inc., are the "most-changed" in the 15-year history of the Ford Division. The luxurious new Galaxie 500 LTD above features an interior quality and style previously obtainable only in higher-priced cars and five separate roof lines.

**Ford's big 1965 lineup make debut here Friday**

The most-changed Ford in the 15-year history of Ford Division will be in Post Friday at Tom Power.

17 models in the 1965 Ford line—including a luxurious 'LTD'—are literally new from tires and from bumper to bumper. Lee A. Iacocca, Ford Motor vice president and Ford Division general manager, announces, "The dramatic elegance of the Ford styling is combined with more dramatic luxury car styling so smooth and so quiet the car and air-conditioner fans are moved from the passenger compartment because their whirr was distracting. Even the keys for the 1965 are all new," Iacocca said. The keys are designed to be inserted lock either side up. In addition, all 1965 Fords will be equipped with a keyless locking system.

The ultra-modern six-cylinder engine rated at 150 horsepower—stronger, more powerful, smoother and more economical than other six-cylinder engines previously offered in the Ford line—is a list of additional owner-features which include such items as the industry's first center-facing rear seats in 1965 Ford station wagons. Replacing the conventional "lump seat," this new design

affords comfortable seating for four children in the rear of the wagon.

Some of the many other features are curved side glass for increased shoulder room; a 13 per cent reduction in the floor-tunnel for greater passenger comfort; a recessed instrument panel with several additional inches of "living room spaciousness" in the passenger compartment, and a deeper trunk capable of holding two-suits suitcases in an upright position.

**THE RARE combination of improved performance with increased fuel economy marks the tastefully restyled Ford Falcon for 1965.** A careful blending of more powerful engines with improved transmission gives the 1965 Falcon added performance and, at the same time, gas savings of up to 15 per cent.

The 1965 Falcon offers a selection of three engines, all available with either Cruise-O-Matic or three-speed manual transmission to meet the requirements of all drivers. Engineering improvements of the new Falcon have been coupled with styling refinements including a new horizontally-lined grille which gives the car a wider, lower appearance.

The 1965 Falcon also features all new interior trim styles and materials and new instrument panel ornamentation which enhances the beauty of the car. New low-profile 14-inch tires are standard on most Falcon models in 1965, and will give the compact cars better stability and handling characteristics. Less road noise will add to passenger comfort.

The model lineup for the 1965 Falcon includes a 2- and 4-door sedans, 2- and 4-door station wagons. A station bus, and clubwagons in the Falcon series and 2- and 4-door sedans, a 2-door hardtop, a convertible and a 4-door station wagon in the Futura series.

**MOST POPULAR** intermediate-size car on America's highways, the Fairlane is completely restyled inside and out for 1965 and has been given a big car ride to match its new big car look. "Fairlane-sized cars are increasing in popularity faster than any other segment of the automobile market," said E. F. Laux, Ford Division general sales manager. "This growth—from 4 per cent of 1961 models to 14 per cent of 1964—reflects rising recognition with a fun-to-drive sizes."

Mr. Laux said that the Fairlane continues its role as trend-setter with a wider, more substantial look and clean-flowing lines for 1965. Forward-thrusting front fenders and tasteful body sculpturing add a lively note.

"New standards of ride and quietness in the 1965 Fairlane have been achieved through suspension redesign and an ultra-modern new sound package," Mr. Laux said. "New low-profile tires standard

on all 1965 Fairlanes—also contribute to a smoother, quieter ride as well as to improved handling."

Heading the Fairlane engine line-up for 1965 is a new standard-equipment, 200-cubic-inch Six rated at 120 horsepower. The new engine has a seven-main-bearing crankshaft for smooth operation and long life.

Three V-8 engines of the famous Fairlane design proved in the Ford-powered Lotus and Cobra sports cars are offered, ranging from 195 to 271 horsepower. Three-speed Cruise-O-Matic transmission is available for the first time with all 1965 Fairlane engines including the new Six and the 271-horsepower high-performance V8.

**THE MUSTANG, announced in hardtop and convertible models by Ford Divisions as the first of its 1965 cars last April, continues to make news with an added third model—the "2-plus-2" fastback.**

"The Mustang is already the most successful new car line ever introduced because it offers a unique combination of the sporty and the practical," said Donald N. Frey, Ford Division assistant general manager. "Now, with the 2-plus-2 model, it comes even more sporty and more practical."

Mr. Frey said the new Mustang provides seating for four. Fold-down rear seats permit added luggage—including skis and other lengthy equipment—to be carried inside the car with driver and passenger.

"The new Mustang 2-plus-2 also features functional air louvers styled into the rear roof quarter-panels for an efficient, flow-through ventilation system," said Mr. Frey, "permitting window-up driving free from wind noises and drafts in nearly all kinds of weather."

The model lineup for the 1965 Mustang includes a 2- and 4-door sedans, 2- and 4-door station wagons. A station bus, and clubwagons in the Falcon series and 2- and 4-door sedans, a 2-door hardtop, a convertible and a 4-door station wagon in the Futura series.

**Former resident dies at Quanah**  
Mr. and Mrs. George Tillman attended funeral services in Quanah recently for Mrs. Lucy Curry, 57, formerly Mrs. Lucy Way of Post.

Mrs. Curry had lived in Quanah about 12 years and was preceded in death by her husband, Sam Curry. Survivors include a brother of Mobile, Ala., and a sister of Jacksonville, Fla.; two stepdaughters, Mrs. Glenn Smallwood of Southland and Mrs. Maude Strickland of Venice, Calif., and a number of nieces and nephews, including Annie Mae Fumagalli and J. C. Tillman of Houston and George Tillman of Post.

Burial was held in the Goodlet cemetery near the family home west of Quanah.

**ATTEND WEDDING**  
Mr. and Mrs. David Newby spent the weekend in Oklahoma City, Okla., where they attended the wedding of a niece and visited their eldest daughter, Melinda, a student at the University of Oklahoma.

## NEW BUICKS ON DISPLAY AT FLOYD'S

The 1965 Buicks went on display today in the showroom of Floyd Pontiac-Buick-GMC. Shown above is the Buick Wildcat which epitomizes the semi-fastback styling of two-door models in Buick's 1965 line with its longer hood, lower, longer rooflines and short rear deck.

## 27 'great reasons' to 'go Buick' cited by Guy Floyd

There are 27 "great reasons for going Buick in '65" according to Guy Floyd and Larry Waldrip at Floyd Pontiac-Buick-GMC, who are putting the new 1965 Buicks on display here today for a three day premier showing.

The 27 "reasons" are the 27 new models of the 1965 Buick line.

Included are three four-door hardtops, six four-door sedans, five sport coupes, five convertibles, six four-door wagons, and two thimble coupes.

Top of the Buick line is the Buick Electra 225, the Buick luxury cars where the optional equipment on most cars is standard equipment. It's powered by a 325 h. p. Wildcat V8 engine.

Then there are the beautiful LeSabre and Wildcat models, plus the very special Riviera in the sports coupe, and the slightly smaller Buick lines, the Skylark and the Buick Special.

A number of big style changes this year makes the Buick a "new beauty" too.

All two-door models have semi-fastback styling which includes longer hood, lower, longer rooflines and short rear deck.

The wheelbase has been increased from 123 to 126 inches for improved riding and handling on many models. A new cross-flow radiator design permits lowering the hood line on all models in LeSabre, Wildcat and Electra 225 series.

Mrs. Cameron Justice attended the Elkins family reunion held at the Slaton clubhouse Sunday.

Visiting the Lee Reeds Sunday afternoon were the Weldon Reed, the Fernie Reed and the Bud Schleuber families.

Mr. and Mrs. Raymond Key visited in Snyder Monday with Mr. and Mrs. A. A. Seabrook.

Christ Cornett celebrated a birthday Sept. 21.

Buick offers a lineup of six engines and four transmissions. The engines, which range from a 155 h. p., economical Fireball V6, to a Super Wildcat V8 with 360 h. p., have a growing reputation for economy—three winners out of four entries in the last Mobil Economy Run.

When you get into a new Buick LeSabre, Wildcat or Electra 225 you'll notice one important difference right away. The big transmission hump you find in most cars in a mere ripple in a Buick.

This is the result of a unique forward engine-transmission mounting system and a 2-piece drive shaft. That makes a Buick one of the few cars which seats six people comfortably.

Another big point for Buick is its tremendous stability on the road. No production car is more thoroughly engineered to hold the road than a Buick. It's center of gravity is low, its roll center is high.

### VACATION IN NEW MEXICO

Mr. and Mrs. T. B. Odam, owners and operators of the Western Auto Store, returned last Friday from a vacation in New Mexico, part of which was spent at the Lobo Lodge, operated by Mr. and Mrs. Chant Lee.

## Minister going to convention

Bernard S. Ramsey, minister of the First Christian Church, will leave Saturday to attend the International Convention of Christian Churches (Disciples of Christ) to be held in Detroit, Mich., Oct. 1-7.

The annual convention will have several thousand delegates in attendance from some 8,000 Christian Churches in the U. S. and Canada.

Following the convention, the Rev. Ramsey will visit friends in Canada and go to the World's Fair before returning to Post.

During his absence the pulpit will be filled by laymen of the church. Sunday, Sept. 27, at the 11 a. m. worship, Jack Alexander will speak on "Compelling Christianity." At 7 p. m. there will be a "Singspiration" in Fellowship Hall.

Sunday, Oct. 4, Dr. Travis Bridwell, member of the First Christian Church in Lubbock, will preach at 11 a. m. on "What From Christianity?" J. P. Parnell, church elder, will preach Oct. 11 on "Who Holds the Mortgage?"

The public is cordially invited to attend all services.

### HOME FOR GAME

Nita Wilson and Tommy Bouchler, students at Texas University, will be in Post this weekend to attend the Texas Tech-TU football game at Lubbock.

## Evangelistic meeting slated at Brownfield

BROWNFIELD — The Rev. T. I. Lowery will conduct an evangelistic meeting here under one of the world's largest tents, beginning Friday, Sept. 25, and continuing through Saturday, Oct. 4.

# Southland drubs Smyer, 42 to 0, in opening game

**By BEVERLY STOLLE**  
The Southland Eagles flew to victory at Smyer Friday over the Smyer Bobcats, 42 to 0. This was the first game of the season for the Eagles.

Quarterback David Dabbs made the first touchdown of the game, with Rod Callaway making the extra points. Eagle captain, Don Altman, made the second touchdown, still in the first quarter. The try for extra points failed.

In the second quarter, Dabbs made two touchdowns for the Eagles, one on a 50-yard run. Don Altman and Callaway made the extra points.

The score at the half was Southland 20, Smyer 0.

The Eagles failed to score in the third quarter. In the fourth, Rod Callaway, switching to quarterback, made a touchdown, but the Eagles failed in a try for the extra points. In the last few minutes of the game, Duke Altman caught a pass in the end zone from Callaway for the final touchdown.

The Eagles play the Cotton Center Elks Friday, Sept. 25, at Southland. The game begins at 8 o'clock.

Elmo Bush and Maurice Fluit families.

Mr. and Mrs. Elgie Stewart were Sunday luncheon guests of their daughter, Mrs. Harvella Mason.

We would be glad when anyone has news they would call and report it. That is if they don't care for their name to be in the paper.

There are some people who get angry if any news is printed about them. We hesitate to send in news unless we are sure. Then there are showers and anniversaries and family reunions but again, we hesitate to write up those unless asked.

# Today is '65 Pontiac Day. 1965: The year of the Quick Wide-Tracks

What do we mean by "quick"? Just this: A new-all-over Pontiac offering a new Turbo Hydra-Matic — the silkkest, swiftest-shifting automatic transmission you ever touched a toe to; eager new Trophy V-8 power; new steering agility; a surer-footed Wide-Track ride. And a new Pontiac Tempest that's become even more of a Pontiac with new style, new length and Pontiac-quick reflexes to match. You never knew cars could be so beautiful, and so keenly alert to your touch. This is your year to drive a Wide-Track—quick!

'65 Pontiac Pontiac

How does the success car outdo itself for 1965? Beautifully, just beautifully. But this Pontiac has no intention of getting by on looks alone, though it could. So there's new quickness, Pontiac style. A new nimbleness. New fuel savings. A smooth, easy new ride. Drive a '65 Pontiac and see how one success leads to another.

'65 Pontiac Tempest

Tempest's even more of a Pontiac now, and what more could a car be than that! The '65 Tempest looks like a Pontiac, as you can see. Rides like a Pontiac on Wide-Track. Goes like a Pontiac, too: a 140-hp six is standard. Or you can get a quick V-8, up to 285 hp. You'll wonder how we can keep the price so low on so much car.

# Big Job

GAS DOES THE BIG JOBS BETTER FOR LESS

Each year you must heat enough floor space to house an army! Multiply the living space in your home by the number of cold days in a season. You'll agree heating the cumulative floor space is a big job. That's why most homeowners heat with dependable GAS. Practically maintenance free, GAS heating provides you with a constantly-changing supply of fresh, filtered, warm air so important to family health. Enjoy healthy savings, too. Economical GAS beats anything else by a country mile.

# A Salute To Garza's 4-H Leaders

## For National 4-H Week, Sept. 26 - Oct. 3

The success of any 4-H program, or of any youth program, is wholly dependent upon the interest and energies given to it by its adult leaders. In calling attention to National 4-H Week, we wish to publicly thank the following adult leaders of Garza's 4-H program for their efforts:

Mrs. Sam Heintz

Mrs. Herbert Dunn

Mrs. Faye Maddox

Mrs. James Shelton

Mrs. Gene Mason

Mr. and Mrs. James Overman

Mrs. Wayne Thomas

Mrs. Spence Bevers

Mrs. Victor Kuykendall

Mr. Jimmy Bird

Mrs. Robert Harris

Mrs. Robert Mock

Mrs. Lieria Conner

**WORK AND PLAY TOGETHER**

### Investment in 4-H ... pays **BIG DIVIDENDS**

Garza County at this writing has 177 youngsters enrolled as 4-H members in seven different 4-H clubs. Three of these clubs are for boys, three others are for girls, and the other is a joint club for both boys and girls.

These clubs are now in the process of reorganization for the new club year. Changes are being made—changes to improve the educational program.

The 4-H program today is training tomorrow's leaders for this agricultural and ranch area. Post heartily supports the 4-H program and urges every eligible boy and girl to join and enjoy the many 4-H benefits, both in fun and in training.

**ALL NEW BODY LINES ON PONTIAC**

1965 Pontiacs, which went on display today at Floyd Pontiac-Buick-GMC, offer an entirely new body design on all Catalina, Star Chief, Bonneville and Grand Prix models. Shown here is an exciting new option for 1965—the 2 Plus 2 in Pontiac's Catalina sports coupe.

**New advancements helps '65 Pontiacs continue leadership**

1965 Pontiac line of new cars contain engineering advances and refinements which enhance its leadership standard of performance excellence.

Pontiac Motor Division to use its leadership standard of performance excellence. Pontiac-Buick-GMC will use the new Pontiacs beginning in 1965.

Significant engineering changes made in all the new models—Grand Prix, Bonneville, Star Chief and Catalina—including an increase in the wheelbase making the new cars one inch longer than the Safari station wagon which has been increased two inches.

1964 Pontiacs will again be able to use their new famous performance Trophy V-8, and they will include a wide range of variations from 256 to 376 cubic inches.

Pontiac engineering advances this year include new manifolds to provide more uniform distribution of fuel flow and improved mixture distribution.

Engineering changes resulting in overall improvements of engine breathing and fuel distribution characteristics have permitted raising all carburetors with the result of improved fuel economy coupled with added performance.

All new Turbo Hydra-Matic automatic transmission, which is available on all models in the Pontiac line, is just one of the outstanding Pontiac innovations for 1965 that provide improved convenience and safety.

Automatic temperature control is a new option offered by Pontiac for the first time on the regular conditioning system. It automatically controls interior temperature.

The desired interior temperature is selected on a dial in the automatic temperature control panel, the automatic temperature control will maintain temperature regardless of exterior temperature and sun load.

Automatic control is beneficial both summer and winter, weather it will cool the car to pre-set level. At any temperature over 35 degree F the system will remove excess moisture.

from the air, this increasing passenger comfort and limiting window fogging.

An all new type of windshield wiper for passenger cars, and a Pontiac exclusive for 1965, is the articulated windshield wiper. Standard equipment on the Star Chief, Bonneville and Grand Prix and optional on the Catalina series, this new windshield wiper gives a greater sweep area than ever before. It has greater tension of the blade to the glass and gives wiping in the critical corner areas of the windshield.

An all new Pontiac perimeter frame for 1965 has a swept hip configuration which provides for a lower step-over sill height for easier car entrance and exit. The new design also permits a relatively flat floor resulting in improved appearance with added safety during exit.

Pontiac Motor Division's Tempest for 1965 presents new styling, including vertically mounted headlights, increased length, new colors and two new models for extended market coverage.

The Tempest Custom series has added a two-door hardtop coupe and the LeMans series now has a four-door sedan available. There will be a total of 12 different models available in the three Tempest series.

"With the new styling design, engineering advances, and the 'big car' appearance of the Tempest, along with the two new models, the 1965 Tempest line represents an even greater opportunity for the Pontiac customer to find his choice of an automobile," E. M. Estes, a General Motors vice president and general manager of Pontiac Motor Division, said.

The 1965 Tempest and LeMans models are three inches longer than previous models, measuring 206 inches in overall length. The wheelbase for all models is 115 inches.

**Cheerleaders' Column**

By Dee Ann Walker

Carolyn Matzier has been doing an excellent job as head hoop maker this year. Of course, she has a few helpers, but she's the one who gets the job done and done well. The Antelope looks great out on the field, and as soon as we locate a sturdier hoop, it will look even better. Carolyn is president of the pep squad and is doing a fine job.

I hope everyone noticed the district mascots in the gymnasium. Julia Childs supplied them as a year-round decoration. She did an excellent job and they will be something that we can enjoy during both football and basketball seasons.

Finally, the officers of the pep squad have worked out a solution to the sign-making problem. They meet on Mondays and get things outlined. On Tuesdays, each officer is responsible for having five girls at the gym carrying out the plans. Last week it worked exceptionally well. I hope everyone cooperates with them and keeps up the good work. Sandy Gary, Cerretha Jones, Annette McBride and Charlotte Gilmore head the pep squad, along with Carolyn, and do a terrific job.

The band has a surprise for us this week. It is one for which we've been wishing for years. James Neff and Lewis Herron are going to start each of our kick offs with the racing call. They're hoping the pep squad will follow the call with a loud "Charge!" So, tomorrow night everyone be listening for the trumpets and rally yell, (together, of course). I think that this will add greatly to our games.

The Post Antelopes meet one of their own kind tomorrow, the Abernathy Antelopes. Abernathy will be trying to turn around last year's one-sided score and they'll probably be plenty tough while doing it. It's going to take some work on everybody's part to win. Let's hear more yelling than ever tomorrow night and back our team until we prove to Abernathy just who has the better Antelope.

Beat Abernathy!

**THE ROMANS MOVED RIVERS**

In this age of technological wizardry never sneer at the past.

The Roman engineers who designed this aqueduct in Spain were brilliant men. Skill such as theirs, more than the might of Caesar's armies, fashioned the vast civilization of the Empire.

In this age of scientific discovery never overlook the Truths long ago revealed.

Christianity was born in a remote province of ancient Rome. It suffered generations of persecution until it converted even its persecutors. And when barbarians overran the Empire, our faith found a foothold in their hearts as well.

In a civilization of modern marvels the Church still raises its towers of truth. And when, next Sunday, we come with our families to worship, somewhere a congregation will be singing:

*O where are kings and empires now  
Of old that went and came?*

*But, Lord, thy Church is praying yet —  
A thousand years the same!*

# Mrs. J. F. Moore hurt in car wreck near Tulsa

By MRS. O. H. HOOVER  
The leaves are turning, some are falling. It's blanket time and the frost will soon be on the pumpkin. Summer is gone like a sunny dream.

Returning from taking their daughter, Lavonia, to school in Illinois, Mr. and Mrs. J. F. Moore had an accident on a curve in Tulsa, Okla. Mrs. Moore's face and jaw were injured and her car was wrecked rather badly. No one in the other car was hurt and the car was not damaged bad.

H. C. Gribble, who broke his leg recently, is at home now and is doing fairly well. His leg still pains him severely when he uses his crutches and his leg hangs down.

Houston Hoover was an overnight guest of his mother, Mrs. O. H. Hoover, Saturday night. His wife, Mrs. H. W. Edwards, in Tahoka, she was not feeling too well.

Mrs. G. H. Spears has had as guests the past week two of her sisters, Miss Ada Smith and Mrs. J. L. Colling of Cisco. Mrs. Colling's son, Howard Jackson, came for them Saturday.

Attending the all-day WSCS workshop in Brownfield last Wednesday on the study for the coming year were Mrs. Gus Porterfield, Mrs. Roy LeMond and Mrs. E. M. Walker.

Mrs. Ruby Claborn and Mrs. O. F. Claborn visited in the Gerner home Monday afternoon.

Mr. and Mrs. L. S. Turner and Mr. and Mrs. M. L. Thomas are in Center visiting Mrs. Turner's father who is ill but is reported to be better at this writing. Mrs. Turner plans to say a while with her parents but the others will return home the first of the week.

Mrs. Lucille Walker and Mrs. Inez McGrew returned home last Wednesday from Stephenville.

Mrs. Ella Mae Jones spent Sunday afternoon with Mrs. C. C. Jones.

**THE THURSDAY CLUB** met in the home of Mrs. O. H. Hoover last week. Mrs. Hoover served refreshments of frozen salad and crackers, sandwiches, pickles, chocolate mints and spice tea to Mrs. J. A. Propst, W. A. Oden, Will Wright, C. C. Jones. Mrs. Wright will be hostess for the Oct 1 meeting.

Mr. and Mrs. Faubion of Lubbock visited Mr. and Mrs. C. M. Greer Sunday afternoon.

Mr. and Mrs. N. O. Townsen and Mr. and Mrs. C. M. Greer spent several days last week at their cabin on Colorado City Lake. Mrs. Dean Laws' parents, Mr. and Mrs. Robert Weatherly of Hobbs, N. M. and her sister and family the Vic Bullards of Lamesa were also there over the weekend.

The Rev. and Mrs. Capbell visited their son and family in Oklahoma City last week.

The Campbells and the A. E. Rileys were luncheon guests of the Bert McDonalds Sunday.

The Glenn Normans and the Arnold Parrishes attended the football game at Texas Tech Saturday.

L. J. Walker of Littlefield visited in the C. A. Walker home Sunday afternoon. He took his mother, Mrs. Leucian Walker, home with him for a visit.

Mr. and Mrs. Buford Mathis visited in the Gerner home Sunday evening.

Mr. and Mrs. J.D. McGrew were hosts to a birthday dinner Sunday night honoring Mrs. Lucille Walker and Mrs. Virginia Terry. Attending were the Bill Moores of Seagraves, the Ronnie McGreaves of Welsh, Doyle Terry and children and C. A. Walker.

Dixie Lee Davis of Dallas spent the weekend at home.

Mr. and Mrs. Roy LeMond spent the weekend in Lovington, N. M. Roy's brother, Grady, is very ill. He developed pneumonia Sunday but seemed a little better Monday morning. Mr. and Mrs. Tom LeMond of Austin and Mrs. A. Z. Sewell of Draw were there. We wish for Grady the best.

The Rev. and Mrs. Ray Forbes were called to Tulsa Sunday by the death of a friend.

The J. E. Sherrills visited in Bovina last week.

Mr. and Mrs. Gus Sherrill attended funeral services Sunday for a cousin who had been in a car wreck.

**MR. AND MRS. AMOS GERNER** and Laura left Lubbock Sept. 11 at 9:05 in a jet for San Diego, Calif., to attend the wedding of their son, Kenneth, to Miss Judy Wilson. They were met at the airport by the Wilson family and their son, Jerry Gerner. It was good to see Jerry and nice to meet the Wilsons. The Wilsons were very hospitable and had a motel room for all the Gerners. Kenneth came on a plane from Houston and Louise arrived in the afternoon. They all met later in the Wilson home. The wedding rehearsal took place at Good Shepherd Lutheran Church and the rehearsal dinner at Sun Valley gardens.
