

Post meeting set for highway route boosters

Mr. and Mrs. Fritz Thompson and Dick Anderson, Thompson is a state representative from Borger and a member of the highway committee of the lower house. Anderson is vice president of the Borger Chamber.

Representative Thompson, who explained Borger interest in the new state route, told local business men and officials attending the Friday meeting that eventually such a state highway could well be extended to the Big Bend National Park and the Mexican border on the south and connect with direct state highways across states to the north clear to the Canadian border. He said all such state highway could have the same state highway number.

Rep. Thompson said the proposed state highway north-south route lies approximately equal distance between U. S. 70 and U. S. 87 with the tier of counties involved having no state or federal highways in this direction.

He said there isn't much traffic on the route now because the paved roads involved have six to eight different designations, mostly farm to market ones.

The Borger man said that service stations, restaurants, and motels would be sure to benefit in towns along the new route.

NO NEW PAVING would be required to complete the route, only the redesignation of the existing roads as a single state highway.

He cited the many canyons—including Palo Duro—the proposed route would pass through in emphasizing its scenic possibilities. Also it would bypass major cities, such as Lubbock, Plainview and Amarillo thus speeding up tourist travel time.

The only cost involved to counties along the route would be to meet the state highway commission's requirement for 120-foot

right-of-ways for state highways. Once designated a state highway, the state would pay half of the additional right-of-way costs and the counties the other half.

A CHECK BY The Dispatch with Resident Highway Engineer Julian Smith here after the Friday meeting disclosed that Garza's portion of the proposed state route—FM 122 from Ralls and the new highway south to Gail—both have 120 foot right-of-ways, so no expense will be involved for Garza County.

It was pointed out that such a designation of two present farm to market roads might even release more farm to market road money for Garza County.

State Representative Thompson told the local group Friday that the Borger Chamber had conferred with Highway Engineer Dewitt C. Greer during a recent highway organizational meeting in Borger and that Greer saw no real problem toward obtaining such a state highway designation for the route if a unified request for it is made.

It is hoped to obtain state highway commission approval for the state highway redesignation at its January meeting clearing the way to getting this designation onto the 1965 Texas Highway Department tourist road maps.

Borger Chamber Manager Cowan told The Dispatch Friday afternoon the Borger Chamber will be spending "lots of money" on the four-lane highways into Big Spring for sign boards to attract tourists onto the new state highway.

"If you don't get them through Post, we won't get them in Borger," he pointed out.

Friday, the Borger group visited with interested groups along the proposed route at Panhandle, Claude, Silverton, Floydada, and Ralls enroute to Post and reported they had expressions of close interest from Big Spring and Gail to the south.

School board meets Trustees snipe at financial problem

Three possible solutions to the financial problems of the Post Independent School District were discussed at the board of trustees' regular November meeting Monday night, with the board members finally deciding to study the proposals between now and the December meeting and try to come up with a solution then.

The three basic solutions, as submitted to the board by Supt. Barry B. Thompson, are these:

1. An increase in the assessed valuation percentage.
2. Re-valuation of all tax properties in the district by a reputable tax firm.
3. Cutting the existing program through depletion of courses, programs and personnel.

THE MAIN financial problem the board is trying to solve is a \$33,913.27 deficit that existed on Aug. 31 at the end of the 1963-64 school year, as shown in the audit report made at Monday night's meeting by A. B. Segars of the firm of Bolinger, Segars & Co., certified public accountants.

Some board members think the deficit will be even larger at the end of the 1964-65 school year unless a solution is found.

Supt. Thompson told the board that a minimum of \$50,000 in added tax money is needed to support the existing programs at the schools, wipe out the deficit and meet additional costs.

He said the instructional program is now operating on a fairly stable financial basis, as the enrollment will remain comparatively static for the next five years.

"Very few new programs will be added, as the professional staff will be concerned with the improvement of the existing programs," the superintendent said.

HE SAID an annual budget of from \$640,000 to \$650,000 will be needed each year through the 1970 school year.

Supt. Thompson explained that due to previous deficits and increased student participation, an additional \$5,000 is needed to subsidize the athletic and physical education program from grades 1 through 12.

It will be necessary, he said, to purchase two new school buses for the 1965-66 school year. The superintendent also pointed out, in explaining why a minimum of \$50,000 in added tax money is needed.

Rites Friday for former resident

Funeral services for Mrs. Sidney H. Peck, formerly of Post, who died early Tuesday morning in a Santa Monica, Calif., hospital, will be held at 2 p. m. Friday at the First Presbyterian Church here.

Mrs. Peck, who had lived in Santa Monica about eight years, died after an illness of three months.

She is survived by her husband; a son, Giles Dalby, who lives on a ranch east of Post; her father, Giles W. Connell of Fort Worth, and two granddaughters, Elizabeth and Rebecca Dalby.

The Rev. Edgar H. Graham Jr., pastor of the First Presbyterian Church, will officiate at the funeral services. Burial will be in Terrace Cemetery under the direction of Hudman Funeral Home.

Pallbearers will be Roy K. Furr, Joe Kirk Fulton, Jay Luther, Pa. McNamara, Robert Gentry, Tom Britton and Giles Forbess, all of Lubbock, and Billy George Taylor of San Angelo.

Court canvasses vote of general election

The Garza County commissioners court Monday canvassed the vote and found only two errors in vote tabulations for uncontested county offices.

At least two class reunions and a 46-56 Club breakfast will be held in conjunction with homecoming.

Invitations to attend have been mailed all ex-students whose addresses were known to the mailing committee. As in the past, some are expected to travel long distances to attend.

Bob Collier is completing his second year as president of the Ex-Students Association which sponsors the homecoming.

Friday is Post High homecoming Ex-students plan big event

Ex-students by the dozens will join here Friday in Post High School's annual homecoming, with activities to get under way at 5 p. m. with a hospitality hour in the old high school gym.

The hospitality hour will continue until 7 o'clock, during which time the Ex-Students' Association will hold a business session for the election of officers and other business.

The hospitality hour is scheduled to end a half hour before the Post-Slaton game kickoff.

Prior to the kickoff, coronation ceremonies will be held for the football queen and the pep squad queen, with the band sweetheart to be crowned at halftime.

For the second year in a row, the ex-students are not electing a homecoming queen.

Following the football game, the ex-students will hold a dance in the old gym, with music to be furnished by the Bill Mayes Combo. High school students will dance at the Garza County Youth Center to the music of The Imperials, from Brownfield.

At least two class reunions and a 46-56 Club breakfast will be held in conjunction with homecoming.

Post woman, daughter receive citizenship

Mrs. Hoyt Hill and her 13-year-old daughter, Petra, of 510 North Ave. M., were among the 18 persons receiving U. S. citizenship Friday afternoon in the U. S. District Court in Lubbock.

Both Mrs. Hill and her daughter were born in Germany, coming to the United States eight years ago when Petra was five.

They came to make their home with Mrs. Hill's other daughter, Mrs. Juan Torres, who lived at Austin. It was there that Mrs. Hill met her husband, Hoyt, a longtime resident of the Post vicinity.

"We're both proud to become citizens, but at the same time I feel that I've gained something and lost something," Mrs. Hill said Saturday.

"I've always loved my new home in the United States, but one doesn't leave their homeland without leaving many fond memories behind," she continued.

Petra, who is an 8th grade student in Post Junior High School, would not have been eligible to receive citizenship until she was of age were it not for the fact that she had been adopted by Mr. Hill.

Lions Club to serve chili supper Friday

A chili supper, sponsored by the Post Lions Club, will be served at the school lunchroom prior to Friday night's homecoming football game with Slaton.

The charge will be 75 cents per person, with proceeds going to the Lions' community sight welfare fund.

Lion Al Norris is food chairman for the chili supper and Lion Boss Barry B. Thompson will be in charge of the dish-washing.

Victim of auto wreck buried here Sunday

The auto. Officers said Guajardo's head was crushed under the top of the vehicle.

Also injured in the accident were Gabriel Romero and Joe Criado, both 17. Romero, who received severe back and chest injuries, was transferred to Methodist Hospital in Lubbock following emergency treatment at Garza Memorial Hospital. Criado, who received head injuries, is in the hospital here.

A native of Post, Guajardo had lived in this vicinity all his life. His death was the 13th in Garza County this year in traffic accidents.

He is survived by his parents, Mr. and Mrs. A. G. Guajardo Sr. of Post; a brother, Daniel; five sisters, Mrs. Safrina Perez, Mrs. Linda Tijerina and Louise Guajardo, all of Post, and Ester Kay and Melba Guajardo, both of the home; his maternal grandparents, Mr. and Mrs. Albert Pantoja, and his paternal grandmother, Mrs. Blasa Guajardo.

The Rev. Richard Casev, Holy Cross pastor, officiated at the funeral services. Burial was in Terrace Cemetery under the direction of Hudman Funeral Home.

Metcalfe buys best in state in Plainview

Metcalfe and three other investors have purchased the interest in the H & L State Bank at Plainview.

The base of the stock from Mrs. J. J. of Plainview, president of the bank, was in Plainview Sunday.

Participating in the purchase are E. W. Williams Jr., president of the Citizens National Bank, Jim Ed Waller, president of the Plains National Bank, and J. B. Wheeler, vice president of the State Bank, has been executive president of the bank and will direct its operations.

Blowing sand, preceding another weather "front" yesterday, slowed Garza's cotton harvest with the county's seven gins reporting 4,141 bales of Garza cotton already ginned.

A. O. Parrish, Graham gin employee, lost about an inch off a forefinger on his left hand Monday night when he got his hand between a belt and a pulley. A part of the finger had to be amputated and Parrish will be off work for a few days.

Garza's gins are running from eight to 12 hours a day and keeping caught up.

Much dryland cotton already has been defoliated but most of the irrigated cotton will await the freeze before strippers get into the fields.

Bales ginned so far this season by gins up to mid-afternoon Wednesday were Planters gin 574, Storrie gin 250, Close City gin 645, Pleasant Valley gin 357, Bastinger gin 634, Hackberry gin 1,375 of which a half is Garza cotton, and Graham gin 1,004.

Newcomers to city welcomed

A new Chamber of Commerce project — welcoming newcomers to Post — was launched here Saturday when three local women called on Mr. and Mrs. Paul Barton, formerly of Lubbock, who now reside at 908 West Main.

Ansil O'Neal, chairman of the Chamber's newcomers committee, told The Dispatch that the women volunteers will call upon each new family that moves into Post.

Information on newcomers will be secured through local utility firms.

The Bartons were presented with 16 certificates from local merchants redeemable in merchandise in various local stores or as discounts on first purchases.

The welcoming committee also will secure information on new families moving into Post for publication in The Dispatch to acquaint the whole community with pertinent information on all new families.

O'Neal's welcoming newcomers committee is composed of Mrs. Boo Olson, Mrs. Ed Graham, Mrs. Rex King, and Mrs. Ralph Welch. Mrs. Graham, Mrs. King and Mrs. Welch have volunteered to make the calls on the newcomers.

O'Neal said the committee has about eight new families to call upon before it will be "caught up."

Mr. and Mrs. Barton — her name is Grace — moved to Post from Lubbock about a month ago. She is a registered nurse and is staying with Mrs. K. Stoker of 802 West Main. Mr. Barton is retired after having been engaged in the butane business for a number of years.

Rites conducted for T. A. Loyd

Funeral services for T. A. Loyd of 205 West 14th St., a Post resident 48 years, who died at 9:15 a. m. last Friday in Methodist Hospital at Lubbock, were conducted at 2 p. m. Sunday in the Post Church of Christ, of which he was a member.

Mr. Loyd, who was 83, died after a short illness. He had entered the Lubbock hospital for minor surgery.

After moving to Post nearly 50 years ago, Mr. Loyd was manager here for 30 years for the Community Public Service Co., which formerly owned the present city water works system. He retired some 17 years ago.

In recent years, Mr. Loyd had looked after rent houses he had built and owned, and for a time was overseer of more than 60 rent-houses owned by the L. R. Mason estate. He constructed a number of houses, including his own, out of rock.

Survivors include a son, Guinn Loyd of Los Angeles, Calif.; four daughters, Mrs. Nova Clary of Dallas, Mrs. Maxine Farrar of Ontario, Calif., Mrs. Joyce Brown of Carlsbad, N. M., and Mrs. Katharine (See Loyd Rites, Page 5)

Surgery probable for Moreland

E. R. (Buster) Moreland is in Taylor Clinic at Lubbock with a bleeding peptic ulcer and, according to reports yesterday afternoon, probably will undergo surgery.

Moreland was stricken at the end of the Frenship game in Wolf-forth last Friday night and was taken by ambulance from Wolf-forth to the Taylor Hospital.

Up to yesterday he had received eight blood transfusions at the rate of two a day.

Twenty-two local teachers have volunteered to give their blood for Moreland will to to the Lubbock blood bank after school this afternoon to donate blood. A large number of employees of Brown Brothers here also are donating blood to the Lubbock Blood Bank in Moreland's name.

Moreland is not permitted at this time to have visitors.

Morton funeral is held today

Funeral services for Mrs. Opal Berthine Morton, 44, former Post resident, who died Tuesday morning in Mesa, Ariz., were conducted at 10 a. m. today at the Hudman Funeral Home chapel, with burial in Terrace Cemetery.

The Rev. Clayton Pennington, pastor of the Calvary Baptist Church, officiated at the funeral.

Mrs. Morton is survived by two sons, Tony and Steve Bullard of Lubbock; six sisters, one brother, and her stepmother, Mrs. J. W. Terry of Annetta, Tex.

Post-mortem election thoughts

In the post-mortem on the presidential election last week, The Dispatch would like to make a few observations about politics and elections on the local scene.

First, it has been a number of years now since we raised the issue of voting booths so that folks would have a secret ballot. It sort of jarred us to go home on election night, switch on the TV, and watch the President of the United States sitting down to a table with several other people and voting his non-secret ballot down in Johnson City.

As one local poll watcher told us after the election he could sit clear across the room at one of the polling boxes and tell you just about how everybody voted, because in manipulating the big ballot on those chair desks a secret ballot was out of the question.

The argument we heard the last time about the "big expense of such booths", and "the terrible storage problem between elections" probably will be trotted out again.

But those aren't the problems really. The problem appears to be that not enough people ask for a secret ballot here in Post to get one. If the people want a secret ballot, you can have it. Just ask for it—long, loud and clear, and in sufficient number.

Despite the record vote in the presidential election in the county it should have jarred every citizen to learn that one out of every ten votes cast had to be thrown out because of errors on the voter's part.

In only one of the county's nine voting boxes plus the absentee ballot did the voters bat 100 per cent in getting their votes counted for president. That was in Verbena where 32 voted and the tally was 20 to 12 for Johnson.

Votes were lost in every other precinct.

The worst, of course, was in Two Draw where

a reported 283 people went to the polls, and only 182 votes were counted for president. In this precinct 36 per cent of the ballots were voided by voting errors.

A big part of the problem here is illiteracy. Many of the voters cannot read or write—and the election law doesn't provide any means of helping Texans who can't read or write to vote.

Something needs to be done to educate the general public in proper voting practices. Perhaps some local organization would like to undertake an educational project, aimed at the voters, before the next election.

The Dispatch certainly will be most happy to pledge this newspaper's full cooperation.

Finally, the Garza Republicans made their biggest effort in the recent presidential campaign but took a trouncing by Barry Goldwater.

But GOP Chairman Don Marth promised the day after the election that this doesn't mean the end of the effort to create a real two-party system in this small part of Texas.

Building a two-party system in Texas—in something more than name only—is no easy task. But it must be done at the grassroots, as the recent effort made here, and not in Austin, Dallas or Houston.

Most clear-thinking citizens realize the value of a two-party system although that doesn't mean they will be quick to change their voting habits. Its very presence, however, is a strong deterrent to any one-party excesses by those in power at any level.

Texas probably will remain Democratic for years and years to come on the home front—but the presence of an organized second party can mean the best chance at all levels for reasonable government. That is simple because the voters always have a choice if they don't like what they're getting.—JC

It's up to the Legislature now

Constitutional Amendment No. 3, authorizing the Legislature to enact a program of assistance to aged persons not on public welfare rolls but having difficulty paying for needed medical care, received the heaviest endorsement of any of the three amendments voted on in the General Election on Nov. 3.

The amendment, which had the strong backing of the Texas Medical Association, authorizes the Legislature to match federal money available under the 1960 Kerr-Mills Act. The state already gets federal funds under the act for medical help to recipients of old age assistance. That program currently costs about \$30,000,000 a year, with the federal government footing about 70 per cent of the bill.

Aid limits and qualifications for non-welfare recipients of medical care assistance are for the Legislature to decide. Services authorized by the

amendment include fitting of eyeglasses.

The importance to the people of this medical care amendment is shown by the fact that it received more attention and heavier endorsement from the voters than either of the other two amendments on the General Election ballot. In Garza County, the medical care amendment carried by the biggest margin and drew the biggest vote, just as it did in nearly all the other counties of the state.

Hence, it is also important that when the Legislature enacts the program the amendment calls for, it comes up with a workable one. Basically, the program intended by the amendment is sound and can be a blessing to those of our senior citizens who need such help. And it will be if the Legislature works out a sane and sensible course to follow on aid limits, qualifications, etc.—CD

Junior High program works out

The new Junior High Intramural Football program is near the end of its first season here, and approximately 90 boys know a lot more about football now than they did when the season started.

In fact, we are of the opinion that these youngsters know more about the sport through their intramural grid training than they would have if they had played games with teams from other schools, as has been the case in the past. At least, there is no doubt that more of them have been drilled in football fundamentals, because more of them have participated than would have under the previous program.

Competition is as keen among the four teams as it would be if they all represented different schools. The youngsters associate every day with each other in the classroom and on the campus,

but the competitive spirit takes over when they line up against each other on the football field.

This same competitive spirit has also spread among the Junior High student body, which forms an enthusiastic cheering section at each game.

Much of the credit for the intramural program's success in its first year here is due to the four classroom teachers who coach the teams, to their high school student assistant, Billy Blacklock, to the school administrators, and to the members of the varsity coaching staff, who help direct the program and assist as game officials.

We think the new intramural football program is a much better "feeder" system for future Post Antelope teams than was the old Junior High interscholastic program. For that reason, we hope its first-year success warrants its continuation.—CD

Friday is Post High homecoming

The Post schools' annual homecoming Friday, Nov. 13, will have a new—and briefer—look. Instead of the usual banquet, there will be an ex-students' get-together—which might be for the best.

Banquets are fine, but they require so much time that they don't give the ex-students' group all the time it needs for the election of officers and transaction of other business before the football game starts.

The get-together, where easy-to-handle refreshments will be served, will also give the ex-

students more time to visit before getting down to business.

Incidentally, this year's homecoming marks the 51st anniversary of the Post High School. Think how many Post High School graduates there have been in those 51 years, with each successive year adding a new crop.

With the students out at the high school going right along with the ex-students on plans for the annual event, everything points to a highly successful homecoming. So, welcome back, exes!—CD

What our contemporaries are saying

A noon-time show on TV—NBC, of course it would be—is running a one-hour rhabarb on home wreckers and wrecked homes called "Divorce Court." They claim it is being presented to slow down the ever-increasing divorce rate. It is having exactly the opposite effect on eligible single people—both men and women—who either have or might be contemplating marriage. A bachelor who watches that TV spectacle at the lunch hour five straight days is a dead duck as far as matrimony is concerned. So the purpose and intent of the show is defeated before it gets off the ground. If people stop marrying, the divorces can't occur. And such programs as "Divorce Court" will be and should now be tossed off the air. In our personal opinion, only a sadist could relish such a heart-breaking program. — Neal Estes in The Stanton Reporter.

THE DISPATCH staff's favorite college co-ed is a second year student at Trinity University, so this Associated Press release was of interest to all of us:

"Trinity University Registrar Burford Higgins scanned record enrollment figures and decided the 96-year-old school has achieved 'perfection in co-education.' 'Exactly 1,055 men and 1,055 women are registered as students.'"

Speaking of college students, we had two of them in our home over the weekend. Our No. 2 son and his girl friend, both of West Texas State University, were in-and-out, in-and-out and in-and-out to see us while on the South Plains for the West Texas-Texas Tech football game Saturday night.

SOME OF MY more faithful readers have told me they were a little disappointed that I didn't "rub it in" after the General Election of Nov. 3. One reason I didn't was because last week's column, while coming out two days after the election, was written some three days before it was held. So, at the time I didn't have anything to crow about. And now that I do have, I've decided not to, because a poor winner isn't much better than a poor loser.

A friend tells me he's been saving a lot of time lately. He said he found out that the dictionary is in alphabetical order.

THIS COLUMN'S star contributor has handed us another clincher he thinks will be of interest to folks in Post. I agree, so here goes:

CHAMBER OF COMMERCE
It takes many things to make a city grow.

Alert, interested and compatible citizens.

A constructive and progressive city government.

People of outstanding ability willing to work in community leadership.

And a Chamber of Commerce to marshal the manpower of a city and work full time in civic development and growth.

The Chamber of Commerce is the medium through which we work for ourselves and through which we gain strength and momentum from the pooling of time, abilities and efforts with others.

The Chamber of Commerce works for the community good. It is not an organization concentrating exclusively on growth projects, though all its programs bear in varying degree on that commendable objective.

But it lends its people and resources, too, to making this a better place to live.

The Chamber of Commerce can and should be the heartbeat of a city. It is to the interest of us all to keep it strong.

Come to think of it, it's not a cheaper car that people want. It's an expensive car that costs less.

THERE WAS A town once upon a time that had a reputation for not keeping its ministers for more than three or four months. Finally the minister sent a young preacher and after two years he was still on the job.

Surprised, the bishop pressed for an explanation. Why had this young preacher been able to please the congregation for so long?

One of the townsmen told him: "Well, I'd rather not tell you, but if you insist, here's the reason: We folks out here don't really want any preacher at all and he's the closest one we've ever had before."

Extension Service honors Mahon

LUBBOCK — Cong. George H. Mahon was honored here recently by the Texas Agricultural Extension Service for distinguished service to Texas agriculture.

Mahon received a plaque, known as the "Knapp-Porter Award," as a part of Extension's celebration of its 50th anniversary year. Governor Connally had previously proclaimed this week as "Texas Agricultural Extension Service 50th Anniversary Week."

The award, one of two presented this week honors men who have "projected the visionary aims of Dr. Norman A. Knapp, originator of Extension teaching methods, and Walter C. Porter, pioneer farm demonstrator." The other award was made to Cone. Olin E. Teague on the Texas A&M University campus earlier in the week.

A Moment With God

NO CHILDREN'S CRUSADE

When ye pray, say, Lead us not into temptation, but deliver us from evil. Luke 11:4

The Christian is not fighting a "one-man battle" against the dark powers of the world. We are never required to rely upon our own power and strength. If we do, we shall go down in defeat.

Fighting evil is a God-sized task. We creatures can never take the Creator's place. Crushing the forces of evil calls for the eternal power of God. Only in His strength can we overcome and resist Satan and sin. A "children's crusade" will not defeat the devil and all his works and all his ways.

For this reason Jesus teaches us to pray, "Lead us not into temptation; but deliver us from evil." We must not only fight the powers of darkness but likewise the temptation to fight this battle in our own strength. Our faith must constantly struggle against the temptation to trust in ourselves for victory rather than in our God, the Almighty.

In the hour of trial our first need is not to take up the arms, but to turn to God, asking Him to fight our battles for us. The battle cry of us Christians is found in this prayer: "O God, deliver us from evil."

Christianity is not a "do it yourself" religion, but gives us a faith which leads us to God as our Refuge and Strength, a very present Help in time of trouble. The battle is won as we go forward in the name of the Lord. He must take the field for us and we must follow.

Lord of hosts, be Thou our Refuge and our Strength. Amen.

OUTDOORS IN TEXAS

By VERN SANFORD

tries to eat him when he's a fresh-born babe. Pop's first job is to keep away.

ONCE HE'S OUT on his own the young bass faces hundreds of enemies . . . all wanting to "gobble him up."

So, he learns fast . . . if he lives. But the really great, fun-loving fishermen—those who seek not the meat, or the trophy, but the fun of doing battle—they're the ones who go after bass with real light line.

True, they won't catch as many fish, or bring home many of the lunker size, but they enjoy their fishing more.

Anglers who use eight or 10-pound line are in the majority. They enjoy a scrap. But they want a better chance at bringing home something for the skillet. And usually they do. Numerically, more of the finny tribe end up on their tables.

Then there's the lunker bass fisherman. He fishes, fishes, fishes . . . with nothing but a trophy bass in mind.

HE THINKS big! A three-pound black is a minnow in his eye. He won't even mention having taken anything smaller. A four pounder is more to his liking. But, he's not after either of those. He's fishing all day and night—every time he gets a chance—with nothing but a five, six or seven pound black in mind. He thinks big and he catches them big.

He's the guy who thumbs a bait-casting, spool-type reel with perfection. He's an expert at casting. He's the Ambassador of fishing. He's the fellow who uses 15 to 20 pound line and no swivels.

He finally accepted monofilament line. But first only as a leader to add stretch to his trusty old braided line. But he still keeps a spool or two of braided line handy, in the tackle box, just in case.

One thing you can count on with this gent is a fully-equipped, extra rod and reel beside him in the boat ready to use at all times. He rigs up one for top-water, the other for bottom fishing.

Usually he will start fishing well before daylight, using a black, top-water, popping lure, better known as a chugger.

IF HE VARIES from that, it will be to select a noise-making, propeller-equipped spinner. Often he will remove the front blade so the bait will rest in the water at an angle, the better to jump as it's twitched along. This gives it more of an injured minnow or skip-jack action.

One thing for sure, he does not use swivels. He ties his line directly to the lure as carefully as Whittier's mother performed her knitting. When he ties it on it's there to stay. More often than not he will burn the loose end of the monofilament line so that it forms a small but hard knot that will prevent the line from slipping through the knot even under the heaviest stress.

That lunker fisherman with the heavier line usually is a bronze-faced angler who fishes regularly and often. His tackle box is packed with lures of all makes, shapes and colors.

Always he will have with him an assortment of small bottles filled with porkrinds. Also a liberal supply of plastic worms in all colors, including some striped and some polkadot.

HE'S A HOOK honer, too. Only razor sharp hooks are acceptable to him. In fact seldom will he use the hooks that come on the lures he buys. He substitutes his favorite spearpointed hooks, then hones them down to an even longer and thinner point. When he sets a hook he wants it to stay. Which brings us back to his reason for heavier line. The heavier the line, the less the stretch and the quicker the hook will become imbedded in the fish's mouth.

But that's not his only reason. This fisherman hunts among the duckweeds, the thick, entangling moss, the brush, the stumps, the boulders, the overhanging trees. That's where the lunkers lie in wait for their food.

That's where the fisherman gets tripped up occasionally too. A lure that catches on a tree limb, among the cockleburrs, in the moss or on the stump is easier to remove with a heavier line.

Once the lunker fisherman latches onto a big bass, he wants to bring that lunker into the boat. He can set a hook quicker with a tighter line and he stands less chance of line break with the heavier monofilament.

He'll fish all day for one good strike . . . and when it comes he doesn't want to miss. So he has good reasons too for his choice of line.

FARM CENSUS COMING

Census takers will visit every farm and ranch in Garza County during November or December as part of the 1964 Census of Agriculture, conducted by the U. S. Bureau of the Census. Census questionnaires are delivered by mail; the farmer will answer the questions and keep the questionnaires until the census taker calls for it. Answers are confidential and used only for statistics.

Questionnaires mailed for Garza farm census

Garza County farmers and ranchers will be called upon within the next few weeks to fill out Bureau of Census forms as a part of the five-year agricultural census to be taken throughout the nation.

Data to be gathered will include the number and size of farms, number of persons living on farms, acreage and harvest of crops, a livestock and poultry inventory, information on farm equipment and facilities, and data on income and some expenditures.

Farmers and ranchers will need this year's business records to help answer questions on the farm.

The census taking actually is already under way, with the mailing of questionnaires by the Census Bureau to all rural boxholders in the county. Later, census enumerators will begin visiting each farm and ranch in the county to assist farmers in completing the questionnaire.

Visits by the enumerators will start late this month and will take about three weeks to complete.

BURLINGTON ELECTION
GREENSBORO, N. C.—Robt. A. Gilliam has been elected a vice president of Burlington Industries, Inc., according to an announcement today by Charles F. Myers Jr., president. Gilliam formerly was executive vice president of Burlington Men's Wear, a division of Burlington Industries. In addition to his new position, he has been named a member of the Company's Management Committee.

Burlington sets new sales and earnings record for fiscal year

NEW YORK, N. Y. — Burlington Industries, Inc., today reported consolidated net sales of \$1,206,425,000 for the fiscal year ended Oct. 3, 1964, (53 weeks) compared to 1963 sales of \$1,084,919,000 (52 weeks).

Net earnings for the year were \$50,874,000, equal to \$4.15 per share on the 12,253,000 common shares outstanding on Oct. 3, 1964. For the previous fiscal year, net earnings were \$40,620,000, equal to \$3.28 per share on 12,112,000 shares outstanding.

New 4-H Club selects year's program theme

The newly organized Graham Girls' 4-H Club held its first meeting recently at the home of Mrs. Bobby Cowdrey, adult leader.

The girls decided to meet every fourth Tuesday of the month at 3 p. m. in the Cowdrey home. Mrs. Cowdrey gave each girl a member's record book and a work box.

The program theme for the year will be "Food and Nutrition." The nine-year-old girls made chocolate fudge at the first meeting.

Those present were Debbie Ledbetter, Sherry White, Lee Ann Williams, Darla Baker and Sue Cowdrey. Mrs. Bruce Ledbetter is the other adult leader.

At the November meeting Darla Baker will show the correct way to beat and beat an egg.

The Board of Directors, meeting today, increased the regular quarterly dividend to 40 cents per common share paid in each of the last four quarters. The dividend is payable Dec. 1, 1964, to stockholders of record at the close of business Nov. 6, 1964.

Consolidated net sales for the final quarter (14 weeks ended Oct. 3, 1964) were \$317,406,000, compared to sales of \$271,393,000 for the same quarter a year ago (13 weeks). Net earnings for the quarter were \$16,029,000, equal to \$1.27 per share, compared to earnings of \$9,820,000 or 79 cents per share for the same quarter last year.

Results for the 1964 fiscal year are subject to confirmation by the Company's auditors.

Charles F. Myers Jr., president noted that both sales and earnings reached new highs for the diversified textile company in 1964. "The Company's results for the year reflected the high level of the national demand and prices, together with the operating improvements realized from continuing substantial capital investments," he said.

I am deeply grateful for the support which you have given me. Thanks very, very much.

Many Americans are concerned about the ease of life in our country today—and what it may do to our children. Will the "soft living" of our times bring a continuing decline in their physical and moral stamina? This could happen if our children aren't encouraged to develop their bodies as well as their minds. Parents should insist on a minimum of 15 minutes of vigorous activity each school day—for every boy and every girl. Tell your school officials about your concern. Knowledge of tax options may increase farmer's net income

"The way farmers utilize the 1964 Income Tax Regulations will determine their net farm income for 1964," says John J. Seibert, area Extension farm management specialist, Lubbock. "Changes in this year's internal revenue code can be beneficial to the taxpayer where certain qualifications are met."

The payment rate schedule on taxable income has decreased from that of 1963. This means less tax is due for those who have the same taxable income as 1963.

Farm people over 65 years of age can have an additional tax advantage if they have sold their personal residence during 1964. Part of the gain can be excluded from taxable income if the sales price exceeded \$20,000, or all of the gain can be excluded if the sales price was under \$20,000. This exclusion applies to a one-time sale of residence after the taxpayer is 65 years of age and if the home was used as a residence at least 5 of the last 8 years preceding the sale.

Taxpayers 65 years of age or over may deduct all medicine and drug expenses from income for tax purposes. Prior to 1964, the amount deductible was that amount in excess of one per cent of the adjusted gross income.

Individuals with large fluctuations in income may be eligible for the income-averaging provision. If "averageable income" is more than \$3,000 (excluding capital gains, wagering gains and income from gifts and bequests, etc.) a taxpayer's tax liability may be reduced.

Every taxpayer may choose between the minimum standard deduction or a standard deduction of 10 per cent of the adjusted gross income. Minimum standard deductions are: single taxpayers — \$300, and a married couple filing jointly — \$400. An additional \$100 deduction can be claimed for each dependent up to a maximum of \$1,000. For example, a married couple with three children and an adjusted gross income of \$2,000 can deduct \$700 (\$400 plus \$300 for their children's exemptions) instead of the 10 per cent standard deduction of \$200. These deductions are in addition to the \$600 personal exemption.

Items no longer deductible under the 1964 law are: state and local taxes on liquor, cigarettes, hotel rooms, theater tickets, local driver's licenses and auto tag fees.

All unreimbursed moving expenses are deductible in computing adjusted gross income. To be eligible, the new place of unemployment must be at least 20 miles from the former residence. Also, the taxpayer must be a full-time

MRS. TRAVIS WALTER BORUM (Donna Darlene Jones)

Jones-Borum wedding is held Nov. 1 in church at Graham

The Graham Methodist Church was the scene of the wedding of Miss Donna Darlene Jones and Travis Walter Borum at 4 o'clock in the afternoon Nov. 1.

The Rev. H. O. Abbott, pastor of the First Methodist Church at Roby, officiated at the double ring reading of the vows.

Parents of the couple are Mr. and Mrs. Elmer Dee Jones, Route 3, Post, and Mr. and Mrs. Clyde Borum, 5020 King, Lubbock.

Given in marriage by her father, the bride wore a gown of white satin made with a scalloped neckline, long sleeves tapering to peal points over the hands and a veiled skirt. Her shoulder-length veil fell from a crown of pearls. She carried a white Bible topped with white feathered carnations.

Miss Shirley Doggett was maid of honor. She wore a dress of turquoise lace over matching taffeta styled with a satin-pipped scoop neckline and dolman sleeves. Her flowers were white carnations tied with turquoise ribbons.

Best man was Lindy Moore of Lubbock. Gary Jones, brother of the bride, and Gregg Jones were ushers.

Miss Judy Ballentine, and Jerry Borum of Lubbock, brother of the bridegroom, were candlelighters. Mrs. Pete Hays was pianist and accompanied the soloist, Jim Jackson.

The bride's chosen colors were carried out in the decorations at the reception following the ceremony at the Graham Community Center.

For travel the bride wore a royal blue knit shift with beige sleeves and black accessories.

The couple is at home at 1717 East 49th St., Lubbock, where Mr. Borum is employed by H.A. Davidson Wholesale Co.

Out-of-town guests were Mr. and Mrs. Truman Goss, Joyce and Linda, and Sandra Hatley of Seminole. Mrs. Sallie Sherry of Brownfield, Mr. and Mrs. John Frenress, Mr. and Mrs. Joe Young, Mr. and Mrs. Roy Burnett and Joyce, David C. Skidmore, Mr. and Mrs. James Bendle, Judy Frenress, and Charles R. Bone of Lubbock, and Mr. and Mrs. Jerry Nutt and Mr. and Mrs. Jurd Young of Tahoka.

WEEKEND IN LUBBOCK

Tom, Stella and Ethel Hall spent the weekend in Lubbock with the Richard Brincefields.

VISIT IN COMMERCE

Mr. and Mrs. C. A. Redman and son, Clifford, spent the weekend in Commerce visiting his brother and sister-in-law, Mr. and Mrs. J. B. Redman.

VISIT IN TAHOKA

Mr. and Mrs. Charlie Stice and Junior visited Sunday in Tahoka with his family and friends.

Mrs. Malouf is Culture Club's program leader

The Woman's Culture Club met last Thursday afternoon in the home of Mrs. James Minor with Mrs. Mason Justice as co-hostess.

Members answered roll call by telling an item about their designated countries.

During the business session it was announced that \$150 was cleared from the style show to set up the Mayme Durrett Stay-in-School Fund. A committee, composed of Mrs. E. A. Warren, Mrs. Tom Gates and Mrs. D. C. Williams was appointed to work with Mrs. A. C. Surman, chairman of the Garza County Historical Survey committee, concerning the honoring of a long-time member of the Woman's Culture Club. A new state ruling permits the placing of a medalion of memorial in some designated place in honor of individuals.

Mrs. M. J. Malouf led the program on "Living and Learning From 1900-20" by giving a review of the literature and writers of the early 20th century. Mrs. R. L. Marks told of the art during this period and our need for appreciation of art. Mrs. Ira Lee Duckworth illustrated the fashions and fads of the period.

Mrs. Tillman Jones accompanied the group in singing "When You Were a Tulip" and "Let Me Call You Sweetheart" under the direction of Mrs. Larry Hopkins.

Pumpkin pie with whipped cream, nuts and coffee were served to Mmes. Jones, Marks, C. R. Thaxton, Lee Davis, Louie Burkes, Williams, Gates, Warren, C. I. Dickinson, Julius Tanner, Virgil Bilbo, Duckworth, Fred Willard, Hopkins, Malouf and J. B. Storie.

Mrs. Travis Borum, the former Darlene Jones, was honored with a bridal shower Saturday night in the Graham Community Center.

Martha Blodgett registered 33 guests who called from 7 o'clock until 9 o'clock. The registry table was laid with a white cloth and featured a turquoise flower arrangement.

The serving table was covered with a white lace cloth over blue, centered with a blue flower arrangement and complimented with blue and white tapers.

Miss Sandy Holleman and Miss Lorene Anderson served decorated cookies, punch and mints. Milk glass appointments were used.

There were 17 hostesses.

WEEKEND GUESTS

Weekend guests in the home of Mr. and Mrs. Fred Long were Mr. and Mrs. D. L. Williamson of Station and Mr. and Mrs. Jerry Williamson of Lubbock. Saturday night dinner guests in addition to the Williamsons were their mother, Mrs. Marie Williamson of Post and Mr. and Mrs. Eoger Neilson and family, newcomers to Post. Mr. Neilson is supervisor for Petty Geophysics.

It's My Turn

— By MRS. C.

Women might still be working for complete equal rights in the state of Texas, but one more cherished bastion of men's recreation—the pool hall—has fallen.

In a way I feel sorry for the men and boys. This was one place they could get away from the "little woman" or the "girl friend". Now on their night out with the "boys" they are liable to encounter the "little woman" or the "girl friend" on a night out with the "girls."

When pool halls first became legal in Texas I remember my first thought was "How keen. All those poor males won't have to play that completely harmless game in such dimly-lighted places any more." I also remember a couple of men who came in the Dispatch office one day to talk to Mr. C. about a family recreation center they were thinking about putting in the old post office building. I eyed them a bit and almost fell out of my chair when they explained that they wanted to put in a bunch of pool tables, ping pong, shuffleboard, etc., on a carpeted floor and invite the ladies and children in. I had a feeling that the kind of operation they were talking about was not for Post and evidently they decided the same thing because this was over a year ago and they have not been heard of since.

We heard of several couples (young ones) who went to Lubbock this past summer to shoot a few games of pool, or perhaps snooker, which I gather is a variation of pool. I'm glad to see them have the opportunity of playing here in Post instead of driving 39 miles down the road.

I've even heard of a father remark that he thought a little game or two of snooker would be a lot cheaper than several gallons of gasoline wasted on "dragging" Main Street.

However, I wondered if he might not be a little shocked upon asking where the daughter is tonight to have his wife answer "Oh, she is out shooting a game of pool at the pool hall."

Remember the show "The Hustler", that Jackie Gleason and Paul Newman played in and that gloomy pool hall in which most of the action took place? I have a feeling that pool halls like that will not be existing long in Texas. Women like things a bit brighter so the blinds go up, the walls get painted, a few potted plants are added, suitcases gradually find themselves out in the alley, domino players forced to evacuate and the men will find out it's a woman's world after all.

That sounds like a dreary picture for the men, but don't you worry. Unless I am sadly mistaken, the women won't brother you often. From what I've heard, it takes a bit of gambling to keep the game interesting and most teen-age girls are not gamblers at heart. A game or two will keep them happy and you boys can outwait them anytime while you are trying to get even. And think of the showing off you can do when you drop in for a fast game at the show. You've never had it so good!

Two initiated at meeting of club

Mrs. Minnie Lee Tanner and Mrs. Maxine Lewis were initiated into the club and Mrs. Suella Thomas was welcomed as a new member at a recent meeting of the Past Matrons Club of Southland and Post.

Mrs. Loree Thaxton, Mrs. Willie Cross and Mrs. Gless Davies were in charge of the initiation. Mrs. Tanner and Mrs. Lucille Myers reported on the Grand Eastern Star held in San Antonio recently. Several members from each town attended the convention.

Sandwiches and pie were served at the meeting held at the Community Room.

Others present besides those mentioned were: Mmes. Thelma Burkett, Tennie Smallwood, Bernice Probst, Maggie Denton, Alice Martin, Opal Pennell, Lelia Gilley, Myrtle Hoover, Dezzie Dickinson and Minnie Wright.

Magazine reports coin-collecting craze on increase in this country

Coin collectors in the United States have increased to 8 million, from 2 million a decade ago, according to Changing Times, the Kiplinger Magazine.

"Lured by the promise of quick profit, hundreds of thousands of people, young and old alike, have taken up collecting," an article in the current issue of the magazine reports. "And the growing demand for coins feeds on itself. New collectors are enticed by the prospect of gain and add to the demand."

But dealers have different points of view on whether prices will keep

Church youth collect \$163 in CROP drive

Approximately 50 youths from four churches participated in the Christian Rural Overseas Program Halloween night and collected \$163. The youths met at the First Methodist Church at 6 o'clock for street assignments and were served refreshments in the church basement when they returned. Participating in the annual CROP drive were teen-agers from the host church, First Presbyterian, First Christian and Church of the Nazarene.

climbing, the article adds. Those who believe they will, argue that the number of coins issued each year is limited. Inevitably, as coins are worn out, the supply dwindles over the years. As the number of coin collectors keeps growing, the value of holdings eventually will be driven up.

Dealers who disagree think prices may even plummet. Speculative fever has artificially inflated prices, according to their argument, and the number of coin collectors isn't growing anywhere near fast enough to support current high prices. The average hobbyist views collecting more as a casual pastime than as a serious investment. Once the collecting fad peters out, as all fads do, he will stop buying and prices will drop.

Reviewing both arguments, Changing Times concludes that speculating in coins is no game for amateurs. "Unless you are shrewd, well informed and lucky, you can get burned," the magazine advises. "If you're a beginner, stick to coins that come into the house each day or can otherwise be obtained for little or no extra cost. As you gain experience, you will be better able to determine how much can wisely be invested in rarer pieces. Until then, don't be tempted by past performances or future promises."

FREEDOM'S DISCOVERY

There is joy in giving to God. That is freedom's ultimate discovery. And the hundreds of thousands of churches which we have built and supported bear testimony to the fact.

But when there are nations who despise God . . . who tear down churches . . . or forbid their support, how shall we teach this Christian joy to the boys and girls who will be our nation—tomorrow?

Karen and Paul are placing Sunday School "envelopes" at the foot of the children's altar.

Of course, what Karen and Paul and their classmates can give will hardly pay for an altar. But our world of tomorrow cannot be built on Kremlin economics.

A mighty generation must learn to worship in prayer and faith and sacrifice. There is joy in giving to God!

Our children learn this chiefly from our example and encouragement.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regu-

larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Highway Commission tabs \$18 million 1965 Farm and Ranch road system

The Texas Highway Commission today acted to protect the interests of Texas taxpayers by approving a \$18 million Farm & Ranch Road system by approving \$18 million for betterment in the age of many of the rural roads in Texas, are big factors in the need for periodic "resolving" of many F-M roads.

Under the budget approved today, 253 F-M miles will be reconstructed with new grading, structures and surfacing; 338 miles will be widened, reconditioned and resurfaced; 679 miles will receive additional surfacing, and seal coat improvements will be made on 1,924 miles.

Extensive bridge widening and shoulder improvement work is also included in the list of improvements scheduled for Farm to Market Roads under the 1965 program, Petry said.

Today's improvement budget was in addition to a \$23 million Farm to Market Road construction budget approved by the Commission in May for new F-M road construction.

The Highway Department will spend about \$22 million next year for routine maintenance — in addition to extensive betterment covered in today's action — on the F-M system.

Of the total completed F-M Road system in Texas, 33,560 miles are rural and 1,085 miles are within city limits. An additional 2,469 miles are under construction at this time or financed for construction in coming months.

Since 1948 the Texas Farm to Market Road system has grown from 3,060 miles to the designated system of about 37,000 miles today. An ultimate F-M system of 50,000 miles is envisioned for Texas by the Highway Commission.

Phone firm hires new consultant

BROWNFIELD—E. R. "Randy" Robertson has been named to the position of communications consultant with General Telephone Co. of the Southwest in Brownfield.

Robertson's duties will involve sales cities, including 29 South Plains cities, including Post, according to the phone firm's western division manager, H. B. Elam of Brownfield.

A native of Afton, Texas, Robertson is a veteran of 24 years of service with the U. S. Air Force. He retired from active duty in September of this year and was employed with General on Oct. 5.

During his career with the Air Force, Robertson served overseas in the southwest Pacific, Korea, and Germany.

He graduated from Patton Springs (Texas) high school and attended Sam Houston State College in Huntsville. Robertson and his wife, Gloria, have four children.

While stationed at Reese Air Force Base, the Robertsons were members of the First Methodist Church of Lubbock.

Dallas will host PTA convention

DALLAS — Some 4,000 PTA delegates will gather in Dallas on Nov. 11-13, for the 55th annual convention of the Texas Congress of Parents and Teachers.

Mrs. W. J. Danforth of Fort Worth, state president, will preside during the convention and also will give the keynote address on the convention's theme, "We the PTA Cooperate in the School Story."

Convention meetings will be held in Memorial Auditorium. Both the Baker Hotel and the Adolphus Hotel will be official convention headquarters.

After bowling, beer is a natural

After you've bowled a game or two, or when you're winding up evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the fun and the sociableness than with a refreshing glass of beer?

Whenever you take your fun—skiing, skating, or at your case in the home—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that you live in a land of personal freedom—and that our right to enjoy life and ale, if we so desire, is just one, but an important one, of our personal freedoms.

Your PH is showing . . . it always does.

PH (personal hygiene) always shows, whether you've brushed your teeth or combed your hair. And whether or not you've had a bath is quite obvious, too, to those people who work or play around you.

Not only is PH — call it cleanliness if you like — an investment in success but it's a definite investment in health and a disease deterrent.

How is this so? With good PH you can often break the chain of disease transmission. Diseases don't just happen. The circle of disease transmission — simply means that germs which cause disease are permitted to enter your body by some process. For example, if you cut yourself and the wound is not properly cleaned, germs may enter the body and multiply, causing an infection. Or someone with the flu may cough or sneeze in your face. The virus, inhaled into your system, may cause you to have a case of the flu.

The circle, or spiral as it may become, continues when you pass the germ on to someone else.

Handwashing — thorough scrubbing with soap in hot running water is one of the very best known ways of preventing the spread of disease.

A mother who does not wash her hands before fixing baby's bottle may quite unknowingly precipitate a case of diarrhea.

Or is you are eating out and visit a public restroom without thoroughly washing your hands you may be inviting a case of infectious hepatitis, diarrhea or worse.

The kitchen at home is certainly not immune. Foodhandlers especially need to be conscientious handwashers, for theirs is the responsibility for what goes into the family's mouths. Handwashing is repeatedly emphasized in short courses for foodhandler conducted by the State Health Department.

Build yourself a high standard of PH through a daily bath, tooth brushing after meals, frequent hand washing and good sanitation in your home.

Sparkling PH will pay off with health and happiness for you and your family.

Farmer's World is the title of the 1964 Yearbook of Agriculture released this week by the U. S. Department of Agriculture.

The new edition joins a long list of other yearly volumes which have been widely used and treasured by agriculturists and others because of the wealth of information contained and also for their value as reference books.

The 1964 edition surveys in depth the United States' stake in world agricultural trade and aid. During fiscal 1964 American agricultural exports exceeded \$6 billion, the largest export operation ever carried out by one nation in a single year. The new record speeded up by four years the export timetable previously set up in earlier USDA publications.

Farmer's World contains 608 pages and covers a broad range of world food sources and their potentialities; the production of many crops in world trade; world marketing of farm goods; types of trading here and overseas; international organizations and trade agreements, including the Common Market; assistance programs; and outstanding needs and problems as to research, uses of farm products, income and the development of nations, nutrition and economics.

Secretary of Agriculture Orville L. Freeman in the foreword said, "This book reveals the vital stake everybody in the United States has in a healthy export trade for American agriculture, not only because farmers have so much to sell and because the livelihood of so many Americans besides farmers depends on it, but also because the world's greatest needs what we can offer."

Distribution of the Yearbooks of Agriculture, Congressional documents that have been printed for more than 100 years, is mainly by Members of Congress. Copies are for sale through the Superintendent of Documents, Washington, D. C. 20540.

NUTGRASS CONTROL. Purple nutsedge, commonly called

ed nutgrass, can now be controlled by herbicides containing organic arsenic compounds, reports Dr. E. C. Holt of the Department of Agriculture of Soil and Crop Sciences, Texas A&M University.

Nutgrass is a serious problem in Bermudagrass, a grass used for turf on home lawns, athletic fields and other sites, says Holt. Its extensive underground tuber system makes nutsedge extremely difficult to control.

Research has found nutgrass sensitive to arsenic herbicides, Holt points out, while Bermuda-

grass is tolerant to these compounds. Thus, selective control of nutgrass is possible with several of the methylarsonate formulations, a primary one being disodium methylarsonate.

A 60-100 per cent concentrate solution should be used, says Holt. Three to five ounces of the formulation in two to four gallons of water per 1,000 square feet is usually sufficient.

Several applications of the herbicide are necessary, says Holt, because of numerous shoot buds on each underground tuber and numerous dormant tubers which are activated when other tubers in the same system are killed. Lateral translocation of the arsenic in the tuber system does not kill dormant tubers, explains Holt.

Applications should be treated whenever new shoots appear, Holt points out, which may be as often as three to five times.

However, it should be remembered, warns Holt, that St. Augustine-

grass is highly susceptible to these compounds and, therefore, such treatment should be avoided.

"Thanks to our electric heating - we never worry about Shawndi kicking off the covers!"

Individual room control gives the Danny Smith family of Earth, Texas comforting assurance of desired warmth!

Shawndi, like any other normal child, occasionally kicks off the covers when taking a nap. It's always — thanks to the constant, regulated temperature the Smiths know from experience that Shawndi will stay warm.

Mr. and Mrs. Smith specified testing cable electric heating when they built their Gold Medallion home because they could have a thermostat in each room to insure individual room control. The Smiths set the thermostat in their bedroom at 60 degrees; in Shawndi's room 70 degrees; with appropriate settings in other rooms. So even is the temperature and so accurate that Mrs. Smith's tropical fish (in the family room) have not required auxiliary heating. In short, the Smiths enjoy comfort for all, all through the house.

ed, that the bonded indebtedness payment will increase by \$5,000 during the 1965-66 school year — from \$77,660 to \$82,660.

Two of the trustees, Russell Wilks Jr. and Ted Aten expressed themselves at the meeting as not being in favor of a re-evaluation program.

"Under present conditions, I just don't believe this is the time for it," Wilks said.

ATEN SAID HE considered a re-evaluation program as nothing more than a round - about way of raising taxes, and that he is not in favor of the school district spending money for such a program.

Trustee David Newby said that as far as he is concerned, the overwhelming vote against Senate Bill 116 here a few months ago showed that a big majority of the voters want a re-evaluation program.

Trustee Ronnie Bouchier suggested a combination of two, or all three, of the proposals as a means of solving the financial problem.

Supt. Thompson, in answer to a direct question from trustee Kay Kirkpatrick, said the existing program could be cut back far enough to save \$100,000. "If we want to go to the bare minimum and just provide what it takes for a student to get out of high school."

The superintendent repeated his opinion, expressed at an earlier meeting, that to cut the existing program would "mortally injure" the instructional program.

WE NEED TO DO SOMETHING, said trustee Virgil Bilbo. "People have the impression that we're just throwing money around."

Wilks, who as vice president presided in the absence of E. R. Moreland, said there is an actual split between town people and country people over school problems as applied to finances, particularly taxation.

"It shouldn't be that way," Wilks said, "because we are in this together and we're going to have to get out of it together."

"Many of the town people think they are paying more taxes than they should, and many of the country people think they are paying more than they can," Wilks added.

The discussion of the financial problem, the audit report and other business filled a four-hour session with the board adjourning at 11:30 o'clock.

ACTUALLY TWO audit reports were heard, one of the Close City Independent School District, which is now consolidated with the Post district. Both audit reports were accepted by the board.

The board voted to renew for another year the contract of Pritchard & Abbott, tax valuation engineers, at the same fee of 2 cents per \$100 taxable valuation.

The trustees decided to refer to the school district tax equalization board the request of Monroe Lane of the Verbena vicinity that river-bed property he owns be removed from the tax rolls.

The board heard a report from Asst. Supt. Bill Shiver on the co-operative math test given to this year's 8th grade students.

In the only other action on the program, the trustees approved bills in the amount of \$5,330.08 payable as of Nov. 1.

High school at Gail to observe homecoming

The Borden County High School at Gail will hold its homecoming this Friday night with the football game between the Borden Coyotes and the Dawson Dragons, starting at 7:30 p. m.

A homecoming queen and football sweetheart will be crowned during halftime activities. All are invited to a reception following the game to be held at the school cafeteria.

Presbyterians elect officers

Members of the First Presbyterian Church at their annual congregational meeting Sunday night adopted the church budget for 1965 and elected new church officers whose terms will begin in January.

Walter Boren was elected an elder for two years to fill the unexpired term of Tom Power who has moved from Post. Elders elected for three-year terms were Burney Francis, Irby G. Metcalf, and Bryan J. Williams.

Bill Shiver was elected deacon to fill the unexpired term of C. M. Dawkins, who has moved from Post. Harold Teal and Doug Hill were elected deacons for three-year terms.

Chosen as church trustees for one-year terms were Dr. Fred Willard, J. E. Birdwell and Mrs. Bryan J. Williams.

Elected to the 1965 nominating committee from the membership were Mrs. S. E. Camp, Alfred J. Stallings, Mrs. Jim Boren and Dr. A. C. Surman.

Elders and deacons in two-men teams are conducting an every-member canvass of church members during the week for pledges for the coming year.

It will be Stewardship Sunday at the Sunday worship service this Sunday and all members are asked to bring their pledge cards to the service. Sunday afternoon calls will be made on members whose pledges are not received at the morning service to complete the financial campaign.

The annual church business meeting was held last Sunday evening following a covered dish supper.

\$70,000 damage suit filed here

A \$70,000 damage suit was filed in Garza district court here this week by two Post residents against another Post resident as a result of a street intersection collision here this spring.

Gilbert Blodgett and his wife, Edna B. Blodgett are the plaintiffs in the suit against James Clyde Moore formerly of 109 East Fifth St.

In their petition, they allege that at 6:55 a. m. on March 25, 1964, Mrs. Blodgett was driving the Blodgetts' 1962 Ford south on Avenue H, with her husband a passenger in the car, when the vehicle was hit by a 1955 Ford, being driven east by Moore on Fifth street at the intersection of avenue H and Fifth street.

They further allege in their petition filed Monday that both Mr. and Mrs. Blodgett suffered "severe and disabling injuries" and each is asking \$35,000 in damages.

COMPLETES TRAINING

Robert Moreau, son of Mrs. Hulene Dunn, left last Thursday for the Corpus Christi Naval Base where he will be stationed. Robert joined the Navy a few months ago and has completed his basic training at San Diego, Calif. He spent a 16-day leave with his family here and then flew to Corpus Christi.

Post woman's son, daughter-in-law appointed missionaries to Brazil

Mr. and Mrs. Robert L. Hensley of Lone Pine, Calif., son and daughter-in-law of Mrs. Gertrude Hensley of Post, have been appointed missionaries to South Brazil by the Southern Baptist Mission Board.

The couple says the appointment is the fulfillment of a 10-year dream.

The new missionary was born in Crowell and grew up in Sundown. He holds the Associate of Science degree from Decatur Baptist College, and the Bachelor of Arts from Wayland College. Hensley also earned a Bachelor of Divinity degree from Golden Gate Baptist Theological Seminary in Mill Valley, Calif.

Mrs. Hensley is the daughter of a Baptist minister. She attended Wayland College and Golden Gate Seminary.

The couple have one daughter, Shari Lynn, 1½.

Hensley, who has been pastor of Mount Whitney Baptist Church since January, 1961, decided in Oc-

Compensation suit is filed here

Rufus G. Tillman has filed a compensation suit in Garza district court here this week against the Hardware Dealers Mutual Fire Insurance Co.

In his petition, Tillman alleges that as an employee of the Basinger Drilling Co. and the Southland Seed and Delinting Co., he was injured during employment May 7, 1964, when a steel ladder fell and struck him in the back.

He is asking compensation of \$35 per week for 401 weeks or a lump sum payment of \$14,035.

Dr. Slusser dies in New Mexico

Dr. Gerald A. Slusser of Artesia, N. M., died Sunday in Albuquerque of cancer.

Dr. Slusser was one of the trustees of the Medical Center Foundation of Post, and was well known to a number of Post people whom he had treated in Artesia.

Dr. Slusser had known for several months that he had an incurable condition, but flew from Albuquerque to Artesia to vote in the general election Nov. 3, since there is no provision for absentee voting in New Mexico.

Interment will be in Pennsylvania. Memorial contributions may be made in Dr. Slusser's name to the Medical Center Foundation in Post and will be used to promote scientific, educational and charitable medical causes.

WEEKEND GUESTS

Weekend guests in the home of Mr. and Mrs. Burl Ford were his niece and nephew, Mr. and Mrs. Nonnie Lauderdale of Fresno, Calif. They all visited Saturday in Big Spring with Mr. and Mrs. E. L. Newson and Mr. and Mrs. Alvis Newson.

Mrs. Dale Stone now improving

Mrs. Dale Stone, who has been critically ill with lockjaw since last Friday, was reported yesterday to be improving.

The Post woman is in the Medical Center Hospital at Plainview where a specialist did surgery on her infected knee last Friday morning.

Mr. and Mrs. Stone returned almost two weeks ago from visiting their son, Darrell Stone, who is studying on a fellowship at the University of San Jose at San Jose, Calif.

While visiting her son and family, Mrs. Stone fell and suffered a knee laceration. She was treated for the injury at the time by a physician and given a booster shot of tetanus. But since she had not had the full series of tetanus shots, a tetanus infection developed after her return to Post.

Her son, Darrell, flew here Sunday from California to be with his mother.

Leo Wisleys in move to Dallas

Leo Wisley, a party chief in the resident engineer's office of the state highway department here for the last seven years, is being transferred to the Dallas office of the state highway department, effective Nov. 15.

Wisley requested the transfer because of health reasons — due to allergies in this area.

His wife, Jackie, has resigned as secretary to County Judge J. E. Parker. Her replacement will be named Friday by the county commissioners court.

Wisley has been with the highway department for nine years. Resident Engineer Julian Smith told The Dispatch that Wisley is a man who will not be easily replaced here.

Mail trucks to start Saturday

Postmaster Harold Voss reminds all local postal patrons that the new "sectional center" postal system goes into effect across Texas Saturday.

This means the bulk of local mail will now be brought to Post by truck each morning a few minutes after 7 a. m. and almost all of the outgoing mail will depart by a truck returning to the "sectional center" post office at Lubbock at 3:30 p. m.

The postmaster urged all those with outgoing mail to get such mail into the post office by 4:30 p. m. daily, if possible. All outgoing mail which is not tied out in time for the Lubbock bound truck will go out aboard the southbound Santa Fe train that night.

Voss said the incoming 8:40 a. m. bus mail and the outgoing 4:30 p. m. bus mail has been cancelled.

All outgoing airmail should be mailed by 4:30 p. m. daily, the postmaster said.

He said all incoming mail should be "up" in the boxes by 8:30 a. m. Some mail will continue to be received by train, but the bulk of it now will come by truck from Lubbock.

Reorganization meet set for Cub Scouts

Cecil Isbell, district Boy Scout executive, will conduct a Cub Scout reorganization meeting at 7:30 p. m. Tuesday, Nov. 17, at the City Hall.

A rally is also planned for boys of Cub Scout age during school hours that afternoon. New boys will be given application forms to be filled out and returned at the night meeting.

All parents should accompany their sons to this meeting. Boys already registered in the Scouts and their parents should also be present.

APPRECIATES COVERAGE
Dear Editor:

Please accept our thanks for the coverage you gave to the recently concluded campaign, and to those of you who endorsed the candidacy of President Lyndon B. Johnson, our special appreciation is added.

Many of you cooperated in helping our county chairmen to prepare advertising for local purchase, and we are most grateful. There are never enough hours or enough people to do everything that needs to be done in a political campaign, and if it were not for the assistance given by thousands of others, we in the state headquarters would have an impossible task.

The result was a wonderful tribute to the first native born resident of Texas to serve our nation as President, and he joins me in expressing his thanks to all who made it possible.

Sincerely yours,
Wm. Hunter McLean

Safety Patrol does good job

A Junior High school safety patrol of six boys is proving a big help in directing traffic in front of the schools on the Tahoka highway. Police Chief Leldon Miller said today.

The six boys are stationed at two street crossings on the highway to help direct the flow of traffic and students crossing the street, Chief Miller said.

The members of the safety patrol are Alton Steele, San Antonio Fuentes, Johnny Perez, Pete Torres, Larry White and Roger Martinez.

"These youngsters deserve a lot of praise for the fine job they are doing," the police chief said.

Speaker urges defensive driving

Defensive driving is the way to cut the current death toll of auto accidents, a department of Hartford Accident and Indemnity Co. told Post readers at their weekly luncheon in Hall Tuesday.

The Amarillo man said "defensive driving" is the philosophy of good driving. King said the defensive driver knows and obeys the law, in all circumstances, yields to other drivers even when the law is in favor, and has confidence in driving ability.

"We Texans are chronic violators of the law in driving," he declared. He said if Texas drivers would curb excessive driving and speeding the state's death toll would be halved overnight.

No Rotary Club luncheon will be held next week as club members will be guests of the Lubbock Rotary Clubs at their annual City meeting in the Lubbock City room next Wednesday night. Attorney-General Waggoner Carr will be the speaker.

Jepson funeral rites pending

H. O. (Otto) Jepson, 73, father of Mrs. Pat N. Walker and Mrs. E. Gandy, both of Post, died Wednesday night in a Lubbock nursing home.

Mr. Jepson, whose home was Kilgore, lived in Post for about 10 months before going to Lubbock a year and a half ago.

Funeral services are pending at Hudman Funeral Home. Mr. Jepson will be buried at Kemp. Besides the two daughters, Post, he is survived by a son, A. Jepson of Jackson, Miss., and eight grandchildren.

Post trims Frenship, 36-6, on Tiger field

The Post Antelopes cranked up a two-pronged offense — on the ground and through the air — last Friday night to defeat the Frenship Tigers, 36 to 6, on the Tigers' gridiron.

Both teams, each with an identical 1-8 record going into the game, fought hard to salvage something from a District 4AA campaign that has been dominated by the undefeated Denver City Mustangs.

later, Pham rounded left end from the six to get the Tigers on the scoreboard. A running try for the extra points failed.

THE ANTELOPES padded their margin on two plays after Owen returned the kickoff 21 yards to the Post 41. Cross passed to Luis Ayala for 22 yards to the Frenship 37, and then hit the same Ayala with another pass on the 10, with the halfback crossing over all alone. Cross passed to Pierce for the extra points and a 16-6 Post halftime lead.

The Antelopes got down to the one, from where Cross went over on a QB sneak. He passed to Simpson for the extras to put Post ahead, 8-0.

Frenship made it close again after fielding Cross' punt on their 35, with a 15-yard clipping penalty against the Antelopes bringing the ball up to the Tiger 47.

Cross was called for pass interference against Many Garcia to give the Tigers a first down on the Post 44. Jerry Pinner then found end Johnny McLeary with a peg to the 18, and three plays

Junior varsity loses to Ralls in final game

The Post Antelope junior varsity, after grabbing an early 6-0 lead, lost to the Ralls Jackrabbit "B" team, 14 to 6, here last Thursday night in their final game of the season.

The defeat left the junior varsity gridgers of Coaches Charles Black and Elvin Jones with a 3-6 record for the season. They defeated Christ the King, Tahoka and Frenship and lost to Petersburg, Frenship, Colorado City, Seagraves, Floydada and Ralls.

Post's touchdown against Ralls came in the first quarter on a 15-yard pass from quarterback Lewis Hise to end Clyde Cash in the end zone. Paul Walker missed the kick for the extra point.

Ralls scored on a pass play on the last play of the first half, but missed the extra point kick to leave the teams deadlocked at 6-6 at the intermission.

Ralls received to open the second half and drive to the winning touchdown on power plays without giving up the ball. They ran over the extra points to make the final score 14-6.

The Post JV's were never able to get good field position the rest of the game.

Coach Black said he considered his team's season a successful one, considering the squad's lack of depth and the fact that nearly all of the boys missed pre-season workouts. Most of the squad members are being counted on for promotion to the varsity squad next season.

Dallas schedules All-Star Rodeo

DALLAS — The Dallas All-Star Rodeo will be presented Dec. 26-31 in the State Fair Livestock Coliseum as a major attraction of the Cotton Bowl Festival Week.

There will be seven streamlined, two-hour performances, at 8 p. m. each evening, and at 2 p. m. on Sunday, Dec. 27.

The contestants will include more than 300 top cowboys and cowgirls. The cowboys will compete in saddle bronc and bareback riding, Brahma bull riding, calf roping and steer wrestling for a purse of \$10,500.

In addition to the rodeo cowboy events, each performance will feature the National Finals Girls Barrel Racing. The top 15 girl barrel racers in the nation will compete and the winner emerging from the finals will be declared the 1964 World Champion Girl Barrel Racer. Prize money totals \$2,500.

Weather lowers cotton quality

The rain and extremely heavy dews the past week lowered the quality of the cotton classed at the three South Plains classing offices of the U. S. Department of Agriculture, according to W. K. Palmer, in charge of the Lubbock office.

The harvest was continuing to gain momentum until interrupted by the mid-week rains. Samples received at the three USDA classing offices at Lubbock, Brownfield and Lamesa declined sharply on Friday and Saturday. Sample receipts at the three offices were averaging 15,000 daily early in the week.

The three USDA classing offices at Lubbock, Brownfield and Lamesa classed 57,600 samples during the week ending Saturday, Nov. 7. This brought the season's total for the three offices to 184,800. At this date last year the three offices had classed 236,000 samples.

4-H ENROLLMENT GAINS

Texas' 4-H Club enrollment now totals 92,914 members, including 10,780 additional members added recently during the "Each - one - get - one" recruitment campaign, officials have announced. The club total now stands at 2,991, with 287 new clubs organized recently. Voluntary adult leaders assisting with the program were increased by 2,114 and the total count now numbers 17,832. The top ranking district in the recent 4-H recruitment drive was District 6. Agents of the district worked under the supervision of District Agents Ray Siegmund and Mrs. Roberta Johnson.

RED ROBBERS IN JUNIOR HIGH LEAGUE

Coach Howard Williams' Red Robbers are one of the four teams competing in the Junior High Intramural football program. Front row, left to right, are: Larry Cummings, Neff Walker, Charlie Irving, Mike Johnson, Tommy Greenwood, Butch Heaton, Ricky McMillin, Jim Hutchins, James

Pate, Joe Hogan and Mike Levens. Back row, l. to r.: Coach Williams, Louis Abraham, David Pierce, Mike Scott, Jimmy Jones, Howard Keel, Thomas Hall, Timmons Bull, Barry Bverly, Charles Enloe, Ben Miller and Billy Blacklock, student assistant in the program.

Regular play in Jr. High league to end tonight

The Post Junior High intramural football league's regular season will end with two games tonight.

The games, originally scheduled for Friday, have been moved up to Thursday because of Friday's homecoming activities.

Tonight's first game will start at 6:30 o'clock between Coach James Pollard's Blue Demons and Coach Bud Davis' Green Packers. The second game will pit Coach Bruce Burnett's league-leading Colts against Coach Harold Williams' Red Robbers.

The league's all-star game is scheduled for Friday, Nov. 20.

THANKS FROM COLTS

Dear Editor: All of us with the Houston Colt 45s would like to extend our sincere appreciation for your fine cooperation during the past baseball season. The increasing interest in the Houston Colt 45s is due largely to your fine efforts.

It was certainly an eventful baseball season and I am sure you, as well as all of us with the Colt 45s, will look forward to the advent of the world's first air-conditioned domed stadium which will be our home beginning April 9, 1965.

Again, many thanks and we look forward to your continued cooperation.

Post High School's girls basketball team, the Does, will open their 1964-65 season here Tuesday night against the Sundown girls team.

The Does' first-string forwards played three full quarters, with the second-string forwards playing the final quarter. For approximately two quarters, the Post guards were substituted from "A" string to "B" string.

After the full game was played, there was another six-minute period in which the Does' second-string forwards played for five minutes and the "A" stringers for the final minute.

The Doe scorers in the scrimmage were Marilyn Jones, 28; Edith Johnson, 14, and Vivian McWhirt, 4. Pat Landreth scored 2 points in the six-minute extension period.

Mrs. Jayne Bigott kept score for the Does.

Miss Stockton said following the scrimmage that she is pleased with the Does' progress, but that they need much more practice for the "hard season ahead of them."

The pre-Christmas schedule for the Does and Antelopes is as follows:

Nov. 17 — Sundown here (A and B girls).

Nov. 20 — Idalou there (A and B girls).

Nov. 24 — Spur here (A boys and girls).

al game for seniors on Antelope squad

Slaton Tigers, whose homecoming game last year was spoiled by the Antelopes, 32 to 6, will try to turn the tables here tonight at Post's homecoming.

Recent grid rivalry between the teams, dating back more than 20 years, will be renewed in the homecoming game beginning at 7:30 o'clock at Post Stadium.

The Tigers are trying to establish a homecoming tradition by trying to win three victories in a row. They won, 18-0, in 1963. Last year, after losing to the Antelopes, 32-6, they won, 14-12, in 1961.

At the same time, both teams are trying to improve on their records, neither of which is very good. Post has won 10 and dropped seven, while the Tigers have won four and lost 10.

AT STAKE in Friday night game will be a traveling trophy presented by the Lions Clubs of the area. Since three consecutive winners establish permanent possession of the trophy, Post is trying to win Friday night to get it for their trophy.

The Tigers, coached by Neal, lost to Petersburg, 18-0, in 1963. They won, 32-0, before getting out of town over Tahoka, 8-0. They followed with 10-6, 20-0 and 10-0 over Crosbyton, O'Donnell, Lockney, respectively, before losing to Morton, 22-14, in the conference game. They then won, 47-0, and defeated Frenship, 18-0.

The Tigers run their offense off the line, similar to that of Morton. They are strongest slugging from the line to tackle, and their strong interior line, for them to run wide against to throw more than they can handle. Coach Harold Teal

is expected to lead the team. The 145-pound halfback is said to be Slaton's best running back and top Bobby Brake, 180-pound quarterback, alternates between quarterback and halfback, with Billy Gass, another backfield player.

STARTERS for the Friday night are: Larry Williams, 155, center; Larry Hurst, 183, and Mike O'Connell, 150, guards; Williams, 195, center; Larry Hurst, 183, and Mike O'Connell, 150, guards; Williams, 195, center; Larry Hurst, 183, and Mike O'Connell, 150, guards.

exception of linemen Brad Brock and Dennis and halfback Teddy Scott, the rest of the team is in tip-top shape. Teal said, Brad Brock, who led the Frenship game because of a virus, might not see action Friday night, the coach said, as a nose injury, and Scott is out because of a bad knee.

Seniors on the squad will wear their farewell appearance Antelope grid uniforms. The starters are: Larry Hurst, 183, and Mike O'Connell, 150, guards; Williams, 195, center; Larry Hurst, 183, and Mike O'Connell, 150, guards.

Vardiman, one of the seniors, who started out as a member, is also a senior. He was lost to the squad because of a virus.

game tonight. The Tigers, an independent team, will play Slaton tonight at 8 o'clock in the Post High School gymnasium. The game will be a 50-cent admission for adults.

TIME TO EXPERIMENT . . .

By BERNARD S. RAMSEY
 First Christian Minister
 A Russian factory worker heard that his plant was manufacturing baby carriages. He needed one and had no money to purchase it, so he began to filch parts from the departments of the factory. Later at home he assembled what he had collected. It turned out to be a machine gun instead of a baby carriage! Our world is like that. When we put together what we hoped would make for peace, it turns out to be another instrument to kill and destroy. Our experimentation has not been too successful and we need some experimenters who will try new combinations and different materials.

There seems to have developed in our democratic society an inordinate respect for dead-level conformity—not simply and solely among young people but permeating every age level. And we see this in every area of life. We see it in politics, where the successful politician dreads to be unusual or superior. Has the time come when in our political life Americans prefer the ignorant to the learned, the mediocre to the superior, or the second rate to the best?

And certainly this respect for dead-level conformity is seen in education. In education, we must serve the masses, which is fine if we do not assume that the masses should set the standard of our life. To a frightening extent, we demand adjustment and conformity on the part of students in the public schools, as if we could not longer find a place for the unusual student. Universities, in the minds of some people, ought to be propaganda factories with no place for controversy or disagreement.

Now over against this prevalent "dumb driven cattle" philosophy, we submit that the Christian is supposed to know "a more excellent way". He believes that "the foolishness of God is wiser than men". If someone insists that the Christian way is impractical, then the obvious answer is that the practical ways we have been using have not worked. Maybe it is time to try experimenting in an endeavor to find spiritual answers to our problems. Maybe we ought to pion-

eer. Christians believe in the mighty possibilities of human nature. The power bound up in a man's life is almost immeasurable and, as Thoreau put it, "The man who goes alone can start today". Those who insist that, human nature being what it is, no great change can be expected strike us as being about as sensible as the man who says that because we have always had polio we must expect to have it forever. Dr. Salk did not think so.

Then there are always the brethren who are fond of pointing to Christians who are no better than non-Christians. It is usually a matter of comparing Christianity's worst with the world's best. But the real answer was given by C. S. Lewis. He said in effect, that Miss Smith, who is a Christian, has a foul temper while Mr. Jones, who is not a Christian and never goes to church, has an even temper. The issue, however, is that you do not know how much worse Miss Smith would be if she were not a Christian, and you do not know how much finer Mr. Jones would be if he were a Christian.

At least we know what Christ has done for us, and to that we can bear witness. When we think how far short our lives fall from what they ought to be, and what in our best moments we want to be, it makes us despair. But then there comes to us a picture of what our lives would have been without Jesus Christ, and we feel a great rejoicing and thanksgiving for his unspeakable gift. We say to every person that until you have tried the experiment of giving him a chance with your life you have merely scratched the surface of your possibilities.

A student of Torah came to his teacher and announced that, in his opinion, he was qualified for ordination as a rabbi. "What are your qualifications?" asked the sage. The student replied: "I have disciplined my body so that I can sleep on the ground, eat the grass of the field, and allow myself to be whipped no less than three times daily." "See yonder white ass," said the teacher, "and be mindful that it sleeps on the

Two singers win regional honors

Teddy Scott and Steve White, Post High School choir students, were selected to try out for the All-State Choir at the all-regional tryouts held Saturday at Texas Tech.

Dee Ann Walker, Carolyn Matzler and Danny Pennington were selected to sing in the All-Regional Choir.

The above five were among 10 students representing the PHS choir in the all-regional tryouts. The others were Mary Ann Stone, Meredith Newby, Benny Owen and Daniel Johnson.

Wonder What If . . .

Exes have elected total of 8 queens

Starting in 1955, the Ex-Students' Association elected their Homecoming queens, continuing through 1962. These queens have been as follows:

1955, Mrs. Velta Carpenter King; 1956, Mrs. Rowena Hodges Pierce; 1957, Mrs. Doris Ramsey Dockery; 1958, Mrs. Maxine Durrett Marks; 1959, Mrs. Mattie Stone Collier; 1960, Mrs. Joy Martin Fluit (but her sister, Kay, was crowned because Joy was in the hospital having a little boy); 1961, Mrs. Frances Duckworth Camp; 1962, Mrs. Skeeter Smith Justice.

ground, eats the grass of the field, and is whipped no less than three times daily. Up to the present you may qualify as an ass, but certainly not a rabbi." By the way: We really do need some experimenters.

Red Robbers lose to Blue Demons, 26 to 8

Coach Harold Williams' Red Robbers lost to Coach James Pollard's Blue Demons, 26 to 8 Friday morning, Nov. 6, at Antelope Stadium.

The Red Robbers' eight points came when quarterback Jimmy Jones ran a sneak for the touchdown and halfback Ben Miller ran a sweep for the extra points.

The Blue Demons' touchdowns were scored by Sanchez, Moreau, Collazo and Perez. The outstanding TD was Sanchez' 35-yard run with a pass in the first quarter.

Committee named to choose choir robes

Last week, Mr. George Willson, choir director, selected eight members from the Post High School choir to serve as a choir robe committee. They are: Dee Ann Walker and Teddy Scott, seniors; Cerretha Jones and Steve White, juniors; Marcia Newby and Billy Jack Hodges, sophomores, and Natha Jo Mears and Danny Pennington, freshmen.

The committee will meet with Mr. Willson and a choir robe salesman to decide on the color and material of the robes.

What I think about Post Junior High

By Cathy Cates
 (One of a Series)
 The thing I like most about our Junior High is the people, both teachers and students.

I enjoy working with the other students on work our teacher gives us.

I also enjoy the teachers, who TRY to teach us something. (Sometimes it might help if we all tried.)

We enjoy the many activities the school provides for us.

Study hard for tests, Jr. High student says

By Rickie Greer
 All Junior High students need to be reminded to study hard. Six-week tests will be next week, which is Nov. 16-20.

Prove to your friends and parents that you are capable of making good grades. Show them you are not taking advantage of freedom of education. Study hard and be proud, not scared, to take your report cards home.

'Fun With Phil' night to follow Slaton game

A "Fun With Phil" night is being planned as an after-the-homecoming-game activity by the First Baptist Church.

Phil Crenshaw of Ralls, former resident, will be in charge of the evening's entertainment at City Hall.

All Post High School students and Exes are invited to attend immediately following the game.

The 1965 Ford rides quieter than a Rolls-Royce!

"This ad kills me..."
 "Incredible!"
 "Ridiculous!"
 "Far fetched!"
 "Hooy!"

To the 5 out of 10 people who didn't believe this ad...
 a sporting proposition

Take a no-obligation test drive in a 1965 Ford. Maybe you just couldn't believe the ad (reprinted above) which appeared in this paper a few weeks ago. After all, many consider Rolls-Royce to be one of the world's finest cars. But Ford does ride quieter. The world's leading acoustical experts (Bolt, Beranek and Newman, Inc.) made the tests. The U. S. Auto Club certified the results.

This year's Ford has the strongest body ever... a revolutionary new frame that "tunes out" vibrations... new ultra-soft coil-spring suspensions—all contributing to the new hushed ride. But the ride is only part of what's new.

- New swept-back instrument panel adds five inches extra knee room. ■ Transmission tunnel is lower than in competing cars for extra foot room. ■ Trunk has more usable space than ever—holds four 2-suiters standing upright.
- New ultra-luxurious LTD series—unmatched by any other car in Ford's class. ■ Silent-Flo ventilation (standard on 4-door hardtops) removes stale air, provides fresh air even with all windows closed. ■ Exclusive new twin-edge key—works with either side up.
- Hot, but hushed, 289-cu. in. V-8 is standard equipment in XL and LTD models.

Smooth, thrifty all-new Big Six in other models—the most powerful standard Six offered by any car in Ford's class. ■ V-8 options to 425 hp.

- All Ford automatic transmissions have 3 speeds, not 2 as in many competing cars.
- Fully synchronized manual transmissions—you can even shift down to first without clashing gears.

If all this sounds like a lot for one car to offer... take a test drive. See why more people are buying Fords than ever before in post-war history.

Colliers home from trip west

Mr. and Mrs. Claud Collier returned Sunday afternoon from a visit with their son-in-law and daughter, Mr. and Mrs. Bob Cato, and granddaughter, Claudia, 3, at Renton, Wash., a suburb of Seattle.

Collier drove out two weeks ago for a visit and to pick up Mrs. Collier who had gone west with the Catos when they moved west from Post in September.

Cato, who received his degree from Texas Tech in June with a math major, is employed by Boeing Aircraft in Seattle and is now being trained on electronic computers.

En route home from Washington, the Colliers stopped in Colorado where Claud went elk hunting with a friend for a day in the mountains and then visited the Chant Lees, former Post residents, at the Lobo Lodge at Chama, N. M.

Collier reports the Lees were packing preparing to move to Durango, Colo., for the winter. The Lees manage Lobo Lodge which was closing for the year with the end of a very successful hunting season.

Rural mail carriers to distribute livestock survey cards along routes

Rural mail carriers from the post office here will leave some livestock survey cards along their routes beginning Friday, Nov. 13.

"Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Postmaster Harold Voss explained.

Rural carriers distribute the cards at random in boxes along their routes.

"This means that not every box will get a card," Voss said. "For this reason, it's important for everyone who gets a card to return it filled out so that the U. S. Department of Agriculture can get a true sample of the state's livestock holdings."

Carriers assisting with the survey are: Curtis Davies, Route 1; J. D. McCampbell, Route 2, and Phil Bouchier, Route 3.

Facts and figures secured in this survey are the basis for Texas and national pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Survey results will be widely distributed through Texas Crop and Livestock Reporting Service releases, newspapers, farm magazines, radio and television.

Field representative to visit church here

Sunday, Miss Vanna Bewell, Publication Division Field representative, will visit the First Presbyterian Church to evaluate the Christian Education program. She will visit the senior high and primary classes Sunday morning and will teach a demonstration class for kindergarten students in the afternoon.

Mothers of kindergarten students are being asked to attend by teachers Mrs. Mike Mitchell and Mrs. Jim Boren.

Miss Bewell will meet with the United Presbyterian Youth at 5:30 p. m. and hear a program presented by Meredith Newby on "Youth Budgets".

The Rev. Ed Graham is chairman of the committee for the Plains Presbytery to plan Miss Bewell's itinerary while in this area.

SEMINOLE VISITORS

Mr. and Mrs. J. C. Putman and family and Mr. and Mrs. Richard Box of Seminole visited Sunday afternoon in the home of J. C.'s parents, Mr. and Mrs. J. W. Putman, and other relatives.

Post technologist attends seminar held in Lubbock

Mrs. Harry A. Tubbs, technologist at The Medical Center, was among the more than 200 persons who attended the first annual medical technology seminar held Saturday at Texas Tech in Lubbock.

The attendance at Lubbock Saturday was the highest of the four seminars which have been conducted this year, according to Clyde L. Patterson of San Antonio, seminar director.

Robert Conner of Perryton, new president of the Texas Society of Medical Technologists, was keynote speaker at the seminar, which was jointly sponsored by Texas Tech and the TSMT, with the latter's "Traveling Seminar Team" in charge.

Mrs. Tubbs attended the seminar workshop on blood coagulation and also attended other seminar activities during the day. Other workshop groups dealt with urinalysis, hematology, chemistry, blood banking and furometric analysis.

Among the workshop leaders were Dr. James E. Gilleland of Waco, Georgia Hileman of Dallas and Frances Eiserloh of San Antonio, all members of the traveling seminar team.

Lunchroom Menus

Meals served in the Post schools cafeteria next week will be as follows:

Monday: Meat loaf, creamed potatoes, brown gravy, crisp celery sticks, canned apricots, bread, milk.

Tuesday: Pinto beans, seasoned with salt pork and chili, mixed greens, glazed carrots, pickles, fruit jello, cornbread muffins, milk.

Wednesday: Fried chicken, butter whole kernel corn, green pea salad, hot rolls, fresh pears, milk.

Thursday: Hamburgers on a hot bun, lettuce, tomatoes, pickles, onions, peach cobbler, potato chips, buttered peas, milk.

Friday: Fried fish portions, buttered rice, cabbage slaw, tarter sauce, wheat rolls, chocolate cookies, milk.

Sermon topics told

Presenting the fourth in a series of sermons entitled "The Apostolic Profile", Bernard S. Ramsey, minister of the First Christian Church, will speak on the topic

"From Temper to Tenderness" at the 11 a. m. service. The Lord's Supper will also be observed. At 7 p. m. the subject will be "Lost: One God". The public is invited to all services.

COLLEGE STUDENTS
Curtis Hudman brought college classmates home with him from McMurry College in Abilene to spend the weekend in the home of his parents, Mr. and Mrs. Tor Hudman.

You can't trust luck.

You can trust seat belts.

4 out of 5 auto accidents happen within 25 miles of home, according to the National Safety Council. You're taking a risk, every time you drive. So always buckle your seat belt. Also, the National Safety Council says . . . if everyone had seat belts and used them, at least 5,000 lives could be saved each year and serious injuries reduced by one-third. Always buckle your seat belt. You can't trust luck . . . you can trust seat belts!

A hearty welcome to all PHS ex-students and visitors! Several homecoming activities have been scheduled for your entertainment. We are sure that many changes have taken place on the campus, most of them for the better, we hope. Nonetheless, we feel sure that you will recognize much of the same vitality and school spirit which you displayed in your school days. Enjoy yourself and help us cheer the Antelopes on to victory. The journalism class spent much of the past two weeks searching through records trying to present to you the names and honors of many of the "Exes". We hope these names and events will recall many fond memories for you.

Tomorrow, Nov. 13, has been declared dress-up day at PHS as a result of Homecoming. All girls in the upper two classes are asked to wear heels. Sophomore and freshman girls should dress as they would for church. Dresses should consist of a Sunday-type dress. Students are asked to not wear bobbysocks. Boys, please wear dress slacks. Ties and coats are preferred. Let's all join together to make PHS look real nice for Homecoming.

Ex-students of PHS will be served coffee and cookies in the Junior High gymnasium Friday before game time. This will give everyone a chance to talk and get reacquainted. After the Homecoming game between Post and Slaton, a dance will also be held for the Exes in the gym.

The usual Friday pep rally will be held downtown, Nov. 13, due to the Homecoming events. The time and place had not been selected when the news went to press. Everyone is invited to come and join in the yell.

Believe it or not Coach Teal said there would be no bonfire this year due to the fact that there had never been a bonfire held before a game that we won.

Students kept the tradition of burning outhouses this Halloween. It seems some new traditions were started this year that will be stopped in the future.

Dennis Odom shouts a plea. "If anyone finds my letter jacket or senior ring, will you please return them?"

On Thursday nights from six to 10 girls will be able to play pool free of charge at Jake's Recreation Center. Take advantage of this and learn to play pool while it is free. The purpose of this is to get the girls interested in pool and to help them learn how to play.

At this time I would like to thank Judy Ballentine, Lana Haynie, Carol Camp and Billy Blacklock for writing my column last week while I was in Houston.

A person who is all wrapped up in himself usually makes a pretty small package.

The graduating class of 1954-55 will hold their reunion Saturday night, Nov. 14, at 7 o'clock at the Graham Community Center.

Couples seen around: Lana Haynie, Darrel Young; Ann Greer, Robert Mock; Charlotte Pierce, Pat Sullivan; Karen Sterling, Dennis Odom; Dee Ann Walker, Larry Osman; Barbara Britton, Danny Odom; Beverly Duncan, Ronald Simpson; Corretha Jones, Tom Clark; Yvonne Moreland, Tommy Hill; Vera Mae Jones, Ikey Hare; Darla Pierce, Don Altman; Martha Blodgett, Larry Wilke; Sherry Bevers, Johnny Hair;

FHA 'HIGH POINTERS' October's high point girls in the Future Homemakers of America chapter are Nedra Childs (left), daughter of Mr. and Mrs. W. H. Childs, and Sue Gilmore, daughter of Mr. and Mrs. Roy Gilmore. The girls are shown in front of the FHA stamp display.

This week's New Student Interview lists four newcomers to Post High

Four students have enrolled in PHS recently. They are Barbara Miller, April Neilson, Dennis Bush and Barbara Bush, and a brief interview with each will serve as an introduction.

Barbara Miller, daughter of Mr. and Mrs. Leldon Miller, comes from Matthews Junior High School in Lubbock. The Millers live at 711 West Sixth St. Mr. Miller is the new chief of police in Post.

Barbara, a freshman, is in the pep squad, the choir and the Future Homemakers of America. Reading and camping occupy her free time.

When asked about PHS, Barbara said: "I like it much better than Lubbock. It is easier to get around. I think everyone here has been very nice."

April Neilson, daughter of Mr. and Mrs. Roger Neilson, comes to PHS from Henderson. She has one sister, Reel, in Junior High, and a brother, Rusty, in Elementary School. They live at 109-B South Ave. M.

April is a member of the pep squad. She likes to read and swim. After being at PHS a week, she has this to say: "I like it; it is a nice school."

Another new student at PHS is

Ann Stone, Benny Owen; Cheryl Martin, Dick Vardiman; Becky Thompson, Danny Pierce; Pam Owen, Joe Hall; Pamela Stewart Butch Cross; Susan Ramsey, Freddie Simmons; Betty Hutchins, Charles Wallace; Julie Childs, Sammy Sims; Carol Camp, Chuck Rohman; Penny Knox, Billy Blacklock; Jane Strofer, James Neff; Carolyn Carlisle, Jerry Stone; Laura Gerner, Johnny Kirkendall; Joyce Corley, Bruce Ledbetter; Bobbie Compton, Neal Barnes; Brenda Richards, G. T. Mason; Ann Greer, Puddy Cook; Vickie Wilks, Ronnie Hart; Paula Helms, Melvin Lewis; Juliet, Romeo; Sandra Greenwood, Steve White; Deborah McCampbell, Dewey Reno; Judy McCampbell, Jerry Bush; Pat Landreth, Chris Berry; Adrienne Cook, Charlie Brown; Jane Hutchins, Kenneth Cook; Karen Halev, Teddy Scott; Cindy Wilson, Wendell Johnson; Vivian McWhirt; Jackie Fluit; Nedra Childs, Roy Sappington, Sherry Gist, Birch Lobban, and Peggy, Pen.

Girls on the "B" team are: Linda Hays, Belinda Lee, Brenda Penwell and Marta Solis. Marcia Newby, Sherry Woods and LaGayluh Young play on both the varsity and "B" teams. Other girls from the "B" team will also have a chance to play on the varsity.

Girls chosen for the freshman team are: Charlene Holland, Judy Huff, Mary Eubank, Irene Saldivar, Jane Strofer, Voda Beth Voss, Jane Hutchins and Adrienne Cook.

Managers for the varsity are Sandy Gary and Becky Thompson. Micki Sterling and Jayne Josey are managers for the freshman and "B" teams.

State president of FFA speaks to Post groups

Calvin Brints of Crosbyton, state Future Farmers of America president, was in Post Nov. 2. He spoke to one vocational agriculture class and the FFA officers.

Recently the Post chapter met and set dues at \$2.50 for the year. This amount was to cover local, state and national dues.

Mr. Brints explained how these dues were used in FFA business. He also discussed several awards and scholarships available to FFA members, some of which amount to \$2,000.

When asked for a statement for the school page, Mr. Brints said, "It was indeed a pleasure to meet the Post FFA officers and the members that were present. I would like to take this opportunity to encourage all the chapter members to participate in the awards available to them. And, I hope to see them all at the state convention this summer in Houston."

Several of the local chapter members will be in Brownfield on Saturday, Nov. 14, for district leadership contests. Team member names are not known as of the news deadline, but will be included in next week's "Antelope Tracks".

46-56 Club will hold breakfast

Saturday, Nov. 15, at 7:30 a. m. the 46-56 Club will hold a breakfast at Duncan's Cafeteria. All club members are invited to attend the event. The Ex-Student Association is sending invitations to the out-of-town club members.

The 46-56 Club members are persons who participated in high school football between the years 1946-56. The "boys" who played ball during these years were coached by Bing Bincham, who is now the coach at Slaton High School.

Since the club was established, it has given a \$150 scholarship to the outstanding boy or girl athlete each year. The first recipient of the scholarship two years ago was Delton Robinson. Danny Odom, now a student at East Texas State, was awarded the scholarship last year.

Ragweed flourishes on beaches, prairies, pinelands, cultivated roadsides and vacant city lots.

Rosiers complete for girls teams

Miss Mary Lee Stockton, coach of the girls' basketball team, has announced her freshman and "B" team rosters.

Girls on the "B" team are: Linda Hays, Belinda Lee, Brenda Penwell and Marta Solis. Marcia Newby, Sherry Woods and LaGayluh Young play on both the varsity and "B" teams. Other girls from the "B" team will also have a chance to play on the varsity.

Girls chosen for the freshman team are: Charlene Holland, Judy Huff, Mary Eubank, Irene Saldivar, Jane Strofer, Voda Beth Voss, Jane Hutchins and Adrienne Cook.

Managers for the varsity are Sandy Gary and Becky Thompson. Micki Sterling and Jayne Josey are managers for the freshman and "B" teams.

Cheerleaders' Column

One Tiger down and one to go! The Antelopes did a great job "holding that Tiger" at Frenship last week and we're ready to do the same to the Slaton Tigers tomorrow.

Friday is Homecoming in Post and we play host to our oldest foe once again. Two seasons ago the Slaton Jaycees and the Post Lions Club bought a trophy. It would go to the winner of the Post-Slaton game each year until one team won the game three consecutive years. Up to now Slaton has failed to even come near the trophy and a win for the Antelopes tomorrow night would make it a permanent fixture in our trophy case. Many of the exes will be home to see the game and a big percentage of them played in one or more of the games since the trophy was purchased. A victory tomorrow night would please everyone (except Tigers) and end the season with a bang!

Tomorrow night's game will be the last in Antelope Stadium for 15 of the Antelopes. Our tri-captains, Benny Owen, Butch Cross, and Ronald Simpson will flip the coin together for the final time. John Sutter, Teddy Scott, Larry Osman, Charlie Brown, Gary Hays, Danny Pierce, Buddy Howell, Billy Mitchell, John Tom Bilberry, Dennis Odom, Jackie Bradlock and Jimmie Kennedy will also play their last game for the Post Antelopes. These boys have done an excellent job throughout the season and what they want most is a good victory over the Slaton Tigers!

Friday's pep rally will be something different and we hope that it will be just what we need to really "Hold That Tiger". The tentative plans for the rally have been made and we want everyone in town to participate. The band will lead the football players, followed by the student body, from the school down Main Street and will stop somewhere on the street for the rally. It should begin at approximately 3 o'clock and will last about 20 minutes. There will be several speakers and the entire town and all exes are asked to join in and make it the best pep rally in the history of Post!

It will be dress-up day at PHS Friday and we want all students to dress up their cars too! Every student who brings a car to school should have a black and gold streamer tied to his car's aerial. If you don't have streamers available, the cheerleaders and several pep squad members will be passing them out Friday morning.

The kickoff time is 7:30 and pre-game festivities should get under way shortly after 7. Everyone come and see the Antelopes beat the Slaton Tigers!

DON'T HUNG UP THIS WINTER

Don't wait until it's too late to make some really low-cost storm windows. Do it NOW with Warp's EASY-ON Storm Window Kits. Each kit contains clear plastic, molding & nails. Joyce, Larry Osman. Terry Tanner, a short, stocky-built, football-type junior, same fix, Johnny Bilberry. Willie Woogie, a strutting, swift-footed dancer. Blackie Simms, a small, crook, Farone's former brother-in-law. Bill Duncan. Farone, a secret service known as the Creeper, Barnes.

Emperials will play for dance

The Emperials from Brownfield will play for a homecoming dance tomorrow night, Nov. 12, after Post-Slaton game. The Emperials have played at several dances. The Garza Youth Center and very popular band with Post High. Beginning at 10 o'clock, dance will be at the Youth Center and will last until approximately 1 a. m. All ex-students and High students are welcome. The will be semi-formal and a charge of \$1.50 for couples and \$1.00 for individuals. Refreshments will be served. Anyone who attends the homecoming dance at the Youth Center will be expected to abide by the rules set by the youth council. Primarily, the rules concerning drinking and drinking have always been stressed by the council. Anyone who has been drinking or smoking will be asked to leave.

Post Antelopes vs. Slaton Tigers

Friday Night, Nov. 13 — 7:30 P. M. Kickoff — Antelope Stadium

2 Queens & Beau To Be Crowned
Post High Football Queen and Post High Pep Squad
Beau to Be Crowned in Pre-Game Ceremonies. Post
High Band Queen to Be Crowned at Halftime!

Post High Exes will have both a pre-game get-together and a post-game dance, both in the junior high gym next to the field. But the big attraction is the game itself—and this could be the best one of the season. Slaton with its best club in years is challenging the Post Antelopes for a second place tie in the district. If the Antelopes win, the locals will be district runners-up all by themselves. Sixteen Post high seniors will be playing in their last game.

Grassland mums are gorgeous this autumn

By MRS. O. H. HOOVER
Aren't these fall days beautiful—cool and tangy in the morning and warm in the afternoon. The leaves and foliage on the trees and vines are so colorful and the mums out here around Grassland are gorgeous. Mrs. C. B. King has the loveliest ones I have ever seen.

Mr. and Mrs. W. L. Gribble, Mr. and Mrs. McCleskey and Mrs. Lucy Cunningham and Joy Laws attended a singing in Slaton Sunday afternoon.

J. E. Sherrell has been moved from the Methodist Hospital to the Lavoy Nursing Home in Tahoka and is improving slowly but steadily.

Mrs. Inet McGrew and daughter, Mrs. Doyle Rains, and two children of Lamesa visited in the C. A. Walker home and also visited their aunt, Mrs. O. H. Hoover, Saturday.

Mrs. W. A. Oden entertained the Thursday Club in her home Nov. 5. Mrs. Lela Gilley joined the club and we are so glad to have her as a member. Mrs. Oden served sandwiches, pickles, chips, min's and coffee to Mrs. Propst, McMahon, Maxey, Wright, Hoover and Gilley.

Mrs. C. C. Jones visited Mrs. Hoover one afternoon last week. She also went to see Mrs. King's flowers.

Mr. and Mrs. C. M. Greer had lunch with the N. O. Townsends Sunday. Mrs. Townsend and Mrs. Greer attended funeral services for a Mrs. White. The men went to the Greer home where they all had supper together.

The Morris McClendons of Abernathy were overnight guests of her parents, the C. M. Greens.

Spending the day Sunday in the C. A. Walker home were their son-in-law and daughter, Mr. and Mrs. Bill Moore and daughter.

Mrs. Doyle Terry visited her mother last Thursday. She also visited her sister, Mrs. C. A. Walker.

Mr. and Mrs. W. L. Gribble were luncheon guests of Mrs. Lucy Cunningham last Sunday.

Mr. and Mrs. C. O. McCleskey visited Mr. and Mrs. Elmer Rash last Sunday afternoon.

Delbert McCleskey was a Sunday luncheon guest of Bobby Patterson.

went to Waco Friday and attended the Baylor-Texas football game on Saturday. Miss Ida Montgomery stayed with the Norman children.

Carroll and Claudia Crenshaw of Lubbock spent the weekend with Thersa Dean.

Mr. and Mrs. Rusty Dean visited his mother in the Methodist Hospital Sunday.

Mrs. Nina Belle Chapman of Plainview spent the weekend with her mother, Mrs. O. N. Hoover. She also visited Mrs. L. B. Burk and the Gerald Norman family.

Miss Louise Gerner of Dallas spent the weekend at home.

Mr. and Mrs. G. H. Spears are at home after taking the hot baths at Stovall Wells.

The John Paul Lawson family spent Tuesday with his mother, Mrs. E. A. Thomas.

MR. AND MRS. Smith Lawson of Modesto, Calif., are here visiting her mother, Mrs. Minnie Shenhed, and sisters, Mrs. Fred Bobb and Mrs. Irvin Chandler, and his mother, Mrs. G. H. Spears, and other relatives.

Mrs. E. A. Thomas and her mother, Mrs. Ethel Fox, have gone visiting. Mrs. Fox is in Fort Worth visiting relatives and Mrs. Thomas is in Texarkana visiting the L. H. Arnold family.

Mrs. L. A. Enloe attended the 50th wedding anniversary celebration in Post Sunday of Mr. and Mrs. J. Harve Mathis at the Community Room.

Mr. and Mrs. Enloe's son, Danny, and family came by on the way to Clovis, N. M., where he will be employed as a barber at the air base.

Rev. and Mrs. William Adams and sons went to Oklahoma City Sunday to hold a revival at the Pentecostal Holiness Church there.

James Enloe of Chillicothe, Ill., was a recent visitor of his brother, L. A. Enloe.

Granny Riley is home from the hospital and is some better.

Mr. and Mrs. W. T. Luttrell, the Wes Caswells and Mrs. Moore were in O'Donnell one day last week.

Martha McKav visited her sister, Mrs. Vinyard, in Tahoka Saturday. Mrs. Vinyard has recently been dismissed from the hospital in Lamesa.

Mr. and Mrs. Lewis McKav visited her brother, T. J. Cook, in Post Sunday and helped him celebrate his birthday.

Mr. and Mrs. R. V. Melton are visiting their mother, Mrs. G. H. Spears.

MR. AND MRS. Robert Craig and family visited the Jim Normans Saturday night.

The Raymond Gerner family spent the weekend with her parents, the Bob Normans.

The Bert McDonalds visited the Carlos McCleskeys Sunday.

Mr. and Mrs. Ruel Smith visited in the Bob Norman home Saturday.

Mr. and Mrs. James Murray went to Houston the first of the week to attend the Farm Bureau Convention. Their children are visiting their grandparents, Mr. and Mrs. J. F. Morris.

Mrs. C. O. McCleskey, Mrs. W. G. McCleskey and Mrs. Carlos McCleskey attended a cooking school at the Lubbock coliseum won a large barbequed roast. They report an interesting day.

The Bert McDonalds visited after church Sunday night with the Kelly Laws family.

Mrs. Ollie Huffaker has gone to Roswell, N. M., to visit her mother for a while.

Mr. and Mrs. Glenn Norman and Mr. and Mrs. Ira Lee Duckworth

Manhattan low bidder on office building

Manhattan Construction Co. will start work this week on a new two-story, 30,000 square foot office building for T.I.M.E. Freight at 74th and College in Lubbock, Ronnie Bouchier, division engineer, announces.

Manhattan was low bidder on the project. The office building will cost \$700,000.

ALL ABOUT BATS
It is not true that bats carry common lice or bedbugs, according to Compton's Pictured Encyclopedia. Bat parasites are peculiar to bats and will not attack man. It is also untrue that bats willingly entangle themselves in women's hair.
