Unusually good start marks school opening

Supt. William F. Shiver said late yesterday afternoon that everything was in readiness for the opening of the 1966-67 school term here this morning and predicted an "unusually good start."

After full schooldays today and tomorrow, the students and teachers will not return to school until Tuesday morning, taking Monday off for the Labor Day holiday.

Supt. Shiver said there is one new bus driver this year—Gerald Wilke, high school shop and agriculture teacher. The superintendent said there will be the usual first-day bus delays, due to adjustment, but that it should take only a few days to iron them out and get the bus fleet to running smoothly.

Maid of Cotton contest

Post girl finishes in top 5 finalists

Miss Dee Ann Walker, Post Chamber of Commerce representative, was among the top five finalists Tuesday night in the South Plains Maid of Cotton selection at Lubbock's municipal auditorium where 1,500 persons and a big area television audience.

Miss Hayden succeeds Nancy Bernard of Lubbock who won the contest a year ago and went on to the National Maid of Cotton title which she still holds.

Funeral held for former resident

Funeral services for Mrs. Leola Braddock, 70, who died Tuesday at a Seminole, Tex., hospital, were held at 3 p.m. Wednesday in the First Baptist Church here, of which she was a member.

Survivors are two daughters, Mrs. Wynama Briggs and Mrs. Betty Hopkins, both of Seminole; eight sons, Lee, of Brackettville, Lawrence of Seminole, Bill of Edmond, Norman of Grassland, Fred of Odessa, Jim and Kenneth of Plainview, and Bobby Braddock of Denver City; 39 grandchildren and 11 great-grandchildren.

Jaycee rest stop set for weekend

The Post Junior Chamber of Commerce's third annual Labor Day rest stop will be in operation here from early Friday morning until midnite Monday, according to Lonnie Peel, chairman.

The rest stop will be located on the dance pavilion at the Post Stampede rodeo grounds on U. S. Hwy 84. Signs calling attention to the rest stop's location will be erected on all highway approaches, Peel said.

Bratton rites held Saturday

Funeral services for Mrs. Thelma Kuykendall Bratton, 67, who died at 4 a.m. last Thursday in Methodist Hospital at Lubbock, were conducted at 4 p.m. Saturday at the First Baptist Church.

Mrs. Bratton, who resided at 116 North Ave. N., had been in the hospital since suffering a heart attack at her home Aug. 21.

Born Nov. 11, 1898, in Coryell County, she had been a resident of Post and vicinity for 44 years.

Survivors include her husband, the Rev. R. E. Bratton, who is a retired Baptist minister and farmer; a daughter, Mrs. D. H. Bartlett of Post; a son, Spencer Kaykendall of McAllister, Mont.; three stepdaughters, Mrs. Bud Warden of Burleson and Mrs. Marshall Boyd and Mrs. T. L. Martin, both of Snyder;

Also two stepsons, R. A. Bratton of Monahan and M. A. Bratton of Burleson; five sisters, Mrs. H. L. Bell of Sun City, Ariz., Mrs. Gladys Geisler of Texas City, Mrs. J. H. Wallace of Oklahoma City, Mrs. Arthur Thorl of McAlester, Okla., and Mrs. A. L. Pierce of Fort Worth.

LABOR DAY TO BE 'MIXED UP' HOLIDAY

Labor Day is going to be one of those "mixed up" holidays for Post Monday.

What a crazy, wet August—lake doubles in size, boating begins

August wound up as the wettest in Post's weather history—but more than that, area rainfall in that single month more than doubled the size of the new White River Lake.

Reports this morning from the White River Lake was that no rain was received at the lake yesterday, but additional water flowing into the lake raised the depth of the dam to 42 feet, a gain of 1.6 additional feet yesterday.

Enough that the boating will not disturb the lake's water supply through to three member cities.

Boating through today has been a "free sample," but the White River district authorities will meet tonight for their September meeting at the filtration plant and are expected to levy some sort of a boating charge for the district's recreational fund.

FOR THE "figure filberts" here are some of the latest statistics on the White River Lake.

On Aug. 3 the lake's depth at the dam measured 24.1 feet. Yesterday on the final day of the month—after record August rainfall—the lake's depth at the dam measured 40.4 feet—up 16.3 feet in 28 days.

But as the lake grew in depth, more new foot of water spread over more area. That means each foot rise at the dam meant millions more gallons in the lake than the previous foot.

On Aug. 3, the lake was estimated to contain, according to the engineering charts, 2,472,423,950 gallons of water or 7,587 acre feet.

After the 16.3 foot rise during the month, the lake was estimated to contain 4,999,606,350 gallons of water and 15,331 acre feet of water.

Thus the lake during the month gained some 2,527,182,400 gallons of water, or 7,744 acre feet of water.

THE LAKE NOW holds better than a five year water supply for the five member cities, not figuring evaporation losses, which up to the present has been largely offset by the river's underflow (water flowing in the 60 feet of sand below the surface of the stream.)

Five billion gallons of White River lake water doesn't mean the lake is anywhere near filled to normal capacity.

The normal capacity is 38,000 acre feet of water. Translated into gallons at 2.5,850 gallons per acre foot, this would be 12,382,300,000 gallons when full.

Thus the lake is now only a shade more than 40 per cent filled.

THE LAKE must rise 16.6 feet at the dam before the lake level will reach the "morning glory" which is the concrete column from the lake water in front of the dam to the eastward side.

The emergency spillway, which is the uncapped area between the filtration plant and the dam on the west side, is 15 feet higher than the "morning glory".

The lake's water level must rise to 72 feet before the water starts to flow around the dam on the right or west side.

THE MOISTURE GAUGE at the filtration plant has registered 9.90 inches of moisture fallen in the lake area in the 28 days between Aug. 3 and yesterday.

The lake's depth stood at 36.2 feet at the dam last Thursday morning. This is a boost of four feet in depth during the past week.

During the same seven days period the lake received another 1.4 inches of moisture—1.3 inches from rain and .1 inch from dew.

west side, is 15 feet higher than the "morning glory".

If that isn't enough for the "figuring filberts," here are some more wet August statistics for Post itself.

DURING THE month, Post has officially received 5.16 inches of moisture, the most for any August in its recorded weather history which dates back over 50 years.

The previous high came in August 1925 when 4.91 inches were recorded.

During the last week, 1.11 inches of additional moisture were recorded here, including .48 Monday morning, .25 of an inch Tuesday morning and .24 of an inch Wednesday morning.

THE PICTURE on the Garza cotton and feed grain front is best illustrated by the following current story.

The first farmer meets the second farmer at the bank. The first farmer tells the second he got "an inch of rain last night" and then asks "How much did you get?"

The second farmer replies, "I was luckier. I only got a half inch."

Lack of moisture is no longer a problem for dryland farmers. What is needed now is plenty of sunshine for September—lots of it.

Good news for taxpayers

Schools come through with \$35,000 surplus

Some good news for taxpayers came out of the special meeting of Post school district trustees at 5 p.m. Tuesday.

This was disclosed as trustees amended their budget for the fiscal school year just closed.

It showed the school district spent \$672,917.83 for its operations last year, outside of the federal government's Title I and Title II programs, which is more than \$6,000 under the \$679,222.21 budgeted.

The budget was amended, however, to include \$43,128.88 in federal money spent on the district's Title I and II programs, which brought the year's total expenditures to \$716,046.71.

SUPT. BILL SHIVER told the trustees that the \$35,072 surplus developed for two reasons: over \$6,000 less spent than budgeted and because tax collections for the year were a little over 95 per cent when only a 90.75 per cent collection had been estimated because of school tax increases initiated last year.

More good news for the taxpayers is that during the fiscal year a total of \$42,000 worth of time warrants were retired instead of the \$35,000 budgeted for retirement.

The district had sold \$148,000 worth of time warrants to be repaid over five years to pay for the district deficit which developed early in 1965 just prior to Shiver taking over the superintendency.

SCHOOL TRUSTEES agreed at the special meeting to apply most of the surplus to retirement of additional time warrants but will take no official action on the matter until the November meeting after new tax payments start coming in.

Shiver pointed out that each time warrant retired will save four per cent interest and thus saves the taxpayer's money.

He said the new budget adopted last week by the school trustees also figures only a 90.75 per cent tax collection and another surplus can develop next year if tax receipts continue around any higher level.

Shiver explained he was advised by school auditors to continue (See School Surplus, Page 8)

Goal is \$80,000

Report is due Friday on industrial drive

There's no use asking anybody today how Post's industrial financing drive to raise \$80,000 is coming.

Nobody knows—and that includes Bryan J. Williams, Chamber industrial committee chairman.

When the drive was kicked off Tuesday night, Aug. 23, first and final reporting date for the 15 team captains was set for Friday, Sept. 2.

That meeting is set up for 2 p.m. Friday, Williams said.

Williams says that the money will be raised through signed notes tomorrow or the drive is over. He told The Dispatch it won't be extended except for some out-of-city contacts which will require more time.

The campaign was to raise \$80,000 in negotiable notes with 20 per cent payment required Nov. 1 and the remainder spread 20 per cent each year over the following four years.

An industrial foundation will be organized if the drive is successful and those putting up the money will elect their directors on the basis of one vote per \$1,000 subscribed.

Rites for father of Post resident

Last rites for Hubbard Young, 70, a retired farmer of Wilson, who died last Friday afternoon in Mercy Hospital in Elton, were conducted at 9 a.m. Tuesday in the First Baptist Church of Wilson, with graveside services held at 4:30 p.m. at the Wilmett Cemetery near Winters.

Mr. Young, who was the father of Alvin Young, of Post, had been in the hospital for four months. Born March 6, 1896, in Fairfield, Tex., he moved to Lynn County in 1933. He was a member of the Baptist Church and the Lions Club and was active in a number of other civic activities.

Survivors besides the son of Post include his wife; three daughters, Mrs. Paul Durham and Mrs. E. L. Davis, both of Lubbock and Mrs. A. L. Womack of Odessa; two other sons, J. M. Young of Rome, N.Y., and Hubbard S. Young of Laurel, Miss.

Also two sisters, Mrs. Dora Walthall of Dallas and Mrs. Irene Morris; five brothers, Elton of Brownfield, Luther of Brenham, Lud of Seagraves, Grover of Rogers and (See Young Rites, Page 8)

There's talk of longer school year

With the nine-month school year that starts here today probably seeming more than long enough to most teachers and students, this may not be the best time to comment on the fact that in the interest of economy, a push is under way throughout the United States for an 11-month school year.

The size and momentum of the push is being felt by school boards across the nation and will undoubtedly bring about some changes.

Economists would divide the 11 months into four equal quarters and demand that pupils attend three of them. They claim it would cut present teaching staffs by 25 per cent and raise salaries by only 20 per cent. They say it would save building space, since only three out of four children would be in school at once. Besides, they think it would make for better quality.

A few school systems have already adopted 11-month years but so far none have embraced the plan to stagger the student body.

According to Delyte W. Morris, president of Southern Illinois University, operation of that college on a four quarter, year-around basis is proving to be a bargain at less cost to the state per unit of study.

Teachers traditionally object to an 11-month year. They haven't wanted to lose their three months of summer vacation. But more and more economy-leaning school boards prodded by vexed taxpayers may soon start overriding such objections.

The year-around school program would no doubt get some added support from mothers who, after having had the youngsters at home all summer, eagerly looked forward to the start of school.

Nothing may ever come of it, and perhaps nothing ever should come of it. But, just in case, it might be wise for everyone to start thinking now about which month of the year they'd rather there'd be no school.—CD

Labor Day—a time to think

Labor Day, to be observed Monday, Sept. 5, is the last long holiday of the season, and marks only the termination of summer in the minds of most people. It will be a school holiday in Post, continuing a custom begun only a few years ago.

The meaning of Labor Day is lost for many in going about their normal duties or, if observing it as a holiday, in the frantic pursuit of fun. But, never before have so many people been able to enjoy the leisure, the luxuries and comforts we see around us in these United States.

The rights of labor have never been so certain, nor its obligation to act in a responsible manner more necessary. We must not become in-

sensible to the time-honored virtues of thrift, competence and pride in a job well done.

These are the things that have made possible the turning of Labor Day into a holiday of fun and leisure for many. These are the things that Labor Day commemorates, and if the nation is to survive in its greatness, they will be needed as never before in the years to come.

They are needed now desperately to back up the men in Viet Nam, let alone all future advancements in space, science, industry and technology. Think of these things this Labor Day, whether at work or at play.—CD

Some signs get out of date

A few months ago, this newspaper criticized editorially the old signs about town that don't mean a thing, particularly the CAFE signs that often entice a tired, hungry traveler up to the door of a building only to find the door locked and the building vacant.

We are happy to report that at least one of these signs has been folded back onto the top of its awning and no longer entices tired, hungry travelers.

Now, however, our attention has been called

to other signs that do not mean anything and that should be taken down. As coincidence would have it, some of these very signs are attached to the inside of the show windows of the old cafe building on which the cafe sign has been folded back onto the awning.

These signs, which won't mean a thing for another year—if then—are the Post Rodeo signs that were put up during the week the old cafe building was used as a rodeo office—as one of the signs plainly states.—CD

Snare your historical knowledge

History Appreciation Week in Garza County, Sept. 12-18, can be turned into a long-remembered observance if the general public will respond to the historical committee's appeal for old documents and other information bearing on the county's history.

The committee has compiled a copious set of archives, but such archives are never considered complete—not as long as there is a scrap of history unrecorded. By turning over to the committee anything you have that is of historical interest you will be helping the committee make its archives as nearly complete as possible.

Even information on the origin of place names is sought by the committee, and it isn't

necessary that such information be documented. Anyone who knows how some place got its name is requested to contact a member of the historical survey committee and give them the information.

We can also help make History Appreciation Week a success by visiting any of the markers or medallions we have not seen and by attending the dedication of the new Garza Point marker on Sunday, Sept. 18, the final day of the week-long observance.

Towns and counties deserve commendation for looking back into the past and recording for posterity the things that constitute their heritage, just as much as they deserve commendation for looking to an even better future.—CD

IT'S GETTING to where it'll rain here at the drop of a hat. Relatives from Oklahoma visited us a few days ago and it rained off and on all the time they were here and was raining when they left. For years, they hadn't heard much from us except how dry it was out here in West Texas, but it's going to be hard now to make them go on believing that.

The rain spoiled our plans for spending most of the time in the backyard while the relatives were here, but gave us an opportunity to learn all over again how to play canasta. We had good teachers, leading us to think that perhaps canasta is the state card game of Oklahoma. Too bad the relatives couldn't stay longer, since we wanted to get them off canasta and onto dominoes so we could sort of even things up.

THE NEW TELEPHONE directory is out and someone wants to know if I'm going to write a column on it again this year. Well, yes and no. I've about exhausted the telephone book possibilities in past columns, but since I've made quite an issue each year over which family name is most numerous in the directory, I might as well keep the statistics up to date.

Williams is still the leader in the telephone directory with 19 listings to 14 for second-place Smith. Last year it was 20 - 14, with the Williamses out in front.

THE JONESSES HOLD onto third place with 11 listings in the phone book, while Stone and Morris are tied for fourth with eight apiece. Seven listings each are held by the Pierces, Robinsons, Rogerses, Bakers and Martins.

The 10 most common family names in the United States are Smith, Johnson, Jones, Brown, Williams, Miller, Wilson, Davis, Moore and Anderson, but only Williams, Smith and Jones are in the top bunch in the new Post directory. There are five Millers, six Davises, three Johnsons, two Wilsons, two Moores, four Browns and one Anderson.

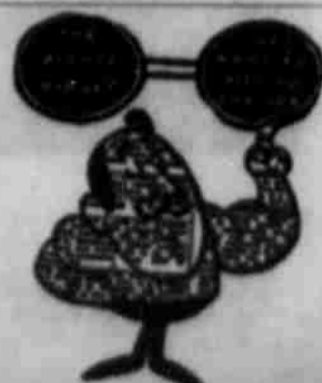

WITH BOTH candidates planning to kick off their campaigns in earnest next week, the U. S. Senate race between Sen. John Tower and Atty. Gen. Waggoner Carr might get hot before it's over. Carr will kick off his campaign Wednesday, Sept. 7, with Senator Tower's scheduled for the next day. Then, on Friday night, Sept. 9, several hundred Texas high school football teams will be kicking off the 1966 season, with their campaigns scheduled to go beyond the November general election in which the campaigns of Tower and Carr will end. So, next week might turn out to be the "kickiest off" period in Texas history.

When the fortune teller asked her client, "Do you want to know something about your future husband?" the client replied: "No, I want to know something about the past of my present husband for future use."

THE "TRADE WINDS" column in the Saturday Review tells of a Shakespeare legend that has intrigued many people: Turn to Psalm 45 in the King James Bible. Count to the forty-sixth word. It's "shake." No Price Increases!

We are holding our food price line for the 1966-67 school year despite increases to us in the cost of many food supplies.

We will continue to sell \$2 lunch tickets and hold our prices.

But to do this — to absorb higher food costs—we can no longer tie up funds in extending credit.

We think our patrons will appreciate our efforts to hold our prices and should not object to operations on a cash basis.

Welcome Teachers

The First National Bank Welcomes To Post

15 New Teachers on the Faculty

For the 1966-67 School Year

CLOSED
LABOR DAY

Monday,
Sept. 5

On behalf of the entire community, I am taking this opportunity to welcome each of you 15 teachers to Post.

Post is proud of its schools and the educational strides forward the community has made in recent years. We are looking forward, under the administration of Superintendent Bill Shiver, to more excellent progress this school year with your help.

We know our schools to be one of the most important industries of this community in providing the best possible education for our own boys and girls.

We welcome you to our stores, our churches, our organizations, and our bank. The Post school system has the full support of this community in every way.

Through your pictures which appear on this page, parents and townspeople will know you when they meet you. You will find our community a pleasant and progressive town in which to live.

Stop in and see us whenever you can. We want to be of service to you in every possible way. Our bank offers the same kind of personal service you will be offering to our children in the classrooms.

Highway Week in Texas designated by governor

AUSTIN — Gov. John Connally today designated Sept. 18-24 as Highway Week in Texas. He asked Texans to give serious thought to "the blessing and benefits derived from good highways and a Highway Department with vision."

The Governor called attention to the theme of Highway Week, "Better Highways Save Lives... Time... Money." He said the purpose of the observance was to remind the citizens of Texas of the value of highways today and the importance of even better highways in the future.

"One of our state's most impressive achievements is the 67,000-mile Texas highway system, a system second to none," Governor Connally said.

He said history has shown that highways pump business, industry, tourism, jobs—and hence prosperity—into a community and, indeed, the whole state.

Miss Virginia Ann Greer and Herbert Hays to wed Friday

Mr. and Mrs. G. W. Greer are announcing the engagement and marriage this Friday of their daughter, Virginia Ann, to Herbert Arnold Hays, son of Mrs. Jim Hays and the late Jim Hays. The wedding will take place at 7:30 o'clock in the Calvary Baptist Church with the Rev. Lee Jones officiating. Miss Greer is a graduate of Post High School and attended Tarleton State College at Stephenville and Howard County Junior College at Big Spring. She is now employed with the Texas Employment Agency in Lubbock. Mr. Hays is employed by the City of Lubbock after graduating from PHS and serving in the Air Force.

Trio from Post attends pageant, Palo Duro Park

Mrs. Tillman Jones and the Rev. and Mrs. Edgar H. Graham Jr. joined a party of 80 people in Lubbock for a bus trip to Palo Duro State Park last Friday night to view the pageant, "A Musical Romance of Panhandle History," written by Paul Green. The pageant tells the story of the struggle between the nesters and ranchers, featuring music, some especially composed for the pageant, and dancing. The pageant closes with a tribute to Col. Charles Goodnight, the first rancher in the Palo Duro area. Sponsored by West Texas State University and the Texas Panhandle Heritage Foundation, the pageant takes place in the pioneer amphitheatre in the state park. The last showing will be held Monday night but plans have been made to repeat the performance next year.

TWO THINGS TO HOLD HOME TRADE AT HOME

With modern transportation what it is, no merchant can afford to back and think of any customer as HIS—now and forever.

TWO THINGS... and only two things... bring Hometown buying to Hometown stores!

FIRST, it's well selected merchandise, of good quality.

SECOND, it's informing the potential buyer through attractive NEWSPAPER advertising.

TELL... AND SELL... THROUGH Your Hometown Newspaper THE BASIC MEDIUM

TEXAS PRESS ASSOCIATION 1716 SAN ANTONIO STREET AUSTIN, TEXAS

As much rain as Post is getting we might have to borrow part of Colorado's license plate advertising. If I remember correctly, the slogan reads, "Green, Cool, Colorado." Naturally, we'd just borrow the "green" part.

This is the first August since the Cs moved here that everything is so pretty and green. Our lawn, which looked like a field of stubble several weeks ago, has come back and at the rate the rains are continuing might stay that way through December.

So many yards and flowers look so pretty that the ones that look awful are almost over-shadowed.

Sharla Pierce has promised me a list of all the students who will be going off to college from the spring graduating class. With your cooperation I'd like the information from anyone who has an "old" college student leaving.

Give me a ring this weekend (Friday through Monday) and tell me about your son or daughter. I want to know what they did this summer, what school they are going to, what they are majoring in, and what social clubs or fraternities they belong to.

I don't mind calling you and probably will squeeze many such calls in but I hate to leave anyone out and that always happens unless you cooperate. So please do.

Miss C the younger is finishing up her summer in Illinois by helping with the canning of corn. Last we heard she had worked on a night shift for 3 1/2 hours pulling bad ears of corn off a conveyor belt. She said after watching the belt move for a while, she felt like she was moving and the belt was standing still.

Anyone having any complaints concerning canned corn this winter please mail their gripes to the canning factory, not Miss C.

College kids are starting to pour back into town from their summer jobs and it's good to see them again if only for a brief period of time.

I received a book in the mail Tuesday morning from my "friend" David King in New York City. The book, "On Aggression," was written by Konrad Lorenz and was originally published in Austria. In a letter received before the book arrived, David said that the book would take a bit of perseverance but would be worthwhile if I'd bear with it. After I finish the book I am to present it to the Post Public Library.

I have the feeling that David is trying to improve my mind.

Pat on the back item: After 15 years of sewing Mrs. C finally put in a zipper in a dress for Miss C the elder that looks professional and with only one try.

Things like that can really make your day.

I wish the Federal Trade Commission would leave us cigarette smokers in peace.

Things like that can really ruin your day.

Clothing needed for community's needy

R. G. (Wilke) Wilkerson of Wilke's Supplies today issued an appeal for used clothing for needy children and adults of the community. Wilkerson said that with school starting many underprivileged children need clothing and shoes before they can attend. Anyone with used clothing to donate is asked to leave it at Wilke's Supplies, 212 East Main, or telephone 2500 for pickup.

MOVING TO IRVING
Mr. and Mrs. Phil Foster of Lubbock, former Post residents, are moving this weekend to Irving, Tex. Mr. Foster has accepted a position as assistant circulation manager with the Dallas Times-Herald. He has been working in the circulation department of the Lubbock Avalanche-Journal.

Before coming to Post the Chambers stopped in Dallas to visit another aunt, Mrs. W. H. Thompson, and she accompanied them to Post via Slaton where they visited the Bill Henry Smith family. After the Chambers left, Mrs. Cooke and sisters, Mrs. W. W. Barry, who had been visiting here, and Mrs. Thompson, went to Dallas after stopping by for Mrs. Bill Henry Smith, Janette and Everette. After a trip to Six Flags, Mrs. Cooke and the Smiths returned to their homes.

Peace Corps test set for Sept. 10

Post area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps placement test at 9 a. m. on Saturday, Sept. 10, at the Post Office building in Lubbock.
The Peace Corps uses the placement test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. (If test scores indicate a limited language-learning ability, for example, the Peace Corps tries to place the applicant in an English-speaking country.) The placement test requires no preparation and is non-competitive — an applicant can neither pass nor fail.
The application form, not the placement test, is the most important factor in the selection of volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C. 20525.
The placement test takes about an hour and a half.

Snyder rites held for widow of publisher

SNYDER — Funeral services were held here last Thursday for Mrs. Bertie Pennington Smith, 91, widow of a West Texas weekly newspaper publisher, who died at an Arlington nursing home Wednesday.
Mrs. Smith, with her husband, Ben F. Smith, founded the Lockney Beacon, the Scurry County Times, the Slaton Times and a newspaper at Stinnett. They also operated weekly newspapers in other towns.

SHOW-OFF

Harry is "showing-off"—and he certainly has a most appreciative audience!

We all "show-off" sometimes, in one way or another. It's a natural human tendency, and we can't be blamed for expressing it occasionally. And we are not apt to overdo it if we discover the need for humility.

Church is one place where this lesson can be learned. In God's House, we know instinctively how small we really are, which makes us more thankful for both His love and compassion.

We need this sense of coming down to size. We need to look with humble eyes at ourselves, at our fellow men, and at the miracles of God's creations.

Yes — we need to go to church.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

How do you tell a drunk?

The man was acting strangely. You know what people thought. But the neighborhood pharmacist had a hunch, took a close look, gave the man sugar. Then he called a physician who found the man was in insulin shock. Too much insulin, not liquor. Without prompt treatment, he might have died. This story illustrates the potency of modern drugs. Before using powerful drugs you should see a physician and then follow directions to the letter when taking them. There's a happier moral. Without modern drugs, the diabetic in this story wouldn't have had a life to save.

CREDIT IS A PRIVILEGE — NOT A RIGHT

The availability of credit is not a built-in right which is automatically bestowed on every American family. It is a privilege which must be earned. Almost every responsible source of credit requires that a formal application be made and carefully examined before any family is granted credit. The purpose of the credit application and the credit investigation is to determine whether the individual family has earned the privilege of using consumer credit.

However, there are two basic rights to our credit economy. First is the right of the individual to enter into a contract for something that will be of service or enjoyment. Secondly, it is the right of the seller to approve those applications for credit which he believes will be paid out as agreed.

70 killed, 25 injured during 1965 in motorcycle, motorbike mishaps

During 1965 in Texas there were 70 deaths and 25 injuries resulting in motorcycle, motor scooter and motorbike accidents, the Department of Public Safety reports. Motorcycle accidents resulted in 44 deaths and 22 injuries. Thirty of the motorcycle deaths were involved in collisions with automobiles, seven with trucks, 13 with other motorcycles, two with an airplane, one with a train, and one from a falling telephone pole. Motor scooter accidents resulted in 14 deaths and two injuries. Eight of these motor scooter deaths were involved in collisions with automobiles, four with trucks, and two with a driver losing control. Motorbike accidents resulted in 12 deaths and one injury. These deaths were due to the motorbike colliding with trucks. The greatest number of these deaths, 13, occurred in Harris County. Dallas County had ten deaths; Tarrant County, nine de-

aths; Jefferson County, five deaths; Bexar and Gregg counties, three deaths each; Nueces and Travis counties, two deaths each, and 23 counties, one death each. Potter, Randall and Castro counties of the Panhandle area had one death each.

\$7 bills being produced by state prison printers

HUNTSVILLE — Officials of the Texas Department of Corrections have completed their investigation into what at first appeared to be a massive counterfeiting ring operating in the Walls Unit.

They're producing \$7 bills in the print shop of the Department at Huntsville, and it's all legal. However, the money isn't the kind that can be used as cash. Instead, the bill is being used to promote the 35th Annual Texas Prison Rodeo.

Basically, the 7-Buck bill is a "Return Invitation Note" to the Prison Rodeo of Texas and is being distributed to persons who purchase tickets to the 1966 Prison Rodeo series held here each Sunday in October.

Since the Prison Rodeo's 7-Buck bill is larger in size than Uncle Sam's official paper money, it is doubtful that anyone will try to cash it.

On the other hand, the clever slogans appearing on the bill will make it an interesting conversation piece.

As an invitation to the "Wildest Show in Texas," there are two important signatures on the front of the bill: "U. R. Welcome" and "Will U. Joinus."

Prison Rodeo officials say that anyone who wants a supply of these 7-Buck bills will find them available at each performance of the Rodeo.

'Modesty Blaise' comes to Tower

"Modesty Blaise," 20th Century-Fox's "op-pop-bop" action thriller, is set to open on Sunday at the Tower Theatre.

"Modesty Blaise" features an international cast including Italy's Monica Vitti, in her first English-speaking role; Terence Stamp, voted Best Actor last year at the Cannes Festival, and Dirk Bogarde. The DeLuxe color attraction was directed by Joseph Losey, acclaimed for "The Servant" and "King and Country" — both of which starred Bogarde. It was produced by Joseph Janni, whose most recent hit is the Academy Award winner, "Darling."

Filmed on locations in Amsterdam and Italy, "Modesty Blaise" is based on the comic strip by Peter O'Donnell which is syndicated in newspapers in more than 16 countries throughout the world. The central character is a notorious adventuress who combines elegant femininity and a sophisticated sense of humor with a magnetic attraction to danger and excitement.

Bids tabulated on area road project

AUSTIN — Low bids on highway projects tabulated last week by the Texas Highway Department included work on U. S. 380 in Kent County.

Henry L. Stafford of Lubbock submitted low bid of \$309,587 for grading and surfacing of the highway for a distance of 6.9 miles east from the Garza County line.

Former Postite drops in on Fair from 2½ miles up in atmosphere

(EDITOR'S NOTE: Jerry Schrimsher, a 1954 graduate of Post High School, and his wife are members of the Dallas Skydivers Club. The following feature on their activities appeared in the Aug. 29 issue of the Dallas Times-Herald under the by-line of Bill Sloan.)

Jerry Schrimsher and a couple of friends dropped in on the Richardson Community Fair Thursday night — from 2½ miles straight up.

Schrimsher's 22-year-old wife of three weeks waited on the ground while her husband leaped from an airplane flying 12,500 feet above the fairgrounds and then plummeted some two miles earthward before he bothered to snap open his parachute.

"I'm not worried," said Sherry

'Kickoff' rally for Carr slated

AUSTIN — State Attorney General Waggoner Carr will formally open his campaign for the United States Senate in his home town of Lubbock the night of Sept. 7 with a "gigantic kick-off rally," it was announced this week.

The rally is expected to attract large delegations from not only the Plains, Panhandle and West Texas areas, but from all parts of Texas. Carr is the Democratic Party nominee in the race.

Meanwhile, House Speaker Ben Barnes of DeLeon predicts that Carr will win in the Nov. 8 general election.

"I think that the 149 members of the Texas House who are Democrats, the 31 members of the State Senate, the 23 members of the Texas Congressional delegation, plus the overwhelming majority of all Democrats will strongly support and campaign for Carr," Barnes said.

Hereford Association enrolls Post juniors

KANSAS CITY, Mo. — Tony Mark Conner and Jerry Johnson, both of Post, Tex., have been named to junior membership in the American Hereford Association, the world's largest purebred registry organization, with headquarters in Kansas City, Mo.

Ninety-nine junior Hereford breeders were placed on the association's official roster during July. The association maintains active accounts for more than 60,000 breeders of registered Herefords over the nation.

The Hereford association's total recordings exceed 14,000,000, nearly double that of all other major beef breeds combined.

LEAVES FOR COLLEGE

Danny Pierce, son of Mr. and Mrs. Sidney Pierce, left recently for Roswell, N. M., where he is a second year student at New Mexico Military Institute. Danny is a member of the NMMI football squad and returned to school early for football practice.

calmly folding a parachute. "After all, this is the 337th time he's done it. I'd like to be doing it myself, but I don't have enough jumps to qualify for this sort of thing. I've only got 128 jumps."

The Schrimshers are both members in good standing at the Dallas Skydivers Club, as are Pete Peterson of Richardson and Jack Langford, a Dallas postman, who accompanied Schrimsher on his way back to earth Thursday.

The idea was to hit a football field adjacent to the Richardson fairgrounds as several thousand fairgoers watched.

The three chutists missed their target by several dozen yards, but all landed safely in another open area nearby.

Mrs. Schrimsher exceeded the event and hardly winced at all as the little black dot that was her husband dropped toward the ground at a speed of 180 miles per hour.

"I don't worry when he's doing that," she said. "It's really no more dangerous than skiing. The only thing is, you have to depend on yourself. If you don't pull the cord up there, it's a cinch nobody else is going to pull it for you."

When the Schrimshers, both Dallasites and both employees of Texas Instruments, were married three weeks ago, they were in St. Louis, where they spent part of their honeymoon — you guessed it — jumping out of airplanes together.

Schrimsher, a 31-year-old Air Force veteran, has had only one mishap in a jumping career that began in 1959. Last February he broke his leg while making his 300th jump.

"It was a competition jump," he explained. "I was trying to hit a six-inch disc. I stretched for it and landed wrong."

Bid opening set for large dam

BIG SPRING — A 27,000-foot dam will be constructed across the Colorado River near Robert Lee and bids for the work will be opened here Oct. 6.

Colorado River Municipal Water District directors also said sales of \$30 million in revenue bonds to finance the reservoir together with pipelines to carry the water as far as 100 miles west to Odessa would proceed immediately.

The dam will impound a 46,000-acre-foot lake at capacity, capable of supplying an average of 58 million gallons of water per day during critical periods.

Antelopes back at routine drills following scrimmage

The Post Antelope football squad buckled down to routine drills Tuesday after taking it comparatively easy Monday because of a rain-soaked practice field. Most of Monday's practice sessions were taken up in viewing the film of the scrimmage here with Petersburg last Thursday night, in which the Antelopes both pleased

and displeased their coaches. After a slow start on offense, the Antelopes took the ball across the Buffalo goal line six times, while yielding only one "touchdown" to the visitors. The Petersburg crossing came on their eighth try after being given the ball on the Antelope 10-yard line.

Freshman gridders prep for Sept. 15 opener

Twenty-three candidates for this season's Post freshman football team are working out daily under Coach Bill Smith, who said the squad might gain a few more boys after school opens.

The freshman team's first game will be here Sept. 15 against Wilson "B" team. Boys out for the freshman team and their weights are as follows: Dickie Wallace, 94; Terry Cross,

RETURN FROM ALASKA
Mr. and Mrs. Larry Welch were here over the weekend visiting their parents, Mr. and Mrs. Ralph Welch and other relatives. The Larry Welches have just returned from Alaska where he was employed as a "smoke jumper" by the government. Larry will teach again this year in Robert E. Lee Junior High School at Pampa and his wife, Stanna, will continue her studies at West Texas State University.

105; Howard Keel, 125; Jay Bird, 118; Mike Moriarty, 97; Bobby Snow, 81; Jackie Gordon, 153; Johnny Hair, 100; Jimmy McKamie, 138; Randy Hudman, 129; David Pierce, 154; Ray Altman, 126; Bruce Hall, 130; Timmons Bull, 130; Dennis Dodson, 127; Grady Shytle, 150; Butch Heaton, 100; George Torres, 121; Neff Walker, 122; Junior Saldivar, 143; Steve Newby, 147; Don Collier, 124; Manuel Sanchez, 142.

While Coach Smith has not yet made definite assignments as to position, boys listed as backs include Bird, Altman, Heaton, Torres, Walker and Sanchez.

FIESTA QUEEN
Miss Mary Ann Dennis, daughter of Mr. and Mrs. John Dennis of Gail, was in Fredericksburg last Friday where she represented the San Antonio Fiesta as a queen in the county fair parade there. Miss Dennis is employed at Bob Collier, Drug.

said he was more pleased with the Antelopes' defense than with their offense in the scrimmage, which lasted more than two hours. "We saw a lot rough spots that are going to have to be ironed out before the first game, and most of them showed up when we had the ball," the coach said.

Post started the scrimmage on offense, but was halted after a few plays by a pass interception on the Petersburg 40.

The Antelopes got the ball again by recovering a Buffalo fumble on the Post 25, and a couple of plays later, end Roy Sappington snared quarterback Dick Kennedy's low pass on the Petersburg 25.

AFTER COMPLETELY bottling up the Petersburg offense and regaining possession of the ball, the Antelopes scored for the first time with halfback Davis Heaton taking quarterback Duke Altman's flat zone pass and going 40 yards without being touched.

This offensive thrust appeared to put new life in the Antelopes and before the scrimmage ended they had crossed the Buffalo goal line five more times. Halfback Jimmy Bartlett scored twice, halfback Dennis Altman once, fullback Paul Walker once, and Kennedy once, with an intercepted pass.

Post's "front four" on defense—Paul Walker, Norman Tanner, Jack Huff and Joe Hudman—were tough all night on the Petersburg offense, with the wingmen, linebackers and secondary also turning in good defensive efforts. The Buffaloes never were able to get their ground game going with any consistency.

Linebacker James Pollard and tackle Wiley Miller were two of the newer boys mentioned by Coach Gregg as being outstanding on defense, along with Mike Robinson and Ronnie Petty.

BOTH KENNEDY and Duke Altman did good jobs at the quarterback position, with Bartlett, Walker, Dennis Altman and Heaton making the running game look good.

Ends Donnie Windham and Roy Sappington and Clyde Cash, who played in the line on offense and the secondary on defense, also turned in good performances.

"We didn't throw as much or run the outside as much as we would have in a regular game," Coach Gregg explained.

The only casualty was Heaton, who bruised some ribs early in the scrimmage. He was used sparingly the rest of the way, but is reported back in good condition this week.

Linemen Nick Pantoja and Danny Cooper are still on the injured list, Pantoja with a bad knee and Cooper with an ankle injury. Pantoja was not available for the scrimmage with Petersburg and Cooper has yet to suit out.

ONLY 20 squad members showed up for Monday's abbreviated practice, but the squad is expected to 28—by the time of the opener with be back up to near normal—27 or Hale Center here Sept. 9.

"We'd like to start the season this week," said Coach Gregg, who appears to be more impressed by the Antelopes' conditioning and hustle than by anything else they've shown thus far.

Following Thursday night's lengthy scrimmage, both the Post and Petersburg squads ran several wind sprints. Petersburg, like Post, is plagued this season by a lack of depth. The Buffaloes had only 20 boys suited out for the scrimmage here.

Library Listening Post

Eleven hundred and ninety one books have been checked out of the Post Public Library since it opened its doors in June.

Library cards have been issued to 216 persons. By rapid calculation that means that each person has read a bit over 3.7 books. Which just goes to show what one can do with figures.

For the information of those who maybe are not "card carrying members" (and I'm not speaking of Communists) the library has books on philosophy, sociology, religion, pure and useful science, fine arts, history and biography, besides good fiction. Which means there are books there for everyone to use or enjoy at their convenience.

These books are in all categories including adult, youth, and juvenile. Many of them will be quite invaluable to junior high and senior high students for reports and papers for their classes.

The library is not standing still, because new books keep pouring in from various sources.

Thanks to the Post Rotary Club, the library can boast of a best seller, "The Source," by James Michener, given in memory of Mrs. A. W. Bouchier. Mrs. Rosemary Chapman had trouble deciding where to place it on the shelves as she has a bookcase up front with shelves labeled "Memorials," "1966" and "Best Sellers." This book fills all three categories.

Mrs. Chapman solved the problem by placing it on the best seller shelf from where it can be moved to 1966 and thence to memorials.

Another addition to the memorial shelf comes from Mr. and Mrs. Tom Harmon entitled "The Unappointed" by Laurie Chinn. This book is in memory of A. Lee Bowen, Mr. and Mrs. Mitchell Bowen and Charley Bowen.

The Dawson County Library continues to be most generous, as well as Mr. and Mrs. R. S. Anderson of Midland. They have both donated more books. Mrs. Francis Brassalman of Midland is added as a new donor.

Local donations have been made recently by Mrs. William Robinson, Mr. and Mrs. Tom Harmon, Mr. and Mrs. Charles L. Hutchins, (he's our new high school principal), Mrs. K. S. White, Bill Mills and Harold Williamson.

The response of donations has been most gratifying and the library anticipates being gratified and gratified.

LEAVES FOR GERMANY
Spec. 4 Billy Shumard left Monday for Kitzinger, Germany, after spending a month's furlough in Post with his parents, Mr. and Mrs. Buster Shumard. Billy expects to be stationed in Germany for the next 10 months.

Damage heavy in highway crash

Damage totaling an estimated \$900 resulted at 10:10 p.m. last Thursday from a two-vehicle collision at Broadway and 3rd Street, city police report.

The accident occurred when a pickup truck driven by Cheryl Pennell, 17, collided with an automobile driven by Robert Harman Meixner, 56, of Roby, as Miss Pennell made a left turn off Broadway onto 3rd Street. The Meixner automobile was headed south.

Police estimated damage to the pickup at \$650 and to the automobile at \$250. Miss Pennell was charged with failure to grant right-of-way.

At 10:37 p.m. Wednesday of last week, police investigated an accident on West 5th Street in which an automobile driven by Charles Wayne Redman, 16, backed into Adrian Cook's automobile, parked at the curb at 406 West 5th St.

Damage to the moving automobile was estimated at \$5 and to the parked car at \$100. Redman was charged with failure to grant right-of-way.

Local lefthanders are news in New Mexico

Three local golfers and a former Post golfer got their picture in the Alamogordo Daily News last week when they went to Cloudcroft for four days of golf.

The reason—they're all lefthanded golfers: J. D. McCampbell, Paul Jones and Sexton Huntley, and Lawrence Epley of Abilene.

The foursome was posed on a green at the Cloudcroft golf course all putting lefthanded.

It was mighty unusual at Cloudcroft to have a lefthanded foursome, but it's been going on here for so many years, few of their friends ever thought much about it.

It rained in Alamogordo too. The foursome got only two days of golf out of the four.

New yells learned at pep squad gathering

Last Thursday afternoon the Post High School Pep Squad met at Teen Town to learn new yells which the cheerleaders learned at the Southern Methodist University cheerleading school a few weeks ago.

The girls expressed appreciation to their sponsor, Mrs. N. R. King, and the following mothers for furnishing refreshments and attending the meeting: Mmes. Dean Altman, W. H. Childs and Eugene Martin.

COBBS MOVING TO IRVING

Mr. and Mrs. Leo Cobb and family are moving to Irving to make their home. Mrs. Cobb will leave Saturday with the children. She will manage a complex of 90 apartments in Irving. Mr. Cobb, who will complete his duties with Brown Bros., Et Al, here Sept. 15, has accepted a position with the City of Dallas.

ASC committeemen election under way

Three committeemen and two alternate committeemen for the coming year are to be elected from each of five Garza County areas in an Agricultural Stabilization and Conservation Service election now under way.

Ballots, which have been mailed to eligible voters, are to be returned by Wednesday, Sept. 7, and will be tabulated by the county ASCS committee at 9:30 a.m. Sept. 12. The vote counting, which will be at the ASC office here, will be open to the public.

Sen. John Tower to launch drive

AUSTIN — U. S. Sen. John Tower announced Sunday he will formally open his drive for reelection with the most extensive campaign kick-off in Texas political history.

On Thursday, Sept. 8, the Senator will begin a three-day 3,000-mile, 23-city tour of the entire state.

It will open with a "Family and Friend Breakfast" in his hometown of Wichita Falls, gather steam with a state-wide televised rally in the State Fair Music Hall in Dallas and continue with airplane whistle stops both day and night, into the wee hours of the morning.

"I want to begin this campaign at home in Wichita Falls, but I feel that it is most important, since I am Senator for all Texans, for me to open my campaign to all parts of the state," said Sen. Tower.

"I am going to make a super-tour right here at the beginning in order to see as many people as possible," said Senator Tower.

14 places represented at church homecoming

By MRS. GLENN DAVIS
The Graham Church of Christ homecoming was quite successful with visitors coming from 14 different places in Texas, two from New Mexico, two from S a l e m,

Ore., and one from Korea. They all attended the morning worship Sunday and the luncheon which followed in the community center. Mr. and Mrs. Billie Lester and family visited the Jimmy Doggetts

Thursday evening. The Melvin Williams family visited the Nolan Williams family after church Sunday evening. Mrs. W. O. Fluit spent the weekend in Post with her daughter and son-in-law, Mr. and Mrs. Morris McClellan. She is visiting this week with the Elmo Bushes. Mr. and Mrs. Virgil Stone visited Thursday evening with the Fred Gossetts. Mr. and Mrs. Roy Holland of Portales, N. M. spent the weekend here visiting relatives. Frost Maxey of Wichita Falls spent the weekend here visiting relatives. His wife was unable to come with him because of a sister visiting her. Frost is a former re-

sident. Mr. and Mrs. Walter Crider and Mr. and Mrs. Jimmy Doggett visited in Lubbock Sunday with the Hugh Blevins family. Bob Barnes and Kelly Newman and Mrs. Glenn Davis were Wednesday luncheon guests of the Elmer Cowdreys. The Graham HD Club will meet in the community center Sept. 8 for the first meeting of the fall. The Butch Burkett family of Lubbock visited Sunday afternoon with her sister, Mrs. Melvin Williams, and family. Chris Kim and Mary Ann Stone of Abilene Christian College are visiting Mary Ann's parents, the James Stones. Chris is from Korea

and is a teacher. She is over here doing graduate work. Mrs. Johnnie Rogers and Mrs. Glenn Davis were hostesses at a luncheon Friday in the Davis home for Bob Barnes and the Bruce Evans family. We extend sympathy to R. E. Bratton, the D. H. Bartlett family and all the relatives of the late Mrs. Bratton. Mr. and Mrs. Fred Gossett spent Saturday and part of Sunday with the Jason Justices. All their children and grandchildren were there to help the Gossetts celebrate their birthdays. Fred's birthday was on Aug. 25 and Mrs. Gossett's will be Sept. 14. She was surprised with an early celebration.

Saturday supper guests of Mr. and Mrs. James Stone were Bob Barnes of Colorado City, the Bruce Evans family, the Bobby Cowdrey family, Chris Kim and Mary Ann. MR. AND MRS. Ray McClellan and Kim and Quay Williams have returned from a trip to points of interest in the western states. I haven't learned all the places they visited but we are sure they had a nice vacation. Most of the farmers have been having a vacation from field work with all the rain we have received and are receiving. Bob Barnes and the Bruce Evans family were Wednesday supper guests of the Bryan Maxeys and Friday supper guests of the Mel-

vin Williams. Mrs. Stella Booth of Paducah spent Sunday with her brother and sister-in-law, Mr. and Mrs. Bob Lusk, and attended the Church of Christ homecoming activities. She returned home Monday. Mr. and Mrs. John C. Justice of Austin were weekend guests of her uncle and aunt, Mr. and Mrs. Elgie Stewart. They also attended the church homecoming. Other Sunday afternoon visitors of the Stewarts were Mr. and Mrs. Ira Ivy of Levelland and Mrs. Harvella Mason and Darla. We extend sympathy to Mr. and Mrs. Alvin Young and other relatives on the death of his father who passed away last Friday after

a lengthy illness. Mrs. Ethel Redman and granddaughter, Sue Cowdrey, and Mrs. Jewell Graham spent Friday and part of Saturday visiting in Levelland with Mrs. Redman's daughter and family, the Hubert Cook family. They also visited the Alvin Davises and Carrol Davises at the Cowboy Store. Mr. and Mrs. Jack Fluit and a couple of friends spent the weekend with the Carl Fluits. The Douglas McWhirts were afternoon visitors. The Quanah Maxeys and Ned Whites attended the Old Settlers Reunion in Roaring Springs the last three days of last week and visited with Mrs. Green.

Electrical storm accompanies rain

MRS. O. H. HOOVER
 what a rain! The fall was from 1 1/4 to 3.2 inches and electrical display was terrific. The lightning hit my TV and set it out. No hail here but it hailed several farmers including Mrs. A. Z. Sewell and Mrs. Sherrill. I was unable to get an exact account because of the "phone" service. At Draw they also received 3.2 inches of rain. There won't be much news this week. (It's all wet).
 The Jim Norman family returned Saturday from a vacation. They drove to LBJ Lake and fished for a while Monday and then on to Six

Flags for a tour of the fun spots. They spent the rest of the week sightseeing.
 Dr. Ted Pridmore's ship docked in New York and as he had two weeks between assignments he came to see his wife, Jerri, and his mother, Mrs. Beulah Pridmore in Tahoka. His leave will be up Sept. 4.
 Visitors in the C. A. Walker home Sunday were the Bill Moore family of Seagraves, Mr. and Mrs. L. J. Walker and Tim and Denny of Littlefield, and Mrs. Lucian Walker. Cristy Lynn had been here for a week and returned home with her parents because school starts Monday. Mrs. Lucian Walker attended the Graham Church of

Christ homecoming and visited the Walkers in the afternoon.
 The C. A. Walkers and their granddaughter, Cristy Lynn, went to Lake Thomas two days last week for an outing. The Doyle Terry family met them there for a picnic supper and some fishing.
 Mrs. Montie Huddleston entered the hospital in Lamesa last Thursday. She has been very ill but we are glad to report she is some better. We wish for her a speedy recovery.
 HOWARD CONRAD, who with his family has just returned from Peru showed slides of their work there and also conducted the morning service at the Church of the Nazarene.

Mr. and Mrs. W. M. Dubose of Brownfield visited the W. G. McCleskeys Friday.
 The Rev. and Mrs. Ormie Reed and three grandchildren of Texline visited Mrs. Lucy Cunningham overnight last week.
 J. W. Warrich had another bad spell and is very ill in Test Texas Hospital. His daughter and her husband, Mr. and Mrs. Leonard Gribble, are at his bedside.
 The Howard Conrad family will leave for Pasadena, Calif., this week where he will go to school to do research regarding his work in Peru.
 Mr. and Mrs. Rusty Dean visited his sister and brother-in-law, Mr. and Mrs. McKamie, Sunday

afternoon.
 Mrs. G. H. Spears has rallied and is quite some better. She is able to be up parttime. In fact, her daughter, Rosebud Watson, took her for a short drive Friday and she enjoyed it a lot.
 Jerry Gerner is home on leave. Glad you are back, Jerry.
 Visitors in the Gerner home on Sunday were Jerry Turner, Edna Mason, Mrs. O. F. Haley, Ruby Claborn and Charles Huffman, who is helping Jerry Gerner work on his car. Edna Mason and Linda Kay Mueller were visitors Friday.
 Amos Gerner and Odie Tew spent the weekend in Ruidoso, N. M.
 Mr. and Mrs. Gus Sherrill and Paula attended church services in

The Post (Texas) Dispatch Thursday, Sept. 7, 1966 Page 28
 O'Donnell Sunday night.
 Guy LeMond of Snyder was a Sunday luncheon guest of his sister, Mrs. A. Z. Sewell.
 Mr. and Mrs. Tom Ferguson of Ralls visited the J. A. Propst on Saturday.
 Bernice Propst visited Mrs. Will Wright in Post Wednesday.
 Bernice Propst and granddaughter, Pam, visited Mrs. Hays in Post Tuesday.
 Ruby and Charlie Bullock of Abilene visited Mrs. C. C. Jones Saturday.

GARLAND VISITORS
 Bernard S. Ramsey planned to stop in Garland on his way from Houston to get his daughters, Miss Susan Ramsey and Mrs. Rodney Wallace and sons, Scott and Chris. The Wallace family is visiting through next week with her parents and Susan has returned home after working in Garland this summer. Susan will enter Texas Tech in the fall for her second year.
