

Head of Jayees is named 'West Texan of Moth'

A 33-year-old Pampa attorney, A. J. Carubbi Jr., has been named West Texan of the Month for December by the West Tex Chamber of Commerce.

He was guest speaker at last year at the Post Jayees annual installation banquet.

Fisher said of Carubbi: "He is a good example of the type leader which is making West Texas a vital, growing area."

Carubbi has been president of the Jayees in Texas for the last April and already has traveled more than 70,000 miles carrying out the duties of his office.

Boats subject to new safety act

AUSTIN — More than 200,000 motorboats subject to the new Texas Water Safety Act must be registered by April 1, State Highway Engineer D. C. Greer said today.

The law gives the Motor Vehicle Division of the Texas Highway Department the task of issuing certificates of number for boats operating in Texas waters, just as the division administers issuing of licenses and titles to motor vehicles operating on Texas highways.

Renewal notices for boats now registered in Texas started going out Jan. 3, along with a brochure outlining key features of the new act.

"This is a good time for Texas skippers to brush up on the law," Greer said, "to make certain their craft complies with the extensive changes in the new Water Safety Act."

For the first time, state game wardens have full authority to enforce water safety statutes.

UNDERGOES EYE SURGERY

Debbie Eubank, daughter of Mr. and Mrs. Dennis Eubank, underwent minor eye surgery Tuesday of last week in Methodist Hospital at Lubbock and returned to her home last Thursday. Debbie, a freshman in Post High School, is recuperating satisfactorily and is in school this week.

Burlington sees good year ahead for '66; to up capital spending

GREENSBORO, N. C. — Burlington Industries, Inc., completed a record performance in 1965 and indicates that it expects "another good year" in 1966.

Charles F. Myers Jr., president of the leading and broadly diversified textile company, makes the prediction in Burlington's Annual Report, now being received by more than 30,000 shareholders.

"Our 1966 fiscal year is proceeding at a high level, with sales ahead of this time a year ago," Mr. Myers states. "We expect that the general economy will continue strong and that 1966 will be another good year for Burlington."

The company's sales and earnings in fiscal 1965, for the fourth consecutive year, set new records. Sales were up 9 per cent to \$1.3 billion, while net earnings increased 35 per cent to \$68.6 million. In his letter to shareholders, Mr. Myers said, "The steady growth in sales and earnings has underscored the soundness of our policy of profit-oriented capital investments."

The report, which reviews capital investment programs for expansion and modernization of plant and equipment, notes that capital expenditures in 1966 will exceed \$125 million, compared to \$84.7 million in 1965.

Capital investments for the past year were divided about equally between projects which increased productive capacity and those involving modernization. In the last five years Burlington has spent more than \$280 million for capital purposes, in the belief that its competitive position depends to a substantial degree on the efficiency, flexibility and capacity of manufacturing operations. The company now has seven new manufacturing plants under construction, according to the report.

Approximately 70 per cent of Burlington's sales in fiscal 1965 were from apparel fabrics and products; 25 per cent from home furnishings, such as carpets, sheets, drapery and upholstery fabrics, and 5 per cent from industrial sales. Roughly 60 per cent of the company's fiber usage was in the man-made fiber area, 25 per cent in cotton and 15 per cent in wool. Finished fabrics accounted for 50 per cent of sales volume, while unfinished (greige) fabrics and consumer products each represented 25 per cent of total sales.

Last July the company split its common stock two-for-one and increased the quarterly dividend by 25 per cent, effective September 1. Dividends to shareholders in 1965 totaled \$20.9 million. Burlington's pre-tax profit margin in 1965 was 10.2 per cent of sales, compared to 8.8 per cent in 1964.

Burlington employs 65,000 persons and operates more than 100 plants. The company's contribution to its wage employee profit sharing retirement plan totaled more than \$7 million in 1965, an increase of 36 per cent over the 1964 contribution.

New or improved products mentioned in the report include a variety of "durable press" fabrics now being produced by seven Burlington divisions; acrylic-backed draperies with thermal insulation properties; a new line of quilted, ready-made bedspreads, coordinated with the company's ready-made drapery lines; and the first "no-iron" sheets and pillowcases of polyester and cotton.

LEAVE AFTER HOLIDAY

Elisabeth and Charles Tubbs, daughter and son of Dr. and Mrs. Harry A. Tubbs, have returned to their respective schools following the holidays. Elisabeth left by plane Monday morning for East Lansing, Mich., where she is a freshman at Michigan State University. Charles, a student at the University of Texas Medical Branch at Galveston, left by train Saturday night.

RECORD ENROLLMENT

The University of Texas, with a record total enrollment of 26,230, saw an increased registration of students from abroad during the fall semester. The International Office announced that 636 students and 104 visiting scholars have come to the UT campus this year. They represent 71 countries outside the United States. The largest single representation was from Free China, which sent 86 students and five scholars. Mexico was second with 53 students and three scholars.

Even a frown can worry Mother. And when he has a fever — she always fears the worst!

Did you know, Mother, that more children fall victim to *spiritual neglect* than any of the crippling diseases we dread? It has wrecked the fond hopes and bold dreams of hundreds of thousands of parents.

Yet it isn't a disease, at all! It is a **HESITATION**; hesitating to start our child in Church School, hesitating to go with him and worship God, hesitating to discuss at home the need for moral and religious foundation for the whole family.

Face it today! Do something about it next Sunday! Choose **YOUR** church. And make it **YOUR** church. And through a lifetime of worship and faith it can be for your child . . . **HIS** church.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TALLEST MONUMENT
Raising and placing of the keystone (center) marks the closing and completion of the world's largest arch, the 630-foot-high Gateway Arch in St. Louis. The gleaming, stainless steel monument, designed by the late architect, Eero Saarinen, commemorates the expansion of the nation westward from the Mississippi River after the Louisiana Purchase. Visitors can go to the top by steps in the core of the legs, by elevator or by a unique 40-passenger train that runs up through the legs.

Texas State Teachers Association now has over 100,000 members

AUSTIN — The Texas State Teachers Association—the state's largest professional organization—surpassed the 100,000 membership mark Dec. 20, Charles H. Tennyson, executive secretary, announced.

The TSTA, organized in Mexico in 1880, has now doubled its membership since 1950 and has grown by 33 per cent since 1960 when its ranks numbered 75,000.

Membership includes persons in all spectrums of education—classroom teachers, school superintendents, university professors and college presidents.

Tennyson credited soaring membership to statewide interest in expanded TSTA services to members and to a new legislative program being formulated for presentation to the next state legislature.

Area couples see Gator Bowl game

By MRS. EDMUND WILKE
Mr. and Mrs. Weldon McGehee and Mrs. Clovis Robinson and son were in Jacksonville, Fla., to attend the Gator Bowl game New Year's Eve.

A New Year has dawned and once again we should look forward to the opportunities and the challenges of the days and months ahead of us. May each of us live our lives in thankfulness and may this year 1966 once again see world peace.

Mr. and Mrs. George Carlson and son of Granger visited Mrs. Selma Kiesel Dec. 26. Also visiting were Mr. and Mrs. Walter Voigt, Mrs. Marie Kiesel, and Beatrice and David McInturf. The McInturfs have returned to Quantico, Va.

Mr. and Mrs. Dillard Dunn have a new grandson. Ross and Nita have adopted another little boy who was born Dec. 1. They got him and brought him home right at Christmas and I know this was a wonderful Christmas for them. What Christmas present could be better than a little baby? They have named him Tim. The Dillard Duns spent Christmas with them at Abilene.

The James Crawford family visited Sunday with the Payton Crawfords.

Our High School Eagles traveled to Frenship last Tuesday for two fast moving basketball games. The girls lost their game but the boys won. They played Wilson Tuesday of this week.

Mrs. Herman Dabbs entertained a group of ladies last Thursday afternoon with a home appliance party.

Mr. and Mrs. Marcus Wilke and Mr. and Mrs. Jake Mueller of Wilson went to Lake LBJ for a few days.

Mr. and Mrs. Delmar Wilke and Angie will be moving to a farm close to Wilson in a few days.

MR. AND MRS. Milton Gindorf and daughter are staying with Chris Gindorf while they are looking for a house in Wilson. Milton is going to work in the Wilson bank.

Mr. and Mrs. C. J. Miller have gone to Houston where he will receive a medical checkup. They plan to be gone several weeks.

Mr. and Mrs. Wallace Becker of Slaton visited Edmund and Yours Truly Sunday night.

Mr. and Mrs. Billy Lester and

sons spent Friday night in Post with Mrs. Robert Mason and Brenda.

Mr. and Mrs. Winston Lester and children have bought a ranch down close to Dallas and they will be moving there in about two weeks. This community sure is going to miss them because they have been active in church and school work. We hope they like their new home but that they won't forget all their many friends back here.

The Rev. and Mrs. Jerry Burnamen and daughter of Slaton were dinner guests of the J. B. Racklers recently.

Mrs. Birdie Rackler of Portales, N. M., Mr. and Mrs. Cleve Rackler of Lubbock and Mr. and Mrs. J. B. Rackler were Tuesday dinner guests of Mrs. J. F. Rackler, The Rev. Burnamen and family and J. B. and family ate supper with Mrs. Rackler Thursday. The Rev. Burnamen and family are moving to Dallas soon. He is pastor of the 21st St. Baptist Church at Slaton.

Mrs. Alice Martin is a very proud grandmother. Her granddaughter, Sulanne Martin, daughter of the Blanton Martins, made the Dean's honor roll at Wayland at Plainview.

Travis Dabbs and family left for their home in Tucson, Ariz., Sunday morning.

Mrs. Alpha Taylor has been in the hospital but is at home now.

Mr. and Mrs. Payton Crawford took Webster to Lubbock Tuesday to catch a plane for Ft. Ord, Calif. While they were there they met a boy from Tahoka who took his training at Fort Polk with Webster but they didn't meet until they met at Lubbock. This boy was also going to Ft. Ord. Webster will receive eight weeks of training there and then will probably go to the east coast for more training. He is in the paratroopers.

Classes resumed again Monday at the Southland school. Bet all the kids are going to have a hard time getting up and going after a long holiday.

The cotton pulling right around Southland is coming to a close pretty soon now. Seems like it has been a long, long season and it is time to be through with last year's crop and start on this year's. We are hoping for a lot of rain or snow—do you think we will get it? See you next week.

Families urged to attend church together Sunday

LaMARQUE (Special)—Families as a group—parents and children—today were urged to attend church together on Sunday, Jan. 9 by Dr. Joseph G. Murphy, head of the Knights of Columbus of Texas.

"Christians of all denominations," said Dr. Murphy, state deputy of the Catholic men's order, "might well observe Sunday as 'family day' as their church services because of the world-wide Christian calendar's commemoration of Jan. 9 as 'Holy Family Day.'"

"Many of the 194 K. of C. Councils in Texas annually plan 'Corporate Communion' for their families that day and observe January as 'family month' with special programs in which parents and children participate."

Dr. Murphy, who is the chief officer of the fraternal group numbering more than 33,000 in Texas, explained he did not mean to be presumptuous in suggesting families of all denominations observe "Holy Family Day."

"However, in the ecumenical spirit of Vatican Council II which has just ended and which emphasized a new feeling of brotherliness among all Christian peoples," Dr. Murphy declared, "the closer we can knit the ties of families in this nation and over the world, the better for all peoples everywhere."

"Families have always been the bedrock of civilization throughout the ages. Thus we urge that all families worship together at the church of their choice on Holy Family Sunday, Jan. 9."

Horse Sense—and the Mustang Six

I don't know much about engines.

If mine's smooth, powerful and gives great gas mileage, I'm satisfied.

That's why I got a Mustang Six.

You don't have to be an engineer to appreciate the Mustang Six. Just get comfortable in one of those deep-foam bucket seats, fire up that husky 200-cu. in. powerplant . . . and let yourself go.

Nor do you have to be an investment banker to realize you've made a great buy. Standard Mustang Six luxury includes: all vinyl upholstery; plush wall-to-wall carpeting; padded instrument panel and many other extras at no extra cost.

Sound sweet? Mustang makes lots of nice sounds. Optional stereo-sonic tape is one. Another is money jingling in your pocket, thanks to Mustang Six's meager appetite for gasoline.

See for yourself. Stop in at your Ford Dealer's and test-drive America's runaway success car.

Announcing

Garza Tire Co. has been sold to Oscar & Harold Gordon

Effective Jan. 1, 1966

After 26 years as owner and operators of the GARZA TIRE COMPANY—since its establishment in 1939—I have sold this business, effective New Year's Day to my brother, Oscar, and his son, Harold.

I want to take this opportunity to express my heartfelt thanks to you fine folks, my customers, for your support and patronage through these many years.

At the same time, I want to invite you to continue your patronage of the Garza Tire Co. under its new ownership. The firm's name, its operating policies its personnel, and its products will be unchanged.

Oscar will have worked in the firm for 15 years, come July, and knows the business well. Harold has moved to Post from Idalou where he was employed by the Wylie Oil Co.

I am planning to move to my farm near Stephenville, Tex., in June and once the move is completed, I invite you all to stop in and see us when you are in that area.

Payment of all accounts due me as owner of Garza Tire Co., prior to Jan. 1, should be made at the Garza Tire Co.

Again, let me say to all of you — thanks for your patronage.

MAX GORDON

New book 'Wagons East' explores drouths as episodes of disasters

AUSTIN — By the time a true West Texan is out of rompers and into his first pair of cowboy boots, he has learned to accept a fact of life peculiar to his area of the state—"there just ain't much rain out on the plain."

And one of the most severe drouths to devastate the area struck in 1886 just as much of West Texas was being settled.

The problems which confronted the settlers, most of whom had been accustomed to living where it rained almost every week, are recounted vividly in a book entitled "Wagons East" by Dr. C. Richard King, associate professor of journalism at The University of Texas.

The book, 12th in a series of publications by the University's Journalism Development Fund, was made possible by a grant from the E. L. Kurth Foundation of Lufkin. It explores the drouth as an episode in Texas' history of natural disaster, human relations and press leadership.

Much of Dr. King's account of the drouth of 1886 is taken from the news and editorial pages of the Dallas Morning News. In the preface, Dr. DeWitt C. Reddick, director of the University's School of Communication, writes that the drouth "provides an illustration of the closeness of the press to the struggles of the pioneers for survival."

Through Dr. King's research is revealed the leadership role which the press played in seeking relief for the settlers and long-range methods which were formulated to combat rainless months.

"The opening of school land in West Texas promised security to hundreds of settlers, who boarded their crowded wagons and headed toward the beckoning lands," Dr. King writes. He adds that "with the first pangs of drouth, disenchantment blew over the land" while "big investors, often from comfortable offices in the East, denied the arid conditions and continued to broadcast pictures that would encourage settlement."

Many Texas newspapers were instrumental in publishing a truer picture of conditions in the area.
