

Hospital board hopes for softer RN requirement

Garza Memorial Hospital fails to meet only one present requirement for approval for Medicare — a registered nurse on duty at all times — and hospital trustees remain hopeful the government will soften this requirement, a virtual impossibility for a small hospital.

John Cavin of the Texas State Health Department's Medicare survey spent a day and a half at the hospital here last Wednesday and Thursday and listed only four shortcomings of the hospital in meeting all Medicare requirements.

The other three were technicalities, easily corrected.

Having a registered nurse on duty at all times, however, would require the employment of five registered nurses. And RNs are in very short supply.

Giles McCrary, chairman of hospital trustees, said trustees hope a view of the RN shortage federal regulations will be modified on this point so that the county hospital qualify by the time Medicare comes into existence July 1.

McCrary said the board is pleased that the hospital can meet every other Medicare requirement.

The requirement for a registered nurse on duty at all times was a short period of time that a registered nurse must always be "on call" with LVNs always on duty.

But Washington came back and amended the amendment back to the original requirement of a registered nurse on duty round the clock seven days a week.

Child injured in tractor accident

Three-year-old Kirk Stevens is recovering in a Plainview hospital from injuries he received in a tractor accident Wednesday afternoon of last week at the home of his parents, Mr. and Mrs. Emory Stevens, in the New Lynn community.

The child was run over and pinned to the ground by the tractor, which rolled back onto him after the driver had stopped the tractor to help the child's mother with some weed-cutting equipment that had come loose from the tractor.

The driver, John Huffman, said he "clutched" the tractor before letting off to help Mrs. Stevens, but that it rolled back, struck the child and pinned him to the ground.

The driver had to throw the tractor back into gear to move it off the child.

The youngster was brought to Garza Memorial Hospital and transferred Friday to the Plainview hospital.

His grandmother, Mrs. Alfred Haden of Route 3, told The Dispatch yesterday afternoon that a high fever the child is suffering from is attributed to a virus that has set in after the accident and not his injuries. She said a doctor at the hospital said the child would be able to go home "in a day or two" unless other complications develop.

Post musicians get top rating

Two saxophone quartets representing the Post schools received Division I ratings in the University Intramural League regional competition at Abilene Saturday.

One of the top-rated quartets was composed of Pat Martin, Karl Stanley, Arleta Robinson and Gary Hutto and the other of Gary Hutto, Karl Stanley, Arleta Robinson and Larry Cummings.

Division II ratings were received by a cornet trio of Mickey Taylor, Norman Tanner and Bo Hutchins and a clarinet quartet of Kay Little, Sherry Burks, Julie Clark and Linda Davis.

Division III ratings went to trombone soloist Zelika Freeman and violin soloist Emily Potts.

Final plans for airport approved

Final plans and specifications for the Post's airport have been approved by the Federal Aviation Agency, Ralph Douglas, airport engineer, informed Thomas W. Gambin, chairman of the city-county airport board, late yesterday afternoon.

The engineer told Gambin, "You should be getting notification of final approval from the FAA in a short time."

Gambin said the board could start work on the construction contract soon after receiving the FAA approval.

Hospital Administrator W. C. Stivers told hospital trustees at their May meeting last Thursday night that the other requirements to qualify for Medicare were that the medical staff by-laws be printed, that surgical policies and procedures be posted in the operating room, and a change be made in the hospital by-laws completed last Thursday night, to state that the admission of patients to the hospital will be made only on the recommendation of a physician and further that all hospital patients must be under the care of a physician.

Bob Collier and Frank Blanton were appointed by trustees as consulting pharmacists to the hospital. Administrator Stivers asked that the two pharmacists aid him in making a complete inventory of the hospital's drug supply.

Trustees asked Stivers to get estimates on the cost of enclosing the lobby deck with a partition to enlarge the hospital's office space and facilitate admission and dismissal procedures.

The April financial report of the hospital, made on the accrual basis, showed a loss of \$3,605.61 for the month, but an accumulative loss for 1966 (Jan. 1 through April 30) of only \$1,392.10. This compares with a loss for the first four months of 1965 of \$4,926.53.

★ HERE IS WHAT TO LISTEN FOR NOW!

Here we go again!

Post's storm warning signal has been officially changed to a high wailing sound, Mayor Harold Lucas announced this week.

It is the only storm signal which will be employed here this "tornado season" and will mean that danger is imminent and everyone should take cover.

The signal will be heard for a full three minutes.

When such storms threaten, law enforcement officers keep a storm watch outside the town and radio in any sighting of a funnel cloud so the storm signal button can be pushed.

The mayor emphasized that the signal is not just an alert, but means that danger is close and to take every precaution.

The storm signal system was hit by lightning in February but the system has been repaired to enable the "take cover" signal to be given.

Lucas said the high wailing tone is the official "take cover" signal of the national civil defense system.

City names five to library board

In two major developments this week, Post's City Council named a five-member city library board and the Friends of a Public Library board voted to spend approximately \$800 for the purchase of library equipment for the new city library.

The city council recently approved the remodeling of a vacant room in city hall for use as the library. City library books now at the Post High School library will be moved into the new library when facilities are ready.

Tom Gambin, president of the Friends of a Public Library, said an all-out membership campaign is planned by the organization to secure necessary funds for the purchase of the needed library equipment.

Tom Gambin, president of the Friends of a Public Library, said an all-out membership campaign is planned by the organization to secure necessary funds for the purchase of the needed library equipment.

It is hoped the new city library can be ready for its opening to the reading public early this summer. The city library board will be in charge of the operation of the new city library with the Friends of a Public Library rendering all assistance possible to the library effort.

Present membership in Friends of a Public Library to date includes 229 active members who have paid \$1 annual dues each, six sustaining members, who have paid \$5 each; three organizational members with the organizations paying \$5 each; and one patron membership of \$25.

It was reported to the board Tuesday night that the Graham HD club is the first organization in the county whose members are 100 per cent members of the Friends of a Public Library.

4-H Riding Club sets play day

New adult officers of the Garza County 4-H Riding Club were elected at a meeting last Thursday night and the first play day was set for Saturday, May 21, at the Post Stampede rodeo arena, with activities to get under way at 9 a.m.

Giles Dalby was elected president of the riding club's adult board of directors to succeed Bill Gordon, who was named vice president, Carrol Griesby was elected secretary, and Gladys Pennell, treasurer.

The ages for membership in the riding club were changed to 9 years through 19 instead of 8 through 20, which it was last year. The membership fee is \$2 for the year.

Boys and girls who have horses to ride and who are within the age limits are invited to join the club. Those wishing to join may do so at Saturday's play day.

The world is full of opportunities of all kinds for today's young man or woman. That's the point Postings wants to make today to graduating Post High School seniors in saluting their achievements to date in The Dispatch's annual graduation edition.

It's a time of real decision for the graduates and that decision primarily is one of setting an individual goal and aiming to achieve it. For many, your goals will lead through college halls. For others, it will not. But either way, a young person should set his or her goal in life and strive to achieve it — from the moment you walk off the platform with your high school diploma in your hand.

Postings today salutes an energetic new Post businessman, A. C. Cash, who today on page 3 announces his new firm, the Cash Implement Co., Post's new John Deere farm implement dealer. Cash is a community booster and worker and we wish him real success in his new business.

Whew! It was hot — until yesterday that is.

County Agent Syd Conner confirmed yesterday in our courthouse rounds what our skin had sensed Monday. The temperature banged right on up to 100 degrees Monday for the first "century day" of the new hot season. It cooled down to 97 Tuesday and then with a cool front moving in skidded off 33 degrees to a 64 yesterday morning at 10 a. m. when we helped Syd check the official temperature gauge on the courthouse lawn.

It was even hot Monday and Tuesday underground.

Syd reported the soil temperature at 24 degrees Monday (four inches in the ground (one of the two regular soil temperature measurements)) and 93 degrees for Tuesday's high at the 4-inch underground level.

Congressman George Mahon wrote us this week from Washington to report that in his opinion the unemployment compensation bill which would open up unemployment benefits to those who quit jobs and cost employers a great deal more is "dead for this session insofar as the House is concerned".

That's good news which we wanted to pass along to our readers. Mahon said a substitute bill of some kind might be developed later, but (See Postings, Page 5)

Commercial pact at lake 'okayed'

Development plan work under way

White River Water District directors and the ten Crosbyton men who comprise White River Marina, Inc., have agreed to all terms of a contract which gives the new corporation exclusive rights to commercial enterprises at the White River lake.

Actually, the contract is simply a contract to lease with the lease to be completed in the near future.

Al O'Brien, water district manager, said White River directors approved the contract at a special meeting Saturday morning at Crosbyton and the Crosbyton incorporators agreed later to accept changes in the contract made by the board.

The contract provides that the corporation shall lease land from the water district for commercial enterprises at the same rate as the lease of residential lots for the first five years. That rate is \$1 per front foot.

The contract provides that after five years, the water district has the right to increase or decrease the annual rental not to exceed two times.

In other words, the rental could be advanced if the enterprises were profitable, or decreased, if necessary, to help the corporation stay in business if the enterprises were having a hard time breaking even.

The corporation by the contract will receive exclusive rights to de-

velop commercial facilities at the lake as long as it provides all the facilities the board deems necessary.

The corporation organizers began work this week on their overall development plan which must receive board approval before construction begins. The development plan will set forth the size of the leases needed and the type of structures planned.

The contract drawn between the

water district and the corporation provides the corporation has 90 days to complete its overall plan or the contract will be void.

Actually, the corporation hopes to have the plan ready shortly so that construction can begin almost immediately, O'Brien told The Dispatch.

The corporation hopes to have its grocery store and gas pump open for business at the lake by the Fourth of July.

Lion Boss Jim Jackson asks that anyone knowing the names of handicapped children who might like to spend two weeks at the crippled children's camp at Kerrville turn the names of the children in to R. G. "Wilke" Wilkerson. So far, Jackson said, the Lions have only two children lined up to attend the camp this summer and would like to send as many as five.

Graduation will bring change

For more than fifty Post High School students, the last school bell of this year will mean graduation into fields of greater responsibility—either college or productive work in their communities, their nation and their families.

And that last school bell of the year will sound for these high school graduates before another week has gone by.

The habit of learning is the most valuable lesson these young people can carry away from their 12 years of formal education in the public schools. The ability to learn and adapt has

never before been such a part of living as it is in today's fast-changing world. It is still true that knowledge without action is futile, but it is more valid than ever before to observe that action without knowledge is disaster.

Yes, the last school bell of the year will bring change. May it bring also a time for these young people to gain new resolve to pursue the knowledge that awaits them in the classrooms to come and in all the years of their lives that lie ahead.—CD

We get some foreign aid

With the United States dishing out foreign aid right and left, it's truly noteworthy when we get something in return. And when we get it from such an unlikely place as Malaysia, it's almost unbelievable. But that's just what has happened.

Texas' newest institution of higher learning the University of Plano (just outside Dallas), recently acquired a valuable building by applying a reverse twist to foreign aid. The Federation of Malaysia built a \$375,000 Pavilion at the New York World's Fair. At the close of the fair, Malaysia made a gift of the building to the University of Plano.

Dismantling the building cost \$21,000, another \$2,600 was spent to ship it by rail to Texas, and reconstruction costs were \$22,900. That totals \$47,100 expenses, and coupled with the generosity of the Government of Malaysia it has provided the University of Plano with nine classrooms, seven administration offices, eight faculty offices and two student lounges.

But the building is only one of several unusual aspects at the University of Plano. Possibly because it is brand new and blessed with the vigor of youth, the school is showing a spirit of enterprise all too often lacking in schools where the ivy has developed a tight grip on the walls and sometimes on the thinking of those

within the walls. At a time when religion is being phased out of some colleges, the University of Plano is making it the cornerstone of its curriculum, even though it is not a church-related school. Four chaplains of different denominations superintend a key course in the principles of Moral Law.

Some schools pay scant attention to traditional American culture. But at Plano its various aspects are strongly featured in the curriculum, with the faculty including at least four outstanding proponents of American values.

Of course there's play, too—a riding academy and a riding ring, baseball diamonds and a track supervised by the famous Paul "Daffy" Dean of the pennant-winning St. Louis Cardinals, who has been named athletic coach. The curriculum is as modern as courses in data processing and airline administration and as basic as Latin and Greek, both of which are taught even in summer school.

In an era when so many universities seem to offer students nothing as stimulating as the kind of delinquency the students develop on their own, it is refreshing to hear of a college—and in Texas, too!—that generates and acts on new ideas.

And, thank you, Malaysia!—CD

Two winners in one county

The Dispatch this week adds its congratulations to all those being extended the wide-awake communities of Close City and Graham on winning district first places in the Texas Community Improvement Program.

It is most noteworthy when one community in a county wins a first place in the contest, and when you have two communities in the same county come through with flying colors, it is certainly something to boast about.

Since the Close City community also won

first place in its district last year, the two were competing in different divisions—Close City, as a previous winner, in Division I and Graham in Division II.

Having won in their district, these two communities now are looking ahead to the state contest, winners in which were scheduled to be announced this week.

Again, we say congratulations and wish them the best of luck in the state contest. Wouldn't it be something for one county to have two winners there!—CD

WE HERE AT The Dispatch office have noticed that there have been less inquiries than usual this spring about when the swimming pool will open. Wonder if the cooler weather has had anything to do with it.

A couple of weeks ago at the first primary election at the Youth Center, one of the election clerks found something that one of the voters evidently dropped while looking for his (or her) poll tax receipt. The election worker turned this lost item over to me and I'm looking for the owner. It is undoubtedly a keepsake that the owner would like to have back. If you lost something at the election, drop by The Dispatch office or give me a buzz on the telephone and tell me what it was. I might have it.

THE MAN UP the street describes confidence as that quiet, self-assured feeling you have—just before you fall flat on your face.

Here is one of the contributions I didn't get around to running in last Thursday's column. They are "Recipes of Happiness" and I thank Gloria Duke for being thoughtful enough to contribute them to us.

PRESERVING CHILDREN Take 1 large field, half a dozen children, 2 or 3 small dogs, a pinch of brook and some pebbles.

Mix the children and dogs well together; sprinkle the field with flowers.

Spread over all a deep blue sky and bake in the sun.

When brown set away to cool in the bath tub.

HAPPINESS PIE Take 2 heaping cups of sunshine, 3 teaspoons of kindness, 1 cup of real old-fashioned sympathy. Mix thoroughly with 3 cups of liquid good will. Bake in the natural fire of one's own good character. Serve three times per day, seven days per week on the golden plates of memory.

The clipping I ran last Thursday on the worn-out candidate, coming as it did right after the election, made a big hit. E. C. Smallwood of Southland was still chuckling over it when I talked to him at Saturday's county Democratic convention. E. C. said he particularly liked the part about the candidate being "baptized four times by immersion, twice by other ways."

Carl Miller of the Raymondville Chronicle apparently has been running into the same sort of trouble some of us other newspaper people have. He writes as follows:

"Every country editor knows how it feels when someone comes in and remarks, 'Cancel my subscription: I just don't read newspapers any more.' Perhaps there isn't any way of convincing a subscriber that he gets far more out of a weekly newspaper than a resume of what is going on in the community.

"When you come right down to it, few other items that come into the home serve so many purposes as a newspaper.

"When you were a kid in school you discovered that no other kind of paper equals a well-chewed newspaper for making spitballs. To stick on a ceiling or a wall, spitballs made of newspaper have zing and direction. They stick so well it takes a coal shovel to dislodge them.

"What would the old-time butcher have done without newspapers for wrapping soup bones, fish and hamburger meat.

"How many mothers have used newspapers for covering shelves in the kitchen when they want to store pots and pans? Spread on chairs, they can be used for hanging pictures or sweeping cobwebs

'West Texas Boys Ranch Week' begins May 23 in Garza County

Giles Dalby, Wagon Boss of Garza County for the 1966 West Texas Boys Ranch Annual Round-Up announced today that the week of May 23 has been designated as "West Texas Boys Ranch Week" in Garza County with a concentrated effort being put forth to obtain as many sheep and goat contributions to the Round-Up as possible.

Due to recent rains and market conditions and the fact that the Ranch needs help now, we have asked for this help during this special week during the Round-Up," Roddy Peeples, general Round-Up chairman said. "We know that each county will want to take advantage of this effort during the week of May 23rd and pitch in and do their part by cooperating with their Wagon Boss to help the Hard Luck Boys at West Texas Boys Ranch near San Angelo."

The annual Round-Up is one of the major fund raising drives conducted by the Ranch each year. The Ranch is supported solely by the free will cash or livestock contributions of West Texans. West Texas Boys Ranch has served over 750 boys since 1947, currently has

64 boys in residence, and is opening additional space for 32 more boys May 28th.

"Sheep and goat donations will be accepted any time during Round-Up, we are just trying to get as many contributed at one time as possible during the week of May 23rd to show the Boys Ranch that Garza County is behind them," said Dalby.

Soil Stewardship Week is observed

"Crisis in the Countryside" is the theme for this year's observance of Soil Stewardship Week, according to Wayne Williams, chairman of the board of supervisors of the Garza County Soil and Water Conservation District.

The observance is under way this week by Soil and Water Conservation districts throughout America.

Many of us when we hear the term stewardship immediately think of men in the ministry as those who are qualified to speak on the subject. Many of us also take the attitude that we are not affected by stewardship of our re-

sources, but this is not true. Most of us would like to pass responsibility on to a few not recognizing we all have an interest, a stake or a share in the stewardship or conservation and development of these resources.

Good food and clothing is important to all mankind — however, many countries do not enjoy the wonderful food supply we here in the United States often overlook as a blessing. Neither are many nations well dressed. Good stewards will help keep us well fed and well dressed. They will keep the soil where it is so that they do not contribute to the silt that fills the lakes we depend on for our water supply—and incidentally silt is also a pollutant. Good stewards not only are developing and conserving for future generations but will make more money with less expense today than those who do not. Ask your bankers or other loaning agencies which is the better loan risk—the conservationist or non-conservationist.

Conservation and Stewardship will and is doing much toward keeping our county beautiful. It is responsible for the bountiful supply of wildlife, lovely woodlands and clear streams for better and more enjoyable recreation.

These things we all have an interest in and share of the responsibility lies with each of us. The economy of our state and nation is greatly affected by Stewardship. In Texas, agriculture is second only to oil as the biggest industry. Although only about 8 per cent of our people are actually farmers or ranchers over 40 per cent of our people are employed

DINNER GUESTS

Mother's Day dinner guests of Mr. and Mrs. Sam Horton and S. A. were her brother-in-law and sister, Mr. and Mrs. Frank A. Casey Sr., of Capistrano Beach, Calif., the Horton's daughter, Mrs. Jerry Funderburg, and children of Rankin; a niece and family, the R. E. Hoovers of Northfield, and the Weldon Horton family.

to handle agricultural products. Processing and distribution employs many people.

Our agriculture in America uses more steel, rubber, petroleum, and chemical products than any other industry—add these few examples to many more and then ask yourself who you are, or whatever you do, if you do not have a share of the responsibility for Stewardship of our resources. Let us remember.

... for what the land perisheth and is burned up like a wilderness, that none passeth through? And the Lord saith, Because they have forsaken my law which I set before them...

whatever your future path may be...

Your success will be measured by initiative and effort. Our best to you.

Card of Thanks

There are no words in which I can express the thanks and gratitude to everyone for the many kind deeds that were done for us during my ten-week stay in the hospital. To the ones who visited, sent cards and flowers, gave me many words of encouragement and to the ones who were thoughtful enough to come sit with J. C. during the long hours while I was in the intensive care unit, also to the ones who have been so thoughtful and helping in so many ways since I have returned home, I say thank you and may God bless you and may you never have to go through anything like I just have. Thank you again.

We want to thank the friends and neighbors who remembered us with food, flowers, cards and prayers during the loss of our loved one, Mandy Jackson. The beautiful floral offerings were especially appreciated.

Recent bride is honored with shower here Monday evening

A bridal shower was held for Mrs. Jimmie Don Williams Monday night at the Community Room. Mrs. Williams is a recent bride, and she and her husband are students at Texas Tech.

Registering guests between 7:30 and 9 o'clock was the honoree's sister-in-law, Mrs. Larry Williams, of Lubbock.

Those in the receiving line were Mrs. L. C. Herron, the honoree, her mother-in-law, Mrs. Joe Williams, and her grandmother-in-law, Mrs. Shuffield.

Streamers described with "Patricia" and "Jimmie Don" extended from a centerpiece of white and blue carnations topped by an umbrella. Wedding bells hung from the arrangement, and a miniature bride and groom completed the decor.

Hostesses alternated with serving punch and cake squares from a table covered with white lace over blue.

Mr. and Mrs. Denver Shuffield and daughter of Lubbock, brother-in-law and sister-in-law of Mrs. Joe Williams, were out-of-town guests.

Hostesses, who presented the

honoree with individual gifts, were: Mmes. Bailey Matster, Herron, James Stone, Billy Hahn, Richard Vardiman, R. E. Shedd, Russell Orr, Gilbert Blodgett, Reese Hodges, Leon Barnes, Marion Duncan, David Midkiff, Arnold Parrish, Ed Neff, Evelyn Neff and Elton Lee.

Graduation tea is held Sunday

A graduation tea honoring Miss Julia Childs was held Sunday at the Community Room by her mother, Mrs. W. H. Childs. Julia is a spring semester student at South Plains College at Levelland and will return to Post to graduate with her senior class.

Receiving guests between the hours of 2 and 4 o'clock were the honoree, her mother, her grandmother, Mrs. B. C. Childs, and her aunts, Mrs. Mike Custer, and Mrs. Harold Childs of San Angelo.

Eighty guests were registered by Mrs. Noel Norman of Amarillo, cousin of Julia, and Miss Janet Childs.

Guests were served cake squares with girl graduates on top and gold punch from a table laid with black net over gold. The centerpiece was an arrangement of gold mums surrounded by black silhouettes of graduate heads.

Serving were Misses Linda Altman, Nedra Childs, Cheri Cummings, Peggy Kirksey of Slaton, cousin of the honoree, and Mrs. Norman. Members of the house party were Mrs. Douglas Tipton, Mrs. Thurman Maddox and Miss Donna Maddox.

Rehearsal dinner held Friday for bridal pair

Mrs. James Doggett was hostess for a rehearsal dinner at the Fellowship Hall of the Calvary Baptist Church May 6 for the wedding party of Miss Theresa Dean and Lee Doggett.

A centerpiece of pink and white flowers was used to carry out the bride-elect's chosen colors.

The menu consisted of baked ham, creamed potatoes, green beans, corn, sour-cream salad, celery sticks, vegetable salad, olives, coffee, tea, and German chocolate cake.

Assisting with hospitalities were Mrs. Walter Crider and Mrs. Hugh Blevins and Jennifer of Lubbock. Approximately 29 guests were present.

13 members at Friday the 13th club meeting

Thirteen members enjoyed the Friday 13th meeting of the Priscilla Club in the home Mrs. O. H. Hoover.

Mrs. Hoover served frozen fruit salad, party wafers, ice cream, cake and coffee to the following:

Mmes. E. L. Duncan, Robert Cox, L. A. Barrow, J. W. Willis, Morris Neff, Keith Kemp, Jess Hendrix, Dean Robinson, Inez Satterwhite, Monroe Lane, C. W. Terry, and N. C. Outlaw.

Layette shower is held for Mrs. Jimmy Sharp

Mrs. Jimmy Sharp was honoree at a layette shower held Tuesday from 7:30 until 9 o'clock in the evening in the home of Mrs. J. B. Potts.

Traditional colors of pink and blue were carried out. Punch and cookies were served to 25 guests.

Hostesses were Mmes. R. A. Duncan, T. C. Clark, Leldon Miller and Potts.

I had to get back this week if for no other reason than to be sure that "they" didn't flub the beginning of my column again.

Well, anyway it saved me trying to think of a column head this week because I'm going to repeat last week's. It was intended to read: "What a golden opportunity! Settle back and I'll tell you all about my operation."

Maybe it was just as well that it got a bit garbled because more readers probably continued reading the rest of the column. After all no one wants to hear about any one else's operation if they can't retaliate.

The wind at the barbecue for "our" athletes at the park Saturday evening was high enough to remind me of the time the C family was traveling through Nebraska on a vacation and cooked out in a park one evening. The wind was blowing about 70 miles per hour and after fighting hard and long to get a fire started, we finally came up with a Girl Scout-type concoction of ground meat and spaghetti. The wind was strong enough to pick up the skillet and upset the contents all over our nice clean quilt. That being the complete menu, we scooped it up, put it on plates, which we held firmly, and ate. I never did get to eat a potato chip at the park Saturday night. The wind kept taking them. However, the barbecue, cole slaw, beans and those yummy cakes, baked by loving mothers, made that seem immaterial.

The C's ate with the A. C. Cashers at the barbecue and discussed among other things, A. C.'s new business venture and their son, Rex. Mr. C and I are always amused at the number of "wheels" that Rex keeps parked in front of their house. He has wagons, cars, tricycles, bicycles and until recently three small tractors. He now has only one tractor painted green with yellow letters proclaiming it to be a "John Deere."

The other two, entitled "Brand X and X", seem to have faded away.

For once I was glad to see that one of the leaders of the antiwar march in Washington during the weekend was Dr. Benjamin Spock, pediatrician and writer of many books on how to raise children.

The reason I was glad to see this is I figured lots of children will be better off if Dr. Spock continues his time with his newly chosen work rather than trying to tell mothers how to raise their offspring.

I think this man is single-handedly responsible for putting pacifiers (he seems to be quite a pacifist) into the mouths of untold thousands of children (which I'm against) and also for lots of permissiveness in children (which I'm against).

A few years back he realized what he'd done with this permissiveness and tried to act like parents had read him incorrectly, but they hadn't.

Needless to say the C's do not have Spock-raised children. Any mistakes we made were our very own.

Mr. C always says he can tell when I'm feeling good because I start being grumpy. So, you can see I'm back to normal and into the swing of life again.

Mrs. Jerry Thuett is elected Young Homemakers president

Mmes. Junior Gray, Bobby Cowdrey, Howard, Carter White, Richardson, Stone, Thuett, Carpenter and Jimmie Redman.

Shower held here for Mrs. Martin

Pink and white colors were used in the decor when Mrs. Connie Martin was complimented with a layette shower Monday night in the home of Mrs. Sexton Huntley.

Approximately 30 guests registered during the hours of 7:30 and 9 o'clock.

Mrs. Jackie Baldree and Miss Ruthell Martin served cookies, mints, nuts, coffee and punch from a table centered with a flower arrangement enhanced with a stork. Crystals appointments were used.

The hostesses, who presented the honoree with a high chair, sterilizer and baby book, were: Mmes. Billy Littrell, Sidney Pierce, Hal Jones, Walter Jones, J. B. Robinson, Huntley, Grover Bruster, Deljuan Wilson, Warren Hays, John Redman, Harold Britton, Roy Ethridge, Colie Gattin, Hubert Anthony, Albert Mitchell, Bob Pool, E. R. Moreland, Jean De La Rue, F. H. Hodges, Glenn Wheatley, Verda Drake, W. C. "Mutt" Graves, and Miss Barbara Holleman.

How to swallow a bitter pill

First, find a bitter pill. There are so few nowadays. It all started because children, bless 'em, are so good at resisting bad-tasting medicine. You can medicate their chins or hair, but getting the stuff in them is beyond the ken of science. Kids can spit a country mile. So pharmacists began sugar-coating pills, putting medication in capsules, or mixing with sweet syrup. And we soon found that adults, too, like medicine the easy way. So now, most of our prescriptions are quite pleasant to take. If you should run into one of the few bitter ones, believe us, there are good medical reasons for it.

Who's Who selections made at high school

Every year ten per cent of the Senior class is chosen for Who's Who. These students are chosen by the faculty. They have each excelled in leadership, scholarship and citizenship. The six students chosen this year are: Mary Barnes, Carol Camp, Betty Hutchins, Rickey Welch, Fernando Raymundo and Billy Hahn.

Mary Barnes is valedictorian and is well liked by her fellow classmates. She was chosen Senior class favorite, and is president of FTA. She holds offices in various clubs including FHA, Student Council, Choir, and is also a class officer. She is a member of the National Honor Society, Girl's Sxist and the First Baptist Church. She plans to attend college at Hardin-Simmons next fall.

Cerretha's Chatter

By Cerretha Jones

The last month has been most hectic for Seniors, especially for those in bookkeeping. Outside of working madly away, we've been having a great time.

Mary Barnes, Carol Camp, and Rickey Welch are working hard away on their speeches. Best of luck.

Pam Owen was hostess to a Mexican supper Thursday night for the girls. Afterwards they played spades and listened to records. Those attending were: Dixie Lucas, Sharla Pierce, Joyce Ledbetter, Carol Camp, Beverly Duncan, Arleta Robinson, Cathi Orf, Pat Landreth, Pat Martin, Marilyn Jones, Mary Barnes, Cheri Cummings, Betty Hutchins, Judy McCampbell and Cerretha Jones.

Everyone is looking forward to the party the Senior mothers are giving next Friday in the gym.

Sue Cornell and Wanda Mitchell treated Marilyn Jones, Beverly Duncan, Carol Camp and Cerretha Jones to Lubbock Wednesday. They dined at the Ming Tree and went to the Lindsey to see "A Patch of Blue."

Donnie Cornell was host to a snack and swim party last Friday night. It was rather "airish" but everyone had a great time. We came away with the sniffles and a sore tonsil here and there and some great memories!

Student Council, National Honor Society, and her local MYF. She is a hard worker on the paper staff. Betty ranks high scholastically and is a delightful person in the halls of PHS.

Rickey Welch, a football, basketball, and track star, is this year's salutatorian. He was selected by the student body as "Mr. PHS." He has been class president and has held other class offices. He is Pep Squad sweetheart, Student Council president, a member of FTA, National Honor Society, and was in the Senior play. Rickey is a member of MYF and is outstanding at anything he undertakes.

Fernando Raymundo has acted as manager of the football team for four years. He is a very patient and outstanding student in all phases of high school life. He is a member of the National Honor Society, president of the Spanish Club, and was elected as Spanish King last year. He is active in FTA and is a welcome sight wherever he goes.

Billy Hahn rates high scholastically. He played football and was a member of both the Junior and Senior play casts. He is a member of the National Honor Society, TFA, and is outstanding in all of his classes.

To the People of Garza County 74th Legislative District of Texas:

I am deeply grateful for having been reelected as your State Representative. It was most pleasant visiting with many of you during my campaign, and it is with pleasure I am looking forward to serving this district. I shall strive to serve in an efficient and worthy manner.

Sincerely,

RENAL B. ROSSON

GOD'S WORD for a NEW AGE

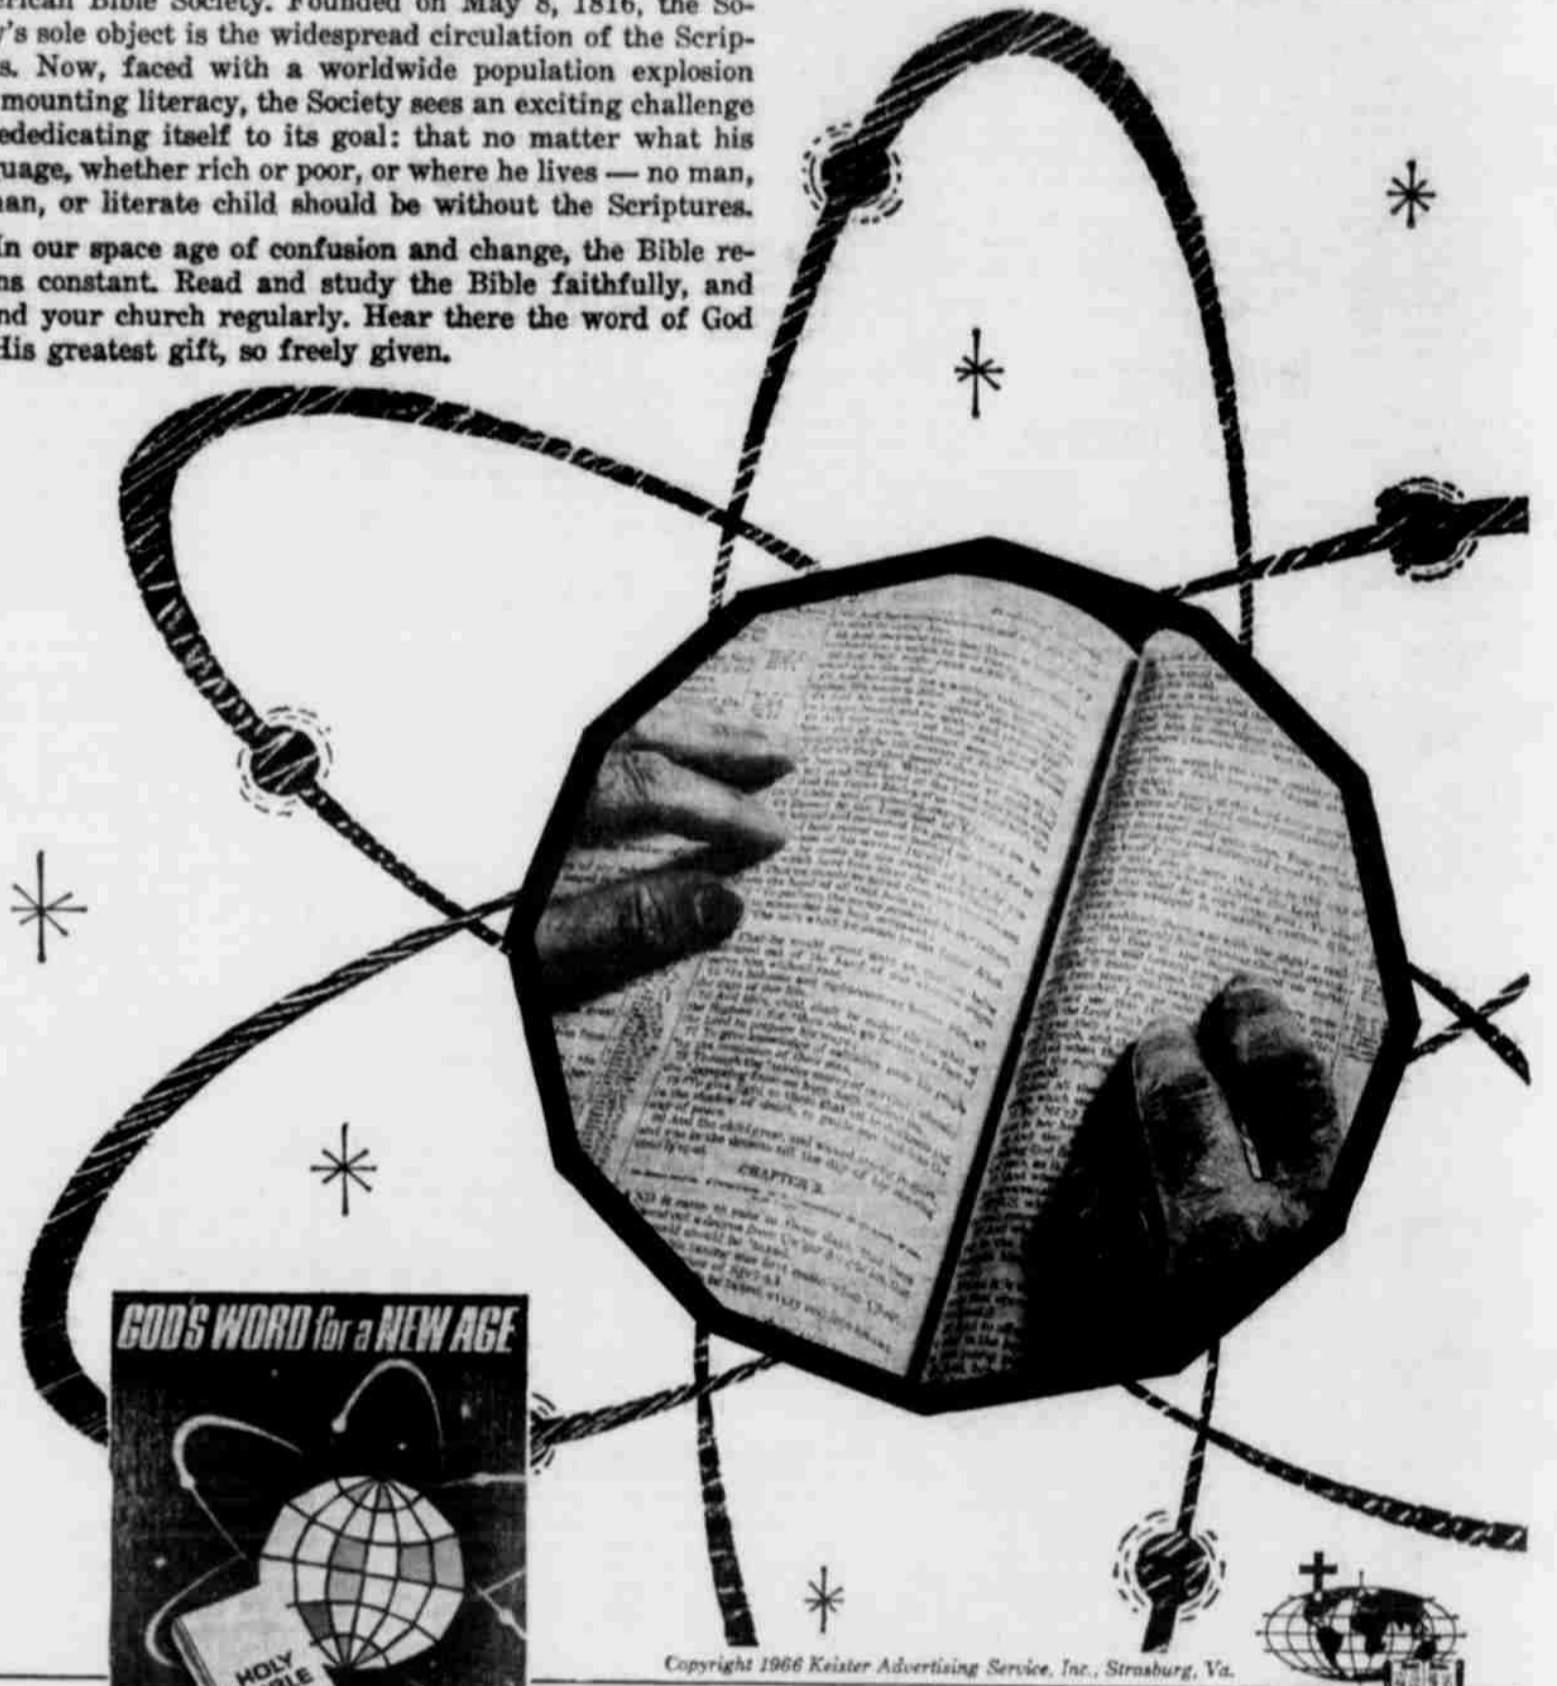

An old man in Australia holds his Bible with shaking hands. Painstakingly his pointing finger follows along a well-loved passage. In a village in Guatemala an Indian lad reads joyfully from a New Testament written in elementary Spanish. In a rural area of Japan a lively youth group discusses the Scriptures using Bibles printed in their mother tongue.

People like these, and thousands more in every corner of the earth, read Bibles today because of the work of the American Bible Society. Founded on May 8, 1816, the Society's sole object is the widespread circulation of the Scriptures. Now, faced with a worldwide population explosion and mounting literacy, the Society sees an exciting challenge in rededicating itself to its goal: that no matter what his language, whether rich or poor, or where he lives — no man, woman, or literate child should be without the Scriptures.

In our space age of confusion and change, the Bible remains constant. Read and study the Bible faithfully, and attend your church regularly. Hear there the word of God — His greatest gift, so freely given.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Top three graduates pen autobiographies

MARY BARNES
 July 29, 1948. Reliable sources say that when I was born, although I don't remember it, those reliable sources include my parents, Mr. and Mrs. Leon Barnes, and three older brothers, Don, Ken, and Neal. I rather suspect that I was a spoiled baby, being the only girl.
 My childhood went very smoothly and normally. I think I can remember my share of dolls, mud pies, doodle bugs, and spankings. I did not, however, climb trees, explore, or tag along with my brothers. I was strictly a female figure.
 At intermittent times during my life, we have moved. The first move came when I was six months old, when we went from Abilene to Wichita Falls. When I was one, my father began teaching, and the first school was in Union.

I remember most distinctively the birth and six months later the death of my baby sister who died of a heart disease. Another thing which stands out in memory is the wonderful love and attention given to me by my parents and other parts of the family.
 When I was five years old I entered kindergarten, and the next year I started to school at Shawmut Elementary School. There for two years I received my basic education, but then tragedy struck so I thought. The textile mill where my parents worked started closing down, so my father was forced to look for a better job. His choice was in the oil fields of a West Texas town of Seminole. But finding this type of work not suiting him, we moved to Post, Tex., where both parents began working in Postex Cotton Mill. Thus the kind of job that almost destroyed our way of life brought us back to a better life.
 We settled in Post in 1956 when I was eight years old. I started the third grade at the Post schools where I met several friends, but among the best was a Latin-American boy named Richard. We were the best of buddies for several years, but Richard was destined for another life, so our lives parted.
 I had numerous friends those first few years and they were so friendly that I finally decided that I was very glad we had moved to Post. My teachers were all very wonderful, but one stands above all the rest by having a direct influence on my life and that was Mrs. Hudman. I am very thankful for the influence which all these teachers has on me and let me now thank them so very, very, much.
 When I entered Junior High School I became active in football, band, basketball and track. Looking back at these years I can see that they were the turning point in my life. I studied hard, learned a lot about life and actually I found myself. After being fourth in my eighth grade graduating class I entered Post High School with an enthusiastic outlook.
 I studied hard all four years in high school and I participated in all the activities I could. My activities at Post High School included football, basketball, track, band, Science and Math Club, National Honor Society, president and vice president of the Student Council, and one of the captains of the football team.
 My Senior year has been the climax to my life so far. I was deeply honored to be named Mr. PHS, Post Squad Sweetheart, and along with Ruben Solis, my good friend, the outstanding athlete of Post High School. But I must remember that it was the students of PHS who made these things possible and I thank them from the bottom of my heart. I was further honored by being named Salutatorian of this year's graduating class because of my grade average. This is truly one of the honors I will most cherish.
 I would further like to thank everyone who has made my life what it is, especially my friends, my church, and my mother and father.

CAROL CAMP
 Eighteen years ago marked the beginning of my life and a happy life it has been. My first six years were spent in pestering my brother and his friends. I began school with the great expectation of homework of which to this day, I have regretted. Throughout grade school I was known for my love of glue. In the seventh and eighth grades, I enjoyed playing basketball and being in the high school choir. I was graduated third in my class from the eighth grade.
 You could say I was a typical Freshman because I ate the dreadful cheese, ate raw onions, and answered every whim of the Seniors.
 During my sophomore year the two big highlights were the Christmas parade and a trip to Big Bend National Park. That year our class won "Most Unique" with our float and the Science and Math Club journeyed to Big Bend.
 As a Junior I helped to build a float that won first place and this was important because we beat the Fantasyland Banquet and how beautiful it was the night before the banquet.
 My Senior year has been filled with all the hopes and dreams every Senior should have. The Senior play was the big occasion because I was an old hag and who would not want to be a hag. As the year draws to a close, I am enjoying wonderful parties with my friends.
 This summer, I am going to Colorado to teach swimming in a summer camp. In the fall, I plan to attend the University of Texas and major in English.

RICKEY WELCH
 Born on Sunday, Jan. 25, 1949, to the family of Mr. and Mrs. L. F. Welch of Shawmut, Ala., in a small cottage-looking hospital was Rickey Lee Welch. Named after his grandfather, he was the only son born to the family, although he has a stepbrother and later a sister.
 The first few years of my life were the same as most babies. However, I do remember vaguely the country music that was so prevalent at that time. But the thing

THIS IS IT!
 You've done well! Keep up the good work.

Congratulations '66 Grads

All of us here at The First National Bank are proud of you and your accomplishments as you prepare to don caps and gowns and march down the aisle to receive your Post High School diplomas.

This is the end of one very rewarding part of your lives—but actually only a preparatory period for what still lies ahead of you — the opportunity to make your own places in the remarkable American world during a remarkable age.

Many of you will go on to college for additional preparation for rich and rewarding adult lives.

We wish you success in attaining the goals which you have set for yourselves. Success will come if you apply the educational tools which have been put in your hands. But the tools cannot do the work all by themselves.

Here at the bank, we also are proud of the school system from which you will graduate, proud of the faculty who have worked with you through the 12 busy years of your schooling here, proud of the good citizens of this community who have worked and served in many capacities to make educational opportunities available to you in a progressive school system and especially proud of your parents who have worked and sacrificed to make this graduation day possible.

Good luck in the years ahead!

there does not seem to be any indication of this at the present time. The Congressman said he had received several hundred letters concerning the bill and from the start Mahon has answered each by saying he didn't believe Congress would approve the bill in its present form and that he opposed it as written. The moral of this story is that writing letters to your congressman is important and your letters do carry weight in the law-making chambers.

Both accidents involved one car ramming into the rear of another. Mrs. Della L. New shredder is to be purchased

The city Council voted to purchase a new shredder in a brief business session that grew out of a condemnation hearing Tuesday afternoon.

The shredder, which is used to cut weeds in alleys and on vacant lots, will be attached to the city tractor to replace the present worn-out shredder.

The council also discussed the upcoming city-wide clean-up drive, but did not set a date for the campaign, which Mayor Harold Lucas said "will have to be sometime soon."

The council also heard a report by City Supt. Eddie Warren on spraying for mosquitoes, which he said got under way last week and will be continued as long as needed.

In the only other action, the council appointed a library board, with the appointees to be contacted to see if they will serve.

The condemnation hearing had been set on the old Garza Theatre building, which burned several weeks ago. The council has been informed by the owners that the building has been fixed up to get it out of the "fire hazard" category.

Undefeated Indians leading BR League; protests filed

The Indians have taken a firmer grip on the Babe Ruth League championship with four straight victories since Tuesday of last week, but one of the wins has been protested by A. J. Howell Jr., manager of the Cubs.

The Cubs' 10-5 win over the Indians Tuesday night also has been protested.

The protested game involving the Indians was a make-up game played Saturday night. Manager How-

ell filed his protest after the first pitch of the game, alleging that Collazo, the Indian hurler, was pitching in his second straight game, which is illegal under league rules.

The final score of the protested game was Indians 23, Cubs 6.

The protest filed by the White Sox manager in his team's game with the Cubs involved an umpire's decision in which Hair, White Sox catcher, was called out after crossing the plate from the batter's box

while being given an intentional walk.

In Tuesday night's first game, the Indians defeated the Pirates, 7 to 4, with D. Odom the winning pitcher and G. Martin the loser.

J. Stone pitched the Pirates to a 16-0 win over the Cubs Friday night, allowing only one hit, a single by Frank Hernandez, Jerry Bratcher was the losing pitcher.

Collazo was the winning pitcher in the Indians' 9-3 win over the Braves Friday night, with Usery the loser.

The Pirates scored two runs in the bottom of the fifth last Thursday night to edge the Braves, 4 to 3. Perez' single scored Blacklock, who had walked, and Usery, who had been hit by a pitched ball, to give the Pirates the win. Dennis Dodson was the winning pitcher and G. Martin the loser.

Barbecue Saturday

Five Post athletes named outstanding

Outstanding Post High School athletes in four categories were named Saturday evening at an all-city barbecue in the City-County Park, attended by approximately 100 athletes, their coaches and parents.

Unable to decide between Ricky

Welch and Ruben Solis for all-around boy athlete honors, those making the selections named both boys for the honor.

Linda Altman was named as the best all-around girl athlete; Donnie Cornell as outstanding football player; Ronnie Pierce as outstanding boy basketball player and Marilyn Jones as outstanding girl basketball player.

The selections were announced by Glynn Gregg, athletic director and head football coach.

The names of the five athletes honored will be engraved on a plaque in the trophy case at the high school gym.

The barbecue was sponsored by the Antelope Booster Club and mothers of the football and basketball players. Barbecue and all the trimmings, including homemade cakes, were served. The only thing interfering with the event was a stiff wind that made eating difficult, but no less enjoyable.

Crawford rites held Saturday

P. W. Crawford, 84, of Lubbock, was buried in Southland Cemetery Tuesday following funeral services at Lubbock.

Mr. Crawford, a native of Alabama, died at 2 p. m. Friday in a Lubbock convalescent home.

Survivors include his wife; four sons, R. F. and Richard of Lubbock, Clifford of Littlefield and Payton Crawford of Southland; one daughter, Mrs. E. R. Balch of Lubbock; 25 grandchildren and a number of great-grandchildren.

The Rev. Tommy Wilson, pastor of the Southland Methodist Church, officiated at the funeral services.

Conversion of Postal Savings investments to U. S. bonds is urged

Postmaster A. J. McAlister today urged local citizens who have funds on deposit in the abolished Postal Savings System to convert their holdings into U. S. Savings Bonds.

Among the special advantages of converting Postal Savings investments into U. S. Savings Bonds, the postmaster said, are in the Savings Bonds new higher interest rate of 4.15 per cent.

Postmaster McAlister said details about the procedure for conversion can be obtained at the post office.

The Postal Savings System, which had been in operation since Jan. 1, 1911, was discontinued April 27 of this year by Act of Congress.

The Post team will play league games on Thursday and Saturday nights and non-league practice games on Wednesday nights, the manager said.

Cardinals and Dodgers

Little League leaders clash Saturday night

Highlighting this week's Little League action will be a game Saturday night between the undefeated Cardinals and the Dodgers, who have been coming on strong in their last few games.

Going into tonight's games, the Cards are leading the league with a 5-0 mark, while the Dodgers are in second place with three wins and one loss.

Before tying into the Cardinals Saturday night, the Dodgers have a game tonight with the Red Sox, who have won two and lost two.

The Dodgers defeated the Wildcats, 4 to 2, last Thursday night to take over second place, then trounced the Tigers, 13-2, Saturday night.

In Monday night's games, the Wildcats bounced back against the winless Yankees with a 16-6 decision and the Cards overwhelmed the Tigers, 19 to 3.

Reginald Moore went all the way for the Cards against the Tigers, while Jimmy Dooley, who also went the distance, was the losing pitcher. Moore allowed the losers only one hit, a sixth inning single by first baseman Ray Bell. The Cards got nine hits off Dooley, with Moore, Kelly Duren and Jerry Saldivar getting two apiece.

John Redman and G. Branson combined to pitch a no-hitter in

the Wildcats' 16-6 triumph over the Yankees, the losers' runs coming as the result of bases on balls and errors. The winners combed Jimmy Smith and Jackie Blacklock for seven hits, with Mark Clayton and Wilson getting two apiece. Redman was the winning pitcher and Smith the loser.

R. Mindieta pitched the Cards to

a 6-2 win over the Red Sox Saturday night, with Woods the losing pitcher. The losers' two runs came in the fourth inning on singles by Blacklock, Zachary and Woods and a double by Earthman. Shortstop Jerry Saldivar got four hits in as many trips to the plate for the Cards.

Kyle Josey held the Tigers to one hit, a single by Windham, in hurling the Dodgers to a 13-2 win over the Tigers Saturday night. The Dodgers collected nine hits off Torres, with Kim Owen, Danny Rose, Josey and R. Hair getting two apiece.

Kim Owen was the winning pitcher in the Dodgers' 4-2 win over the Wildcats last Thursday night, with Mark Clayton absorbing the loss. Owen helped his own cause with a solo homer in the second inning. G. Branson and B. Hudman were the Wildcats' leading hitters with two each.

Buddy Blacklock was the winning pitcher and Dudley the loser in the Red Sox' 18-3 win over the Yankees Thursday night. The winners got nine hits to the losers' four, with Stone, Wood and Lee getting two apiece for the Red Sox.

'Citizens of Month' for May are selected at Post Jr. High School

"Citizens of the Month" for May have been selected at Post Junior High School, with the honors going to Wilma Bullard, 6th grade; Robert Bullock, 7th grade, and Debra Hays, 8th grade.

The following statements were made in connection with the best citizen selections:

WILMA BULLARD: "A smile of happiness and good-will beams perpetually from the face of our 6th grade citizen of the month, Wilma Bullard. She is like a ray of sunshine in the classroom, hallways and on the playground. Although serious in responsibilities, she never lets little problems depress her. She returns unkind words with a smile and spreads good-will wherever she goes. She

is respectful of others, kind and courteous.

"Wilma seems to take a real joy from the challenges of school work and she participates actively and energetically in school activities. An inquiring mind and a constant striving for improvement are excellent character traits in this young lady.

"We congratulate Wilma for her integrity, respectfulness and joyous attitude toward life which make her an outstanding student."

"ROBERT BULLOCK came to our school during the first semester. He has fine qualities of leadership, is quick-witted, and a friend to many in Junior High School.

"Sports such as baseball and football are favorites of his. This student has blossomed in the major subjects and is courteous to everyone. Let's give three cheers for a good student — Robert Bullock."

"DEBRA HAYS is an excellent example of good citizenship at all times and in all situations. She is an avid worker with a real purpose in life: the giving of her best to all worthwhile activities. Petiteness and mediocrity have no place in her Christian life. Wholesome attractiveness glows from her inner assurance of assignments well done.

"Debra has earned the right to be the 8th grade citizen of the month, an appropriate honor to conclude her junior high years and a 'star to steer by' in the future."

Agent's position to Janice Miller

Miss Janice Miller, who last summer served as a junior assistant agent-in-training with the Garza County Home Demonstration agent, Mrs. Juanette Gentry, will become Mitchell County home demonstration agent June 1 with offices at Colorado City.

Miss Miller will replace Miss Idalia Wood, who resigned recently to accept the Nolan County home demonstration position at Sweetwater.

The new Extension agent will graduate from Texas Tech this spring with a B. S. degree in Home Economics.

Mrs. Aubrey Russell of Lubbock, Extension district agent, said Miss Miller was selected for the Mitchell County position on the basis of her performance as a junior assistant agent and because of her outstanding record of achievement in 4-H Club work.

The new agent graduated from Floydada High School in 1962. Her parents are Mr. and Mrs. W. L. Miller of Lubbock.

Two Post boys leave for Job Corps centers

Two Post boys, Floyd Moreau and Alton Steele, left recently for Job Corps centers, Moreau going to the center at Morganfield, Ky., and Steele to the one at Isabella, Minn.

R. C. Bunting, office manager of the Texas Employment Commission, Lubbock, said the boys will be given the opportunity at the centers to receive training in a job skill that will help them to get a good job when they return.

Moreau is the son of Mrs. Helene Dunn of 501 Jasper St., and Steele is the son of Mrs. Sirloma Steele of 310-A Oak St.

Bunting said the TEC office can enroll boys for the Job Corps until June 30 without regard to quota. Requirements for enrollment specify that youths be 16 through 21 years nine months old, be out of school three months and have a desire to learn a skill. Parents must sign consent forms for boys under 21.

The pay is \$60 per month, with room, board, medical and dental care being furnished plus uniforms. In addition to the \$30 per month, \$50 per month is set aside for the boy and paid to him upon his graduation. Up to \$25 of this may be sent to his parents each month and the Job Corps will match the amount the boy sends home.

Bunting announced that Mrs. Sunny McGinnis of the Lubbock office will be at the commissioners' courtroom at the courthouse in Post on Wednesday, May 25, to interview boys interested in learning more about the Job Corps. Parents are invited to be present during the interview.
