# Oil firm to purchase surplus water from White River Lake

## Sun Oil signs 20-year pact

First major contract for the sale of surplus water from the White River Lake was announced today by the White River Municipal Water District.

Sun Oil Company and the district have signed a 20-year contract for the use of lake water for a 23-well waterflood project in Garza County south of Post.

The Dallas oil firm has agreed to purchase up to 766.5 million gallons of water through 1987 at a total cost of approximately \$430,000—providing the waterflood operation proves successful.

SUN WILL PAY 53.57 cents per thousand gallons to the water district for filtered water delivered in Post. The four member cities of the district purchase their water from the district for 30 cents per thousand gallons.

Water district officials say the district must sell a million gallons of surplus water daily to give water district taxpayers "major tax relief."

Although this waterflood is small as such projects go, if successful, it would provide one-sixth of the surplus water sales needed for tax relief.

Sun plans to buy \$32,000 worth of White River water the first year at a rate of 4,000 barrels a day.

The contract provides that if the waterflood is not successful, the oil firm may cancel its contract and if the water district does not have surplus water to sell Sun will not be supplied.

FRESH WATER is used in 95 per cent of oil waterfloods if available, water district officials say, because salt water clogs up the pores of the oil formation and prevents recovery of nearly as much oil as when fresh water is used.

If the Sun Oil Company's waterflood is successful in Garza, water district officials expect other oil operators in the county to consider use of White River water.

Al O'Brien, general manager of the water district, said the Sun Oil firm's water requirements will provide no problem for the district's Post water line. He said 3.2

million gallons daily can be delivered through the big Post line. The city's water requirements total not far over a million gallons during the peak summer season.

Sun Oil Company will build its own water pipeline from Post to the waterflood project, a distance of approximately three miles.

WATERFLOOD equipment already has been ordered by the firm and Sun hopes to begin taking White River water here in July to commence its waterflood, it is understood.

It will take about two years of

pumping water down into the oil formation before success of the secondary oil recovery will be known.

White River Water District directors at their April meeting at the filtration plant April 6 voted unanimous approval of the contract and authorized Tom Bouchier of Post, board president, and Robert Work of Crosbyton, board secretary, to sign the contract for the water district.

The contract was then forwarded to Sun for signatures before announcement of the water sale was

made public today. The water contract with the oil firm provides that cost of the White River water will be reviewed each five years with the selling price adjusted to reflect any changes in water cost.

White River directors pointed out at their April 6 meeting that the district's engineers had given the "go ahead" several months ago to sell surplus lake water and that the engineers took a close look at the Sun contract and made suggestions on it before the directors voted approval.

THE DIRECTORS said a lot of thought went into this first surplus water contract because it will set the pattern for similar contracts in the future.

The City of Post some time ago approved the Sun Oil Company's water tie-in here at the request of the water district.

O'Brien said all oil companies interested in Garza County oil have been contacted concerning possible use of surplus lake water in waterfloods in the next few years, but that Sun was the first to show interest.

## Robert Cox named to fill council vacancy

Robert Cox, owner of R. E. Cox Lumber Co., was unanimously elected to the city council at Monday night's meeting to fill the vacancy created early in April by the death of Jesse A. Rogers.

Cox, one of four considered by the council for the vacancy, was nominated by D. C. (Billy) Hill and the nomination seconded by Arnold Parrish. Cox will serve out

Rogers' unexpired term, which runs until April, 1968.

Councilman Bob Collier was re-elected by the council as mayor pro-tem.

Following the election of the new councilman and mayor pro-tem, the council heard from Vernon Scott and Shelley Camp of the Chamber of Commerce's community center project, which is "cov-

ered" in a separate story on today's front page.

The police department was discussed, with Mayor John Hopkins, serving at his first regular council meeting, stating that he had heard complaints of one police officer making "uncalled for" arrests.

The councilmen said they also had received complaints from time to time, but that they are not getting any more complaints than they were a year ago. They also told the mayor they think the police department is doing a good job under Police Chief Bill Gordon. One councilman said the fact that there aren't any more than the average number of contested cases in city court indicates that the policemen are not arresting anyone who shouldn't be arrested.

The council agreed to meet with the county commissioners while they are in session the first of the coming week on the city-county radio system and on other matters of common interest.

The council agreed that the city and county governing groups should meet together frequently, not just for the purpose of making complaints, but to discuss matters of mutual concern.

Councilman Lewis C. Herron reminded the council of the proposed tourist campsite area at the City-County Park, which he said he "certainly don't want to see die" from lack of interest on the part of the council. The council agreed to check with a City-County Park board member who said at a recent meeting of the council and park board that he would have the proposed camp area surveyed for a cost estimate.

City Manager Eddie Warren asked that the council set a policy on the shredding of vacant lots so he would know what to tell people who ask the city to do it this year. The council indicated that a policy on the shredding will be adopted at the June meeting.

The council authorized the city manager to advertise for bids on purchase of a new automobile for the city, and set its next regular meeting date as the date of a hearing on two houses that the fire marshal has asked the council to condemn.

The council heard the quarterly budget report, given by the city manager, and the April police department report by Chief Gordon.

## Need of community center told council

The Post Chamber of Commerce's No. 1 project for the 1967-68 club year, a community center, was presented to the city council at its Monday night meeting by Vernon Scott, Chamber president, and Shelley Camp, chairman of the community center committee.

The council expressed itself as being in agreement with the Chamber that a community center should rank as the No. 1 project locally, but was able to give little, if any, encouragement of the city's being able to help finance a center at this time.

Carleton P. Webb, city attorney, said the city cannot legally purchase a building or otherwise finance a community center except out of its general fund, and that this cannot be done under the "close" budget the city is having to operate within.

Scott and Camp had told the council that the former bowling alley building is being considered as an "ideal" building for a community center and that the building can be acquired for "somewhere between \$20,000 and \$30,000."

"We have no ready solution or magic formula for getting a community center, but we wanted to meet with you to see how you feel about it," Scott told the council.

Webb said the city could not issue bonds or warrants to purchase

a building for a community center, as such, or to construct one. Camp told the council the Chamber felt that a community center here should be a city "deal" instead of a county, since at least two communities of the county, Graham and Close City, already have community centers.

Camp said if the bowling alley building could be acquired, the Chamber committee would meet with clubs and other organizations of the city to determine their needs for "meeting room, and so forth," and then turn the information over to an architect to be used in plans for remodeling the building.

"There is no doubt that we have outgrown our present community meeting places," Camp said.

## Post technologist named to office

Mrs. Harry A. Tubbs of the Medical Center here was elected to a two-year term as treasurer of the Texas Society of Medical three-day convention held in Galveston on Thursday, Friday and Saturday of last week.

Mrs. Tubbs and other newly elected officers were presented at an awards luncheon at the Galvez Hotel on Saturday, closing the society's 39th annual convention.

Approximately 450 delegates from over the state attended the convention, where the program consisted of scientific papers, seminars and actual workshop participation.

## Disturbance charges

# Flashing 'big roll' leads to 4 arrests

Four Negro men were charged with creating a disturbance and paid fines in city court Wednesday last week after one of them had flashed a roll of bogus bills at a Post man to take him to a fictitious address.

Manuel Younger, 28, who gave a Slaton address, was arrested by Police Sgt. Otis G. Shepherd Jr., on the Piggly Wiggly parking lot and the other three were arrested by Slaton officers for police here.

Sgt. Shepherd said Younger, flashing a big roll of play money with a bona fide \$50 bill wrapped around the outside, asked Ray N. Smith to drive him to an address

here. Smith, who told Shepherd he knew the address was fictitious, went into the Piggly Wiggly store and notified store manager Curtis Christopher, who called police.

Sgt. Shepherd arrested Younger at the parking lot, then notified Slaton police to watch for the other three, who had driven away. They were identified as Kenneth R. Ward, James F. Hodge and Richard Green.

Shepherd said he checked with Austin and found out that Younger and Ward had criminal records. Filed in city court here, the four were fined \$25 each by Judge Percy E. Prints.

## Library Friends pay off loan

Directors of Friends of a Public Library Tuesday night voted to pay off the remainder of the bank loan taken out last year to buy furniture for the Post Public Library.

Only a \$200 payment remained from membership funds.

Tom Gamblin, president of the Friends, said directors are waiting to take future action on whether the organization can provide furniture for a new library reading room, soon to be converted by the city from either the former Chamber headquarters, or a smaller storage room behind it.

Cost estimates on needs and progress of a "big gifts" drive for funds by the Friends headed by J. B. Potts will determine the extent of the Friends participation in furnishing the reading room, Gamblin said.

He said the Friends expect to name a chairman for a student summer reading program this week.

## Rites conducted for Mrs. Stout

Funeral services for Mrs. Maude Marie Stout, 69, mother of A. C. Cash, were conducted at 10 a. m. today (Thursday) in the Hudman Funeral Home chapel, with graveside rites at 4 p. m. at the Resthaven Cemetery in Brady.

Mrs. Stout, a former longtime resident of Post, died Tuesday at Twin Cedars Nursing Home, where she had been for the last three months. Her home was in Colorado City and she had also lived in Dallas since moving from Post.

Mrs. Stout was a member of the Baptist church, besides the son of Post, she is survived by one brother, Wesley Wood of Colorado City; two half-brothers, Roger Harris of Magna, Utah, and Henry Russell of Brownwood, and three grandchildren.

The Rev. Curtis Lee, pastor of the First Methodist Church, officiated at the funeral services.

The stupid weather and all that stupid daylight at night made things rather miserable for most folks earlier this week.

County Agent Syd Conner said there was no frost "officially" as the thermometer on the courthouse lawn didn't dip below 40 Tuesday morning although he heard scattered reports of some ice in various parts of the county.

Gas Man Ansil O'Neal, an across-the-alley neighbor of ours, told Mrs. C he could stand on his patio and "smell" the damage done his grass by the frost. Mrs. C didn't believe this, but we pointed out to her that a gas man is a real sniffer by profession.

We got up before 6 a. m. Tuesday morning to get to work early and try to catch up on some ad layouts and were quite surprised to find it still dark outside. Then we realized it actually was only 5 a. m. — and we began to get tired right then.

The "old order changeth" is an oft repeated phrase — and basically true. In this case the change was wrought when the U. S. Supreme Court decreed that equal representation bit and the big cities began to run this country's politics — not just in Washington, but now in all the state capitals too.

Folks in the cities, we surmise, like daylight savings time. Anyway they've voted it for years. But we can't see much advantage. In the summer there will just be an additional hour of blinding hot

## Funeral set for accident victim

Last rites for Dee Lynn Snow, 3½-year-old daughter of Sgt. and Mrs. Billy Snow, who died in Japan Saturday of injuries received in a fall and of burns, will be held at 2 p. m. Friday at the First Baptist Church here.

The child was injured April 10 in a fall at her parents' home in Japan and later suffered burns when she pulled a pan of boiling water off a stove. Death was attributed to the combined injuries, a member of the family here said.

The Snow family had been in Japan about five weeks, where Sgt. Snow ins stationed with the Air Force.

Dee Lynn was born Sept. 19, 1963, in Albuquerque, N. M. where her father was stationed before being transferred to Japan.

She is survived by her parents; a sister, Lee Ann, and a brother, David; maternal grandmother, Mrs. John Shedd of Post, and paternal grandparents, Mr. and Mrs. Bill Snow of Brownwood.

The Rev. William Watts, pastor of the First Baptist Church, Albuquerque, will officiate at the funeral services. Burial will be in Terrace Cemetery under the direction of Hudman Funeral Home.

The child's parents and her sister and brother had arrived in Post Wednesday for the funeral.

Through forced sale, if necessary

## Trustees seek reactivation non-tax paying properties

Post school trustees Monday night decided to try to get non-tax paying properties back on the active tax rolls through forced sale, if necessary.

Some vacant lots here in Post haven't had any school taxes paid on them for 47 years.

Trustees instructed Supt. Bill Shiver to confer with County Attorney Preston Poole concerning the necessary legal steps to take in conjunction with the county and probably all other local taxing units.

Trustees have been studying the delinquent tax problem for the last month and had School Tax Assessor - Collector Ira Greenfield draw up a list of district properties on which taxes have not been paid for five years or more.

The school board is particularly anxious to get all the town's vacant lots back on the active tax rolls.

In their discussion, trustees pointed out that a sale of the tax delinquent properties probably wouldn't bring enough money in many cases to pay off all back taxes.

But just getting most of the properties in the hands of people who would pay taxes on them again would be the important gain as far as the school district was concerned, trustees said.

Some of the properties involved are believed abandoned.

Nine of the properties listed had not had any taxes paid on them to the school district since the 1920s and ten other properties had not had taxes paid on them since the depression 30s.

Supt. Shiver reported to trustees that the members proposed for the board of equalization of the school district at their last meeting have accepted their appointments and will meet at 8 a. m. June 13.

The board of equalization is composed of Julian Smith, Bill Pool and Arnold Sanderson. Alternates are David Newby, Glenn Norman and Jack Kirkpatrick.

Trustees deferred action on a request by Wesley Guthrie for the use of the grade school auditorium one Saturday night monthly for a western Hootenanny. When the board learned, the Post Jaycees are sponsoring the monthly hootenannies in the former post office building members decided to hold up any action on the request until

a representative of the Jaycees discussed the request with the board.

Purchase of a new 48-passenger school bus was authorized by trustees. The board tries to keep its school bus fleet "current" with the purchase of at least one new bus a year. Shiver said that \$4,500 has been provided in the current budget for the purchase which will probably take four or five months to complete through the

## Home from Vietnam

# 'We'll wear out enemy,' belief of Post soldier

Specialist Four Benny Owen, who is home on furlough after nearly a year in Vietnam, thinks we will win the war over there by "wearing the enemy out."

"But no telling how long that will take," Benny said.

Benny, who is with an Army engineer battalion, arrived last week to spend a month at home before returning to Vietnam for another six months of duty, after which he will have another year to serve over here before his discharge.

The superintendent reported to trustees that he has had to spend \$685 for termite and bat extermination at the elementary building. He said the two grade schools, the junior high, and the junior high gym are all now under termite control contract.

## Airport runways being blacktopped

The Post-Garza County Municipal airport is closed for blacktopping of its runways this week as crews of the Thomason Construction Co. of Denver City Monday began the final construction phase.

The airport was completed, except for the blacktopping, and opened for plane use. Three private hangers already have been constructed there on sites leased from the airport commission.

The airport is scheduled to be open again Saturday with the blacktopping work due for completion Friday.

The grand opening of the new airport has been scheduled for June 10-11.

## Arkansas child hurt in mishap

Four-year-old Robert Day Ticer of Eudora, Ark., was seriously injured about 3 p. m. Wednesday when the wind blew over a house trailer being pulled by a pickup truck driven by his father.

The accident, investigated by Highway Patrolman Henry Harden, occurred six miles northwest of Post on U. S. Hwy. 84.

Harden said the pickup in which Ticer and his son were riding also turned over when the house trailer toppled.

The injured youngster was brought to Garza Memorial Hospital, where his injuries were described this morning as "serious, but not critical."

## Propst to become customs agent

City Policeman Charles Propst has submitted his resignation to Police Chief Bill Gordon, effective May 15, to become a customs agent for the federal government.

Gordon said Propst has passed the required tests for his new federal position and will report to New Orleans May 22 and then will be assigned to Washington, D. C.

The police chief says he hates to lose Propst, who has been a night officer on the force for the last six months, but that he is glad to see Propst qualify for the better federal position.

"He has made an excellent officer in every way," Gordon said. The chief said he is considering several applications for Propst's replacement.

Propst's new federal duties will be to aid in apprehension of smugglers.

## Youth injured in street collision

Charles Harper, 17-year-old Post High School student, received minor injuries at 4:25 p. m. Tuesday when the pickup he was driving was struck by an automobile driven by Monroe Lane at the intersection of Avenue S and 8th Street.

Police Sgt. Otis G. Shepherd Jr., who investigated the accident, said Harper was driving east on 8th Street and Lane north on Avenue S.

The pickup was knocked onto the edge of a lawn and turned half-way over. Harper crawled out through the broken windshield, Shepherd said. He was treated at a doctor's office for an injury to his left leg and an acid burn in his eye, with the acid apparently coming from the pickup's battery, which was knocked out of the vehicle.

The police sergeant said he listed damage to each vehicle as "total." Lane was charged by the officer with failure to yield right-of-way.

## Baseball program is under way

Post's summer youth baseball program got off to its usual fast start this week, with both the Little League and Babe Ruth League playing games at David Nichols Park.

Both leagues will play through to late June or early July, and in the meantime Post is expected to field a team in the Texas Teen-Age League for the third season in a row.

The youth baseball program, operating under the guidance of a well-organized committee, has made big strides since its start here 10 or 12 years ago. The investment at David Nichols Park amounts to considerably more than \$20,000. The program receives much of its financial

support from the local United Fund, with contributions from fans and other well-wishers throughout the season also adding to the total.

Outside of money, the biggest contribution to the baseball program is the work put in it by members of the baseball committee and other supporters in serving as team coaches, umpires, etc., and in maintaining the grounds. The program never gets too much of this kind of help.

The summer baseball program provides wholesome recreation for approximately 200 youngsters, in addition to hours of fun for the community's baseball fans. Every citizen of Post owes the program his or her support.—CD

## Why not give PROJECT STEP a try?

Now that it has issued its report on small towns, "The Small Community in West Texas," the West Texas Chamber of Commerce is hopeful that "PROJECT STEP" will be instituted in every town within its area.

"PROJECT STEP" is the implementation of the recommendation made in the WTCC's Small Town Task Force Study, which was introduced at the organization's 49th annual convention in Del Rio on April 25.

"Small Town Economic Progress" is the name given to the community-wide attack on the problems of small towns, and here is the way the WTCC suggests that it be put into operation:

A STEP coordinator is named, a meeting of community leaders is called and problems and assets discussed. Specific problems are assigned to individuals and groups for study and recom-

mendations within the suggested guidelines of the small town report.

The report is the result of seven months of intensive study, research, hearings and analysis by a 23-member Small Town Task Force of the WTCC.

When "PROJECT STEP" was introduced at the WTCC convention it was immediately accepted as being desirable for more than 80 towns represented at the meeting. Post was one of those 80 towns represented and Mayor John Hopkins brought a copy of the report home with him.

Copies of the report also have been received by this newspaper, by County Judge J. E. Parker, and by others in the community. It appears to us, on the basis of the study, that PROJECT STEP is well worth giving a try in Post.—CD

## On flag respect and card burning

Short of sacrilege, disrespect to the United States flag is just about the worst offense we can think of. But would it surprise you to know that with regard to the U. S. flag, federal statutes simply say, "No disrespect should be shown to the flag of the United States of America," and that these federal laws provide no penalties for disrespect when it is shown?

The State of Texas does, however, have a number of statutes which apply to rendering proper respect to the flag. The state law provides a penalty of not less than two years or more than 25 years for any public or private mutilation, defacing, defiling, trampling upon, printing anything extra on the flag, etc.

With regards to draft cards, the burning of which is almost as reprehensible as desecrating

the flag, Congress in 1965 passed a law which made it a criminal offense to burn a draft card. The penalty established by this law is five years imprisonment and a \$10,000 fine. In the past there have been approximately 15 persons prosecuted under the act.

Two courts of appeals have held the draft card burning laws constitutional, but a third court of appeal has said it was unconstitutional. At the same time this court upheld the conviction of the youth who had burned his draft card, but on the grounds that he did not have it in his possession, which is a violation of another federal statute.

It appears to us that stronger laws are what it will take to stop the perpetration of these unpatriotic acts which we deplore so much when we see pictures of or read about them.—CD

## What month better than May...?

"As full of spirit as the month of May," William Shakespeare once wrote in describing something or somebody, and, as he usually did, the Bard of Avon hit the nail on the head.

Even as unaccustomed as we are to Daylight Saving Time, which came to Texas this year just a step ahead of May, we look forward to the new month's "warm, slow, yellow moonlit nights," as still another poet wrote in praise of May.

What month better than May for the sanctity of Mother's Day, the wholesome freshness of high

school graduates, and the fragrance of new-grown flowers?

What month better than May holds promise of breaking the grip of unseasonably cool weather that this April brought to the country, and what month better than May for releasing the youngsters from the classrooms for a summer of fun before school bells beckon again.

What month other than May would induce a desk-bound newspaper editor to open an editorial with one poetic quotation and close it with another, such as, "The years of gold when all the months were May"—CD

I SUPPOSE everything started out all right for everybody on Daylight Saving Time Sunday morning. The reason I just "suppose" and don't know is because this column is being written Friday, some two days ahead of the DST schedule.

One of my friends said about the only thing he sees wrong with Daylight Saving Time is that he gets the abbreviation DST mixed up with LSD, which is also much in the news nowadays. This friend admits, however, that he had the same trouble a few years ago with TV and TB.

THE ONLY TIME our cat Blackie is worried about is the time of the year, as shown above.

The man up the street says the world is moving so fast these days that the man who says it can't be done is generally interrupted by someone doing it.

**SALESMAN'S PARABLE**

And in those days, behold, there came through the gates of the city, a salesman, from far off. And it came to pass as the day waned, he sold plenty and had signed orders.

There were they, in that city, who were order takers and they spent their days adding to the alibi reports and swindle sheets. Mightily they were astonished and said one to another, "By the gods, how doth he getteth away with it?" And it came to pass, that they were gathered at a coffee break in the back room and a soothsayer came among them. And he was one wise hombre. And they spoke to him saying, "How is it that this stranger accomplished the impossible?"

Whereupon the soothsayer made answer: "He of whom you speak is one hustler. He ariseth in the morning, partaketh of a good breakfast and goeth forth full of pep. He complaineth not, neither doth he despair. He is arrayed in clean linen, his sandals are shined, he wears a hat and carries samples, while ye go forth wearing a three-day shirt, hatless and with only a price book in thy pocket.

"While ye gather here and say one to another, 'Verily, this is a terrible day to work,' he is already abroad. And when the eleventh hour cometh, he needeth no alibi. He knoweth his line and they that would stave him off, they give him orders. Buyers say unto him 'nay' when he cometh in, yet when he goeth forth he has their names on the line that is dotted.

"He taketh with him three angels: Inspiration, Imagination and Determination, and worketh to beat hell. Verily, I say unto you, go and do thou likewise."

ONCE THERE WAS an elevator operator who grew tired of people asking him for the time, so he hung a clock in the elevator. Now all day long people ask him: "Is that clock right?"

Oscar Gray, president of the Garza County Sheriff's posse, came in The Dispatch office Friday morning to show us the handsome first place trophy the posse won Thursday afternoon in the rodeo parade at Tahoka. It is the newly-organized posse's first trophy, but they also won a first place plaque in the South Plains College homecoming parade at Levelland several weeks ago.

OSCAR AND THE other sheriff's posse members are confident that it won't be too long until they'll have as many trophies as the old Post Stampede Cowboys won before they disbanded some 10 or 12 years ago. They'll have to go some, for I recall taking a picture of the Stampede Cowboys' trophy collection soon after moving to Post, and they had a "slew" of them. But the new riding group is off to the kind of a start it will take—three parades and one first place trophy and a first place plaque.

This exercise in logic, or madness, could spoil all those hours you save with DST, but give it a try, and I'll run the answer here next week. Let me know how you come out.

"Those four chaps playing bridge are all people you'd like to meet," Ferret said. "Henry and George are playing against Henry and Arthur. Thomas is the best of the four."

"And which is Thomas?"

"He's the chap on Thomas's left."

It turned out, however, that Ferret uses his friends' given names and last names indiscriminately. The four at the table were George Henry, Henry Thomas, Arthur George and Thomas Arthur. WHO WAS THOMAS ARTHUR'S PARTNER?

## Santa Fe diners receive award

AMARILLO — A special award for excellence in sanitation and cleanliness in dining cars has been presented to the Santa Fe Railway by the U. S. Public Health Service. This is the sixth consecutive year Santa Fe has received this award.

Frank Jacobs, acting chief, Urban Environmental Health Planning, Washington, D. C., cited the railroad for earning a Grade A Certificate of Cleanliness in each of its 112 dining and lounge cars during 1966.

In accepting the award, R. D. Shelton, operating vice president for the railroad, attributed the fine record to the efforts of the railroad's dining car department which is supervised by Fred Harvey.

Another era is gone with the sale of the Southside Grocery Market by Roy and Voda Baker; government tank building process shows results over county with and buffalo roaming Al Berrange, the deer on the Slagden U Lazy S Ranch and the ambling on the Double U property; L. Gollehon dies from heart attack in Whittier, Calif.; last of school activities are scheduled with prior Dav, trips to Mackenzie train rides and parties; Mrs. Jess Cornell and son returned to Post from Rowena, M., where they have lived for past year; straggler and beauty bird killed by Preston Key identified as blue heron; school seniors honored with annual home of Mrs. J. D. McGee; bride and groom honored by Frank P. Smith, the former "Marble Stone, in the home of P. E. Stevens with Miss Betty Stevens and Miss Mary Etna man assisting with hospital-

## Baseball growth here emphasized

Bill McBride, president of Post's Little League, told Post Rotarians Tuesday noon at their luncheon meeting in city hall that this community's summer baseball program, started in 1957 with four teams and 60 boys, has grown in a decade to involve 16 teams and approximately 240 boys from ages 8 to 18.

He explained the organization of the summer baseball program in some detail and emphasized that it has had a part in developing this community's boys into men.

He thanked all those who directly or indirectly have had a part in the baseball program's development.

## Fines collected in April total \$1,862

Fines paid in city court during April totaled \$1,862, with a little over \$100 of that amount being for fines assessed in March, Police Chief Bill Gordon reported at Monday night's city council meeting.

Thirty-one persons charged with being drunk paid fines totaling \$750 in April. There were 11 fines paid, totaling \$210, for "minor or in possession."

Five persons paid fines totaling \$250 on charges of being drunk in a car, and nine paid fines totaling \$200 on charges of disturbing the peace. Other charges on which fines were paid included simple assault, vagrancy, fighting, and making beer available to minor.

One narcotics case was transferred by the police department to the county, and there were also six other transfers by the city to the county and border patrol.

Nine persons paid fines totaling \$295 by serving time in jail, the police report disclosed.

Fines paid on 25 traffic tickets totaled \$72. City police investigated five traffic accidents, each described as "minor," and issued 33 warning tickets.

## Dixie Lucas and Johnnie Gass vows are exchanged April 28

Miss Dixie Carol Lucas and Johnnie Paul Gass were united in marriage last Friday night in the home of the bride's parents, Mr. and Mrs. Harold W. Lucas, 708 West 7th St.

The bridegroom is the son of Mr. and Mrs. James Henry Gass, Route 2, Tahoka.

The Rev. Jimmy McGuire, pastor of the Trinity Baptist Church, officiated at the reading of the double ring vows at 8 o'clock in the evening.

An archway of greenery and white pom pom mums, featuring white ribbon and wedding bells, led from the entrance hall to the den where the marriage took place.

The bride, given in marriage by her father, wore a two-piece white knit suit designed with three-quarter length sleeves and carried a bouquet of pink rose buds atop a white Bible. Her shoes were of clear nylon with pastel embroidered flowers.

Miss Betty Sue Hutchins was maid of honor. She chose a two-piece rose suit with white ruffled blouse. Miss Arleta Robinson was bridesmaid and wore a rose sheath with pleated skirt. Both wore corsages of gardenias.

Miss Sharon Gass, sister of the bridegroom, was candlelighter. Danny Hale of O'Donnell was a best man, and Howard Mauldin of O'Donnell was groomsmen. The bridegroom's brothers, Rickey and James Henry Gass Jr., were ushers.

Miss Brenda Haley, pianist, played traditional wedding music and accompanied Mrs. Don Pennell as she sang "More."

A reception followed immediately. A white crocheted tablecloth, made by the bride's great-grandmother, was laid over rose and was centered with an arrangement of pink gladiolus.

Mrs. Marshall Reno and Mrs. William Robinson were members of the house party.

For the wedding trip to Abilene, the bride added a rosebud corsage to her suit.

The couple will be at home in Lubbock after June 1. The bride, a graduate of Post High School, is attending Draughon's Business College in Lubbock and is employed as a bookkeeper at Wacker's in Post. Mr. Gass is a senior at O'Donnell High School and is engaged in farming with his father.

# Easterday-Morris wedding vows exchanged Apr. 24 in Amarillo

Miss Connie Sue Easterday and Joel E. Morris are at home at 1567A, Elm St., Amarillo, following their marriage April 24 in the chapel of the Second Baptist Church in Amarillo.

The Rev. Wayland Boyd, pastor, officiated at the ceremony at 7:30 o'clock in the evening in a chapel decorated with an arch of pink and white gladiolas flanked by white taper candles.

Parents of the couple are Mr. and Mrs. Wayne Easterday of Amarillo and Mr. and Mrs. Wilburn Morris, Route 3, Post.

Given in marriage by her father, the bride wore a full-length empire gown of white lace over satin. Her shoulder-length veil of illusion was attached to a crown of seed pearls and rhinestones. She carried a bouquet of carnations and lily of the valley centered with a white orchid atop a white Bible. She also carried out the traditional something old, new, borrowed and blue and a penny in her shoe.

Miss Carol Nall was maid of honor and the bridegroom's sister. Miss Christine Morris, was bridesmaid. Their empire style satin dresses were in shades of pink with the maid of honor wearing a deep pink and Miss Morris a light pink. Their matching bows held short veils and they carried crescent bouquets of carnations in shades of pink and white tied with pink ribbons.

Gene Kennedy served his brother-in-law as best man. David Robinson, cousin of the bridegroom, was groomsman, and Paul Easterday, cousin of the bride, and Jerry Smith were ushers and candlelighters.

The bride's sister, Miss Jeanine Easterday, was flower girl, wearing a dress of pale pink. Jay Kennedy, the bridegroom's nephew, was ringbearer.

Mrs. Ann Morris provided music. A duet, "Because," was sung by the bridegroom's aunt and uncle, Mr. and Mrs. Raymond L. Robinson, preceding the ceremony. Bill Shough, church music director, sang "Bless This House" during the ceremony.

A reception followed in Fellowship Hall. The chosen colors of the bride were carried out. Mrs. Shelby Vitato and Mrs. Joe Wright Jr., cousins of the bride and bridegroom, respectively, were members of the house party. Miss Pam

Mr. and Mrs. Don Ammons were in Fort Worth from Thursday until Sunday for the convention.

# Alone in a Field

A man alone in a field... making the field ready for spring planting... perhaps is closer to God than he realizes.

The field didn't "just happen." The earth didn't "just happen." Those fruit trees, laden with blossoms, didn't choose to bloom just because they wanted to look pretty.

Stop and think about it. In the natural order of life, little is left to chance. There is a precision about the very rotation of the earth itself. There is a miracle embedded in each blade of grass.

All about us is the unmistakable evidence of Creation, by a Master Hand. The man in the field is, in some ways, closer to this creation than many of us, yet he too may very well be unaware of it. We can all capture or recapture this awareness by going to church regularly.

## Post High School Happenings

By Marcia Newby

The Choir went to contest in Abilene last Saturday and although our ratings weren't as high as we had hoped they would be, they could have been worse. And, of course, we do have an excuse. On the way to Abilene, calamity struck and one of the buses stopped running. After hearing many helpful suggestions, Mr. Willson decided to load all but a few girls in the girls' choir and the two sponsors, Mrs. Poer and Mrs. J. P. Ray, on one bus and drive on to Abilene. The lucky chosen few choir receive even ratings?

A rather belated "Congratulations" goes out to Pete Morales for his Regional first place mile run and to Paul Walker for his Regional first place in Informative Speaking. The two heroes will go to Austin this weekend to compete for state championships. We all have great confidence in them both and know their trip will be successful!

Good luck, Pete and Paul!  
The Juniors are busy this week decorating for the Junior-Senior Banquet which will be tomorrow night. The Seniors are busy too trying to figure out what the decorations will be. However, there is a great deal of satisfaction in being able to go to the biggest social event of the year without having spent a previous week of work and worry. One of the joys of being a Senior!

DETROIT — A new law in Michigan permits parents to revoke the driver's license of their children younger than 18 years.

All that is necessary is for a parent to inform the state that he will no longer be responsible for his child's driving.

That closes the case. There is no appeal of any kind from the parent's decision.

The first Rockefeller, John Peter, emigrated to America from Germany in 1723.

who got to sit on the stranded bus did so for two hours, since Mr. Shiver had to drive another bus from Post to come and rescue them. The others continued their journey under somewhat crowded conditions. After such an experience, how could even the PHS choir receive superior ratings?

Of these, many may be classified I-A because the board found no basis for any other classification. Since local boards need to be advised of facts which might affect classification, these young men need not be alarmed, the clerk said.

Young men planning to enter college, business or trade school should advise their board in writing and state that a student certificate will be submitted upon enrollment. These men will be considered for student deferment as soon as they are enrolled in college and the notice is received by the local board office.

It is important that all men understand their rights, as well as their obligations, under the Selective Service System law. Garza 4-Hers in district contest

Boys and girls from 20 South Plains counties, including Garza, will compete for top honors in the District 2 4-H elimination contests in Lubbock on Saturday, May 6.

First place senior winners will be eligible to participate in the statewide contests scheduled during 4-H Roundup at Texas A&M University, June 6-7.

The district contests Saturday will be held on the Texas Tech campus and will begin at 9 a. m. Winners will be recognized at an awards program in the Municipal Auditorium at 1:30 p. m.

Garza County's entries in the district livestock judging program are to be selected later this week from among Nancy Hart, Jan Wilks, Jody Irons and Bill Bevers in the senior division and John Johnson, David Hart, Rusty Conner, Sonny Bevers, Jerry Johnson, and Tony Conner in the junior division.

## FTA members enjoy practice teaching

The Future Teachers of America members that taught some of the elementary classes last week have some comments to make, as follows, about their experiences

Debbie Britton: "I enjoyed it very much even though some of the students had to correct me several times."

Sue Gilmore: "I enjoyed it very much but I think some of the students were as smart as I."

Marcia Newby: "I thought it was very rewarding."

Linda Altman: "It inspired me to want to teach as my vocation."

Edith Johnson: "I received love

and kisses from my experience. I also received the inspiration to teach."

Cherryll Pennell: "I enjoyed it very much."

Another chance some of the other FTA members are having this week is teaching biology in high school while the regular teacher, Mrs. Wilkins, is attending a science convention in Arizona. Donny Windham taught Monday, Billy Jack Hodges, Tuesday; Dick Kennedy, Wednesday, and Doug Chance will teach Thursday. Mrs. Wilkins is in hopes of returning to her classes Friday.

## Local draft board will reclassify high school graduates next month

There are many young men in this local board area of the Selective Service System who are now classified I-S-H because they are attending high school, according to Mrs. Ava Lee McGlaun, clerk, Local Board No. 88.

Those graduating this year will be reclassified at the board's June meeting.

Of these, many may be classified I-A because the board found no basis for any other classification. Since local boards need to be advised of facts which might affect classification, these young men need not be alarmed, the clerk said.

Teachers' magazine is to mark its 50th year

AUSTIN — The Texas Outlook, one of the nation's leading professional education magazines, marks its 50th year of publication next month with a special Golden Anniversary edition.

The monthly magazine's 127,000 subscribers will read a special section of the May, 1967 issue which chronicles the Outlook's history from its birth in 1917 as a "drab, lifeless publication" until today where it ranks as a colorful leader among the states in education journalism.

The Outlook is the official journal of the Texas State Teachers Association and is the largest circulating professional magazine in the state.

## Choirs sing at Abilene Saturday in UIL contest

Saturday, the Post High School choirs traveled to Abilene to compete in the University Interscholastic League choir contest.

Three choirs represented Post High School in the competition, these being the mixed choir, the boys' choir and the girls' choir.

The mixed choir received a Division II and a Division III rating, singing "Hosanna, the Son of David," "O Come, Loud Anthems Let Us Sing" and "Now Glad of Heart Be Everyone."

The girls' choir received two Division II ratings from their presentation of "Never Jesus Will I Leave," "Prayer" and "Japanese Lullaby."

The boys' choir received a Division I and a Division III rating, presenting "Go Tell It on the Mountain," "Song of Brotherhood" and "Waiting Matilda."

Each choir received two ratings, the first for concert and the second for sight reading. A Division I rating is superior, Division II excellent and Division III good.

Chevrolet's room, ride and price. When *Automotive News* made its annual roominess study, Chevrolet got the most points. It's roomier inside, they reported, than any other American car. The ride is Full Coil suspension smooth. And Chevrolet hardtops and convertibles are still the lowest priced full-size cars of this kind you can buy. Chevrolet's quick size. It's quick to climb, quick to turn. Other mid-size cars might be like Chevelle, true. But they're not as low priced. And they're not made by Chevrolet with Body by Fisher, GM-developed energy-absorbing steering column, inner fenders and Full Coil suspension. Camaro's road-hugging stance. At its price, Camaro is the only sportster to give you wide-stance design. It rides steadier, clings to curves better,

hugs the road closer. It's the roomiest car you can buy. Plus, you get a bigger standard engine.

### Roundup set at primary school

Friday, May 5, will be roundup day at the Post Primary School for children who will be starting to school for the first time next September.

First graders will not attend school at all on the roundup day in order that the youngsters who will be starting to school for the first time next autumn may make use of the first grade classrooms from the time school takes up Friday until 11 a. m.

Other classes — second, third, fourth and fifth — will follow their regular schedules, according to Principal Don Kinard.

Parents of the pre-school children are asked to bring them to school Friday morning. The principal will meet with the parents to discuss enrollment details and answer the parents' questions.

Benny says he often "runs into" Danny Odum, with whom he enlisted and went overseas. "We're in the same battalion, but in different companies," Benny explained. They both arrived home on furlough at about the same time, but did not get to travel together.

Benny spent his rest and recuperation leave in Bangkok, Thailand and said he'll never regret it. "It's a surprisingly modern city in a wonderful country, and the people there really think a lot of Americans." Benny spent five days in Bangkok.

Benny says he's already received news by a letter from home that the Post Antelopes had defeated Denver City last October, but that he got a lot of added satisfaction when he read about it in detail in The Post Dispatch's Victory Edition.

### School board —

started in an effort to get the highway blinker caution lights operating properly may get the job done by the time school is out — although it is anything but the school district's fault.

The schools have had to work in cooperation with both the city and the state highway department on the project with the city originally agreeing to maintain the blinkers.

The superintendent told the board that final installation of blinker lights and overall tie-in will cost another \$395, raising to over \$1,000 final school cost of the project which saw two new blinkers installed for junior high crosswalks on FM 469 and the four blinkers on U.S. 280 in front of the schools coordinated onto one timing device instead of four.

Trustees also brought up the

point of contacting the city for a return to police patrols of the school area during arrival and dismissal time. It was pointed out police have not been doing this for a number of months.

Trustee Giles Dalby is arranging for school trustees and Shiver to tour several big Lubbock offices to see what kinds of business machines are being used and to talk to personnel managers on desired training for office job applicants. Objective of the inspection will be to equip the high school business classes here in the future with the kind and make of office equipment that will help graduating students secure better office jobs. Dalby is trying to arrange the tour for the afternoon of May 9.

Trustees then want to visit with of Postex Cotton Mills, for possible high school training to prepare graduates for mill employment.

Supt. Shiver told the board he has seen no great educational gain from last summer's federal educational program here and said this year \$14,000 in Title I funds were spent during the school year providing hot lunches to needy students. This summer the district will have a modified program only during the final month of the summer.

The superintendent also said he must begin working on the 1967-68 school district budget and asked the board for its wishes. He said the probability of a state teachers pay raise being voted late this month by the legislature would make budget preparation difficult before the tax equalization hearing in early June.

"In the past I have given you a tight budget — almost too tight," Shiver told the board. "Keep it that way" was the consensus reply of trustees.

# Cardinals and Yankees win in Little League openers

## Play to resume with two contests tonight

The Cardinals drubbed the Tigers, 22 to 1, and the Yankees outplayed the Wildcats, 19 to 15, in the Little League openers Monday evening at David Nichols Park.

Tonight (Thursday), the Cardinals will try to make it two in a row when they take on the Red Sox, with the Tigers and Dodgers setting in the second game.

Mayor John Hopkins threw out the first ball Monday to conclude the short ceremony opening the Little League season. The pre-game included introduction of the sponsors and managers by league President Bill McBride and short talk by Mayor Hopkins.

Scoring six runs off starter Larry Haynes in the third inning, the Cardinals coasted on in for their one-sided win over the Tigers, with the game cut short after four innings because of the 15-run lead rule.

The Cards scored 14 runs in a big fourth inning on 11 walks and singles by pitcher Tony Conner and Don Harper. The Tigers used four pitchers in trying to hold the Cardinals, with Ricky McDougle, Charles Bell and Donnie Hair coming on in relief of Haynes.

Conner went all the way for the Cards to receive credit for the win. He held the losers to one hit, a single by Bell.

The Yankees led all the way in their 19-15 win over the Wildcats, although the losers pulled up to within one run after four innings, 12-11. The Yankees widened the gap with two tallies in the fifth and six in the sixth, while the best the Wildcats could do was four runs in the bottom of the sixth.

Roger Pace was the winning pitcher, with Steve Sawyers and Ronnie Ammons also seeing slab duty. John Redman was the starter and loser for the Wildcats, with Baldoza coming in on relief.

There were no home runs in the high-scoring game, although Roger Pace of the Yankees and Wesley Redman of the Wildcats slammed out three-baggers.

## Athletic awards assembly held

An athletic awards assembly was held in the high school gymnasium last Thursday afternoon when every student who participated in interscholastic sports received a certificate listing his or her achievements.

The District 4AA championship basketball and basketball trophies were presented the school. Donny Edham and Paul Walker presented the football trophy and Windham and Ronnie Pierce the basketball trophy, with Principal Charles Hutchins accepting them on behalf of the school.

Basketball letter jackets were presented members of the boys' and girls' basketball teams.

A similar assembly for junior high athletes was held Wednesday last week.

## Little League's team sponsor list revised

Bill McBride, president of the Little League, this week announced the following revised list of sponsors:

## Morales to make bid for state mile title

Peter Morales, the first Post High School athlete in 10 years to make a bid for a state track title, will run Saturday afternoon in the conference AA mile at the state track and field meet in Austin.

Morales and track coach Waco Reynolds were to leave today for Austin to give the Antelope distance star time to work out on the cinder track he will run on Saturday.

The Post runner was "bumped out" of the mile run in the regional qualifiers' meet at Lubbock Saturday just as it appeared that he had a good chance to beat Toby Goodman of Wichita Falls High School, who finished first, and David Nail of Tulsa, who came in second.

With only a fourth of a lap to go, Morales, Goodman and Nail were bunched on the last curve and the latter made contact with Morales as the Post runner cut back in. Coach Reynolds said Morales stumbled, breaking his stride, and dropped out of the race.

Goodman's winning time was 4:29.8, two seconds better than the 4:31.8 in which Morales won the regional Class AA mile.

Only two of the eight runners who will be competing with Morales for the state Conference AA title crown Saturday posed a better time than the Post junior in qualifying for the meet. They are Paul Chandler of Cameron, who won the Region III mile in 4:29.1, and Terry Chilton of Hardin-Jefferson, who finished second to Chandler in 4:29.6.

The other milers and the times they posted in their regional meets are as follows:

Arthur Mendoza, McCarney, 4:41.8.  
Tom Persley, Jackboro, 4:37.6.  
Clarence Cortez, Mansfield, 4:38.4.  
Esteban Aguayo, San Diego, 4:36.2.  
Tene Avalos, Hebbbronville, 4:36.6.

"Pete is confident of winning at Austin Saturday," Coach Reynolds said, "and I think he has a good chance."

James Mathis, Post student at Lubbock Christian College, is a member of the college's Meistersinger Chorus, which performed April 28 at the first spring concert of the music department of LCC.

A number of religious and non-religious selections were sung by the Meistersingers, who are directed by Charles Cox.

The Royal Blue Band, directed by Larry Kingsley, also played five selections at the April 28 concert.

The second concert is to be presented May 12 by the A Cappella Chorus and Piano Ensemble.

### Work time for taxes greatest in budget

NEW YORK—The average American will spend 2 hours, 25 minutes of his average 8-hour workday this year to earn the money to pay his 1967 taxes, said the Tax Foundation, Inc., in New York City.

Working time spent to cover tax costs is greater than for any other item in the family budget, the foundation reported. Housing and household operation, for example, costs only 1 hour, 25 minutes of a day's working time.

Nearly 24,000 abandoned automobiles were towed from New York City streets in 1966, with the figure not including those hauled away because of traffic violations.

## State hospital's accreditation is continued

BIG SPRING — The Joint Commission on Accreditation of Hospitals has notified Dr. Preston Harrison, superintendent, that the Big Spring State Hospital has been approved for continued accreditation.

The Commission is composed of the American College of Physicians, the American College of Surgeons, the American Hospital Association, and the American Medical Association, and surveys hospitals throughout the nation to maintain a high standard for hospital care. Several worthwhile recommendations were made that will enable this hospital to provide additional care without increasing costs to any appreciable degree.

Big Spring State Hospital is one of two of the State Mental Hospitals in Texas to be fully accredited by the Joint Commission, the other hospital being Austin State Hospital.

The Big Spring State Hospital includes Garza County.

## Vet's Forum

Q. When is increased pension paid for a veteran's wife?

A. Under laws in effect since July 1, 1960, a veteran is entitled to an additional amount of pension for his wife upon proof of relationship? If estranged, he must be contributing to her support. There is no additional payment for veterans receiving pension under the so-called old pension law in effect prior to July 1, 1960.

Q. Are there any income limitations for parents of a man killed in action in World War II?

A. Yes, there is an income limitation in their case.

Q. My niece, daughter of a veteran who is 100 per cent disabled, is attending college under the War Orphan's Act. My husband is also a 100 per cent totally disabled veteran. But the Veterans Administration says he is not eligible for this educational benefit. I want to know why?

A. Only children of veterans whose 100 per cent total disability is service-connected and permanent, are eligible.

## Older pilots are safe as younger

WASHINGTON—There are nearly 10,000 licensed private airplane pilots older than 60 years in the United States — and they have an excellent record for safe flying, according to the Federal Aviation Agency.

The agency based its report on a study of 5,134 private plane accidents in a recent year. Of the total, 108 involved pilots older than 60. The total compared favorably with accidents to planes flown by pilots between the ages of 16 and 30.

"Every indication points to the fact that the senior pilot is as safe as his younger colleagues," the report said.

## Babe Ruth action postponed again

For the second time in as many weeks, the opening of the Babe Ruth League has been postponed, League President Jimmy McLeroy said Tuesday.

Scheduled to open Tuesday night after having been postponed a week from April 25, the opening has again been postponed because of the condition of the playing field, McLeroy said.

"The new schedule, now in the process of being completed, calls for openers Tuesday night, May 9," the league president said.

He asks that all Babe Ruth League supporters help work on the diamond and grounds this week. "We'll appreciate all the help we can get," McLeroy said.

The first postponement of the Babe Ruth opening was because of a conflict with school activities. McLeroy said that with two postponements, it will be necessary for the league to shorten its schedule in order to end the season in time for the playoffs.

The president said that under the new schedule each team will play 12 games instead of 20, as were called for in the original schedule.

## Cutoff date on loan program

WACO — The cutoff date for the World War II GI Home Loan Program is July 25, 1967, the Veterans Administration said today.

That date is the absolute deadline for application for VA guaranteed or insured GI Home Loans for Veterans of World War II, according to Jack Coker, Manager of the Veterans Administration Regional Office in Waco.

Veterans of the Korean Conflict and the Vietnam era veterans are not affected by the WWII cutoff date. For Korean Conflict veterans, the absolute deadline is Jan. 31, 1975.

For post Korean Conflict veterans the loan deadline formula is the same as the one for previous programs: 10 years after the date of discharge, plus one year for each three months' active duty, but not in excess of 20 years from date of last discharge.

# Daylight Saving Time confusing some folks

**By MRS. D. F. McWHIRT**  
Well, good morning. How do you like the day light saving time? Rob and Dan usually go to bed by 9 p. m. and now they say it isn't dark enough. I can truly say it certainly has been a conversation piece and did have some people completely upset. They were an hour late all day Sunday as they forgot to set their clocks up. Oh, well, I guess it will be okay when we get used to it.

The Rev. and Mrs. P. C. Goza of Brownfield were Tuesday night and Wednesday visitors in the Billy Blacklock home. I think the men went fishing. Other visitors to see the Gozas were Mr. and Mrs. Don Robison and Harry Wood.

The Rev. and Mrs. Leslie Welch were Sunday dinner guests of Mrs. Douglas McWhirt and they all visited in the hospital with Doug. The Welches visited Mr. and Mrs. Elton Nance, Mr. and Mrs. E. S. Brewer, Mr. and Mrs. Bandy Cash and Mr. and Mrs. Billy Blacklock.

The Allen Cash family of Leveland were Sunday visitors of the Bandy Cashes.

Mr. and Mrs. Martin Parks and family of Fluvanna were Sunday afternoon callers in the Riley Miller home.

Mr. and Mrs. Jim Tidwell and Bobby have returned from a church convention in Kansas.

Mr. and Mrs. Glen Crawford and children were Friday guests of the Elton Nances.

Mrs. Cameron Justice visited on

Friday and Saturday in Ropesville with the Buster McNabbs and in Lubbock with the Howard Prices.

E. M. Woodard returned home Tuesday night by plane from California. He spent the night in Lubbock and came to Justiceburg on Wednesday.

Mr. and Mrs. Doyle Spinks and family visited Mr. and Mrs. Henry Key Sunday.

Mr. and Mrs. Sam Bevers and family were in Odessa Sunday to see her mother, Mrs. Gladys Morgan, who is still a patient in the hospital there but is improving.

Billy Wayne Blacklock and a college friend, Gregg Smith, of Hardin - Simmons University spent the weekend with Billy Wayne's parents, Mr. and Mrs. Billy Blacklock.

Mr. and Mrs. Troy Chance and Doug and Nancy Robinson were Sunday visitors of Mrs. Douglas McWhirt.

Mr. and Mrs. Cecil Smith went to see his sister, Mrs. Ella Murphy, Sunday afternoon.

Visiting Douglas McWhirt from here this past week at the Post hospital were Mr. and Mrs. E. C. Franklin, E. M. Woodard, Mrs. Riley Miller, Mr. and Mrs. Sam Bevers and Glenna, Mr. and Mrs. E. C. Pettigrew, Mr. and Mrs. Cecil Smith, Mrs. Winnie Tuffing and Dee Cecil Justice.

Supper guests of Mrs. Douglas McWhirt Saturday were Mr. and Mrs. A. L. Breeden and Jack Breeden of Albany who had come to visit her husband in the hospital.

E. C. Pettigrew entered the hospital Saturday night for treatment and was dismissed Monday.

**DINNER GUESTS**

Mr. and Mrs. Sam Roberts of Lubbock were in Post Monday evening to see Justice of the Peace D. C. Roberts, a patient in Garza Memorial Hospital. The Lubbock guests and Mrs. D. C. Roberts were dinner guests of Mrs. A. C. Cooke.

The popular seasoning allspice is obtained from dried green berries of the tropical pimento or allspice tree.

## Cemetery work day at Southland May 8

**By MRS. EDMUND WILKE**

Hello to each of you out there from our little community of Southland — a little community that is part of the "Great Windy West Texas." But the weather is one subject that we aren't going to discuss! Everyone around here is tired of "our weather" and don't want to discuss it any further! Ugh!

Mrs. Herbert Dunn called this morning to ask me to remind YOU that next Monday, May 8, will be Southland Cemetery Work Day. Come, bring your hoes, rakes, hoses, etc. See you there?

Edmund and Yours Truly attended a birthday supper in honor of Leroy Voight at his ranch home near Crosbyton Sunday. Others attending from here were Mr. and Mrs. Walter Voight, Mr. and Mrs. Harold Voight and Van, Mr. Mrs. E. C. Stabeno, Mr. and Mrs. Carl Wartes and Mr. and Mrs. Leroy Zieschang. We all enjoyed a most delicious barbecue supper.

Dayneen Dunn and Mickey Mason, along with a group of young people from the Slaton Church of Christ, went to the Slaton Rest Home Sunday and sang songs for the residents. I think this was a very nice gesture and I am sure the people at the home enjoyed it very much.

Patsy Dunn played piano selections and assisted with hospitalities at a shower Sunday in honor of Miss Carol Sue Walston, bride-elect of James Frederick Stone.

We would like to say congratulations to Mr. and Mrs. Larry Gamble on the birth of a son this past week. The big fellow weighed in at 10 lbs., 13 ozs. Wow! I know that this young couple is very proud of the "first born." May God bless this family.

Mr. and Mrs. Clark Barton are home from a week's trip to Laramie, Wyo., and report that they saw snow, snow and more snow! They visited Mrs. Barton's sister and family, Mr. and Mrs. R. G.

Evans. They went up into the mountains as far as they were allowed and they saw anywhere from two to five feet of snow. It was snowing when they left to return home. Isn't that something?

Bro. Crawford of Lubbock, Methodist superintendent of this district, was guest speaker at the Southland Methodist Church Sunday. After his sermon, the church held its quarterly conference.

Several Lutheran families from the community attended a program given by the Rev. Arthur Robert at Grace Lutheran Church at Slaton Sunday. Rev. Robert is a missionary for the Lutheran churches in Madagascar and is the director of the mission school in Bezaia. He has been in the mission field since 1955 and showed and explained many slides. The evening was very interesting and worthwhile.

Mr. and Mrs. Willie Becker and Mr. and Mrs. Ben Wilke spent the weekend at Lake Stamford.

The Southland Junior - Senior banquet was held Saturday night at the Ming Tree in Lubbock. The theme of the banquet was "Over the Rainbow" and was carried out in the decorations. Bill Bevers was master of ceremonies; Dan Eckert gave the invocation; Paul Salinas gave the welcome; Dennis McGehee gave the response; Patsy Gindorf read the class prophecies; Mickey Mason read the class will and David Dabbs, the class history. Teachers attending the gala occasion were Mr. and Mrs. F. W. Callaway, Mr. and Mrs. Elmer Belk, Mrs. Betty Hall, Mr. and Mrs. Bob Dyess and Mrs. Irene Kuykendall. Twenty-five attended.

Darrell Wilke will attend an organizational meeting of the Northwest Conference of the Luther League which will be held in Lamesa Saturday at St. Paul Lutheran Church. The meeting is for the old and new officers of the conference.

Mr. and Mrs. Otto Klaus have just returned from a trip to Bay City, Sealy and Houston. In Houston they visited her brother who is a patient in St. Luke's Hospital and is in serious condition. They also visited Mr. Klaus' sister who lives in Elgin.

Chris Gindorf Jr. celebrated his birthday in the home of his mother, Mrs. G. W. Gindorf, Sunday. Helping him celebrate were his children, Chris and Joan Gindorf and three daughters, Milton and Elaine and daughter, Joan and Patsy Gindorf, Mr. and Mrs. Walter Stolle, Mr. and Mrs. Cecil Stolle, Mr. and Mrs. Grady Montgomery and children, Mr. and Mrs. Walter Jochetz, and Mr. and Mrs. Elmer Gindorf. Homemade ice cream, sandwiches and cake were

**HISTORIANS INVITED**

**SNYDER** — Mrs. A. C. Surman, chairman, and other members of the Garza County Historical Survey Committee have been invited to attend a County Historical Survey Committee regional meeting here Tuesday, May 9. "Community Effort in Tourist Development" will be the main theme of the meeting.

**CALIFORNIA VISITORS**

Mr. and Mrs. Ray Farrar of Ontario, Calif., arrived in Post Sunday afternoon for a visit with friends before going on to Louisiana and Mississippi on a combined business and pleasure trip. The Farrars are former residents of Post.

served. Today is Elmer's birthday and they are expecting their children to be home to help celebrate. Grandmother Gindorf spent the day with them. See you next week, God willing.

## Increase in international mail rates now in effect, post office announces

An increase in international surface and airmail rates went into effect Monday, May 1, Postmaster A. J. McAllister announced today. The new international rates, he said do not apply to mailings for members of the Armed Forces overseas. Domestic postage rates are applicable to mail addressed through APO's and FPO's.

The rate increases for both surface and airmail — averaging 13 per cent — were first proposed on Jan. 14 and publicly confirmed on March 1. The Department explained at that time that they were needed to help offset a deficit of about \$16 million in international mail operations.

Specific information on the new international rates can be obtained from the service window at the post office, Postmaster McAllister said.

This was the first general increase in international rates since July, 1961.

The increases are:  
1. Airmail letters to Central America and Caribbean area from 13 cents a half ounce to 15 cents.  
2. Airmail to the rest of the Western Hemisphere remains 15 cents a half ounce, except for Canada and Mexico.  
3. Airmail to Europe and Mediterranean Africa from 15 cents a half ounce to 20 cents.

Galveston, with a population of 4,177, was Texas' largest city in 1850.

4. Airmail letter rates to the rest of the world remain unchanged at 25 cents a half ounce.  
5. Aerogrammes and air post cards increased 2 cents from 13 to 15 cents.  
6. Items sent by air, other than letters and parcels, such as magazines, books, periodicals and other printed matter increased 2 cents per piece to all countries except Canada.  
7. Most letters going by surface transportation to all nations including Canada and Mexico increased from 11 to 13 cents. Cards raised from 7 to 8 cents.  
8. Most printed matter, including publications, increased one cent per piece. For second class publications to Canada only, the one cent increase will be deferred for 12 months to become effective Nov. 1, 1967. Also, the present base rate which permits postage to be computed on the bulk weight packages of publications addressed to Canadian post offices will remain in effect until Nov. 1, at which time it will be discontinued.  
9. Surface parcel post rates for all nations increased 20 cents per parcel, an average of 7 per cent.

# Reporter at Grassland is home from visits

By MRS. O. H. HOOVER

How do you like this dust and high wind we are having every day? I don't, but I do like it better than the having in some places and at least the wind doesn't blow at night. (That is, not much.) I didn't write any news last week because I was gone. I spent the first week in Littlefield with the Houston and Herbert Hoover families. Houston, Lura and I attended the District Rotary convention in Hereford over the weekend. We got to see the Buffalo Follies and was it ever a lot of fun. I enjoyed it very much and saw some post and Tahoka folks there. I spent last week in Plainview with my daughter, Nina Belle Chapman. I also visited Mrs. A. L. Hood while I was there. She is deaf but her mind is as bright and alert as ever. She sent her regards to all of her friends. Mrs. E. A. Thomas and mother, Mrs. Ethel Fox, spent last week in their cabin at Lake Buchanan. I had a card from Mrs. C. M. Greer and she is enjoying her stay in California and doesn't now for sure when she will return home. I also had a letter from Mittie Walker. You know she has been in and out of John Hopkins Hospital for the past two years. She informed me if something doesn't happen she will be home May 17. Welcome home, Mittie. We will all be so glad to see you. Mrs. O. H. Hoover visited Mrs. C. A. Jones Saturday afternoon and admired her flower garden. It is indeed beautiful. Mrs. Amos Gerner attended the Senior play at Post recently. She enjoyed it — said it was a scream from start to finish. Jerry Gerner is hospitalized at the Naval Hospital with tonsillitis and was scheduled for surgery the first part of May. Good luck, Jerry. The Gerners had a surprise last Wednesday. Jerry Hill of Temple, who is in the Navy is just back from Vietnam and dropped in for a visit. Jerry Turner of Perryton visited them also. Laura Gerner came from Lubbock to spend the weekend with her parents and friends. Mrs. Lorene Gerner visited her mother, Mrs. O. F. Haley, in Twin Cedar Nursing Home most every day last week. Mr. and Mrs. Gus Sherrill entertained their pastor and family, the Rev. Browns of O'Donnell Sunday for lunch. Other guests were her father and wife, Mr. and Mrs. Shook of O'Donnell and Gus's mother, Mrs. J. E. Sherrill.

Mrs. Roy LeMond left Wednesday for Mt. Sequoyah, Ark., to attend a conference of the Jurisdiction of the South Central Women's Society of Christian Service. She is secretary of Christian Social Service. Mr. and Mrs. C. A. Walker visited their son-in-law and daughter, Mr. and Mrs. Bill Moore, and Cristy in Seagraves Sunday. Mr. and Mrs. Gus Sherrill and Paula and Mrs. A. Z. Sewell attended services at the Methodist Church in O'Donnell Sunday. Mrs. Roy Markham and children of O'Donnell visited her sister, Mrs. Betty Williams, and family last Thursday. The Rev. and Mrs. Rawlings were luncheon guests Sunday of Uncle Mac and Aunt Nora Ritchey. The Bert McDonald family called on the Carlos McCleskeys Sunday afternoon. Janette McCleskey underwent major surgery recently. Her mother is helping her at home while she is recuperating. She is recovering nicely. The W. G. McCleskeys visited Mr. and Mrs. Dusbosc at Brownfield last Thursday. H. C. Huffaker and the C. O. McCleskeys were Sunday luncheon guests of the W. L. Gribbles. The McCleskeys and the James Murray family visited in the Kelly Laws home Sunday afternoon. Mr. and Mrs. E. M. Norman spent most of last week at their cabin on Buchanan Lake. Mr. and Mrs. J. E. (Scrap) Bullock of Fort Worth came by and picked up Mrs. Cordie Laws of Tahoka and visited their sister, Mrs. C. C. Jones. They all drove to Post to visit another sister, Mrs. Ivy Young. They spent the night and the next day. Other visitors with them were Mr. and Mrs. Tom Bullock and Carl Jones. Mrs. Ivy Young spent last Sunday and Monday with Mrs. C. C. Jones.

**Garza's spelling champ bows out on 'authentic'**

Misspelling the word "authentic" proved the downfall of Garza County's Debra Aaron Saturday in the regional spelling bee at Lubbock. Six contestants had already been "spelled down" and 13 remained when Debra missed "authentic." A Post 8th grade student, she is the daughter of Mr. and Mrs. Wilham R. (Buddy) Aaron. Lubbock County's Patty Bradley was the winner of the bee, with Susan Scholter of Cockeran County second and Cassie Kimbrough of Ector County third.

## Longtime resident is to move to Houston

Mrs. E. E. Pierce, a resident of Post for the past 19 years, will leave Monday to make her home in Houston.

Mrs. Pierce retired as business manager of the Retail Merchants Association the first of the year. She succeeded her late husband in the position for a number of years, operating the business in her home.

Mrs. Pierce has visited extensively with her children since retiring. She spent several weeks in Hawaii with her son and family and has visited in Houston with her son-in-law and daughter, Mr. and Mrs. C. A. Wilcox, for three weeks before returning to Post last Saturday to prepare to move to Houston.

# Library LISTENING POST

By ROSEMARY CHAPMAN  
**FOR WOMEN ONLY.** (Men might just as well start at Star number 3.)

I can remember being around 12 years old and trying to make earth-shattering decisions with my friends like Who Was Best — Hedy Lamarr or Maria Montez. No one could really understand Hedy's pictures (at the end of each one a man always hung himself in the barn) but she was certainly beautiful. On the other hand, Maria Montez did at least one sultry snake dance per movie which was great fun to imitate. Alas, how could one decide between two such formidable opponents?

Then, as sometimes happens the problem solved itself. Poor Maria moved to our home town. She wasn't the least bit slinky in person. In fact, she rather resembled our mothers. Furthermore, she opened a Health Food Store. As one's heroines simply DON'T sell sunflower seeds, Hedy became The One.

Thus, it was with a good bit of nostalgia that I recently picked up the biography, "Ecstasy and Me. My Life as a Woman" by Hedy Lamarr. It is one of the five most repulsive books I have ever read. Having made and spent a 30-million dollar fortune during her career, Miss Lamar obviously plans to cash in once more with a true-life testimonial somewhat reminiscent of "The Carpetbaggers." Much is made of her "honesty" which presumably refers to the uninhibited outpouring of various sexual episodes. However, I suspect that Hedy has been more frank than intended for the truly shocking aspect of "Ecstasy and Me" is the shallowness, stupidity and selfishness of character displayed.

The book is generously illustrated with striking photographs from Miss Lamar's private scrapbook and the entire last chapter is devoted to "advice" directed toward her feminine readers. Hedy's homilies include: "Jack Kennedy always said to me, 'Hedy, get involved. That's the secret of life.' (God bless Jack.) 'I have always felt that if a man gives you a solid gold key to his door he is entitled to the courtesy of a visit.' (Fair's fair.) 'I hate the Pollyanna attitude, but we all need something, some philosophy to help us through every day. And I do believe that there is always a ray of sunshine in every day, even if there's a lot of darkness.' (An illuminating insight to be treasured in our hearts forever.)

What a waste of that stunning face — she should have kept her big mouth shut. As Hedy herself might put it, "It seems to me that beauty is only skin-deep." Hear, hear.

As the title implies, "How to Raise Children at Home in Your Spare Time" combines humor with sound child-care advice. Author Martin J. Gersh, a pediatrician on the teaching staff of the New York Hospital, offers such chapter headings as "Will the real Dr. Spock please stand up?" and "How to treat your first child as if it were your second." For parents, old and new.

In a similar vein, "Most of Us Are Mainly Mothers" by Carol Bartholomew is also a wise and witty book. From the New York Times: "Mrs. Bartholomew started making her own child-rearing rules long ago. That worked (magnificently!) for her and her six children may work for you too. Especially if the incessant pressures and demands of motherhood are turning you into the nag and tyrant you don't want to be."

"Housekeeping Hints" by Phyllis Diller may not actually prove to be too helpful. As Bob Hope re-

## Young flyers visit in Post over weekend

Gene Wilkerson and Bob Mooney of San Antonio, students at Southwest Texas State College, San Marcos, flew in Saturday afternoon to visit Gene's parents, Mr. and Mrs. R. G. Wilkerson until Sunday afternoon.

Gene, who recently received his private pilot's license, piloted the Cessna 150. Both boys are members of the Lone Star Flying Club at Austin. Gene is a business major at Southwest Texas State.

## Boy Scout camp staff to meet here May 28

The camp staff of the South Plains Council, Boy Scouts of America, will gather at Camp Post on May 28 to begin a one-week training session in preparation for the summer camping season that will start June 4.

There will be at least four donkeys, complete with pack saddles, for the Boy Scouts to use this summer on overnight hikes to areas in and around the camp. The donkeys will be furnished by Mrs. Pearl Nance of Justiceburg.

## UNDERGOES SURGERY

Mrs. Marvin Hudman underwent major surgery Tuesday morning in West Texas Hospital in Lubbock. She reportedly is doing well.

# Imports cause drop in Burlington sales, net earnings for quarter

NEW YORK, N. Y. — Burlington Industries, Inc., today reported consolidated net sales of \$332,627,000 for the quarter ended April 1, 1967, compared to sales of \$352,235,000 for the same period last year.

Net earnings for the quarter were \$12,895,000, equal to 51 cents per share on 25,218,000 shares outstanding at April 1. For the comparable quarter last year, net earnings were \$20,985,000 or 84 cents per share.

For the six months ended April 1, net sales were \$670,064,000 and net earnings were \$29,041,000 or \$1.15 per share. In the comparable six months last year sales totaled \$693,684,000, and earnings were \$40,670,000 or \$1.62 per share.

Charles F. Myers Jr., president, said earnings in the March quarter were substantially affected by the continued high levels of imports of textile yarns, fabrics and apparel. "Although import controls on cotton textiles and apparel have recently been extended, there are no equivalent limitations on the growing volume of imports of man-made fiber and wool fabrics," he stated. "In these areas, imports are coming primarily from low-wage highly industrial-

ized countries which frequently subsidize their exports. The industry is making every effort to obtain Government cooperation in holding these imports to more reasonable levels."

Mr. Myers noted that "March quarter earnings were also depressed by the further downward price trend of polyester, acrylic and nylon fibers. This weakness resulted in lower selling prices for fabrics and also required significant inventory write-downs."

"These factors, together with the manufacturing curtailment needed to keep inventories in line with sales, will continue to adversely affect Burlington's operations for the next few months," he added. "It appears, however, that with start-up expenses for the record 1966 capital program substantially behind us, the Company is now at the bottom of the decline which began last August."

The Board of Directors, meeting in New York today, declared a regular quarterly dividend of 30 cents per share, payable June 1, 1967, to shareholders of record at the close of business May 5, 1967.

Works of art are free of import duty if they have been executed wholly by hand.

# HIGHLIGHTS and SIDELIGHTS

... from the State Capitol

By VERN SANFORD  
Texas Press Association

**AUSTIN** — State participation in the most far-reaching public welfare program since the advent of the social security system has been approved by the Texas Legislature.

Texas House of Representatives overwhelmingly approved enabling legislation which will assure medical care for 350,000 Texans on welfare rolls under the new Title 19 or "Medicaid" benefits.

Proposed appropriations will assure payments totaling nearly \$130,000,000 for needy aged, blind, disabled and their families with dependent children.

Where Medicare applies only to the aged, this new program will cover a variety of other benefits and a variety of other benefits to welfare enrollees regardless of age.

Legislation is broadly drawn to make another 230,000 "medically needy" Texans eligible when sufficient state funds are appropriated. Federal government provides approximately four dollars for every dollar put up by the states under Medicaid.

Appropriation bills by the Texas Legislature call for state spending totaling \$25,700,000 on the program in 1968. This would attract about \$104,000,000 in federal assistance.

Included in the new program are in-patient and out-patient hospital care. This covers diagnosis, nursing home services, laboratory and X-ray charges, physician's services, treatment and prevention. Funds also are applicable to pay the required "deductibles" of Medicare.

Texas Department of Public Welfare will administer the program. First payments under the act will be effective Sept. 1.

**AUTO RATES ALTERED** — A new scale of Texas auto license plate fees is fixed in a bill passed by the House and sent to the Senate.

While the bill would lower rates for about half of the cars, it would raise them considerably for small imported vehicles. Taxes would cost \$12 for all autos under 3,900 pounds, \$20 for those 3,500 to 4,500 pounds and \$28 from 4,500 to 6,000 pounds.

A minimum fee of \$5 would be charged for all motorcycles, boat trailers and other light vehicles.

## New Arrivals

Mr. and Mrs. Jerry Ward of Dimmitt are the parents of a daughter born April 27. Mrs. Ward is the former Miss Gayle Tittle and the daughter of Mr. and Mrs. Leonard Tittle, former residents now living in Amherst.

## Arno Dalbys visit in England with Rogerses

Mr. and Mrs. Arno Dalby of Lubbock, parents of Giles Dalby, are on a European tour and visited last week in London, England, with Mr. and Mrs. Weldon Rogers and sons who live near London.

Mr. Rogers is employed there by the Santa Fe Drilling Co. and is the son of Mrs. Johnnie Rogers of Post. Mrs. Rogers is the daughter of the Guy Floyds.

While in London the Rogers' sons, Don and Jay, were guests of Wes Kewish, another Santa Fe Drilling Co. employe, who was entertaining California Gov. Ronald Reagan and family with a tour of the city.

require open meetings of governmental agencies received approval of both House and Senate committees and were placed on floor calendars.

House State Affairs Committee approved the measure by Rep. Bill Rapp of Raymondville. Senate Education Committee recommended passage of similar provision by Sen. Chet Brooks of Harris County.

**LIQUOR BILL MOVES** — House Revenue and Taxation Committee passed the liquor-by-the-drink bill by a close 10-7 margin, with four members absent.

Committee added these major amendments: —Separate local option elections will be necessary before mixed drinks can be sold anywhere. (Originally, the bill sought to legalize liquor-by-the-drink in presently all-wet precincts unless voters specifically rejected the change in referendums.)

—Sellers of alcoholic beverages could be held financially responsible for property damage and injury caused by intoxicated persons who purchased beer or liquor from them. Limits of liability are fixed at \$25,000 for damage to property and injury or \$50,000 for death or loss of means of support.

—Permit fees would be reduced from \$1,000 to \$100 for non-profit veterans and fraternal clubs which have performed substantial charitable or benevolent work over a period of five years. While the first two amendments obviously were intended to attract some wavering supporters from dry areas, they had the effect also of scaring off some original supporters of the bill.

Polls indicate the house vote will be close.

**CONSTITUTIONAL REVISION** — A "compromise" plan for revising the state constitution has received clearance from the House State Affairs Committee.

A concurrent resolution by Rep. R. H. Cory of Victoria and Randy Pendleton of Andrews would establish a constitutional revision study commission with 20-man citizens advisory commission.

Governor, lieutenant governor, speaker of House and Supreme Court chief justice would share in appointments of commissions. Study commission's recommendations will be turned to the 1969 Legislature for its approval. Final approval will be up to the voters.

Legislature could revise the work of the commission, add to or reject it.

**LUBBOCK GRANT Requested** — State agencies have approved and forwarded to federal authorities an application for a \$265,000 grant for a mental health center in Lubbock.

Grant will go to St. Mary of the Plains Hospital for construction of a psychiatric wing on the \$4,000,000 hospital planned for the city. Center would offer 15-bed psychiatric unit, emergency service and day or night care facilities for patients who need to spend only part-time there.

**COURTS SPEAK** — Testing and licensing of lie detector operators was upheld by the State Supreme Court in an Amarillo case where a polygraph technician sued to get his license after he flunked the test prescribed by a 1965 law. High Court refused the appeal of an Ennis mother to prevent the clearing of public park for use as a parking lot. Park had been dedicated to her son and other war dead. A previous ruling of the Supreme Court in a complex Beaumont suit against Jenson Corporation was in part reversed. Suit involves property leased from the city for 30 years.

# It's the Law...

**CHEATING UNCLE SAM**

Question: What is the difference between tax evasion and tax avoidance?

Answer: Five years in the penitentiary.

This old joke is often used by lawyers to illustrate a basic principle of income tax law—that, although evading taxes is illegal, avoiding taxes is not. In fact, avoiding taxes is not

only legal in a technical sense but perfectly ethical as well. Judge Learned Hand once put it this way:

"There is nothing sinister in so arranging one's affairs as to keep taxes as low as possible. Everybody does so, rich or poor; and all do right, for nobody owes any public duty to pay more than the law demands. Taxes are enforced exactions, not voluntary contributions."

Thus, the law itself suggests various ways of saving taxes: By splitting income between husband and wife, by investing in tax-exempt bonds, by using an accelerated rate of depreciation on property.

And there are many tax-saving methods which, even if not actually suggested by the law, are at least within its permissible leeway.

Then where does lawful avoidance end and unlawful evasion begin?

The most obvious evasion is simply to file no tax return at all. But there are other telltale signs—"badges of fraud"—that the law looks for.

One such sign is a double set of books—the first to show the government, the second to reflect the real facts of a business operation.

Another is a dummy bank account, in which to hide unreported income. And another is a fake claim of "charitable contribu-

tions," to fatten the amount of deductions from total income.

All devices of this kind have one thing in common: they indicate a dishonest state of mind, an intention to deliberately cheat Uncle Sam.

Of course, even the honest person close to the dividing line between son may be tempted to venture avoidance and evasion. But outright skulduggery is relatively rare. The Internal Revenue Service says that 95 per cent of all returns are completely honest.

Perhaps some citizens, at least, share the sentiments of Oliver Wendell Holmes, who said: "I like to pay taxes. With them I buy civilization."
